

I Have 108 Older Sisters #Chapter 181 - Read I Have 108 Older Sisters Chapter 181

?Chapter 181 – Chapter 181, Add A Table For Them

Thank you readers!

This time, the clan's order was specially sent to Chu Yue.

“This time, Chu Yue has brought a lot of pressure to the clan and almost caused the entire clan to be massacred. Chu Hui, Send Chu Yue back to the imperial capital immediately. Within two years, she will not be able to see the Lord Again!”

When she saw this order, Chu Yue shed two lines of tears.

Not being able to see Yu Tian within two years was the most painful torture in the world for her.

Yu Tian also felt that this order was a little strange. Chu Yue was injured because she was trying to help him.

How could their clan place all the blame on Chu Yue?

Yu Tian gently wiped the tears off Chu Yue's face. He chuckled and said, “Don't worry, I didn't agree. No one can let you leave!”

Chu Yue nodded. She believed that Yu Tian didn't want her to leave either, but who could disobey the orders of the family?

Chu Hui also came to the ward dejectedly and said helplessly, “I've already prepared a private plane. We can return to the imperial capital in the afternoon!”

Yu Tian smiled indifferently and said in a deep voice, “Did you ask me if I agreed or not? I don't care who gave the order. You immediately pass a message to him for me.

Chu Yue must stay by my side no matter what. If I don't agree, no one will be able to make him leave!”

The most difficult one was Chu Hui. On one side was the family, and on the other side was the master, Yu Tian.

Without knowing what choice to make, Chu Hui could only consider that she would also have to stay by Yu Tian's side in the future.

If she did not do as Yu Tian said now, she would definitely leave a very bad impression on him.

After much thought, she picked up her phone and called the higher-ups of the family clan to pass on Yu Tian's message.

After an hour of research, the higher-ups of the family clan agreed to Yu Tian's request. Chu Yue could continue to stay in Linhai.

However, from now on, her every move had to be approved by Yu Tian and Chu Hui. She could not mess around and create pressure on the family clan.

Chu Yue finally smiled happily and said gratefully to Yu Tian, "Thank you, I can finally stay here!"

However, Yu Tian reprimanded him coldly, "I can save you this time. Next time, if you risk your life again, no one will be able to save you. In the future, no matter what you do, you have to tell

Chu Yue saw that he was so concerned about her and felt extremely blissful. She smiled and nodded.

Yu Tian looked at the time. It was time to meet those so-called martial arts experts.

They had brought so much pressure to himself and the Chu family this time. How could it be justified if he didn't teach them a lesson?

At the same time, in a luxurious private room in a restaurant.

Shao mingzun, who was sitting in a wheelchair, raised his wine glass and said respectfully to the dozen or so martial arts practitioners present, "Shao mingzun is extremely grateful to everyone for giving me face in the Black Gate's flag planting this time.

"A glass of water and a glass of wine. The feelings are extremely strong. Let me drink first as a toast!"

Everyone raised their glasses at the same time and downed the wine in one gulp. They were filled with lofty sentiments.

"Boss Shao, you can let us help you this time because you think highly of us. Isn't it just Yu Tian?

I don't believe that he has the guts to go against the entire jianghu!"

“The road of the jianghu is not easy to walk on. When we sit together and drink a glass of wine, the shadows of swords and sabers are behind us. However, this time, our sabers are aimed at outsiders. If we don't eat jianghu rice and take the road of the jianghu, then we will meet on the blade!”

“This time, the ten great sects have gathered in Linhai. Just like how the seven great sects besieged Guangding, in the end, we still have the final say!”

A man with a fierce face and a cold gaze sat opposite Shao Mingzun, he said disdainfully, “Yesterday, a woman next to Yu Tian wanted to touch our line. In the end, she was injured by me and is probably dead by now.

“This will definitely make Yu Tian lose his bearings, and this is the best opportunity for us. So, we should discuss how to besiege Yu Tian Now!”

Shao mingzun nodded vigorously and said excitedly, “Sect leader is right. Yu Tian is also an expert. If we want to kill him, we have to think long and hard!”

While they were talking, another seven people walked in from outside the door. Everyone turned around and saw that it was Lian tianlei from the front gate and a few of his junior brothers.

When everyone saw that they were dressed in rags, a look of disdain appeared in their eyes.

Lian tianlei cupped his fists and opened the door.

“Seniors of the jianghu, I Am Lian tianlei from the main gate and my junior brothers. Greetings to all of you, with flowers on your heads, three incense sticks, three gates, and one bow to the ground!”

Everyone began to discuss.

“The main gate? weren't they already killed by the people of the Dragon Gate? How come there are still survivors?”

“Judging from their clothes, they must have walked into the quagmire of jianghu. If they can't lift their legs, what else can they do?”

“If they didn't say they were from Zhengmen, I would have thought they were from Beggar's gang. This guy's clothes are even worse than Beggar's gangs!”

Even Tianlei and the others blushed. They really didn't have any face.

Shao mingzun only turned his head and glanced at them, he also looked down on them and said, "So you are brothers from the front gate. Sorry to be rude. Our table is already full. Ill ask the waiter to add another table for you. Order whatever you like!"

Lian Tianlei wanted to say something, but Xie Zhanpeng, who was behind him, was not willing to listen.

He snorted and said disdainfully, "We are all in the jianghu. No one is faster than the other. No one is harder than the other. Why do we have to sit at the side. "Everyone is eating jianghu food. Why is there a table for jianghu food?"

A bearded man sitting next to Shao Mingzun laughed out loud.

"Jianghu food is also divided into upper, middle, and lower classes. People from all walks of life naturally have to sit at the top seat while those from the bottom do not. Master Shao added a table for you because he saw how pitiful you are.

"Don't you know that? "The main gate has already been appointed by the Dragon Gate. What are you still doing here? "What ability do you have to sit at our table?"

Everyone followed suit.

"Master Wu is right. There is no longer such a thing as the main gate in Jianghu. How can you still talk about the rules of Jianghu?"

"After living in jianghu for so many years, don't you understand? If there is no gate, there is no courtyard. There is no backer. You should quit jianghu and wash your hands. What are you still doing?"

"Ill give you food to eat. If you don't want to eat, then get lost. Continue to be your beggars.

Looking at how you're doing, I do want to give you a suggestion. Why Don't you join the Black Sect? At least you have some clothes to wear and a bowl of rice to eat!"

Lian tianlei frowned and said coldly, "This senior's words are a bit too much. We joined the main sect to burn incense. If we join other sects, do you want us to deceive our masters and destroy our ancestors?"

At this moment, the sect leader let out a cold laugh.

?Chapter 182 – Chapter 182, The Other Side Of The Pugilistic World

Thank you readers!

Balong zhuo sneered, "Zhengmen Zi is not a big sect in the pugilistic world. Even if your master, Yan Hui, is here, he doesn't have the capital to serve you."

Looking at the way you guys are doing now, you guys are just trying to take advantage of this opportunity to get a living. If you guys are so picky, do you really think that you are some amazing people?"

Xie Zhanpeng was about to get angry when he heard this. He even reached out his hand to stop Heavenly Thunder.

This was the other side of jianghu. Even Heavenly Thunder understood that he really didn't have the strength to talk to these people.

He could only lower his head helplessly and cupped his fists. "This senior taught us a lesson. However, we still have to consider joining other sects. We'll just have a simple cup of wine here today. Thank you all, seniors!"

Everyone's eyes were filled with disdain and contempt. Shao mingzun called the restaurant manager over and ordered arrogantly, "Add a table for those few people and get them some food and drinks. It should be enough. It doesn't have to be too expensive!"

The manager turned around and looked at the few people who looked like beggars. He immediately understood.

Shao mingzun also asked, "Have the people you asked to arrange come in yet?"

"Yes, they're here. I'll call them in right now!" The manager nodded and bowed.

Then, he went out and shouted.

More than a dozen women, who were dressed in revealing clothes and had a demonic aura, walked into the private room one by one.

Shao mingzun smiled and said, "Today, everyone must eat well, play well, and drink well!" Everyone thanked him profusely, hugged the girl, and shouted.

Lian Tianlei and the others looked at the few plates of vegetarian dishes in front of them, and then looked at Shao mingzun, who was indulging in extravagance, and felt waves of anger in their hearts.

Xie Zhanpeng pulled at the plate of dishes in front of him, at the same time, he cursed in a low voice, "If master was still alive, we wouldn't have to suffer this. Eldest senior brother, I've had enough of this kind of life. I don't want to endure this humiliation with you anymore. I want to live the life I want to live."

