

# **I Have 108 Older Sisters #Chapter 151 - Read I Have 108 Older Sisters Chapter 151**

?Chapter 151 – Chapter 151, The Same Fate

Thank you readers!

Dong Siyu, who was sitting on the lawn, hated Yu Tian to the core.

How could Yu Tian's Kung Fu Be So Good? Wu Changde didn't even have a chance to make a move in front of him. It was simply unbelievable.

At this moment, Yu Tian looked at Han qishui coldly and said arrogantly, a€?Are there any more experts? call them over later so that we don't waste time!a€?

How could there be any more experts?

He had hired Wu Changde just because he thought he could handle everything, but he didn't expect that guy to be a soft-ass.

Han qishui was still calm, but the pride on his face had been replaced by surprise.

He gnashed his teeth and said, a€?Wu Changde lost. You can take him away, but remember this. I will definitely get my blue and white flower back!a€?

Yu Tian did not care about this. Instead, he turned around and ordered the scar-faced man.

a€?What are you looking at? Why Don't You Come and fight with me? Hurry up and untie her rope!a€?

The scar-faced man gritted his teeth and turned around to untie the rope tied to Dong Siyu's body.

Dong Siyu turned all the anger in her heart into a big mouth and gave the scar-faced man a heavy slap. Then, she turned around and left.

This time, Yu Tian could not let her disappear in front of his eyes.

Without further ado, Yu Tian followed closely behind. Under Han Qishui's furious gaze, the two of them left in a carefree manner.

He asked someone to help Wu Changde up first.

Wu Changde was embarrassed and indignant. He said with a grievance, "My arm was crippled by this bastard. I Can't use the Nanluo Fist anymore. I must take revenge for this. I must also cripple both of his arms.

"Now, send me to the hospital immediately!"

Han Qishui was quite particular. Although Wu Changde didn't win the martial arts competition for him, he should have cared about him for the sake of jianghu.

Therefore, he immediately sent someone to send Wu Changde to the hospital. He also had to think carefully about how he could get back the yuan blue and white flower.

In an empty alley, Yu Tian grabbed Dong Siyu's arm and asked straightforwardly, "Where is old Tan Zi?"

"I don't know!" Dong Siyu shook Yu Tian's hand away and said fiercely, "Don't think that you can get my gratitude just because you saved me. I don't need you to save me at all. Are you showing off?"

"I told you to stop following me, or I won't be polite to you!"

Yu Tian looked at her with a frown and said helplessly, "Do you have the ability to be rude to me? But I heard something that I want you to know. This is about your background. Do you want to hear it or not?"

Dong Siyu was slightly stunned. Didn't he already know about her background? What was there to say now?

She snorted in disdain and turned around to leave.

Yu Tian did not chase after her. He only said indifferently, "Your real name is Wen Jiazhen. You were originally an orphan. Your parents threw you to someone else when you were born. It was Tan Xianyuan who picked you up when he was on the run.

The real one, Dong Siyu, was already dead. You were just a tool that old tan zi used!"

Dong Siyu suddenly turned around. How come the version he said was different from what she knew?

Her name was Wen Jiazhen? She was an orphan?

A series of questions swirled in her mind like a whirlpool in the sea.

Half an hour later, the two of them sat in an extremely quiet bar nearby. He was the only guest in the entire room.

Yu Tian showed her the information he got from Chu Qing.

The information had his parents' names and the time he was abandoned.

Initially, she had some doubts about what Yu Tian said, but the information was very clear.

There was a birthmark on her inner thigh.

Back then, her parents were hunted down by the Jianghu people and had no choice but to give her to a scavenger. That was how they got the information they had now.

Yu Tian said coldly, "Old Tan Zi not only used you, he also wants to use me. You have to know that what Old Tan Zi did in the past, if it were in ancient times, would have led to the extermination of nine families.

"So, you have to be careful. I'm not harming you, but helping you. As long as you tell me where Old Tan Zi is, you can live the life you want in the future. No one will ever disturb you again!

"You also don't need to avenge others. You have nothing to do with the Chu family at all!"

Dong Siyu's heart was like a bottle of mixed emotions, sour, sweet, bitter, and salty.

She hated the old jar and hated her parents even more. Why did they give birth to her in the first place.

If she did not exist, why would she have to suffer such pain today?

She picked up the wine bottle and gulped down a few mouthfuls until the burning pain caused her to spray all over the table. Two lines of clear tears also flowed out of her eyes.

Yu Tian only looked at her quietly. He even had a feeling that they were fated to be together.

His parents had mysteriously disappeared not long after he and his sister were born. They had not even seen them until today.

Therefore, he understood the pain.

Dong Siyu wiped the tears from her face and said through gritted teeth, "Old Tan Zi is in a Taoist temple in Mount Hai. All the fellow disciples of the Hall of Pride are there too. Go and find them yourself. Don't let me see you again in the future!"

After saying that, she left the bar in anger.

Yu Tian shook the red wine in his glass lightly. In his mind, he was thinking about how to take down that Taoist temple.

No matter what, he could not let the old jar jar live a healthy life.

Even if he did not want his life, he had to make him a cripple for the rest of his life.

At that moment, Yu Tian suddenly felt that there was a pair of eyes staring at him in a corner of the bar.

He turned around abruptly and saw a glass filled with red wine placed on the table. The person who was drinking the wine had already disappeared.

Someone was actually following him. Only now did he realize it.

It seemed that this person was also an expert.

Yu Tian called the waiter over and was about to pay the bill.

Just as he took out his phone and was about to scan the code, a cold glint suddenly flashed from the waiter's sleeve.

A sharp dagger suddenly appeared in the waitress'hand and stabbed toward Yu Tian's throat at lightning speed.

At such a close distance and at such a fast speed, it was almost impossible to dodge.

However, Yu Tian's reaction was even faster than hers. Since he could not dodge, he might as well put the phone on his throat.

The moment the dagger stabbed the phone, Yu Tian kicked the waitress in the stomach.

Just as he got up and was about to continue attacking, a series of chaotic footsteps sounded behind him. A few female waitresses holding daggers rushed up recklessly and swung their daggers fiercely.

Yu Tian dodged the attack and swung his fists and legs, knocking all the waitresses to the ground in the blink of an eye.

He pulled the hair of a waitress. Before he could ask a question, a crossbow arrow shot out from behind him with a whoosh.

Yu Tian calmly moved his body, and with a slight movement of his fingers, he caught the crossbow arrow.

A hooded man in black threw down the crossbow, turned around, and ran toward the back door.

?Chapter 152 – Chapter 152. There Were Sisters Everywhere

Thank you readers!

Yu Tian did not chase after him. He asked about their identities first.

However, when he looked at the waiters, he realized that they were all bleeding from their seven orifices.

a€?Who are these people?a€?

Yu Tian was extremely shocked. Committing suicide when the assassination failed was simply too insane.

He reached out and rummaged through the bodies of a few waiters, but there was nothing.

At this moment, Yu Tian heard a rustling sound coming from the storeroom.

He kicked open the door, only to discover that the original waiters of the bar were all tied up here.

He smiled indifferently.

It seemed that this time, his enemy had risen another level and actually started to use assassins.

He let go of the waiters, gave Chu Qing a call, and briefly told her about it.

Chu Qing was also shocked, and then said in a low voice, a€?I'm going to call people to the bar now. You Don't have to worry about anything else. Go Home Now!a€?

However, Yu Tian said, a€?I have to go to mount hai to take a look. While it's still hot, I have to kill that old trash Tan Xian Yuan!a€?

Chu Qing knew that the things that Yu Tian had decided on could not be easily changed, so she could only exhort, a€?Then you be careful. I'll get people to figure out these people in the bar.

Don't forget, you have 108 older sisters!a€?

She had a lot of older sisters, and they were everywhere.

Yu Tian did not waste any time. He hung up the phone and went straight to mount hai.

The setting sun in the evening set on the clear mountains that stretched as far as the eye could see, bringing with it a hint of laziness.

Yu Tian raised his head. The building in front of him, called the mountain moon temple, seemed particularly quiet in this group of mountains.

At this time, the temple's door was wide open, and there were still two or three good men and women entering and leaving. The incense burner in the courtyard was rising with curling incense smoke. Behind it was the main hall, where more than a dozen Taoist priests were meditating and discussing dao.

