

Older Man 991

Chapter 991: Crime Weapon

Jiang Yu could not help but laugh. After a while, she asked again, "But how can you be sure that this pair of scissors was not brought by the perpetrator?"

Mo Long explained nonchalantly, "If the perpetrator was really Anna, then she would not have done such a brainless thing. This pair of scissors is very sharp. If she carried it around with her, it would attract a lot of attention. Therefore, the most reasonable explanation is that she obtained this pair of scissors on the set."

"I hope this case can be solved as soon as possible." Jiang Yu sighed. "I can also shoot faster and we can go back earlier."

"Don't worry too much. You just need to recuperate properly now," Mo Long comforted her.

At night, the police officer who reported the clues came to the hospital again. At the same time, he brought the pair of scissors.

"Mr. Mo, this is the pair of scissors that cut the wire." The police officer handed the pair of scissors to Mo Long.

"Are you sure?" Mo Long held the scissors and looked at it carefully. It was exactly the same as the scissors on the market.

"Yes. I showed the picture to the field manager, and the field manager took out the scissors. He said that it was only used in a few places, so there was only this one on the set. I just sent this pair of scissors to be tested, and only the field manager's fingerprints were detected on it." The police officer told all the clues he found in one breath.

"It seems that the murderer is quite smart." Mo Long threw the scissors back. "Continue with the investigation."

"Yes!" The policeman took the scissors and left in a hurry.

"It seems that Anna is not completely brainless," Jiang Yu said. "At least she knows how to wipe her fingerprints clean."

As soon as she said that, the door of the ward was pushed open.

It was Anna.

Mo Long frowned when he saw her. "Don't you know how to knock?"

Anna was a little afraid when she saw Mo Long. She staggered out and knocked on the door again.

"Come in," Jiang Yu said.

Anna walked in. Her eyes didn't linger on Mo Long. Instead, she walked straight to Jiang Yu's bedside. "I heard that you were injured. I came to see you."

“Really? Then I really have to thank you.” The corners of Jiang Yu’s lips curled up. “I’m almost fully recovered.”

What she meant was — ‘isn’t it a little late to come to see me when I’m almost fully recovered?’?

Anna was not stupid. She could hear the meaning in Jiang Yu’s words and immediately said unhappily, “What do you mean by this?”

Jiang Yu did not hide anything and said very generously, “I mean that if you had come a few days later, I would have already fully recovered and would already be alive and kicking.”

Anna choked and didn’t reply.

If the police hadn’t come to the set today to investigate the case, she wouldn’t have come to visit Jiang Yu out of guilt.

On the surface, she was visiting Jiang Yu, but in reality, she wanted to see Jiang Yu’s attitude towards this matter.

Although she had cut off the wire on a whim and wanted to make Jiang Yu suffer a little. But when the police came to investigate the case, Anna still panicked and worried that she would go to jail.

Anna sorted out her thoughts and said, “I heard that you suspect that someone cut off the rope, which is why you were injured?”

“The police went to the set today, right?” Jiang Yu looked at her. “If they weren’t suspicious, I wouldn’t have called the police.”

“What’s the point of calling the police for such a thing?” Anna’s eyes couldn’t help but darken. “Only the scene manager has that pair of scissors. Who else could it be? He must be the murderer. You might as well let the police arrest him.”

Seeing that Anna was in such a hurry to shirk responsibility, Jiang Yu was even more convinced that she was the one who cut off the wire rope.

“The field agent doesn’t even know my name. Why would he do that?” Jiang Yu stared into Anna’s eyes as if she was trying to read her mind. “You and Leanne have a conflict with me, and now you’re trying to shirk responsibility... Could it be that you’re the one who cut off the rope?”

“Don’t talk nonsense!” Anna was extremely guilty, and her speech was a little staccato. “If you say that, don’t blame me for suing you for slander!”

“I didn’t say it was definitely you, don’t be nervous.” Jiang Yu smiled in relief.

“I’m not nervous!” Anna unconsciously raised her voice. “If I knew you missed me so much, I wouldn’t have come!”

Jiang Yu didn’t intend to keep her. “Take care, I won’t see you out.”

Anna was so angry that her eyes turned black and she almost fainted.

However, she didn’t see through Jiang Yu’s clear attitude and didn’t dare to leave for the time being.

“Jiang Yu, did the police tell you who the murderer is?” Anna asked guiltily again.

“Yes, they said it’s someone from the set. Everyone is a suspect, including the production crew and you.”

“It wasn’t me!” Anna quickly waved her hand. “I think it was the set manager! Quickly get the police to arrest the set manager. Don’t let him flee in fear of punishment!”

Chapter 992: Had Given Herself Away

Anna had been unwilling to admit it and had been pushing the responsibility onto the field staff.

However, Jiang Yu did not speak for a long time. She could not guess what Jiang Yu was thinking, so she wanted to leave as soon as possible.

Anna still understood the principle of “Speaking more about right and wrong”. She did not want to be tricked by Jiang Yu or be discovered by Jiang Yu, so she took advantage of the silence between Jiang Yu and Mo Long to escape from the ward.

At the door of the ward was Leanne, who had been waiting there for a long time.

Seeing Anna come out in a panic, Leanne couldn’t help but frown. “What’s with your expression? Did Jiang Yu find out that you cut the rope?”

