Chapter 681: Kidnapping

After hanging up the phone, Jiang Yu let out a long sigh of relief.

She closed her eyes and rested. Suddenly, she thought of that strange woman from that day.

Mo Long had previously said that he would help her investigate, but he had yet to give her any news.

Perhaps it was because he was too busy and had forgotten about it, or perhaps it was because he saw that she was too busy and did not have the heart to disturb her.

With this thought in mind, Jiang Yu went downstairs and went to the kitchen to make a few small pastries. She placed them in a lunchbox and prepared to go and visit Mo Long.

Since she had nothing to do at home anyway, why not go and see what her future husband was doing in the company?

Jiang Yu planned to give Mo Long a surprise, so she took a taxi to the Mo group.

The car stopped at a milk tea shop not far from the Mo group. Jiang Yu got out of the car and went in to buy two hot lattes.

When she went out, a little girl with two braided braids ran over and asked, "Are you sister Jiang Yu?"

Jiang Yu was stunned for a moment, then she squatted down and stroked her head. "I am. What's wrong, Little Sister?"

The little girl pointed behind a big tree and said, "An uncle called Xia Fan asked me to tell you that he has a document to give you."

Jiang Yu stood up and glanced at the tree. The trunk was very thick and could at least block three people.

If Xia Fan wanted to give her the documents, he only needed to make a phone call? Moreover, how did he know that she was going to the Mo Corporation?

Thinking of this, Jiang Yu raised her vigilance and asked the little girl, "Do you remember what that uncle looked like?"

The little girl thought for a moment and said, "I think it was a fat uncle..."

Then it was not Xia fan.

Jiang Yu didn't know who that person was, nor did she know why that person called her over. But she was sure that that person definitely didn't have good intentions.

Jiang Yu smiled and patted the little girl's head, saying, "Little girl, you're very obedient. Alright, hurry up and go home."

"Okay!" The little girl thought that she had fulfilled the fat uncle's request, so she happily ran back and prepared to ask him for candied haws.

Jiang Yu looked at the little girl's back and turned to go to the Mo Corporation.

However, when she arrived at the Mo Corporation, the secretary at the front desk told her that the elevators from the first to the fifth floors were broken and had not been repaired in time. If she wanted to go to the president, she needed to go up from the elevator on the sixth floor.

Jiang Yu did not think much of it and said, "Okay. Don't tell President Mo that I'm here."

The secretary said, "Yes, Madam."

After Jiang Yu left, the secretary at the front desk quickly gave Teng Yi a call and said, "Secretary Teng, Madam is here!"

Teng Yi received the news and quickly told Mo Long

Mo Long was shocked. "Why is Yu'er here?"

Teng Yi thought for a moment and boldly said his guess, "Maybe she's here to check up on you?"

Mo Long: "Huh?"

At this moment, Jiang Yu was still climbing the stairs. She was panting as she muttered to herself, "If I had known earlier, I wouldn't have worn high heels today."

When she reached the fourth floor, Jiang Yu leaned against the handrail of the stairs to rest for a while. Just as she was about to continue climbing the stairs, someone covered her mouth from behind with a towel.

"Mm mm!" Jiang Yu struggled. Two cups of hot lattes and the pastries in the lunchbox all fell to the ground.

"Stop struggling! Otherwise, you'll be in big trouble later!" The man threatened fiercely.

He deliberately lowered his voice, but Jiang Yu could tell that it was a man.

She struggled for a while and then lost consciousness — because there was ether on the towel that caused people to lose consciousness.

"Can't you behave yourself earlier?" The man smiled sinisterly and put Jiang Yu on his shoulder.

He went down to the second floor and walked along the life-saving tunnel all the way to the underground parking lot. Then, he walked out of the Mo Corporation through the small back door at the innermost part of the building.

Before Jiang Yu's consciousness disappeared completely, she only remembered that the man seemed to have thrown her into a truck and then closed the car door. She didn't know where he was going.

Mo Long heard that Jiang Yu was coming, so he pretended to be working hard in the office. However, his mind was full of Jiang Yu who was about to arrive.

Fifteen minutes passed, but Jiang Yu still did not appear at the office door.

Mo Long frowned and asked, "Why hasn't Yu'er come up yet?"

Teng Yi guessed, "The elevator from the first to the fifth floor is broken. Madam is probably taking the elevator right now, right?"

Even though Mo Long was reluctant, he still accepted Teng Yi's explanation.

However, after waiting for another ten minutes, Mo Long still did not see Jiang Yu.

He couldn't sit still anymore. He got up and said, "I'm worried. I want to go down and take a look."

He took the elevator to the sixth floor and then went down from the stairwell on the sixth floor.

When he reached the fourth floor, Mo Long saw latte spilled on the ground and pastries rolling around everywhere.

Chapter 682: Meet Boss Liu Again

Mo Long's Adam's apple moved imperceptibly.

Although he didn't want to think about it, the things that had fallen to the ground were all clamoring about one thing — Jiang Yu might have been kidnapped.

He quickly went downstairs and found the secretary at the front desk. He asked, "Where's Yu'er?"

The Secretary was stunned for a moment and said, "Did madam go up to see you?"

However, Teng Yi replied, "Madam did not come up at all."

The secretary was dumbfounded and replied, "That's impossible! I saw Madam go up from that corridor room with my own eyes!"

Mo Long continued asking, "After Yu'er went up, was there anyone else who went up?"