Lian tianlei put down his chopsticks and frowned. "We're not familiar with this place. We can only rely on them first. When we stand firm, naturally"

"Do it yourself!" Xie Zhanpeng slammed his chopsticks on the table and said angrily, "You're a waste. If we follow you, we'll never be able to stand out."

"You can eat this pig's food here. I'm not going to be embarrassed with you. I'm going to eat something delicious!"

After saying that, Xie Zhanpeng stood up and left.

When the other disciples saw this, they stood up and left as well. Even Heavenly Thunder couldn't stop them.

Thinking about it, they were indeed incompetent. They had all the abilities, but they couldn't even eat their fill. They still had to stay here and watch others' expressions.

Since they wanted to go and conquer the world by themselves, then let them go. It was better than going hungry with them.

At this moment, Balonzhuo, who was carrying the two women, laughed at Lian tianlei and said, "Hey, come over here!"

Lian tianlei stood up.

Balonzhuo spat on his shoes and ordered, "Come over and lick me clean. From now on, you can follow me, Balonzhuo!"

Everyone started to jeer.

"Go Lick it, trash. If you lick it, you'll have food to eat!"

"Master Ba is much more powerful than your master. Who Does Yan Hui think he is? In front of Master Ba, he's nothing but Ashes!"

"If I ask you to lick it, then lick it. What are you looking at? You Useless Trash!" Lian Tianlei looked at the dirty shoe in front of him and was extremely furious.

The two women in Balonzhuo's arms also started to laugh. "Lick it quickly, lick it quickly. It's best if he licks ours as well!"

"I don't need him to lick it. I find his mouth dirty!"

At this moment, the door of the private room was violently slammed open. Everyone turned around in surprise.

They saw the manager of the restaurant fly into the room in a circle and fall unconscious onto the ground.

Following that, Yu Tian's domineering figure walked in and looked at everyone coldly. He said arrogantly, "You didn't even call me when you were having dinner. Is this still a show?"

Everyone was extremely shocked.

The muscles on Shao Mingzun's face were twitching. It was not fear, but hatred.

He cursed furiously, "Yu Tian, how dare you come here to throw your life away? You want to eat? Fine, kneel down and Kowtow to me. I'll let you eat!"

Yu Tian waited for this old fart to finish speaking. He stretched out a finger and said indifferently, "One!"

At this moment, the bearded man beside Shao mingzun said furiously, "So you are Yu Tian. You came just in time. I will let you die here today!"

After he was done pretending, Yu Tian laughed and said, "Two!"

Ba Longzhuo pushed the woman away with a smug look on his face, he said gloomily, "Yu Tian, have you saved your woman? You have to thank me for keeping her cheap life. I have never killed a woman. As for a man? I will not show Mercy!"

So it was this beast who injured Chu Yue.

It was because of him that he almost lost the lives of more than 10,000 people, yet he still dared to pretend.

Yu Tian could not be bothered to talk nonsense with him. He only said coldly, "You are the third!"

Shao Mingzun did not understand what Yu Tian was counting. He sneered disdainfully and said, "The people sitting here today are all top-notch experts. You are just one person. How many people can you beat if you can fight?"

"Do you think I have fewer people?" Yu Tian asked indifferently.

"I just think you have fewer people. What do you think?" Shao Mingzun was so angry and proud that he had forgotten his surname.

Yu Tian smiled helplessly. This Shao Mingzun was really good at pretending.

He said indifferently, "Then look out of the window and say it again!" Everyone immediately looked out of the window and was shocked.

The entrance of the restaurant extended all the way to the intersection. It was full of people.

At this moment, Chu Meng also walked into the private room and smiled at Yu Tian. "This time, we can seal off the front, back, left, and right. Chu Hui has also sent two thousand thugs to flatten that Black Door!"

At this moment, Shao mingzun, Ba Longzhuo, and the others felt as if there was something weighing down on their heads.

Especially Shao mingzun.

They were still thinking about how to kill Yu Tian, but he had almost destroyed his lair.

The Black Gate, which had hundreds of years of history, might be buried in his hands today.

That Ba Longzhuo was not afraid of anything..., he even laughed wildly and said, "So what? They are just trash. I Don't care about Master Ba at all. Not only do I want your life today, I also want to escape unscathed. Otherwise, I'm Not Ba Longzhuo!"

Yu Tian shook his head helplessly and said indifferently, "Actually, you can leave now, but I have to tell you that the woman you injured is called Chu Yue. She's from the Chu family, the number one family in the world.

"Do you know that the Chu family has at least millions of mercenaries and tens of thousands of assassins who want your life? Why Don't you get a rocket and go to the Moon!"

"What?"

Balonzhuo was shocked. He frowned and asked, "She, she is from the Chu Family?"

?Chapter 183 – Chapter 183 Was Completely Destroyed

Thank you readers!

Everyone knew the strength of the Chu family. One-third of the world's wealth was in the hands of the Chu family.

When Balonzhuo thought of this, his brain buzzed.

He originally thought that it was just an ordinary woman by Yu Tian's side. In the end, this woman's background could actually break the sky.

Now, it was impossible for him to regret it even if he wanted to.

He could only go all out and fight his way out, or perhaps there was still hope for him to live.

However, Yu Tian came to the side of the table and smiled coldly. "But don't be afraid. I Won't let them do it. Because the job of killing you, I want to do it myself!"

Baronzhuo thought that he had no choice but to make a move today, so he had to make the first move.

Thinking of this, he kicked the table toward Yu Tian. He reached behind his back and pulled out two black scimitars, brandishing them.

Yu Tian smiled contemptuously. He wanted to use the table to block his line of sight. It was simply wishful thinking for him to launch a sneak attack.

He kicked the table, and a cold light suddenly flashed out from the broken wood chips.

"Petty tricks!"

Yu Tian snorted lightly. He stretched out his two fingers and directly clamped the blade.

Baronzhuo was shocked. He could not stab or retreat.

He had practiced martial arts for more than twenty years, but it was not as good as Yu Tian's two fingers.

Just as he was hesitating, Yu Tian twisted his two fingers. With a crack, the blade broke.

Before Baronzhuo could retreat, Yu Tian pierced a golden needle into Baronzhuo's throat.

Baronzhuo felt as if his neck had been stung by something. But then, a bone-scraping pain spread, and he lost all feeling from the neck down.

He collapsed weakly on the ground. He could not even speak. All he could do was look at Yu Tian with his facial features twisted.

Everyone took a few steps back in shock. Ba Longzhuo was no match for him, let alone them.

Only Shao mingzun, who was sitting in the wheelchair, gritted his teeth and stared at Yu Tian with fiery eyes.

However, Yu Tian said impatiently, "Old Fart, you will also be crippled here today!"

Before Shao Mingzun could say anything, Yu Tian waved his hand and threw out a golden needle. It pierced right into the middle of Shao Mingzun's forehead without any deviation.

Shao Mingzun let out a muffled groan. His eyes rolled back and he fell to the ground.

Previously, there were supposed to be three people. Now, there was still that bearded man.

When this bearded man saw Yu Tian's cold and arrogant gaze, he was so scared that his legs went weak. He fell to the ground with a plop and kowtowed to beg for mercy.

Yu Tian shook his head and sighed.

Unfortunately, he had experienced so much now and had already understood the logic of killing decisively.

He could not let go of any of these people who wanted to make an enemy out of him.

He directly threw out all the remaining golden needles, one for each person.

In the blink of an eye, those people who had once thought of how to kill Yu Tian were now lying on the ground, living a life worse than death.

Yu Tian turned around and saw Lian tianlei again.

"Why are you here too?" Yu Tian asked indifferently.

Lian tianlei, who was still rolling in the shocked whirlpool, hurriedly knelt down on one knee and said humbly, "Hero, I'm not with them, and I definitely won't Be Your Enemy!"

Yu Tian originally wanted to cripple him as well, but after thinking about it, they had at least met once.

At this moment, there was no need to give him a decisive killing blow.

He had already done what he needed to do. Yu Tian ignored Lian Tianlei and turned around to leave.

However, Lian tianlei quickly said, "Hero, please wait. I want to ask hero to give me a bowl of rice to eat. I don't have any other abilities, but this brute force of mine. If hero doesn't mind, I will follow you in the future!"

Yu Tian felt that having more jianghu people around him was beneficial, so he nodded and smiled, "Sure, follow me!"

