

Older Man 871

Chapter 871: News Agency

Xu Ye browsed through Kang Zheng's information, "Your second uncle isn't a bad person. Because he's always alone, he doesn't care about things like property. Only your first uncle and your aunt are bothered by the fourth inheritance. So if you really return to the Kang family, remember to build a good relationship with your second uncle. Although he doesn't have much of a presence, he is still old master Kang's second son. With his help, your path in the Kang family will be a little easier."

"When I went there today, there was a woman who was extremely attentive to Jiang Ran," Jiang Yu recalled carefully. "Looking at her attire and actions, she looked like the first aunt you mentioned earlier — Xin Xiu."

Xu Ye explained, "She knows how much old master Kang likes this little daughter, Kang Die. Now that he has found Kang Die's daughter, it goes without saying how happy grandfather Kang is. So she probably wants to curry favor with Jiang Ran first and build a good relationship with her. In that case, half of the fourth inheritance will be in her hands."

"I thought that no one in a big family would care about things like money." Sister Xia curled her lips in disdain. "So everyone is the same type of person."

Xu Ye smiled. "No one is willing to go against money. A big family like the Kang family actually values things like property more. But they are different from small families. Even if they value it, they won't show it. They will only do it behind the scenes and do everything flawlessly. When the time comes, even if someone really finds out, they will be able to push the responsibility off their shoulders."

"That depends on whether they have the ability or not." Jiang Yu looked at the coffee in front of her and even thought of Jiang Ran and Jiang Hai's fate.

"I'll go back first." Jiang Yu stood up. "There is evidence regarding Jiang Hai's infidelity. I will definitely find it."

As she said that, Jiang Yu left.

Jiang Hai was an old and cunning fox. He hid everything about himself very well. Moreover, the affair happened twenty years ago. Even if Jiang Yu really found some evidence, Jiang Hai could still grit his teeth and deny it.

"Old fox." The more Jiang Yu thought about it, the angrier she got. She sat in the car and punched the backseat with her left hand. "I shouldn't have saved you in the first place. I should have let the Jiang family go bankrupt and let the three of you roam the streets."

The driver was the butler of Mo Garden. He had been waiting for Jiang Yu to leave the coffee shop ever since he dropped her off.

It was the first time he had seen Jiang Yu so angry.

Mo Long was already back by the time the Butler dropped Jiang Yu off at Mo Garden.

"Where did you go?" Mo Long stood at the entrance of the stairs and saw Jiang Yu Walk in with a tired face.

"I went to look for Xu Ye and sister Xia," Jiang Yu told him the truth. She felt that there was no need for her to lie to Mo Long or hide anything from him.

Mo Long also knew that Xu Ye was the one who provided Jiang Yu with the clues to this matter. Therefore, he didn't ask any further and only asked, "What did you find out?"

Jiang Yu told Mo Long everything that she had done today.

Mo Long poured Jiang Yu a glass of water and caught a key point in her words. "The news about Jiang Hai and Wei Juan's marriage was reported in the newspapers."

"Really?" Jiang Yu's eyes lit up, but then dimmed again. "That was already a newspaper from 20 years ago. It should be long gone by now."

"There should be a sample left at the newspaper office," Mo Long guessed. "Let's go and take a look tomorrow. Have a good rest today."

"Will there really be a sample?" Jiang Yu's mood was a little complicated at the moment. There was joy in anticipation, but there was also disappointment in fear that her expectations would be disappointed.

Therefore, it was hard to say whether her mood was good or not.

"Don't worry. Even if there isn't one, you still have me behind you." Mo Long patted Jiang Yu's head affectionately. "Just do what you want to do. I will be your backup."

"Okay..." Jiang Yu shrank into Mo Long's arms and buried her face in his chest. "Thank you."

Mo Long couldn't help but laugh. "We don't need to talk about this."

Hearing that, Jiang Yu hugged Mo Long's waist tightly.

Sometimes, Mo Long also knew clearly that his fiancée was just a girl who was not even twenty years old. At an age where she should be enjoying the love of a father and a mother, there was only endless suffering by her side.

At that time, she had suffered many people's disdainful eyes and tasted many inexplicable wrongs. Even after she returned to her biological father's side, she did not even feel the simplest form of fatherly love.

But she gritted her teeth and persevered all the way until now. She did not mention any of the wrongs and pain she had suffered.

Mo Long's eyes turned cold. He secretly swore in his heart that he would destroy the Jiang family's reputation and never be able to turn things around.

Chapter 872: Evidence of Cheating

The next morning, Jiang Yu opened her eyes and found that Mo Long had already left.

She looked at the time and realized it was 10:30 in the morning.

It seemed that she was really too tired yesterday. She fell into a deep sleep as soon as she touched the pillow at night and didn't get up until 10:30 the next morning.

There was also a note left by Mo Long on the bedside table. The name of a newspaper was written on it.

Jiang Yu quickly got up to wash up and then took a car to the address on the note.

The name of the newspaper company was Guangming Newspaper Company. It had been in Shanghai for decades and had worked with the Mo Corporation before. It was very famous.

Jiang Yu had just walked in when a female employee walked over and asked, "Hello, is this Miss Jiang Yu?"

Jiang Yu nodded. "Yes, it's me."

The female employee respectfully made a "Please" gesture. "Hello, the president has been waiting for you in the office for a long time."

Jiang Yu was a little surprised.

The president of this place actually knew that she would come today?

She followed the female employee into the office and saw the president sitting on his office chair. There were a few newspapers on the desk in front of him.

The President saw Jiang Yu enter and stood up to extend his hand. He introduced himself warmly, "Miss Jiang Yu, Hello. I'm the President of the Guangming newspaper, Du Fei."