The secretary thought about it carefully, "There was also a man who was dressed very well. He said that he was an employee of the milk tea shop. Madam bought two lattes from him but forgot to take them. I... I let him in."

The secretary's voice became softer as she spoke, because Mo Long's expression had already become very ugly.

Mo Long looked at the secretary and spat out two words after a long while, "Fired."

"Wait, wait! President Mo! I know I'm sorry!"

No matter how much the secretary cried, Mo Long ignored her. Instead, he went to the surveillance room and pulled up the surveillance footage from the corridor between the first and fifth floors.

The security personnel in charge of the surveillance footage pulled up the surveillance footage. Mo Long looked carefully and saw a man wearing a sky-blue down jacket and a cap sneakily following behind Jiang Yu.

When they reached the fourth floor, Jiang Yu stopped to rest. The man saw an opportunity and darted forward, covering her mouth with a towel.

Even if he didn't look at the rest of the footage, he could guess what was going on.

This man had kidnapped Jiang Yu, but his motive was unknown.

The air remained silent. Neither the security personnel nor Teng Yi dared to look at Mo Long's expression.

Because the temperature around him was too low, it was especially cold in this season.

"Find out who this person is immediately." Mo Long gnashed his teeth. Teng Yi even heard a "creak" sound.

This was the sound Mo Long made when he was in a state of extreme anger.

The security personnel said, "Yes, yes!"

Mo Long stood at the side and tried his best to calm himself down.

Teng Yi faintly guessed and said, "President Mo, the one who kidnapped madam... could it be that strange woman?"

Mo Long suddenly opened his eyes.

That's right, Yu'er had mentioned a strange woman earlier. And after he had asked Teng Yi to investigate, he found out that this woman was actually Yang Fen from a long time ago.

The Yang Fen who had undergone plastic surgery had found someone to kidnap Yu'er because of the grudge between them?

It seemed to be a plausible reason.

Mo Long's expression darkened as he said, "Find out Yang Fen's address immediately!"

This Yang Fen had first cast a bewitching spell on Yu'er's friend, and now she was targeting Yu'er! She was really tired of living!

However, the one who really kidnapped Jiang Yu was not Yang Fen.

Jiang Yu was blindfolded by a black cloth and locked in an abandoned warehouse.

"Oh..." Jiang Yu gradually regained consciousness and subconsciously made a sound.

"You're awake?" The man who had been standing by the side heard this voice and immediately became excited. He said, "I've been waiting for you for a long time, Jiang Yu."

Jiang Yu's body stiffened.

"You know me?" Jiang Yu asked.

The man said, "Of course I know you. You're the youngest movie queen. Who doesn't know you?"

The man had already returned to his normal voice. It sounded very familiar to Jiang Yu, but she couldn't remember who it was.

"Why did you kidnap me? If you want money, I can give it to you immediately," Jiang Yu said.

Under such circumstances, she had to use all means to ensure her own safety.

However, what the man wanted was not money. "What's money? I used to love money so much, so I worked hard to earn money. But what's the use? The spokesperson I found was not willing to endorse my product, and my company was also bought by someone. Jiang Yu, tell me, what's the use of me wanting money?"

Having said that, Jiang Yu knew who this person was.

"Boss Liu?" Jiang Yu probed.

"Do you still remember me? Then do you remember who bought my company?" Boss Liu said darkly.

Jiang Yu was silent for a moment before saying, "We can discuss things nicely. Let me go first."

"Jiang Yu, it's still daytime. Don't dream about it," Boss Liu said. "I won't let you go. I'll torture you first, then inform Mo Long and let him know how miserable you are."

Jiang Yu shouted, "Boss Liu! Don't do anything stupid!"

Chapter 683: Break Through The Door

Boss Liu said, "How can this be called a stupid thing? This is clearly the most correct thing I've ever done."

As he spoke, he carried Jiang Yu and placed her on a chair.

He grabbed Jiang Yu's hair and forced her to look up. There was a thin drool tube on it, and only one drop of water could fall out at a time.

"Drop—" A drop of cold water fell on Jiang Yu's forehead.

Jiang Yu frowned. She didn't know what boss Liu meant by this.

But soon, she knew.

Drops of water fell on her forehead one after another, making Jiang Yu tense up and in a state of high concentration at all times.

Boss Liu moved closer to Jiang Yu and took off the black cloth.

"Jiang Yu, just look up and watch the water drop. I found this on the Internet. People in ancient times liked to use this kind of punishment. It didn't kill people, but it could easily make people go crazy. Jiang Yu, I'm really looking forward to the day you become crazy."

He tied Jiang Yu's hair to the chair, opened the door of the warehouse, and went out.

This kind of punishment really seemed to be invented by the ancients.

Jiang Yu thought inappropriately.

While she was being tortured here, Mo Long had also found out Yang Fen's address.

.....

He rushed over with Teng Yi. When he knocked on the door for the first time, Yang Fen was still in the room answering.

But when she learned that the person who came was Mo Long, she immediately fell silent.

Teng Yi knocked on the door a few more times, but Yang Fen refused to make a sound.

Mo Long frowned and stopped Teng Yi from continuing to knock on the door.

He raised his leg and kicked the door open.

Yang Fen was sitting on the sofa watching a TV series. When she saw Mo Long break in, she was obviously stunned.