"Thank you, Boss! Thank you, Boss!" Lian tianlei excitedly kowtowed and bowed.

This time, he finally saw some hope.

The group of people had just left when the dozen or so women trembled and wanted to leave. A few foreign men in suits and sunglasses walked into the private room and took out their daggers. They stabbed everyone they saw, leaving no survivors.

Yu Tian came to the entrance of the hospital and looked back at Lian Tianlei who was following behind him, he smiled helplessly and said, "Go and get a better outfit. Then go to the galaxy building and find someone called du Tianci. He will arrange it for you. Take this money!"

As he spoke, Yu Tian took out 10,000 yuan and threw it to Lian tianlei.

Lian tianlei was very touched, but when he thought of his fellow disciples, he still couldn't bear it. Good things should be shared with them.

So he pleaded, "Boss Yu, please give my fellow disciples a bowl of rice to eat too!"

"Make the arrangements yourself, I won't ask anymore!" Yu Tian said and turned to walk into the hospital.

Lian tianlei thanked him a few times, then took out his phone and called Xie Zhanpeng.

The call went through, and Lian tianlei also told them the good news. However, xie zhanpeng said disdainfully, "I won't follow that bastard."

That night, he almost broke my arm, and he still wants me to serve him? "You're Shameless, but we're Shameless. To tell you the truth, we've already discussed it and kicked you out of the main gate."

"Now, I'm the head of the main gate. I'll bring my fellow disciples to make a fortune. Get the F * Ck out of Here!"

The call ended, and Tianlei sighed helplessly. He looked up at the sky and sighed, "Master, it's all my fault. I Can't let the main gate flourish. Since that's the case, I'll leave the sect to them!"

At this moment, Xie Zhanpeng was wandering around long Chenyang's company with a few of his fellow disciples.

He happened to see long nianxue walking out of the door and walking into a nearby shopping mall alone.

“Follow her!”

Xie Zhanpeng ordered everyone to follow long nianxue into the shopping mall, neither too far nor too close.

When Long nianxue went to the bathroom, Xie Zhanpeng saw an opportunity and rushed into the bathroom. He covered long nianxue who was washing her hands and said fiercely, “Don't shout, or I'll kill you. Now follow me obediently!”

Long nianxue was scared out of her wits and panicked. In order to avoid being hurt, she could only clench her teeth and nod.

Xie Zhanpeng also took out a dagger and pressed it against long nianxue's waist.

Under his coercion, Long nianxue followed them to a dirty and smelly bungalow and was tied to a stool.

Xie Zhanpeng threw all the things in her backpack onto the ground.

When he saw the thousands of dollars in cash, Xie Zhanpeng looked as if he had found a treasure. He said excitedly, “Look, we are rich!”

Everyone was also excited. They immediately took two hundred dollars and went to buy food and drinks.

Long nianxue, who had gradually calmed down, begged bitterly, “Let me go. I promise I won't tell anyone. If you want money, I can give it to you!”

Xie Zhanpeng stared at her without blinking, swallowing his saliva from time to time.

Ever since he saw her that night, his mind had been filled with her shadow.

Now that she had really fallen into his hands, he could play with her however he wanted.

?Chapter 184 – Chapter 184, Mysterious Killer

Thank you readers!

Xie Zhanpeng licked his dry lips and said frivolously, "Aren't You Yu Tian's mistress? I want to taste you today and enjoy the fragrance of a vixen like you."

I want you all to know that what he, Yu Tian, can enjoy, I, Xie Zhanpeng, can enjoy as well!"

Under long nianxue's terrified gaze, Xie Zhanpeng rushed forward and was about to molest her.

The few fellow disciples behind him looked at each other. Didn't they say that they were only going to kidnap her? Why did they still have to do this?

A few of them quickly went up to stop him.

"Senior brother, you can't do this. We're just kidnapping her!"

"What's the difference between doing this and being an animal? Are you worthy of the teachings of Your Dead Master?"

"We followed you to make a fortune, not to do this!"

Xie Zhanpeng was furious when he saw his junior brothers. He was also a little afraid.

Hence, he chuckled and said, "What's the rush? I'm just playing with her. We're really here to make a fortune, aren't we? Call Yu Tian Now!"

At this moment, Yu Tian was talking to Chu Yue and the others in the hospital.

Xie Zhanpeng sneered when he picked up the call. It was as if the whole world was his.

Yu Tian frowned in confusion. Wasn't this long Nianxue's phone number? Why was it a man's voice?

He asked in confusion, "Can we wait for a while? Who Are You? Why are you calling me?"

Xie Zhanpeng was afraid that Yu Tian would recognize his voice, so he deliberately pinched his throat and said, "Long nianxue was kidnapped by us. Now we want 100 million. If we don't get the money, we will kill her!"

Yu Tian smiled indifferently and said, "So be it. What does it have to do with me? Don't F * cking disgust me. Get lost!"

The call was directly hung up.

Even Yu Tian found it ridiculous.

“You F * cking tell me everything? What do you take me for? Kidnapping? Do you really think you can blackmail me?”

Xie Zhanpeng, who was in the bungalow, was still stunned for a long time.

He turned around and asked long nianxue.

“Is Yu Tian your man or not? He strongly demanded that we kill him. It seems that you have followed the wrong person!”

Disappointment was disappointment, however, long nianxue still calmly said, “Yu Tian is not my man. He won't care about me. You guys should let me go. Although I don't have 100 million, I also have 500,000. I can give it all to you!”

The few brothers heard this and said to Xie zhanpeng, “Senior brother, 500,000 yuan is Enough!”

However, xie zhanpeng shouted angrily, “Shut up! Look at all of you. I want 500,000 yuan and 100,000 yuan. I don't believe that Yu Tian will not care about her!”

After saying that, he called Yu Tian again.

The moment Yu Tian's phone rang, Chu Meng immediately opened the software and began searching.

The call went through and Xie Zhanpeng pinched his throat and said, “We're really going to kill her, you better not provoke us!”

Yu Tian said disdainfully, “Why do I Feel Like You've lost your rationality? 100 million is a little too much, I can still consider less!”

When Xie Zhanpeng heard that, he felt that there was a possibility. He said excitedly, “How much can you accept?”

After thinking for a while, Yu Tian said indifferently, “How about 200 yuan?”

Xie Zhanpeng was so angry that he didn't want to hold his voice anymore. He cursed loudly, “F * Ck you, this is kidnapping. Do you think you can get a bath and massage? Two hundred dollars is enough to get you high!”

At this point, Chu Meng had already confirmed the location. She pointed at the two-hundred-square-meter bungalow on the map and showed it to Yu Tian.

Yu Tian nodded and smiled. “Don't be anxious. Give me half an hour and I'll think about it!”

Xie Zhanpeng did not think too much about it and readily agreed, "Okay, I'll give you half an

After hanging up, Yu Tian called fifth brother. They had done this job many times and were more experienced.

Fifth brother laughed and said, "Another kidnapping. Why do I feel that the probability of the people around you being kidnapped is so high!"

Yu Tian was also helpless. It was all because he was too famous. The principle of a tall tree attracting the wind was very true.

Twenty minutes later, fifth brother led a dozen or so people and silently surrounded the bungalow.

With an order, everyone broke through the doors, windows, and walls at the same time.

Xie Zhanpeng and the others were from Jianghu sects after all, so their skills and reactions were very good. They immediately fought with fifth brother and the others.

However, fifth brother's people had received professional training.

Moreover, the room was large enough. When fifth brother fought with Xie Zhanpeng and the others, Ah Ran untied Long Nianxue's rope as fast as he could and asked, "Can we leave?"

Long Nianxue nodded hurriedly.

Ah Ran pulled her up and rushed out of the room. However, when the two of them reached the door, they were met with a cold beam of light that stabbed at Long Nianxue.

Ah Ran reacted quickly and pushed Long Nianxue away. However, his arm was pierced through by the dagger.

Then, he was kicked to the ground. The moment the dagger was pulled out, blood gushed out.

Then, a few foreign men entered the room one after another.

When fifth brother saw that Ah Ran was injured, as well as those foreigners, he immediately shouted for Xie Zhanpeng to stop.

Xie Zhanpeng looked at the few foreigners. The murderous aura emitted from their bodies was very fierce. If they had not killed before, it was impossible for them to have such a cold murderous aura.

And fifth brother looked at the daggers they held. The shape was like a smaller machete.