Jiang Yu also extended her hand politely and shook Du Fei's hand, "President Du, Hello. How did you know that I would be here today?"

Du Fei smiled, "This Morning, president Mo called me and said that you would be here today. He asked me to take good care of you. At the same time, he told me to find the report about Jiang Hai and Wei Juan's marriage 20 years ago."

This was the first time Mo Long had contacted him, so Du Fei was flattered and immediately found the newspapers.

Du Fei handed all the newspapers on the table to Jiang Yu. "Miss Jiang Yu, here are all the newspapers about Jiang Hai's marriage."

"Okay, thank you, president Du." Jiang Yu held the newspapers and sat on the double sofa at the side, quietly reading the newspapers.

She didn't know whether she should say that Jiang Yu was lucky or that Jiang Hai had done all kinds of bad things and deserved to be punished.

The first newspaper that Jiang Yu read recorded the time when Jiang Hai and Wei Juan got married. At the same time, it also recorded in detail how Jiang Hai and Wei Juan fell in love.

Jiang Yu combined her birth date and was sure that Jiang Hai had cheated on her during their marriage.

In her anger, Jiang Yu realized that no matter how hard she tried. There was no record of her mother in any of the newspapers.

Hence, Jiang Yu asked Du Fei, "President Du, do you have any records of Jiang Hai and Kang Die?"

"Kang Die?" Du Fei did not know much about what had happened in the Kang family back then, so he could not remember who this Kang Die was. However, he had been the president of the newspaper company for so many years and had already developed a photographic memory.

As long as it was published in the newspaper, he would never forget it.

Therefore, he said confidently to Jiang Yu, "Wei Juan was Jiang Hai's wife from the beginning to the end. If he hadn't publicly said that he had an original wife, none of us would have known about it."

"Really?" Jiang Yu was stunned.

So... After his mother married Jiang Hai, she didn't even have an identity that was known to the world?

Jiang Yu felt so uncomfortable that she couldn't breathe.

When she saw Jiang Yu's ugly expression, she thought that it was because she wasn't feeling well, so she quickly called the female employee over, wanting to send Jiang Yu back to rest.

"There's no need." Jiang Yu raised her hand to stop the female employee and Du Fei. "I'm fine. I can go back by myself."

"This..." Du Fei was still a little worried, but Jiang Yu had already stood up and quickly walked out.

Jiang Yu stumbled out of the newspaper office and climbed into the car.

When the driving Butler saw Jiang Yu's pale face, he immediately asked uneasily, "Madam, do you need to go to the hospital?"

"No. "Jiang Yu's eyes were bloodshot. "I'm going to the Jiang Jewelry Company."

Although the Butler didn't know what Jiang Yu meant, he still drove to the Jiang Jewelry Company obediently.

Jiang Yu looked up and leaned against the back seat. After a long while, she said to the butler in front, "I'm not going. I'm going back to Mo Garden."

She couldn't go to Jiang Hai in anger now. If she did that, she would alert the enemy.

Jiang Yu returned to Mo Garden and organized all the things that she had found in the past few days into a document. Then, she stored it on a USB drive.

The next thing she needed to do was to wait for Jiang Ran to break into the house. After Jiang Hai and Wei Juan received the benefits from her, she would come out and announce the truth to the world.

Chapter 873: Surveillance

Jiang Yu copied a few copies of the documents on the USB drive and sent them to Xu Ye and sister Xia. After some thought, Jiang Yu contacted Kang Xue. "Kang Xue, will you be going to the Kang family soon?"

Kang Xue looked at her recent schedule. She would be going to the Kang family's annual family gathering in a week's time.

"When you go back, help me keep an eye on Jiang Ran. See if she does anything strange after she returns to the Kang family," Jiang Yu said her request.

This was just a small favor that was equivalent to spying on her. Of course, Kang Xue would help Jiang Yu. However, she did not know why Jiang Yu wanted her to keep an eye on Jiang Ran's every move. After all, although she had returned to the Kang family to acknowledge her family, she was still living in the Jiang family and had not returned to the Kang family at all.

After hesitating for a long time, Kang Xue still voiced her doubts. "Okay, I understand. I will definitely help you with this favor. But Jiang Ran is still living in the Jiang family. She hasn't returned to the Kang family. I'm going back to the Kang family in a week. I didn't hear them say that Jiang Ran is going back."

"Jiang Ran will go back." Jiang Yu was very certain.

The annual family gathering was the best time for the Kang family to introduce Jiang Ran. Therefore, Jiang Ran would definitely return to the Kang family.

However, it was unknown if Jiang Hai and Wei Juan would go back with them.

"That... that's fine," Kang Xue said. "Don't worry. I'll tell you everything about Jiang Ran."

"Well, thank you, Kang Xue."

"What for? You're my friend." Kang Xue Smiled, "And you're the real daughter of the Kang family. That Jiang Ran is just a clown. Don't worry. Sooner or later, Jiang Ran will be kicked out. In that case, you'll come back."

"Okay, I promise you, that day will come as soon as possible."

Jiang Yu hung up the phone and quietly waited for the news of Kang Xue.

A week later, Kang Xue returned to the Kang family. As soon as she entered the door, she saw Kang He and Jiang Ran standing at the door.

"It seems that Jiang Yu's guess is really accurate," Kang Xue muttered to herself. She ignored the two people at the door and quickly entered the house.

Kang He glanced at Kang Xue who had entered the house. The disdain on his face was very obvious.

"Don't bother about her. It's just that she wasn't raised well since she was young, so she's developed the temper of the eldest miss. She's clearly grown up with only one use, marriage, and she still refuses to do it no matter what." The more Kang He spoke, the angrier she became, "If you don't want to do anything, then what did we raise her for?"

