Chapter 841: Re-examination

"No answer? Then you dare to say that Jiang Yu's answer is wrong?" Lu Qi simply could not understand Kang Xue's behavior.

"If I say it is wrong, then it is wrong!" Kang Xue was determined not to admit it because she wanted to see Jiang Yu make a fool of herself.

"If you say that Jiang Yu is wrong, then why don't you bring out the evidence?" Dai Zhu also saw that something was wrong with Kang Xue. "You don't have the answer yourself, yet you dare to say that someone else's answer is wrong? Kang Xue, I think you did it on purpose, right?"

Kang Xue wanted to walk away, but if she stayed, she would face the risk of being exposed.

"If you don't have the answer, then this bet is not over," said Jiang Yu. "Either you show me the answer and make me admit my loss wholeheartedly, or you find another set of questions with the answer and I'll answer it again."

"Why should I listen to you?" Kang Xue was impatient, "Jiang Yu, if you're not willing to admit defeat, then just say it. Don't keep pestering me! But don't forget that this matter is documented in a video on the school forum! Even if you want to deny it, you can't!"

Jiang Yu smiled. "I didn't say that I'm not willing to admit defeat. I really don't want to admit defeat, so I'll tell you directly. The solution is the same as the previous two. Choose one."

Kang Xue knew that if she didn't choose one, Jiang Yu would never let her leave.

But she really couldn't come up with an answer, so she could only compromise and choose the second solution.

"I got it. Why are you rushing me?" Kang Xue shouted unwillingly. "Isn't it just finding another set of test questions? It's not a big deal, why are you rushing me?"

Kang Xue finally found a new set of test questions with the answers attached.

Because she had randomly found the song online, she was too lazy to play it herself this time, so she played it on her phone. "Jiang Yu, I'd like to see if you have such good luck. I randomly found the test questions this time. I see that you haven't prepared for it, so how can you get an excellent grade!"

Jiang Yu ignored her, closed her eyes, and focused on listening to the music.

Kang Xue hated it when people didn't answer her, so she looked at Jiang Yu with a gaze that almost spewed fire.

However, she rolled her eyes and thought of another way.

While Jiang Yu was listening to the piano music with her eyes closed, she secretly changed the answer that she had copied.

After Jiang Yu finished listening to the music and told them the size of the chords, Kang Xue proudly placed her phone in front of Jiang Yu, "Jiang Yu, we have the answer this time. Look carefully, you made a lot of mistakes. Your results are barely a passing grade. What else do you have to say now?"

"It can't be..." Lu Qi and Dai Zhu couldn't believe that Jiang Yu's answer was wrong.

"What can't be? This time, I put all the answers in front of you!" Kang Xue laughed out loud. "Even if you can't understand it, can't Jiang Yu understand it too? It's such an obvious mistake, can't she see it?"

The more Kang Xue spoke, the more proud she became. She even began to imagine how embarrassed Jiang Yu was when she was cleaning the men's bathroom.

However, Jiang Yu looked carefully at the answer and saw that something was wrong.

"Kang Xue, are you sure that your answer is correct?" Jiang Yu asked.

Of course it was wrong, but Kang Xue would not admit that she did it herself. Instead, she jumped up like a cat whose tail had been stepped on.

"Jiang Yu, what are you doubting again? There are answers to the test this time, and I have already shown you the answers. What else are you not convinced about?"

"But there are indeed mistakes in your answers. Between e minor and H minor, there should be another G minor interspersed, but your answer is completely missing that," Jiang Yu explained patiently, "This is just one mistake, there are other mistakes..."

Before Jiang Yu could finish, Kang Xue cut her off. "Jiang Yu, did you do it on purpose? Do you know the four words, 'one must admit defeat'? Since you've lost, then you should obey the bet!"

"That's right, Jiang Yu, don't tell me you can't afford to play?" The few bel canto students also mocked her, "Jiang Yu, if you can't afford to play, then don't bet from the beginning. If this matter is spread to the school's forum, just wait and see how others will scold you."

"It was clearly your answer that had a problem! Why did you bite back and blame it on us!" Dai Zhu said unwillingly.

"If you want an answer, I have already given it to you. What's there to be dissatisfied about now?" Kang Xue asked.

"If your answer is true, do you dare to go to Professor Bai's place to take a look?" Lu Qi crossed her arms and said disdainfully.

Chapter 842: Excellent

"Stop it, you can't afford to play!" The bel canto major student pointed at Jiang Yu's nose and said, "Jiang Yu, you're really shameless! First you asked us for the answer, and now the answer is given to you. Now you're saying that the answer isn't correct. Aren't you tired of it?"

"Sister, this isn't your bet. It should be normal for us to be skeptical about the final result, right?" Lu Qi said, "If Xiaoyu's answers are correct, are you going to suspect Xiaoyu for cheating again?"

“But you guys aren’t stalling like this, right? Don’t you want to go to Professor Bai’s place to see the correct answer? Then let’s go!” The bel canto major student said, she even began to tell Kang Xue to go to Professor Bai’s place to see the correct answer.

But how could Kang Xue go? She had tampered with this answer before!

Hence, with a cold expression, she shook her head and said, “It’s impossible for me to go. Don’t even think about it.”

“Why not?” Jiang Yu looked at her, “There’s a problem with your answer. Is this something that can’t be said? As for whether you tampered with the answer or whether this answer was wrong from the start, I don’t know. “But since you really want to see me clean the toilets in the entire teaching building, you have to give me a convincing reason, right?”

