#Chapter 141 - Read I Have 108 Older Sisters Chapter 141

?Chapter 141 – Chapter 141, Stop Being A Man

Thank you readers!

The white man turned his head and ordered Yu Tian, a€?What are you still standing here for? Go and call your workers and the documents we need. You'd better not provoke a drunkard like Kars!a€?

Kars looked at Yu Tian unscrupulously. His eyes were full of provocation, and he even deliberately made a dirty face. He said disdainfully, a€?You heard it, you B * Stard. You'd better not provoke me, or I will make youa€|a€?

Before he finished his words, Yu Tian's fist had already swung on his face.

That fist full of explosive power was like a huge rock, pushing Kars several meters away. Even the container had a hole.

The other few did not even have the chance to make a move. Their hands and feet were directly crippled by Yu Tian.

The white man wailed and shouted, a€?Hansen will not let you go!a€?

Yu Tian said indifferently, a€?Then you don't have to worry about it!a€?

With that, he kicked the good-for-nothing, causing him to go into shock on the spot.

There was also that Kars. Yu Tian would definitely not let him go.

He slowly walked to the front and slapped him, causing Kars, who was screaming in pain, to have only a few teeth left in his mouth.

Yu Tian pulled him in front of the pile of broken glass and said with a smile, a€?This is my port.

You've dirtied it. Lick it clean!a€?

Kars raised his head and cursed, a€?F * Ck.. a€?

Yu Tian snorted and directly broke one of his arms. Even his bones were exposed.

Kars was in so much pain that his facial features exploded. His screams spread throughout the entire port.

“Lick it clean, or I'll break your arms and legs again. Lick it clean for me!” Yu Tian said coldly.

“I'll Lick it, I'll Lick it. Please, let me go!” Kars begged as he licked the broken glass on the ground. His lips were bleeding.

However, Yu Tian stepped on his face and rubbed hard on the broken glass. Kars was living a life worse than death. He could not struggle and could only cry like a pig being slaughtered.

“Who's a B * Stard?” Yu Tian asked coldly.

“I am, I am!” Kars cried.

“Since you're a B * stard, don't be a human. Be a dog in the future!”

Yu Tian shouted and broke all of Kars'limbs.

Kars screamed and fainted.

At this time, the cargo ship that was about to dock sounded a sharp whistle.

Yu Tian threw the unconscious, disabled guys into an empty container and waited for the ship to dock.

An hour later, the ship that docked put down the suspension ladder. A few foreigners slowly got off the ship and found that there was no one on either side. Just when they were puzzled, Yu Tian suddenly appeared behind them.

Before they could speak, they were knocked unconscious by Yu Tian's punches and kicks.

They went up the ladder to the ship and opened a few containers at random. Other than the smuggled tobacco, there was also expensive red wine.

“You want to use my port to smuggle? Dream On!”

Yu Tian casually picked up a bottle of Lafite, broke the bottle's mouth, and gulped down two mouthfuls.

“The wine is good, but it's a pity it's not clean!”

He snorted, pulled out a few boxes of wine, and smashed them all on the ground.

“Huh? What's That?”

Yu Tian accidentally looked into the container. Behind the wine box, there were actually bundles of foreign currency.

He pulled open the bag, took out a stack, and looked at it carefully. It was all real.

“Why did Hansen get so much foreign currency and cash?”

Just as Yu Tian was puzzled, a dozen crew members with daggers angrily surrounded him and attacked him without saying a word.

Seeing their smug expressions, the corners of Yu Tian's mouth curled up.

Ten minutes later, a dozen badly battered and limping crew members opened dozens of containers.

They were basically the same. There was a layer of tobacco and alcohol, and the rest was cash.

Yu Tian called the captain over.

The middle-aged captain, whose teeth had been knocked out, stood timidly in front of Yu Tian.

Yu Tian asked directly, “What are these cash used for?”

The captain said smugly, “It's used to launder. If the Agras family wants to clean their income, they can only do it this way.

“They send the cash here, then invest it, and then use the normal way to transfer it back to the family!”

He understood. Hansen, this devil, originally wanted to use galaxy technology to launder his dirty money.

Unfortunately, now that he knew, then the billions of foreign currency on this ship could not fall into Hansen's hands.

Yu Tian followed and locked everyone in the cabin.

Then, he lit the entire freighter on fire.

The Flames soared into the sky. Under the blowing of the sea breeze, the freighter really became a fire ship.

Yu Tian opened a bottle of Lafite and took a big gulp.

It was really satisfying.

At this time, Cao Qihan's phone call came in. He smiled and said, "Hansen's people have been taken down by us. I think he will be of some use to you. Come to my house and we will have a drink!"

"Heat up the wine and stir-fry the dishes. I'll be there soon!"

Yu Tian then called Hansen.

At this moment, Hansen was flirting with Huo Nanyue and Huo Nanyue when he received a call from Yu Tian, he smiled proudly and said, "You've already received the ship, right? Immediately get someone to send all the containers to warehouse 57!"

However, Yu Tian chuckled and said, "Are you still dreaming? Your ship has been burned by me, and all your dirty money has turned to ashes. The people you sent to kill Yan Longwen have also been taken down by my people.

"And soon, I will stand in front of you and cripple you like I did Kars!"

Hansen suddenly jumped up. His face was ferocious, and his anger exploded. He gritted his teeth and shouted, "Yu Tian, I will definitely kill you with my own hands, I swear!"

Yu Tian laughed and said, "It's probably impossible in this life. Whether I can do it in the next life depends on my mood. I Won't talk nonsense with you. I will kill you before Noon Tomorrow!" As soon as he finished speaking, Yu Tian directly hung up the phone.

Han Sen smashed the phone into pieces. He rolled up his sleeves and shouted angrily, "This son of a B * Tch, how am I going to explain this to the family?"

Huo nanyue frowned and said, "The family is easy to talk to, and this is definitely our best chance. You can ask the family to increase the pressure on the Chu family, and ask them to stop the development of the six-dimensional code. In order to thank you, Esther Company will definitely stand with the family.

"When the time comes, the two most powerful forces in the world will join hands, so what can the Chu family do?"

Although this idea was a little difficult, Hansen thought he could still give it a try.

So he immediately called the family.

Yu Tian came to Cao Qihan's small courtyard. The first thing he felt was that it was especially quiet here.

A few rows of trees at the door seemed to have cut off all the noise in the city.

The courtyard was also decorated in a very unique way. Cao Qihan, Yan Longwen, and two handsome men had already prepared food and wine for him.

After a few polite words, Cao Qihan took Yu Tian through a flower corridor and came to the backyard.

?Chapter 142 – Chapter 142, Full Support

Thank you readers!

The white man who wanted to assassinate Yan Longwen was tied up and thrown to the ground.

Yu Tian stepped on his face and said coldly, a€?I don't want to talk nonsense with you. Where does Hansen Live?a€?

The man said indignantly, a€?Let go of me if you have the guts. If you can beat me, you can ask me anything!a€?

a€?Let go of him!a€?Yu Tian did not hesitate.

Cao Qihan untied the man's rope and waited for him to move his limbs. Yu Tian pointed at him and said indifferently, a€?Come on, show me what you have!a€?

The white man first tidied up his hair. Then, he raised his fist and jumped up to Yu Tian.

Yu Tian did not care about that. He went up and gave a jab.

The man did not even have the chance to fight back. He was directly knocked to the ground. Blood dripped from his nose and mouth. He was so scared that he was rolling and crawling. He almost went into Cao Qihan's chicken coop.

Yu Tian's thugs dragged him back to the courtyard and beat him up again.

He was beaten up by this guy. He did not make any sound.

a€?Stop it, stop it. Hansen lives in Huo Nian Yue's house. They are together!a€?

Sure enough, he was in cahoots with Huo Nian Yue.

Yu Tian turned to Cao Qihan and said, "Brother Cao, get someone to send him out of Linhai. If he takes another step into Linhai, I want his life!"

Cao Qihan smiled elegantly and said, "Just leave it to them. Let's go and have a few drinks!"