She stood up with a whoosh and shouted, "Mo Long! What are you doing? You're trespassing! Do you know that?!"

"Don't talk to me about this," Mo Long said impatiently, "Is Yu-er with you?"

"Who? Jiang Yu?" Yang Fen asked.

Mo Long was not in a good mood. When he saw Yang Fen playing dumb, he shouted, "Don't play dumb!"

Yang Fen was stunned by the shout and said, "Mo Long, you came to find me just to ask me where Jiang Yu is? She's your girlfriend, why are you asking me?!"

Mo Long said, "You don't know? Then what is your purpose for coming back?"

Yang Fen was stunned and couldn't say anything.

In fact, the reason why she came back this time was partly to find an opportunity to teach Jiang Yu a lesson, but it was also for Mo Long.

When she left back then, whenever she thought of Mo Long, her heart would itch. No matter what, she wanted to sleep with him.

However, she was afraid that Mo Long would recognize her, so she chose to change her face and come back.

However, to her surprise, not only did Mo Long recognize her, he even found out her address.

Initially, she was filled with joy and wanted to welcome Mo Long. However, when she saw Mo Long's cannibalistic expression through the peephole, she did not dare to open the door.

Moreover, he had asked her where Jiang Yu was the moment he entered. What did he mean by that? Could it be that Jiang Yu had gone missing and he suspected that Jiang Yu was with him?

At the thought of this, Yang Fen said bluntly, "Jiang Yu has gone missing. You should have called the police instead of asking me for her! Although I know some strange mystic arts, it doesn't mean that I can help you find her."

Mo Long looked at her and asked, "Yu-er isn't with you?"

Yang Fen was very puzzled and asked in return, "Why would Jiang Yu be with me?"

For a moment, the air became silent.

Looking at Yang Fen's appearance, it didn't seem like she was lying.

Mo Long didn't stay any longer and turned around to leave.

However, Yang Fen grabbed him and said coquettishly, "President Mo, why are you leaving so soon after coming here? Don't you want to stay and have some tea?"

Mo Long looked at Yang Fen's hand and said coldly, "Let go."

Yang Fen became bolder. She even leaned on Mo Long's back and said, "President Mo, do you know how hard I've been waiting for you..."

Before she could finish, Mo Long interrupted her, "Get lost."

Yang Fen paused and shamelessly leaned on him, saying, "President Mo, don't reject me..."

Mo Long didn't give her the chance to continue sticking close to him. He turned around and grabbed her neck, he said coldly, "Don't try to anger me again. I don't have time to waste with you here. You'd better do what you should do. Don't force me to do it."

Yang Fen couldn't breathe at this time. Her eyes kept rolling up as she said a few words intermittently, "Got it..."

Chapter 684: Investigation

Mo Long let go — he was not in the mood to teach Yang Fen a lesson.

Teng Yi answered a phone call and said to Mo Long, "President Mo, the security has found out. That sky-blue down jacket is the uniform of an auto repair factory."

Mo Long's voice was low. "Do you know which auto repair factory it is?"

Teng Yi answered, "Yes, it's Rong Kang auto repair shop not far from here."

Mo Long didn't say anything else and turned around to leave.

Teng Yi followed him. In an instant, Yang Fen was the only one left in the room.

She was kneeling on the ground and couldn't stop coughing because she suddenly breathed in fresh air.

Teng Yi took Mo Long to Rong Kang auto repair shop. The owner was a fat man who looked very honest and kind.

The boss's surname was Wang. When he saw Mo Long walking over, he felt that this kind of person must be rich or noble, so he quickly put on his trademark smile and said, "Hello, customer. How may I help you?"

Mo Long looked around coldly and didn't make a sound.

Seeing this, Teng Yi said, "Boss, have you taken a vacation or leave recently?"

Boss Wang thought carefully and said, "Customer, you mean Little Liu, right? He took a few days of long leave recently, saying that he had something to do in his hometown. I didn't think much about it, so I gave him a leave. What's the matter? What's the matter?"

Mo Long asked, "What does that person look like?"

Boss Wang led him into the garage, where the id photos of every employee were hanging on the wall.

Boss Wang pointed at one of them and said, "It's him."

Mo Long didn't remember this person's face, but Teng Yi had seen boss Liu before when he was dealing with the "GE Li" matter. So when he saw this person, he knew that this person was boss Liu.

So he respectfully said to Mo Long, "President Mo, this person is the previous boss of 'Ge Li'."

Mo Long recalled that his attitude towards Yu'er back then was very bad, so he bought her company in a fit of anger.

Could it be that he held a grudge against Yu'er because of this matter? However, the person who bought his company was him. Even if Boss Liu hated him, he should hate him. Why should he vent his anger on Yu'er?

The more Mo Long thought about it, the angrier he became. He said to Teng Yi, "Get someone to investigate and find out where boss Liu is now."

Teng Yi said, "Yes."

Mo Long flicked his sleeves and left. Not only did boss Wang not stop him, he did not even say "take care".

That was because he was already scared silly.

Not only did he know that his employee was previously the boss of a company, but he was even more surprised that the person who just spoke to him was Mo Long.

That was the famous president of the Mo Group — Mo Long!

He had spoken to the President of the Mo Group, and this matter was enough for him to brag about for decades!

Seeing that Mo Long had already walked to the door, boss Wang hurriedly ran over and said very respectfully, "President Mo, take care!"

