?Chapter 301 – Chapter 301, Worthless

Thank you readers!

When the money entered the casino, the scene he saw was similar to what he had expected. So, not only was he not afraid, he even smiled calmly and said, “Mr. Yu, what kind of show are you putting on?”

Yu Tian was not in the mood to waste time with him. He smiled and said coldly, “Han Wen stole something from me and sold it to you. Do you think you can take it? You are buying black goods.”

However, I am not going to argue with you. I called you here to tell you that I have a reason to take it back now. Even if the Great Luo God is here, you can't say anything to me!

But Qian Jin man said fearlessly, “Oh, is that so? When I bought it, I didn't know it was black goods. Now, I have spent seven million to get into this water.”

“If you really want it, that's fine too. If you give me seven billion, I'll give you the prescription!”

Even brother long couldn't take it anymore. He immediately shouted angrily and said furiously, “Do you F * cking want to die? Seven billion is for you. Do you have the life to spend it?”

“Brother Long, I know you're Yu Tian's number one fighter, but it doesn't seem like you have the right to say anything about this, Jin man didn't put brother long in his eyes at all.

Brother Long was so angry that he stood up and was about to beat him up, but Yu Tian stopped him with a smile. “Old long, there's no need to do anything.

Let him go. Soon, I'll make him kneel in front of me and beg me to let him go!

Qian Jin man sneered and said disdainfully, “The prescription is in my hands. I can do whatever I want. Do you really think I'm afraid of You, Yu Tian? Use whatever tricks you have!

With that, this guy left the office arrogantly.

Brother Long was so angry that he gnashed his teeth. He just didn't understand why Yu Tian didn't let him do it?

Looking at Han Wen who was standing at the side, he vented all the anger in his heart on this guy.

He punched him twice.

Han Wen had just stopped bleeding from his nose when he was beaten up again. He covered his nose and screamed for mercy.

Yu Tian did not even look at him. Instead, he gave Chu Qing a call and told her to start according to the plan that they had previously agreed on.

Chu Qing had wanted to do this for a long time. She immediately smiled happily and said, "Alright, leave the rest to me!"

At that moment, Qian Jin man had already returned to the pharmaceutical factory.

He was thinking that now that the Chu family and Yu Tian could no longer be relied on, he still had to find other partners.

This was basically not a problem. No matter who saw the prescription, they would think of ways to cooperate with him. This was equivalent to giving them money.

At this moment, the secretary walked into the office in a panic and said with a terrified expression, "CEO Qian, all our suppliers have terminated their cooperation with us!"

Qian Jin frowned. This was definitely a trick played by Yu Tian and Chu Qing behind the scenes.

They were dreaming if they wanted to use this trick to make him compromise.

He snorted and said indifferently, "So be it. I Don't care about the annual income of 1.8 million yuan. Now that I have the prescription, why should I be afraid of not making money?"

"You go out first. I need to make a few calls now!"

After the secretary left, Qian Jin man made a call to the manager of Cosco Pharmaceutical Group in Hai City.

He had known manager Han before, and now was a good opportunity for cooperation.

Cosco Pharmaceutical Group was also the most powerful pharmaceutical company in Hai City, and it had nothing to do with the Chu family.

After the call was connected, Qian Jinman immediately bowed and said with a smile, "Manager Han, I'm Qian Jinman. Have you thought about the cooperation I told you about?"

Manager Han was silent for a few seconds before he said coldly, "If you can't cooperate, you'd better find someone else!"

With just one sentence, the call was hung up.

Qian Jin man frowned, gritted his teeth and scolded, "Trash, you didn't even make money when I told you to!"

Then, he called a few other people and received the same answer.

Especially the CEO of Imperial City, who said bluntly, "I want to cooperate with you, but I can't cooperate with you. Seventy percent of my business is with the Chu family. I don't have the guts to go against them."

"Old Qian, on account of our many years of friendship, let me put in a good word for you. Give up. This project is too big. You Can't handle it at all!" Qian Jin man didn't want to hear this, so he hung up the phone.

Suddenly, he felt that his face was very wet, and his hands were covered in sweat.

He thought about it and dialed another person's number.

Now all his hopes were on this person.

After the call was connected, a foreign man's relaxed voice sounded. He smiled and said, "It's boss Qian, right? What do you need my help with?"

Qian Jinman also controlled his tone and said, "Mr. Raphael, how about we have dinner together? I have a very good project here. We might be able to work together!"

Raphael said without hesitation, "Alright, then let's meet at Wanghai restaurant in half an hour!"

Soon, the two of them met. Qian Jin man showed Raphael the information, then, he said proudly, "Mr. Raphael, you have the best pharmaceutical factory in Super Nation behind you. I believe you will like this prescription!"

Raphael, who was carefully reading the information, was very serious. When he saw the evaluation report, he nodded with satisfaction. As he read, he asked in a low voice, i'Mr. Qian, this medicine is really good,

a€?Personally , I like it very much. So, how do you want to cooperate

Qian Jin man seemed to have seen the fire of hope rekindled. He said with incomparable excitement, a€?If you ask me, Mr. Raphael is the one who knows the goodsa€|a€?

a€?Actually, my initial requirements are very simple. If we develop it at the same time, I need 50% of the profit points. Of course, you can also buy out the prescription. My Price is seven billion!a€?

Raphael nodded with an indifferent expression. Compared to the actual value of the medicine, this request was nothing.

He even agreed and said, a€?This condition is fine. It's very fair!

When Qian Jin man heard this, he was so happy that he could not close his mouth.

He even raised his wine glass as if he had met a confidant. He said emotionally, a€?Do you know why some people in the eastern countries are destined to have no prospects in their lives? It's because they don a€?t have a long-term visiona€|a€?

a€?If they can be as discerning as Mr. Raphael, then business will be much easier!

Raphael toasted him. He was very pleased with his compliment.

However, he could only get a general understanding after he read the information.

However, the more he read, the uglier Raphael's expression became.

After reading all the information, Raphael shook his head helplessly and said coldly, a€?Mr. Qian, this information of yours is not even worth a single cent. It has no actual value at all!

Qian Jinman's expression immediately turned solemn. He asked in extreme shock, a€?Mr.. Raphael, what right do you have to say that?a€?

?Chapter 302 – Chapter 302 Became More And More Stable

Thank you readers!

Raphael said helplessly, "I've looked at all aspects of your drug evaluation. It's indeed very good, but there's a key piece of data here. I don't know if you've seen it or not.

The data is that this drug needs the supply of raw materials. Without that specific element, this drug doesn't exist. and at the end of the evaluation report, it's already written very clearly.

"The specific element of this medicine is in Yu Tian's hands. I know this person. He is the richest person here, and he has the Chu family's power behind him,

"I don't think they will supply the raw materials to you. So, this prescription of yours isn't worth any money at all!"

Hearing this, Qian Jin Man's face was as if he had been pricked in the ass by countless needles. Even his head was buzzing.

He grabbed the information in an unconfident manner. Under Raphael's helpless gaze, he carefully read through the evaluation report.

Raphael was right. This medicine needed a special supply of raw materials. Otherwise, it could not be produced.

The information had clearly stated that the medicine needed Yu Tian's raw materials production base. The refined elements would be broken down before it could be used to manufacture the medicine. Therefore, it was very expensive.

In other words, if there was no supply of this element, then the medicine was worthless and could not be produced at all.

When Qian Jin man saw this, he felt completely powerless.

No wonder Yu Tian was so confident. He was so pretentious in front of the other party, but the other party did not say anything superfluous.

It turned out that he had long known that the evaluation information and the prescription were worthless without his raw materials.

After all, he was the one who was the spendthrift. He spent a total of seven million to buy such a pile of waste paper.

At this moment, Raphael stood up and helplessly spread his hands, he said, "Mr. Qian, I really want to cooperate with you, but without Yu Tian's support, no pharmaceutical production base in the world would be able to produce this medicine.

“If you want to earn this money, you'd better go and beg Yu Tian. If he agrees to support you, we can continue to cooperate. I will also meet your conditions, but I think it will be very difficult!”

Looking at Raphael's back as he left, Qian Jin's heart was like a mess.

Who asked him to be pretentious? Yu Tian would never support him.

Unless he kneeled in front of him, kowtowed, and begged him, or he could get the seven million back.

Thinking of this, he still called the Tianhai Group, hoping to see Yu Tian and Chu Qing now.

At this moment, Yu Tian was shopping with Chu Qing at the night market.

Chu Qing held onto Yu Tian's arm intimately and said gently, “In fact, you already knew in your heart that the prescription was worthless. Without you to provide the elements, nothing could be produced.”

“But why didn't you tell Qian Jin man about it at that time?”

Looking at the bustling night market with a dazzling array of goods and the shouts of people selling and buying, Yu Tian smiled indifferently and said, “Sometimes, there are some words that come out of my mouth that some people would never believe..,

“Unless he crashed into the south wall and his head was broken and bleeding, only then would he know how painful it was. I could also smash him to death with my fist, but if I did that, it would be no different from a robber..,

“Force can only be used to protect yourself and you 108 women. If it is used to beat people up, do you think they will be able to withstand it?”

At this moment, Chu Qing picked up a cute pikachu mask and put it on her face, she shook her head and said, “My husband is becoming more and more mature, more and more stable. I suddenly feel that I am the happiest woman in the world!

The old man who sold the mask was afraid that Chu Qing would break the mask, so he quickly said with a sad face, “You maybe happy, but the mask is more fragile. If you buy it, it will cost ten yuan each!”

At this moment, Chu Qing's phone rang. She signaled Yu Tian to pay while answering the call.

After saying a few words, Chu Qing excitedly said to Yu Tian, “He's full of money and wants to see us. It seems that he already knows where he's Wrong?”

Yu Tian laughed and reached out to pinch Chu Qing's face. He said indifferently, "If he wants to see us, then he has to see him. Tell your people to tell him that we'll wait for him here. Tell him to get his ass over here and see

LIS!

An hour later, in a barbecue stall, Qian Jin appeared in front of the two people with a face full of guilt.

Yu Tian took a few skewers and asked while eating, "Aiyo, isn't this boss Qian? It's so late. Why didn't you go home to accompany your wife and children?

What are you doing here?"

Qian Jin man rubbed his hands and said with a bitter face, "CEO Yu, CEO Chu, I was acting pretentious before, and it was a little too much. I came here to beg

CEO Yu to let me go."

"I'll give all the information back to you. If you give me back the seven million, there won't be any other requests!

Hearing this, Chu Qing said very domineeringly, "Are you apologizing to us? I don't think so. Don't think that Yu Tian is soft-hearted and will agree to your request."

"Right now, this project is being carried out by our Tianhai Group. I feel that you don't have any sincerity at all. Moreover, I'm not the one who sold you the information. We don't want this information at all. Who sold it to you? Who are you going to look for?"

With just one sentence, Qian Jin choked for a long time without saying a word.

Yu Tian smiled and said in a relaxed manner,

C

"My wife is right. Of course, if you kneel in front of me and Chen Kai kowtows and apologizes to me, I might even consider it!

Qian Jin man didn't even think about it and directly knelt at Yu Tian's feet.

The surrounding people looked over in surprise. No one knew what had happened, but this scene was quite interesting.

At this time, Qian Jin man kowtowed to the ground, he cried and said, CEO Yu, I'm begging you. My pharmaceutical factory isn't developing very well. Please forgive me this time on account of me kowtowing to you!

However, Yu Tian laughed out loud and said arrogantly, "I only said that I would consider it. I didn't say that I would definitely forgive you. My wife is right. Who did you buy this from? Who are you looking for to return it to?"

"This doesn't seem to have anything to do with me. Moreover, I don't want to see you anymore. Don't affect my mood for supper with my wife. Hurry up and get lost!"

Qian Jin was in complete despair. Yu Tian and the others had put it nicely, but

Han Wen was still alive and dead. Who was he going to ask to return the goods?

However, Yu Tian didn't want to continue talking. If he knelt here, he would only be asking for humiliation. There was no use.

Moreover, Yu Tian was quite pretentious. He couldn't even kneel down and beg

In that case, then the jianghu continue to see it..

?Chapter 303 – : Chapter 303. I'M Even Better

Thank you readers!

Yu Tian and Chu Qing were in a particularly good mood as they watched Qian Jin man leave the food stall like a stray dog.

There was no need for them to have any sympathy when dealing with this kind of trash.

A dog was a dog. When it had bones, it would swing its tail at you, and when it turned around, it would bark at you.