Even the students who supported Kang Xue were urging her to take the answer and ask Professor Bai.

“Kang Xue, go and ask. If you don’t ask, Jiang Yu definitely won’t be convinced.”

“That’s right. If she keeps stalling like this, then does your bet still stand?”

Kang Xue was annoyed by these voices and shouted, “Enough! If I want to go, I will go. If I don’t want to go, then I won’t go! How is it your turn to gossip here?!”

She was so angry for no reason, but it scared those bel canto students. They didn’t know why she was so angry.

“You don’t dare to go, do you?” Dai Zhu smiled wickedly. “If you don’t dare to go, then the answer you gave just now doesn’t count.”

“Why? I’ve given you the answer you want. What else is there to be dissatisfied with?” Kang Xue said unwillingly, waiting for the people behind her to speak up for her.

But those students had already hidden in a corner and didn’t dare to speak anymore.

Kang Xue gritted her teeth. She knew that she couldn’t count on this group of people.

However, Jiang Yu and Lu Qi in front of her kept urging her. If she didn’t go to Professor Bai’s place, she didn’t know when this matter would end.

Therefore, Kang Xue gritted her teeth and cheered herself on in her heart. She braced herself and went to professor Bai’s place with Jiang Yu and the others.

If professor Bai said that her answer was wrong, then she could just say “I don’t know”.

Anyway, no one knew that she had tampered with the answer. At worst, she could just let Jiang Yu test it again.

A group of people went to Professor Bai’s office and explained the whole story briefly. Kang Xue showed the answer in her phone to Professor Bai.

After listening to the song, Professor Bai also accurately pointed out the mistakes in the answer.

"See? Kang Xue, there are indeed mistakes in the answer you gave." Dai Zhu came close to her and said with a smile, "Why don't we find the correct answer? Let's see how much Jiang Yu got right."

Kang Xue thought that the few of them could see that it was her doing, but it turned out that they hadn't noticed it yet. She let out a long sigh and said indifferently, "Whatever."

Lu Qi found the correct answer on the internet based on the song.

Then, she compared it with Jiang Yu's answer, and it was completely correct.

"Now you should admit that Xiaoyu's results are excellent, right?" Lu Qi held the phone and waved it in front of Kang Xue, "Look carefully, the answer on this is exactly the same as the answer Xiaoyu gave you. Is there anything else that you are not convinced of?"

"What's there to be proud of? I'm looking for very simple songs. It would be embarrassing if Jiang Yu didn't get an excellent score." Kang Xue still refused to accept the fact that she had already lost the bet, she tried to say such words to make Jiang Yu unconvinced so that she could test it again.

However, Jiang Yu didn't fall for her tricks. Instead, she looked at her with a smile. "No matter how simple a song is, since I got an excellent score, you should admit defeat obediently, understand?"

"You!" Kang Xue glared at Jiang Yu several times in anger. Then, she went to professor Bai and complained, "Professor Bai, look, how can you be so aggressive?"

However, no matter what Kang Xue said, Professor Bai only had one attitude. "I will not participate in the affairs between you young people."

Chapter 843: Admit Defeat

Professor Bai's words stopped Kang Xue.

Kang Xue stomped her feet in anger, but she was still unwilling to leave Professor Bai's office.

"Are you really going to go back on your word?" Dai Zhu grabbed Kang Xue's arm and was about to pull her out of the office.

"Don't touch me!" Kang Xue immediately shook off Dai Zhu's hand. "Professor Bai is still here, and you dare to touch me like this?"

Since Kang Xue brought up Professor Bai, Dai Zhu naturally did not dare to be impudent and could only shut her mouth obediently.

"Why aren't you speaking?" With professor Bai behind her, Kang Xue began to speak proudly again.

Dai Zhu and Lu Qi could not stand Kang Xue's smug look the most. Moreover, she had the intention to break the bet. This was simply intolerable.

However, Jiang Yu's tone was still calm, and there was a faint smile on her face. "Professor Bai, I'm sorry to disturb your work. We have nothing else to do, so we'll go back first."

With that, Jiang Yu went out without looking back.

Although Dai Zhu and Lu Qi found it strange, they still followed obediently and asked, "Jiang Yu, are you going to let that Kang Xue go just like that?"

Jiang Yu said as she walked, "It's not like she can stay in Professor Bai's office forever. One day, she will come out. So, let's not press her any further. If we make a scene, it will be bad for everyone, and Professor Bai will dislike us because of it."

"I see." Dai Zhu came to a realization and obediently followed behind Jiang Yu.

They did not walk too far. Instead, they stood under a willow tree not far away to enjoy the shade.

After an unknown amount of time, Lu Qi suddenly slapped his thigh. "Kang Xue is out! She's walking towards us!"

Jiang Yu and Dai Zhu looked over and saw Kang Xue walking towards them with a satisfied look on her face.

When Kang Xue was about to reach the willow tree, Dai Zhu could not help but jump out first and shouted, "You still know how to come out? I thought you were going to grow up in Professor Bai's office."

Kang Xue paused and realized that something was wrong. She turned around and was about to run, but was stopped by Jiang Yu. "Did you forget the video you uploaded on the Forum?"

Kang Xue paused and slowly turned back to look at Jiang Yu.

"You uploaded the video, but there was no final result in the end. Those people will ask everywhere to know the result. What about in the end? Kang Xue, you won't get anything out of it."

Kang Xue was stunned. After a long while, she asked, "Jiang Yu, what do you want?"

