

I Have 108 Older Sisters #Chapter 161 - Read I Have 108 Older Sisters Chapter 161

?Chapter 161 – Chapter 161. It Was Especially Refreshing

Thank you readers!

The old red wine shop was under the bright lights of the fence yard, so it was very inconspicuous. It was located in a corner of an alley.

Yu Tian had also asked around for a long time before he saw the words a€?Old Hong'.

He pushed the door open and entered. The waiter smiled and shouted, a€?A guest has arrived. Please take a seat!a€?

Yu Tian picked up the table and sat down grandly. He said arrogantly, a€?Bring out the good wine and dishes. Also, tell the old pot to come over and drink with me!a€?

The waiter was stunned. He frowned and thought, who is this person?

He wants to ask the boss to drink with you?

What arrogance?

He laughed dryly and said, a€?That depends on whether our boss has the time. Please sit down first. I'll go and inform him!a€?

Yu Tian looked around. There were no customers in the tavern. Other than a few sleepy waiters and the cashier who was eating melon seeds and playing on the phone, there was no one else.

The dishes and wine were quickly placed on the table. Yu Tian only took a look and did not even touch his chopsticks.

This was a black shop. who knew if the dishes and wine were clean or not?

Moreover, those employees began to close the windows and board the doors. It was as if they were about to close the doors and beat up the dogs.

Yu Tian only smiled indifferently. Let's see how they can perform?

At this moment, Tan Xianyuan walked in from the back door with a smile on his face with the help of more than ten disciples. He even cupped his fists and said, a€?Mr. Yu, I really admire you for being able to find this place!a€?

After saying that, the old man pulled up his jacket and sat opposite Yu Tian.

The dozen or so disciples were lined up on the left and right, glaring at Yu Tian. Some of them were holding their daggers tightly.

Yu Tian turned a blind eye to them and said with a faint smile, 'It's not easy to find an old fox like you. Today, I have to make it clear that you used me to get you into trouble. You really played well.'

It's a pity that you couldn't hold on. You even killed your fellow disciples, and even raised your junior brother's daughter to be a female thief. Don't You Feel That You're Wicked?

Tan Xian yuan laughed and said, 'What you said is true. If you don't do it for yourself, the heavens will punish you. Do You Think You're a good thing? You became a rich man with your back to the Chu family.'

'Not everyone has your face. I just want to get rich. Why do you have to make it so complicated? Let's talk on the table. If you help me get the wealth of the Chu family in Linhai, I will pretend that I don't know you.'

'Otherwise, I will tell the public that we are in cahoots. At that time, I won't have any losses, and you will be hard to deal with!'

Yu Tian said disdainfully, 'I'm afraid you won't have the chance! What are you wasting your time with them for?'

Yu Tian threw down a sentence and directly flipped the table.

Seeing that Yu Tian was ready to make a move, Tan Xianyuan's legs suddenly became extremely agile and he retreated more than five meters away.

More than ten disciples rushed up together and surrounded Yu Tian.

Tan Xianyuan laughed wildly and said, 'This old man has been in the Jianghu for dozens of years, so how could I put you in My Eyes? I thought that you were still useful, so I didn't kill you. You Shameless Thing, die here today!'

Yu Tian didn't say much nonsense. He punched and kicked his disciples, causing them to scream and break their bones and tendons.

In a few blinks of an eye, all the disciples were crippled.

Tan Xianyuan didn't panic. He already knew that Yu Tian was an expert, so he was already prepared.

Yu Tian snorted coldly and said, "Now it's your turn, you old fart. Aren't you the leader of the Hall of Pride? Let me see how capable you are!"

As soon as he finished speaking, Yu Tian threw a punch.

Tan Xianyuan's face was filled with a cold smile as he raised his walking stick and struck out fiercely.

As Yu Tian dodged, Tan Xianyuan's eyes flashed and he immediately activated the mechanism of the walking stick. Dozens of needles that flashed with cold light shot out like bullets from a hot weapon.

Seeing that the cold light that blotted out the sky and covered the earth sprinkled down, Yu Tian calmly responded. He picked up a table and blocked in front of him.

The needles were so powerful that it made the table crackle.

Yu Tian saw an opportunity and smashed the table toward Tan Xian Yuan.

The old man was quite agile. He jumped onto the cashier counter and swung his cane. Dozens of cold needles shot out.

Yu Tian dodged nimbly, thinking that this old man's cane was quite good at pretending.

But I don't want to play this game with you.

Go To Hell.

Thinking of this, Yu Tian picked up two bottles of old wine, smashed the opening of the bottles, and suddenly sprinkled them on Tan Xianyuan.

This old man, Tan Xianyuan, who was pretending to be something, even spun around and jumped onto the table next to him.

Yu Tian saw an opportunity and went up to kick Tan Xianyuan right in the waist.

Tan Xianyuan, who was spinning to his heart's content, felt a pain on his waist, and he lost control of his body. He flew sideways, hit the door frame heavily, and fell to the ground again. The pain was so painful that his eyeballs almost popped out.

Giving him a chance to breathe?

Was that possible?

Yu Tian Strode forward and kicked away the crutch. He pulled Tan Xianyuan's hair and gave him a big slap. Tan Xianyuan was hit so hard that his nose and mouth were bleeding. He was in a trance.

After he was satisfied with the beating, Yu Tian shouted angrily, "Aren't you good at acting? Keep acting!"

At this moment, Yu Tian was very excited, but Tan Xianyuan still smiled and said, "If you have the guts to kill me, the people of the Hall of Pride will not let you go!"

"Kill You?" Yu Tian snorted and said, "I will make your life worse than death!"

As soon as he finished speaking, Yu Tian stabbed all ten golden needles into Tan Xianyuan's head.

His nervous system was immediately cut off, and the pain spread throughout his entire body in an instant.

Tan Xianyuan cried out in pain. This kind of feeling was really worse than death.

Even if Yu Tian withdrew the golden needles, the acupoints that were pierced would not recover, and the pain was still there.

Tan Xianyuan, who could not bear the pain, shouted with a ferocious face, "Kill me, kill me!"

Yu Tian said disdainfully, "It's not that easy to die. I've told you to live a life worse than death. Now, I want to give you another gift!"

After saying that, Yu Tian stabbed three needles into the back of Tan Xianyuan's head and broke his memory nerves.

All the memories in Tan Xianyuan's mind were erased.

The only thing he could think of now was pain, tearing pain.

Yu Tian took back the golden needles and said with a proud smile, "You still have to thank me for not taking your dog life. From now until your death, you will be in such pain. Enjoy it slowly!"

Tan Xianyuan, whose memory was erased, could not understand what Yu Tian said at all. He just covered his head and shouted desperately.

Yu Tian did not want to waste any more time here, so he turned around and left.

The phantom ghosts shuttled through the flashing neon lights.

Yu Tian's mood was particularly good. He had never felt so through.

At this moment, the phone rang. It was long nianxue calling.

“Damn it, can't you let me enjoy myself for a while!”

Yu Tian picked up the phone helplessly. Long nianxue said anxiously, “Brother Tian, where are you? Can you help me?” .

?Chapter 162 – Chapter 162, Priceless Treasure

Thank you readers!

Yu Tian said helplessly, “Slow down and don't bite your tongue!”

Long nianxue sobbed and said, “Brother Tian, Gong Jiahai doesn't want to work with my father anymore. He even wants my father to give him tens of millions in liquidated damages. Right now, he's leading his people to be unreasonable in my father's company!”

What does this have to do with him?

Yu Tian said indifferently, “I don't seem to be very familiar with you. You'd better ask someone else to help you!”

After saying that, Yu Tian directly hung up the phone.

Now he didn't want to have any more enemies. Chu Xin was right. One less enemy could lead to many more paths.

It was better not to pretend that they were competing.

At this moment, in Long Chenyang's company, Gong Jiahai was sitting on the sofa in long Chenyang's office with more than a dozen aggressive goons, talking about his request in a strange manner.

“I didn't come here today because I had to take the liquidated damages. I thought that you would be able to develop yourself by clinging onto the legs of a rich man, but he didn't care about you at all.