This was clearly a Russian weapon. Could it be that these people were all old Russians? Just as they were wondering, the foreign man in the lead spat out some Russian words.

Without the need to translate, fifth brother and the others knew.

That was to kill them.

The black-clothed man did not say anything else. He rushed forward and slashed at anyone he saw.

These old Russians were extremely powerful. Fifth brother was barely able to deal with them. On Xie Zhanpeng's side, his two junior brothers had their stomachs pierced and their intestines were leaking out.

Fifth brother shouted as he fought, "Ah ran, take your men and leave immediately!"

Ah ran immediately got up and dragged long nianxue out of the door.

However, the foreigners did not chase after them at all. They just attacked fifth brother and the others with all their might.

Fifth brother immediately shouted, "Retreat, retreat immediately!"

Everyone fought as they ran out of the door. Xie Zhanpeng grabbed the television and threw it at the old Russians who were charging at him. He took the opportunity to jump out of the window.

As for his junior brothers, he did not care. His own life was more important.

Although a few of fifth brother's men were severely injured, they were not dead. Fortunately, they were saved.

After Yu Tian heard the whole story from fifth brother, he was shocked. Where did these old Russians come from?

What were they trying to do?

At this moment, Chu Qing called and said seriously, "Younger brother, Shao mingzun, Ba Longzhuo and the others were all killed. Two of them who are still alive said that it was a group of old Russians who did it!"

It was them again?

Yu Tian was puzzled. How did this old Russian know everything? Who gave them the information?

Thinking of this, Yu Tian said to Chu Meng, "Go and ask if there's any news about the old

Russians recently. It looks like we have enemies again!"

?Chapter 185 – Chapter 185, Special Defense Department

Thank you readers!

Chu Meng quickly found out the news.

In the corridor of the hospital, Chu Meng said in a low voice, "Recently, a group of Russian mafia came here, but only those old Russians know who hired them.

Moreover, these Russians are especially professional. Their whereabouts are still unknown!"

"Damn, even the Mafia is here?" Yu Tian laughed at himself. "It seems like my enemies aren't simple. However, do you think the Agras family found them?"

"That's impossible. The Agras family is currently choosing a new family head. Moreover, it's rare for the Mafia to do this. If they want to find assassins, the Agras family can do it themselves!"

Chu Meng's explanation made sense.

The most important thing now was to find these old Russians.

There was one person who could do this.

Yu Tian immediately called brother long and gave a few simple instructions. Brother long immediately arranged for someone to inquire about it.

At this moment, du Tianci called and said in pain, "Boss, I F * cking got someone to chop me up!"

Half an hour later, Yu Tian arrived at another hospital. When he saw du tianci, whose hands and feet were wrapped in gauze, he laughed on the spot.

Du Tianci was already in a lot of pain. When he saw Yu Tian laughing at him, he said helplessly, "Boss, do you think my piece is so funny?"

Yu Tian put the things he brought on the table and laughed, "I think you're lucky that you didn't get chopped to death. Tell me, who chopped you to death?"

Speaking of this, Du Tianci really felt that he was lucky. He gritted his teeth and said hatefully, "After work, I wanted to go to a bar to have a drink and flirt with girls. However, as soon as I walked out of the company, I was followed by two old Russians!

"These two Russians were especially valiant. When I was in a place with no one around, they would attack me with their knives. At that time, I wasn't prepared at all. Fortunately, I ran fast, or

I would have been killed by them!"

Hearing this, Yu Tian felt that these old Russians were really courting death.

If you have the guts, why don't You F * cking fight with me? What kind of ability is it to touch the people around me?

Moreover, after du Tianci, there would still be people who would continue to be attacked by the old Russians.

But now, they still couldn't find the hideouts of those Russians. It was impossible to deal with them even if they wanted to.

At this time, Du Tianci was especially anxious as he said, "The game we developed is about to be closed beta. At this time, I was F * cking cut. I hate the old Russians!"

Yu Tian said indifferently, "It doesn't matter who you hate. Take good care of your body. The closed beta can wait until you recover. You should rest first. I'm going back!"

Before he left, Yu Tian called Chu Qing, he had never said in such a deep voice, "Stay at home for the next few days. Don't go anywhere. Ask Sun Chen and the others to bring people to the hospital. You must protect these people who were cut!"

Yu Tian had just walked out of the hospital when Brother Long called.

He thought that brother long had found those old Russians, but in the end, Brother Long said in a particularly angry and frightened voice, "Boss, the casino was smashed by those old Russians and more than fifty brothers were injured.

"Some of them were seriously injured. I'm afraid that they won't be able to live. I asked people to follow them, but they were found out. The people who followed them were directly killed!"

Yu Tian didn't say a word and directly hung up the phone.

This was because when he was angry, he was never willing to say a single word of nonsense.

The Phantoms and ghosts walked through the bustling city. Yu Tian's mood was like the roar of an engine, buzzing and steaming.

They dealt blows to the people around them one by one.

Who would be their next target?

Yu Tian suddenly thought of Qing Xiaowan. Besides Xiao Yun, there was also Qing Xiaowan.

Long nianxue had been protected, and Xiao Yun had lost his memory. Those people would not do anything to her.

Only Qing Xiaowan.

Thinking of this, Yu Tian went straight to the umbrella factory.

Qing Xiaowan was busy until late every day. Yu Tian's sudden arrival surprised and delighted her.

However, Yu Tian said coldly, "Hand over the work in your hands to someone else. You leave with Me Now!"

His words were very sudden. Seeing Yu Tian's expression, Qing Xiaowan did not ask anything. She hurriedly handed over the work to her secretary and followed Yu Tian out of the factory.

At this time, there was not a hint of moonlight in the sky. In an instant, the pouring rain fell on the city along with the rumbling thunder.

Yu Tian brought Qing Xiaowan to the hotel and booked the entire floor of the presidential suite. He also asked Sun Chen to bring fifty security guards to protect the entire floor of the hotel.

Before leaving, Yu Tian said to Qing Xiaowan indifferently, "Don't leave here without me. This is for your own good. Don't ask too much. I don't want to Talk Now!"

Qing Xiaowan nodded. She didn't care what happened. She just had to be obedient.

Yu Tian frowned and left the hotel.

Actually, he could totally use Qing Xiaowan and wait for those old Russians to appear.

But he couldn't do that. Those old Russians were all masters. He definitely couldn't take the risk.

But before he could enter the house, Yan Longwen called him and cried, "Yu Tian, come to the company quickly. It exploded!"

"Exploded? What explosion? Calm down and explain!" Yu Tian asked.

Yan Longwen, who was shocked, said incoherently, "The building exploded. From the first to the fifth floor. The building is about to collapse. Come and take a look!" Yu Tian clenched his teeth tightly.

He did not need to guess to know that it was those old Russians again.

He immediately braved the heavy rain and entered the phantom again, heading towards the company.

Half an hour later, Yu Tian saw that the Xinghe building was a complete mess.

The glass of the entire building was shattered and piled up like a mountain on the ground.

The structure of the first to fifth floors were all destroyed. Fortunately, when the building was built, there was a backup load-bearing wall, so the building was still able to stand.

At this moment, Yan Longwen's face was pale. She only felt a little better after seeing Tian.

Yu Tian was not in the mood to listen to her talk about what had happened. He immediately called Chu Qing and asked the Tianhai Group's construction team to come over immediately to reinforce the structure of the building.

After hanging up the phone, a man in a black suit walked up to Yu Tian with a cold expression, he stared at Yu Tian without blinking and said, "You must be Yu Tian, right? I'm from the Chu family's special defense team. You've been making a lot of noise these past few days!"

The Chu family can wipe your hands clean, but there are some hands that we can't wipe clean.

Do you understand what I mean?"

Special defense team? Which Department of the Chu family was this?

Moreover, this fellow seemed to be very good at pretending. His face was pulled as if he couldn't afford to live anymore.

Yu Tian snorted in disdain and said, "I don't understand what you mean. Speak clearly!"

The man gritted his teeth and said, "That is to say, the Chu family is not omnipotent, and you are not omnipotent!"

Chapter 186 – Chapter 186, His Own World

Thank you readers!

The man's tone was extremely arrogant, as if he did not care about Yu Tian at all.

Yu Tian could not even be bothered with him. He simply did not know how the Chu family could have a special defense department?

Thus, he said disdainfully, "I did not say that I am omnipotent, but at least I said something. The Chu family still wants to listen. Go aside and wait. I don't have time to talk to You Now!"

