

Older Man 781

Chapter 781: 0.1 Points Away

Jiang Yu sat in front of the piano and used two minutes to think about the plot. Then, she began to play on the piano.

Kang Xue sat below the stage and watched the show with relish.

If Jiang Yu couldn't play, then she could give her no points or even negative points. If Jiang Yu could play, then she could fight back. Jiang Yu was very experienced in this kind of thing, otherwise, how could she play it so well?

Kang Xue was happy to do it since she wouldn't be at a disadvantage.

Jiang Yu's fingers danced nimbly on the piano. The melody gradually became silent from the beginning until it became urgent.

It was as if the wife was having an affair with her lover, but the husband suddenly returned home. The Wife and lover were silent at first, then the lover anxiously looked for a place to hide.

Unfortunately, before the lover could find a place to hide, the husband had already pushed open the door and saw him.

The music stopped abruptly, leaving the audience an open ending — no one knew what the final ending of the three of them would be like.

"Okay, my performance is over," Jiang Yu stood up and said respectfully.

"Very good." Timmy admired Jiang Yu's ability to adapt to change. He said, "Jiang Yu, you go and rest first. I'll inform you when the score is out."

"Okay. Thank you, Principal."

With that, Jiang Yu left the stage and casually found a seat to sit down and rest.

"That's it?" Kang Xue said disdainfully, "You haven't even finished playing, and you still want us to grade you?"

.....

She was obviously deliberately picking a fight, but there were still many people who catered to her.

Bessie was writing the scores on the machine in her hand, she said, "Do you know what an open ending is? If you are uneducated, don't embarrass yourself here, and no one will laugh at you. But if you insist on showing it, then you deserve to be laughed at by others."

Kang Xue sneered and said, "Am I wrong? Can you play an open ending during the exam?"

"No? Did you make this rule?" Bessie felt that Kang Xue was really unreasonable, she always liked to be unreasonable. "So many piano masters can compose piano pieces with an open ending. Why can't Jiang Yu compose during the exam?"

"She's not a piano master," Kang Xue said.

"Then what are you? You're here to judge," Bessie said indifferently and submitted her score.

"You're with her. I'm not going to argue with you." Kang Xue also wrote her score on the machine and submitted it.

She said, "Just wait and see. See what Jiang Yu's final score is."

"Even if it's not high, it will definitely be higher than 8.6," Bessie said.

"Then just wait and see," Kang Xue crossed her arms and said disdainfully.

The system backstage was calculating Jiang Yu's score. The results of the two exams she had answered in the morning were out.

Both of them were excellent. As long as Jiang Yu's score in the third exam reached 8.6 points, she would have passed the teacher's exam.

Timmy announced this result. Some people were happy for Jiang Yu, but some people broke out in cold sweat because of it.

Bessie waited for a while but didn't get the score. She couldn't help but feel a little anxious and said, "Why isn't the score out yet? Is the computer still so slow?"

Kang Xue said, "Do you want to know the score as soon as possible so that you can see how embarrassing Jiang Yu is?"

Although she said so, her psychological defense was also crumbling bit by bit.

If Jiang Yu's score was very low, the system would not have needed so long to calculate the result in one or two minutes.

However, the system had taken so long. The only explanation was that someone had given Jiang Yu a high score. Moreover, it was a very high score, close to full score. Therefore, the system's self-check function was automatically triggered and the score was recalculated.

Kang Xue knew that Bessie would definitely give Jiang Yu a high score.

However, it was impossible for her to trigger the self-check function by herself. Then, who else would give Jiang Yu such a high score? Moreover, based on the current time, there were more than 20 people who gave Jiang Yu a high score.

Ten minutes later, the backstage system finally calculated Jiang Yu's final score.

Timmy took the final score and slowly read out the number in front of everyone's eyes, "8.7 points."

Although it was only 0.1 points higher than 8.6 points, it meant that Jiang Yu had passed the tutor exam.

Chapter 782: The Ending Has Already Decided

"How... could it be?" Kang Xue fell down on her seat in disbelief and muttered to herself.

Bessie did not hear Kang Xue's doubts, but when she saw her expression, she knew that she would not feel good.

Therefore, she said proudly, "Aiya, I didn't expect Jiang Yu to really pass this exam! Jiang Yu is really too amazing, isn't she?"

Kang Xue didn't say anything and only glared at Bessie.

But Bessie wasn't angry at all. On the contrary, she was feeling very happy.

She walked to Jiang Yu's side and said with a smile, "Jiang Yu, Congratulations."

Jiang Yu also smiled and said, "Thank you. Actually, I was able to persevere until today because you supported me and accompanied me behind my back. Bessie, actually, I should be thanking you more."

"We're friends. Of course, I'll support you." Bessie patted Jiang Yu's shoulder. "But now that you've passed both the final exam and the tutor's exam, will you be going back after you get two certificates?"

Jiang Yu thought for a moment and said, "I think so."

Bessie sighed with emotion. "I didn't expect that we would become such good friends after only knowing each other for two months. I also didn't expect that you would be going back after only staying here for two months."

Jiang Yu smiled and jokingly said, "Isn't Kang Xue here? If you really can't bear to leave me, then you should see Kang Xue more. After all, seeing her will make you think of me."