The two well-dressed men directly put the white man into a bag and carried him out of the courtyard.

Yu Tian, Cao Qihan, and Yan Longwen sat down and downed their glasses.

As they spoke, Yu Tian knew a little about Cao Qihan.

Cao Qihan smiled and said, "I used to be a soldier. Now, I've inherited some business from my family. But most of the time, I'm busy doing charity projects for everyone, helping my comrades in need to start a business or start a family."

"Of course, when we are short of money, we will also take on some jobs as bodyguards or mercenaries. The money we earn will be used for charity, so we can live a more down-to-earth"

Yu Tian slowly asked, "For me this time, where are the families of the few brothers who died?"

"Two of them are in Linhai, and the other two are in other cities!" The corners of Cao Qihan's eyes sparkled with tears.

Speaking of other hypocrisy, Yu Tian directly transferred 700 million to Cao Qihan.

In Cao Qihan's shock, Yu Tian said indifferently, "Each brother's family gave 100 million, and the rest was given to fifth brother and the others. Everyone has helped me so much, so it's only right!"

Cao Qihan nodded slightly, held Yu Tian's hand, and said in a deep voice, "On behalf of those brothers' families, I thank you!"

Yu Tian shook his head and smiled. "There's no point in thanking me. This is all I can do. In the future, when you have charity, just remember to call me. The wine will be spicy in your mouth, but it will warm your heart!"

The two of them looked at each other and laughed. The more they drank, the better they felt. It was not until late at night that Yu Tian left the small courtyard. Yan Longwen stayed in the small courtyard for the sake of safety.

Yu Tian did not go home. Instead, he went to Huo Nian Yue's house with the effects of the alcohol.

The burglar-proof door could not stop him at all. He smashed it into pieces with one punch. However, there was no one in the house. Hansen and Huo Nian Yue had left a long time ago.

“At least you ran fast!”

Yu Tian smashed the 50-inch television into pieces with one punch before he left.

The night was silent. The next morning, before Yu Tian woke up, the door was slammed by Chu Qing.

Yu Tian, who was wearing a pair of big pants, opened the door unwillingly. He asked sleepily, “Is it on fire? Why are you in such a hurry to slam the door?”

Chu Qing said in a low voice, “Don't talk nonsense. Hurry up and put on your clothes. Chu Hong Is Here!”

“Chu Hong, isn't she in Lunst? What is she doing in Linhai?” Yu Tian asked in puzzlement.

“Isn't it because of you? Hurry up and put on your clothes!” Chu Qing patted him.

Yu Tian scratched his head. What kind of clothes should he see his own people wearing?

This guy pushed Chu Qing away and came to the hall wearing a pair of flowery pants.

At this moment, Chu Hong was talking to Chu Xin and Chu Rou. When she saw Yu Tian, Chu

Hong smiled and hugged him. She also patted his butt.

Yu Tian looked at Chu Hong with a bitter expression. This tanned and hot-bodied woman was the CEO of the Runst Chu family empire.

But why was this woman so lecherous? She took advantage of him the moment they met.

After sitting down, Chu Hong blinked her large charming eyes and looked at Yu Tian with admiration.

“So my little brother is still a handsome man. No wonder all the Sisters of the Chu family are distracted by you. It's because your smelly little brother didn't listen to his sister and even burned down the Agras family's ship.”

The head of their family, Brewster, was about to die from anger. They demanded that we immediately stop the development of the six-dimensional code and even hand you over to the Agras family, allowing them to do whatever they wanted with you, only then would it be proven that our Chu family has nothing to do with you!

They won't continue to increase the pressure on us!a€?

Yu Tian snorted coldly. a€?Why are their thoughts so beautiful? Could it be that these dead foreigners like to Dream?a€?

Chu Xin frowned and said, a€?Little brother, you may not know much about the Agras family. They have existed in the Western world for hundreds of years. Although they can't be compared to our Chu family, our Chu family can only be considered as guests in Lunst!a€?

So what if they were guests? Hansen was still a guest. How could he dare to act recklessly here?

He continued to say disdainfully, a€?Then let's turn the tables on them. I'm not afraid of them. Moreover, I'm curious. The strength of the Chu family is enough to buy the entire Lunst. Why are you afraid of a small family like theirs?a€?

Chu Hong smiled helplessly and said, a€?We want to buy it too, but they won't sell it!a€?!

So we can only compete, but the orders of the higher-ups of the Chu family have been passed down. They want us to support you with all our strength. Brother, you can do whatever you want this time!a€?

In that case, it was more like it.

Yu Tian chuckled and said, a€?Actually, it's not difficult to do it, but the prerequisite is to get rid of all the threats in front of us, especially that Hansen. I want to know where he is now.a€?

Chu Qing put down her teacup and said casually, a€?Isn't That Easy? Leave it to me!a€?

At this moment, Zhuang Xin gang called Yu Tian and said in a panic, a€?CEO Yu, someone came to galaxy company to cause trouble and beat up the security guards!a€?

Yu Tian frowned slightly and said indifferently, a€?I'll go there right now!a€?

He changed his clothes as quickly as possible, washed his face and brushed his teeth. Just as he was about to leave, Chu Hong stood up and said, "I'll go with you to see how your company's management is doing."

If he wanted to go, then go. Yu Tian did not refuse.

The two of them quickly arrived at the company. A few security guards who had fallen to the ground were beaten black and blue. The person who had beaten them was a woman that Yu Tian knew.

"Dong Siyu?" Yu Tian said helplessly, "If you want to come, then come. Why did you beat up my security guards? Do you have nothing better to do?"

Chapter 143 – Chapter 143, Birthday Cocktail Party

Thank you readers!

Dong Siyu first looked at Chu Hong with hatred. From her domineering and calm gaze, one could guess that she was also a member of the Chu family.

Suppressing the hatred in her heart, Dong Siyu said coldly and arrogantly, "I'm teaching them how to respect women. Don't think that you're so great. What's there to pretend about?"

There was a hidden meaning in her words. Moreover, she was staring at Chu Hong as she said this. It was obvious that she was not scolding the security guards.

Chu Hong, on the other hand, looked at her with an aloof expression. She had seen many girls like this. She was so arrogant that she did not know where to begin. She looked at everyone as if they were her love rivals.

Yu Tian did not want her to bring her hatred to the company. Instead, he asked, "Stop talking nonsense. Tell me why you're here."

Dong Siyu said matter-of-factly, "My best friend is celebrating her birthday today. You will accompany me to the Birthday Cocktail Party!"

"Do I know your best friend? Let's not talk about your best friend. I don't seem to be very familiar with you. You want me to accompany you? Are you kidding me?" Yu Tian said disdainfully.

"If you don't accompany me, I Won't leave today!"

Dong Siyu pulled a chair and sat down stubbornly. If she did not agree, she would not be able to.

Yu Tian snorted coldly.

It was just that she was used to her bad habits. Let her sit. Let's see how long she can sit for?

He pulled Chu Hong to the office and completely ignored her.

Chu Hong put down her expensive handbag and smiled charmingly. "It seems like she likes you very much. Why are you so cold to other girls?"

Yu Tian sat down and said disdainfully, "Ever since I had 108 older sisters, it's like I've become a monk. I don't have any thoughts of getting in touch with any girls. Don't you want to see my company? What do you want to see?"

She walked around the office desk and leaned on him very naturally, as if they had known each other for a long time.

The soft words were more like love words that drifted into Yu Tian's ears.

"Remember what I said. In this world, the people you shouldn't provoke are women, because you never know how many people will do something crazy for this woman.

For example, Huo Nian Yue. Although she was in her thirties, her methods were very brilliant. The biggest mastermind behind the Agras family, Quinn, was Huo Nian Yue's pursuer.

"You must have seen the diamond necklace Huo Nian Yue was wearing. It was given to her by Quinn. Otherwise, why would the Agras family take the initiative to cooperate with us?

"In the end, all of this is just a woman's conspiracy. Therefore, no matter who you provoke, don't provoke a Woman!"