“I'm not saying that you don't have good taste. Back then, you chose to stand on Yu Tian's side. Didn't you think that trash would give you something? ” “And the Felix Supercar. What's the use of that thing?”

Behind the desk, Long Chenyang was smoking silently. His expression was like a withered leaf falling on a cloudy day, extremely dry.

Whether the company could climb over this hurdle this time would depend on whether long nianxue could invite Yu Tian over.

At this time, Gong Jiahai continued to sneer, "I really don't want to talk nonsense with you. I'll give you two choices. Either give me your company or give me long nianxue.

"No matter which one you choose?" "You have to take that Felix with you. I really don't look down on you. With that Felix in your hands, can you afford to open it?" "Have you ever seen a beggar with a golden bowl?"

Long Chenyang fiercely put out the cigarette butt and said indifferently, "You really know how to take advantage of others. That Felix is worth tens of millions, and my daughter is priceless in my eyes."

"You can't take either of these things. Don't you want my company?" "I'll give it to you!"

Gong Jiahai clicked his tongue and said with contempt, "Long, you've done so many years of business for nothing. Don't you know that things that have been used by others are not valuable? Why are you telling me about priceless treasures?"

"I don't know how many times that precious daughter of yours has been ground by Yu Tian. I'm recycling old goods, so why are you telling me about treasures?" "I really don't mean to look down on you. Besides me, who else would want such a piece of trash, Long Nianxue?"

Long Chenyang flew into a rage and shouted, "Shut up! You can say whatever you want about me. I will never allow you to talk about my daughter like that. Even if Yu Tian throws her away, it's not up to you to take advantage of her!"

As she spoke, Long nianxue pushed open the door and entered.

She had heard the conversation in the room clearly. Gong Jiahai was a beast with a human face and a beast's heart.

Her father had trusted him so much back then and cooperated with him. Now, he would turn on her just like that.

She gritted her silver teeth and said with a cold and angry face, "Gong Jiahai, I was born to be Yu Tian's man, and I Am Yu Tian's ghost even if I die. Don't even think about it!"

Gong Jiahai laughed wildly and said while shaking his head and legs, "Do you really think that Yu Tian treats you like a plate of vegetables? I really don't look down on you. Yu Tian has many women around him. Does he, a piece of trash, remember who you are?"

“It's better to be open-minded and follow me. I can at least give you something to eat and make me feel good. Maybe I can introduce you to a rich man or something so that you can have something good for the rest of your life!”

Long nianxue did not care to talk to such a person. She felt disgusted.

She held long Chenyang's arm and said aggrievedly, “Dad, let's go home. Ignore them!”

Long Chenyang's heart turned cold at the mention of this.

It seemed that Yu Tian couldn't come.

Everything was fate.

Long Chenyang sighed and said to gong jiahai weakly, “I'll give this company to you. Including my current projects, it's enough to pay for your breach of contract!”

After saying that, he pulled long nianxue and was about to leave, but he was stopped by a few thugs who were grinning hideously.

Gong jiahai said arrogantly, “I haven't said that you can leave yet. What's the rush? Don't you still want to wait for Yu Tian to come? Why? He doesn't care about you. If he doesn't come, I thought you guys would give him a lot of face!

“Then it won't be fun anymore. You make it seem like I'm afraid of Yu Tian. To be honest with you, I didn't put Yu Tian in my eyes when I came to Linhai this time. Now, even if he stands in front of me, he has to kneel down and beg for mercy.

“As for the two of you, father can get lost, but I have to stay. Today, I want to taste the sweetness of this vixen!”

With that, the thugs started to snatch long nianxue away.

How could long Chenyang do anything? He dragged his daughter behind him and started to fight with the thugs. He took a few punches to the face and fell to the ground in a daze. His nose and mouth were bleeding, and his eyes were green and his ears were ringing.

There were even two thugs who pushed long nianxue onto the table. They smiled shamelessly at

Gong Jiahai and said, “Boss, can you reward us later?”

Gong Jiahai shook his head and walked up to long nianxue while licking his lips and squinting his eyes. He even looked down at her skirt.

Long nianxue covered her legs and struggled desperately, crying for help. Long Chenyang gritted his teeth and tried to get up to save her, but he was kicked to the ground again.

Gong Jiahai touched his chin shamelessly and chuckled, "Black lace. I like it. Today, I'll taste Yu Tian's goods. Is it fragrant or smelly?"

Then, this guy was about to make a move.

At this moment, the door of the office was kicked open by Yu Tian.

Seeing Yu Tian's cold expression, Gong Jiahai was terrified instantly and his face turned pale.

Yu Tian looked at Long Nianxue on the table and Long Chenyang on the ground. Finally, his cold and arrogant gaze landed on Gong Jiahai's face. He said indifferently, "Why don't you ask your dog to let go of Long Nianxue? Are you tired of living?"

The thug didn't take Yu Tian seriously and started to attack without saying anything.

When he started to attack, the thug's bark was pretty good.

"Hehehe! Damn it!"

"Your father!"

However, a few seconds later, the screams changed.

"Oh my God! My arm!"

"My leg is broken!"

Yu Tian shook his head helplessly. He looked up at Gong Jiahai and said disdainfully, "Do we have to fight? Can't we talk?"

Gong Jiahai licked his lips again. Otherwise, the dry taste of his mouth would be too uncomfortable.

Then, he cupped his fists at Yu Tian and said, "It's just a small misunderstanding. Why make such a big scene?"

After saying that, he hurriedly called the animal that was pressing on Long Nianxue's hands and feet to let go.

Long Nianxue cried and helped Long Chenyang up first. Then, she said to Yu Tian with a grievance, "Didn't you not care? Didn't you not come?"

Yu Tian said indifferently, "If I didn't come, your clothes would have been stripped off by now. I feel like you don't want me to come. Then, I'd better go home!"

Chapter 163 – Chapter 163. No Big Misunderstanding

Thank you readers!

After saying that, Yu Tian turned around and was about to leave.

Long nianxue hurriedly pulled him back and cried, "Who wants you to leave? Do you want them to bully me?"

He was just teasing her. If he really didn't want to care, he wouldn't have come here.

At this moment, Yu Tian followed and asked Gong Jiahai.

"Brother, how big do you think this misunderstanding is? Is it more appropriate?"

Gong Jiahai was shocked, especially when he saw the whining thugs on the ground. Cold sweat trickled down his neck.

However, even though he was afraid, he still had to save face.

He didn't believe that Yu Tian would be so unreasonable.

Therefore, he straightened his back and said slowly, "Actually, this misunderstanding is really not big. As long as long Chenyang gives me the liquidated damages, everything will be fine?"

"You are also a person who runs a company. Don't you know the importance of a contract?"

Yu Tian didn't hear a single word he said.

He didn't understand what he meant at all.

Yu Tian waved his hand and said indifferently, "I'm not talking about your misunderstanding. I'm talking about my misunderstanding. You pressed my woman on the table. What do you think about this misunderstanding?"

Gong Jiahai finally understood that Yu Tian was not a reasonable person.

Since he couldn't talk about reason, he might as well talk about society.

This guy tugged at his collar and said with raised eyebrows, "This is actually a misunderstanding. I've known nianxue longer than you, and I didn't do anything to her. It's just a joke."

Since we didn't lose anything, why don't we just let this misunderstanding go? "I really don't have the intention to show off to you. We all walk the path of this society."

"It's really useless to talk so much about us. In the future, President Yu will also go to Ming City."

When that time comes, it won't be awkward for us to meet again!"

This guy was full of nonsense. Yu Tian said impatiently, "I'll definitely go to Ming City, but you might not be able to go back!"

Yu Tian really didn't want to listen to his nonsense anymore. He raised his arm and was about to make a move on him.

Gong Jiahai's eyebrows exploded. He hurriedly raised his hands to stop Yu Tian.

"President Yu, don't make a move. Don't make a move. We have something to talk about. How do you think this misunderstanding can be resolved? I will listen to you!"

Yu Tian withdrew his fist and chuckled. "So, we'd better be straightforward. Don't mention the liquidated damages anymore. And now, kneel down to long nianxue and kowtow to admit your mistake!"