"I don't want to see her," Bessie said. "She's not a good person. She's arrogant and conceited, and her strength isn't adequate. I really don't know how Professor Karl accepted her as his student."

Jiang Yu comforted her. "After all, she was the champion of the international piano competition back then."

.....

At the mention of this, Bessie became even angrier. "Jiang Yu, you shouldn't have given this spot to her back then! Look at people like her. Sometimes, I even feel that people like her don't deserve to learn piano! She only knows how to compete with others and thinks that she's the best. Tell me, where did her confidence come from? In the end, when she realized that she wasn't as good as others, she would say that others were playing tricks."

Jiang Yu smiled and said, "Kang Xue has always been like this. You've known her for two months. Aren't you used to it? Just don't hang out with her in the future."

"We're all in the same classroom. I don't want to make things too ugly with her," Bessie said, "But I think that if you go back, she should go back with you, right?"

“She still has to take the final exam,” Jiang Yu said, “I applied for the final exam in advance, but Kang Xue couldn’t. You forgot that she also wanted to apply for the final exam in advance, but Professor Karl rejected her request.”

Bessie remembered.

She said with some grievance, “Then wouldn’t I have to look at her with a sad face for two months?”

Bessie didn’t want Jiang Yu to return to her own country at all. She wanted Jiang Yu to stay with her all the time.

However, Jiang Yu’s main student status was at Ivy University. She definitely had to go back and prepare for her own courses before taking the final exam at Ivy University.

Therefore, Bessie knew that her idea was a little too much.

Therefore, she adjusted her emotions and smiled at Jiang Yu. “But it’s okay, you still have to put your studies first. But when you come here again in the future, don’t ever forget me!”

“I won’t, you’re my best friend.” Jiang Yu smiled and hugged Bessie.

Jiang Yu’s passing of the tutor qualification examination had spread not only in the school, but also in the media.

As the second-ranked art school in the country, no one had applied for the tutor qualification examination for decades.

Now, a 20-year-old girl named “Jiang Yu” had applied and successfully passed the examination with a 0.1 point advantage. She became the youngest tutor in the history of Cecilia.

This was explosive gossip for any media outlet.

Therefore, on the few days when Jiang Yu passed the exam, Cecilia’s door was filled with people. They were all media workers with cameras and microphones in their hands.

Although principal Timmy and some other professors had gone to the door to persuasion, they were unwilling to leave. They had to interview Jiang Yu before they were willing to leave.

In the end, there was really no other way. Everyone unanimously decided to let Jiang Yu come out for an interview.

Jiang Yu didn’t really care about this matter. If she could make these people leave with just a few words, it would be a good thing for the school.

Chapter 783: Interview

Jiang Yu wore a sky-blue short-sleeved dress and arrived at the school gate.

Principal Timmy and the other professors were still standing at the gate, trying to persuade the reporters to leave.

However, when they saw Jiang Yu, they looked as if they had seen a treasure and kept shouting, "Jiang Yu! Jiang Yu! What do you think of the results of this exam?!"

Many people's voices were mixed together and it was very noisy. Even though Jiang Yu was standing in front of them, she couldn't hear what they were saying.

Fortunately, they knew the rules. When they saw Jiang Yu walking over, they queued up and asked one question after another.

"Jiang Yu! What do you think of the results of this examination?"

Jiang Yu replied, "Actually, I didn't have complete confidence in myself at the beginning. After all, only one person had applied for it in the past few years, but he failed. I didn't think that I was better than that person, so I didn't think that I would definitely pass the exam."

"Does that mean that you think that it was all luck that allowed you to pass the exam?"

Jiang Yu continued, "It wasn't all luck. After all, I had done a lot of preparation for the exam. I had listened to more than a thousand piano pieces. I think I've put in enough effort, so I think I deserve such an outcome."

When Jiang Yu said this, the whole place fell silent.

They didn't seem to have any questions to ask, but after a long silence, someone still asked, "Then will you stay and teach?"

Jiang Yu shook her head and said, "No, I'll go back to my country and continue my studies."

Someone cut in, and he asked a question that made everyone feel a little awkward. "Since you won't stay to teach, then why did you take the exam for this tutor qualification certificate? Now that you've passed the exam and still won't stay to teach, aren't you slapping the face of the University of Cecilia?"

Whether it was the person involved or the bystanders who heard this question, they all felt a little embarrassed.

Jiang Yu didn't answer for a moment, but the person began to be aggressive, "Say it, why don't you answer it? Do you think this question is difficult to answer? In that case, let me change the question..."

Jiang Yu interrupted the person and said, "This question is not difficult to answer. As for why I took the tutor qualification certificate but refused to stay to teach, it's only because I don't want to."

"Don't want to?" The man seemed to be dissatisfied with this answer. "If you don't want to stay and teach, then why did you take this certificate?"

Jiang Yu smiled, "First, although I'm an official student of Cecilia University, my main student status is in Ivy University. This matter is known by everyone in Cecilia University, so I won't explain further."

"Secondly, because of my own strength, I can take the final exam in advance, and I can also apply for the exam to become a tutor. This is an exam that recognizes my strength, so why can't I apply for it? Lastly, and most importantly, because right now, I put my studies first so I don't want to stay and teach. Do you understand?"

"But..." The person seemed to be unwilling to give up and wanted to continue asking questions, but Jiang Yu was no longer willing to answer, so she turned around and left.