"Don't be angry," Jiang Ran comforted Kang He, "Your sister is much better than my sister, Jiang Yu. My sister is the one who's too much. She's arrogant and despotic. Not only did she take away everything from me in the Jiang family, she even took away my man!"

The more Jiang Ran spoke, the more aggrieved she became. She even squeezed out a few drops of tears.

"Don't cry anymore." Kang He saw Jiang Ran's tears and felt a little irritated. "Hurry up and enter the house. Great-grandfather plans to introduce you in front of everyone today. Don't go late, or you'll make great-grandfather wait for you."

"Okay, I got it." Jiang Ran quickly entered the house and sat down.

In order to please Old Master Kang, she specially chose a seat close to Old Master Kang's and sat down.

Only Sun You came with Jiang Ran today. At first, Jiang Hai and Wei Juan wanted to come along, but Sun you stopped them, the reason was: "Ran Ran hasn't been recognized by the rest of the Kang family, so it's not appropriate for the two of you to go with her now. "Moreover, Ran Ran is Kang Die's daughter. Auntie Wei, isn't it unreasonable for you to go with her?"

"I..." Wei Juan paused, then remembered that Jiang Ran's current identity was Kang Die's daughter, and Sun You still didn't know the truth of all this.

In a moment of desperation, Wei Juan wanted to tell Sun You about Jiang Ran's identity, but Jiang Ran sensed her intention and quickly said before Wei Juan could say anything, she said, "Mom, don't say anymore. Sun You already said not to let you go, so you don't have to go. How about this, after I return to the Kang family, I'll tell grandfather and then bring you back. How about it?"

This was actually a more attractive condition. As long as Jiang Ran could really do it, Wei Juan would have nothing to worry about for the rest of her life.

Therefore, after thinking about it, Wei Juan still agreed to let Jiang Ran go with Sun You, while she and Jiang Hai stayed in the Jiang family, waiting for the good news from Jiang Ran.

"Thank you for understanding me so much, Mom." Jiang Ran beamed. "Mom, believe me, I will definitely let you live a good life."

With that, Jiang Ran left the Jiang family with Sun You.

Chapter 874: Got What She Wanted

After Jiang Ran and Sun You arrived at the Kang family's courtyard, they arrived at the Kang family's ancestral home under the lead of the butler.

Kang He stood at the door and touched up her makeup. When she saw Jiang Ran enter, she pulled her to the side, wanting to chat with her.

After a few words, she saw Kang Xue enter. Kang He suddenly felt a little unlucky and was in no mood to chat with Jiang Ran. Thus, she let Jiang Ran quickly enter the house and sit down.

After everyone took their seats, Old Master Kang announced the start of the dinner.

Everyone raised their wine glasses. Because Jiang Ran was pregnant, she drank fruit juice. After everyone drank the wine in their hands in one gulp, Old Master Kang stood up and planned to introduce Jiang Ran to everyone, his granddaughter who had been lost and regained.

“Jiang Ran is my granddaughter,” Old Master Kang said, “Everyone knows that Kang Die went missing back then and was adopted. She married a businessman named Jiang Hai. Jiang Ran is the daughter of Kang Die and Jiang Hai, which is also my granddaughter.”

The rest of the Kang family looked at Jiang Ran in surprise. Although some people were congratulating Old Master Kang for finally finding his granddaughter, there were also rational people who wanted to know how Jiang Ran came back to the Kang family.

“Is Jiang Ran really Kang Die’s daughter? But isn’t Jiang Hai’s wife called Wei Juan?”

Hearing that, Sun You stood up and said, “I found out about this matter. Back then, Miss Kang Die was lost. Our Sun family has always known about this matter, and it’s also our Sun family that has been investigating.”

“And in the past few years, I also relied on those clues and gradually found out about the Jiang family. In the end, I found out that it was actually the daughter of Madam Kang Die and Jiang Hai. If you don’t believe me, I still have a few documents here that are related to the marriage between Madam Kang Die and Jiang Hai. Looking at the time, it is indeed madam Kang Die’s daughter.”

After he said that, those people tactfully stopped asking.

Jiang Ran had received the approval of the Kang family, and her goal had been achieved, therefore, she made a request. “Grandfather, when I was in the Jiang family, Wei Juan and my father took care of me together. So, I want to bring them over. Is that okay?”

Grandfather Kang took a sip of wine, he said, “Jiang Hai, I can consider him as my son-in-law, so I can agree to let him be my son-in-law. But Wei Juan can’t. She is neither a member of the Kang family nor your biological mother, so I can’t bring her back. But since she has raised you for so many years, I can give her a sum of money. This sum of money can let her be carefree for the rest of her life.”

“This...” Jiang Ran was in a bit of a dilemma.

She had promised Wei Juan before she left, but she didn’t expect that Old Master Kang wouldn’t let her come.

Jiang Ran didn’t know what to do for a moment, so she could only look at Sun You for help.

She lied that she was not feeling well and wanted to go out for some air, so she dragged Sun You out as well.

Sun You was still chatting with his relatives at the dinner table, but when Jiang Ran dragged him out, he still looked a little impatient.

“What’s the matter? Can’t you see that I’m eating?” Sun You said impatiently.

“You still have the mood to eat? My grandfather doesn’t agree with me taking my parents over!” Jiang Ran was a little anxious.

"If I don't let you take them over, then don't take them over? Just give them a sum of money and let them live a good life in the Jiang family." Sun You didn't know what Jiang Ran was upset about.

"But I've already promised my mother before. When I return to the Kang family, I'll take her over to live a good life," Jiang Ran explained. "I'm afraid that if I can't do it, she'll be angry."