If it wasn't for Dong Siyu saying that this was the lair of the Hall of Pride, who would have believed that this place was actually a black hole.

Yu Tian sneered in disgust and strode into the courtyard, shouting loudly, "Tan Xian Yuan, get out here!"

The Taoist priests were shocked and walked out of the main hall one after another. A Taoist priest with a horsetail whisk in his hand and a pointy mouth and monkey cheeks looked at Yu Tian with disdain and berated, "There's no noise here. Why are you shouting?"

Yu Tian looked at him as if he was about to die.

He held up a joss stick coldly and said indifferently as he looked, "I'll say it one last time. Ask Tan

Xian Yuan to come out and see me. Otherwise, I'll light the joss sticks with you today!"

The Taoist priest waved his horsetail whisk. Tan Xian Yuan was the head of the Hall of Pride and was currently in the back hall.

If he guessed correctly, this person must be Yu Tian. No matter what, he could not let Tan Xian Yuan come out to see him.

Thus, the Daoist priest sneered and said, "Where did this arrogant person come from? How dare he behave atrociously in my mountain moon temple? Get out immediately. I'll let you live.

Otherwise, I'll make you kneel down and call me your ancestor today!"

Since they did not get along, what was the point of wasting words with them? Yu Tian said proudly, "Alright, then let's see who calls who their ancestor!"

The Daoist priest had nothing to fear. There were more than a dozen experts from the same sect on his side. Could it be that they were afraid of him alone?

Yue Ming, who was standing behind him, grinned and said arrogantly, "Senior brother Yue ran, why are you wasting your breath on him? Since when did our mountain moon temple have the right to be a little brat?"

"All of you, step back. Let me teach this arrogant person a lesson. Otherwise, people will think that our mountain moon temple is easy to bully!"

Yue ran nodded slightly and said in a low voice, "Junior Brother, your fist is heavy. Just teach this person a lesson. Don't hurt his bones and tendons. We are Taoist priests. We don't want to compete with these ordinary people!"

"Eldest senior brother, your fist doesn't have eyes. I will try my best not to hurt him. But if I really hurt him, I can only blame this guy for seeking death!"

After saying that, Yue Ming stepped forward. The two sneaky eyes under the Taoist hat rolled around.

Yu Tian looked at his body. It could be considered that he still had some muscles, but he was too good at acting.

Such a person, if he was given some face, he wouldn't know his surname.

Yue Ming stretched his limbs and laughed arrogantly, "If you kneel down and kowtow to me now, maybe I can be a little gentler. Otherwise, I can beat you to death with two punches!"

Yu Tian chuckled. He was really too lazy to waste his breath on him. He directly shot out like an arrow and landed a punch on his head.

Yue Ming didn't expect Yu Tian to suddenly make a move. His speed was as fast as lightning. At the same time, he was shocked and instinctively used his arms to block.

However, Yu Tian suddenly changed his fist path. His fist changed to an elbow, and his legs kicked his knees. Yue Ming was flustered. He wanted to retreat, but Yu Tian grabbed his arm.

Just as he was struggling, Yu Tian tripped him on the ground. Before Yue Ming could react, a fist the size of a sandbag had already smashed into his face.

Yue Mings eyeballs exploded on the spot.

As Yue Ming screamed in pain, the second punch had already landed.

This time, it shattered all the teeth in this trash's mouth, making Yue Ming scream like a pig being slaughtered.

The spectators were all shocked from their heads to their pants.

Yue ran's head was buzzing. Although Yue Ming was a junior brother, his martial arts cultivation was the highest among them.

He didn't even blink twice, and he was already crippled?

Yu Tian pointed at Yue ran in a domineering manner and said coldly, "Let's attack together. Don't waste time!"

Yue ran flung her horsetail whisk and said ferociously, "What an arrogant person. You actually dared to injure my junior brother. Today, we will not let you off. Fellow disciples, let's attack together!"

All the Taoists shouted angrily and rushed forward together.

Seeing their arrogant appearance, Yu Tian's head hurt.

This group of useless people was wasting their time.

Yu Tian did not say anything else. He rushed into the circle and gave a series of punches and kicks.

That Yue ran was jumping up and down with shifty eyes. She was thinking of launching a sneak attack on Yu Tian.

It was not easy for him to wait until Yu Tian's Back was facing him. He took out his dagger and gritted his teeth as he stabbed at Yu Tian.

In the end, before he could even touch the corner of Yu Tian's clothes, he was kicked into the burning incense burner by Yu Tian.

Yue ran cried out in pain. As if a spring had been pressed under her buttocks, she jumped more than two meters into the air.

A junior brother shouted, "Eldest senior brother, smoke is coming from behind you!"

Before he could finish his sentence, this junior brother was knocked unconscious by Yu Tian's kick.

Just as Yue ran landed on the ground, Yu Tian grabbed his neck.

“Ah?”

Yue ran, who met Yu Tian's cold and arrogant gaze, was extremely frightened. She raised her horsetail whisk and was about to hit him again.

Yu Tian chuckled and threw this guy into the incense burner.

The air was filled with the smell of burnt meat.

Yue ran was in so much pain that her mouth was about to split open to the back of her head. When she saw Yu Tian's murderous gaze, she was so scared that she ran away.

Yu Tian picked up a Taoist priest and asked coldly, “Where is Tan Xian Yuan?”

The Taoist priest was so scared that he covered his face with his hands and said in fear, “In the backyard. They are all here!”

“They? Who are they?” Yu Tian asked.

“Tan Xian Yuan, Dong Siyu, and his disciple!” The Taoist priest answered.

Yu Tian frowned slightly. Why was Dong Siyu Here?

Is this woman sick?

After knocking the Taoist priest out with one punch, Yu Tian walked toward the backyard.

?Chapter 153 – Chapter 153. Another Sister Came

Thank you readers!

Yu Tian, who had come to the backyard, looked around.

“There's not even a shadow here. Did they all run away when they knew I was coming?”

Yu Tian kicked open a few doors. Apart from a cat, no one else was breathing.

“At least you ran fast. You'd better run to the edge of the sky. Don't fall into my hands!”

He snorted coldly, turned around, and left the mountain moon temple. He went straight home.

Halfway there, Yu Tian received a call from Chu Xin, asking him to meet her at the office immediately.

Half an hour later, in Chu Xin's office of Tianhai Group.

It was Yu Tian's first time in Chu Xin's office. He smelled a faint fragrance in the air.

Chu Xin pulled Yu Tian to sit down and said with a serious expression, "Brother, I called you here because I want you to go to a nightclub and help me find out their background!"

"What's wrong? Why Are You So Serious?" Yu Tian asked disdainfully.

She sighed and frowned. "The current situation in Linhai has completely changed. Many people are starting to look down on our Chu family.

Recently, our nightclubs, business clubs, bars, and restaurants in Tianhai have all been suppressed by our competitors.

"Before, I thought it was just an ordinary business competition, but now it seems that it isn't at all. This competition is very targeted. Not only are they launching various service programs, but they are also selling them at a price 50% lower than ours, "To sell these service programs.

"What's even stranger is that we actually don't know who their behind-the-scenes boss is."

Yu Tian listened to her quietly and said with a faint smile, "Lin Hai is also one of those rich people. I've already beaten them up. Since they dare to go against the Chu family, they must be one of my enemies.

After all, I've spoiled them!"

He then looked at the time.

It was six o'clock in the evening, and the nightclub was not the most lively time yet.

It would be suspicious if he went there rashly.

He might as well sleep for a while and go there later.

Yu Tian stretched and said, "I'm a little sleepy. Let's sleep for a while!"

Chu Xin pursed her lips and smiled. She patted her thigh and said gently, "Lie down. I'll massage your head. You'll sleep better!"

This was great. A natural pillow with massage functions could not be bought with money.

Yu Tian did not stand on ceremony. He lay on Chu Xin's soft legs and felt refreshed.

Chu Xin gently pressed on his forehead. Her soft palm carried a mesmerizing fragrance, making Yu Tian's blood boil.

He thought to himself, "I was quite sleepy at first, but now I'm even more energetic. What's the point of Sleeping Like This?"

"It's fine if you're massaging me, but why is your face getting closer and closer to mine?"

Just as Chu Xin's cherry lips were about to fall down and Yu Tian couldn't help but want to taste them, someone knocked on the door.