Her voice was a little loud, and Anna was worried that Jiang Yu and Mo Long would hear her, so she hurriedly pulled Leanne to the side of the stairs. “How dare you say that at the door of the ward? What if Jiang Yu hears you? Then I’m dead!”

Leanne looked at Anna with a wicked smile. “I didn’t expect you to be so afraid.”

“Of course I’m afraid! If this matter is found out, I’ll have to go to jail for the rest of my life!”

“What are you afraid of?” Leanne crossed her arms in front of her chest disapprovingly. “Anyway, she has no evidence. How can she arrest you?”

As she was speaking, the door of the ward was opened — it was Jiang Yu.

She saw the two people standing at the stairway but didn’t say anything. Instead, she responded with a faint smile.

Jiang Yu turned around and walked forward. Leanne and Anna didn’t know where she was going, but they were a little afraid at this moment. They were worried that Jiang Yu had heard what they had just said.

So the two of them quickly left and went back to their respective homes. They also agreed to not contact each other for the next few days so that they wouldn’t be caught by others.

Jiang Yu did hear the conversation between Leanne and Anna. Although she only heard a part of it, she was already certain that Anna was the one who cut off Viya.

Unfortunately, she did not record the conversation and did not go out to confront her, so she did not have any evidence.

Jiang Yu pretended to go out for a walk before returning to the ward.

"It really is Anna. I just heard the conversation between her and Leannee at the door of the ward." Once Jiang Yu returned to the ward, she sat back on the bed. "Although we don't have any substantial evidence, we can let the police focus their investigation on Anna."

Mo Long nodded. "Okay."

He immediately called Harden and asked him to focus his investigation on Anna and her schedule for the next few days.

However, Harden was in a difficult position. "President Mo, the person you are talking about is a Malaysian. He is not in our scope of investigation."

"If I ask you to investigate, then go ahead. If anything happens, just tell me my name." Harden's tone did not allow him to refuse.

With a big tree like Mo Long leaning against his back, Harden's tone became a little more firm. "Okay, no problem!"

As he said that, he hung up the phone and asked his subordinates to focus on investigating Anna.

After a night had passed, a new police came to the hospital with the clues they had found.

"According to the surveillance camera at the hotel entrance, Anna went out and came back on time these few days. Only six days ago, she didn't go out after she returned to the hotel. But we have verified this with the director and Anna herself. She was unable to film because of an eye injury that day, so she took a day off to rest."

These were very normal trips, so the police didn't think there was anything wrong with Anna at all.

"Is there nothing else besides these?" Jiang Yu asked.

"No," the new police officer answered truthfully.

"Thank you," Jiang Yu thanked politely.

"This is what we should do." The police officer was flattered, and then he left with Jiang Yu's smile.

"Anna covered it up very well. I don't know if she did it herself or if someone was helping her behind her back." Jiang Yu muttered to herself, and the image of Leanne's face appeared in her mind.

"Yu'er, take care of your injuries. Leave this matter to me." Mo Long could not bear for her to be upset over this matter.

"Okay." Jiang Yu nodded, however, she still wanted to go to the set to take a look for herself. "The Doctor said that my feet have already recovered. I have to pay attention to walking more recently so that I can recover faster. So, I plan to go to the set to take a look. Will you bring me there tomorrow?"

Although it was a question, Jiang Yu's tone sounded more like a statement.

Mo Long had no reason to refuse, so he could only agree. "Okay, I'll bring you there tomorrow. Have a good rest today."

"Okay." Jiang Yu smiled in satisfaction.

The next morning, Jiang Yu put on her casual clothes and took a car to the set with Mo Long.

On the way, Mo Long also called and asked Harden for a few police officers.

Chapter 993: Escaped

No one expected Jiang Yu to come out of the hospital at this time, so they were all very surprised.

In addition, it was also their first time seeing Mo Long, so they were even more surprised.

Leann had been sitting next to Anna, intending to continue discussing the script with her, but when she saw Jiang Yu and Mo Long, she completely forgot what she wanted to say.

Meanwhile, Anna was not only shocked, she was also panicking.

She grabbed Leanne's clothes in fear and asked softly, "Why is she here? Does she know something?"

Leanne gritted her teeth. "Don't grab me."

However, Anna was so afraid that she did not dare to let go.

Jiang Yu pretended that her attention was not on them. Instead, she introduced her to Hebin. "Director, this is my fiancé. You guys have met before."

Hebin had an impression of Mo Long. When he first went to visit Jiang Yu, he saw this man sitting on the sofa. The expression on his face was not very good.

However, he did not expect that this man was actually Jiang Yu's fiancé. "Your fiancé is very handsome. What do you have a word for it? ... 'a perfect couple'. Yes, that's the word!"

"Thank you, Director." Jiang Yu smiled until her eyes curved into crescents. Then, she turned her gaze to Leanne and Anna,

"Are you guys discussing the script?" Jiang Yu walked over and walked as fast as she could. She did not look like she had an injured ankle at all.

Leann stood up first and asked in return, "We are all actors. Is it abnormal to discuss the script?"

Jiang Yu looked at her in surprise. "I didn't say anything. Why are you so angry all of a sudden?"