"So what if she's angry? She's not your biological mother, what are you afraid of her for?" Sun You didn't mind, "Old Master Kang will bring Jiang Hai back to be his son-in-law, because he won't let you become a child without a father or mother. But Wei Juan, you'd better give up. It's impossible for her to follow Jiang Hai back to the Kang family."

"Why? She's my mother, after all." Jiang Ran didn't understand.

"If you can't figure it out, then don't waste your time thinking about it." Sun You felt very impatient with Jiang Ran when she spoke here. "If there's nothing else, Hurry back and eat. Don't let the Kang family wait for too long."

"Okay... I understand." Jiang Ran lowered her head and muttered.

She went back with Sun You, but she unexpectedly bumped into Kang Xue who was hiding behind the vines and sneaking around.

"Kang Xue? Why are you here?" Jiang Ran looked at her in surprise.

"I came out to get some air, can't I?" Kang Xue casually gave an excuse.

Chapter 875: Conflict

Actually, Kang Xue had just seen Jiang Ran leaving with Sun You. She was thinking about her agreement with Jiang Yu, so she gave a random excuse and quietly followed them out, she also told Jiang Yu about Jiang Ran's every move.

However, when she was about to leave, she didn't expect that Jiang Ran and Sun You would actually see her.

"Fresh air? There are so many places, yet you insist on coming here for fresh air?" Jiang Ran didn't believe Kang Xue's words. "I think you're following us, right?"

Kang Xue paused, still, she braced herself and didn't admit it. "What nonsense are you talking about? When did I follow you? I just came out to get some fresh air. Could it be that the two of you did something bad and felt guilty? That's why we all thought that whoever was behind you was following you!"

Jiang Ran's face turned green and white when she was told the truth. It was very interesting.

However, Sun You did not know the truth. He thought that Kang Xue did not like Jiang Ran and did not welcome her back to the Kang family. That was why she was biting people here.

Therefore, Sun You said angrily, "Kang Xue, don't talk nonsense!"

"I'm not talking nonsense!" Kang Xue said, "Jiang Ran is not Kang Die's daughter at all! Jiang Yu is Kang Die's daughter. She's a fake!"

Jiang Ran was shocked. She did not know how Kang Xue knew about this.

On the other hand, Sun You had always thought that Jiang Ran and Jiang Yu were both Kang Die's daughters. However, for the future of the Sun family, he could only let Jiang Ran return to the Kang family alone.

Now that Kang Xue had said something like this, even if what she said was fake, Sun You would never allow her to bring this matter up in front of Old Master Kang.

Seeing that Jiang Ran and Sun You were silent, Kang Xue was a little smug. "What's wrong? Did I guess your conspiracy? I knew long ago that the two of you weren't good people at all! Jiang Ran, you are still not satisfied with taking over everything in the Jiang family. Now, you even want to steal Jiang Yu's identity. Are you still human?"

"You, you are talking nonsense! I am Kang Die's daughter!" Jiang Ran roared. "What is Jiang Yu? Jiang Yu and Jiang Yu are the daughters of Wei Juan and Jiang Hai!"

"Huh?" Kang Xue Laughed. "Jiang Ran, you really are able to tell all kinds of lies. Jiang Yu is Wei Juan's daughter. Why didn't you say that I am your father?"

"Kang Xue, don't go too far!" Sun You couldn't take it anymore.

After all, Jiang Ran was his fiancée. Now that Kang Xue was stepping on Jiang Ran's face, wasn't it equivalent to not putting him in her eyes?

"I'm telling the truth! Just you wait, I'll tell grandfather about this immediately!"

As she said that, Kang Xue turned around and was about to leave.

Jiang Ran and Sun You were both worried that Kang Xue would expose this matter to grandfather Kang, so Jiang Ran wanted to reach out and hold Kang Xue's hand. Sun You wanted to reach out and push Kang Xue, so that he could use the force to make her fall and then subdue her.

However, with this pull and push, the uneven force caused Kang Xue to lose her footing and fall heavily to the side.

There was a stone table and a few stone chairs beside her. With this fall, Kang Xue's head fell on the stone chair closest to her.

"Dong —" after a muffled sound, Kang Xue lay on the ground unconscious.

"Ah!" Jiang Ran screamed.

"What are you shouting for?!" Sun You quickly covered her mouth. "Are you afraid that others won't know that you pushed her?!"

Jiang Ran looked at Sun You in horror and said indistinctly, "It wasn't me! ... No, not just me, but also you! You were with me! I just wanted to pull her, you pushed her!"

"Shut up! Shut Up!" Sun You increased the strength in his hands. "Are you trying to kill me?! Let me tell you, if anything happens to me, you will also be implicated!"

Jiang Ran quickly shook her head.

"I'll let go now. You'd better not make a sound!" Sun You threatened fiercely.

Jiang Ran nodded desperately, her eyes filled with fear.

Sun You slowly let go of her hand. Only then did Jiang Ran breathe in the fresh air.

After panting for a while, Jiang Ran asked, "Then what should we do now?"

"What else can we do? Just pretend that nothing happened," Sun You said. "When we go back later, no matter who asks, just say that you haven't seen Kang Xue."

"Okay, okay, I understand." Jiang Ran was very scared now. No matter what Sun You said, she only nodded.

"If you understand, then go back quickly." Sun You waved his hand. "I'll go back after having a cigarette outside."

"Okay." Jiang Ran quickly went back into the house.

After Jiang Ran's figure disappeared, Sun You squatted down, grabbed Kang Xue's head, and hit the stone stool again.

But this was the Kang family after all, and they could not let Kang Xue die here, so Sun You's strength was slightly lighter.

Chapter 876: Attack

However, Kang Xue was hiding behind the vines. Whether or not someone would find her and send her to the hospital would depend on her luck.

