Chapter 981: Arrogant

The lipstick on Anna's mouth was slanted. She was so angry that she slammed the table. "What's wrong with you?! You still want to be a makeup artist with such a standard?"

"I'm sorry, I'm sorry!" The makeup artist quickly apologized and wiped Anna's mouth clean with a wet tissue.

However, even though there was such a mess, Jiang Yu still quietly let the makeup artist do her makeup. Meanwhile, Leanne still looked at Jiang Yu with a fierce look.

"Jiang Yu," Leanne said again, "Are you really deaf? Can't you hear what I'm saying?"

Her tone was getting higher and higher each time she spoke. Those who didn't know would think that she was going to eat Jiang Yu alive.

"I don't want to talk to a person who is always coveting other people's fiancé," Jiang Yu finally spoke, "You're restless and do your own thing. You're always coveting other people's things. It's no wonder that the two of you are together. We have an old saying, 'birds of a feather flock together'. The two of you are very vivid examples."

"What do you mean?" Leanne's expression became even uglier. "Don't put your guess on me! When did I covet your fiancé?"

"I didn't say that you covet my fiancé, so don't be in a hurry to admit it." Jiang Yu snorted, "But you'd better not. If you are, please keep your thoughts to yourself. Do you think it's a wonderful thing to play tricks and attract a bunch of men to take the bait?"

"Jiang Yu!" Leanne was so angry that her teeth were about to break.

"I believe in my fiancé, so no matter what tricks you play, I will only treat you as a joke," Jiang Yu said.

She no longer intended to maintain the peace on the surface with Leanne and Anna.

This would only make things worse for them, and not ease the atmosphere.

"Jiang Yu! What do you mean? Do you really think that the status of a Movie Queen applies here? Do you think that if you win two Movie Queen awards in your country, people will treat you as a Movie Queen here? Or do you think that if you win a few Movie Queen awards, you'll be good enough for your fiancé?" Leanne was angry, she said everything.

At first, Anna was angry with her makeup artist. But now, seeing Leanne so angry, the anger in her heart had long been scared away by Leanne.

She was cowering on the side, not daring to say a word. She was afraid that Leanne, who was in a fit of anger, would vent her anger on her.

Jiang Yu was not angry at Leanne's words, however, her mood had indeed worsened. "That's still better than you blindly pursuing the Movie Queen award. In the end, you didn't even win a single award. Leanne, you keep saying that you look down on the Movie Queen award I won, but haven't you also never won a single award? Are you starting to dream of winning an International Movie Queen award? "Leanne, you can be confident, but you can't be conceited."

Jiang Yu's words made Leanne angry and embarrassed.

"As for me and my fiancé, you don't have to worry about it," Jiang Yu said, "I think that I'm very outstanding and worthy of him, not because I won the Movie Queen award. So you should think more about your own matters. Don't stretch your hand too far."

"You..." Leanne was choked by Jiang Yu's words one after another. She was so angry that her lungs were about to explode.

Coincidentally, Jiang Yu finished putting on her makeup and got up to leave.

After a long while, Anna estimated that Leanne's anger had subsided, so she dared to speak, "Leanne, don't be angry. It's not worth it to be with a person like Jiang Yu."

"What do you know?" Leanne was so angry that she almost cursed, "I brought you here from Malaysia to ask you to help me, not to let you hide behind me and watch the show! What happened to you when Jiang Yu said that? You didn't say a word and hid behind me to watch me make a fool of myself?"

"No..." Anna explained in a low voice, "I just saw that you were too angry, so I wanted to wait until your anger subsided before I spoke to you."

"Shut up! If I knew that you were so useless, I would have let you die in Malaysia!" Leanne grabbed a box of foundation on the makeup table and smashed it at Anna.

The foundation box hit the corner of Anna's eye, causing her to cry out in pain.

But she didn't dare to lose her temper at Leanne because Leanne was the one who rescued her from Malaysia.

She said that she didn't like the fact that an international supermodel was living such a miserable life. She even said that she would recommend her to Hollywood to act and help her return to the top.

Although Anna didn't know how Leanne found her at the time, as long as someone was willing to help her, Anna would pay any price.

Chapter 982: Temporary Alliance

That was why Anna came here. She didn't expect to see Jiang Yu here.

Anna carefully put the foundation box back, afraid that she would make Leanne angry again.

But when Leanne saw Anna's timid look, she became even angrier. "Can you be useful? I was the one who recommended you to the director. Now you look like this. If others see you, won't they slap my face?"

Leanne was very regretful for bringing Anna over.

At that time, she only thought of Anna when she heard Hebin mention the lack of a third female lead. After all, she was an international supermodel at the time and was quite famous. If she could be invited to act in the movie, the movie would be even more eye-catching and would be helpful in her plans to grow in popularity.

However, he didn't expect Anna to be terminated by Star Management. Leanne asked around and found out that it was because Anna provoked someone that she ended up like this. As for the two people Anna provoked, one was called Jiang Yu, and the other was called Mo long.

When Leanne heard these two names, she was shocked. She didn't expect that there would be such a complicated relationship between them.

However, Leanne thought that she could use the conflict between them to pull Anna to her side and use her. However, she didn't expect Anna to be so cowardly. When she was angry with Jiang Yu, she didn't dare to say a word.

