?Chapter 121 – Mysterious Scent

Thank you readers!

He had wanted to find an opportunity to get close to Yan Longwen, but in the end, she came to him on her own accord.

Lei Chen would not let go of this opportunity. He pretended to get some coffee and greeted Yan Longwen first.

“Hello, beautiful!”

Yan Longwen only nodded slightly and did not look at him.

The R&D Department was in full swing at the moment. They wanted to split every second in half so that no one would have time to pay attention to him.

She then ordered the supervisor, “Prepare the meeting records for this morning. Get someone to send them to my office immediately!”

Without wasting any time, Yan Longwen turned around and went back to the R&D Department.

Lei Chen poured himself a cup of coffee and pondered as he drank it.

Yan Longwen was quite arrogant. She was obviously on a different level from the women here. If he wanted to get the core technology, he had to think of a way to get her first.

At this time, the supervisor stood up and was about to deliver the documents. The opportunity had come.

Lei Chen took the initiative to go forward and smiled. “Let me go. I’m new here, so I should be more familiar with the company’s business!”

The supervisor did not think too much about it. It just so happened that he had other work to do. He casually handed the documents to Lei Chen and smiled. “Thank you for your hard work. President Yan’s office is on the fifteenth floor.”

“Oh right, you need to swipe your card to enter that floor. Since you just arrived today, your card might not be able to do so. You can use mine first!”

Lei Chen was especially happy. He was simply invincible here.

At the same time, in the office of the umbrella factory, Qing Xiaowan made a cup of coffee for Yu Tian. Then, she whispered, “I thought about it carefully and decided not to hold the opening ceremony. I don't want the people of the Chu family to know and make things difficult for you!”

It did not matter if it was a ceremony or not. It was a waste of manpower and resources.

Yu Tian very much supported Qing Xiaowan's idea.

Just as they were talking, Yu Tian received a text message from Chu Qing. “You left your sister with Chu Rou, and you're not in the company. Tell me the truth. Where are you? Did you go to see some vixen again? Go to the mall immediately. Chu Rou needs your help!”

What was wrong with Chu Rou? Among the three girls from the Chu family in Linhai, Chu Rou was the most cunning. What help could she need? Thinking of this, Yu Tian stood up and took his leave.

A sense of loneliness and disappointment suddenly rose in Qing Xiaowan's heart. She personally sent Yu Tian to the door and watched as Yu Tian's figure completely disappeared. Only then did she return to the office step by step.

Half an hour later, in the office of the shopping mall.

The moment Yu Tian entered, Chu Rou bared her little canines and said with a distressed expression, “You're finally here. Come with me, I'll bring you to see something!”

Yu Tian did not even take a sip of water and left right away. Yu Tian could only smile helplessly and follow her all the way to the warehouse of the shopping mall.

At this moment, the executives of the shopping mall were all here, pointing at a pile of luxury goods and discussing animatedly.

“How can these be fake? When they entered the warehouse, everything was tested. It's impossible!”

“I feel that there must be a mole!”

“How is that possible? Leaving the warehouse, we have to go through a few security checks. And look, most of the goods here have become fake. It's impossible for one or two people to do it, unless the security guards were also in cahoots!”

Chu Rou turned around and spread her hands to Yu Tian. She chuckled and said, “You heard it. There's no need for me to waste my energy telling you. I just want to add one more thing.

“All the valuable items have been replaced by fake goods. Their value has already exceeded 200 million. Even if I dug my head out, I still couldn't figure out who was so powerful. Now, I can only rely on you. Help me solve this problem. Then, we'll have some fun, just the two of us.”

This was simply a blatant attempt to seduce him. Yu Tian chuckled and said, “When will you learn to wear a skirt? I was thinking if I should give you some face!”

Chu Rou was a good woman, but she did not like to wear a skirt. It was a waste of her good figure.

Chu Rou was so angry that she curled her lips and snorted coldly. “You like to wear skirts, right?”

It's easy to lift them, right?”

This sentence made Yu Tian not know whether to laugh or cry. It was better not to continue. Otherwise, who knew what else she would say?

The two walked into the warehouse one after the other. The executives hurriedly retreated to the side. When they walked into the warehouse, Yu Tian smelled a very special fragrance.

That was definitely not the smell of perfume. No matter how expensive a perfume was, it would not have such a natural and fresh smell.

Yu Tian took this smell as a symbol and memorized it in his mind. Then, he carefully looked at the inside and outside of the warehouse.

Chu Rou casually picked up a bag and said helplessly, “See? How could they do this? By doing so, they are provoking my pure girl's heart!”

Yu Tian really wanted to scold her.

“You kept asking me to do bad things, and you still call yourself a pure girl? Are you crazy, or do you think everyone is crazy?”

However, at this moment, Yu Tian unintentionally caught a glimpse of something. The goods here were piled up like a mountain, but they were arranged in an especially neat manner. There was not the slightest trace of being disturbed.

In other words, the person who did this job was in an extremely calm state. Thinking of this, Yu Tian instructed Chu Rou, "Go and call the security guards over. Those who aren't involved, leave!"

Chu Rou turned around and shouted, "Security guards, you bunch of lazy dogs, come over here. And you executives, go do what you need to do."

Very quickly, ten security guards who were specifically in charge of the warehouse stood in front of Yu Tian, waiting for him to ask a question with a serious expression.

Yu Tian glanced at them and said casually, "Everyone, don't be nervous. I know that you're all doing your duty. I called you here because I want to know, do you have any impression of the people who usually deliver goods?"

One of the security guards replied loudly, "We all have records of those coming in. Usually, the people who deliver goods to us are just a few fixed people. They go to the port warehouse to load the goods, then deliver them here, and then leave!"

"Bring me their information!" Yu Tian instructed.

Very quickly, the information was delivered.

Yu Tian flipped through it carefully, but suddenly pulled out a worker's information.

Chu Rou went over to take a look and said in surprise, "There's actually a female delivery person

"What's there to make a fuss about?" Yu Tian said helplessly, "What can't a woman do these days?"

Even though he said that, Yu Tian still had doubts in his heart. He instructed the security guard, "The next time she comes, you guys keep her here and report to Chief Chu!"

"Yes, we understand!" The security guard immediately agreed.

At this moment, at the entrance of the 15th floor of Xinghe Technology, two fully armed security guards blocked Lei Chen's way.

"Please show me your ID card!"

Lei Chen did not expect the security level here to be so strict. He handed the supervisor's ID card to them..

?Chapter 122 – Everything

Thank you readers!

The security guard swiped his card and realized that it was not Lei Chen. He immediately tightened his grip on the air bomb launcher in his hand.

“This isn't your personal card. We cannot let you in. If you don't have Xinghe Technology's identity card, please explain it to us immediately!”

Lei Chen looked at their air bomb launcher calmly. Although this thing could not kill people, it was enough to break their bones.

He explained calmly, “Don't misunderstand. I just came to work today. My ID card isn't ready yet. President Yan needs the documents urgently. My supervisor let me use her card first. You can ask my supervisor for clarification!”

After a series of inquiries and making sure that Lei Chen was not lying, the security guards finally relaxed their guard.

However, they still did not let Lei Chen in. They said seriously, “Just hand over the documents to us. Without the ID card, we cannot let you into the R&D area. This is the rule!”

Lei Chen smiled. He was angry that he had lost this opportunity, but he still said politely, “Then I'll have to trouble you two!”

Back in the office, Lei Chen pretended to be wronged and said to the supervisor, “So it's not my ID card. I can't enter the R&D area. I even let the security guard scold me!”

The supervisor still felt that he had let Lei Chen down. He comforted him, “It's not your fault. I was so busy that I forgot the company's rules. I'll immediately get the human resources department to take care of your ID card!”

“Thank you, Hong!” Lei Chen turned around and poured a cup of coffee for the supervisor.

He was especially good at courting people. The supervisor was pleased and immediately called the human resources department.

However, the person immediately asked, "Hong, this is against the rules. The new employee of the company isn't allowed to get an ID card during the three-month probation period!"

Hong said with some warmth and anger, "Lei Chen is a member of my department. It's especially inconvenient for him to not have an identity card. Rules are dead. Register his identity card immediately. I'll ask him to get it later!"