Mo Long ignored him and directly got into the car.

Teng Yi first informed the information technology staff at the company, then got into the car and acted as the driver.

He asked, "President Mo, where are we going next?"

Mo Long leaned against the window and kept looking at the scenery outside.

Although he said he was looking at the scenery, in fact, he was already very anxious.

He had lived for so many years, but this was the first time he was so anxious and anxious for a person.

Teng Yi didn't know where Mo Long wanted to go either, but he definitely couldn't just stay where he was, nor could he just wander around aimlessly.

Therefore, he started the car and prepared to take Mo Long back to Mo Garden.

Halfway through the car, Mo Long suddenly said, "Back to the company."

Teng Yi changed the direction and said, "Yes."

The two returned to the company, and the information technology staff had already found out the approximate location.

A man wearing glasses handed in the team's investigation report, he said, "According to the information given by Secretary Teng, we can only roughly find out that madam is in this area. However, we are unable to determine the exact location."

Mo Long frowned and said anxiously, "Why can't we even find out this?"

The bespectacled man said helplessly, "President Mo, this is already our greatest ability. No matter how much information Secretary Teng gives us, we won't be able to deduce the exact location. But you know our strength. If even we can't find out, then even the world's top hackers might not be able to find out."

Chapter 685: Abandoned Construction Site

Mo Long rubbed his temples, threw the report on the table, and said, "Got it. You can go out first."

The bespectacled man said, "Yes."

Mo Long, who was sitting on the chair, Sighed.

How could he not know that the bespectacled man was telling the truth?

He was silent for a while, then called Teng Yi over and handed over the company's affairs to him. He drove to the place marked on the report with a pen.

That place was very far from the Mo Group. Mo Long drove for nearly an hour before he arrived.

This place was located in the suburbs, and it was an abandoned construction site. Although it was surrounded by a ring of iron nets, there were no traces of people all year round. The Iron Net had also rusted, and it could be broken with a snap.

At this moment, Mo Long was standing at the broken iron net. There was an entrance that was half the height of a person, and there were clear scratches on the ground.

They were very clear marks of clothes being dragged on the ground.

Mo Long looked at the marks, and his eyes were red.

There was only one thought in his mind now, and that was to torture the person who kidnapped Jiang Yu to death after he was caught.

He entered through the entrance and followed the marks on the ground.

When he reached a fork in the road, the marks were gone, and they were replaced by three abandoned buildings in three different directions.

Mo Long frowned. He didn't know which abandoned building Boss Liu had brought Jiang Yu to.

But time was tight and he didn't have time to think. He could only go to every building to search.

The door of the abandoned building to the left was locked. It was impossible to enter without a key. There were no low-level windows around, so there was no way to enter.

So Mo Long directly changed directions and went to the building in the middle.

The building in the middle was not locked. As soon as he walked in, he vaguely heard a whistle.

He quickly hid behind the cement bucket at the side and listened to the whistle getting closer and closer.

Boss Liu whistled and walked to the door to take off his pants. While peeing outside, he sang a song that was out of tune.

After he was done, Boss Liu lifted his pants and continued to sing an unpleasant song as he walked inside.

Mo Long followed behind him all the way to the small warehouse behind the building.

Boss Liu walked to the door of the warehouse, but he didn't open it immediately. Instead, he said to the air, "Come out. Those who don't know will think that you're a stalker."

Mo Long paused and walked out from behind the door. He said, "You know it's me?"

Boss Liu turned around and smiled sinisterly. "Why wouldn't I know it was you? I'm neither blind nor deaf. You followed me from behind. How could I not know?"

Mo Long said, "Then why did you bring me to this place?"

Boss Liu said indifferently, "Because my goal was to bring you here. I originally planned to torture Jiang Yu until she went crazy if no one came to save her. But I thought about it carefully. How could no one come to save her? "Aren't you the great President Mo? "o I want you to see Jiang Yu disappear with your own eyes. I also want you to see what it feels like to have your favorite thing taken away."

As he spoke, Boss Liu opened the door of the warehouse and ran in quickly, grabbing Jiang Yu's hair.

However, because he had tied Jiang Yu's hair to the chair earlier, he could not untie it for a moment. Therefore, he took the knife on the ground and cut Jiang Yu's hair.

Mo Long followed closely behind him. When he entered the warehouse, he saw Boss Liu holding the knife against Jiang Yu's neck.

Jiang Yu, who had been maintaining a high level of concentration, was having a mental breakdown.

Her eyes were empty, her lips were pale, and they were still trembling.

"Yu'er!" Mo Long shouted anxiously.

Jiang Yu's consciousness was blurry. She only knew that someone was calling her name, but she did not know who it was, so she could not respond.

Boss Liu's knife was pressed against Jiang Yu's neck as he shouted, "Mo Long! I want you to watch Jiang Yu die! You want to save her, but you can't. I want you to suffer for the rest of your life!"

The knife was getting closer and closer to Jiang Yu's neck, and the part of the blade was already embedded into the flesh.

Blood oozed out from Jiang Yu's neck. The bright red color on her fair neck was very eye-catching.

"Stop!" Mo Long's emotions were on the verge of exploding.

However, since Boss Liu dared to do such a thing, it meant that he had already made all preparations, including the retribution he would receive in the end.

Chapter 686: Die Together

"Stop? Mo Long, you wish!" Boss Liu laughed wildly and said, "Mo Long, watch Jiang Yu die! We'll all die together!"