Before the two of them could put some distance between them, Chu Qing, who was knocking on the door, pushed the door open and entered.

The scene instantly froze, just like Chu Qing's face, which instantly turned red.

The anger and grievance in her eyes made her tear ducts tighten, and her big eyes were immediately covered with tears.

Yu Tian hurriedly sat up and explained, "Actually, I almost kissed her, but the scene was cut off by you!"

Chu Qing pouted and said, "In that case, am I disturbing you? Then I'll leave, you guys continue. When you've kissed enough, we'll go pick up Chu Meng's plane!"

Chu Xin was shocked and stood up. "Sister Meng is here? Why didn't you tell me?"

"I just wanted to tell you, didn't I? But after seeing all this, you two can kiss as much as you want when you go home. Here? Aren't you afraid of being seen?" Chu Qing complained in a gentle and angry tone.

Before Chu Xin could speak, Yu Tian interrupted her and asked, "Which sister is Chu Meng again?"

Chu Qing glared at him and cursed in her heart, "Now you know what to ask? I Won't tell you. I'm so worried that you'll kiss her instead of me!"

Chu Xin picked up her handbag and smiled. "Let's take Meng'er home first. Brother, don't go to the nightclub tonight. Meng'er is the most important. Let's go pick her up together!"

An hour later, at the airport exit.

Yu Tian put his hands in his pockets and leaned against the window, asking Chu Xin in a low voice.

"Sister Xin, what is Meng'er doing? Why are you in such a hurry?"

Chu Xin looked at the time, then she said in a low voice, "The Chu family can become the number one family in the world. Money, intelligence, and so on are all indispensable. Chu Meng is the head of the Chu family's intelligence collection. She is very powerful, even more powerful than Chu Yue!"

Yu Tian didn't think much of it. The 108 sisters of the Chu family each had their own specialties and personalities.

Chu Yue was the kind of person who was especially cold and elegant. When she returned to her own unit, she didn't even make a sound.

He hoped that today's Chu Meng would be more enthusiastic.

At this moment, there was a sudden commotion at the exit. A woman wearing sunglasses, neck-length short hair, and a strong and explosive figure was questioning a flight attendant loudly.

"Your service is simply trash among trash. Before I boarded the plane, I already told you that I wanted a special class cabin. Why did you change it to a normal class cabin for me?"

"Your service attitude is still so bad. You don't even have an explanation and you want me to give up? Absolutely not. Immediately call your person-in-charge to see me!"

The flight attendant and the flight attendant looked at each other. They both felt that there was something wrong with this woman. The flight attendant said impatiently, "Lady, I have already told you that we will refund you the difference in price for changing your seat. Also, we have also told you that we are sorry. Why are you still unforgiving?"

"Huh? I am unforgiving?"

The woman felt that it was especially funny and said, "Refund me the difference in price? Do I care about that little bit of money? Don't think that your airline has the final say in everything."

Immediately get your person-in-charge to come!"

The flight attendant mocked, "You're so rich, why don't you charter a plane? Why Don't you buy a private plane? To put it bluntly, isn't it because I don't want to refund you enough money and want to take this plane for nothing?"

"I've seen many people like you. I'm sorry. If you're not satisfied with our reply, you can go directly to our high-level department to complain. Now that you've gotten off the plane, you're not within our scope of service, I'm sorry, we're already off work!"

The woman shook her hair slightly and slowly took off her sunglasses, revealing a pair of extremely sexy eyes.

Even the flight attendant who was scolding her was stunned.

On Yu Tian's side, Chu Xin tugged at him and said in a low voice, "She's Chu Meng. Oh My God, her temper hasn't changed at all. She's still so stubborn!"

She's Chu Meng?

That figure!

Yu Tian sighed in his heart as he followed Chu Xin to the exit.

But Chu Xin and Chu Qing only smiled at each other, not saying a word.

At this moment, Chu Meng said coldly to the flight attendant, "Don't think that I don't know what you and that flight attendant did!"

?Chapter 154 – Chapter 154, Calm, Humorous And Shameless

Thank you readers!

Under the shocked gazes of the flight attendant and the flight attendants, Chu Meng shook her phone and said in a deep voice, "I don't mind showing everyone the video I took."

"Besides, the uncle in my special class cabin is the flight attendant's father. I don't despise him for being a farmer, but I hate him for taking advantage of others and showing off his smug face!"

The oval-faced air stewardess lowered her head shyly.

Chu Meng said in a cold voice, "You changed my seat on your own accord. You thought I would be annoyed by the process of filing a complaint and would just casually compensate me for the difference in price. You guys are dreaming."

"I do want to file a complaint, and I don't need to wait for the process at all!"

After saying that, she turned around and pulled Chu Qing and Chu Xin closer. She said smugly, "This is Chu Qing, and this is Chu Xin. One is the president of the Tianhai Group, and the other is the CEO."

Tianhai group owns 75% of the shares of this airline company. In other words, these two are the bosses of this airline company. Do you think I won't file a complaint?"

The face of the flight attendant became uglier and uglier with Chu words. In the end, he looked at Chu Meng ferociously. His eyes were filled with fire, and he actually wanted to make a move.

However, Chu Meng smiled indifferently. She turned around and pulled Yu Tian to her side. She held onto his arm and said, "This is my husband. I advise you not to be rash. He can beat you until you regret being a man for the rest of Your Life!"

Yu Tian really had to hand it to this woman. She was flawless and even more domineering than Chu Qing.

At this moment, all the executives of the airport had arrived. Chu Qing only said one sentence to them.

"From now on, all flight attendants on this flight are to be fired. All department managers on this side of the airline company are to be fired!"

As soon as the words left her mouth, everyone was shocked. The dozens of flight attendants immediately burst into tears and pushed the oval-faced flight attendant to the ground. The flight attendant seemed to have lost his soul as he sat down weakly on the ground.

With Chu Qing's words, he would never set foot on another plane in the future.

At this time, Chu Meng, who was still holding onto Yu Tian tightly, sneered, "Oh right, I forgot to tell everyone. My name is Chu Meng. I'm Chu Qing's sister and also one of the bosses of this airline company!"

Everyone was shocked and their mouths were agape in shock.

Yu Tian wanted to pull his arm back. It wasn't that he felt uncomfortable, but that he felt too comfortable and could react at any time.

After pulling a few times, Chu Meng refused to let go.

Yu Tian couldn't take it anymore and said helplessly, "Sister Meng, the situation might get out of control. Can We walk properly? I'm Not Your Bed, you can't lie on me, right?"

Chu Meng licked her red lips as if she had just tasted something delicious. She chuckled and said, "You'll become my bed. As for now, it's better if you lose control.

This means that you like me. If I don't lose control, I can immediately buy a plane ticket back to the imperial capital!"

Yu Tian finally understood Chu Meng's personality. She was calm, humorous, and shameless.

She was going to be your bed? It was as if he could really let her ride him.

After leaving the airport, Chu Qing immediately said to Chu Meng on high alert, "Come with me. His phantom is unstable and could turn over at any time!"

However, Chu Meng said excitedly, "Then I have to experience it even more. Hubby, I'll sit in

Your Phantom. Faster, faster, faster, that'll be more satisfying!"

Why was she still calling him hubby? Why didn't he change his words?

Yu Tian frowned helplessly and said, "Don't be so rude, who's your husband?"

Chu Meng looked at her body and said doubtfully, "The ones that should be big, they're all quite

Yu Tian was really convinced. This woman was really thick-skinned.

To make a long story short, after returning home, the servants had already prepared a sumptuous dinner.

Meanwhile, Chu Hong, who had been watching TV, didn't even greet Chu Meng when she saw her. Instead, she had a cold expression on her face, she stood up and said, "How annoying. Even the air stinks. I'm going back to my room. Brother, come to my room later. I have something to tell you!"

Yu Tian felt that Chu Hong and Chu Meng's expressions didn't look right.

What was the conflict between them?

Who cares about them? It was right not to get involved with them anyway.

This group of women from the world's largest family weren't to be trifled with, so it was better to stay away from them.

Chu Meng didn't seem to mind. She threw her backpack aside and rushed to the dining table. Perhaps she felt something was wrong with her skirt, so the woman lifted her knee-length skirt to her waist and sat down to eat.

Yu Tian looked at her.