The Human Resources manager was also not used to her shortcomings. He rejected her, "I'm sorry, Hong. This is impossible. We cannot break the rules of the company!"

Since she did not give her face, Hong immediately flew into a rage, "Rules, rules, rules! Are you using the rules to intimidate me now? I've been at Xinghe Technology for a long time. What rules do I not know? Do you think that every job in the HR department is done according to the rules? I'm not going to waste my breath with you. Are you going to agree or not?"

"Impossible, the rules are the rules. You can't change them!" The human resources department hung up the phone.

Hong was so angry that she slammed the table. She felt that she had lost all face in front of Lei Chen. She immediately put on her high heels and walked angrily to the human resources department.

When she entered the door, she began to shout, "Cai Yahan, get out here. I want to see how powerful you are now!"

Cai Yahan did not show any signs of weakness. She stood up and walked out of the office. She said angrily, "This is an office area. Please be quiet. Don't be so uncouth!"

Hong crossed her arms and sneered. "Uncouth? I don't know what uncouth is. I just know that this woman in front of me doesn't want to work here anymore. Once she has some power in her hands, she won't put anyone in her eyes. If I let you stay in this position for a few more years, I can see that you don't even put President Yu in your eyes!"

Cai Yahan was extremely disgusted by her rudeness. She said angrily, "The rules are made by President Yu. In my place, the rules are the rules. If you're not convinced, go to President Yu and tell him so. Don't make a fuss in my place!"

Hong stared at Cai Yahan viciously and said hatefully, "If you want to find President Yu, then look for him. Don't forget that my office is on the thirteenth floor, and yours is on the seventh floor. I'm still closer to President Yu."

After saying this, sister Hong turned around and left angrily.

Cai Yahan did not care about this at all. She was just a clerical supervisor. What was there to be arrogant about?

At this moment, Yu Tian had just returned to the company and walked into his own private elevator. He was supposed to go to the 21st floor, but when he reached the 13th floor, the elevator door opened. Lei Chen walked into the elevator with a smug look on his face and even nodded at Yu Tian.

Yu Tian looked at Lei Chen indifferently. 'Didn't he know that this was my private elevator? Moreover, when this guy entered the elevator, he didn't even choose the floor. Why was he doing this?'

Before Yu Tian could say anything, Lei Chen chuckled and said, 'So you also take the boss' elevator. Actually, I feel that this is unfair. The boss is always not in the company. If the elevator is idle, it won't be used by others. What a waste!'

Yu Tian looked at him quietly, waiting to see what else he could say. At this moment, the elevator slowly rose. Lei Chen found that Yu Tian was going to the 21st floor. He asked doubtfully, 'I heard that the 21st floor is the boss' exclusive floor. Why are you going there?'

'I'm a maintenance worker!' Yu Tian said casually.

When Lei Chen heard that, his eyes were filled with disdain.

'Maintenance worker? Even you can go to the 21st floor, but I can't. One day, I'll also go to the 21st floor!'

'This guy's appetite is quite big. He wants to take my elevator and also my company. What else do you want?'

Yu Tian smiled indifferently and said, 'In that case, I wish you success!'

Lei Chen did not say anything else. When the elevator reached the 21st floor, Yu Tian walked out, and Lei Chen followed the elevator down.

Yu Tian whispered, 'Interesting!'

Yu Tian walked into the luxurious office and Du Tianchi sneaked in before he sat down for five minutes.

He rushed over to drink as soon as he entered the office. As he drank, he said, 'Did you know that Cai Yahan from human resources got into a fight with Hong from the

clerical department? I heard that they even got into a fight and pulled off a lot of her hair!a€?

Yu Tian's face immediately turned stiff. Although he did not manage the company much, that did not mean that the people in the company could do anything they wanted. What he hated the most was internal strife.

Thus, Yu Tian instructed Du Tianci, a€?Call the two of them over immediately. I want to see if they can continue to fight.a€?

Du Tianci knew that Yu Tian was really angry, so he hurriedly called Hong and Cai Yahan over.

Hong took the opportunity to speak first and blabbered, a€?President Yu, please give us an explanation. The company is now surrounded by two departments. Our clerical department has a huge workload every day, and we're always short-handed.

a€?It wasn't easy for an employee to come today, but the Human Resources Department refused to register the ID card. That employee was almost beaten up by the security guards. Do you think the Human Resources Department did the right thing?a€?

Cai Yahan also said angrily, a€?You don't have to tell President Yu those useless things. I still say that my job is to uphold the company's rules. Even President Yu himself cannot violate them. This is what President Yu once said!a€?.

?Chapter 123 – Are You Playing With Me?

Thank you readers!

Du Tianci gave them a look from time to time, telling them to stop arguing.

Yu Tian did not want to hear them argue. If this continued, the two of them would not be able to do anything.

However, Cai Yahan and Hong completely ignored Du Tianci's good intentions. The more they argued, the worse it became. It was as if they were about to fight.

Yu Tian could not stand it anymore. He almost smashed the table with a slap.

Under the terrifying gazes of the two, Yu Tian said coldly and angrily, a€?I'll give you two the entire place to fight it out. I can't control you two girls anymore. I set the rules. Is anyone not satisfied with it?a€?

Hong immediately calmed down. She looked at Yu Tian in fear and stammered, a€?President Yu, no, I didn't mean that. I, I justa€|a€?

Yu Tian said disdainfully, "You must be crazy. You can become the president tomorrow so you can set the rules to your liking."

Hong lowered her head and did not say a word. She really hated herself to death in her heart. She dared to act pretentious in front of Yu Tian. If that was not a crazy act, then what was it?

Yu Tian could not be bothered to waste his breath on them. He snorted coldly and said, "Cai Yahan did the right thing. She deserves a reward. Hong, hand over your identity card and get out of Xinghe Technology!"

Hong collapsed on the spot. She leaned against the table and cried, begging Yu Tian to give her another chance.

Yu Tian did not even want to look at her. Challenging his own rules was tantamount to challenging himself. Who gave her the courage to be so shameless?

It was impossible to give her a chance. Du Tianci immediately called for security and watched Hong leave the company.

The entire clerk department exploded. Lei Chen was the only one who did not care about Hong or Cai Yahan. He did not even bother to look at Hong who was crying as she passed by him.

At this moment, he was thinking about how to get close to Yan Longwen. It was impossible to enter the R&D Department. Capturing Yan Longwen was the only way to obtain the core secrets.

In the blink of an eye, it was time to get off work. To wait for Yan Longwen, Lei Chen lingered at the entrance of the company for more than two hours. It was almost nine o'clock when Yan Longwen walked out of the company with a tired expression.

Lei Chen pulled his hair and went up to greet her directly. With an expression of surprise, he said, "President Yan, it's so late. Did you just get off work?"

Yan Longwen had no impression of him at all. She was only thinking about integrated chips and network technology. Who would remember him? She only treated him as a normal employee. She nodded and did not say anything. She walked toward her car.

"Why are you pretending?" Lei Zhen narrowed his eyes. He took a pill that he had prepared in advance and flicked Yan Longwen's hair with one finger.

Yan Longwen thought it was a bug. She stretched out her hand and patted it. She smelled a very special fragrance. Following that, she felt dizzy and almost fell.

Lei Chen saw the opportunity and smiled coldly. He quickly went forward to support Yan Longwen.

“President Yan, what's wrong? Are you too tired?”

Yan Longwen, who felt a little dizzy, did not feel anything else. She really thought that she was tired.

However, she still pushed Lei Chen away and said weakly, “Thank you, it's okay. Go and do your work. I just need to rest for a while!”

“Even if you rest until the next day, it's useless. I'm using the exclusive bewitching powder. Just smelling it can make you faint for a few days.”

He smiled proudly and said with concern, “That won't do. You can't even stand still now. Let me send you home!”

“No need. I can go home myself.” Yan Longwen did not want to take the risk. Who knew what kind of person he was?

However, Lei Chen said domineeringly, “You can't do it yourself, and I'm not a bad person. How about this? I'll call a security guard, and the two of us will send you back together. Don't try to hang on anymore. You're just a woman. Your body is exhausted. Who would feel sorry for you if you were ill?”