The Man glared. The Chu family did want to listen to Yu Tian's words, but his special defense department was for the Chu family.

The head of the family had once said that once the interests of the Chu family were damaged, the special defense department could directly skip over the higher-ups of the family.

Just like this time when Chu Yue was injured, the entire family was almost killed.

It was all because of this Yu Tian. The head of the family had activated the Special Defense Department. Since he came to Linhai, he had to take care of it!

No matter how powerful Yu Tian's identity was, could it be that he was above the head of the Chu family?

At this moment, Yu Tian called Chu Meng and said impatiently, "Does the Chu family have any special defense department?"

Chu Meng laughed bitterly and said, "Yes, and it's especially annoying. The one in charge of the defense department is called Chu Hanmo, and he's a direct descendant of the Chu family.

This guy used the words of the head of the Chu family as a command arrow, and he was extremely arrogant. Moreover, the special defense department was equivalent to the Chu family's security department, and even the 108 sisters were under their control.

“Because Chu Yue was stabbed, the Chu family was almost wiped out. Chu Hanmo felt that the commotion was a little big and came personally. However, you don't have to pay attention to him. He doesn't have the right to care about you!”

Yu Tian snorted coldly.

He didn't want to pay attention to him at all. It was best that he didn't provoke him.

At the same time, Chu Hanmo also came to Chu Qing's villa alone. Other than Chu Yue, he called all the members of the Chu family in Linhai for a meeting.

Chu Qing, Chu Meng, Chu Hong, Chu Rou, Chu Xin, and Chu Hui all sat around the dining table expressionlessly.

Chu Hanmo was disgusted to see this Chu Hanmo, but Chu Hanmo didn't seem to mind. He said coldly like a boss, “I'm especially angry that Chu Yue was injured this time. Look at the mess you guys made in Linhai.”

“Don't forget, the family let you guys stay here to make money and develop the family's power. But you guys followed that Yu Tian and meddled blindly, causing pressure to the family again and again.”

And now, no one can be sure that Yu Tian is that legendary person, just with a jade pendant? It's simply a joke!

Chu Qing couldn't take it anymore and retorted, “The family head asked us to assist Yu Tian with all our strength. We didn't do anything wrong, right?”

Chu Hanmo laughed disdainfully, “Even if the family head is here, you can't go against the family's rules. If the Defense Department were to activate at this time, the family head wouldn't be able to stop it. This is the rule of the Chu family for thousands of years.”

“You've already seriously damaged the family's interests by giving the family's interests and resources to Yu Tian and letting him act wantonly. Therefore, on behalf of the family, I command you.”

“From now on, cut off all the resources given to Yu Tian. You're not allowed to have any contact with Yu Tian. Take back all the power the family has given to Yu Tian. This is my order!”

Chu Hui was the highest status among all the women in the Chu family. She could not bear to listen to this anymore.

She stood up angrily and said coldly, “Have you ever thought that if you do this, Yu Tian will completely give up on the Chu family? Can you bear the blow of this result?”

“Let me tell you the truth. Yu Tian was once on that ship. Once you issue this order, can you bear the anger of the Yu Family?”

Chu Hanmo did not think about this at all. He sneered and said, “If Yu Tian was that legendary person, the Chu family would not have become his enemy. If Yu Tian was not that person, the family would not have suffered any losses.

“My order has already been said. Disobeying me is tantamount to disobeying the rules of the Chu family!

Chu Hui was speechless. The rules of the Chu family could not be disobeyed, but she had the right to see the family head.

She had nothing to say to this ignorant and pretentious Chu Hanmo.

She would speak when she saw the family head.

The other sisters exchanged glances with each other.

If Chu Hanmo used the family rules, they might have to leave Linhai. At that time, it would be impossible for them to help Yu Tian.

At this time, Chu Hanmo took out a stack of documents and said impatiently, “Look at how much money you have spent on Yu Tian. These are the family's resources. I'm ordering you now.

Take back all the resources, including the ones that Yu Tian invested in himself. At the same time, Kick Yu Tian out of the family clan. I say it again. Whoever wants to harm the family's interests is my enemy!

Chu Qing and the others didn't say anything. He could say whatever he wanted to say.

Chu Hanmo stood up and said coldly and proudly, “From now on, I'll take over everything that the Chu family has in Linhai. I'll be in charge of everything. From now on, the few of you are not allowed to meet Yu Tian!

Then, Chu Hanmo asked again, “Where is Yu Tian's Room? Show me!”

Chu Qing suddenly stood up and said angrily, “You can't just go into someone's room. Yu Tian is not a member of the Chu family and is not under your control!

“But he is now a piece of trash raised by the Chu family. Why Can't I go into his room? Show Me Right Now!” Chu Hanmo said arrogantly.

However, at this moment, Yu Tian's indifferent voice suddenly sounded at the door.

“If you dare to enter my room, I’ll let you stay in my room forever!”

When the girls saw Yu Tian, their feelings were especially complicated.

However, Chu Hanmo smiled disdainfully and said, “We may all stay here forever, but you have to move out!”

Yu Tian didn't care about this at all. Their conversation was clearly heard outside the door.

In order not to make things difficult for Chu Qing and the others, Yu Tian returned to his room and stuffed the things that Uncle Long had given him as well as the clothes that he had changed into his bag. When he turned around, he realized that Yu Qi'er had already packed her things and was standing at the door.

“Brother, I’ll go with you. I’ll Go Wherever You Go!” Yu Qi'er's tone was firm without the slightest hesitation.

Yu Tian smiled and pinched her little face, saying indifferently, “Let's go. I’ll bring you to explore a world that truly belongs to us!”

Yu Qi'er chuckled, and the two of them went downstairs together, preparing to leave.

However, Chu Hanmo followed up with a request, “Leave the phantom ghosts and those luxury items on your sister. These are all things belonging to the Chu family. You Can't take them away!”

What was so great about it? Yu Qi'er threw the necklace, backpack, and everything else on the table.

When Chu Qing and the others saw this, their hearts were already filled with tears.

Yu Qi'er snorted coldly and said, “I don't care about these. My brother will also buy them for me!”

Chu hanmo sneered and said with disdain “Then let's see if he has the ability to do so. Oh right, you can't go to that school either. In fact, as long as it's close to the Chu family, none of you can go!”

Yu Tian didn't care about this at all. He just wanted to teach Chu hanmo a few words, but Chu Hui suddenly held his hand..

?Chapter 187 – : Chapter 187, True Love For True Heart

Thank you readers!

Chu Hui held Yu Tian's hand tightly and shook her head with tears in her eyes. She said in a low voice, "Brother, don't say anything. Don't ever say anything. Any decision you make will affect the life and death of the Chu family."

"I will immediately go to see the family head. You have to bear with it for a few days first. I promise that I will definitely make you come back. Trust me!"

Yu Tian understood that if he said something that was absolutely out of anger, it was very likely that the Chu family would suffer a fatal blow.

Therefore, Yu Tian swallowed the words that were about to come out of his mouth. He held his sister's hand and the two of them left the villa without looking back.

Chu Hanmo's face was filled with disdain as he said disdainfully, "I will drive that Phantom Phantom from now on. Look at you people. You can give away a supercar that is worth tens of millions!"

"I'd like to see how Yu Tian will live if he leaves the Chu family? You'll know how useless he is when the time comes. Haha!"

The few women didn't want to listen to his nonsense at all. They all went back to their own rooms.

Soon after, Chu Hui dragged the few women into her private group.

Chu Qing immediately said, "What should we do now? Are we just going to watch him get chased away?"

Chu Xin, who had always been very calm, said at this moment, "Qing'er, don't be anxious. There must be a level behind this that we can't imagine. Think about it. Is the family head stupid to dare to attack Yu Tian like this?"

Chu Hong added, "I think so too. I just don't know what the family head is thinking right now?"

Chu Hui said, "We don't have any idea even if we guess like this. I'll go to the imperial capital tomorrow to see the family head. During this period of time, you have to control yourselves. Don't provoke that Chu Hanmo. Let him show off as much as he wants!"

At this moment, was strolling in the neon lights of the city with his younger sister. He felt especially relaxed.

Yu Qi'er asked as they walked, "Brother, where are we going now?"

"Do you even need to ask? Let's find a place to stay first!"

After saying that, Yu Tian gave brother long a call.

Previously, Brother Long had just received the order from the Chu family to take back the casino. Now that he had tidied up his things, he led his brothers out of the casino.