"I'm sorry." Anna didn't know what to say. Facing the furious Leanne, she couldn't think of anything good except these three words.

"I'm not here to hear you say you're sorry." Leanne became even angrier. "If you have the time, you might as well go out and make things difficult for Jiang Yu! Why are you showing weakness and acting pitiful in front of me?"

"Got it!" Anna quickly got up and ran out, not caring if her makeup hadn't finished yet.

She didn't dare to stay in the same room with Leanne anymore.

When Anna ran out, she saw that Jiang Yu was already acting with the director. She cleared her throat and walked over as if nothing had happened.

"Director, I'm also acting," Anna said as she looked up and glanced at Jiang Yu.

Hebin saw the red and swollen corners of Anna's eyes and asked in shock, "Anna, what happened to your eyes?"

"Nothing." Anna touched her eyes, but it hurt when she touched them. "Ice it for a while. Don't delay our scenes."

Jiang Yu didn't look at her. Her eyes were fixed on the script in her hand, but she said to Anna, "I think you had a conflict with Leanne. She hit you with something."

"Don't talk nonsense." Anna started to dodge her eyes. "Leanne and I are very close. Don't sow discord here. I just accidentally hit the corner of the table, so it's swollen."

"Then the corner of the table is really high," Jiang Yu said sarcastically. "Hurry up and get some ice to apply it. Otherwise, we won't be able to film later. Don't delay our progress."

Hebin quickly asked the staff to bring a bag of ice and handed it to Anna so that she could apply it to her eyes.

After a long time, Leanne came out of the dressing room. She asked the makeup artist to dress her up a little more luxuriously, and it was best if it could suppress her aura.

Although the makeup artist did not understand, she still did as Leanne asked.

However, to Hebin, this makeup was a little too flashy and did not fit the role well.

Therefore, he frowned and asked Leanne to go back and remove her makeup and put on a new one.

Leanne was somewhat unwilling. "Director, I'm the female lead, so what if I put on a little more makeup? Moreover, wouldn't the effect be better if I did that?"

"What's so good about it?" Hebin frowned in anger. "You're playing a pure and innocent character, why are you putting on so much makeup? Go back and remove it! Let the makeup artist do it again!"

"Director!" Leanne seemed to be unwilling to give up and was still trying to struggle.

But Hebin didn't give in at all, so Leanne had no choice but to go back and put on makeup again.

"Don't you know what kind of character you're playing? Can't you even grasp the basic psychology of the character?" Hebin was a little angry, she couldn't believe that Leanne could make such a low-level mistake.

No one answered.

Jiang Yu felt that there was no need to defend Leanne, and Anna didn't dare to defend Leanne.

She had just angered Leanne, so she could not make the director angry again. Otherwise, her road to recovery would be completely ruined.

"Do what you're supposed to do, don't always be clever!" Hebin's face darkened.

Chapter 983: Conceited

Anna was applying ice to her wound, but her eyes were still swollen. Meanwhile, Leanne went back to put on her makeup. She hadn't come out of the dressing room yet.

So, Hebin decided to shoot Jiang Yu's scene first.

This was a movie about magic. The second and third female characters were both students of the Magic Academy. After receiving the order from the principal, they went to the human world to look for the scattered fragments of the magic ball.

The female lead played by Leanne was the largest fragment of the magic ball fragment. A hundred years had passed, and this fragment had already gained spirituality and transformed into a human form.

However, this female lead was a pure and innocent female college student in the early stages, which was why Hebin was disgusted by Leanne's heavy makeup.

Jiang Yu was wearing a loose magic robe and was flying around in the sky with a pressure hanging from it.

This was the first time she was shooting a scene with her aura hanging in the sky. Although she was a little afraid of hanging in the sky, it was more of a surprise.

Jiang Yu hung her aura in the sky and went through the scene in the sky before she officially started shooting.

Anna sat in her seat and quietly looked at Jiang Yu in the sky.

When Leanne finished putting on her makeup and came out, she saw that Jiang Yu was already filming.

She angrily walked to the seat next to Anna and sat down. She was still unhappy about how herb had lost his temper with her just now.

“After I win the International Movie Queen award, I’ll see who dares to yell at me.” Leanne gritted her teeth. “Who cares if it’s a famous director or a screenwriter? Won’t they all bow and scrape when they see me?”

Leanne had already planned her future, just like how she would definitely win the International Best Actress Award.

Anna did not dare to speak and could only quietly listen to Leanne’s nagging.

However, Leanne did not intend to let Anna go. She turned her head and her eyes were fierce. “Anna, are you mute too? Are you only looking at me to speak?”

“No, no,” Anna quickly explained.

Leanne saw the redness at the corner of Anna’s eyes and knew that it was caused by her smashing the foundation box. However, she didn’t feel guilty at all. On the contrary, she felt that if Anna was useful, she wouldn’t have to suffer like this.

“Your physique is really bad.” Leanne snorted disdainfully. “Didn’t you just get smashed by the foundation box? The corner of your eyes is already swollen like this? Should I find another doctor for you? What a hypocrite.”

Leanne’s words became more and more unpleasant, but Anna didn’t dare to be angry at all. Even if she was dissatisfied, she could only vent all her anger on the unrelated Jiang Yu.