His words seemed to have reached the bottom of her heart. Yan Longwen's nose was sore, and she almost cried. If it was not for Yu Tian and her father's dream, why would she be so tired?

The security guard arrived soon, and the two of them sent Yan Longwen to the door of her house.

Lei Chen was serious and said arrogantly, “Go back and take a hot bath, drink some soup, and rest early. I'll go back first. By the way, this is my number. You can call me anytime!”

After leaving his number, Lei Chen left without looking back.

Yan Longwen looked at his back and felt a warmth in her heart. She sighed and said, “How good would it be if you were Yu Tian?”

Lei Chen lit a cigarette and looked at Yan Longwen's villa with an evil smile under the blurred streetlights.

“Tonight, I'll leave a good impression on you first. After that, I'll deepen this impression and let you fall into my arms bit by bit!”

“If you're not Yu Tian's supporter, maybe I'll let you live. If you want to hate me, then direct the hate at Yu Tian!”

At this moment, in the Chu family's villa.

Chu Qing licked her teeth while squinting at Yu Tian. Yu Tian thought that his clothes were on the inside out, so he said helplessly, “Why are you looking at me like that?”

“You invested in Qing Xiaowan

I

s umbrella factory right? I seem to remember that she promised me that she'd leave this place. Are you playing with me?” Chu Qing snorted coldly.

So, that was the reason. It was a piece of cake if the Chu family wanted to know something.

Yu Tian chuckled. “I want to play, but I'm afraid that you'll pinch me!”

Chu Qing sneered and said, “If I don't pinch you, it'll show how uncultured I am. So, I choose to bite you to death. I'll let you go out and fool around behind our backs! Stop right there!”

Yu Tian ran back to his room with an awkward expression and slammed the door shut. This woman seems to spit venom every time she spoke. What a temper!

At this moment, the phone suddenly rang. It was Qing Xiaowan calling. She cried anxiously and said, “Brother Tian, the factory is on fire. Everything has been burned down!”

Yu Tian suddenly frowned. Was it Chu Qing who did it? He immediately hung up the phone and went to the living room.

Chu Qing, Chu Rou, and Yu Qi'er were talking and laughing while talking about cosmetics.

Yu Tian growled, “Chu Qing, did you order someone to burn down Qing Xiaowan's umbrella factory?”

Chu Qing was stunned and asked, “What nonsense are you talking about? I'm not that shameless. Don't frame me!”

“I framed you? Who wanted all the women outside of the Chu family who came near me to disappear? How can I trust you? I'm not going to talk nonsense with you anymore!” Yu Tian left after saying this.

Chu Qing did not feel wronged. Yu Tian misunderstood because of what she had said to him earlier. When he found out that she did not do it, he would naturally come and apologize.

“At that time, let's see how I'll play you.”

Yu Tian went to the factory. Other than a few dilapidated buildings, everything else had been burned to ashes.

Qing Xiaowan's face was covered in dust. She sat weakly on the ground, her eyes staring straight at him.

The investment of tens of millions was destroyed in an instant. Not everyone could accept it.

Yu Tian comforted her, “Are there any casualties?”

Qing Xiaowan cried, “The fire started from the workers' dormitories. A few people were injured!”

“From the dormitories?” Yu Tian was a little puzzled..

?Chapter 124 – Land Temple Night Market

Thank you readers!

The first thing that Yu Tian thought of was that he had misunderstood Chu Qing. This fire was man-made. It was very likely that the muscular man had done it.

This time, he had wronged Chu Qing for no reason. This woman would definitely not let it go.

Yu Tian could not help but sigh. He thought to himself that he had to be calmer in the future. He should not be impulsive. Whoever he provoked should not provoke a vengeful woman like Chu Qing.

Thinking of this, Yu Tian asked Qing Xiaowan, “Is the worker who was slapped by me still around?”

Qing Xiaowan wiped her tears and asked her assistant. The assistant searched the crowd but did not see him. By now, Yu Tian had basically determined who started the fire.

The assistant quickly found the muscular man's information in a pile of messy documents and handed it to Yu Tian. Yu Tian took a quick look.

The muscular man's name was Peng Xiang. He was from the countryside. He had worked in many factories before, but he did not work for long in each of them.

Yu Tian found another worker who was more familiar with Peng Xiang and quickly asked where Peng Xiang would be.

At this time, Yu Tian turned around and smiled at Qing Xiaowan. "Don't be sad. Find a hotel to rest in. I'll come and see you tomorrow!"

Qing Xiaowan only wanted Yu Tian to stay by her side, but it was obviously impossible.

Linhai City, Land Temple Night Market.

During the day, this was a place where believers burned incense and worshiped Buddha. At night, this was a paradise for the poor.

There were endless hawker stalls, barbecue shops, bathhouses, and salons. There were all sorts of people everywhere.

Just as Yu Tian finished parking the Phantom Ghost, a group of people surrounded him and clicked their tongues.

"F*ck rich people! This supercar costs more than 30 million!"

"To drive such a supercar and come to such a low-class place, I really can't understand the world of rich!"

"To be able to drive a supercar that costs 30 million, you don't need this little bit of money from me. Look at me!"

The man who spoke picked up a piece of rag and half a bottle of mineral water from the rubbish bin. When he got close, he started to clean the Phantom's windshield.

Yu Tian turned around and saw that the man was in his thirties. His clothes were dirty and he had an evil smile on his face. It was obvious that he was not a good person.

After a few simple wipes, the man threw away the rag and said with a shameless smile, "Boss, I cleaned it quite well, right? Would you like to reward me?"

What was the difference between this act and robbing him in the open?

Yu Tian smiled indifferently and said, "How much do you plan to ask for?"

The man chuckled and bared his teeth, saying, "A hundred and eighty yuan isn't too little and a thousand and eight hundred yuan isn't too much!" "How about a million?" Yu Tian laughed and said.

That bastard actually took it seriously and laughed wildly, saying, "Today, when I went out, I burned the right incense and said that I could make a windfall at the temple. Didn't the god of wealth come knocking on my door? Sure enough, you're a rich man. Fine, a million then!" Yu Tian stretched out his hand and chuckled. "Since you agree, give it to me!"

The man and everyone were shocked. After talking for a long time, it turned out that he was asking this trash for a million.

Yu Tian pointed at the Phantom Ghost.

"This supercar of mine is the only one in the world that is custom-made. It's worth 75 million. The windshield is touch-operated and worth more than 10 million. That broken rag of yours will definitely leave a mark on it. Asking you for a million is a small amount."

The man could not stand it anymore. He knew that it was expensive, but he did not expect it to be so expensive. However, this was the place where he made a living. What was there to be afraid of?

Thinking of this, the man cupped his fists and sneered. "Why are you doing this?"

What was he talking about? Yu Tian did not understand a single word he said. He snorted impatiently. "What are you baring your teeth and saying? Don't waste your breath on me. Are you going to pay me or not?"

The man frowned with a bitter face. It seemed that he had really encountered a tough opponent. At the thought of this, the man gave Yu Tian a shifty look and suddenly ran away.

Yu Tian could not be bothered to chase after him. Seeing that he was so poor, what could he do even if he caught up to him?

In the end, he parked the Phantom Ghost in a safer place before leisurely walking into the bustling nightlife.

Yu Tian walked and looked around. Soon, he arrived in front of a salon.

A coquettish woman inside immediately stretched out her hand and greeted him, "Boss, come in and wash your hair. I guarantee that it will be cool and the price will be cheap. I assure you it will be a great deal!"

Yu Tian chuckled and strode in. He turned around the hall and came to the dark inner room. With a whoosh, more than twenty women stood up. Yu Tian was shocked. He thought that they were going to fight with him in a group.

The coquettish woman held onto Yu Tian's arm enthusiastically as if she was afraid that he would regret it. She hurriedly introduced, "Take a look. Is there anyone you're satisfied with?"

Yu Tian was indeed looking for a girl, so he asked with a smile, "I heard that you have a girl called Tian Tian here. Is she around?"

When they heard that they were looking for Tian Tian, all the women rolled their eyes at Yu Tian in disdain.

The woman patted Yu Tian's arm and said with a smile, "Looks like you're a person who really knows how to play. It's a pity that Tian Tian took a leave of absence tonight and went home. Why don't I introduce other girls to you? They are also pretty good!"

