

I Have 108 Older Sisters #Chapter 201 – 250

Read I Have 108 Older Sisters Chapter 201

?Chapter 201 – Chapter 201. He Was A Cat

Thank you readers!

Brother long immediately understood Yu Tian's meaning. He turned to ask the boss and said coldly, "Old Gu, you're acting like a F * cking dog here. What are you barking about?"

Boss GU looked at Yu Tian and pursed his lips in disdain. He said disdainfully, "This little brat is pretending to be pretentious. He wants to buy my entire bath and even wants to buy this place.

We have been in this place for more than ten years, but we have never seen such a pretentious person!"

After saying that, this guy even sneered at Yu Tian and said, "This is brother long, the real boss of Linhai. If he says something, it will scare you to death. Hurry up and get out of here. Don't just stay here like this!"

Brother Long was sweating when he heard that. He didn't care whether Yu Tian said anything or not. He gave boss gu a hard slap on the face.

After being slapped by Boss GU, his facial features shifted. He shouted with his eyes wide open, "Brother Long, what are you doing?"

"What are you doing?"

Brother long snorted coldly and went up to Yu Tian. "I bowed and said, 'Boss, I can't stand it anymore. I'll just F * Ck him!"

Yu Tian smiled indifferently and shook his head helplessly. He said, "You, you. You ruined a good game. Since you're here, I'll leave the work to you. Let all the people in the shower get out!"

"No Problem!" Brother Long agreed. "I turned to the dumbfounded boss gu and berated him, 'Did you hear that? Hurry up and make the arrangements. Are You F * cking crazy?"

Boss GU felt that he didn't understand what Yu Tian had just said. He mustered up his courage and asked, "Brother Long, let's say it openly. I treat you well, right? Today, I want to know who this person is.

Brother Long snorted coldly, "The president of Xinghe Technology Company, my boss, Yu Tian!"

After hearing that, Boss Gu seemed to lose control and smiled foolishly.

Indeed, he was pretending to be better than he was.

He was really Yu Tian. Not to mention buying a bath, it was more than enough to buy the entire Linhai.

Thinking of this, Boss Gu immediately knelt in front of Yu Tian like a dog and said with a mournful tone, "Boss Yu, you can F * Ck me. I won't say anything else. As long as you're happy, you can F * Ck everyone here if you want!"

What the F * Ck was he talking about?

Yu Tian glared at him and snorted coldly, "Get everyone out of here immediately. Be gentler on the fifth floor. Stop Wasting Time!"

Boss Gu didn't dare to talk nonsense and immediately got up to make arrangements.

Brother Long felt that Yu Tian didn't have any reason to play like this, so he bent down and asked, "Are you going to beat people up? I'll call more people Over!"

Yu Tian waved his hand and leaned back on the sofa in a domineering manner.

He smiled and said, "None of you are a match for what I'm going to do today. It's better if I do it myself. All of you can leave!"

Brother Long also knew that Yu Tian was not joking, so he immediately helped Boss Gu to persuade the guests to leave.

An hour later, the guests, waiters, and others all left one after another.

Brother Long looked at the quiet surroundings and made sure that no one was left behind. Then, he whispered to Yu Tian, "Except for the two people on the fifth floor, they're all clean!"

Yu Tian got up, yawned, and said with a smile, "Okay, you guys can leave too!"

The originally lively bathing center suddenly became quiet. Yu Tian felt that it was a little strange.

He walked to the fifth floor and stood in front of the private room that Boris had opened. He first listened to the movements in the room.

It was quite quiet.

At this moment, Yu Tian was like a volcano that had suddenly erupted. He kicked open the door and rushed into the room.

However, there was no one in the room.

Yu Tian rushed to the window and looked down. He found that Chang Tianyang and Boris were waving at him smugly.

Following that, the phone rang.

Seeing that Chang Tianyang was waving at him with the phone, Yu Tian picked up the phone and said in puzzlement, "You didn't fall to your death from such a high jump!"

Chang Tianyang laughed and said proudly, "If you didn't Let Your Phantom Ghost Get Hurt, how could you come here? Do you really believe that there are idiots in this world who don't know the price of Phantom Ghosts?"

"You're right. I arranged it all so that you could come and die. People say that you, Yu Tian, are a cat and have nine lives. I especially don't believe it. Now, I'll see how you die with my own eyes!"

Yu Tian's expression did not change. He calmly said, "Is that so? Then let's see if you have the ability to do so."

Chang Tianyang laughed and shook his head as he said, "Killing you is really easy. It's even easier than killing a farmer. I really don't know what those people who were crippled by you are thinking?"

"If you're not blind, take a look at the sheets on the bed yourself!"

Yu Tian smiled casually and said, "What, you even prepared a gift for me?"

As he spoke, he took off the sheets and suddenly frowned.

A time bomb.

The time indicated that there were still 20 seconds left before the explosion.

Chang Tianyang laughed along and said, "There's such a thing on the entire floor. It's a pity that I can't have a drink with you. It's better to die!"

Yu Tian, however, came to the window in a particularly indifferent manner and chuckled. "Not bad. You gave me 20 seconds. I think that's Enough!"

Just as Chang Tianyang was shocked, Yu Tian jumped out of the window.

Even Boris was slightly shocked. He was even more shocked when he saw Yu Tian landing steadily.

Even he did not have the courage to jump down from the fifth floor.

Even if he jumped, he would not break his arm or leg.

However, Yu Tian was safe and sound. It was as if a leaf had fallen to the ground. There was not even the slightest extra sound.

Yu Tian, who had landed on the ground, did not say a word. He shot out like an arrow that had left the bow and headed straight for the two of them.

Chang Tianyang's mind was in a mess from shock. He had planned so meticulously, but Yu Tian had solved it with a jump.

Boris's reaction was the fastest. He reached out his hand and took out a folding crossbow from his waist. He shot an arrow at Yu Tian's figure.

Yu Tian tilted his head slightly and dodged it. He accelerated and jumped in front of the two of them.

First, he kicked Chang Tianyang to the ground with a whip kick. Then, he aimed at Boris's neck.

Boris was extremely calm. With his height advantage, he swung his arm and forcefully parried Yu Tian's move.

Before Yu Tian could make his second move, Boris aimed at Yu Tian's head and fired another crossbow arrow.

Yu Tian calmly dodged again and used his shoulder to hit Boris.

Other than playing with crossbows and arrows, Boris was nothing but trash in combat.

After being hit by Yu Tian, he was sent flying several meters away, and his heart had collapsed.

At this moment, a muffled sound came from behind him, and the shock wave of the explosion spread out.

Yu Tian felt as if someone had pushed him behind him, and his body staggered and almost fell down.

The explosion on the fifth floor caused the entire building to collapse. Smoke and dust filled the sky, instantly covering the few people inside.

However, this did not stop Yu Tian. He rushed to the front of Boris, aimed at the dying Boris, and threw another fatal punch, directly hitting the Beast's temple.

With a crisp crack, Boris's entire skull shattered, and he died.

Yu Tian did not hesitate. He turned around and rushed into the dust again. Chang Tianyang could not let him live either..

Chapter 202 – Chapter 202, The Secret Of The Chu Family

Thank you readers!

By the time Yu Tian rushed into the dust and looked for Chang Tianyang, that guy had already taken advantage of the explosion to escape.

Yu Tian didn't care. In any case, killing Boris would be considered a profit.

In the distance, brother long and boss Gu were both scared stiff by the explosion.

Especially boss Gu. When he saw his bathing center instantly turn into ruins, he immediately collapsed.

Didn't they agree to fight? How could he turn the entire building into ruins?

Who would be the one to blame then?

That wasn't what Brother Long was thinking. He was worried that Yu Tian might still be in the building, so he immediately shouted at everyone, "Follow me to save him, Quick!"

However, Yu Tian put his hands in his pockets and strolled out of the gray dust as if he was taking a walk.

Everyone was stunned.

Was Yu Tian even human? How could he survive such an explosion?

Yu Tian was in a good mood. He walked up to the crowd and said calmly, "I'm sorry, the building collapsed. Brother Long, calculate the damage later. Just give me a call and let me know. I'm a little tired. Go home and sleep!"

In his heart, brother long worshipped Yu Tian like a god. He quickly smiled and said, "I'll give this small amount of money to boss Gu. You should go back and rest!"

Since he had already said so, Yu Tian did not decline. Anyway, brother long followed him and there were many opportunities to make money.

When he returned to the small villa in Water Bay, the house was deserted.

Even Yu Qi'er was not at home. Yu Tian randomly found some biscuits, opened his drink, and began to eat with a dusty face.

As he ate, he pondered.

Chang Tianyang would definitely not be quiet.

It would be best to kill him before he caused any trouble.

At this moment, Chu Meng pushed the door open and entered with a midnight snack in her hand.

“Why are you ??????????????????????????????????????” Tian asked in puzzlement.

“I don't know how many people in the world are thanking you for killing Boris the Scalpel. I have to come and reward you too!” Chu Meng placed the food on the table and snatched the dry biscuit away.

At the same time, two streams of tears rolled down Chu Meng's cheeks as she hugged Yu Tian tightly.

Yu Tian was a little confused and asked, “Why are you crying? You look like you’re pregnant!”

Chu Meng said hatefully, “If you hadn't jumped out of that building today, the 108 sisters wouldn't have gotten pregnant in their entire lives. In the future, when you’re risking your life, can you think about us?”

“108? Do you want all 108 of us to become nuns?”

Yu Tian pushed her away with a bitter smile on his face. He picked up the sausage powder and said while eating, “When you're risking your life, who has the heart to think about women? Stop wasting time and go home and sleep!”

“Go Meng wiped her tears and muttered, “Wherever You Are is home. I've already said that I'll reward you tonight, so I'm not going back!”

Yu Tian looked at her with a frown and reprimanded, “Why are you being so stubborn? It's fine if you don't want to go back. Find yourself a room to sleep in and don't come into my room. Otherwise, I'll punch you so hard that you'll doubt your life!”

“Alright, you’re not even married yet and you want to hit your wife? Come on, hit her hard. The more you hit her, the more excited I get!” Chu Meng snorted coldly.

Just as the two were flirting and joking around, Lian Tianlei staggered into the house with a bruised and swollen face.

Yu Tian smiled bitterly and asked, “Did you have a one-on-one fight with someone? Why did you get beaten up like this?”

Lian Tianlei said shamefully, “My junior brother, Xie Zhanpeng, knows that his junior brothers are doing well with me. He came to me tonight to get some money to spend, but I rejected him. In the end, I was caught off guard and was ambushed by him!

Not to mention this person, Yu Tian even forgot about his existence. He immediately smiled and said, “Do you need my help?”

Lian Tianlei hurriedly shook his head. Yu Tian was the boss, and what was his identity? How could he let him help?

He wiped the hot sweat on his face and said sincerely, “Today, I was ambushed. When I see him again, I will definitely clean up the sect!”

Yu Tian felt that this was the work of the other party's sect. If he said it behind closed doors, it had nothing to do with outsiders, so he was too lazy to care about it.

In the blink of an eye, it was noon the next day. Yu Tian went straight to Esther company and saw Zhen Jingyu.

Zhen Jingyu seemed to have known that Yu Tian would come, so she was calm and at ease. She even asked her secretary to make a cup of coffee for Yu Tian.

Yu Tian was not here to drink coffee. He asked directly, “Where is Chang Tianyang?”

She smiled and said softly, “I remember that I told you last night that I don't know this person at all. Why Don't You Believe Me?”

If she believed her nonsense, she would not even be able to put on her pants.

Yu Tian raised his chin and shook his watch. He said disdainfully, “I also remember what I said to you last night. I really can't wait now. I want to kill you a little earlier!

Zhen Jingyu did not feel any fear. Instead, she felt that it was especially laughable.

She shook her head helplessly. She took out a USB drive and threw it on the table. Then, she transferred the notebook to Yu Tian.

“Boss Yu, the contents of this USB drive will definitely surprise you! Yu Tian wanted to see what the contents of this USB drive were.

When he opened it, Yu Tian was shocked.

The Chu family's 108 sisters' information was all on this USB drive.

Zhen Jingyu seemed to have grasped Yu Tian's weakness and said unscrupulously, “I need the core technology of the six-dimensional code, and Galaxy Technology also belongs to me.

Other than that, all the investment of the Chu family in super country will be transferred to Esther Company unconditionally. As for you? “I think it's better for you to leave Linhai!

Yu Tian glanced at Zhen Jingyu without changing his expression. Then, he pulled out the USB and threw it on the table, he said disdainfully, “What can you do? You can collect this information easily. Do you really think that you can exchange it for so many things?”

Zhen Jingyu shrugged and said arrogantly, “The Chu family is the number one family in the world. Their success is very magical. Therefore, Esther Company spent a billion dollars to specifically study the Chu family's secrets.

“But they really let us know that the foundation of the Chu family is these 108 sisters. If any one of them dies, the Chu family will completely disintegrate and collapse.

“Why don't we take advantage of this opportunity? “Moreover, we don't want much. To the Chu family, it's nothing. I think you should agree to these requests!

Yu Tian then took out a golden needle and gently flicked it with a crisp sound.

As soon as Zhen Jingyu finished speaking, Yu Tian stabbed her neck with the needle. The pain made Zhen Jingyu Groan and her body began to twitch violently.

Yu Tian said coldly, “You are only in slight pain now, but soon, you will be in so much pain that you wish you were dead. Just like the fire chanting the Moon, you will become a vegetable alive!”

How was there any slight pain now? Jin Jingyu felt as if the pain was tearing her apart.

She gritted her teeth and cursed, “Yu Tian, even if you kill me, it won't change anything!

However, Yu Tian smiled..

?Chapter 203 – Chapter 203, Enjoy The Fun

Thank you readers!

Yu Tian said in a very enjoyable manner, a€?Who said I'm going to change anything? I'm just enjoying the process of you suffering and watching you slowly die from the pain!a€?

a€?You Pervert, you bastard!a€?Jin Jing Yu was in so much pain that she did not know how to curse Yu Tian.

At this moment, the office door was pushed open by a teenager.

Yu Tian turned around and saw that the teenager was dressed fashionably and had long hair. His gaze was arrogant as though he was looking at trash. He could not see the freckles and potholes all over his face.

When he saw that Zhen Jingyu had such a long golden needle stuck in her neck, and her expression was as though she was in so much pain that she wished she was dead, the little brat shouted angrily, a€?Mom, what happened to you?a€?

After saying that, his gaze landed on Yu Tian again and he shouted wildly, a€?What did you do to my mom? Do you believe that I won't kill you? !a€?

Zhen Jingyu saw Yu Tian's cold gaze and immediately shouted at the youth, a€?Ming Zu, get out, Quick!a€?

Yu Tian would never give him this chance.

What he hated the most was this kind of person who thought he was great and deliberately acted high and mighty all day long. He even had to pretend to be lonely and act like he was trash.

Ming zu could not leave either. He even took out a nunchakus from his backpack and shouted angrily, a€?I'm asking you, what did you do to my mother?a€?

Yu Tian looked at him indifferently and said disdainfully, a€?Don't ask her. You should ask me what I want to do to you.

Jin Yu struggled to stand up, but it was impossible. She could only cry and shout, a€?Yu Tian, if you dare to do anything to my son, I will not let you go even if I am a Ghost!

a€?You can speak after you become a Ghost!

Yu Tian snorted coldly and walked directly to Ming Zu. He raised his hand and gave him a big mouth.

Ming zu had been pampered since he was young. He had been immersed in his proud world all day long. When had he ever been beaten up like this.

He bit his lips like a woman and swung his nunchakus to hit Yu Tian.

Yu Tian easily grabbed the nunchakus in his hand. He swung it casually and directly hit Ming Zu's head until it was bleeding.

Ming zu held his bleeding head and was on the verge of collapse. Tears were streaming down his face.

When Zhen Jingyu saw this, her heart felt like it was being pricked by Needles. She shouted at the top of her voice, "Someone, Help!"

Yu Tian snorted in disdain. He swung the Nunchakus and smashed it at Ming zu again.

It was so painful that Ming zu even shouted his grandfather's nickname.

At this moment, a few security guards finally rushed in.

Zhen jingyu shouted, "Save my son! Save My Son!"

The security guards wanted to rush in, but Yu Tian's nunchakus created several flower sticks, one for each of them. Each of them held a flower and fainted on the ground.

Ming Zu, who had already broken down, crawled under the office desk. He did not even think about pulling out the golden needle on Zhen Jingyu's neck.

Even Yu Tian said disdainfully, "You are a F * cking waste. Don't you think you are great? I will make you a waste for the rest of your life! He kicked the desk to pieces and stepped on the waste's face.

Ming zu begged for mercy like a dog.

Yu Tian then took out two golden needles, one in the brain stem and the other in the nerve points.

Ming zu suddenly stopped crying, but he laughed like a madman. He even picked up the nunchucks and bit them.

Zhen Jing Yu completely broke down. She shook her head desperately and twisted her painful expression. She begged, "What do you want? I will give you, I will give you everything. Please let my son Go!"

Yu Tian shook his finger indifferently and said arrogantly, "I said, I want to enjoy this process. Now your son has become an idiot. Next, I want to make him completely lose his mind!"

After saying that, Yu Tian took out two more golden needles. Just as he was about to make his move, Jin JingYu pleaded as if she had lost her soul, "Chang Tianyang is at No. 17 Bay Road. Go and kill him!"

Now, she was finally willing to beg for mercy.

But that was not enough.

Chang Tianyang could be killed at any time, but this USB drive had to be destroyed no matter what.

This concerned the fate of the entire Chu family. It was not a joke.

Yu Tian asked indifferently, "What I want is not this, but that USB drive. How did Esther Company get the information? How many other people know about

At this time, Jin Jingyu no longer had any defenses. She only wanted to satisfy Yu Tian and let her son go.

Thus, in extreme pain, she helplessly revealed the secret of the USB drive.

"This information was provided by the Chu family. Esther's higher-ups spent a billion dollars to buy it. Up until now, only the president, the public relations manager, and I know about it. No one else knows about it yet!"

This was also good news. At least this top-secret information had not been spread.

Thinking of this, Yu Tian pulled out the golden needle on her neck.

Zhen Jingyu rolled and crawled, tightly hugging her son who was chewing on his nunchakus.

She begged bitterly, "President Yu, you know everything you want to know. Please let my son Go!"

Yu Tian put away the golden needle and said disdainfully, "I'm letting you live is the greatest gift. If you want your son to recover, I want you to invite the President of Esther Company and the public relations manager here!"

Zhen Jingyu shook her head in despair and said, "That's impossible. They will never come to the eastern country!"

However, he smiled indifferently and said confidently, "They will come. As long as you follow my plan, your son will become normal. Otherwise, even you will become like this!"

After saying that, Yu Tian stood up and left. He gave Lian Tianlei a call and instructed, "Bring a few people and keep an eye on Zhen Jingyu of Esther Company. They can do anything, but they can't leave Linhai!"

Lian Tianlei nodded. It was rare for the boss to give him a task. He promised excitedly, "I understand, boss. I'll definitely keep an eye on them!"

Yu Tian did not stay idle either. He followed them to the black and red nightclub.

Now, the five black and red nightclubs were all his. Since he was in charge now, he had to set some rules.

When Yu Tian walked into the nightclub, Yi Xueyue brought hundreds of sisters and greeted him in unison, "Good Day, Boss!"

"Good day to all of you!"

Yu Tian felt extremely uncomfortable being surrounded by so many girls. It was as if he could be spoiled at any time.

Yi Xueyue was very understanding. She turned around and instructed, "Everyone, go and get busy. Remember, from now on, Yu Tian is our boss."

From now on, everyone must listen to him!"

Yu Tian still felt very strongly about Yi Xueyue.

At least she had said everything that she wanted to say on his behalf, so that he would not be embarrassed.

When they arrived at the office, Yi Xueyue first thanked him, "You have avenged my sister and me. From now on, the Dark Clan will be at your disposal!"

Yu Tian waved his hand and slowly said, "Don't be so polite. Now, it's not considered complete revenge. I haven't killed that guy, Chang Tianyang!"

"Do you know where he is?" Yi Xueyue asked.

"I know, but it's useless.. But I have an idea for him!"

?Chapter 204 – Chapter 204, I'll Show You The Place

Thank you readers!

This was a good idea. Let's see if Chang Tianyang was fooled or not.

Yi Xueyue smiled and handed Yu Tian a glass of red wine. It was her fortune to be able to make him her boss. What rules did Yu Tian have to set?

She gently lifted the hem of her skirt and sat down elegantly. She smiled and said, "Boss, there are 500 girls in the Dark clan here. There are 100 girls in every nightclub. They are all poor girls. Otherwise, the Dark clan wouldn't have existed since 2,000 years ago.

"Men play the game of power. They always want to change the world. Women become playthings and sacrificial objects. Therefore, the Dark Clan has given them a place to live in peace. You Are the Big Boss, so you have to give them some rules, right?"

Yu Tian really couldn't come up with any rules.

In short, he had to make a living for himself. He had to let them eat their fill.

He took a sip of red wine and nodded slightly. "There are no rules. The income of the nightclub is 30-70 percent. I'll be 30-70 percent and you guys will be 70 percent. Each of you will receive a base salary of 10,000 a month!

His words shocked Yi Xueyue on the spot.

In this way, each of the girls could get tens of thousands of yuan.

Previously, it was also 30-70% . They got 30% and the others got 70/0 .

Now that it was reversed, it meant that Yu Tian respected the dark clan from the bottom of his heart. "How could he not be touched?

Yi Xueyue stood up and bowed to Yu Tian. She said sincerely, "Boss, I thank you on behalf of the girls!

There was no point in being so polite. If there was money, everyone would earn it. Moreover, the Dark clan also had their uses.

Now, they could treat it as an investment.

Just as they were talking, Aini knocked on the door and entered in a panic. She even shouted angrily, "Boss, sister Yi, there's a pauper here pretending to be rich. He ordered wine and dishes, but the ladies didn't give him any money!"

Yi Xueyue smiled indifferently and said, "It's not our first time seeing a guest. Do you still need to tell me this? Call the security guards!"

Aini shook her head in disappointment. "Those are all good -for-nothings. Poor people can still fight, and they're still pretending!"

When Yu Tian heard this, he didn't want to waste time and went to take a look.

In the future, he still had his own nightclub to open, so he had to familiarize himself with the business first.

After passing through the neon-lit corridor, he arrived at the second floor's private room.

At this time, there were many people surrounding the door, they heard a pretentious voice shouting in the private room, "I called your boss over. Is it not working? Are you not giving me face, Xie Zhanpeng? Do you believe that I will make you close the door immediately?"

Yu Tian suddenly stopped and laughed in his heart.

"So it's that junior brother of Lian Tianlei. I was just about to find someone to lure Chang Tianyang out, and this trash came to me of his own accord!"

He whispered a few words into Yi Xueyue's ear.

She nodded her head repeatedly, blinked her eyes, and said with a mischievous smile "Watch me!"

With that, Yi Xueyue parted the crowd and strode into the private room.

Xie Zhanpeng held a cigarette in his mouth and looked Yi Xueyue up and down frivolously. He licked his lips and said with a smile, "You're the Boss? Your figure is not bad. Come over and have a drink with Me First!"

Yi Xueyue had seen many people like this. On such occasions, there were countless pretentious people every day.

Yi Xueyue smiled slightly and sat down elegantly. She said with a tepid smile, "The love of Jianghu, the path of wind and rain. You can come here to take shelter from the rain, but you can't tear down the windows and walk with lanterns. You have to illuminate this path clearly!"

The words were clear enough, but Xie Zhanpeng laughed out loud. "I crossed his arms and blew out a smoke ring. He said shamelessly, "So you're still a jianghu woman. The two of us can be considered to be from the same family. Speaking of which, it doesn't take much effort.

"I'm not here to take shelter from the rain. I want this dish. If you follow me in the future, this nightclub will also include me. I'll look after the place for you. It'll definitely be better than those useless security guards!

Yi Xueyue's expression didn't change, but she was extremely disgusted.

This trash couldn't even pay for a meal, yet he still wanted to pretend to be the boss. Who gave him the confidence?

It was impossible to snatch a stick here. Yi Xueyue still gave him a friendly reminder.

"Hei Hong has been in business for more than half a year. The business is getting better and better. There's no need for security during normal times. I'm here to look after the place. I really can't satisfy this brave warrior's request. You'd better buy today's consumption first!

Xie Zhanpeng saw that this woman Yi Xue Yue was not giving him face. "I flung the cigarette butt and roared angrily, "I've given you some face, haven't I?

A F * cking old prostitute, what are you pretending to be with me for? My main disciple, Xie Zhanpeng, is not a hooligan from the outside world. Who do you think you are? You have no place in the lower eight sects of the jianghu world.

I'm giving you a place to look after the place because I think highly of you. You have to agree to it, and you have to agree to it even if you don't agree to it. I'm definitely going to take over this nightclub!

Yi Xueyue remained calm and said calmly, "As far as I know, the main entrance seems to have been picked by the people from the Dragon Gate. They don't even know where the door is now. You'd better buy all your expenses in this room.

"I don't want to go against the rules of Jianghu with you. It's not worth it to spend 1800 Yuan!

Xie Zhanpeng's pockets were empty. "I originally wanted to scam some food and drinks here and use some jianghu methods, but this Yi Xueyue didn't give him any face.

He didn't have any money anyway. Since he couldn't fool Yi Xueyue, then he would play hardball.

He angrily picked up the beer and smashed it heavily on the wall. 1a€“1e angrily got up and said, a€“You stinky bitch. If I don't Teach You a lesson, do you really think I don't have any tricks?a€“

Yi xueyue smiled and said, a€“The wallpaper has to be counted separately!

a€“F * Ck you!a€“

Xie Zhanpeng was about to make his move.

At this moment, Yu Tian coughed and walked into the private room.

The moment he saw Yu Tian, Xie Zhanpeng staggered and his head buzzed.

Why would Yu Tian appear here?

Yi Xueyue stood up and introduced him solemnly, a€“This handsome man is my boss, so do you think we need to keep an eye on the place?a€“

Yu Tian chuckled and said gently, a€“You kidnapped long nianxue and ambushed Lian Tianlei. I'm not going to tell you now, but you should pay for today's expenses first!

It was okay to pretend to be a woman, but Xie Zhanpeng really did not have the guts to pretend to be a woman compared to Yu Tian.

However, he did not want to beg for mercy. He gestured and said, a€“What? I'm here to eat for free, Can't I? Put all the expenses today on my senior brother Lian Tianlei's Head!

a€“Your senior brother?a€“

Yu Tian did not know whether to laugh or cry.

a€“Tianlei has already cleaned up his house, and you are no longer a person in the front door. Why are you still pretending to compete with me? I a€“I'll give you two choices today. Either you pay the bill, or you leave something behind. You Choose!a€“

Xie Zhanpeng's face was palpitating. 1a€“1e was not Yu Tian's match, so he could not even think about taking action.

He could only lower his head slightly and say like a mosquito, a€“Boss Yu, your family is big, and you don't need this much from me. Give me some face in the jianghu. Let's forget about it this time!

He said it so easily.

This trash was not a good person at all.

He was thinking too much about telling him to forget about it..

?Chapter 205 – Chapter 205, In Your Dreams

Thank you readers!

There was nothing to Dawdle with people like Xie Zhanpeng. Yu Tian kicked away the wine table with one kick, and it was a choke hold.

Xie Zhanpeng also knew some kung fu. Like a top, he turned to the side.

But Yu Tian's movements were so fast that it was astonishing. A casual kick landed on the back of Xie Zhanpeng's waist.

This good-for-nothing could not hold back his body. He hit his head against the wall, and his head was instantly broken and bleeding.

Yu Tian didn't care about his begging and went up to tear his clothes into pieces. He didn't even leave a single piece of underwear for him.

He then ordered the security guards behind him.

“Throw him to a crowded place and have a free exhibition!”

The security guards felt that their new boss was really interesting.

The crowd rushed up and dragged the struggling and screaming Xie Zhanpeng out of the nightclub like a dead dog. They threw him directly into the leisure square in the fence yard.

This time, it was very lively. People who passed by stopped to watch and some even took pictures with their phones.

Xie Zhanpeng completely broke down. He no longer cared about his shame. He got up and ran, causing the women around him to scream.

Yu Tian had been following behind him the whole time.

He had predicted that Chang Tianyang, that trash, would definitely use Xie Zhanpeng.

He had ruined Xie Zhanpeng to this extent. Chang Tianyang's informant would definitely tell him everything.

All he had to do now was wait for Chang Tianyang to appear.

Yu Tian's guess was right. Just as Xie Zhanpeng ran out of the square, a few men in Black had already taken him away.

All the way to a courtyard in the slums, Yu Tian smiled indifferently.

“So it's hidden here. This Chang Tianyang is really a little clever!

At this time, Xie Zhanpeng, who had been dragged into the courtyard, had not even said a word when Chang Tianyang walked out of the dark room. He looked at Xie Zhanpeng mockingly and snorted, “Do you hate Yu Tian?”

Xie Zhanpeng wiped the blood from his forehead. The pain from his wound made him grimace. He said hatefully, “Don't talk nonsense with me. Who Are You? What do you want?”

Chang Tianyang asked someone to throw him a set of clothes and then said coldly, “I want Yu Tian to die just like you. I also know that your senior brother, Lian Tianlei, is very trusted by Yu Tian now.

“I will provide you with the funds to bribe Lian Tianlei and find an opportunity to kill Yu Tian. What do you think?”

Xie Zhanpeng also understood what he meant. They were united against a common enemy.

As he put on his clothes, he asked, “What benefits will I get from doing this?”

“If you can help me kill Yu Tian, I can make you a better person. When that time comes, you will have a lot of money to spend and a large number of women will surround you.

It will definitely not be like this. You won't even have money to eat!

This was the kind of life that Xie Zhanpeng had always wanted. He nodded without hesitation and said through gritted teeth, “When that time comes, I still want the black and red nightclub. You have to give me that woman called Yi Xueyue!

Chang Tianyang laughed and said, “You are indeed a man of character. I can fulfill this request of yours!

However, before he could finish his words, Yu Tian's voice was heard from the door.

“All of you are satisfied, but I'm not satisfied yet. What should I do?”

Everyone turned around in shock. Chang Tianyang furrowed his brows. He had fallen for Yu Tian's trick.

Chang Tianyang immediately shouted at his subordinates, "What are you all looking at? Hurry up and Attack!"

A few of his subordinates rushed forward without thinking. In the blink of an eye, they were all muddled and fainted.

Chang Tianyang was about to jump over the wall and hang himself on it when

Yu Tian chuckled and said, "Don't bother, I'll give you a ride!"

After saying that, he jumped up and kicked Chang Tianyang's butt.

He kicked this piece of trash into the air like a soccer ball. The parabolic trajectory of the kick left a hole in the neighboring neighbor's roof and he fell into the house.

The neighbor was eating when a person suddenly fell from the top of his head. He jumped out of the window in fright and cursed in a tearful voice, "What kind of game is this? I'm eating barbecued meat!"

On the other side, Xie Zhanpeng took the opportunity to leave, but Yu Tian crippled his limbs and threw him aside.

For such a person, there was no need for any nonsense.

Following that, Yu Tian walked into the neighbor's house, dragged the dying Chang Tianyang out of the door, and stuffed him into the trunk of the Continental GT.

He took out another 50,000 yuan and casually threw it into the neighbor's yard.

No matter what, he had made a hole in the neighbor's house, so he had to pay for it.

Half an hour later, in a patch of grass in the suburbs.

Brother Long and the others had been waiting here for a long time.

Yu Tian dragged Chang Tianyang out and said with an indifferent smile, "Mr.

Chang, you still fell into my hands. I really thought you had a lot of ability. This game is not interesting, and I don't want to play it anymore!"

Chang Tianyang slowly raised his head and looked at Yu Tian fiercely.

In any case, if he fell into his hands, he wouldn't be able to live. Chang Tianyang cursed angrily, "If you have the guts, then kill me. I don't want to listen to your nonsense!"

"Alright, then I'll fulfill your wish!"

As soon as he finished speaking, Yu Tian nodded slightly at brother long.

Brother Long waved his hand, and a man standing behind him directly hit Chang Tianyang's head with a flat shovel.

One after another, it was not until Chang Tianyang's brain was cracked that everyone moved to carry him away.

When Yu Tian saw this, he ordered in a low voice, "Make it clean!"

Brother long smiled and said, "You don't have to care about this. I know a person who runs a glass factory. He has an extremely large fire kiln!"

Needless to say, it was the most appropriate task to hand over to brother long.

Moreover, Chang Tianyang deserved to die. It was blasphemy to let him live.

After returning to the company, Yu Tian called Lian Tianlei and briefly told him about how Xie Zhanpeng was crippled.

Lian tianlei sighed lightly.

"No matter what, he is still my junior brother. Now that he is crippled, I will take care of him for the rest of his life!"

This was even Heavenly Thunder's personality. Yu Tian did not care about this and asked, "Did Zhenjing Yu do anything?"

"She and her son are still looking for a hospital everywhere. However, no one seems to be able to cure her son!"

Cure Him?

How was that possible?

Yu Tian smiled calmly.

That set of golden needle acupuncture technique was extremely mysterious. No one in the world could break it apart apart from him.

After hanging up the phone, Yu Tian carefully pondered for a while.

Now, he had to save time and get a few of Esther's higher-ups here as soon as possible. Only then would the Chu family be safe.

At this moment, Du Tianci, who was on crutches, pushed open the door and entered. He chuckled and said, "Boss, do you think it's hard for me to come to work on crutches? You have to give me a raise!"

Yu Tian said disdainfully, "You want me to give you a raise unless the sun rises from the west. However, you came at the right time. I have a job for you to do!"

"What Job?" Du Tianci looked at Yu Tian's evil smile and immediately became alert..

?Chapter 206 – Chapter 206, Senior Ceo

Thank you readers!

Outside the office of the CEO of Xinghe Technology, the employees were all listening to the encouraging arguments in the office in fear.

Du Tianci shouted angrily, "I won't do it. Even if you say it out loud, I won't do it. I'm here to work for you, not to clean up your mess. Great, I won't do it anymore. Can you kill me?"

Yu Tian slammed the table angrily and said coldly, "So, you don't want to stay here either? I thought you were someone I could trust. Now, it seems that I've misjudged you again."

"In that case, I don't want to see you again. Get Out!"

Du Tianci stammered angrily.

"You, you, fine, fine, I'll go. But don't even think about getting my gaming skills again. I'll take all of them!"

Yu Tian didn't care about these little things at all. He said indifferently, "Do you think I care? I can hire the world's best game programming expert to do it at any time. Don't forget, I have a lot of money. Now get lost!"

Outside the office door, Chu Hong had just come up when she heard the sound of an argument.

She wanted to enter the room to take a look, but Du Tianci was exasperated. He limped out of the office and even slammed his cane heavily on the table, scaring the employees to the side.

He turned to look at Chu Hong like an erupting volcano and shouted angrily, "You Chu family members are blind to actually dote on a grandson like Yu Tian. I won't serve you anymore!"

Chu Hong looked at him coldly. Regardless of what happened, she could not let these people belittle Yu Tian.

“You are no longer an employee of the Galaxy Company. I will call security to watch you leave. If you are talking nonsense, I will make you regret it right

now!”

Du tianci gritted his teeth, snorted coldly, and limped away.

Chu Hong turned around and entered the room, closing the door tightly. She asked in confusion, “Aren't you guys doing well? Why Is It Like This?”

Yu Tian knocked on the table and said angrily, “I just asked him to help me with some work. One is unwilling, and the other two are unwilling. I think they are spoiled by me. They have all kinds of problems!”

Seeing his anger, Chu Hong smiled and turned behind him. She comforted him while massaging him, “Alright, don't be angry. With your current height and status, this is very normal!

“Oh right, Sister Hui wants you to go to Hai City. You can go there to relax. Leave the company to me!

Yu Tian was puzzled, “Didn't she say why she wants me to go?”

Chu Hong gently hugged him in her arms and said gently, “It seems that Sister Hui has encountered a difficult problem and wants you to solve it. You'll know when you see her!

Yu Tian didn't really listen to what she said.

Because he felt that the elasticity had disappeared.

Instead, he turned around and smiled. “Isn't it better to hug her in front?”

Chu Hong pursed her lips into a smile and directly sat down at the office desk. She said charmingly, “Then let's give it a try!

Yu Tian stood up and smiled. “My back hurts these few days. I can't play with it. I'm going to hai city now. You can sit here by yourself!

Chu Hong was so angry that she kicked Yu Tian's chair to the ground.

Hai city was the eastern country's Super Metropolis, the economic capital of the world.

Yu Tian got off the plane. As far as the eye could see, there were countless skyscrapers. It was an astonishing prosperity.

When he walked out of the airport, he saw a row of black phantoms and dozens of bodyguards wearing sunglasses. They all bowed and shouted, "Hello, Young Master Yu!

Everyone around the airport was stunned.

There were countless wealthy people in Hai City, but only a handful of them could make such a big scene.

They all wondered who this person was?

Chu Hui, who was in the Phantoms, waved at Yu Tian and said with a smile, "Come quickly, brother!"

The crowd was shocked when they saw Chu Hui.

"My God, isn't That Chu Hui? The president of Tiansheng Group!

"Her net worth is conservatively estimated to be in the hundreds of billions.

How can she be so polite to that man?"

"I really want to go up and kowtow to her. I would even lick her feet!

Yu Tian didn't know that Chu Hui had such a great influence in Hai City.

On the way back to the company, Yu Tian looked at the scenery outside the window and asked indifferently, "What problem is it? Do I have to appear personally?"

Chu Hui didn't say anything. She leaned on his shoulder first and said tiredly, "Why don't you just be the President of Tiansheng Group? I'll give you everything. From now on, let me stay by your side and be your servant!

Yu Tian thought it was quite funny.

"Be my servant girl? Why do I feel like you're going crazy just because you speak? What's so great about it that you've seen through the mortal world?"

Chu Huiwei was silent for a moment. She gently held Yu Tian's hand and muttered, "Half a year ago, we invested 17 billion yuan to develop the ocean tunnel project.

"Two days ago, the middle section of the tunnel suddenly collapsed and hundreds of people drowned. The entire tunnel can no longer proceed!

