?Chapter 191 – : Chapter 191, Return To The Chu Family

Thank you readers!

Chu Hanmo's expression was as if the whole world wanted to respect him. To Yu Tian, it was as disgusting as it could get.

Even Yu Tian felt that it was beneath his dignity to speak to someone like him.

Then, he said indifferently, "I can see whoever I want. It's none of your business. Now get out of my way. Don't talk nonsense with me!"

Chu Hanmo sneered and closed the door. He looked at Yu Tian with disdain and said, "What? Do you still dare to hit me? Don't think that everyone in the Chu family will put you in their eyes."

"I, Chu Hanmo, won't eat you. To be honest with you, the Chu family has developed to this day. What's there to be afraid of? Why must there be a Master? Don't tell me that we don't have the strength to fight back?"

"In my opinion, you are just a vase being held in someone's arms. Even if I break you, what can I do? The Chu family needs this opportunity. I want to show you, Yu Tian, that under my leadership, the Chu family doesn't need to be your slave at all!"

After saying so much, Yu Tian did not understand a single word and did not want to listen to his nagging.

He directly reached out his hand and pulled Chu Hanmo to the side. He ignored the obstruction and walked into the ward arrogantly.

However, there was no one in the ward. Chu Yue was not there at all.

Chu Hanmo laughed wildly and said, "I've said it before. I won't let you see her. I've already sent Chu Yue back to the imperial capital. Soon, Chu Qing and the others will be transferred back to the imperial capital by me. What can you, Yu Tian, use to compete with me?"

Yu Tian shook his head helplessly. Although he did not see Chu Yue, it was enough to know that she was still alive.

As for this Chu Hanmo, Yu Tian looked at him coldly. He suddenly felt that he was courting death.

If he did not make a move against him, then how could he not have a personality?

But before he could make a move, Chu Qing and Chu Xin appeared with more than ten security guards.

Chu Qing was both proud and angry. She said coldly, "Take down Chu Hanmo for me!"

The security guards surrounded Chu Hanmo.

However, Chu Hanmo shouted coldly, "Are you trying to rebel? I'm Chu Hanmo from the Chu family's Defense Department. Even the family head has to listen to me. I want to see who dares to touch me!"

Chu Qing came to Yu Tian's side and said affectionately, "Brother, it's been hard on you these few days. The family head has already issued an order. Chu Hanmo has been expelled. Now he's no longer a member of the Chu family!"

Yu Tian still felt that it was a little boring. He hadn't even started playing with him and was already expelled.

However, Chu Hanmo didn't accept it at all. He was like an angry beast, shouting and shouting.

"Chu Qing, you're talking nonsense. The Defense Department was jointly established by the family's higher-ups. Do you think that the family head's words are effective? He doesn't have the right!"

Chu Xin saw that Chu Hanmo was completely hopeless and sighed, "This order was jointly decided by the family's higher-ups. You didn't even think about the family's interests."

"On the contrary, some of your actions have caused the family to enter an extremely awkward situation. You even want the family to break the tradition that has existed for thousands of years. Do you know that the family still doesn't know if they have the chance to continue existing."

"The Order of the family head is very clear. We'll take you down first and then see what the Master Wants!"

The security guards immediately took action and tied Chu Hanmo up.

Chu Hanmo was not convinced. He jumped up and down and struggled, scolding Yu Tian angrily.

“Don't be complacent. I Won't give up. You're a bastard with an unknown background. As long as I'm alive, you can't even think about getting into the Chu family's boat!”

Yu Tian looked at him coldly and said arrogantly, “Then you'd better wait until you're a ghost and continue to pretend with me!”

Chu Hanmo was dragged away by the security guards like a dead dog.

At this time, Chu Qing said excitedly, “Brother, now that we have restored all your identities, the family head asked me to convey his apology to you!”

Yu Tian was especially indifferent now.

He shrugged his shoulders and said with a smile, “I don't care about this at all. Moreover, I want to make my own world. I Won't go back to the Chu family!”

Chu Xin gently held Yu Tian's arm and muttered, “Little brother, the fate of the Chu family is in your hands. If you don't come back, the Chu family won't be able to overcome this crisis!”

She was still talking about the most vulnerable part of Yu Tian's heart.

Even if he didn't care about the other members of the Chu family, he couldn't give up on these 108 sisters. They didn't have any objections to him.

It wouldn't make sense if the fate of these sisters changed because of some decisions.

Therefore, he nodded and said helplessly, “You can restore my identity, but you also have to tell your family head that if any Defense Department member tries to act pretentious with me again, I'll personally kill Your Chu family!”

Chu Qing smiled and said, “You're willing to part with these sisters?”

Yu Tian scratched his head and chuckled, “Other than you 108 women, the rest are all done!”

Meanwhile, in the imperial capital, at the Sky Night Manor.

More than a thousand people gathered in the manor. They were all the elites of the Chu family from all over the world. However, they were not qualified to enter the hall, so they could only wait outside.

At this time, the helicopter landed in the manor. Uncle Long hurriedly separated the crowd and walked into the hall. He shouted to Chu aotian, “Follow me, quickly, quickly!”

Chu Aotian felt as if his body was being pressed down by a huge rock. He felt extremely heavy, so he got up and followed Uncle Long into the helicopter.

Under everyone's gaze, the helicopter hovered in the air and headed to the beach at the fastest speed.

An hour later, Chu Aotian looked down at the ground. A black ship that was the size of five aircraft carriers was floating on the surface of the sea in an extremely terrifying manner.

Uncle Long said proudly, "My clan's godly ship, the blazing flame, my master wants to see you. You must take a bath and change your clothes. When you see the master, you must not look up to him, and you must not turn your back on him!"

Chu Aotian felt like he was not meeting the master, but the emperor.

But there was nothing he could do. This was the rule of the clan for thousands of years, and it had always been the same.

Under the lead of Uncle Long, Chu Aotian took a bath in one of the cabins and changed into a white robe before arriving at the Hall of heavenly domination.

In the hall that was as big as a basketball court, there was only a white-haired man who was reading a book. The surroundings were empty, but it was filled with an extremely heavy pressure.

Chu Aotian quietly walked into the hall under the signal of Uncle Long. He bowed his head and cupped his fists. He said with incomparable respect, "I, Chu Aotian, pay my respects to Master!"

The man did not even look at him and said indifferently, "How dare you test my son's fate. You even almost made the lives of the 108 sisters disappear."

"Aren't you afraid that I will shatter your Chu Family?"

Chu Aotian was terrified and quickly begged for mercy, "I admit my mistake. Please give the Chu family a chance!"

"A man snorted, "Last time, one of the 108 sisters almost died. It caused my enemy to create a lot of pressure on me. This time, it's the same.. Do you still want me to give you a chance?"

?Chapter 192 – Chapter 192, Order Of The Heavenly Overlord

Thank you readers!

Chu Aotian was so frightened that his liver and gall were torn apart. He hurriedly knelt on the ground and kowtowed on his forehead. He begged for mercy, "Master, I admit my mistake. If you want to blame me, I am willing to hand over my life. I only wish to spare the entire Chu family. I have no other request!"

The Man's eyes swept coldly and he said arrogantly, "My Son is a heaven defying order. Even the heavens can not be disobeyed. You slaves still want to test my son?"

"The 108 sisters are the existence of Ying Tian, and they are also the 108 people that I personally appointed. In Your Chu family, their status is higher than yours, yet they created a defense department to create pressure for my son. I think your Chu family is really going to rebel!"

Chu Aotian was about to cry. Cold sweat dripped down his neck and fell onto the ground.

The man closed the ancient book in his hand and said coldly, "Everyone in the

Defense Department must die, and everyone who created the Defense Department must die as well. Anyone who makes an enemy out of my son must die.

"From now on, the entire Chu family will live by my son's side as slaves. Uncle Long will pass my heavenly tyrant order to my son. The Heavenly Tyrant Order has the orders of tens of thousands of people in the Chu family. My Son can kill all of you slaves at any time!"

Chu Aotian was terrified. The heavenly tyrant order was really scary. Whoever's name was written on it would die.