Yu Tian had seen many people like this?

At this moment, someone from the hospital called and said that Wu Minzhen had woken up.

The two of them immediately paid the bill and rushed to the hospital.

When Wu Minzhen saw Yu Tian, her tears flowed down. She said aggrievedly, "CEO Yu, I'm sorry. Those precious documents were all snatched away by that bastard Hanwen!"

Yu Tian said indifferently, "You'd better recuperate well. You've been unconscious for two years. The things you said have long been resolved!"

"Ah?" Wu Minzhen looked at Yu Tian in extreme shock. Then, she looked for her phone, wanting to check the time.

Chu Qing rebuked Yu Tian and complained, "Don't tease her anymore. Sister Wu, don't listen to him. You've only been in a coma for two days. We've already gotten those documents back.

"You should recuperate properly now. After you're discharged from the hospital, you'll go to work at the Tianhai Group. We're preparing to fully develop this project!"

Wu Minzhen nodded her head firmly. It was her fault. Not only did Yu Tian not blame her, but he also wanted to put her in an important position. What was there to hesitate about?

She would work for them for the rest of her life.

Thinking of this, Wu Minzhen followed up and asked, "That bastard Hanwen, have you found him?"

Yu Tian said disdainfully, "You don't have to care about him. From now on, he will never appear in front of you again. In fact, can he appear in front of others? I don't even know!"

There was no need to say it so clearly. It was enough to just point it out.

Wu Minzhen naturally understood what Yu Tian meant. She also felt very happy in her heart.

At this moment, Yu Tian received another phone call. It was from Chu Hui.

Over the phone, Chu Hui said with a heavy tone, "I just received news that all of our cargo ships from the southern to the Northern Hemisphere have closed down all of our supply ports,

not only did they not provide us with supplies, some of them even closed down the entire shipping route.

"Right now, there are more than 10,000 cargo ships in the clan, and there's no way they can deliver the goods here. Even if they manage to deliver the goods to the Eastern kingdom, it'll still be 500% more than the previous voyage, and the cost will also increase!"

Yu Tian looked at Chu Qing and Wu Minzhen, pushed the door open, and walked to the corridor. He said in a low voice, "I know who did it. I'll go over to your side now. This time, I'll settle it myself!"

At this time, Chu Qing also came to the corridor. Yu Tian gave her a simple explanation and told her to immediately prepare a private plane.

At two o'clock in the morning, Yu Tian arrived at Chu Hui's villa.

Now that the freighter could not pass through, Chu Hui was anxious and did not feel sleepy at all. Most of Tiansheng Company's higher-ups were also here, but no one could come up with a good idea.

Only when Yu Tian entered the door did Chu Hui feel a trace of relief.

Needless to say, Chu Hui immediately opened the navigation map and introduced to Yu Tian, "There are now more than two thousand freighters floating on the sea. Because there is no supply, they can not sail.

The Chu family's senior executives have already communicated with these ports, but these ports have never agreed to reopen to us!"

Chu Hui's beautiful secretary also continued with a heavy heart, "Our cargo ships account for 20% of the world's total cargo throughput. If our goods are unable to reach...

"It will definitely affect the prices of the existing goods in the market. If that's the case, our pressure will be very great!"

What they said, Yu Tian all understood. This was the direction of the overall economy.

Once the supply of goods was cut off, it would be a fatal blow to the Chu family's development.

However, this was not the most important issue at the moment.

What they had to think about now was who was controlling these ports.

Could it be someone from the Port Alliance? This was probably not very likely.

Those people from the Port Alliance were just a bunch of pretentious people. It was impossible for them to have such great strength and be able to control so many ports in the world.

Because from another point of view, these ports not doing business with the Chu family was also a loss to them.

But now, they actually didn't care about such a loss and insisted on going against the Chu family.

Behind this, it wasn't that simple.

Yu Tian thought while looking at the nautical chart. He wasn't nervous at all. On the contrary, he asked very calmly, "Which country's port is the place where all our cargo ships must pass through?"

Chu Hui pointed at a country on the nautical map and said helplessly, "It's here. It's Moloch's Dan Ier port. This is the strait area. Cargo ships can save thousands of nautical miles by passing through here.

"Moreover, Dan Ier port is the port that we must resupply, so this is the most important point!"

When Yu Tian heard this, he nodded and said, "Okay, prepare the information for me immediately. I'll go to Moloch Tomorrow Morning!"

If he wanted to know who was behind this, he had to go and take a look personally to find out.

Time was especially tight at the moment. The current goods could not last for long. Before the entire Chu family's economy became chaotic, he had to get rid of them all.

Chu Hui did not have any other thoughts. helplessly, he spread his hands and said, "None of our 108 sisters are in Moro. This time, you can only rely on yourself!"

Yu Tian chuckled and said disdainfully, "So what? I'm better off on my own. I can do whatever I Want!"

Without further ADO, the next evening arrived. Yu Tian's flight landed steadily at Moro International Airport.

If he wanted to go to Dan Ier port, he had to change to another plane.

Just as Yu Tian was about to buy a ticket, he felt someone staring at him from behind.

He pretended to pack his backpack and looked behind him from the corner of his eye.

Sure enough, there were two men in black sneakily looking in his direction.

Yu Tian did not mind.

He bought a ticket for 9 p.m. and there was still some time left. Yu Tian wanted to play with these two men in black first and see who they were.

So he found a bar near the airport and waited for the two men in black to appear while enjoying the exotic atmosphere.

After a while, the two men walked into the bar sneakily and deliberately kept a certain distance from Yu Tian.

Yu Tian's lips curled and he ordered a bottle of good wine from the bartender.

He turned around and walked in front of the two men.

The two men looked especially nervous. They stared at Yu Tian without blinking. One of them even reached into his arms.

Yu Tian knew what was in his arms. This was a foreign country, so no one cared about weapons.

However, he just smiled and said indifferently, "You two have been working hard.. Do you want to have a drink?"

Chapter 304 – Chapter 304-Risk Your Life In A Bar

Thank you readers!

The two men in black were especially nervous when they saw Lin Chu suddenly greeting them. However, this was a bar. Those drunkards who were drunk could erupt into a bloody conflict because of their recklessness at any time.

Therefore, they tried their best to remain calm. The older man first stopped the younger man from taking out his weapon, then, he said to Yu Tian expressionlessly, "Leave this place or go to another city with us to play for a few days,

"But you still have to leave this place. This is your only choice to Live!"

It seemed that they were still very familiar with their identities.

However, Yu Tian had never thought of leaving this place before he obtained anything.

Moreover, he also wanted to know who these two people were?

Otherwise, how unfair would it be?

Therefore, he smiled casually and flicked the wine bottle handsomely. After a series of crisp sounds, he said indifferently, "Don't keep thinking about making requests for me. Also, tell me why I have to listen to You?"

The middle-aged man's eyes burst out with a gloomy coldness, just like the ice cube in the glass. What he wanted to do was to make Yu Tian leave Moro. This was his task, and at the same time, it would also allow him to earn a lot of money.

But now, it seemed that Yu Tian did not want him to get what he wanted. In that case, it was necessary to let him know his identity.

Thus, he said coldly, "We are from the largest mercenary company in Moro. My name is Louis. Before our company took over this mission, we already knew your identity.

"We don't care how powerful you are in the eastern country, nor do we care who you are from the Chu family. In fact, as early as five years ago, the Chu family's influence had already been driven out by the people of this country,

"Because in this place, we have the final say. Even you have to listen to us. However, we don't want to have any conflict with you, so we'll let you leave with dignity and let us complete our mission!"

Although his words were very pretentious, Yu Tian had seen many people like this.

However, before he could figure out who hired them, he had to let them pretend first.

Therefore, Yu Tian helplessly spread his hands and said with a faint smile,

"Then can you tell me who hired you?"

Louis felt that this was a joke and looked at Yu Tian with a ridiculous look. He narrowed his eyes and said coldly, "Do you think we can tell you?"

At this time, the young mercenary next to him took out the plane ticket and slapped it on the table in a very rude manner.

Louis pushed the ticket to Yu Tian and said fiercely, "This is the ticket to the eastern country in an hour. Our company will treat you, and we can also escort you to the plane!"

Yu Tian did not even look at the ticket. He had been on the plane for more than ten hours, and he had only drunk two glasses of wine when he came here. Did he want to send him back?

Why did the wine here taste so good? It was not as good as burning knives in the eastern countries.

He shook his head coldly and said indifferently, "I have been looking for someone to stop me, but I am sure that it is not you!"

Just as Louis wanted to continue pretending, a few men in black entered the bar.

Unlike Louis, they were wearing hats and black gloves.

When Louis saw them, he suddenly became nervous, as if a mouse had seen a cat.

Yu Tian followed his gaze and saw that the men in Black had already taken out their daggers and were charging straight at Louis and Louis.

Seeing that they were charging fiercely, Yu Tian quickly hid to the side. He didn't want to do anything, as long as he didn't spill any blood on his body.

At this moment, Louis and the young man also took out their daggers and fought with the black men.

The men in hats were much better than Louis and the young man, and there were more of them.

In the blink of an eye, the young mercenary's heart was pierced through and he fell into a pool of blood.

Louis was also forced to hide in a corner under everyone's shocked gazes.

The bartender suddenly raised his trolls and shouted loudly, "Hey, all of you,

Stop! This is not a place for you to behave atrociously, all of you!"

Before he finished speaking, a dagger flew past Yu Tian's eyes and pierced through the bartender's neck.

Until now, those who were drinking crazily rushed out of the bar.

Yu Tian was the only one who was still elegantly drinking red wine, showing no signs of fear at all.

The Man in black did not care about Yu Tian and continued to besiege Louis.

Louis brandished his dagger ferociously. At this moment, he was like a prey surrounded by a group of hyenas. Even though he wanted to break out of the encirclement, his arm was still cut and his dagger fell to the ground.

Yu Tian, who saw this, could have taken the opportunity to leave, but he suddenly decided to save Louis'life.

The reason was very simple. No matter what, he had to know who the employer

If Louis knew how to thank him, he would definitely tell him who the employer was.

Just as the dozens of men in black brandished their daggers and charged at Louis.

Yu Tian raised the bottle and smashed it with a punch.

The broken glass was like a dart, piercing into the bodies of the men in black.

Some of the shards even pierced through their bodies and landed at Louis'feet.

When these men fell into a pool of blood at the same time, rolling and screaming, Louis was completely shocked.

He looked at Yu Tian in disbelief, whose expression was still indifferent. He nodded and thanked him.

However, Yu Tian did not care about this at all. He only ordered, "If you want to continue waiting here to fight with them, then I won't Stop You. In any case, I'm leaving now!"

Yu Tian Strode out of the bar, and Louis, who was covering his wound, followed closely behind.

When they turned a corner, the Moro Kingdom's defense forces rushed into the bar in large numbers.

Louis pulled out his belt and tightened it around his arm. This could prevent the rapid loss of blood.

Then, he gnashed his teeth and said, "Those people are from another mercenary company. They have been planning to attack our company for the past few days. We never thought that they would do that!"

"But they really did it. Now I have to rush back to the company. Maybe it has already become a battlefield!"

At this point, Louis looked at Yu Tian and his tone became polite. He said in a very convinced manner, "I didn't expect you to use a bottle of wine as a bullet. I have never seen such a powerful person!"

"If it's possible, I'd like to invite you to the mercenary company. If you help us kill those enemies, I'll tell you who is the employer who wants us to chase you back to the eastern country!"

Yu Tian chuckled and said proudly, "Then don't talk nonsense.. Lead the way!"

Chapter 305 – Chapter 305, Not Having Enough Fun

Thank you readers!

The two of them soon arrived at the mercenary camp. From Afar, they could hear the sounds of intense fighting.

Louis frowned and panted, "I hope we came in time. There were more than 200 mercenaries in our camp, but they dared to attack us. It seems that they have more people than us!"

Yu Tian just nodded casually. Although his expression was very calm, he was very excited.

It was his first time experiencing such a battle.

This was also a refinement of his experience. Normally, he could not buy such experience with money.

But now was not the time to talk nonsense. Yu Tian could tell from his voice that the attacking side had already beaten the defending side to the point that they could not fight back.

Hence, he immediately said in a low voice, "Now, don't introduce your company to me. If you dawdle a little longer, your company will cease to exist. Now, let's split up. I'll enter your camp from the side,

as for yourself, you can do whatever you want. Even if you lie on the ground and pretend to bark, I don't care. But let's make a deal. I'll save your people.