Jiang Yu shrugged. "I don't want anything. I just hope that you'll accept your loss and go clean the bathroom obediently."

"You!" Kang Xue was furious. "Jiang Yu, no matter what, we're classmates. Do you have the heart to let me clean the bathroom?"

"Oh my God, do you know what you're saying?" Dai Zhu laughed in anger. "You're not willing to accept the loss and go clean the bathroom, so you're playing the emotional card here, right?"

Lu Qi could not help but laugh. "If Xiao Yu loses, do you wish for her to clean the bathroom? Kang Xue, have you forgotten how impatient you were back then?"

Kang Xue was so embarrassed by what they said that she wanted to find a hole to hide in right now.

Dai Zhu and Lu Qi wanted to continue talking about her, but they were stopped by Jiang Yu.

"Kang Xue, I don't want to make things difficult for you. But you have to accept your loss. Everyone has to know that." Jiang Yu looked at her with a smile. "If you really can't afford this bet, don't bet with me from the beginning, right?"

“...”Kang Xue was silent for a long while, then, she said to Jiang Yu, “I got it. Isn’t it just the washroom of the entire teaching building? Do you think I’m afraid of You? Anyway, I have so many friends. With just a casual shout, more than ten or even twenty people will come to help me clean the washroom. Do you think I’m afraid of you?”

“Is that so?” Jiang Yu raised her eyebrows. “Then I’ll keep my eyes open and see who will come to help you.”

After saying that, Jiang Yu left.

Dai Zhu and Lu Qi followed behind her, feeling indescribably refreshed.

“Haha, I taught Kang Xue a lesson today. Look at her bowing her head. It feels so good!” Dai Zhu laughed out loud.

“She also said that she will have friends to help her clean the bathroom?” Lu Qi laughed. “I’m waiting to see if someone will come to help her! Does she really think she is a big sister with a bunch of underlings behind her?”

“But aren’t we being a little bullying just now?” Dai Zhu was worried that Kang Xue’s temper would go to complain. “She’s so arrogant. Will she complain or sell her misery on the forum?”

“Even if she wants to sell her misery, someone has to be willing to watch?” Lu Qi couldn’t help but laugh at Kang Xue.

Chapter 844: Clean Alone

Kang Xue posted another video on the forum. The content was that she had lost a bet with Jiang Yu. Now, according to the bet, she needed to clean the toilets in the entire teaching building, so she wanted to find someone to help her clean it.

However, her video had thousands of views, but there was no one to help her.

Lu Qi and Dai Zhu looked at her video and laughed until they were out of breath. They even took it to the library and showed it to Jiang Yu. “Xiao Yu, look! This Kang Xue is so interesting!”

This was the first time Jiang Yu had seen this video.

In the video, Kang Xue frowned and pretended to be pitiful. Her voice wasn’t as soft as usual, but a little shy like a little girl’s.

“Her look is so funny!” Dai Zhu could not help but applaud her. “How can she be so good at acting? Why didn’t she learn to act back then? Why did she learn to play the piano?”

Lu Qi also felt that it was a pity that Kang Xue did not become an actress with her acting skills. She should not have learned to play the piano back then. She should have learned to act instead.

Jiang Yu watched the entire video and thought for a while before asking, “Did anyone help her?”

“Who helped her?” Lu Qi said, “Someone watched her video, but no one helped her. Hahahaha!”

"There were thousands of views, but no one cared about her!" Dai Zhu mocked mercilessly.

However, after laughing, they thought of a new question, "We didn't go to see Kang Xue these days. What if she was lazy and didn't clean up?"

At the mention of this, Dai Zhu and Lu Qi quickly packed their things and prepared to go to the bathrooms on every floor to see if Kang Xue was still cleaning up.

When Lu Qi left, she even called out to Jiang Yu, "Xiao Yu, are you coming?"

Jiang Yu shook her head. "I'm not going."

Lu Qi and Dai Zhu went to look for Kang Xue, while Jiang Yu continued reading in the library.

She had been reading for a long time, and her eyes hurt a little, so she was ready to go out for a walk. However, as soon as she got up, she saw Kang Xue coming out of the bathroom with her head lowered and the cleaning tools in her hands.

Kang Xue also saw Jiang Yu. She immediately felt embarrassed and wanted to leave this place as soon as possible.

However, because she was walking too fast, the bucket in her hand fell to the ground with a bang.

All the water in the bucket spilled out.

Kang Xue was at a loss, not knowing what to do.

She just stood there, tears welling up in her eyes.

She had never been so embarrassed before.

She knew that Jiang Yu was right beside her, so she stubbornly refused to shed tears.

Jiang Yu watched from the side and sighed. She went to the bathroom to get a clean mop and mopped up all the water on the floor.

"I knew you couldn't do it well," Jiang Yu said as she mopped the floor, "Didn't you think from the beginning that you couldn't bear the bet? Or were you so confident that you would win, so you agreed to the bet I mentioned?"

Kang Xue sniffed and said, "What does it have to do with you? If you want me to admit defeat, I've already come to clean the bathroom. What else do you want?"

"I don't want anything." After mopping the floor, Jiang Yu straightened up and sent the mop back. "Kang Xue, actually, if you had been a little more obedient, things wouldn't have happened now."

"If you want to laugh at me, then you'd better leave." Kang Xue wasn't in a good mood. "I'm already so angry, yet you still want to come and watch the show, Don't you?"

"There's nothing to watch." Jiang Yu said, "Forget it, the bet ends here."