There was no other choice. Gong Jiahai knew that he was no match for Yu Tian.

He knelt in front of long nianxue and kowtowed, "Nianxue, I'm not a human. I'm an animal."

Please tell President Yu to forgive me this time!"

Long nianxue looked at him coldly. No matter what he said, she hated him to the core.

She said hatefully, "I never want to see you again. Get Out of my father's company Now!"

Gong Jiahai didn't care about the thugs anymore. He ran out of the office.

When the thugs left with each other, Yu Tian turned around and was about to leave.

Long nianxue stood in front of him in a hurry. With tears streaming down her face, she said,

“Can you stay with me for a little longer? I'm still very scared!”

Yu Tian said disdainfully, “Just go out and buy some firecrackers to set off and calm down. Besides, just because I helped you doesn't mean that anything will happen between us. This is also the last time I'll help you. Don't call me again in the future!”

After bypassing Long Nianxue who was still in shock, Yu Tian left without looking back.

Long Nianxue started to cry very sadly. Even Long Chenyang didn't know what to do.

In the Chu family's villa, Yu Tian heard Chu Hong and Chu Meng arguing as soon as he entered the house. Moreover, the argument was especially fierce.

Chu Hong frowned and said hatefully, “Letting you come here is the biggest mistake of the family. What can you do here? You will only make everything worse!”

Chu Meng, who was sitting behind the dining table, was also unforgiving. She said fiercely, “It's better than not being able to do anything. All you know is to stay by my husband's side every day. I think you are the one who should leave!”

Chu Qing, Chu Xin, and Chu Rou sat helplessly on the side, unable to interrupt.

Yu Tian felt a headache coming on. They were just a few women, yet they were already arguing so intensely. If all 108 women came to his side in the future, it might be the end of the world.

Just as the two were arguing intensely, Yu Tian said loudly, “Keep quiet here. Don't make any more noise. Otherwise, I'll move out and none of you will be able to see me in the future!”

This trick was especially effective, so the two women shut up.

Yu Tian didn't have so much to say to them. He got up and walked to his room, and Chu Meng followed him to his room.

Once the door closed, Chu Meng began to take off her clothes.

This made Yu Tian especially awkward, and he helplessly stopped her, “Can we be like women?”

Take off your clothes as soon as you enter the door. Do you really think this is your room?”

Chu Meng slammed her coat on the bed and said disdainfully, “Why are you all so hypocritical? Don't you have any feelings for me at all? Stop lying to yourself!”

She really didn't have any feelings at the moment.

However, Yu Tian was afraid of hurting Chu Meng's self-esteem, so he reluctantly said, "Go back to your own room. Don't forget that there are a few women watching outside!"

"Who cares about them? Let them watch as much as they want. Besides, Chu Hong and I, you can only choose one to stay by your side. If you choose me, you can immediately activate the family token.

Ask the higher-ups of the Chu family to immediately transfer Chu Hong back to Lunst!"

Family token?

What was this thing?

Why had no one ever mentioned it before?

Yu Tian stroked his hair and asked in puzzlement, "Why is there such a thing as a family token?

What is it used for?"

Chu Meng said slowly, "That is the highest order of the Chu family. Only you can use it. As long as you activate the family token, the entire family will immediately carry out your order. No one can disobey it!"

There was actually such a valuable thing. Chu Qing had never mentioned it before.

However, such a huge order was a waste of resources just to get Chu Hong to leave.

Moreover, Chu Hong didn't do anything wrong. There was no reason for her to leave.

At this moment, Chu Meng inserted a USB drive into Yu Tian's computer.

Yu Tian was very puzzled. What was so mysterious?

Chu expression was very serious as she said in a low voice, "This is galaxy technology. The whole day's phone calls are recorded here. As long as everyone makes a call in the company, it will be recorded here.

The strange thing is, take a look at these few records!"

With that, Chu Hong clicked the mouse on an unfamiliar number.

?Chapter 164 – Chapter 164, It Couldn'T Be Her

Thank you readers!

Yu Tian looked at the number and found it very unfamiliar. The number he dialed was also very unfamiliar.

So he asked in a low voice, a€?I've never seen this number before. who called who?a€?

Chu Meng smiled faintly.

a€?You've seen this number now. It belongs to your enemy, Huo Nian Yue. and the person who called her is the mole beside you!a€?

As expected of an experienced agent, to be able to use such a method.

If it was her, they would know exactly how long it would take to Pee.

But it was useless.

Yu Tian smiled indifferently, a€?But I don't know who made the call, what use is it?a€?

Chu Meng typed on the keyboard, and soon, the location of the phone number appeared, it was in the R & D Department.

Yu Tian scratched his head with a frown, he said helplessly, a€?Actually, the last thing I want to hear is that there's a mole in the R & D Department. This department has the core technology of Galaxy Company. Once it's leaked, there'll be a lot of losses!a€?

Everyone knew the result very well.

But the most important thing now was to know exactly who the mole was?

If they didn't find out who the mole was, not to mention the core technology, the entire galaxy technology might become transparent.

Chu Meng turned off the computer and said seriously, a€?I especially suspect one person, the chief engineer of the R & D Department, Yan Longwen!a€?

Yu Tian shook his head firmly.

a€?It could be anyone but her!a€?

She was Professor Yan's daughter, what reason did she have to be the mole?

What was the benefit of doing so?

Chu Meng curled her lips and sneered, "Hubby, how many times do I have to tell you? You Can't judge a book by its cover. No matter how sincere this person is in front of you, you'll never know what he's thinking in his heart?

"Let alone Yan Longwen, you can't trust all 108 Sisters of the Chu family!"

Although what he said made sense, he still couldn't convince himself to believe that Yan Longwen was the mole.

He added, "If it's just based on the software's records, calling Huo Nian Yue from the R & D

Department and saying that it was Yan Longwen who did it, isn't that too unconvincing?"

There were more than 500 employees in the R & D Department, and any one of them could be a mole, such as Yan Longwen's secretary, Department Manager, supervisor, and so on.

"But why do you only think that Yan Longwen is the Mole?"

"I feel it!" Chu Meng stood up and went to the window. Looking at the bright moonlight in the sky, she muttered, "When I first met this woman, I could feel that there was something very deep in her eyes!"

Yu Tian chuckled and said, "As long as you women put on makeup, everyone's eyes will be deep. You Don't have to tell me how you feel. Take the software to the company tomorrow. If this mole calls again, tell me immediately!"

Chu Meng nodded and stretched. She chuckled and said, "Now is our time. Should we do something?"

He said indifferently, "Don't do anything, go back to your room and sleep!"

Yu Tian didn't care if Chu Meng agreed or not, and pushed her out of the room. At the same time, in the small clinic.

Mother Zhuang, who had been doing well, began to twitch again. Zhuang Xin hurriedly called Sun Jiaru over.

After taking her pulse, Sun Jiaru said solemnly, "It seems that we still have to add medicine to aunt. Otherwise, we won't be able to make it through tonight, but I don't have any medicine left!"

Zhuang Xin asked anxiously, "Where can I buy this medicine? Ill go buy it now!"

Sun Jiaru smiled bitterly.

"Don't say that you can't buy it. Even if you have these medicines, you can't afford it. The medicinal herbs I need are very, very expensive. Ordinary people can't afford it at all.

"How about this? Ill immediately call those medicinal herbs suppliers and get some medicinal herbs from them. But you still have to give me the money to buy the medicine.

"My Clinic is just a small clinic. There isn't that much running water. You have to understand

The Zhuang Xin gang only wanted their mother to continue living. They did not think too much and nodded in agreement.

However, he did not have a single cent in his pocket. How could he pay for the expensive medicine?

The Zhuang Xin gang naturally thought of Yu Tian. However, he picked up the phone a few times and put it down in the end.

Yu Tian had helped him so much, how could he still have the face to speak to him now?

No matter what he did, there should be a limit. If he were to speak to Yu Tian again, how would he be able to live in the future?

Very soon, those so-called life-saving medicinal herbs were all sent to the clinic.

Sun Jiaru brought Zhuang Xin gang to his side and pointed at those medicinal herbs, he said awkwardly, "Take a look. There are only so few medicinal herbs, but they cost more than two million. If you want them, Ill immediately go and make the pills, and your mother will be able to come back to life.