Yu Tian smiled calmly and took out 10,000 yuan. He threw it on the table and said disdainfully, "Where's Tian Tian's house? Bring me there and you'll be rewarded!" As he spoke, Yu Tian patted his backpack.

The woman picked up the stack of money as if she had seen the god of fortune. She nodded and bowed. "I'll bring you there. I'll bring you there. Her house is nearby!"

Yu Tian and the woman had just left when a woman sent a message to Tian Tian. "Hello, there's a rich man who wants to see you. You're not here. The boss has brought him to see you!"

In a shabby bungalow.

Tian Tian heard the message and pushed away Peng Xiang, who was rubbing against each other. She opened the phone to take a look and immediately stood up to tidy up her hair.

Peng Xiang took a puff of his cigarette and chuckled. "What's the matter? Do you have a job?"

Tian Tian glanced at him and said with a look of disdain, "There's a customer who wants to visit me. Sister Qin will bring him here in a while. You go somewhere else first!"

Peng Xiang laughed shamelessly. "I don't have a single cent in my pocket. Where are you going?"

It was simply too disgusting. Tian Tian gritted her teeth and took out a hundred yuan and threw it to him.

If it was not for the fact that they were from the same village, she would not have bothered with him.

This fellow flicked the hundred yuan and chuckled. "I knew that you doted on me. When I'm rich, I'll definitely let you live a good life!"

Having said this countless times, Tian Tian was already numb to it. She said in disgust, "When you're rich, my bones will be rotten. Hurry up and scram. Don't come and disgust me in the future!"

Peng Xiang touched her shamelessly, got up lazily, and left the courtyard.

A few minutes later, Yu Tian arrived at the door..

?Chapter 125 – Give Me A Massage

Thank you readers!

Tian Tian had never seen Yu Tian before. She opened the door and asked warily, "Sir, I think this is the first time we've met!"

Yu Tian told the woman to scram. Then, he smiled calmly and said, "That's right, but I'm not here to look for you. I'm here to look for Peng Xiang!"

It would not be good to look for him. Tian Tian said impatiently, "He's not here. I'm not familiar with him!"

With women like them, there was no need to waste words on each other. They would just use money to cut to the chase.

Yu Tian took out 10,000 yuan and patted it in his hand as he asked, "Are you familiar with him this time?"

Tian Tian saw the money and immediately smiled. "Yes, I'm very familiar with him. If it weren't for this animal who doesn't want to upgrade himself for our future, we would be married. Please come in. I'll call him to come back now!"

"Wait a moment, calm down!"

Yu Tian said in a low voice, "If you call him like that, he definitely won't come back. Just tell him that you've received a silly and rich man. Tell him to come back and have some fun!"

She did not think much about it and immediately followed Yu Tian's instructions and called Peng Xiang.

Peng Xiang, who was about to eat a bowl of noodles, immediately agreed. "You calm this idiot down first. I'll bring people over immediately!"

Thinking about such a good opportunity, it would be easier to do it with more people. When the time came, they would be scared to death.

Peng Xiang immediately called his good friend, Qin Danian, who often drank with him.

Not long after, the person who cleaned Yu Tian's windshield sneakily sat in front of Peng Xiang. He picked up the remaining beer from Peng Xiang and gulped it down. Then, he asked in a low voice, "Are you sure there's such a good opportunity for us?"

"Absolutely correct!" Peng Xiang said proudly, "Let's not drink anymore. After we finish this job, I'll arrange for you to go for a massage tonight!"

Qin Danian nodded. He even showed the dagger at his waist to Peng Xiang and said in a low voice, "No, let him see red. Let's go!"

The two of them stood up and walked to the entrance of the courtyard one after another. They started to pound on the door.

As they pounded the door, Peng Xiang shouted, "Wife, I'm back. Hurry up and open the door!"

In the courtyard, Yu Tian motioned for Tian Tian to open the door. When the two of them entered the courtyard, Peng Xiang asked impatiently, "Where's that idiot? We'll go and deal with him now!"

Tian Tian did not say anything. She just looked at Yu Tian who was behind them. Only then did the two of them realize that there was someone behind them.

They turned their heads back and looked at each other. The two of them were instantly shocked, and a chill suddenly rose in their hearts.

Yu Tian looked at Qin Danian with disdain and chuckled. "Old brat, your legs are pretty fast, but why are you here in front of me again?"

Just as Peng Xiang was puzzled, Qin Danian's heart was filled with evil. He pulled out a dagger with a ferocious expression and rushed forward to stab him without saying a word.

In the end, he was kicked into the house from the yard by Yu Tian. The bed collapsed and he fainted on the spot.

Peng Xiang knelt in front of Yu Tian and begged, 'Boss, I really didn't cause the factory to catch fire. I swear!'

'Believe him, my *ss.'

Yu Tian flicked his finger and a golden needle appeared. Before Peng Xiang could react, it stabbed into his shoulder.

Peng Xiang instantly felt that his entire lower body had lost all senses. Following that, a sharp pain that felt as if he was being pulled out of his bones pierced through his heart and soul.

He let out a mournful wail and fell to the ground with a plop. He pleaded with his eyes wide open, 'Boss, I really didn't do it. Even if you killed me, I wasn't the one who did it!'

Yu Tian frowned slightly. Since it was so painful, it was impossible for him to lie. Then who could have done it? However, Yu Tian did not believe him so easily.

Hence, he took out another golden needle and snorted. 'Looks like you're still not in enough pain. I'll grant you your wish!'

Peng Xiang was so scared that his liver and gallbladder were torn apart. He felt as if his soul had left his body, and his facial features were torn apart as he wailed, 'Please, stop. The pain is unbearable. I really didn't do it. I left the factory at six o'clock. The fire was lit at ten o'clock. You can ask Tian Tian. I really reach here a little past six!'

Yu Tian looked up at Tian Tian, whose face was pale.

She hurriedly nodded and said, 'Boss, what he said is true. When he came, it wasn't even seven o'clock. I just had my meal!'

There was nothing more to ask. Yu Tian took out the golden needle and threw another 20,000 yuan at them. Then he turned around and left.

It was getting more and more fun now. Someone was deliberately using this to play tricks. 'What they burned wasn't Qing Xiaowan's factory, but my face.'

They wanted to use this as a reminder that they wanted to play. Yu Tian entered the Phantom and snorted coldly. 'Alright, then I'll play with you. Let's see how capable you all are!'

Half an hour later, Yu Tian sneakily pushed open the door to his house. When he realized that there was no one there, he entered with ease.

However, at this moment, Chu Qing's voice suddenly sounded from behind him.

“You said that you've wronged me, yet you still came home so late. Should I give you a chance to explain yourself?”

Yu Tian slowly turned around and said with a chuckle, “Have you eaten? How about I treat you to a big meal?”

Chu Qing shook her head smugly. It was not easy for him to feel that he owed her.

“Then what do you want?” Yu Tian said seriously, “We're all here to make a living. Can't you give me some face?”

She smiled calmly and said, “If you want face, fine. My waist has been a little sore these two days.”

As she spoke, Chu Qing lay on the sofa, her long hair fluttering seductively to the side as she ordered, “What? You don't want face, right?”

Yu Tian said disdainfully, “I'm a man but you asked for a massage? Do you think I'm easy to be bullied?” “Do you want to massage it or not?”

“No!”

Chu Qing's eyebrows twitched. She immediately took out her phone and sent a message to the sisters' group chat.

“Sisters, Yu Tian is really bad. He peeked at me while I was bathing. There's something even more shameless. Do you know what he's doing?”

With just one sentence, the group exploded.

“What? My Prince Charming peeked at you while you were taking a shower? Is that for real? Does he also want to see your curvaceous body?”

“Little Brother, you come to Imperial City. I'll open the bathroom and let you look to your heart's desires!”

“Little Qing, you're so shameless. You've taught Little Brother badly. But I still want to know what he's doing this time.”

Chu Qing shook the phone and looked at Yu Tian smugly. She smiled evilly and said, “There's still one more chance!”

Yu Tian blinked his eyes and chuckled. "I'll massage!"

"That's more like it. Come and serve me immediately!" Chu Qing said domineeringly and then lay down again.

