## **#Chapter 1 - Read I Have 108 Older Sisters Chapter 1**

### Chapter 1: You Have Nothing but Sisters

Lightning illuminated the darkened sky, followed by deafening bursts of thunder. The rain poured down and people scurried for shelter.

A short-haired young man dressed in plain clothes was squatting in front of the Linhai People's Hospital, looking dazed.

Yu Tian looked at the dark clouds helplessly. He could feel every rain droplet that collided with his skin. 1

"My younger sister has leukemia and it'll cost 2 million yuan for a bone marrow transplant. Where am I supposed to get that kind of money?"

Yu Tian could not afford the expensive hospital bills. Two million yuan was simply too much.

However, if he did not find a way, his sister would die!

Chief Liu, a hospital staff, had even moved his sister out of her room to a windy corridor.

Yu Tian was given the final warning. He had to pay the bills tomorrow or his sister would be kicked out of the hospital!

The thought filled Yu Tian with rage, but there was nothing he could do.

He cursed at the God who ruled the heavens. Why did such a terrible illness befall his darling sister?!

Their lives were already hard enough.

Ten years ago, their parents who went missing were ultimately declared dead. Their grandparents had passed away too.

Yu Tian had to sell their house in the village and worked part-time whilst studying in order to raise his younger sister. Fortunately, he managed to graduate from university.

It seemed like their lives were just about to take a better turn. However, his sister was unexpectedly struck by a terrible illness.

His younger sister was all he had. Yu Tian could not just let her die!

Regrettably, his bone marrow did not match hers.

Yu Tian looked desperate as the rain continued to form puddles on the ground.

All of a sudden, a red Lamborghini halted right in front of him.

The window was winded down. A beautiful woman wearing sunglasses could be seen.

"Yu Tian?" she asked in a straightforward manner.

Yu Tian was taken aback. He was not associated with any rich people. Who was this woman?

"Hurry! Get in the car!"

The beautiful woman said impatiently and waved her hands.

Since Yu Tian was still in shock, the beautiful woman had to drag him into the car herself in the pouring rain.

After both of them got into the car, the beautiful woman compared Yu Tian to a person in a photo. Then, she sent a short voice memo.

"Sisters, is it him?"

Once she got an affirmative reply, the beautiful woman wrapped her hands around Yu Tian's neck and kissed him on the cheek excitedly.

Then, she took out some tissue paper to dry the rain off his face.

"Yu Tian, I've finally found you after ten years!"

"Um... I think you got the wrong person. I don't know you," said Yu Tian in an embarrassed manner.

The beautiful woman chuckled. Then, she reached out her hand and yanked at the collar of Yu Tian's shirt.

'Rrrrip!'

Yu Tian's shirt was torn, revealing his tanned skin. Hanging in front of his chest was a necklace embedded with an unknown black stone.

"Look at this necklace! You've had it ever since you were young, right?"

The beautiful woman said enthusiastically. She did not seem to mind her inappropriate behavior even though the both of them were basically strangers.

Yu Tian nodded awkwardly. Indeed, he had the necklace ever since he was young. His parents told him to take good care of it, so he wore it at all times.

"Your home is located halfway up Heiling Mountain, right? Also, your grandfather's name is Yu Yishan and your father is Yu Xinlong, right?"

Yu Tian nodded again. He had no idea why the beautiful woman had so much information about him.

"Then you're the man I'm looking for!"

The beautiful woman made a happy gesture with her hands before stepping on the accelerator.

Yu Tian, who had never been in a sports car before, was taken aback. He reached out his hands and clutched the edge of the seat.

"Um, who exactly are you?"

Although the beautiful woman touched him earlier, Yu Tian was not particularly interested. All he could think about was helping his young sister.

"I'm your elder sister! My name is Chu Qing. You might not know me, but just take note that I'll support you from this moment onwards. Feel free to ask for anything!"

Yu Tian smiled bitterly. He was not convinced and said jokingly, "Then, give me 2 million yuan."

Nothing was free in this world. This woman had probably lost in a game of 'Truth or Dare' and her punishment was to 'reunite' with her 'younger brother' found by the roadside.

"Why do you need money?" asked Chu Qing.

"My younger sister has leukemia. I need 2 million yuan to pay for her medical bills."

"I almost forgot!"

The woman stepped on the brake out of the blue. She turned to Yu Tian and said, "Do you have WeChat? Let's add each other as friends."

Instinctively, Yu Tian took out his phone and accessed his WeChat, although he initially wanted to refuse the woman's request.

Chu Qing snatched Yu Tian's phone from his hands and proceeded to add him as her friend.

Shortly after...

'Ding!'

A notification popped up on Yu Tian's phone.

[You've received 1 million yuan.]

"A... A million yuan?"

Was he dreaming?

'Ding!'

Another one million!

"2 million yuan? You... You're really lending me this amount of money?"

Yu Tian looked at Chu Qing in disbelief. This beautiful woman was obviously rich, but she did not look foolish enough to simply transfer money to a total stranger.

Were they actually related?

Was she really his elder sister?

'Ding!'

That was three million in total!

"Lend? You're a funny person. Why would I lend money to my own brother? This 3 million yuan is your weekly pocket money," said Chu Qing as she snapped her fingers. She continued, "Come on, let's provide our youngest sister with the treatment she needed!"

Yu Tian was in utter shock. After all, Chu Qing had just said that the three million yuan was his pocket money for the week.

He stared at the three million yuan that was transferred into his WeChat account and accepted it. Then, he opened his e-wallet again to double-check.

"Um... Can you tell me what's going on here?"

Yu Tian noticed that Chu Qing had made a U-turn and was heading back to the hospital. His heart began to pound rapidly.

He hoped that this was not a dream. This way, he could finally save his younger sister.

"I'm definitely not tricking you. Both of you don't have to lead a poor life anymore. Your other elder sisters and I will support you. In fact, you can spend lavishly and indulge yourself every day! We have all the money in the world! We can also bail you out if you get into trouble!"

...

Chu Qing continued to boast. Meanwhile, Yu Tian became even more confused.

"By the way, I'll bring you home after we sort out the hospital bills. Your other older sisters are dying to meet you."

Other older sisters?

"Um, how many older sisters do I have?" asked Yu Tian.

This elder sister was already full of surprises. What would happen if there were more people like her?

Chu Qing turned to look at Yu Tian. The corners of her lips curled into a perplexing smile.

"Why don't you take a guess?"

"Two? Maybe three? There's no way I have seven or eight older sisters, right?"

Yu Tian was in a better mood now since his financial crisis was solved.

He planned to work hard and repay his three million yuan debt. It was definitely possible since he was diligent and competent.

Chu Qing shook her delicate finger and replied, "You have nothing but sisters! Including me, you have a total of 108 older sisters."

## **Chapter 2 Leave if You Don't Have Money**

"108?"

Yu Tian froze. This must be a joke!

There was no way a woman would be capable of giving birth to a hundred and eight children in one lifetime.

Even if she gave birth to twins every year, it would at least take fifty-four years minimum. It would also be the age of the eldest pair.

Could Yu Tian even address them as elder 'sisters' at that age?

"Elder sister Qing, you must be kidding me. You might as well call them the 108 Stars of Destiny[1]."

Yu Tian shook his head, thinking that Chu Qing was trying to mess with him.

Chu Qing handed him her cell phone and said, "Look at the name of the group chat on top of the conversation."

Yu Tian smiled after reading the name.

"108 Fairies?"

He clicked on it and saw that there were actually one hundred and eight women. Furthermore, all of them had 'Chu' as their last name!

"Little brother, don't be surprised. You still have much to learn. This is only the tip of the iceberg," Chu Qing said in a serious tone before chuckling. She added, "108 is not a lot. We're just a big family. You can even choose one that you like among them. I'll be your wingman."

A cheeky smile flashed across Chu Qing's face.

"Their profile pictures are real. Pick one. All of them are willing to be your wife."

Upon realizing what she just blabbered, Chu Qing quickly explained, "All of them want to add you as their friend on WeChat as well. They want to take you under their wings so you can rule the world."

Yu Tian pursed his lips into a smile. He did not take her words seriously.

"Alright. I guess the world is my oyster with 108 older sisters looking after me. Haha!"

"That's right. Not many people in this world dare to provoke us."

Chu Qing chuckled.

They arrived at the hospital.

Yu Tian was concerned about his younger sister. He was not really paying attention to anything else.

"Little brother, you should go ahead. I'll call my friend to make some arrangements," said Chu Qing as she waved her phone in the air.

Yu Tian nodded and rushed toward his younger sister's room.

He was sweating when he arrived and noticed that Chief Liu was also there. The doctor was saying something to his younger sister who was lying on the bed.

"A poor girl like you can't afford to be ill. You should have just died! Gosh, now you owe the hospital 4000 more yuan. Not only are you hogging the bed space, but you're also wasting precious resources."

Shocked at his words, the young girl started crying.