Yu Tian quietly heard this and comforted, "It's just an engineering problem. What's there to be sad about? 17 billion is nothing to the Chu family. Do you still care about this little money?"

Chu Hui shook her head and said, "It's not just the tunnel project. The Xiyu Mountain Resort project that we developed also collapsed. Losing 200 million is nothing. Moreover, we found out that it was man-made!"

Yu Tian turned to look at Chu Hui and asked with a slight frown, "Man-made? Do you know who did it?"

"I don't know. In the entire Hai City, Tiansheng is a big company with industries all over. We have investments in the top 50 companies in Hai City, and they are all very profitable. Only a few companies are left."

"When we wanted to buy them back then, they were all rejected. Two of them are wholly-owned companies, and three are foreign-funded companies. They have always been secretly competing with us."

"However, up until now, I haven't received any more detailed information!"

As he spoke, he had already arrived at the gate of Tiansheng Group's headquarters.

Yu Tian looked up. The fifty-eight-story tall building seemed to pierce through the sky.

Flocks of birds flew past. This landmark building of the CBD was like a giant, standing proudly between heaven and earth.

Entering the observation elevator, one could see the entire city.

Chu Hui's ostentation in the company was really not small. There were fifty secretaries alone.

Walking out of the elevator, these secretaries bowed in unison.

"Hello, President Chu!"

Chu Hui swept away her previous meekness and turned into a domineering female CEO. She said firmly, "This is Yu Tian, Tiansheng group's SCEO!"

The secretaries were instantly shocked.

SCEO, senior CEO, even more senior than Chu Hui's CEO.

Chu Hui naturally took Yu Tian's arm and walked to the office.

The secretaries who just reacted were shocked again, and even more shocked.

They had never seen Chu Hui take a man's arm.

If this spread, the entire hai city would be shocked.

Yu Tian was very calm. If he wanted, the entire Chu family could be his. What was a senior CEO?

But the luxury of Chu Hui's office, let him some shock..

?Chapter 207 – Chapter 207 Was Out Of Place

Thank you readers!

The size of the office was over a thousand square meters. The floor-to-ceiling windows were made of water-screen glass. Around the crystal desk, all kinds of unique shelves were filled with all kinds of luxury goods.

The red leather sofa looked elegant and sexy under a group of sculptures.

Even the carpet was pink.

There was a conference room in the office. Even the conference table was like a beautiful piece of art. The entire office was like a palace.

He looked at Chu Hui and thought about his broken office. There wasn't even a F * cking washroom.

There were only two washrooms in Chu Hui's office. Yu Tian was puzzled. Could it be that one was in a good mood in the morning and one was in a good mood in the afternoon?

After sitting down, the secretary began to report on his work.

“Director Chu, director Yu, the cleaning work at the tunnel is still going on. The casualties are still increasing!”

“According to the estimation, the entire tunnel has collapsed. The losses are more than ten billion!”

“The scenic area project of drizzle mountain can not be carried out right now. The area of damage is more than twenty thousand square meters!”

“The reclining Buddha that we ordered from abroad and the one-to-one

Imperial Palace of Thailand have both been damaged. They can no longer be

The secretaries talked about the problems of these projects.

Not to mention Chu Hui, even Yu Tian felt a headache when he heard them.

If he had known that the situation in Hai City would be so big, he wouldn't have come.

After the secretaries left, Chu Hui rubbed her forehead and said weakly, "I don't know what to do. Since I became the CEO, I have never encountered such a difficult problem!"

Yu Tian smiled indifferently and said, "What is this? Compared to what I have encountered, this is nothing. Calm down, it's nothing. I will fight with them until the end. Anyway, my life is destined to be a life of doing!"

With this guidance, Chu Hui was in a much better mood. She smiled and said, "You just came, and I already let you be troubled. I will take you around in the afternoon. Let's go to eat Ben Gang's dishes tonight. You will definitely like it!"

It was quite nice to think about it, but Yu Tian was not in the mood. There were still a group of people waiting to be cleaned up at Linhai.

He waved his hand and smiled. "Forget it. Let's hurry up and figure out who's pretending to be better than us. It's not too late to play around!"

"I want to too, but I have no idea at the moment!" Chu Hui said helplessly.
"Show me the information of those five companies first!"

Only by knowing yourself and your enemy can you win a hundred battles.

The information on the surface was quite comprehensive. Yu Tian simply looked at it, and it was indeed useless.

If he wanted to be more comprehensive, he had to do it himself.

However, Yu Tian felt that the company called Juhai Industry was quite interesting.

The CEO was called Wolf Huoxian, and he was the holder of the world's bowling rankings. He was the owner of the largest bowling alley in Hai City.

He also owned real estate, import and export, bio-pharmaceutical, and other industries. He was a very pretentious person.

Yu Tian knocked on some information and decided to find out more about Wolf Huoxian and find out what he was up to.

An hour later, Yu Tian came to the bowling alley alone.

After a simple look, the size of the bowling alley was particularly large. It was divided into ordinary areas, membership areas, and luxury areas.

If the average person wanted to have a good time, they could just play in the ordinary areas.

He happened to see Wolf Huoxian in the judges' seats.

Yu Tian took a closer look. Wolf Huoxian was in his fifties and looked older than his picture.

His facial features weren't prominent, but his eyes were filled with determination and stubbornness. He wasn't like other judges who whispered to each other and didn't fit in.

Behind him stood two foreign men wearing sunglasses. One of them weighed at least 270 pounds and was two meters tall.

Without even thinking, he must be Wolf Fire Sage's bodyguard.

Yu Tian was pondering when someone called him from behind. His tone was especially rude.

"The one in front is talking about you. That Skinny Guy, are you a player in the game or a spectator?"

Looking back, he saw a middle-aged man in his forties with a sign hanging around his neck.

He should be the manager of this stadium.

Yu Tian said indifferently, "Why? What do I do? Do I need to report to you?"

The man's eyes widened. He came closer and looked at Yu Tian from head to toe. He did not find any sign of a participating player on him.

Therefore, he said even more arrogantly, "If you are a spectator, go stand outside the Red Line and watch. This is the competition zone. You Can't Stand

What he said was a little ridiculous.

He could stand wherever he wanted. What did it have to do with him? was management so great?

Yu Tian snorted and said disdainfully, "I'm here for the competition, don't Bother Me!"

"You're participating in the man gave a contemptuous smile in disbelief and said, "Which city recommended you? What's Your Name? Have you paid the registration fee?"

"And even if you're here to compete, the finals have already begun, so what kind of competition are you participating in?"

Damn!

He was only focused on observing that trash wolf Huoxian and didn't pay attention to where the competition was going.

But that didn't matter. This was an amateur competition, not a professional competition.

He could fight if he wanted to, so what.

Thinking of this, Yu Tian said domineeringly, "I know about the finals. So what? I'm here to challenge the champion of today's match. You'd better not stop me. The last person who stopped me is still in the mental hospital!"

The man felt even more ridiculous. The equipment of the person in front of him was all new. He didn't even tear off the logo of the sneakers. How dare he say that he was challenging the champion?

However, Yu Tian's equipment was indeed very valuable, especially the sneakers. They were worth more than 10,000 yuan, and only rich people could afford them.

The manager thought about it and decided that it was best not to be too pretentious. It was better to have a match with him and let him know the difficulty and retreat.

At the thought of this.., the man smiled mockingly and said, "I don't want to stop you, but first, I want to confirm whether you have the qualifications to participate in the Challenger League. Why Don't we have a match? If your score is higher than mine, then I definitely won't stop you.

"If you lose, then don't make trouble here, how about it?"

Yu Tian snorted coldly, "Alright, I'll use you as a warm-up!"

If they had money, they could all get a membership or something. If they had money, they could pretend to be in the luxurious areas.

Yu Tian felt that he had come at a good time. The stadium was holding a national amateur bowling competition, and the players were going in and out. It was very lively.

If you wanted to enter the stadium, you had to have equipment. Everyone else was wearing jerseys and shoes. You couldn't go in in a suit and tie, right.

Yu Tian bought a set of equipment and changed into it in the shop of the stadium before walking into the member area where the game was being played.

There were fifty lanes in the member area, all occupied by the game.

At this moment, the sound of bowling balls rolling on the ground and the cheers of the cheerleaders rose and fell.

Yu Tian didn't know how to play this game, nor was he in the mood to play. He just walked around.

?Chapter 208 – Chapter 208, The Ability To Copy

Thank you readers!

Although he agreed readily, he had never even touched a bowling ball.

However, Yu Tian did not care about this at all.

From the moment he became the destined person, his memory seemed to have the ability to copy.

No matter what it was, he could learn it after watching it once.

In particular, the bowling ball itself was not that complicated.

One had to master the movements, the strength of the serve, and the angle of the rotation.

As for scoring, Yu Tian did not understand and did not want to watch it.

The two of them came to the first fairway.

As it was the finals, the other players went to the middle fairway. The ones on the side were empty.

The manager felt that Yu Tian did not understand the rules, so he said casually, "Let's not talk about the standard of the game. Let's play five balls each. The one with the most number of fallen pillars will win. How about it?"

"It's very simple. I like it. You start the game first!" Yu Tian wanted to see how he would play.

Needless to say, the man took out his own ball and wiped it carefully with a piece of cloth.

Yu Tian also spent more than 10,000 yuan to buy a ball. He originally wanted to put on a show, but in the end, it really came in handy.

At this time, the manager picked up the ball, ran up five steps, and threw the ball into the fairway with standard movements.

The ball spun extremely fast. When it touched the first pillar, it knocked down ten pillars in a row.

Someone even clapped the manager's hands and shouted, "Teacher Sun, you played well!"

So this guy was teaching to play ball. No wonder he could play so well.

Sun Ren crossed his arms and looked at Yu Tian disdainfully. He sneered and said, "It's your turn?"

He felt that Yu Tian did not know how to bowl at all. He was just here to show off.

However, Yu Tian followed suit. He also picked up the ball and went to the run-up area.

Before throwing the ball, Yu Tian had already thought about it.

He did not know how to throw a spinning ball like Sun Ren. He might as well throw a straight ball and increase his strength.

Thinking of this, Yu Tian also took five steps to help walk. He threw the ball into the path even more elegantly.

Sun Ren was slightly surprised. Could it be that he had seen wrongly? This guy actually knew how to play?

Otherwise, how could his movement be so standard? It was even better than his own.

After the ball entered the fairway, with the help of inner strength, it rushed toward the ball zone like a phantom.

Because it was too fast, the heat of friction pulled out a cloud of smoke from the wooden fairway.

Before the crowd could recover from their shock, the ball had already hit the ball pillars.

Under the violent vibration, the ten ball columns exploded instantly.

With a crash, one of the ball columns even flew to the tenth fairway. The player who was in the middle of the match was so scared that he almost sat on the ground.

Sun Ren was dumbfounded on the spot, and the back of his head was cold.

How was this a F * cking game? This was a mess.

However, Yu Tian shook his head indifferently and said helplessly, "I'm sorry, the force is a little too strong!"

Who knew that this shot would draw the attention of the entire stadium.

Wolf Huoxian also turned his head to look over, but he was very calm. He only took a brief look before continuing to watch the match.

At this time, Sun Ren's cold sweat started to seep out.

The first goal was tied, and Sun Ren opened the second goal without saying a word.

Perhaps because he was more nervous, this shot only knocked down seven pillars.

The crowd booed regretfully.

It was Yu Tian's turn to kick off again.

Previously, they had said that he had used too much strength, but this time, he had used even more strength.

Last time, there was only smoke coming from the fairway, but this time, it was on fire.

The ten pillars were not knocked down, but completely shattered. It was as if a bomb had been thrown out.

Even the ball-swinging machine shook, causing the entire stadium to shake.

This time, everyone was dumbfounded.

Even Wolf Huoxian stood up in shock.

He had played bowling for half his life, but he had never seen someone with such great strength. It was even a little heaven-defying.

Someone immediately used a fire extinguisher to extinguish the flames on the fairway.

However, the match could not go on. Everyone's eyes were on Yu Tian.

Yu Tian picked up his bowling ball and turned to Sun Ren. He said indifferently, "I didn't control my strength well. Let's continue on another track!"

Sun Ren was drenched in sweat. He said with a frown, "I'm not playing anymore. You won. I'm convinced by you. I am convinced from the bottom of my heart. You definitely have the qualifications to participate in the Challenger League. Go ahead. Play however you want!"

Yu Tian did not care about these things at all. He wanted to let Wolf Huoxian know of his existence. Only then could he say the rest.

At this time, a few referees also came over and expressed their sincere respect to Yu Tian.

One of them, a white-haired middle-aged man, said, "Sir, which stadium did you play in before? Do you have any ideas to come to our Huoxian Stadium?" He started to poach himself.

However, Wolf Huoxian could not come over. What was the point of these old fogies?

Yu Tian said disdainfully, "I have no thoughts. I'm here to participate in the Challenger League!"

After saying that, Yu Tian did not care about the gazes of those people. He swung another ball.

This time, he used even more strength. He opened a hole in the fairway. At the same time, the ball pillar exploded, breaking the ball-swinging machine and causing it to collapse.

Everyone's faces were filled with horror and fear.

The white-haired middle-aged man hurriedly went forward to stop him. If this continued, let alone the challenge match, it was uncertain whether the stadium would still be open or not.

"Sir, stop playing. Our Stadium can not accommodate an almighty like you. You should go play in another stadium!"

Yu Tian completely ignored him. However, after waiting for a long time, his ball did not roll back.

What a waste of this bowling ball.

Yu Tian did not say anything and walked out of the stadium.

Sun Ren and the others secretly heaved a sigh of relief. Fortunately, he listened to their advice. Otherwise, they really did not know what to do.

The white-haired referee returned to Wolf Huoxian's side and sighed, he said helplessly, "He is here to participate in the Challenger League. This person is born with supernatural strength. He is definitely a good seedling to play basketball. Unfortunately, he does not want to play in our stadium. He left because of what I said!

Wolf Huoxian nodded expressionlessly and said in a deep voice, "Let's continue the game!"

However, at this moment, there was another commotion at the entrance.

Everyone turned their heads to look.

They saw Yu Tian carrying five advanced bowling balls and returning.

The moment Sun Ren saw Yu Tian, he did not say anything. He pulled the sign on his neck and turned around to leave. He was not going to do it anymore.

If he couldn't afford to offend him, couldn't he hide?

Yu Tian came to the fifth fairway. Under everyone's shocked gazes, he threw another ball.

There was another string of flames on the fairway, followed by a loud bang. This time, even the wall behind the fairway had a hole in it.

Everyone's shouts were deafening.

Wolf Huoxian really couldn't watch anymore. He turned his head and gave the bodyguards behind him a look.

One tall and one short, the two bodyguards came behind Yu Tian. The short muscular man said coldly, "Enough, stop fighting. Now leave this place. There's no place for you to play!

Yu Tian didn't even look at them. He picked up a bowling ball and went to the sixth fairway..

?Chapter 209 – Chapter 209, A New Trick

Thank you readers!

Yu Tian's disregard for the two bodyguards completely infuriated them.

The bodyguard, who was nearly two meters tall, rushed to Yu Tian's back and reached out to pull Yu Tian's collar.

However, Yu Tian did not give him the chance to make a move at all. He suddenly turned around, swung the bowling ball, and directly smashed it onto the bodyguard's head.

The bodyguard's head was smashed until it was bleeding. Then, he was kicked onto the fairway by Yu Tian and slid a few meters away.

The thin bodyguard was furious. He put on an offensive stance. Before he could punch, the bowling ball that Yu Tian threw hit his face.

This piece of trash did not even make a sound. He lay on the ground and did not move.

The hundreds of people in the stadium were shocked by this scene and were completely silent.

Wolf Huoxian narrowed his eyes. His heart was like a huge wave.

But at the same time, he was also thinking, was this young man really here to play ball?

But it seemed that he had never provoked him before. This scene was a bit inexplicable.

Thinking of this, Wolf Huoxian walked to Yu Tian's side and said with an indifferent expression, "If you really are here to play ball, I naturally welcome you. If you are here for something else, there is really no need to make such a big move!"

Yu Tian played with the bowling ball and said disdainfully, "I am here to play ball. Otherwise, why do you think I am here?"

"Since you're here to play ball, I naturally welcome you. However, you destroyed my fairway and equipment, injured my bodyguard, and ruined today's bowling game. This is a bit unjustifiable, Fire Xian said very calmly.

However, Yu Tian smiled indifferently and said, "What's The Big Deal? I'll compensate you according to the price, but you can't stop me from playing ball. Moreover, I heard that you seem to be the holder of some world ranking.

Why Don't we play a game?"

Wolf Huoxian laughed coldly. Did he think that he could just compensate him?

If he damaged all the fairways here, he would need time to repair them. That would also affect his business.

He still wanted to play with him. How could he give him the chance to continue damaging this place?

Thinking of this, Wolf Huoxian said coldly, "You don't have the qualifications to play with me. You Don't even have the most basic ball morality. You Don't even respect this game. Why do you want to play with me?"

"When you learn how to play ball and understand the meaning of this bowling, come and play with me!"

The onlookers nodded and discussed animatedly.

"That's right. How can you play bowling with so much strength? This is clearly an Act!"

"Chief Wolf is right. He doesn't even have the least respect, and he still wants to play ball with Chief Wolf? This is so funny!"

know, right? I think he just wants to hype himself up, but he's just a little low class!"

There were all sorts of things to say, but Yu Tian turned a deaf ear to them. His mouth was on Chief Wolf's head, so he could say whatever he wanted to say.

Whether this chief wolf wanted to play ball with him or not, he had to find out the same thing today.

He played with the bowling ball very easily and said with a smile, "Actually, you're just afraid of losing. You know that you're not my match at all, and you're afraid of embarrassing yourself in front of so many people.

understand your helplessness. Why Don't I give you a chance? This time, I don't need to put in so much effort. I'll play with you normally, so that you won't say that I'm bullying you. Let's add some more luck.

"If I lose, I'll Pay You 100 million for a lane. If I win, you can kneel down and Kowtow to me and Call Me Dad. If you don't want to play with me, you have to call me dad. Otherwise, I'll beat you up right in front of them, I'll beat the shit out of you!"

These words made Wolf Huoxian so angry that his nose was almost crooked.

Whether you want to play or not, you'll have to call me dad. What kind of rule is this?

You want to force me to play? Dream on.

Wolf Huoxian calmly nodded and said, "Okay, then I'll play with you. But the conventional way of playing is boring, and it's not suitable for my level.

“Why don't we play a game that's popular in the world? Let's play five games, and each game we'll hit a certain number of pillars. How about that?”

What a F * cking old fox, Yu Tian cursed in his heart.

He could tell that he only knew how to play strength ball and even made such a trick.

But what could he do? Did he really think that he only knew how to play strength ball?

Yu Tian chuckled and said very confidently, “This trick is not bad. I like it. You can start the game first!”

Needless to say, Wolf Huoxian asked his assistant to bring his bowling ball over and then used the computer to randomly choose a number.

The first round's number was three, and both of them had to knock down three ball pillars.

The crowd began to discuss again.

“Play three balls? This is very difficult. The ball has four rows, and it's almost impossible to knock down three rows on the side!”

“The probability of this is really very small. It's a test of wrist strength and the rotation of the ball. It can't be any worse!”

think there's nothing wrong with Wolf. He should be able to knock down the ball easily. But that Mr. Pretentious Guy, I think it's impossible!”

Yu Tian was really listening to him.

So he was using his wrist strength to increase the rotation of the ball. It wasn't that difficult.

He raised his eyes and looked at Wolf Huoxian.

At this moment, Wolf Huoxian was very calm. He felt that no matter how difficult it was, it was not worth mentioning.

Moreover, in front of hundreds of millions of bets and glory, he was still able to be so calm. He could be considered a character.

At this time, Wolf Huoxian picked up the ball. After five steps, he spun his wrist and threw the ball into the fairway.

The ball began to roll in a straight line. When it was two meters away from the ball pillar, it suddenly turned to the side and brushed past the side of the ball pillar.

The three ball pillars on the side fell with a crash. The accuracy and strength were simply perfect.

The entire stadium was filled with warm applause and cheers.

Wolf Huoxian still looked at the fairway calmly. He was very satisfied with his shot.

He also looked at Yu Tian and made a polite gesture to invite him.

Yu Tian came to the run-up line and first went through Wolf Huoxian's actions in his mind.

He followed up with a five-step run-up, spun the ball, and threw it out steadily.

But this time, he used too much strength. The ball's rotation was too fierce. Before it touched the ball pillar, it turned out of the fairway and did not knock down a single pillar.

Everyone laughed and booed.

Wolf Fire Xian shook his head helplessly. He had guessed that he would play a straight ball. It seemed that he had guessed correctly.

The ball behind him could be easily won by playing with him.

Yu Tian was not in a hurry. Instead, after throwing the ball this time, he had learned a lot of tricks.

Wolf Huoxian signaled his assistant to continue selecting the ball.

This time, it was the more difficult 5.

Wolf Huoxian also frowned slightly. It was easy to hit the edge of the ball, but to make five pillars fall was equivalent to knocking down half of the ten pillars.

If the power was not controlled properly, it was possible to make more pillars

The audience also exclaimed in surprise.

“Half of the game? The key is the header. If we control the direction of the header, we can make the ball fall smoothly!”

“If the pitch is slightly off, it's impossible to hit five balls!”

Let's see how Chief Wolf plays First!

Chapter 210 – Chapter 210-Flexibility And Flexibility

Thank you readers!

After considering his tactics, Wolffire Xian decisively threw the ball.

The black ball rushed straight towards the pillar.

The moment the header ball was touched, it fell to the right and hit the pillar behind it.

One, two..

Everyone counted the number of pillars that fell. When the fifth pillar fell, Wolffire Xian gritted his teeth.

The calculation of strength was still wrong.

The fifth ball fell to the left side, directly touching the sixth ball and falling together.

The entire stadium let out a regretful sound.

Just a little bit more, and he still knocked down six balls.

However, the crowd only felt that it was a pity. They did not have the intention to mock Wolf Huoxian. After all, the number of balls that fell to five was too high.

Even if a true international master came, he would only be at this level.

Wolf fire-xian was also very relaxed. He was able to knock down six balls, so he was bound to win.

That guy who could even throw the ball out of the fairway did not have any chance to knock down five balls.

Yu Tian calmly picked up the ball and went behind the walking assist line.

The angle, strength, and especially the rotation were all carefully calculated.

Following that, he took five steps forward and easily threw the ball.

This time, it was different.

The ball rolled steadily and spun quickly. After hitting the first ball, the ball continued to spin counterclockwise and forcefully pushed the first ball to one side.

Soon after, the second, third, and fifth balls all fell to one side. The remaining five balls were still standing steadily.

Yu Tian smiled smugly. He had played well this round and deserved praise.

However, Wolf Huoxian and the onlookers were all shocked.

This was especially so for Wolf Huoxian. Although he was expressionless, his emotions were surging violently.

He had guessed wrong.

Not only was this guy not a rookie, but he was also an expert.

If he had guessed it, it was impossible for him to be so accurate.

He had played bowling for so many years, and he knew very well that this game was extremely coincidental.

No one could hit the direction of each pillar with such precision.

The more he thought about it, the more pressure fire wolf felt, and cold sweat began to seep out of the back of his head.

Yu Tian sat on the chair and leisurely drank his drink, waiting for the next round of the game to begin.

The number chosen this time was 2.

Wolf Fire Xian was a little pleased with himself.

What he was best at was to brush aside the ball. He really wanted to see how that guy could master such strength?

He then said to Yu Tian indifferently, "A formal match requires changing lanes. We don't need to be so complicated. Why don't you kick off the ball first this time?"

Yu Tian chuckled and stood up. "Sure, as long as you don't have any pressure!" At this moment, Yu Tian was very familiar with the bowling ball.

The bowling ball in his hand seemed to have a life of its own. Under Yu Tian's command, it directly knocked down the two ball pillars.

The entire process was clean and fast, causing everyone to be extremely shocked.

Even when playing billiards, it wasn't that accurate, right?

If it was a lucky guess last time, then what was it this time?

He couldn't be so lucky twice, right.

Wolf Fire Xian's gaze was like seeing a meteor falling from the sky and destroying the world. He was shocked and desperate.

In that case, there was no need to continue the rest of the match.

In order to save face, Wolf Fire Xian suppressed the fluctuations in his heart and asked in a deep voice, "May I ask how to address this young man?"

Yu Tian chuckled. Wolf Fire Xian was able to bend and stretch. An ordinary person would not be able to do this.

Think about it. After all, he was a boss with a net worth of ten billion yuan. It was impossible for him to be an idiot.

He then said proudly, "Yu Tian!"

Wolf Fire Xian nodded slightly and did not say anything else. He directly bowed and said, lost. You won. Today is my fault!"

Everyone felt that Wolf Huoxian's bow was very sincere.

As expected of the boss with a net worth of ten billion. He was willing to accept his loss and was worthy of respect.

However, Yu Tian shook his head and said, "We agreed to kneel and Kowtow. What's the point of you bowing? If you, the dignified Wolf Huoxian, want to play sloppy, what's there to play?"

Wolf Huoxian was not angry. Instead, he smiled and said, "Before I played with you, I did not agree to your bet. It's just a game. You Can't really take it seriously, right? Why don't I treat brother Yu to a drink?"

An Old Fox was indeed an old fox. He did not leak a single drop of water. Even though he was shameless, he acted so naturally, as if he really wanted to.

Yu Tian agreed to have a drink with him. Since it was still early, he would slowly play with him.

There was a special bar in the bowling alley. The two of them sat down and red wine was served.

Wolf Huoxian raised his glass and saluted Yu Tian first.

“You played very well. Internationally, you can get a good ranking. We did not get to know each other without playing. I will toast you with this glass of wine. Why don't we bury the hatchet? I will toast First!

Yu Tian swirled the red wine in his glass and looked at Wolf Huoxian. He did not intend to drink it.

Wolf Huoxian frowned slightly. He had given him so much face. What else did he want?

Yu Tian put down the glass indifferently and said with a smile, said it's my first time playing bowling today. Do you believe me?”

“Impossible!” Wolf Huoxian shook his head like a rattle-drum and said particularly firmly, “Your skills can not be developed without a few years of practice. Even I, a veteran player who has played for more than ten years, AM only so-so!

While they were talking, a secretary with a hot figure came close. He bent down his graceful waist and whispered in wolf huoxian's ear, “Chief Wolf, Mr.

Terras has arrived at the hotel and is waiting for you!”

Wolf Huoxian nodded slightly and turned to Yu Tian, “Brother Yu, if you don't have any arrangements, why don't you go to a banquet with me?”

Yu Tian thought about it and decided to take this opportunity to see how big this guy was.

When Yu Tian changed his clothes and appeared in front of Wolf Huoxian in a suit and tie, Wolf Huoxian was shocked.

Looking at Yu Tian's outfit, it was impossible to get off without tens of millions of yuan.

Not to mention other things, just look at his backpack. It was a limited edition Hermes, worth more than six million yuan.

Wolf Huoxian could not help but ask, “Brother Yu, you're so rich. Haven't I asked you what you do for a Living?”

Yu Tian said indifferently, “I work in the Technology Industry!”

“Yes, this industry has great potential for development. If there's a chance, we can work together!” Wolf Huoxian said as he gestured for him to come over.

At the same time, he turned around and whispered to the thin bodyguard with a bruised face, "Let's go and see what he's up to!"

The thin bodyguard nodded and left.

The group arrived at the luxurious private room of the Wanghai Hotel. A fat foreigner in a flowery shirt, who was about fifty years old, gave Wolf Huoxian a warm hug.

"Mr. Wolf, I'm very happy that you've graced me with your invitation. Our cooperation will also be smoother!"

Yu Tian heard that this damn foreigner's Mandarin was not bad, but he felt that this person was not as good as he sounded..

I Have 108 Older Sisters #Chapter 211 - Read I Have 108 Older Sisters Chapter 211

?Chapter 211 – Chapter 211 Was Indeed A Misunderstanding

Thank you readers!

After sitting down, Wolf Fire Xian introduced Yu Tian to Terras.

"Mr. Terras, this little brother is called Yu Tian. He is in the technology industry. His bowling skills are exceptionally good. Even I am no match for him.

Boss Yu, this is Mr. Terras from Italy. He specializes in the export business of sports products. Of course, that is just one of his many businesses!"

Who cares what he does? What does it have to do with me?

Yu Tian just nodded indifferently and did not even look at Terras.

Compared to this dead foreigner, the dishes on the table were even more beautiful.

Terras shrugged awkwardly and still maintained a smile. "So Boss Yu is in the technology industry. I wonder if there are any more famous products?

Or we can still work together!"

Yu Tian glanced at this damn foreigner arrogantly, he said disdainfully, "Work together with me? I just casually name a project, and it's an investment of over ten billion. I'm just doing a charity, and I'm spending billions. Think about your own strength, and we're talking about cooperation!"

Everyone gritted their teeth in shock.

What he said was rather arrogant. Casually spending tens of billions? This was simply impossible.

Terras looked at Wolf Huoxian with a puzzled gaze, as if asking if this Yu Tian was abnormal?

Wolf Huoxian was also puzzled. Yu Tian didn't seem like a person who liked to act pretentious, so why did he speak so rudely.

Thinking of this, Wolf Huoxian smiled awkwardly and said, "Today, let's eat, drink, and improve our relationship. Let's not talk about business cooperation.

Come, let me raise a glass first!"

The few of them raised their wine glasses. However, Yu Tian first placed the red wine in front of his nose and sniffed it. Then, he immediately put the glass down.

Under the puzzled gazes, Yu Tian turned around and said to the female foreman who specialized in serving everyone, "The restaurant is not bad, but tell me, how old is this wine?"

Wolf Huoxian, Terras, the secretary, the assistant, and the others all looked at their own glasses at the same time.

The foreman hurriedly said, "Hello, boss. This is the St. Louis Winery's production, the 1975 Red Dew Pearl!"

Yu Tian shook his head indifferently and snorted, "I'm saving your face. You'd better be sure that this is really the 1975 red wine that you said?"

Hearing Yu Tian's words, the foreman's face obviously turned pale.

This wine was indeed not from year 75, but it was the old version's idea. She was just following the boss' instructions. Now that a guest had drunk it, she could not handle it.

She could only say guiltily without confidence, "I'm sorry, Boss. I'm not very clear about it. Why don't I call the boss over?"

Lang Huoxian could not hold back his embarrassment. He was the one who had arranged today's banquet. In the end, the fake wine was served. It was clearly not giving him face.

He said coldly with a dark face, "Go and call your boss over. I want to see whether this wine is real or fake

The foreman turned around and left. The beautiful secretary immediately flattered Yu Tian.

“Boss Yu, you're really amazing. You can tell whether this wine is real or fake just by smelling it. Then, what brand is this wine from?”

Yu Tian said proudly, “Of course it's also a red dew bead, but it's not from year 75. To be more precise, this is from 2005. There's a difference of 30 years between the two.

“However, because this wine has a thicker texture, if you don't drink it often, it's difficult to tell if it's from 2005 or 75. However, this wine has a special characteristic.

“The smell of the 75-year-old wine has a natural sour taste, while the smell of the 2005-year old wine is especially sweet, so this isn't the 75-year-old wine at all!”

As they spoke, everyone raised their glasses and sniffed carefully.

As Yu Tian had said, this wine smelled very sweet, as if it was added sugar.

Terras even clapped his hands and smiled appreciatively, “Oh my god, if not for Boss Yu's words, I wouldn't have known that there was such a big difference in this wine. Today has really opened my eyes!

However, Yu Tian chuckled and looked at wolf huoxian with disdain. He said disdainfully, “I thought that I would be able to drink some good wine today. In the end, you gave me a fake wine. It seems that Chief Wolf doesn't have enough face!

Lang Huoxian’s face was redder than the wine. He could say anything else, but it was absolutely intolerable to say that he didn't have face.

He was able to get to where he was today because everyone gave him face and he also gave others face. However, this hotel didn't give him face and made him lose face in front of everyone, he couldn't be forgiven no matter what.

At the same time, Lang huoxian became even more confused about Yu Tian's identity.

This kind of red wine was worth more than 500,000 yuan a bottle. Even he could not drink it often, let alone identify the year.

However, he could smell it and identify the year. This meant that he often drank this kind of expensive red wine.

What kind of rich person would have such a large amount of money?

No wonder he said that a random project of his was worth tens of billions. If that was the case, it was entirely possible.

At this time, the hotel owner rushed into the private room and apologized when they met.

“Chief wolf, it's all a misunderstanding. The people below sent the wine to the wrong private room. How could I dare to send this kind of wine to chief wolf? I'm now asking someone to send the wine from year 75 over. Today's meal is on Me!”

His words were very sincere. Wolf Huoxian looked at the boss coldly, he said gloomily, “Then whose face is on me? Everyone here today is my distinguished guest. You made me such a wine. Where do you want me to put my face?”

His words scared the boss so much that cold sweat oozed out.

“Chief wolf, I am really sorry. I'm really sorry. You See, this hotel belongs to Tiansheng Group. We usually respect the requests of our guests the most. Today is indeed a misunderstanding!

Tiansheng Group?

Yu Tian was amused when he heard the name. Wasn't this Chu Hui's Hotel?

The boss thought that Wolf Huoxian would give him some face at the mention of Tiansheng Group. After all, the Chu family was also an important existence in Hai City.

Unexpectedly, Wolf Huoxian snorted disdainfully, he said unwillingly, “So what if it's Tiansheng Group? I came here to spend money. You sold me fake wine and tried to use the name of Tiansheng Group to pressure me. Do you really think that I, Wolf Huoxian, would put the Chu family in my eyes?”

When Yu Tian heard this, he looked up at Lang Huoxian.

No Wonder Chu Hui listed him as a competitor. This Lang Huoxian really didn't put the Chu family in his eyes.

If that was the case, it was very likely that he was the one who caused losses to the Chu family.

However, he wasn't in a hurry to say these things. Even if he asked him directly, there wouldn't be any results.

Let's wait and see..

?Chapter 212 – Chapter 212. The Plan Was Going Well

Thank you readers!

The hotel owner said all the nice things, but Wolf Fire Xian was still unwilling to give up. It was obvious that he didn't want to give the Chu family face.

Yu Tian saw that they were dawdling, and it was simply a waste of time.

So he immediately interrupted the two of them and said impatiently, "You two have been talking for a long time, but I don't see any results from you two."

"Either you two go out and have a one-on-one duel, and whoever wins will listen to the other. Otherwise, we should eat, drink, and drink. If we continue talking, this dish will be heated again!"

Terras also advised Wolf Huoxian on the side.

"Chief wolf, I think it's better to forget it. Let them send the 75-year-old wine up. We should still talk about our words, or this is really a misunderstanding!"

Wolf Huoxian gritted his teeth and turned to the boss and said fiercely, "Today, I will give them face and not lower myself to your level. But you must remember that I, Wolf Huoxian, am not afraid of the Chu family!"

The boss hurriedly nodded and bowed as he left the private room. He turned around and scolded in a low voice, "What are you talking about? Do you really think you are so great? It's already good enough to have fake wine for you to drink. You, surnamed wolf, shouldn't have come to our hotel for a meal!"

In the room, Yu Tian asked casually, "Boss Lang and Tiansheng group seem to have some kind of grudge? It's a good time for us to have a meal today. Let's hear it!"

Lang huoxian smoothed out the anger in his chest and then slowly said, "The Chu family is not good. Ever since Tiansheng group appeared, they bought everything they saw without any rules."

"At that time, I wanted to develop a high-end real estate. I spent a lot of money on the initial operation. Who knew that Chu Hui would take advantage of Tiansheng group's powerful capital and buy my land."

"That time, I lost tens of millions. That was nothing. The Chu family was bent on going against me. No matter what I invested, they wanted to get in on it."

"Later on, they wanted to buy my bowling alley, but I didn't give them any face. They wanted to use money to hit me, but that's just a dream!"

The more he spoke, the angrier he got. Wolf Huoxian's face was flushed red, and his fists were clenched so tightly that they were cracking.

Yu Tian smiled as if he was watching a show. "Then, didn't chief wolf think of taking revenge? The Chu family made you lose so much money. If it were me, I wouldn't be able to swallow this grievance!"

As he spoke, Yu Tian stared unblinkingly at Lang Huoxian's eyes, wanting to see his reaction.

However, Lang Huoxian sighed and said helplessly, "Or be honest, I can be tough with them on the surface, but in other words, I really don't have the strength to do so.

What should I say? Tiansheng group is definitely an emperor level existence in Hai City. No one can be their opponent. Moreover, their tunnel project and the Scenic Area project in Yushan City have recently collapsed.

"As long as I look at them, I feel really good. It seems that I'm not the only one who hates Tiansheng group. For this, I suggest that we all drink a toast. I hope that Tiansheng Group can get the hell out of Hai City!"

Terras also raised his cup and said in a consoling tone, "The Chu family is the number one family in the world. Making an enemy of them is equivalent to wasting your life.

"That person who destroyed the Chu family's tunnel project and the scenic area project must have gone mad. Otherwise, I really can't find any reason to think that he did the right thing!"

Yu Tian felt that he had done a good job and that Terras was really putting on airs for him.

Therefore, he followed Terras' words and asked "Chief Wolf, do you know who did it? This person must have a temper. He actually dared to make an enemy out of the Chu family. Could he really be a Madman?"

Lang Huoxian also shook his head in confusion and said in a low voice, "It's impossible for more people to know who did this job. Moreover, Tiansheng Group has provoked a lot of people over the years.

"Any one of these people wants the Chu family to get out of the sea city. Who Did It? No one knows, but the person I like, because he did something I can't do, I have to toast to him!"

Just as they were talking, the skinny bodyguard pushed the door open and entered.

His eyes looked at Yu Tian with a serious expression, then he leaned close to Wolf Huoxian's ear and whispered, "CEO Wolf, his name is Yu Tian, he is the CEO of Linhai Xinghe technology company.

He is also the CEO of Tiansheng Group, and also Chu Hui's lover. He just arrived in Hai City today, and Chu Hui picked him up personally. The two of them are very close, it seems like they already have a physical relationship!

As soon as he finished speaking, the wine glass in Wolf Huoxian's hand fell to the ground and shattered into pieces.