“Damn, it's Hei Lei's. Is this woman really sick? Her leg is broken, and it's even bigger than a man's. Even though we're all on the same side, there's no need to be so bold, right?”

Everyone took their seats and poured red wine. Chu Meng said as she ate, “Hubby, do you know the identity of the people who are going to assassinate you tonight?”

Yu Tian shook his head and said indifferently, “What can I do if I know? I really don't know if the people who can kill me in this world exist or not.”

Although his words were domineering, Yu Tian still wanted to know what kind of people were those assassins who could commit suicide without hesitation?

Chu Meng picked up an elbow that was bigger than her head and took a big bite. She said as she ate, “That's why we objected to you provoking the Agras family at that time.

“These assassins are all from the Agras family. They listen to the orders of Agras Hansen, and this assassination won't be the last, because up until now, Hansen hasn't won a fight with you!”

Yu Tian smiled disdainfully, not taking Hansen seriously at all.

He drank a mouthful of wine and continued listening to Chu Meng.

Chu Meng picked up a piece of fish and stuffed it into her mouth, puffing up her cheeks, she whimpered, “Hansen is still at the seaside, and he has other plans. The key person is not only him, but also that Huo Nianyue. But this woman is nothing, she's easy to deal with!”

Yu Tian listened to her words as if everything was easy.

Then let's see how easy it is.

Chu Meng was full. She patted her bulging stomach and said in satisfaction, "I'm full. Hubby, I'm going to take a shower first. Come back later!"

Yu Tian said hurriedly, "I'm going to take a shit later. We'll talk about it when I'm Free!"

At the same time, in a villa by the sea, Hansen jumped off the bed with sweat all over his head. He lit a cigar and said coldly, "They're all useless good-for-nothings. They can't even kill a person!"

Huo nianyue, who was lying on the bed, said in a low voice, "Don't be anxious. Yu Tian is an expert. Can an ordinary person kill him? I have a candidate. If we make good use of him, he will definitely do well for us!"

Hansen suddenly turned around and said excitedly, "If you have such a candidate, why didn't you say so earlier? Why did you let those good-for-nothings embarrass me?"

Huo nianyue smiled and said, "You are always so impatient. How are you going to be the successor of your family in the future? You have to listen to me slowly!"

?Chapter 155 – Chapter 155, There Was A Mole

Thank you readers!

Huo Nianyue placed her foot on Hansen's leg and said unsteadily, "My informant told me that the regional CEO of lunst has been transferred to Yu Tian as a secretary by the Chu family.

"She had just gone to galaxy company, but she had already made crazy layoffs and caused a lot of complaints. She even sent Yu Tian's former secretary to the bathroom, and this secretary is someone we can use!"

Hansen narrowed his eyes and took a deep puff on his cigar. He said gloomily, "Is this informant of yours reliable?"

Huo nianyue smiled confidently. "Of course she's reliable, but who is she? I Can't tell you right now. We have to go to the Countryside Tomorrow!"

Hearing this, Hansen nodded slightly. Looking at Huo Nianyue's sweaty appearance, he licked his lips and threw the cigar away.

At midnight, in the Chu family's villa.

Yu Tian called brother long.

Brother Long was counting the money in the casino. Seeing that it was Yu Tian Calling, he hurriedly picked up and said with a smile, "Boss, it's so late. What can I do for You?"

"Help me find someone. It's a woman. Her name is Dong Siyu. She's the female disciple of old tan zi of the Hall of pride. If there's a connection, let me know immediately!" Yu Tian ordered.

"No problem, boss. I'll arrange it right now!"

After hanging up the phone, brother long immediately ordered his men, "The boss has come for a mission. Tell all the brothers to go down and find a woman named Dong Siyu. She's the disciple of Old Tan Zi of the Hall of pride.

I Don't care how you do it. You must find her for me!"

"Yes, Brother Long. We'll do it right away!"

After his subordinate left, brother long spat on his hand and continued counting the money.

The night was silent. When Yu Tian woke up in the morning, he found Chu Meng sleeping beside him.

He jumped out of bed in fright.

When did this woman come in? She didn't even notice.

Was he sleeping too hard, or was this Chu Meng too skilled?

Chu Meng, who had been woken up by the shock, saw Yu Tian's dumbfounded expression and pursed her lips into a smile. "What are you doing? Can I eat you up?"

"When did you come in? We didn't do anything, right?" Yu Tian said as he felt that his body didn't look strange.

"Last night, if you didn't come to my room, then I'll come to your room!"

Chu Meng lifted the cup and sat up naked.

Such a figure!

Yu Tian swallowed his saliva.

But now was not the time to think about this. Yu Tian scolded, "Can we not be so Frank with each other?"

Chu Meng looked at herself in confusion and said indifferently, "What are you afraid of? I'll Be Your Man in the future anyway. It's just that your vigilance is still too low. You didn't even notice when I took off my clothes and went to bed."

If this goes on, you'll be at a disadvantage in the future!

Yu Tian said disdainfully, "Thank you. You'd better put on your clothes and go back to your room. From today onwards, I'll bury a few landmines in the room!"

Chu Meng laughed out loud, but suddenly, she grabbed the blanket and slashed at Yu Tian.

Why did she still have to fight?

Yu Tian slightly raised his body to dodge the attack of the blanket, but he was almost kicked in the nose by Chu Meng's leg.

He didn't know whether to hit her or not.

In just two seconds, Chu Meng had already put on her clothes. She sat on the edge of the bed with her legs crossed and smiled at him.

Yu Tian chuckled and said, "The speed at which you put on your clothes is even faster than a ninja changing his clothes!"

Chu Meng suddenly stopped smiling and said seriously, "Remember, never trust any woman other than the Chu family. I came to Linhai this time, apart from helping you to dig up information, I also have a secret mission."

There's a mole beside you, but I don't know who that person is yet!

"Mole?" Yu Tian was a little surprised.

Chu meng nodded and said, "Don't think that those women who deliberately get close to you or take the initiative to get close to you are all good things. Think about it, if you were still a poor kid in the past, who would look up to you?"

What she said was not without reason.

But Yu Tian was thinking, who was this mole?

At this time, Chu Meng stood up and said, "Husband, you have to know how to protect yourself at all times. Even when you are sleeping, you have to keep one eye open. If I were an assassin, you would be dead by now!"

Yu Tian chuckled and said, "If you were an assassin, you wouldn't even have the chance to see me!"

As he spoke, Chu Hong knocked on the door and said loudly, "Brother, it's time to go to work. I'll wait for you downstairs. You still have to meet with the internet operator today. You have to look at the information beforehand!"

Yu Tian suddenly recalled the way Chu Hong looked at Chu Meng Last Night. She wanted to know what was the conflict between them?

Hence, he asked Chu Meng.

"Chu Hong seems to hate you. Did you snatch her man?"

Chu Meng sneered disdainfully and said, "She's a psychopath. You Don't have to pay attention to her. Hurry up and pack up. Go to work!"

The more she didn't say, the more curious Yu Tian became.

On the way to the company, Yu Tian asked Chu Hong the same question.

Chu Hong slammed the laptop shut and said angrily, "Don't believe this Chu Meng, she's a psychopath!"

Yu Tian's face was full of black lines, did she just quietly play with a psychopath?

Chu Hong added, "Chu Meng may very well destroy the entire Chu family. This time, the family has also put a lot of thought into it, sending me and her to your side to assist you, in order to make her restrain herself!"

At this point, Chu Hong looked out of the window and said slowly, "Chu Meng has received the world's best agent training base, professional training for her, a two-year fee of one billion dollars.

Even Chu Yue didn't have the privilege of being taught one-on-one by the best agents in the world.

Two years later, she also became the best agent. At that time, she was only 15 years old, and she started working for the family. Because of the need of her work, she often ventured into the dragon's Den and Tiger's Den alone, and she was almost ruined several times.

You know, the fate of the 108 sisters is to keep our virginity for you until some of us marry you. If someone loses their virginity before that, the ship you saw at that time will immediately appear.

At that time, the 108 sisters of the Chu family, including the higher-ups of the Chu family, the head of the family, and so on, will be wiped out instantly. We can't resist, and we can't resist either.

Therefore, many sisters, even the family, have given orders to her to change her job, even to give her the best regional CEO, but she doesn't want it. She just wants to be a special agent. Now You know why I hate her, right?