This young girl was Yu Tian's world. He would do anything for his younger sister, even sacrificing his life.

Yu Tian rushed forward and grabbed the doctor's collar in rage. He pushed the latter against the wall and yelled, "Oi! Liu! Don't you have any empathy? Why did you say such things to my younger sister?!"

"Get off me!"

Chief Liu was a strong man. He easily pushed his attacker to the ground.

"Was I wrong? You're trash! Leave if you don't have any money! Don't waste this valuable bed space!" said the doctor arrogantly as he kicked Yu Tian who was on the ground.

Yu Tian got up and was ready for a fight. However, he remembered that this man was the chief physician in charge of his younger sister and held himself back. He clenched his teeth and blurted, "I've gathered 2 million yuan and will make the payment right now!"

"You? 2 million yuan? What a joke. You're nothing but a young orphan. There's no way you could afford to pay the bills."

The sarcasm in Chief Liu's voice was evident. Yu Tian was wearing shabby-looking clothes. It did not seem like he had two hundred yuan, let alone two million.

"Hey, Nurse Wong, prepare to discharge this girl from the hospital. Poor people should just wait for death at home. The bed should be reserved for those who are actually in need," said Chief Liu to the nurse next to him.

Yu Tian was exasperated. He glanced at his younger sister who was tugging at his arm. She was crying in fear.

"Oi! Liu! You're an animal! There are still so many empty beds. Why are you saying that my sister is taking up space? I told you I have 2 million yuan, but you're still refusing to treat her?!"

Yu Tian shouted.

"You have 2 million yuan? Haha, I'll kneel down and call you father if that's true!" replied the doctor snobbishly.

"Alright!"

Naturally, Yu Tian was confident because he had three million yuan in his possession.

"You better keep your word!"

The doctor chuckled.

"It's not a crime to be poor, but people like you are in no position to be so foolish and arrogant."

Yu Tian took out his phone and accessed his WeChat Pay.

"Look. 3 million yuan!" said Yu Tian while waving his phone at the doctor.

The latter was confused. He was in disbelief.

"Gosh, he really does have 3 million yuan!" gasped the nurse.

Chief Liu twitched and rolled his eyes at the nurse.

"This boy was still poor an hour ago but now, he's suddenly rich? He must've robbed a bank."

The doctor's voice was full of disdain.

To save his own ego, Chief Liu quickly gave his order to the nurse, "Stop staring like a fool. Get the discharge procedure done immediately! We're not treating criminals!"

A crowd had surrounded them and they began discussing among themselves.

"How did a shabby-looking boy like him get his hands on 3 million yuan?"

"Tsk, he must have stolen the money!"

"Young people nowadays are terrifying!"

...

"I didn't steal this money!"

Yu Tian shouted in rage, but all he got in return was a snort from Chief Liu.

All of a sudden, the doctor grinned from ear to ear. He pushed Yu Tian to the side and hurried towards a bald middle-aged man.

"Director Li, what brings you here?"

"I can't believe there is a sc\*m like you hiding among our community!"

Everyone was stunned by the director's words.

Yu Tian saw that Chu Qing was standing next to the hospital's director.

She had a furious expression on her face and was glaring at Chief Liu.

"How dare you bully my younger brother! You even told his younger sister to just wait for death? You dare to cause trouble with me, Chu Qing?"

Chu Qing?

Chief Liu and the crowd were surprised.

Everyone had heard of this name.

It was the name of the most beautiful woman in Linhai!

She was the president of the Tianhai Group, a leading enterprise of this city, and also the spokesperson of the Chu Family!

...

Chu Qing had countless titles. She was not somebody that one should mess with!

Who knew that this boy dressed in old rags was her younger brother?

The women in the Chu Family had always been fiercely protective of their own people. Anyone who offended them would receive severe punishment!

Chief Liu broke into a cold sweat.

"I had no idea that he was your younger brother! Otherwise, I wouldn't have said what I did even if someone paid me 1 million yuan!" said the doctor through his chattering teeth.

"But you did."

Chu Qing's voice was very intimidating. It felt like the temperature in the room had dropped several degrees.

'Slap! Slap! Slap!'

Director Li began slapping Chief Liu continuously. He did not stop until the latter fell onto the ground.

Chief Liu's head was spinning while his face was red and swollen.

Chu Qing remained silent. Director Li continued to kick and punch Chief Liu. The latter moaned in pain.

"Please stop hitting me! I was wrong! It's my fault!"

Director Li was sweating evidently. However, in order to save his own skin, he went all out to punish Chief Liu. All that mattered was that Chu Qing and Yu Tian were satisfied.

Then, the director took several seconds to catch his breath before yelling at the doctor.

"Kneel down!"

[1] The 108 Stars of Destiny represent the 108 demonic overlords from the Chinese classical novel Shui Hu Zhuan.

### **Chapter 3 108 Wives?**

"Kneel down? In front of so many people?"

Chief Liu hesitated but succumbed in the end.

After all, Director Li and Chu Qing had the power to ruin his career.

'Thump!'

The doctor knelt down on the ground.

"How would you like to punish him?" asked Director Li while smiling at Yu Tian.

The latter frowned.

"He said he would kneel down and call me father if I could prove that I had 2 million yuan."

Yu Tian proclaimed after receiving a nod of encouragement from his elder sister.

"Do it!"

Director Li slapped Chief Liu across his face.

Chief Liu opened his mouth, but no words came out.

The director began rolling his sleeves. It seemed like he was ready to teach the doctor another lesson.

Terrified, Chief Liu immediately gave in and cried, "Don't hit me again! I'll do it, alright?!"

"Father..." he mumbled.

Yu Tian rolled his eyes.

"I can't hear you."

"Father, I was wrong! I'm sorry!"

Chief Liu shouted helplessly. No matter what, he had to save his career.

"I'm sorry, father! Please forgive me!"

The crowd broke into laughter.

"So, are you satisfied?"

Director Li asked Yu Tian.

The boy shook his head.

"He doesn't deserve to wear a white coat!"

Obviously, Director Li understood the meaning of those words. He coughed and cleared his throat.

"Chief Liu, the hospital has decided to fire you due to your terrible behavior. This incident will be in your permanent record and no other hospitals will hire you again! Take off your white coat and leave this place immediately!"

Chief Liu removed his coat in a daze and left while staggering.

He never expected to lose his career this way.

Everything happened so quickly.

As for Yu Tian, he let out a long sigh.

Then, Director Li spoke again, "I've arranged for the best hematologists in the country to treat your younger sister. We've also found a bone marrow that matches hers. The transplant procedure can be started as early as tomorrow."

He added, "Head Nurse Zhang, relocate the patient to 'VIP Room 1'! Also, arrange for two nurses and a chief physician to look after her at all times! The hospital will ensure that your sister is properly treated! Please let me know if you're dissatisfied with anything."

The crowd had never seen a hospital director speaking with such humility before.

Yu Tian waved his hand dismissively in the air.

"Just make sure my younger sister makes a full recovery."

"Don't worry, our experts will work together to make it happen!"

Upon hearing the director's words, Yu Tian finally felt relieved.

Ten minutes later, he was sitting on a massive couch in 'VIP Room 1'.

Chu Qing and Yu Tian's younger sister got along. The latter could not stop laughing. After she fell asleep, Chu Qing walked towards Yu Tian with a smile on her face.

"So, little brother, aren't I a good elder sister?"

Yu Tian nodded. She was amazing.

What he experienced today was unimaginable.

"I did tell you that you can live your life however you want! However, I'm not even the most capable sister. Your other 107 older sisters are more powerful than I am."

All of a sudden, Chu Qing's cheeks blushed.

"I've slacked off too much. Otherwise, I wouldn't be tasked to manage a small company like the Tianhai Group. Sigh..."

Yu Tian was shocked to his core.

Chu Qing, who could be considered the queen of Linhai, was not the most capable person?

Tianhai Group, the most powerful enterprise in the city, was only a small company?

Yu Tian could not believe what he was hearing.

"Oh right, are you still looking for a job?" asked Chu Qing.

The boy nodded. He had just graduated from university and since his sister fell ill, he was unable to find a job.

"What is your major?"

"I majored in communications, so I'd like to do something related to my studies. Perhaps live streaming or marketing."

Most of his classmates from university ended up working in live stream companies. Yu Tian was pretty confident in his abilities as well.

Live stream companies?

The Tianhai Group had three live stream companies under its control!

Chu Qing was about to mention that but she stopped herself.

She began scheming in her head.

'No! Live stream companies are full of floozies. My little brother is too innocent. What if those b\*tches seduce him? The other sisters will definitely kill me if that happens!

'That's right, I can't let an outsider have our younger brother. He can only marry someone who is part of the family!

'Hmm, if he's a playboy, then he can even marry a few, or even all of us!

'Hehe, our ancestors will be overjoyed for sure!'

...

Yu Tian noticed Chu Qing's expression changing.