Kang Xue was stunned, thinking that she had heard wrongly. "What did you say?"

Jiang Yu repeated, "The bet ends here."

“Wh... Why?”

Jiang Yu looked at Kang Xue in amusement, “Don’t tell me you still want to continue? Didn’t you feel embarrassed about what happened just now? Then stop cleaning and return to being your missy. I’m not someone who is calculative. I don’t want you to have to abide by the bet.”

After saying that, Jiang Yu packed up her things and prepared to return to her dormitory to rest.

Before she left, she heard Kang Xue say to her in a very soft voice, “Jiang Yu, thank you.”

Jiang Yu didn’t turn her head, but the corners of her mouth curled up slightly.

Lu Qi and Dai Zhu had been searching outside for a long time, but they still couldn’t find Kang Xue. They thought she was slacking off, so they quickly went back to look for Jiang Yu.

However, just as they reached the door of Jiang Yu’s bedroom, they saw Kang Xue standing there with a box in her arms.

“Kang Xue? What are you doing here?” Dai Zhu asked unhappily.

Kang Xue didn’t have a good impression of the two people in front of her. She snorted coldly and didn’t answer.

Chapter 845: Trying To Be Friendly

“I’m asking you a question. Are you mute?” Dai Zhu walked over and was about to say a few words when Jiang Yu opened the bedroom door.

She looked at the few people at the door and was a little surprised. “What are you all doing here?”

Dai Zhu pointed at Kang Xue. “You should ask her. She has been sneaking around the door of your bedroom. I don’t know what that thing in her arms is.”

“Kang Xue?” Jiang Yu looked at Kang Xue in confusion.

Kang Xue looked at Jiang Yu in embarrassment, but she looked at Dai Zhu as if she was about to spit fire. “Why do you care what I’m carrying? It’s not for you anyway.”

After saying that, Kang Xue stuffed the box in her arms into Jiang Yu’s arms and said awkwardly, “It’s for you. Don’t think too much about it. It’s just a gift to thank you for forgiving me.”

She then looked at Dai Zhu and Lu Qi, snorted in disdain, and turned to leave.

“Look at her attitude!” Dai Zhu was so angry that even the box in her arms was an eyesore.

Lu Qi was also very curious about what was inside, but based on her understanding of Kang Xue, she felt that it might not be anything good.

Even if Kang Xue was talking about a “Gift”, Lu Qi did not believe that Kang Xue would give Jiang Yu something good.

Therefore, she still advised Jiang Yu to think twice, then, she decided whether she should accept the item. "Xiao Yu, don't believe what Kang Xue said. There might not be anything in this box. I still think it's better for you to throw it away."

"That's right. What if there are bugs, spiders, and the like?" Dai Zhu also felt that the box was not a good thing.

However, Jiang Yu was not afraid. She smiled and opened the box.

Inside was an exquisite crystal lamp. Underneath it was a handwritten card written by Kang Xue. "I'm not thanking you!"

Lu Qi and Dai Zhu were a little confused. "What is Kang Xue trying to do? What do you mean by thanking me or not? ... Is she trying to be nice?"

They were very confused and looked at Jiang Yu in confusion. "Did something happen between you and Kang Xue?"

Jiang Yu told them about what had happened between her and Kang Xue in the library.

Lu Qi and Dai Zhu were shocked. They could not believe that Jiang Yu would cancel the bet and even forgive Kang Xue.

"Are you crazy? It's fine if she canceled the bet, but why would you forgive Kang Xue?" Dai Zhu did not know what expression to put on her shocked face, "Kang Xue has done so many things that have wronged you. How can you forgive her?! Also, are you going to be friends with her just because of her goodwill this time?"

Dai Zhu and Lu Qi absolutely wouldn't allow such a thing to happen.

Jiang Yu laughed instead, "She didn't say that she wanted to be friends with me. She just gave me a gift."

"Even if she didn't say anything, her intentions were very obvious," Dai Zhu said, "First, she gave you a gift, and then she wrote you a card. Isn't this a gesture of goodwill? It's just that she doesn't want to lose face, so she planned to use this method to wait for you to speak first."

Jiang Yu smiled and didn't continue the topic.

She put away the gift Kang Xue gave to her and said, "I want to go out and buy some things. Let's go together."

"Of course, let's go together!" Dai Zhu said, "I absolutely won't let Kang Xue get close to you!"

Jiang Yu couldn't help but laugh, and so did Lu Qi.

The few of them walked all the way to the school gate and saw a group of people crowded around the gate. They didn't know what they were looking at.

Dai Zhu and Lu Qi had always liked to join in on the fun. When they saw the scene in front of them, they naturally wanted to squeeze in to see what was going on.

The two of them bent their backs and squeezed in from the outermost corner. They saw a very exciting scene: two men fighting in front of a luxury car, and a woman standing at the side at a loss.

The two of them narrowed their eyes and looked carefully. Although they didn't see who the two men were, they saw the woman's face clearly — it was Jiang Ran.

"Why is Jiang Ran here?" Lu Qi muttered to herself.

"She's here. In other words, these two men are related to her?" Dai Zhu also felt that something was wrong.

The two of them looked carefully again. They could vaguely see that one of the men seemed to be He Li whom they had seen before.

As for who the other man was, Dai Zhu really could not tell.

However, Lu Qi had seen that man before. After all, she had also attended Jiang Ran's engagement party back then.

That man was Jiang Ran's fiancé, Sun You.

It was really strange. Why were Sun You and He Li fighting here?