“In fact, many of the 108 sisters hate her. They're selfish and would even give up their family for themselves. Didn't she ever think that once she was defiled, everyone in the Chu family would die, and she would still be alive?”

After saying so much in one breath, Yu Tian finally understood.

It seemed that the Chu family wanted Chu Meng to come to their side so that they could live. If they let this little girl continue to gloat, the Chu family would be in danger.

The two had just arrived at the company when Zhuang Xin Gang, who was sweeping the floor, received a call from the hospital saying that his mother was in the hospital.

?Chapter 156 – Chapter 156: We Are Brothers

Thank you readers!

Zhuang Xin Gang threw down the mop and ran out of the company. He happened to see Yu Tian and Chu Hong in the hall.

He wanted to tell Yu Tian if he could get an advance on his salary.

However, when he saw Chu Hong's cold and disdainful expression, he swallowed the words that were on the tip of his tongue.

Yu Tian saw that he was flustered and asked, “Xin Gang, why are you in such a hurry?”

Zhuang xin gang scratched their necks and said helplessly, “CEO Yu, can I take a leave of absence? My mother is in the hospital, I have to go and take a look quickly!”

How could he not give her a leave of absence? Not only did he have to give her a leave of absence, Yu Tian thought that he had to go and take a look as well.

However, Chu Hong said coldly, "You're asking for a leave of absence from the president? You're giving a lot of face! If everyone is like you, then why do you need the human resources department? Why Don't you just let the president do it himself!"

Yu Tian was not willing to listen to her. Zhuang Xin Gang was brought to the company by him. They had agreed to be his secretary. Now that they were being cleaned, why couldn't they even speak to him?

He said coldly with a straight face, "Chu Hong, this is a little too much. Stop Talking!"

Chu Hong could argue with anyone but Yu Tian. She could only stand aside obediently and not speak.

Yu Tian then said to Zhuang Xin gang, "Let's go. I'll go with you to take a look!"

Zhuang Xin gang hurriedly waved his hand and said in fear, "No need, CEO Yu. There's really no need. I'll go alone. I'll go to the human resources department to apply for Leave Now!" "Why are you still applying for leave? Hurry up and Go!" Yu Tian instructed impatiently.

"Thank you, CEO Yu!" Zhuang Xin gang bowed to Yu Tian and ran out of the door.

Yu Tian thought for a moment and immediately opened the phone to transfer 500,000 yuan to Zhuang Xin gang. At the same time, he sent him a message.

"Xin gang, find the best doctor to treat aunt. If you don't have enough money, you can always take it from me. Remember, in the company, you are my employee. Outside of the company, you and I are brothers!"

When Zhuang Xin gang saw this message, a man stood by the street and cried.

When they arrived at the hospital and paid for the surgery fee, mother Zhuang was immediately pushed into the operating theater.

At this moment, a man in a sports suit, who was in his forties, came up to them. He smiled brightly and said, "You must be the mother's son. It was a close call today!"

"At that time, I happened to run past and saw that the mother had fainted on the ground. She did not even have a pulse. I quickly sent her to the hospital. I hope that I can help her save her

Zhuang Xin quickly thanked him and said sincerely, "Thank you, sir. You are my mother's Savior. I will never forget your great kindness!"

“It’s nothing. Why are you being so polite? I was the only one who saw it. Other people would also do the same!” The man laughed.

At this time, the Doctor walked out of the operating theater quickly and said nervously, “Your mother’s condition is very serious. Now, we can only do our best!”

Zhuang Xin gang felt as if they were struck by lightning. They grabbed the doctor’s hand and begged, “Doctor, no matter what, you have to save my mother. Please!”

The middle-aged man pulled him aside and comforted him, “Little brother, don’t be anxious. You have to trust the Doctor. They will definitely save the aunt!”

When the Doctor walked into the operating theater, the man looked around with shifty eyes and said in a low voice, “Actually, I’m also a doctor, but I’m a Chinese doctor. I checked the aunt’s pulse before. I don’t think it’s that serious!”

Zhuang Xin Gang, whose face was full of tears, hurriedly held the man’s hand and looked at him eagerly. “So you’re a doctor too, but why did they say that my mother’s illness is very serious?”

The man snorted in disdain. “I’m not sure about that, but I dare say that if I use my treatment, the aunt’s illness will be cured in a few days!”

Zhuang Xin gang believed him and rushed to the operating theater without caring about anything else. He banged on the door and shouted, “Open the door! Open the door! I’m not treating her here anymore. Open the door!”

At the same time, Yu Tian changed into a suit and went to the Nanwan Hotel to meet an internet operator.

When he walked into the private room and saw that person, Yu Tian could tell that he was just pretending.

The man who was sitting there smoking with his eyes narrowed was in his fifties. He had a fat head and big ears. His face was full of muscles. When he wore the black suit, it looked like he was wearing a quilt.

The hand holding the cigarette was also wearing a few jade and agate rings. He was already fat and didn’t even have a neck. This guy even wore a gold chain and deliberately put it on the outside of the suit.

When he saw Yu Tian, this guy raised his head slightly and said with dissatisfaction, “Isn’t the one who asked Me Out Chu Hong? Who Are You?”

Yu Tian said indifferently, “I’m Chu Hong’s boss. My name is Yu Tian. I’m Galaxy Technology.”

Before he could finish his sentence, that fellow waved his bejeweled, fat hand and said arrogantly, "I don't care who you are. The person I want to see is Chu Hong, not you. If Chu

Hong doesn't come, then we have nothing to talk about. Get Out!"

No matter how he looked at it, he felt that this fellow was asking for a beating.

However, considering that this person called Cai Cai was the only one who had the possibility of cooperating with him, Yu Tian thought about it and decided to tolerate him this time.

Hence, he smiled and said, "If you want to see Chu Hong, then you have to let me feel that you have the ability to cooperate with me. If you don't cooperate, then why do you need to see her?"

Cai Shouben smiled arrogantly. He was able to sit here today because he wanted to see Chu Hong.

Thinking about that little girl's delicate voice, his heart itched.

He did not expect that such a guy would still dare to Clamor for cooperation here?

Did he not know that all the technology companies had to look at the face of their online merchants?

If they made him unhappy, they would never be able to get a dedicated network.

Thinking of this, shouben snorted angrily, "I'll tell you the truth. If Chu Hong doesn't come and drink with me, let alone cooperate, I can make your galaxy technology shut down the internet at any time.

"If you beg me now and let Chu Hong Come and drink with me, maybe I'll have fun and cooperate with you on this project. Do you understand?" Then get lost quickly!"

Yu Tian's patience had been completely exhausted.

He picked up a bottle of red wine casually and used a little strength. The bottle cracked and was crushed, and the wine spilled all over the table.

Shouben was stunned, thinking that this guy's hand strength was really strong.

However, Yu Tian smiled indifferently and said, "The quality of the things now is really not good. Even the wine bottle can be crushed. I wonder if this table is strong?"

After hearing what he said, Shouben laughed coldly and said, "This is a marble table. Even if the road roller comes, it can't be crushed!"

As soon as he finished speaking, Yu Tian stabbed his finger into the table, directly creating holes.

After stabbing more than ten holes in succession, Yu Tian Cai laughed disdainfully and said, "Marble? Why is it softer than wood? Looks like it's also trash. If it's trash, then we have to throw it away. Don't you think I'm right?"

?Chapter 157 – Chapter 157, Making Use Of Weaknesses

Thank you readers!

Shouben was especially shocked, but he had seen too much.

Moreover, he was not stupid. He definitely did not believe that Yu Tian could poke a few holes in his body.

When he thought of this, Shouben laughed out loud. Then, with the expression of a dead pig that was not afraid of boiling water, he said coldly to Yu Tian, "Your Act is not bad, but it does not work with me.

I can manage a company with thousands of people and a few hundred million in assets. Do you think I will be scared by your little tricks? "Right now, I'm in a particularly bad mood. Even if Chu Hong comes, you won't be able to get this project.

"Unless you let Chu Hong sleep with me, or I can still consider it. Now, Scram!"

Yu Tian was very calm. Shouben had a rather stubborn temper. He refused to listen to the carrot and stick and wanted to eat Chu Hong.

It was useless to beat him up for such a person.

Wasn't he lecherous?

This was his weakness.

Just as Chu Meng said, everyone had a weakness. If you could grasp it, then the weakness was the best weapon.