When the time comes, you'll tell me who the employer is!"

With these words, Yu Tian instantly disappeared in front of Louis'eyes.

Louis only looked in the direction where Yu Tian had disappeared from and said in extreme shock, "Oh my God, is he a human or a Ghost?"

Yu Tian quickly entered the camp. The scene before his eyes was a mess. Coupled with the darkness of the night, it was difficult to distinguish who was who.

But he knew that those who came to attack Louis'camp were all wearing hats.

So when he saw those wearing hats, he beat them up, one punch at a time, and one kick at a time.

Bullets and whatnot couldn't hurt him at all, because his speed was too fast, like lightning.

Many mercenaries who saw this figure shouted with fear on their faces, "What is that? Which one of you saw clearly, what exactly is that? What exactly is attacking us?"

At this moment, Louis had already gathered with his men. Fortunately, their commander was still alive.

Although there were patches of blood on his forehead, he still led his mercenaries to fight against the attackers tenaciously.

When he saw Louis, Peter House was very glad to thank God. As he wiped the blood on his forehead, he said, "I didn't think that you were still alive. This is the best news tonight!"

"Take your weapon immediately. Let's fight those people to the end!"

As he spoke, Peter House took his weapon and led his men to fight back.

But Louis stopped him. "Maybe you won't believe me if I tell you. I brought a man. He was like the god of war. In the bar, I was surrounded by more than a dozen people,

"He only used a bottle of wine and injured all of Anthony's men to the ground. Now he has come to help us. The people who are attacking Anthony in the camp. With him around, tonight's battle..., "We will definitely win!"

Peter House looked at Louis in confusion and said with extreme confidence,

"Who is the person you are talking about? Do I know him?"

"You can be considered to know him. This person is the mission you gave me today, Yu Tian from the eastern country!"

After listening to Louis' introduction, Peter House was even more shocked.

From the perspective of the mission, Yu Tian should have hated them, but now he was helping him to beat up Anthony. This favor must be remembered in his heart.

At this moment, the voices in the camp gradually quieted down.

Then, a figure slowly appeared in front of everyone.

House Peter raised his head and looked. wasn't this the person Louis mentioned, Yu Tian?

Everyone quickly surrounded him. Louis said impatiently, 'We were just about to go and help you. How's the battle going in there?'

However, Yu Tian was very impatient. He spread his hands and said unhappily, 'I'm not sure about that. Anyway, all the people wearing hats are lying down now,

I thought that this battle would be very intense. His father fought for a long time and didn't even have an opponent. It's very boring!

Peter Hausen was so shocked that his jaw almost fell to the ground. The others were even more dumbfounded.

Louis's eyes were originally filled with respect, but now they were filled with fear.

'You said that you defeated all the people wearing hats?'

Yu Tian indifferently nodded and said disdainfully, 'Why? Do you think I'm lying to you? I don't. Why don't you go in and take a look? If there are still people wearing hats, I'll continue fighting!'

Just as everyone was shocked speechless, the mercenaries fighting in the camp also withdrew.

Seeing Peter House, they said excitedly, 'Mr. Peter House, our camp has been saved. It's this brave warrior in front of us. He single-handedly defeated more than 200 Anthony's mercenaries.

'Oh my God, when I saw that scene, I thought I saw a Movie!'

Peter House felt that he should express his feelings now, but because of the shock, he could not close his mouth.

He could only punch himself in the jaw and move his mouth. Then he said excitedly, 'Mr. Yu Tian, on behalf of all the mercenaries in my camp, I would like to express my gratitude for your help!'

Yu Tian shook his head and said proudly, 'I don't want gratitude. We have already agreed before that I will help you. Tell me who is the employer!'

If this was what Yu Tian wanted to thank, it would be too simple.

Originally, it was against the rules to reveal the information of the employer to others.

However, Yu Tian was now his savior. He was also the savior of all the mercenaries who worked for him. In comparison, the information of an employer was not that important.

Peter House said without hesitation, "It's Hansen from the Argus family in Lunst!"

Yu Tian laughed when he heard this name.

So it was this Hansen again. He didn't kill him back then, but this guy still dared to show off now.

Moreover, the situation was getting more and more serious. He actually dared to control the port to cut off the Chu family's shipping channel.

If he didn't kill him, then it was really his fault for being soft-hearted.

At this time, Louis sincerely invited him, "Mr. Yu Tian, I apologize for my rudeness before. Now, on behalf of our mercenary camp, I invite you to have a drink. I hope you can do me the honor!"

Yu Tian looked at the time. The plane was already late. Since that was the case, he would first communicate with them to increase their feelings. If he could help him open up this cargo passage, wouldn't that also save him a lot of time?

Chapter 306 – Chapter 306, We'll Go With You

Thank you readers!

At the same time, in Anthony's mercenary company's camp, more than a dozen injured mercenaries in the bar stood dejectedly in front of a middle-aged man.

A mercenary slowly took off the hat on his head and said angrily, "Mr. Anthony, we were ambushed this time. At that time, we only wanted to kill Louis,

however, we didn't expect that Easterner to ambush us from behind. He even saved Louis. If I see him again, I will definitely kill him myself!"

Anthony's expression was especially calm. Everyone knew that he was not someone who was willing to be angry. It was because of his calmness that he was always able to obtain the greatest benefits in all kinds of battles.

This was also the reason? Everyone was willing to follow behind him to make a living.

Anthony was helpless as he stroked the short beard on his chin. He said in a deep voice, "When I was thirty years old, I founded this mercenary company. Before that, I was a commander of the superpower,

“You were all my subordinates at that time. After that, you all continued to follow by my side. You came here to make money. No matter what kind of competitors you were, we didn't put them in our eyes,

today, we launched an attack on Peter House's mercenary company. As long as we annihilated all of them, the mercenary business of this country would be ours from now on,

however, at such a crucial time, how could you let an Easterner ruin our plan? If you could kill Louis, Peter House's camp would lose more than half of its fighting strength.

But now, I have ordered others to attack them. Their camp has probably been taken by US since the start of the battle. Seeing that I'm in a good mood, I forgive you this time,

next time, if you do this again, get out of here. I will never give my money to a bunch of useless trash!

The mercenaries lowered their heads in silence. Anthony was a man of his word. Because of his calmness, he was also a man without emotions.

At this moment, outside the camp, a few mercenaries ran in panic. They were covered in wounds.

When they came to Anthony, they all sat on the ground.

Anthony frowned and looked at them coldly. He asked coldly, “What happened to you? Did you take down Peter House's Camp?”

The mercenaries shook their heads in fear. One of the mercenaries said in a

trembling voice, “We were about to win. We had already beaten Peter House out of the camp”

However, an Easterner appeared out of nowhere. This person was like a devil. We couldn't even see his shadow. Everyone who went to attack the mercenary camp was knocked down by him.

“We were the ones closest to the retreat route, so we barely made it back. As for the others, they were probably killed by Peter House's Men!

Hearing this, Anthony flew into a rage. His eyes were bloodshot.

“It's that Easterner again. Who is he? If it wasn't for him, Peter House's camp would already be mine. This damn bastard, I want you to immediately gather information about this easterner,

“I want to know who he is. Then, I'll use my dagger to personally cut off his

At this moment, in Peterhouse's camp.

Anthony's injured mercenaries were all gathered together, but Peterhouse did not give the order to kill them.

He and Louis were accompanying Yu Tian as they sat by the campfire and drank wine.

Peterhouse looked at the dilapidated camp and sighed. “Every blade of grass and every tree here is my blood and sweat. Seeing Anthony destroy them like this, it's as if my child was beaten by him!

Yu Tian was not in the mood to listen to him lamenting about this. Since he already knew who the employer was, and he had drunk the wine, it was time to go to Port Dan.

Louis looked at his bandaged wound and said dejectedly, “We all know what kind of person Anthony is. Tonight, Yu Tian helped us defeat them,

“Anthony will definitely think of revenge. Based on my understanding of him, he will definitely chase after Yu Tian. Peter House, I think we should send Yu

Tian to Port Dan,

“He helped us before, and now we have to help him too! “

Peter House agreed with Louis's suggestion and said without thinking, “I think so too. Moreover, our camp is almost destroyed, and many of our brothers are injured,

“It seems that we can't stay here anymore. In that case, we'll move the camp to Port Dan. I have many good friends there who can help me rebuild the camp! “

Yu Tian felt that this was especially good. He didn't even have to say anything. They took the initiative to work for him.

What reason could there be to refuse?

Moreover, he also discovered that these mercenaries from Peterhouse were particularly Valiant.

Previously, when they fought in the camp, there were only a few dozen of them, but they dared to fight Anthony's hundreds of people to the end. With this courage, this mercenary company still had some strength

With them as his bodyguards, he could be considered prepared.

Since he had already made this decision, Peterhouse immediately ordered the remaining mercenaries to immediately bring all the useful things in the camp. Throw away all the useless things and follow them to Port Dan on a rainy day.

As for Anthony's mercenaries, in order to not let them continue to oppose him, Peterhouse gave Louis a look.

Louis nodded and immediately left with his men.

Yu Tian knew what the look in Bighouse's eyes meant?

This was a problem between him and Anthony, so he didn't have to get involved. They could do whatever they wanted.

When they left the camp, there was the sound of gunfire behind them.

Under the lead of Peter House, Yu Tian followed hundreds of mercenaries to a very remote airport.

However, there were several large transport helicopters here.

Peter House introduced to Yu Tian, "This is what we usually use for missions. Now we can use it to take us to Dan a port!"

It was still useful to know more people. Although none of the 108 sisters were in Moro, Peter House was a real local boss here.

It was much easier to complete the mission with his help.

Everyone boarded the transport plane, and soon there was a roar.

In the blink of an eye, it was six o'clock in the morning. The transport plane also landed in a remote airport.

Yu Tian got off the plane and heard the sound of waves in the distance..

?Chapter 307 – Chapter 307, Directly Buying The Company

Thank you readers!

Dan a port was the largest port city in Europe. It occupied the main channel and was surrounded by the sea on three sides. The scenery was beautiful.

Louis seemed to have become a tour guide. After getting off the plane, he began to give Yu Tian an introduction.

“This is the best beach in Moro. Moreover, you will see all kinds of beautiful women on this beach. Every year, we will come here to hunt. It feels great!”

Hearing this, Yu Tian was very excited. However, now was not the time to play. He had to settle the port here first so that the ships of the Chu family could pass through smoothly. Only then would he be in the mood to play.

Peter House's good friends had already prepared to welcome him and introduced a new camp to Peter House.

Yu Tian didn't want to get involved in these matters.

He had to go to the largest port base here and see what the people there meant?

How could he let those ships pass?

Peter House asked Louis to bring twenty mercenaries and go with Yu Tian.

Afraid that Louis didn't understand what he meant, Peter House specifically instructed, “Although we are no longer the boss of Moro city, we are still the boss here,

“If the people at the port can't give Yu Tian a satisfactory answer, you know what to do!”

Louis nodded and sneered, “Of course, we will see what Yu Tian wants. If he wants, we definitely don't care about directly occupying this port!

Yu Tian was a little surprised. were these mercenaries saying that they were arrogant or that they were domineering.

The largest port in the world, and they took it just like that. were they mercenaries or pirates?

Louis also saw Yu Tian's confusion. As they walked, he explained, “What you see is just the surface. This place has the most beautiful scenery, but it's not quiet here,

“There are armed forces everywhere, and there are many extremist organizations. That's why we are mercenaries in this country. Sometimes, we will use some special methods against certain people,

“Moreover, the managers here will tacitly agree with us to do so. After all, when they need us, we will provide them with the best service. This is a kind of transaction in itself!

Yu Tian nodded indifferently and smiled. “Actually, we don't need to make such a big scene. I just want you to make money and do business. It has nothing to do with those forces and organizations!”

Soon, they arrived at the entrance of the cargo port. A few security guards standing under the coconut tree immediately surrounded them.

Especially when they saw the more than twenty mercenaries behind Yu Tian, each of them holding long and short weapons with an imposing manner, their hearts felt a little afraid.

Yu Tian also saw the fear on their faces and chuckled, "You don't have to be afraid. We're not here to fight. I want to see your port boss. My name is Yu Tian, and I'm from the East!"

The security guard immediately took out his phone. After saying a few words, he turned around and said to Yu Tian expressionlessly, "I'm sorry, sir. Our boss is not at the port, but his secretary has already made arrangements for you."