"Elder sister Qing, are you alright?" he asked in a concerned tone.

"Huh? Oh, I'm fine! Let's go. I'll bring you to the office! I've found something suitable for you."

Chu Qing dragged Yu Tian out of the hospital room.

"What about my younger sister?"

"It's fine. She will be under the care of the professionals."

Once again, Yu Tian found himself sitting in the sports car. He was confused.

Shortly after, they arrived at the bustling central business district.

Tianhai Building was the tallest skyscraper in Linhai.

The two of them took the elevator and went up to the thirtieth floor. Then, Chu Qing led Yu Tian to the general manager's office.

"Ah, President Chu, what brings you here?"

Xu Guodong, the general manager, rose to his feet nervously. He did not expect to have any visitors.

Chu Qing waved her hands dismissively.

"How many employees do we have in the company? How many of them are women?"

The general manager was confused.

'What's going on?'

Nonetheless, he replied with a smile, "We have 320 employees and twenty of them are women."

"How old are they?"

Chu Qing questioned again.

"Fifteen of them are aged 30 and above, two 29-year-olds, two 25-year-olds, and one who has just graduated."

"Give me the information and pictures of the 29 and 25-year-olds, as well as the fresh graduate."

Xu Guodong looked through the files and handed those that were relevant to Chu Qing.

After looking through, Chu Qing nodded with satisfaction.

"The 29 year-olds already have children and the 25 year-olds had just gotten married. As for the fresh graduate, she's ugly and can't even be compared to me. Good! Now, let me tell you something. This is my younger brother, Yu Tian. Starting from this moment, he's going to be the general manager of this company. I'll leave the arrangements to you." She added, "Little brother, I'll pick you up in the evening! I'm leaving for now."

Chu Qing then quickly walked out of the office.

Simultaneously, she was sending a text to the group chat.

[ I've made Yu Tian the general manager of a small company. There are only twenty women here and the only one who's still single is really ugly! ]

Back in the office, Yu Tian and Xu Guodong exchanged blank looks.

What was going on?

Yu Tian felt like he was an object that had just been sold off.

?Chapter Thank you readers!

After a brief moment of silence, the two men smiled awkwardly at each other.

Xu Guodong was the first to speak.

a◆?President Yu, I'll pack my belongings and move my workspace outside. Please let me know if you have any questions.a◆?

Yu Tian waved his hands.

a◆?There's no need for that. Just continue with what you were working on. Oh right, why don't you tell me more about the company?a◆?

Upon realizing that this boy was probably a young master of a rich family who was sent here based on a false reputation, Xu Guodong let out a sigh of relief. After that, he quickly began the introduction.

a◆?President Yu, Xinghe Technology isn't only the largest technology company in Linhai, but also in the entire Dongshan Province. Our main business includes developing high-end technology software and hardware, whereas our secondary business includes gaming and virtual reality development. The company is currently valued at 10 billion yuan and is steadily rising. We expect our market value to exceed 50 billion yuan by next year. I'll hand over the complete data to you later. I'll also instruct the finance department to report to you.a◆?

Yu Tian was taken aback.

He gulped before asking, a◆?Do you mean that I've just become the president of a company that's worth 10 billion yuan?a◆?

a◆?That's right, President Yu. Your net worth is currently 10 billion yuan!a◆?

Xu Guodong replied with a chuckle. It was clear to him that this young man was not here to take over his position.

a◆?Alright, proceed with your work. I'm going to take a look around,a◆? said Yu Tian as he waved his hands. Then, he left the office. It was all an effort to hide his excitement.

Yu Tian immediately headed for the restrooms. He needed some cold water to calm himself down.

Upon arriving at the five-star restroom, Yu Tian could not help but think to himself, a◆?Not bad! It seems like I've been given a second chance at life!

After splashing some cold water on his face, Yu Tian looked into the mirror and smoothed out his hair.

Before leaving, he noticed that one of the sinks was slightly dirty. Since Yu Tian was obsessed with cleanliness, he grabbed some tissues and began cleaning the sink.

At the same time, a slightly chubby man exited a restroom stall. He stared at Yu Tian for a few seconds before patting the boy on his shoulders.

a◆?Hey, aren't you Yu Tian, the gifted top student? What brings you here?a◆?

Yu Tian was surprised to find his university roommate here.

a◆?Gang'zi

! What a coincidence! Are you an employee here as well?a◆?

a◆?That's right!a◆?

Li Henggang looked really proud while wearing his suit. He twitched his brows into a frown and asked, a◆?Is this your first day?a◆?

Yu Tian nodded.

a◆?You're doing pretty well.a◆?

a◆?Yes, I'm a supervisor and my monthly salary is 10,000 yuan! Youa◆|a◆?

Henggang raised one corner of his lips smugly.

a◆?There's no way I can compete with a top student like you.a◆?

The sarcasm in his voice was apparent.

Yu Tian was about to say something humble but the other party started mocking him.

a◆?So, you end up as a janitor.a◆?

Li Henggang almost burst out laughing, but he composed himself and turned around to leave.

Suddenly, a familiar silhouette appeared in front of his eyes.

a◆?Zhang Linlin?a◆?

a◆?What a small world,' Yu Tian thought to himself. He did not expect to bump into two of his classmates in one day and at the same time.

The woman was shocked, but that feeling was immediately replaced by disdain once she saw the shabby clothes Yu Tian was wearing.

a◆?Are you here for an interview?a◆? she asked coldly.

When she saw Henggang walking out of the restroom, she quickly grabbed the man's arm.

a◆?Hubbya◆|a◆? she said in a cutesy voice.

Hubbya◆|

Yu Tian felt sick.

This woman was really good at acting.

Back then, she took advantage of Yu Tian for about a month. He ran around to complete menial tasks for her. Yu Tian felt silly upon thinking about his own naivety.

a◆?Oh right, Linlin is my girlfriend. I helped her to get this job. We've also moved in together.a◆?

The woman pretended to blush as Henggang boasted.

a◆?Linlin, Yu Tian has just been hired as a janitor.a◆?

Upon hearing that, Linlin quickly covered her nose and mouth with her hand. She looked at Yu Tian with disgust.

a◆?No wonder this place stinks. You did not clean it properly! How gross!a◆?

Yu Tian was speechless.

Birds of the same feather flock together!

She added, a◆?Luckily, I didn't get together with you. Yu Tian, who knows how many toilet bowls you'll have to clean to support my lifestyle!a◆?

a◆?Haha, he probably needs to use all six months of his salary to buy you a handbag.a◆?

Henggang laughed as he placed his hand around the woman's waist. It was an attempt to show off.

a◆?Yu Tian, why don't you beg my hubby to help you get a better job? You're such a disgrace to Linhai University,a◆? said Linlin in a disdainful manner.

a◆?He's the top student but ended up as a janitor. What a shame. However, if you're willing to clean my shoes, I'll put in a few good words for you. That way, you could get a better position.a◆?

Henggang extended his right foot forward. There was some yellow fluid on the top of his shoe.

Clearly, Henggang was enjoying himself. He never expected to have a chance to bully Linhai University's top student.

Then, he excitedly took out his phone. He wanted to record a video of Yu Tian cleaning his shoe and share it on his social media.

a◆?Come on, clean his shoe. That way, you don't have to scrub toilet bowls anymore!a◆?

Linlin said happily. She was just as mean as Henggang.

Yu Tian glared at both of them. Just as he was thinking of how to punish them, an innocent-looking young woman who was sitting in the interview area walked over.

a◆?How could you do this? What a disgrace to Linhai University!a◆?

The innocent-looking young woman said with flushed cheeks.

All three of them were stunned.

The young woman grabbed Yu Tian's arm and shouted at the other two, a❖?What's wrong with being a janitor? A job is a job! Everyone knows that Yu Tian was the pride of Linhai University. He might be struggling now, but I believe he'll bounce back one day!a❖?

Yu Tian was well-known at Linhai University for his intelligence and capability. Furthermore, he had won numerous awards for the university.

However, Yu Tian really could not remember this young woman who was fearlessly standing up for him.

a❖?Who do you think you are?a❖?

Linlin was furious. She glanced at the woman's outfit.

The woman was dressed in normal clothes while carrying a branded purse worth a few thousand yuan.

a❖?Tsk, you're carrying a purse that's worth a few thousand dollars. Yet, you're hunting for a job? Clearly, you're a sugar baby! I can't believe you have the audacity to chastise others.a❖?

a❖?Linlin, she did say a job is a job. We work tirelessly while all she does is get in bed and spread her legs.a❖?

Henggang looked at the woman in a disgusted manner.

a❖?That's too much.a❖?

Yu Tian was upset.

Henggang replied arrogantly, a❖?So? By the way, I'm going to fire you!a❖?

Then, he pointed at the young woman and added, a❖?The company will never hire you as well! Now, get lost!a❖?

a❖?You're firing me? Haha, are you sure you can do that? I can sack the both of you with a snap of my fingers.a❖?