When she left, Jiang Yu said to the person, "Although I know that reporters have always been tasked with asking gossip questions, I think that some questions are not what reporters should be asking. If you can't handle it well, then I advise you not to be a reporter."

With that said, Jiang Yu left.

Principal Timmy and the other professors saw this and also called for security to stop the reporters who wanted to rush into the campus.

When Jiang Yu returned to the dormitory, Bessie asked nervously, "Jiang Yu? Are you alright? I saw you accepting an interview at the door just now."

Jiang Yu smiled and said, "I'm fine."

Bessie could not see any change in Jiang Yu's expression compared to before, therefore, she could only probe and say, "Jiang Yu, don't think too much. Reporters are always like this. They always ask embarrassing questions and make people feel embarrassed."

"I'm long used to it." Jiang Yu shrugged indifferently, she said, "When I was filming in the past, I often met such reporters. I might feel embarrassed at first because I didn't know how to answer them, but as time passed, I knew how to answer those questions that made me feel unhappy."

"It's good that you're not unhappy." Bessie was relieved.

Chapter 784: Return to China

"By the way, Jiang Yu, which day is the plane ticket you bought? Do you need me to send you back?" Bessie recalled that Jiang Yu had been packing her luggage recently. She probably wanted to return to China.

Jiang Yu said, "There's no need. It's the ticket for the morning of the day after tomorrow. You have Professor Karl's class that day."

"Why is it so unfortunate?" Bessie curled her lips. "Why don't you wait for me to apply for leave and say that I'm going to send you back?"

Jiang Yu smiled, patted Bessie on the shoulder, and said, "You were the one who taught me to put my studies first. Why do you have to abandon your studies when it's your turn? Why do you have to send me to the airport even applying for leave?"

"Of course, it's because I can't bear to leave you," Bessie pouted.

"I'll come back to see you," Jiang Yu said. "If you're willing to come and see me, I'll also welcome you."

Bessie sighed. She knew that there was no hope for her to send Jiang Yu to the airport, so she could only give up.

However, when Jiang Yu arrived at the airport the day after tomorrow and was about to board the plane, she heard someone shout from the crowd, "Jiang Yu!"

Jiang Yu turned around in surprise and saw Bessie standing in the crowd, jumping up and waving at her.

"You fool! Why did you really ask for leave..." Before Jiang Yu could finish her sentence, she saw the people behind Bessie.

Mike, Roger, and Professor Karl, who was smiling.

It turned out that... They were not asking for leave, but Professor Karl had brought them to say goodbye to her.

Jiang Yu's nose was sore, and her eyes were hot.

She had wanted to say goodbye to them properly, but time was running out, and she had no time to say goodbye to them properly.

Jiang Yu took her suitcase and boarded the plane. Before she turned off her phone, a few messages popped up.

It was a farewell message from Bessie, Mike, Roger, and Professor Karl.

She replied to them one by one, then turned off her phone.

She closed her eyes and pretended to sleep. Tears were covered.

After a few hours, the plane landed smoothly. Jiang Yu got up and got off the plane with her suitcase. She saw Mo Long, who had been waiting for her at the airport for a long time.

Jiang Yu walked over quickly and asked, "How long have you been waiting?"

Mo Long smiled and said, "Not long. It's just that I'm not busy with work and I want to see you as soon as possible, so I came to wait for you."

"Really, Teng Yi?" Jiang Yu looked at Teng Yi behind Mo Long and asked him with her eyes if what Mo Long said was true.

However, Teng Yi was definitely on Mo Long's side, so he nodded and said, "Yes, Madam."

"Forget it. Teng Yi is on your side. He will definitely side with you in everything." Jiang Yu shrugged and said, "In that case, I won't ask for trouble."

Mo Long stroked Jiang Yu's head lovingly, "Are you tired after sitting on the plane for so long? I noticed that you don't like to eat plane meals the last few times when we took the plane. It's not too late now, so I'll take you to eat."

"Okay." Jiang Yu was indeed hungry.

The plane meal was indeed not delicious. Not only was it oily, but the rice didn't seem to be cooked.

Mo Long let Teng Yi go back to deal with the company's affairs first. He took Jiang Yu to a newly opened restaurant nearby.

"This restaurant has just opened, but business is good," Mo Long said as he parked the car.

"You haven't been here before?" Jiang Yu asked.

Mo Long smiled and said, "What am I doing here if you're not here?"

Jiang Yu couldn't help but laugh and said, "Come and eat if you're hungry. Does this shop have a rule that people who are not with their girlfriends are not allowed to eat here?"

Mo Long reached out and scratched Jiang Yu's nose. He said dotingly, "I didn't want to come here. I don't want to eat here alone without my girlfriend."

"Glib tongue and a little childish," Jiang Yu commented on Mo Long's behavior just now.

However, Mo Long didn't care. After he unfastened Jiang Yu's seatbelt, he took her into the shop.

"Hello, customers. What can I do for you two?" The waiter at the door was very nice and gentle.

Mo Long looked around and said, "Private room."

"Okay, please follow me upstairs." The waitress bent down and made a "Please" gesture.

"The waitress in this shop has a very nice attitude." Jiang Yu couldn't help but praise.

As soon as she finished saying this, she saw an extremely familiar person at the corner of the stairs.