As for when they could meet, that would depend on our boss's wishes. Now, please leave!

Yu Tian only smiled slightly. He did not take this rejection seriously at all.

He waved his hand at the security guard and called him to the side. Then, he took out the 500-meter-long knife and stuffed it into his hand.

The security guard even rejected him a few times, but in the end, he still put the money into his pocket and his tone became more polite.

"Sir, you are too kind. Our boss is really not here, but I will help you keep an eye on him. If the boss comes, I will tell you immediately!"

Yu Tian patted his shoulder gratefully and said in a low voice, "Actually, I still want to know the name of the boss of this port. How is his strength here?"

The security guard looked around sneakily and said softly, "His name is Gaskell, the richest man in Daner port. The entire port is his, and he has cooperated with some armed forces here,

"Even the pirates in the strait have to give him some face. Therefore, many cargo ships will pass through here safely, even if they have to pay a high navigation fee!"

Yu Tian narrowed his eyes and nodded, then, he asked, "Then where does he like to go most of the time? Don't misunderstand me. I just don't want to waste too much time. It would be best if I could see him outside the port!"

The security guard didn't think too much about it and said directly, "His favorite place is the Coconut Island nightclub. Because there are girls he likes there, he goes there almost every day!"

He had asked all the questions he needed to ask. Yu Tian immediately brought Louis and the others back to the city.

Peter House, who had already chosen the location of the camp, especially booked a better place in the restaurant here. He invited Yu Tian to have lunch with him very ceremoniously.

During the meal, Yu Tian asked while eating, "Do you know a place called the Coconut Island nightclub here?"

Peter house smiled and said, "Of course we know. That's the best nightclub here. It's a place where the real rich go. It's said that a visit there costs more than 100,000 dollars. We've never been there before!"

Yu Tian smiled disdainfully and said, "Since you've never been there before, I'll invite you to go today. But you have to change your clothes first. How about from now on, I'll hire you?"

At this point, Yu Tian directly opened the financial system on the phone. After asking Peter House's username, he directly transferred 10 million dollars to him.

This money was simply too useful to Peter House.

Now was the time to create a new camp. There were places where money was needed everywhere. With this 10 million dollars, the camp could be built immediately.

Peter House raised his wine glass and expressed his sincere gratitude to Yu Tian.

However, Yu Tian shook his head and said with an indifferent smile, "You may not understand what I mean. This money is only used to hire these people. As for your mercenary company, my idea is very simple, sell it to me!"

Peter House and Louis were stunned on the spot. They were even a little surprised and did not know what to say.

At most, others would hire them to do some missions?

However, it was better for Yu Tian to directly buy their company. The more they thought about it, the more shocked they were.

After a long while, Peter House said, "Of course, we created this mercenary company to make money. If you want to buy it, we can still talk about it!"

What was there to talk about? That was simply a waste of time.

Yu Tian asked straightforwardly, "Just tell me the number, and then we can trade right now!"

Chapter 308 – Chapter 308 Was To Be Happy

Thank you readers!

Yu Tian's idea was very simple. If he didn't solve this port this time, he would continue to threaten the Chu family in the future.

Even if he solved Gaskell, a second or even a third would appear.

Therefore, not only did he have to buy the mercenary company, he also had to buy the port and hand it over to Peter House and the others to manage. It was the best of both worlds.

Peter House thought for a while and slowly said, "Since that's the case, I Won't hide it from Mr. Yu. Actually, I opened this mercenary company not just for myself to make money,

"But for my brothers. They followed me through life and death. Each of them had their own difficulties. The mercenary company isn't worth much,

it was just a venue and a place to eat and sleep. My brothers followed me for a guarantee. In the end, it was very simple,

as long as you let everyone get a sum of money, you will be our boss in the future. I have also considered this number. For the existing mercenaries, you only need to pay them six million dollars each,

"These people will be completely under your command in the next five years. After five years, new mercenaries will join. At that time, we can sign a contract with them!"

This was very fair. Yu Tian did not have any objections. He smiled indifferently and said, "This is not bad. It is very simple. Now that you have a hundred mercenaries, the total is six hundred million dollars, this price is also very reasonable. In my hands, it's only a year's expenditure! Yu Tian did not hesitate to transfer the 600 million dollars to Peter House.

This money was spent without blinking. Peter House and Louis could be considered to have seen the world. However, in front of Yu Tian, they felt like a tall mountain that could never be seen.

And from now on, the entire mercenary company was Yu Tian's.

Peter House said respectfully, "Boss, now you can give us your first order!"

Yu Tian shook his head and said proudly, "I don't have any orders for you. Soon, I will buy the biggest port outside the window. Then, it will be your camp!"

"You just need to help me guard this port. All the mercenaries will listen to your orders. If I need you, I will summon you!"

The more they said, the more shocked they were. It had already cost 600 million dollars to buy the mercenary company. Yu Tian actually wanted to buy the largest port in the world. How much would it cost? That was simply an astronomical figure.

This also made the two of them have to think about one question. How much money did Yu Tian actually have?

Cut the crap. Under Yu Tian's request, Peter House and the others immediately took off their battle clothes and changed into decent black suits. They had become Yu Tian's bodyguards and were no longer mercenaries.

In the blink of an eye, it was night time. Yu Tian and the others arrived at the entrance of the Coconut Island nightclub.

Before they could enter, two guards at the entrance stopped them.

One of the men, who was more than two meters tall, first looked at Yu Tian with disdain, and then at Peterhouse and the others behind him. He said in a deep voice, "Are you guys here to play or to cause trouble?"

Yu Tian chuckled, he said indifferently, "Nonsense. We're here to spend money. Tonight, we're going to spend a lot of money here and hook up with a lot of girls. Why? Do you want someone to hook up with you too? It's a pity that I don't like you!"

After being scolded by Yu Tian, a helpless expression appeared on his face. He said, "We're only open to members here, but I've never seen you before, so you can't enter!"

Before he could finish his sentence, Yu Tian suddenly punched the man's chin.

The man, who weighed more than 200 kilograms, was directly thrown into the room from the door.

Another man, who was about to attack, was kicked by Yu Tian until he fainted on the spot.

Yu Tian clapped his hands and said proudly to Peter House and the others, "Trash like this, don't make me fight again in the future. If you want to fight, then fight. You Don't have to be polite with me!"

Peter House and the others looked at each other and didn't know whether to laugh or cry.

It wasn't that they hadn't seen Yu Tian's skills before. These two guys were courting death.

At this moment, Yu Tian had already pushed open the door and entered the nightclub. Everyone followed him in.

No wonder it was said that this was the world of the rich. The decorations were extremely luxurious, and the scene was especially hot.

Hot and sexy beauties were everywhere. The explosive music stimulated everyone's nerves, as if this place was a paradise of indulgence.

Yu Tian went directly to the middle seat, and then sat down on the sofa.

At this time, the manager of the nightclub rushed over. He first looked at Peter House and the others, and tried to be as polite as possible, Yu Tian said to him like a slave, "Sir, your seat has been reserved. Could you please sit in another

This seat was the best and most eye-catching seat in the entire venue. Yu Tian did not intend to change it. Instead, he said indifferently, "The seat that I'm sitting in is mine. I don't care who reserved the seat"

"Don't dawdle with me either. Open fifty bottles of your most expensive wine. If you have anything to eat, bring it up to me. Girls, call for me!

Before the manager could speak, Yu Tian nodded to Louis.

Louis did not say a word. He placed the black suitcase on the table. After opening it, it was filled with cash.

Yu Tian casually grabbed a few stacks and threw them into the air.

When the money rained down, the whole place was shaken. Those reserved girls rushed up crazily, fighting for the cash that fell to the ground and floated in the air, completely disregarding their image.

The manager wanted to stop them, but he was slapped to the ground by a girl with a big mouth.

However, Yu Tian grabbed his collar and brought him in front of him. He said indifferently, "I'm happy to be here today. Of course, you can also choose to let me come here to fight and cause trouble,

if you don't want this nightclub to disappear, immediately light up the things I want. Hurry up, I don't have that much patience!

With that, Yu Tian grabbed a few stacks of banknotes and pressed them directly on the manager's face.

The manager was about to cry. He couldn't spend money like this.

But he didn't want to waste this money.

He immediately put the money in his pocket, turned around, and arranged for the waiter to quickly get the wine.

At this time, the girls who had robbed the money all surrounded Yu Tian..

?Chapter 309 – Chapter 309 Was Just That Crazy

Thank you readers!

Yu Tian immediately reached out and stopped the girls from approaching. There was only one reason. The perfume on his body smelled so bad, like expired coke.

He poured the money in the suitcase onto the table, crossed his hands, and said indifferently, "Make the bodyguards behind me happy, and this money is yours!"

Louis and the others were overjoyed. They didn't expect to have such a good life with Yu Tian, the boss. This was the life they wanted.

Everyone chose the girls they liked and went to the side to flirt.

The most expensive drinks were also served. Red Wine, beauties, beautiful scenery. Louis and the others were so happy that they couldn't close their mouths, except when they kissed the girls.

The rich people around all thought that this man from the eastern country was too arrogant. Even if he was rich, he couldn't be so pretentious.

At this time, the manager personally brought a fruit plate to Yu Tian and said enthusiastically, "Sir, if you need any more service, just let me know!"

Yu Tian's arrogance was just to let the people here think that he was a person who could do as he pleased. That way, they wouldn't think that he came prepared.

Especially this manager, who had been smashed by money until he could not raise his head.

Thus, Yu Tian asked arrogantly, "I heard that the richest person in Daner Harbor, Gaskell, often comes to your nightclub to play. I would like to see, is he rich or Am I Rich?"

Is He here now?"

The manager smiled so much that only a crack remained in his eyes. He nodded and bowed as he said, "Sir, you are definitely richer than him. Every time he comes here, he orders the cheapest wine, but he still has to maintain his status, so every time he comes, he has to sit where you are sitting now. But today, he hasn't come yet, but the woman he likes is here, so he will definitely come today!"

"Alright, you can leave now. I'll call you again if there's any service!"

As he spoke, Yu Tian picked up a wad of money and threw it at him.

The manager kissed the wad of money with all his might and left happily.

At this moment, Gaskell brought his bodyguard and arrived behind Yu Tian.

When he saw that his seat was occupied by an Easterner, Gaskell's face darkened, making his wrinkled face appear even more distorted.

The bodyguard quickly brought the manager over and said angrily, "Do you F * cking want to die? Have you forgotten that that seat is reserved exclusively for our boss? How dare you let someone else sit on it?"

The manager said with a wronged expression, "Mr. Gaskell, this gentleman has been waiting for you all this time. Moreover, the strength he displayed was very strong, just like a madman. We really can't afford to provoke him!" Gaskell gritted his teeth and frowned. He shook his head at the bodyguard.

The bodyguard kicked the manager away and then came in front of Yu Tian. He said very arrogantly, "Hey, you Shorty from the eastern country, this position belongs to my boss!"

"Get out of my way now, or I can kick your ass at any time!"

Yu Tian just smiled indifferently and said disdainfully,

u

So your legs are pretty good? I'm sitting here, kick it for me to see!"

The bodyguard glared angrily and reached out to pull Yu Tian.

Yu Tian did not move. When his hand reached out, it was locked by him. He pulled and pushed the bodyguard again and again. The bodyguard flew out and knocked over several tables.

Gaskell frowned and his gaze turned cold.

This Easterner's skills were so good. Could it be..

Before he finished speaking, the other bodyguards beside him also rushed forward. However, at this moment, Peterhouse waved his hand and more than 50 mercenaries surrounded him.

The few bodyguards who were originally arrogant immediately softened when they saw so many people.

Only Gaskell could remain calm. Instead, he asked coldly, "I think this gentleman, you must be Yu Tian!

Yu Tian did not even turn his head. He directly beckoned with his finger and made Gaskell sit beside him.

Gaskell was even more furious when he saw this gesture.

He thought to himself, are you calling me a man or a dog?

Meanwhile, Peter House gave him a rude push, but Gaskell still sat beside Yu Tian helplessly.

Yu Tian didn't even look at him. He just looked at the red wine in his hand and said elegantly and indifferently, "So you're Gaskell. You've made such a big scene that I have to come to Moro in person,

"And I've wasted so much money just to see you. But it doesn't matter. Any-vvay, all this money was taken from your pocket, so there's no need to talk nonsense. I'll only ask you two questions,

"First, why didn't you let the Chu family's freighter pass through your port and Sea Route? Second, who made you do this?"