Yu Tian laughed.

Just because he did not retaliate, these people thought they could mess with him.

a◆?Yu Tian, this is Xinghe Technology, not Linhai University! I'm the boss around here!a◆?

Henggang said loudly with confidence.

A faint smile appeared on Yu Tian's face. He tilted his head and said, a◆?Oh, are you the president of this company?a◆?

?Chapter Thank you readers!

At the same time, a sly smile appeared on Xu Guodong's face. He had been eavesdropping on the entire conversation.

Xu Guodong was worried that someone might offend Yu Tian, thus, he had been secretly following him. His prediction came true.

a◆?Li Henggang, thank you so much for giving me the opportunity to gain the young master's favor!"

Xu Guodong thanked all of Henggang's ancestors in his head before putting on a stern face. Then, he approached the group.

a◆?Li Henggang, so you're the boss around here?a◆?

Henggang looked over his shoulders and was shocked. He quickly bowed his head. After all, Xu Guodong was his superior.

a◆?Manager Xu, I only blurted those words out of anger. Anyway, this new janitor is very problematic. He was harassing a female colleague on his first day.a◆?

Indeed, birds of the same feather flock together. Zhang Linlin quickly put on a distressed expression and got closer to Guodong. After that, she grabbed the man's arm and pretended to sob.

a◆?Boohoo, Manager Xu, please enact justice for me. This janitor was bullying me earlier! Hea◆| He even touched me!a◆?

Yu Tian exchanged looks with the innocent-looking young woman. Both of them slowly shook their heads.

Linlin deserved the award for best actress!

a◆?Get off me!a◆?

Guodong began to sweat. He was worried that Yu Tian might have misunderstood his relationship with Linlin. The latter was pushed to the ground mercilessly.

Linlin was confused. She was so shocked that she forgot to continue fake crying.

On the other hand, Henggang was furious but he composed himself and spoke humbly, a◆?Manager Xu, I'm a witness. This janitor really a◆|a◆?

a◆?Shut up!a◆?

Guodong slapped Henggang across the face. Then, he hurried towards Yu Tian whilst smiling from ear to ear. He bowed respectfully and apologized.

a◆?I'm truly sorry about what happened, President Yu! It's my fault that the company has hired garbage like these. Please punish them as you see fit!a◆?

Yu Tian glanced at the witty man with the corners of his eyes.

a◆?President Yu?a◆? said Henggang and Linlin simultaneously.

a◆?Manager Xu, have you mistaken? Isn't he the newly hired janitor?a◆? asked Henggang in a confused tone.

a◆?Slap!

a◆?Janitor? He's President Yu! We all work under him! He's the boss of Xinghe Technology!a◆?

Guodong continued to yell, a◆?President Yu has the final say in everything at this place!a◆?

Henggang and Linlin's jaws dropped.

Yu Tian was poor and came from a lesser family. Since when did he become the president of Xinghe Technology?

Was today April Fools?

Guodong smiled again.

a◆?President Yu, what should we do with these two?a◆?

The corners of Yu Tian's lips curled upward into a faint smile.

a◆?You two are the real disgrace of Linhai University.a◆?

Henggang began to apologize fervently, a◆?President Yu, I was wrong. I didn't know thata◆|a◆?

Yu Tian waved his hands dismissively.

a◆?I don't want to listen to your apology. You're nobody to me. Pack up your things and get lost with that woman of yours, who has probably slept with a dozen other men.a◆?

Yu Tian then dusted his shoulder, which Henggang had touched earlier. He washed his hands again before finally taking his leave.

a◆?Oh right, Old Xu, hire this young woman,a◆? said Yu Tian without looking back. He was referring to the innocent-looking woman who had stood up for him earlier.

a◆|

Xinghe Technology was in chaos when this news got spread.

The president of their company was a handsome and dominant fresh graduate?

In fact, he was Chu Qing's younger brother!

The female staff in the company began to regret their decision of getting married early.

Yu Tian left after showing off.

Meanwhile, Guodong was unsure of what to do with the innocent-looking young woman.

a◆?What should I do with her?'

Suddenly, the sly man had an idea. He grinned widely at the young woman and led her to Yu Tian's office.

a◆?Knock! knock!'

Guodong bowed respectfully.

a◆?President Yu, this young woman has many talents. I took the initiative and appointed her as your secretary. She'll be in charge of all your affairs.a◆?

Secretary?

Yu Tian looked at Guodong's face and instantly understood what was going on.

a◆?Alright,a◆? he replied.

Besides, a person like her definitely had some good traits.

Yu Tian was willing to give the woman a chance. He wanted to repay her kindness.

Guodong asked for the woman's identity card and left the room to deal with the paperwork.

a◆?President Yu, uma◆| this is my resume. About earlier◆| I'm sorry. I didn't know that you're a◆| a◆? said the woman anxiously.

Yu Tian took her resume.

a◆?Xiao Yun? You also graduated from Linhai University? That makes us fellow alumnus.a◆?

Her name sounded familiar.

Xiao Yun nodded. She looked at Yu Tian shyly with a hint of admiration.

a◆?President Yu, we once worked together for an event. You probably don't remember me, but I was your dance partner.a◆?

a◆?Dance partner?'

Yu Tian tapped his head and finally remembered.

a◆?Ah, it's you! One of the two most beautiful women in Linhai University, the goddess from the dance department.a◆?

The unpleasant feelings Yu Tian had felt earlier dissipated.

He was not going to let two pieces of trash ruin his mood.

a◆?President Yu, you're flattering me. You are the real star of Linhai University,a◆? replied Xiao Yun softly. She added, a◆?I'm amazed at how secretive you are. Even I, the gossip queen, did not know that you're the president of Xinghe Technology.a◆?

a◆?Oh? You're the mysterious gossip queen of Linhai University? Impressive!a◆?

Yu Tian was intrigued. Who would have guessed that one of the most beautiful women in his university, was in fact, the gossip queen?

a◆?Oh no, I've let the cat out of the bag!a◆?

Xiao Yun quickly covered her mouth with her hand in embarrassment.

a◆|

The two of them began reminiscing about their time in university. Laughter constantly filled the room.

Guodong, who was eavesdropping outside, was overjoyed. He knew he had made the right decision!

a◆?Ah, I must report to President Chu. She needs to know that I'm a good matchmaker.'

Guodong laughed mischievously and sent a text message to Chu Qing. He was sure that he would be rewarded for his accomplishment.

Little did he know, when Chu Qing saw his messagea◆|

Her phone flew off her hands!

a◆?What? That stupid man had found a secretary for my younger brother! An innocent-looking junior? Grr! Xu Guodong, I'm going to kill you! This is bad. I need to report to the other sisters immediately!a◆?

It was as if Chu Qing had gone mad. She sent a text to the a◆?108 Fairies' group chat.

[ Yu Tian has a new secretary and she's the most beautiful woman from his university! ]

Within seconds, the group chat was bombarded with angry messages.

As the messages continued to flood in, Chu Qing became even more anxious. She instantly rushed to Xinghe Technology without even putting her jacket on.

a◆?Yu Tian! You can only choose someone among us to be your wife! An outsider is not reliable. They're nothing but liars! The bloodline of the Yu Family is too precious. Others just want to take advantage of you.a◆?

a◆?Vroom!'

Chu Qing stepped on the accelerator. She did not care that she had run over multiple red lights.

Finally, she arrived at Xinghe Technology, exasperated.

She walked through the front door, completely disregarded her image, and yelled, a◆?Who is it?! Who dares to seduce my younger brother?!a◆?

Chu Qing's deafening yell shocked all the staff. Everyone lowered their heads and pretended not to hear anything.

Chu Qing snorted coldly before stomping towards Yu Tian's office.

Upon opening the door, she saw that Yu Tian and Xiao Yun were happily chatting. There were smiles on their faces. Moreover, their mannerism and gestures made them look rather intimate.

a◆?They became close so quickly?!

a◆?It had only been a few hours!

To Chu Qing, there were no good women other than those in her family. All these outsiders were nothing but seductive vixens!

Chu Qing was about to fly into a rage but she stopped herself. What if she aggravated Yu Tian? If that happened, the vixen might get even closer to him.

There was no way she would let that happen!

In just a couple of seconds, Chu Qing's expression completely changed. She put on a friendly smile and positioned herself between Yu Tian and Xiao Yun, subtly drawing a distance between them.

a◆?Elder sister Qing, didn't you just leave not too long ago?a◆?

Yu Tian, who had already heard her deafening yell earlier, tried to act innocent.

a◆?I thought I heard someone yell something about seducing? Elder sister Qing, who did you seduce?a◆?

He tried his best to keep a straight face so Chu Qing would not realize that he was only teasing her.

On the other hand, Chu Qing was completely embarrassed. She really wanted to yell out that Xiao Yun was the actual seductress.