Wasn't this the woman who was acting weird in her shop when she was selling lipstick?

Mo Long had said that he would check it out for her. But before he knew the result, she was kidnapped.

After she was rescued, Jiang Yu forgot about it.

Chapter 785: Is This Yang Fen

But now that they met again, Jiang Yu thought of this matter again.

But she didn't know who the woman in front of her was, so she turned her gaze to Mo Long.

Mo Long only gave the woman a cold glance before leading Jiang Yu to follow the waiter to the private room.

"She is the woman I mentioned to you a long time ago," Jiang Yu probed.

"I know," Mo Long replied. "She's Yang Fen."

"She's Yang Fen?" Jiang Yu was a little surprised. This Yang Fen was totally different from what she remembered?

Could it be... Plastic surgery?

Seeing what Jiang Yu was thinking, Mo Long nodded and said, "She did plastic surgery."

Jiang Yu nodded and said, "No wonder she looks like this. When I first saw her, I didn't recognize her. But what happened before isn't over yet. Why did she come back?"

Mo Long shook his head, indicating that he didn't know what Yang Fen was thinking.

"Maybe she thought that no one would recognize her after she came back from plastic surgery. So she thought of coming back, whether it's for revenge or doing what she always wanted to do. In short, she didn't come back for any good reason," Mo Long said.

"But no matter what she wants to do, she can't use occult spell to harm people anymore," Jiang Yu said.

As she was speaking, someone knocked on the door of the private room.

Jiang Yu thought it was the waiter who had come to deliver the menu, so she said, "Come in."

However, the one who opened the door and came in was not the waiter, but Yang Fen, who was dressed gorgeously.

"Why did you come in?" Jiang Yu frowned, choking on the strong scent of her perfume.

"You're asking me?" Yang Fen rolled her eyes at Jiang Yu. "Didn't you ask me to come in?"

"I thought it was a waiter, that's why I said so." Jiang Yu frowned. "If I knew it was you, I would have let you leave this place a long time ago."

"Why are you so fierce? Is it still because of that Yuan Lai from before?" Yang Fen said with a strange smile. "How long ago was this? Why are you still thinking about it?"

"No matter who it is or how long ago it was, it's your fault for harming people!" Jiang Yu said.

Mo Long also stood up and opened the door of the private room. He said coldly, "This is in front of Yu'er. I can give you some face. Now, disappear from this place immediately. Don't force me to make a move."

"The two of you are really fierce. Your boyfriend is fierce, and your girlfriend is fierce too." Yang Fen curled her lips and got up to walk towards the door.

"But, President Mo..." Yang Fen walked past Mo Long and drew two circles on his chest. Then, she gently blew on it and said, "President Mo, if you miss me, please come and find me."

"There's a difference between dreaming and daydreaming." Jiang Yu mercilessly poured cold water on Yang Fen.

After Yang Fen left, Mo Long returned to his seat and sat quietly for a while.

"What's wrong?" Jiang Yu felt that something was wrong with Mo Long and asked worriedly.

"It's nothing." Mo Long knew that Yang Fen was trying to cast a spell on him by performing a few moves on him. Moreover, it was an even more powerful spell. Fortunately, he was strong-willed enough. Otherwise, he would have fallen into her trap.

However, he didn't want Jiang Yu to worry, so he didn't tell her about it. He just made up an excuse.

"The bad perfume on her body is too strong. It's a little choking."

Jiang Yu didn't doubt him and said, "I also think that the smell on her body is very choking. I don't know if it's because of the perfume or because she sprayed too much."

"Alright, don't think about it. Otherwise, you won't have the appetite to eat in a while," Mo Long said.

"Okay." Jiang Yu quickly threw this matter to the back of her mind.

After eating, Mo Long brought Jiang Yu back to Mo Garden.

Elder Mo took Ball Ball out for a walk and was not at home.

"You must be tired after sitting on the plane for so long." Mo Long took Jiang Yu's suitcase to the bedroom and said, "Rest well. If there is any news from the school, wait until you have rested well before going."

"How can I be so weak?" Jiang Yu smiled. "But I will be obedient and have a good rest. Don't worry and go to work. I will wait for you at home."

"Okay." Mo Long lovingly kissed Jiang Yu's forehead before he turned around and went downstairs to the company.

After Jiang Yu sent a message in her fan group, she went to the bathroom to take a shower.

When she came back from the shower, she turned on her phone and all the messages came out. Jiang Yu's hands were numb from the shock.

All of them were greetings from Lu Qi and Dai Zhu. "Why are you back so soon? When did you come back? Have you finished your exams?"

Chapter 786: Yang Fen's Schemes

Jiang Yu smiled as she replied to each and every one of them. Suddenly, she saw a friend request.

Jiang Yu usually did not add strangers, but that person had sent her a message with a comment that said — I am Yang Fen.

She was really bold. The matter from before had not been properly resolved. Did she really think that after she had undergone plastic surgery, no one would be able to do anything to her?

Jiang Yu agreed to Yang Fen's friend request. She was still thinking about how to greet her when Yang Fen sent her a message. "It's Jiang Yu, right? I'm Yang Fen."

Jiang Yu replied, "Yang Fen, why did you add me?"

Yang Fen sent her a voice message. "Jiang Yu, aren't your words a little harsh? What do you mean by 'there's a purpose'? I'm just saying hello to an old friend."