"If you think it's expensive, I will ask them to take all the medicinal herbs back. The decision is in your hands. You can see for yourself!"

Zhuang Xin gang said without hesitation, "Keep all of them. I will gather enough money. No matter what, you have to cure my mother's illness!"

Sun Jiaru nodded with appreciation and said with a smile, "I have seen filial people, but no one is as filial as you. I am really touched by you.

"How about this, Ill talk to the suppliers of the medicinal herbs first. When you've gathered enough money, you can give it to them!"

“Thank you, Doctor Sun. Thank you, Doctor Sun!”

After busying herself for a long time, mother Zhuang finally fell asleep quietly.

Sun Jiaru pulled Zhuang Xin gang outside and took out some food and drinks. The two of them started chatting.

Seeing Zhuang Xin Gang's calm expression, Sun Jiaru chuckled and said, “Is it because you can't gather enough money?”

Zhuang Xin gang nodded with a sense of inferiority.

Seeing that the opportunity was right in front of them, Sun Jiaru laughed and said, “Actually, there are many ways to earn money. I have one right now. Do you want to do it?”

Zhuang Xin gang suddenly raised their head and said anxiously, “As long as I can save my mother now, I can do anything!”

“It's actually very simple. Help me send some medicinal herbs to someone. After that, you can get a reward of ten million!” Sun Jiaru took a sip of wine as he watched Zhuang Xin gang's expression change.

10 million?

Although this reward was very tempting, it was also very frightening.

Zhuang Xin gang did not quite believe that they could get so much reward just by sending some medicinal herbs. This was true.

Hence, he asked softly, “Just sending some medicinal herbs? How could there be such a high reward? Although I'm very short of money now, I definitely won't do something that I can't do!”

?Chapter 165 – Chapter 165, The Heart Of A Child

Thank you readers!

Sun Jiaru laughed disdainfully, “What do you mean you can do it? What do you mean you can't do it? Aunt is about to die, who do you think will help you? Who will give you the money for these medicinal herbs?”

“This time, I can help you deal with those suppliers first. What can you do in the future?” “I can't help you forever. Moreover, your mother's illness can not be cured without millions of dollars.”

“You have to know that I'm pulling her out from the gates of Hell. As her son, you can't just watch!”

The more he said this, the more the Zhuang Xin gang felt inferior.

Thinking about it, they were really incompetent.

Their mother was sick and hospitalized. They couldn't do anything. They even needed help to buy medicine. What was the point of living?

He might as well take a gamble.

Thinking of this, Zhuang Xin gang gritted his teeth and asked with trembling facial muscles, “Okay, tell me what to do!”

Sun Jiaru clapped his hands and smiled, “That's right. Wealth comes from danger. You must understand this principle!”

As he spoke, Sun Jiaru took out a black pill the size of a glass ball and said gloomily, “Actually, what I want you to do is very simple. You find an opportunity to throw this pill into the cup of the President of Galaxy Technology.

After that, you can get a reward of ten million. How about it? Isn't this job especially easy?”

Zhuang Xin gang was so shocked that they almost fell off their chairs. Why did they put this pill in CEO Yu's blanket? If it was poison, then wouldn't CEO Yu be killed by them?

He definitely couldn't do such a wicked thing.

Therefore, he immediately shook his head and waved his hand. “No, no, no. If I did it, I would be completely devoid of conscience!”

Sun Jiaru knew that he would refuse. He smiled indifferently and said, “Actually, if you don't do it, someone will do it too. At that time, Yu Tian will still die, and you will get nothing.

“If you don't do it for yourself, the heavens will destroy the earth. Haven't you heard of this saying? Since you don't have the ability to stop or change anything, why don't you do it yourself? That's a reward of ten million yuan.

“Even if you don't think for yourself, you should think for your mother. Do you want to see her die in front of you?”

Zhuang Xin gang fell into endless silence. Sun Jiaru gave him time to think, so he didn't speak anymore.

This silence lasted for an entire hour. Only then did Zhuang Xin gang grit their teeth and said with cold eyes, "Okay, I'll do it!"

Under Sun Jiaru's smug smile, Zhuang Xin gang put the black pills into their pockets and got up to leave the clinic.

In the morning, Yu Tian came to the office.

As usual, he had to drink a cup of coffee first.

Just as Chu Hong finished making the coffee, Zhuang Xin gang appeared.

"President Yu, is President Yu around?" He asked hesitantly.

"President Yu is very busy right now. If you have anything to say, tell me!" Chu Hong looked at him suspiciously.

However, Zhuang Xin gang shook his head and said, "No, I have to say this to president Yu personally. Don't Stop Me!"

As he spoke, he snatched the cup of coffee. Ignoring Chu Hong's surprise, he pushed the door open and entered the office.

Yu Tian saw that it was him and smiled. "Didn't you ask for leave? How is Aunt's illness?"

Zhuang Xin held the pill tightly. After thinking about it for a while, he knelt in front of Yu Tian and cried on the spot.

Yu Tian hurriedly went to help him up and asked, "If you have anything to say, you can say it. Is it because you don't have enough money? I'll take it for you now. Why are you kneeling?"

The more it was like this, the more touched Zhuang Xin gang was. They wept and told him about how they knew Sun Jiaru. They even showed the poison to Yu Tian.

He then said, "I also want to get 10 million, but I can't do such a heartless act. CEO Yu, you owe me so much. How can I Drug You?"

Yu Tian was especially touched.

For him to treat him like this, it meant that he did not misjudge the person.

When a prodigal son returns from a precipice, there was nothing better than the innocent heart of Zhuang Xin gang at this moment.

Yu Tian smiled and said, "You stay here with this pill. When you go back, tell him that I ate it. Then, send aunt to another hospital. I will get someone to help you!"

Zhuang Xin gang immediately agreed.

When he returned to the clinic, he said to Sun Jiaru, "I put the pill into President Yu's Coffee. I saw him drink it with my own eyes!"

Sun Jiaru jumped up in excitement and said excitedly, "You really watched him drink it with your own eyes?"

Zhuang xinbang said expressionlessly, "If you don't believe me, you can go and take a look yourself. President Yu is already in the hospital now. I'm going to take my mother away now."

Give me the compensation you promised!"

"Of course!" As he spoke, Sun Jiaru gave a bank card to Zhuang xinbang.

He said excitedly, "Your payment is here. Take the money and immediately leave Linhai with your mother. This is good for you!"

Zhuang Xin gang sneered in their hearts.

"Let's see who can get this benefit. You just wait here for CEO Yu to deal with you!"

Soon, the news of Yu Tian being poisoned spread throughout galaxy technology.

A large number of reporters looked like they had seen a crack in an egg and all of them called out to galaxy technology.

All of them wanted to get the latest news.

At noon, Chu Hong held a press conference and gave a press release.

"Everyone, the CEO of Galaxy Technology is showing signs of poisoning because he accidentally ate an allergic food. He has been sent to the best hospital for emergency treatment. I believe he will be discharged soon!"

Just as the reporters were frantically asking questions, Chu Meng arrived at Yan Longwen's mother's house.

Yan Longwen's mother had gone abroad to travel, which created an opportunity for Chu Meng.

She quickly found Yan Longwen's birth certificate in a cabinet. After taking a closer look, Chu Meng's brows were furrowed like a knot.

Hospital, Intensive Care Unit.

Yu Tian, who was wearing an oxygen mask, closed his eyes tightly as if he was really poisoned.

The moment Chu Meng arrived, she first chased away those people who were not involved.

“Hubby, can we stop pretending? If we take too much oxygen, we'll start hallucinating!”

Yu Tian took off the oxygen mask and chuckled. “What did you discover this time?”

Chu Meng smiled smugly. “My guess is right. There's definitely something wrong with that Yan Longwen!”

Just as the two were talking, soft footsteps came from outside the door.

Yu Tian immediately put on his oxygen mask and continued to pretend to be in a vegetative state.

Chu Meng ducked into the balcony and pushed the door open. Sun Jiaru appeared with a bright smile on his face.