This time, he really triggered the anger of the Yu family. Fortunately, Yu Dian did not give the order to kill, so the Chu family still had a chance.

He hurriedly kowtowed and thanked him, "As you wish!"

"Stand down!"

"(Yes!"

Chu Aotian could not turn around and leave directly. He kept his head down and retreated to the door. After he left, he wiped the cold sweat off his face and finally felt relieved.

He followed Uncle Long into the hall and also bowed his head and cupped his fists. He said respectfully, "Master, this old servant is also in the wrong this time. Please punish me, Master!"

Yu Dian said slowly, "You are also old and muddle-headed. How can you let the Chu family do whatever they want? I kept you here so that you could suppress the Chu family at all times. Yet, you went against my son, Yu Tian, with them."

"If it weren't for the fact that you have served the Yu family for many years, I would have taken your life right now and sent the heavenly tyrant order to my son, Yu Tian. There will never be a next time!"

Uncle Long hurriedly nodded in agreement and then asked in a low voice,

"Family head, can I see Yu Tian this time?"

Yu Dian was silent for a moment, then he sighed and said sadly, "Forget it. I want to go back immediately. The Yu family is currently competing with the opposing forces. I Can't let my emotions get the better of me at this time."

"There will naturally be a time to meet my son. There's no need to rush now. You Can't tell my son that I'm here. Just pretend that I never appeared. You Can Leave Now!"

"Yes, Master!"

After uncle long left with the heavenly overlord token, Yu Dian looked at the sky outside the window and said indifferently, "My son, I've been longing to reunite with you day and night. But now, I have more important things to do. Don't hold a grudge against me. You will understand my intentions in the future!"

After a long cry, the ship turned and sank into a whirlpool as if it had never appeared.

At the same time, the news that Yu Tian had regained his identity spread across Linhai.

It was still in a fragrant restaurant and the same table as the other day.

Brother Long, Zhuang Xin gang, Lian Tianlei, Yan Longwen, Qing Xiaowan, and Yu Qi'er were all seated.

Yu Tian casually took out a stack of bank cards and threw one to brother long.

He smiled calmly and said, "You gave me 20 million when I was in trouble. Now, I will give you 200 million!"

Brother Long was shocked. He took the bank card and said excitedly, "Boss, I knew you would soar to the sky. I also know that following you is the wisest choice in my life!"

Yu Tian also gave Yan Longwen 300 million, Zhuang Xin gang 100 million, even Tianlei 100 million, and Qing Xiaowan 100 million.

Everyone was extremely excited.

Yu Tian raised his glass and smiled. "Cut the crap. From now on, we are truly on the same side. Good Sisters, Good Brothers, Cheers!"

Just as everyone was chatting and laughing, two people walked in from outside the door. It was long nianxue and long Chenyang.

Yu Tian could guess what these two people were here for, but it seemed impossible.

Long nianxue still had the same troubled expression, and long Chenyang still looked like a slave. But now, Yu Tian felt that it was especially fake.

Zhuang Xin looked left and right, but no one gave up their seats. He stood up in a daze and wanted to give up his seat, but Yu Qi'er pushed him and ordered, "What are you doing? Eat your food, don't move!"

Long Chenyang still forced himself to smile and said, "CEO Yu, I really don't know what happened to you before. I only found out when I went to the company to deliver the report today. Hurry up!"

One sentence was full of loopholes, and Yu Tian could not listen to it anymore. He directly interrupted and said coldly, "Stop wasting time. Just tell me what you want to do."

Seeing that Yu Tian's tone was cold, Long Chenyang gave long nianxue a push. It was better to let her speak.

Long nianxue also knew that she had made a mistake in abandoning Yu Tian back then. Who would have thought that Yu Tian was now the big boss again.

She said awkwardly, "Tian ge, actually, we..."

"You don't have to speak anymore. I don't want to listen to you right now!" Yu Tian picked up an abalone and took a fierce bite. He then said, "Didn't you guys not have any projects to do? I don't have any projects for you either!" His words immediately cut off the father and daughter's thoughts.

It was like a knife stabbing into their hearts.

Before long nianxue could plead, Yu Tian scratched his forehead and said disdainfully, "Oh right, I have to take back the Red Moon that I gave you."

Longwen, I'll give it to you!

Yan longwen clapped her hands happily. Long nianxue was about to cry. Long Chenyang said with a sad face, "President Yu, you gave the Red Moon to nianxue. How can you take it back?"

Yu Tian slammed his chopsticks on the ground and said coldly, "I only give my things to my own people. You're not. Get Out Now and don't Let Me See You Again!"

As soon as he said that, Lian tianlei wiped his mouth and stood up. "My boss has spoken. Are You Coming?"

Long nianxue wanted to beg Yu Tian to give her a chance, but she quickly pleaded, "Tian, I know I'm wrong. Please forgive me this time!"

Yu Tian completely ignored her. Yu Qi'er snorted coldly and said, "You don't deserve to be with me through thick and thin. You Don't deserve to be rich and powerful. You should leave quickly. Don't Be Annoying Here!"

The two of them could only leave dejectedly.

After walking out of the restaurant, Long Chenyang began to scold long nianxue.

"What do you think you were thinking at that time? You treated Yu Tian like that. You deserve to be scolded today. I've told you long ago that being greedy for vanity can only bring you harm. What did you get now?"

"The projects worth hundreds of millions are gone. Moreover, we have become the laughing stock of others now. Do you still have the face to see others in the future? Will there still be anyone who will cooperate with us? I really made you so angry that you're going to die!"

Long nianxue lowered her head and wept. She felt that she deserved it. The wealth and glory that was placed in front of her had been missed by her. Was there anything more painful than this?

At this moment, a black shadow flashed behind them, and two daggers stabbed into their bodies..

?Chapter 193 – Chapter 193, Mysterious Employer

Thank you readers!

When the waiter at the entrance of the restaurant saw the two people lying in a pool of blood, he was so frightened that he screamed on the spot.

Yu Tian brought his men to the entrance to take a look. Now, he did not care about those useless things. Saving people was more important. He immediately went forward and sealed the two people's bloodlines with golden needles.

“Send them to the hospital. Tianlei, Xin Gang, Send Longwen and my sister home!”

After saying that, Yu Tian asked the pale-faced waiter.

“Did you see who did it?”

The waiter said fearfully, “A few foreigners in suits, they went that way!”

Yu Tian did not say anything and followed the direction the waiter pointed to, directly chasing after them.

After chasing them to the vicinity of a shopping mall, they finally saw their shadows.

These two old Russians also knew that Yu Tian was following them. They even turned around and gave Yu Tian the middle finger. After putting on an unbridled act, they turned around and ran into the shopping mall.

Yu Tian followed closely behind. However, this was a shopping mall. He could not make a move as he was afraid of harming the innocent.

The old Russians were very fast. They turned around and walked into the men's wear section before disappearing.

They ran quite fast.

Yu Tian snorted coldly. He looked around but could not find anyone.

At this moment, Yu Tian found a salesperson holding an old Russian suit and was about to throw it away.

Yu Tian grabbed it and asked coldly, “Where is the person in the suit?”

The salesperson said inexplicably, “He left after buying the suit. It's such a pity that they don't want such a good suit!”

Yu Tian chuckled and threw the suit to the salesperson.

It could be seen that the old Russian wanted to make a move on the people around him.

However, he did not confront him directly.

Yu Tian looked around and also went to buy a suit.

Then, he sent a message to the 108 sisters group.

“Sisters, are there any who are working in the Russian Country?”

Someone immediately sent a message.

He opened the message and saw that it was from Chu Ya.

“Little brother, do you want to come to the Russian country to play? I'll pick you up!

Yu Tian replied, “Which is the biggest mafia in Russia?”

Chu ya replied, “There are two. One is the Alexei family, and the other is the Akayev family. Both of them are the little brothers of our Chu family. Little brother, have they provoked you? “Q “I'll immediately bring people over to kill them, not leaving even a chicken or dog alive! Damn, this woman was really ruthless.

Yu Tian smiled and said, “There's no need for that. Help me ask if these two families have sent people to Linhai?”

“Alright, brother, Wait a moment!

Mose City, Russia, CBD building, city in the sky.