After taking care of everything, Sun You returned to his room with satisfaction.

Jiang Ran was already sitting beside grandfather Kang. She kept sweet-talking him to make him happy.

Sun You sat back in his original seat. Just as he was about to eat, he heard someone ask, "Where's Kang Xue? Why did she go to the bathroom for so long?"

Jiang Ran's heart thumped as she looked at Sun You in bewilderment.

Sun You acted as if nothing had happened and kept picking up food to eat.

Jiang Ran felt slightly relieved and continued to make old master Kang happy.

Meanwhile, Jiang Yu, who was waiting for the news from Kang Xue in the Mo Garden, had not received any news from Kang Xue for several hours. She could not help but feel a little puzzled.

Could it be that the party had ended, so she could not continue to send messages to herself?

But if that was really the case, she should have taken the initiative to tell her, right? How could it be that there was no news for so long?

The more Jiang Yu thought about it, the more uneasy she felt. She was worried that something might happen to Kang Xue, so after much thought, she decided to make a call.

The phone rang for a long time before it was picked up. However, the person who spoke was not Kang Xue, but another voice that Jiang Yu felt was familiar — Kang He.

“Jiang Yu? You’re looking for Kang Xue?” Kang He’s voice was very low, but Jiang Yu could still hear the impatience in it.

“I’ve been trying to contact her just now, but she suddenly stopped contacting me. Do you know where she went?”

Kang He looked up at the room number and said, “She’s in the Central Hospital, Room 603. If you have time, come and see her.”

After saying that, Kang He hung up the phone.

Hearing the busy tone on the phone, Jiang Yu’s heart was filled with panic.

Kang Xue was in the hospital? Why was she in the hospital? Was it serious?

Jiang Yu immediately went to the hospital Kang He mentioned and found Kang Xue in Room 603.

Sun You and Jiang Ran were still standing in the ward as if they were waiting for Kang Xue to wake up.

Logically speaking, the two of them had nothing to do with Kang Xue, so why were they guarding Kang Xue? On the contrary, Kang He, who had something to do with Kang Xue, was completely nowhere to be found.

Jiang Yu stood at the door for a while and quietly opened the door a crack, eavesdropping on the conversation between Jiang Ran and Sun You.

Sun You: “Don’t let anyone else know about this. No matter who asks you, just say that you haven’t seen Kang Xue.”

Jiang Ran: “I understand. But what if Kang Xue wakes up? She will definitely tell others that it was us who harmed her.”

Sun You said, “If you don’t tell, I won’t. No one will know about this. As for Kang Xue, just make her not to wake up in the future.”

Bang! The door of the ward was pushed open.

Jiang Ran and Sun You were shocked. They turned around to take a closer look and realized that the person who opened the door was Jiang Yu.

No one knew how much Jiang Yu had heard the conversation between the two of them.

Jiang Yu walked up to Kang Xue and looked up at Jiang Ran and Sun You. Pretending not to know anything, she asked, “What happened to Kang Xue?”

Sun You quickly explained, "She accidentally fell while walking."

Even a fool wouldn't believe such a ridiculous reason.

Jiang Yu didn't say anything. Instead, she sat on the sofa at the side and said to Jiang Ran and Sun You, "Kang Xue has me here. You guys can go back first."

"Okay, then you take care of her." After Jiang Ran said that, she quickly pulled Sun You and left.

Jiang Yu sat on the sofa and her hands couldn't help but clench tightly.

She didn't expect that Jiang Ran would even want to kill Kang Xue for all of this. That Sun You even wanted to help the devil.

No wonder these two people could get together. This was really — they weren't a family, they wouldn't enter the same house.

It seemed that she could not wait any longer. She had to act now and expose Jiang Ran and Sun You's crimes.

However, in order to ensure Kang Xue's safety, she still needed to wait until she woke up.

"Kang Xue, don't worry. I will definitely avenge you," Jiang Yu muttered to herself.

Kang Xue, who was lying on the hospital bed, was unconscious. She could not hear Jiang Yu at all.

The nurse who came to check on Kang Xue told Jiang Yu that Kang Xue had suffered two heavy blows to the head, which was why she was unconscious. However, because the wound was not big, Kang Xue would be able to wake up in ten days at most.

"Okay, thank you, nurse," Jiang Yu thanked her politely.

There were still ten days left. Sun You might also know about this matter.

If he did not want the matter between himself and Jiang Ran to be known by others, then he would definitely choose one day out of these ten days to secretly come over and take care of Kang Xue. If she was still in the way at that time, then he might do something to her as well.

Chapter 877: Monitor Jiang Hai

Jiang Yu called Mo Long and told him about Kang Xue. Mo Long was also a little surprised. He didn't expect that Sun You and Jiang Ran would go to this extent and harm others in order to fight for an identity.

"Although the ancestors of the Sun family can't be said to be honest, they haven't done anything outrageous." Mo Long sneered. "I didn't expect that there would be someone who wanted to harm others in Sun You's generation."

"They will definitely pay the price for this," Jiang Yu said coldly. "After Kang Xue recovers and is discharged from the hospital, I will take this evidence and go to the Kang family to expose Jiang Ran's crime."

"Okay, I will go with you." Mo Long was very affectionate. He was a completely different person from before.

"By the way, I want to take care of Kang Xue in the hospital recently," Jiang Yu told Mo Long what she thought, "After all, Kang Xue became like this because of the promise she made with me... and I'm also worried that if there's no one on Kang Xue's side, Sun You will find time to come and harm Kang Xue."

"I've heard you say that Kang Xue has a sister named Kang He?" Mo Long thought of the woman named Kang He. "Her sister is seriously injured and is in the hospital. Why didn't she stay in the hospital to take care of her?"