Yu Tian slightly frowned. He didn't expect that Huo Nian Yue had such a relationship with the Agras clan.

He laughed and said, "According to what you said, I should accompany her to the birthday party?"

Chu Hong touched his hair naturally and said gently, "Of course, at least you should know what she wants to do."

It seemed that none of the 108 sisters of the Chu family were simple people.

After just a few glances, Chu Hong could tell that Dong Siyu was not a simple person.

In that case, she should also go and see what this Dong Siyu wanted to do?

An hour later, Yu Tian and Dong Siyu arrived at the entrance of a particularly lively manor.

Dong Siyu said coldly to Yu Tian, "My best friend's family is especially rich. Today, I booked this entire manor to celebrate her birthday. The people who come here are either rich or noble. Most of them are young masters and young ladies from wealthy families in Linhai.

"After you come in with me later, eat more and talk less. No matter how I introduce you, you just have to nod and agree. You Don't have to do anything else!"

Yu Tian gave her a black tie worth hundreds of thousands of Yuan and said with a faint smile, "I've already given you enough face by accompanying you. So what if you're influential?

"Listen to me carefully. If someone wants to show off to me, he will disappear from Linhai tomorrow, including you!"

Dong Siyu was shocked. She wanted to use this opportunity to get in touch with him and improve their relationship.

She didn't expect him to not know how to be kind to women and give her a chance.

If it weren't for my master telling me to do this, I wouldn't have accepted his anger.

At this moment, there were people coming and going at the entrance of the villa.

When Yu Tian found the Phantom Ghost Square, the crowd burst into exclamations on the spot.

"Phantom Ghost, am I seeing things? It's really a phantom ghost. Oh My God, it's too sexy!"

"I heard that this Phantom Ghost in Linhai is the only custom-made one in the world. It's sold for more than 70 million yuan. It's the boss of Galaxy technology company, Yu Tian!"

"Look, isn't that Yu Tian who came down? I've seen him at other receptions before. This person is very dashing and his net worth has already exceeded 10 billion yuan. But who is the woman beside him?"

Everyone was staring at Dong Siyu and discussing animatedly.

Yu Tian moved his ears and heard it clearly.

“What right does she have to stand by Yu Tian's side?”

“Who in Linhai doesn't know now? Yu Tian is Chu Qing's younger brother. He's really willing to give up his life just to get to the top!”

“If he's willing to give up his face, what's the point of having his life?”

The more Dong Siyu Heard, the angrier she got. Her face and ears were so red that she wanted to flare up.

However, Yu Tian grabbed her hand and laughed softly, “What are you angry about? Your mouth is on someone else's face. It's their freedom to say what they want and see what they want. Can you still make them all shut up?”

Just the act of holding hands made everyone exclaim in surprise.

That was a scene that many women had dreamed of. Now, it was given to Dong Siyu.

At this moment, the main character of today's birthday cocktail party, Dong Siyu's best friend, Long nianxue, who was dressed in an expensive white evening dress, personally came to the entrance of the villa to welcome the two of them.

Under everyone's gaze, Long nianxue happily hugged Dong Siyu tightly.

After the introductions, long nianxue gracefully shook hands with Yu Tian and gently moved her red lips, she blinked her beautiful eyes and smiled. “Today is just my birthday. I didn't expect President Yu to come. I feel so nervous right now!”

Yu Tian laughed and said, “What's there to be nervous about? I'm just alone. You Don't have to call me president Yu. Just call me tian-ge!”

“Okay, tian-ge. Please come in. The banquet will start soon!”

Under Long Nianxue's lead, the few of them entered the villa one after another.

At this moment, the villa was decorated with lanterns and colorful music.

It could be seen that the long family's strength was not ordinary.

Yu Tian realized that the gifts given to long nianxue were piled up like a small mountain, and from time to time, staff members would add more.

But he came empty-handed. How could this be justified?

?Chapter 144 – Chapter 144, Useless

Thank you readers!

Long nianxue said to Yu Tian enthusiastically, "Tian ge, the banquet will start soon. Please take a seat. If you feel that this place is too noisy, you can go to the private room inside. I will go and entertain the other guests first!"

Yu Tian felt that long nianxue was a pretty good lady. She was generous and decent when dealing with people. She was neither arrogant nor impatient. He had a good impression of her.

At this moment, a few well-dressed men surrounded them and handed their gifts to long nianxue in front of Yu Tian.

It was normal to give gifts on birthdays.

However, the man with a shoehorn face in the middle of the crowd said shamelessly, "Nianxue, for your birthday, I went to the imperial capital to buy you a birthday present. You have to open it and take a look!"

Yu Tian found that long nianxue looked at this man with vigilance, even a bit of disgust and disdain.

This had nothing to do with him. He could just watch from the side.

Long nianxue forced a smile and said, "Brother Jiahai, you've really spent a lot of money. I'm going to entertain other guests now. I'll open your present later. Oh, right, let me introduce you.

"Mr. Yu Tian is the president of Xing he technology. Brother Tian, this is Gong Jiahai, the general manager of Ming City's myriad real estate. He's also my father's partner!"

Long nianxue was thinking of introducing Gong Jiahai to Yu Tian so that she could leave as soon as they spoke.

Gong Jiahai, on the other hand, looked at Yu Tian with disdain, he said coldly, "What Xing he technology? I've never heard of this company. I'm not looking down on you, but the people I contact are all relatively high-end people.

"I rarely interact with some small companies. If you want to buy a house, you can look for me in Ming City. I can give you a discount for anything!"

Yu Tian smiled indifferently and said, "I really haven't thought about buying a house. The key is that there are too many villas to live in. If I want to buy some small houses in the future, I'll think of You!"

The two of them went back and forth, neither giving in, and the atmosphere became tense.

Gong Jiahai laughed.

“So you live in a villa. You really impressed me. I also have a villa district, but it's definitely much more expensive than yours. I wonder how much a villa you live in now is worth?”

“But I feel that even ten of your villas are not worth as much as one of mine. I really don't look down on you. The point is that everything has value. Some things are valuable, and some are not. It depends on what people think!”

Do you know what I gave Nianxue as a gift? I'm not showing off in front of you. The relationship between Nianxue's father and I is naturally unspeakable. Therefore, this time, I gave Nianxue a Hermes handbag worth 1.7 million yuan.

As for what you can give Nianxue, I think it's nothing. At most, it's something worth tens of thousands of yuan. I'm really not looking down on you. This thing is like living in a villa.

“Some can live in tens of millions, and some can live in hundreds of thousands. But they're all villas. I can't say whether they're expensive or cheap. Do you think what I'm saying makes sense?”

This was way better than what he was pretending to be.

When the people around heard this, they started discussing.

“1.7 million Hermes. I might not be able to earn that much money in half my life!”

“Of course. Gong Jiahai is the richest man in Ming City. His Jiahai real estate is worth billions. He has many high-end real estate projects in his hands. He doesn't need that much money at all!”

“I haven't seen it since he didn't say anything. CEO Yu seems to have come empty-handed. It's impossible that he didn't give you a gift, right?”

Dong Siyu, who had been standing at the side without saying anything, smiled and said to Long Nianxue, “Nianxue, we also brought you a gift. Yu Tian has been thinking about this for a long

Yu Tian didn't know whether to laugh or cry.

How could this woman say such nonsense? He had only known about coming to the birthday party an hour ago. What present did she prepare?

Dong Siyu looked at him proudly as if she was saying, "If you can't bring out a present, you will be the one who will lose face."

Long nianxue took it seriously. Compared to Gong Jiahai's tacky presents, Yu Tian must have given her a very high-end and elegant present.

She smiled happily and said, "Is that so? I'm so honored. Tian-ge, what are you going to give me?"

It can't be those useless bags, right?"

One sentence made Gong Jiahai's face turn red as if he had been sprayed with dog blood.

A bag worth 1.7 million yuan had become useless to her? Didn't she know that? There were countless women in the world who wanted this bag.