Leanne was speechless, after a long while, she changed the topic. "I see that you are in good health. You have recovered a long time ago, right? Then why didn't you come to film? Be careful that when we finish filming and go back on vacation, you will have to catch up with the scenes here alone."

"Then you don't have to worry. This is my business." Jiang Yu smiled and turned to Anna. "Anna, why are you shaking?"

If Jiang Yu had been discharged at the usual time, Anna wouldn't have been so scared.

However, Jiang Yu had left the hospital early. Anna didn't know whether she had been discharged early or if she knew the truth, which was why she had come here.

Just as she was thinking, Anna heard the sound of sirens coming from outside.

This time, Anna was so scared that she did not dare to breathe loudly.

Jiang Yu must have known the truth! That was why she had brought the police here!

Bean-sized beads of cold sweat kept breaking out on Anna's forehead, quickly wetting her messy hair.

Seeing her like this, Jiang Yu could not help but laugh. "Anna, why are you sweating so much?"

As she spoke, she took a towel from the temporary storage rack and handed it to Anna.

Anna took the towel while trembling. From the corner of her eye, she saw the policeman at the door. Her heart was beating faster and faster, as if it was about to jump out of her throat.

So she hurriedly stood up and stammered, "I, I need to go to the bathroom."

After saying that, she ran to the bathroom without caring about anything else.

Jiang Yu looked at Anna's back view as she left in a hurry and couldn't help but feel a little amused.

The bathroom was on the first floor, and outside was a bustling street. There was a small window near the roof. If all the windows were opened, it would be able to accommodate a smaller woman.

Anna took the trash can from the bathroom and flipped it upside down. Using the height of the trash can, she successfully opened the small window.

Although the window was in disrepair and Anna could only open half of it, it was enough for someone like her who had learned dancing since primary school and had a very flexible body.

Anna jumped down from the small window and started running in a random direction.

At this point, Anna did not dare to hope that Leann could protect her. Leann would definitely do everything she could to push all the responsibility away and then build a good image for herself.

And if nothing went wrong, Anna was the one who took all the blame.

"I shouldn't have worked with Leanne in the first place!" Anna cursed in a low voice as she ran. "She's just a braggart! When she's free, she treats herself as a big star. When something happens, she has to be a coward!"

Anna kept running. By the end, the air in her lungs was almost gone.

She could only rest by the tree and pray that the group of people would not catch up to her now.

She ran for half an hour.

The people on the set noticed that something was wrong. HeBin thought that Anna had a bad stomach and knocked on the door. "Anna, are you okay?"

But no one answered in the bathroom.

Chapter 994: Arrested Into Prison

“Did something happen to Anna?” Hebin frowned. “Get a girl over, go in and see what’s wrong with Anna.”

Just as Leanne was about to speak, Jiang Yu beat her to it. “I’ll go take a look.”

Then, without waiting for Leanne’s reaction, she pushed open the bathroom door.

Jiang Yu walked into the bathroom and looked around. All the doors to the cubicles were open. There was no one there. She looked around and when she looked up, she saw a half-opened window.

Jiang Yu frowned and walked out of the bathroom. She said to the crowd, “Anna escaped.”

“Escaped?” Hebin was shocked. “What does that mean? ... Could it be that what happened to wire was...”

Before Hebin could finish, Jiang Yu had already understood. She nodded at him and said, “That’s right. The person who harmed me was Anna.”

“You have no evidence. Stop talking nonsense.” Leanne was still insisting on speaking up for Anna, but there was nothing she could do.

Jiang Yu said to the police officers, “Anna escaped through the bathroom window. I’ll have to trouble you to chase after her. She ran away in a costume. Someone will definitely see her.”

“Okay.” The police officers got into the police cars and went around the back of the building to ask the witnesses.

“Oh my God, isn’t this too hard to believe?” Hebin still couldn’t believe that Anna actually wanted to harm people.

Although Leanne still wanted to put in a good word for Anna, now that the facts were in front of her, everything she said was a waste of time.

Not long after, the police cars arrived again. And this time, it was not only the policemen who got out of the car, but also Anna.

They brought Anna in and said to Jiang Yu and Mo Long, “Mr. Mo Long, Miss Jiang Yu, we have already caught Anna.”

Anna, who was in custody, shouted at the top of her lungs, “Let go of me! If you arrest me without a warrant, I can file a complaint against you!”

However, the policemen did not waver. They brought Anna back to the police station with Jiang Yu and the rest.

Before they got into the car, Jiang Yu turned to look at Leanne. “Leanne, come with us.”

"I'm not going," Leanne refused flatly.

"Aren't you afraid that Anna will say something about you?" Jiang Yu asked with a smile.

Leanne's heart skipped a beat. She said, "I didn't do anything. Why would I be afraid that she will say something?"

However, her body was still very honest as she got into the police car.

At that moment, only the director and Tan Wei were left on the set, as well as the rest of the staff.

However, this was a big deal. Hebin didn't have the mood to continue filming, so he gave all the staff a break and waited for this matter to be completely resolved before filming.

When they arrived at the police station, Anna was locked in the interrogation room. Her eyes were so red that they looked like they were about to bleed.

She beat the iron door of the interrogation room with all her might. "Let me out! You don't have an arrest warrant and no evidence! What right do you have to arrest me?!"