Jiang Yu replied bluntly, "You and I aren't really old friends, right? Don't try to get close to me here."

Yang Fen didn't get angry at Jiang Yu's words. Instead, she smiled and said, "Jiang Yu, you can be proud of yourself for a while. Soon, I'll have everything that you have."

Her words were incoherent, and Jiang Yu didn't understand. She just thought that she was trying to intimidate her.

However, the reason why Yang Fen said that was because she had just cast the bewitching spell on Mo Long.

Ever since she had escaped from this place, she had returned to her hometown and browsed through all kinds of books that recorded the mystic arts.

She had made many modifications to the bewitching spell that she was not familiar with before. After practicing for a period of time, she was sure that her bewitching spell had made a qualitative leap.

Therefore, she came back this time to find someone to test it out. The reason why she found Mo Long was that she was very confident in her ability now. She felt that if she wanted to test it out, she had to catch a big fish.

She saw that Jiang Yu's replies were more normal, so she was sure that she did not know that she had bewitched Mo Long.

However, she did not plan to tell Jiang Yu, so she said, "Jiang Yu, as an old acquaintance, I'll give you a piece of advice. You'd better take advantage of this time to get more benefits. Otherwise, you won't even be able to sleep on the streets."

Jiang Yu did not know what Yang Fen was dreaming about. Sometimes, she even felt that there was something wrong with her brain.

So she replied, "Yang Fen, there's a difference between dreams and wishful thinking."

Yang Fen didn't reply and deleted Jiang Yu as a friend.

Looking at the red exclamation mark, Jiang Yu felt that Yang Fen was even more unreasonable than before.

However, when Yang Fen came back this time, anyone with a discerning eye could tell that she was up to something. For safety reasons, Jiang Yu still told Lu Qi and Dai Zhu about this matter, telling them to be more careful in the future.

Lu Qi and Dai Zhu had heard about this matter, and then they remembered that Jiang Yu had found a mystic arts club in school, and it seemed that it was for this matter.

Lu Qi asked, "Isn't this Yang Fen afraid that the previous matter will be exposed?"

Dai Zhu also said, "The previous matter hasn't been resolved yet. Isn't she afraid that Yuan Lai will call the police to arrest her after finding out about this matter?"

Jiang Yu said, "It's been so long since the previous matter. There's not much evidence left. Moreover, she has undergone plastic surgery now. Even if Yuan Lai really finds out about this matter, it won't be of much significance."

Lu Qi hated people like this the most in his life. He said angrily, "People like Yang Fen should go to jail!"

Dai Zhu also said, "Jiang Yu, you'd better be careful. I don't know what bad things she's planning to do this time."

Jiang Yu replied, "Yeah, I know. But you guys have to be careful too. If she only wants to take revenge on me, it's still fine. But I'm afraid that she'll implicate you guys."

Lu Qi replied, "What are you talking about? We're all good friends. We share the same fortune and difficulties. How can we be afraid of being implicated?"

Dai Zhu also replied, "I was afraid that Yang Fen wouldn't dare to come. If she did, I would have beaten her up with a few punches."

Lu Qi didn't believe her, "You're just bragging. If she really comes, I'll see if you can beat her up."

Dai Zhu blushed and changed the topic. "How's the matter between you and Xue Ran?"

Lu Qi was instantly speechless and did not dare to continue speaking.

Dai Zhu kept asking questions. Jiang Yu also remembered that she and Lu Qi had seen Xue Ran in the shopping mall on the eve of the New Year.

She did not know how far Lu Qi and Xue Ran had progressed during this period of time. But judging from her current situation, it should be pretty good.

But compared to this matter, the most important thing was the purpose of Yang Fen's return.

Chapter 787: Strange Feeling

She had also told Sister Xia about Jiang Yu's return to China.

When Sister Xia heard the news of her return, she said that she would treat her to a meal to celebrate her successful graduation.

The venue was set at the Flowing Water Teahouse, which could be considered an old place.

After ordering the dishes, Sister Xia returned the menu to the waiter before pulling Jiang Yu over to ask, "Jiang Yu, did your exam at Cecilia go well? I heard that you even took the tutor qualification certificate?"

Jiang Yu nodded and said, "I passed the examination and passed it as well."

Sister Xia was very excited. "Then, didn't you obtain the double certificate?"

Jiang Yu nodded.

Sister Xia was very excited, as if she had obtained the double certificate.

She waved her hand and said, "Waiter, give me two more bottles of good wine!"

Jiang Yu was worried about her health. If she drank too much, her stomach would feel uncomfortable. However, it was too late for her to stop her. The waiter had already brought the wine up.

Seeing this, Jiang Yu could only look at Sister Xia and not let her drink too much.

However, Sister Xia was in a good mood. How could she not drink more? Therefore, Jiang Yu could only say something to divert Sister Xia's attention.

"Sister Xia, do you still remember Yang Fen?" Jiang Yu asked.

"Of course I remember. She harmed Yuan Lai back then. I remember this very clearly," said Sister Xia as she took a sip of her wine.

Jiang Yu added, "She had plastic surgery this time and is back."

"What?" Sister Xia's attention was indeed diverted.

She put down her wine glass and asked in detail, "How did this Yang Fen dare to come back? She even had plastic surgery? Does she think that by doing this, she can pretend that the previous incident didn't happen?"