Thinking of this, Yu Tian laughed and said, "Director Cai, please wait a moment. I promise to give you a good surprise!"

Just kept his promise and lit his cigar. He said proudly, "That's right. The key to the development of your company is in my hands. You have to make me happy so that your company can develop and make money."

I'm reminding you that in a technology company like yours, no one can say anything except for me. If I let you live, you live. If I let you die, You Die!"

Yu Tian did not listen to a single word he said.

If he was given this time to pretend, how would he pretend later?

Yu Tian sent a message to brother long.

"Get me a few valuable flowers and bring them to the South Bay Hotel. The grass in this garden wants to be the boss, so we have to arrange some flowers for him!"

Brother Long, who was following his subordinates to look for Dong Siyu, immediately understood. He hurriedly arranged for a few beauties of a certain class to personally bring them to the South Bay Hotel.

On the way, Brother Long instructed them.

"When we get to the hotel, we'll eat, play, and cut the flowers to leave a shadow. Do you all understand?"

The few ladies looked at each other and smiled. They were very familiar with this kind of work.

When they arrived at the hotel, Brother Long sent Yu Tian a message.

"Boss, they're all here!"

Yu Tian stood up and said to Shou Shou, "Director Cai, please wait a moment. The gifts have arrived!"

Shou shou snorted in disdain, "Then why aren't you bringing them in?"

Yu Tian left the box with a smile. It wasn't long before a few beauties entered one after another.

When Shouben saw the women, he forgot everything. He swallowed his saliva and licked his lips. As he touched the golden chain, he said impatiently and frivolously, "Oh, I was wondering why I felt so good today. It turns out that there are beauties here."

Quick, quick, quick, sit, sit. Aiyo, when I see a beauty, my heart is filled with joy. The waiter came in and saw what the beauties like to eat. Just bring it up for me!a€?

The few ladies'eyes were also fluttering. They drank and played with Cai Shouben. In less than ten minutes, they had stripped Cai Shouben naked.

This guy was immersed in it and was so happy that he did not even notice that a lady was filming a video.

Cai Shouben's actions were not only lewd, but he also said arrogantly, a€?I am an internet merchant. I am happy here with you, but there are thousands of people outside who are making money for me.

a€?I'm worth hundreds of thousands every minute. As long as you make me happy, your benefits will be endless!a€?

The short-haired woman next to him pretended to be shocked and said, a€?CEO Cai, you're too amazing. Oh right, I also use your company's network. Why is it always so slow?a€?

Cai Shouben was so proud that he forgot himself and laughed, a€?That's right. How can we make money without a card? Our private network also has to spend money on others every minute.

This thing is like buying vegetables. How can its weight be so accurate? Only by lacking a few taels can we make money!a€?

Only then did Shouben see that the wine on the table had already been drunk. he shouted loudly, a€?Waiter, give me some more wine. Why is your service so poor?a€?

He still had the face to talk about other people. Even the girls at the romantic scene scoffed at him.

At this moment, Yu Tian pushed open the door. When Shouben saw Yu Tian, he, who was about to find someone to show off, laughed out loud, he said with disdain, a€?Ladies, do you see this? This is the CEO of Galaxy Technology. What's your name again?

Forget it. Anyway, I won't remember even if you say it. I just want everyone to know that no matter who it is, they don't have the right to sit and talk in front of me. That CEO, don't just stand there like a fool, hurry up and pour wine for my female confidants.

If you want me to teach you this, how can you still be the president? It really makes me feel ridiculous!a€?

Yu Tian indeed smiled indifferently and casually took the phone that the lady handed over. He smiled helplessly and said, "What do you want me to say about you? Haven't you heard of the phrase 'you're too proud to forget yourself'?"

Today's scene was really lively. If everyone could take a look, wouldn't it be even more lively? Ladies, give me some advice. Which video platform is it on now? Is it spreading faster?

I Can't wait to let everyone see how domineering president Cai is at the table right now."

Shouben's heart suddenly jolted. He was half sober from the alcohol and the fierce look on his face became distorted.

The few girls talked to each other and gave Yu Tian a lot of ideas.

"President Yu, I can post it on a certain platform. I have more than 100,000 fans!"

"It can also be posted on a certain fish. The speed of transmission is even faster!"

"What you said is meaningless. How good would it be if it was directly handed over to the news media? President Cai is a famous online operator in Linhai. If everyone sees this, will we also become famous?"

Cai Shouben was so scared that his face turned pale. He could say anything else, but if today's scene were to be known by others, he wouldn't be able to continue being an internet company.

However, even though he was afraid, he didn't believe that Yu Tian would dare to post these videos on the Internet.

Therefore, he frowned and said coldly, "In fact, even though this has a little effect on me, it's not enough to make me feel afraid. But these girls, if their faces are also posted on the Internet, will they still have the face to see others in the future?"

Without Tian saying anything, the short-haired beauty laughed and said indifferently, "CEO Cai, you're thinking too much. We're not afraid of this at all, because that's what we do.

"On the other hand, you can even find some peripheral women to accompany you for a meal. If everyone finds out about this, I think you'll be the one who won't have the face to meet people. CEO Yu, feel free to post these videos on the Internet. We Don't care at all!"

Yu Tian smiled and said, "Isn't That Easy? Just Point your finger and it will be fine. CEO Cai, what do you think? .

Chapter 158 – Chapter 158, This Man Is You

Thank you readers!

Shouben's expression became more and more pained. What they said was not unreasonable. In terms of face, his loss was greater than theirs.

It was not just a little bit.

And the most detestable person was this Yu Tian. He did not expect that he would actually play such a trick. He had really underestimated him.

However, it wasn't like there was no turning back now. What Yu Tian wanted was just their network code. If they gave him this project, it would be profitable and there would be no loss for him.

When there was an opportunity in the future, it wouldn't be too late to discuss today's matter with him.

Shouben laughed out loud and said politely, "CEO Yu, you really know how to joke with me. Look at how scared I am. I'm the easiest person to talk to. If you respect me, I'll respect you.

"Don't You Want Our Network Code?" "I can provide you with this project, but I don't want to see this video anymore. Why don't we take a step back? I'll give you the network code, and you can delete the video. It'll be fair to all of us!"

Yu Tian said disdainfully, "You're the kind of person who doesn't care about face when given face. We had a good discussion before, and you were just pretending. Now you're scared, and you even obediently handed the project over to me.

"However, for the sake of making money, I can keep this video here. If you continue to pretend to be me in the future, this video will be posted on the internet at any time. Do you understand what I mean?"

How could he not understand what he meant?

Shouben did not expect Yu Tian to have such a trick up his sleeve.

Without a choice, Shouben could only nod and sign the contract on the spot.

Yu Tian was satisfied this time. He stood up and smiled, "I won't say thank you anymore. Just think about it, you still have to thank me!"

Cai Shouben was already extremely angry. Seeing Yu Tian acting like he did, he twirled the Agate Ring, at the same time, he asked disdainfully, "I'm giving you this project

as if I'm giving you money. It's fine if you don't say thank you to me, but why do I have to say thank you to you?

Did you just get the project? Do you think you have the capital to Pretend?a€?

Yu Tian flicked the contract with his finger and chuckled, a€?You know Chu Qing, right?a€? a€?Of course I do. Who in Linhai doesn't know Chu Qing?a€?Shouben said with a cold face.

a€?Chu Hong is Chu Qing's biological sister!a€?

Yu Tian threw this sentence at him coldly and left the room with a group of beautiful women, chatting and laughing.

Just as the door closed, Shouben fell to the ground, his lips trembling in fear.

Chu Hong was actually Chu Qing's biological sister, and he wanted to sleep with her.

a€?Oh my God, it seems that I can't stay in Linhai anymore!a€?

Yu Tian didn't care about that. He came to the entrance of the hotel and ordered Brother Long, who had been waiting there, a€?Give each girl 100,000 yuan!a€?

a€?Understood, Boss!a€?Brother Long hurriedly agreed.

The girls were jumping and shouting excitedly. They wished they could hug Yu Tian and kiss him.

However, Yu Tian did not even look at them. He entered the Phantom and left.

The girls looked at the disappearing black phantom and suddenly felt that there was a good saying.

A good dream is easy to wake up from.

At the same time, at the hospital, the doctors could not stop the Zhuang Xin gang's decision and still let them out of the hospital.