Harden stood at the door and carefully looked at Mo Longbeside him. He did not know whether he should go in or go in himself.

However, ink dragon did not make things difficult for him. "The interrogation is your police's job. It's not convenient for me to interfere."

"Yes, yes." Harden quickly brought people in and restrained Anna.

"I want to see your chief!" Anna shouted, "Where's the chief? ! I was wronged!"

"Shut up!" Harden glared at her fiercely. "You said you were wronged, then why did you see the police run away?"

"I, I didn't run away!" Anna explained in a panic, but even she did not believe what she said. So she could only continue to act shamelessly, "In short, I was wronged! If you really want to arrest me, show me the evidence! Without evidence, I will never confess!"

"Aiya, you criminal, you are really bold!" Harden stood up in anger, the fat on his belly was trembling, "The witness and physical evidence are all here, you still want to deny it?"

"... Witness?" When Anna heard the word "Witness," she thought that it was because Leanne wanted to protect herself, so she told Harden everything.

But Harden was talking about Jiang Yu, the victim — the witness.

"Leanne said it, didn't she?" Anna stared at Harden. "She can pass the buck, but why should I take the blame?!"

"What Leanne?" Harden didn't understand.

Anna didn't listen. "Leanne came with me, I know! where is she? Let her come in and talk to me!"

"You criminal, you're so baffling, I said I don't know what..."

“Stupid pig, shut up! I said let Leanne come out to see me!” Anna looked like a crazy person. Her hair was disheveled, and there were a few stains on her face.

Chapter 995: Bite Back

Harden wanted to use his identity as the director to teach Anna a lesson, but there was a knock on the door of the interrogation room. It was Mo Long who wanted to send Leanne in.

Leanne was very resistant. “What do you mean? Can’t you see that she wants to eat me? You still want me to go in? Do you want to see me die?”

At such a critical moment, Leanne did not care whether the man in front of her was the Mo Long that she had always wanted to seduce. She shouted angrily and wanted to make the man in front of her deaf.

Jiang Yu smiled. “Leanne, Anna would not want to see you for no reason. There must be something shameful between the two of you. That’s why she can’t wait to see you after the accident.”

“Nonsense...” Before she could finish her sentence, Leanne was pushed by Mo Long and staggered into the interrogation room.

Seeing this, Harden also tactfully left with his men.

Only Leanne and Anna were left in the interrogation room.

The rest of the people stood at the door and quietly listened to the conversation inside.

Anna saw Leanne and sneered. “What, you finally dare to see me now?”

“What nonsense are you talking about?” Leanne looked away guiltily. “Don’t say such things. If others hear it, they will misunderstand.”

“I can’t wait for others to misunderstand!” Anna burst into laughter, “Didn’t you know when I said I was going to cut off wire? You knew about this and didn’t stop me or warn Jiang Yu. Instead, you tacitly agreed to let me do it. Do you know that this is also a crime?”

“I don’t know!” Leanne raised her voice. “Anna, I’m also angry that you did this! But you can’t count me in because I didn’t know about this!”

“You don’t want to admit it, do you?” Anna laughed until tears were about to come out, “Leanne, you’re really good to bite me at this time. Back then, you were the one who said that you wanted to make Jiang Yu suffer, and you were the one who said that you wanted to seduce Mo Long. In the end, I was the one who did everything. Well, now that the matter has been exposed, you’ve completely shirked your responsibility and let me bear it alone?”

“Anna, you don’t have any evidence. I can sue you for slander! Do you know that?” Leanne calmed down and looked at her coldly. “If you don’t want to die a horrible death, I advise you to take back what you shouldn’t have said.”

But now, Anna was so shocked that she could be called a fugitive. She was no longer afraid of any threats. She even banged the table and shouted happily, “Help! Help! Jiang Yu! Mo Long! And that pig-

headed chief! Leanne committed the crime of covering up for me. She covered up for me! Quickly arrest her!”

“Anna! Are you crazy?!” Leanne was so angry that her eyes were bloodshot. If they were not in the police station, she would definitely strangle Anna to death.

“We were originally on the same boat, but the boat sank. You left and threw me into the sea. Do you think I’ll go crazy?” Anna shouted and cried, “I’m going to be in prison for the rest of my life. I wanted to come back, but now I have no chance! I shouldn’t have believed you in the beginning. I didn’t know you at that time, but I believed your nonsense! I thought that I could return to being an international supermodel after making a movie!”

Anna was crying her heart out, but Leanne didn’t want to comfort her. She just wanted to leave this place as soon as possible.

Just then, Harden opened the door and said to Anna, “You have already admitted your crime, haven’t you?”

Anna nodded with tears in her eyes.

“Then sign your confession and criminal record. We will send you back to the country,” Harden said as he took out a criminal record.

Anna signed it and immediately felt the strength in her limbs being taken away. She could only be dragged out.

Anna had received the punishment she deserved, so the only one left was Leanne.

However, Leanne was not involved in this matter, so it was not an easy task to catch her.

“Anna’s words are all fake. Don’t believe it,” Leanne walked to the door and said to Jiang Yu.

Jiang Yu looked at her and said after a long while, “Of course, Anna is so crazy. Of course, you can’t believe what she said.”

“That’s good,” Leanne said and turned to leave.