Gaskell kept staring at Yu Tian coldly. He didn't want to answer his questions at all. Instead, he was fearless and said arrogantly, "I won't answer any of your questions,

"If I want to do this, no one can stop me, and no one has the right to command

"In that case, you don't want to cooperate with me, right?"

Yu Tian looked at him coldly and said proudly, "If you don't cooperate with me, then you are my enemy. Originally, I wanted to give you some face, but you don't want to give face. Then you can't Blame Me!"

At this point, Yu Tian turned his head and gave Peter House a look.

Peter House immediately nodded and ordered his men to chase away all the other customers, waiters, and so on in the bar on Coconut Island.

When the music stopped abruptly, they were the only people left in the huge nightclub, which seemed very empty.

Gaskell was still very calm at this moment.

He didn't believe that Yu Tian would dare to do anything to him. After all, he was now strangling the throat of the Chu family. If he dared to play hard, then the Chu family would suffer the losses in the end?

Thinking of this, he slowly stood up and said disdainfully, "Since you like sitting here so much, then you can just sit here. I'm not in the mood to continue playing here!"

After saying this, Gaskell raised his foot and was about to leave.

At this moment, a golden light suddenly flashed from Yu Tian's hand. A golden needle directly pierced into Gaskell's lower back.

Gaskell felt a burst of unbearable pain behind him, and then his lower body completely lost consciousness and fell to the ground with a plop..

?Chapter 310 – Chapter 310 Was Just For Fun

Thank you readers!

Gaskell fell to the ground in front of everyone's shocked gazes. Every single strength that Yu Tian displayed shocked them.

However, Yu Tian was indifferent, as if everything was as it should be.

He got someone to drag the Pale Gaskell to the front and coldly said, "Do you think the Agras family is ruthless, or Am I more ruthless?"

Before Gaskell could speak, the door of the bar was blown open.

The violent explosion and the blinding smoke instantly filled the entire bar.

Peter House was the first to surround Yu Tian. Louis and the others also took out their weapons and aimed at the door.

Yu Tian did not even blink. He even pulled Peter House to the side and said disdainfully, "Don't block my sight. I want to see their expressions when they enter the room!"

Just as Peter House did not know whether to laugh or cry, more than ten masked men carrying rocket launchers rushed in from outside the door and aimed at Yu Tian and the others with murderous intent.

Following behind them was a middle-aged man in a suit and leather shoes. He had a cigar in his mouth and a cross scar on his forehead. He walked into the bar with a gait that did not recognize his family.

When he saw who it was, Gaskell's pained expression even revealed a hint of a cold smile.

Yu Tian looked at the scarred man and wanted to give him a kick. Seeing his walking posture made him unhappy.

The man approached Yu Tian. Although he had a smile on his face, his tone was as if he had ascended to heaven. "Your name is Yu Tian, right? Welcome to this damnable place, Danierport!"

"An old friend of mine asked me to give you a message. Don't think that Danierport will continue to be open to the Chu family unless you agree to let each of the 108 sisters of the Chu family sleep with him once!"

Yu Tian just smiled and did not say anything. He did not have the intention to fight with the rocket launcher.

Moreover, he was not alone here. He had to think for Peter House and the others.

The man became even more unscrupulous because of Yu Tian's silence. He continued with an evil smile, "My name is Lambert. From now on, this name will be your nightmare for the rest of your life,

"In my territory, you have no right to speak. Seeing that Hansen wants you to die slowly, I will let you leave today. Before midnight, my people will use rockets to watch you leave,

"Don't try to play those tricks with me. You Can't beat me. Also, Gaskell is my boss. I will take him too. You Won't have any objections!"

With that, Lambert's men snatched Gaskell away from Louis and the others.

Lambert also saw the Golden Needle on Gaskell's neck. This guy reached out and pulled it out.

Yu Tian's eyes flashed. How was he going to pull it out?

Lambert felt that it was just a needle. What was so great about it?

However, the moment his hand touched the golden needle, an inexplicable force erupted directly from the golden needle.

Lambert did not even have time to stop. He was forced back several steps by the force and almost fell to the ground. His arm was numb.

He looked at the golden needle in shock and then looked at Yu Tian. He said angrily, "It was you. Do You Want to Die?"

Yu Tian spread his hands helplessly and slowly stood up. He came to Gaskell and said with a faint smile, "Can I say a few words now?"

"Actually, your request isn't too much. My appearance has already made all of you very nervous. Otherwise, you wouldn't have pointed the rocket cannon at me. But if you want me to say it, you'd better think it over carefully. Do you really want to be my enemy?"

After saying that, Yu Tian easily pulled out the golden needle, and Gaskell also fainted on the ground.

Yu Tian then said to Peter House and the others, "Now, this is the other party's decision. Let's leave!"

After saying that, Yu Tian took a step and left. Rembert immediately signaled for his men to follow.

If they wanted to follow, they could follow.

Yu Tian was not thinking about their rocket launchers, but about Rembert's influence here?

As for those rocket launchers, when they passed by a park, they were all pondered by Yu Tian.

Peterhouse narrowed his eyes and said in a low voice, "It seems that Rembert is the armed force here. Even Gaskell wants to support him. Now, we have become passive!"

However, Yu Tian just smiled indifferently and said, "Originally, we didn't take the initiative. It's just that we have an additional enemy. Now you guys can move freely. It's

more convenient for me to be alone. The target is also small!a€? a€?Okay, then you be careful. We will wait for your orders at any time! a€?Peter House instructed and left with his people.

At the same time, Gaskell woke up in the hospital, but his body still didn't feel anything.

Lambert, who was standing by the bed, looked at him as if he was a clown. With a cigar in his mouth, he mocked, a€?Mr. Gaskell, you might have to spend the rest of your life in bed!a€?

a€?But this doesn't affect you from earning more money. Otherwise, I wouldn't be standing here!

Gaskell clenched his teeth so hard that they were about to break. His eyes were like hungry zombies as he said furiously, a€?Kill Yu Tian. I want you to kill him, no matter how much it costs!a€?

However, Lambert shook his head and flicked the ashes elegantly. He said coldly, a€?Hansen means to let him live. What you need to do is to continue to block the shipping route!Y'

a€?Although you've provided me with financial support many times, it's up to Hansen whether the funds can be exchanged for what I want. You can continue to rest now. I'll take over the port!a€?

After saying that, Lambert left without looking back. The Angrier Gaskell was, the more desperate he felt. All he could do was to endure.

At this moment, in the beach park, Yu Tian received the information Chu Meng had sent him.

Lambert was the leader of the Black Front's armed forces in Moro.

He controlled more than 70% of Moro's underground businesses and had thousands of men under him. All of them were bastards who were not afraid of death.

After obtaining Gaskell's funding, Lambert bought a large number of weapons from Hansen and took control of Daner Harbor. Yu Tian asked, a€?Is there no hostile force here?a€?

Chu Meng said over the phone, a€?I risked my face to ask for this information. It's already good enough to have this. You can do the rest yourself. Isn't it easy for you to kill Lambert? !

Yu Tian said helplessly, a€?It's easy to say. What's the point of killing him? Hansen is behind it. I still don't know what Hansen is up to?

“And now, everyone in the city wants to fuck me with rockets. Do you think I'm playing around here?”

Chu Meng laughed, “You still dare to say that you're not playing around? I can hear women laughing on the phone right now!”

Yu Tian turned around and saw a group of bikini girls going for a swim. Their figures were really domineering..

Chapter 311 – Chapter 311, Serial Assassinations

Thank you readers!

Seeing so many sexy girls, Yu Tian licked his lips and chuckled, “Alright, I'm going to flirt with a girl first. We'll talk about it later!”

After hanging up, Yu Tian looked around. There was no one around. He chuckled and said, “How could I let go of such a good opportunity? I'll have fun when I can, and I'll have fun when I can!”

“Moreover, they came to me voluntarily. How can I not want them?”

Thinking of this, Yu Tian also came to the beach and laughed loudly. “Hey, Beauties, let me join you too!”

The women laughed loudly and did not reject Yu Tian's suggestion. Two of them even winked at Yu Tian.

Yu Tian came to a woman and shook his hair. He first untied his collar and said in a carefree manner, “I originally thought that this night would be a boring one, but that Guy Hansen is really interesting!”

“He called so many beautiful girls for me. I have to thank Hansen!”

As soon as he said that, the girl's smile disappeared. How did Yu Tian figure out their identities?

At this moment, the two girls behind him pulled out their daggers and jumped up to stab Yu Tian.

Yu Tian did not even Dodge. He used his inner energy and pushed them out, falling on the beach.

He even smiled smugly and said, "What kind of dagger do you ladies play with? Your hands are only suitable for cooking and washing our men's pants and?? stock!"

At this moment, these ladies were no longer sexy beauties. They had all turned into cold-blooded killers, glaring at Yu Tian with murderous intent in their eyes.

Since they did not make a move, Yu Tian did not make a move either. Instead, he teased them indifferently, "I don't even know what you guys are thinking. Where would a woman come to swim and hide a dagger under her clothes?"

"Why? When you're ready to swim, do you want to kill a shark or something?"

"Do you really think I'm blind and can't see?"

The girls looked at each other. This target's observational ability was actually so good?

Under the premise that the sky was so dark, they could see the dagger they were hiding.

But that was not a big deal. They took Hansen's money to cripple this person.

Without further ADO, the ten girls rushed towards Yu Tian at the same time.

However, the corners of Yu Tian's mouth curled up. What was there to fight with a bunch of women? He forcefully inserted his foot into the sand and kicked it hard, causing the sand to fly up.

The moment they covered their eyes, Yu Tian gave each of them a big mouth.

At the same time, he snatched their daggers and squeezed them into a ball. Under the terrified gazes of the girls, he threw it at their feet.

When the female assassins saw this, the strength that Yu Tian displayed had completely exceeded their imaginations. It was simply impossible for them to be his match.

They exchanged glances and turned around to run.

Yu Tian looked at their disappearing figures and smiled helplessly. "Why are you running so fast? I didn't even think of chasing after you! There was no need to stoop to their level. Right now, they had to first find Lambert, kill him, and then kill Gaskell. In short, one sentence.

"Whoever tries to stop me, I'll kill them!"

However, just as he finished his sentence, a person walked over from behind. Yu Tian did not even turn his head around, but he knew that this person was an expert.

The beach was so soft, and the sand was crunching under his feet. This guy's leg strength was pretty good.

When he turned his head around, he saw that the person was very young. He was at most in his thirties. He had bronze -colored skin, and his muscles were firm. He was also wearing a hood. His small braided braids were swinging around the edge of the hood, making him look very flustered.

The man came to Yu Tian and slowly took off the hood. His face was covered with tattoos. He looked at Yu Tian even more viciously.

After waiting for a long time, this guy did not make a move or say anything. He just looked straight at Yu Tian.

Yu Tian shook his head helplessly and said disdainfully, Hansen asked you to fight, not to pretend to be a statue. Why Don't you put on a pose? Look at me. Will it make you feel good?a€?

As soon as he finished speaking, the man suddenly flashed and kicked Yu Tian's head with lightning-fast speed.

Yu Tian only took a step back and easily dodged it.

With just one move, he could tell that this guy was using the battle dance, a kind of martial arts that looked like dancing and fighting.

However, Yu Tian only smiled indifferently. The kick was beautiful, but it was useless and full of flaws.

Fighting with him was a waste of time.

That fellow swayed unsteadily as he stepped on the dance steps and rushed up again.

Yu Tian yawned and watched him gloat in boredom.

This fellow jumped up and down. His leg techniques were indeed not bad.

Seeing that Yu Tian only dodged and did not make a move, this fellow became anxious. He clapped his hands and swung his legs as he shouted, a€?Make a move, you trash. Let me see your Eastern martial arts!

Wasn't it easy to make a move?

Yu Tian suddenly stopped smiling. His figure flashed and he directly rushed to the front of the man.

The man was shocked. Under Yu Tian's murderous gaze, the formation was completely thrown into chaos.

There was no need to be polite with this fellow. Yu Tian punched his neck and directly broke his artery. He did not even make a sound as he fell on the beach and died.

Yu Tian clapped his hands and said proudly, "Don't dance in your next life. Go sing. You'll die quickly if you dance and fight!"

A wave of sound was heard, and the night became even darker.

Yu Tian looked at the sky.

"Is it going to rain? Let's Find a place to sleep first!"

When Yu Tian came to the city, he felt that it was very strange.