Chu Ya put down the phone and looked up at the few modern girls in front of her and ordered, “Call Alexei immediately. Akayev, get your ass over here!

The few girls immediately nodded and left.

Half an hour later, the two girls walked into a bar. The dozen or so men in leather clothes who were drinking did not say a word and started to fight with their weapons.

In the end, they were punched and kicked by the two girls, causing blood to flow out of their noses and mouths. They knelt on the ground and begged for mercy.

On the other side, a middle-aged man who was drinking casually walked into a hotel with the same two girls, he turned around and smiled at the ten or so bodyguards behind him. “Look, US beautiful girls want to come and have a drink with me. I

Before he could finish his words, a dagger with murderous intent was already placed on his neck.

The woman patted the middle-aged man's bald head and said coldly, “My boss wants to see you!

Linhai, at the Water Bay House.

Yu Tian was about to go to see Chu Yue when Chu ya sent him a video link.

After the call was connected, Chu ya laughed and said, "Brother, I've asked around. No one from these two families has gone to Linhai!"

As soon as she finished speaking, a man screamed, "Oh, don't fight anymore. I really didn't ask anyone to go to Linhai. There are quite a few mafia in MOS."

Chu Ya, can you find someone else to bully? Why are you always picking on

Yu Tian didn't know whether to laugh or cry. This chuya had really stayed in the fighting nation for a long time. Even her character was to fight to the end.

Although these two families didn't do it, they would definitely be able to find out who did it.

He said indifferently, "Ask them. Can you find out which mafioso sent someone to Linhai?"

After a series of screams, Akayev pleaded, "Chuya, I'm convinced. You should ask Alyosha. He's the one who knows!"

Yu Tian followed up by asking, "Who is Alyosha? Tell me clearly, or I, a group of women, will beat you to death!"

Akayev, who was in so much pain that his face was covered in sweat, said with a bitter face and narrowed eyes, "They're almost beaten to death. Alyosha isn't a family. They're an international assassin organization. As long as they have money, they can dig potatoes."

"I heard from others that they took on a foreign business. It should be them!"

Regardless of whether what he said was true or not, Yu Tian still ordered Chu ya, "Go and ask them first. If it really is them, do you know what to do?" Chu ya chuckled and said, "Are you really going to do it?"

Yu Tian quickly cut off the video call. The 108 Sisters of the Chu family were each stronger than the last.

The news was soon out. It was indeed Alosa's people who came to Linhai, and there were twenty of them at once.

They only knew that their employer's surname was Chang, so they couldn't get anything else out of him.

Yu Tian, who was talking to Chu Yue in the hospital, also had some idea.

Among his enemies, only Shui men's Chang Tianyou had this surname. This time, it was very likely that someone from Chang Tianyou had done it.

Chu Yue held Yu Tian's hand and said coldly, Shui men looks like a public relations company, but in fact, it's also an old sect in the jianghu. The people in this sect are all extremely intelligent. You have to be careful this time!

Yu Tian said disdainfully, "What's there to be afraid of? Chang Tianyou died at my hands. No matter how many Chang people there are, they will still die at my hands. It's not that big of a scene. I don't believe that he will be able to produce any big flowers!

At this moment, Chu Meng pushed open the door and entered. She said directly, "Those old Russians have been found, but you don't have to do anything. Have they all been killed?"

"Twenty? All of them are Tian was a little surprised. Those old Russians were all pretty good. who was so strong that they could kill twenty experts at once?"

Chu Meng picked up the mineral water and drank half a bottle in one go. She wiped her mouth and said in a low voice, "That's right. Twenty of them are dead. Blood is flowing out of their seven orifices. I don't need to tell you how they died.

"I have a video here, take a look first!"

After saying that, Chu Meng turned on the phone and showed the video to Yu Tian.

As she watched, Chu Meng explained, "At that time, these twenty old Russians were all eating in this restaurant's private room. In the end, they all died here. The only one who left early was this guy!"

Yu Tian looked carefully and saw that the man who walked out of the private room was in his forties. He was wearing the clothes of a waiter, and his expression was especially smug.

Chu Meng added, "There's no such person in the restaurant. He should be the one who poisoned him!"

Just as they were talking, Chu Ya sent another video.

After the call was connected, Chu ya chuckled and said, "Brother, Alyosha wants to fuck you. He's personally bringing an assassin over.. I can stop him, but there's one person I can't Stop!"

?Chapter 194 – Chapter 194, Let'S See Who'S Ruthless

Thank you readers!

Chu Ya sent this person's information to Yu Tian.

Chu Meng and Chu Yue looked at it at the same time and both gasped.

Yu Tian asked in bafflement, a€?What's wrong? You guys seem to have seen a ghost!a€?

Chu Meng gritted her teeth and said coldly, a€?This guy's name is Boris. He also has a nickname, Scalpel. He's a particularly vicious killer. Countless people in the world have died at his hands!a€?

Chu Yue also added, a€?Many anti-assassin organizations internationally want Scalpel's life, but they never thought that he would actually be in Russia. Legend has it that this guy is like a cat, with nine lives. He can't be killed no matter what!a€?

It sounded like a god, but Yu Tian didn't believe that there was anyone in this world who couldn't be killed?

Yu Tian only replied disdainfully to the two girls'words, a€?I don't care if he's a scalpel or a kitchen knife. He's a useless knife in my hands!a€?

Seeing how domineering he was, Chu Meng had no choice but to remind him, a€?This guy will do anything to assassinate his target. You a€?d better be careful, I'll keep an eye on him for you!

Just as they were talking, Yu Qi'er called and said angrily, a€?Brother, you came to the nightclub. That aunty brought some people and said that she didn't want to sell this place to us. That man even said that I'm a Little Vixen!

a€?How Dare You Call My Sister A Little Vixen? Did I give him some face? Just you wait, brother Will beat him to death right now!

Yu Tian stood up and was about to leave. Chu Meng also stood up and said, a€?I'll go with you!

a€?Don't! a€?Yu Tian hurriedly stopped her and explained, a€?I want to do this business by myself. I don a€?t want the people from the Chu family to get involved. You stay here with Chu Yue, I'll go by myself!

Chu Meng was helpless and could only nod.

Phantom ghost came to the entrance of the nightclub. Before he entered the room, he saw a group of kids standing at the entrance. They were noisy as if they were on steroids.

In the room, the aunty was shouting, "I'm telling you, either return the place to me today, or give me more money. Otherwise, don't even think about starting work! Y ?"

Don't you have a mentally ill brother? I also have a mentally ill brother. Even if you invite the Great Luo immortal today, don't think about continuing to act pretentious!

Yu Qi'er was not afraid of her arrogance. She raised her chin and frowned, "You signed a contract with us that day. It's impossible for you to go back on your word. I Won't give you any more money!"

The aunt sneered and said, "Aiyo, you little girl, you still have the nerve to talk about a contract with me. That lunatic of yours used the method of demolishing a building to scare me. That's why I signed the contract with you. It doesn't count at all. If you want to sign it, you have to give me an extra cent today. Only then will I sign it with you!"

As she spoke, a man with a fierce face, a head full of scars, and facial features that looked like cramps said in a low voice, "Little Vixen, take those trash and get lost immediately. Otherwise, I'll fall to your death!"

Before he finished speaking, Yu Tian who was at the door shouted, "You have such big words. If you have the guts, you can fall and let me see!"

Everyone turned their heads. Yu Tian was about to enter the house, but those little B * stards did not know how to make way.

Yu Tian was anxious. He immediately swept his leg and kicked down more than ten people. Following that, he grabbed a red-haired man's neck and swung down more than ten people.

Following that, he threw the unconscious red-haired man behind him and Yu Tian strode into the house.

The Auntie and Yu Qi'er were capable, but when they saw that Yu Tian was also in a daze, they quickly hid behind the man and said fiercely, "Little brother, it's this lunatic!"

The man looked at the followers outside and chuckled coldly. His facial features twitched, grimacing, he said, "So you're still a patient. I heard that you're quite ruthless. I'm not convinced. I want to see who's ruthless enough. I'm already standing in front of you. Do it!"