Chapter 846: Scam

The more Lu Qi thought about it, the more she felt that something was wrong. She quietly retreated and found Jiang Yu.

Dai Zhu continued to stay where she was and watched the show with Relish.

When Jiang Yu saw that Lu Qi had returned, she couldn't help but ask, "Did something happen at the school gate?"

Lu Qi approached her and whispered, "He Li and Sun You are fighting."

"He Li and Sun You?" Jiang Yu was also stunned. She didn't know why the two of them were fighting.

"It's the two of them. Jiang Ran is also at the side. She's so scared that she can't stand still," Lu Qi said.

"Is Jiang Ran also here?" Jiang Yu paused and instantly understood what was going on.

It was probably when Sun You sent Jiang Ran back that He Li, who had been standing at the door, saw the intimate actions of the two of them.

He Li recalled what he had said at that moment, so he got angry and started fighting with Sun You at the school gate.

"Here," Lu Qi said, "This matter seems very complicated. Let's not bother about it. Dai Zhu is still watching the show in the crowd. I'll go and call her back."

Jiang Yu nodded. "Okay."

Lu Qi squeezed into the crowd and pulled Dai Zhu out.

Dai Zhu had watched half of the show and was still not satisfied. However, Jiang Ran and Jiang Yu's relationship was very tense, so she was too embarrassed to stay and watch the show.

The three of them were just about to leave when someone came over with security guards and dispersed the students.

Without those annoying students, Dai Zhu felt that she could continue watching the show. Jiang Ran, who had been standing at the side at a loss, also saw Jiang Yu at a glance.

She walked towards Jiang Yu and pointed at her nose as she shouted, "Jiang Yu! You Jinx! What kind of damage do you want to do to me before you give up?!"

Jiang Yu didn't know what she meant. The expression on her face was only shock and confusion.

"Don't pretend like you don't know!" Jiang Ran became even angrier when she saw Jiang Yu's expression, "Did you say something to He Li? ! He was like a mad dog today. When he saw me get out of the car, he pounced on me and tried to eat me! Jiang Yu, what did you say to He Li?!"

"I didn't say anything. Don't frame me here." Jiang Yu shrugged and said helplessly.

"Do you think I will believe you?" Jiang Ran was so angry that her eyes were blood red. "Jiang Yu, it's not enough that you destroyed the Jiang family, but you still want to destroy me, don't you?!"

"Huh?" Jiang Yu felt that what Jiang Ran said was really ridiculous. "Did I destroy the Jiang family, or did the Jiang family destroy me? Jiang Ran, can I trouble you to clarify this matter?"

Jiang Ran was on the verge of exploding in anger, so she didn't listen to a single word Jiang Yu said.

"Jiang Yu! You're a Jinx! If it weren't for you, there wouldn't be so many things today! Jinx! You always bring bad luck on me!" Jiang Ran pointed at Jiang Yu and cursed.

"Jiang Ran! Don't go too far!" Lu Qi pushed Jiang Ran away fiercely. "If you want to go crazy, go somewhere else!"

Jiang Ran was pushed down, and her palm hit the rock and scratched her skin.

A sharp pain pulled her back from the chaotic state of consciousness, but it only lasted for a few seconds, and she quickly returned to her previous state of madness. Even because of the pain in her palm, she became even more ferocious.

"Jiang Yu! You won't get good karma! A person like you shouldn't be alive! You shouldn't have come back in the first place, you should have died..."

Before she could finish her words, Jiang Yu gave Jiang Ran a fierce slap on her face.

"Pa!" It was a clear and loud slap. The force of the slap was also strong. Five fingerprints clearly appeared on half of Jiang Ran's face.

"Are you awake?" Jiang Yu looked at Jiang Ran, and there was no longer a trace of warmth in her eyes.

“Jiang Ran, you asked me what I said to He Li? I just told the truth, word for word. What’s wrong? I exposed your scam. You’re very sad, aren’t you? If you didn’t set up these scams in the beginning, so many things wouldn’t have happened.”

Jiang Ran’s mind seemed to have cleared up after the slap from Jiang Yu, or perhaps she wasn’t clear-headed.

She stared blankly at the ground, the expression on her face blurred.

“Jiang Ran, it’s not me who has embarrassed the Jiang family, it’s you.” Jiang Yu clapped her hands, seemingly displeased that her hands, which had just been slapped by Jiang Ran, were stained with something dirty.

“No... It’s not me! It’s you!” Jiang Ran still looked like she had gone crazy. She looked at Jiang Yu fiercely and said again, “It’s because of you that so many changes have happened to the Jiang family! If it weren’t for you, our family would be very happy now!”

Chapter 847: Interests

Jiang Yu sighed and realized that Jiang Ran still did not understand the whole matter.

She did not say any more nonsense and turned to leave. However, Jiang Ran and He Li shouted at the same time, “Stop!”

In the end, He Li lost the battle between He Li and Sun You.

His figure and strength were far inferior to Sun You’s. Therefore, when the two of them fought, He Li was destined to lose.

He was beaten black and blue by Sun You, and one of his eyes was so swollen that he could not even open it.

He Li leaned on his intact eye and walked towards Jiang Yu. After hesitating for a long while, he slowly said, “Thank you.”

Jiang Yu knew that he was thanking her by telling him the truth about Jiang Ran.

He Li looked at Jiang Ran unwillingly. He felt that the person he liked deeply should not be like this. But the truth was right in front of him. No matter how unwilling He Li was to accept it, he had to admit that Jiang Ran was a complete liar.