Jiang Yu sighed and told Mo Long about the tense relationship between Kang He and Kang Xue.

"The Kang family has always been like this. Whether it's the main branch or the side branch, a family with many children will always fight for benefits."

Mo Long's gaze darkened. "Kang He won't end well. She doesn't want to give, but she wants to rely on Kang Xue to bring benefits to herself? There's no such thing in the world."

"Maybe." Jiang Yu sighed. "I'll be staying in the hospital for the next few days. I'll call Sister Xia to come with me. Don't worry about me."

"Do you need me to find someone to take care of her for you?"

"No need," Jiang Yu said. "If I take care of her myself, I'll feel more at ease and the guilt in my heart will dissipate a little."

"Okay, then call Sister Xia over. That way, I'll feel more at ease," Mo Long instructed.

"Alright, I got it." After Jiang Yu hung up Mo Long's call, she called Sister Xia and asked her to come to Ward 603 of the Central Hospital.

When Sister Xia received the call, she thought something had happened to Jiang Yu and rushed over without stopping. However, when she arrived at the place, she saw Jiang Yu boiling water and Kang Xue lying on the hospital bed.

Sister Xia walked over and was bewildered. "This is Kang Xue? What happened to her?"

"She was harmed by Sun You and Jiang Ran," said Jiang Yu.

"Are they crazy? They still dare to harm others?" Sister Xia was terrified. "What about you? Are you okay?"

"I'm fine. It's Kang Xue who became like this because I asked her to monitor Jiang Ran's every move for me in the Kang family." Jiang Yu lowered her head and felt more and more guilty towards Kang Xue.

"You can't be blamed for this. You can only blame Sun You and Jiang Ran for all the bad things they've done," Sister Xia comforted her.

"I just hope that when Kang Xue wakes up, she won't blame me." Jiang Yu looked at Kang Xue, whose eyes were tightly shut, and felt an indescribable pain in her heart.

“Then what about the Kang family now that Kang Xue is unconscious?” Sister Xia asked. “Judging from the current situation, Jiang Ran should have already returned to the Kang family, right?”

“She has indeed returned. Now, we just need to focus on Jiang Hai,” said Jiang Yu. “We just need to keep an eye on him and see when he will move to the Kang family.”

“This matter is easy to handle. Just let Xu Ye come.” Sister Xia thought of their third ally — Xu Ye.

“Yeah, I just called him and informed him. He should be able to give me the results in the next few days,” said Jiang Yu.

“Since there’s already a solution to the problem, don’t push yourself too hard.” Sister Xia patted Jiang Yu’s shoulder. “If you’re tired, you can rest for a while. I’ll take care of Kang Xue.”

Hearing Sister Xia’s words, Jiang Yu relaxed and felt a little sleepy. Therefore, she lay on the sofa and planned to take a nap.

But when she woke up, it was already one o’clock in the morning.

Jiang Yu sat up and saw Sister Xia sleeping on the chaperone bed under the moonlight.

Sister Xia had been very tired recently, but she was still willing to help her take care of Kang Xue. Jiang Yu was very touched.

She got up and covered Sister Xia with a coat before lying down on the sofa again.

However, as she had slept for too long, Jiang Yu did not feel sleepy at all. She just lay there, silently counting sheep in her mind.

After counting a few sheep, Jiang Yu heard the faint sound of the door opening.

She opened her eyes and listened carefully to the sound.

Chapter 878: Showing Off

Jiang Yu’s intuition told her that the person was not friendly.

However, after the person opened the door and entered, he did not make any movements. He just quietly approached Kang Xue.

The person’s back was tall. Although his back was facing Jiang Yu, she still knew who the person in front of her was — Sun You.

Sun You seemed to be afraid that there were two people here, so he stood by the bed and hesitated whether he should make a move or not. While he was hesitating, someone patted him on the shoulder from behind. “What do you want?”

“Huh?!” Sun You shouted in horror. Even sister Xia, who was sleeping soundly at the side, was woken up.

"What happened?!" Sister Xia suddenly got up from the bed and saw two blurry figures standing by Kang Xue's bed.

Before Sister Xia could scream, Jiang Yu was the first to speak, "Sister Xia, it's me."

Sister Xia was just about to shout "AH" when she was suddenly choked in her throat.

Jiang Yu then introduced the person in front of her to sister Xia, "This is Sun You."

"Sun You?" Sister Xia looked at the tall figure in surprise. She didn't know how Jiang Yu recognized him.

Sun You was also surprised by how Jiang Yu recognized him. He was wearing a black sportswear and a cap today.

When they went out, even Jiang Ran didn't recognize him. How did Jiang Yu recognize him in such a dark environment?

She noticed Sun You's confusion, Jiang Yu smiled and said, "The matter with Kang Xue has something to do with you, right? You had a guilty conscience and were afraid that Kang Xue would expose you when she woke up, so you took advantage of the night to come here and try to harm Kang Xue, right? But you didn't expect us to be here."

Jiang Yu had guessed everything correctly, and Sun You felt a chill in his heart. However, he would not admit to what he was here for. He only said, "Jiang Yu, don't use your malicious intent to speculate others. I'm just worried about Kang Xue's injury. How could I possibly want to harm her?"

"You don't visit at people during the day, but at midnight? You visit people dressed like thieves?" Jiang Yu sneered, "I'll stay here until Kang Xue recovers and is discharged from the hospital. It's best that you put away your little thoughts with Jiang Ran."

"Who, who cares about you?" Sun You felt guilty and wanted to leave quickly. "I'm only here to visit the patient. I don't understand a single word of what you said!"

With that, Sun You flicked his sleeves and left.