However, she could not!

She had to contain her frustration.

Perhaps she was overthinking, but she felt that there was already a massive distance between her and Yu Tian in comparison to Xiao Yun.

Chu Qing smiled and explained that it was nothing. Then, she turned around and stared at the other woman whilst grinning from ear to ear.

“Young lady, what's your name?”

Xiao Yun was completely stunned. She had never been stuck in such an awkward situation.

One should know that even the smallest gesture from Chu Qing could bring about a drastic outcome. After all, this woman was one of the most important people in the city.

“My name is Xiao Yun,” she replied nervously.

“Where do you live? Which university did you graduate from?”

Chu Qing bombarded the young woman with multiple questions before she could even provide an answer.

Yu Tian smiled bitterly upon witnessing the situation. He had a pretty good idea of what his elder sister was planning in her mind.

In order to prevent things from getting worse, Yu Tian grabbed Chu Qing's arm.

“Elder sister Qing, did you return to the office without warning so you can supervise me? You want to make sure that I'm not goofing off, huh?”

Chu Qing immediately realized what Yu Tian was doing. He was trying to shield Xiao Yun!

She was afraid that her younger brother was already infatuated with Xiao Yun. What scared her more was that Yu Tian might truly only thought of her as an older sister!

Fear overtook Chu Qing. She became speechless.

Yu Tian's one hundred and eight elder sisters were not really his elder sisters!

Rather, they were all his potential wives!

Chu Qing grew more and more anxious. In her mind, she cursed every member of Xu Guodong's family. Additionally, she felt extremely hostile towards Xiao Yun.

a◆?You little vixen, I will never forgive you for stealing our man!"

She really wanted to teach Xiao Yun a lesson, but it was not the right time. She needed to prioritize explaining to Yu Tian that he could only choose a wife among his one hundred and eight sisters.

In almost an instant, she dragged Yu Tian to the door.

Yu Tian realized that something was wrong with Chu Qing. In fact, she was like a furious lioness who was about to last out. He dared not say anything.

Just like that, Yu Tian allowed himself to be dragged out of the office. The other staff looked at the scene in surprise.

Xiao Yun also realized the gap between their status. It occurred to her that she was not the right match for Yu Tian.

The thought filled her heart with despair.

Meanwhile, Chu Qing and Yu Tian had arrived at the parking lot. Yu Tian finally murmured, a◆?Elder sister Qing, where are we going?a◆?

Chu Qing pushed the boy into the car and replied while fastening her seat belt, a◆?You can address me as your elder sister in public but other than that, call me Lil Qing. Now, I'm taking you to choose a wife.a◆?

Without giving Yu Tian a chance to reply, Chu Qing stepped on the accelerator and the car sped off into the distance.

Yu Tian looked utterly confused.

a◆?Yu Tian, what do you think about Xiao Yun?a◆?

Yu Tian knew that Chu Qing was hiding something from him, so he responded in a straightforward manner, a◆?Elder sister Qing, what's wrong? Do you have something to tell me? You can be honest.a◆?

Chu Qing did not expect him to be so straightforward and quickly changed the topic.

a◆?It's nothing. I already told you that I'm bringing you to choose a wife, right? Women outside our family are horrible. They are not genuine. All they want is your money and power. Don't fall into their traps. You should choose among your 108 elder sisters for a wifea◆?|a◆?

Chu Qing only wanted to educate the boy, but she had accidentally said something that she should not.

She immediately turned to look at Yu Tian, only to see him staring at her with shock and disbelief in his eyes.

a◆?Elder sister Qing, this means there's a possibility that you'll end up as my wife.a◆?

Yu Tian had guessed the answer, but he could not believe it.

Such a scenario was unfathomable!

Chu Qing's cheeks were blushing. She tried to hide her embarrassment by pretending to be cocky.

a◆?Haha, dream on. You must conquer me before I'll even consider marrying you.a◆?

a◆?Elder sister, you were definitely teasing me. I'll let you off this time,a◆? said Yu Tian with a smile.

a◆?I'm not messing around. It's up to you if you want to believe it or not.a◆?

Chu Qing's cheeks became even redder.

Soon, they arrived at her villa. It was a bungalow with a sea view. The surrounding environment was pleasing to the eyes and the air was fresh. Obviously, the price of this property was sky-high.

Once Yu Tian got out of the car, two stunning women came to greet them.

One of them was wearing a white qipao embroidered with blue flowers. She had straight, long, black hair that reached her waist and a delicate face. This elegant woman looked as if she had just walked out from an ancient painting.

The other woman was dressed in a well-fitted, casual red outfit. She had wavy hair and looked very sexy. At the same time, she kept glancing at Yu Tian flirtatiously with her charming eyes.

Yu Tian did not know how to react to these two attractive women with completely different styles.

Could they be his elder sisters too?

The two women approached him and grabbed each of his arms.

a◆?You must be Yu Tian. Undoubtedly, you look as handsome as you were in the photo.a◆?

a◆?Yu Tian, we've finally met!a◆?

Once again, Yu Tian was confused. He had a hard time breathing because he was sandwiched between the two women.

a◆?Alright, alright! There's no need to rush! Don't throw yourself all over him right outside of the house!a◆?

Chu Qing grumbled. She had just rescued the lamb from a vixen and now he was already in another tiger's den.

At least this time, the women were her own family members!

Thus, it was acceptable!

a◆?Yu Tian, this is Chu Rou and that is Chu Xin!a◆?

Chu Qing briefly introduced the women before grabbing Yu Tian's hand. Then, she led him into the villa.

Yu Tian smiled awkwardly. He did not even have time to greet the women.

Chu Rou and Chu Xin exchanged glances as if they had noticed something strange.

a◆?Don't you think that Lil Qing is acting weird?a◆?

a◆?Yea, it seems like their relationship has progressed faster than we thought it would!a◆?

a◆?You're right, but there's no need to hurry. We still have plenty of time!a◆?

a◆?Right. We still have no idea who's going to be Yu Tian's wife!a◆?

a◆?Hehe, surely I'm his cup of tea.a◆?

a◆?No, he obviously likes me!a◆?

a◆|

The two women walked into the villa while arguing softly.

Yu Tian, who had just taken a seat on the couch, had no idea what was awaiting him!

## Chapter 7 The Elder Sisters Are All Lionesses

On the soft and comfortable couch inside the villa, Chu Qing was holding Yu Tian's hand while educating him on the qualities of a good wife.

Chu Xin and Chu Rou walked in and took their seats. They did not take their gaze off the boy.

Yu Tian lowered his head and "obediently" listened to his elder sister's advice.

Gradually, the atmosphere became tense.

"Little sister, come and sit over here."

Chu Xin patted on the seat next to her. She was signaling for Chu Qing to move over.

Chu Qing immediately stopped talking and did as she was instructed. She seemed to be excited to see the disaster that was about to befall her younger brother.

Yu Tian felt really embarrassed.

This was like a parent-teacher conference.

No, more like a denouncing assembly!

Chu Rou was the one who broke the silence.

"Yu Tian, you've gotten close with your young and beautiful secretary in just a few hours?"

Yu Tian was surprised.

'How did the news spread so quickly?'

Xiao Yun was only a secretary.

Why did he feel like he had committed a sin?

"Oh, she was a fellow alumni from my university who did me a small favor. Since she seemed like a nice person, I hired her. She became my secretary because Old Xu said it was the only position available," replied Yu Tian.

He had no choice but to betray Old Xu!

"Oh," Chu Rou mumbled softly. Then, she turned around and looked at Chu Qing.

"So this was caused by your old, crafty employee. That man had never proven his worth. Why is he still employed?" said Chu Ruo in a gentle voice.

Chu Qing immediately blushed. Unlike her usual domineering self, she began to pout due to embarrassment.

"Sorry, elder sister Rou."

After that, Chu Qing clenched her fists and spoke through her gritted teeth, "Hmm, that man is already in his forties. It's about time he retires to make way for the younger generation."

Yu Tian was taken aback.

What?!

Was this a good reason to fire Old Xu?

The man was in his prime. Yet, they wanted him to retire?!

All he did was find him a secretary.

Was this really necessary?

Yu Tian gulped out of fear. Clearly, no one should mess with his elder sisters.

Chu Rou, who looked the most gentle among them, was able to easily subdue the Queen of Linhai.

"I don't think that's enough. Let's move his entire family to a secluded area in the northwest."

With just a few words from Chu Xin, she had already sealed the fate of Xu Guodong's entire family.

Yu Tian did not know how to feel about this. It was definitely not a good idea to challenge his elder sisters!

He quietly reminded himself to never be fooled by their attractive appearances.

His elder sisters were all lionesses!

While he was deep in his own thoughts, the three women began discussing Guodong's punishment. They wanted to punish his entire family, from the oldest to the youngest. However, even with that, they were still not satisfied.

Chu Qing tried to mediate upon noticing that Yu Tian was feeling down.