Since he had said that, he wanted to see what kind of shocking gift this Yu Tian could give her?

Therefore, Gong Jiahai threw the gift box into the pile of small hills and sneered, "I also want to see what kind of valuable gift this Mr. Yu can give me?"

"I really don't look down on you. If it's less than a million yuan, you can throw it into the pile of gifts. Don't embarrass yourself like me!"

Seeing Gong Jiahai's angry tone, long nianxue also gave a simple explanation.

"Brother Jiahai, I really didn't mean that. I also like the gift you gave me!"

Gong Jiahai smiled sarcastically and said arrogantly, "Nianxue, What's our relationship? Let's not talk about this. Your Father has a project and is preparing to cooperate with me, so we are all on the same side."

"I really don't mean to look down on anyone. It's just that today is your birthday and I'm happy. This boss Yu also wants to cheer you up, doesn't he?"

"Then let's see what kind of good gift boss Yu can give us."

While they were talking, Yu Tian had already sent a message to Chu Qing, asking her to immediately send someone to the villa to deliver a Phoenix Red Moon Angel Supercar worth tens of millions.

Chu Qing immediately replied to him with a message.

“It's okay to deliver supercars, but it's not okay to date girls. Don't think I don't know what you're doing. That Dong Siyu stole so many goods from Chu Rou, yet you're still hanging out with her.”

Why does the female thief look so sexy?”

Chu Qing's anger could be felt through the screen.

Yu Tian didn't want to waste time with her at this moment, so he directly put the phone into his pocket.

At this moment, Long Nianxue's parents came up to them and greeted Gong Jiahai with a big smile on their faces.

“President Gong, you are here today to attend my daughter's birthday party. It's my honor to have you here. You must drink more later!”

Gong Jiahai looked dissatisfied and said coldly, “I'm really afraid that I can't afford it. I feel like

I've been slapped in the face by throwing a million-yuan gift into the pile!”

?Chapter 145 – Chapter 145, A Shocking Gift

Thank you readers!

Long Chenyang frowned slightly when he heard Gong Jiahai's tone. He wondered who had provoked this black sheep?

Now was the time to cooperate with him. Completing this project worth 30 million yuan could also help the business to a higher level.

So now was not the time to provoke him.

Long Chenyang smiled and asked, “Who made our CEO Gong so angry? NIANXUE, are you being willful again?”

He was the one who pretended to be arrogant, but he still made her angry. who was she blaming now? Long nianxue blinked her eyes and pouted, “Why do you blame me for Everything?”

Gong Jiahai shook his head and waved his hand, he looked at Yu Tian and said, “Chief long, Don't blame nianxue. It's nothing. Everyone wants to make nianxue happy. It's said that boss Yu Tian Yu is going to give nianxue a special gift.

“We're all waiting to see what this gift is? If I can really give it to her, I, Gong Jiahai, will not say a word of nonsense today!”

CEO Yu?

Which CEO Yu?

Long Chenyang's gaze fell on Yu Tian's face, thinking that it couldn't be that CEO Yu from Xinghe technology.

Long nianxue didn't think too much about it and introduced him again.

Long Chenyang was shocked by this.

Who in Linhai didn't know about CEO Yu from Xinghe Technology?

He was actually able to attend his daughter's birthday party. This was simply a huge honor.

Right now, all the businessmen in Linhai were thinking of ways to cooperate with Xinghe technology and even the Chu family behind him.

However, they didn't have any connections. They didn't expect this legendary figure to be standing in front of them now.

Long Chenyang hurriedly reached out, he said respectfully, “So it's president Yu who has graced us with his presence. I apologize for my disrespect. Someone, quickly bring the chair over. How can you let President Yu stand and speak? You guys are really too impolite and don't know the rules!”

With such a busy schedule, the scene became lively. Those who took the chair took the chair and those who moved the table moved the table.

Gong Jiahai was completely ignored.

This guy was so angry that he gnashed his teeth and looked at the people in front of him coldly. In his heart, he greeted Long Chenyang's ancestors for eighteen generations.

“When you worked with me, you begged me like a grandson. Now, in front of others, you're acting like a dog again. Now, it's impossible for you to work with me. I'll see how you get through your family crisis this time!”

Long Chenyang personally poured Yu Tian a cup of steaming, fragrant tea, he said warmly, “President Yu, please have a cup of tea first. The cocktail party will begin in a while. I'm really very excited and very grateful that you could come today!”

Yu Tian didn't want to hear these polite words at all. It was just a waste of time.

He had no mood to attend this birthday cocktail party in the first place. He just wanted to see what tricks Dong Siyu was playing?

If he met someone who wanted to show off, he could not help but slap his face. That would make him look like he had no character.

He took a sip of his tea and said with a faint smile, "You don't have to be so polite. I'm just here to play with others. 111 go back after sitting for a while!"

It was rare for Yu Tian to attend this birthday cocktail party. This was simply a heaven-sent opportunity. If he was going to leave after saying a few words, then wouldn't this opportunity be wasted?

Long Chenyang hurriedly gave long nianxue a look.

Long nianxue understood and smiled sweetly. "Brother Tian, today is my birthday and we just met. You Can't leave without drinking a glass of wine. Just promise sister that you'll stay for a while tonight.

"Dong Siyu and I are the best of sisters. Can't you do it for her sake?"

Yu Tian said disdainfully, "If you let me do it for her sake, I'll leave right now. This girl is very bad!"

Dong Siyu bit her lip and said angrily, "Who are you talking about? Did I give you face?"

Yu Tian did not take her anger seriously at all and snorted coldly.

"Look at your shrew-like face. Can't you learn from Nian Xue? Look at her. She's generous and decent. She has a good temper. Look at you. What the Hell Are You?"

Long nianxue didn't know what was going on between them. She thought they were just joking.

However, long nianxue was very happy to be praised by Yu Tian. She laughed and said, "Brother

Tian, you're too kind. Actually, I have a lot to learn from Siyu!"

Looking at them talking so harmoniously, Gong Jiahai couldn't help but get angry.

With a gloomy face, he gnashed his teeth and muttered to himself.

“Laugh, I’m just waiting to See You Cry!”

At this moment, a tall, sexy woman with long wavy hair walked into the villa.

Under everyone's amazed eyes, she walked to Yu Tian with sexy steps.

“President Yu, the Felix Red Moon Angel that you asked for has been delivered to you. I’ll put it outside the door now!”

As she spoke, the lady placed a red key on the table.

Everyone was shocked. It turned out to be a sexy lady. She was actually Yu Tian's woman. It was really enviable.

However, Yu Tian had no idea who this lady was? He had never seen her before.

No matter what, he had to suppress the situation no matter what.

Don’t make others feel like they were out of their minds just because a woman was in front of you.

Yu Tian casually picked up the key and threw it to Long Nianxue. He said with a faint smile, “This is my birthday gift to you, the Phoenix Red Moon Angel Supercar. I hope you will like it!”

Long Nianxue was dumbfounded on the spot. Long Chenyang and Gong Jiahai were also shocked by the exclamations of the crowd.

Someone followed and growled, “The Phoenix Supercar is a global limited edition. There are only 1,000 of them in the world, and they are specially designed for women. It’s practically every woman's dream lover!”

“The Red Moon Angel is priced at more than 17 million, and it doesn't have a certain level of strength. Even if you have money, you can't buy it!”

“As expected of a billionaire. A random birthday gift is worth more than 17 million. Compared to this gift, that Gong Guy gave a gift of 1,700,000. Why is he still pretending?”

Gong Jiahai touched the cold sweat on his forehead, feeling uncertain.

The price of this supercar was enough for him to buy ten models. He wouldn't be able to spend it all even if he played with it for ten years. So, he just gave it as a random gift.

He really couldn't do such a thing.

Long Chenyang quickly grabbed the key and respectfully put it on the table. She said in horror,

“President Yu, we appreciate your kindness, but this gift is too expensive. We really can't accept

Even if long nianxue accepted a supercar that was worth more than ten million yuan, she wouldn't be able to drive it out normally.