"Jiang Yu, you just... Let him go?" Sister Xia looked at Sun You's back and asked in confusion.

"We have no evidence to prove that he wanted to harm people." Jiang Yu returned to the sofa and lay down. "Go to sleep, sister Xia. Don't bother about them. Their good days are coming to an end."

"Ah... okay." Although sister Xia didn't understand, she still obediently lay down and went to sleep.

However, after the scare just now, Sister Xia was no longer sleepy. She kept her eyes open until dawn.

After Dawn, Jiang Yu received a phone call from Xu Ye. "Jiang Hai has already followed Jiang Ran back to the Kang family."

Sister Xia was shocked. "So fast? Didn't Jiang Ran just get recognized by the Kang family yesterday?"

Xu Ye wasn't sure either. "I don't know. Anyway, Sun You and Jiang Ran took Jiang Hai away early this morning."

Thinking of someone, Jiang Yu asked, "Where's Wei Juan?"

Xu Ye said, "I don't see Wei Juan. Jiang Ran didn't take her away."

"Serves her right!" Sister Xia smiled proudly. "Wasn't she very impressive before? How is she now? She doesn't even plan to take her biological daughter to live a good life!"

Jiang Yu thought for a moment and asked, "Is Wei Juan still in the Jiang Family?"

Xu Ye answered, "She should be. If she didn't go to the Kang family with her, she would have nowhere else to go except the Jiang family."

"I got it." Jiang Yu nodded. "There's no need to keep an eye on Jiang Hai."

"Got it."

After hanging up the phone, Jiang Yu planned to visit Wei Juan in the Jiang family.

"You're still going to visit that sarcastic woman?" Sister Xia was puzzled. "She's already treated you like that. Why are you still doing such a good thing?"

"I didn't expect Jiang Ran to bring Jiang Hai back to the Kang family home so soon. I thought they would wait for a few more days."

Jiang Yu said, "But since they've already gone back, I don't need to wait anymore. Sister Xia, I'll give you Xie Hui's grandfather's address. I'll have to trouble you to ask Chang Kai to bring him here. Also, don't forget the procedures for adopting my mother."

"Alright, I understand."

Of course, sister Xia knew that Jiang Yu was preparing to fight back.

Jiang Yu went to the Jiang family home and saw Wei Juan sitting alone on the sofa.

Her eyes were red, her face was pale, and her hair was messy.

Chapter 879: Ready

Wei Juan heard the door open and thought that Jiang Ran had come back to pick her up. However, when she looked up and saw that it was Jiang Yu, the expression on her face instantly changed from anticipation to disappointment.

"You seem very unhappy to see me?" Jiang Yu looked at Wei Juan with a funny look and teased.

"Would I be happy?" Wei Juan was not in a good mood. "You're just a jinx. Not only did you bring bad luck to the Jiang family, but now you even want to steal my daughter!"

"You can't be that angry right?" Jiang Yu smiled helplessly, "Jiang Ran wants to leave. She wants to fly to the top of the tree and become a phoenix. How can you blame me for that? But that's true. If you don't blame me for this, who else can you blame?"

"Don't explain. I won't listen to you." Wei Juan turned her face away and didn't intend to continue talking to Jiang Yu.

Jiang Yu had long been used to Wei Juan's attitude. Anyway, she had always been indifferent to her.

After sitting for a while, Jiang Yu asked, "Will Jiang Ran come back to pick you up?"

"What does it have to do with you?" Wei Juan said angrily, as if Jiang Yu owed her money but refused to pay it back.

"I'm curious. Just asking," Jiang Yu said with a smile, "If you want to wait for Jiang Ran to take you back, then I advise you not to wait. The Kang family will take Jiang Hai back as their son-in-law, but you are neither a member of the Kang family nor Jiang Ran's biological mother. Do you think the Kang family will accept you? At most, they will give you a sum of money so that you can live well for the rest of your life."

"What?" Wei Juan was shocked.

This morning, when Jiang Ran left, she told herself that she would take her over in a week. How did Jiang Yu say that it was impossible for her to go to the Kang Family?

"Jiang Yu, don't try to sow discord between mother and daughter here." Wei Juan looked at Jiang Yu vigilantly.

"Whether I'm telling the truth or not, you'll know in a month or two." Jiang Yu moved closer to Wei Juan, "But the truth can't be faked, and the fake can never be true. Whether Jiang Ran is Kang Die's daughter or not, and who is Kang Die's daughter, the three of you know better than anyone."

Wei Juan paused and looked at Jiang Yu in horror.

What did Jiang Yu mean? ... could it be that she already knew that she was Kang Die's biological daughter, and Jiang Ran was just an imposter?

Wei Juan was stunned. By the time she reacted, Jiang Yu had already left.

She was afraid and wanted to call Jiang Ran to tell her the news. But when she made the call, all she heard was this sentence, "I'm sorry, the number you have dialed is empty..."

Jiang Ran had blocked her!

Wei Juan sat on the sofa in pain. She had never thought that her biological daughter, who she had raised for twenty years, would abandon her biological mother for the sake of wealth and glory.

The more she thought about it, the more her heart ached. She was not convinced, so she found a car and went to the capital, intending to explain everything to the Kang family.

When Jiang Yu returned to the hospital, Sister Xia also told her that Chang Kai had already brought the person over.

"Where is he?" Jiang Yu asked.

“Chang Kai brought him back to his own home,” Sister Xia said. “After all, he is a crucial witness. In order to protect Xie Hui’s safety, Chang Kai planned to place him under his nose.”

“Okay.” Jiang Yu nodded. “Sister Xia, I’ll have to trouble you to take care of Kang Xue for the next few days. When I’m not around, I’m worried that something might happen to her.”