While holding Jiang Yu, Boss Liu kicked over the gasoline cans behind him.

"Splash—" The gasoline spilled all over the floor.

The strong smell of gasoline entered Jiang Yu's nose and made her cough violently. Only then did she regain some clarity.

"Yu'er! Are you okay?" Mo Long heard Jiang Yu's cough and was worried that her body would not be able to withstand the smell of gasoline when she inhaled a large amount of it.

Jiang Yu finally understood and saw clearly that the person who called her name was Mo Long.

"Mo Long... Why are you here..." Jiang Yu shouted weakly.

Mo Long could not hear clearly, but Boss Liu, who was closest to Jiang Yu, could hear clearly.

He said, "You asked him why he was here? Of course he is here to save you. You are his girlfriend. You were kidnapped. Shouldn't he be here to save you?"

Jiang Yu was shocked and regained most of her consciousness. Her breath was stuck in her throat and she coughed violently a few more times.

She calmed herself down and said to Mo Long, "Get out of here! Boss Liu is crazy. He will do anything!"

"I am a lunatic, so what?!" Boss Liu threw away the knife and quickly took out a lighter from his trouser pocket.

He opened it with a whoosh.

.....

"Mo Long, let's see whether you are faster or I am faster at throwing the lighter!" Boss Liu laughed more and more impudently.

Mo Long could not help but step forward, wanting to get closer to Jiang Yu.

Jiang Yu noticed his movements and shouted, "Don't come over! It's very dangerous! Get out, don't come near here!"

Mo Long didn't listen and continued walking forward.

At this moment, a siren sounded at the door.

It was Teng Yi who felt worried after Mo Long left, so he called the police. Then, according to Mo Long's phone's location, he found this place together with the police.

"Everyone inside, raise your hands! You're already surrounded. Don't put up any unnecessary resistance!" The leading police officer shouted from the loudspeaker outside.

Boss Liu heard everything clearly from inside the room and said, "Mo Long, you called the police?"

Mo Long frowned and said, "I didn't."

Boss Liu said indifferently, "Whether you did or didn't, it doesn't matter. In any case, as long as anyone is standing in this room today, no one will be able to leave alive."

"Mo Long, you are the closest to the door. Perhaps you will be lucky enough to escape in the end and save your life. However, Jiang Yu will not be able to. She can only stay here with me and be burnt to ashes by the fire."

As he spoke, he even sniffed Jiang Yu's hair and put on an intoxicated expression.

"It smells so good." Jiang Yu's face was really not bad. In the entire entertainment industry, there were only a few people who were better looking than her. Is that why Mo Long likes her so much? But I, as a spectator, feel that Li Yue is more suitable for you than Jiang Yu," Boss Liu said.

The veins on Mo Long's forehead bulged and he shouted, "Shut up!"

Jiang Yu was worried that if he lost control of his emotions, he would run over to save her.

Hence, she also shouted, "Mo Long! Get out! There are police outside! Don't do anything rash!"

However, Mo Long had already lost control of his emotions and couldn't hear Jiang Yu at all.

Teng Yi and the police were standing at the door, waiting for the right time to enter and save him.

Jiang Yu saw Teng Yi and hurriedly said, "Teng Yi! Come in and pull Mo Long out. Don't let him come near here!"

Teng Yi walked in after hearing that.

This was not only Madam's order, but he was also very worried about the safety of the President.

Mo Long said, "Get out!"

Teng Yi paused and hesitated for a moment before retreating.

Jiang Yu became even more anxious. She absolutely would not allow anything to happen to Mo Long!

She gritted her teeth and raised her foot to stomp on Boss Liu. Then, she jumped up and hit him hard on the chin.

“AH —” Boss Liu cried out in pain. The hand that was holding Jiang Yu subconsciously let go.

Jiang Yu took the opportunity to run towards Mo Long.

“B * tch! B * tch!” Boss Liu shouted and was about to grab Jiang Yu.

However, Jiang Yu’s high heels had stepped on his instep. It was so painful that it felt like it was broken. He fell to the ground as soon as he took a step forward.

The lighter in his hand fell to the ground.

Chapter 687: Saving Lives From The Sea of Fire

The fire instantly spread throughout the entire room, and Boss Liu’s body also caught fire instantly.

“Ahhhhh —” Boss Liu screamed.

Mo Long had already carried Jiang Yu, who had pounced on him, and escaped outside without being injured.

“Yu’er! Yu’er!” Mo Long was so flustered that he was incoherent. He wanted to untie Jiang Yu, but the more he untied her, the more confused he became.

In the end, Teng Yi couldn’t stand it anymore and said, “President Mo, let me do it.”

He had been by Mo Long’s side for so many years, but this was the first time he had seen him lose his composure.

He untied the rope in a few moments and said, “It’s done.”

Mo Long hugged Jiang Yu tightly and buried his head in her neck, greedily smelling the scent that belonged to her.

“I’m fine, don’t worry.” Jiang Yu kept patting Mo Long’s back to appease him.

Mo Long hugged Jiang Yu for a long time until Teng Yi said, “President Mo, Madam, Let’s go back. The police are about to save Boss Liu.”

“Save him for what?” Mo Long said fiercely.

Teng Yi sighed and said, “No matter what, Boss Liu is still a kidnapper. If we can save him, we must save him so that he can be sentenced.”