His entire person was like a broken iceberg, roaring and exploding.

Yu Tian saw his expression and guessed a thing or two.

Then, he smiled indifferently and said, "Chief Wolf, you don't have to be afraid. Now I've already confirmed that you're not the person who does that job, so you can still keep your life!"

Lang Huoxian got up angrily and looked at Yu Tian fiercely. He gnashed his teeth and said, "So you're a member of Tiansheng Group, and also Chu Hui's lover. All this today, it turns out that you're trying to get close to me.

really underestimated you. I didn't expect that I, Lang huoxian, who had been in the jianghu all my life, would lose my shoes here. You win this round.

"I also know that you're a capable person, but an enemy is an enemy. Since you're from Tiansheng Group's Chu Hui, there's no need for us to drink this wine anymore. I'll take my leave!"

Yu Tian did not intend to stop him. The moment they fell out, they were destined to be enemies.

However, this was not a big deal. Although he, Wolf Huoxian, was considered a figure, he did not need to put him in his eyes.

Wolf Huoxian, who had walked to the door, suddenly turned around and asked, "Let me ask you one more thing. is today really your first time touching a bowling ball?"

Yu Tian smiled indifferently and said leisurely, "Of course. Do you think that with my status, there is a need to tell you those useless things? Go back and enjoy yourself!"

Wolf Huoxian gritted his teeth, snorted coldly, and turned around to leave.

On the other hand, Terras raised his glass with both hands, wanting to toast Yu

Tian.

He had long wanted to cooperate with Tiansheng Group on all the projects. Wasn't this an opportunity given by Heaven?

However, Yu Tian did not even look at him. He stood up and said as he walked, "This meal is on you. Don't bother me with anything else!"

"Boss Yu, ?????????????? You..

Before he could finish his words, Yu Tian had already disappeared.

As he strolled through the bustling city neon lights, Yu Tian was already thinking in his heart.

Now, it was basically confirmed that Wolf Huoxian was not the person he was looking for. However, this was also very good. There were at least five competitors, and now there were only four left.

Then, he would go and look for other companies. He would definitely find that bastard.

At this moment, Wolf Huoxian, who had returned to his villa, coldly said to the thin bodyguard in the study, "The plan has been carried out.. Very good, continue with the rest!"

?Chapter 213 – Chapter 213. I Feel Nothing

Thank you readers!

Yu Tian strolled around the night scene, then found a hotel nearby and booked a presidential suite.

It was impossible for him to stay in Chu Hui's villa.

It was a lonely man and a lonely woman.

He wanted to pee for a few more years.

Unexpectedly, Chu Hui was very angry. She hung up the phone and went to the hotel without saying anything.

Before she came to the hotel, she even dressed herself up meticulously.

When she appeared in front of Yu Tian, she was both sexy and charming.

The moment Yu Tian saw Chu Hui, he felt a little hot in his nose.

Actually, it was nothing even if he slept with her now, but Yu Tian felt that he could not do that now.

At least, before he became truly powerful, he would not give any of the 108 sisters of the Chu family an ambiguous promise.

Chu Hui sat quietly by the bed, as if she was a bride waiting for the groom.

However, after waiting for a long time, there was no movement. She walked out of the bedroom and did not see Yu Tian. Instead, she heard someone moaning in the bathroom.

Chu Hui gently knocked on the bathroom door and asked in confusion, "Brother, are you in there?"

Yu Tian said impatiently, "Nonsense, who else could it be? I'm taking a shit right now, and it feels really good!"

Chu Hui was so angry that she stomped her feet. She had been waiting for him wholeheartedly, but this guy ran into the bathroom to take a shit. Could it be that he had no feelings for women at all?

Helpless, Chu Hui could only go back to the bedroom and continue to wait.

After waiting for more than two hours, the Sleepy Chu Hui lay on the bed and fell asleep.

Until then, Yu Tian did not walk into the bedroom. Instead, he slept on the sofa outside for the night.

The next morning, Chu Hui woke up and found Yu Tian sleeping on the sofa. She was so angry that she rushed up and pulled Yu Tian's hair, she shook it as she scolded, "Are You a man? I even offered myself to you. You didn't even look at me. Are you a faggot?"

Yu Tian clenched his teeth and said helplessly, "You're the faggot. Pm very normal. Who said I didn't look at you? It's just that after I looked at you, I didn't feel anything!"

Chu Hui became even angrier. She directly rode on Yu Tian's body and grabbed Yu Tian's neck. She said angrily, "Do you feel anything now? Do you feel anything this time?"

"I feel it, I feel it. I Can't breathe. Let Go of me quickly. If you have the guts, let's fight one-on-one!" Yu Tian struggled to break free from her hand and jumped off the sofa.

Chu Hui wanted to continue attacking, but at that moment, the doorbell rang.

Yu Tian, with disheveled hair and disheveled clothes, opened the door and found Chu Meng looking at him with a smile.

However, the smile disappeared when he saw Yu Tian's current appearance and Chu Hui, who was also disheveled and disheveled, in the room.

Yu Tian didn't feel anything. Instead, he asked curiously, "Why are you here?" Chu Meng said in a strange tone, "Why? Can't I come? Or did I suddenly come and disturb you?"

After saying that, Chu Hui pushed the door open and entered the room.

Chu Hui quickly tidied her hair to calm her emotions. Then, she said softly, "When did you come? Why didn't you tell me? So that I could get someone to pick you up!"

Chu Meng didn't say anything. She went into the room to look at the bed and then looked at the bathroom.

Then she said coldly, "You haven't had time to take a shower yet, right? Why Don't you take a shower first and talk to me after you're Clean!"

Yu Tian finally understood the meaning behind her words.

He didn't know whether to laugh or cry, he could only smile bitterly. "Do you think it's possible for us? In fact, before you came, the two of us were having a one-on-one fight. We planned to use force to resolve many aspects. Why Don't you be our judge and we'll continue to work!"

Chu Hui also smiled helplessly and sighed. Sister, don't think too much. I also want to be clean with him, but this guy doesn't have the interest at all. I even suspect that he doesn't like women.

After the two explained, Chu Meng also felt that she might be thinking too much.

If Yu Tian really wanted to sleep with a woman, wouldn't her conditions be much better than Chu Hui's?

If Yu Tian didn't even touch her, how could he do anything to Chu Hui?

Thinking of this, Chu Meng chuckled and said, "Alright, let's stop talking. After all, all 108 sisters are his people. He can sleep with whoever he wants. I'm here to help you guys gather information!"

Speaking of this, Yu Tian was energized and quickly asked, "Oh? So what information do you have in your hands?"

"I don't have the details yet, but I think there's something strange!"

Chu Meng opened the window and let in some fresh air before saying, "Wolf Huoxian had a total of ten super bodyguards. They were all experts who were selected from the world's mercenaries!"

These bodyguards had been with him for a while, but the strange thing was that a few days ago, eight of them suddenly disappeared. No one knew where they went!

Chu Hui said indifferently, "There's nothing strange about that. Maybe these bodyguards have gone back to their own countries, or maybe they don't want to serve Wolf Fire Xian anymore. In short, there are many reasons to explain

However, Yu Tian didn't think so.

Wolf Fire Xian could hire these super bodyguards, and the price was needless to say. If the bodyguards were not satisfied, they wouldn't work for him.

And these bodyguards would only provide him with services for the sake of money.

In other words, as long as they were given a lot of money, they would do anything.

Moreover, they were international mercenaries. Their identities were very special, and they were foreigners. They could leave the eastern country anytime, anywhere, and it would be very difficult to find their tracks.

Thinking of this, Yu Tian felt that Wolf Huoxian seemed to be very complicated.

However, the information was limited and Chu Hui was right. Wolf Huoxian could find many normal reasons.

Therefore, if he wanted to get more information, he had to start with the two bodyguards by Wolf Huoxian's side.

Two hours later, in Wolf Huoxian's company, Chu Meng, who was dressed hot and sexy, deliberately walked past the two bodyguards and even turned around to give them a wink.

The thin bodyguard saw this hot woman and immediately whistled.

Chu Meng turned around and smiled sweetly, then looked over directly.

The thin bodyguard felt his nose heat up and licked his lips fiercely. He turned around and said to the tall bodyguard, "You stay here and watch. I'm going on a date with that hot woman now. Looks like my love has appeared again!"

Chu Meng turned her head as she walked and followed her into the empty stairwell.

The thin bodyguard was burning with desire. Without thinking, he followed her into the stairwell.

But at that moment, someone punched the back of his head hard..

?Chapter 214 – Chapter 214, Professional Training

Thank you readers!

The thin bodyguard groaned and lay on the ground. Yu Tian picked him up easily and dragged him into the storage room.

Chu Meng lit a cigarette. This was the time she gave Yu Tian.

It wasn't easy for them to sneak into Wolf Huoxian's company. They had to get useful information in the shortest time possible.

After entering the storage room, Yu Tian used the golden needle to wake the bodyguard up. He then asked, a€?Is Wolf Fire Xian behind the Chu family? Tell me everything you know!a€?

The thin bodyguard cursed, a€?You dare to sneak up on me from behind? You Oriental Shorty, don't even think about getting anything from me. I will definitely kill you myself!a€?

Yu Tian did not want to waste time. If he did not suffer a little, he would not be able to get any useful information.

The golden needles then pierced into the part of his body that could cause the most pain, suppressing his voice to the lowest level.

Although this was a storage room, if he shouted too loudly, it would still attract attention.

The bodyguard's face turned black from the pain. He could not even shout out the muffled scream that he had been suppressing in his heart. It was extremely stifling.

Yu Tian asked the same question again, but he would definitely not give him a third chance.

The thin bodyguard was actually able to endure such pain. He did not say anything useful and only scolded, a€?Is this all you can do? You made me feel great. Can you still make me feel more pain?a€?

Seeing this, Yu Tian was certain.

This guy must have received professional training. Otherwise, no one would be able to endure the pain caused by the golden needles.

He smiled indifferently and said, "Since you're in so much pain, I'll let you feel more pain!"

Let's see if his bones are hard or if the golden needles are hard.

Yu Tian continuously gave him more needles until the fifth golden needle pierced into the back of his head.

The thin bodyguard could not withstand the corrosion of the pain on his entire body and fainted.

It seemed that it was not hard enough.

He fainted after only five needles.

Yu Tian didn't feel that there was anything to be happy about. On the contrary, he felt a little helpless.

The thin bodyguard was useless. In order to prevent him from talking nonsense with Wolf Fire Sage after he woke up, he directly turned him into a vegetable.

At this time, Chu Meng pushed the door open and whispered, "It's time to

Yu Tian smiled lightly and said, "It looks like this trick won't work. We have to think of another way!"

Before leaving, Chu Meng hacked into the company's management system and deleted all the footage of herself and Yu Tian.

She absolutely couldn't let Wolf Huoxian get a hold of them.

Back at the hotel, Yu Tian had an idea.

He wiped the golden needles while speaking to Chu Hui and Chu Meng indifferently. "Wolf Huoxian has ten bodyguards, and now there are eight more. Can we get their information?"

Chu Meng was an expert in this area, but she shook her head and said, "It seems unlikely. I've looked through all the top secret information of Wolf Huoxian's company, but I didn't find anything useful."

There was also no information on the eight bodyguards. Wolf Huoxian hid them very well. I guess no one knows who these bodyguards are except for Wolf Huoxian himself?a€?

Chu Hui didn't think so. For the 108 sisters, nothing was impossible, so she shared her thoughts with them.

a€?Our Chu family is the number one family in the world. We have the best mercenary troops in the world, and these mercenaries listen to Chu Qian. No one knows more about mercenaries than her!a€?

Chu Meng said in surprise, a€?You mean that tomboy? Are you kidding me?a€?

Yu Tian perked up and asked with a smile, a€?Chu Qian? Let's hear it!a€?

Chu Hui ignored Chu Meng and explained, a€?Chu Qian is the CEO of the family's security department. All these years, she has been the one to arrange the safety of the family's higher ups.

a€?She has good cooperation with some of the large mercenary bases in the world. This time, she will definitely be able to help!

a€?Then why don't you ask her? Why are we wasting Tian was a little impatient.

Chu Hui immediately called Chu Qian, but Chu Meng complained to Yu Tian, a€?If you saw Chu Qian, you wouldn't even think that she's a woman. She's not even close to a woman.

She's wrestling with a man who weighs more than 200 pounds, and she can break his arm. If you get close to her, you'll definitely feel like crying!

Was it as exaggerated as she said?

After all, she was still a woman. Even if she had a manly personality, she would still wear a dress at some point, right?

Yu Tian really wanted to meet Chu Qian, this woman who could provide security for the entire Chu family.

At this moment, Chu Hui hung up the phone and smiled. a€?Chu Qian will come over personally. She'll be here in a few hours!a€?

Yu Tian didn't think much of it, but Chu Meng looked at Chu Hui meaningfully.

This woman was really smart. Didn't she convince Chu Qian to come to Hai City to meet Yu Tian so that Yu Tian would know who was more feminine? It was good that way, so that Yu Tian wouldn't think that the 108 sisters were all beauties.

At the same time, in Wolf Huoxian's company, someone finally found the unconscious thin bodyguard and reported it to Wolf Huoxian.

He personally came to the storage room and saw the dumbstruck bodyguard with lifeless eyes who couldn't even speak. He felt complicated.

Seeing this, Wolf Fire Yin turned around and asked the tall bodyguard.

"Tom, who did Ike get in touch with before?"

"A very beautiful woman. She was the one who seduced Ike Here!" Tom said in a muffled voice.

"A Beauty?"

Wolf Huoxian looked at the surrounding employees, especially the female employees. None of them could be called a beauty.

He called the supervisor of the engineering department closer and asked coldly, "Have you looked at the videos?"

The middle-aged supervisor said helplessly, "All the videos today have been deleted. According to the operating records, someone hacked into the system!"

Wolf Fire Hyun did not get angry. Instead, he told them to do whatever they were supposed to do. At the same time, he ordered Tom to send Ike to the hospital.

There was no need to be angry, and there was nothing to worry about.

Ike was a professionally trained mercenary. He could withstand any pain and would not reveal his plan.

As for who sneaked into the company, he did not need to guess to know that it was a member of the Chu family.

And it was very likely that it was Yu Tian.

However, if he wanted to use this method to get information, he was underestimating himself.

At this moment, Wolf Huoxian took out his phone and sent a message to an unknown encrypted number.

“Begin the second phase of the plan!”

In the evening, a luxurious private plane landed steadily at Hai Shi Airport.

Chu Qian got off the plane alone. She first looked around the airport coldly and then strode towards the exit.

When Yu Tian first saw her, he found it acceptable.

Chu Qian's skin was not that delicate and she did not have any makeup on. However, her facial features were not bad as well. She exuded a feminine beauty. Her eyes, in particular, gave Yu Tian the feeling that they were deep and cold..

Chapter 215 – Chapter 215, How Could It Explode

Thank you readers!

There was also the tailored black suit that she was wearing. Not only did it perfectly display her figure, it also gave people a sense of stability and security.

The most unique part was her hairstyle, or rather, there was no hairstyle at all. She was completely bald without a single hair.

Moreover, there was a medusa tattoo on the back of her head where it was connected to her neck.

No Wonder Chu Meng called her a tomboy.

One could tell from her unsmiling and cold eyes.

Chu Qian came to the front of the crowd and only nodded at Chu Hui. She didn't even look at Chu Meng, but directly looked at Yu Tian and said expressionlessly, “I heard you want to find a few mercenaries, right?”

“But I have to remind you, before you do this job, you have to decide whether you want to listen to me or not?” “Yes, let's do it. If not, I'll go back immediately!”

She really had a personality. She wanted to be the boss the moment they met. Her tone was deep, like a soldier who had just come down from the battlefield, containing domineering experience and experience.

However, Yu Tian only smiled indifferently and said, “You don't have a choice. I'm the one who ordered you. Moreover, I have a particularly unpleasant impression of you as a bald lady. As a woman, you look like a transvestite. What do you look like?”

“Don't just stand there. I'm looking at you as a bald lady. If you have something to say, go back and say it. Don't embarrass me!”

Yu Tian did not give Chu Qian a chance to speak at all. He gave her a domineering reprimand and turned around to leave.

Chu Qian stared at Yu Tian's back without blinking. She was so angry that she only said one sentence coldly after a long while.

“He actually called me a bald lady? What a bastard!”

After returning to Chu Hui's mansion in Hai City, Chu Qian immediately went into work mode.

She opened the IPAD that she brought with her and flipped to the mercenary information section.

Then, she calmly said to Yu Tian, “The best mercenaries in the world can't do this because they think that war-level battles are only suitable for them.

The worst mercenaries don't have the ability to do this. Although they like money, such mercenaries don't have professional dignity at all. and most of the mercenary organizations wouldn't make an enemy out of our Chu family.

“Therefore, the person who sabotaged Chu Hui's project this time isn't likely to be a mercenary. It's more likely to be a private organization. However, to be able to do it so cleanly, these people must have received professional training.

“As far as I know, to be able to do it so cleanly and even be able to carry out business in the eastern country, the most important thing is that they don't put the Chu family in their eyes. There are only two companies!

Although the Bald Man's image wasn't very good, he did a good job and his analysis made a lot of sense.

Yu Tian asked indifferently, “Which two companies?”

Chu Qian flipped to a company's information and said, “The first company is called Zhenyu Trading Company. On the surface, their business is to do import and export business with the eastern countries, but in reality, they do everything.

As long as the price is reasonable, they will take it. Moreover, the employees of this company are all selected from the best veterans in the world. They are fully capable of taking over this job!

The second company is called zhongdun international security company. It specializes in providing bodyguard services to the world-class millionaires. The bodyguards of this company have undergone extremely strict training.

“In my personal opinion, zhongdun company is the most likely person to work with Wolf Huoxian. I have already sent people to scout for information. Very soon, we will find out which of these two companies is working with Wolf Huoxian!”

When Yu Tian heard this, he could not help but laugh.

This Woman’s business ability was indeed impressive.

His 108 sisters were all not simple characters.

Yu Tian nodded in admiration and smiled. “Now that I look at your bald head, I think it's okay too!”

Chu Qian immediately complained, “I have a name. My name is Chu Qian, not bald head. No matter what, I'm still your sister. You have to respect me!”

Chu Meng was not happy to hear that. She picked up a piece of chocolate and said sarcastically as she ate, “You're always bald, why are you afraid of others talking about you!”

This time, Chu Qian was really angered.

She turned around abruptly and shouted angrily, “Why do you care? It's as if your hair can grow anywhere. You better not provoke me, or I’ll beat you to

Chu Meng wasn't afraid of this at all. She stood up abruptly and said angrily,

“Fine, come on, who's Afraid of Who? You're a Baldy!”

It was useless to say more. Chu Qian didn’t say anything else and rushed up to fight with Chu Meng.

Meanwhile, Chu Hui just shook her head helplessly. She couldn’t be bothered to care about it, she just whispered to Yu Tian, “Brother, if Wolf Huoxian really did it, I definitely won't let him go. You can go back to Linhai first. I'll do the rest myself!”

Yu Tian looked at the two people fighting with a frown on his face. He pulled their hair, pinched their ears, and pinched their ears. It was simply a battle between shrews.

He turned to ask Chu Hui.

“They're about to kill someone. Aren't we going to do something about it?”

Chu Hui did not even look at them. She just smiled helplessly and said, "It's alright. Every time the two of them meet, their faces will be bruised and swollen !

At this moment, Chu Hui's phone rang. After the call was connected, she suddenly stood up and roared in disbelief, "I'll go over right now!"

Yu Tian looked at her in confusion. He did not know what had happened to make her so angry.

Chu Hui gritted her teeth and explained, "One of my cargo ships was hit by a fishing boat and is sinking. The cargo ship and goods are worth more than a billion!"

A fishing boat could sink a cargo ship?

How the hell was that possible?

Yu Tian immediately stood up and said, "Let's go and take a look!"

Chu Qian and Chu Meng stopped fighting when they heard this. They got up and followed Yu Tian out to the sea, arriving at the area where the freighter sank.

At this moment, the largest freighter in the world, with a volume of 500,000 tons, sank into the sea because of the water. The bow of the ship had already been inserted into the sea, and the stern of the ship was tilted up.

More than 10,000 containers floated on the surface of the sea. Some of the cargo in the containers spilled out. The scene was a complete mess.

More than a dozen helicopters were rescuing the crew on the cargo ship. Five rescue ships were unable to enter because of the obstruction of the containers. Yu Tian was shocked when he saw this scene.

However, he wanted to see the fishing boat now. However, the fishing boat had already sunk. He had to go underwater if he wanted to see it.

The yacht had equipment to go underwater. Yu Tian did not need a diving suit. He carried an oxygen tank and was about to dive into the water.

Chu Qian immediately stopped him. She frowned and said coldly, "Not now. The freighter is sinking. There is an undercurrent under the water. It will crush you. It's not too late to wait until it sinks to the bottom to see!"

As soon as she finished speaking, the freighter was suspended in mid-air. There was a violent explosion. Flames soared into the sky. Even the surface of the sea was blasted into tsunami-like waves. It almost overturned the luxury yacht.

Chu Meng held the railing tightly and looked coldly at the scene of the explosion.. She said in a low voice, "How did the ship explode?"

Chapter 216 – Chapter 216, Sowing Discord

Thank you readers!

Just as Chu Meng was puzzled, Yu Tian saw someone wearing a diving suit diving into the water just before the explosion.

At that moment, he had no time to think about anything else. He bit down on the oxygen mask and dived into the water.

By the time Chu Hui and the others reacted, Yu Tian's shadow had already disappeared.

The undercurrent under the water was very fierce, and several times, it almost rolled him over.

Yu Tian used his internal energy to stabilize his body and directly rushed toward the sunken ship.

Turning around the two sunken containers, with the help of the weak light, a fast water line suddenly appeared in front of his eyes.

The guy in the diving suit actually had a small diving machine. No wonder his speed was so fast.

Fortunately, this guy was coming in his direction, so he didn't have to chase after him.

Yu Tian hid behind a sinking container. He saw an opportunity and crashed into that guy.

That guy took a few deep breaths of oxygen. He looked especially shocked. He didn't bother with Yu Tian. He turned around and swam out of the undercurrent.

Want to leave? Not So Easy.

Yu Tian released his inner strength and his underwater speed was like an arrow. In the blink of an eye, he was behind the man.

The man turned his head and looked. He was so scared that he almost cramped.

Was he a mermaid? How could he be so fast underwater?

Yu Tian grabbed his ankle and swung it up forcefully.

As the underwater resistance was too strong, the man's diving machine was also out of his hands. However, behind the oxygen bottle, he took out a dagger and stabbed it at Yu Tian's neck.

It was just a small trick, how could he dare to be presumptuous?

This was underwater. With the resistance, his movements were naturally much slower.

However, Yu Tian was as agile underwater as if he was on land. His body slanted, and he casually snatched the dagger away.

The man was suddenly shocked. He turned around and wanted to run, but his oxygen tank was pierced by Yu Tian's knife.

The thrust of the gas eruption made the man completely lose control. He spun a few rounds consecutively and swam toward the surface of the water recklessly.

Yu Tian followed closely behind. The two of them drilled out of the sea at the same time. The man immediately tore off the oxygen mask on his face. It turned out that he was still a foreigner. At this moment, he was panting hard.

However, at this moment, Yu Tian's large hand had already grabbed his neck from behind and pressed him into the water.

This fellow was struggling desperately, but he could not break free from Yu Tian's imprisonment. He was about to go into shock, so Yu Tian pulled him out.

At that moment, Yu Tian also took off his oxygen mask and asked coldly, "Who told you to do this?"

But before the man could say anything, this guy's body twitched, his eyes rolled, and blood flowed out of his seven orifices. He was dead.

"Poisoned?"

Yu Tian let go of his hand, and the man floated on the surface of the sea with his face down.

At that moment, a beam of light shot over, and Chu Hui's yacht approached.

The few of them pulled Yu Tian onto the yacht, and the one with the towel took the towel and the one with the hot water.

Chu Qian looked at the floating man and said coldly, "The poison must have been applied to the oxygen valve before. This mission has no chance of survival for him!"

Yu Tian drank a mouthful of hot tea and said indifferently, "He should be one of the ten bodyguards. They didn't leave at all, but were always there!"

At this point, Chu Hui asked someone to dock the yacht. She knew that it was deliberately done by someone. Naturally, someone would do the rescue, but they didn't need to.

Back at the villa, Chu Qian received news from an international mercenary group.

Those two companies didn't have any projects with Wolf Fire Xian.

Yu Tian felt that everything was normal. There were many experts in this world. It wasn't necessary to have a company to do any business. Usually, these individual teams were more convenient to do the work.

Thus, it was impossible for him to believe that it wasn't Wolf Huoxian who did it.

However, Chu Qian didn't give up. Instead, she said to everyone, "We can first confirm the identity of the person who was killed by our brother. As long as we know who he is, the rest will be easy to know!"

This was a good idea. Yu Tian nodded and smiled. "Isn't That Easy? Chu Meng, I'll leave this to you!"

By the next morning, it was announced on the news that not only had the Tiansheng Group's freighter sunk last night.

At the same time, the projects of the five competitors have suffered some degree of disruption.

One of the most serious losses, is a company's energy projects, the entire unit exploded, the loss of hundreds of millions.

Yu Tian felt that everything was normal. There were many experts in this world. It wasn't necessary to have a company to do any business. Usually, these individual teams were more convenient to do the work.

Thus, it was impossible for him to believe that it wasn't Wolf Huoxian who did it.

However, Chu Qian didn't give up. Instead, she said to everyone, "We can first confirm the identity of the person who was killed by our brother. As long as we know who he is, the rest will be easy to know!"

By the next morning, it was announced on the news that not only had the Tiansheng Group's freighter sunk last night.

At the same time, the projects of the five competitors have suffered some degree of disruption.

One of the most serious losses, is a company's energy projects, the entire unit exploded, the loss of hundreds of millions.

The crowd banged the table and shouted. The more they spoke, the angrier they got. Yu Tian, on the other hand, smiled calmly..

Chapter 217 – Chapter 217: If You're Not Convinced, Then Do It

Thank you readers!

Yu Tian smiled and said indifferently, "Since everyone is gathered here today, why don't we be straightforward? Everyone, tell me, what do you want?"

Lang Huoxian narrowed his eyes and said coldly, "You have to compensate us for all the losses, and you also have to apologize to us!"

His words were echoed by the presidents of the five big companies, and they all agreed with this proposal.

"We don't care about Tiansheng group's losses. In any case, our losses will be borne by you guys!"

"And you have to promise that you will never engage in unreasonable competition with us in the future!"

"We have to get Chu Hui to hold a press conference and publicly apologize to us!"

Seeing how arrogant they were, Yu Tian did not have the heart to interrupt them.

It was only when they were done being arrogant that Yu Tian laughed and said, "Why do I feel like what you said is true? I just want to know one thing. What right do you have to say that your project was sabotaged by our Tiansheng Group?"

Wolf Huoxian had long known that Yu Tian would say that. He snorted coldly and said, "Do you even need to say that? Last Night, your Tiansheng Group's cargo ship, which is worth more than a billion dollars, sank. Now, you still haven't cleaned up the things in the sea.

“You think that it was done by our five companies. You've already asked me about this yesterday. Even Terras was present. Why? Do you want to go back on your words today?”

Yu Tian felt that these words were especially laughable, and he shook his head helplessly.

“So your deductions are all from your mouths. My cargo ship was sunk by an explosion. Then I can say that it was because you hate Tiansheng group, so you did this. Is that alright?”

“Anyway, everyone can talk nonsense. Moreover, our Tiansheng group's total losses from the tunnel project to the freighter have already exceeded 20 billion. I think all five of your companies have to apologize to me!”

Hearing this, Wolf Huoxian was overjoyed.

He wanted the Chu family to turn against these companies. The deeper their conflict was, the more beneficial it would be for him.

Even Chu Hui and Chu Qian were confused.

They were all guessing what Yu Tian was trying to do? At this time, it was not wise to escalate the conflict with them.

The CEOs of the companies were also angry.

“Are you saying that to be shameless with us?”

“We don't take the Chu family seriously, and we can't be controlled by the Chu family. It's useless to say this!”

“Young man, you're still too inexperienced to play this game with us!”

Facing the scorn from the crowd, Yu Tian was calm and unperturbed. He smiled indifferently and said disdainfully, “Who said I want to play this game with you? What I want to play is much more exciting than you think!”

“Now, as the CEO of Tiansheng Group, I officially announce two decisions.

“Second, I will let the Chu family create a 10 billion dollar reward worldwide, specifically targeting you guys!”

As he said this, under everyone's shocked gazes, Yu Tian shrugged and said, “Oh right, I have to add one more thing. I will personally take 10 billion to specifically target huoxian group.

“I’m not as gentle as Chu Hui. My Life’s motto is, if you don’t like it, then do it!”

The five presidents, including Wolf Huoxian, could not sit still this time. Especially Wolf Huoxian. He did not expect Yu Tian to be so violent and targeted.

Being dissatisfied with the Chu family or not being afraid of the Chu family was completely different from being attacked by the Chu family.

In the past, the Chu family ignored them. Now that they were specifically attacking them, they did not know what to say.

The other four CEOs looked at each other, not knowing what to say.

One of the CEOs immediately softened his tone and said, “CEO Yu, there’s no need to make such a big deal out of this!”

However, Yu Tian snorted coldly and said, “I originally didn’t want to play with you guys, but since you guys are so eager, then I’ll play with you guys. If you guys can’t afford to play, then it’s not too late to apologize to me now!” The presidents thought over and over again. They couldn’t bear the blow of the

Chu family.

That was playing with their lives.

At this time, Yu Tian slowly stood up and came behind Wolf Fire Xian. He pointed at that Guy’s head and said, “I know that this guy instigated you to come.

Do you know? All the losses of Tiansheng Group were caused by this guy, and you guys are just idiots who were used by him!”

Lang Huoxian suddenly stood up and shouted angrily, “You’re slandering us with blood!”

Yu Tian said indifferently, don’t have blood. I can spit at you with my saliva, but you’re not worthy of my spit. Listen well, unless all ten of your bodyguards turn into ashes, I’ll definitely kill you!”

At this point, everyone finally understood that they were used by that Lang Guy.

A few CEOs stood up and cursed angrily, “Wolf Huoxian, what the hell are you trying to do? You tricked us into coming here today just to use us?”

“You’re dreaming. If it weren’t for CEO Yu, we would still be in the Dark!

“Wolf, you’re really nothing. I have to fight you one-on-one!”

Wolf Huoxian frowned. His plan at this stage had completely failed.

He had underestimated Yu Tian. He did not expect him to be so good at controlling the situation.

Since that was the case, Wolf Huoxian also snorted coldly and said, "I won't explain so much useless things to you. Think about how the Chu family competed with us back then. You'll know who used who?"

Yu Tian returned to his seat and said disdainfully, "You can say whatever you want now. If everyone doesn't want to bear the blow of the Chu family, stand on my side now. I still welcome everyone!"

Was there even a need to say it? They would definitely choose Yu Tian. No one was idle and just wanted to find trouble.

Wolf Fire Xian felt that there was no longer any meaning for him to continue staying here.

He left the scene angrily, and the evil thoughts in his heart swelled even more.

Yu Tian then turned to the four presidents and said with an indifferent smile, "Now, I'll make a suggestion to everyone. Sell your damaged project to our

Tiansheng Group. This way, we can save you a large amount of maintenance

The CEOs had no other choice but to agree.

In this battle with the Chu family group, they still lost.

They lost to the strength of the Chu family, but also to Yu Tian's domineering attitude.

After everyone left, Chu Hui was so excited that she couldn't use words to express it. She hugged Yu Tian's forehead and kissed him hard.

Chu Qian's heart was shocked by Yu Tian's domineering attitude from before.

Yu Tian did not think much of it. Chu Hui was too gentle towards those companies. There was nothing to compete with them. If they were not satisfied, they would just do it. If they could not do it, they would just wipe it out. What was so great about it.

With the Chu family's current strength, what was there to be afraid of?

?Chapter 218 – Chapter 218, The Mysterious Woman

Thank you readers!

Chu Qian immediately handed Yu Tian the identity information of the person who blew up the boat.

After a brief review, Yu Tian felt that Chu Qian's analysis was correct. Those bodyguards were indeed from zhongshield company.

Moreover, they had a branch in hai city, and Wolf Huoxian was one of the bodyguards hired by this branch.

At the same time, they were also the ones who caused the destruction.

Chu Meng didn't want to lose to Chu Qian's position in Yu Tian's heart.

She got the information on shield company as quickly as possible.

Yu Tian felt particularly excited. He didn't have to do anything, and these sisters had already finished their work.

Shield company didn't have a long history in hai city. The one in charge was called Hanks, and it was said that he was also a security consultant from a certain country.

In the evening, Yu Tian arrived at Hanks'manor in the sea city park area.

If he wanted to get the information about the cooperation between the Middle Shield and Wolf Fire Sage, he had to get Hanks' laptop.

Yu Tian carefully looked at the hundred-acre manor and the villa in the manor.

As expected of a security guard. There were at least a hundred security guards in the manor, distributed in every corner of the manor.

At this time, the manor seemed to be holding a party. The lights were flickering, music was playing, and many guests had come.

There was no one watching the entrance of the manor. Yu Tian swaggered in. A few security guards saw Yu Tian in a suit and took the initiative to greet him and make way for him.

When he walked into the villa, he saw that his eastern face seemed to be quite special because the people in the house were all foreigners. Even the waiters were foreigners.

While he was looking, Wolf Huoxian was walking down the second floor with a middle-aged foreigner in a white suit and that terras, chatting and laughing.

Yu Tian found a corner, hid his figure, and secretly observed.

Wolf Huoxian also knew a lot of people and greeted them from time to time.

That foreign woman was older than his grandmother, so she wanted to have sex with him.

Yu Tian wanted to see if they really wanted to have sex?

So he silently walked out of the villa, pretended to be on the phone, and slowly approached the window of the room.

With his current hearing, he could hear mosquitoes through the window.

At this moment, the aunt said, "You seem to have lost quite badly this time. I wonder if our cooperation can continue?"

Wolf huoxian said very arrogantly, "Everything is under my control. It looks like Yu Tian has won, but in reality, he is just following my plan.

"Moreover, this Yu Tian doesn't have much ability. Not only is he an ordinary man, but if the Chu family doesn't support him behind the scenes, at the end of the day, he is just a trash!"

When Yu Tian heard this, he almost laughed out loud. Could it be that the impression he gave him was actually so bad.

The aunt added, "We've always wanted to get this tunnel project, but now, this project has already been destroyed. Even if we get it, it's no different from

reinvesting.

"It might even cost more, so we're still prepared to give up on this plan. I also want to remind you not to become enemies with the Chu family, especially at this time. Moreover, you don't have the ability to do so!"

Lang huoxian snorted coldly, "Ms. Michelle, when you wanted to cooperate with me, you didn't say that. You once agreed that as long as I helped you get the tunnel project, you would buy my company.

"Now that the plan is halfway done and you want to withdraw just like that, then the money I spent and the destruction I did, would it be in vain?"

Michelle shook her head helplessly and said regretfully, "I can't do anything. This is the company's decision. Moreover, the situation is different now. Yu Tian's appearance has made many plans impossible to carry out.

“Now, we can only consider the most conservative interests. I'm sorry, Mr. Wolf. If you can really make Yu Tian disappear, we will still consider cooperating with you.

Otherwise, we can only abandon you!”

The sound of the door was heard, and Michelle left.

Wolf Huoxian was so angry that he smashed the cup into pieces. He said to himself fiercely, “It's not so easy to abandon me now. You think I, Wolf Huoxian, am too easy!”

At this time, the door was heard again. Terras said happily, “Boss Wolf, why do you look so depressed? Did you let that old girl Michelle Spoil You?”

Wolf Huoxian was too lazy to talk nonsense with him. He said straightforwardly, “The people you introduced to me are all trash. If Yu Tian sees them, don't hang out with me anymore!

“Those people, what's there to be afraid of? They will all die tonight, and they will die in the Chu family's hotel. At that time, who will say that you did it?”

Even Yu Tian could only stare blankly at those dead people, Haha!

When Yu Tian heard this, he basically didn't need to listen anymore. He turned around and left the manor.

The most important thing now was to prevent those bodyguards from being killed.

But the Chu family had over a hundred hotels in Hai City. Who knew where they were staying?

Helpless, Yu Tian immediately called Chu Hui and asked her to quickly ask about those hotels.

Soon, he received the news that the seven bodyguards were staying at the No. 27 hotel of the Chu family.

Without any delay, Yu Tian rushed to the hotel as fast as he could.

The hotel manager was already waiting at the door. When he saw Yu Tian, he immediately bowed.

“President Yu, those people are staying on the 17th floor. Five minutes ago, they even asked the restaurant to deliver food to them!”

When Yu Tian arrived on the 17th floor, the elevator door opened and two bodyguards were about to go downstairs.

Yu Tian could confirm their identities just by looking at their dead faces.

He did not get down from the elevator either. Instead, he smiled and nodded at the two of them.

The two bodyguards walked into the elevator and began to study it.

“We don't have anything to do tonight. We can relax properly!”

“Who said we don't have anything to do? We're just doing it lying down!”

The long-faced bodyguard who spoke even turned to look at Yu Tian and asked in a foreign language, “Can you understand what we're saying?”

Yu Tian pretended to spread his hands, indicating that he didn't know what they were talking about.

The other big faced bodyguard said disdainfully, “Hey, Buddy, you're talking to an eastern monkey right now. He won't understand what you're saying at all!”

“That's right. Even if these monkeys have evolved for ten thousand years, they can't be that smart. Just like Eastern women, they always have to be with us in order to be satisfied!”

Hearing this, Yu Tian asked back, “Really? Why haven't I heard of it before?”

The long-faced bodyguard chuckled and said, “Because you're also an eastern man, okay? You know how to say!”

Before his voice fell, Yu Tian's fist had already smashed into his face..

?Chapter 219 – Chapter 219 Actually Had A Dream

Thank you readers!

It was impossible for Yu Tian to spoil their bad habits. It was one thing to pretend in front of him, but he actually dared to spout nonsense. If he didn't beat them up, who else would he beat up?