"Yu Tian, we're not prohibiting you from seeking a girlfriend, but she needs to match your status and position. She also must pass our tests."

"Exactly! We will bring numerous benefits to your life, but you'll also become an easy target. We're doing this for your own safety," Chu Xin added. Her brows were twitched into a frown.

"Why? Is someone trying to harm me?" asked Yu Tian. He was utterly confused.

The three women exchanged looks. Finally, Chu Xin nodded.

"You're not a normal person. You'll learn more about the details in the future."

"Anyway, that's not our current priority. For now, we want you to know that a girl like Xiao Yun is not compatible with you."

"Yes, extremely incompatible," Chu Rou echoed. She made it sound like Xiao Yun was a genuinely mean person.

"..."

Yu Tian was speechless.

"Honestly, I don't see her that way. She's only an acquaintance. That's all to it."

The three women seemed relieved upon hearing that.

Yu Tian quickly added, "Oh, I think that Old Xu is a competent employee. I'll allow him to stay and work for me."

Chu Qing glanced at Yu Tian before nodding somewhat hesitantly.

"Alright, I won't fire him for now. However, if he makes another mistake, I'll send him and his entire family to the northeast!"

Yu Tian smiled while secretly apologizing to Guodong in his mind.

"Alright, since he has already been educated, let's get down to business," said Chu Xin as she waved her phone in the air.

"What's your WeChat number? Add me as your friend."

Chu Rou requested the same thing.

Then, Yu Tian was added into a group chat.

The second he was added in, the chat was flooded with messages.

More than ninety-nine new messages popped up in less than ten seconds. Among the messages, Yu Tian was tagged in one hundred and five of them.

'Ping. Ping. Ping.'

Yu Tian's phone was constantly ringing. Several seconds later, the screen froze and he could not do anything.

It was due to the influx of notifications. His old phone could not handle it.

Chu Qing noticed the situation and quickly retrieved a spare phone from the desk.

"Lil Tian, you can use this for now."

Yu Tian checked the phone model. To his surprise, it was a custom-made Apple smartphone. The phone definitely cost tens of thousands of yuan.

Before this, Yu Tian wanted to buy one of these as a birthday present for his younger sister.

However, after learning its price...

[ Hey, Yu Tian, are you alright? Did we surprise you? ]

[ Lil Xin, Lil Rou, Lil Qing, what's happening? Why isn't Yu Tian replying to our texts? ]

[ Hello, Yu Tian. What are you up to? ]

...

Yu Tian had just logged into his WeChat when the sea of messages continued to flood into his phone.

Simultaneously, he received numerous friend requests. He counted and in total, there were one hundred and five names.

All of their last names were Chu.

Accepting friend requests had never been so troublesome.

Chu Rou and the other two could not help but laugh at Yu Tian's expression.

It took a few minutes for Yu Tian to finish accepting all the friend requests.

After that, he texted to the group chat.

[ Sorry, elders sisters. My phone broke down earlier. That's why it took me some time to reply. ]

[ Oh, I was wondering what had happened. That means you'll be needing a new phone. I'll transfer you some money. Consider it a gift for our first meeting. ]

That message was from a person named Chu Ning. In just a few seconds, she sent Yu Tian a payment.

Yu Tian accepted the money out of habit.

One million yuan!

Another million!

He was speechless and instantly tagged Chu Ning in the group chat.

[Thank you, elder sister Ning. However, a phone does not cost 1 million yuan. I'll transfer the money back to you. Elder sister Qing has already transferred 3 million yuan to me and I haven't even spent that yet.]

After saying that, he transferred the money back to Chu Ning.

What he did upset Chu Ning.

[ Yu Tian, why did you return the money to me? There's no need to be polite. Otherwise, I'll get mad. ]

Then, she privately messaged Yu Tian and transferred six million yuan to him.

[ This is your pocket money! In the future, if you ever need more money, just ask me. Don't ask from Chu Ning, she's poor. Oh right, I'll be visiting Linhai soon. See you then. ]

Upon reading her message, Yu Tian was stunned.

The world was really unfair. Indeed, not everyone was born equal.

Chu Qing, who was at the top of the food chain in Linhai, was considered poor by the other elder sisters.

While Yu Tian and Chu Ning spent a few minutes in private chat, the group chat was once again flooded with countless messages.

The other elder sisters were discussing Yu Tian's likes and dislikes. Each of them wanted to give him a present.

Yu Tian was overwhelmed. He felt uncomfortable being spoiled by them.

It was just too much!

So, he sent another text to the group chat.

[ I appreciate your thoughtfulness, but please stop sending me gifts. Let's meet in person first! ]

Yu Tian made a smart decision.

The conversation in the group chat somewhat changed, but he was still the main point.

a◆?Yu Tian, just ignore them by muting the group chat! You can't please all of your elder sisters. It's better to cherish the ones that are here with you!a◆?

Chu Qing smiled before giving Chu Xin and Chu Rou a meaningful glance.

The two of them instantly understood her intention.

a◆?Lil Tian, every man needs a car. Tell me, what car do you like?a◆? asked Chu Rou casually.

Most men adored cars. There was even a saying that cars are men's second wives.

Without even thinking, Yu Tian named a few off the top of his head.

a◆?Bentley Continental GT, Mercedes-Benz G-Class, a◆|a◆?

Then, he began talking about the configuration and performance of the cars in detail.

a◆?It seems that you know quite a lot about cars.a◆?

Chu Xin replied with a smile. She was swiping left and right on her phone.

a◆?Hmm, Lil Tian is handsome but does not have good taste in fashion. Ah, Andes is currently in Linhai. I'll get him to come over.a◆?

Chu Rou looked at Yu Tian from top to bottom. Then, she took a picture of him and walked out of the room.

Yu Tian was puzzled, but he had a feeling that his elder sisters were planning something for him again.

Before he could say anything, the three women bombarded him with loads of questions. It was not long before they learned everything about Yu Tian, including his past.

Half an hour later, someone knocked on the door.

Once the housekeeper opened the door, a dozen or so neatly-dressed men and women entered. The leader of the group was a gray-haired foreigner. He was dressed impeccably.

a◆?Greetings to the three beautiful women. I'd like to thank you for giving me this opportunity.a◆?

This man was Andes.

Yu Tian rubbed his eyes.

a◆?This old man looked rather familiar.

a◆?Hang on, isn't this Andes, the world's top fashion designer?

a◆?D\*mn!'

Yu Tian had heard that each of the old man's designs cost at least 10 million yuan!

Anyone would be ecstatic to wear the clothes he had designed!

Yet, the top designer was speaking with such humility right now?

Chu Rou nodded and said with a smile, a◆?Andes, this is my younger brother, Yu Tian. Work your magic on him.a◆?

Andes bowed respectfully before he started to work diligently as if he was serving a king. Yu Tian felt like a marionette and was rather embarrassed.

Shortly after, the designer finished taking Yu Tian's measurements.

“Honorably Young Master Yu Tian, please wait for a moment. We'll begin producing your outfit right away.”

Yu Tian nodded. He truly felt like a king.

Then, someone else came to fix his hair and other elements.

Two hours later, Yu Tian looked into the mirror in astonishment. He felt like a completely new person.

“Hmm, not bad. Indeed, Andes knows men best,” Chu Xin exclaimed with satisfaction.

Yu Tian looked much more impressive and elegant than before. All his physical assets were magnified whereas the liabilities were subtly concealed.

“Here, the final touch.”

Chu Rou took out a watch from her purse.

It was a custom-made Patek Philippe that probably cost more than ten million yuan.

Yu Tian wanted to refuse but the woman gently interrupted him.

“You're our younger brother. Your reputation also reflects ours. You can't look as if you're poverty-stricken.”

A watch that cost more than ten million yuan? Poverty-stricken?

Yu Tian did not know what to say other than, “Thanks, elder sister Rou.”

“What about your elder sister Xin?”

Chu Xin appeared out of nowhere and teased Yu Tian. Without giving him a chance to appreciate the watch, she led him out of the room and they headed toward the villa's main entrance.

A brand new Bentley Continental GT was parked outside. There was also a Mercedes-Benz Brabus G.

“F\*ck me!”

Yu Tian cursed almost instinctively.

a◆?They're both yours. You can drive them interchangeably. If you want any more cars, just let me know,a◆? said Chu Xin happily. Money was not a problem as long as Yu Tian was satisfied.

a◆?Um, elder sister Xina◆| la◆| Thank you!a◆?

Yu Tian said incoherently.

Chu Qing, who had been following them closely from behind, pouted.

a◆?Sigh, we're not all born equal. The life of a wealthy woman is beyond one's imagination! Yu Tian, do you see now why I'm the poorest out of all?a◆?

Yu Tian chuckled.

a◆?It's fine. What do you like, elder sister Qing? I'll buy it for you!a◆?

a◆?Hmm, at least you're a man with a conscience. Come on, drive me around in your new car!a◆?