He Li left without looking back. There were only five people left.

Sun You spat out the blood in his mouth. He walked to Jiang Ran’s side and helped her up. “Are you alright?”

Jiang Ran cried and shook her head. As she cried, she complained, “Jiang Yu hit me!”

Sun You immediately threw Jiang Yu a glare. However, Jiang Yu was not afraid at all. She stared back at Sun You’s gaze.

She said, "I hit her. How about that?"

Sun You sneered, he said, "Jiang Yu, don't tell me you still think that you're that young and strong woman that everyone once praised? You handed over the company, and now you're a student studying in school! A student? Where did you get the courage to provoke me?"

Jiang Yu smiled, "Mr. Sun, back then, you saw that I was the boss of 'Ge Li'. Because you wanted to work with me, you tried to curry favor with me. Why? Now, because I handed over the company, you're turning your back on me? I'm a student, so what are you? If you really want to compare your status, you don't seem to have the right to speak, right?"

"You!" Sun You choked, unable to retort.

It had only been a short while since they last met, and Jiang Yu had become even more eloquent.

"What do you mean by you?" Jiang Yu looked at him coldly, "I used to respect you as a senior in the business world, so there are some things that don't need to be said. But now, it seems that you aren't even considered a senior, and aren't even comparable to a junior like me."

Sun You was so angry that he laughed, the gentle image that he used to pretend to have collapsed at this moment. "Jiang Yu, what face do you have? You relied on Mo Long to achieve what you have today, what right do you have to criticize me? I am indeed not a senior, but compared to you, a woman who is useless as long as she leaves ink dragon, I am many times better!"

"Mr. Sun, you don't see any benefits in me, so are you going to start biting me like a mad dog?"

Jiang Yu sneered, "I saved this company, 'Ge Li', by myself. From bankruptcy to emptying the warehouse, to sales of more than a million, all of this was done by myself. And in this period of time, only two short months had passed. Mr. Sun, may I ask, do you have such an ability? If you don't, aren't you inferior to me, this junior?"

Sun You was speechless by Jiang Yu's long speech and could only stare angrily.

"If there's nothing else, don't block the entrance of our school." Jiang Yu said, "Take your precious fiancée and go back."

Jiang Yu turned around and was about to leave. She had only taken a few steps when she turned around and said, "Oh, right. Mr. Sun, I suggest you take good care of your fiancée so that she doesn't try to cheat on you outside. In the end, you won't know."

Jiang Yu left with Lu Qi and Dai Zhu. As they walked in front, they heard a clear and resounding slap behind them.

Following that, Jiang Ran roared in disbelief, "Sun You, you hit me?!"

The three of them were venting their anger when they heard that. They had forgotten that they were going out to buy things.

After Jiang Ran was slapped by Sun You, her originally red and swollen face became even more swollen.

Sun You was currently in a fit of anger. When he heard Jiang Yu say, "Your fiancée will be cheating on you outside," his anger burned even more fiercely. He raised his hand and slapped Jiang Ran.

After the slap, Sun You finally realized what he had done.

He looked at Jiang Ran's expression as if she was about to cry and quickly comforted her, "I'm sorry. It's my fault. Don't cry anymore."

When Jiang Ran heard this, she cried even louder.

Sun You sighed helplessly. If it wasn't because he was outside on the street, he would definitely find something to shut Jiang Ran's mouth.

Chapter 848: Wishful Thinking

Jiang Ran cried louder and louder. The people around her stopped one after another, wanting to see what was going on.

Sun You felt a little embarrassed, so he dragged Jiang Ran into the car.

As soon as Jiang Ran sat in the passenger seat, she shouted, "What are you doing? Why are you so rough?"

Sun You's hands were tightly holding the steering wheel, and blue veins popped out.

He was in a state of extreme anger because Jiang Ran not only seduced another man behind his back, but also embarrassed him just now.

However, Jiang Ran did not know that as long as she cried miserably enough, Sun You would come over to comfort her and coax her not to be angry.

However, she waited for a long time and did not see any movement from Sun You. She could not help but stop crying and look at him. "Sun You, are you not willing to coax me now?"

Sun You suppressed his anger and said, "Can you not be unreasonable? This matter is obviously your fault. Why do you need me to coax you?"

"What's my fault? You mean He Li?" Jiang Ran defended herself. "So you would rather believe him than me, right?"

"He has already come in front of me and punched me. How do you want me to believe you?" Sun You said, "Could it be that everything he said was fake? Didn't you tell him that you wanted to break up with me? Didn't you say that I made you unhappy?"

Of course, Jiang Ran had said it, but how could she admit it in front of Sun You? Of course, she pushed the blame onto He Li and Jiang Yu.

"In the end, you still don't believe me!" Jiang Ran pretended to be wronged and angry. "You believe a strange man, but you don't believe me, do you?!"

"Then how do you explain why he called you 'Ran Ran'?" Sun You was furious at the mention of this.

He didn't really like Jiang Ran, just because of her identity. However, the two of them had already held the engagement ceremony, so Jiang Ran was his man.

Since she was his man, how could she still dare to flirt outside? There was even a man who came in front of him and punched him without saying a word?

"I didn't ask him to call me," Jiang Ran said, "He has been pursuing me. It's useless even if I refuse. He still followed me. I heard that Jiang Yu is my younger sister, and he even went to her place to ask about me. But you know, how could Jiang Yu say good things about me? She must be saying bad things about me. That's why He Li thought that I wasn't happy with you, and that's why he hit you so excitedly."