On the other hand, Dong Siyu held the key in her hand and chuckled.

?Chapter 146 – Chapter 146, Anger In My Heart

Thank you readers!

Dong Siyu chuckled and a cold light flashed across her eyes. She then said loudly, “Nianxue, don't you know? Our CEO Yu has admired you for a long time.

“He asked me to bring him here today so that he could get to know you. If you don't accept this supercar that I'm giving you now, you won't give CEO Yu any face.

“Don't you think they're a perfect couple?”

Long nianxue was even more shocked.

Yu Tian actually liked her. was this real or fake? She was a billionaire. How could she be worthy of her?

Even Long Chenyang found it unbelievable.

Of course, if Yu Tian really liked her daughter, then why not?

He could use this opportunity to expand his family's business. Wasn't this a heaven-sent opportunity?

Gong Jiahai frowned. He had always liked long nianxue. He had worked with long Chenyang just to get her.

Now, Yu Tian appeared out of nowhere. How despicable.

Yu Tian was the most incredulous.

It turned out that this Dong Siyu wanted to play this trick.

She was clearly trying to sow discord between her and the Chu family.

If this were to reach the ears of Chu Qing and the others, they would have to waste time explaining to them.

This was not a big deal. The main point was that she did not like long nianxue at all. She only had some admiration for her.

If she knew the truth, it would be an inexplicable injury.

After thinking about it, Yu Tian stood up indifferently, took the key, and held long nianxue's delicate hand, he said gently and domineeringly, "Siyu is right. I really admire miss long. You must accept this Phoenix Red Moon.

Otherwise, I will lose face in front of so many people!"

Long nianxue was overwhelmed with emotions. Yu Tian was a handsome and rich man. Now that he said he admired her in public, it didn't matter if the relationship could withstand the test or not?

At least, she was both touched and excited. She nodded shyly with her delicate little face.

At this time, everyone was reminded of the congratulatory applause. Gong Jiahai, who was in the midst of the applause, was so angry that his eyes almost popped out of their sockets. His fists were cracking.

He called Long Chenyang to the side and said in a sarcastic tone, "Uncle Long, I really don't mean anything by it. Do you think they are suitable?"

"Back then, when you cooperated with me, many people said no, but I think it is suitable to cooperate with you. But now, I am also hesitating whether we should continue our cooperation.

"Now, you either reconsider our cooperation project, or I will leave now. You think about it yourself!"

Long Chenyang turned around and looked at Yu Tian and long nianxue. No matter how he looked at it, he felt that they were a match made in heaven. If his daughter could marry Yu Tian, what cooperation project would he need to consider?

Thinking of this..., long Chenyang smiled and said, "I wanted to tell CEO Gong today. I think it's better to give up on those cooperation projects. I don't have any other intentions. The main reason is that I want to focus my investment on Linhai.

So let's work together again in the future!"

Gong Jiahai was so angry that he laughed coldly.

“Alright, I don't need to say anything. You have to think about the liquidated damages. When you signed the project contract with me, you agreed to it yourself. You Don't have to do the project, but 50% of the liquidated damages is not a penny less!”

Long Chenyang suddenly frowned. He was so proud that he had forgotten about it.

50% of the penalty was more than 15 million yuan.

The 10 million yuan that he had invested previously was not only not worth a penny, but also five million yuan for Gong Jiahai.

Gong Jiahai smiled smugly and said, “I don't want to scold you. Think about it. Yu Tian is a billionaire. He can give a supercar worth more than 17 million yuan to your daughter.

Do you think he cares about you? “Compared to his assets and background, you are nothing.

Working with Me is your best choice. You should think about it. I don't want to see your faces

Gong Jiahai turned around and left the villa.

Although he had left, his anger was hidden in his heart.

Long Chenyang had nothing to consider. Even if she had to pay the penalty, she didn't want to work with Gong Jiahai anymore.

He was an animal.

After the banquet officially started, Long nianxue had been by Yu Tian's side the whole time. Yu Tian felt that this little girl was too naive.

He was just following Dong Siyu's words to make everyone feel happy, but she had completely taken it seriously.

Moreover, from her eyes and expression, it was clear that she had fallen in love with him wholeheartedly.

Yu Tian was just looking for an opportunity to talk to her.

A few men in suits suddenly walked in from outside the door. All of them had unfriendly expressions, and their cold and gloomy gazes quickly fell on Dong Siyu.

When Dong Siyu saw these people, she frowned.

She thought to herself, where did these guys come from? They were really haunting her.

She had only stolen one of their boss's Yuan Qinghua Flowers. was there a need for her to chase after them so relentlessly?

Thinking of this, Dong Siyu turned around and was about to walk towards the back door when a few men surrounded her angrily.

Yu Tian was looking at Zhen a€?er.

This time, there would be a show to watch.

Everyone scattered to the side. The leader of the men in suits scratched the scar on his face and unbuttoned his suit, with a face full of anger, he growled, a€?It's not easy to find you. You stole our Boss's Yuan Qinghua. Give it to us now.

a€?If you dare to say no, we will cripple you today!a€?

Dong Siyu said coldly, a€?That's impossible. There's no way I can take back what I got. If you have the ability, go ahead and use it!a€?

Long Chenyang saw that they were about to fight, and it was his daughter's best friend, so he went forward to persuade them, a€?Big Shots, today is my daughter's birthday. Can you give me some face?a€?

The scar-faced man raised his hand and opened his big mouth, roaring angrily, a€?Get out of my way! Is there a place for you to speak here? and long Chenyang, I don't know you at all. This stinky woman stole our boss Han Qishui's antiques.

What? Do you want to stand up for him? Or are you all in cahoots with him?a€?

Long Chenyang's body trembled when he heard the name Han Qishui. His face was filled with fear.

Long nianxue saw that her father was being beaten up and rushed over recklessly. She asked angrily, a€?What right do you have to beat me up?a€?

The scar-faced man said fiercely, a€?Just because my boss is Han qishui, you can go to Hell. No one can help her today. Brothers, don't just stand there and watch. Just do it!a€?

?Chapter 147 – Chapter 147 Was Nothing To Her

Thank you readers!

A few angry men attacked at the same time, charging towards Dong Siyu like wild beasts.

Although they had kung fu, these thugs were not easy to deal with. After exchanging a few moves with them, Dong Siyu felt the pressure and retreated continuously.

Scarface saw the opportunity and kicked Dong Siyu on the shoulder.

Dong Siyu groaned and fell to the ground. A few men went up and held her hands and feet, making her unable to struggle and move.

Long nianxue saw that her best friend was being bullied by a few men. She did not care about her own safety and still wanted to rush up to save her. Even Long Chenyang could not stop her.

The scar-faced man angrily shouted, "B * tch, did I give you some face?"

This guy raised his hand and was about to beat her up.

At this moment, Yu Tian's figure appeared soundlessly and punched the scar-faced man's armpit.

"Oh my God!"

The knife-scarred face groaned in pain. He tilted his body and fell to the ground, unable to recover from the pain for a long time.

In the midst of everyone's shock, Yu Tian smiled indifferently and said, "What kind of ability is it to hit a woman? If you have the guts, why don't you fight with me?"

The knife-scarred face's subordinates jumped up without saying a word and started to fight.

However, in the eyes of everyone, these few good-for-nothings were not hitting people, but looking for a fight.

Yu Tian casually let them lie together.

Following that, Yu Tian looked at the thug who was holding down Dong Siyu and chuckled, "Now, it's up to you to fight me one-on-one!"

The thug pushed Dong Siyu away and laughed cheekily, "Brother, we can completely resolve our misunderstanding through a conversation!"

Before he could finish his sentence, Dong Siyu landed a heavy kick on his thigh.

There was a crisp a€?Kacha'sound. The thug was in so much pain that he directly let out a traditional Japanese wail and howl.

Under everyone's astonished gazes, Yu Tian said to Dong Siyu with a distressed expression, a€?What a huge enmity. Do you have to be so ruthless?a€?