Mo Long wanted to say something else, but Jiang Yu patted his shoulder and said, “Alright, let’s go back.”

“Alright.” Mo Long had always been very obedient to Jiang Yu. Now that she said she wanted to leave, he would definitely not stay in this place for long.

Teng Yi was a little speechless.

Why did Madam's words work? Could it be that the words of his words as a secretary were useless?

Mo Long helped Jiang Yu stand up and prepared to go back.

However, Jiang Yu had just pounced on Mo Long in her high heels. When she landed on the ground, she accidentally twisted her foot and now her ankle was swollen.

Moreover, her arm had been tied with a rope for a long time, so the flow of blood was not very smooth. Even after the rope was untied, her arm was still a little numb and stiff.

Mo Long gritted his teeth and said, "I will never let this Boss Liu off."

He picked Jiang Yu up and left without looking back.

Behind him, Boss Liu had already been rescued.

The clothes on his body had been burned, and there were only a few parts of his body that were intact. His face was also burned.

He was burned like a piece of charcoal.

Even though he had suffered such serious injuries, when he saw Mo Long's back, he still forced himself to shout, "Mo Long... I will definitely not let you have a good time... I want you to go to hell with me!"

His words were staccato, and his voice was not loud.

Mo Long had already walked far away, so he could not hear what he said at all.

But Teng Yi was close, so he could hear him.

Although he didn't hear him clearly, he heard a rough outline and knew that he wasn't saying anything good.

So he walked to Boss Liu and said, "Boss Liu, I advise you to behave yourself for the time being. When you go to prison, there won't be any good consequences for you."

Boss Liu kept laughing and said, "I'm not afraid. If you have the ability, you can kill me."

Teng Yi also laughed, but his laughter was mixed with countless coldness.

Perhaps because he had stayed by Mo Long's side for too long, his smile gradually became like Mo Long's.

He said, "Don't worry. I'll do as you wish."

Boss Liu shivered from the coldness in Teng Yi's smile and stammered, "Good, good! If you have the ability, come!"

Teng Yi certainly had the ability.

Because everything was under Mo Long's control.

But it was hard to say if Boss Liu had the courage.

Teng Yi gave a few instructions to the leading policeman and left.

Boss Liu couldn't hear what they were saying, and even the lip shape couldn't tell what they were saying.

In fact, he really didn't have the courage.

He didn't want to die. He wanted to live.

He held the lighter today just to scare Mo Long and Jiang Yu. He didn't want to light the fire at all.

But he didn't expect Jiang Yu to be so unafraid of death that she pushed him aside and ran away. And because of his momentary anger, he forgot that he still had a lighter in his hand.

That was why there was such a big fire later on.

However, the thing that made him most angry was that he was almost burned to death by the fire, but that b*tch Jiang Yu and Mo Long were completely fine!

He simply could not bear it!

He was furious, but he saw the leading policeman walk over and put handcuffs on his hands.

The handcuffs rubbed against the burnt skin on his wrists, and he could not help but cry out in pain, "It hurts! Can you not wear this?"

The police didn't even look at him and said, "No."

Boss Liu had nothing to say and could only follow obediently.

Chapter 688: Have A Good Rest

Mo Long brought Jiang Yu back to Mo Garden and happened to see Elder Mo sitting on the sofa playing with the dog.

When he saw Mo Long carrying Jiang Yu back, he was still surprised and asked, "Why are you back so early today?"

Jiang Yu originally wanted to make up an excuse to not let elder Mo know that she had been kidnapped. However, Mo Long did not seem to think about it and said, "Someone was blind and kidnapped Yu'er."

"What?!" Elder Mo got up emotionally. Ball-ball was also frightened by his action and jumped off the sofa.

Jiang Yu hurriedly said, "I'm fine, Grandpa. I just sprained my ankle a little. I'll be fine after resting for a few days."

Elder Mo was so anxious that he didn't even have time to take his walking stick. He walked to Mo Long and looked at Jiang Yu's ankle carefully.

He said, "Her ankle is already so swollen, and she still says that she's fine?!"

He asked Mo Long to put Jiang Yu on the sofa while he took out the medicine box.

Elder Mo placed the medicine box on the coffee table and motioned Mo Long to apply medicine on Jiang Yu.

Mo Long was naturally willing. He took out the ointment from the medicine box and carefully applied it on Jiang Yu's ankle.

...

In order not to disturb the two of them, Elder Mo tactfully took ball out for a walk.

The cold ointment was applied on the wound, causing a slight tingling pain.

"Hiss—" Jiang Yu let out a soft cry of pain.

As Mo Long applied the ointment on her, he patted the back of her foot to appease her.

"It's alright, Yu'er. It'll be a little painful at first, but it'll be fine in a while," Mo Long said.

Jiang Yu replied softly, "Okay."

As Mo Long had said, it didn't take long for Jiang Yu's ankle to stop hurting. Instead, it felt numb.

"How is it? Does it still hurt?" Mo Long sat on the sofa and placed Jiang Yu's injured foot on his own leg.

Jiang Yu said, "It really doesn't hurt anymore. It's still numb and somewhat comfortable."

Mo Long smiled and said, "This is the best swelling-reducing ointment in the world. It will reduce the swelling after about an hour."

Jiang Yu nodded and said, "Fortunately, the swelling will be reduced after an hour. Otherwise, I don't know what to do when I go to work tomorrow."