“This Jiang Yu really thinks her acting skills are good?” Anna cursed, “I think it’s just that. She thinks she’s an amazing person after winning two small Movie Queen awards? In my opinion, she doesn’t deserve Mo Long at all! The only one who can match her is sister Leanne.”

Anna knew what to say to make Leanne happy, and Leanne was indeed very happy. It was rare that she didn’t criticize Anna anymore.

“It’s a pity that Jiang Yu didn’t know. She thought that she was worthy of Mo Long.” Leanne covered her mouth and giggled, “A good-for-nothing like her, even if she were to stand on the streets, no man would be moved by her.”

“I think President Mo doesn’t really like her.” Anna took advantage of Leanne’s happy moment to quickly say a few more words. “It’s just a momentary novelty. That’s why he dotes on her so much.

Everything goes according to her wishes. "After a long time, President Mo will get tired of Jiang Yu. When that time comes, he will definitely realize that you are the one who is most worthy of him."

The more Anna said this, the happier Leanne became, and the more she looked at Jiang Yu with disgust.

"When will Jiang Yu be able to leave Mo Long?" Leanne couldn't wait any longer. She kept thinking about Mo Long in her heart, and it itched.

How could a handsome and rich man fall into Jiang Yu's hands for no reason?

Leanne was still feeling indignant, but Jiang Yu had already finished filming a scene.

Hebin was full of praise for her performance, "Jiang Yu, your acting is indeed excellent! I only watched a few videos before I was already attracted by your acting skills. After watching it live today, I realized that it's even more attractive than the one in the video!"

"Thank you, Director." Jiang Yu smiled.

"From the looks of it, this should be your first time shooting a hanging show, right?" Hebin asked.

"Yes," Jiang Yu answered honestly.

"Hanging shows are a burden on most people's bodies. It's your first time hanging shows, and your body shouldn't be able to take it anymore. You should go and rest for a while. You can continue shooting after you've rested."

This was exactly what Jiang Yu wanted. "Alright, thank you, Director."

Chapter 984: Scissors In The Corner

It was Jiang Yu's first time Hanging Viya, and she had stayed in the air for such a long time. Her stomach was so upset that she almost threw up her breakfast.

Fortunately, Hebin told her to go to the side to rest, and then she began to film Leanne's scene.

Anna's eyes were no longer swollen, but they were still red. There was no way to film.

"How pretentious." Anna saw Jiang Yu sitting down to rest and thought that she had asked the director for permission. "You can't take it after shooting for so long?"

Jiang Yu didn't look at her. She reached out a hand and rubbed her stomach.

She thought that what Anna and Leanne said was a gas that disappeared after being released.

With Leanne's support, Anna spoke more boldly. "Jiang Yu, I found that you're deaf and mute. Can't you hear me? Or are you mute and can't speak?"

Jiang Yu finally spoke. "Anna, if you can't speak, you can shut your mouth. Or you can be a mute and donate your mouth to someone in need. Our relationship can be said to be very poor, so we don't need to communicate too much."

“What do you mean?” Anna’s expression instantly turned ugly. “Do you think you’re very noble? Can’t I just say a few words?”

“There are plenty of people who are willing to listen to you,” Jiang Yu said faintly.

“...You really don’t know what’s good for you.” Anna pursed her lips and stopped looking at Jiang Yu.

However, her attention was attracted by the scissors in the corner.

Anna was silent for a moment and suddenly pretended to ask unintentionally, “I see that you seem to like Hanging Viya?”

Jiang Yu didn’t know why Anna asked this question, so she simply didn’t answer her.

However, Anna didn’t expect Jiang Yu to answer her. She already had a plan in mind.

After Leanne finished filming, it was Jiang Yu’s turn to continue filming.

“What did you say to Jiang Yu just now?” Leanne took a towel to wipe her sweat. In fact, she didn’t feel tired at all during the scene just now. She just said a few simple words and didn’t sweat at all.

But she just wanted to wipe her sweat and show that she was very tired in front of outsiders.

“Nothing.” Anna approached Leanne and pointed at the scissors she saw just now. She whispered, “Do you see that scissors?”

Leanne looked in the direction Anna pointed and saw a very sharp scissors lying quietly there.

“I saw them. What’s wrong?” Leanne was confused. “Why don’t you just ask the attendants to come over and put them away?”

“No.” Anna quickly ran over and picked up the scissors, then sat back down as if nothing had happened, “I saw it. Jiang Yu has been acting cocky to Viya recently. Doesn’t she like hanging in the sky? If she falls, I want to see if she still likes being cocky to Viya.”

Hearing that, Leanne looked at Anna with slight admiration. “You’re finally useful.”

“Of course. Otherwise, you’ll always say that I’m useless.” Anna winked obsequiously and sounded a little aggrieved as she spoke.

However, Leanne automatically ignored Anna’s aggrieved tone. “I’ll leave this matter to you. I don’t care how you want to do it or when you want to do it. In short, I want to see the effect tomorrow.”

“Got it.” Anna smiled grimly. Even Leanne couldn’t help but tremble when she saw it.

It seemed that she had underestimated Anna. Although Anna was usually timid and only dared to respond to others, if she really did something, she would be the first to rush out.