Yu Tian knew that this guy was a typical scoundrel when he saw him.

He couldn't be bothered with him at all. He said indifferently, "Get away from me. Don't F * cking disgust me!"

The man smiled shamelessly. He picked up a brick casually and directly breathed on his head. Instantly, his head was bleeding.

Yu Qi'er was so scared that she screamed.

This guy actually had a bloody face as if he didn't know pain. He grinned hideously and said, "Are you F * cking as ruthless as me? I can throw my life here today. I'll F * cking see who's ruthless!"

Yu Tian did not say a word. He raised his hand and punched the fellow, causing him to fall to the ground with his face facing the sky.

This D * mned fellow, why didn't he beat him up!

Didn't he want to see who was ruthless? This time, he would let him see what was ruthless.

This lai bi simply did not get up, he shouted with both excitement and ruthlessness, "Alright, continue to fight. I Won't get up today. If you F * cking have the guts, then beat me to death. Otherwise, you'll be my son for the rest of your life and serve me as a doctor!"

The aunt also shouted, "You hit my brother. Don't say anything else. Take a million dollars to treat my brother's illness first. You're beating a disabled person. You'll die a horrible death!"

Yu Tian laughed and said disdainfully, "This is your request. Then I'll Make Your Life a living hell!"

After saying that, Yu Tian inserted two golden needles, one into Lai Bi's heart and the other into the aunt's shoulder.

The two of them fell into endless pain at the same time.

Even a ghost couldn't bear the taste, let alone a human?

A man and a woman screamed like pigs being slaughtered.

Yu Tian then took out two more golden needles and chuckled, "I'm a crazy person, and I'm different from other people. I like to see other people in pain.

I'll add some more spice for you!"

With that, the two golden needles followed.

The Sour and refreshing feeling made the two of them so painful that they couldn't even make a sound.

They couldn't even see Lai Bi's black eyes anymore. His entire face was twisted like a ghost.

He was still more ruthless than before. Survival was more important.

But now, he couldn't even f * cking beg for mercy. What else could he do.

At this moment, Brother Long, who happened to pass by when he went to eat nearby, also stepped in.

Upon seeing this scene and the two Libby lying on the ground, he immediately laughed.

“Boss, what are you doing?”

After a simple explanation, brother long kicked Libby's head without saying a word and scolded angrily, “Are you blind? You know who my boss is. Are you tired of living?”

When Lai Bi saw brother long, he felt even more pain. Now, he could not live, he could not die, and tears were coming out of his eyes.

Yu Tian casually pulled back the golden needle, and Lai Bi nan knelt at Yu Tian's feet and said as if he had lost his courage, “You are ruthless, you are ruthless, I am completely convinced!”

Yu Tian had nothing to say to this idiot, so he asked the aunt and said coldly,

“Why? Do you still want to continue?”

The middle-aged woman shook her head desperately. She was crying so hard that it was as if she was being trampled on by someone. She said, “No, I won't come again. Please let me go. I know you're good.. I was wrong, okay?”

?Chapter 195 – Chapter 195, You'Re Still The Ruthless One

Thank you readers!

These two were trash. Yu Tian couldn't be bothered with them, he ordered brother long, “Throw the woman out. As for this Lai Bi, didn't he say that he was ruthless? When do you want him to feel that he's not ruthless anymore? When do you want him to be thrown into a mental hospital!”

Brother Long laughed and said, "You're still the ruthless one. I'm convinced!"

Yu Tian smiled and pushed him, complaining, "I usually do charity work. It's not considered ruthless. Hurry up and get rid of them. I look disgusting!"

At this time, the foreman of the construction team came over and said in a low voice, "Boss Yu, we've been working overtime all this time. We'll be able to finish the work in a week. No one will come to cause trouble again, right?"

Yu Tian was getting impatient with his questions.

There were so many enemies. Who knew if there would still be people coming to cause trouble?

Even if there were, what did it have to do with their renovation?

Yu Tian said disdainfully, "You guys do your thing. Don't ask about anything else!"

The foreman hurriedly nodded and left. He had some confidence now.

Brother Long took his men to get rid of the two guys. Chu Hui walked in after him.

Seeing Chu Hui's exhausted face, Yu Tian could not bear to see her get off the plane.

Before he could say anything, Chu Hui did not care how many people were watching and hugged him tightly.

Yu Qi'er took a look and realized that these two were really shameless. They were in public and were making out with each other. She quickly told the workers to leave and not join in the fun.

Chu Hui cried, "God, I missed you so much. I was really afraid that you would be wronged. Luckily, the family head already knew that he was wrong and even asked me to bring you the heavenly overlord Token!"

As she spoke, Chu Hui took out a red cloth bag from her backpack. After opening it, she saw a black metal token.

On the front was the word "Yu". On the back, there was no word, but it was exceptionally smooth.

"What is this?" Tian weighed the token in his hand. It was quite heavy.

"The heaven domination token is the contract between the Chu and Yu families. As long as you write the name of the Chu family on the back of your finger, this person will die immediately!"

So Good!

In the future, if the Chu family were to act pretentious with him, he could just kill them directly. This way, he wouldn't have to do it himself.

Chu Hui added, "This time, the elders of the family are very angry. They almost lost the position of the family head. Moreover, they have already issued a killing order against Chu Hanmo. The Defense Department has also canceled

However, Yu Tian smiled disdainfully and said, "The commotion is quite big. Let's go and see that Chu Hanmo first. I want to see how he died!

Half an hour later, the two of them walked into warehouse no. 5.

Chu Qing and the others also came.

Yu Tian looked at Chu Hanmo. He was like a defeated rooster. He sat there dejectedly. The Bento box on the table was smelly. Perhaps he still felt that his status was not high enough to eat bento box?

Seeing that Chu Hui had also arrived, a trace of excitement could be seen on Chu Hanmo's face. He said smugly, "Didn't you go to see the family head? The family head will definitely make you apologize to me. The Defense Department is the highest management organization of the Chu family.

Back then, it was founded with the support of hundreds of high-level management. Even the family head couldn't do anything to me. Now, you still haven't invited me to leave. I've had enough of this place.

"And you, Yu Tian, you must be wondering why the head of the family didn't do anything to me. I'll tell you the truth. Even if the head of the family is in the wrong, our defense department will still punish him.

"So, don't even think about going back to the Chu family this time, and don't even think about letting the 108 sisters surround you!

After he finished his act, Yu Tian shook his head helplessly. This fellow was really hopeless.

On account of the Chu family, he wanted to give him another chance.

But this guy was really shameless. He didn't care about his life.

Chu Hui also had the same thought. She said expressionlessly, "Chu Hanmo, how can you still be so ignorant at this time?"

“You may not know this, but all the higher-ups supporting the Defense Department have been eliminated. This is also an order personally issued by the family head!

Chu Hanmo was shocked and shook his head suspiciously. He shouted angrily, “I don't believe it. All of you are lying to me. The family head couldn't have given such an order. All of you are lying to me.

“Now, I want to call the family head. I want to personally ask him if all of this is true!

Chu Hui shook her head helplessly. This Chu Hanmo would not shed tears until he saw the coffin.

Yu Tian really did not want to waste time with him, so he took out the heavenly tyrant token.

When Chu Hanmo saw the heavenly tyrant token, he was completely dumbfounded.

He had once seen such a token in the hands of his family. Back then, the head of the Chu family, Chu Aotian, had told him about it.

This was called the heavenly tyrant token. There were only two in the world. One was in the hands of the Chu family, and the other was in the hands of the master.

At this moment, Chu Hanmo finally believed everything Chu Hui said. It was all true. The Chu family had completely abandoned him.

The more he thought about it, the angrier he became. Chu Hanmo completely lost his rationality and rushed towards Yu Tian. He wanted to snatch the token.

However, he was kicked to the ground by Yu Tian. Yu Tian did not want to waste time with him. He flipped over the token and wrote Chu Hanmo's name.

At that moment, Chu Hanmo spat out a mouthful of blood. His face turned pale and he died on the spot without saying a word.

Everyone, including Yu Tian, was deeply shocked.

They had thought that the token was just a joke to increase the mysteriousness of the situation.