“Let’s call it a day, shall we?” Harden smiled apologetically. “Mr. Mo Long, look at what you said before...”

He didn’t finish his words, but Mo Long knew what he meant.

So Mo Long said, “I won’t forget what I promised you.”

Chapter 996: Discharged From Hospital

Harden was a little displeased that he did not receive a satisfactory answer. However, he had something that others could use against him, so he had no choice but to lower his head.

“Alright, alright. Take care, Mr. Mo Long and Miss Jiang Yu.” Harden nodded and bowed.

Mo Long only said, "This is an agreement between us, so I will definitely do what I promised you. However, if you continue to refuse to hold back, then I can not guarantee that these things will be revealed to the world at any time."

Hadden was shocked and quickly tightened his beer belly. "I know, I know, Mr. Mo Long!"

Jiang Yu was surprised, but she did not ask further and left with Mo Long.

On the way back, Jiang Yu asked, "What did you and Harden agree on?"

Mo Long did not intend to hide it from her, so he told Jiang Yu everything.

"Although I know you have something on Harden, I didn't expect it to be this," Jiang Yu said, "That's good too. With this as a threat, he won't dare to do such things in the future. But, is it really okay not to report it to his leader?"

"This is a promise. Since I promised him, I must do it. Moreover, we are not locals. Even if I have more evidence than this, his uppermight not meet me. It's better to use this matter as a favor. Moreover, this matter has never been forgotten. It's only a matter of time before it's exposed by the local media."

"That's good too." Jiang Yu nodded.

Since that was the case, then there was no need to do the thankless task.

"Mm," Mo Long replied softly. "Then should we return to the set or the hospital?"

Jiang Yu thought for a moment and was about to say "Return to the set" when she received a call from Hebin.

"Jiang Yu, how's the matter going?"

"It's all settled. Anna will also be sent back to her country." Jiang Yu told Hebin the outcome of the case.

"That's good." Hebin let out a long sigh as if he was also feeling sorry for the matter. "Something happened to Anna, and the third female lead will have to be re-selected again. Time is tight, so we can only choose a relatively suitable person through the auditions. "So, I'll be busy with the auditions for the next few days. You, Tan Wei, and Leanne, get along well. Don't get into any conflicts. I'll Have Jin Lan watch over you."

"Got it, director," Jiang Yu replied.

Getting along well with Tan Wei was fine, but as for Leanne... It was better to forget about it.

Jiang Yu changed her plan and returned to the hospital with Mo Long.

"Speaking of which, Anna was really miserable. Regardless of whether she was working for Leanne or not, in the end, she was still unable to pull the insider, Leanne, down." Jiang Yu shook her head, "Leanne was able to escape from this matter safely because she had the guts to think, but she didn't have the guts to do it. She used her identity to suppress Anna and let her do whatever she wanted. "However, after the incident was exposed, only Anna was punished. Leanne acted as if nothing had happened."

"Most people in the entertainment industry are like this. Profit comes first," Mo Long said softly.

"I hope she doesn't dream about Anna when she sleeps at night."

After resting in the hospital for a few days, Jiang Yu's ankle had already recovered. Even the doctor could not help but exclaim, "You've recovered so well! I'll give you a full check-up and you'll be discharged soon."

"Thank you, doctor," Jiang Yu thanked him politely.

After the full check-up, the doctor said, "She's already recovered and can go through the discharge procedures."

Mo Long was still a little worried. "Don't you need to rest and recuperate again?"

The doctor said unhappily, "Are you a doctor or am I a doctor? If I say that she's fine, then she's fine."

Even a CEO like Mo Long, who could control the skies with one hand, did not dare to talk back to Jiang Yu's attending physician. He could only follow the nurse to go through the discharge procedures and bring Jiang Yu back to the studio.

Jiang Yu originally intended to go to the set, but before she left, the doctor told her to go home and rest for a night before going to work. Hence, Mo Long brought Jiang Yu back to the studio without any explanation.

"I already said that I'm fine, so you're making a fuss over nothing," Jiang Yu said unhappily. "I didn't manage to go today, so I'll have to delay another day of filming."

Mo Long did not go along with her wishes this time. "The Doctor has already told you to rest well before going to work. You don't want to get injured again right after you've just recovered, right?"

"It's not as serious as you say." Jiang Yu curled her lips. "I can jump and jump again a few days ago..."

As soon as she finished speaking, the door of the studio was pushed open. It was Leanne who came in, followed by a bald, greasy man.

Chapter 997: Didn't Have Good Intentions

As soon as the man entered the room, his gaze was attracted by Jiang Yu who was sitting on the sofa.

However, when he turned around and saw Mo Long with a gloomy expression, the man's little thoughts were immediately scared out of his mind.

Seeing this, Leanne smiled and said, "Boss Warren, this is the Jiang Yu that I've been talking about. The person beside her is Mr. Mo Long."

Her introduction of Mo Long was very vague, and she didn't mention that he was Jiang Yu's fiancé.

Warren didn't know about this either. She thought that Mo Long and Jiang Yu were unrelated people. The thoughts that had just been suppressed in her heart suddenly rose again.

"Hello, I'm Warren." Warren tightened his stomach and reached out his hand to Jiang Yu.