Neon lights flashed everywhere, but there was no one around.

He walked into a shop and took whatever he wanted. No one was watching.

Yu Tian took a drink and drank it while thinking, where are all the people here? Did someone arrange this on purpose, or did they just vanish into thin air?

At this moment, a cold axe suddenly flew out of the window, smashing the glass and slashing at Yu Tian.

Yu Tian dodged to the side as if it was a game. The axe brushed past him and plunged into the wall.

Following that, a man in tight black clothes and a skull mask jumped in from the broken window. He held an axe in one hand and rushed forward to chop without saying a word.

The axe whizzed around. It was extremely fast and powerful. Yu Tian drank his drink and dodged continuously. He did not put the axe man in his eyes at all.

That Beast, Hansen, had really put in a lot of effort for him. He had even connected one killer after another.

At this moment, the axe man also knew that his speed could not be compared to Yu Tian. He switched from swinging an axe to throwing an axe.

"One, two, three!"

Yu Tian dodged as he counted. In the blink of an eye, this guy threw out thirteen axes.

Yu Tian could not help but ask in surprise, "Brother, how many axes are stuffed into your skinny pants?"

The masked man threw out the last axe, but it was caught by Yu Tian in one hand.

Seeing this guy somersaulting like he was having a stroke, Yu Tian also threw out the axe, accurately hitting this guy's heart.

The masked man fell in a pool of blood and stopped moving..

Chapter 312 – Chapter 312, World Championship

Thank you readers!

After killing the masked man, Yu Tian picked up a piece of cake, ate it while walking to the window, and looked up at the sky.

Sure enough, there was a drone hovering above his head.

Yu Tian smiled calmly.

If there was no drone, how could those useless people know where he was?

Since they liked looking at him so much, he should at least give them a pose or something.

After thinking for a moment, Yu Tian directly gave the drone a middle finger.

At this moment, on a super large luxurious cruise ship near the sea area of Port Dan.

Thousands of wealthy people from all over the world were watching this massacre.

Hansen, who was looking at the big screen and giving himself the middle finger, smiled coldly without the slightest bit of anger.

At this moment, Lambert came in front of the big screen and said in a humorous tone, "Ladies and gentlemen, the previous warm-up match is enough. Next, it's time for the main show to begin,

"Tonight, we have prepared 50 slaughter matches for all of you. The entire Dan'er harbor is a slaughter venue. While all of you are enjoying the match, we will continue to accept your bets,

“After all, this is a slaughter match. It's a kind of exciting and exciting gambling match. Why Don't you win some money to buy something for your lovers?”

“Finally, we thank Mr. Hansen of the Agras family for presenting us with this exciting game!”

Amidst a wave of screams and applause, Hansen, who was in a suit and tie, came to Lambert's side with a proud face.

He first gave Lambert a hug and then said with a steady smile, “Thank you for accepting my invitation to participate in this gamble. As my good friend Mr. Lambert said..,

“This is an exciting competition. I'm sure you all don't know Yu Tian's identity, but you all must know the Chu family. That's right, Yu Tian is a member of the Chu family”

“Legend has it that I, the protector of the 108 sisters of the Chu family, even closed off the sea lanes of the Chu family in order to allow him to participate in this competition”

“Therefore, this slaughter competition is extremely rare, and it is also one of the most exciting. Although Yu Tian's identity is special, he is nothing but our plaything now,

“Everyone can enjoy the process of him being killed by his opponent to their heart's content. At the same time, I accept the minimum bet of 50 million dollars. Thank you, everyone!”

The more these rich people heard, the more excited they became. One after another, they whistled and screamed loudly.

Lambert continued, “Ladies and gentlemen, the Challenger I'm going to introduce to you is called the monster!”

On the big screen, a helicopter suddenly appeared in the sky, with a large container hanging below it.

Lambert said, “This guy lives to kill. In the thirty years he was on the African plains, he killed thousands of people. He is a monster who doesn't know pain,

“Therefore, we have to put him in a box. Otherwise, his parents, who were killed by him, will remind us to stay away from this monster,

“However, in order to make everyone feel more excited, we will throw this monster to Yu Tian in five minutes. Now, you can decide who you want to bet your money on.

Everyone started to discuss.

[a€?I will bet on Yu Tian because I think no one can kill him!a€?

[a€?No, I will choose the monster. A human's physical strength is limited. Yu Tian has already killed several people. I absolutely don't believe that he can continue!a€?

[a€?You are right. I don't think Yu Tian has any strength at all. He is always dodging. He can't Win Like This!a€?

In another cabin, Lambert said to Hansen excitedly, a€?We've already earned nearly six billion dollars from the broadcast for the underground casinos all over the world,

[a€?Now, I only hope that Yu Tian can persevere. That way, we a€?ll earn even

Hansen drank a mouthful of red wine and said without changing his expression, a€?He'll persevere, but when he earns enough money for me, he'll still be killed. Otherwise, wouldn't it be a waste for me to set up this gambling game?a€?

Lambert quickly flattered him and said with admiration, a€?Only you can make this kind of bet that can use the resources of the world. If it were me, I wouldn't even have the guts to think about it!a€?

[a€?You also contributed to said with great pleasure, a€?Without your strength here, I wouldn't have been able to do it. For this bet, you turned the entire port of Daner into a competition grounda€]

a€?After this bet, the weapons and equipment you want will be immediately placed in front of you. I believe that soon, you will be the biggest armed force in Moro. At that time, the entire country will be yours!a€?

The two of them looked at each other and laughed arrogantly.

Yu Tian had just left the shopping mall when he heard the buzzing of the helicopter.

He looked up and said with a calm smile, a€?What fresh goods did you send me this time?a€?

As soon as he finished speaking, the container fell heavily onto the ground from a hundred meters in the air.

The moment the door of the container was slammed open, a bare-chested man with thick fur and a height of nearly two meters barked his teeth and rushed out in anger.

When this guy saw Yu Tian, he didn't say anything. With a furious roar, he rushed toward Yu Tian like a wild beast whose hair had gone mad, shaking the ground.

He was really a fresh fish.

However, compared to the tester, he was far inferior.

He had even beaten the tester like a dog, so why would he be afraid of this monster.

Seeing that the monster was close to him, Yu Tian suddenly burst out his inner strength and threw a sky-high punch. He even shouted, "Hao Yugen!"

The monster was hit by this punch, and it was thrown more than ten meters away in a perfect parabola. When it landed on the ground, it made a hole in the ground.

Yu Tian knew that Hansen was watching, so he put on an impressive pose and said indifferently, "Again, I'll tear your pants!"

Everyone on the cruise ship was shocked.

The corners of the eyes of both Lambert and Hansen jumped.

At this time, the monster whose jaw had been shattered climbed up in extreme anger. With blood dripping from his mouth, he tore off the hair on his chest and rushed toward Yu Tian.

"You can take a beating like ?????? Tian felt that this was a little interesting. It was actually able to withstand 10% of his strength. Not bad.

Since that was the case, he would give him an even more vicious blow this time.

Just as the monster rushed towards Yu Tian and wanted to strangle him, his vision suddenly blurred.

Before he could see clearly what it was, Yu Tian's kick, which had a strength of at least 500 jin, directly kicked his head.

With a crisp sound, the monster's head turned into a bloody flower.

The monster, which had lost its head, took a few steps forward and fell straight down in the shadow of Yu Tian's back.

Yu Tian did not even want to look at it. He walked towards a hotel in the distance.

The cruise ship was already covered in shock. This bloody scene stimulated everyone's excited nerves. Winning or losing was no longer important. They did not care about this little bit of money at all.

Is this kind of stimulation..

Chapter 313 – Chapter 313, Let Her Go

Thank you readers!

Seeing Hansen, he laughed and said coldly, "Look at how proud this guy is. Don't let him rest. Let the competition continue!"

Lambert nodded excitedly and went back to the hall of the cruise ship. He first let the band play some majestic music for everyone. Then he said confidently, "Actually, Yu Tian did well!"

"That monster should have died long ago. Let's drink a toast to Yu Tian's courage!"

The crowd burst into laughter. They thought that Lambert was very funny. Who would have thought that the most notorious person in Moro, Lambert, would be so humorous.

At this moment, a scene of a church appeared on the big screen. A godfather covered in blood was repentant under the statue. Behind him, there were more than a dozen people who had been killed by him.

Lambert shook his head in fear and said with a trembling voice, "If you think that he is the godfather, then you are completely wrong. He is not kneeling there to repent!"

"He is thinking about himself and how many more evil souls he will have to cross over. Countless ghosts are buried under his church. They curse the godfather!"

"However, they can not stop the godfather from continuing to cross over souls.

Thus, he came to Port Dan. He wants to cross over Yu Tian!"

At that moment, Yu Tian suddenly heard the sound of bells ringing not far away.

He turned his head and saw a brightly lit church.

"Damn, you rang the bell in the middle of the night. You're so bored that it hurts!"

As soon as he finished speaking, a man dressed in a church robe slowly walked towards him with a lantern in his hand.

Under the pointy hood, it was pitch black and nothing could be seen.

Yu Tian looked at the few steps he took as if he had arthritis. Then, he asked indifferently, "Godfather, you want to put on an act too?"

The Godfather suddenly stopped in his tracks and slowly took off his hat, revealing a deep face that looked to be in his fifties. His gaze was also very amiable as he slowly said, "Don't kill anymore, because you've already killed enough"

"Come with me to repent. Everyone here has left. Only by following me can you sleep through the Night!"

Yu Tian really let down his guard, because no matter how he looked at this old man, he did not look like a bad person. He looked more like a great master who wanted to drag him to believe in something.

However, he was not in the mood to play with him.

He smiled indifferently and asked, "Why did everyone here leave?"

The godfather slowly approached Yu Tian and slowly said, "Because of your arrival, this place will become a place of slaughter. They are afraid to see death, but they are also afraid to lose themselves in Death!"

"Then why didn't you leave?" Yu Tian continued to ask.

"Because I want to save the Lost You!" The Godfather answered very naturally.

However, Yu Tian laughed and said disdainfully, "I'm not lost, but I'm lost. Can you tell me where Lambert Lives? Don't tell me you don't know him, everyone here knows him!"

The godfather said indifferently, "Yes, I can bring you there, because you are all lost people who have to repent for their mistakes. Come with me!"

With that, the godfather brushed past him.

However, Yu Tian narrowed his eyes. Now, it was basically confirmed that this godfather was a lunatic.

Just as he turned around, the godfather suddenly threw the lantern at Yu Tian.

The moment Yu Tian's eyes were blinded by the lantern, a machete suddenly appeared in the godfather's hand and stabbed at Yu Tian's neck in a sinister manner.

The moment a cold glint appeared, the Godfather's originally amiable eyes became incomparably evil, as if he was a devil.

There was even a trace of excitement because this lost person could also be reincarnated by him.

However, when his scimitar was less than two centimeters away from Yu Tian's neck, it could no longer pierce down.

The Godfather looked at his own arm in shock. He had long been strangled to death by Yu Tian.

When he looked at that confident and proud expression, he realized that Yu Tian had actually long been prepared.

At this moment, Yu Tian narrowed his eyes and said proudly, 'I think the lost person is you!'

As soon as he said that, Yu Tian exerted a little strength with one hand, and the scimitar turned. With a poof, it directly pierced through the godfather's neck.

The Godfather struggled for a moment, but he still staggered to the ground and stopped moving.

Yu Tian chuckled and said disdainfully, 'You won't be lost this time!'

It was another shocking scene, and everyone on the cruise ship was extremely surprised.

Lambert looked helpless and didn't know what to say.

Someone in the crowd shouted, 'Lambert, it seems that your godfather can't transcend the Lost Soul Anymore!'

'You'd better find someone more powerful!'

'We want to see something more exciting!'

Lambert wiped the sweat from his forehead and smiled calmly, 'This is just the beginning of the game. The challengers will become more and more powerful. How long do you think Yu Tian can last?'

'But one thing is certain. The game will become more and more exciting. Let's enjoy this visual feast!'

Lambert let everyone rest for a while and then returned to the cabin. He had to see what Hansen had in mind.

Up until now, their so-called experts were not worth mentioning in front of Yu Tian. He felt that they were not even enough to fill the gaps between Yu Tian's teeth.

If this continued, when the time came, everyone would bet on Yu Tian to win. Then, wouldn't all the hard-earned money be won by others?

However, Hansen was especially calm. He said confidently, "If Yu Tian can be killed so easily, then what right does he have to be the guardian of the Chu Family?"