However, what was beyond their expectations was that it did have the ability to control the life and death of the members of the Chu family.

It even made Yu Tian feel a little afraid. If this token was in his hands and he could not control his emotions, how many innocent lives would be harmed?

Thinking of this, Yu Tian stuffed the token back into Chu Hui's hands and said indifferently, "Now that I know the power of this thing, you can help me hold it in the future!"

Chu Hui had also guessed Yu Tian's thoughts. She casually took the token and stuffed it into her backpack.

Yu Tian looked at Chu Hanmo, who was about to die, and turned around to leave the warehouse.

When he arrived outside the warehouse, Yu Tian suddenly felt as if there were a pair of eyes staring at him.

He raised his eyebrows and suddenly turned his head, but he did not find anything.

Yu Tian narrowed his eyes, but he did not care. He entered the Phantom and left immediately.

There was nothing to say that night. The next morning, Yan Longwen called. Many network engineering companies came to the company, wanting to contract Xing he technology's network engineering.

An hour later, Yu Tian also arrived at the company.

In the office, Yan Longwen placed the contractors' information on the table one by one.

Chu Hong sipped her coffee at the side and watched quietly.

Yu Tian immediately asked, "Are there any more outstanding ones?"

Yan Longwen took out a document and introduced, "This company's qualifications are passable. Moreover, it's a new company. The service price is at least 10% lower than other companies!"

Yu Tian looked down. This company's name was red matrix. It had only been open for less than a month, and they dared to contract such a large project? They were really bold..

?Chapter 196 – Chapter 196, You'Re A Slave

Thank you readers!

After a simple look at the information, Yu Tian said to Yan longwen, "You can choose this one. As long as it's reliable, it's fine!"

Yan Longwen immediately took the information and went to work.

In the end, the Red Matrix won the project and signed a billion-dollar Internet project with Galaxy Technology.

At the same time, a man who was nearly two meters tall and extremely valiant walked out of the Linhai Airport.

Another man who was in his forties and wearing a suit who had been waiting at the entrance of the airport came up to him and said with a smile, "Mr. Boris, my name is Chang Tianyang. I'm the biological brother of your good friend Chang Tianyou.

"Welcome to the eastern country and help me deal with Yu Tian!"

The corners of Boris's mouth curled up, and a sneer of contempt immediately appeared on his pockmarked face.

"I don't care who you are. If you dare to give me a penny less commission, I'll kill you too. Now, take me to find a few girls and Relax!"

Chang Tianyang narrowed his cold eyes and smiled indifferently, "Okay, please follow me!"

The Fence Yard, the black and red nightclub.

After Boris had enjoyed himself, he directly broke the woman's neck.

While guarding the dead woman, Boris and Chang Tianyang should drink and talk.

Chang Tianyang smiled faintly and said, "Yu Tian has poisoned 20 of your brother's men in a row. He's very arrogant. He even used the power of the Chu family to kill all of you. How do you plan to kill him this time?"

Boris put down his wine glass and sneered with a relaxed expression, "To me, the Chu family is a life that can be taken easily. And I have countless ways to kill Yu Tian.

"As long as you give me my reward, I don't need you to care about anything else. I won't bother to tell you!"

At this point, Chang Tianyang sneered and reminded him, "Yu Tian is not an ordinary opponent. You might not be able to kill him. I'll introduce someone to you!"

At this moment, Ren Jianzhong pushed open the door and entered. The first person he saw was the dead girl. His brows furrowed.

That damned old Russian, he was really vicious.

Chang Tianyang introduced with a smile, "Boris, this is my good partner. He knows Yu Tian very well. I think you should hear what he has to say!"

Boris looked up coldly at Ren Jianzhong and said disdainfully, "Your understanding of Yu Tian is nothing more than the hatred accumulated from the lessons you were tortured by Yu Tian."

"I don't need these at all. I came here to make money. Yu Tian is just a tool for me to make money. There is no one in this world that I can't kill. You better go and get me another girl. I still want to continue enjoying myself!"

Ren Jianzhong felt particularly embarrassed and annoyed. Boris was too good at pretending.

Moreover, the girl that this guy killed was someone from Yi Xueyue.

Since he didn't want to talk to him, Ren Jianzhong didn't want to lick his face either. He gave Chang Tianyang a look and the two of them went outside the private room.

Ren Jianzhong looked around and said in a low voice, "I'm cooperating with you to mess with Yu Tian, not you to mess with me. The girl inside is from the Dark clan. He didn't even say hello and was killed by someone."

"What do you want me to tell Yi Xueyue?"

"What's so great about it?" Chang Tianyang snorted and said disdainfully, "The Dark clan is just a bunch of low-class prostitutes in the jianghu. Why would I put them in my eyes?"

"The Dark clan is not as simple as you think!" Ren Jianzhong lit a cigarette and said through gritted teeth, "If you only think that they are a bunch of prostitutes, then what are you in the Jianghu?"

Chang Tianyang's face suddenly darkened and he said fiercely, "It's not your place to tell me about the jianghu. This time, I will cooperate with you because you also want to kill Yu Tian?"

"Don't be shameless. I want to avenge my brother. If you want to cooperate, then cooperate. If you don't want to cooperate, then forget it. Go and find a few girls for Boris right now."

"Also, get rid of the one in the room!"

Ren Jianzhong narrowed his eyes.

The Beast in front of him was no different from Boris. They were just a bunch of immoral beasts.

Chang Tianyang snorted coldly and reached out to Pat Ren Jianzhong's angry face. He said disdainfully, "Listen to me. There are benefits for you. As a slave, you have to act like a slave. Go and call girls for Boris!"

Ren Jianzhong turned around and left without saying a word.

He had to endure the anger in his heart. Who asked him to choose to work with Chang Tianyang.

When the two of them disappeared, Sisi, who had accompanied Yu Tian before, heard their conversation clearly in another private room.

She immediately called Yi Xueyue.

After taking a shower, Yi Xueyue, who was admiring herself in front of the mirror, suddenly stood up after hearing Sisi's words. She said in an extremely angry and cold voice, "No girls are allowed to touch them. I'll go over right

At this moment, Yu Tian came to the construction site. As he looked at the progress of the renovation, he discussed with Yu Qi'er, "Sister, you have to go to school. You Can't hang around here all day!"

However, Yu Qi'er said firmly, "Brother, I don't want to go to school. Even if I studied for a few years, isn't it all for the sake of a graduation certificate? With sister Chu's words, I can get a diploma from the best university in the world right now.

"Moreover, apart from comparing myself to others, I can't learn anything from that noble school. It's better for me to study by myself. So, I plan to train myself in the society university and not go to that noble school!"

Yu Tian stroked her little head and smiled helplessly, "Now you have the right to choose your own life, but you will always be my good sister!"

Just as the siblings were talking in their hearts, Yu Tian suddenly received an unfamiliar phone number.

After the call was connected, a woman's painful voice sounded. "Are You Yu Tian? I'm Yi Xueyue from the Dark clan. Can We Meet?"

"Sure, where are you?" Yu Tian did not refuse.

Half an hour later, Yu Tian arrived in front of Yi Xueyue's house and gently knocked on the door.

When Yi Xueyue opened the door, Yu Tian realized that this woman's face was especially pale, as if she had been seriously injured.

When he entered the room, Yi Xueyue immediately collapsed to the ground.

Yu Tian could not care less. He lifted her up by her waist and gently placed her on the sofa.

“Where are you injured? Tell me immediately!” Yu Tian took out a golden needle as he spoke.

Yi Xueyue's face was already covered in cold sweat. She pointed at her chest and panted aggrievedly, “Someone hit me here. I feel extremely uncomfortable breathing right now!”

The leader of the Dark Clan, who was usually a big shot in the entertainment industry, was only a woman at this moment. Even when he was injured, he still felt so wronged.

Yu Tian sighed lightly and inserted the golden needle directly into Yi Xueyue's acupuncture point to assist his internal energy. Yi Xueyue soon felt much better.

He asked indifferently, “Who injured you so badly?”

?Chapter 197 – Chapter 197, Benefits Are Mine

Thank you readers!

Yi Xueyue slowly told Yu Tian about her injuries.