Seeing her expression, Leanne felt uncomfortable all over. Moreover, although she wanted to make Jiang Yu suffer, she didn’t want to kill Jiang Yu yet.

So she told Anna, “Be careful. Don’t let Jiang Yu die.”

“Okay,” Anna answered casually.

Not long after, Jiang Yu's scenes were finished. Next should be Anna's scenes, but because of her eyes, Hebin decided to arrange Anna's scenes for the day after tomorrow.

So for the next two days, they would shoot Jiang Yu and Leanne's scenes first.

After the filming ended at night, even though Leanne was very unwilling, she still got into the same car as Jiang Yu under Hebin's eyes.

No matter what, they had to put on a good show.

After getting into the car, Jiang Yu and Leanne both sat in the backseat.

Leanne looked at Jiang Yu with disdain. "Don't misunderstand. If director Hebin wasn't standing there, I wouldn't have gotten into the same car as you."

Jiang Yu was baffled. "I didn't say anything."

Leanne was thick-skinned. "If you don't say it now, who knows what you're thinking? Let me tell you, you and I can't be friends. Don't even think about it."

Chapter 985: Injured

Jiang Yu opened her mouth and finally said, "Then I'm really unlucky to be able to be friends with you."

The expression on Leanne's face instantly twisted. "Jiang Yu! Don't be ungrateful!"

Due to the presence of the driver, Leanne still had a lot of unpleasant words that she did not say.

"Stop arguing," Jiang Yu said calmly. "If you have the time, read more scripts and get closer to Anna. Do you think I don't know that you took Anna from Malaysia?"

Leanne paused for a moment, but she immediately figured it out.

This matter could be guessed even by people without brains.

After the two returned to the studio, there was no one else in the entire villa except Mo Long.

After Mo Long finished his work, he originally planned to visit the studio on set. However, just as he changed his clothes in the bedroom and went downstairs, Jiang Yu and Leanne came back.

"Why are you back so soon today?" Mo Long poured Jiang Yu a cup of hot water. "I wanted to pick you up."

"Anna's eye was injured, so she couldn't shoot. So today, Leanne and I have been acting all day. Director Hebin sympathized with us, so he let us come back to rest first," Jiang Yu answered truthfully.

"You haven't eaten dinner, right? There's still plenty of time. I'll take you out for dinner." As he said that, Mo Long picked up the coat on the sofa, put it on Jiang Yu, and took her out.

Despite being ignored the entire time, Leanne wanted to say something to get Mo Long's attention, but she didn't know where to start.

After Mo Long and Jiang Yu disappeared, Leanne stomped her feet angrily. "Jiang Yu! You b*tch. You only knows how to seduce men!"

She was clearly the one who was most worthy of Mo Long!

Leanne ate her dinner in anger, waiting for Jiang Yu to embarrass herself when she acted cocky Viya the next day.

The next day, when Jiang Yu and Leanne arrived at the set, they saw a blond man standing beside Hebin.

When Hebin saw Jiang Yu and Leann, he quickly walked over and introduced them warmly, "Jiang Yu, Leann, let me introduce you. This is the male lead of our movie, Tan Wei."

The young man named Tan Wei smiled and greeted them politely, "Hello, my name is Tan Wei, I'm Chinese-American."

"Hello, my name is Jiang Yu," Jiang Yu also replied politely.

On the other hand, Leanne stood where she was and didn't say anything.

"Leanne?" Seeing her in a daze, Hebin couldn't help but wave her hand in front of her. "Leanne, say hello to your partner."

"Hello, my name is Leanne, I'm the female lead of this movie." Leanne's face was slightly red.

When Jiang Yu saw her expression, she couldn't help but Snort coldly in her heart.

She loved everyone she saw. She really didn't know how sincere she was towards anyone.

"Hello." After Tan Wei greeted her politely, his gaze turned to Jiang Yu. "I've seen your work at director Hebin's place. It's very good."

"Thank you." Jiang Yu thanked her politely.

Lian immediately pulled a long face and stood between Jiang Yu and Tan Wei.

"Director Hebin, isn't it time to start filming?" Leanne said unhappily. "Everyone, don't stand here and waste your time."

The group of people then went to the dressing room to prepare.

The first scene was Jiang Yu's scene, and they still had to hang Viya.

"Although the wire isn't very dangerous, you still have to be careful," Tan Wei reminded. "I was injured because of hanging wire previously."

"Thank you, I'll be careful," Jiang Yu thanked her.

After all the preparations were done, Jiang Yu began the official filming.

However, when Jiang Yu rose into the air, the wire rope suddenly broke, and Jiang Yu fell straight down.

"Ah!" Although she was mentally prepared, seeing someone fall from such a high place, Leanne was still shocked and couldn't help but shout.

“Jiang Yu!” Tan Wei shouted and quickly ran over to catch Jiang Yu.

There was a cotton shed where Jiang Yu fell. She first fell on the roof, then rolled to the side and fell into Tan Wei’s arms.

“Jiang Yu! Are you okay?” Hebin was so scared that she didn’t dare to breathe loudly, afraid that Jiang Yu would have an accident.

“I’m fine.” Jiang Yu struggled to get up.

With the cotton shed as a buffer, Jiang Yu was indeed not seriously injured. However, because of the height, Jiang Yu’s ankle was still injured.