Yu Tian thought to himself. "You wait! See how I'll deal with you next time!" He came up to Chu Qing and pulled off her pajamas without saying a word.

Chu Qing hurriedly sat up and shouted with a red face and a beating heart.

Yu Tian chuckled and said, "Come, I'll massage your shoulders!"

?Chapter 126 – Hidden Expert

Thank you readers!

Chu Qing was so frightened that she ran back to her room with her pants in her hands.

After closing the door, Chu Qing grumbled with a red face, "Couldn't he be gentler?"

Yu Tian, who was in the living room, smiled smugly and said, "If you want to play with me, be my guest!"

The night passed without any hiccups.

The next morning, Yu Tian arrived at the company. Zhuang Xingang was already waiting outside the office door. Yesterday, he looked a little sloppy, but today, he tidied himself up nicely.

Yu Tian was very satisfied with what he saw and said calmly, "Just find a random desk. From now on, you'll report to me!"

Zhuang Xingang pounded his chest and said gratefully and firmly, "President Yu, I won't let you down. I'll definitely work hard to repay your kindness!"

What he said was reasonable. Whether or not he had the willpower and ability, was a topic for another day.

Yu Tian then instructed, "Get me something to drink first, and then report today's schedule to me!"

Zhuang Xingang had just come into contact with such a high-end job, so he would be naturally flustered. The coffee he brewed was terrible. The schedule was all messed up too.

However, Yu Tian did not say anything. He just wanted him to train on the job to familiarize himself.

At this moment, Yan Longwen walked into the office. Yu Tian saw that her complexion was very bad, and her eyes were dark. He asked with concern, "Are you sick? Why do you look so weak?"

Yan Longwen coughed and said uncomfortably, "I don't know what happened either. When I went to the doctor, he said that I was allergic to the medication. I didn't even take any medication, so how could I be allergic to them?"

"Let's not talk about this anymore. Now that our six-dimensional code technology has hit a bottleneck, a few network operators aren't approving our network access applications."

Yu Tian felt that this was very normal. If it was so easy to get it, why would they invest five billion?

Thinking of this, Yu Tian called Zhuang Xingang into his office and ordered, "Help me arrange an appointment with a few network operators. I'll treat them to a meal. If they don't give me face,

I'll take them down!"

"Yes, President Yu!"

Although Zhuang Xingang agreed to take on the task, he had no idea what to do. The people around him had their own work to do, and they especially loathed him. He was a country bumpkin, but he could be President Yu's secretary. He was really lucky.

"Let's see how long you can last. Everyone is waiting to see you make a fool of yourself."

Zhuang Xingang found the phone numbers of the network companies with great difficulty and began to call them one by one.

His voice and tone made everyone think that he was trying to sell old-age equipment. One of the managers' secretaries also scolded him.

"How did you know this phone number? I'll tell you for the last time. If you're making harassing calls, I'll get someone to kill you, you damn liar. Go to hell!"

In the office, Yan Longwen asked in confusion, "Who's this idiot?"

“My new secretary. I don't want to hire women anymore, so I hired a man. You'd better not talk to me like this. Go home and rest. I'll take care of the business side. Take this opportunity to take a few days off!” Yu Tian said.

Yan Longwen thought about it. It was rare for her to not be busy now, so it was good to rest.

At this time, Yu Tian's phone rang. It was Chu Rou calling. The delivery staff had appeared. Yu Tian immediately left.

Half an hour later, Yu Tian arrived at the shopping mall. He met up with Chu Rou and went to the warehouse together. They met up with the delivery staff who was arguing with the security guard.

Yu Tian noticed that the woman was not very old. She was in her twenties and looked pretty good. She was tall and had a ponytail.

At this moment, she was fuming. “What are you trying to do? Can you bear the consequences of affecting my delivery?”

Chu Rou snorted coldly and said loudly, “If I want to, you can forget about delivering goods for the rest of your life. Now, I want to see your cargo compartment. Open it immediately!”

Yu Tian grinned. Although Chu Rou was cute, when she was really domineering, Chu Qing was not even as good as her.

The female delivery staff was stunned at first, and a trace of uneasiness flashed in her eyes. However, she still refused.

“No, I still have goods from other companies in my cargo compartment. If it's messed up, who will be responsible for it?”

“It will be me!” Chu Rou's tone was unquestionable, and she ordered the security guards, “Open her cargo compartment immediately!”

When the security guards were about to make a move, a shocking scene appeared. This female delivery staff suddenly kicked down a security guard. Her movements were extremely swift and fierce. It was obvious that she was a trained expert.

The other security guards bared their teeth as they charged forward. However, she did not attack. With a light jump, she placed her hand on the cargo compartment. Following that, she easily jumped over the roadblock and disappeared without a trace in the blink of an eye.

The entire process was fast, steady, and familiar. Chu Rou was stunned. Just as she was about to speak to Yu Tian, she realized that Yu Tian had disappeared without her knowing.

The female delivery staff ran out of the backyard and entered a restaurant. A few minutes later, she turned into a fashionable and sexy woman. She swung her long hair and walked out of the restaurant elegantly in her sexy high heels.

She even took a taxi and came to the door of an old house in the suburbs. She pushed the door open and entered.

After entering the courtyard, she called out first, "Master, I bought your favorite roasted pork knuckle!"

At this moment, a white-haired, kind-looking old man with a dragon-headed walking stick walked out of the main house. He laughed and said, "Good, good. I know that you treat me the best, unlike your senior and junior brothers who won't let me eat anything!"

Dong Siyu placed her steaming hot elbows on the stone table in the courtyard. She laughed and said, "They are also doing this for your good health. They aren't like me who likes to pamper you. I'll go get you some medicinal wine. I'll drink a few cups with you!"

The old man nodded slightly, but he smiled and said, "Get another pair of chopsticks. There's a guest outside!"

Yu Tian, who was standing outside the wall, was shocked. "The old man's skills aren't bad. He could even sense that I was holding my breath."

Since that was the case, why was he still hiding?

Yu Tian opened the door and walked in. Dong Siyu frowned. She had seen this person before in the backyard of the shopping mall. He should be Chu Rou's bodyguard. She was so careful, but he was still able to follow her here. His skills were not bad.

Yu Tian sat down without invitation. He said indifferently, "The pork knuckles aren't bad. If I had known that I'd drink, I'd have brought two dishes over too!"

The old man nodded slightly. He was very appreciative of Yu Tian's friendliness. He smiled and said, "Little Brother, why are you following my disciple?"

"You have to ask her about that!" Yu Tian looked at Dong Siyu coldly.

The old man smiled bitterly and said, "Then it's better not to ask. I know what to do. Since you've followed her all the way here, as her master, please give me some face. No matter what she has done, as her master, I will apologize on her behalf!"

When Yu Tian heard this, he immediately understood. What he was thinking now was whether to give him this face or not..

Chapter 127 – Pride Hall

Thank you readers!

After thinking for a moment, Yu Tian said indifferently, "Since you've spoken, I'll give you face. The past is the past. But I just want to know, can your disciple swallow tens of millions of goods?"

When the old man heard this, he could not sit still. Tens of millions? He thought that there was a ceiling of 1.8 million, but how did this girl get tens of millions? This was really a little unreasonable.

Dong Siyu, on the other hand, curled up the corners of her mouth in disdain. Her crescent-like eyes stared arrogantly at Yu Tian as she said coldly, "So what if it's tens of millions? I've burned all those goods. You don't even have them now even if you want them!"

Yu Tian even said disdainfully, "You used the delivery opportunity to exchange real luxury goods for fake ones and then burned them. Are you kidding me?"

"Since you want to burn them so badly, why don't you just burn the warehouse? If the wind is favorable, you can even burn the mall. Why do you need to waste so much effort? No one dares to touch the goods of the Chu family. Otherwise, it will make things difficult for me, Yu Tian!"

"Yu Tian?"

The old man and Dong Siyu were shocked. So, the person in front of them was the recently famous Yu Tian?

What made the old man even more shocked was that Dong Siyu dared to mess with the Chu family. Was this girl crazy?

The old man had no choice but to smile apologetically again. "So, you're Yu Tian. No wonder you have an imposing bearing. Meeting you today is akin to having three lifetimes of blessings!"