The call went through, and brother long said respectfully as usual, "Boss, it's good that you have a falling out with the Chu family. You Don't have to look at their faces every day. Where are you? I'll bring my brothers over to see you

He didn't expect brother long to be so generous at such a critical time.

Yu Tian said indifferently, "There's a plate of fragrant restaurant near me. I'll bring my sister to have some food!

"Okay, boss. I'll be there immediately!

Half an hour later, brother long walked into the restaurant. His arm was still wrapped in gauze. When he saw Yu Tian, he immediately bowed and said, "Boss, I'm Here!

Yu Tian picked up some food for Yu Qi'er and said indifferently, "Don't call me boss. I'm not that rich man anymore!"

These words made brother long feel uncomfortable. Without saying anything, he took out a bank card and placed his hands on the table.

He said slowly, "Boss, there's 20 million in this card. It's the coffins that I've saved up over the years. You can spend it first. As long as I'm alive and have some soup to drink in the future, I guarantee that you'll have a bite of meat to eat!

Yu Tian's heart was still warm. He smiled and said, "Thank you. Oh right, find me a place to Live!"

"No problem. I just bought a small villa in Water Bay a few days ago and it was just renovated. It will be yours from now on!" As he spoke, brother long handed the key card to Yu Tian.

At this point, Yu Tian smiled indifferently and asked casually, "I'm just an ordinary person now. Why are you still helping me?"

Brother long pointed at the beer on the table and said with a smile, "Boss, can I have a drink with you?"

"Have a seat!" Yu Tian said.

After the beer was served, brother long raised his glass with both hands and said sincerely, "Boss, actually, I know all the things you did in Linhai. I respect you as a person. I believe that one day, you will definitely soar to the nine heavens.

I also believe that if I follow you, even if there is no return, I can see the side I want to see the most. Boss, let me drink to you!

Yu Tian was moved by these sincere words and drank this glass with brother long.

Brother Long didn't even take a bite. He stood up and cupped his fists, "Boss, I'll go back first. If you need anything, just tell me!

With that, brother long turned around and left.

Yu Tian saw the moment brother long turned around, and his eyes were filled with tears.

A man in his forties, for his own sake, had changed his true nature.

At this moment, Yu Tian remembered.

He had only had two sips of beer when Yan Longwen's call came in.

Yu Tian smiled and said, "Don't tell me about work anymore. I'm no longer galaxy's boss!

Yan Longwen heard Yu Tian's voice and cried on the spot. She shouted angrily, "I don't want to listen to your nonsense. Where are you? Now, tell me. Where are you? I want to see you. Where are you?"

Yu Tian said helplessly, "A plate of fragrant restaurant!

Fifteen minutes later, Yan Longwen walked into the restaurant with swollen eyes.

Before could say anything, Yan longwen cried, "I know. Now, the six-dimensional code project can not be developed. Moreover, Du Tianci and I are leaving the company. Chu Hong has told me everything else.

"Don't say anything else. Bring your sister to my house. I'll support the both of you in the future!

After saying that, Yan Longwen took out a bank card and said firmly, "This is the fifty million that you gave me back then. I didn't touch a single cent of it. If you spend it, won't you be a Phantom? We can afford it too!"

Yu Tian frowned and said, "Can we calm down? Were you drunk before you came? Why are you even drunker than me? Take the money back. I don't need it. I've settled the place where I'm staying. I'm not going anywhere else!"

Yan Longwen picked up the beer and poured it into the bottle. Yu Qi'er frowned and laughed. "Brother, you're not going to care about her. Have you lost your rationality?"

Why should she care about women? Yu Tian did not stop her at all. She just wanted to drink.

At this moment, Qing Xiaowan also called. The umbrella factory was taken back by the Chu family.

Yu Tian thought for a moment and said to Qing Xiaowan, "Come and find me with a plate of incense. I'll arrange for you to stay somewhere else!"

After a while, Yan Longwen was so drunk that she was in a daze. She shoved the card to Yu Tian and stood up. "You're going to be a stinky beggar for the rest of your life. I'll Follow You!"

"No Way? You should go back and sober up first. Why are you talking to me like Tian said helplessly."

However, Yan Longwen did not listen at all and turned around to leave.

At this time, Qing Xiaowan also came. Yu Qi'er whispered to Yu Tian and smiled. "Brother, this beauty has a great temperament. Is her figure okay? Look at her classic beauty. She's really beautiful!"

"Eat your food, don't be like a B * Tian smiled and pushed Yu Qi'er's little head."

Without further ado, Qing Xiaowan also knew about Yu Tian's encounter.

Previously, when Chu Hanmo was putting on a show, he had also mentioned it.

Yu Tian did not want to say too much. After paying the bill, the three of them went to the house in Water Bay, in front of the small villa.

The environment here was really not bad. It was quiet, with a garden and a lake.

Although the villa was not that luxurious, it felt especially warm and fashionable.

Yu Tian smiled at Yu Qi'er and said, "This will be our home from now on!"

Just as he finished speaking, Yu Tian heard the sound of footsteps coming from the surroundings of the villa..

?Chapter 188 – Chapter 188, The People Of Tianba

Thank you readers!

The sound of footsteps could be heard. Yu Tian immediately thought that it must be those Russian assassins who followed Qing Xiaowan to the restaurant and followed her all the way here.

Just as he was thinking about how to kill these Russians, they came to him voluntarily.

Yu Tian asked Yu Qi'er and Qing Xiaowan to go upstairs and find a room to hide in. He then jumped out of the kitchen window and turned to the front of the room.

In the end, he discovered that the people who came were Lian tianlei, Zhuang Xin gang, and a few of Lian Tianlei's junior brothers.

At this moment, Lian Tianlei was knocking on the door.

This made Yu Tian feel helpless. He originally wanted to have a good fight with those old Russians, but in the end, it was them.

Yu Tian turned to the corner of the house and said indifferently, a€?Stop knocking. He's Here!a€?

Everyone was quite surprised. If Yu Tian was not in the house, why did he come outside?

Looking at their strange expressions, Yu Tian found it funny. He led everyone to the garden in the backyard.

Needless to say, Yu Tian knew that they must have been kicked out of the company.

Even Heavenly Thunder did not say this. Instead, he had his junior brothers, two of whom were injured, kneel down to Yu Tian on the spot.

One of them, a skinny black man, said guiltily, a€?Boss Yu, we kidnapped long nianxue. We were all deceived by that bastard Xie Zhanpeng. He told us that he would definitely make a fortune, so we did that!a€?

Yu Tian chuckled and said indifferently, a€?It's great that you can correct your mistakes. In the future, follow your senior brother well. But don't follow me anymore. I'm not a big boss anymore. I Can't afford to support you!

Lian Tianlei was not happy to hear that. He cupped his fists and said, "Boss, you're wrong to say that. You owe me a favor. How can you follow me when you have money? If you don't have money, we'll run away. Was that done by a human?"

Although Zhengmen Zi has become listless, I have never forgotten my master's teachings. I will still follow you in the future!

Zhuang Xin gang also smiled foolishly and said, "Me too. Sister Yan told me that you live here, so I came immediately. I don't have much ability either. With just a word from you, I, Zhuang Xin, will be your lackey. I will not be vague!

Yu Tian nodded slightly. Who said that he had many enemies? There were also many people who were sincere to him.

Since everyone was loyal to him, what else was there to say?

"Have you all eaten? Let's have a drink.

Yu Tian's suggestion received everyone's support.

Zhuang Xin helped to bring his two junior brothers and went outside to buy food and drinks. Yu Tian called Qing Xiaowan and his sister over. Everyone sat around the garden, drinking and laughing, looking very happy.

At the same time, Chu Lanmo also saw the video of them eating. He was so angry that he snorted and muttered, "You guys are quite happy. Let's see how long you can laugh.

Late at night, in the imperial capital, in the Chu family's hundred-hectare Sky Night Manor.

Uncle Long and the head of the Chu family, Chu Aotian, drank a few cups.

Chu Aotian smiled and poured a cup for Uncle Long. He then said in a deep voice, "Old Thing, the last time we drank was five years ago. If you don't drink more with me today, I'll Rip Off Your Old Man's pants. Do you believe it?"

Uncle Long smiled helplessly and said, "You old imbecile. You're already the head of the family, yet you're still so Naughty!

Uncle Long picked up the wine cup and gulped it down.