“I’ll send you to the hospital.” Tan Wei made a prompt decision. He carried Jiang Yu and got into a taxi to the hospital.

Leanne, who was scared stiff, finally reacted. She stomped her feet angrily. “Jiang Yu!”

What happened to Anna? Jiang Yu was not seriously injured when she fell down. She was even carried to the hospital by Tan Wei!

Chapter 986: A Slight Fracture

Tan Wei brought Jiang Yu to the hospital for a thorough check-up. He only heaved a sigh of relief after confirming that Jiang Yu’s ankle was a slight fracture and that she would recover in half a month.

“Thank you.” Jiang Yu thanked Tan Wei.

“You’re welcome. I’m just worried that someone as good as you would be unable to film because of your injury.” Tan Wei shook his head and sighed. “That’s why my uncle is depressed all day long. I want to enlighten him, but I don’t know what to say.”

“Don’t be sad. Everything will be fine,” Jiang Yu comforted him. “You should go back. I’m really sorry for wasting your time. I’m fine now. You should go back and film.”

“Then you should contact your friends to take care of you,” Tan Wei instructed.

“Okay.”

After Tan Wei left, Jiang Yu hesitated for a moment, but she still called Mo Long.

This matter definitely couldn’t be hidden from him. It was better to tell him before he found out.

After Mo Long heard about this matter, he didn’t even care about the work in his hands and immediately rushed to the hospital.

He quickly walked into the ward and saw that Jiang Yu’s left ankle was covered with a thick layer of plaster.

“What’s going on?” Mo Long frowned. “It seems like you can’t take care of yourself when I’m not around.”

"It was an accident today." Jiang Yu carefully looked at Mo Long's expression, "Don't think that the cast on my foot is so exaggerated. In fact, I only have a slight fracture. The Doctor said that I can recover in half a month."

"Oh, you." Mo Long was initially a little angry that Jiang Yu did not take care of herself. However, when he saw her foot and her expression, not only was his anger gone, he was filled with worry and self-blame instead.

"If only I had gone with you today."

"It's alright. Don't blame yourself." Jiang Yu comforted him. "I didn't expect that the wire would break either. Director Hebin had said before that this batch of wire was new and that the quality issues were all passed. There shouldn't be any problems with the wire breaking."

Mo Long pondered for a moment and came to a conclusion. "Then someone deliberately harmed you."

Jiang Yu originally wanted to say that no one would dare to do that, but then she thought of the poisonous hook beetle that Li Yue had given to her and the flying catkins that Jiang Ean had sprinkled into the ventilation duct, she also felt that it was not impossible to cut the rope.

"But other than Leanne and Anna, no one would do such a thing, right?" Jiang Yu guessed.

After all, ever since she came here, she had only had conflicts with Leanne and Anna.

"Anna? Is it that international supermodel?" Mo Long paused. He did not expect her to be here.

"Yeah, and she's in cahoots with Leanne." Jiang Yu curled her lips.

Mo Long was silent for a while, then said, "Call the police first."

In fact, he wanted to investigate this matter, but they were in Hollywood now and not in China, so it was not easy to investigate this matter. He could only call the police first and then investigate through the police.

As for Jiang Yu, she could only lie in the hospital for the past few days and could not go to the scene to check the situation, so she could only agree to Mo Long's request and let the police handle this matter.

Moreover, if it was really found out that Anna or Leanne had tampered with the matter, then their fate would definitely be imprisonment for the crime of "Intentional harm."

Thinking of this, Jiang Yu's mood eased up a lot.

"Are you still not done with your work?" Jiang Yu knew that Mo Long had a few jobs recently. Now that he had come to the hospital because of his injury, he might not even be done with his work.

However, Mo Long did not think that work was that important. He only wanted to take care of Jiang Yu now. He could do his work later. If it was really too late, then he would hand all the work over to Teng Yi.

Far away in China, Teng Yi felt a chill down his spine and could not help but shiver.

Mo Long called the police and told the local police about this matter. The other party agreed to help investigate the matter.

Just as he hung up the phone, someone knocked on the door of the ward. "Jiang Yu, this is director Hebin."

Jiang Yu replied, "Director, I'm here."

Only then did the door open. But Hebin wasn't the only one who came in. Behind him were Leanne, Tan Wei, and Jin Lan.

Hebin and Jin Lan were carrying a lot of things. Most of them were supplements.

"You really scared me today when you fell down." When Hebin talked about this matter now, he still felt a lingering fear. "Fortunately, there is a cotton shed in that area. Otherwise, I really can't imagine what will happen next."

Chapter 987: Don't Feel Guilty

"Director, this has nothing to do with you. Don't blame yourself," Jiang Yu consoled, "But since you said that this batch of wire was new, I have reason to suspect that someone deliberately harmed me. I have already called the police, and the police have agreed to investigate."

As she spoke, she looked at Leanne.

Leanne's expression was the same as usual. She did not panic or feel guilty because Jiang Yu said "Call the police."

Perhaps she really did not do it, or perhaps she was still acting.

Hebin agreed with Jiang Yu. "That's fine. If someone really did harm you on purpose, then let the police arrest them all!"

Intentionally harming people in his territory was simply intolerable!

Jiang Yu looked at the people behind Hebin and realized that Anna was not there. "Anna isn't here?"