"Really?" Sun You looked at Jiang Ran with uncertainty.

Jiang Ran quickly nodded, afraid that Sun You's next sentence would be, "Make up a few more reasons."

Sun You heaved a sigh of relief in his heart.

At first, he thought that the boy called He Li came to fight with him because he knew that Jiang Ran was a member of the Kang family, so that he could win Jiang Ran's heart.

But now it seemed that he was not. He was just a simple-minded little boy.

"How is it? Are you still angry?" Jiang Ran tugged at Sun You's sleeve.

Sun You immediately smiled and hugged Jiang Ran. "How can I be angry with you? I love you more than I can say. How can I have time to be angry with you?"

"Just then, you were still so fierce just now." Jiang Ran pouted.

"I'm sorry. It's my fault. Baby, don't be angry," Sun You coaxed her in a low voice.

While he coaxed Jiang Ran, he was also making plans in his heart.

He needed to find a time to arrange for Jiang Ran to go back to the Kang family to meet her relatives.

If it was in the past, he could still develop a relationship with Jiang Ran and then arrange for her to go back to meet her relatives.

But now, he couldn't. If there was this He Li today, there would be a second and a third tomorrow. There were so many people, but one or two of them knew Jiang Ran's true identity.

If their methods were superb and they managed to seduce Jiang Ran's heart and soul, then wouldn't his long-term preparations be in vain?

Sun You would never allow this to happen.

And just in case, Sun You also thought of an excellent way to lock Jiang Ran tightly by his side.

As long as the two of them were well-cooked, then it would be impossible for Jiang Ran to leave him.

He kissed Jiang Ran's forehead. "Let's go eat."

Jiang Ran didn't know what Sun You was thinking at the moment and thought that he really believed her.

So she said happily, "Okay!"

Sun You took her to the nearest hotel and booked a good room.

Jiang Ran vaguely knew what Sun You wanted to do. She blushed and said shyly, "Let's eat. Why did you book a room?"

Although it was a question, Jiang Ran didn't intend to stop Sun You.

Chapter 849: Slept Together

Jiang Ran had a vague expectation in her heart, so she obediently went upstairs with Sun You.

However, no matter how anxious Sun You was, it was not to the extent that he did not even have time to let Jiang Ran have a meal.

Therefore, after entering the room, Sun You was considerate enough to order food for Jiang Ran first. After eating with her, he went to the bathroom to take a shower.

Adhering to the principle of "Ladies First", Sun You let Jiang Ran take a shower first while he sat by the bed and read a book.

Of course, Jiang Ran knew what she was going to do with Sun You next. Not only did she not resist, she even had a kind of eager anticipation.

Therefore, she quickly took a shower in the bathroom and walked out in a bathrobe.

Then, Sun You went to take a shower while Jiang Ran sat by the bed, nervously rubbing her face.

Sun You quickly finished taking a shower and then came to the bed, wanting to have sex with Jiang Ran.

Jiang Ran only resisted a few times before letting Sun You move on her body.

"Slow down, this is my first time." Jiang Ran blushed and suggested, "Do you want to cover my eyes with your tie?"

Sun You didn't have this intention at first, but since Jiang Ran said it, he definitely couldn't refuse.

He took his tie, covered Jiang Ran's eyes, and continued to move.

When they reached the climax, Jiang Ran opened her mouth wide and screamed, grabbing Sun You's arm.

Sun You wanted to end the sex just like that, but when he saw his phone on the bedside table out of the corner of his eye, an evil thought popped up in his mind.

He took the phone and quietly turned on the camera's recording function, then recorded Jiang Ran's appearance.

Jiang Ran was blindfolded, so she didn't know about this. She thought that Sun You was running around on her, so she closed her eyes hidden under the tie and concentrated on enjoying herself.

After the sex was over, Sun You lay on Jiang Ran's body and panted heavily, saying, "Baby knows how to do it."

Jiang Ran took off the tie on her eyes and looked at him with a smile. "You know how to do it too."

The two of them smiled and hugged each other. Jiang Ran thought that she had found her true love and someone to rely on for the rest of her life.

However, Sun You's eyes reflected only interest and desire.

The next thing was to find an opportunity to arrange for Jiang Ran to go to the Kang family to meet her relatives. However, she still didn't know her real identity, so Sun You was still hesitating whether to tell her or not.

Jiang Ran saw his hesitation, but she didn't know what he was hesitating about. "What are you thinking about?"

"Thinking about our future," Sun You casually said a reason.

Jiang Ran was like a happy little woman. She even smiled and said to him, "Our future will definitely be very happy."

"Okay." Sun You answered perfunctorily. In his heart, he was still thinking about when he would arrange for Jiang Ran to go and recognise her relatives.

In order to ensure that his plan this time was foolproof, Sun You planned to wait until Jiang Ran was pregnant before going.

If that was the case, even if the Kang family only recognized Jiang Ran and not him, they could only accept the reality.

"You only know how to be perfunctory to me." Although Jiang Ran scolded him, her entire body was nestled in Sun You's embrace.

"I didn't brush you off." Sun You had calculated everything, so he was naturally in a good mood. He reached out and hugged Jiang Ran tightly, saying, "You are my baby, how could I be willing to brush you off?"

Jiang Ran smiled coquettishly and buried her head in Sun You's arms, patting Sun You's chest with her hand.

"You only know how to say some sweet words to coax me."