Chu Qing said gleefully.

All of a sudden, Yu Tian's expression darkened.

He just realized something very important.

a◆?F\*ck, I don't even have a driving license!

His favorite cars were parked right in front of him. However, he could not drive them!

Yu Tian felt a surge of frustration.

Chu Xin managed to sense that something was wrong.

a◆?Lil Tian, is it because you don't have a driving license yet? It's no big deal. I can sort it out for you.a◆?

After saying that, she made a phone call. Then, the four of them left in the Brabus G.

One hour later, they arrived at Linhai Circuit.

a◆?Elder sister Xin, I thought you're taking me to get my driving license? Why are we at the race track?a◆? asked Yu Tian. He was puzzled.

Why were rich people's lives so complicated?

Did they learn how to drive at the race track?

Yu Tian was in a daze as he looked at the luxurious cars sped past him.

Chu Xin spoke as they headed toward the entrance, a◆?It'll take too much time if you learn from a driving school. You can attain a racing license first, then get your regular driving license later on.a◆?

A handsome older man dressed in a racing suit approached them.

a◆?Elder sister Xin, you're here. You should've given us a heads up. We didn't prepare anything for you.a◆?

Chu Xin waved her hand dismissively and pointed at Yu Tian.

a◆?This is my younger brother. He doesn't know how to drive. Help me resolve it.a◆?

a◆?Yes, madam! Leave him to me. It'll only take an hour. Hehe, I'll teach him everything I know!a◆?

The older man replied with a smile.

Yu Tian thought that the man was simply boasting. Normally, it would take a person at least one month to learn how to drive. Yet, he claimed that with him as an instructor, it would only take one hour?

Unbelievable!

Chu Xin gave an explanation to clear things up.

a◆?Lil Tian, his name is Li Zhengyi, a national level racing coach. He has won multiple global racing awards and will definitely keep his word.a◆?

Yu Tian gulped upon hearing the impressive introduction. He secretly went online and looked up Li Zhengyi. What Chu Xin said was really true.

a◆?Alright, let's get started. I'll let you use my personal racing car since you're the younger brother of elder sister Xin,a◆? said Zhengyi with a smile as he led the young man away.

Within the next half an hour, Yu Tian was charmed by car racing.

The modified car moved at a terrifying speed. It drifted around the corner with little to no problems.

Zhengyi taught Yu Tian by showing some examples. He also explained every detail thoroughly.

Yu Tian absorbed the new knowledge rather quickly.

One lap later, they swapped seats.

a◆?Come on, show me what you're capable of.a◆?

Yu Tian anxiously started the car. He could feel his blood boil when he heard the powerful roar of the V12 engine.

The look in his eyes changed.

Upon seeing that, Zhengyi's eyes also twinkled. He had high hopes for the young man. Yu Tian reminded him of himself when he was at the peak of his career.

Yu Tian took a deep breath. His eyes were focused.

He stared straight into the signaling light in front of him. Once the red light lit up, he stepped on both the brakes and the accelerator.

a◆?Vroom!'

The car roared as the tires brushed against the ground, leaving behind thick white smoke.

3! 2! 1!

The light turned green!

a◆?Screech!'

A perfect and controlled launch was executed!

The race track in Linhai Circuit was the second hardest track in the entire country. Countless experts and top racers had tasted failure here.

However, Yu Tian was different. He got the hang of it. Li Zhengyi noticed that the boy was practically perfect.

Yu Tian did not take any unnecessary steps.

Zhengyi became skeptical. Perhaps Chu Xin had brought an expert car racer to tease him.

1:59:37.

That was the time Yu Tian took to complete his first lap. He had already exceeded ninety-nine percent of amateur racers by completing a lap under two minutes.

The car was in tip-top condition and Yu Tian was about to run the second lap.

Zhengyi kept quiet. He allowed Yu Tian to drive however he pleased.

Yu Tian had already gotten used to the car after completing the first lap. He stepped on the accelerator while drifting the corners, all without decreasing any speed. In fact, he drove even faster.

Several racers tried competing against him, but they were instantly left behind. The other racers did not even manage to get a good look at the rear of his car.

“Damn, isn't that Li Zhengyi's car? Why is he taunting us on the race track?”

Almost every other racer had the same thought.

Finally, the second lap was completed.

1:50:21!

Zhengyi was shocked. His personal best on this track was actually three seconds slower than Yu Tian!

The boy had broken his record even though he was not a professional racer!

He even beat a top racer who had won multiple awards!

By the third lap, the car was evidently exhausted.

Zhengyi was about to stop Yu Tian but he changed his mind and remained quiet.

Yu Tian's focused and excited expression hinted at Zhengyi that a miracle was about to happen!

Most of the other cars had gone to the waiting area. The racers were staring at the widescreen. They watched Yu Tian closely as he was about to start his third lap.

Originally, they thought that it was Zhengyi who broke the record. Everyone was talking with each other excitedly.

The signal lit up.

Launch control!

a◇?Vrooma◇|'

The race car sped off at the speed of light. It was even faster than before!

Yu Tian's eyes widened. He could feel a rush of adrenaline. It felt like he had merged with the race car. Yu Tian was able to drift at every corner without making any mistakes.

Zhengyi clenched his fists nervously. He kept glancing at the timer.

This young man was faster than him!

For real!

The nine continuous winding roads are up ahead. It's the most time-consuming part of this track!

Zhengyi felt his heart pounding rapidly while Yu Tian was completely engrossed.

The first corner was a success!

206 km/h!

The second corner was another success!

220 km/h!

a◇?He's not slowing down at all! This is how accidents happen!'

Zhengyi was extremely concerned. He was not worried that his car might get totaled. Rather, he was worried that the young man might miss his shot at breaking the world record due to his impatience.

They were about to face the third corner.

Another success!

235 km/h!

Yu Tian kept increasing his speed!

It almost felt like the car was out of control.

Yu Tian managed to drift through the next five corners effortlessly.

The car was now going at 300 km/h!

Coming up was the ninth corner. It was extremely dangerous and hated by countless racers!

a◆?Screecha◆|'

Yu Tian turned too quickly. The car shook violently, throwing the men off their seats. Blood was rushing to their brains.

Zhengyi unknowingly held his breath. His vision became blurry. He was certain that his heart had stopped beating.

Meanwhile, Yu Tian's eyes were still brilliantly twinkling. He did not take his hands off the steering wheel.

a◆?Sh\*t! Sh\*t!'

These were the only words in Zhengyi's mind.

Zhengyi shut his eyes instinctively. He was certain that this was the end. They were going to die in a crash.

a◆?As long as we can break the record, it will be worth it!'

That was his final thought.

A few seconds passed. Zhengyi waited quietly for the sweet taste of death.

a◆?Bang!'

a◆?Boom!'

The car landed perfectly on the ground and Zhengyi opened his eyes.

a◆?F\*ck me!a◆?

He swore out of instinct.

Miraculously, they survived the fatal ninth corner!

Yu Tian was cranking up the car's speed to its max!

The engines roared and finally, they sped past the finishing line.

a◆?Screech!'

Yu Tian stepped on the brakes and let out a long sigh.

Then, he turned to look at his instructor with sparkling eyes.

a◆?Elder brother Li, this was an incredible experience! Really! So, this is how it feels like to really drive! Haha, amazing!a◆?

Zhengyi ignored him and unbuckled the seatbelt. He got out of the car, placed one of his hands on the door for support, and started vomiting intensely.

The scene shocked Yu Tian.

a◆?Elder brother Li, aren't you a professional car racer? How did a newbie like me make you throw up?'

He thought to himself whilst scratching his head.

Anyway, Yu Tian also got out of the car. The timer shown on the massive screen was 1:45:36.

Since he knew nothing about the top records of this tract, Yu Tian asked curiously, a◆?Elder brother Li, was I really slow? I bet you can finish the laps within one minute.a◆?

Zhengyi quickly turned his head around and stared at the screen.

a◆?1:45:36? F\*ck me!a◆? he cursed again.

Then, he felt sick once more.

The other racers rushed to the scene.

They saw that Li Zhengyi, the famous car racer who had won multiple global racing awards, was throwing up next to the passenger seat.

An unfamiliar-looking young man was standing next to him. He looked like he was disgusted at his record.

However, after listening to his elder sisters' and other racers' explanations, Yu Tian finally understood what he had achieved.

He felt embarrassed and patted Zhengyi on the shoulder.

“Elder brother Li, I'm sorry. I didn't expect to break the record so easily.”

Zhengyi almost fainted. He asked for a bottle of water and finished it in just a few gulps. Then, he grabbed Yu Tian's hands and said emotionally, “Brother, which agency do you belong to? How much are you paid? Would you like to join our agency instead? We'll pay you whatever you want!”

Upon seeing the perplexed expression on Yu Tian's face, he added, “How about 100 million yuan a year? We can negotiate further if you're not satisfied!”