C

"And the game will become more and more fun. However, I need to adjust the order of the challengers. Let Her go next?"

Lambert smiled excitedly. "No, no, how can Yu Tian still be alive this time!"

At this moment, Yu Tian felt that it was getting stranger and stranger. Even the godfather had appeared. Hansen wouldn't make such a big scene for him, right.

Thinking of this, he took out his phone and wanted to call Chu Meng to see if he could get some information.

But there was no signal on the phone.

The corner of Yu Tian's mouth curled up slightly.

"You even blocked the signal for me, good for you!"

Looking at it from this point of view, it was getting more and more complicated.

He should go to Peterhouse's camp and take a look, hoping that they were still alive.

On the cruise ship, Lambert returned to the hall and said in a dissatisfied tone, "Everyone, I don't want to take Yu Tian's life in advance, but some people are already starting to get angry!"

So, we decided to end the game at this time, because our next challenger, she has the looks of an angel, and she is only a ten-year-old child,

we don't know her name, but we know that she killed her parents, teachers, and everyone who tried to get close to her, so we call her ghost.

She uses that child's appearance every time, to gain the trust of others, and then kills them when they're not prepared, just like she's going to kill Yu Tian

?Chapter 314 – Chapter 314, One More Time

Thank you readers!

At the same time, the intelligence merchants all over the world were extremely busy at this time.

The killing competition held by the Agras family had almost caused the underground casinos all over the world to follow. Every minute, tens of billions of different currencies were shuttling back and forth on the Internet.

As for Chu Meng and Chu Hui who were in Hai City, although they had received the information, they were unable to call Yu Tian.

Chu Meng threw the phone on the table angrily and said through gritted teeth, "They must have blocked Yu Tian's phone signal. I have to think of a way to tell him about this killing competition!"

Chu Hui, who was sitting at the side with a worried expression, rubbed her forehead in exhaustion.

The cargo ship couldn't enter, and it had affected the Chu family's business in the entire eastern region. There were many indispensable products that had been cut off.

Countless partner companies and distributors that had purchased the Chu family's products were expressing their protest.

The Chu family's interests in the world were affected, and they were losing billions every minute.

If they couldn't open the shipping channel now, the position of the number one family in the world would be lost at any time.

Now, Yu Tian had been set up by Hansen and was dragged into some slaughter competition. What should he do now?

At that moment, Chu Yue, who had always been calm, thought of an idea. She said coldly, "We can ask Chu Xuan for help. She's the world's most powerful hacker. She'll definitely be able to get through to Yu Tian's phone!" Chu Meng patted her forehead. She should have thought of this long ago. Hence, she immediately called Chu Xuan.

In Port Dan, Yu Tian passed by an empty restaurant and found a little girl who was less than ten years old crying at the door.

Yu Tian saw that she was crying so pitifully, so he went up to touch the girl's blonde hair and asked, "Little girl, where are your parents?"

The girl hugged the stuffed toy tightly in her arms and said in a tender voice, "I'm sleeping. When I woke up, my parents were gone. I'm so scared. I'm going to find my parents!"

He wiped the tears on the child's face and said indifferently, "They will be back soon. You wait for them here. Don't run around. Big Brother will get you some food!"

Yu Tian thought that since there weren't many people in the city, it was safe for the child to stay here.

If he brought her along, it would be even more unsafe if Hansen's assassin appeared again.

Therefore, he carried the child into the restaurant and simply found some food to put on the table.

"Little sister, wait for them here and don't run around. Otherwise, they won't be able to find you when they come back!"

After saying that, Yu Tian turned around and was about to leave, but the girl suddenly grabbed Yu Tian's hand. She blinked her big eyes pitifully and said, "I'm scared. I don't want to stay here by myself!"

Seeing this child, Yu Tian thought of his younger sister and himself when they were young, and his heart didn't feel good either.

After thinking about it for a while, Yu Tian still hugged her in his arms.

In that instant, the girl revealed an extremely strange smile.

This made everyone on the cruise hold their breaths, excitedly anticipating how the ghost would end Yu Tian's life.

Some people even said as if they were still not satisfied, "Looks like Yu Tian is going to withdraw from the slaughter competition. I still can't bear to part with him!"

"He is indeed a very capable person, but his weakness is that he is too kind. If it were me, I wouldn't care about a child who appeared out of Nowhere!"

"Damn it, I Bet 100 million on Yu Tian. If I had known earlier, I would have bet on Spectre to win!"

Lambert squinted his eyes excitedly as he looked at Yu Tian on the big screen. He thought to himself, "Looks like you aren't invincible. Such a powerful figure actually died at the hands of a girl in the end."

“But don't feel wronged, because in the whole world, you are the one who deserves to die!”

At this moment, Hansen was silently looking at Yu Tian's back. He had a feeling that he was invincible in the world.

This was the most exciting thing he had done since he took over the Agras family.

From now on, those useless people in the family who thought that I only relied on me to get to the top wouldn't dare to show off in front of me?

Yu Tian carried his child and walked towards the campsite.

The campsite was in the suburbs and there was still some distance to go. Yu Tian also quickened his pace.

Meanwhile, the ghost lying on Yu Tian's shoulder slowly pulled out a dagger that was emitting a cold light from the plush toy and gently aimed it at Yu Tian's neck.

Yu Tian was completely unprepared. Who would have thought that a young girl would actually be a killer?

At this moment, the ghost suddenly made a move and directly cut Yu Tian's throat with the dagger.

Yu Tian was suddenly shocked, and a sharp pain immediately appeared.

He casually threw the girl out and grabbed her neck, but blood still couldn't stop flowing out.

At this moment, the people around the world who were paying attention to this match all thought that Yu Tian was doomed.

Lambert was already preparing to raise his glass to celebrate.

Those rich people were also shaking their heads helplessly. Yu Tian's death here would bring about changes in the world's economy.

Hansen stood up excitedly and clenched his fists. The excitement in his eyes was like a flame that was erupting.

The ghost on the big screen licked the blood on the blade. His smile was still pure and innocent as he said, “Brother, take me to Mommy. Why are you bleeding?”

Yu Tian, who was being watched by the whole world, was very calm at this moment.

Anger could not solve any problem, and it was not to the extent of anger. wasn't his neck cut open?

This was nothin special.

He immediately took out five golden needles and pierced the five acupuncture points in his body. Then, he adjusted the aura around his body.

Under the stimulation of the aura, the golden needles emitted a blinding light.

What was even more amazing and shocking was that Yu Tian's neck was healing at a speed visible to the naked eye.

In just a few seconds, the light disappeared. Yu Tian patted the shocked and terrified ghost on his neck and said indifferently, "Did you have fun? Why don't I let you do it again?"

As the ghost screamed, the spectators all over the world sucked in a breath of cold air.

This visual impact and the incredible churning in their minds made them feel that Yu Tian could not possibly be human.

His neck was already dry, yet he had stabbed himself a few times. There wasn't even a scar left. What kind of joke was this?

Lambert was about to cry. He shouted in extreme disbelief, "What on Earth is he?"

Hansen was the most shocked. It was as if he had just soared into the sky when he suddenly fell to the ground.

He was so badly hurt that he was peeing his pants and his head was buzzing.

At this time, the ghost threw away the dagger and toy and turned to run.

Yu Tian did not even chase after her. Even if he did, he could not kill a child. He would just give her a chance..

?Chapter 315 – Chapter 315, He Had To Join In

Thank you readers!

This scene shocked everyone as if the sky was falling and the Earth was breaking.

Especially those rich people, they were all wondering if this killing match was a solo show specially prepared for Yu Tian?

He couldn't be killed. His neck was cut open, but he still couldn't be killed.

Hansen came to explain to everyone personally this time.

Although there was still anger in his eyes, he tried his best to say in a relaxed tone, "Although the ghost failed, it made us more clear about how to kill Yu Tian.

"This is a killing competition. We bought the most damnable person in the world here. We are definitely not here to perform a solo show for Yu Tian. If we can't kill him with a knife, we can try to burn him,

"Therefore, this time, I'll personally introduce the next challenger to everyone, the Balrog!"

Everyone looked at the big screen. In a sea of flames, a valiant man wearing a mask and carrying a flamethrower on his back was recklessly using the tongue of fire in his hand to spray a building filled with screams.

The burning crowd struggled and rolled, but they were unable to rush out of the flames. In the end, they could only die in endless pain.

Lambert said smugly, "Everyone, this is the first time the Balrog has been activated in the slaughter competition. Enjoy the port of Dan, which is about to become a sea of Fire!"

At the same time, Chu Xuan, who was in the Deep South, immediately turned on her computer and found the network node of the port of Dan. Breaking through was very easy.

After connecting to the network, Chu Xuan immediately called Yu Tian over the internet.

When the phone rang, Yu Tian frowned. Wasn't the signal blocked? Who could call him?

After the call was connected and he heard Chu Xuan's voice, Yu Tian smiled and said, "Aiyo, wretched girl, you can still call me. I'm so surprised that I suddenly want to Pee!

Chu Xuan said impatiently, "You're a little serious, right? Do you know how those people appeared?"

After Yu Tian listened to her detailed description of the slaughter competition, not only was he not nervous or angry, but he also laughed, "So you want to play? So what? That Trash Hansen got me some godfathers and children!"

"Do you think they can kill me?"

As he spoke, Yu Tian pointed his middle finger at the drone and shook it.

In the cabin of the cruise ship, Hansen glared angrily and shouted, "Who is he calling? Didn't he block the signal?"

The engineers looked at each other and spread their hands helplessly. The system was normal and they had no idea what was going on.

Looking at Yu Tian who was pointing his middle finger at him on the screen, Hansen could no longer remain calm. he shouted angrily, "Get the Balrog over there immediately and kill him!"

At that moment, the Balrog jumped from the helicopter to the roof of a building.

The mercenary on the helicopter even shouted in disdain, "Go to Hell, you monster!"

However, the Balrog slowly raised his head. His devil-like eyes immediately shot out a burst of furious killing intent.

Then, this killing intent turned into the flames in his ejector and burned the helicopter angrily.

The helicopter was less than ten meters away from the roof. It didn't even have time to dodge. In an instant, it was burned into a fireball and fell to the ground.

At the moment of the explosion, every spectator narrowed their eyes. However, what followed was incomparable excitement. It made them look forward to this battle even more. How exciting would it be.

Yu Tian also heard the explosion. He only turned his head to look. It was normal for anything to appear here now.

However, he did not want to continue this competition. He had no reason to become Hansen's money-making tool.

The reason he came here was to kill Hansen.

Therefore, if he wanted to play, Hansen had to join in. Otherwise, the game would be unfair, and it would be meaningless to play.

Thinking of this, he immediately took out his phone and called Peterhouse.

However, the call could not be connected.

Yu Tian did not think much about it. All the phone signals in this place might be blocked. It was normal for Peterhouse to not be able to pick up the call.

There was no need to waste time. It was better to go to the camp to take a look personally.

Yu Tian was about to leave when he heard heavy footsteps behind him.

He slowly turned around and saw the flame demon staring at him. Even though they were more than ten meters apart, Yu Tian could feel the beast-like murderous aura emanating from his body.

Before Yu Tian could say anything, the flame demon directly shot out a fierce flame.

Yu Tian quickly dodged. The flame ignited all the houses and trees behind him. The surroundings instantly turned into a sea of fire, and the temperature also rose abruptly.

At this moment, the flame demon shot out a second flame.

The modified flame ejector was extremely powerful. Not only did it shoot out at a very wide distance and a very large area, but its speed was also very fast.

Yu Tian tried his best to dodge as quickly as possible, but a piece of his clothes on his arm was still ignited.

He put out the flames a few times, looking for an opportunity to launch an attack.

However, the flamethrower continued to shoot out flames one after another, pressing down on Yu Tian in all directions.

It was obviously impossible to get close to this monster.

Because the closer the distance was, the smaller the radius would be, and the greater the possibility of being burned.

However, Yu Tian didn't think that he couldn't kill the monster.

If he continued to burn, he would probably be able to roast meat on the roof of the highest floor of Daner Harbor.

At this moment, Yu Tian noticed that the dagger that the ghost had thrown was still on the ground.

Therefore, while he was avoiding the flames, he easily picked up the dagger in his hand.

After another burst of flames, Yu Tian saw an opportunity and threw the dagger.

The dagger turned into a flying dagger and pierced through the layers of flames, accurately stabbing the monster's neck until it was completely penetrated.