This burning knife was just like stabbing the throat, and it was also just so satisfying. Uncle Long smacked his lips, he smiled and said, "This time, you're taking a great risk to train my young master. Once he has any thoughts of hatred, that side will be angry.

When that time comes, you know what the Chu family will have to endure. I don't need to say anything more!

Chu Aotian filled Uncle Long's glass and laughed, "How could I not know? Even if Yu Tianzhen really hates the Chu family and brings the Chu family a massacre, it is still worth it for him to truly become a powerhouse.

Our Chu family's destiny was originally for this!

Uncle Long laughed and said slowly, "Why didn't you say that if Yu Tian became a member of the Heavenly Overlord, Your Chu family would enjoy a thousand years of glory and riches. Furthermore, no one would dare to make a move against your Chu Family?"

This sentence struck deep into Chu Aotian's heart. The old man laughed and complained, "Nothing can be hidden from your eyes. However, the test I gave Yu Tian this time also really wanted him to become stronger.

"If he can't stand this little blow, he can't be a person of tianba either. The flowers in the greenhouse will never grow beautifully. Only by experiencing the wind and rain of nature can they grow strong and strong!

Uncle Long also nodded and smiled, "You're right. I hope Yu Tian can understand our good intentions!

In Water Bay, Lian Tianlei told Yu Tian a lot of rumors about jianghu,

Yu Tian felt that it was quite interesting, especially the slang of jianghu. In the future, when he met people from jianghu, he would be able to understand it. Drinking was drinking, but Yu Tian was still thinking about two things.

First, those old Russians, and second, how to make money?

He definitely couldn't let the Chu family look down on him.

Now that he had seventy million in his hands, how should he change this seventy million into more?

Thinking of this, Yu Tian suddenly thought of long Chenyang. He had several projects in his hands to begin with, so he might as well take them out and do them himself. He would earn some pocket money first.

The next morning, Yu Tian woke up and gave long nianxue a call.

Long Nianxue had been hesitating whether she should call Yu Tian or not. Seeing that Yu Tian's call came in, she said carefully, "Yu Tian, what do you want to say so early in the morning?"

Hearing her tone, Yu Tian did not think too much about it. He said casually, "Doesn't your father have a few projects? I want to use them to do them!"

"No projects!"

Long nianxue quickly refused, "My father's projects are all canceled. I Can't help you now. I still have a date. I'm hanging up now!"

With that, long nianxue hung up the phone.

After Yu Tian understood, he only smiled indifferently and did not take it to heart.

After leaving the Chu family this time, he had also seen the true colors of many people.

It was not bad. At least he understood that if he wanted to trust someone, he had to first go through a test.

Just as he was thinking of doing something, Yu Qi'er came to his side and chuckled, "Brother, are you thinking of doing some profitable business now?"

Yu Tian smiled bitterly and pinched her little face.

"You know me better than that. Why, do you have any good ideas?"

"Of course!" Yu Qi'er said with a smug smile, "Starting a nightclub, do you know how profitable it is?"

Of course, Yu Tian knew that nightclubs made money, but he really did not want to work in the entertainment industry. He still wanted to make some quick money.

But at this time, Yu Qi'er showed her talent in business.

She smiled confidently and said, "What we run is not nightclubs, but the value of the entire business. Look at the dozens of nightclubs that Chu Xin manages. Their annual revenue is in the hundreds of millions.

Don't you know why they make so much money?"

?Chapter 189 – Chapter 189 Came Every Day

Thank you readers!

Yu Tian shook his head foolishly.

“I don't know. Why?”

Yu Qi'er knocked on Yu Tian's head helplessly and explained, “That's because Chu Xin has made the nightclub a standard and a habit. Just like when we want to drink drinks, the first thing that comes to mind is coke.

“When we want to eat supper, the first thing that comes to mind is take-out or food stalls. When we want to sing and relax, the first thing that comes to mind is Chu Xin's red fragrance. We have to do the same!”

Hearing his sister say so much, Yu Tian was puzzled. How did she know all these things?

What she said made a lot of sense.

Why not just set up a nightclub? At least this business would be lively.

Thinking of this, Yu Tian stood up and said, “Let's go to the fence yard and see if there's a suitable place to open a nightclub!”

However, Yu Qi'er objected, “Brother, are you really stupid or are you pretending to be stupid? The fence yard is full of nightclubs. Why are you fighting with them? If we want to open a nightclub, we have to find a place with more people!

“Where would there be such a place?” Yu Tian scratched his head. “I was really not suitable for doing business.

“Why wouldn't there be? Come, I'll bring you to a place!

After saying that, Yu Qi'er pulled Yu Tian and left.

An hour later, the two of them arrived at a shopping mall at the edge of Linhai city center.

Standing in the middle of the main road, Yu Qi'er held onto Yu Tian's arm and introduced him in a very familiar manner, “Brother, look at this place. It's currently the most lively and bustling business district in Linhai.

On the left is a pedestrian street, and on the right is a shopping paradise. Behind us is a gathering place for food and beverages. In front of us, there's someone who recently developed a real estate development. Right now, it's selling like hot cakes, and it's surrounded by high-level cbds, this is the potential market..,

look at the surrounding nightclubs. If you're here, do you want to go to the fence yard, or do you want to play nearby?a€?

Yu Tian chuckled and said indifferently, a€?Okay, let's open it here. Let's go and find a place!

He did it without hesitation.

And it went very smoothly. In a special location with feng shui, there was a five-story building with an area of more than 10,000 square meters for sale.

Yu Tian called the phone that was pasted on the door. The person who answered the phone was a woman. She said weakly, a€?Do you want to buy the building?a€?

a€?How Tian did not dawdle.

a€?170 million, no bargaining! a€?The woman only casually said that and did not think that Yu Tian was sincere in buying the building.

However, Yu Tian replied without hesitation, a€?Alright, I've bought it. Come over and make the transaction!

The woman was shocked into silence for a full ten seconds before she said in disbelief, a€?Little brother, I have to remind you. I'll tell you when I'm playing with you.

170 million is not a joke. Are you really going to buy it?a€?

Yu Tian said disdainfully, a€?I have nothing to do. I'm just teasing you. If you want to sell it, then come over. If you don't want to sell it, then forget it. Don't talk nonsense with me!

The woman was silent for a moment before she said, a€?Alright, wait there. I'll go over now!

After hanging up, Yu Qi'er grumbled softly, a€?Brother, where do we have so much money?a€?

Yu Tian smiled disapprovingly and said, a€?Let alone 170 million, I don't even want to give her 17 million. We'll talk about it when she comes!

Half an hour later, a plump woman in her fifties arrived with two men.

When she saw Yu Tian, the woman sized him up. 1a€“10w could a young man afford such an expensive property?

Thinking of this, the woman asked in disdain, "Were you the one who made the call?"

Yu Tian looked at her with a particularly hateful gaze and said disdainfully, "I was the one who made the call. So what? What do you have to say?"

The woman snorted coldly, she said in a warm and angry voice, "I was thinking about how rich you guys are. So You're two kids. Didn't you say that you wanted to buy a property? 170 million, can you guys afford that? If you say that you can't afford it, then there's no need to look at our building. Just treat it as me being played by you guys this time!"

Who Didn't want to take a look at a building first? Yu Tian said coldly, "There's a lot of nonsense. Open the door and let me take a look first!"

At this moment, one of the men brought by the woman said with a grin, "Look, it's fine. If you don't buy it after seeing it, then you have to show me the money for the room. Don't you want to see it? Come, I'll show you!"

After saying that, the woman opened the door and Yu Tian walked in to take a look with a relaxed expression.

The area was really not small. It could even open a shopping mall, and the location was especially good.

Yu Tian was very satisfied, but he still shook his head and said, "No, the lighting isn't good. I'm not satisfied. The stairs are too narrow. I'm not satisfied. The hall on the first floor is too small. I'm not satisfied. Forget it, I won't buy it!"

After saying that, Yu Tian held Yu Qi'er's hand and was about to leave. The woman immediately glared at them and said coldly, "If you don't give me the money to look at the room today, I'll see if you can leave this place. Q

"I've already seen that you can't afford it. You Brought Your Little Lover Here to act pretentious. Don't you see that I'm someone to be trifled with?" "Get Me the money immediately. Otherwise, I'll break your limbs today!"

The man who opened the door swung the chain in his hand and said with a cold and evil face, "What? Didn't I say anything about you guys? You actually tricked us. I think you don't want to live anymore, right?"

Yu Tian's heart was bursting with joy. He was just waiting for them to get angry and act pretentious. Otherwise, how could he let them know his methods?