“Just do what you want to do. Leave the rest to me.” Sister Xia waved her hand.

“Thank you, Sister Xia.” Jiang Yu was so touched that she didn’t know what to say. She could only give Sister Xia a hug to tell her how grateful she was.

Jiang Yu rested in the hospital for another night. Early the next morning, she called Mo Long, hoping that he would take her to the Kang family home.

“So soon?” Mo Long was a little surprised. Why did Jiang Yu’s plan come so early.

“Yes.” Jiang Yu said, “Two nights ago, Sun You had planned to take the opportunity to kill Kang Xue, but sister Xia and I found out about it, so we couldn’t do it. In order to prevent this matter from being exposed, they went to the Jiang family’s house to pick up Jiang Hai the next morning, leaving Wei Juan alone in the Jiang family’s house.”

“Ha, they really can’t wait to live the life they stole from others.” Although Mo Long was smiling, everyone could hear the coldness in his smile.

He drove to the central hospital to pick up Jiang Yu and went to the Kang residence. On the way, he brushed past Wei Juan’s car.

On the way, Jiang Yu even called Chang Kai and asked him to help bring Xie Hui to the Kang residence.

Chang Kai agreed without saying a word.

Chapter 880: Counter Attack

After the car arrived at the Kang family home, although the butler did not understand why Mo Long, who was far away in Shanghai, would come to the capital, he still went in to report it.

Soon, the butler came out to invite Mo Long and Jiang Yu in.

Old Master Kang was sitting on the sofa, and Jiang Ran was sitting beside him. When she looked up and saw Jiang Yu, the grapes in her hand fell out from fear.

Old Master Kang had not seen Mo Long for many years. He had only seen him at the one month celebration when he was a child.

After all, the Kang and Mo families rarely interacted, so old master Kang did not know why Mo Long suddenly came to visit today.

“Mo Long, why are you here today?” Old Master Kang asked with a smile. “I haven’t seen you since the one month birthday celebration when you were a child.”

What he meant was that the two families had never interfered with each other. Why did a descendant of the Mo family come to the Kang family today?

Mo Long replied with a smile, "I heard that Grandpa Kang recently found his granddaughter, whom he had lost for many years. I have to come and congratulate him."

"Really?" Old Master Kang's face broke into a smile when he mentioned his granddaughter.

He looked at Jiang Ran beside him and said with a smile, "She is my long-lost granddaughter. This time, she even brought back a great-grandson for me!"

"Then congratulations." Mo Long did not have any smile on his face. He looked at Jiang Ran and asked, "Jiang Ran, how does it feel to occupy someone else's position and live a life that you stole from someone else?"

When he said this, the entire Kang family was in an uproar.

"What does this mean? Could it be that Jiang Ran isn't Kang Die's daughter?"

"I think so... But if Jiang Ran isn't, then who is Kang Die's daughter?"

Sun You was the first to jump out and curse, "Mo Long! Don't go too far! Don't tell me that just because you're the president of the Mo Group, you can casually frame people?!"

Jiang Yu looked at Sun You coldly. "You and Jiang Ran know best if you're framing people or not."

"What do you know about her? You said Jiang Ran isn't Kang Die's daughter. Isn't this framing?" At this point, Sun You still thought that Jiang Ran was Kang Die's biological daughter.

"Are we wrong?" Jiang Yu took a step forward. "I'm Kang Die's daughter!"

As soon as he said that, the entire Kang family fell silent.

"You're Kang Die's daughter?" Sun You sneered. "Where's the evidence? I have evidence to prove that Jiang Ran is Kang Die's daughter. Do you have any?"

As he said that, he looked at Jiang Hai, who had been sitting in the corner.

Jiang Hai immediately stood up and said, "That's right, Jiang Yu. At this time, don't make trouble. It wasn't easy for your sister to find her grandfather and return to her original home. Don't stop her, okay?"

"It's not your place to speak here." Jiang Yu glared at Jiang Hai. "I know why you're speaking up for Jiang Ran. I'll get even with you later for those sneaky things you did twenty years ago."

"You!" Although Jiang Hai was angry, he still felt a little uneasy when he heard Jiang Yu say "Twenty years ago."

Jiang Yu looked at Sun You. "You said you have evidence, so show me the evidence."

Sun You sneered. "Do you think I'm afraid of You?"

He opened the document stored in his phone and handed it to Jiang Yu. "Old Master Kang has already seen this document. He knows better than you whether it's true or false."

However, Jiang Yu didn't look at the document at all. Instead, she opened her phone and also opened the document stored in it.

She handed her phone to Elder Kang, she said, "Please read this document carefully. It contains all the information about my mother after she was adopted back then, except for the fact that she married Jiang Hai. In other words, when Jiang Hai married my mother back then, not only did he not give her a proper wedding, he didn't even let anyone know of her existence!"

Elder Kang looked at Jiang Hai. "Is this true?"

Jiang Hai quickly explained, "It's not like that! Dad, this girl is spouting nonsense! Don't listen to her!"

Jiang Yu looked at Jiang Hai coldly, "At this point in time, you really have no sense of shame. It's fine that you didn't want to tell anyone about your marriage to my mother back then, but you even cheated on her. In the end, you angered my mother so much that she had a hard time giving birth on the operating table. In the end, she passed away!"

The more Jiang Yu spoke, the more agitated she became, and tears appeared in her eyes.

"Don't talk nonsense!" Jiang Hai suddenly stood up. "I didn't cheat! I only married Wei Juan after Kang Die passed away!"

Jiang Yu took a deep breath to calm herself down and said, "You know very well whether you cheated or not. It doesn't matter whether you admit it or not, because I have evidence to prove that you cheated."