Jiang Yu shook her head, she took a sip of her wine and said, "I'm not sure. But what happened before has already happened a long time ago, and there's not much evidence left. So I think that she probably knew that we couldn't do anything to her for the time being, so she dared to come back."

"I wonder what bad things she's planning to do after coming back this time." Sister Xia still had lingering fears about what happened before, "Jiang Yu, you and your friends should be careful. She dared to come back so brazenly this time. She must have some ulterior motive. As for her bewitching technique, I don't believe that she hasn't studied it after she escaped. It's just that none of us know about it. I also don't know how powerful her mystic technique is this time. In short, you and the people around you must be careful."

Jiang Yu knew that Sister Xia was worried about him, so she comforted her, "It's alright, Sister Xia. Don't worry. I'll take care of myself."

However, Sister Xia was still a little worried. She asked, "Have you been in contact with her recently?"

Jiang Yu thought for a moment, "I saw her a few days ago when I went out to eat with Mo Long. I don't know what she said when she stood in front of Mo Long, but Mo Long's face didn't look too good at that time. But he said that it was because the perfume on Yang Fen's body was a little strong, and he choked on it."

"Are you sure? Yang Fen doesn't seem like the kind of person who would behave herself." Sister Xia didn't believe that Yang Fen wouldn't do something, "Could it be that there's really nothing wrong with Mo Long? When she first saw Mo Long, she wanted to grow on him. Now that she saw Mo Long, she just says a few words and it's over?"

Jiang Yu also felt that something was wrong, but Mo Long acted as if nothing had happened. There was no clue at all.

After thinking about it, Jiang Yu still said, "I believe him. He won't lie to me."

Sister Xia said, "I know, and I believe him too. But what if Yang Fen really cast a bewitching spell on him? Will Yang Fen tell you, or will Mo Long tell you?"

Jiang Yu recalled what Yang Fen had said a few days ago after adding her as a friend. It seemed like she was implying something.

What did she mean by 'I can still be proud these few days'? She would soon have everything that I have?

The more Jiang Yu thought about it, the more she felt that something was wrong. She felt that whether it was Yang Fen or Mo Long, they must be hiding something from her.

"Could it be... Yang Fen really cast a spell on Mo Long?" Jiang Yu asked in disbelief.

Sister Xia said, "Has there been anything wrong with Mo Long recently?"

Jiang Yu shook her head.

Mo Long was indeed no different from before. There was no change at all. If Yang Fen really cast a bewitching spell, Jiang Yu would not believe that it was a bewitching spell that made Mo Long love her more and more.

Sister Xia nodded, she said, "Perhaps Mo Long's will was firm, so he was not affected by Yang Fen's bewitching spell. But it's also possible that he was still in the incubation period and didn't show it. But regardless of the situation, Jiang Yu, you have to be careful when you go back."

Chapter 788: Tell Everything

Jiang Yu nodded and said, "I understand."

After she and Sister Xia finished eating at the Flowing Water Teahouse, they returned to Mo Garden.

Sister Xia also knew that she was worried about Mo Long, so she did not ask her to stay and followed her to go shopping.

Jiang Yu returned to Mo garden and waited until nightfall. Mo Long only returned when the sun had set.

Elder Mo was too old to stay up late, so he had already returned to his room to rest.

Mo Long opened the door and saw Jiang Yu still sitting on the sofa. He asked, "Why aren't you resting?"

Jiang Yu said, "I'm waiting for you to come back."

"Why are you waiting for me?" Mo Long smiled. He took off his suit jacket and hung it on the clothes rack at the entrance.

Jiang Yu walked over and asked casually, "Why are you back so late today?"

Mo Long answered, "Well, there was a lot of work at the company today. Some of the work couldn't be solved by Teng Yi, so I was the only one who could do it. Therefore, it was a little late today."

"I see." Jiang Yu was still looking around at the marks on Mo Long's body, but she didn't find anything wrong.

Mo Long noticed that Jiang Yu was looking at him, so he asked in amusement, "What are you looking at?"

Jiang Yu answered honestly, "I'm looking to see if there's anything wrong with you."

Mo Long smiled helplessly and pinched Jiang Yu's nose, saying, "What's wrong with me?"

Jiang Yu told him everything that Sister Xia had told her today, quietly waiting for Mo Long's reaction.

Mo Long was only silent for a moment before he sighed slightly, he also planned to tell her everything that had happened that day. "That day, Yang Fen did try to use the bewitching technique on me, but I held on and didn't fall for it. I didn't tell you at that time because I was afraid that you would worry about me. Besides, I was fine, so I felt that there was no need to tell you. That's why I didn't tell you."

"Is that really the case?" Jiang Yu asked.

She was still worried that Yang Fen had cast a spell on Mo Long that wouldn't be easily noticed.

"It's true." Mo Long nodded. "I swear."

"That's good." Jiang Yu let out a long sigh of relief, "I was always worried that Yang Fen had cast a spell on you. I was afraid that something would happen to your body because of it. But now, it seems that you weren't affected by her spell."

"Don't worry. I know my own body very well," said Mo Long. "As for Yang Fen, I'll think of a way to get rid of her."

"But in this kind of situation, it should be useless to call the police." Jiang Yu sighed, "Without evidence, even if the police wanted to arrest her, they wouldn't be able to do so. I just hope that she won't harm others in the future. Bewitching spell is a mystic technique that can easily kill people."