Upon hearing this, Mo Long's expression turned a little ugly. He said, "Yu'er, don't go to work in the next few days. Rest well at home."

"Huh?" Jiang Yu looked up at him in confusion and asked, "Why?"

Mo Long sighed and said, "I'm really too scared now. I'm afraid that something will happen again when you're not in my sight."

So it was because of this?

Jiang Yu leaned over and lay in his arms. She said like a kitten, "It's okay. What happened today was just an accident. Actually, Boss Liu doesn't have that much courage. He's just trying to scare us."

"No, I won't allow this to happen again, even if the probability is very small." Mo Long grabbed Jiang Yu's hand and put it on his face.

"Alright then. I'll stay at home and rest well for the next few days." Jiang Yu also knew Mo Long's current state. No matter what she said, he would not agree to let her go to work.

Then, she would let him have his way first. She would stay at home and rest well for a few days. The company's affairs would be handed over to Xia Fan and Sen Yuan to handle first.

"Okay." Mo Long finally relaxed after receiving a response.

Jiang Yu was nestled in Mo Long's arms. She suddenly remembered something and said, "Is there nothing going on at the company? If you stay at home and take care of me, what will happen to the company?"

Mo Long lovingly kissed Jiang Yu's forehead and said, "It's okay. I've already asked Teng Yi to handle it."

"Okay," Jiang Yu said.

In fact, sometimes, Jiang Yu also felt that Teng Yi was very tired.

Because Mo Long sometimes didn't want to handle things, he handed all the work to Teng Yi.

Therefore, Teng Yi's shoulders were piled with all kinds of things, big and small.

The two of them were just quietly enjoying a moment of silence when they suddenly heard a knock on the door.

Before the maid could open the door, someone had already opened the door and rushed in.

It was Mo Jiang and Liu Hui.

They walked towards Mo Long but completely ignored Jiang Yu.

"Mo Long! Are you alright?" Liu Hui asked worriedly.

Although Mo Jiang stood at the side without saying a word and seemed indifferent about Mo Long's matter, his eyes still revealed worry.

Chapter 689: Slight Change of Opinion

Mo Long was a little puzzled and asked, "Why are you guys here?"

Liu Hui said, "Why are you still asking us? Go check it out yourself on the Internet! You brat, you really have guts. You even dare to fight with a kidnapper? What if that kidnapper is a lunatic? Aren't you afraid that something might happen?"

The more she spoke, the more agitated she became. In the end, tears welled up in her eyes.

Mo Long said helplessly, "I'm fine. I know my limits."

Mo Jiang snorted coldly and said, "What limits do you have? I think that for a woman, you don't even care about your life anymore!"

His words were cold, but Mo Long knew that Mo Jiang was worried about him.

Jiang Yu also heard it.

Although Mo Long had gotten into a fight with his parents because of his own matters.

But blood was thicker than water. How could Mo Jiang and Liu Hui not be worried about Mo Long?

But under such circumstances, it did not seem appropriate for her to speak. After all, the two of them were still not satisfied with her. If she spoke now, she might provoke them again.

Thinking of this, Jiang Yu planned to be a mute first.

But Mo Jiang did not give her the chance.

He said, "The news on the Internet said that you were the one who was kidnapped."

.....

Jiang Yu paused and said, "It's me. I'm sorry, uncle. It's all because of me that Mo Long is in such a dangerous situation."

Mo Jiang snorted. Jiang Yu thought he would say something like, "I knew you were a person who brings bad luck." But what he said was, "If you can't even protect your own woman, don't say you're a member of the Mo family."

He said this to Jiang Yu and Mo Long.

Jiang Yu didn't react and called out, "Uncle..."

Before she could finish her sentence, Mo Jiang said again, "You're the new boss of the company Mo Long bought? It was a small company that was about to go bankrupt, but you actually managed to run it."

What did he mean by that?

Jiang Yu was a little confused.

Mo Jiang continued, "You did well. Continue."

Was this... a compliment?

Jiang Yu raised her head in surprise and said, "I will, uncle!"

Mo Long was also a little surprised and said, "Do you mean that... you approve of Yu'er?"

Mo Jiang coughed uncomfortably a few times, "How is that possible? Does being able to run a company entitle you to be the daughter-in-law of the Mo Family? I'm just standing from the perspective of a businessman and feel that she did a good job. Why? Is there a problem?"

Mo Long wanted to laugh, but he held it in and said, "It's nothing."

Mo Jiang suddenly felt that the current atmosphere was a little depressing, so he said, "Well, seeing that you're fine, your mother can rest assured. If there's nothing else, we'll go back first. You guys stay at home."

After saying that, Mo Jiang left.

Liu Hui was still looking at Mo Long with reluctance. She said, "Your father is like this. He was even more worried than I was on the way here. Now he's saying that I'm worried about you, as if he's not worried at all."

Mo Long smiled and said, "I know."

"It's good that you know." Liu Hui wanted to say something else. She looked at Jiang Yu and said with a smile, "Jiang Yu, actually, your uncle is very impressed with your ability in business. However, he wanted to save face and didn't want to say it out loud.

Jiang Yu replied with a smile, "I understand, auntie."

"But this doesn't mean that we accept you as our Mo family's daughter-in-law." Liu Hui continued, "If you want to marry into our Mo family, you still have many things to do."

If this was in the past, anyone would think that Liu Hui still looked down on Jiang Yu.