Flattery was useless. He, Yu Tian, was not the kind of person who favor flattery. He snorted coldly and said, "If you don't give me an explanation today, I won't give face to anyone!"

As soon as he finished speaking, three burly men walked out from the backyard. The leader of them had a full beard and his eyes were like copper bells. He stared at them tightly and shouted, "Do we, the Pride Hall, need you to give face to us?"

A few of them walked up to the old man with an imposing manner and first called him master.

Dong Siyu, on the other hand, was a little troubled. She also nervously said to the few men, "Eldest Senior Brother, there's nothing for you here. Please don't join in!"

The bearded man angrily snorted and said disdainfully, "Junior Sister, you're already here, yet you're still not saying anything? Isn't it just Yu Tian? I don't even put him in my eyes. If you're not convinced, then let this good-for-nothing show me a few moves. Let him know how powerful our Pride Hall is!"

Even Yu Tian felt that it was laughable. The Pride Hall? It was quite particular.

At this moment, the old man reprimanded. "What are you guys doing out here? Are you trying to steal my pork knuckles? All of you, stand down!"

The eldest senior brother was quite afraid of the old man. He glared fiercely at Yu Tian and stood at the side with his senior brothers.

The old man continued to apologize and said humbly, "Mr. Yu, I've failed to teach my disciples well and have made a fool of myself. Actually, their natures aren't bad, especially Yu'er. She naturally has her reasons for doing this!"

Yu Tian said disdainfully, "I gave her a chance to explain, right? If you have any difficulties, I can help you."

Yu Tian did not want to fight with them at all. He just wanted to know what secret was hidden behind Pride Hall.

Dong Siyu hesitated for a moment, gritted her teeth, and said stubbornly with a red face, "I said I've burned it. If you want a reason, I can't stand the Chu family."

"Anyway, I took the goods, so whatever you want to do to me has nothing to do with my master, senior brother, and the others. Don't make things difficult for them!"

Yu Tian smiled bitterly. Then he said, "Do you have a reason for stealing the goods? If you insist on keeping mum, then I'm sorry. Today, your Pride Hall will disappear!"

As Yu Tian spoke, he smashed the stone table into pieces with one palm. The old man looked at the pork knuckle with heartache and said helplessly, "At least let me have a bite. I haven't eaten meat for half a month!"

When the bearded man saw Yu Tian make a move, he shouted, "B*stard, how dare you behave atrociously in front of my master? Let me teach you a lesson today!"

Without saying a word, the eldest senior brother spread his arms and swung his fist to attack. Yu Tian felt that it was laughable that he dared to show off in front of him with his mediocre martial arts.

Seeing an opportunity, Yu Tian elbowed the eldest senior brother in the face. Blood spurted out of his nose and mouth on the spot and he fell to the ground.

The old man looked at Yu Tian with admiration. He laughed like an old goof and said, "Your explosive power isn't bad!"

The other disciples did not wait for an explanation and charged forward to fight. In the end, they were all knocked off by Yu Tian's three punches and two kicks.

When Dong Siyu saw this, she immediately pulled out a one-foot-long crescent knife and was about to attack.

The old man blocked with his walking stick and said with a frown, "If you attack, you won't even have the chance to see Yu Tian's attack!"

"Master!" Dong Siyu was still unconvinced.

The old man turned around and smiled at Yu Tian. "You have to compensate me for my pork knuckle!"

Yu Tian said disdainfully, "Let me be clear. I have had enough of it!" The old man sighed and said slowly, "Dong Siyu's parents were killed by the Chu family!"

"What?" Yu Tian frowned and could not believe what he heard.

The old man said, "The Dong family is a big family in the capital. In the early years, their strength in the capital was equal to that of the Chu family. At that time, I was still the manager of the Dong family. The old master of the Dong family liked to call me an old man.

"Later, when the country developed commerce, the competition between the Dong family and the Chu family was intense. However, during the competition with the Chu family, the old master of the Dong family suddenly fell ill. The Chu family used this opportunity to close the deal completely.

“Siyu's parents were killed during the liquidation process. I was also injured. However, to protect the only bloodline of the Dong family, I brought Siyu to my hometown, Linhai. From then on, I concealed my identity and raised Siyu. I taught her martial arts skills so that she could protect herself.

“I often reminded her that the Chu family empire is unshakable and cannot be avenged. However, this girl refused to listen to me. I believe that she took the goods from the Chu family for this reason!”

Speaking of Dong Siyu's sorrow, the rims of her eyes blurred.

Yu Tian also sighed. Any successful family would step on the others to emerge on top. It was the same for the Chu family. However, this was very normal. If one wanted to establish an empire, one had to have some means.

On the other hand, Dong Siyu was also a pitiful person.

Yu Tian said helplessly, “I see. It's understandable. As long as she doesn't destroy the Chu family in the future, I'll let it go this time. Goodbye!”

The old man did not stop him. He cupped his fists and watched Yu Tian leave.

As the door closed, the old man's smile immediately disappeared. He snorted coldly at Dong Siyu and said, “Come in with me!”

The two of them entered the room one after another and the door closed. The old man said with a dark face, “I told you to endure it, but you just couldn't. How are you going to avenge your Dong family? From now on, you have to follow the plan. Otherwise, don't even think about revenge!

?Chapter 128 – Don'T Be Arrogant With Them

Thank you readers!

Dong Siyu lowered her head and did not say a word. She felt extremely wronged.

The old man softened his tone and drank a mouthful of tea. He said in a low voice, “If you can't bear it, you'll mess up the big plans. I've taught you many times. Being discovered by the Chu family this time can be considered part of the plan.

“From now on, while you're being careful of the Chu family, you have to find an opportunity to get close to Yu Tian. If you can make Yu Tian work for you, you can take revenge. You have to try your best to sow discord between Yu Tian and the Chu family. I don't need to teach you that, do I?”

Dong Siyu nodded and said softly, 'I'm just afraid that Yu Tian won't put me in his eyes!'

'You're a woman!' the old man said disdainfully, 'Yu Tian is a man. Don't you have any tricks up your sleeve?'

Tricks? 'Does it mean I have to sacrifice myself?'

Dong Siyu did not say anything. Would she let him down by doing this? For the sake of their feud, she could only hide her pain.

Yu Tian returned to the shopping mall and did not mention the Dong family. He only smiled bitterly at Chu Rou and said, 'It's impossible to retrieve those goods. In the future, strengthen the security here. We have to check all the cargo compartments that come in and out!'

Chu Rou said with a bitter face, 'Then why did Sister Qing say that? Why didn't she strangle me to death? That's more than 50 million!'

He did not care about this. 50 million was nothing to the Chu family. As for the Dong family, he had to find an opportunity to ask someone who knew about it.

This was the Dong family's feud. How could Dong Siyu give up? There was also that old man, the expert who pretended to be muddle-headed. He really thought that others could not see the murderous intent in his eyes?

At the same time, at the entrance of Xinghe Technology, Yan Longwen met Lei Chen again.

Lei Chen took out two boxes of medicine and said in a deep voice, 'President Yan, I saw that you didn't look good yesterday. Maybe you were angry. I passed by the pharmacy today and bought two bottles of medicine for you. Take them back and have it.'

In front of Lei Chen, Yan Longwen had no intention to refuse. She was afraid that it would hurt Lei Chen's self-esteem, so she took the medicine and said with a smile, 'Thank you. I saw the doctor today. It's just an ordinary drug allergy. I'll be fine in a few days!'

He smiled and said, 'That's simple. Now that you're the pillar of Xinghe Technology, we all rely on you to make a living. If you're sick, who else can complete the research and development of the project? At that time, we won't even have our jobs anymore.'

'President Yu is really not a simple person. All you know is to work for him with all your might, but he doesn't know that you're a woman with feelings. You also know pain and loneliness!'

These words directly entered Yan Longwen's heart as if Lei Chen really knew her very well. Seeing that she had let down her guard, Lei Chen immediately seized the opportunity and said,

“How about this? I'll take you somewhere to relax!”

“Don't you have to go to work?” Yan Longwen was confused. Today was not a holiday.

“You're the most important person here. I've given myself a mission, and that is to make you happy today. Come with me!”