This guy looked at Yu Tian who was lying on the hospital bed and laughed smugly. “Isn't this Yu Tian? Why did you become a vegetative state? Aren't you very powerful?”

“We don't have any grudges, but I like money, and your life is very valuable, so I have to do this!”

?Chapter 166 – Chapter 166, Her Privacy

Thank you readers!

At this point, Sun Jiaru flicked Yu Tian's oxygen mask and said arrogantly, “Only I can cure you of my poison. These things can't Save You.

“But now, someone wants you to die, and I can get a lot of money. Why Not?”

“So, you have to die, or I won't get the money. So, I'll send you on your way!”

Sun Jiaru casually snapped the oxygen tube and said with a sinister smile, "You can't blame me. If you want to be a ghost and take revenge, go find Hansen and Huo Nian Yue. They want you to die!"

At this moment, Yu Tian suddenly opened his eyes and asked in puzzlement, "Huo Nian Yue and Hansen?"

Sun Jiaru, who had not yet reacted, nodded and said straightforwardly, "It's them. You have to go. I'll go to you."

Seeing Yu Tian looking at him coldly, Sun Jiaru was so scared that he almost pasted himself against the wall. He turned around and wanted to run away.

Since he was here, why did he still want to leave?

What the F * CK was he thinking?

Yu Tian pulled the oxygen tube and put it around Sun Jiaru's neck. He dragged the dying Sun Jiaru onto the bed like he was strangling a dog.

He even pressed the oxygen mask on Sun Jiaru's mouth and plunked it down forcefully like a plunger.

Sun Jiaru's tongue was ripped open, making him scream like a pig being butchered.

Yu Tian said coldly, "Go be a freaking vegetable too!"

As soon as he finished speaking, the golden needle in his hand pierced directly into the back of Sun Jiaru's head.

Sun Jiaru, who was still screaming in pain, went limp and fainted on the spot.

Chu Meng came up to him and praised, "This move of yours is really new. Teach me!"

"Teach my ass, hurry up and finish what you were saying. After that, I still have to get Huo Nian Yue and those two bastards, Hansen!" Yu Tian said as he changed his clothes.

"Then why don't you come back to the company with me? How about we put on an Act?" Chu Meng smiled evilly.

Put on an Act?

It wasn't impossible. As the saying went, real gold wasn't afraid of fire.

If the mole was really Yan Longwen, they could use her to find Huo Nian Yue.

The two returned to the company one after the other. They were shocked to see Yu Tian.

Were they all wondering if Yu Tian was human?

He was almost in a vegetative state from the poisoning. How could he be alive and kicking in just a few hours?

Yu Tian had deliberately let them see him. He wanted them to be shocked, and he even went straight to the R & D Department.

Chu Meng's computer had been locking onto that phone number the whole time. Only then did Yu Tian appear. As expected, that phone call was to Huo Nian Yue.

She immediately called Yu Tian and said in a low voice, "The thread has leaked out. You have to pull it!"

Yu Tian was outside Yan Longwen's office at that moment. He put on his Bluetooth headset and suddenly pushed open the door.

Yan Longwen was indeed on the phone. She was also shocked when she saw Yu Tian and hung up the phone.

Chu Meng, who was in the stairwell, immediately said, "The phone is cut off. The rest is up to

At that moment, Yan Longwen, who was in the office, asked in surprise, "President Yu, weren't you poisoned? How did you recover so quickly?"

Yu Tian said indifferently, "I usually eat poison as food. It won't kill me. Oh right, who are you calling?"

Yan Longwen looked at the phone in confusion and then explained inexplicably, "For my mother. She went abroad to travel. Why are you asking me this?"

Needless to say, Yu Tian threw Yan Longwen's birth certificate on the table and said in disappointment, "You are not Professor Yan's biological daughter because your mother is sick and can't have children at all!"

Yu Tian kept staring at Yan Longwen's eyes, thinking that he could see her shocked and terrified eyes.

However, Yan Longwen said even more inexplicably, "I know that. My parents told me when I was very young. They adopted me when I was three years old. Why are you

so surprised? "I... That" Yu Tian felt that the situation was very awkward and didn't know what to say. Chu Meng still laughed evilly on the phone. "Well, you can only depend on yourself"

Depend on your father, my foot.

If you didn't tell me that Yan Longwen had a problem, would I be able to use this to question

However, Yu Tian thought about it and realized that there was still a problem with the phone.

Thus, he coughed to ease his awkward mood and asked, "Let me see your phone!"

Yan Longwen rejected him directly.

"No, that's my privacy. You have no right to see it!"

Yu Tian's face darkened and he said coldly, "Either show me your phone, or I'll snatch it myself!"

Who knew that Yan Longwen would grab the phone and throw it. Yu Tian was quick-witted and snatched it away.

Yan Longwen was so anxious that her face was red and her neck was thick. She stomped her feet non-stop.

Yu Tian did not care about that at all. He turned on the phone and actually had to enter the hand signal password.

He raised his head and looked at Yan Longwen coldly. He ordered, "Hand signal password!"

"I don't know!" Yan Longwen pouted and sat at the side angrily. She did not even look at Yu Tian.

However, Yu Tian said disdainfully, "You don't know? I'll call du Tianci over right now!"

Yan Longwen was so angry that she was about to cry. She reached out and swiped the phone away.

Yu Tian looked down and was a little dumbfounded on the spot.

Yan Longwen's phone desktop was actually his photo.

Even if she had a crush on him, there was no need to be so fanatical, right?

He casually opened the call log. Indeed, there was no Huo Nian Yue's number.

Yu Tian thought for a moment and opened the photo album.

“Damn, why are there all my photos? When did you take all these?”

Yan Longwen snatched the phone away. Her eyes were red from the grievance and she did not say a word.

On the other hand, Chu Meng laughed out loud on the other end of the phone.
“Hubby, take a closer look. Are there any photos of you peeing or taking a dump?”

Yu Tian was so embarrassed that he could not take it anymore. He turned around and left the office and went to the washroom.

After making sure that there was no one in the washroom, he complained to Chu Meng,
“I told you, it can't be Yan Longwen, right? Now that I've seen her privacy, how can we meet in the future?”

Chu Meng said disdainfully, “Her privacy is yours. Don't be so Shameless!”

Yu Tian shook his head helplessly and said in a low voice, “Since it's not Yan Longwen, then the mole who made the call is still in the R & D Department, Right?”

“It's on the floor of the R & D Department. We have no way of knowing the exact location!” Chu Meng said.

Yu Tian chuckled.

“Isn't That Easy? I'll call that number later and see where it rings!”

“Good Idea. You'd better call security and control all the exits. No one is allowed to leave!”

Yu Tian immediately went to the door and asked security to guard the door. He then took out another phone and dialed that number.

However, when he listened carefully, there was no phone ringing in the R & D Department at all.

Yu Tian was so angry that he snorted coldly and said, “It's F * CKING vibrating!”

?Chapter 167 – Chapter 167-Knowing A Person'S Face But Not His Heart

Thank you readers!

Yu Tian treated it as an inspection job. He strolled around while making that call continuously.

However, at this moment, the phone was switched off.

It would be a waste of time if he continued to make the call, but Yu Tian was very happy. Switching off the phone meant that the mole was around.

He raised his head and saw the camera. He immediately called du Tianci.

Soon, Du Tianci sent a video to Yu Tian.

A few minutes ago, everyone in the office was busy. Only one person had turned off his phone.

When Yu Tian saw this person, even though he was calm, he started to get angry.

He turned around and walked to Zeng Xuechen's office. He did not even knock on the door and pushed it open.

Zeng Xuechen was especially nervous and wary of Yu Tian's sudden arrival. Yu Tian saw that he was sweating profusely and his face was gloomy. He was extremely disappointed.

Anyone could be a mole. Why was it him?

He had sacrificed so many good brothers for his family. Was he just putting on an Act?

Zeng Xuechen quickly regained his composure. Yu Tian must have other orders for him to suddenly come here. There was no need to be so nervous.

Therefore, he asked very calmly, "CEO Yu, do you have any orders?"

Yu Tian's heart was like a volcano that was about to erupt. If he had not forcefully suppressed it, it would have erupted long ago.