"There's no need for the police. In this place, no one has more power than me." Mo Long hugged Jiang Yu tightly and whispered in her ear.

"Then you still have to give evidence," Jiang Yu reminded him. "You can't just get rid of her without evidence, right?"

"Isn't it easy to find evidence?" Mo Long smiled. "Yu'er, just wait for my good news."

Since Mo Long had said so, Jiang Yu could rest assured that she would leave this matter to him. As long as Yang Fen did not have any unrealistic thoughts towards Mo Long, or Mo Long did not accidentally fall for her trick, it would be fine.

"I will be going back to school in a few days. I will be staying at school again," Jiang Yu said.

Upon hearing this, Mo Long tightened his grip and said, "You have only been back for a few days and you have to go back to school again."

"I have no choice. I have to take the final exam," Jiang Yu comforted him. "When it's over, I'll accompany you properly. What do you think?"

"Then it's a deal. It's a deal." Mo Long hugged Jiang Yu and refused to let go for a long time.

"Okay, it's a deal," Jiang Yu said with a smile.

The news of Jiang Yu returning to Ivy University had long spread throughout the school.

She dragged her suitcase and returned to her bedroom.

Jiang Li was reading at her desk when she heard Jiang Yu's voice. She turned around and asked, "Jiang Yu, how was your life in Cecilia? Was it well?"

Jiang Yu replied, "Life is pretty good. It's going well. I passed my exams."

"But I remember that Kang Xue went with you, right?" Jiang Li asked. "Why are you the only one who came back? Why isn't she back?"

Jiang Yu answered, "I passed the final exam ahead of time, so I came back. Kang Xue hasn't taken the exam yet, so she won't be back for the time being."

"I see." Jiang Li suddenly understood.

"Is there anything going on at school recently?" Jiang Yu asked.

"Nothing," Jiang Li said.

She was telling the truth. After all, she didn't read the school forum, so she didn't know anything about what was going on there.

Chapter 789: Go Through Backdoor

However, Jiang Yu didn't believe that there would be no rumors about her in the two months that she had been away.

After she packed her luggage, she opened the school forum. The first post was — "Jiang Yu failed in her studies and was expelled from Cecilia University."

There were many comments below this post. "No wonder she came back so early. So she was expelled?"

"Don't spout nonsense without evidence, okay?"

"Is the person above a fan of Jiang Yu? Don't help Jiang Yu clear her name. Normally, a semester is more than four months. She stayed there for more than two months before she came back. If she wasn't fired, what else could it be?"

"Kang Xue, who was with her, didn't come back. Does this mean that she still doesn't know what happened? Jiang Yu was fired, so she came back dejectedly. Kang Xue was valued by the professors, so she continued to stay there to study. Don't you understand?"

Looking at these people's comments, Jiang Yu felt that it was funny.

They didn't know the whole story at all, so they just randomly commented at the bottom. Such behavior was really laughable.

Jiang Yu scrolled down again. Two months ago, there was a post that said that she was able to study in Cecilia because of Professor Bai's interpersonal relationship. She had entered through the back door.

She did not expect that after such a long time, the popularity of this post was still very high. Even after she had returned, it had been forwarded by others.

"I knew long ago that with Jiang Yu's strength, there was no way for her to study in Cecilia University! So it was because of Professor Bai, then I won't say anymore."

"I really don't understand why Professor Bai is so partial to that Jiang Yu. Other than her pretty face, she's completely useless, right? Her piano skills aren't good, and her acting skills aren't good either. I really don't understand why such a person would be liked by Professor Bai."

"I seriously suspect that Jiang Yu has used some kind of mystic technique on Professor Bai. Otherwise, why would Professor Bai dote on her so much?"

"Don't tell me about that from upstairs. I also feel the same way. Doesn't our school have a mystic technique club? They have research on this kind of thing. Let's go and ask them."

"What's there to ask about that kind of society? Don't stick your bad luck onto yourself."

The comments below were a little ridiculous, but Jiang Yu was very willing to read on. Because she wanted to see what else that group of people could say.

However, there were no more comments below. No matter how Jiang Yu browsed, she couldn't see it. She didn't know if it was blocked or if that was all the comments.

After Jiang Yu returned, the popularity of these posts suddenly increased. Even if Lu Qi and Dai Zhu did not notice it before, they had no choice but to see it now.

The two of them forwarded the posts to Jiang Yu and said, "Xiao Yu, hurry up and use your double certificate to shut their mouths!"

Jiang Yu replied unhurriedly, "There's no rush. I'm still waiting to see what kind of tricks the person behind this will come up with."

"What are you still looking at? It's obvious that this is Jiang Ran's doing!" Lu Qi could guess it with her toes. She's just jealous of you, but she doesn't dare to fight with you openly, so she posted these posts."

Dai Zhu also said, "Yeah. Look at her at school. She doesn't dare to say a word. She only dares to do some tricks on the Internet!"

Jiang Yu replied, "But we don't have any evidence at the moment, do we? Even if we really want to Slap Jiang ran in the face, the first step is to confirm that these two posts were posted by her."

"Anyone with a discerning eye can see that it was posted by her," Lu Qi said indignantly.

Jiang Yu said, "But there are many blind people in this school."