Hebin explained, "Her eyes haven't fully recovered yet. I arranged for her scene to be tomorrow, so she didn't come today."

"I see." Jiang Yu nodded and said casually, "Then I hope she recovers as soon as possible."

There were a lot of suspicious points about this matter.

After visiting Jiang Yu, Hebin and Jin Lan left first. Although Tan Wei wanted to stay and talk to Jiang Yu, Mo Long was so gloomy that he hurriedly said goodbye to Jiang Yu and left.

Seeing this, Leanne also wanted to leave, but Jiang Yu stopped her. "Wait a minute."

"What's the matter?" Leanne turned to look at her.

She still had a nonchalant attitude. Jiang Yu couldn't see anything unusual about her.

After a short pause, Jiang Yu said, "Be careful of wire during the filming tomorrow. Don't let anything happen to you."

“You’re so kind-hearted.” Leanne sneered. “Who knows if you planned today’s incident to arouse the sympathy of others?”

Mo Long frowned and was about to stop Leanne when he was stopped by Jiang Yu.

Jiang Yu smiled and said, “I have many ways to make others sympathize with me. There’s no need to choose such a tactic. But you were so attentive to Tan Wei today and urged me to hurry up and film. What are you planning?”

Leanne froze. She didn’t expect Jiang Yu to be so observant.

“You, you’re talking nonsense! Since when have I been attentive to Tan Wei?” Leanne hurriedly explained and didn’t forget to look at Mo Long as she spoke.

“If you want to talk, then talk. Why are you looking at my fiancé?” Jiang Yu pretended to be surprised. “Don’t tell me you want to cheat on me?”

“Jiang Yu! Don’t frame me!” Leanne’s face turned red. “You don’t have any evidence. Don’t talk nonsense!”

This was clearly a sign that someone had stepped on her tail.

Jiang Yu shrugged. “Let’s not talk about this first. Let’s talk about the matter of you urging me to film today. Did you already know that there was something wrong with that root of the wire and were afraid that something would happen if you hung yourself, so you let me go to film first?”

She suddenly changed the topic and her eyes turned cold. “Or is it because you tampered with that wire? That’s why you asked me to go first?”

“No! It has nothing to do with me!” Leanne hurriedly denied. “How did I know that the wire would be cut like that...”

Before she could finish, Leanne quickly covered her mouth.

But Jiang Yu had already understood. “You knew that the wire was cut by someone?”

“I don’t know!” Leanne denied, she also made up an excuse. “The wire was so thick, and you were so light. How could it be cut off? Someone must have cut it on purpose. Otherwise, how could you fall so easily?”

Her words were logical, and even Jiang Yu didn’t think of anything to refute.

“It has nothing to do with me. Even if you call the police, they won’t be able to find me,” said Leanne as she ran out of the ward.

“It must have something to do with Leanne,” said Jiang Yu. “But she doesn’t seem to be the real culprit. Anna is.”

“How can you be sure it’s Anna?”

“I’m not sure...” Jiang Yu thought for a while, “But Anna and Leanne are definitely on the same boat now. One of them hates what happened in Malaysia back then, and the other is constantly coveting you.”

If they have the intention to harm me, it's not far from the truth. Moreover, now that they are tied together, they will rise and fall together. Therefore, Leanne will definitely protect Anna."

Mo Long sneered, "I'm just afraid that when this matter comes to light, Leanne will be eager to kick Anna away. I haven't settled the score with her for what she did to you back then."

Chapter 988: Gradual Investigation

Jiang Yu was recuperating in the hospital. During this period, Hebin and Jin Lan had been visiting her.

Other than that, there was also Tan Wei.

Leann would come occasionally, but mostly because she wanted to see Mo Long.

In short, the people who should have come and the people who shouldn't have come were all here, except for Anna.

According to the time, Anna's eye injury should have healed and she should be able to act normally. However, she didn't want to come over to see Jiang Yu, partly because she didn't want to see Jiang Yu, and partly because she was afraid that she would feel guilty after seeing Jiang Yu.

"She hasn't come all this time, which makes it seem like she's trying to hide something." Jiang Yu could already get out of bed and walk around, but after walking for a long time, her ankle still hurt a little.

"It took too much time to send Jiang Yu to the hospital. When the police arrived at the scene, there were too many people trampling on the scene, so there wasn't much useful physical evidence. They only brought back the cut wire rope." Mo Long sighed.

If he had known this would happen, he would have investigated it himself. But now that the police had investigated for so many days, it was impossible for him to interfere.

"Other than this, is there nothing else?" Jiang Yu asked.

"No." Mo Long shook his head. "I'll get Teng Yi to investigate this matter and then hand the evidence to the police."

"But this is Hollywood. It's more or less inconvenient for Teng Yi." Jiang Yu didn't intend to let Teng Yi take the risk. "If the local police and the embassy find out about this, I don't know what kind of trouble it will bring."

"But with that group of people, I don't know how long it will take to investigate." Mo Long frowned unhappily. "As expected, we shouldn't count on them."

"My leg is almost healed. I'll be able to go back to filming soon," Jiang Yu muttered. "We can't just wait for the police to investigate this matter."