For the sake of the overall situation, he could not expose his identity yet.

Thinking of this, Yu Tian smiled indifferently and said, "It's nothing. I came to take a look. Is your family all right?"

Zeng Xuechen wiped the sweat off his chin and said with a smile, "Very good. They are all very grateful to President Yu. They even said that they would treat you to a meal."

Moreover, they are very satisfied with the accommodation, food, and food. These are all gifts given to us by President Yu!a€?

The more he said, the angrier Yu Tian became. He clenched his fists repeatedly.

However, in the end, he still nodded with a smile and said, a€?In that case, you can go back to work. I'll go back First!a€?

a€?Okay, CEO Yu. Take care. If there's anything you need, I'll be at your service!a€?

Zeng Xuechen personally sent Yu Tian out of the office.

After closing the door, he let out a sigh of relief.

Yu Tian's sudden arrival must mean that he had discovered something.

[It was no longer safe for him to remain in the company.

He might as well leave this place now and leave quickly with his family.

After making up his mind, he immediately started to pack his things, including the phone.

After rebooting the phone, he immediately called Huo Nianyue.

After the call was connected, he immediately said in a low voice, a€?I can't stay at Galaxy Tech anymore. Yu Tian seems to have discovered something. I'm taking my family back to Super Nation now. Give me the reward you promised me immediately!a€?

On the other side of the phone, Huo nianyue sneered and said, a€?What are you afraid of? We have done everything meticulously. How could Yu Tian find out? Do you really think he is a god?

a€?If you continue to stay at Galaxy Tech, the benefits will naturally be yours!a€?

Zeng Xuechen's face was ferocious as he growled, a€?I have already given you my module technology. Besides me, don't you still have people here? I Can't give up my life for you.

a€?Give me my reward right now. I want to leave this place before Yu Tian finds out!a€?

Huo Nianyue did not mind. She chuckled and said, a€?Don't tell me you don't know that you're the only one who has the chance to get close to the core technology? Moreover, up until now, you've only provided me with your module technology.

“As for their six-dimensional code technology, you haven't given me a single line of code. Yet, you're afraid of Yu Tian. Aren't You Afraid of Me? Aren't you afraid of the Agras Family?”

“I'm using you because I think highly of you. Yu Tian upgraded the six-dimensional code technology. Your module isn't of much use, and it's not worth much to me either. Unless you can get the core technology, you'll only be paid!”

Zeng Xuezheng finally understood that Huo Nian Yue wanted to abandon him now.

It wouldn't be that easy.

He gnashed his teeth and said, “If you go back on your words and don't pay me, then don't blame me for telling all of this to Yu Tian. Even if I leave Galaxy Company, you won't get any benefits!”

Huo Nian Yue laughed and said arrogantly, “Then you can do whatever you want. Do you really think I'm afraid of that Yu Tian? I'll tell you the truth. Yu Tian's life is in my hands.

I want him to die when I want him to die, and so do you. If you don't do as I say, I want you to die immediately!”

The call ended, and Zeng Xuechen smashed the phone into pieces as if he had gone mad.

He knew that Huo Nian Yue was shameless, but he didn't expect her to be so shameless.

It was better not to think about those rewards now. The most important thing was to leave alive.

Thinking of this, he immediately called his wife.

“You guys pack your things now. We'll take the nearest flight back to Super Nation!”

After giving his orders, he picked up his things and left the company stealthily.

However, when he pushed open the door, the people he saw were Yu Tian and more than ten valiant men.

His family was hiding in a corner, trembling with fear.

Zeng Xuezheng exploded on the spot. He fell to his knees at Yu Tian's feet with a plop, his voice dripping with tears.

“Yu, it's my fault. It has nothing to do with my family. Please don't make things difficult for them, okay?”

Yu Tian spread his hands and looked around. He said indifferently, “I gave you all the Peace of mind to live here, but you're a traitor. What do you want me to do?”

As soon as he said that, fifth brother rushed up and punched Zeng Xuezheng in the face, scaring his family into screaming.

Zeng Xuezheng's nose and mouth were bleeding. He cried and begged, “President Yu, I was just muddle-headed. I was used by them. I didn't want to be like this!”

Yu Tian did not want to hear these words at all.

He said impatiently, “Fifth brother, don't scare those kids. get him to the rooftop!”

A few minutes later, Zeng Xuezheng knelt on the rooftop again.

Yu Tian looked at the prosperity of the city, but he felt extremely guilty for those brothers who had died.

Chu Meng was right. Knowing a person's face but not his heart was a complete lesson.

He looked at Zeng Xuechen coldly and asked angrily, “I have to be satisfied with your words because I don't believe you at all. Tell me, how did you hook up with Huo Nian Yue?”

Zeng Xuechen saw that he had no other choice. He could only say painfully, “I went to work that day and suddenly found a phone on my desk.

Then Huo Nian Yue called me. She said that my module was useless now that you were developing the six-dimensional code technology. Moreover, the company was desperately laying off employees. It was time for me to think about the future.

I thought about my family, and I wanted to give them a good life, so I gave my module technology to her. Huo Nian Yue also promised to pay me 10 million yuan to get other core technologies, but I never did that!”

?Chapter 168 – Chapter 168 And Spies

Thank you readers!

Yu Tian shook his head in disgust.

He did not think that Zeng Xuezheng did not hand over the company's core secrets to Huo Nian Yue because he still had a shred of conscience in his heart.

It was because Yan Longwen had protected the core secrets very well.

Other than himself and Yan Longwen, no one else could get close to these secrets.

Otherwise, Zeng Xuechen would have given these core secrets to Huo Nian Yue a long time ago.

Thinking of this, Yu Tian asked coldly, "Now, tell me, was it also fake when Hansen kidnapped your family?"

Zeng Xuechen was silent for a moment, then he slowly raised his head and said, "It was fake. The research and development funds in Super Nation were provided to me by the Agras family. At that time, Hansen made this request to me.

"I couldn't refuse at all. I could only cooperate with them. Even if you didn't ask people to save my family, they wouldn't be in any danger. But you asked people to save them.

"And when your people saved my family, several more died. In fact, this responsibility isn't on me at all. If you had been calm at that time, so many people wouldn't have died!"

Yu Tian snorted coldly. Could it be that he was being kind-hearted?

But he was wrong.

Then it would be a little sullen for him to be a good person.

It was useless to say these things now. Time could not be reversed.

Zeng Xuechen continued, "President Yu, Huo Nian Yue and I are just a transaction. I did not harm the company's interests. Even if I sold it to him, it was my own technology.

"But President Yu, Huo Nian Yue still has people in the company, but I don't know who this person is. I have told you everything I know. President Yu, please let my family go!"

Yu Tian did not show any resentment because it was not worth it to be with such a person.

He stood upright with his hands behind his back and said domineeringly, "I will not make things difficult for your family, and I will not make things difficult for you. If you want to blame someone, you can only blame me for being blind and believing you.

“Take your family and leave. Never come back, and never let me see you again. My people will take you away. If you inform Huo Nian Yue, you and your family.., Will never leave again!”

Zeng Xuechen kowtowed and said, “Thank you, President Yu! Thank you, President Yu!”

Yu Tian just snorted and left.

Fifth Brother picked up Zeng Xuechen and said angrily, “If it weren't for my boss, I would have turned you into meat paste and fed you to the dogs. Now get out of here with your family!”

The men dragged Zeng Xuechen out of the rooftop like dead dogs.

After this, Yu Tian's heart became more mature.

He suddenly understood that there were some things on the level that he could just look at, but in reality, he had to slowly savor them himself.

It seemed that he still had a lot of things to learn.

At this time, Chu Meng called and chuckled. “You absolutely can't think where I am now?”

Yu Tian said disdainfully, “Do you even need to guess? You must be at Huo Nian Yue's door, and you saw that woman too, right?”

Chu Meng snorted and said, “Aiyo, can't you praise her a little? I didn't even eat because of you, and it wasn't easy for me to find that woman, but now you've guessed it. HOW BORING!”

Yu Tian laughed and said, “Wait for me there. I'll make sure you see something interesting later!”