Seeing Lei Chen being so persistent, Yan Longwen was very touched. After thinking for a while, she followed him.

For the entire day, they visited the amusement park and a KTV. Yan Longwen had gone crazy from playing. Moreover, Lei Chen continued to give her the antidote for her illness. Yan Longwen felt better and happier.

At the same time, at the Flower Moon Hotel.

Yu Tian transferred 50 million yuan to Qing Xiaowan and said calmly, “Hire more security guards!”

Qing Xiaowan was so touched that she hugged Yu Tian desperately and pushed him directly onto the bed.

“Stop, hey, stop, hey!” Yu Tian hurriedly pushed her away and jumped off the bed. He said with a frown, “Can we calm down?”

Qing Xiaowan still wanted to launch an attack, but Yu Tian directly jumped out of the window and left. It was only the fifth floor anyway, there was no way he would fall.

She stared blankly at the window and said, “I know I'm not good enough for you, but there's no need to jump off here!”

Nearby, a hooded man put down his binoculars. His wolf-like eyes flashed with killing intent.

At this moment, Zhuang Xingang called Yu Tian.

After the call was connected, Zhuang Xingang said nervously, “President Yu, um, there's someone called Du Mingzhe who wants to see you. He didn't make an appointment. Do you want to see him?”

“Let him wait!”

“That trash Du Mingzhe was so afraid of me, yet he still wanted to see me. I want to see what tricks he wants to play today.”

Half an hour later, Yu Tian met Du Mingzhe and his two followers wearing sunglasses in the reception room. One of them was a foreigner.

Yu Tian sat down on the couch and said disdainfully, “You want to see me so urgently. Do you want to tell me that you don't want to live anymore?”

Du Mingzhe was not as cowardly as he was at the charity banquet that day. Instead, he said confidently, “President Yu, I know that you don't want to listen to nonsense, and I don't want to talk nonsense, so let's make it simple.

“I want to be your partner in the six-dimensional code project. I'm prepared to invest 1 billion. I want to take up 50% of the profit points. I think you don't have to consider it. This will be beneficial to both of us!”

“1 billion and you want 50% of profits? 1 billion dollars or 1 billion euros? I've invested 5 billion.

Half of it hasn't even been developed yet, and I've already spent almost all of it.’

Yu Tian said disdainfully, “I think you should go see a brain doctor. Have you been stimulated? Or if you really don't want to live anymore, you can just jump down from here!”

Du Mingzhe took off his glasses easily and laughed, “President Yu, I'm giving you face. You still have to thank me for not letting my two guests get angry. Do you know who they are? You can be arrogant with me, but I advise you not to be arrogant with them. They can really kill you!”

“Is he blackmailing me?’

Yu Tian laughed and said, “Do you really think that I, Yu Tian, am scared of death?”

Du Mingzhe was just about to speak when the foreigner stretched out his hand to stop him. He smiled and said, “President Yu, my name is Agras and I'm from Renston. My family has always been in the business of firearms and other rare businesses. I believe that you must know Mr. Lei Yi.

“I can provide you with top-secret information, but the condition is that you have to agree to let us join your research and development project. This is not a request. This is an instruction.

Those who did not listen have all turned into ghosts.”

Yu Tian was puzzled. What exactly was Lei Yi trying to do?

It was impossible for him not to know that if he wanted to cooperate with Xinghe Technology, the sun had to rise from the west.

There was also this person called Agras, who was arrogant as if he was in the middle of something.

Seeing that Yu Tian did not speak, Agras thought that Yu Tian was afraid. He said smugly, "President Yu, I really admire your character. My suggestion is, why don't you agree?"

"There are many companies in the world that want to work with us, but they don't get this opportunity. So, what are you still thinking about? Better agree before my patience wears off!"

Chapter 129 – Let's Play With Them

Thank you readers!

The more he talked, the more arrogant he became. Yu Tian's patience was wearing thin. Yu Tian's usual practice for such a pretentious person was to beat him up first before talking about it.

However, he also considered that they were at his company where fighting was not allowed.

So, he smiled indifferently and said, "Agras, right? Let's take a look at the night view first because you won't be able to see it again in your lifetime!"

Agras frowned slightly and took off his sunglasses in anger. He revealed a cold gaze and said fiercely, "Your answer makes me feel regretful, or perhaps you still don't know how powerful my family is. In that case, I'll give you a gift first!"

He turned his head to look at the door and shouted, "Get your *ss in here!"

As soon as he finished speaking, Zeng Xuechen walked in with a bitter and fearful expression.

Zeng Xuechen did not have the courage to meet Yu Tian's gaze. He lowered his head and said, "President Yu, I'm sorry. I have to resign. The technology I developed can no longer be used by you guys. I'll leave this place tomorrow!"

Yu Tian did not feel shocked at all. Looking at Zeng Xuechen's expression, he knew that he had been coerced by Agras.

Agras smiled smugly and said, "President Yu, do you like this gift? If you don't listen to me obediently, Zeng Xuezheng's wife, child, and parents will be killed in an instant. That scene will definitely be very exciting. Do you want to see it?"

As soon as he finished speaking, Zeng Xuechen fell to his knees at Yu Tian's feet and cried, "President Yu, I beg you, my family is in their hands. Please save them!"

Yu Tian calmed down and thought about it. It was easy to deal with them in China, but he could not touch them in foreign countries. Even if he killed Agras now, it would be useless. This damn foreigner was just a lackey.

If he wanted to save Zeng Xuezheng's family, he could only look for his 108 sisters. Thinking of this, Yu Tian took out his phone, opened the family group chat, and sent a message.

"Sisters, the Agras family in Lunst kidnapped the family of one of my engineers. Who can help

The group instantly exploded.

"Agras in Lunst? I've never heard of it before. Brother, don't be afraid. The Chu family is influential all over the world!"

"What family? I'll ask the mercenaries to kill them now!"

"What do you need mercenaries for? I know a Commander in Lunst. Just call the army over!"

Under the puzzled gazes of Du Mingzhe, Agras, and the others, Yu Tian had a bitter smile on his face.

These 108 older sisters were each more domineering than the last. To save their family, they would do anything.

Agras spread his hands and said impatiently, "President Yu, are you chatting on your phone now?"

Yu Tian glanced at him and said disdainfully, "Am I watching a movie? Cut the crap. I'm thinking about it. be quiet!"

At this moment, Chu Hong sent a private message to Yu Tian. "Brother, give up. You can't save them, and I can't do that either!"

Chu Qing also sent a private message. "Chu Hong is the president of a business group in Lunst. Listen to what she says. Don't be rash. Chu Xin and I will be there immediately!"

Yu Tian frowned slightly and sent a private message to Chu Hong, asking, "Why? Do you want me to leave them to die?"

Chu Hong quickly replied, "Brother, the Agras family is very powerful in Lunst. Even if I personally appear, I might not be able to gain the upper hand. Even if I could, I wouldn't do so."

The Agras family had always wanted to cooperate with the Chu family, but the family disdained those shady businesses. Considering our position in the world, they could only give up!

"This time, we could only let the Agras family take advantage of us and force us to cooperate with them in certain fields. Therefore, you understand our difficulties. We can't save them!"

Of course, Yu Tian understood. The more this was the case, the angrier he became. Moreover, he could not just watch Zeng Xuezhen's family die in front of him and not save them. That was not his personality.

After thinking about it, Yu Tian stood up and said with a smile, "It's not impossible for us to cooperate. Let me confirm the safety of Zeng Xuezhen's family first!"

Seeing Yu Tian compromise, Agras laughed arrogantly.

"That's right. I've said it before. No one can resist our Agras family. From now on, you have to listen to me in everything. Even the rest in Xinghe Technology has to listen to me!"

Du Mingzhe took out a check worth one billion and threw it in front of Yu Tian. He chuckled coldly and said, "President Yu, we've become partners again. The difference is that this time, we have the final say. Now, I want you to call for the technical engineer of the six-dimensional code team. I want to see them!"

Yu Tian's expression remained unchanged. He casually picked up the check and handed it to Zhuang Xingang, who was drenched in cold sweat behind him.

Yu Tian then smiled and said, "Sorry, we can't do it today. Our R&D engineer is on leave today!"