Dong Siyu glared at him fiercely and said coldly, a€?Don't bother about it. Just flirt with your girlfriend!a€?

Yu Tian said disdainfully, a€?Do you think I'm saving you? I don't want to see Nianxue get beaten up for a female thief like you. Don't be stingy!a€?

Dong Siyu was so angry that her expression exploded. She clenched her fists and stomped her feet, wishing she could go up and slap the two of them.

Long nianxue, who had calmed down, deliberately kept a little distance from Dong Siyu. She said gently and angrily, a€?Siyu, how did you provoke these people?a€?

Without needing Dong Siyu to explain, the scar-faced man said fiercely, a€?She stole our boss's antiques worth tens of millions. If you help her now, you will be on her side. Our boss will not let you go!a€?

Everyone burst into an uproar.

a€?So she is a female thief? I really couldn't tell!a€?

a€?You said that she has a figure, a figure, and a face. She is pretty good in all aspects. How could she be a thief!a€?

a€?She should be a stupid thief. It's not good to take anyone's things, but she must take Han Qishui's. That guy runs an antique mall in Linhai, and her strength is especially strong. She even dares to take Han Qishui's things. She doesn't want to live anymore!a€?

At this time, Yu Tian smiled indifferently and said, a€?We have to confirm it first. First of all, I'm not in cahoots with her. Second, is your whatever soda or coke?

a€?Anyway, I don't care about the boss who likes whatever. Today, I beat you up. If he is not convinced, he can come to the galaxy building to look for me.

a€?I forgot to tell you. My name is Yu Tian!a€?

Scarface was shocked and said in shock, a€?So you are Yu Tian! Okay, I will definitely tell my boss what you said. But now, we want Dong Siyu to go back with us to see the boss.

Since you are not with him, I think you won't stop him!a€?

a€?Of coursea€|a€?

Yu Tian suddenly realized that Dong Siyu, who was standing beside him, had disappeared. He laughed and said, a€?Now I don't have to stop her. I don't know where she went!a€?

Scarface covered his armpits and stood up with difficulty. He held his fist and cupped it to Yu Tian while enduring the pain. He gnashed his teeth and said, a€?Today, we brothers stepped on President Yu's Plate. We had no choice.

a€?Another day, our boss will definitely prepare three red cards and personally apologize to Yu.

We'll take our leave!a€?

After they left, Yu Tian looked around but still did not find Dong Siyu.

He smiled disdainfully and said, a€?You don't have that F * cking ability, yet you're still trying to be a thief like them. If you have the ability, why don't you fight them to the end and run away?a€? At this moment, the Long family came forward to express their gratitude.

Long Chenyang's face was half swollen as he smiled bitterly and said, a€?It's all thanks to CEO Yu's help today. Otherwise, we would have been hospitalized by those bastards.

Speaking of which, how could that Dong Siyu be such a person? My daughter still trusts her so much!a€?

Long nianxue also had mixed feelings and didn't know what to say.

The two of them had played together since they were young, but suddenly, they did not seem to know much about Dong Siyu.

Yu Tian did not want to waste any more time on them. This time, he had also made a feud with Han Qishui.

Another enemy had appeared out of nowhere. This was his F * cking fate.

It was as if if he did not have many enemies, his life would not be exciting enough.

He looked at the time. It was almost time for the cocktail party. He should go to the company to see how Chu Hong was doing.

So, Yu Tian stood up and smiled. "You can't judge a book by its cover. In the future, you have to judge a book by its cover. I will go back first. Let's gather again when there is an opportunity in the future!"

Just as they walked out of the villa, long nianxue chased after them. She did not care about the people who were surrounding Phoenix to take photos and research. She directly and gently grabbed Yu Tian's arm.

Yu Tian turned around and gently pulled his hand away. He smiled indifferently and said, "Do you have anything else to say? Hurry up, I'm in a hurry!"

Long nianxue said aggrievedly, "I'm not in a good mood right now. Can you take me out for a

What Drive?

How could he have the mood to go for a drive now?

Yu Tian shook his head slightly and said indifferently, "Forget it. I still have to rush back to the company for a meeting. I Won't accompany you!"

He turned around and entered the Phantom, roaring the engine and leaving.

Long nianxue was left standing there in a daze, her heart empty.

When Yu Tian returned to the company, he found that many people were leaving with their belongings.

Everyone's expression was especially painful. They did not need to guess what had happened.

It must be Chu Hong who had made a full-scale layoff for the company.

Before they entered the elevator, Du Tianci caught up with them and said with a bitter face, "Boss, did that woman lose control a little? She made a crazy layoff. In less than two hours, she killed nearly 500 people. What is she trying to do?"

Yu Tian shook his head helplessly and smiled, "As long as she didn't cut you, it's fine. Don't bother me. Hurry up and do your work!"

?Chapter 148 – Chapter 148, I'll Be Your Secretary

Thank you readers!

In the office, Chu Hong was flipping through Yu Tian's computer and skimming through the core documents of the entire company.

Yu Tian was holding a cup of coffee. He smiled as he drank, "Stop looking. There aren't many movies on my computer. Besides, you've laid off so many people at once. Who's going to do the work of the company?"

Chu Hong put down the mouse and crossed her hands. The imposing manner of a domineering president was instantly displayed on her face. She said calmly, "Brother, the management of the company is simply a mess.

"The 500 people that I've laid off, their daily work is just passing documents to each other and then waiting for their pay. Their work can be completed by five people.

"Moreover, laying off 500 people is only the first batch. Now, I'm going to lay off another 200 people. As for the rest, if they can't effectively complete their work, they have to be laid off too!"

He was going to continue cutting?

Yu Tian found it unacceptable. This company only had a total of more than 2,000 people.

If he was going to cut 700 people, what was the point of having such a large office building?

He put down his coffee cup and smiled bitterly. "Can you show mercy? Aren't you being a little too ruthless by doing this?"

Chu Hong said coldly, "Brother, we're a business, not a charity. In the process of doing business, you can't have any feelings. Doing Business is to make money. It's also to save money and stimulate the labor force of the employees. It's also to make money.

"I will not be like Qing'er and Xin'er, who only give you money to spend. In the future, if you want to control a huge business empire, you must first learn to be ruthless.

"By the way, that male secretary of yours is as dumb as a pig. It's impossible for him to unleash the power of a secretary. He has to be eliminated too!"

Yu Tian knew that Chu Hong was doing this for his own good, but why did she even fire Zhuang Xin Gang?

This was unacceptable.

He stopped smiling and frowned. "Isn't the situation a little too big? I chose this secretary. Let him stay for now!"

Chu Hong smiled and said helplessly, "This is your weakness. You're so kind to everyone. It's fine to keep him, but don't be a secretary. With his ability, he's only suitable to clean up. If he can not accept it, then leave. As for your position as a secretary, I will take it!"

"Wait a minute!"

Yu Tian asked in surprise, "You are going to be my secretary? Your CEO, who is worth hundreds of billions, is not going to do it, but you are going to be my secretary? Are you playing with me or yourself?"

Chu Hong stood up and poured a cup of coffee for Yu Tian. She smiled and said, "This is the arrangement of the family. I am no longer suitable to be the CEO of the LUNST Business Group.

"They think that I am very weak in the conflict between you and the Agras family, so much so that you feel that the family is incompetent. This is absolutely not allowed to appear!"

So that was the case.

However, Yu Tian wanted to refuse.

The reason was that this woman's business methods were a little hard.

She had killed 700 people in two hours. If she was allowed to play for a few more days, galaxy technology might as well close down.

However, Chu Hong did not care at all. Instead, she gently held Yu Tian's arm and said with a gentle smile, "Compared to being the president, I prefer to be your secretary. At least I can keep an eye on you.

"Don't always spend money on unimportant people. The money of the Chu family is also earned back. Therefore, you have to tighten the expenses of this company, such as the R & D project for the six-dimensional code and Your Game Development Project!"

Yu Tian said snappily, "Do you even want to cut the toilet paper in half? I might as well tear down half of this building. Are you here to be a secretary or to strangle me?"