An hour later, Yu Tian met up with Chu Meng in the suburbs.

Chu Meng was just standing in front of the castle-like building. She said proudly, “I traced their phone number to this place. Huo Nian Yue was dancing in the square here just now.

That light dance was as if she was going to fly away. If you hadn't come, I would have beaten her to death on the spot!”

Yu Tian also laughed and said, “She won't be able to dance anymore in the future. Come, let's go in and have a look!”

At this time, there was no need to worry about anything else. They directly broke into the room.

Huo nianyue, who was putting on makeup in the room, heard the sound and hurriedly ran out to take a look.

However, she just happened to meet Yu Tian's cold and arrogant gaze.

She was so scared that she sucked in a breath of cold air. She turned around and ran back into the room. She locked the door and hurriedly took out her phone to call Hansen.

At that moment, the door was kicked open by Yu Tian.

At that moment, the furious Yu Tian was like a wild beast that had just come out of its cage. He snatched her phone away.

Huo Nianyue's hair stood on end. She stepped back and asked in horror, "What are you guys doing? Don't come over!"

Yu Tian didn't want to touch a single finger of his because he was afraid of dirtying his own hands.

But this task could be left to Chu Meng behind him.

She was rubbing her hands together and couldn't wait to make her move.

After receiving Yu Tian's order, Chu Meng rushed up and grabbed Huo Nianyue's hair. She tripped and fell heavily to the ground.

Huo nianyue cried out in pain like a pig being slaughtered.

Chu Meng took out a rope from her backpack and tied her up firmly.

She clapped her hands and smiled at Yu Tian. "Hubby, I taught you a method to deal with women before. Now, I'll teach you another one. This is my specialty, and I'm the only one in the world who knows it!"

Seeing her excited expression, Yu Tian grinned.

This time, Huo Nianyue would suffer.

Chu methods, needless to say? It was simply a life worse than death.

She took out a small black box the size of a palm, and after opening it, there was a whole row of silver needles inside.

Yu Tian asked in puzzlement, "Are you going to give her acupuncture?"

Chu Meng smiled mysteriously, "Yes, I am going to give her acupuncture, but my acupuncture is not to make her feel good, it's to make her feel worse than death. Do you know what the most painful parts of a woman's body are?"

"They are the fingers, toes, and the other two more sensitive parts. I don't have to tell you, but you should know that. Now, let me show you how much pain this woman will feel when the needles are inserted into these parts?"

"You should also learn a little. You can use this move when you deal with women in the future!"

Yu Tian smiled disdainfully.

He would never use it. Wouldn't it be more satisfying to just kill her? Why torture her?

Of course, Huo Nianyue was an exception because this woman was so evil that sores appeared on her head and pus flowed from her feet. It was his own fault for not torturing her.

As she spoke, Chu Meng had already inserted dozens of silver needles into Huo Nianyue's body.

Huo Nianyue was in so much pain that her expression was like a burning evil spirit in flames. Her screams were deafening.

Even Yu Tian couldn't bear to look at her anymore. He asked helplessly, "Can it hurt any more? I think you can still insert a few more needles!"

?Chapter 169 – Chapter 169 Saw Hope

Thank you readers!

Huo nianyue, who was living a life worse than death, pleaded at the top of her lungs, "Please don't torture me anymore. I can tell you anything you want to know!"

Yu Tian didn't care about her pleas at all. He asked indifferently, "How many more spies have you placed around me?"

"There's only one. She's Yan Longwen's assistant" "you can't prick her there, you can't" "Ah!"

Chu Meng continued to inject more needles. She had to continue inflicting pain on her. If she was slightly relieved, she would immediately resort to tricks.

She had seen many people like her.

Yu Tian followed up and asked, "Where's Hansen?"

Huo nianyue shook her head desperately and said incoherently, "He's back in lunst. The Agras family is going to take over. He's going to help his uncle Quinn. Stop the Needles, Please Stop!"

At this point, Yu Tian took out the golden needle and said to Chu Meng, "Didn't you want to learn my acupuncture skills? I'll Teach You Now!"

Huo Nianyue broke down on the spot when she saw this.

The silver needle was so thin and so painful, yet yu Tian still took out such a thick golden needle.

was he trying to kill her?

Chu Meng watched without blinking. Yu Tian inserted the golden needle into the back of Huo Nianyue's head and turned her into a vegetable.

Yu Tian felt that there was no need to kill her, after all, she was just being used.

Turning her into a vegetable was the best punishment.

Chu Meng asked curiously, "Do I have to stick it here? VWhat if it's a little off?"

"She's dead!"

Yu Tian replied in a low voice, putting away the golden needle and saying, "I'm going back to the company to get that secretary, don't follow me. Whatever you like, just go and Play!"

Chu Meng chuckled. "I like being the Queen!"

Yu Tian couldn't be bothered to talk nonsense with her. He could be whatever he wanted to be. Anyway, it was impossible for him to whip her.

After returning to the company, Yu Tian walked into Yan Longwen's office in the R & D Department again.

Coincidentally, her assistant was also there. When she saw Yu Tian enter the office, she got up and was about to leave.

Yu Tian looked at the assistant. If Huo Nianyue hadn't said it, he wouldn't have believed that this quiet woman was a mole.

This also confirmed that statement once again.

One could not tell a person's heart from their face.

He then calmly stopped the assistant, "You are President Yan's assistant, right? Don't be in a hurry to leave. I have a few questions to ask you!"

The assistant was obviously a little flustered. Yan Longwen also asked in puzzlement, "What do you want to ask her?"

Yu Tian said impatiently, "Longwen, I think you are really stupid. Do you know that your assistant is a mole in the company? Her boss is not you or me, but Huo Nian Yue!"

"Ah?" Yan Longwen looked at her assistant in shock.

The assistant also took a few steps back in shock. Her quiet face instantly became extremely terrified.

Yu Tian looked at her coldly and said disdainfully, "I hate people like you who take advantage of others' trust and betray others. How do you think I should deal with you?"

The assistant covered her face and cried. There was no need to explain anymore. Yu Tian knew her identity. Huo Nian Yue's side had probably collapsed. What else was there to say?

Yan Longwen, who was extremely shocked, shook her head and sighed in disappointment. "Yu, you're right. I do believe in her. But now, I'm begging you to give her a chance. Don't make things difficult for her. Just let her leave!"

Yu Tian did not want to make things difficult for her at all. In the end, he was just being used by Huo Nian Yue.

He took a long breath and said calmly, "This time, I'll give you face. Tell her to get lost immediately!"

The assistant quickly cried and said gratefully, "Thank you, President Yu, thank you, President

Yan Longwen said helplessly, "You should leave quickly. If he changes his mind later, you don't want to waste time!"

Just as the assistant left, Chu Hong called.

“President Yu, there's a girl named Long Nianxue who wants to see you. She's in the reception room. I can't chase her away!”

Yu Tian said helplessly, “Why are you chasing her away? She's not here to set up a blind date with me. What the F * Ck are you talking about? I'll go over now!”

In the reception room, Long Nianxue, who had been waiting quietly, hurriedly stood up when she saw Yu Tian.

Yu Tiancai sat down, and Chu Hong walked in with two cups of coffee in her hands.

Long Nianxue saw Chu Hong's cold expression and did not drink her coffee. She whispered shyly, “Tian-ge?”

Chu Hong snorted, “In the company, I hope you can call him Yu!”

Long Nianxue quickly changed her words and said timidly, “I want to ask you to do me another favor. Gong Jiahai has disrupted several of my father's projects.

“Now my father's company has no projects and is about to close. Can you help him?”

Yu Tianpin took a sip of coffee and said calmly, “I remember telling you last time that I won't help you anymore. Why are you still begging me? You're putting me in a difficult position!”

Chu Hong was standing beside him. If the 108 sisters knew about this, his phone would explode.

Long Nianxue lowered her head, feeling wronged. She held the coffee cup tightly as if it was stuck in her throat. She couldn't speak, she couldn't breathe, and she almost burst into tears.

Yu Tian was most afraid of seeing this.

When a woman cried, the sun and Moon would not rise.