The moment the elevator door opened, the two bodyguards fell out with blood spurting out of their noses and mouths, scaring a few guests until they almost fainted.

At this moment, more than ten people from Tiansheng Group's security department arrived.

They bowed to Yu Tian on the spot.

“President Yu, we are sent by President Chu. We can do whatever you need us to do!”

“Just in time. Bring these two trash to the 17th floor!” Yu Tian ordered as he turned around and walked into the elevator.

By the time everyone took another elevator to the 17th floor, Yu Tian had already beaten up the remaining five bodyguards to the point that they were kneeling obediently in the corridor.

The security guards rushed up and gave these dead foreigners another round of punches and kicks.

Yu Tian didn't want to stop them at all, and he even felt that they had beaten them too lightly.

These trash were all professionally trained, and they were especially good at taking hits. If they weren't given some special methods, they wouldn't be able to get anything useful out of them.

Fortunately, their lives were saved, and the rest didn't need to be considered for now.

However, this was a hotel. If it was too bloody, would they still be able to do business in the future?

Yu Tian ordered indifferently, “Alright, stop fighting here. Let's Find a place to tie them up first!”

Tiansheng group had a mountain villa in the suburbs. It was usually very quiet, so they could all be placed there.

Yu Tian did not follow them because he still had to meet someone.

This person was also a key figure, and also a person who deserved to be beaten up.

Half an hour later, Yu Tian returned to Hanks' party.

At this time, Wolf Huoxian had already left, and Yu Tian did not see the aunt called Michelle. Fortunately, Terras was still there.

That guy was obviously a little drunk, and was dancing to the music with a foreign woman.

No matter how Yu Tian looked at it, he felt that this terras was like a pig that had stood up.

So what if he was dancing? Occasionally, he would jump around as if he felt as light as a swallow.

Since he was dancing so happily, Yu Tian did not want to disturb him. He casually took a glass of red wine and sat in the corner.

At this moment, Hanks, who was wearing a white suit, noticed this particular eastern face.

He walked up to Yu Tian politely and said with a gentlemanly smile, "My friend from the eastern country, I don't think we've met before. May I ask where you're from?"

Yu Tian took a sip of red wine and said arrogantly without even looking at Hanks "I'm more expensive than a distinguished guest. Now, Don't Disturb my mood. Go Do what you're supposed to do!"

A scornful smile appeared on Hanks' face.

"It seems that I am the owner of this villa, and if some guests are not welcome, I can ask them to leave at any time, just like you. Don't you even have the least respect for the owner?"

really want to know now, who invited you here? "Or did you come uninvited and just want to taste the free wine here?"

Yu Tian did not want to talk to him at first, but this guy came to him voluntarily.

He kindly reminded him to leave, but he did not appreciate it at all.

In that case, there was no need to give him face.

Yu Tian smiled indifferently and said, "Soon you will no longer be the owner of this place, and you will no longer be seen in the land of the Eastern kingdom. Because you have provoked people you should not have provoked, you will have to pay the price!"

Hanks smiled exaggeratedly, as if Yu Tian had told him a big joke.

"Although I have many enemies, I have never had anyone who could make me leave this place. Could it be that this person is you? I really doubt it.

“A person who doesn’t even have the guts to say his own name actually has such a big dream. You really make me feel ridiculous!”

Yu Tian did not want to waste any more time with him. He gently placed the wine glass on the table and said disdainfully, “I know that you are a security company in name, but in reality, you are not doing some security work.

“For example, your cooperation with Wolf Fire Yin and a few of your subordinates are also in my hands. Soon, I will know from their mouths whether you are involved in the recent attacks on Tiansheng Group?”

“By the way, I feel that I should introduce myself to you. My name is Yu Tian, I am the SCEO of Tiansheng Group!”

These words were like a series of heavy hammers that smashed into Hanks' heart.

Hanks' arrogant expression was immediately replaced by a chill.

When Yu Tian mentioned the core, it made him feel even creepier.

Working with Wolf Fire Sage was the core secret of Middle Shield Company.

How did Yu Tian Know About It?

What did he want here?

Most importantly, the Chu family was behind this core secret.

Middle Shield company was no match for the Chu family. Even if all the branches in the world were added together, it was impossible.

Working with Wolf Fire Sage was purely to earn some extra money.

Thinking of this, Hanks changed his tone and said politely, “You have successfully slapped my face this time. I apologize for my disrespect before. It is too noisy here. Why Don't you go to my study?”

Yu Tian did not refuse. If Hanks could stand on his side, he would not need to use force.

However, all of this had a prerequisite, which was that he could not pretend to be better than him.

Otherwise, he would not care what kind of security company he was. If he did not agree, he would do it.

In Hanks' luxurious study, Yu Tian found that Hanks was actually more interested in the history and culture of the Eastern countries.

His study was full of eastern classical literature, and it was not just for decoration. There was a stack of books on the desk that he was reading.

No wonder this guy was the manager of the branch company in eastern country. It seemed that he was very familiar with Eastern culture.

There were only the two of them in the study, and Hanks spoke more casually.

“Mr. Yu, as you said, I do have some cooperation with Wolf Fire Yin. I provide him with the best security. As for what these security guards do, I don't know anything.

“Indeed, I don't know anything about it. Because our company's rule is that we never ask our customers what the bodyguards do. Of course, I also know that Tiansheng Group has suffered a great loss recently, but I'm just a businessman, “I don't know what happened!

He cleaned himself up first.

Yu Tian chuckled. He didn't want to listen to his nonsense at all, then he asked, “I don't care at all about the projects you two are working on. I just want to know one thing.. Who is that lady in the Red Dress Tonight?”

?Chapter 220 – Chapter 220, Wanting To Cooperate

Thank you readers!

“You're talking about that Michelle, right? Actually, I'm not very familiar with her. She's just a client of mine. I only know that she's the manager of a construction company in Super Nation.

“Besides, she's also contracted a lot of projects here. As for the rest, I don't have any idea, and Michelle won't tell me either!”

Yu Tian would never believe his nonsense. This Hanks was an old fox who would not shed tears until he saw the coffin.

However, now was not the best time to plant vegetables. He could still dig out more information from him.

Thinking of this, Yu Tian asked, “That terras outside is also your good friend, right? As far as I know, he seems to be the one who arranged the cooperation with the Wolf Fire Sage!”

Hanks sat on the sofa, giving Yu Tian the feeling that he was in control of everything.

He said in a particularly calm tone, "Actually, this tras is also my client. In fact, many rich people are my clients. I will provide them with the best security services.

"Therefore, all our interactions are just business dealings. No one will tell me the core things, so I have nothing to say to you.

"However, personally, I still admire Mr. Yu very much. If we can work together, I believe that we will definitely get along very well. I can also introduce you to some people from the upper class.

"I also know Mr. Yu's position in the Chu family. However, the surname of the Chu family will never be Yu. Don't you want to have a sky that truly belongs to

Yu Tian smiled indifferently. This old fool was now trying to persuade him.

Then, he might as well give him a piece of his mind and play this game with him.

"Mr. Hanks wants to cooperate with me. It's not impossible, but I want to know, what benefits can I get from cooperating with you?

"Let's not talk about money. I don't care about money at all. What I want is something more valuable than money. Then, it depends on whether Mr. Hanks can provide me with it!"

Seeing that Yu Tian seemed to have been convinced, Hanks stood up excitedly and said, "Of course, I know Mr. Yu. What you need is not money, but what I can provide you is that you can take down the entire Tiansheng Group!

The more he said, the more interesting it became.

Yu Tian chuckled and said, "Oh? There are actually such great benefits? Then I really want to hear how we can take down the Tiansheng Group.

Hanks added, "I can introduce you to some of the big families. They are all dissatisfied with the Chu family's status in the world. If there is someone who can help them complete some tasks.

They are very willing to pay a large sum of money to this person. In comparison, Tiansheng Group is just a candle in the cake!

It seemed that Hanks still did not understand his relationship with the Chu family. If he could understand this as well as the eastern culture, he would not have said this in front of Yu Tian.

However, this was also good. Yu Tian felt that he could save a lot of time and eliminate all these potential enemies.

Hanks would definitely be able to provide him with the best help. Why not take advantage of this opportunity?

Yu Tian nodded slightly and said with a satisfied smile, "I think I can consider Mr. Hanks's proposal. If you can help me take down Tiansheng group, I would be very happy to meet these families!"

"I will arrange for you to meet as soon as possible. You are really too happy with today's conversation. Mr. Yu Tian, let me toast to you. I hope that our cooperation can be even happier!"

However, Yu Tian did not intend to toast him.

Instead, he further requested, "I think now is not the time to toast. I need Mr. Hanks to help me get rid of Wolf Fire Sage. Compared to our cooperation, this small request should not be too much!"

Hanks was silent for a moment.

Wolf Fire Sage was actually not of much use anymore. Moreover, he was just an ordinary customer.

Compared to the value that Yu Tian could create, it was not even worth mentioning.

Thinking of this, Hanks turned around and took out a USB drive, handing it to

Yu Tian.

"This is all of Wolf Fire Yin's plans, as well as how he destroyed the Chu family's property. These bodyguards of the shield company have no other abilities, but they never hide anything from the shield company!" It was really a piece of cake.

Yu Tian weighed the USB and felt that it was especially laughable.

Although this Hanks was very shrewd, he never understood one thing how to read other people's minds.

If he could think carefully, why would he have such a deep relationship with the Chu family? He would not say these things now.

However, all of this had nothing to do with using Hanks. This game had only just begun, and the fun was yet to come.

Since he had gotten what he wanted, there was no need to waste words.

Yu Tian stood up and smiled. "There is one person I need very much, and that is that terras outside!"

He laughed and said, "You can treat him as you wish. We are not familiar with each other. He is just a businessman who wants to get cheap bodyguards from me. If you can make him disappear from this world, I really should thank you properly!"

After leaving the study room, Terras had finished his dance. Just as he was being fooled by the group of foreign women, Yu Tian gave him a slight rebuke from behind.

Terras turned around and was so scared that his facial features almost flew to the back of his head.

"Mr. Yu, you, why are you here?"

Before Yu Tian could speak, Hanks sneered and said "Mr. Yu Tian, he is my distinguished guest. Why Can't He Be Here?"

Terras was even more shocked. Yu Tian was actually so close to Hanks.

And he was at Hanks place, hiring a bodyguard to help Wolf Huoxian Mess with Yu Tian behind his back

The more he thought about it, the more terrified he became. Terras even forgot to put down his cup. He pretended to be calm and said, "I feel a little drunk today, so I'll go back first. I'll treat Mr. Yu to a meal some other day!"

Watching him walk out of the door, Yu Tian was not in a hurry. He calmly said to Hanks "Arrange for me to meet with the heads of those families as soon as possible. When the time comes, you'll also benefit!"

Hanks smiled proudly and said confidently, "Leave it to me. I'll definitely arrange it as soon as possible. Mr. Yu, it's my honor to be able to work with

Yu Tian thought to himself, "It is my pleasure to work with you!"

I Have 108 Older Sisters #Chapter 221 - Read I Have 108 Older Sisters Chapter 221

?Chapter 221 – Chapter 221. Even If I Admit Defeat, I Will Still Beat You Up

Thank you readers!

Terras left the party in fear. He turned around to see if Yu Tian had caught up to him.

However, when he reached the door, he was scared out of his wits by Yu Tian who suddenly appeared in front of him. He almost hit his head against the wall.

“Mr. Yu, I didn't do anything. I only introduced Wolf Huoxian to Hanks. I don't know anything about what he did!”

Yu Tian found it funny when he saw how scared he was.

He didn't say anything about beating him or scolding him. Was there a need to be so scared?

Yu Tian said calmly, “Don't be afraid. Come with me to see Wolf Huoxian. I'll pretend I don't know anything about you trying to kill the Bodyguard!”

“Okay, I'll go. I'll go even if you want me to go to the Moon!” Terras agreed without hesitation.

At this moment, Wolf Huoxian was drinking alone in his luxurious villa.

At this time, someone suddenly called him. He impatiently answered the call and asked gloomily, “Who? What do you want?”

The person on the phone hurriedly said, “Chief wolf, all the bodyguards staying in the hotel have been taken down by Yu Tian. Moreover, Hanks seems to have come to an agreement with Yu Tian, and Terras has also betrayed you!”

Wolf Huoxian suddenly narrowed his eyes, his face filled with coldness.

As expected, there was no one in this world who could be relied on.

Now that all the plans had failed, and Yu Tian's side would definitely not be lenient.

He could only leave sea city as soon as possible, and come back when he had the chance.

Thinking of this, Wolf Huoxian directly hung up the phone, ran back to his room, and packed up his cash and passport.

But just as he left, two people appeared in front of him, Chu Qian and Chu Meng.

The coldness in Chu Qian's eyes made Wolf Huoxian shudder. He forced himself to remain calm and said, “Why have you two come to my house?”

Chu Meng saw that he was carrying a big bag and sneered, "Chief Wolf, are you going on a long trip?"

"Why? Can't Huoxian's face darkened and he said angrily, "My leg is on me. I can go wherever I want to go. It doesn't seem to be any of your business, right?"

What he said was really interesting. Chu Meng said with disdain, "Even if you die, it has nothing to do with me. However, my husband said that he wants to see you. Before that, you can't go anywhere!"

"What a joke, he said he'll see huoxian said arrogantly, don't have time to play with You Now!"

With that, Wolf Huoxian took a step and was about to leave.

Chu Qian snorted coldly and kicked him on the knee without saying a word.

Wolf Huoxian was good at bowling, but he was a weakling when it came to fighting. After being kicked by Chu Qian, he fell heavily to the ground and spat out his saliva.

At this time, Yu Tian and terras also came. When they saw Wolf Huoxian kneeling on the ground, Yu Tian shook his head helplessly and smiled. "Who kicked Wolf Like This? He was originally a wolf, but now he's a dog!"

Wolf Huoxian, whose head was covered in sweat, roared ferociously, "Yu Tian, you have to give me a reasonable explanation, or I will definitely not let you Off!"

Yu Tian grabbed terras' collar and forcefully threw this trash in front of Wolf Huoxian.

Terras said with a sad face, "Wolf Huoxian, don't hold on. President Yu knows everything. Your bodyguards are also in his hands. While everyone doesn't know, you should be softer with President Yu!"

Since he had said it, Wolf Huoxian knew that it was useless to be stubborn.

He simply threw caution to the wind and shouted angrily, "That's right, I did it. What can you do? If you have the guts, kill me. If you want to humiliate me, there's no way!"

Yu Tian laughed and said indifferently, "I thought you were a worthy opponent, but now it seems that you're really not worthy. Humiliate You? I don't have the leisure time.

"You destroyed the Chu family's ten billion project and the other four projects worth more than seven billion. Do you think it's okay to be humiliated?"

Wolf Fire Xian sneered and said unscrupulously, "So what? What can you do to me? I'm not going to do this amazing business anymore. I'm not going to mingle in Hai City anymore. Even if I'm attacked by the Business Union, I'm not afraid!"

Do you think I'm afraid of you? What a joke. Yu Tian, listen to me. Since I dare to be enemies with the Chu family, I don't care about you at all. Now, you can either kill me or let me leave!"

He had a tough temper.

A wicked smile hung on the corner of Yu Tian's eyes.

"I won't kill you, and I won't let you leave. I choose to make your life worse than death!"

With that, Yu Tian knocked Wolf Huoxian unconscious with one punch.

Terras wiped the sweat off his face and pleaded, "CEO Yu, now that I've fulfilled your request, I can—"

Before he could finish his sentence, Yu Tian struck his chin with an uppercut.

Then, he struck him with an elbow, sending the 200-pound Terras flying a few meters away.

As this guy screamed in pain, Yu Tian struck him with a golden needle, turning him into a vegetable.

It was already good enough to let such a person live.

Yu Tian snorted coldly and left.

An hour later, at the bowling alley.

Over a hundred security guards from Tiansheng Group quickly chased away all the customers who were playing under Chu Qian's orders.

They even tied Wolf Huoxian to the fairway.

Wolf Huoxian shouted and cursed.

"Yu Tian, What are you doing? Let Go of me, you're an animal, you're Wicked!"

Chu Meng picked up a bowling ball and handed it to Yu Tian. She smiled and said, "Hubby, you start the game first, whoever loses will treat you to supper!"

Yu Tian chuckled.

“Good, I suddenly realized that I like bowling. The impact of this thing is especially good!”

With that, Yu Tian aimed at Wolf Huoxian, who was at the end of the fairway, and threw a ball.

Wolf Huoxian knew that Yu Tian was a strong player. As soon as the ball was thrown, he was a little dumbfounded. In the end, the ball broke one of his legs.

It hurt so much that he even cursed out Yu Tian's ancestors.

Yu Tian didn't care at all. He clapped his hands and laughed, “It's your turn.

Take Aim. If you miss, you lose!”

Chu Meng said disdainfully, “Watch Me!”

With that, the woman took off her high heels and kicked the ball barefooted.

Wolf Huoxian looked at the trajectory of the ball and saw that it was heading towards his penis. He was so scared that he struggled desperately, but in the end, he was still hit.

The Scream was like a tenor singing an opera, with rhythm.

Chu Qian followed. Although she wasn't as unrestrained as Chu Meng, her strength was greater than Chu Meng's.

It was still at the same spot.

This time, there was a loud crash.

Wolf Huoxian was in so much pain that he screamed like a ghost. When Yu Tian picked up the ball, he cried out, “Surrender, stop fighting, you can do whatever you want!

Yu Tian acted as if he didn't hear him. He still swung the ball and broke Wolf Huoxian's other leg.

Wolf Huoxian's facial features seemed to have exploded.

“Even if you admit defeat, you still want to fight. Are you still human?”

Yu Tian chuckled.

“Anyway, they all said that I am human. I don't know how to say this, but this is not the point of our discussion.. Now, we should talk about how you can express your sincerity!

Chapter 222 – Chapter 222, You Don'T Have The Strength To Do So

Thank you readers!

It wouldn't make sense for the Chu family to lose tens of billions of dollars in bowling balls.

Lang Huoxian couldn't think of anything else at the moment. His face was pale and his facial features shifted. He gritted his teeth and asked, “What do you want? Just tell me!

Yu Tian snorted coldly and said, “I want ten billion. If you lose a penny, I'll break your bones!

Wolf Huoxian nodded without hesitation and agreed. His personal assets were 7 billion, and his company was also worth more than 3 billion. All of it was given to Yu Tian.

He signed the agreement directly at the bowling alley.

At this time, Yu Tian smiled with satisfaction and said, “Chief wolf is indeed a straightforward person. Your deal with the Chu family is considered good, but if you want to pretend to be competing with me, that's another matter.

“Under normal circumstances, the people who are pretending to be better than me can not be solved with money. I will only give them a result!

Just as Wolf Huoxian was in shock, Yu Tian’s golden needle had already pierced into the back of his head.

Wolf Huoxian’s nerves were all broken, and his ability to think immediately disappeared. His mind was completely blank.

Chu Meng smiled coldly and said, “Hubby, I think we should create a club for vegetative people. We should keep all the trash that you've turned into vegetative people in the club. It would be so cool to see them occasionally! What was this woman thinking?

Yu Tian frowned and said, “Can you act like a normal woman? Look at Chu

Qian, she's bald, but she doesn't have so many perverted thoughts like you!

Chu Qian rebuked Yu Tian with all her strength and complained, "Why do you always bring me along with everything you say? Isn't it annoying? I like it this way. If you want to watch, then watch. If you don't want to watch, then don't watch!"

She was even getting anxious. Yu Tian smiled bitterly and said, "I was just joking. What's there to be anxious about? Now that this job is done, help me arrange it immediately. I want to return to Linhai Tomorrow!"

They could just wait for Hanks to invite those big shots from the families over. The meeting place was not necessarily in the city, but in Linhai.

No matter what, in Yu Tian's heart, Linhai was like home. No matter how much he pretended to be at home, he still had to go home.

The next day at noon, Yu Tian's private plane arrived at Linhai. Yu Tian and Chu Meng got off the plane and saw Chu Qing and the others who had come to pick them up. The scene was quite grand.

In just a few days, Chu Hong had already saved him a pile of work.

On the way back to the company, Yu Qi'er held her brother's arm and said happily, "Brother, our nightclub has been renovated and can be opened at any

Yu Tian smiled indifferently and said, "Let's go and take a look now. I'll give someone a call first!"

Yi Xueyue, who was talking to her sisters at the black and red nightclub, received a call from Yu Tian and immediately went to the nightclub that had yet to be named.

She followed Yu Tian to tour the nightclub from inside out.

Yu Tian was extremely satisfied. This was a business that truly belonged to him. He had to make it a nightclub that was famous all over Linhai, even the entire country, and the entire world.

At this moment, Yi Xueyue gently touched the red wine table in front of her and said softly, "Little Tian, I really like the style here. Did you design all of

Yu Tian smiled bitterly. If he could design all of this, would he have to face those pretentious people all day long?

He smiled indifferently and said, "Actually, I called you here because I want you to come over and help. I don't know anything about the management of a nightclub. I just have a goal. I want this nightclub to become the most famous nightclub in Linhai."

“Bring all the best girls under you here. When it's time to open, I want to shake the whole city!”

Yi Xueyue was also affected by Yu Tian's domineering attitude. Her blood was boiling.

“Okay, leave it to me. There's nothing else in the Dark clan. There are plenty of girls. If you give me this place, I'll make it devastatingly beautiful. However, this nightclub must have a name!

Yu Tian had already thought of it. He looked around and said domineeringly, “Let's call it Shengshi Qingtian!”

Yi Xueyue clapped her hands and smiled. “I like this name. Leave it to me and my little sister when the business opens. I know you're busy, so don't worry about it!

At the same time, in a restaurant, Du Tianci stuffed a fat sausage into his mouth and ate it with his mouth full of water.

Jin Jingyu, who was sitting across from him, was expressionless. She had been looking for a doctor for her son for the past few days, and she was already exhausted.

Her hatred for Yu Tian grew deeper and deeper as time passed.

When she found out that one of Yu Tian's right-hand men, Du Tianci, had fallen out with Yu Tian, she finally found an opportunity to have a meal with him.

Her son was still lying in the hospital, and she was not in the mood to eat here. She said bluntly, “Mr. Du, Yu Tian is our enemy, and if we join forces, we can make him suffer a blow.

know that you and Yan Longwen are classmates. I will provide you with funds. You can bribe her. After you get the six-dimensional code technology, you will get a reward of 50 million yuan.

“At the same time, I can arrange for you to go to Super Nation so that you can live there in the future. What do you think of the conditions I will give you?”

Du Tianci glanced at the woman and said while eating, “You are thinking too much. Yan longwen only knows one part of the six dimensional code technology. Even if she agreed to help, she would not be able to do it even if she wanted to.

“Besides, if I help you get the technology worth tens of billions, I'll only get 50 million. It's not worth it, I won't do it!”

Zhen Jingyu frowned slightly. She hated greedy people the most.

Of course, greedy people were also the best to use.

She smiled calmly and said, "If Mr. Du wants to cooperate, why don't you tell me your conditions? Esther company can consider meeting them!"

"Meet them?" Du Tianci put down his chopsticks and snorted coldly, "You want me to be a corporate spy, how can I meet them? To be honest, I doubt your strength, and I don't believe in the benefits you gave me!"

He picked up the red wine and took a rough sip, then said, "Unless the boss of Esther Company sits in front of me personally, or I can consider giving the entire technology to you.

"Moreover, I still have something on Yu Tian. Just This alone can let you get the entire Galaxy Company. To put it simply, your level is not high enough.

There are many things that you can't decide!"

After saying that, Du Tianci stretched out his hand and called the waiter over. He said loudly, "Pack up the dishes that are not eaten. Pack up this wine for me too!"

Zhen Jingyu looked at him calmly. At the same time, she was also wondering if this du Tianci could be relied on. Also, what was the thing that he said Yu Tian had on him?

At this moment, du Tianci chuckled and said shamelessly, "It's been a long time since I've eaten such good food. This restaurant is quite far from where I live. Why Don't you give me some money?"

Did he have to live like this? Zhen Jingyu took out a hundred Yuan and gave it to him.

"Mr. Du, since it's so difficult now, you should consider my suggestion!"

Du tianci sneered, "It's nothing. The more I do this, the more I hate Yu Tian..

The more determined I am to kill him!"

?Chapter 223 – Chapter 223, Mysterious Energy

Thank you readers!

After watching du Tianci leave, Zhen Jingyu immediately called Victor, the CEO of Esther Company.

After listening to Zhen Jingyu's request, Victor said calmly, "I don't believe du Tianci's words. The reason is very simple. Yu Tian is a person who doesn't care about money.

His subordinates are definitely not stupid enough to go against money and choose to be his enemy unless everything is arranged. What you need to do now is to see if du Tianci is real or fake.€?

Zhen jingyu immediately agreed, €?Okay, I will arrange it immediately!€?

The call was cut off and Zhen Jingyu called another person.

The next morning, in the Xinghe Company office, Chu Hong filled the table with documents that required Yu Tian's signature.

Yu Tian felt a headache just by looking at them. Just as he was thinking of how to reject these documents, Chu Ya from the Russian Federation sent him a video invitation.

Finally, he found a reason to slack off. Yu Tian hurriedly picked up the video call.

He saw Chu Ya in the snow, dressed like a stuffed toy.

Yu Tian asked in puzzlement, €?Are you preparing to Hibernate?€?

Chu Ya showed her canine teeth and smiled. She breathed in the hazy heat and said, Little brother, do you want to experience the temperature of the northern country? I'm now in the coldest region in the world. The temperature now IS -50 degrees Celsius. Amazing, right?€?

Yu Tian frowned and said helplessly, €?Can you stop fooling me? It's -50 degrees Celsius, and your phone hasn't turned into ice yet. How can I Let You

Video Call?€?

Unexpectedly, Chu ya said mysteriously, €?This is what I want to tell you. We found a new energy source here. It can maintain the temperature in the -100 degrees Celsius ice.

€?The shell of my current phone is made of this type of material. If we can fully develop this energy source, we can create hundreds of billions of dollars in value in the future.

€?However, a few energy companies from the Russian Federation also seem to want this energy source. They even want to fight with me. They even called over a large number of mercenaries. Even Boris'boss, Alyosha, wants to snatch it from me.

€?This time, I'm under a lot of pressure. If it was anything else, the Russians would have been very enthusiastic to cooperate with me. However, in the energy field, they only want to close the door and do it themselves. Little Brother, you have to help me this time!€?

Yu Tian thought for a moment. He still had Chu Ya's favor, so he nodded and said, "Alright, I happen to be bored now, so I'll go over and have some fun!"

Chu Ya was really happy this time. She hopped around and laughed, "Good little brother, big sister kiss, Mwah!"

The video was cut off, Chu Hong said with extreme disgust, "This Chu Ya, it's as if the whole world can't contain her anymore. Back then, the higher-ups of the family especially objected to her going to that country, but she didn't listen at all. She said that she wanted to let go of her natural instincts.

I'm curious, what exactly is there to let go of in that barren land?"

Yu Tian smiled but didn't say anything. Chu Hong was just jealous. This was the only thing that wasn't good about this woman's personality.

Anyway, now that she didn't need to interfere in all aspects, she might as well go out and have some fun.

But at this moment, Yu Tian suddenly received a text message. After reading it, his brows were tightly knitted.

It seemed that it was not possible to go to the Maozi Kingdom now. There was another huge challenge waiting for him.

At the same time, Du Tianci was pressed under the blanket by a few burly men. They grabbed him by the neck and pulled him up.

Du Tianci shouted, "Who is it? How dare you fuck me in my blanket? If you have the guts, let's fight one on one!"

Those men did not care about these things and tied him up firmly.

Following that was a round of torture. They punched and kicked him, picked his nose, and pulled his ears. Du Tianci was bruised and bruised all over.

When the men were tired, the bearded man asked fiercely, "Did Yu Tian let you get close to Zhen Jingyu?"

"Pick your sister up? Zhen Jingyu is as old as your grandmother. How could I get close to her? What the F * Ck do you think you're doing?" Du Tianci scolded.

Following that, he gave Du Tianci a series of punches and kicks, which made him vomit blood.

However, Du Tianci still scolded them, not admitting defeat at all.

“Listen Well, you bastards. When I become rich one day and kill Yu Tian, I will kill all of you. I will let you die even more miserably than Yu Tian!”

The thugs looked at each other. They still did not believe du Tianci's words.

The bearded man took out a dagger and placed it on du Tianci's neck. He said coldly, “Since you are not Yu Tian's man, we don't have to be polite. I will send you to Hell now. You can come and take revenge in your next life!”

Du Tianci was afraid. If this knife was used, his life would be gone.

He really hated Yu Tian to death. If it was not for him, he would still be alive.

The more he thought about it, the angrier he got. Du Tianci cursed, “Yu Tian, I will not let you off even if I become a ghost. Animals, do it. If I blink, I won't even be raised by my parents!”

The thugs looked at each other again. The bearded man put away his dagger, turned around, and opened the door. He invited Zhen Jingyu into the room.

Zhen Jingyu smiled apologetically, “Mr. Du, I have no choice but to do this. Please don't take offense!”

At this moment, du Tianci was extremely agitated. He gritted his teeth and said, “Jin Jingyu, what do you mean? I haven't said whether I want to cooperate with you. Is it your turn to test me?”

Since that's the case, let's not talk about our cooperation. There are many people who want to obtain the six dimensional code technology. I can trade with anyone!

Jin Jingyu personally untied his rope and took out a bank card.

“This is 10 million yuan. Take it as my compensation to Mr. Du. You know that Yu Tian is not a simple person. I am doing this for the sake of safety.

After all, you have to have the life to spend the money you earned. My boss will come to Linhai soon. I will arrange a meeting between the two of you!”

Du Tianci weighed the bank card and sneered, “That's more like it. But I will say the ugly thing first. If your boss also pretends to be better than me, our cooperation will be canceled!

Jin Jingyu only chuckled and turned to leave. She went outside and called Victor again.

“Mr. Victor, Du Tianci is trustworthy!”

“In my place, no one is definitely trustworthy. It's just based on mutual benefits. Du Tianci is only after money. He can even sell his own soul. What else can he not sell?”

Victor paused and continued with a sneer, “will be at Linhai at noon tomorrow. Even if du Tianci is really used by Yu Tian, this time I will go and see how powerful Yu Tian is!”

Zhen Jingyu was very excited. If Victor really came, then her son would be saved.

At this moment, Yu Tian came to fifth brother's residence with a few bottles of burning knives.

After putting away the Phantom, Yu Tian looked around.

Fifth Brother didn't live in high-rise buildings, he just liked living in this remote bungalow.

At this moment, fifth brother was beating a sandbag with Ah ran and the others. As soon as Yu Tian entered, fifth brother swung his fist at him..

?Chapter 224 – Chapter 224: I Won'T Let You Use It

Thank you readers!

Yu Tian did not think much of Brother Five's action.

He punched fiercely, but there was no killing intent. He was clearly just playing around.

Therefore, Yu Tian was only slightly injured and took a step back. The tip of his foot pierced through the middle and pressed against Brother Five's stomach.

He chuckled and said, “I'll go down a bit more. Your wife will hate me to death for the rest of her life!”

Fifth brother, on the other hand, was very shocked.

He was very clear about the speed of his fist, but Yu Tian's speed was so fast that there was not even a shadow.

It was as if that foot had suddenly appeared. It was so fast that it was heaven-defying.

Yu Tian waved the burning knife in his hand and smiled. “Order some food and wine. Let's brothers drink some!”

After fifth brother was shocked, he only had a bitter smile on his face. He immediately ordered AH ran to prepare a few dishes.

Yu Tian could not sit still. He looked around the house and only had a few impressions of fifth brother's residence.

It was clean, neat, and orderly. It was exactly the same as the army.

Even the quilt had been folded into tofu blocks. He had been demobilized for more than ten years, but he was still able to maintain it so well. It was really rare.

Ah ran quickly arranged the food and wine that he had bought and brought the others to the backyard.

After a few glasses of wine, fifth brother smiled and said, "You're a busy man. Normally, you don't even have the time to fart. You must have some work to do here today, right?"

Yu Tian nodded and said indifferently, "Of course there's work. There's more than one. In two days, I'm going to Luste in the Russian state. You guys come with me!"

He did not hide anything from fifth brother. Yu Tian told him in detail about the work that Luste had to do.

Gradually, the sky darkened and a light rain started to fall.

Yu Tian returned to the villa of the people in Water Bay. He looked at the rain outside the window with his drunken eyes. His expression was filled with murderous intent.

In the blink of an eye, it was noon the next day. A private plane landed at Linhai International Airport in the heavy rain.

More than ten men in black with sunglasses and hot women escorted Victor out of the airport.

Jing Yu greeted him with flowers.

"Mr. Victor, Welcome to Linhai. Your Hotel is ready. Du Tianci will come to see you soon!"

The girl behind him took the flowers, and Victor took off his sunglasses impatiently.

A pair of eyes as cold as a wolf looked at the weather outside the airport and said impatiently, "I hate the weather in this country. Even the air has a bad smell."

"If you guys could have taken care of galaxy technology long ago, I wouldn't have come here to smell this uncomfortable smell!"

Jing Yu knew that she did not satisfy Victor, so she could only keep quiet and bring Victor to the hotel.

Victor took a shower first. He felt that this city was full of trash.

Then, he sat on the sofa and said arrogantly, "When can I see Du Tianci?"

Jing Yu hurriedly poured him a glass of red wine.

"He is already on his way here. He will be here soon. This time, you are coming to Linhai. If Yu Tian does anything, I feel that it will be very dangerous!"

Victor took the red wine and said with a relaxed smile, "You all think that Yu Tian is very powerful. In fact, he is not even worth mentioning. I am looking at the Chu family behind him. Yu Tian is just a tool that I use."

"Don't forget that the secret of the Chu family is still in my hands. Yu Tian, this trash, can only be used by me obediently. I can't wait to see this good show!" As he spoke, the doorbell rang.

The bodyguard opened the door and Du Tianci walked into the room without any water.

Before he could say anything, the bodyguard first searched him and then threw him a towel. He said in disgust, "Wipe yourself clean. Mr. Victor, you don't like to see Dirty Trash!"

Du Tianci wiped the rain off his face in disdain and then threw the towel to the bodyguard. He snorted and said, "Go Wash Yourself Up!"

Then, he walked into the room.

After a brief introduction by Zhen Jingyu, Victor said impatiently, "Let's not waste so much precious time. What are your conditions? Just say it!"

After Du Tianci sat down, he slapped the table and ordered Zhen Jingyu, "Can't you see that I don't have anything to drink? Go and get me something to drink!"

Jingyu said with disdain, "Mr. Du, I think you should answer Mr. Victor's question. When you earn your own money, you can go and drink as much as you want!"

Du Tianci smiled indifferently.

"I'm not the one who should be making the conditions, but someone else. I'm just tying your two lines together!"

Victor and Zhen Jingyu were both a little confused. who could the person du Tianci was talking about be?

At this moment, the doorbell suddenly rang.

Just as the bodyguard opened the door, the person outside punched him directly from the door and threw him onto the balcony. He almost fell from the 25th floor.

The remaining bodyguards were ready to attack. Zhen Jingyu also saw the person who walked into the room. It was Yu Tian.

When Jing Yu's eyes exploded, du tianci laughed and said, "This person is my boss, Yu Tian!"

As he said that, the rest of the bodyguards also fainted on the ground.

When Yu Tian walked into the room, Victor laughed very calmly.

Yu Tian looked at his eyes and felt unhappy. He said calmly, "Then why are you laughing? Why Don't you get some good bodyguards? Aren't you too confident in your own safety?"

Victor spread his hands and said arrogantly, "In other places, I might be a little afraid. In front of you, I'm nothing to be afraid of. On the contrary, you should be afraid of Me!"

As he spoke, Victor put the phone on the table and said fearlessly, "This is the information of the 108 sisters of the Chu family. I spent a billion dollars to buy it.

"And I'm a businessman. The money I invested is worth several times more. You'd better understand that as long as I casually send a message, the information of the 108 sisters will be known to the whole world.

"Speaking of which, I'm in the same profession as you. We can get everything we want on the World Internet!"

Yu Tian pretended to be scared and said, "Oh my, you really scared me. But I have a question. When you were pretending, did you ever think that I, Yu Tian, could give you this opportunity?"

"You can send a message now and see if you can send it?"

Victor didn't believe it. He chuckled and said, "Unlike you low level people, I use high level things. You Can't see my height in your lifetime. Otherwise, how could you be so dirty?"

After saying that, Victor casually picked up the phone and opened it. His smile instantly disappeared.

There was no signal at all. The internet was not connected.

Yu Tian laughed and said disdainfully, "You are such a high-level person. Don't you know that this is the eastern country? No matter how high-level your phone is, you still have to use our internet.. However, I won't let you use it!"

?Chapter 225 – Chapter 225, Drinking

Thank you readers!

From the moment Victor stepped off the plane, Chu Meng and Du tianci had used software to control all of his phone signals.

Now, they couldn't even make a call, let alone send a text message.

Victor frowned coldly and looked at Zhen Jing Yu.

His phone with Zhen Jing Yu had an advanced encryption system. Even if it was bugged, it would be impossible to know his phone number.

To control the phone network and signal, one had to know his phone number first.

It turned out that the person who was not worthy of trust was not du tianci, but Zhen Jingyu.

At this moment, Zhen Jingyu could only say helplessly, "Mr. Victor, my son's life is in Yu Tian's hands. I have to do this!"

Du Tianci turned around and scolded Yu Tian.

"Boss, aren't you particular? You let me be a spy and even bribed this woman. On the other hand, this woman found someone to beat me up. So it was all arranged by You?"

Yu Tian could not be bothered to explain to him. He said indifferently, "Victor arranged for her to get someone to beat you up. I don't know. Why are you wasting time with me?"

At this moment, Victor laughed out loud.

"Yu Tian, you're still thinking too simply of me. The most ignorant person in this world is the one who thinks he's smart. Since I dared to come to Linhai, don't tell me I really didn't have any other preparations?"

"You're underestimating me too much. Although you've controlled my phone, it's useless. Look at what's placed on the windowsill over there."

Everyone turned around and saw that it was a cigarette box camera.