Mo Long knew that Jiang Yu wanted to investigate this matter on her own. He really wanted to use his own power to investigate this matter, but this was Hollywood. Just like when he was in Malaysia, no matter how long his hands were, he couldn't reach Hollywood.

Although he had worked with most of the companies here, this was his first time dealing with the police station.

"It's getting late. Are you done with your work today?" Jiang Yu asked.

In the past few days, Mo Long had been bringing his work to the hospital to take care of Jiang Yu. At the same time, he did his work in the remaining time.

"I'm done," Mo Long muttered. "There shouldn't be any work for me to take care of you."

"I'm almost fully recovered. Why would I need to take care of you?" Jiang Yu smiled, "If you're really busy with work, do you want to go back to the company first? Although this movie was a movie, at this rate, it would take at least a month to finish shooting. Don't waste such a long time with me."

"It's fine. I have Teng Yi in the company's business. I don't need to worry," Mo Long said. "Taking care of you is the most important task now."

As he spoke, he helped Jiang Yu to the bed. "Let's rest first. If there's anything, we'll talk about it tomorrow morning."

"Okay." Jiang Yu nodded and lay down obediently.

While Jiang Yu was asleep, Mo Long went out and gave Teng Yi a call. "Find out who the police chief in Hollywood is."

"Okay."

Teng Yi's fingers tapped on the computer keyboard a few times, and the information about the police chief popped up.

"President Mo, this police chief is called Harden. He's a middle-aged man in his fifties. His reputation isn't good, but it's not bad either. He was found to be corrupt a few years ago, but because there wasn't enough evidence, the matter was put to rest." Teng Yi told Mo Long all the information on the computer.

"Focus on investigating this Harden. Give me the results as soon as possible." Mo Long pondered for a moment and gave the order.

Since the police station was always dawdling and unwilling to cooperate, then he should take out something threatening and force them to actively investigate.

"Yes, President Mo..." Teng Yi replied.

After Mo Long hung up the phone, he returned to the ward. Jiang Yu was already fast asleep.

"Good night."

Mo Long said softly and went to sleep on the sofa with his clothes on.

The next day, Teng Yi sent Mo Long the documents that he had found out after staying up all night.

Seeing him looking at the computer screen with his brows furrowed, Jiang Yu thought that he had a job again.

“Is today’s work very difficult? You don’t look too good.”

“It’s not work, it’s something else.”

Chapter 989: Threat

Seeing that he didn’t intend to say anything, Jiang Yu didn’t ask any further. In the end, Mo Long told Jiang Yu about this matter himself.

“I asked Teng Yi to investigate the information of the police chief, Harden,” Mo Long explained simply. “Now, I have something on Harden. If this is the condition, I’m not afraid that he won’t investigate this matter clearly.”

“You actually asked the Teng Yi to investigate the police chief?” Jiang Yu was dumbfounded. “When did this happen?”

Mo Long answered truthfully, “Last night, after you fell asleep.”

Jiang Yu paused for a moment and then began to worry again. “But if you go looking for that director like this, will something happen? This isn’t our home country, so many things are uncertain.”

“It’s fine, don’t worry,” Mo Long comforted her. “I have something on him, and he won’t dare to do anything to me.”

“Then when do you plan to go? Now?” Jiang Yu was still worried, and her eyes were filled with worry.

“This matter is not suitable to be delayed any longer.” Mo Long lowered his eyes. “I’ll go now.”

Jiang Yu’s feet could not be discharged from the hospital yet, so she could only remind Mo Long, “Be careful on the road.”

“Okay, I’ll be careful.”

Mo Long left the hospital and took a taxi to the police station.

At first, the police only treated him as an ordinary informant and did not ask any more questions. Mo Long walked straight into the innermost room and said to the operator, “I want to see your chief.”

The operator glanced at him and saw that he was wearing ordinary casual clothes. He could not help but have the thought of snubbing him, “Who are you? If you want to see our chief, you need to make an appointment. If you don’t have an appointment, you can’t see him.”

Mo Long placed one hand on the front desk and said word by word, “I said, I want to see your chief.”

The operator was impatient. “I said, you can’t see our chief without an appointment! Are you deaf? Or do you not understand human language?”

Mo Long narrowed his eyes and revealed a faint murderous intent.

The operator was a little scared for a moment, but he relied on his position in the police station, so he still spoke very firmly. “It’s useless for you to look at me like that. Anyway, you can’t see our chief!”

“Then forget it.” Mo Long returned to normal. “When something happens, don’t regret what you did today.”

As he said that, he turned around and was about to leave.

The operator’s heart trembled, and he hurriedly shouted at Mo Long, “Wait!”

Although the operator looked down on Mo Long, who was wearing casual clothes, his expression just now did not seem like a joke.

Therefore, after a short moment of consideration, the operator still planned to let Mo Long go in to see Harden.

When Mo Long walked into Harden’s office, he saw a bald middle-aged man sitting on a chair smoking.

“Who is it?” Harden looked at Mo Long casually and asked, “Asian?”

Mo Long did not answer, but sat down on the sofa for two.

Harden, who had been ignored, was instantly incensed. “I’m asking you a question. Can’t you hear me? You still have such an expression when you’re begging me to do something. I think you’re tired of living!”