Although she was disgusted, Jiang Yu still reached out her hand to shake his hand out of politeness.
“Hello, I’m Jiang Yu.”

“I know. Leanne has been telling me about you all the way.” Warren smiled and his eyes narrowed into slits. He held Jiang Yu’s hand tightly and refused to let go.

“Really? Thank you.” Jiang Yu struggled to take her hand back and looked at Leanne expressionlessly.

“Boss Warren, are you tired? Let me take you upstairs to your room to rest.” Leanne was very eager to entertain Warren.

Meanwhile, Warren looked at Jiang Yu reluctantly and went upstairs with Leanne.

“What is this Leanne doing?” Jiang Yu was puzzled. “Who is this Warren?”

Mo Long didn’t know anything about this Warren.

Soon, Leanne came downstairs, she walked to Jiang Yu and said, “That’s Warren, our new investor. Director Hebin was looking for a new female lead. Warren said that he could increase the investment by giving the position of female lead to his daughter.”

“Who is his daughter?” Jiang Yu asked.

“It’s Hollywood’s newest rising star, Revi,” Leanne said, “Don’t judge her popularity by how much money Warren spent on her, but her acting skills are really good and she’s easy to get along with. This is a win-win for director Hebin, so she agreed.”

“Then why did you bring him to the studio?” Jiang Yu was puzzled. “He’s not from the studio, and neither is his daughter.”

“He’s an investor. Don’t you want to get closer to him?” Leanne looked at Jiang Yu as if she was looking at a country bumpkin, “Do you think you can film and get paid just because the investor threw you a sum of money? You have to have a meal with him so that you can talk to him in the future.”

However, this was only one of the small reasons. The biggest reason was that when Leanne heard that Warren liked young and beautiful women, Jiang Yu’s face flashed through her mind. If she could use a trick to send Jiang Yu to Warren’s bed, then the Mo Long would definitely be in her hands.

With such dirty thoughts in mind, Leanne brought Warren back to the studio, but she didn’t expect Jiang Yu to be discharged early.

But it was also good, it saved a lot of time.

“...Does director Hebin know?”

“Of course, director Hebin arranged the meal time,” Leanne said matter-of-factly, “It’s in a week’s time, at Revi’s birthday party. I’ll give you the address when the time comes. You must come, and don’t be late. If you’re worried... bring your fiancé along.”

When she mentioned her fiancé, Leanne deliberately raised her voice and looked at Mo Long with an ambiguous gaze.

Mo Long replied coldly, "If you don't want your eyes, I'll help you contact the hospital for surgery."

Leanne's expression immediately turned ugly as she angrily returned to her room.

"Don't worry about her," Jiang Yu said. "Let's go back and rest."

"Okay."

After settling the matter of the third female lead, a smile appeared on Hebin's face that had not appeared for a long time.

Everyone was still filming on the set. Warren and Mo Long were also going to visit them.

Warren was not only looking at Revi, but also Jiang Yu. However, he did not know who Mo Long was visiting.

Mo Long was tall and slender. When he sat without saying a word, the aura around him was the most lethal.

Even Warren, a middle-aged man, had to admit that Mo Long was a mature and handsome man.

He sighed in his heart more than once. It would be great if a mature and capable man like Mo Long could become his son-in-law. Not only would he not embarrass his daughter, but he would also have a lot of face if he told others.

So, he deliberately approached Mo Long and directly threw out his question. "Mr. Mo Long, I've heard about you from Leanne. You're very outstanding. Do you have a wife?"

Mo Long did not look at him, but he still answered the question. "Yes."

Chapter 998: Drank The Wrong Orange Juice

Warren was a little disappointed. He didn't know what kind of woman could control this man.

However, his disappointment was only temporary, and he quickly recovered.

So what if he got married? As long as he was willing to spend money to suppress it, would he be afraid that Mo Long wouldn't divorce his wife?

Thinking of this, Warren's face became happier and happier, and he couldn't help but laugh out loud.

When the shooting ended at night, Revi took out a few invitation cards and handed them to everyone present.

"Tomorrow is my birthday party. I hope everyone can come to support me." Revi was very polite, completely unlike her beer-bellied father.

"We will definitely go, Miss Revi," said Hebin.

Revi then left with Warren, but they also returned to the studio instead of returning to their own home.

On the way, Warren talked excitedly to Revi about Mo long. "That man is very handsome, mature and stylish. He suits you very well."

However, Revi was not interested in Mo long at all. "Dad, I'm still young, and I'm still in the entertainment industry. How could I fall in love at this time?"

"You said it yourself that you're in love!" Warren frowned, "This is just two people. It's consensual, and there's no need for everyone to know about it. The two of you can talk in secret. Won't it be the same if you announce it when you get married?"

"What's the same?" Revi did not want to continue discussing this issue, so she simply closed her eyes and pretended to sleep.

Seeing that his daughter was not going to listen to him, Warren was suddenly furious. "If I knew you were so careless about your own matters, I wouldn't have spent so much money for you in the first place!"

Revi's eyelashes fluttered slightly, but she didn't open her eyes or respond to Warren's words.

The next night, after the shooting, Hebin planned to take them to Revi's birthday party to have a good time.

Although Warren had just lost his temper with Revi yesterday, he was acting like a loving father today. In order to celebrate Revi's birthday, he even booked the entire floor of the restaurant.