If one didn't look closely, it would be hard to see that it was actually a camera.

Du Tianci and Jing Yu were shocked. Victor was indeed a fox. He had prepared so meticulously.

Victor smiled lightly and said, "Everyone on my private plane will see everything that's happening in this room. They're waiting for my order now."

As long as I wave my hand casually

"The information will be released to the world through the server on my plane. However, I value benefits the most. If you are willing to apologize to me now

"Call me master and listen to my orders. Maybe I will give up on this idea!

Du Tianci and Jin Jingyu looked at Yu Tian helplessly.

Such a perfect plan wouldn't have any flaws no matter how they thought about it.

However, Victor still managed to put on an act. It seemed that Victor becoming the boss of a hundred billion yuan wasn't a coincidence.

However, Yu Tian wasn't shocked at all. He even posed for the camera.

Then, he took out his phone and connected to Chu Meng's video.

At this moment, Chu Meng was drinking on Victor's private plane.

She even said enviously, "Hubby, I just bought a private plane. I want to make it look like this plane. There's even a bar. Also, ask Victor where he bought this wine called fuchsia? It tastes really good, I've already drunk a bottle!"

Yu Tian frowned and complained, "I asked you to deal with those followers on the plane. Why did you drink it? Didn't you get some peanuts or something?" When he said this, Victor's eyes were covered with a layer of coldness.

This time, he really pretended to be big. Yu Tian had arranged it more carefully than him.

Yu Tian cut off the video and asked helplessly, "Zihong, where did you buy that Wine?"

Victor sneered, "Do you think that everything in this world can be bought with money?"

"Of course not!" Yu Tian shrugged and smiled, "For example, your life is free. I Won't waste time with you. Now, I want you to sign your name on this document!"

After Yu Tian said that, Zhen Jingyu immediately recovered from her shock and took out a fax.

The content was for the public relations manager of Aster Company to immediately bring the USB flash drive and all the archived information to

Linhai.

Victor sneered disdainfully, "This is impossible. My public relations manager is not as idiotic as you. Moreover, even if you kill both of us, do you think that no one else will know about all the information?"

"You Lowly people, even your thoughts are so lowly. To tell you the truth, before I came here, I had already made a backup of the 108 sisters' information in order to prevent any accidents from happening.

even set a time to send it. If I don't return to the company within the set time, the information will still be released. Yu Tian, I don't believe that your hands can reach out to super country immediately. Turn off my computer!"

This time, Yu Tian was a little surprised. He had thought of everything, but he did not expect Victor to play such a trick.

It was indeed impossible for him to go to Superstate immediately and turn off his computer. However, Du Tianci knew more about the internet than he did.

Therefore, he turned his head and asked "Tianci, can we hack in?"

Just as Du Tianci was thinking about it., Victor said fearlessly, "Can you not be so childish? The servers and firewalls in Esther's headquarters use SRQ technology, which is the most advanced defense technology in the world.

The security level is the highest in the world. Not to mention hackers, even gods can't Hack in!

Du tianci said in shock, "SIRQ? That is indeed the best defense technology in the world. Unless it is shut down from the terminal, we really can't Hack in!"

Since that was the case, there was no need to waste time thinking about these impossible ideas.

At this moment, the doorbell rang.

Yu Tian motioned for quiet rain to open the door.

It was Victor's secretary who had brought medicine for Victor.

With a few words, quiet rain sent the secretary away.

However, Yu Tian suddenly had an idea.

In this world, there were not many women who did not like money, especially Victor's secretaries. Their appearance and attire were enough to explain it.

They were just vases to admire or to raise their status.

Since they were vases, then he would give them some fresh flowers.

Thinking of this, Yu Tian immediately called Lian Tianlei and asked him to bring Sun Chen and the others to the hotel immediately.

At this time, Victor was still acting recklessly.

"Yu Tian, listen to me. Giving up your dignity and giving me a job is your best choice. I already have information on the Chu family. Very soon, the Chu family will give me everything I want for the sake of the 108 sisters.

When that time comes, I will be the richest person in the world, and the Chu family will no longer be the number one family. Now is the chance for you to choose. When I meet the Chu family, you won't even have the chance to choose.

When the time comes, you will be like a stray dog, begging me not to have a chance to give you!"

?Chapter 226 – Chapter 226, Voice Imitation

Thank you readers!

Soon, Lian Tianlei brought his junior brother and the others to the hotel.

Yu Tian only had one order.

“Victor can not leave this room. Even if he has to pee, keep an eye on him!”

Lian tianlei nodded solemnly and said in a low voice, “Don't let a single hair fly out of this room!”

Yu Tian did not dawdle and went straight to the room of one of the secretaries.

At the door, the clueless blonde girl asked with some doubt, “What can I help you with?”

“You can help me a lot, and at the same time, you will also receive a lot of benefits. Can I treat you to a drink?” Yu Tian smiled and said.

The girl saw that Yu Tian was such a gentleman, the sunshine, and the only bit of vigilance had disappeared. She smiled and nodded in agreement.

Half an hour later, in the hotel coffee shop, Catherine shook her head like a rattle-drum.

“No, I won't do that. Victor will definitely attack me with all kinds of weapons. What he hates the most is the betrayal of the people around him. Last time, there was a guy who betrayed him, and now he's still looking for water in the desert to drink!”

Yu Tian smiled and elegantly took a sip of coffee. He said indifferently, “If you are willing to help me destroy Victor's computer, I can let your wealth buy the entire desert in an instant.

“You can even hire an entire army to protect you. You can also go to your favorite country and spend 100 million dollars for the rest of your life. Just thinking about it makes me excited!”

“100 million dollars?” Catherine widened her eyes in surprise.

“Actually, it's 200 million dollars. If you can call the public relations manager of Esther Company over, your reward will be doubled!” Yu Tian put down his cup and took out his phone.

Catherine didn't say anything. Her mind was filled with scenes of the rich people's lives.

The manor, the villa, the romantic garden, the tall horses, the countless servants, and the huge bed that could allow more than a dozen people to roll around as they pleased.

Thinking of this, Catherine casually tied her hair up and said excitedly, “Okay,

I'll agree to your request and betray Victor. I don't want to be a vase by his side for a long time!”

Yu Tian didn't waste any time and immediately transferred 100 million dollars to her.

Catherine looked like she was on steroids when she saw that string of numbers.

Let alone having it, some people would never see so many zeros in their entire lives.

However, Yu Tian didn't care about this small amount of money at all, he smiled indifferently and said, "Once the work is done, you can get the remaining 100 million dollars. However, I have to remind you that although my money is easy to earn, you have to understand that I can get it back at any

Catherine hurriedly nodded. Her big eyes, which were covered by heavy makeup, were filled with an obedient expression.

"Mr. Yu, if you want, I can even get someone to blow up Esther Company. In fact, I have long been unhappy with that dolphin-like building! This woman was simply a lunatic.

However, the more she did so, the easier it was to make use of her.

Yu Tian smiled slightly and asked, "Then, how do you destroy Victor's computer?"

Catherine thought for a moment and frowned slightly. "This is actually not easy. Outside Victor's office, there are security guards every second. No one can enter the office without Victor's orders.

"Fortunately, I know one of the security guards. This guy has always wanted to be intimate with me. I can let him do it. As for the public relations manager, he is an obedient idiot. As long as you imitate Victor's voice.., "He'll come here!"

It sounded like a good plan, but Yu Tian's personality was that only when the plan was completely successful would he be happy.

Catherine immediately called the security guard.

The security guard said excitedly, "You've gone crazy!"

"I'm very calm, and we'll get a lot of money!" Catherine looked at Yu Tian and said in a low voice, "You'll get me too, and we'll live a romantic and carefree life together in Bartley.

"But in Esther Company, none of these can be realized. John, isn't this the life you want?"

John looked around sneakily, but he didn't really believe Catherine's words.

However, Catherine immediately transferred him the 100,000 meter saber, and all of John's doubts disappeared. At the same time, he decided to listen to Catherine.

On Yu Tian's side, he called du Tianci.

Du Tianci heard Yu Tian's request and said proudly, "Is that going to be difficult for me? I can imitate any sound in this world, especially the howls of the women in the game when they are beaten up. It's very satisfying!"

Yu Tian was not willing to waste time with him. He ordered, "I think your howls are better. Stop pretending. Hurry up and get it out!"

An hour later, du Tianci came to the coffee shop with his computer.

"Boss, I've done it. Now anyone can speak in Victor's voice!"

Yu Tian still handed the job to Catherine.

After all, she was the one who understood Victor's tone the most.

Catherine did not hesitate to call the public relations manager through the software.

The call went through. Catherine used Victor's tone and said, "Clark, I hate this job very much. My patience is almost running out. How can you let me face these idiots by myself?"

Clark didn't have the slightest doubt. He hurriedly said, "Mr. Victor, I have always listened to your orders!"

"My negotiation with the Chu family didn't go smoothly. You should immediately bring all the information of the Chu family, including the backup, and come to the eastern country. I hope that after your arrival, the negotiation will be smoother!"

"Okay, Mr. Victor. I will go to the eastern country immediately!"

Mr. Clark immediately took the USB and all the backups and left for the eastern country.

At this moment, Yu Tian nodded with satisfaction and said softly, "Tell John that before the public relations manager arrives in the eastern country, he must not act rashly and wait for my order!"

Catherine nodded her head vigorously and looked at Yu Tian with her silky eyes. This man was truly a boss.

In the blink of an eye, it was noon the next day.

Victor wanted to see Yu Tian.

In the room, Yu Tian saw that this trash victor did not have the slightest bit of anger. On the contrary, he was very relaxed as he drank wine and ate sumptuous food.

He was even more relaxed as he laughed fearlessly, "Yu Tian, I slept very well last night. I have to thank you for calling these bodyguards for me.

"Also, have you considered my suggestion? I don't have any extra time to waste here. I hope that your answer will satisfy me. In that case, we will all look good!

Yu Tian just smiled indifferently and sat at the dining table. He turned to Lian

Tianlei and said with a smile "Get me some food too!"

Victor gave Yu Tian a disdainful look and snorted, "Go ahead and eat. You Won't have any chance to come to such a high-class place to eat in the future!

However, Yu Tian chuckled and asked, "Really?"

?Chapter 227 – : Chapter 227, The World Of Ice And Snow

Thank you readers!

Victor seemed to have taken control of everything as he said smugly, "I'm very dissatisfied with you. When I get the shares of the Galaxy Company and the Chu family, I'll first make you a beggar.

"Originally, the things you have now are not yours. I'll make you watch them disappear by your side, and in the end, you can only look up to my height!"

Yu Tian felt that this guy had lost his mind?

Then, Yu Tian shrugged his shoulders indifferently and said with a faint smile, "Can you calm down? I feel like you have a rocket attached to your butt. You haven't won yet. What are you happy about?"

Victor threw his knife and fork into the plate, making a particularly ear-piercing sound. His arrogance was just like this ear-piercing sound, making people feel particularly disgusted.

He sneered and said, "Look at the time. If I don't get a satisfactory answer within an hour, my computer will send out the documents. At that time, even the Chu family will not let you off. Don't you think I Should Be Happy?"

At this moment, the doorbell rang. Fifth Brother took a computer and a USB drive into the room and placed it in front of Yu Tian.

He smiled and said, "That Clark is a coward. I just raised my fist and he knelt down!"

Although Victor did not understand everything, he heard the name Clark clearly. When he looked at the computer and USB drive, he was shocked.

However, Yu Tian smiled calmly and said, "Mr. Victor, it seems that half of your idea has been destroyed!"

Victor's face was gloomy. He just wanted to know, what was this idiot Clark doing in the eastern country? Who asked him to come?

Moreover, you came so easily, and you were actually captured by Yu Tian.

However, he quickly calmed down. A gloomy expression immediately appeared on his pair of cold eyes, he sneered and said, "How is it? You still have fifty minutes left. I don't believe that you can reverse anything in these fifty minutes."

Just as he finished his sentence, Catherine also came.

When they met, Catherine only greeted Yu Tian and did not say a word to Victor.

Victor was a little dumbfounded at that time.

Jin Jing Yu, Du Tianci, and Clark all turned against him. Could it be that this woman, Catherine, was also Yu Tian's person?

He immediately shouted, "Catherine, don't tell me that you are his person!"

Catherine raised her eyebrows and spread her hands. She said helplessly, "Of course, I was one of your people before, but I've had enough of your shameless arrogance. So, I'm going to follow CEO Yu!"

With that, Catherine turned on the video call and connected to John.

At this time, John was in Victor's office, holding an axe in his hand.

Seeing this, Victor couldn't sit still and said hatefully, "Catherine, what do you want to do? Do you want to die?"

Catherine snorted, "You're wrong. I just want to live a better life, but following you is impossible. John, What Are You Waiting For?"

Without saying anything, John swung the axe and smashed the notebook on Victor's desk into pieces.

The security guard at the door heard the noise and smashed the door with all his might.

John, who was already prepared, immediately took out a rope, slid it out of the window, and left easily.

Seeing this, Yu Tian laughed and said, "It's really wonderful. It's like watching a movie. Mr. Victor, what else do you have to say now?"

Victor's expression was ferocious, and his eyes were filled with anger. He gritted his teeth and said, "It's indeed wonderful. What you all did was wonderful. I did lose this time, but I didn't lose to you, Yu Tian.

I lost to these shameless traitors. Now that you have gotten what you wanted, you can let me leave!

You still want to leave? What are you thinking about?

Yu Tian could not be bothered to say another word to him. The golden needle shot out and directly pierced through Victor's neck and head.

Under everyone's shocked gazes, Victor's tearing expression suddenly became quiet. Then, he collapsed to the ground like soft soil.

Pulling back the Golden Needle, Yu Tian snorted coldly and said, "You can leave now!"

After getting rid of Victor, Yu Tian felt especially good, and then he ordered, "Catherine, you know what to do. Fifth brother, I'll leave Clark and those bodyguards to you!"

Catherine calmed down. She didn't expect that Yu Tian, who looked so gentlemanly, would be so ruthless in his attacks.

She hurriedly said, "Yes, I'll say later that Victor's bodyguards did it!"

Yu Tian didn't care about this at all. Even if the whole world knew that he did it, what could he do?

He wasn't afraid of this at all.

Then, he said to fifth brother, "It's clean. We'll set off at six in the evening!"

Fifth brother smiled and said, "No problem. The manpower has been arranged!"

In the afternoon, Yu Tian arranged the company for Chu Hong. He also greeted Chu Qing and the others before heading straight to the airport.

Brother Five and the others had already been waiting at the airport. Yu Tian saw that brother five had brought a total of ten people with him.

Other than AH ran, the rest were unfamiliar faces. However, they were all muscular men with dark skin and full of Yang energy.

There was no need for introductions. It was impossible for Yu Tian to remember the names of so many people.

He simply greeted everyone and immediately boarded the private plane.

With a roar, the private plane took off and headed straight for Luste.

At six o'clock in the morning, the private plane landed in a simple airport in luste. Fortunately, the pilot's skills were better. Even so, the plane almost slid off the runway.

The people who were in a false alarm walked out of the plane. With the help of the lights of the airport, they saw an endless expanse of snow-white.

The air was extremely cold, and even breathing could turn into ice tea that fell to the ground.

Yu Tian tightened the collar of his down jacket and took the lead to walk out of the airport.

Chu Ya had been waiting for him for a long time.

When she saw Yu Tian, she rushed over in a few steps and directly jumped onto his body. She said lovingly, "I've finally seen my future husband. Don't move, let me give you a kiss First!"

Yu Tian hurriedly stopped her. "What Kiss? Aren't you afraid that your mouth will freeze? Hurry up and lead us to a warmer place. We're going to freeze to

Fifth Brother looked at the thermometer he carried with him. It was minus 57 degrees Celsius.

Behind the scarf, his eyes revealed a bitter smile. He said to everyone, "Everyone, pay attention to keep warm. Don't let your bodies freeze. It's easy to freeze to death!"

Ah ran smiled and said, "This place is really exciting. It's just like our battlefield back then. I like it!"

Everyone laughed. Then, everyone boarded the bus and headed to the base.

Chu Ya snuggled in Yu Tian's arms and said tenderly, thought you would only come a few days later. Now, we are ready to develop those energy sources, but Luste's side doesn't agree.

“When they took the money, they agreed very well. Now that they feel that these energy sources are more valuable, they want to go back on their words.. Moreover, according to the information I received, Alyosha has received financial support and wants to develop them!”

?Chapter 228 – Chapter 228, Energy Ores

Thank you readers!

At this point, they also arrived at the base.

In the snowstorm, everyone walked into the built insulation room and felt a trace of warmth.

Chu Ya's five female bodyguards prepared steaming hot coffee and food for everyone.

Yu Tian looked at the figures of these five female bodyguards. They were simply devils. They were too f * cking good.

Especially that one called Alosa. It was as if there were two pumpkins hanging on her heart.

Chu Ya saw that Yu Tian's gaze was fixed on alosa. She gave him a hard rebuke and said angrily, “Other than our 108 sisters, don't even think about it!”

Don't even think about it. Isn't this a little too F * cking unreasonable?

Ignoring Yu Tian's thoughts, Chu ya pulled him to another room.

Yu Tian felt that the room was even warmer. He even saw a palm-sized red ore in a glass jar.

Chu ya proudly introduced, “This is the TNR energy ore we found. It emits twice the heat of a hot spot. Just this piece alone can provide heat energy to our entire base!

“Currently, the reserves we found here are 20 million tons. It can be continuously developed for several years, and this energy has many uses, such as weapons manufacturing, aerospace manufacturing, ships, precision instruments, heat-resistant instruments, and so on.

“In the entire world, only Rost has discovered this kind of energy, and the initial estimate is that its value is over 100 billion meters!”

Yu Tian nodded slightly and said indifferently, “No wonder so many people want it. Even I am tempted!”

Chuya took off her down jacket, and her graceful figure was not much less than Alosa's.

She then said tenderly, “Why are you tempted? All of this is originally yours. The 108 Sisters of the Chu family live for you, and even the entire Chu family exists for you.

[“After these energy resources are developed, they can help you become the strongest person on the ground as soon as possible. However, we first have to get rid of those obstacles in haste.

“Although I have stayed in the Mao country for a few years, they have all kinds of means in front of benefits. After all, we are still outsiders here. That's why we have to find someone who can fight!

Yu Tian laughed noncommittally and said disdainfully, “Don't keep thinking about fighting. Tell me, when do you plan to develop it? I really don't like the freaking weather here. It's too damn cold!

“In fact, we've already started, but there will be people who come to cause trouble every day!

Before she finished her words, Alusha knocked on the door and entered. She first looked at Yu Tian coldly and arrogantly, then said, “Boss, those workers want to see you!

A few minutes later, in the base's restaurant, Yu Tian saw more than a dozen muscular Russian men in cotton clothes sitting there with an imposing manner.

When he saw Chu Ya, the biggest one among them took off the scarf on his face, revealing a black face that was surrounded by a full beard. He then said in a low voice, “Boss, we don't want to work for you anymore!

Chu Ya was not surprised at all. Instead, she smiled and said, “Do you think the pay is too little?”

The bearded man said without hesitation, “It's because we don't want our country's resources to create the wealth of outsiders like you. When we agreed to help you, you didn't tell us that you were going to steal our own things.

“Now we don't want to work for you anymore. No matter how much money you give us, we won't sell out our country!

Yu Tian found it interesting. Looking at them, they were no different from the peasants of the Russian nation.

How could they be so righteous? It was pure nonsense.

There must be someone playing tricks behind the scenes.

Chu Ya was not surprised at all. She said indifferently, "In that case, you can leave now!"

It was impossible to use this to blackmail herself.

However, the bearded man said shamelessly, "You have to give us the wages for these few days. Moreover, we have to take away the food here and the mining equipment!"

Chu Ya laughed out loud.

"You're thinking too much. I think you're stealing from us!"

The bearded man stood up angrily and said arrogantly, "You're right. We want to steal from you. Not only us, but also the 500 workers here. We all think so."

"Now, as long as I shout, they can tear this place down and let you all FREEZE TO DEATH HERE!"

Chuya gritted her teeth. These damn Russians, when they took the money, they treated you as their ancestors. When they turned hostile, they refused to acknowledge you.

At this moment, Alusha snorted coldly and said, "You want to rebel, right?"

Then ask the dagger in my hand. Will you agree or not?"

As she spoke, Alosa pulled out two bright, murderous daggers.

However, the bearded man and the others laughed contemptuously.

They felt that Alosa, this woman, was just courting death.

The bearded man said contemptuously, "Hey, girl, I think your hand is more suitable to hold something that belongs to a man, or to go to the kitchen and cut potatoes day and night!"

Alosa would definitely not waste her breath on him. With a flash of her dagger, her eyes turned cold. She directly jumped in front of the big guy and directly cut his neck.

Yu Tian could only frown helplessly.

This woman's temper was very explosive, but her movements were not that explosive. It was impossible for her to be a match for the big guy.

This was because the big guy's entire body was filled with brute force. With just this, no matter how good his technique was, it would be useless.

Just as Yu Tian had expected, the big guy did not put Alosa in his eyes at all. He swung the dining table with one hand and swung it at Alosa.

Alosa was shocked and hurriedly used her arm to protect her head. In the end, the dining table was smashed into pieces and she fell to the ground.

The Big Guy bent down and grabbed Alosa who was still in a daze. He lifted her up into the air. While Alosa was struggling, he sneered and said disdainfully, "You still want to fight with me? Now you regret it, right? I'll show you how powerful I am!"

Before he could finish his words, a figure suddenly appeared in front of the big guy.

Just as everyone was shocked, the big guy flew backward, smashed the window, and fell out.

The moment Alosa landed on the ground, Yu Tian held her in his arms and said coolly and indifferently, "Next time when you fuck the Big Guy, remember to let him make the first move!"

At this moment, Alosa's eyes were full of admiration and adoration for Yu Tian.

The remaining workers also jumped up and wanted to make a move.

Yu Tian threw Alosa aside and said arrogantly, "Watch how I fuck them!"

Alosa wanted to watch, but she couldn't see it clearly. Yu Tian's action was too fast. In the blink of an eye, the workers all flew out of the house.

At this moment, the big guy who had struggled to get up immediately shouted.

"Guys, they didn't agree to our conditions. Let them know how powerful we are!"

As soon as he finished speaking, hundreds of workers from the base's dormitory rushed to the front of the dining hall with the tools they used to work.

The Big Guy wiped the blood from the corner of his mouth and shouted fiercely, "Charge in with me and kill them!"

?Chapter 229 – Chapter 229 Was Very Valuable

Thank you readers!

Hundreds of Russians with shovels and pickaxes were about to rush into the restaurant.

The Big Guy felt that he had too many people, so how could he let these foreigners take advantage of him?

At this time, fifth brother also brought some people over. When he saw the crowd in front of him, he felt a headache coming.

However, Yu Tian's face was calm. He came to the restaurant and said with a relaxed smile, a€?Everyone is so energetic, why don't you work to earn money?a€?

Chu Ya translated the words to the big guy and the others, but the result made them even angrier.

The big guy shouted angrily, a€?We will never work for You Damn Easterners. You are robbing us of our wealth, and you are the ones who should leave.

a€?Now, I announce that we will take over this place. If you don't leave, we will let you all freeze to death here. No one will say that we killed you!a€?

At this point, Yu Tian finally realized that this big guy was just a piece of rat shit.

Although he still didn't know who the boss behind him was, he was still able to take a kick from him and still shout arrogantly here. He seemed to be an expert.

Thinking of this, Yu Tian turned his head to look at fifth brother and the others. At this moment, they were all ready to make a move.

Alusha and the other female bodyguards also took out their weapons and surrounded Chu Ya.

At this time, ah ran stretched his neck and said with a bitter smile, a€?So many people? How Do We Fight?a€?

Yu Tian waved his hand and said with a smile, a€?There's no need to make a move. What's there to fight with a group of Russian farmers?a€?

Just when everyone was puzzled, Yu Tian said loudly with confidence, a€?Workers and Masters, why don't we make a deal?

There are five hundred people here. I will give each of you a hundred thousand dollars. You can continue your work. In the future, you can get an extra ten

thousand dollars every month. What do you think of my proposal?a€?

After the workers heard Chu Ya's translation, they were all shocked.

That was real money. A hundred thousand dollars could allow them to buy everything they wanted in their hometown.

Moreover, they could get an extra 10 ,000 dollars a month. With such good conditions, what was the point of fighting?

If they followed the big guy, they would at most get a bottle of vodka. If they followed him, they could even open a winery.

At this time, the workers who were tempted threw away the tools in their hands one after another. They naturally isolated the big guy.

The Big Guy did not expect that Yu Tian would actually play such a trick on him.

With just a few words, the workers that he had spent so much effort to persuade were all obedient.

Before he could vent his anger, Yu Tian had already rushed up to him and punched him in the neck.

The Big Guy fell to the ground defenseless. He felt as if his neck was broken, and his face was full of pain.

Yu Tian put his hands behind his back and snorted coldly, a€?Xiao Ya, ask this guy who is the boss behind him?a€?

However, the big guy was very unyielding. No matter how he asked, he would scold him.

He did not care about his face. Yu Tian said to brother five, a€?Strip him of his clothes and plant him in the snow!

Under everyone's terrified gazes, brother five and the others tore off all of the big guy's clothes and buried him in the snow.

Then, Yu Tian ordered the workers, a€?There's nothing to see. Go to work. You'll get your money tonight. Everyone will give you five bottles of good vodka!

The workers sang and danced excitedly. Who cared about the Big Guy's life.

At this time, Chu Ya complained to Yu Tian in a low voice, a€?You're really generous. You spent more than 50 million in just a few words. These people are insatiable wolves!

“Then we'll keep feeding them. Anyway, I don't plan to take the money myself. When the time comes, someone will naturally pay for us!” Yu Tian said indifferently.

While he was talking, the big guy who couldn't stand it finally shouted in admiration, “Oh my God, I really can't stand it anymore. Please let me go. I'm telling you, it was Andre who asked me to do it!”

“He promised to give me two cases of vodka and 50,000 dollars to incite these workers to go on strike!”

Chu Ya snorted in disgust and explained to Yu Tian, “Andre is the inflation of Luste. This guy is the one who doesn't want us to exploit energy.”

The funny thing is that he was the one who signed the contract with us. Now that he has gone back on his word, he's willing to use all kinds of methods!”

Yu Tian didn't mind. This was very normal. who asked TNR here to be so valuable.

At this time, the Sun finally rose in the sky, and it was somewhat warmer.

He wanted to have a simple breakfast and then go to the mining area to take a look.

However, at this moment, there was a roar from outside. A helicopter slowly landed. The wind and waves created by the propeller caused the roof of the restaurant to shake violently.

Following that, a few men who were covered tightly swaggered into the restaurant.

Yu Tian did not even look at them. He was still drinking the hot soup. No matter who they were, most of the people who came here were just pretending.

The Man in the lead took off his hat, revealing his head full of white hair. He took off his scarf, and the beard around his face was white.

When Chu ya saw this person, her expression instantly turned cold. She asked disdainfully, “Alyosha, what are you doing here?”

It was only then that Yu Tian slowly raised his head to look at the square-faced Alyosha.

So this middle-aged man with a serious expression was Boris'boss, the boss of the largest assassin organization in the Russian Federation.

It didn't look like much, except that his eyes were rather cold, as if even the hairs on his eyes were frozen.

Alyosha immediately took off his coat and threw it to his follower. Then, he said coldly, "What should you be doing here?"

Chu Ya felt that his question was especially ridiculous. She said disdainfully,

"This is our project base. Why do you think we are here?"

Upon hearing this, Alyosha sneered. His expression was as if Chuya was talking about a fantasy.

"From now on, this base is no longer yours. I have already signed an agreement with the Mao country's industrial development supervisor to develop TNR. In other words, you have been kicked out!"

Chuya suddenly frowned. She was so angry that her cheeks were puffy. She said angrily, "So what? I have already signed an agreement with Andre before this. Isn't Andre the Mao country's manager?"

"You are right!" Alyosha sat opposite Yu Tian and said calmly, "Andre is just a lackey. Even if you have a contract, Mao will not approve of it."

"What I have received is a contract from the Ministry of Industry. Even the boss of Mao has to provide me with protection. Before he uses the army to chase you away, I hope that you will choose to leave with dignity!"

Indeed, Andre's position was too small, and the Ministry of Industry represented the level of Mao.

Chu Ya knew that the contract in her hands was indeed not strong enough to outdo the other party, but it was also impossible for her to give up like this.

She snorted coldly and said disdainfully, "We will not leave!"

?Chapter 230 – Chapter 230, Female Hacker

Thank you readers!

Alyosha chuckled coldly and said, "You will leave. Don't think that everyone has to give face to Your Chu family. In our place, Your Chu family's strength is only so-so."

"Right now, Your Chu family is facing our country's level. No one will believe that you have the guts to go against us. Therefore, I want to tell you honestly that if you don't leave, you will never be able to leave."

"Even if your Chu family uses the power of the family, we will not let you take away the wealth that belongs to us. We can even start a war because of this!"

Chu Ya was silent. Her development in Mao was indeed not as good as the other sisters. She could be said to be the worst out of the 108 sisters.

If she really used that level, she would not have the ability to fight back at all.

As for the higher-ups of the family, after considering the benefits, they would definitely not support her.

Alyosha didn't put Chuya in her eyes at all. Instead, she looked coldly at Yu Tian.

“You’re that Yu Tian who killed Boris, right? You really have the courage to sit in front of me. But this is also good. Boris's revenge must be avenged no matter what.

“Everyone here can leave, but you can't. I'm going to freeze you to death in the northernmost city in the world!”

After listening to the translation, Yu Tian laughed out loud and said inexplicably, “Are you F * cking stupid? Did I say I was going to leave? Do you really think you're a piece of meat?”

Alosa frowned fiercely and said in a cold voice, “In the eastern country, perhaps no one can kill you. But here, you're an outsider, and I'm the local snake.

“Even if you have great ability, don't think about showing off here. On the contrary, all your actions are just asking for trouble. But I won't kill you right away. That would be meaningless.

“I want to torture you to death bit by bit. That's what I Want!”

No matter how he pretended, Yu Tian didn't care at all. He just smiled indifferently and said, “Well, the best part is to be more exciting. Otherwise, it would be meaningless!”

Alosa snorted coldly and stood up.

“

As you wish, you will feel happy. Everyone else, listen up. You have two days to leave, but you can leave. You have to leave the equipment.

Because they have already been requisitioned by me. They are no longer your!”

After saying that, he put on his coat and left the base as if he was showing off.

When the helicopter took off, it deliberately tore a hole in the roof of the restaurant.

Sitting on the helicopter, Alyosha shamelessly smiled at Yu Tian and the others.

Chu Ya spat at the helicopter hatefully and complained, "Brother, you just watched him bully sister. Why didn't you beat him up!"

Yu Tian said with a frown, "What's the use of beating him up? He's just a lackey of the Russians because they're not sure whether the other people will be bribed by the Chu family.

"That's why they found Alyosha, who has a deep hatred with the Chu family. In the end, they still have to take down the key figure before Alyosha can admit defeat!

With this explanation, Chu ya finally understood the reason. She just didn't know who the key figure was?

Therefore, she asked doubtfully, "Is the key figure you're talking about the director of the Industrial Development Department?"

Yu Tian said disdainfully, "He's not even worth a fart. The real key person is the mysterious person who provided funds to Alyosha. If we can get rid of this key person, the others are not worth mentioning!"

"But we don't have any information!" Chuya said in a dilemma.

"Then go and find him. What's so difficult about that? Leave it to me!" Yu Tian never treated these as difficult problems.

Ten minutes later, Yu Tian opened the map in Chuya's room and began to study it with fifth brother and the others.

The first thing he needed to do was to determine Alyosha's location so that he could know more.

Therefore, when Alyosha was pretending to be Chuya, Yu Tian had already given Ran a look and asked him to install a tracking device on Alyosha's helicopter.

Ran looked at the signal receiver in his hand and said in a low voice, "We haven't landed yet. Looking at the general direction, it should be Klenny. That's the most prosperous city closest to Lustre!"

Yu Tian nodded slightly and said, "Alright, I'll go to Klenny. You guys continue to guard here!"

Chu Ya also picked up her clothes and said, "You need an interpreter. I'll go with you!"

Thinking about it, it was the same. He did not know how to speak Russian, so having an interpreter was still acceptable.

Moreover, he did not know much about the customs and etiquette of the Russian nation. Someone had to remind him or something.

Two hours later, the two of them stood in front of a hotel in the center of Klenny City.

Ah ran's tracking device showed that Alyosha's helicopter had landed on the roof of the hotel.

Chu ya chuckled and said, "Let's get a room, take a hot shower, and get a bottle of red wine. What do you think?"

you crazy? "Yu Tian said helplessly, "Why don't you look at the shape of our faces? You might as well just tell Alyosha what color underwear you're wearing!"

"Purple!" Chu Ya said charmingly.

Yu Tian sighed and said weakly, "You'd better find me a computer expert!" For Chu Ya, this was simply too easy. She just made a casual phone call and it was done.

She hung up the phone and said proudly, "She needs to rush here from MO city and it will take a few hours. We can't just wait here, right? Let's Go get a room!"

She had no choice. Yu Tian could only nod and get a room in another hotel nearby.

Chu Ya took off her clothes after closing the door. She didn't know whether to look or not.

Not only that, Chu ya even held Yu Tian's hand and said with a chuckle, "Let's take a bath together!"

"Are you kidding me? I'll take a bath with you?" Tian kept shaking his head.

However, a few minutes later, Yu Tian still walked into the bathroom with Chu

The first time she took a shower with a woman was quite enjoyable, but Chu ya was not happy.

Yu Tian was the only one who had never seen anyone take off their shorts while taking a shower.

To make a long story short, the two of them took a shower and ate something. The expert from MO city also arrived.

Yu Tian was puzzled when he saw her. Could it be that Chu ya did not know any men in the Russian State?

Why were all of them beautiful women?

Take this computer expert for example. She was 1.8 meters tall and was at the level of a model.

Chu Ya introduced her to Yu Tian, "Her name is Agatha and she's a female hacker. Don't be fooled by her appearance. She's also an expert in fighting.

"I once wanted her to be my bodyguard, but she didn't want to do anything other than being a hacker!"

Yu Tian nodded slightly and asked, "Can you access the hotel's Network?"

Agatha smiled seductively and said, "Of course, there's no door in this world that I can't Open!

I Have 108 Older Sisters #Chapter 231 - Read I Have 108 Older Sisters Chapter 231

?Chapter 231 – Chapter 231, Exciting Games

Thank you readers!

However, Agatha was not so quick to agree to Yu Tian's request.

She sat down on the sofa, her long eyebrows naturally and elegantly folded together. She said arrogantly, "However, I still have to consider whether I should help you or not if you want to open the door!"

A hint of doubt appeared in Yu Tian's eyes. He slowly asked, "Then, what do you want? Money or something else?"

Agatha shook her head slightly. These were not what she wanted, instead, she said arrogantly, "What I want is very simple. In the basement of the Antonov Building in Mocheng, there is a room that has no connection with the outside world.

There is only a cabinet in the room. On the top floor, there is an extremely top-secret document. I want it. If you can help me get the document, I will help you find the boss behind Agatha!"

It sounded a little dangerous. Yu Tian frowned slightly and thought, what exactly does this woman do?

Why does she look like a spy.

At this time, Chu Ya simply refused and scolded angrily, "Agatha, we are not spies. The Antonov Building is the Top-secret Document Storage Department of Mao. Outsiders can not enter at all.

There is not only the Defense Department, but also the army. There are many hackers. I don't beg you this time!"

However, Agatha smiled indifferently and said arrogantly, "I can let all the hackers work for you, but the premise is that you have to get my consent.

I think Miss Chuya knows my influence in the hacker world of Mao, right? "If you don't agree, then I won't force you, but I can't guarantee that your identities won't be leaked!

When Yu Tian heard this, he raised his hand to touch his chin and slightly narrowed his eyes.

This woman was obviously putting on an act and even wanted to blackmail him.

No matter how much influence she had in Mao Country, putting on an act with him was her biggest mistake.

Since she wanted to play something exciting, then she would play with her. Who would find it exciting at the end.

Thinking of this, Yu Tian stopped Chu ya from continuing. Instead, he readily agreed, "Okay, since this is a deal, then we have to have some investment. I can do this job. I'll help you get that document!

Agatha was very appreciative of Yu Tian's decision. She stared at Yu Tian's eyes with admiration and said tenderly, "This is why I asked you to help me."

Everyone in the world knew the strength of the Chu family. The person they valued so much was naturally not an ordinary person. Therefore, only you can get your hands on that document.

"But don't worry about those security guards. I can help you take care of them. If you have no questions, let's go to MO city immediately!

Yu Tian looked at her with an indifferent expression. Instead, he felt quite happy.

It was his fate. He would never be able to jump out of the trap of those 108 women in his life. While he was still free, he could enjoy himself as much as he could.

At six o'clock the next morning, the plane landed at Mocheng International Airport.

Agatha's men had been waiting for them for a long time. They brought the three of them to the hotel opposite the Antonov Building.

Yu Tian looked at the tall building across from him through the window and only smiled faintly.

At this time, Agatha's men had already connected all the computer equipment. Agatha knocked on the keyboard a few times, and images of all the key areas of the Antonov Building appeared on the Monitor.

Then, Agatha tied her long blonde hair behind her head, took off her coat, and operated the computer in various ways.

Yu Tian enjoyed watching it very much.

This figure was really F * cking hot.

Chu Ya used her elbow to hit Yu Tian with all her strength. She scolded him angrily, "What are you looking at? What do you think? The Russians look good now. After marriage, they will all become fat pigs!"

What are you talking about? Yu Tian didn't know whether to laugh or cry. He was too lazy to talk nonsense. Anyway, he would only take action at night. He would sleep first and talk later.

In the blink of an eye, it was already 10 pm. Everything was quiet. Yu Tian was also gently woken up by Chu Ya.

Agatha opened the building's structural diagram and ordered Yu Tian, "I can help you turn off all the cameras, but the security door to the basement is a physical lock. I Can't help you open it.

So, I called someone who knows how to pick locks to go with you!"