As he spoke, he fiercely extinguished the cigarette butt. Just as he was about to call someone in to chase Mo Long away, he heard Mo Long suddenly say, “What if I say that you will be begging me?”

“I will be begging you?” Harden grinned, revealing two rows of uneven big yellow teeth, “Do you know who I am? What do I need to beg you for? In this place, it’s always others who beg me. Who do you think you are?”

“Harden, thirty years ago, you graduated first from the bottom in the police academy. After that, you didn’t have a stable job for the next ten years. You relied on the wealth left by your grandfather’s generation to survive. Later, it was your father who spent 200,000 yuan to buy a position for you in the police station. Only then did you have a real job. After that...”

Before Mo Long could finish his words, Hadden stopped him with a terrified expression. “Shut up! How did you know about this?!”

“I know something else. Do you want to hear it?”

“Who... Who are you?” Hadden was so scared that he broke out in cold sweat.

Mo Long simply said his name. “Mo Long.”

“Mo, Mo Long?” For a moment, Harden felt that this name was familiar, but he could not remember where he had heard it before.

“Harden, I have a lot of information about you in my hands, including the matter of your corruption a few years ago.” Mo Long looked at him gloomily, “Do you think that you can rest easy without any evidence at that time? But I have already found the evidence. As long as I hand this evidence to the media, how long do you think you can sit in this position?”

Mo Long's expression didn't seem like he was joking, so Harden didn't even dare to breathe for a moment.

Chapter 990: Clues

After a long time, Hadden finally found his voice. "What do you want?"

Mo Long spread his hands. "What I want is very simple. I only need your subordinates to help me investigate a case. After the case is completed, I will forget about this matter and won't tell anyone."

"Why should I believe you? What if after the case is completed, you tell this matter to the media and escape? What will I do then?" Hadden stared at Mo Long, trying to find a flaw in his face.

Unfortunately, he didn't.

Mo Long couldn't help but sigh in his heart. He didn't expect a lazy person like Harden to become smart at a time like this.

"You don't have to believe me, so you don't have to work with me. But you have no other choice but to believe me now," Mo Long said. His voice wasn't as gloomy as before.

Harden was silent for a long time before he said, "As long as you don't go out today, no one will know about this."

Mo Long could not help but laugh. "Harden, you are indeed very smart at this time, but not many. Do you think I would come to find you without any preparation? Barging into the enemy's territory alone without any chance of winning, this is something only a young boy would do."

Harden choked. He knew that he really couldn't do anything to the man in front of him, so he could only ask in a deep voice, "What case?"

"I've called the police before, it's your police station," Mo Long said, "Ask your people about the details. I won't go into details. As for why I came to find you today, I also want you to tell your men not to be too slow in doing things."

"Got it." Harden quickly agreed. He just wanted to send the Buddha, Mo Long, away.

Mo Long did not plan to stay any longer. After giving Harden a few more words, he left.

After Mo Long left, Harden was relieved. Then, he asked about the case that Mo Long reported a few days ago.

After confirming everything, Harden waved his hand. "Go investigate quickly! If you can't find out, don't take this job!"

The people in charge of this case had originally planned to laze around and pass the time. They didn't expect that when Mo Long came over, the director would make them do their best to investigate this case.

It seemed that Mo Long was indeed a big shot.

And when the operator who had neglected Mo Long saw Harden's actions, he felt even more uneasy. He was afraid that Mo Long would say bad things about him in front of Harden and end up losing his job.

However, Harden did not pay any attention to the operator until he returned to the office. He let out a sigh of relief.

It seemed that Mo Long did not say anything. He was really a good person.

After Mo Long returned to the hospital, Jiang Yu was walking on the ground to speed up the recovery of her ankle.

"How are you?" Seeing that Mo Long had returned, Jiang Yu quickly walked over and touched his body, afraid that he would get hurt.

"I'm fine. Look, I'm fine." Mo Long opened his hands and allowed Jiang Yu to examine his body.

After confirming that Mo Long was fine, Jiang Yu calmed down. "I'm glad. What did you say after you went? Did the director not make things difficult for you?"

"It went very smoothly." Mo Long smiled. "As long as those people are willing to investigate seriously, this case will be investigated very quickly."

"It'd better be so."

And the facts proved that Mo Long's guess was right.

Ever since Harden gave the order, the group of police officers had begun to treat this case seriously. In one night, they found scissors that could cut the crack of the wire rope.

They had now treated Mo Long as a distinguished guest of the police station. Even these clues had to be reported to the hospital in person.

"This kind of scissors is still very common in the market. Whether it's a clothing store or a food packaging company, they all use this kind of scissors." The policeman explained the clues he had found, "Therefore, it's very difficult for us to determine whether the scissors that cut off the wire were brought by the murderer or were taken at the scene."

"Can't we just ask him directly?" Mo Long was still not satisfied with their efficiency, "Don't tell me that the production crew doesn't know what kind of scissors they are using? If it's not the production crew, then the killer brought it on himself. If it's the production crew, then the killer didn't bring it on himself."

The police officer's forehead was already covered in cold sweat. After hearing this, he quickly took his report and left.

"You scared them," Jiang Yu reminded him while sitting on the hospital bed.

"It's such a simple matter, yet you put on a troubled expression." Mo Long frowned. "Do you want me to tell them what to do? Am I a policeman or are they?"