One hundred million yuan?

What the hell?

Yu Tian waved his hands awkwardly.

“Elder brother Li, this is my first time driving a car. You're supposed to be my coach! Ask my elder sisters if you don't believe me!”

Chu Xin, Chu Qing, and Chu Rou nodded simultaneously. Yu Tian was here today so he could learn how to drive.

Why was Zhengyi trying to recruit him?

He even offered one hundred million yuan.

Although that amount was not much for the sisters, it was an insane number for any other racer.

“Yu Tian, tell me the truth. You really have never driven before?”

Chu Qing asked straightforwardly.

She knew a thing or two about racing and the meaning behind Yu Tian's record.

Yu Tian forced a bitter smile.

a◆?Elder sister Qing, you already know about my past. I really haven't driven before. This was the first time I sat behind the wheels!a◆?

a◆?Genius! What an absolute genius! You must join my agency no matter what!a◆?

Zhengyi's eyes were overflowing with excitement. Yu Tian took a few steps away from the man.

a◆?Brother, do you know what you've done?a◆?

Zhengyi was extremely enthusiastic. His lips were even quivering.

a◆?You broke the world record!a◆?

Yu Tian felt embarrassed because he thought that the man was bluffing.

a◆?I had the best record, 1:53:21, at Linhai Circuit. It was achieved three years ago during an international competition! You've already broken my record during the second lap! Furthermore, the car was not in its best condition during the third lap, but you managed to finish at 1:45:36. Clearly, you're a genius!a◆?

Still, Yu Tian was not convinced. He asked the other racers nearby, a◆?Is it true?a◆?

They confirmed that it was and he pouted.

a◆?This was too easy. It's not challenging at all.a◆?

Then, he turned around to leave.

Zhengyi was about to say something when Yu Tian suddenly looked over his shoulder and said, a◆?Oh right, when can I get my driving license? I want to drive the Brabus G!a◆?

Brabus G?

The group of racers, including Li Zhengyi, were speechless.

Yu Tian had the potential to be the world's best car racer, but he only wanted to drive a Brabus G?

Even though it was an expensive car, it could not be compared to a sports car!

Most playboys attract girls using sports cars too!

Zhengyi snapped out of being shocked and hurried towards Yu Tian. He took out his phone, smiled, and said, a💎?No problem. Let's add each other as friends on WeChat. Send me a copy of your ID card and I'll get your driver's license ready in half an hour. I'll also register you as a racing driver!a💎?

a💎?Are you trying to trick me?a💎?

Yu Tian looked at the man with skeptical eyes. He felt like a beautiful woman who was being asked for her WeChat ID in the streets.

Zhengyi did not know how to react. The young man standing in front of him had endless potential!

There was no way he would let him off so easily!

That was why Zhengyi tried a different approach. Since Yu Tian was not interested in becoming a professional car racer, he should try befriending the young man first.

Once they became good friends, he might be able to change his mind!

Unfortunately, the outcome was not what he expected. Yu Tian was satisfied with just a Brabus G and Bentley Continental GT. The young man did not really care about sports cars!

Half an hour later, Yu Tian received his driver's license. He was about to delete Zhengyi as his WeChat friend if the latter did not keep his word.

a💎?Let's go, elder sisters. I'll drive you around!a💎?

Yu Tian started the Brabus G while laughing happily. He was like a child who had just been gifted a toy.

Zhengyi clenched his fists as he watched Yu Tian drive away.

a💎?Yu Tian, I'll not give up on you!a💎?

Driving around aimlessly was fun to Yu Tian, especially when there were three breathtakingly beautiful women with him in the car.

Occasionally, he even flirted with his elder sisters, making their cheeks blushed and their hearts pound.

If this went on, it would only be a matter of time before they conquer Yu Tian.

They enjoyed a meal together and went shopping. After that, the young man was abandoned by the three women.

Yu Tian could not help but let out a sigh as he watched the women get into their respective cars.

“This feels like a dream. A really nice dream! Hahaha!”

Then, he started his car's engine and headed to the hospital.

The Brabus G received numerous looks of admiration along the way. Beautiful women turned their attention to Yu Tian while scheming in their minds.

After parking his car, Yu Tian grabbed the things he had purchased and headed into the hospital while whistling.

Three sweet and innocent-looking nurses flirted with him on the way. One of them even asked for his WeChat ID.

Upon remembering his elder sisters' words, Yu Tian had no choice but to refuse. Otherwise, the adorable nurses might end up losing their jobs.

Yu Tian looked into the window of 'VIP Room 1'. He noticed that his younger sister was happily playing with a young nurse.

“Elder brother! Elder brother! You're here! Give me a hug!”

Yu Qi'er shouted with joy and extended her hands.

The young girl was only ten years old, but she was very obedient. She never threw tantrums and often helped with household chores.

“How are you feeling?”

Yu Tian patted her on the head lovingly. Her pale face worried him.

“Elder brother, I'm feeling much better. The nurse said that I'll be having my operation tomorrow. Can you bring me to the playground once I've recovered?”

Qi'er smiled sweetly. Her bright eyes curled into two little crescents.

a◆?Sure, I promise! From today onwards, you'll be looked after by me and many other elder sisters. You'll never be hurt again.a◆?

Yu Tian replied. His eyes were beaming, but he felt a sense of guilt surging inside him.

This young girl had suffered so much under his watch.

Yu Tian slowly took out the gifts he had bought from the bags one after another. He also explained to the little girl about the changes in their lives.

They shared a warm moment together.

Yu Tian woke up early the next morning.

It was the day of his younger sister's surgery.

In order to reassure Yu Tian, President Li even waited outside of the surgery room with him.

Chu Qing, Chu Xin, and Chu Rou also showed up. They did not speak much and simply kept the anxious young man accompanied.

The operation took five hours.

During that time, Yu Tian did not budge from where he was standing.

The light of the surgical room's panel went off. A doctor with a smile on his face exited the room. Yu Tian finally felt relieved after he was told that the surgery went smoothly.

In fact, the bone marrow adapted better than they had expected!

There would be no problems as long as the young girl took her medicine on time. She also needed to maintain a healthy diet and exercise moderately.

It was not long before Yu Tian was allowed to see Qi'er. Although she had just gone through surgery, she looked more radiant than before.

a◆?I went to double-check with the doctors again. They told me that the bone marrow was a great match and her condition is stable. She can be discharged after resting for a short period of time.a◆?

Chu Qing played a voice memo on her phone. She recorded her conversation with the doctors because she feared that Yu Tian would not believe her.

Yu Tian nodded solemnly.

a◆?Thank you, elder sister Qing.a◆?

a◆?We're family. You don't have to thank me.a◆?

The corners of Chu Qing's lips curled into a smile. Her eyes were twinkling.

Suddenly, Yu Tian reached out to embrace the woman.

This unexpected gesture took Chu Qing by surprise. Even Chu Xin and Chu Rou were taken aback.

What was happening?

When did they get so close?

a◆?Um, I'm sorry for crossing the line,a◆? said Yu Tian while wiping the tears off the corners of his eyes. He was clearly embarrassed based on the tone of his voice.

He was really close with his younger sister. There were countless nights where he had to helplessly watch the little girl endure the pain. Despite that, she did not complain and even ate in small amounts to help Yu Tian save some money.

This all happened due to his incompetence.

However, things had changed. The appearance of these elder sisters had completely turned their lives around.

A brief moment later, Yu Tian said to the three women, a◆?Elder sisters, you can leave if you want. The doctors will look after my younger sister.a◆?

a◆?Come with us. Somebody wants to meet you,a◆? said Chu Qing. Qi'er's condition had stabilized, but it might take some time before she regained consciousness. There was nothing much that Yu Tian could do here.

a◆?Who is it?a◆?

Yu Tian asked curiously.

a◆?You'll find out soon. The person might have some news about your missing parents,a◆? Chu Qing explained. Her brows twitched into a frown.

News about his parents?

Yu Tian shuddered.

Indeed, it was strange that his parents had suddenly gone missing ten years ago. Furthermore, they were declared dead not long after.

If they were dead, how come their bodies were not found?

On the other hand, if they were alive, why did they not return to their children?

Yu Tian looked at Chu Qing before shifting his gaze to Chu Xin and Chu Rou. His eyes were immediately filled with tears.

“Were my parents found?” he asked with quivering lips. Yu Tian tried really hard to suppress his emotions.

Chu Xin shook her head.

“No, but there might be some clues. Yu Tian, come with us. You'll find out more once you meet him.”

Yu Tian nodded and left the hospital with the three women.

Two hours later, the four of them arrived at a villa located in the beautiful suburbs within Linhai.

The villa was so massive that it almost took up the entire mountain space.

“Yinxian Villa?”

Yu Tian looked at a stone tablet erected by the road. He thought the villa had a rather interesting name.

The name Yinxian is made up of the Chinese characters representing Hidden and Immortal..