"It's just a birthday, why do you need to buy the entire floor?" Revi looked at Warren with disappointment as she drank.

Even if she had money, she wouldn't spend it like this!

"You're my only daughter. It's your birthday, so what if I, as a father, spend some money?" Warren's face was red from drinking, like a monkey's butt.

Leanne poured two glasses of red wine and handed one to Jiang Yu. "Jiang Yu, we haven't had a proper meal like this since we met."

She clinked the glasses, then raised her head and downed the wine in one gulp.

Jiang Yu held the glass of wine in her hand and looked at it for a long time before slowly putting it back on the table. "Such an opportunity... probably won't come again in the future. We should really cherish it."

The expression on Leanne's face froze, and she immediately returned to her usual appearance.

She smiled and said, "What are you talking about? Where's the wine? Hurry up and drink it."

"No, I'm allergic to alcohol." Jiang Yu smiled slightly.

"That's really unfortunate." Leanne stopped smiling.

It was indeed unfortunate. She had drugged Jiang Yu's red wine.

However, when Leanne drugged the wine, she didn't put all the medicine in. Instead, she left a little. There were two cups of orange juice on the table, so Leanne took one and poured the rest into it when she turned around.

Then, she handed the orange juice to Jiang Yu. "Here."

Jiang Yu raised her eyebrows. She did not know Leanne was up to, but she still took it.

"Thank you."

"You're welcome."

Leanne wanted to watch Jiang Yu drink the orange juice, but Warren suddenly called out her name and said that she wanted to have a few drinks with her.

Leanne had no choice but to drink a glass of wine with Warren before she turned her gaze back to Jiang Yu.

Half of the orange juice in front of her had been drunk, and the other glass of orange juice was still in the same place. It didn't look like it had been touched.

Leanne smiled happily.

However, after the continuous stream of red wine, Leanne really couldn't handle it. She wasn't the kind of person who was good at drinking. Now that she had drunk a little more, her stomach began to burn.

So she took another glass of orange juice and drank it.

After drinking the entire glass of orange juice, Leanne felt a little better in her stomach. She turned her gaze to Jiang Yu again.

Then, she saw Mo Long take the half glass of orange juice and drink it as well.

Leanne was shocked, and then her heart was filled with joy. It seemed that tonight would not only be Warren's matter, but also her matter.

So she deliberately leaned into the ink dragon, trying to attract him with her scent: "Mr. Mo Long..."

Chapter 999: Enter The Wrong Room

Leanne's voice was so soft that no man could ignore it.

However, Mo Long frowned and pushed her to the side in disgust. "Miss Leanne, don't use such low-quality perfume again."

Leanne's expression froze instantly. After a long while, she forced a smile. "Mr. Mo Long, you really know how to joke. Who am I? Why would I use low-quality perfume?"

Mo Long no longer looked at her. Instead, he focused on helping Jiang Yu with the food.

Leanne looked at the intimate interaction between the two of them and gritted her teeth in hatred. However, she thought about the glass of orange juice that Jiang Yu and Mo Long drank and her mood improved again.

Now, she only had to wait for two hours before the drug took effect.

She signaled to Warren with her eyes and told him that her mission had been completed.

This was a plan that Leanne and Warren had planned together. One coveted Jiang Yu's beauty, while the other covet Mo Long's mature man's charm. Thus, this plan was born.

After receiving Leanne's signal, Warren couldn't wait to take the medicine and wait for the effect of the medicine two hours later.

No one noticed the eye contact between the two of them. Everything went on silently.

The party lasted for nearly two hours. Warren saw that it was about time, she got up and said, "It's too late today. I've booked a room for everyone. The waiter will bring the room card to you later. Everyone can rest here tonight. I'm old. I have to go rest now."

Everyone was cheering, "Boss Warren is so generous."

Warren pulled out his chair and left. Before he left, he gave Leanne a look. After Leanne received Warren's look, she made an excuse to go to the bathroom alone because she was afraid and insisted that Jiang Yu go with her.

Jiang Yu also wanted to see what kind of tricks Leanne was up to, so she went with her.

After Leanne came out of the bathroom, she deliberately led Jiang Yu to Warren's door and tried to distract Jiang Yu by talking.

"Let's get along well in the future." Leanne smiled. "It's not good to maintain a neutral relationship like this."

"Our relationship is very cold," Jiang Yu replied with a fake smile. "You've overestimated our relationship."

Leanne paused and was about to refute, but Jiang Yu questioned again, "Why did you bring me here?"

Leanne froze and looked up at Jiang Yu in disbelief.

"What do you mean?"

"This isn't a private room for eating. where is it?" Jiang Yu looked into Leann's eyes. "You even used an excuse to bring me outside. Do you have a purpose?"

"I, I don't! Don't guess by yourself." Leanne looked away guiltily and brought Jiang Yu to Warren's door.

"I'm tired, I'll rest first." Leanne covered her head and knocked on Warren's door.

She had already thought it through. Once Warren opened the door, she would push Jiang Yu in and then close the door.

However, the moment Warren opened the door, Leanne's legs went limp uncontrollably.

"What's going on?!" Leanne exclaimed.

Warren had already opened the door and was still shouting Jiang Yu's name.