Previously, when she went to the black and red nightclub, her own people were killed. As the sect leader, she absolutely could not sit idly by.

She directly entered the private room and saw the girl lying on the ground. Yi Xueyue's heart felt like it was being stabbed by a knife.

Everyone who followed her had a hard life. Otherwise, who would be willing to do such a thing.

Yi Xueyue said angrily, “You two animals, what right do you have to kill people? The underworld is not a place that you can kill as you wish. None of you can leave this place today!”

Boris did not care about this at all. Instead, he was deeply captivated by Yi Xueyue's temperament.

This guy licked his lips and endured the heat in his throat. He got up and hugged Yi Xueyue.

Yi Xueyue, who was already prepared, suddenly raised the dagger in her hand and went straight for Boris'neck.

However, she still underestimated the power of the scalpel. She was directly hit in the chest by his fist and fell heavily to the ground.

Boris laughed arrogantly and said, "You women are not suitable to hold a knife. The bed is more suitable for you. Since you took the initiative to come and make out with me, then I will fulfill your wish!"

Just as he was about to make a move against Yi Xueyue, Ren Jianzhong rushed into the private room, threw the two bottles of strong wine in his hands onto Boris'face, pulled Yi Xueyue up, and ran out of the private room.

Boris smashed the private room into pieces in anger and roared, "I'll definitely kill you with my own hands. No one can leave alive under my hands!"

Yi Xueyue and Ren Jianzhong left the nightclub through the back door and came to the alley. Yi Xueyue pushed Ren Jianzhong away and went straight home without saying a word.

Feeling helpless, Yi Xueyue thought of Yu Tian and immediately gave him a call.

This man was really reliable. He appeared very quickly and even healed her injuries. Yi Xueyue's heart was filled with gratitude.

She said softly, "Although we, the Dark clan, earn money with color, every cent we earn is stained with our blood and tears. Boris killed one of my sisters.

"How can I not take revenge for this?" However, an arm can not twist a thigh. Boris and Chang Tianyang are both experts. They kill without batting an eye. In front of them, women are just playthings and sacrifices.

"Yu Tian, you have to help me take revenge. Big sister, thank you!"

Without her saying anything, Yu Tian also wanted to kill Boris.

But why not do this favor by taking advantage of the situation?

The jianghu world did not have that many morals. When one interacted with these jianghu people, they only looked at benefits. If there were benefits, they would naturally do it. If it was anyone else, they would think the same.

Yu Tian smiled indifferently and said, "You can rest first. Leave the rest to me.

I will help you take revenge. But what benefits do I have?"

Yi Xue Yue knew that Yu Tian did not lack money, power, and status.

The only things that she could bring out were her body and beauty.

Therefore, she bit her lips shyly and said in a low voice, "Your benefits are me. If you can help me take revenge, you can take it!

This woman is really ruthless. She can even give herself away.

It's a pity that I don't like this kind of old people. Otherwise, I could really give it a try.

Yu Tian smiled indifferently and put away the golden needles. He said disdainfully, "You should cherish your own body. If I help you take revenge, I only want one benefit.

"I also set up a nightclub. When it opens, you can bring all your people to work in my nightclub. Is there a problem?"

Yi Xueyue did not think too much and said straightforwardly, "No problem. I have no reason to reject the love of the underworld. Besides, I believe that if I follow you, I will definitely be able to eat a better job.

"On behalf of all the sisters in the Dark Clan, I thank boss Yu!"

Yu Tian did not waste any more words and went straight to the black and red nightclub.

But at that moment, Chang Tianyang and Boris had already left. Where did they go? No one knew.

But it didn't matter. It was very easy to find their tracks.

But this time, they had to meet another person in the black and red nightclub.

Ren Jianzhong seemed to know that Yu Tian would come here, and he had been waiting for him.

In the nightclub's office, Yu Tian sat down on the sofa and said indifferently, "I remember telling you before, live your own life and don't get involved in other things. Do you take my words as BULLSH * T?"

Ren Jianzhong was silent for a moment, took a deep puff of his cigarette and said calmly, "I don't want to get involved. In fact, I want to quit now. I did want to cooperate with Boris in order to kill you."

"But now I realize that Boris is not the kind of person I think he is. Instead, I think he should be the one who deserves to die the most. Yu Tian, I want you to help me!"

"Tell me!" Yu Tian asked indifferently.

"I will tell you their whereabouts, and I will also take care of Zong Ming. I need you to help me erase all of this. I know you have the ability to do so!"

Ren Jianzhong said slowly, "After so much, I know what I want. Yu Tian, you help me with this, and I will definitely not be your enemy in the future!"

"Where are they?" He asked this first before saying anything else.

Yu Tian knew very well in his heart that it was because he had gone through so much that he would not easily trust anyone now.

Ren Jianzhong did not dawdle and said straightforwardly, "They live in a yacht at the port. If you want to kill them, you have to be faster because they are about to attack Chu Qing!"

"They dare to attack the people of the Chu Family?" Yu Tian laughed and said helplessly, "Do they really think that they are invincible?"

"That's all I have to say. Think about it yourself!" Ren Jianzhong stood up and left the office.

Yu Tian did not dawdle and went straight to the port to look for the yacht.

He did not doubt what Ren Jianzhong said. Boris wanted to attack Chu Qing.

That was because Boris was a madman. He did not care about the Chu family's influence at all.

However, Yu Tian was not stupid. The person Boris and Chang Tianyang were working together to deal with was him. What did this have to do with Chu Qing?

He just wanted to create a smokescreen.

That was why Ren Jianzhong could not be trusted.

When he arrived at the port, Yu Tian looked around. There were at least a hundred yachts here. They undulated with the waves.

Which yacht was Boris hiding on? He still had to search one by one.

Just as Yu Tian was searching for Boris, a few men in black walked out of a yacht. They surrounded a middle-aged man wearing a white scarf and walked out of the port.

When they brushed past each other, one of the men in black pushed Yu Tian fiercely and said coldly, "Get out of the way! Don't block the way!"

Chapter 198 – Chapter 198, Meticulous Observation

Thank you readers!

If you want to make way, then make way. You actually dared to make a move.

Moreover, Yu Tian was completely unprepared and was almost pushed into the sea by him.

Yu Tian had a bad temper. How could he endure this?

Without saying anything, he went up and punched.

He was already in a bad mood, so the strength of his fist was naturally very heavy. He was directly thrown into the sea by the black-clothed man.

With a splash, everyone was shocked.

The other black-clothed men attacked at the same time.

Yu Tian did not stand on ceremony with them. If he wanted to fight, he would fight to the end.

In the end, these dozen or so black-clothed men were all beaten into the water like dumplings. In the end, only the middle-aged man with a white scarf was left.

The middle-aged man looked particularly calm. He even lit a cigar and took a cool puff. Then, he smiled and said, "Little Brother's skills are not bad. Why Don't you follow me? I guarantee that you will eat well, drink well, and wear well!"

Yu Tian could not be bothered with him at all. He snorted and said, "A suit of mine is worth millions. Follow You? Get lost!"

He was not in the mood to care about him now. The most important thing was to find Boris.

The middle-aged man with the white scarf was stunned at first. Then, he carefully looked at Yu Tian and thought to himself.

“This person is impressive and skilled. He is not an ordinary person. It is better for me not to show off to him!”

Having made up his mind, the middle-aged man turned around and was about to leave. Yu Tian frowned and suddenly turned around to stop him.

“Hey, that uncle, wait a moment!”

The middle-aged man smiled and turned around. He chuckled and said, “Little brother, what else do you have to say?”

At this moment, the middle-aged man's lackeys also climbed up from the water. They no longer had the courage to act like they were Yu Tian.

Yu Tian asked indifferently, “Do you know a person called Boris?”

The middle-aged man suddenly frowned. “How did he know that I knew Boris?”

However, this expression was fleeting. He said calmly “I've never heard of this person. Why Don't you ask someone else?”

Yu Tian snorted slightly and said, “If I'm not wrong, the watch on your hand and the white scarf on your neck should have been obtained from Russia, right?”

The middle-aged man was stunned. He did not expect this person to be so observant.