If he didn't know his methods, how could he bargain?

Therefore, Yu Tian didn't dawdle with them. He directly roared, "I think you guys don't want to live anymore, right? Fine, let's see who dies today!"

As soon as he finished speaking, Yu Tian suddenly rushed to the front of the man. He directly kicked the man more than ten meters away and fainted on the spot.

Before the other man could react, he was hit by Yu Tian's uppercut. He was suspended in the air and fell heavily to the ground, foaming at the mouth.

Yu Tian seemed to have gone mad. Not only did he knock down the two of them, but he also swung his fists and kicked.

The concrete staircase was smashed into smithereens by the kick. Several holes were made in the half-meter-thick brick wall, and the ground was filled with holes.

The woman was so scared that she wet her pants. Was she even human?

Yu Qi'er came to her side and said with a distressed expression, "My brother is really anxious this time. Last time, he was so anxious that he tore down a building that was more than twenty stories tall. I'm afraid that your building will also be torn down by him!"

The woman cried and pleaded, "Then quickly go and control him. This building is a bonus given to me by the developer. If you want to buy it, the price is negotiable. Can you quickly not let him smash it?"

"I can't control it. Tell him yourself. Besides, my brother never pays for smashing things. He is mentally ill. If you don't let him be satisfied, he will have to come and smash it every day for the rest of his life!"

Hearing Yu Qi'er's words, the woman felt like dying.

She had been playing mahjong well at home, but she was beaten up by a lunatic.

The point was that this lunatic was born with brute force.. who could smash a brick wall with their bare hands?

?Chapter 190 – Chapter 190, The Black Ship

Thank you readers!

The woman was about to break down. Mental illness was not scary, but what was scary was that no one could control a mental illness.

Yu Tian shouted angrily as he smashed, "Break my limbs. From today onwards, I will cripple one of you every day!"

Hearing this, the woman gritted her teeth and shouted, "Hero, stop smashing. How much do you want to buy it for? Can I sell it to you?"

Yu Tian instantly calmed down. He turned around and said calmly, "10 million!"

The woman was dumbfounded. Was he mentally ill?

Why was it happening in waves?

He had to hurry and take advantage of the fact that he was sober now. More was more.

Thus, the woman said with a distressed expression, "10 million really isn't enough. I spent 30 million in the developer's hands!"

Being too lazy to talk nonsense with her, Yu Tian said coldly, "Then come and smash it once every day until you agree!"

"Sell it!" The woman said without hesitation, "Hero, you don't have to smash it anymore. I'll sell it for 10 million!"

After the agreement was signed, Yu Tian transferred 10 million to the woman on the spot.

The woman felt her heart bleeding. She gritted her teeth and left with her two followers who had also become mentally ill.

Yu Tian said proudly to Yu Qi'er, "I told you she could be sold!"

"Yes, you're amazing. I've never seen you bargain like this. It's so easy to get someone killed!" Yu Qi'er said helplessly.

It was useless to say less. Yu Tian then called Brother Long and asked him to find a renovation company.

Brother Long was very happy when he heard that Yu Tian was going to open a nightclub.

With Yu Tian's strength, if he opened a nightclub, the other nightclubs in Linhai would probably close soon.

After the renovation company had a detailed communication with Yu Tian, they immediately started work.

At the same time, in Chu Qing's office in Tianhai Group, Chu Hanmo said with disdain, "Opening a nightclub is quite wild. I want to see if he can open a nightclub."

Chu Qing said with a cold and angry face, "Now Yu Tian has nothing to do with the Chu family. Do you still want to mess with him? Let me remind you that people from the defense department can not participate in the company's management business. This is the family rule. Don't tell me you don't know?"

Chu Hanmo sneered and put his feet on the desk, he said, "It's not your place to tell me about the family rule. I said that all the business of the Chu family in Linhai is up to me. If you want to go against my words, get the hell back to the Capital Now!"

Chu Qing, who had reached the end of her patience, wanted to say something, but she was dragged out of the office by Chu Xin.

Walking into the empty lounge, Chu Xin comforted her in a low voice, "Qing

c

er, Sister Hui has already gone to the imperial capital. Can't you endure it for the past few days? Yu Tian isn't that fragile. It's not something he can do as he pleases.

"Right now, we have to remain calm and not cause trouble for our younger brother!

Tears rolled down Chu Qing's face as she said sadly, "Have you forgotten the way he looked when he left that day? That's our future man. Can you let it go?"

Chu Xin sighed, "Who said I can let it go? But right now, all we can do is wait for sister Hui to come back!

At the same time, in the hospital, Chu Meng placed a peeled apple in Chu Yue's hand.

However, Chu Yue threw it on the ground and shouted angrily, "I want to see Yu Tian!

Chu Meng looked around and said in a suppressed voice, "We all want to see Yu Tian, but with that bastard Chu Hanmo around, we can't see him. Moreover, whether Yu Tian can come back or not is up to you!

Not knowing what she was talking about, Chu Yue frowned and asked, "Speak more clearly!

"Last time, you almost died. The Black Flag Army almost wiped out the Chu family. Do you still need me to teach you how to do? Meng said as she placed the knife on the table and left.

Chu Yue narrowed her cold eyes. She picked up the knife, found the right spot on her wrist, and cut it without hesitation.

There would be a lot of blood flowing from this spot, and it was very fatal. However, Chu Yue was not afraid. For Yu Tian, everything was worth it.

If they really could not be saved this time, then they would let the Chu family be buried together with the wrong decision.

Since they were going to break up with Yu Tian, then they would break up with him to the end.

Yu Tian looked at the dark sky and the flashing thunder. He felt especially depressed.

At this moment, Yan Longwen called him and said incoherently, "Yu Tian, you committed suicide!"

Yu Tian frowned suddenly.

One of the 108 sisters had died, and the entire Chu family was on the verge of collapse. What exactly was Chu Yue trying to do?

Without a word, Yu Tian went straight to the hospital.

At this moment, the higher-ups of the Chu family felt as if an earthquake had struck. Meanwhile, Chu Aotian's eyes and face were exploding. Who would have thought that Chu Yue would commit suicide for Yu Tian at this time?

Could it be that she had thrown away the lives of the entire Chu family? She was simply too impulsive.

But at this moment, someone reported, "Family head, the whirlpool on the sea level has opened. This time, a black ship has appeared!"

Chu Aotian collapsed to the ground. He had really miscalculated this time.

Uncle Long frowned and entered the night flower hall with a few elders. In front of hundreds of the higher-ups of the family, he berated, "This time, even if God Daluo came, he wouldn't be able to save your Chu family's life!"

The black ship was our family's divine ship. You know what it means to go out to sea personally this time!

A white-haired elder beside him said coldly, "This means that even if Chu Yue doesn't die and the 108 sisters remain intact, they won't be able to continue to enjoy the family contract."

It could be seen how difficult the pressure the Yu family was under. Aotian, your adventure this time has brought a fatal blow to the family. From now on, you are no longer the family head. Give up your position!

Chu Aotian knelt on the ground, he said sadly, "Yes, Grandmaster. I will hand over the position of family head immediately. However, I also want to live and die with the family. I have miscalculated this time. I will go and plead with the Lord. It is better to lose me than the entire family!

The white-haired elder snorted coldly, "Do you think the lord of the Yu family will agree? Look at what you have made the 108 sisters suffer. Look at what you have done. I will cripple you now!

With that, the elder suddenly exploded with an earth-shattering aura, shaking the entire thousand-meter-long hall violently.

Uncle Long saw it and hurriedly stopped him, "Old Thing, what are you doing? I haven't even said a word, and you're already making a move. Do you not take my uncle long seriously?"

The white-haired elder retracted his aura, and only then did everyone feel a little relieved.

Uncle Long said, "Chu Yue is still alive. I'm going to see the family head. I believe that with my old face, I can still get a chance. Aotian, you don't have to blame yourself. Your intentions were good, but it's a pity that the person you asked to go is evil. It's all because of Chu Hanmo.

"Let's not talk about this now. Immediately arrange a helicopter for me. I'm going to see the family head now!

Chu Aotian hurriedly ordered and arranged a helicopter for Uncle Long.

Linhai, in the hospital.

Yu Tian was at the door of the ward when he was stopped by Chu Hanmo. This good-for-nothing sneered and said, "What are you doing here? The Chu family has nothing to do with you now. You should go back. I can't let Chu Yue

See You!