But now, Jiang Yu felt that these words sounded like encouragement.

She smiled sweetly and said, "I understand, auntie. I will work hard."

Liu Hui leaned against Mo Long's ear and gave him a few more words before she turned around and left.

After Liu Hui left, Jiang Yu asked, "What did auntie say to you?"

Mo Long looked at her and smiled. "My mother asked me when she will have a grandchild."

"Huh?" Jiang Yu's face instantly turned red, "W-what are you talking about?! Auntie just said that I still have a lot of things to do before marrying into the Mo family! How could she want to have a grandchild so quickly..."

Mo Long said, "How is that impossible? She's that kind of person. She doesn't want to tell me on the surface, so she can only ask me in secret."

Jiang Yu covered her face and said, "I don't believe it!"

Mo Long said intimately, "It's true."

But Jiang Yu didn't want to hear it — her ears were already red.

Actually, what Liu Hui said to Mo Long was, "Take good care of Jiang Yu. As long as your father agrees, I won't object."

Chapter 690: New Year's Present

Jiang Yu was resting at home. She rested for a month.

Xia Fan was getting better at handling the company's affairs. When Sen Yuan started working, he looked just like Xia Fan when he was a secretary.

In less than ten days, it would be the new year. There was still nothing to buy at home.

It was still the same pretentious act from before. There wasn't even a bit of festive red.

Elder No also went to Mo Long's company, saying that he wanted to see his work.

Now, there was only Jiang Yu and a dog at home.

She thought for a moment and called Lu Qi, "Qiqi? Are you busy recently?"

Lu Qi said, "Movie queen Jiang remembers to call me? I thought you had forgotten about me."

Jiang Yu smiled and said, "How is that possible?"

"How is that not possible?" Lu Qi said fiercely, "Why didn't you tell me about your kidnapping? Dai Zhu told me when she saw the news on the Internet! If the news on the internet is suppressed, or if this matter is not exposed, are you not going to tell us?"

Jiang Yu knew Lu Qi's character, but she did not expect that she would be angry about this matter until now.

She quickly said in a fawning manner, "I know I'm wrong. If there's anything in the future, I'll tell you immediately, okay?"

"Really?" Lu Qi didn't believe her.

.....

"Really, I promise," Jiang Yu said with confidence.

"Okay, then I'll reluctantly believe you this time," Lu Qi said, "Tell me, why did you call me?"

Jiang Yu said, "It's almost new year. I've been busy with company matters and haven't bought any new year gifts. Do you want to buy some things with me?"

Hearing that they were going shopping, Lu Qi's eyes lit up and said, "Of course, we'll go together!"

Jiang Yu smiled and said, "Okay, then I'll ask Dai Zhu and Tian Guo."

"No problem," Lu Qi said.

However, Dai Zhu and Tian Guo didn't have the time recently.

Tian Guo had recently signed up for a volunteer activity and was currently working as a volunteer. She couldn't ask for leave, so she naturally couldn't go shopping with Jiang Yu and the others.

Tian Guo said apologetically, "Jiang Yu, I'm sorry."

Jiang Yu smiled and said, "It's alright. Being a volunteer is a good thing. I support you."

"Okay!"

Meanwhile, Dai Zhu was brought by Father Dai to all the major parties.

On the surface, he said that he was bringing her to see the world, but in reality, he was forcing her to go on a blind date.

On the other end of the phone, she was going crazy. She said, "Jiang Yu! Do you know that I'm only twenty years old and I'm going on a blind date?! My dad is really afraid that I won't be able to get married!"

Jiang Yu couldn't help but laugh. She said, "Uncle is also worried about your future marriage."

Dai Zhu went crazy and said, "Isn't it too early to worry? Isn't he just like Lu Qi's father? She doesn't even have a boyfriend, yet he already prepared the dowry so early?!"

Just as she was complaining, someone knocked on the door and told her to quickly change her clothes and prepare to attend the party tonight.

Dai Zhu said impatiently, "I got it!"

Jiang Yu held back her laughter until her stomach hurt. She said, "Alright, I won't bother you anymore. Hurry up and get ready."

Dai Zhu sighed and said, "I wish you and Lu Qi a good time."

With that, she hung up the phone.

So in the end, only Lu Qi and Jiang Yu went shopping.

The two of them went to the mall and bought a few exquisite red lanterns and two bottles of grand manor red wine.

Lu Qi held a small lantern in her hand and couldn't put it down.

She said, "Xiao Yu, why did you think of buying this? This thing is so small. It looks so cute!"

Jiang Yu smiled and said, "When I didn't go back to the Jiang family in the past, I always bought this during the New Year. But it's a big one, not a small one."

Lu Qi looked at the small lantern, and the more she looked at it, the more she liked it. She said, "If I had known earlier, I would have bought a few as well. Such a small thing hanging by the bed must look very nice, right? And it's especially cute!"

Jiang Yu smiled and said, "If you like it, take one and go."

Lu Qi shook her head and pulled Jiang Yu back.

She said, "No, no, no! This is your new year's item. What's wrong with me taking it? And one is not enough. I want to buy a few. I want to hang this all over the house!"

Lu Qi smiled and spoke to Jiang Yu. Without looking at the road ahead, she bumped into someone with a bang.

"Ouch!" Lu Qi cried out in pain.

"Miss, are you okay?" The person who was hit was a man.