Unexpectedly, Chu Hong really grabbed his neck and said with a smile, "You're so cute when you're angry, but you're right. I'm going to strangle you. On behalf of your 108 sisters, I'm going to strangle you with all my strength!"

Yu Tian's heart was itchy)L

This Chu Hong really knew how to Flirt. She didn't tire of wanting to take advantage of him.

At this moment, there was a knock on the door. Chu Hong made a face at Yu Tian and then put away her smile and opened the door herself.

Zhuang Xin gang ran into the room in a panic and said with a deflated stomach, "Yu, Yu, those workers are protesting downstairs. Even the reporters are here. What should we do?"

Before Yu Tian could say anything, Chu Hong said calmly, "You don't have to care about this. From now on, I will be Yu's secretary. You go to the logistics department. They will arrange a new job for you!"

Yu Tian could not stop them even if he wanted to. Zhuang Xin gang looked at Yu Tian in disbelief. They felt extremely aggrieved and could not accept it.

However, Yu Tian did not speak. There was nothing he could do but lower his head and leave.

Yu Tian originally wanted to speak, but it was also good to consider training him.

The starting point for him was indeed a little high. There was a lot of pressure. It was better to start from the basics. He could still be a secretary in the future.

However, Chu Hong smiled indifferently and said, "Brother, you have to hold a meeting with the company's higher-ups later. Tell them to shorten the time for research and development. If they can not complete the work, all of them have to leave!"

Yu Tian licked his dry lips with a frown and said helplessly, "There are protests outside, and the reporters are all here. Don't we have to explain to them?"

These words made Chu Hong laugh.

She shook her head and said mockingly, "You are the CEO with a net worth of tens of billions. You are the head of Galaxy Technology. Who do you need to explain what you do to? Did they explain to you when they took your salary for nothing?"

"If you have to explain every decision, how are you going to be a powerhouse that everyone is afraid of?" "So, ignore them. If they still want to cause trouble, just ask the security guards to disperse them."

"By the way, my suggestion to you is to increase the security guards by ten times!"

Hearing this, Yu Tian felt particularly conflicted. What Chu Hong said made sense, but it went against his personality.

Although it looked unacceptable, he could still retain his personality.

However, Yu Tian still said to Chu Hong with a straight face, "You can be my secretary, but the premise is that, including your thoughts, it's up to me to decide whether or not to proceed. Don't think about everything."

"Do you have to design all the lingerie I wear?" "Forget about today. From now on, Be Your Secretary and don't show off to me, or else!"

Before he could finish his sentence, Chu Hong stood in front of him arrogantly and snorted, she said unwillingly, "Or else what about you? Domestic Violence? Do you believe that I'll call all 108 of my sisters over and well each pinch you. You'll feel despair!"

Yu Tian was really speechless.

This woman was prepared for anything.

Anyway, he could not be bothered with her. As long as she did not go against her feelings, he would just let her be.

In the evening, Yu Tian was discussing the development plan with Yan Longwen when Chu Qing suddenly pushed the door open and entered. She ordered Yan Longwen coldly, "Get Out!"

?Chapter 149 – Chapter 149, Wash Yourself Clean

Thank you readers!

Yan Longwen saw that Chu Qing's expression was very bad, so she did not say anything and just stood up and left.

Yu Tian also noticed that Chu Qing seemed to be particularly angry, so he asked with a smile, "Who made Miss Chu so angry?"

Chu Qing first sighed, and then she started to scold her.

"Little brother, why are you so stupid? Usually, I turn a blind eye to what you do outside, but this time, I have to tell you, you let someone take advantage of you, do you know that?"

As she spoke, Chu Qing took out her phone and flipped to the page of the news, placing it in front of Yu Tian.

He lowered his head to take a look, but the title was especially targeted.

“Seaside tycoon Yu Tian, protects the female thief, develops feelings with the female thief's best friend, and gives Felix the Red Moon Supercar for his birthday!”

Yu Tian laughed and said indifferently, “That's quite vivid. Is that why you're Angry?”

Chu Qing saw that Yu Tian could still laugh, so she became angry and said angrily, “That female thief is called Dong Siyu, right? But what I want to tell you is that her real name is Wen Jiazhen, and she's an orphan.

The Real Dong Siyu was long gone from this world. Moreover, it wasn't our Chu family that destroyed their Dong family. It was because the Dong family was involved in a heaven-defying conspiracy in the capital back then, and was suppressed by that powerful machine.

At that time, there was only one person who managed to escape the capital alive. His name was Tan Xianyuan and he was the chief bodyguard of the Dong family. Wen Jiazhen was an orphan that he had picked up when he left the capital.

Wen Jiazhen's parents were also bandits at that time. Later, they were killed by people from the jianghu. Wen Jiazhen liked to steal things and she had inherited her parents'genes.

“Tan Xianyuan, who had nowhere else to go, wanted to join our Chu family. He was rejected and disappeared without a Trace!”

Yu Tian frowned slightly. He did not expect Chu Qing's information to be so thorough.

It turned out that Dong Siyu had been used by old tan zi all along.

But all of this was nothing.

What surprised Yu Tian the most was that old tan zi, this old beast, actually used Dong Siyu to use him.

Back then, the Dong family was suppressed by the armed machine. If the outside world knew about this now, wouldn't that mean that he, Yu Tian, was also a member of the Dong Family?

No wonder he wanted Wen Jiazhen to change her name to Dong Siyu.

Chu Qing also said in a low voice, “Now you have to wash yourself immediately so that I won't have any pressure here. You know what I mean!”

Yu Tian nodded and said with a smile, "I do. Why wouldn't I? I'll go and see if the people from the Hall of Pride are still living there!"

This time, the situation had been made so big that if the old jar still didn't move, he would be courting death.

Yu Tian's guess was right. When he arrived at the courtyard before, it was already empty.

At that moment, Yu Tian's phone rang. An unknown number called.

After the call was connected, it was Scarface's voice. He said proudly, "CEO Yu, Dong Siyu is in our hands now. She said that the treasure is in your hands.

"If you don't want to see her minced into minced meat, bring the treasure to No. 7 of Qianjin Road, the Han residence!"

Yu Tian snorted, "Alright, I'll Head There Now!"

It was not difficult to find Dong Siyu. As long as he could find her, it would not be difficult to find the old jar.

Soon, Yu Tian stood at the entrance of the Han residence and looked inside.

The courtyard was filled with roses, and there were a few rows of parasol trees in full bloom around the villa. It looked rather unique.

Scarface, who was standing in the courtyard, looked coldly at Yu Tian and asked, "Did you bring the item?"

Brought what things? Yu Tian had no idea what Dong Siyu had stolen from them.

He just smiled indifferently and said, "We haven't even met them yet, and you're asking for things? Let me see them first!"

Scarface thought warily. There were fifty people in the courtyard. No matter how good he was at fighting, he would not be a match for these fifty people.

Therefore, he snorted coldly and asked the people around him to open the door. He led Yu Tian through the fragrant garden and into the villa that looked like it was from the Republic of China.

In the hall, Yu Tian saw Dong Siyu, who was badly bruised and tied up.

A middle-aged man in his fifties, who wore a small mandarin jacket and was as thin as a skeleton, was sitting at the side. He was slowly drinking a bowl of tea.

The scar-faced man introduced him to Yu Tian.

“This is my boss, Han Qishui. He is also the boss of the Antique Mall in Linhai City. Dong Siyu stole one of our Boss's Yuan Qinghua, which is worth ten million yuan. Now, we want to take this thing back!”

Han Qishui put down the bowl of tea and said leisurely, shaking his head, “You are the boss of Galaxy Technology, Yu Tian, right? Actually, I didn't want to make the scene like this today.

“But think about it from another angle. If you were the one who lost the thing, I think you would have done the same.

“Moreover, the Yuan Qinghua that was stolen from me is worth tens of millions. This isn't a joke, but this woman said that the thing is in your hands.

“I don't believe her words, so I invited Mr. Yu over. Let's make this clear in person. If the thing is really in your hands, you give it to me, and we can talk about anything.