Du Mingzhe snorted coldly and said, "Ask her to come immediately. How is it that you're the president? It seems that I need to re-manage this company!"

Yu Tian interrupted him and chuckled. "We're working together. I didn't sell the company to you. It seems that you don't have the right to manage my company!"

At this moment, Agras also stood up and said disdainfully, "President Yu, I don't think you understand the situation. It's not that easy to earn the one billion yuan I offered. If you want to go back on your word, you can do so anytime. At that time, let's see if Zeng Xuezhen's family survives."

"Therefore, don't think of going against our family. I can do whatever I want. You have to listen to Du Mingzhe. Otherwise, I'll order someone to kill Zeng Xuezhen's family right now!" Yu Tian was furious to the extreme.

"All of you, just wait and see. Don't let me find a chance, or I'll make your lives a living hell." At this moment, the three Chu sisters pushed open the door and entered.

Agras' provocative gaze stared at Chu Qing in a lewd manner. He chuckled and said, "I believe this must be Miss Chu Qing. It's better to meet her in person. You're even sexier than the rumors say. Let me introduce myself first. My name is Agras Hansen. It's an honor to meet you!"

Chu Qing snorted in disdain and said, "I have no intention of getting to know you because you're not worthy of standing in front of me. Little Brother, come with us to the office!"

He could threaten Yu Tian, but he could not threaten her. The three women dragged Yu Tian to the office. When they heard Yu Tian agree to cooperate, Chu Qing exploded on the spot. "Why are you so stupid? Didn't Chu Hong tell you the reason? Why did you still agree to them?"

Chu Xin also said helplessly, "Brother, you can't work with them. They will make more unreasonable demands. This trash family is insatiable. If it weren't for Chu Hong suppressing them, they would've turned the sky upside down long ago!"

Yu Tian smiled indifferently and said, "Don't tell me I don't know what they are thinking? I just want to play with them. I think it will be very exciting!"

?Chapter 130 – Sour To The Core

Thank you readers!

Chu Qing asked doubtfully, "Do you have any plans?"

"No!" Yu Tian answered straightforwardly.

The three girls' faces were dark. Chu Rou frowned and said, "You don't even have any bargaining chip. How can you play with them?"

Yu Tian just smiled and did not say anything. Who said he did not have a plan? It was just that he could not talk nonsense with them. Otherwise, they would definitely stop him.

He smiled calmly and said, "This is the work of Xinghe Technology. It has nothing to do with the Chu family. I don't want to give up such a fun game to you guys. So, you guys don't need to worry about it. Go do what you need to do!"

Chu Xin sighed and said in a low voice, "The Agras family is very difficult to deal with. No matter what you want to do, don't be impulsive. You must think carefully!"

Yu Tian knew that they were concerned about him, and his heart felt very warm.

After sending them away, Yu Tian immediately gave Lao Wu a call. At this moment, Lao Wu was at the food stall, drinking with his good friends. After picking up the phone, he smiled and said, "What are your orders? We're all on standby!"

Yu Tian laughed and said in a low voice, "I need you to go to Lunst and help me save a family."

The other party is a very powerful family. Are you confident to take up this task?"

Hearing that, Lao Wu immediately became excited and said with a smile, "This mission is too exciting for us. I don't know how long it has been since I've carried out such an exciting mission. Send me the information about the target. We'll leave immediately!"

Yu Tian nodded slightly. Lao Wu was always so reliable. "I'm really lucky to know him."

He turned around and went to the reception room. Agras and Du Mingzhe had already left. Only Zeng Xuechen and Zhuang Xingang were still there.

Yu Tian did not want to waste any more time. He asked Zeng Xuechen, "Where are your family members staying? I'll immediately arrange for someone to save them!"

Zeng Xuechen did not say anything else. He hurriedly gave Yu Tian the details of his family members.

The 100 million yuan, together with the information, was sent to Lao Wu at the same time.

Yu Tian sent Lao Wu another text message. It was a simple sentence. "I'll treat you to a drink when you come back!"

Lao Wu did not waste any more words. He only replied, "Okay!"

After the arrangements were completed, Yu Tian called Yan Longwen again. However, he heard the background of the phone call. It was especially noisy. The moment he heard it, he knew that it was in a bar.

Yu Tian smiled faintly and said, "I don't feel bad anymore!"

Yan Longwen was a little dizzy from drinking. However, when she heard Yu Tian's voice, she said happily, "I feel really good now. Do you want to come over? Have a drink with us!"

Us? Who was with her?

This was a critical period. They had to make sure that everyone was safe. Yu Tian immediately asked, "Who are you with?"

"Lei Chen. He's also a staff member of Xinghe Technology. He's here to accompany me today."

He's not a bad guy!"

Yu Tian thought about it carefully.

Was not Lei Chen the reason why Hong of the technical department and the human resources department were quarreling? Why was he hanging out with Yan Longwen? Was it a coincidence or did he have ulterior motives?

Thinking of this, Yu Tian immediately stood up and asked in a deep voice, "Which bar are you guys at? I'm coming over to see you now!"

"Tian Yu Bar!"

Half an hour later, Yu Tian stood in front of the bar door and looked around. After seeing that there were no suspicious people, he pushed the door open and entered.

It was very noisy in the bar. The music was deafening. All kinds of young men and women were shuttling in and out of the smoky lights. There was a depraved smell everywhere.

Yu Tian soon saw Yan Longwen waving at him. Lei Chen, who was sitting at the side, frowned when he saw Yu Tian. He suddenly remembered that the person he saw in the elevator that day was Yu Tian.

Fortunately, he did not say anything inappropriate that day, or else the plan would have failed. At the same time, Lei Chen was also puzzled as to why he was here?

It seemed that all his plans for today were going to be ruined. Initially, he wanted to get Yan Longwen drunk and then go to a hotel to get a room. Then, he would be able to successfully take her down. Now, he was disturbed by that b*stard Yu Tian. He really deserved to die.

Yu Tian sat across from Yan Longwen in a carefree manner. He looked at the empty wine bottles on the table. The two of them really drank quite a lot.

Yan Longwen was really a little drunk. She stood up and sat beside Yu Tian, holding his arm tightly.

She said emotionally, "I know you must be worried that I'm drunk. That's why you came to look for me, right?"

Whether it was the way she spoke or the way she moved, she was filled with a deep love for Yu Tian. Lei Chen saw it clearly, and unknown anger rose in his heart. Now was not a good time to lose his temper. Otherwise, he would definitely give himself away in front of Yu Tian.

Yu Tian's gaze fell on Lei Chen's face. He smiled calmly and said, "I remember seeing you in the elevator the other day. Thank you for accompanying Longwen to have fun today. Leave the rest to me. You can go back first!"

As a man, Lei Chen still wanted to have some self-respect in front of Yan Longwen. He also wanted to let Yu Tian know that they were not in the company now and he was not afraid of him at all. Even if they were in the company, he would not put Yu Tian in his eyes.

Therefore, he pretended to be righteous and said to Yan Longwen with concern, "Longwen, do you need me to send you back later? You're already drunk. I'm afraid that some people have ulterior motives. Why don't I wait for you outside?"

Yu Tian chuckled and did not say anything.

Yan Longwen, on the other hand, lay on Yu Tian's shoulder and looked into Yu Tian's eyes with infatuation. She said firmly, "No need. You can go back. I really hope that he has ulterior motives."

"Thank you for today!"

Lei Chen felt his face burning with pain. This awkward feeling really made his heart ache. The meticulously arranged scene was indeed a foreshadowing for Yu Tian.

Lei Chen stood up helplessly and said nonchalantly, "Since you think it's nothing, then I'll take my leave. Remember to take the medicine that I bought for you. It's good for your health!"

Watching his figure disappear at the entrance of the bar, Yu Tian gently pushed Yan Longwen away and scolded in a low voice, "Why can't you tell the difference between good and bad? Are you familiar with this person? You dared to drink so much with him. Aren't you afraid that he'll do something to you?"

However, Yan Longwen held Yu Tian's hand tightly and said emotionally, "You care so much about me. Do you like me?"

Yu Tian shook his head helplessly and gently pulled his hand away. He said indifferently, "Now isn't the time to talk about this. I need you to remember what I'm going to say to you next!"