However, Boris was not an ordinary person. He definitely could not say that he knew him.

Thinking of this, the middle-aged man chuckled and said, “You're right. These are all brought by my good friend from the Russian Federation. However, I really don't know what Boris You're talking about.”

“If you don't have any other questions, I'll take my leave first. Oh, right, since we've met today, let me introduce myself. My name is Meng Tiandu. I'm the President of Red Matrix technology company.”

“I usually prefer to go out to sea and see the scenery. In the future, if you have any business needs, feel free to look for me. I still have other appointments. Let's talk again when we have time!”

When he heard this, Yu Tian felt even more ridiculous.

When he was at the company previously, when he looked at the information on the red matrix, he felt that there was something wrong with this company.

He did not expect that this was another trap.

Yu Tian laughed and said proudly, "Since you have already introduced yourself, then let me introduce myself too. Do You Know Galaxy Technology Company?"

Meng tiantu laughed disdainfully and said, "Who here doesn't know about xinghe technology company? And coincidentally, we just won a project worth more than a billion from xinghe company. Why? Does this little brother know people from Xinghe Company?"

"I'm sorry, I don't know people from Xinghe Company!"

Before Yu Tian could finish, Meng tiantu interrupted with a smile, "I thought that little brother was also from Xinghe Company!"

However, Yu Tiandao also smiled and said, "Because the galaxy company belongs to me. I don't need to know the people in the company because they are all my people. I also think it's a coincidence!"

"What?"

Meng Tiandao looked at Yu Tian in surprise. So this young man was the president of the Galaxy Technology Company.

Yu Tian's face suddenly darkened and he asked, "If you want your billion-dollar project, tell me immediately where Boris is. Also, how do you know them?"

Meng Tiandu, who had nothing to say, frowned.

He had heard of Yu Tian's methods. Moreover, he had worked with Chang Tianyang to arrange for the twenty assassins. If Yu Tian knew about this, would he still be alive?

Thinking of this, Meng Tiandu was desperate. He shouted at his lackeys who were still drying their clothes, "What are you all doing there? Hurry up and come over. Can't you see that this person is trying to harm me?"

His followers were in a difficult position. They had just suffered at Yu Tian's hands and almost fell into the sea to be fed to the Sharks. Now, he wanted them to go up and court death. "How was this possible?"

Seeing that the bodyguards were still standing there without moving, Meng Tiantu's face turned black and purple with fear.

At this moment, Yu Tian rushed to the front of Meng tiantu.

Before Meng tiantu could react, Yu Tian punched him.

Meng Tiandu crashed into a yacht. He felt as if all the bones in his body were broken.

Yu Tian grabbed his neck and lifted him up. He said angrily, "I'm going to ask you one last time. Where are Boris and Chang Tianyang?"

Before he could finish his sentence, Yu Tian suddenly felt a murderous aura behind him.

He dodged suddenly and a crossbow arrow pierced through Meng Tiandu's forehead.

Yu Tian looked back and saw Boris, who was hiding on a yacht in a diving suit. He smiled proudly and jumped into the water, disappearing without a trace.

He was pretty damn fast.

Yu Tian smiled indifferently and looked back at Meng tiantu, who had died tragically. He laughed and said, "You're standing in the wrong position. If you move a little to the left, you won't Die!"

At this moment, Yu Tian's phone rang. It was Chu Meng Calling.

"Hubby, you have to come back and take a look at this immediately!"

"If there are women looking at me, I'll go back. Otherwise, I won't go back. I'm in a bad mood now. Don't Bother Me!" Yu Tian was about to hang up the phone when he spoke.

Chu Meng said, "Didn't you want to know where Chang Tianyang is?"

Yu Tian nodded and smiled. "Okay, I'll go back immediately!" Half an hour later, in the office of the Galaxy Company.

Chu Meng placed a few photos on the desk.

Yu Tian looked down and saw that Chang Tianyang was having dinner with a middle-aged woman in a hotel.

"When was this taken?" Yu Tian asked indifferently.

"Fifty minutes ago. Do you know who this woman is?" Chu Meng asked with a smile.

“Who I love has nothing to do with me. Yu Tianyang's only target was Chang Tianyang. who was that woman? He didn't care.

Chu Meng smiled and said, “He's the new general manager of Esther Company's Eastern Region. I just came back from Super Nation today.

Moreover, there's a cocktail party tonight.. Should we go for a drink?”

Chapter 199 – Chapter 199, Blocking His Life For Him

Thank you readers!

Yu Tian considered the possibility that Chang Tianyang would also go to the party to show off, so he could use this opportunity to mess with him, so he nodded and said, “Okay, then let's go and see how capable that Auntie is!”

At seven o'clock in the evening, Yu Tian's phantom image was flung in front of the entrance of the Rasmorgan Hotel in a domineering manner.

The seductive and Sexy Chu Meng naturally held onto Yu Tian's arm and walked on the bright red carpet towards the hotel.

The staff of the cocktail party still wanted to see Yu Tian's invitation letter.

However, Yu Tian said indifferently, “I'm not here to attend the cocktail party, I'm here to buy this hotel!”

The staff looked at the Phantom and ghost, and all of them retreated to the side.

As they walked into the magnificent venue, Yu Tian's gaze fell on the woman who was greeting the guests.

This woman was only in her thirties. She had a mature temperament and a steady smile. She was much more mature than Huo Nianyue back then.

Chu Meng introduced her in a low voice, “She is the representative of the Eastern District. Her name is Zhen Jingyu. She used to be a high-ranking manager in the aster company. Although she has a foreign passport, she has the blood of an eastern person in her bones! After all, wasn't she just a female dog?”

Yu Tian looked down on her.

Zhen Jingyu also saw Yu Tian. She smiled and took the initiative to come up to him to greet him.

“Boss Yu, you're very welcome to come to my reception. You have to drink a few more glasses today. We have a charity auction later. I hope that boss Yu will be generous and contribute to the world's charity!”

Yu Tian said coldly, “Since when did the aster company start a charity? But I didn't bring any money today. I just wanted to see what kind of opponent the aster company sent me.”

Now that I see it, it's a little boring. You're older than Huo Nian. You've already gone through menopause, right?”

Every woman hated to hear this, but Jin Jingyu was very calm. She looked at Yu Tian as if she had gone through a great storm. She smiled and said, “Boss Yu, you really know how to joke.”

Esther company has always been seeking to cooperate with Boss Yu.

Previously, we did have some unhappiness, but it was all for the benefit of the project. Putting all this aside, I feel that there will be a very good relationship between us!

Yu Tian smiled disdainfully and said, “Forget it, I don't have any feelings for older people. However, a person like Chang Tianyang is quite suitable for you!”

At this point, Yu Tian approached Zhen Jingyu and said in a low voice, “Listen to me well. If I can't kill Chang Tianyang by this time tomorrow, you will die in his place.”

I will keep my word. When that time comes, even Big Luo God won't be able to save you!”

Jin Jingyu was slightly shocked. was her plan with Chang Tianyang Exposed?

How did Yu Tian know that she knew Chang Tianyang?

Shock and doubt were fleeting. Jin Jingyu's expression did not change. She smiled and said, “I really don't know what boss Yu is talking about. I don't even know the person you're talking about.”

I have other guests. Excuse me!

Yu Tian curled his lips coldly.

He would let this woman continue to act pretentious. If she did not sell Chang Tianyang to him, he would definitely take her life.

Now was not the time to waste time with them. If it was them, they would not spare their lives either.

At this moment, a sweet-looking waiter came up to the two of them with a wine tray. He smiled and said, "Sir, do you need a cup?"

Yu Tian took a cup each with Chu Meng without a second thought.

Just as he was about to drink it, Ren Jianzhong suddenly appeared and whispered, "Don't drink it, this wine is poisonous!"

Before he could finish his sentence, Yu Tian raised his head and an arrow pierced through the back of Ren Jianzhong's head. The bloody tip of the Arrow was stuck out of the exit.

Yu Tian turned his head to look behind Ren Jianzhong. Boris'evil smile appeared in the crowd like a ghost.

"Chu Meng, Be Careful!"

He shouted and immediately rushed towards Boris.