“If you don't want to solve the problem so easily, then we don't have to say anything!”

All this talk was just nonsense.

Yu Tian smiled indifferently and said, “Although the thing isn't in my hands, this person has to come with me today. I don't want to waste time with you. Just tell me if you agree or not.”

Han Qishui saw how arrogant he was and didn't take him seriously at all.

He was not angry at all. He picked up the bowl and took another sip of tea. He even deliberately made the sound of running water sound very rhythmic, then he said confidently, “Mr. Yu, I know that your background is very strong, and your strength is also very strong.

Therefore, I invited you here today. I have given you enough face. If you don't want your face, then I can only slap your face. However, people who know me all think that I am a scholarly businessman.

“I don't want to fight with you either. I just want to tell you that if word gets out that my antique mall has bought antiques, I think those who have bought antiques, especially those who are rich, will stand on my side.

“Who will stand on your side then?” “Of course, if you want to fight, you can also go and invite Mr. Wu!”

The scarred-faced man sneered with pride. Mr. Wu was a martial arts expert that Han Qishui had spent a lot of money to invite. When the time came, Yu Tian would see how he would be slapped in the face?

Yu Tian did not care about this at all. He sat down on the sofa and said with a smile, "The guests are here, and you don't even serve a bowl of tea. Is this how you treat the guests?"

Han Qishui's little head shook and he chuckled, "You don't treat yourself as my guest, yet you still want to drink my tea. In my house, you even want to be in charge. You're really arrogant!"

Chapter 150 – Chapter 150, One Move

Thank you readers!

"This isn't arrogance, this is calmness. In My Eyes, you people are no different from ants!"

Yu Tian smiled indifferently.

Han qishui gritted his teeth.

Now You can be arrogant as you please. When you are knocked down by the expert I invited, let's see what you have to show for it?

At this moment, a man in his thirties with an extremely sturdy body and arms that were almost as long as his knees walked up to the crowd.

Yu Tian saw that there were still some fine beads of sweat on his body. He must have just warmed up.

And those two arms that seemed to be deformed could basically be concluded that he was an expert who used both fists.

Scarface loudly introduced, "Yu Tian, the person standing in front of you is the fifth generation successor of the southern Luo Fist, Wu Changde, master Wu!"

He had never heard of the southern Luo Fist or the northern Luo fist.

Yu Tian only smiled disdainfully.

Wu Changde gloomily looked at Yu Tian and coldly said, "I thought my opponent was very strong, but it turned out to be a person as thin as a chicken. Boss Han, I don't think this competition is fair."

“If you let me fight with him, it would be the same as bullying him. If word gets out to the jianghu, I will be laughed at!”

Han Qishui laughed and stood up excitedly. He said arrogantly, “If the Jianghu people knew that you taught a sanctimonious thief a lesson today, no one would laugh at you.

“This guy teamed up with that B * Tch to steal my Yuan Qinghua. How does that count in the jianghu?” “I also know that he is no match for you, and his background is no ordinary person.

“So you can teach him a lesson and ask him to take out my Yuan Qinghua. You Don't have to take his life!”

Wu Changde frowned impatiently. Inviting him here for an antique was a disgrace to his status.

However, for the high reward, he had no choice but to lower himself.

It was my fault that my sect didn't develop well and needed money everywhere. Otherwise, why would I be Han Qishui's bodyguard.

Thinking of this, Wu Changde said coldly, “Your name is Yu Tian, right? I really don't want to fight with you. There's no enmity between us, and I don't want to cripple you.

“Listen to Senior's advice. Take out the thing and kowtow to Han Qishui. Then we don't have to fight anymore!”

Yu Tian yawned, he said lazily, “Cut the crap. If you don't Kowtow to me today, that old fart will really think that the person he invited is very powerful. Just tell me directly, how do you want to fight? I'll play with you!”

Wu Changde could not suppress the anger in his heart. He angrily shouted, “If you really want to fight with me, then there's no problem. Let's follow the rules of the jianghu.

Stick incense and light candles, write down the Order of life and death. You and I will fight. Life and death are fated. Wealth and honor are in heaven. With this, I'm not afraid that the jianghu people will say that I'm bullying the weak!”

There were quite a few rules. Wasn't it just a sparring match?

Was there a need to make it so grand.

Yu Tian said disdainfully, “Stop wasting time with me. Let's save some time. I crippled both of your arms in one move. If I use one more move, I will lose!”

Wu Changde burst into laughter. It was simply too ridiculous.

He had been in the jianghu for more than ten years, and no one had ever dared to say such big words in front of him. Wanting to cripple his arms in one move was simply a Fool's dream.

The scar-faced man's eyes were filled with disdain. He sneered and said, "Yu Tian, you think too highly of yourself. You want to beat Master Wu in one move? Are You Dreaming?"

"I think it's Master Wu. He should beat you in one move. When the time comes, you'll have to kneel in front of us and crawl under each of us. Do you dare to make this bet with us?"

Yu Tian did not even look at him. He was just a shameless hooligan. It was a waste of time to talk to him.

Han qishui seemed to have the whole situation under control. He said proudly, "If you lose, I'll leave you some face. As long as you give me my things, I'll definitely not make things difficult for you."

"I know that you have the Chu family behind you. Even if Chu Qing stands in front of me and you take my things, you have to return them to me. This is called the rule. Even the Chu family has to abide by this rule, "Otherwise, you will become the enemy of the entire jianghu!"

Jianghu, jianghu.

These people talked about the word "Jianghua" all day long.

So what if they became the enemy of the entire jianghu?

Yu Tian did not take these things seriously at all.

He stood up domineeringly and said arrogantly, "Cut the crap. You should call the hospital and book a few more beds. I'm afraid that when you see the Doctor, you won't even have a bed!" Wu Changde invited Yu Tian to the backyard.

There was a very wide lawn here, which could be used for a martial arts competition between two people.

Everyone stood around, waiting to see how Wu Changde would teach Yu Tian a lesson.

This included Dong Siyu, who was tied up.

She knew that Yu Tian would definitely come to save her, but she was not grateful to Yu Tian at all.

The more trouble he caused, the happier she would be.

If Wu Changde could defeat Yu Tian now, it would save her a lot of time.

It would save her a lot of time to kill Yu Tian.

At that moment, Wu Changde cupped his fists and said coldly, "Wu Changde, the fifth generation successor of the Nanluo Fist, is here today to put up plates and hang flowers. Blood will harm your body. It is up to the heavens. Please enlighten me!"

As soon as he said that, Wu Changde put his fists on his shoulders and put on his stance.

Yu Tian merely hooked his finger at him and smiled indifferently. "Hurry up and come. The Sky is so hot. I still have to go to the sauna later!"

Wu Changde snorted coldly and stomped on the ground. His two extremely long arms were like two long spears, stabbing towards Yu Tian.

Yu Tian did not even blink. He saw an opportunity and flashed out with a knee strike. His speed was as fast as lightning.

There was a saying that said that the fastest martial arts in the world could not be broken.

Under the extreme attack speed, Yu Tian's figure passed through Wu Changde's body like a phantom.

The figures crossed each other and separated in an instant. Yu Tian clapped his hands and said disdainfully, "Nanluo Fist? What a joke!"

Everyone looked at Wu Changde, who did not move at all.

Wu Changde suddenly fell to his knees with a thud. He was in extreme pain. His broken arms hung by his sides, and his expression had completely exploded.

Everyone was shocked, as if their throats were stuck in their throats.

As expected, he had only used one move. They didn't even see clearly how Yu Tian had hit Wu Changde?

This competition ended just like that?

This speed was simply too fast.

Han qishui furrowed his brows tightly. Everything had already exceeded his imagination.

He had always thought that Yu Tian was arrogant because he had the Chu family behind him.

From the looks of it now, the Chu family should be under his protection.

Scarface and the others forcefully swallowed the bitter water in their mouths. Although Yu Tian's move had hit Wu Changde's body, they were also in extreme pain.