He shook his head helplessly and said slowly, “Don't waste your time with me. If your father wants to cooperate with me, ask him to come and talk to me. You don't know anything. Even if I tell you, you won't understand!”

As if she saw the sudden burst of sunlight on a cloudy day, Long Nianxue raised her head excitedly and said hurriedly, “I'll ask my father to come now!”

Looking at the time, it was already dinner time. Yu Tian felt a little hungry, so he said, "Don't come here. There's a restaurant next door that just opened. Let's Go There!"

After long nianxue left excitedly, Chu Hong said with a cold face, "You're really generous. You helped a little girl and even treated her to a meal. Why didn't you say you'd treat me to a meal?"

Yu Tian chuckled and said, "You don't want to eat. You want to lose weight!"

After saying that, Yu Tian ran out of the reception room.

Chu Hong gnashed her teeth and said, "Wait for you to go home. Watch how I Beat You Up!"

When Yu Tian came to the restaurant, there was an empty seat.

This was not bad. If he came, he would eat. Otherwise, he would have to wait.

When he sat down and ordered the dishes, a man at the table behind him shouted at the waiter who came to pay the bill, "Why? Don't I pay for my meal? I haven't finished my f*cking meal yet.

Why are you here to pay for it?"

Yu Tian turned around to take a look out of curiosity.

It turned out that there were quite a few men behind him. They were all tall and sturdy, with tanned skin and square faces and big ears.

However, judging from their clothes, they looked very sloppy and even a little down and out.

It had nothing to do with him. Yu Tian turned around and took out his phone to play a game.

At this moment, the waiter said angrily, "You guys have only ordered a few bowls of Hundun since noon. How many hours has it been? Now hurry up and pay the bill!"

The square-faced man who spoke slammed the table and shouted angrily. .

?Chapter 170 – Chapter 170, The Righteous Sect Of Jianghu

Thank you readers!

The man shouted, "What's wrong with a few bowls of wontons? Don't tell me your restaurant has rules about what customers come to eat? And how long customers have to stay here?"

"I don't want to waste my breath with you. Go get your manager for me!"

Seeing that they were fuming with anger and clearly wanted to cause trouble, the waitress immediately went to look for the foreman.

At this time, Long Chenyang and Long Nianxue also walked into the restaurant. Yu Tian waved at them, and the two of them quickly came over to sit down.

After a few polite words, the waiter served Yu Tian's dishes one after another. There were also two bottles of particularly expensive wine. When the lid was opened, the aroma of the wine filled the room.

The few burly men behind looked at the table full of good wine and dishes, their eyes filled with envy and a little anger.

One of them, a man with a sharp chin, stared at Long Nianxue and swallowed his saliva.

Long Nianxue did not notice their gazes and stood up to pour the wine for Yu Tian.

The men at the back said indignantly, "F * ck, you can only pretend to be rich!"

"What's wrong with that? Look at them, good wine and dishes, and beautiful women pouring wine for them!"

"What's so great about that? If it weren't for the fact that our senior and junior brothers are down and out here, we would still be enjoying ourselves!"

The square-faced man looked at the few of them with disgust and reprimanded them in a low voice, "Since you know that you're down and out here, don't talk nonsense. Don't provoke others, and don't embarrass our sect!"

Yu Tian really heard it. This group of people were obviously in the jianghu, and they were too lazy to lower themselves to their level.

At this moment, Long Chenyang said embarrassedly, "CEO Yu, I really have no other choice. That's why I put my old face aside and asked Nianxue to ask for your help.

If it were me, I would be able to survive no matter what. However, I really can't let go of the 180 people who work for me and Nianxue!"

Yu Tian listened quietly until this point and said with a smile, "I know that. I will naturally help if

I can. It just so happens that I have a network construction project now. The initial investment is 200 million.

There will be more investments after that. The total investment is expected to exceed 5 billion yuan. Can you do it?a€?

Long Chenyang's expression changed on the spot. He was shocked and excited. With a trembling voice, he said, a€?Yes, I can do it. President Yu, as long as you hand this project over to me, I will definitely give you the best return!a€?

When the people behind heard this conversation, their expressions changed and they looked at each other.

Five billion? Really?

If they had five billion, what would they do in the martial arts world? Would they not even have the money to eat a bowl of wontons?

The square-faced eldest senior brother also looked at Yu Tian's back with a solemn expression. His heart was bursting with emotions.

At this moment, Yu Tian nodded and smiled. a€?Alright, since you have this determination, I will consider it. Tomorrow, you can send your engineering report and so on to my company!a€?

Just as they were talking, the female foreman and the waiter came to the back table and said with a disgusted tone, a€?Gentlemen, I am the foreman. If you have any problems, you can tell me.

But for these seven bowls of wontons that you have eaten, you'd better pay for the bill first. Don't make things difficult for us!a€?

The square-faced man frowned slightly. He had thought that it would be easier to talk to a man, but who would have thought that another woman would come.

He could only say unreasonably, a€?Foreman, right? US brothers are sitting here for a while to give you face. What? Your restaurant doesn't allow guests to sit for a while longer?a€?

The foreman said coldly, a€?We are a restaurant, not a coffee house. You Order a cup of coffee and sit for as long as you want. You are occupying our table. How can we let other guests eat?

a€?Besides, you only ordered a few bowls of wonton. It's only 70 yuan. You Men, can't you even afford this little bit of money?a€?

These words made the seven-foot-tall men blush with guilt and embarrassment.

The square-faced senior brother was also rendered speechless by these words.

Not to mention 70 yuan, they couldn't even afford seven Yuan now.

However, as a jianghu person, they still had to show their domineering attitude.

The eldest senior brother took out a jade pendant from his pocket and gently placed it on the table. He said proudly, "This jade pendant of mine is worth more than 10,000 yuan. Isn't it worth a few bowls of Wonton?"

"Now, we have to continue ordering. Give us a portion of everything on the table as well as the wine they drank. We also want it. Take this jade pendant!"

A few of his fellow disciples immediately stopped him.

"Eldest senior brother, master left this for you. You mustn't give it to them!"

"That's right, eldest senior brother. This is the only thing passed down from our main sect. How can you exchange it for food?"

"Isn't it just a few fucking bowls of Wontons? I'll eat it for free today. If you have the guts, beat me up!"

Eldest brother roared, "Shut up! This jade pendant is mine! I'm the Boss!"

This guy was quite stubborn, but the foreman didn't even touch the jade pendant. He said with disdain, "I'm sorry, sir. Let me tell you again. This is a restaurant, not a pawnshop."

Let's not talk about whether this thing of yours is worth or not. Even if it is worth more than ten thousand, you can't afford to eat that table of theirs. The two bottles of wine are worth more than thirty thousand, and the dishes on that table are worth more than twenty thousand, "Can you really afford it?"

"You'd better take your food back and give us the money for the wontons. Don't waste your breath on us!"

The four brothers were also shocked when they heard Yu Tian's words. So, a table full of food was worth more than 50,000 yuan?

They didn't believe Yu Tian's words about the five billion yuan business. Now that they saw the food he was eating, they could totally believe it.

Eldest senior brother's face was so red that it reached the base of his neck.

He originally thought that the jade pendant that his master had left for him would be worth at least 18,000 yuan. At the very least, he would be able to regain some face and fill his stomach.

But who would have thought that he could not even afford a bottle of wine.

Faced with the incessant prodding of the foreman, eldest senior brother had nothing to say.

Yu Tian just wanted to have a quiet meal. Who knew that the noise later on would make him lose the mood to eat.

So he turned to the foreman and said indifferently, "Their meal is on me. Can you stop disturbing my meal?"

The foreman's contemptuous expression quickly changed to a warm smile. He approached Yu Tian and said, "I'm really sorry, sir. I've disturbed your meal. Are you sure you can pay for them?"

Yu Tian said disdainfully, "It's only 70 yuan. Any tip from me would cost hundreds of thousands. Ask those gentlemen. If they're not full, let them count. All the phone bills are mine. Just be quiet!"

The square-faced senior brother felt very ashamed and very grateful to Yu Tian. He hurriedly stood up and cupped his fists to thank Yu Tian, "Thank you, sir. Senior brother from the front gate, thank you, even Tianlei!"