Lu Qi and Dai Zhu fell silent. After a long while, Lu Qi asked, "Xiao Yu, what do you plan to do?"

Jiang Yu thought for a moment, she replied, "We have enough time. We just need to find evidence to prove that she was the one who posted the two posts.". She usually did things recklessly, so there would definitely be a lot of loopholes. "As long as we look carefully, we will definitely be able to find it."

Lu Qi and Dai Zhu expressed their support for Jiang Yu's idea and said, "Okay, we will help you look for it!"

Jiang Yu was very pleased and replied, "Okay."

It was very easy to find out who posted these two posts. Jiang Yu first clicked on the main page of the moderator and found Jiang Ran in his list of followers.

As for the other followers, they were just marketing numbers. They usually did not post anything nutritious, so no one would usually pay attention to them.

However, all the signs could only mean that the owner of this number was a fan of Jiang Ran. They could not be sure that this was Jiang Ran's alternate account.

Therefore, more evidence was needed to prove this.

Chapter 790: Caught Red Handed

Jiang Yu opened her computer and opened a hacker's web address. After entering a string of code, an IP address appeared on the screen.

Jiang Yu copied the address and searched again. She found that this IP address had been applied for two accounts.

One was an account with the user's name "Jiang Ran", and the other was the account that she had used to post.

At this point, the chain of evidence was confirmed. Even if Jiang Ran gritted her teeth and refused to admit it, it was useless. As long as these addresses were thrown at her face, she had to admit it even if she didn't want to.

Jiang Yu told Lu Qi and Dai Zhu about this matter. They were going to confront Jiang Ran in front of her, but Jiang Yu stopped them.

Lu Qi was a little puzzled. "Xiao Yu, what do you mean? This Jiang Ran is already in this state, and you still plan to let her go?"

Dai Zhu also expressed her confusion at Jiang Yu's actions. "That's right, Jiang Yu. Don't tell me you still intend to let the matter rest?"

Jiang Yu smiled mysteriously and said, "Isn't it better to watch her post these posts without any evidence and then throw the evidence at her face than to have a falling out with her?"

Lu Qi and Dai Zhu thought about it and felt that what Jiang Yu said made sense, so they temporarily shelved the idea of questioning Jiang Ran.

"However, I wonder when Jiang Ran's next post will be published?" Lu Qi asked, "Although she likes to fabricate facts, now that Xiao Yu is back, she might have to restrain herself. I don't know when the next post will be published after the last post is published."

"It's simple. Why don't we just walk around in front of her?" Dai Zhu came up with an idea. "I don't believe that Jiang Ran won't be angry when she sees the three of us walking away triumphantly in front of her."

"You know Jiang Ran very well," Lu Qi said.

"Of course. She's the same as my sister," Dai Zhu said disapprovingly.

After coming up with a plan, Jiang Yu and the others agreed to meet up on the road that Jiang Ran had to pass.

A few minutes after they met up, Jiang Ran walked over from the other end of the path with a strange man beside her.

Jiang Ran and the man were still talking and laughing, but when they looked up and saw Jiang Yu, the smile on their faces instantly disappeared.

It had to be said that Dai Zhu was indeed quite skilled at manipulating other people's psychology.

They didn't even need to say a word, but Jiang Ran's eyes were already filled with anger when she looked at them.

Dai Zhu walked over and smiled smugly. "I was wondering who this was. So it's Jiang Ran, Jiang Yu's 'good sister'."

"The business between Jiang Yu and me has nothing to do with you," Jiang Ran said unhappily.

"Do you think I want to care? I can't wait for you to disappear from this world!" Dai Zhu said.

Jiang Ran's expression became even uglier, and the man beside her also became gloomy. He said in an unfriendly tone, "This classmate, please watch your words."

"Who are you? Do you have the right to interfere in the matters between me and Jiang Ran?" Dai Zhu looked at the man and really wanted to go up and give him a slap.

"I'm He Li, I'm Jiang Ran's..." He Li glanced at Jiang Ran, but he still didn't say the word "Boyfriend". Instead, he said, "I'm Jiang Ran's friend."

"Friend or boyfriend? You have to explain this clearly." Lu Qi walked over and sized up He Li.

"He's a handsome man. How come he's related to Jiang Ran all of a sudden?" Lu Qi shook her head as if it was such a pity.

Jiang Ran couldn't take it anymore. She felt that they were here to pick on her. So she looked at Jiang Yu. "Jiang Yu, can you control your friend?!"

Jiang Yu then walked over unhurriedly and said with a smile, "Before I control my friend, can you also control your mouth? And those hands of yours?"

"What do you mean?" Jiang Ran's eyes began to dodge. She felt that Jiang Yu must have known something or else she would not have asked her this question.

“My meaning is very simple. In the absence of evidence, don’t always spread rumors about me.” Jiang Yu looked at her coldly.

“Hehe, I really don’t understand what you mean.” Jiang Yu laughed dryly. She planned to bite the bullet and refuse to admit that the two posts were posted by herself. “Don’t tell me that after you saw the two posts on the Forum, you think that it was me who posted them? Jiang Yu, you have to pay attention to evidence when you speak. If you don’t give me the evidence, are you trying to slander me here?”

Jiang Yu tilted her head and looked at her. “Why? Wasn’t it you?”