Boris whistled lightly and flashed into the running crowd, disappearing in an instant.

By the time Yu Tian caught up to him outside the hotel, Boris had already disappeared without a trace.

Yu Tian gritted his teeth and turned around to return to the hotel. At that moment, Ren Jianzhong was already dead.

He didn't expect Ren Jianzhong to take his life for him at such a critical moment.

At this moment, Yu Tian's feelings were very complicated.

Chu Meng gave Yu Tian a phone call and said sadly, "He asked me to give this to you!"

He opened the phone and it was an audio file.

Ren Jianzhong's voice came from the playback.

"Yu Tian, I don't want to be your enemy. I was muddle-headed and thought that Zong Ming could give me a chance to develop, but I was used by him. Zong Ming was already killed by me, and I was relieved.

"You must treat Chu Qing well. If we drink that wine again in the next life, I'll give you all five of my nightclubs. I hope you can let them exist forever!"

Hearing this, Yu Tian crushed the phone and said coldly, "Get someone to bury him properly!"

Chu Meng knew that Yu Tian was in a bad mood, so she didn't disturb him and quietly went to the side to make a call.

At this moment, Yu Tian was indeed very unhappy.

That damned Boris had taken two lives in a day. If he didn't kill him, who knew how many people would die in his hands.

This guy had even appeared and disappeared mysteriously, slipping out of his sight twice in a row.

Thinking of this, Yu Tian narrowed his eyes that were filled with murderous intent. He snorted coldly and muttered to himself, "Fine, if you have the fucking guts, then give me something more exciting!"

At this time, Zhen Jingyu also walked up to him in fear and said guiltily, "Boss Yu, it's really a pity that all this happened. Fortunately, you're safe. Otherwise, the Chu family would be worried to death!"

Yu Tian glared at her coldly. This woman was implying something.

He said disdainfully, "You still have 22 hours to live. Enjoy the remaining time you have!"

Jin Jingyu stared at Yu Tian's back without blinking. Her smile gradually disappeared and she said to herself coldly, "Do you really think you can control everything? Stop Dreaming!"

Yu Tian entered the Phantom and immediately called Du Tianci.

At this moment, du Tianci was fighting with the nurse, smoking and drinking.

When he received the call, this guy said with a soft tongue, "Galaxy technology, second-in-charge du Tianci, please speak!"

Yu Tian reprimanded helplessly, "You're even dumber than second-in-charge. You're almost paralyzed from being hacked, and you're even drinking. I'll send you two photos. If you want to hack them, hack them. If you want to hack them, hack them. I want to know where they are."

Du tianci chuckled, "No problem. I Can't do anything else, but I'm sneaky when it comes to this!"

Just as he hung up the phone, Phantom Ghost's Butt was hit by a big black head.

Yu Tian went down to take a look and suddenly laughed.

The entire back groove was smashed.

The woman on the large black head finally recovered from her shock and hurriedly apologized to Yu Tian.

However, Yu Tian laughed and said, "Don't say anything else.. Do you know how much you will get this time?"

Chapter 200 – Chapter 200, How Else Could He Act

Thank you readers!

As he spoke, Yu Tian looked at the woman's large black pickup truck. No wonder it was called a large black head.

If his phantom ghost was hit like this, its front slot would only have a dent.

The woman looked at the broken pieces on the ground and confirmed that the person was safe. Then, she said in a slightly relaxed manner, "How about this, I'm in a hurry to deliver the goods. I'll give you 500 yuan. You can do it yourself!"

500 yuan?

Yu Tian felt that he suddenly didn't know how to speak?

Thinking about it, perhaps phantom ghosts were more rare. This woman might not understand.

Therefore, he tried his best to hold back his laughter and said indifferently, "Although the situation is a little chaotic now, we can completely calm down. Tell Me First, do you know how much phantom ghosts are worth?"

The woman was a little impatient. She crossed her arms and said arrogantly, "Aiyo, I don't care what kind of phantom you are. Five hundred Yuan is already a lot. If you think it's too little, I can only let my husband come!

"It's useless even if you let your father-in-law come!" Yu Tian didn't know whether to laugh or cry.

However, the woman frowned and said coldly, "Let me tell you, my husband's temper is not good. If he comes, he might not even have five hundred yuan. Also, if I walk forward and you step back, I will say that you are insulting me!

Yu Tian really did not want to waste time with her. She said with a cold face, "You should call your husband over!"

The woman did not stand on ceremony and made a phone call.

Half an hour later, a taxi arrived at the entrance of the hotel. Four men came down. The leader had a crew cut and a frown on his face. It was as if the whole world should be his.

The woman waved her hand and shouted, "Hubby, I'm here, I'm Here!"

The men looked over.

It was a phantom.

Without saying anything, it turned around and left.

The woman ran over and grabbed the crew cut man. She said angrily, "What are you doing? Where are you going? That man over there, didn't he just touch him? He can't even pay 500 yuan. Isn't he a bit of a Bully?"

The man gave himself a tight slap and said as if he was cramping, "You must have mistaken me for someone else, right? Who the hell is your husband?"

"If you're not my husband, then who is? What's wrong with you?" The woman shouted angrily.

"What's wrong with me? Do you know how much the Phantom Ghost You hit is worth? More than 70 million!" When he spoke, the man was about to cry.

The woman did not believe him at all and said with a grin, "Are you kidding me? How can it be so expensive?"

The Man didn't say anything else. He raised his hand and opened his big mouth. He shouted angrily, "Am I messing with you? Let's not talk about other things. Do you know who can drive a phantom in Linhai?"

The woman who was finally a little scared after being slapped covered her face and shook her head aggrievedly. She said, "I don't know!"

"Have you heard of Yu man continued to ask.

This time, the woman hurriedly nodded. Even her hair was disheveled. "I

MOV!

The man pointed at Yu Tian and said, "He is!

The woman was so scared that her legs went weak. She immediately melted on the ground.

The man did not even help her up. He ignored the woman's crying and left with his men.

Yu Tian was stunned. Why did he still hit her when he was talking?

He came up to the woman and smiled, "Your husband's temper is really bad. Hitting his wife? Is that all he can do?"

The woman hurriedly changed her sitting position to kneeling. She cried and begged, "Boss Yu, even if you sell me, I can't afford to pay for it. I was in a hurry to deliver the goods today. I didn't mean it!"

Looking at her pitiful look, Yu Tian could only sigh and say, "Forget it. You really can't afford to pay for it. Go deliver the goods!"

The woman felt as if she had been reborn. She wanted to kowtow to Yu Tian as soon as she spoke.

Yu Tian hated these useless things. He immediately turned around and left.

However, the woman suddenly said, "Boss Yu, when I was delivering the goods to the hotel, I saw that you seemed to be chasing a foreigner. I've seen that foreigner before!"

Yu Tian suddenly turned around and asked with a frown, "Where have you seen him before?"

"He was at the warmth bathing center in the fence yard. In the afternoon, I was delivering goods to the bathing center and saw him bathing with a person there!"

There was nothing more to say. Yu Tian entered the Phantom Phantom and did not care about the broken back slot. He directly came to the vicinity of the warmth bathing center in the fence yard.

He looked up and saw that the size of the bathing center was quite large. However, the pink lights looked a little ridiculous.

He walked into the hall and came to the bar counter.

Yu Tian directly threw 10,000 yuan in cash to the waiter and asked, "Is that two-meter-tall foreigner still here?"

The waiter saw the money and took the money. He nodded and said, "Yes, he's on the fifth floor!"

This guy is still here. Let's see if you can die this time?

Thinking of this, Yu Tian immediately said to the waiter, "Is your boss here?"

Soon, the boss held a toothpick in his mouth and appeared in front of Yu Tian with an evil face. He snorted and said, "What's the matter? What do you

Want

Looking at his face that deserved a beating, Yu Tian felt short of breath.

Being too lazy to waste time with him, Yu Tian said indifferently, "Except for the two people on the fifth floor, everyone else, leave. The fee is on Me!"

The boss sneered and said with a slanted face, "Are you drunk or stimulated? There are hundreds of customers in my bathing center. Do you want to buy them all? Do you have the ability to do so?"