The Zhuang Xin gang carried their mother and followed the middle-aged man to a small clinic nearby.

The man turned around and put on his white coat. With a serious face, he said to the Zhuang Xin gang, a€?Let me introduce myself first. My name is Sun Jiaru and I am a Chinese medicine doctor. This clinic was opened by me,

Even though it's small, it's well-known. Now put your mother on the bed inside, and I'll start treating her immediately!a€?

Zhuang xinbang was not in the mood to savor these things. He hurriedly placed his mother gently on the bed, took out a towel, and gently wiped the sweat on his mother's forehead.

He turned to Sun Jiaru and pleaded, a€?I believe you, so I brought my mother here. No matter what, I have to treat my mother!a€?

Sun Jiaru nodded and said, a€?You don't have to be anxious. I understand your feelings. There are no patients who can't be cured here, but there is a prerequisite that I have to make clear to you first.

a€?Because I'm using the exclusive secret recipe passed down from my ancestors, and the medicine is also made from the best medicinal ingredients, so the cost is especially expensive.

This will depend on whether you can accept it or not!a€?

Previously, Yu Tian had given him 500,000 yuan, and now there were more than 400,000 yuan. Zhuang Xin gang felt that it was enough no matter what.

Therefore, he nodded and said, a€?Money is not a problem. I have money. Just tell me how much it will cost. I can give it to you right now!a€?

Sun Jiaru took the calculator and pressed it for a long time. Finally, he said, a€?It will probably cost 1.5 million yuan!a€?

a€?What? 1.5 million?a€?Zhuang Xin gang was not confident. They looked at Sun Jiaru with their eyes and faces exploding.

a€?Yes, this is the preferential price I gave you. Usually, I save people's lives. I don't even extend my hand for less than 2 million. I think we are fated. I also think you are a good young man. That's why I gave you this price.

a€?It doesn't matter if you can't afford it now. I can save your mother first. You can give it to me when you have money. After all, we are doctors!a€?

Zhuang Xin Gang believed him. Moreover, it was indeed expensive to treat his illness now. Thinking of this, he said gratefully, a€?Thank you so much. I'll give you 400,000 first. I'll give it to you when I have the rest!a€?

Sun Jiaru took the 400,000 from Zhuang Xin gang. He casually took out a pill the size of a glass ball, stuffed it into Zhuang's mother's mouth, and gave it to her with water.

After a few minutes, Zhuang's mother's eyes slowly opened.

This scene was simply too magical for Zhuang Xing.

Meanwhile, Sun Jiaru looked at the mother and son who were crying at each other, and a cold smile appeared on her face.

At this moment, Yu Tian, who had returned to the company, handed the contract to Chu Hong.

She smiled appreciatively and said, "I thought you wouldn't be able to get this contract, but it turned out to be so easy! Easy?"

Yu Tian snorted coldly.

If he hadn't used that guy's weakness, would Chu Hong still be standing here?"

He smiled and said, "You have to thank me. That guy specifically asked you to drink with him. If I hadn't used some tricks, that guy would still be pretending!"

Chu Hong laughed and said, "What is he thinking? He actually dared to ask me to drink with him? There is only one man in this world who can make me drink with him!"

As she spoke, she turned around and went to the bar counter. She poured two glasses of red wine and said gently, "This Man Is You!"

Just as the two of them were about to drink a glass of wine to celebrate, someone knocked on the door gently.

Chu Hong opened the door and saw that it was Yan Longwen.

Chu Hong was just like Chu Qing and was very wary of any woman beside Yu Tian who was not from the Chu family. She immediately asked coldly, "What are you doing?"

Chapter 159 – Chapter 159, That's Not My Life

Thank you readers!

Yan Longwen did not expect Chu Hong to be here, and she was filled with hostility towards her.

She hurriedly placed a stack of documents in front of Yu Tian and explained, "President Yu, Secretary Chu, this is the second batch of funding budget for the six-dimensional code. Take a look at it!"

Yu Tian did not even look at it. He picked up the pen and was about to approve it, but Chu Hong stopped him. "President Yu, wait a minute. Let Me See It First!"

As she spoke, Chu Hong took the document and leaned against the desk. She looked at it carefully with a cold face and asked, "Isn't the research and development of the six-dimensional code almost done? Why do you still need two billion dollars?"

Yan Longwen looked at Yu Tian awkwardly and explained in a low voice, "This amount of money is used to promote the technology. When we get the network code, we can start the process."

"This sum of money has been accurately calculated by the financial department. Every single cent is useful!"

Chu Hong nodded and agreed with Yan Longwen's explanation. However, she then said domineeringly, "This funding application doesn't seem to have any problems, but I don't think President Yu will approve it for you."

"I've seen your capital expenditure before. Out of the two billion that you invested earlier, at least 700 million was spent inexplicably. Is this how your R & D Department usually spends money?"

"Moreover, according to my budget, even if the six-dimensional code technology is successfully promoted, it's impossible to see any profit return in a short period of time. In fact, it's unlikely to be profitable for a long period of time."

"Therefore, my suggestion is to reduce the capital investment and wait for the market to fully mature before promoting it on a large scale. CEO Yu, what do you think?"

Yu Tian had a bitter smile on his face. He was indeed a little wasteful when it came to spending money.

He did not even look at the funding applications from the people below and directly approved them.

Chu Hong's suggestion was right. Even if it was not to spend his own money, he had to know what the money was for.

Moreover, Yan Longwen was not an outsider. She would not take Chu Hong's words to heart.

Seeing this, Yu Tian said indifferently, "Secretary Chu's proposal is still reasonable. How about this? Leave this funding application here for now. I will approve it to you after we have prepared the budget!"

Yan Longwen smiled awkwardly and nodded. "In that case, I will not disturb you!"

Yu Tian casually handed the network protocol to Yan Longwen and smiled. "I have already negotiated the network code. After you go back, immediately communicate with the R & D Department. We will promote it at any time!"

"Wow!" Yan Longwen looked at the protocol in surprise. She was extremely excited.

After waiting for so long, they finally got it. Now, the R & D Department only needed to put the network code into the technical program and then they could start promoting it.

Yan longwen said excitedly, "Okay, CEO Yu. I will arrange it immediately. Finally, I have something to do. I have been staying in the office all day. I almost forgot that I am an engineer!"

Yu Tian did not say much nonsense. After Yan Longwen left, Yu Tian asked, "Chu Hong, you said that there's 700 million yuan of funds that have gone missing. Is that true?"

Chu hong frowned and said, "Of course it's true. Don't forget what I do. The enterprises that I manage in Lunst are 100 big as yours. I know where I spend every cent.

But I don't know where I spend the 700 million on you."

Yu Tian did not doubt Yan Longwen. The investment in the R & D Department was indeed a little big, but the equipment and technology, as well as the usual welfare benefits, were all very good.

Sometimes, when it came to spending money, he might not remember it in detail.

When he had time, he would ask Yan Longwen first.

At this moment, brother long sent him a message. It was an address.

Yu Tian looked at it and immediately understood that this must be Dong Siyu's hiding place.

He immediately left the company and headed to this address.

Half an hour later, Yu Tian's figure appeared in a mid-range garden estate.

He looked down at the address. It was the high-rise in front of him.

Dong Siyu lived on the fifteenth floor of this high-rise.

When he rang the doorbell, the person who opened the door was a skinny man in his thirties.

He asked warily, "Who are you looking for?"

Yu Tian did not want to waste his breath and said straightforwardly, "Dong Siyu!"

"You are looking for the wrong door. There is no such person here!"

The man said coldly and was about to close the door.

Yu Tian blocked the door and said indifferently, "I'll ask you one last time. Is Dong Siyu Here?"

"I've already said that there's no such person here. Let Go of me, or I won't be polite to you!" The man said as he pulled on the door with all his strength.

Seeing that he was using so much strength, Yu Tian suddenly let go of the door. The anti-theft door slammed into the man's face with a bang.

The man fell straight to the ground after being hit by the door, and everything he saw was six shadows.

Yu Tian then pulled open the security door and directly walked past the man. When he entered the room, he saw Dong Siyu.

At this moment, Dong Siyu's face was full of anger. She said fiercely, "Didn't you say that you would never disturb me again? Why are you still here? What do you want to Do?"