As she spoke, a man in a field uniform with a cold face beside Agatha looked at Yu Tian with disdain, he said with his nostrils facing the sky, "Agatha, I can handle this mission myself. Why do you have to use this easterner?"

Look at him. He looks like a farmer. He's only suitable to use a hoe to dig potatoes in the fields!"

Chu Ya was afraid that Yu Tian would get angry, so she did not translate this sentence.

However, Yu Tian could tell what this trash was talking about when he saw how arrogant and arrogant he was.

He had always just smiled lightly at this kind of pretentious person.

Agatha, on the other hand, snorted coldly and glared at the man. She reprimanded,

u

Nicholas, I don't want to hear you say these words anymore. If you want to quit, you can get out now!a€?

Nicholas glared at Yu Tian as if he was saying that it was best not to provoke him, or else he would make Yu Tian look good.

Yu Tian's face was still indifferent. There was not even a ripple in his gaze.

He was not thinking about how pretentious this Nicholas was.

Instead, he was thinking about how Agatha insisted on helping her complete this mission. Then this mission was definitely not as simple as she said. This was also good. The more challenging the task, the more interesting it would be.

At this moment, Agatha looked at Yu Tian and said, a€?After he opens the door for you, you have to enter by yourself. At this time, you will meet a few experts.

They are all the best fighters in Mao. They change shifts every twenty-four hours and there are five people each time. Now is the time when they are most exhausted before changing shifts. You should have no problem beating them!a€?

Yu Tian smiled bitterly and said, a€?What if they are still very good at fighting? Or rather, what if I can't beat them?a€?

Agatha stared coldly into Yu Tian's eyes and said very seriously, a€?Then you will die. Don't expect anyone to save you, because when that door opens, there will be no choice!a€?

No wonder this woman asked him to help her. It turned out that she was waiting here.

But she knew herself well.

Yu Tian touched his chin and said arrogantly,

i

a€?Then if they all die by my hands, how will you thank me?a€?

Agatha paused, and a trace of gentleness flashed in her eyes, but it was quickly replaced by that arrogance. She said coldly, "We'll talk about it when the time comes!"

Chu ya elbowed again and scolded angrily, "What? Do you want to sleep with her again when you come back?"

Yu Tian said with a frown, "Who said I want to sleep? I just want to enjoy my mouth, as if I can really sleep!"

?Chapter 232 – Chapter 232, Can You Use A Little More Strength

Thank you readers!

Agatha looked at the time and clapped her hands, she said loudly, "Alright everyone, it's time for those security guards to eat supper and drink coffee. Yu Tian, you and Nicholas only have ten minutes to enter the basement. Start moving now!"

Nicholas picked up his backpack and put on his mask. Before he set off, he did not forget to pretend to be Yu Tian.

"Hey, Easterner, don't drag me down. You'd better hurry up. I Won't wait for a piece of trash. Working with you is practically torture for me!"

Yu Tian smiled but did not say anything. There was no need to talk nonsense with him. He did not put him in his eyes at all.

Under the cover of the night, the two of them quickly arrived at the backyard of the building. A window on the third floor had long been opened.

This was the work of Agatha's informant. Yu Tian smiled disdainfully.

Who knew how much Agatha had prepared for this document?

That trash, Nicholas, took out a rope and hook claws, aimed at the window, and threw them up.

Yu Tian's eyebrows twitched helplessly. This freaking window didn't even have a high pee window. Why did he need a rope?

After securing the rope, Nicholas made a few gestures to Yu Tian.

It meant that he would go first, Yu Tian would go after him, and pay attention to the surrounding movements.

Yu Tian shook his eyebrows impatiently. Without saying a word, he stepped on the wall, straightened his waist, and jumped five meters high

Then, he stepped on the wall, grabbed the windowsill with one hand, and jumped into the room.

Nicholas was flabbergasted when he saw this. he shouted in shock, "How did he do it?"

Agatha and the others, who had been watching them through the computer, were also shocked.

When Nicholas finally crawled into the room like a stupid pig, Yu Tian was about to fall asleep.

At that moment, the contempt in Nicholas' eyes when he looked at Yu Tian had completely disappeared.

At that moment, Chuya's voice sounded in Yu Tian's earpiece.

"There are still seven minutes left. Go straight to the basement through the stairwell outside the door!"

Nicholas opened the door sneakily. After making sure that there was no one in the corridor, he and Yu Tian quietly walked into the stairwell.

They followed the stairs all the way down to the entrance of the basement.

Chuya looked at the computer screen and said in a low voice, "There's no one behind the door. Let's go in!"

They walked into the basement and followed the stairs all the way down. There was a password door blocking in front of them.

Agatha knocked on the keyboard a few times and the passcode door opened with a click.

Yu Tian swaggered into the corridor of the basement. In front of him was a metal door that was three meters tall and five meters wide.

Agatha then said to the radio, "There are five locks on this door. You have five minutes left. Nicholas, you better hurry up!"

Nicholas said arrogantly, "When have I ever let you down?"

With that, he opened his backpack, took out the tools to pick the locks, and began to work carefully.

However, Yu Tian said impatiently, "What I fucking hate the most is waiting!"

As soon as he finished speaking, he went straight to the door and punched the crack in the door.

With a muffled sound, the entire basement trembled.

Nicholas, who was still poking the keyhole, was scared silly on the spot.

He asked in extreme shock, "Agatha, did you find a robot?"

Before he finished speaking, Yu Tian raised his leg and kicked again.

The metal door, which was half a meter thick, exploded on both sides.

Agatha, who was in the hotel, was also shocked when she saw this scene through Nicholas' camera.

How could a normal person have such great strength?

Even Chuya's face was filled with disgust. No wonder the 108 sisters wanted to marry him. With this strength, they had to marry him.

At this moment, the five Russian experts behind the door immediately rushed out of the lounge. When they saw the destroyed door, their faces were filled with disgust.

Without thinking much, the few experts directly surrounded Yu Tian, who had walked into the secret room.

One of them was an extremely muscular expert wearing a vest. His eyes were malevolent, and his face was cold and gloomy. He said forcefully, "If you were the one who destroyed that door, then you have to pay for a new one!"

Nicholas, who was standing outside the door, was so scared that he was drenched in sweat when he saw these five people. His eyebrows were almost entangled together.

The killing intent of these five muscular men was like the waves in a storm, capable of destroying everything.

Chu Ya widened her eyes in surprise. It was obvious that those few Russian men had crawled out from a pile of dead people. Each of them was so valiant that it seemed as if there was no end to their fighting strength.

She was afraid that Yu Tian was no match for them, so she hurriedly reminded him, "Brother, don't fight them head-on. It's still not too late to leave now!"

However, Yu Tian laughed out loud. Not only was he not the slightest bit afraid, he even said excitedly, "Leave? I'm not leaving. It's not easy to meet such an expert. I have to train with them no matter what!"

Seeing that Yu Tian had no intention of being afraid, the few Russian men attacked at the same time.

This was not an arena. A one-on-one fight had its rules. Since they were going to fight, it would be a fight to the death. Only one side would be able to leave this place alive.

The sturdiest Mao man was like a ferocious beast as he directly rammed into

Yu Tian.

From the looks of it, this guy's ramming force was at least a few hundred kilograms.

Not to mention a human, even a wall would have a hole.

However, Yu Tian only raised his hand easily and landed on the Mao man's head, directly stopping the Mao man's ramming attack.

Because the Mao man used a lot of strength, this head really seemed to have hit a huge rock. The bones in his muscles could not withstand the violent impact and instantly, his bones and tendons were broken.

Yu Tian shook his head helplessly and said in disappointment, "Can you use more strength? Is this all you can do?"

The remaining Russian men took out their daggers when they saw this and glared at Yu Tian.

However, they were all shocked in their hearts.

What kind of opponent did they encounter today?

A few people attacked at the same time, but Yu Tian did not even move. He attacked with both hands up and down. Finally, he kicked the Russian man in front of him a few meters away. He directly smashed open the door of the room and fainted on the ground.

Seeing this, Nicholas and the others were so shocked that their jaws almost fell to the ground.

In less than ten seconds, the five top experts of Mao country were knocked down one after another.

Yu Tian helplessly clapped his hands and said in disappointment, "What the hell? I thought I could have a better fight!"

In the hotel, Agatha frowned.

Yu Tian's strength was completely beyond her imagination. She suddenly felt that it was a mistake to ask Yu Tian to help.

At this moment, Yu Tian walked into the room, took the one-finger-thick document, stuffed it into his backpack, and turned around to leave.

The cabinets were filled with Mao's secrets, but Yu Tian did not even look at them.

This had nothing to do with her.

Just as she left the basement with Nicholas and went to the room on the third floor, the door was smashed open by the security guards..

?Chapter 233 – Chapter 233, Top-Secret Documents

Thank you readers!

It was impossible for the security guards to not hear the commotion.

More than ten security guards with sticks rushed into the room and attacked anyone they saw.

Yu Tian did not care about that. He was too lazy to fight with these useless people and left through the window.

However, Nicholas did not have the skill. After taking the attacks of a few security guards, he was hit in the head and fainted on the ground.

At this moment, Yu Tian had already returned to the hotel.

Agatha reached out for the document, but Yu Tian sat down on the sofa and chuckled.

Agatha did not have the final say now. The document was in her hands. If she wanted to get it, she had to listen to her.

Who did not have the time to act pretentious?

Yu Tian said arrogantly, "You can't get this document now. At least, you can't get it before you tell me what this document is and help me find the boss behind Agatha!"

At this moment, Agatha was not confident. If she had not seen Yu Tian's strength, she might still be able to play tricks with him.

But now, if she angered Yu Tian, it would be absolutely unwise.

She hid her thoughts in her heart and said expressionlessly, "Of course, this is a deal. It's fair to do so, but Nicholas has not returned. We have to leave this place immediately!"

This was acceptable. No one could be sure that the trash Nikolai had exposed their identities.

Everyone immediately dismantled the equipment and went to Klenny overnight.

When they arrived at Klenny in the morning, Agatha brought the two of them to a very hidden residence.

On the plane, Yu Tian had Chuya translate the top-secret document.

Therefore, when Agatha placed the steaming coffee in front of Yu Tian, Yu Tian was especially surprised.

He casually picked up the coffee and took a sip. Then, he narrowed his eyes and asked in puzzlement, "Are you a hacker or something else? Why do you want the information of these Mao Agents?"

As he spoke, Yu Tian casually took out a golden needle and played with it.

If Agatha couldn't give him a reasonable explanation, then he would directly cripple her.

Because he actually helped her get the most top-secret thing in Mao country, didn't those Russians think that he was also a spy?

He just came here to mine, what does it have to do with these?

Agatha was especially calm, and she said very easily, "Of course I'm a hacker, don't tell me you still doubt this? The reason I want to get this information is because I want to exchange something else with them!"

"What do you want to exchange?" Chuya asked.

"For a new identity of mine!" Agatha's eyes were covered with a layer of faint resentment.

It was as if she was tearing open a wound. She said painfully and helplessly, "I don't want to be a hacker anymore. This makes it impossible for me to live like a normal woman."

I will give this document to them in exchange for my new identity. From now on, there will be no Agatha in this world!

This reason was acceptable. Everyone wanted to live happily, especially people like Agatha who could only live in the dark. This was extremely precious.

However, Yu Tian only smiled indifferently as he was used to it.

He thought to himself, "I don't fucking believe you. This document not only contains the information of the top secret agents, but also the missions that those agents have done. It can be said to be extremely top secret!"

"If you want to be a normal person, you can leave this country. Even if you don't leave, you can change your identity at any time. Is there a need to use this thing to exchange for it?"

At this moment, Chu Ya also said to Yu Tian, "Brother, this document is very important. We definitely can not give it to her easily. I have a feeling that this Agatha seems to have many secrets hidden from us!"

Yu Tian nodded slightly, agreeing with Chuya's words very much.

Moreover, this information was not only very important, but also very valuable. Yu Tian also had other plans in his heart.

In short, it was impossible to give it to Agatha.

Thinking of this, Yu Tian let Chuya ask her when she would be able to get the information of the boss behind Agatha.

Agatha, however, smiled very easily and said proudly, "Actually, I have already gotten what you all want long ago. You all want to develop those very precious ores. They are really very valuable."

"So, many people are staring at the bottle of mineral resources in lust. This is the most precious energy source in the world. Do you think Mao can let outsiders like you develop it?"

Yu Tian also smiled very calmly and said slowly, "You don't have to worry about this for us. Since you know so much, then you must know who the boss behind Agatha is?"

Agatha nodded confidently and said with a smile, "Of course I know, but what I'm thinking now is, if I tell you about the boss, can I get the documents in your hands?"

"There is no fairness in our deal. Of course, you have the power to decide the development between us, and I also have the right to decide whether to tell you or not!"

This woman still wanted to blackmail him.

Yu Tian did not care at all. He already knew that this woman would say that.

Therefore, he calmly took out the document and said with ease, "Then you will never get this document. In fact, I know very well how important it is."

You can use it to get everything, why can't I? "This is the document I got, and now it belongs to me. You should know this very well!"

Agatha finally compromised, because this document was too important to her.

She had worked so hard to get this document.

She didn't even know how many people had died. Now the document was right in front of her eyes, but she couldn't get it.

Agatha frowned helplessly and could only say submissively, "The boss behind

Alyosha isn't from Mao. The money supporting him came from Super Country.

"But this money isn't in Alyosha's hands. It's divided into ten portions and deposited into the financial systems of ten companies. The bosses of these ten companies are all Alyosha."

"This one billion-dollar capital was transferred from a Super Nation, a family called the Agras family. I think now you should know who the boss behind

Alyosha is, right?"

Yu Tian understood on the spot.

It was actually his old rival again. He originally thought that this Agras family no longer wanted to gloat with him.

Who knew that they were so persistent that they had even extended their tentacles to Mao.

Now that they knew who the boss was, the rest would be much easier..

?Chapter 234 – Chapter 234, Treat Them To A Meal

Thank you readers!

Thinking of this, Yu Tian put away the document again.

Agatha suddenly frowned and got up excitedly, a€?You've got what you want. Do you want to go back on your word? This document is very important to me. Have you never thought of giving it to me?a€?

Yu Tian chuckled and said arrogantly, a€?You are right. I have indeed never thought of giving it to you, because up until now, I have not believed you!a€?

Agatha was so angry that she gritted her teeth and said with a frosty expression, a€?Aren't you afraid that I will reveal your identities? Don't forget that you were the one who entered the Antonov Building to get this document.

On the side of the Maoists, will they believe that you are innocent? It is very likely that they have already treated you as a spy, and all the agents of the Maoists are already on their way to kill you.

a€?It is best that you cooperate with me!a€?

If Yu Tian cared about these things, she would not have agreed to do it in the first place.

What was so great about being an agent? If he wanted to, no one would be able to stop him.

But the game couldn't be played like this.

He slowly stood up and said with an uncaring smile, a€?That's such a pity. But I still have to thank you for giving me the bargaining chip to negotiate with the higher-ups of Mao!a€?

With that, Yu Tian signaled to Chu ya that the two of them could leave.

Agatha flew into a rage and rushed towards Yu Tian with her eyes wide open. She even wanted to snatch the document.

However, Yu Tian only gave her a gentle push and she fell to the ground. Her knees were broken.

Yu Tian was especially reluctant to say, a€?Look, your knees are broken, right? You Don't even know how to cherish such a good pair of legs. Stop wasting time with me. I don't have the time to play with you!a€?

Agatha gritted her teeth and endured the anger in her heart. At this moment, she did not have any ability to stop Yu Tian from leaving. She could only look at them angrily and leave this hiding place.

When they arrived outside, Chu ya still asked worriedly, "Brother, can we really do this? What we have in our hands are the top secrets of Mao Country. If those agents really start hunting us down, then what should we do?"

Yu Tian flicked his hair and said disdainfully, "What's there to be afraid of? I don't put them in my eyes at all. On the contrary, I am still waiting for them to appear."

"This top-secret information, no matter what, we have to create some value for us. Otherwise, won't I have taken him for nothing? Follow me and don't be afraid. Let's go to the hotel in Alyosha and get a presidential room. Let's Sleep First!"

Top-secret information was a weapon, and now that this weapon was in his hands, the entire Mao country had to listen to him. This game was only fun this way.

Moreover, they now knew that the boss behind Alyosha was the Agras family.

If the higher-ups of Mao country knew that the one who provided funds for Alyosha was actually the world's largest mafia family.

At that time, he really wanted to see the expressions of those higher-ups. Just how exciting would it be?

After opening a presidential suite, Yu Tian was eating a sumptuous breakfast when someone knocked on his door.

Chu Ya opened the door and saw two middle-aged men standing outside with extremely cold expressions. They were dressed in suits.

The man whose forehead was full of wrinkles said in a more gentlemanly manner, "Hello, I'm someone sent by the higher-ups of Mao. I know that you have something of ours in your hands. I think we should talk about this properly!"

Chuya did not say anything and directly invited them into the room.

The two of them also greeted Yu Tian. The man forced a smile and said in a suppressed voice, "Mr. Yu, good morning. I am sorry to disturb your breakfast. My name is Peter, and this is my partner."

His name is Yuri. This is supposed to be a very complicated conversation, but because you don't understand our words, I will try to be as simple as possible!

Yu Tian scooped a spoonful of caviar for himself and smeared it on the cake with all his might. He then picked up two sausages that were emitting hot air and used the cake that was smeared with caviar to add them together. He stuffed them into his mouth and started eating.

When Peter saw this scene, he felt extremely helpless in his heart.

Caviar was such a precious thing, yet this guy actually ate it as jam. It was simply a waste of God's gift.

Yu Tian nodded slightly, smacking his lips and said, "Your caviar is indeed good. I like the taste very much. Have you eaten it? Why don't you sit down and eat it together?"

Peter and Urey looked at each other. Without saying anything, they sat down and ate it.

This was the tradition of the Russian nation. As long as their master invited them, they didn't need to care so much.

Moreover, this table of sumptuous food cost at least ten thousand meters. Take the caviar for example. Without tens of thousands of meters, it was impossible to eat it.

Not only was this easterner skilled, but he was also so rich. Why didn't he eat

Yu Tian's food was already unrestrained enough. He didn't expect these two Russians to eat even more recklessly.

Seeing this, Yu Tian smiled and asked, "Do you want some vodka?"

Peter nodded in agreement and laughed, "It would be even better if there was vodka. This is a real meal. Oh My God, I don't know how long I haven't eaten such good caviar!"

Yuri's face was full of sweat as he ate. He could not stop praising, "The sausage made by this hotel is the best sausage in KLENNY. I've only heard of it before, but I only tasted it today. It's really too delicious!"

Chuya poured three glasses of the precious vodka that was worth more than 100,000 dollars.

Peter raised his glass and said a few words before drinking. As if he was chanting a spell, he exhaled hard and drank a glass of vodka directly.

Then, he smiled with great enjoyment, "Oh my God, this is the best vodka in the world. It's so beautiful. Mr. Yu, we are very grateful for your treat for breakfast.

“However, you have taken our precious information, so you should return them to us. You are a truly wealthy person, so this information is of no use to you, and we will also be very grateful to you.

“Therefore, you and Miss Chu can leave Mao country safely. And in the future, you can never come to this country again. This time, we will pretend that nothing has happened!

Yu Tian shook his head with a smile. The one who was giving orders was not them, but himself.

He wiped the residue on the side of his mouth and took a sip of vodka.

What kind of F * cking wine was this? It was so pungent and disgusting.

Then, he said indifferently, “The conditions you gave are indeed good, but this is not what I want.. Before you tell me my conditions, I think you should listen to something else!

?Chapter 235 – Chapter 235 Made Sense

Thank you readers!

Yu Tian did not waste time with them. He directly told Peter and Peter about the backers of Alyosha and the information of the branch companies.

Under their shocked gazes, Yu Tian said proudly, “You know that we want to develop Luste's energy, but we still can't reach a consensus on this issue.

“The complexity behind this may even be a headache for you. Now that I'm talking about it, I'll tell you something simpler.

“I need this energy project. You give it to me, and I'll give you the top-secret information. Otherwise, this top-secret information may be released.

“You also know very well that there are many things in this information that can not be seen by others. I'm just a businessman. I only care about benefits. If you can't decide, you'd better ask your superiors!”

Peter and Urey frowned and looked at each other with solemn expressions.

This Yu Tian was actually so difficult to deal with, and it was indeed not something they could decide.

Thinking of this, Peter immediately took out his phone and called his superior.

After listening to his report, the superior was silent for a whole minute.

Then he said coldly and angrily, "Who gave this project to Alyosha? If we give this country's most important energy project to a world-class gang, then our country will become the laughingstock of the whole world.

"No matter what, we can't let this Alyosha get this project. I don't care who made this decision. You guys immediately give the order for my decision.

"As for this Yu Tian, now that we have something on him, we don't seem to have much of a choice. But for the sake of the country's face, we can give this project to him, but we also have to get a share, "At least this makes sense!"

Peter immediately understood what his superior meant and hurriedly said respectfully, "Yes, sir, I understand what you mean. I'll make the arrangements now. I'll definitely get that information back!

Just as the call ended, there was another knock on the door. Chuya opened the door and saw Alyosha's smug and even slightly twisted face.

The guy walked straight into the restaurant and said arrogantly, "I didn't know that you were staying in my hotel. You should have told me earlier. I will ask the kitchen to prepare the best food for you.

After all, you won't have many opportunities to continue eating such good food in the future, especially you, Yu Tian. I told you that you can't leave Lustre, but instead, you jumped in front of me, "Are you provoking me?

"But this is also good. In Lustre, you won't have any room to resist. Here, you won't have any strength to resist. Of course, if you can hand over Lustre's energy project to me in advance.

"Maybe I'll let you die a quick death. This is the Russian country, everything is up to me!"

Yu Tian just smiled and did not say anything. He let him act as he pleased. After all, he was not acting alone now.

Peter, who was beside him, was already furious.

With the two of them here, there was no need for him to say anything? He just wanted to watch the show.

Therefore, he pulled Chu ya into his arms. Without even looking at Alyosha, he flirted with Chu ya and said, "When we get the project later, I think we should celebrate!"

Chu Ya hugged Yu Tian's neck and said gently, "Of course. My husband is so powerful. We should celebrate no matter what!"

Seeing the two flirting with each other, the anger in her eyes erupted like a volcano and she looked down on everything, she said arrogantly, "You guys can enjoy your love here. Or this room can leave you with many beautiful memories."

"I really underestimated your courage, but it doesn't matter, because you will die soon!"

Peter, who was standing on the side, was pleased, his eyebrows were vertical, his face was purple, and he shouted angrily, "Are you crazy? If I am not wrong, you are Alyosha!"

Alyosha slowly turned his head, looked at Peter with disdain, and said with his nostrils facing the sky, "Who are you? Are you this guy's bodyguard? There is no place for you to talk here, shut up immediately."

Otherwise, don't even think about leaving this hotel!"

Urey really couldn't stand the arrogance of this guy. He roared and burst out with a fierce aura. He rushed up and was about to make a move.

But Peter stopped him.

"Urey, don't forget your identity. We are not here to fight!"

Urey pointed at Alosa and let him show off first. In a moment, he would know what pain was.

Peter poured himself another glass of vodka and sneered, "Alyosha, we have always turned a blind eye to you running an assassin organization in Mao."

Because someone has to do it, but you shouldn't join hands with the world's gangs to seize the resources of your country. What you did is equivalent to betraying your country. Even a child will never forgive you!"

Alosa was suddenly shocked, and his face instantly turned pale, as if the secret in his heart had been thrown out in broad daylight.

He asked in fear, "Who are you?"

Urey snorted coldly and berated with incomparable anger, "We are the people of the Mao country's Alpha Department. Now you should know the unreasonable price to pay with us!"

Alyosha instantly widened his eyes. A fear that seemed to pierce into his heart made him suddenly take a few steps back and almost hit the wall.

Could it be that even the most mysterious and powerful department in this country was on Yu Tian's side?

But Alyosha was not convinced at all. The energy development project was signed by the Director of the Industrial Development Department. Could This contract be easily canceled?

Thinking of this, Alyosha said fearlessly, "It's impossible for you to cancel my contract. You're throwing your own feet in this way. Doesn't the Department of Industrial Development have the right to speak?"

Peter laughed and said indifferently, "The Department of Industrial

Development doesn't have this right anymore. When I spoke to you, the person who signed the contract with you was no longer the director of the Department of Industrial Development.

"And I have to tell you that the higher-ups of the energy project have decided to hand it over to Mr. Yu. You are just a clown. To a beast like you who sells himself for Glory.., i can only look down on you!"

Upon hearing these words, a thunderous roar suddenly sounded in Alyosha's mind..

?Chapter 236 – Chapter 236, The Weapon To Fight Back

Thank you readers!

Alyosha felt as if his face had been turned over and beaten.

But seeing the duck in his hand fly away, he was also unwilling and said indignantly, "But you still gave this energy project to an outsider. Isn't this selling the client for Glory?"

Peter sneered and said, "We are different from you. We are cooperating with Mr. Yu to develop the energy. Now there is no more work for you here. Yuri, he is yours!"

As soon as he finished his words, Yuri, who was already rubbing his hands together, excitedly agreed and rushed up to give Alyosha a punch.

Yu Tian saw it for real. Yuri's punch was really F * cking hard, and it knocked Alyosha unconscious on the ground.

Peter did not even look at it. He turned to Yu Tian and said with a smile, "Let's get rid of this beast first. Then it will be Agatha. She is not the hacker that you think she is."

Her real identity is a spy for the superpower. However, this woman is very smart. If you see her next time, it would be best if you help us get rid of her. When that time comes, alpha will be very grateful to you!

Yu Tian pushed Chuya away and said with a calm smile, "I am very happy to help. However, you said that you will cooperate with me to develop energy. Is this the decision of your superior?"

"You're right. This is also for the sake of face. No matter what, you're outsiders. If we can't even get close to the edge of developing our energy, then it doesn't make sense!" Peter explained very easily.

In fact, this was very normal. The Chu family took hundreds of billions of dollars from Mao country and gave them some. It made sense.

It was just that they did not know how much they wanted.

Chu Ya was the first to raise this question. She did not have a good impression of Peter to begin with, and when she spoke, her expression was especially cold. This made Peter feel as if he was begging them.

However, for the sake of the information in Yu Tian's hands, he still had to swallow his anger and say, "Our superior wants to take 50% of the profits. If you agree, we can sign the document now!"

However, Yu Tian simply shook his head and directly refused.

"Mr. Peter, I can only give you 20% of the profits. You should know that this information is more important than money. You just want to save some face."

How much can that thing be worth?"

Peter suddenly frowned. 20% of the profits was nothing compared to the value of the entire energy source.

Not to mention that he couldn't agree to it, even his superior wouldn't agree to it.

However, the bitter part was that the top-secret information was in Yu Tian's hands.

Why not agree to it first? When he got the information back, there would be plenty of opportunities in the future to snatch the energy project back.

Thinking of this, Peter nodded in embarrassment and said with a bitter face, [a€?You really know how to do business, but I have no choice but to agree. In that case, our cooperation is considered to be concluded!

Yu Tian also kept his word. After signing the contract, he immediately handed the document over to Peter.

After receiving the document, Peter asked with great confusion, [a€?You didn't leave any copies, right? I hope that our cooperation is absolutely clean!a€?

Yu Tian didn't like hearing this. He said with a sullen face, a€?Of course it's clean. We a€?re going to mine, not play with the sewers. How can there be so many unclean things!a€?

Peter could only reluctantly nod his head. Yu Tian must have known the importance of this information.

Even if he had kept a backup, it was impossible for it to be spread. Otherwise, he would not be able to get this project, nor would he be able to live.

He could clearly consider the pros and cons of this.

After they left, Chu ya jumped onto Yu Tian happily.

a€?Hubby, if it weren't for you this time, I wouldn't know what to do. Now that we've taken back this project, all the credit is yours!

Yu Tian smiled disdainfully and said arrogantly, a€?!I've already told you, there's nothing to be afraid of with me around!

After saying that, Yu Tian took out a USB from his bag, he then smiled and said, a€?This is the backup of that document. I'll leave it with you for now. If Peter and the others want to go back on their words, then this will be our weapon of retaliation!a€?

Thinking about Peter's suspicion, Yu Tian only smiled indifferently.

How could he not leave any backup? The first thing to do when dealing with these people was never to trust them.

At the same time, Peter, who had obtained the information, immediately reported it to his superior.

However, when his superior heard that he only got 20% of the profits, he was instantly enraged.

“How can you make a decision on your own? If I cooperate with him at 20% , what do you want me to say to Boss?”

Peter chuckled and said very confidently, “I just want to get the information. 20% is just a promise to him first. I will immediately go to Lustre to meet that Andre.

“He has always been against our energy being developed by outsiders. If you can give him a chance to be promoted, he will definitely listen to us obediently. He will definitely not let Yu Tian develop the energy so smoothly!

The superior was silent for a moment and said coldly, “You must do this job cleanly. We are already embarrassed enough. You better not make it difficult for me!

Peter immediately agreed, “Understood, boss. I will definitely do it well for you !

It was already evening when Yu Tian and Chuya returned to luste.

After Alusha saw the contract, she was also very happy. She looked at Yu Tian with admiration and said with a smile, “The mining today was very smooth. We have already refined 50 grams of TNR.

After those workers drank the vodka, they looked like they had been injected with stimulants. They are still mining!

Yu Tian looked at the red ore in the incubator and then looked at the surrounding environment. He always felt that the security environment here was not that satisfactory.

Just this 50 grams of TNR was worth millions of dollars.

Moreover, it was impossible for him to stay here forever. If someone wanted to snatch it, with the security conditions here, he might as well give it to them directly.

Thinking of this, Yu Tian said to Chu ya, “Isn't there a lot of mercenaries in this country? Tomorrow, let Alosa hire as many as she can and let them help protect these ores”

“Also, we have to build an airport next to luste. This way, it's convenient to go back and forth, so we don't have to waste time!”

Chu Ya felt that it was very reasonable. It was best to send the refined ores to Yu Tian's side. That was the most suitable way.

Just as everyone was discussing how to protect the ore, fifth brother entered the room and said angrily, “There are some troublemakers outside.. Everyone should go out and experience it!

Chapter 237 – Chapter 237, A Beautiful Place

Thank you readers!

When Yu Tian and the others arrived at the entrance of the base, they saw hundreds of middle-aged men and women holding torches and Russian flags, as well as the other residents of lustre, shouting loudly.

“Outsiders, get out of lustre. Don't dig up our wealth here!”

“We need a quiet living space. You guys are really too noisy!”

“Get out of here, our Chu Industry!”

Seeing them gnashing their teeth in anger, Yu Tian laughed out loud.

The miners hadn't done anything yet, but these uncles and Aunties went crazy first.

And looking at the things in their hands, they seemed to be well prepared.

Chu Ya was puzzled and asked, “What are you laughing at? What's so funny about them? These people have gone crazy. It must be that Guy Andre who is behind this!”

Yu Tian said disdainfully, “I don't care who is behind this. I don't care about them at all!”

“What should we do now? These people are like zombies. If we don't stop them, they will destroy this base!” Chu Ya said worriedly.

Yu Tian waved at the man who shouted the loudest among the crowd.

The man who was wearing a hat and holding a flag came up to Yu Tian with a cold and angry face, he asked arrogantly, “Do you want to fight with me? If you are still a man, then let us talk with our fists!”

The crowd also became excited.

“Sergei, Use Your Fists and teach this guy a lesson. Let him know how powerful our lustre men are!”

“Let these eastern bastards know that our determination will not be easily changed !”

“Beat him to death, Sergei. You are our warrior. Get them all out of Lustre!” The man named Sergei was really excited by those people's lies.

In the minus-50-degree weather, this guy actually took off his coat. He panted and said arrogantly, "If you want to fight with me, come on. Let's fight like men and have a good fight."

"If you lose, you will immediately take your people and get out of Luste. If I lose, I will never come here again and wait for you to leave. Do you dare to fight with me?"

Seeing this scene, even Chu Ya did not know whether to laugh or cry.

There was a difference between acting and fighting. If he wanted to fight with

Yu Tian one-on-one, what was the difference between that and seeking death?

Yu Tian did not know whether to laugh or cry. He said with a sad face, "Uncle, you should put on your clothes. Don't freeze half of your body and make your children feel annoyed!"

Brother Five and the others laughed.

But Sergey didn't believe this. He was a fighter of the fighting race, so why would he be afraid of this easterner?

He was extremely excited. He grabbed Yu Tian's shoulder and raised his fist, ready to hit him.

He attacked as soon as he spoke. He was really shameless.

Yu Tian took advantage of the situation and directly hit Sergey's heart. The violent force made the uncle fall into the crowd like a kite flying backwards.

The originally noisy scene suddenly became silent.

Sergei could no longer get up. He covered his chest and rolled on the ground as if his bones were broken.

At this moment, someone in the crowd shouted angrily, "He injured Sergei.

Let's fight it out with them!"

Those uncles and aunties were holding torches and were about to charge up.

However, Yu Tian shouted, "All of you, Stop!"

This shout directly stunned the crowd.

Yu Tian glanced around coldly and said indifferently, "The money we earned from mining here can't all go into our own pockets. I believe that every one of you thinks that Luste is a beautiful place.

Why don't we make it even better? "So, in order to make everyone happy, I am prepared to take out 100 million to help you change your current lives.

"Each of you can enjoy the best life service. If you think that fighting is what you need, then I'll accompany you to the end. It's your choice!

The crowd looked at each other and began to waver.

"100 million, does that mean I don't have to live in that shabby house anymore?"

"That's right. We can also drink better water and have more food!"

"He's right. This is our home. Why don't we make it better? If it were anyone else, they would only use us and not care about our lives!"

At this moment, Sergei, who had just gotten up, put on his clothes and came to Yu Tian. He asked in disbelief, "Are you serious? Will you really help us change our lives?"

Yu Tian smiled indifferently and said proudly, "Do I look like I'm joking with You? Moreover, 100 million is my first investment. If you are willing to let me successfully mine here, I will invest more money in the future.

You can create a group and come to me tomorrow to take this money!

Sergei was so excited that he was sweating profusely. His eyes were full of guilt as he said in a low voice, "I'm sorry, Mr. Yu. I think we are all wrong. We shouldn't have listened to Andre's words and come here to cause trouble.

Please don't hold a grudge against us. From now on, we will never stop you from mining!

Yu Tian nodded his head in satisfaction and smiled. "That's for the best. I've already said it before. If there's money, everyone will earn it. Everyone will spend it. This is nothing to be proud of!"

After saying that, Yu Tian did not waste any more time with them. He turned around and returned to his room.

What else was there to say? It was dead cold outside. It felt like his buttocks were about to freeze.

Those that could be solved with money did not need to use force at all.

Luste was only a small place. If they invested a few hundred million, they could turn this place into a palace.

At that time, they wanted to see what tricks that Andre could play?

At that moment, in a room with no lights, the white-bearded Andre drank the vodka in his glass in one gulp and smashed the glass into pieces in extreme anger.

He originally wanted to let these people stop Yu Tian from continuing to mine, but in the end, they were bribed by Yu Tian.

A poor person was a poor person. They only had money in their eyes and had no sense of honor.

Peter, who was sitting on the sofa behind him, also said in a disdainful and cold voice, "I have already given you a chance, but now I realize that you have no ability to stop Yu Tian!"

Andre suddenly turned around and shouted angrily, "Why are you so anxious? This is just the beginning. As long as I am here, they can forget about taking away our energy!"

Peter snorted coldly, he said in a gloomy tone, "No matter what we do, there must be a reason. Sometimes, for this reason, we have to get some fake things.. I think you don't need me to teach you how to do it anymore!"

Chapter 238 – Chapter 238, Dancing First

Thank you readers!

Of course, Andre understood what Peter meant. If he could not create a reason, the people behind him would not be able to do anything to Yu Tian.

And it was not difficult to create such a reason.

Thinking of this, Andre narrowed his eyes coldly and said craftily, "Of course, we all need a reason, don't we? We can't just watch a large amount of money go into the pockets of those outsiders!"

Peter didn't say anything. He sniffed the vodka in his hand and drank it in one gulp.

Yu Tian slept very soundly and only woke up at noon the next day.

He hadn't even talked to Chuya for two sentences when the outside exploded.

Alosa ran into the room in a panic and said breathlessly, "Boss, please go and take a look. I don't know what has appeared in the mine tunnel, and it has poisoned several people!"

Chuya also became nervous, she said in disbelief, How could they be poisoned? Didn't we find experts to take a look before digging? There is no poisonous substance in the mine. How did those workers get poisoned?"

It was useless to say that now. Yu Tian calmly picked up a piece of cake and ate it while walking out of the door.

It was better to take a look first. Guessing would never give him an answer.

At this time, the poisoned miners had been carried out and were lying side by side in the courtyard.

Yu Tian took a closer look. The miners' faces were purple and their mouths were foaming. Some of them were still convulsing violently. They were indeed poisoned.

Chu Ya immediately arranged for the miners to be sent to the hospital first.

However, Yu Tian looked around and immediately had an idea.

If they were poisoned, why were only these dozen miners poisoned? But the other miners were safe and sound?

Rather than saying that they were poisoned, it would be more accurate to say that they were poisoned.

At this moment, two large containers opened up outside the base. Following that, dozens of people in chemical suits walked out of the containers, carrying all kinds of equipment. Without saying a word, they entered the mine pit.

Chu Ya wanted to stop them. They were two men in suits. They came to the front of the group with an imposing manner.

One of them, a man in sunglasses, said arrogantly, "We are from the Mao country's Toxic Substances Research Association. You have toxic substances here. We need to test this place immediately.

"From now on, until we agree, you can't work here anymore. Now, everyone has to leave this base!"

Chu Ya looked at the documents in their hands and shook her head to reject them. She said angrily, "We don't have any poisonous substances here. Why Can't you let us work here? If there are losses, who's to blame?"

The man in sunglasses said arrogantly, "It definitely won't be us. We don't care about that. Anyway, you all have to leave this place now. Otherwise, we'll have to use the army to disperse you!"

Chu Ya was so angry that she gritted her teeth and wanted to continue arguing with them, but Yu Tian stopped her.