Jiang Ran, who was immersed in happiness, would never think that the man who was holding her in his arms did not have the slightest bit of sincerity towards her, only full of motives.

The two of them lay for a while more before they got up and put on their clothes and left.

Sun You sent Jiang Ran to the school gate. After she got out of the car, he drove away.

Although Jiang Ran was dissatisfied that he did not say a word when she got out of the car, she was in a hurry to go back to school, so she did not care too much.

On her way to the school building, she saw He Li.

The bruises and swelling on He Li's face hadn't disappeared. When he saw Jiang Ran's eyes, they were also cold, as if he was looking at a piece of trash.

Jiang Ran saw disdain in his eyes, so she was a little angry.

She stopped He Li and asked, "What do you mean by that look?"

He Li snorted. "Who are you? I don't think I know you, right?"

Jiang Ran was stunned. She didn't expect He Li to turn hostile so quickly.

"What do you mean? You want to pretend that you don't know me so quickly?" Jiang Ran sneered.

"Have you forgotten that you followed me like a little follower before?"

Chapter 850: Birthday

He Li was not angry at what she said.

Because the current Jiang Ran could no longer affect He Li's emotions.

"If there's nothing else, I'll leave first." He Li did not want to look at Jiang Ran again.

"Why is there nothing else? Don't you know how to greet me when you see me?" Jiang Ran was angry.

"I never greet strangers." As he said that, He Li ignored Jiang Ran and walked straight out of the school gate.

Jiang Ran stomped her feet in anger. Until now, no one had dared to talk to her like that.

But if she chased after He Li now and demanded an explanation, it would be too embarrassing for her. Therefore, Jiang Ran only sulked in the same spot for a while before returning to the classroom.

Just as she sat down in the classroom, someone came over and asked her, "This Sunday is Kang Xue's birthday. She invited everyone to have dinner. Are you going?"

Jiang Ran felt that this was a good opportunity to develop a relationship with Kang Xue, so she said, "Of course I'm going. Why not?"

However, the person in front of her showed a strange expression and said, "But I heard that this time, Kang Xue even took the initiative to invite Jiang Yu."

Jiang Ran paused and choked on her own saliva.

"What? You mean Kang Xue took the initiative to invite Jiang Yu?"

"That's right."

Jiang Ran couldn't believe that Kang Xue would actually take the initiative to invite Jiang Yu to her birthday banquet.

Didn't she hate Jiang Yu a lot? Usually, not to mention seeing her, just mentioning the word "Jiang Yu" in front of her would make her feel very disgusted. Why would she invite Jiang Yu to such an important occasion like the birthday banquet?

"Why would she invite Jiang Yu?" Jiang Ran asked, puzzled.

That person didn't know why, but she knew that the relationship between Kang Xue and Jiang Yu seemed to have eased up recently. It wasn't as tense as before.

So she said, "I'm not sure. But I've seen that the relationship between Kang Xue and Jiang Yu seems to have eased up recently. It's not as tense as before. Do you think that the two of them are going to become good friends?"

"Impossible!" Jiang Yu denied without hesitation. "It's impossible for Kang Xue to be friends with Jiang Yu. Didn't she say it from the beginning? The person she hates the most in her life is Jiang Yu. How could she be friends with Jiang Yu?"

"What if Jiang Yu did something to help Kang Xue?" That person guessed.

"This..." Jiang Ran hesitated for a moment and felt that it was not impossible.

Driven by curiosity, Jiang Ran followed the people who went to Kang Xue's birthday party over the weekend and went to the Kang family home.

Because the people who went were the "Friends" that Kang Xue mentioned, Jiang Ran did not bring Sun You here and did not tell him about this.

It was their first time coming to Kang Xue's home and they saw an exquisite two-story villa.

Kang Xue enthusiastically introduced the house to everyone. "Actually, this isn't our house in Shanghai. My Grandfather bought this house for me to study here."

"Your grandfather is really good to you." Everyone couldn't help but exclaim.

Kang Xue took out the keys and was about to open the door to invite everyone in, but she was surprised to find that the door had already been opened.

There were only two keys to open the door. One was with Kang Xue, and the other was with Kang Xue's sister, Kang He.

Now that the door had been opened, it meant that Kang He had arrived.

Seeing that Kang Xue did not open the door, everyone was very puzzled and asked, "Kang Xue, aren't you going to open the door?"

Kang Xue turned around and smiled awkwardly. "I suddenly feel that it's not bad for us to go out to eat. There's no need to eat at my house."

Although everyone was a little dissatisfied, they did not complain because of Kang Xue's status. They could only follow Kang Xue's wishes and eat out.

However, they had only taken a few steps when they heard the door behind them. Following that, they heard a puzzled female voice, “Kang Xue?”

Everyone stopped and turned around. They saw a woman wearing a red cheongsam standing at the door, looking at them in puzzlement.

Kang Xue secretly cursed in her heart, but she still put on a “Long time no see” look and said, “Why are you back?”

Kang He snorted coldly. “Is your name written in this house? Only you are allowed here, and I’m not allowed to come back?”

The relationship between these two didn’t seem to be harmonious... Everyone thought silently in their hearts.

Kang Xue said, “Today is my birthday, so I brought my friends back.”

“Friends?” Kang He looked at the group of people behind Kang Xue. “Kang Xue, you’re the only one who has friends? This is so funny.”

Kang He didn’t give Kang Xue any face at all, which made Kang Xue feel a little embarrassed.

However, she still called out symbolically, “Sister.”