Yu Tian indifferently smiled and said, "I want to ask you what you want to do. I've already made things clear to you before, and then you went to the altar to inform him. Do you know the consequences of your actions?"

Dong Siyu suddenly frowned and gnashed her teeth as she said, "I don't care about the consequences. What I want to do is Dong Siyu. I don't want to be Wen Jiazhen. That's not my

Hearing her words, Yu Tian felt helpless.

Regardless of whether it was Dong Siyu or Wen Jiazhen, what difference was there? No one could change their fate.

Moreover, this had nothing to do with him.

Since she wanted to be his enemy, there was no need to pity the fairer sex.

Yu Tian coldly snorted and said, "You need to be clear now. Your Life is in my hands. You can only live if I let you live. Now, tell me, where is Tan Xian Yuan Hiding?"

As he spoke, the man lying on the ground suddenly got up, picked up a vase, and rushed toward

Yu Tian.

With a crisp sound, the vase was smashed into pieces on Yu Tian's shoulder.

Yu Tian did not even blink.

This trash was really annoying and a waste of time.

When the man saw that the vase was not working, he turned around and went to pick up the table.

He casually took out a golden needle and directly stabbed it into the man's spine.

The man felt a sharp pain in his back. He lost control of his body and started to spin on the spot.

Yu Tian looked at him in disgust and then at the shocked Dong Siyu. He snorted and said, "Why don't I let you spin a few tens of thousands of times?"

Dong Siyu was afraid. The key was that she was no match for Yu Tian.

She stepped back step by step and said through gritted teeth, "Don't even think about it. I Won't betray my master!"

?Chapter 160 – Chapter 160, The Art Of Pain

Thank you readers!

Yu Tian was in a bit of a dilemma. He didn't have much hatred towards this Dong Siyu, so he really couldn't bring himself to mess with her.

At this moment, Chu Meng suddenly appeared.

Yu Tian was quite puzzled. What was this woman doing here?

Could it be that she had been following him all this time?

Otherwise, why was she dressed like a sunny girl?

She was wearing a fashionable backpack, a cap, two long legs under her shorts, and a pair of black sports shoes.

Before Yu Tian could say anything, Chu Hong revealed two dimples and smiled charmingly, "Hubby, why are you so soft-hearted? People treat you like a fool, and you're still hesitating whether to make a move or not?"

Your wife will teach you today what it means to be decisive in killing!"

Yu Tian frowned and said, "Why are you everywhere? Why are you joining in on the fun?"

Chu Meng didn't care about that at all and said arrogantly, "What do you mean by joining in on the fun? My husband is being abused by women outside, as his wife, can I watch? Stop talking and watch how my wife will abuse this girl!"

Dong Siyu saw the two flirting and her anger rose from the bottom of her heart. She shouted angrily, "You Want to abuse me? In your dreams!"

After saying that, Dong Siyu took out her machete and was ready to attack.

However, Chu Meng smiled coldly and took out a bundle of rope from her backpack. She pulled the rope over and swung it towards Dong Siyu with force.

However, just as Dong Siyu was about to cut the rope and show Chu Meng her power, Chu Meng kicked the sofa towards Dong Siyu.

The flustered Dong Siyu couldn't care less about the rope and quickly dodged. Chu Meng leaped over the sofa and kicked Dong Siyu in the face.

Dong Siyu staggered and fell to the ground. Chu Meng rode on her and the rope was tied tightly.

In no time at all, the struggling and cursing Dong Siyu was tied up firmly.

Chu Meng looked at Yu Tian proudly and chuckled, "Wife doesn't want to steal your show. The key is that you're always indecisive when it's time to make a move. Do you think your enemies are all men?"

"Sometimes, there are women among your enemies. If you can't make a decisive move, you'll be the one who gets hurt!"

What was all this nonsense?

Yu Tian said impatiently, "You mean, whether it's men, women, the old or the young, you can just pretend and do it? Then what the F \* Ck Am I? I'm not a god of War, am I?"

The man who was spinning in circles and foaming at the mouth shouted, "You, if you have the guts, fight me one-on-one!"

Who would be in the mood to deal with him?

At this moment, Chu Meng took out her makeup bag. After opening it, there were scissors, pliers, knives, and a red lace inner.

Chu Meng picked up the red inner and frowned. "No wonder I couldn't find it. It's here. Hubby, help your wife take it!"

After saying that, she raised her hand and threw the red inner to Yu Tian.

Yu Tian flashed and berated, "Why Are You So Wicked?"

Cut the crap. Yu Tian saw Chu Meng pick up a scalpel and then said coldly to Dong Siyu, whose eyes were filled with despair and anger, "Your parents are thieves. Back then, this pair was tortured by people from the underworld.

Your father's eyes, tongue, and ears were all cut off, and in the end, his heart was dug out. Your mother was even more miserable. She was tortured by more than ten people for seven days and seven nights, and in the end, she was beaten to death!

"In fact, they could have left alive because they wanted to take another look at you, which delayed the departure of the ship. But now, you don't even want your own name. You insist on thinking that you're a princess of a family, "Do you still have the face to live?"

Chu Meng said as she used the back of her knife to stroke Dong Siyu's face. Dong Siyu, however, was determined. She shouted angrily, "Nonsense, I'm Dong Siyu. If you have the guts, kill me.

Don't Dawdle with me!"

"You want to experience death? Then I will definitely satisfy you!"

With that, Chu Meng slashed the knife and accurately cut open the artery on Dong Siyu's arm. Fresh blood immediately gushed out.

Dong Siyu groaned in pain and her eyes and face exploded.

Yu Tian looked at her indifferently, not wanting to stop her at all.

That Dong Siyu deserved it. It wasn't that she didn't give her a chance, was it?

Chu Meng shook off the blood stains on the scalpel and smiled indifferently. "The best death art is to let you watch yourself die slowly. The process isn't long.

"In order to ease your pain, let me tell you something else. Your parents were hunted down by the jianghu because they stole a night pearl from the Dong family.

How could the old master of the Dong family be counted? Just let Tan Xianyuan call the jianghu experts to hunt down your parents, but your parents were very powerful thieves. How could they be besieged by jianghu experts just to take a look at you?

That was because Tan Xianyuan was your father's senior brother. They were both from the thief sect. That luminous pearl was stolen by Tan Xianyuan and your father.

"And in order to silence them, Tan Xianyuan intentionally arranged for your parents to visit you that day, so I don't need to say anything else!"

Not only was Dong Siyu shocked, even Yu Tian was shocked.

Where did this woman get these secrets from?

She said it like it was real, was it true?

Dong Siyu's face was filled with disgust, and her voice was hoarse as she said, "You're talking nonsense, I don't believe it, everything you said is fake!"

Chu Meng smiled and said, "Stop lying to yourself. Do you dare to say that you haven't seen the luminous pearl in Tan Xianyuan's hands?"

With just one sentence, Dong Siyu felt as if she had fallen into an ice cave, and her heart was chilled to the bottom.

She had indeed seen the luminous pearl before, and it wasn't the first time.

She didn't expect that the luminous pearl was something that her parents had exchanged their lives for.

And she even acknowledged the thief as her father.

Yu Tian was not in the mood to see her lamenting. He asked coldly, "Don't you want to say it now? Even if you die, do you have the face to see your parents?"

Dong Siyu stared at the ceiling with empty eyes and muttered, "He's at the old red wine tavern in the fence yard, and all the things I took are there too. You guys can go!"

Chu Meng turned to ask Yu Tian.

“Do you believe what she said?”

Yu Tian looked at Dong Siyu coldly and shook his head. “I don't think so. This woman doesn't cry until she sees the coffin. She even pretends to cry when she sees the coffin!”

Dong Siyu said dejectedly, “I Won't lie to you guys anymore. It's true this time. You guys can go. I want to go find my parents!”

Yu Tian snorted coldly. That sounded like a reasonable sentence.

He ordered Chu Meng, “Let Her Live!”

Chu Meng sighed helplessly. Yu Tian had always been kind and soft-hearted. This was not good for him.

But since he had spoken, he could not go against it. He could only untie the rope and call the doctor.

As for the man who had been spinning in circles, Yu Tian kicked him to the ground and pulled out the golden needle.

The man vomited and felt that the world in his mind was still spinning and he was dizzy.

An hour later, Yu Tian came alone to the fence yard, which was a famous entertainment area near the sea. .