"Don't waste time with them. These people don't count. They are just a bunch of lackeys. Those people were obviously poisoned on purpose. If you are angry with them here, why don't you take me to see that Andre?"

After saying that, Chu ya calmed down and immediately brought Yu Tian to the outside of Andre's office building.

Andre's female secretary only cared about fiddling with her fingers and did not even raise her head. She said weakly, "Mr. Andre has already gone on a business trip yesterday. He is not in the office and I don't know when he will be back."

"If you have any important questions, you can leave them with me first. But I can't guarantee that Mr. Andre will be able to see them. If you don't want to wait, then please leave now!"

Chu Ya saw the secretary die and the anger that she had just suppressed burst out again. She said angrily, "I know that Andre is in the office. If he doesn't come out to see me, then I'll break in to see him!"

After saying this, Chu Ya grabbed Yu Tian's arm and was about to break into the office.

The female secretary directly blocked in front of them and said angrily, "What do you want to do? This is not a place for you to act atrociously. Get out immediately, or I'll call security!"

At this moment, Yu Tian suddenly stood in front of the female secretary. Before the female secretary could react, Yu Tian grabbed her waist and turned around elegantly.

The female secretary widened her eyes. She had no idea what Yu Tian was trying to do?

However, Yu Tian pushed her away and pulled her back. He performed a few dance steps on the spot.

The female secretary was a little resistant at first, but after two turns, she was still a little immersed in the drama.

At this moment, Yu Tian suddenly pushed her into Andre's office.

At this moment, Andre, who was drinking in the office, looked at them in surprise.

The female secretary hurriedly tidied her hair and said with a red face and heart, "I'm sorry, Mr. Andre. I didn't let them in. It was a dance!

Andre waved his hand expressionlessly and asked the secretary to leave. Then, he said coldly, "May I know why are you in such a hurry to see me? What do you want? I don't have that much time!"

Chu Ya just wanted to say something, but Yu Tian pulled her behind him, and he himself sat in front of Andre.

His indifferent expression and lightning-like eyes stared into Andre's eyes without saying a word.

Andre felt extremely unnatural, and he felt more and more uncertain.

He slammed the table and stood up angrily. "What do you want? If you only came here to see how my face looks like, then now that you're satisfied, get Out!

However, Yu Tian still smiled and did not say a word. He stared into Andre's eyes without blinking, as if he could see through his heart.

Because there was nothing to say to this bastard. Since he wanted to be his enemy, there was no need to talk nonsense with him.

Thinking of this, Yu Tian slowly stood up.

When he came to the door, Yu Tian suddenly turned around and said coldly, "Although I don't know what you are thinking, you are now making an enemy of the most powerful family in the world.

If you are really doing it for glory, I can spare your life. If you are doing it for something else, I will kill your entire family!

After saying this, Yu Tian turned around and left in a very carefree manner.

Chu Ya also glared fiercely at Andre. She snorted coldly and followed him out of the room.

The female secretary still looked at Yu Tian's back and said with a longing expression, "It would have been better if there was some music at that time!

When they arrived outside, Chu Ya pouted and complained, "I thought you would beat him up, but you didn't do anything. What should we do now?"

Yu Tian chuckled and said indifferently, "Is there a need to ask? Of course we should continue mining!"

Chapter 239 – Chapter 239, You Have To Be Obedient

Thank you readers!

Chu Ya was baffled and asked helplessly, "I also want to dig, but how are we going to dig now?"

Yu Tian smiled disdainfully and said proudly, "Andre is just a clown. There must be someone behind him. When I know who that person is, we can continue digging!"

Seeing Yu Tian's confidence, Chu ya calmed down. She believed that Yu Tian would not be wrong.

They had just left when Peter walked into Andre's office.

Andre was still thinking about what Yu Tian had said. The Chu family was indeed the most powerful family in the world. Was it right or wrong for him to do so?

However, Peter did not care about this at all. In his eyes, Andre was just a tool that could be used. If this tool lost its value, it could erase him at any time and place.

Therefore, he sneered and said, "Your reason is very good, but the situation is not big enough. We are only able to make them stop mining."

"However, it is not enough to make them leave completely. We have to continue to work harder!"

Andrew was silent for a moment and said with a serious face, "Mr. Peter, I am going against them now. If I don't get enough protection, I will choose to quit."

What was he thinking at this time?

Peter sneered disdainfully and said gloomily, "You can either continue to go against them, or you can die. Someone has to let them know that our money is not easy to earn."

And I don't know what you're afraid of. You're working with our Alpha Now.

Isn't that enough? "I'm very satisfied with your plan. Now you can continue."

"I still have other things to do. I'll leave this to you. But you have to remember my words. If you don't work with our Alpha, you're going against our Alpha. You know what I mean!"

Andre nodded his head in fear. It was already difficult to get off the tiger. Compared to going against Yu Tian, alpha was even more terrifying. He could only continue.

When Peter left the office building, he was still very self-righteous.

In the end, Yu Tian, who was hiding in the dark, saw his figure clearly.

Yu Tian's lips curled into a smile.

He was absolutely right. It was this Peter who was playing tricks behind the scenes.

Giving them 20% of the benefits was still not enough. Since that was the case, they would not get a single cent.

He did not need to follow this Peter now, because soon, he would take the initiative to come and see him.

What he needed to do now was to find a key person, and that person was Agatha.

It was not impossible to put on an act, but to put on an act with him was just asking for trouble.

Thinking of this, Yu Tian walked into a nearby hotel.

He could not go back to the base now, and Yu Tian did not care about this at all.

Just take it that he wanted those ignorant guys to watch over his house.

Chu Ya quickly got through to Agatha's phone. At this time, Agatha was still very angry. She said angrily, "That damn Yu Tian, what else does he want from

Yu Tian took the phone and said indifferently, "Little girl, how about having a meal?"

Agatha heard his voice and was furious. She shouted angrily, "You still want to have a meal with me? Do you know how much I hate you now? If I could, I would definitely stuff all the missiles into your pants!"

"That would definitely be great, but I have something even better. Do you want to kill that Peter?" Yu Tian said with a smile.

"Are you talking about that Peter from Alpha?"

Agatha asked in confusion, "Do you want to kill him too? If he was your enemy, I would definitely help him to kill you, not kill him with you!"

After all this, Yu Tian felt a headache coming on, as if he was tongue-twisting.

He said impatiently, "Stop messing around. Just tell me if you want to have this meal with me. Don't dawdle with me!"

After a moment of silence, Agatha still agreed to Yu Tian's invitation.

However, this meal could not be eaten in public unless they were desperate.

Therefore, the two of them agreed to meet at a very secret location.

At eight o'clock in the evening, Yu Tian arrived at an extremely remote manor 200 kilometers away from Luste.

He walked down from the Continental GT with Chuya and looked around. There were no houses around this manor, making it seem especially isolated.

The interior of the manor was well decorated. There was a garden, an ancient castle, and even a wine cellar.

It was obvious that this was where the rich lived.

A few men in suits and sunglasses led the two into the villa tiredly.

Agatha had already prepared a sumptuous dinner and was waiting for the two of them.

After taking a seat, Yu Tian looked at the dishes on the table and smiled with satisfaction. "I didn't expect that there would be caviar in such a remote place. It seems that you, the spy, have done a very successful job."

Agatha was still thinking about the information that had been stolen, and her face did not look any better.

She snorted coldly and said angrily, "Since you already know my identity, and I also know your identity, why don't you tell me what benefits you have brought me?"

Yu Tian first prepared a bowl of caviar for himself and said while eating, "Actually, it's not much of a benefit. I just want to use you to exchange for something else. You won't refuse me, right?"

Agatha was so angry that she slammed the table hard. The bodyguards standing around her reached out their arms at the same time.

She flew into a rage and said angrily, "I still want to use you to exchange for something else. Do you know why I want you to eat this meal? I just want to look at you and kneel in front of me, begging me to forgive you for your mistake."

I know you are good at fighting, so I won't let my bodyguards attack you. I will use better weapons to deal with you. For example, some information about the

Chu family!

When Chuya translated to this point, her face became more and more unsightly.

However, Yu Tian ate and drank, not paying attention to Agatha's words at all.

He even reached out to take the plate of roasted meat in the middle of the table. Perhaps it was slippery, the plate fell on the table and broke into more than a dozen pieces.

At this moment, Yu Tianyi grabbed the pieces and threw them out.

The pieces pierced into the bodyguard's arm, causing him to bleed profusely and the room to be filled with screams.

Agatha was so shocked that she was flabbergasted. This guy could even turn a plate into a weapon. In his hands, what else could not be used to attack others?

However, Yu Tianyi did not care, as he ate, he smiled and said, "When I eat, I don't like outsiders watching.. And you, this woman, do you know that you almost made me a Spy? So, you have to listen to me!

?Chapter 240 – Chapter 240, Who Made The Backup

Thank you readers!

Agatha sat back in her chair in fear and nervousness. She thought that she could blackmail Yu Tian by getting some information about the Chu family.

However, she still made a mistake. She actually gave herself to Yu Tian so easily.

No Wonder Yu Tian was so indifferent. What could she do even if she got the information?

He was already in Yu Tian's hands.

At this moment, Yu Tian wiped his mouth and chuckled. "Actually, don't be afraid. I haven't thought of handing you over to Peter. I just want to make a deal with him through you!

"You are a spy, but you are also a first-class hacker. I hope that you can let Peter know that going back on my words is just acting!"

Agatha looked at Yu Tian blankly. She could not guess Yu Tian's thoughts at all.

An hour later, in Alpha's office in Mocheng, Peter lit a cigarette proudly and said to Urey with a smile, "Everything is under my control. If I am promoted this time, the position now will be yours!"

Urey scratched his ears and cheeks in excitement and hurriedly expressed his determination.

"Mr. Peter, if I can take your position, I will definitely obey your orders and never waver!"

Very good took a deep breath of the cigarette and exhaled the smoke leisurely. Then, he smiled and said, "Yu Tian would never have thought that in the end, he would still be kicked out of this country by us!"

While the two were pretending to be good-natured, the secretary did not even knock on the door and directly rushed into the office. He said with extreme nervousness and fear, "Mr. Peter, our network has been attacked!"

"What?"

Peter hurriedly put out his cigarette and rushed out of the office with Urey to take a look.

Every computer monitor was a mess of code.

The employees were at a loss and could only look at Peter with a cold face.

Urey turned around and shouted, "Where is our engineer?"

At this time, a thin man wearing glasses rushed into the office as if he had broken down, screaming, "Our server is controlled, and the power can not be cut off. All the top-secret information is being downloaded!"

Peter tore off his tie and rushed to the corridor. He smashed the fireproof glass with one punch, picked up the fire axe, and rushed into the server room. He smashed it everywhere.

The server room was completely destroyed in the smoke.

Peter rushed back to the office in a fluster. He hit the desk with the axe and shouted angrily, "Who did this?"

But at this moment, Agatha appeared on all the monitors.

Her slightly smoky voice sounded leisurely.

“Mr. Peter, I've downloaded all the information in your server. You must be very angry now!

Hearing this, Peter picked up the microphone with a ferocious expression and said through gritted teeth, “Yes, I am very angry indeed. I want to tear you apart right now.

“Agatha, you actually dared to attack Alpha's server. Do you know what this means? From now on, you will be hunted down endlessly in this land of Mao!”

However, she smiled gently and said very calmly, “It’s as if if I don't attack you, I won't be hunted down. Moreover, I attacked you this time to get that top- secret information.

“I’m very grateful that you provided it to me. Otherwise, I wouldn't know how to get it!”

As soon as he finished speaking, even Urey looked at Peter in confusion and asked in a particularly serious tone, “Did you make a backup?”

Peter hurriedly covered the microphone. He absolutely couldn't let Agatha hear any of their conversation now.

However, this action made people even more suspicious.

Agatha smiled and said, “Yuri, you're right. If Peter didn't have a backup, how could I get it? So, I'll thank Peter This Time!”

As soon as he said that, Agatha's image disappeared at the same time.

Peter dropped the microphone, but he suddenly realized that everyone was looking at him in a wrong way.

He helplessly spread his hands and said fiercely, “She's lying. Do you all believe her words?”

Urey still said warily, “Then why did she attack us? Moreover, alpha and she seem to have never had any contact!

It seemed that it was difficult to explain clearly now.

At this time, the door was pushed open by a few fierce men in suits.

A man in his fifties with an extremely cold face came to Peter's front.

When Peter saw him, he was like a mouse seeing a cat. He immediately became obedient and said respectfully, "Mr. Trov, why are you here?"

Trov was expressionless, but his eyes were cold like ice. He said mercilessly, "If I didn't come, how would I know that my subordinate was actually a traitor."

"I want you to answer me. Why did you make a backup of that information?" Peter felt a cold wind blowing in his head.

He organized what he wanted to say in his mind, and then he summoned his courage, he said humbly, "Mr. Trov, please think about it. If you believe that I made a backup based on Agatha's Word, it's unfair to me."

"Secondly, even if I made a backup, why would I put such precious information in the computer and not somewhere else?"

It seemed to make sense, but Trov snorted coldly. "Five minutes ago, Agatha made a request to me and showed me one-tenth of the document."

"Moreover, you forgot that our alpha has a rule that no computer equipment can be taken out of here. You can only store them on the computer!"

At this point, Peter suddenly raised his head and said with extreme hatred,

"Mr. Trov, I know who made the backup. It was that Goddamn Yu Tian!"

Trov narrowed his eyes viciously and said coldly, "Peter, I can only sacrifice you this time!"

However, Peter laughed out loud.

Everything was originally under his control, but in the end, he still lost to Yu Tian.

After laughing, he still accepted Trov's orders and sacrificed himself to help everyone.

At that moment, Yu Tian was standing in front of the Villa's garden. He smiled proudly at Chu ya and said, "Those people from the Research Association, get lost now. We can continue mining tomorrow!"

Chu Ya felt that everything was like a dream.

She gently held Yu Tian's arm and said gently, "What About Agatha?"

Yu Tian smiled gently and said, "Let her continue to be her spy. As long as she is here, alpha won't have the guts to act like a fool!"

Thinking back to what Agatha had said to Trov before, if the project in Luste could not be continued, then there would be an unlimited number of copies of this information.

If the project did, there would never be a backup.

So Trov said yes..

I Have 108 Older Sisters #Chapter 241 - Read I Have 108 Older Sisters Chapter 241

Chapter 241 – Chapter 241, President Chu Man

Thank you readers!

It was impossible for Trov not to agree. Compared to that top-secret information, Luste's energy project was not even worth mentioning. Moreover, he could not take the risk to anger Yu Tian.

Moreover, this time, Agatha played an even more important role. Alpha hated not Yu Tian the most, but this female spy.

Seeing Yu Tian and Chuya leave the manor in a carefree and relaxed manner, Agatha was so angry that she stomped her feet.

She gritted her teeth and said, "Yu Tian, I will never let you off. You used me, and you didn't even say a word of thanks. You are a complete bastard!"

When Yu Tian and Chuya returned to Luste, it was already the next morning.

The sky was covered in heavy snow, and the air was very cold.

However, Yu Tian and Chu Ya were very excited at this moment.

The people in the energy development base, the R & D Department, had all left at some point in time.

Moreover, the mercenaries that Alosa had recruited had all arrived at the base, and everything was proceeding in an orderly manner.

Yu Tian had a simple breakfast, and then impatiently went to the front of Luste's office building.

No matter what, he had to go see that Andre. At this moment, after knowing that his plan had failed time and time again, what kind of expression did he have?

That must be especially wonderful.

When the female secretary saw Yu Tian, she was still thinking about the dance scene yesterday. Instead, she greeted him even more warmly, "Are you here to see Mr. Andre? He hasn't come yet. Maybe he drank too much last night!"

"Oh? Then where does Andre ?? Tian asked indifferently.

"He lives in Lufka Road!"

Soon, Yu Tian arrived at Andre's door.

This building from the last century all exuded a gloomy aura.

Yu Tian didn't have the habit of knocking at the door. He directly broke in.

Andre, who was drinking, was shocked, and the cup in his hand almost fell to the ground.

He asked in horror, "Don't you even know how to knock? What do you want to do here? This is my home, and I don't Welcome You. Now, please get out!"

Yu Tian shrugged and said disdainfully, "This is no longer your home. I want to invite you to my energy development base to see how energetic the workers are?"

"But I think you must not be in the mood. Now let's talk about something serious. I'll give you two choices. First, you just have to do your part in the future,

"Don't Disturb my base anymore. I Won't make things difficult for you. Second, if you still want to continue, I

V

I'll definitely give you something exciting!

Andre frowned. After listening quietly, he laughed arrogantly and said arrogantly, "Yu Tian, I think it's too easy for you to look at me.

"Do you really think I will listen to that bastard Peter? Since you really want to know what I will do next, I might as well tell you that even if you kill me..., [You will not be able to continue developing the energy project.

“Moreover, you have to hand this project over to me obediently!

Yu Tian was very curious. Was this guy drunk? Or was he still talking in his sleep?

He was just a manager of lustre. He had been stepped on by him time and time again, yet he still had such courage?

He wanted to see why he still dared to go against him?

Thus, Yu Tian smiled and asked casually, “Since you are acting so brazenly, I would like to hear your reason.”

Andre sat on the sofa with his head held high, shaking his thigh and said fearlessly, “The boss behind Alosa is the Agras family, and also someone who doesn’t put the Chu family in his eyes.

“They have a new family head now, and this family head hates you very much, so he provided me with some resources, for example, your 108 sisters.

My God, you really have a lot of sisters, but haven't you ever thought about what would happen if you lost one sister?”

His words hit Yu Tian's soft spot.

Seeing Yu Tian frown slightly, as if he was particularly nervous, Andre laughed and said while it was still hot, “So, some losses you can't afford, and the losses you've caused us, you'll have to pay for it.

“I've already obtained the support of that family head. The funds that were once given to Alyosha are now all in my hands. I can use it to create more value, and the most important one of them is to drive you out of Lustre!

“I also know that you're extremely angry now, but you should be able to calmly think that the initiative is in my hands. It seems like you're the one who doesn't have a choice.

“Nonsense, I don't want to talk to you anymore. I'll give you one day. At this time tomorrow, I don't want to see your shadow in Luste!”

Yu Tian raised his eyebrows, clapped his hands, and smiled. “It's really wonderful, but you might not have thought that the most important point is whether I’ll give you a chance to show off or not.”

Andre suddenly stopped smiling. He felt waves of killing intent bursting out from Yu Tian's body.

Thus, he hurriedly said, "Even if you kill me now, it's useless. The whole world is thinking about Luste's energy project. Even if you kill me, there are still many of me!"

He didn't know whether to laugh or cry.

"Who said I want to kill you? I've never killed anyone, but I will let you absolutely experience what it means to live a life worse than death."

As soon as he finished speaking, Yu Tian pierced through Andre's forehead with a golden needle.

Andre's eyes suddenly widened, but the world in his eyes suddenly turned blank.

Yu Tian withdrew the golden needle and turned around to leave.

After going through this series of events, he finally understood a principle. Against any enemy, he absolutely couldn't have any thoughts of leniency.

It would be better if every single one of those bastards died.

And that Agras family even had a new family head. If he didn't get rid of them, they would disgust him from time to time.

It seemed like he still needed to go to the Super Nation, but now wasn't the time.

Although he had crippled Andre, he still had countless hidden enemies. What he needed to do now was to protect his 108 older sisters.

He absolutely could not let any of them get hurt.

After returning to the energy development base, Chu ya dragged him to the restaurant.

The president of the Chu family's European region, Chu Man, was also one of the 108 sisters. She was currently waiting for Yu Tian in the restaurant.

The moment they met, Chu Man stood up and smiled, "You're my good little brother.. Let me give you a hug!"

?Chapter 242 – : Chapter 242, Changing Sisters

Thank you readers!

Yu Tian hurriedly stopped her. "Forget about the hug. I ate garlic for lunch, but I didn't brush my teeth!"

The Sisters of the Chu family were all nice, except that they were too enthusiastic when they saw Yu Tian.

This chu man looked incomparably noble, but who knew that she was just like the other sisters, always thinking of molesting him.

Chu Man laughed, and before Yu Tian could react, she hugged him in her arms.

Yu Tian bared his teeth and pushed her away. He said helplessly, "Let's talk. Can you not do anything?"

Unexpectedly, chu man said unhappily, "Why? Don't You Like Me Hugging You? Do you know that? How many men are there in the world? It's an extravagant hope for them to get a hug from me. I took the initiative to give you a hug, but you didn't even hug me!"

How was that not hugging? It was just that there were too many of them and they couldn't even hug me.

Yu Tian chuckled and asked, "Let's not talk about this anymore. Why did you come to Luste this time? Could it be that you came to give me a hug?"

Chu Man shot him a flirtatious look and held Chu ya's hand. She said gently, "You guys did exceptionally well this time and created a very high profit value for the family.

"The family head asked me to express my gratitude to you, especially to my younger brother, Yu Tian. It's all thanks to my younger brother that I was able to get this energy project this time.

"From now on, the family will take over this energy project. The 108 sisters will no longer manage this project, so the family will naturally ask someone else to take over. Sister Chu Ya, this time, you can go back to Linhai with your younger brother.

"The family will have other tasks for you in the future. During this period of time, you can treat it as a vacation in Linhai!"

Chu Ya's heart was currently filled with a special ambivalence. She originally wanted to rely on this energy project to make some achievements and show it to those people in the family who looked down on her.

However, the family let her go to Linhai, which meant that she might never come to Mao country again in the future.

However, if she didn't leave, she would lose the opportunity to get along with Yu Tian. Compared to this, there was nothing more important.

Yu Tian wasn't thinking about this. It was much more complicated for the family to manage this energy project.

Most importantly, it was probably because they didn't want Chu Ya or the other sisters to be hurt.

The value of this energy project was too high. Among the 108 sisters, not many were able to manage this project well.

Therefore, the Chu family had considered it thoroughly. Since that was the case, they did not have to endure the cold in this icy world.

The two of them happily accepted Chu man's suggestion. They immediately packed their things and prepared to return to Linhai.

However, Chu Man found a chance to be alone with Yu Tian. She pulled him to her side and said affectionately, "Brother, just because I let you return to Linhai this time doesn't mean that this energy project doesn't belong to you, on the contrary, every penny earned here will be put into your pocket. The family is also considering from other aspects, so you don't have any worries!"

Yu Tian, however, laughed and said disdainfully, "You don't know how much I want to go back to Linhai. Not only is this lousy place so cold, but there are also some crazy people everywhere who don't want to live."

"I have the time to go back and bask in the Sun with those girls and drink a little wine. Those days are so carefree!"

Chu Man also laughed, but soon, her smile disappeared, she said earnestly, "Brother, this time when you go back to Linhai, you might meet someone who can act pretentiously. He is also the manager of our family."

"This time when he goes to Linhai, he won't act pretentiously like the previous Defense Department. In fact, he doesn't have any authority over you at all. And this time, it's only for Chu Qing and the others!"

Yu Tian blinked his eyes in confusion and asked, "For Chu Qing? What happened to them?"

Chu man sighed and said helplessly, "Chu Qing might be leaving Tianhai company, and Chu Rou, Chu Xin, and Chu Yue will be leaving with her. Only Chu Meng and Chu Hong will be able to stay!"

"Are you kidding me? Did they do something wrong? Why did you let them Tian's tone was especially cold."

And the only explanation that Chu man could give him was this.

“You should return to Linhai first. I think it would be better if Chu Qing and the others told you!”

Yu Tian nodded coldly and didn’t say anything else.

Chu Man gently held his hand and said affectionately, “Brother, you only need to remember one thing. No matter what the Chu family does, it will always be based on your interests. If you think that way, you won’t be angry!”

Although what she said made sense, Yu Tian only snorted coldly.

If it was really for his own interests, if it was really based on his own decisions, then these decisions shouldn’t appear.

At noon the next day, the special plane arrived at Linhai International Airport.

After getting off the plane, the sky started to drizzle, feeling especially oppressive.

Chu Qing and the others came to the airport to pick him up as usual.

Although everyone was smiling in a relaxed manner, he could completely sense that Chu Qing and the others wanted to cry but had no tears. They were forcefully suppressing the pain in their hearts.

This time, Yu Tian did not return to his villa. Instead, he went straight to Chu Qing’s mansion.

After he sat down, Yu Tian asked impatiently, “Why did I let you guys leave? Give me a reasonable explanation. Don’t forget, the Heavenly Overlord Order is still in my hands!”

As soon as he finished speaking, Chu Qing and the others were already in tears.

It was still Chu Meng who gave an explanation.

“Hubby, actually, they also left helplessly. This is the family’s rule, and they left because of you!”

“Because of Tian said somewhat angrily, “Can you be more clear? Don’t look like you’re gasping for breath!”

Chu Meng sighed and said resentfully, “The 108 sisters were born and exist for you. The possibility of all 108 sisters becoming your wife is completely in your hands.”

“But you’ve been in Linhai for so long and haven't given them any chance to serve you. The family has to consider if you don't like them, for the sake of the future of the Yu family,

“The family can only let other sisters replace them. If you still don't like them, then you'll have to continue changing. Maybe next time, Chu Hong and I will have to leave too.

So there's no need to say any more nonsense. Let's go back to our room now. I bought a few new sets of underwear!

“Wait a moment!

Yu Tian finally understood. Did this F * cking Chu family run a nightclub in the past?

If the customers didn't like the girls, then they would have to change immediately.

Moreover, what does whether I like them or not have anything to do with having sex?

I just don't want to become an old man too early. No matter what, I can be considered a spiritual young man now.. are the people of the Chu family crazy?

?Chapter 243 – Chapter 243, The Order Of The Yu Family

Thank you readers!

Only the members of the Chu family could casually change the people around them.

Yu Tian had once suspected that the ancestors of the Chu family had all come from the palace?

They had spent the whole day researching how to serve their master and make him happy?

Thinking of this, Yu Tian snorted and said disdainfully, “Your master's words don't count. Without my words, no one can let you leave. This is my rule!”

At this moment, a man's voice suddenly sounded behind Yu Tian, sounding particularly arrogant.

“Master, maybe this time your words don't count!”

Yu Tian turned around and saw that the man who spoke was in his thirties. He looked imposing, but there was a gloomy and cold arrogance hidden between his brows.

Just based on this, Yu Tian's impression of this man was particularly bad.

Chu Meng introduced him in a low voice, "He is the senior management of the family. You can also treat him as your butler. His name is slave Chu Wen. This time, he is specially here to choose a wife for you!"

His father used him to choose a wife. He looked just like a father-in-law.

Yu Tian smiled indifferently and said coldly and arrogantly, "I don't have the final say. who has the final say? Do You? Do you have the Heavenly Tyrant Order?"

Chu Wennu smiled confidently and said in a neither servile nor overbearing manner, "Master, the heavenly tyrant order is naturally not in my hands. What I want to do is also for your own good. Don't you want the Yu family's incense to continue?"

"I can also reveal a little to you. The Yu family's orders have already been sent to the family head's side. They want you to have a descendant immediately.

Otherwise, the Chu family will suffer a blow."

So at this time, the family asked me to help you continue your lineage. In fact, I didn't want to accept this job because I felt that you were very difficult to please. But I still came.

Because someone has to do this, I hope that you won't make things difficult for me. Moreover, you'd better accept my arrangement. Before your child is born, I may always be by your side.

"Of course you can hate me. On the other hand, I don't like you very much. My words may not be pleasant to hear, but I have to let you know what my impression of You is!

Yu Tian heard him talk so much and said impatiently, "Why are you so slow-witted? Why didn't you ask me? Will you stay by my side?"

Chu Wennu smiled indifferently and said unscrupulously, "You can let me leave at any time, but the family can also let me stay by your side at any time, so I hope you won't waste any more time.

"Chu Qing and the others must leave. This is the family's decision. Moreover, after they leave, they won't be able to enjoy the treatment they have now. The reason is very simple. They can't make you happy, and they also can't let you continue the incense.'

Therefore, their only value now is to stay alive and ensure the integrity of the

108 sisters. I think you should understand what I mean when I say this!"

Yu Tian didn't even have the intention to look at him. Instead, the more he looked at him, the more disgusted he felt.

He casually took out the heavenly tyrant order and calmly said to Chu Qing and the others, "None of you are allowed to leave. Otherwise, the family head's name will be written on this order!"

Chu Xin wiped the tears at the corner of her eyes and said in a very awkward manner, "Little brother, don't be like this. Actually, we all know that you don't like us. Otherwise, how could you not even go to our room."

Or if other sisters came, it would make you like them even more!

However, Yu Tian laughed bitterly and said, "Let's not talk about other sisters. Even if you push all the women in the world onto my bed, I will still kick them off."

"I'm not in the mood right now, do you understand? Right now, I only want to become stronger. When I can truly protect all of you, I will naturally let all of you become my wives. However, it's impossible now."

Even if the other sisters come, I will be the same. I just want to know, after all 108 sisters have been replaced by me, does the Chu family still have any value?"

Slave Chu Wen interrupted Yu Tian's words at an inappropriate time and said confidently, "108 sisters, there will always be someone that you like. You and I are both men, so don't pretend to be innocent in front of me."

"If you don't like them, then you don't like them. Does this have anything to do with whether you can become a powerhouse or not? It has nothing to do with you. You'd better accept my suggestion. This is also the family's rule. It's still the same saying. Everything we do is for your own good!"

Hearing this, Yu Tian suddenly stood up. His gaze was like lightning as it pierced into slave Chu Wen's face. He said coldly, "Has anyone told you that I'm not allowed to interrupt when master is talking?"

The atmosphere in the room suddenly exploded. However, slave Chu Wen smiled especially calmly and said, "I have to correct you. I'm your harem butler, not your slave. Please respect me so that I can respect you!"

"Is that so? Then let's see who we should respect?"

As soon as he finished speaking, Yu Tian directly threw a punch at slave Chu Wen.

Slave Chu Wen frowned. He attacked as soon as he spoke and didn't even greet him. Did he really think that he was easy to bully? Then let him see how powerful he was so

that it would be easier for him to speak in the future. Seeing the punch coming, Slave Chu Wen moved his legs and threw a punch as well.

The two fists collided with each other, and with a cracking sound, they were quickly separated.

Yu Tian didn't move, but Chu Wennu took a few steps back, and his back directly hit the wall.

His aura was even more chaotic, and his internal organs were as if they were overturned.

He said in surprise, "They told me that Yu Tian's cultivation is just a newbie, but how can his strength be so strong? He jumped several levels in a row, but he can actually beat me back a few steps.

"It seems that I have really underestimated him!

Yu Tian stretched his fingers very easily and said with disdain, "With only this little ability, you still want to be my Butler? Do you think you are worthy?"

Chu Wennu narrowed his eyes coldly, and then his indifferent expression returned, he smiled slightly and said, "Master's Kung Fu is really good, but it's useless. No matter how hard your fist is, it can't make you have a child immediately.

So you still have to follow the rules of the Chu family, and this is also an order from your Yu family!

This good-for-nothing was really shameless. If he had known earlier, he would have punched him to death so that he wouldn't waste time in front of him.

But what he said was very right. This was an order from the Yu family, and the Chu family could only follow it. They had no other choice.

If they wanted Chu Qing and the others to stay by his side, they had to think of other ways. It was useless to beat this Chu Wen slave to death.

Thinking of this, Yu Tian nodded indifferently and chuckled.. "Alright, then I'll continue the incense with them today!"

?Chapter 244 – Chapter 244, Undercurrent Surging

Thank you readers!

Yu Tian's decision surprised Chu Qing and the other sisters, but their hearts were also in chaos.

A proud smile hung on Chu Wennu's face as he said arrogantly, "I agree with your decision very much, but I also want to make sure that you're not fooling me. I want to watch the whole process!"

What the hell was this fellow thinking?

Yu Tian snorted coldly and said disdainfully, "Then you have to be alive to watch it!"

After saying that, Yu Tian directly wrote down Chu Wennu's name on the heavenly tyrant order and said, "From now on, if you take one more step into this room, I will directly write down the word 'slave'."

As for whether the Chu family will call someone else to replace you, I don't care at all. That will depend on how many people in the Chu family are not afraid of Death!"

Slave Chu Wen had a grudge in his heart. The Heavenly Overlord Order could indeed easily take his life.

There was no need for him to sacrifice his own life for this.

Even if Yu Tian was lying to him, it would be useless. He would still get his other sisters to come to Linhai.

At that time, Chu Qing and the other good-for-nothings would still have to leave and return to the imperial capital's tribe of extinction.

After thinking clearly, slave Chu Wen tugged at the collar of his suit and chuckled. "Then I'll listen to you this time. However, I have to remind you that although I can not watch this time, for the sake of the Yu family's descendants...

"I still have to transfer the other sisters here. You Don't have to shout at me either. This is all for your own good. Don't think that I'm willing to do this job!

After saying that, slave Chu turned around and left.

At this moment, Chu Meng clapped her hands and said happily, "Hubby, you're amazing. This slave Chu is the famous Ghostface of the family. He's also the family head's nephew. Although he doesn't have much of a personality, his acting is simply superb.

"Only you can suppress him. If it were anyone else, it really wouldn't work!"

Chu Xin wiped the tears on her face and said dejectedly, "Brother, you can protect us from leaving now, but when the other sisters come, Slave Chu Wen will still have an excuse to let us leave!"

Yu Tian stood up angrily and said arrogantly, "The Chu family exists because of the existence of the 108 sisters. You are not tools that can be controlled by others, and you can't be the tools for the Chu family to protect their foundation."

"When you are needed, you will be sent to my side. When you are not needed, I will throw you away like trash. From now on, I, Yu Tian, swear that if anyone dares to hurt the 108 Sisters of the Chu family."

"I will make them suffer a fate worse than death, no matter who it is!" His words shocked everyone and moved their hearts.

Only Chu Hong coldly shook her head and stood up. "Brother, don't be so agitated. Let's go out for a walk!"

Yu Tian adjusted his breathing and quickly calmed down. He nodded and said,

The two of them came to the backyard and looked at the ripples caused by the raindrops in the swimming pool, Chu Hong said in a low voice, "You can't protect Chu Qing and the others. The family clan suddenly gave an order for them to leave. Can't you see anything?"

Yu Tian scratched his head and said in puzzlement, "See what? I just saw that bastard Chu Wennu pretending to be better than me!"

Chu Hong's face was smeared with a helpless and bitter smile.

"Little brother, do you think that the 108 sisters are all made of stone? Every sister has her own parents, and they are all in the upper echelons of the family, fighting openly and secretly. Every minute, they are fighting for benefits."

"If it's for money, it's not scary, but what they want is to be able to have their daughter by your side. That way, they can increase the power of their words in the family, and even become the head of the family." And the core members of the family.

From there, they could mobilize the power, power, and money of the Chu family in the world. This time, Chu Qing and the others were ordered to leave. It was very obvious that their parents were at a disadvantage in this open and hidden battle.

"Although it seems that you have the power to decide the orders of the Chu family, you still don't have the ability to go against the orders of the Yu family. Brother, you have to accept this. Going against them is not good for you!"

Hearing this, Yu Tian smiled, but he felt extremely helpless in his heart.

The most powerful family in the world was actually so scheming and scheming. It seemed that the sea in front of him was really not as calm as he thought. On the contrary, it was surging with undercurrents.

However, he still forced a bitter smile and turned it into a domineering maniacal laugh. He said arrogantly, "So What? I'm not afraid of the heavens or the earth. Why would I be afraid of these open and hidden battles?"

I want to see how far these people can pretend to be? I want to see the Yu family even more. I want to see if I will give them the benefits they want!"

After saying that, Yu Tian turned around elegantly and left in large strides.

Chu Hong saw an extremely violent aura from his back and the determination to pursue the strong without hesitation. She smiled with relief.

Yu Tiancai walked into the villa and Yan Longwen called.

"President Yu, the trial network of the six-dimensional code has been set up. It can be tested at any time. Now, I need you to confirm the access rights!"

"Okay, I'll go over now!"

Yu Tian hung up the phone and turned to Chu Qing and the others. "Go do what you need to do. There's no need to hold that slave Chu Wen in your mouth. I'll say it again. I don't care how high the mountain is or how deep the water is!"

"I won't let you leave my side!"

Chu Qing was touched. She crawled into Yu Tian's arms and cried, "Darling, thank you, thank you!"

Yu Tian didn't care about these thanks, because these were things that he had to carry on his shoulders. There was no need to thank him.

Phantom Phantom Phantom swung its tail at the entrance of Xinghe company. Dozens of security guards immediately opened their umbrellas and created a path for Yu Tian that led directly to the entrance of the company.

More than ten beautiful women in business attire stood side by side at the entrance and bowed to Yu Tian in unison.

"Nice to meet you, President!"

Yu Tian was very satisfied. Under Chu Hong's management, the company was indeed a little more serious.

Even du Tianci stood at the elevator door in a suit and tie to welcome Yu Tian.

Seeing this fellow, Yu Tian stretched out his hand to rebuke him. He smiled and said, "Are you wearing pants today? Aren't you afraid that your pants will cause a ruckus?"

Du Tianci smiled bitterly and said, "That woman Chu Hong set the rule that if you don't wear a suit and tie, you are not allowed to come to the company. Let's not talk about this anymore. Yan Longwen and the others are all waiting in the conference room!"

After entering the conference room, the higher-ups of the R & D Department stood up together, including Yan Longwen. They still bowed and greeted Yu Tian.

After they sat down, the beautiful clerk immediately placed the coffee and pastries in front of Yu Tian. At the same time, the topics of the various meetings were arranged in an orderly manner.

Yan Longwen followed with a serious expression and said, "CEO Yu, we now have a total of twenty-seven permissions for the six-dimensional code. There are twenty-five optional ones, including the personal code, Payment Records, and the basic function of connecting to the financial system.

There are also online applications for passports abroad, social networking, comments, shopping codes, and so on. The core function is the intelligent management module that we independently developed. As long as we state the requirements for our six-dimensional code and combine it with the personal code..., we can help you do everything!"

Hearing this, Yu Tian nodded to express his satisfaction and then asked, "Then what are the benefits?"

?Chapter 245 – Chapter 245, Core Benefits

Thank you readers!