Jiang Yu reacted quickly and pushed Leanne into Warren's room. Then, she quickly closed the door.

"Don't thank me." Jiang Yu stood at the door and clapped her hands happily.

Meanwhile, Leanne, who was lying in Warren's arms, had a blank mind. Her body was very hot and she couldn't help but want to lean on Warren's body.

Warren thought that it was Jiang Yu in her arms, and he sighed about how proactive Jiang Yu was. In the next second, she pressed the person in her arms onto the bed.

The two of them were busy in the dark room, and their overlapping figures couldn't help but rise and fall.

Jiang Yu, who had facilitated this "Good thing", returned to the private room where she ate and sat in her original seat.

"What took you so long?" Mo Long put some food on Jiang Yu's plate and poured her half a glass of red wine.

"I knew that Leanne wasn't so kind as to ease our relationship," Jiang Yu said, "There was indeed something wrong with that glass of orange juice. Fortunately, I switched the package when she was drinking. Otherwise, I would be the one in trouble now."

"What happened?" Mo Long was still very curious about what happened after Jiang Yu went to the bathroom.

Jiang Yu told Mo Long everything in a low voice.

"She had to pay for what she had done," Mo Long said. "She secretly drugged someone else and thought that the unlucky one would be someone else. I didn't expect that the unlucky one would be herself."

Chapter 1000: Astounding Shock

Half an hour later, everyone returned to their rooms with their room cards. Jiang Yu and Mo Long also rented a room to rest in.

The next morning, after everyone got up and washed up, they brought their own things and prepared to go to the set to shoot.

However, they waited for a long time, but Leanne and Warren didn't come.

"Strange, where's my dad?" Revi kept looking at the time on her watch. "Leanne isn't coming, isn't she wasting our time?"

"Which room is Leanne in? Why don't we go and see her?" Someone suggested.

“Okay...”

Before she finished her sentence, Leanne ran out of the stairs with her hair disheveled.

Her clothes were tattered, and her eyes were very red and swollen. However, what was more eye-catching was the bruises on her neck.

“Run!” Leanne shouted and ran past the crowd, quickly running out of the door.

“What happened to her? And the marks on her neck. What happened last night?” Someone asked.

However, the latter part of the question was unnecessary because anyone could tell what happened to Leanne last night.

Not long after Leanne left, Warren walked over from the stairs with a gloomy face.

“Let’s go!” He growled with a sullen face. When he walked up to Jiang Yu, he gave her a disgusted look.

“It’s really baffling,” Jiang Yu said.

With Warren and Leanne’s looks, anyone with a good heart could guess what happened between them last night.

However, Warren was the investor of the movie, and Leanne was the female lead, so they didn’t dare to gossip and could only work carefully.

Leanne didn’t expect that the person who spent the night with her would be Warren.

Although she knew that she had been pushed into Warren’s room by Jiang Yu before the drug took effect, after the drug took effect, her mind went blank. She could only follow the instinct of desire to find something to make her happy.

Warren also did not expect that the person he slept with last night was Leanne. He thought it was Jiang Yu who had taken effect, so he was very brave in bed and often let out a low growl like a beast.

However, when he woke up this morning, he found that the person lying next to him was Leanne, not Jiang Yu.

He immediately felt that he had been deceived, so he only had a heart full of disgust towards Leanne.

However, he hated Jiang Yu who he could not get. He thought that she was so beautiful and that she must have had an ambiguous relationship with a lot of men. He also felt that such a beautiful woman, should fall into his hands.

Therefore, he had been staying on set for the past few days. However, his eyes were no longer on Revi. Instead, he was focused on Jiang Yu.

However, while he was peeking at Jiang Yu, Warren did not forget to set Mo Long and Revi up.

“Mr. Mo Long, may I know what kind of extraordinary talent your wife has? She can actually control a man like you,” Warren asked tentatively.

Mo Long's expression gradually softened as he gestured for Warren to look at the set. "Jiang Yu is my wife."

Warren was so shocked that he almost bit his tongue.

"What?! Jiang Yu is your wife?"

"Is there a problem?" Mo Long looked at Warren in confusion. "Don't tell me that you and Leanne have known each other for so long, but she has never said that Jiang Yu and I are husband and wife?"

Warren's face turned green and white, and he didn't know how to answer Mo Long.

Of course, Leanne didn't tell him!

If she told him, he wouldn't covet Jiang Yu!

"Damn it, that damn Leanne!" Warren gnashed his teeth in hatred, and his hatred for Leanne increased.

It seemed that Leanne was lying to him from the beginning. First, she made him interested in Jiang Yu, and then she used a trick to climb into his bed at Revi's birthday party!

"What's wrong with Leanne?" Mo Long pretended not to know. "Why does Mr. Warren Hate Leanne so much?"

"It's not just hate... it's disgusting!" Warren didn't hide her disgust for Leanne at all, "She's a woman who only knows how to play tricks! Not only did she lie to me, but she also plotted to climb into my bed! It was the night of my daughter Reeve's Birthday Party!"

"Then she can't be forgiven." Mo Long held back his laughter in his heart, but his face was very serious as he replied Warren.

"Of course I can't forgive her!" With Mo Long's response, Warren's anger grew. "When this movie is finished shooting, I will make her lose her footing in the entertainment industry!"