Yan Longwen opened another file and continued, "Our software uses a fee-based model. During the software testing phase, there will be seven days of free trial,

after that, there will be different fee-based models according to the level of the members. The minimum fee will be 10 yuan per month, senior VIP, and 100 yuan per month. The functional services will also be different!"

Hearing this, Yu Tian asked with some doubt, "Then what is our core competitiveness?"

The female Deputy Director of the R & D Department gave Yu Tian a detailed explanation.

“President, our competitiveness is to directly open up a dedicated service channel with all the enterprises under Tianhai Group. Now, Tianhai group controls 55% of the businesses in Linhai.”

“If Tianhai Group can approve and use our software network exclusively, then the market occupied by other software will greatly shrink, and in the end, they will have no choice but to withdraw from the Market!”

This idea was not bad. Yu Tian immediately nodded and said, “That's not enough. When we're promoting, we'll add another clause. Using our six-dimensional code technology, we can enjoy all kinds of services when we consume all of the business functions under Tianhai Group.

Those who don't use software have nothing. We have to let them know the difference between using it and not using it!

As Yu Tian spoke, there was the sound of pen, paper, and computer keyboards.

When the CEO spoke, they had to record every word. Even if they had to shave their heads, they would have to do it.

This was their identity.

Next was the promotion. Yu Tian directly gave an order.

“All video platforms, media headlines, and websites with more than ten million views will have to see our promotional slogan. We'll hold a large-scale celebrity concert, casually throw a few hundred million, and buy all the advertising spots in Linhai.

“Even when you're peeing in a corner, you'll be able to see our software promotions when you raise your head. and the software testing will officially begin at 12 O'clock Tonight!”

“Yes, President!”

After the meeting ended, Yu Tian immediately called Chu Qing and told her about his request. Unexpectedly, Chu Qing said helplessly, “My dear, I'm no longer the president of the Tianhai Group. I can only support you spiritually!

“What? How are you not the President? Could it be that Idiot Chu Wennu Tianwen said angrily.

Chu Qing smiled bitterly and said, "You can say that. The CEO of Tianhai Group is Chu Wei now. She can reach Linhai in the evening. You'd better tell her your request!"

After saying that, Chu Qing hung up the phone. She didn't want her loneliness to affect Yu Tian's mood.

However, Yu Tian's mood had already started to become fiery.

The more he thought about it, the more f * cking angry he became. Yu Tian directly went to Qingtian nightclub. He planned to have a drink and relax.

At the same time, he also wanted to see how the business of the nightclub after its opening was going?

Who knew that when he arrived at the entrance of the nightclub, Yu Tian saw the scene in front of him and was shocked.

At the entrance of the nightclub, there was a queue that was a hundred meters long.

It was not even six o'clock in the afternoon. If it was night time, wouldn't there be even more people?

Yu Tian put away the Phantom Phantom and jumped over the queue. He went straight to the entrance, but was stopped by a few security guards in suits.

The security guards looked especially tired, probably because they were annoyed by these people. They even said impatiently, "Go and queue up at the back. There are no more seats in the nightclub now,

i don't know when there will be seats. If you don't want to wait, you can leave! i

Yu Tian didn't know whether to laugh or cry. He came to the nightclub that he opened, and he still had to queue up?

However, Yu Tian was an indifferent person. There was no need for him to be angry with the security guards, so he immediately gave Yu Qi'er a call.

In less than a minute, Yu Qi'er, who was dressed in professional attire, and Yi Xueyue arrived at the door to personally welcome Yu Tian.

Yi Xueyue's eyes and brows were clear. If Yu Tian was coming, there was no need for her to call Yu Qi'er. It was definitely because of the security guards' pretense.

Thinking of this, Yi Xueyue immediately reprimanded the few security guards in a low voice, "This is the boss of Clear Sky Nightclub. Why aren't you greeting? When the few

security guards heard this, their heads twitched. They hurriedly bowed and said, "Hello, Boss! We really didn't know that you were the boss. I'm Sorry!"

Yu Tian smiled indifferently and said, "Forget it. It's been quite tough on all of you. If you have any requests, just tell Yu Qi'er that we're all on the same side!"

The few security guards felt their heads heat up.

They had thought that the boss of this nightclub was definitely a pretentious and arrogant rich fool.

Who knew that he was actually such an approachable and unpretentious boss.

They were so touched that they almost cried.

At this moment, Yu Tian had already walked into the nightclub. Everywhere he looked, there was only one feeling.

It was full.

The hall was full, and the private rooms were full. More than a hundred waiters were so busy that they hit the back of their heads. The cash register was so busy that their hands went limp and collapsed.

Yu Tian was puzzled. Was the Feng Shui of this nightclub good or not? Wasn't the business too good?

As he looked, he asked in puzzlement, "Don't tell me this place doesn't cost money and is free to play? Why are there so many people?"

Yu Qi'er said proudly, "It's impossible to be free. In fact, this is a concept of consumption. When the customers come, they can use the private rooms for free. There is no minimum charge. As long as you are not thirsty, you can play as you wish.

"However, there's basically no free charge. Instead, they spend even more. It's all in the drinks. Most importantly, the entertainment here is all voluntary consumption. There's no such thing as a stage fee.

"If the guests give a tip, then we don't care. However, none of the service staff can take the initiative to ask for a tip!

Yu Tian casually grabbed a glass of beer from a passing waiter. After drinking a mouthful of beer happily, he asked with a smile, "Did you think of all this?"

Yu Qi'er pouted and said angrily, "Of course I thought of it. Who else could it be? Sister Xueyue had her own ideas, but most of them were mine!

Yi Xueyue smiled bitterly and said, "It was all my sister's idea. I'm just a staff officer!"

Yu Tian laughed. He thought that Yu Qi'er would look down on Yi Xueyue, the female head of the Dark Clan. In the end, the two of them got along like one person.

Just as they were talking, Chu Meng sent him a message.

"Hubby, pick up Chu Wei from the airport. Are You Coming?"

Yu Tian glanced at it and casually put the phone into his pocket.

Pick up my ass. It's best not to provoke him when he's in a bad mood.

Chu Wei's private plane slowly landed at the airport.

Outside, Chu Wennu scolded Chu Qing and the others in a low voice, "Smile a little. We're here to pick up people, not send them to their graves. Why are you all crying?"

Chu Xin nudged Chu Qing gently, and the latter forced a smile.

Chu Meng, who was beside her, whispered to Chu Hong, "Chu Qing has a grudge against this Chu Wei in the past. Now That Chu Wei has taken her place, it would be strange if she could smile!"

Chu Hong looked at Chu Meng coldly and said angrily, "It's as if there's no grudge between us!"

The two women glared at each other and snorted at the same time..

?Chapter 246 – Chapter 246, Presents

Thank you readers!

Surrounded by a dozen bodyguards, Chu Wei arrived in front of everyone like a celebrity. She greeted Chu Xin and the others one after another, but she ignored Chu Qing.

Chu Qing didn't care about this at all. She just looked at her indifferently.

It had only been a few years since they last met, but this Chu Wei had grown up. She really had a different look, and she was even better at dressing up than before.

Her neck-length short hair and indifferent makeup made her look even more delicate and pretty. With her 1.7 meters height and perfect figure, the black dress she wore really made her look like a model.

At this moment, Chu Wei looked at Chu Qing and said with a cold smile, "I'm sorry, but you must be very angry that I took your place this time, right? Actually, I don't want to come either. This is an order from the family."

"Perhaps they think that I'm more suitable to manage the Tianhai group than you, or to stay by your master's side, so you mustn't be angry."

"Right, I came in a hurry and brought gifts for everyone, but I didn't bring any for you. You Won't blame me, right?"

Chu Qing just smiled indifferently and said in a gentle voice, "Why would I blame you? Actually, I don't need that little thing of yours. It's just that I think it's a bit vulgar to give gifts now."

But for someone like you who hasn't seen much of the world, it's acceptable! The exchange of words was full of gunpowder.

Chu wennu came to the front of the two and said with a straight face, "That's enough, right? This isn't a place for you to quarrel. Let's talk about it at the company!"

Chu Wei smiled smugly and said, "Yeah, I have to go and see my company First!"

On the other side, Chu Rou gently shook Chu Qing's hand, which was trembling with anger. She kept shaking her head, reminding her to restrain herself and not provoke Chu Wei now.

At this time, Chu Wei looked at the crowd and asked in puzzlement, "Where's

My Brother Yu Tian? Why hasn't he come?"

Chu Wennu snorted disdainfully and said, "Who knows what this guy is busy with right now? Forget it, I'll arrange a meeting for you guys tonight. Let's go back to the company now."

"Oh Right, Chu Qing, you don't have to go. You're no longer people of the Tianhai Group!"

Seeing their figures leave, Chu Qing gritted her teeth and said angrily, "Let's see how long you can be proud of yourselves. I'll call Yu Tian right now and see how she can see him."

At this moment, Yu Tian was drinking happily and felt that the singer on the stage was singing quite well.

At this moment, his phone rang.

He did not check the number and simply picked up the call.

Chu Qing a€?s cold voice immediately sounded.

a€?Brother , we'll go to your place for Hotpot tonight. I a€?m going to buy some vegetables with Chu Xin and the others. Come Back Now!a€?

Eat Hotpot?

This was not bad. It happened to be raining outside. There was nothing better than eating hotpot.

He then said indifferently, UAlright, buy more meat slices. I love eating those things!

Soon, Yu Tian returned to the villa of the people in Water Bay. Chu Qing and the others were busy washing the vegetables and setting the table.

Chu Meng was eating onions while puffing her cheeks. She smiled and said, [a€?Hubby, you're back? You're not planning to see Chu Wei, are you.

Yu Tian threw his backpack onto the sofa and said with a smile, a€?Didn't you ask me to come back for Hotpot just for this? Do you really think I don't know what you a€?re Thinking?a€?

Chu Qing placed the meat slices on the table and said domineeringly, a€?Brother, I've thought it through. I Won't leave this place. I want you to help me take back Tianhai Group. Even if I smash it, I won't give it to Chu Wei!a€?

Yu Tian grinned and asked, a€?Where did you two get such a big grudge?a€?

Chu Qing didn't want to say it, but in the end, it was Chu Mengwho explained.

a€?Chu Qing and Chu Wei have been working together since they were young. At first, it was because they were fighting for food, but later on, no matter what it was, they fought for it. Their parents fought even harder in the family, and many of the previous projects were snatched away by Chu Qing's father.

a€?Now, the tables have turned. Chu Wei's father got a big project, and he even got a few old fogies from the family. He's doing well, and he can beat Chu Qing's father!

Hearing this, Chu Ya, who had been silent, suddenly said coldly, a€?You all like to watch the show, right?a€?

After saying that, she threw her chopsticks and walked into the kitchen with a cold face.

Yu Tian was baffled and asked in a low voice, a€?What's wrong with this woman.

Chu hong sighed and said, "She doesn't have a father. Her father was killed by an expert not long after she was born. Because of this, the family has never treated her well!"

So that was the case. But before Yu Tian could say anything, the doorbell rang.

Chu Rou opened the door and Chu Wei directly stepped into the room.

Everyone's faces tensed up. Only Yu Tian looked at her indifferently and thought to himself, "This woman is Chu Wei. Her figure is not bad in all aspects!"

Chu Wei still looked a little angry. She panted and said, "So all of you are here to eat hotpot. Why is no one treating me? Little Brother, do you hate me? Look What I brought for you?"

As she spoke, she took out a box from her backpack and opened it. It was a top-grade nine-eyed heavenly pearl, a priceless treasure.

"Little brother, before I came here, I specially went to the plateau of the western region to ask for this for you. I hope that it will accompany you and bring you endless good luck!"

This thing was a good thing. Yu Tian took it casually and stroked it gently. He smiled and said, "Thank you. I like this gift very much. Can We Eat Now? I'm Hungry!"

Chu Qing clenched her teeth tightly and snorted, "Little brother, do you really like it? I'll get you a pile tomorrow. Do you need to go to the Western Region?"

"Moreover, I didn't want to invite her today. If you let her stay, I'll leave and you guys can eat!"

After saying that, Chu Qing turned around and was about to leave.

Chu Wei chuckled and said in a strange tone, "You have to leave. The family clan has ordered you to go back to the imperial capital tomorrow and report to the Luo Jue tribe. You can forget about seeing little brother in the future!" Except for Yu Tian, everyone's faces suddenly turned cold.

Yu Tian blinked and asked in confusion, "Wait a minute, what is the Luo Jue Tribe?"

Chu Meng explained in a low voice, "Just like the cold palace in the past, it was used by the clan to punish those who did not contribute to the clan or disobeyed the clan's orders. How could it be disgusting?"

“Moreover, after entering the fallen angels tribe, you will never be used by the family again. It's very miserable!”

Yu Tian immediately frowned when he heard her words.

He suddenly turned to look at Chu Wei and asked coldly, “You arranged it?”

Chu Wei was so scared that her body trembled. She said in a panic, “No, this is the family's decision. I am just passing on the message!”

Yu Tian narrowed his eyes and said coldly, “Chu Hong, arrange a plane for me.

I want to go to the imperial capital. Chu Qing and I will go to the Luo Jue tribe!”

“Ah?”

Everyone was even more shocked.. Was Yu Tian Crazy?

?Chapter 247 – Chapter 247: Engagement

Thank you readers!

As soon as he said he was going to the imperial capital to meet the family head, everyone, including Chu Wei, became nervous.

Once Yu Tian went to the imperial capital, the Chu family would definitely be turned upside down.

Most importantly, Yu Tian was obviously going against the orders of the Yu family. Doing so would not benefit him at all.

Chu Xin was the calmest of them all. She hurriedly went up and tried to dissuade him, “Brother, you have to calm down now. You must not be rash. You have to think of the big picture!”

Yu Tian snorted coldly and said with an indomitable spirit, “My big picture is that everyone who was by my side once appeared to help me when I was at my most lonely and helpless.

“I will never forget the scene of sister Qing appearing in front of me. That was the most precious memory in my life. Now, if you want me to become a heartless machine, I can't do it.

“If I lose everything because of this, I don't care at all. This is my big picture!”

This infectious and shocking statement made everyone present dumbfounded.

At this moment, Chu Wei's eyes widened. Admiration and adoration deeply shook her heart.

If she had only come for the mission of the family, now she finally understood the value of this heavenly fate. She wanted to stay by this man's side forever.

It was worth it just for Yu Tian to be angry for his beauty.

Chu Qing rushed to Yu Tian's arms and hugged him tightly. Even if she had to die for him, she would not hesitate.

When everyone slowly calmed down, Chu Hong rolled her eyes and said in a deep voice, "Brother, Sister Xin is right. You have to calm down now. Have you forgotten your identity?"

"You are the master of the Chu family. The management of the family can manage us, but they can't control you. As long as we work together, the orders of the family can't do anything to us!"

Yu Tian's smart brain turned and immediately understood Chu Hong's meaning.

He then smiled indifferently and said arrogantly, "You are right. Tomorrow's

Day is not bad. I want to get engaged to Chu Qing!"

Every word Yu Tian said today was shocking.

However, this was indeed a good idea. After getting engaged, Chu Qing would be Yu Tian's fiancée. Even the head of the family could forget about letting Chu Qing go to the capital.

Since that was the case, what else was there to say?

Everyone immediately made arrangements.

Yu Tian getting engaged to Chu Qing was simply sensational news. It was even more shocking than the launch of the six-dimensional code at night.

Imperial city, Chu family.

The head of the family, Chu Aotian, laughed out loud. He said to Uncle Long, who was also smiling bitterly, "This child is getting smarter and smarter!" Uncle Long said helplessly, "This is also because he was tortured by my head commander. Right now, the Yu family's days over there are very tight. The main reason is that they lack children. With only Yu Tian as a twig, if they don't bloom, it will be even more difficult for the Yu family!"

“Since we’re engaged, commander-in-chief and I still have a reason to talk about it. After all, we’re engaged, and the marriage will be fast!”

Chu Aotian nodded in agreement and smiled, “I’ll ask Chu Qing’s parents to leave for Linhai today to attend their engagement ceremony!”

In the blink of an eye, it was noon the next day. Chu Qing’s side was extremely busy, arranging the engagement ceremony in the evening at the best Emperor Hotel in Linhai.

Yu Tian was not idle either. He had been looking at the data at the company.

After the six-dimensional code came online, the number of downloads in more than ten hours had exceeded five million.

The results of the test were especially good, and the reviews were especially high.

Yu Tian specifically looked at the reviews, and there were all sorts of comments.

“This six-dimensional code’s intelligent system is too F * cking awesome. I told you to eat, but it listed all the available prices in a few seconds. Restaurants, and even buying groceries can be booked. It’s really too convenient!”

“There’s something even more awesome. I bought a plane ticket to the capital, but I couldn’t buy it at all. I used the six-dimensional code to buy the best location directly, and it was much cheaper than a normal plane ticket. This software is all I have in my life!”

“My skin has spots. The six-dimensional code not only provides me with the best analysis data, but it also helps me find the most suitable one. Yes, it’s the most suitable beautician. I went for a facial today, and it’s very good. The fee is also low. I love the six-dimensional code!”

Yan Longwen also did well. There was a reply from the customer service at the bottom of every comment. This made her even more heartwarming.

There were also messages from users in other cities, asking when the QR code would be available in their cities and so on.

The finance department also handed the financial analysis report to Yu Tian.

Judging from the current usage of the download, in the future, when the fee was charged, only this city would be able to generate at least hundreds of millions of profits every month. When the network was available in other cities, it would be even more profitable.

Just as they were talking, Chu Hong knocked on the door and entered. She smiled and said, "CEO Yu, your future in-laws are here. Do you want to meet

Yu Tian put on his suit and stood up. "Of course I have to meet them. My future father-in-law and mother-in-law can't possibly not meet them even if they come!"

In the meeting room, a middle-aged man with his hands behind his back and full of energy and a wealthy and beautiful woman smiled in satisfaction when they saw Yu Tian.

Chu Hong introduced him with a smile, "Uncle, aunt, this is your future son-in-law, Yu Tian. CEO Yu, this is Qing'er's father, Chu Moyang, and that is

Qing'er's mother, Fu Tianya!"

Yu Tian smiled graciously and said, "Uncle, aunt, Hello!

Chu moyang beamed and complained, "We're engaged to Qing

i

er today, why don't you change your way of speaking? You have to call us dad and mom!"

The more Fu Tianya looked at Yu Tian, the more she liked him. This was the master of the Chu family, the foundation, the protector of all the benefits of the Chu family. The first person to get engaged was her daughter. This was simply fate.

She stepped forward and gently held Yu Tian's hand. She said in a gentle voice, "Master, I'll thank you on behalf of Qing'er. Otherwise, Qing'er might have to go to the Luo Jue tribe and be crippled for the rest of her life!"

Chu Moyang clenched his teeth tightly and suppressed the anger in his heart. He said in a deep voice, "This time, you're engaged to Qing

C

er. I want to see if that old Fart Chu Yichen will die of anger!"

This was not even the end of it. The old man was so angry that it was as if he wanted to fuck someone.

Yu Tian hurriedly smiled bitterly and said, "Father-in-law, you don't have to be so emotional. Although it's just for show now, Qing'er will definitely be my wife in the future!"

Chu Moyang nodded and relaxed his eyebrows. He laughed and said, "This time, you can get engaged to Qing'er, and our family's status will also rise. As your father-in-law, I have brought you a gift!"

After saying that, Chu Moyang slowly opened a one-foot-long, half-foot-wide black box on the table.

Inside was a pitch-black dagger with an extremely strong killing intent.

Yu Tian looked at it and knew that the dagger must be a treasure..

?Chapter 248 – Chapter 248, Comprehensive Consideration

Thank you readers!

Chu Moyang looked at the dagger proudly, he introduced in a deep voice, "This blade life is called Red Thorn. It is made of metal extracted from meteorites from outer space. It has existed for thousands of years. Today, I'm giving it to you. I hope it can help you overcome thorns and cut down demons!"

Yu Tian liked Red Thorn very much. It just so happened that he lacked a suitable weapon.

Moreover, the Red Thorn was a dagger. It was especially convenient to carry.

So he said happily, "Thank you, father-in-law. I'll accept this Red Thorn!"

As he was speaking, someone entered the door and whispered a few words into Chu Hong's ear. Chu Hong's expression changed slightly.

She thought for a moment and said to everyone in a low voice, "Chief Yu, Chu Wei's father, Chu Yichen, is also here. He's just outside the door!"

Yu Tian didn't care at all, because Chu Moyang and Chu Yichen were both considered to be his father-in-law in the future. It didn't matter when they saw each other.

However, Chu Moyang's expression suddenly turned cold. He said gloomily,

"This old fool actually came. I think he has no good intentions!"

Fu Tianya hurriedly said in a low voice, "Can't you control your temper in front of your son-in-law? Your legs are on him. If he comes, can you control him?" At this moment, Chu Hong invited Chu Yichen into the meeting room.

Chu Moyang snorted and looked out of the window. Fu Tianya only lowered her head to look at the phone. She didn't even show any intention of greeting him.

Yu Tian was puzzled. After all, they were family. was there a need to have such a big grudge?

Chu Yichen was much more profound than Chu Moyang. He was in his forties and was very steady. His eyes were filled with cold arrogance. He didn't Mind Chu Moyang's coldness at all. Instead, he smiled at Yu Tian.

"I am Chu Yichen. Greetings, my Lord!

Yu Tian nodded indifferently and smiled. "Just call me Xiaotian. We are all on the same side. There's no need to be so courteous!"

Chu Yichen looked at Yu Tian with admiration and could not help but praise,

"I've always heard that Xiaotian is indeed extraordinary when I see her today.

She's a talented person. It's her fortune that my daughter can serve by your

Chu Moyang wasn't happy to hear that. He turned around angrily and glared at Hong Ci, "Can you be a little more shameless? Today is my daughter's engagement with my son-in-law, Yu Tian. Why are you here?"

The atmosphere in the room suddenly became tense. Chu Hong didn't know what to say.

Yu Tian ignored them and continued to look at Hong Ci.

If they were willing to quarrel, they could do as they pleased.

At this moment, Chu Yichen smiled coldly and said unwillingly, "It's just an engagement, not a marriage. Of the 108 girls in the Chu family, the one who can stay by the master's side in the end must be Chu Qing?"

"We've been fighting for so many years. When have you ever beaten me? That Girl Chu Qing has been with the master for so long, but there hasn't been any movement at all. When My Chu Wei came, they got engaged. Why are you still shouting at me without thanking me?"

Chu Moyang was so angry that he flew into a rage. he shouted angrily, "Chu

Yichen, did I give you some face? What are you doing here today?"

Chu yichen snorted coldly and said, "Do you think I'm here to quarrel with you? I'm here to see my future son-in-law. Why are you angry with me?"

With that, Chu Yichen glared at Chu Moyang and sat down next to Yu Tian.

[a€?Xiaotian, uncle came here today to congratulate you and to remind you of your true feelings!

Yu Tian put away his dagger and said seriously, a€?Uncle, just say what you want

Chu yichen nodded slightly and said with a solemn smile, a€?Xiaotian, you didn't think this through. Think about it, why did the Yu family send a special envoy to the Chu family and specifically ordered you to immediately spread your influence?

That means that this order is extremely important to the master's family. Let me say something arrogant now. From my age, I can be considered your elder. Looking at your unclear choice, I a€?m really worried for you.

Although you are engaged and can protect that girl Chu Qing from going to the Luo Jue tribe, to the entire Chu family, what you are doing is equivalent to fooling your family with the Chu family.

a€?If the old handsome of the Yu family finds out, then you can bear his anger, but our Chu family can't. So, you still have to carefully consider the matter of the engagement!

Yu Tian had already considered it very clearly.

Did he still need to say these things now?

Chu Moyang, who was standing at the side, also had nothing to say.

What Chu Yichen said did indeed have a point. The Chu family had no say in this aspect.

All of Yu Tian's decisions were related to the future of the Chu family.

Seeing that Yu Tian was silent, Chu Yichen chuckled, he continued, a€?Even if you must get engaged, you have to choose a good partner. The Chu family has a total of 108 girls, and not every girl is capable of bringing them out.

Let's not talk about the distance. Just take Chu Qing for example. Over the years, she hasn't made any contributions to the family, even though her Tianhai group is considered pretty good in Linhai,

a€?But that's because of the support of the family. That's why she has her current achievements. Now, she looks pretty good, but one day, the old commander of the Yu family will come to our side personallya€| You really can a€?t tell him.

a€?Even if you choose a partner, you have to choose a very powerful bloodline. Your current carelessness will also put a lot of pressure on you in the future!a€? Chu Moyang could not take it anymore.

He snorted angrily and said coldly, "Chu Yichen, don't Bullsh * t. Yu Tian' s choice is his own right. Have you forgotten the rules of our Chu family?"

"From the beginning to the end, you can't interfere with the master's choice. Do you really think that the master hasn't considered it carefully? Even if he doesn't choose my Chu Qing, it's Not Your Chu Wei's turn. What nonsense are you saying here?"

Chu Yichen also looked at Chu Moyang coldly and said gloomily, "I'm definitely not like you. I'm watching the Lord take the wrong path, yet you're still trying to add fuel to the fire behind his back

What I'm saying concerns the Lord and the future of the Chu family. Who's like you? You only consider your own interests and don't think about anything else.

"Now, let me ask you, if Old Shuai asks about this one day, will you tell Old Shuai, or will you let the Master Tell Old Shuai? Your family will only create a burden for the family and will never add any benefits to the family.

"Now, you are looking at the master. Chu Moyang, I want to ask you, what are your intentions?"

Yu Tian couldn't take it anymore.

His ears were ringing from the two of them arguing.

And so..., he stood up angrily and said, "Alright, both of you stop talking. I made this decision on my own, and no one can change it. Today is my good day. I don't want to hear the two of you arguing anymore.. Let's go to the venue now!"

?Chapter 249 – Chapter 249, Engagement Ceremony

Thank you readers!

Although it was only an engagement ceremony, Yu Tian realized that those women had made the ceremony even more grand than a wedding.

Not only were there cakes, red wine, emcees, and even singing and dancing.

Everyone who could be invited was invited. They all gave their blessings to Yu Tian and Chu Qing.

Chu Qing was the happiest one. Although she did not need to wear a wedding dress now, her black evening dress that covered the floor stunned the entire venue.

She held Yu Tian's arm intimately, and the two of them were inseparable throughout the entire night.

Chu Wennu swayed the red wine as he approached the two of them to express his blessings.

“My lord, Chu Qing, I hope that the two of you can be in love for a long time. Don't make everyone sit on the same spot when the time comes, especially my lord. I know that you have a lot of opinions about me,

but I don't care about these things. I'm doing all of this for your own good. I'm not asking for your gratitude. Just let me have a word with my Lord!

Yu Tian listened to him expressionlessly and said coldly,

u

I generally don't have any objections to servants. Otherwise, would I be doing anything else?”

There was a layer of dissatisfaction in slave Chu Wen's eyes.

He, Yu Tian, was indirectly calling him a slave.

But it was nothing. He was a slave to begin with, and the entire Chu clan was a slave. So what?

He smiled indifferently and said proudly, “So, I have to do something for you that you don't want to do. Just like I have to tell you, although Chu Qing doesn't have to go to the imperial capital anymore, there have to be a few people from the fallen angels tribe who will be there to hold the fort.

“If you can get engaged to Chu Qing, then what about Chu Rou, Chu Xin, and Chu Meng? The order given to me by the family is to ensure that the people who stay by your side must be the ones you like. It seems that they have to leave you too!”

Looking at his expression that was asking for a beating, Yu Tian wanted nothing more than to immediately take out the Sky Overlord Order and smash him to death.

Chu Qing's face was cold as she said resentfully, “My Lord isn't in a hurry, so what are you in a hurry for? In a few days, my lord will be getting engaged to them one after another. As for the Luo Jue tribe, it's better for you to go!”

“The same move can only be used once! V” Chu Wennu sneered. “However, this isn't something that can't be discussed. If you can get engaged to Chu Wei and allow me to have a word with the clan lord, perhaps they won't have to leave! ”

Yu Tian just smiled and did not say anything, but he was puzzled. Why did slave Chu Wen insist on having Chu Wei by his side?

What benefits did this have for him?

Just as they were talking, Chu Yichen and Chu Wei strolled over.

Chu Wei a€’s disdainful gaze swept over Chu Qing several times. She said in disgust, a€’It’s just an engagement. Do you have to dress up like a bride?a€’

Chu Qing didn’t have anything to be afraid of right now. She said domineeringly, a€’I will become the mistress’woman, but some people may never become the mistress a€’bride.

This rule of our Chu family is very good. If the 108 sisters can not become the mistress a€’woman, they can not marry anyone else for the rest of their lives. So, I think you should think about how to face the rest of your life!a€’

The two of them did not give in. Chu Yichen looked at Chu Qing coldly, he said indifferently, a€’You little girl’s temper is just like your father’s. You lose your temper after a few words. If you don’t know how to calm down, how are you going to become the mistress a€’wife in the future?a€’

As he said that, a voice behind him sounded angrily.

a€’I don’t need you to teach my daughter how to behave. Just Control Your Daughter Well!

Chu Moyang and Tian Ya came to Chu Qing’s side. Chu Qing didn’t seem to have no one by her side. Who would be afraid of a fight?

Chu yichen sneered, a€’Today is a good day for the Lord’s engagement. I don’t want everyone to feel like some people. They don’t have any manners!a€’

Yu Tian, who had been silent all this while, said indifferently, a€’Since you know that I’m engaged, what are you guys doing here? If you want to drink, have enough. If you want to fight, get lost!a€’

There was a moment of silence in the surroundings. If Yu Tian was angered, it would do no good to anyone.

Everyone looked at each other in disgust and turned around to leave.

Yu Tian was the only one who stopped slave Chu Wen. He took this opportunity to remind him a few words.

Slave Chu Wen turned around and smiled disdainfully.

Yu Tian said coldly, "Listen well, I will never let Chu Wei stay by my side!"

Before Chu Wenu could say anything, Yu Tian suddenly gave him a big slap.

Under everyone's shocked gazes and Chu Wenu's angry expression, Yu Tian snorted coldly and said arrogantly, "You brought a pimp to me, didn't you? Chu Wei will leave this place tomorrow. I don't want to see him for the rest of my life, otherwise, I will let uncle long personally tell my family. Now get lost!" Chu Wei and Chu Yichen suddenly felt a chill run down their spines.

Yu Tian had done a great job of making an example out of the others.

He had not only despised slave Chu Wen, but he had also reminded them not to show off to him. Nothing worked.

Chu Moyang and Chu Qing were looking at Chu Wei happily. They were so pleased with themselves that their hearts were blooming.

Slave Chu Wen was the most miserable one. He had been beaten until the corners of his mouth were bleeding. His eyes were red, but he could not say a word.

If he dared to contradict Yu Tian now, then he would have even more reason to attack him.

Disobeying the master meant death. That was the first rule of the Chu family.

Thinking of this, he gritted his teeth and turned to leave.

Yu Tian followed up with another kick, which directly kicked his waist, causing this fellow's body to stagger and almost fall down.

He suddenly turned around. He had been ambushed twice by Yu Tian in a row, and he had lost all face.

However, Yu Tian coldly asked, "Do you understand what I'm saying? Answer Me Now!"

In the crowd, Chu Yichen kept giving slave Chu Wen a look. It was obvious that Yu Tian was trying to provoke him.

When that time came, Chu Moyang would use the clan's rules to suppress him. Yu Tian could directly clean up the clan.

Otherwise, why would Chu Moyang keep narrowing his eyes and staring at the scene coldly?

Chu Wennu's face turned purple. He gritted his teeth and said coldly, "Yes, master, I heard it clearly!

"I didn't see you Tian continued to attack him, not giving him any face.

But Chu Wennu was about to break down. How was this acting? Wasn't this torturing him in front of everyone?

No ghost could laugh at this scene.

However, if she didn't laugh, it didn't seem to work. At this time, Chu Qing gave Yu Tian the heavenly dominator token with an evil smile on her face.

She even said disdainfully, "Hubby, just write what you need to write. Don't worry about it!

The corners of slave Chu Wen's mouth curled up with all his might. It was as if he had a grudge against him. The corners of his eyes also pulled open.

That expression was uglier than crying.

Yu Tian didn't know whether to laugh or cry. He ordered, "Get lost for your father. You're not allowed to appear anywhere I'm around in the future!"

"Yes, I understand!"

Slave Chu Wen turned around and left quickly. He was too ashamed to face anyone.

Chu Wei tugged at Chu Yichen's arm tightly and said in a low voice, "Think about it quickly.. How are we going to convince Yu Tian?"

?Chapter 250 – Chapter 250, Divine Element

Thank you readers!

Chu Yichen was shocked by Yu Tian's decision. He was so determined that he did not give him any face at all.

He had wanted to rely on slave Chu Wen to break through, but that trash, slave Chu Wen, was no match for Yu Tian at all.

He rolled his eyes and came up with a plan. He said to Chu Wei in a low voice, "It seems that we can only rely on ourselves now. Later, find an opportunity to tell Yu Tian to invite him to the ship!"

Chu Wei nodded solemnly. Now that the plan had changed, this was the only way.

When the engagement ceremony was about to end, the invited guests left one after another. Chu Wei found an opportunity and went to Yu Tian's side. She said in a tone that was close to begging, "My lord, don't you have any feelings for me at all?"

Yu Tian had his own perspective on the problem. Regarding this problem, he just smiled indifferently and said in a low voice, "I just feel disgusted by your way of doing things!"

Chu Wei's eyes were obviously filled with disappointment. She said softly, "There's a reason for this. My lord, I can give you a chance to become stronger immediately. I want to invite you to a place to see something!"

What the hell are they doing?

Yu Tian felt very confused. In order to clear his doubts, he nodded and agreed,

The helicopter was already prepared. With a roar, it slowly rose into the rainy night sky.

Half an hour later, in an area five nautical miles away from the land, a large cruise ship with flashing lights quietly floated on the dark ocean surface.

Through the drizzling rain, Yu Tian could see that there were many fully armed foreign mercenaries standing on the deck of the ship.

He found it more and more interesting.

As the helicopter landed, Chu Yichen personally invited Yu Tian into the luxurious cabin under the escort of a few beautiful assistants.

Yu Tian wiped the raindrops from his forehead and asked disdainfully, "Why? Are you going to give this ship to me?"

Chu yichen smiled and said, "I think what you're going to see later is much more expensive than this ship. My Lord, Please Follow Me!"

As they spoke, Yu Tian followed Chu yichen through a few security doors. Finally, they entered a large cabin filled with large screens that looked like a science and technology headquarters.

All sorts of data flashed on the display.

Dozens of researchers in white coats were methodically manipulating some of the data.

Yu Tian could not understand what the data meant, and he did not care about it. He just wanted to know what Chu Yichen was doing with the data?

At that moment, Chu Yichen invited Yu Tianluo to sit on the soft sofa. His assistant brought a bottle of expensive red wine and poured it into their cups with a smile.

Meanwhile, Chu Wei stood in front of the biggest screen in the middle. She put on the microphone and let out a long breath, she said calmly, "My lord, you are now in the most advanced satellite data center in the world. From here, we can see every corner of the world.

"But this is not the core of what I'm going to show you today. Before I officially start, please watch a video!"

As soon as she finished speaking, a middle-aged foreigner wearing glasses immediately typed a few times on the keyboard.

Yu Tian raised his head to look at the big screen. At this moment, it was a scene of a regional war.

Among them, five topless men, who were nearly two meters tall, were easily passing through the lines of fire.

No matter what kind of blow it was, it was completely ignored by them.

Yu Tian was surprised to find that the bullets only left a red dot on their bodies. It was completely unable to penetrate their skin.

There was even a guy who smashed a rocket with one punch. Amidst the violent explosion smoke, this guy continued to move forward without any injuries.

This guy was F * cking invulnerable.

Even he himself could not ignore the bullet.

The scene on the big screen changed and the human DNA profile appeared.

Chu Wei introduced, "This is a type of element that we developed. It can strengthen the human body. Its name is divine gift. This element was first discovered on a five-thousand-meter plateau!

On the big screen, a group of aborigines were worshipping a few sculptures. A few men also showed that they were invulnerable and were worshipped by the residents.

“These people think that this is the power given to them by God. According to our analysis, there is a magical element underground that can instantly change the structure of the human body,

Not only can it make the human body extremely tough and invulnerable, it can also increase the strength of the human body. Currently, we have developed a better divine element and are ready to promote this element throughout the world!

At this moment, Chu Yichen said excitedly, “Master, this is the reason why I asked Chu Wei to stay by your side. The divine element can not only earn us countless money.. ,

at the same time, it can also allow you to rule the entire world in the fastest time possible. At that time, the divine element can create an invincible army for you. In addition, our Chu family's strength in the entire world.., when that time comes , who else can contend with us?”

Yu Tian understood that Chu Yichen wanted to drag him into the water and take a bloody dirty bath.

Let's not consider why he did this first. Let's talk about this divine element.

It could indeed bring endless wealth, but the destructive power it brought was basically equal to wealth.

If this element fell into the hands of ambitious people, war maniacs, or even extremist organizations, then how many people would die.

Even if it was to create an invincible army for himself, wouldn't there be enough bloodshed in the process?

Looking back, he thought about Chu Yichen. What good would it do him if he did this?

Thinking of this, Yu Tian raised his eyebrows. He took a sip of red wine and asked indifferently, “What do you want?”

Chu Yichen knew that Yu Tian would ask this long ago. He also said in a low voice, “I want master to support me as the head of the Chu family. I want to enjoy the power to rule the family for fifty years after you become a powerhouse!

Rule the family?

Yu Tian snorted coldly and said disdainfully, “I think you want to rule the world!

The cabin instantly became quiet. Under Chu Wei's signal, all the unrelated people left.

Then, Chu Wei sat directly next to Yu Tian, she pleaded, "Master, even if we don't do this, someone will. You will definitely become a powerhouse in the world in the future. In your hands, no one can rule the world.

"My father and I don't have big dreams. Other than the need for wealth, we only desire power from the Chu family. In fact, the Chu family seems to be the number one family in the world.

"The 108 sisters of the Chu family seem to be in harmony, but in reality, the current family head, Chu Aotian, doesn't have the ability to manage the family at all.. Only those who are capable will be able to make the family stronger!"