However, the monster seemed to not know pain. When it knew that it could no longer fight, it actually charged at Yu Tian without caring about anything else.

This guy wanted to die together with me.

How could he give him this opportunity?

However, how could Yu Tian have thought that the flame demon would start to explode five meters away from Yu Tian.

The power of the explosion of the flame thrower was extremely fierce. The moment the explosion appeared, the flame demon immediately disappeared. Meanwhile, the shock waves of the rolling fire waves were like ripples on the surface of a calm lake that were stirred up by a huge rock, spreading out rapidly.

In the blink of an eye, Yu Tian used his hands to protect his head and his internal energy to protect his body.

Even so, he was still pushed a few meters away by the shockwave that was like a violent typhoon.

The fuel that was volatile in the air exploded with a loud bang after being subjected to a certain amount of pressure.

It was as if a rain of fire had fallen from the sky.

Yu Tian realized that the fuel used by this monster had a very low ignition point. If it was even slightly touched, it would explode into flames.

Seeing the rain of fire falling, Yu Tian was quick-witted. He smashed the glass window of a shop and jumped into the shop to avoid the attack of the rain of fire..

?Chapter 316 – Chapter 316, The Mercenaries Of The Chu Family

Thank you readers!

A large area of flames blocked the sight of the drone. No one knew if Yu Tian was alive or dead.

Chu Xuan and Chu Hui, who were in Hai City, could also see the image of the drone very clearly.

At the moment of the explosion, everyone's palms were covered in sweat. However, unlike those who hoped that Yu Tian would be killed in this competition, there was a difference.

Chu Meng and the others believed that Yu Tian wouldn't be killed so easily.

The answer to the mystery was revealed very quickly.

After the flames slowly subsided, the drone caught a clear shot of Yu Tian walking out of the shop.

At this moment, another thunderous shock exploded in the hearts of all the spectators.

The whole world was discussing those few words.

“Who can tell me? Is there anyone in this world who can kill him?”

“I think we should give up, because no one can kill a god, and this is too immoral!”

“We know we can't kill him easily, so why do we let him continue to show off?”

On the cruise ship, Lambert was already speechless.

The rich people were shouting about their feelings.

“Lambert, this is the person you said could kill Yu Tian. He went up and sprayed some fire and was killed. If we want to watch the fire, why are we here?”

“Can we kill Yu Tian in this killing competition? If you can't do it, then we don't want to watch anymore !”

“You'd better tell Hansen to use the missile. Only that thing can kill this monster!”

But those who bought Yu Tian didn't think so.

They thought they could make some money to spend, but since the beginning of the competition, they had been making more and more money.

So these people also expressed their opinions.

“Why don't we let the match go on? We're winning so well now. Are you guys angry?”

“There's nothing wrong with that. We want to let the match go on, and we'll continue to bet on Yu Tian to win. He's making money for us. What's wrong with that?”

“Lambert, what do you want to say now?” “If there’s nothing else to say, why don’t you introduce the next challenger first? We’ll see if you have the ability to kill Yu Tian- Now, we feel that this game is getting more and more interesting!”

Lambert’s face was black, purple, and purple. His sense of humor was also gone. Instead, he said angrily, “What’s the rush? Every killing competition has to go on for three days before it starts!”

“I’ve already told you that the challengers this time will be more and more powerful. We won’t let the strongest show up immediately. At that time, the other challengers will also be killed by those people.

“That’s a killing match. What’s the point?” “So you guys just wait here quietly and continue watching the match. Continue betting on your money. No matter who you bet on to win, we’ll be able to afford it!”

Although he said that, Lambert was not confident. He pretended to leave the hall calmly and started to complain when he saw Hansen.

“Mr. Hansen, now I don’t even know what to use to kill Yu Tian. Do you have any other good ideas?”

Hansen smiled coldly and pretended to be relaxed. “I still say that it is very easy to kill Yu Tian. As long as you give him a sniper bullet, it will be a perfect solution.

“But what I’m thinking now is that when everyone thinks Yu Tian will definitely win, we’ll kill him. That way, we can earn back all the money we lost in one go,

“So, you can continue to arrange for the next opponent to appear!

Lambert didn’t ask any more questions. It seemed that everything was under Hansen’s control. He could do whatever he had to do.

At the same time, Chu Hui, who was in Hai City, sent a message to the group of 108 sisters.

Instantly, the group of sisters exploded.

Especially Chu Qing. Her fiancé was being bullied outside, but they couldn’t do anything?

That was absolutely impossible.

She immediately sent a message in the group.

“Sisters, Yu Tian is my fiancé, and he will also be your fiancé in the future. Right now, he needs our help outside. We can't just stay here and watch.

[“My thoughts are very simple. They want to bully the Chu family and my fiancé. No Way. Sisters, which one of you is in charge of the Chu family's mercenary department?”

“Sister Qing is right. Our younger brother needs our help outside. We can not just stand here and watch!”

“I support sister Qing. Where is Chu Ai? Where are you? You are in charge of the Chu family's mercenary department. Why aren't you saying anything?”

“Right, Chu Ai, what are you doing? Our fiancé is about to be beaten to death. Why aren't you saying anything?”

After a series of earth-shattering shouts, Chu ai finally sent an emoji that showed that she had just woken up.

This group of women gave Chu ai a scolding.

“Sleep? It's already so late, and you still have the mood to sleep? You Don't even want your husband anymore, right?”

“Now we have to mobilize the Chu family's mercenaries to help our younger brother. Say Something!”

“Everyone, calm down first. I heard from my mother that this girl, Chu Ai, hasn't woken up since she was young. She seems to be sleeping 24 hours a day. She even sleeps when she takes a shit!

Yu Tian also saw the words of his impatient sisters in the group chat.

But when he saw this, Yu Tian smiled bitterly and typed a line of words.

“Sisters, do what you need to do. I can do it on my own. Besides, I already have a plan. I don't need the help of any mercenaries. Everyone, just watch this good

Everyone said so much, but Chu ai didn't say anything.

[“Oh, then I'll go back to sleep. I'm so sleepy. Brother, if you need my help, you can call me directly. The Chu family has a total of 50,000 mercenaries. They can be at your disposal at any time!

Yu Tian was a little surprised. It was the first time he had heard that the Chu family had so many mercenaries.

But on second thought, it was useless to have so many mercenaries. The ports and shipping routes were closed, so these mercenaries had no way to use them.

In the end, they still had to face the enemies themselves, so these mercenaries were at most just a decoration to scare the cowards.

At this moment, Yu Tian sent another message to Chu Xuan.

“How's it going?”

Chu Xuan quickly replied, “You continue to play for a while longer. I need time now, so you have to fight for it for me because your plan is too exciting. I’ve never even thought about it myself.”

“Alright, stop wasting time with me.. I still need to break through a few firewalls and download a few more codes!”

Chapter 317 – Chapter 317, Air Magic Company

Thank you readers!

Chu Xuan then asked very seriously, “Are you really sure? Is Hansen nearby?”

Yu Tian smiled indifferently and said, “Of course I'm sure. That drone has always been following me. What do you think the farthest control distance of the drone is?”

“That's why I'm certain that they must be in the nearby sea area. Moreover, this is a competition and there will definitely be an audience. This fart-sized place, Dan'er port, doesn't have a venue that can accommodate so many people.”

“I am thinking that they must have gotten another cruise ship. Otherwise, those assassins wouldn't have used helicopters to transport it here. I really don't want to go on a cruise ship anymore. I feel very bored. Do you have any good ideas?”

After listening to Yu Tian's analysis, Chu Xuan felt that it made sense. She could get her own network code, but if she analyzed these, she still couldn't compare to Yu Tian.

I can try to contact them..,

Yu Tian was a little surprised because of Chu Xuan's tone.

This girl was usually arrogant and domineering, but now she was actually using a negotiating tone to talk to him. It seemed that he had begun to have some weight in this woman's heart.

He chuckled and said proudly, "This idea of yours is very good. I really like it. Then I'll continue to draw their attention here while you continue on your

side!"

At this moment, Yu Tian's actions were followed by a flurry of footsteps. He turned around and saw the dozen or so women on the beach from before. However, they were not wearing swimsuits and bikinis now. Instead, they were wearing tight leather clothes of various colors. They looked very sexy.

Yu Tian looked at them with a distressed expression and said helplessly, "You say that as women, it is very difficult for you not to seek death, right? I have already let you off once before, and you still dare to come?"

These women did not say a word. They stared at Yu Tian without blinking, but slowly took out their daggers.

On the cruise ship, Lambert was very confident as one of the spectators and said with a smile, "Everyone, do you still remember the warm-up competition? This is Yu Tian's weakness. This guy thinks that he's a gentleman"

He would not attack women, but he did not know that these women had made him a target for slaughter. After all, the prize money for this slaughter competition was very tempting...

who could get this money? Who could live like an emperor for the rest of their lives? Why not do that? Everyone can enjoy watching a free -for-all between men and women right now, but in the end, I think Yu Tian still won't lay a hand on me!"

However, this time, Lambert was very wrong.

Yu Tian indeed wouldn't lay a hand on women, but that didn't mean that those women could be unbridled and Smug with him.

Women had to be beaten up and their wives had to be controlled. Only then could their men's personalities be highlighted.

Especially these women who had no hesitation in showing off to him. If they did not teach them a lesson, they would blame themselves for being lazy.

This round of slapping had caused those women to lie on the ground and cry bitterly.

It was just like what a rich man on the cruise ship had said.

"How could they not break down? If it were any other poor child, it would be a miracle if they didn't break down after being slapped by a man in such a manner.

This included Lambert. Now, he felt that Yu Tian's big mouth had hit his face. It was burning hot and painful.

Even so, Yu Tian had no intention of killing these women, instead, he chuckled and said, 'I'll let you off this time. Don't try to act cool with me anymore. I'll always keep my big mouth for you. Now, Scram!'

The wealthy people on the cruise ship watched until they were about to fall asleep.

'I feel that this competition is the most boring one I've ever seen!

'You're right. No one can kill Yu Tian. This is simply an Act!

'All of you, lower your voices. I want to sleep for a while. I'm tired from watching!

In the office, Hansen narrowed his eyes and looked coldly at Yu Tian on the big screen. Suddenly, he felt that something was not right.

Yu Tian's phone signal had been broken. With the Chu family's intelligence gathering ability, it was impossible for him not to know that this was a competition.

Based on his understanding of Yu Tian, since he knew about the competition, he would definitely be very angry at being used by him.

But now, not only was he not angry, but he seemed to think that this competition was very interesting and continued to fight.

In that case, there was only one possibility, and that was that he was deliberately stalling for time.

Why did he do this?

When he thought of this, cold sweat trickled down from the corners of his eyes.

There was only one explanation, and that was that the Chu family was carrying out some sort of plan. It was very likely that they had already discovered the location of the cruise ship and were preparing to launch an attack.

Thinking of this, Hansen immediately pulled open the drawer, took out a black box, and stuffed it into his backpack. Then, he quickly went to the deck of the cruise ship.

Lambert, who was smoking and relaxing, saw Hansen jump onto the luxury yacht that had been following the cruise ship. He hurriedly followed him and asked, 'Mr. Hansen, where are you going?'

Hansen frowned slightly and said in a relaxed manner, "The family asked me to go back for a meeting. You keep an eye on this place. I'll be back soon!"

Lambert did not think much of it. He nodded and smiled. "In that case, Mr. Hansen, you go and do your work. I'm here. When you come back, Yu Tian will have already been killed by me! I"

Killed by you? Unless the sun rises in the west.

At that time, it would still be unknown who would be killed by whom. However, Hansen still smiled and said, "I believe in your ability."

After saying that, Hansen entered the yacht and ordered his men to immediately set sail.

At the same time, Chu Xuan also reached a cooperation agreement.

Chu Xuan immediately sent a message to Yu Tian.

"This side has been settled. I've already sent the location of the cruise ship to the Hollow Magic Company."

Chapter 318 – Chapter 318, Mysterious Object

Thank you readers!

At this moment, Lambert, who was bathed in the night wind, was still considering who should be the next challenger.

Suddenly, he heard a muffled buzz in the air, like muffled thunder in the dark night sky.

The cruise ship had clearly appeared within the attack range of the FK6.

The pilot immediately radioed to another fighter plane.

"Fox No. 2, we have seen the cruise ship. The buyer wants to sink it completely. Get ready to attack now!"

"Fox No. 1, after receiving the attack order, retreat immediately after the attack. The two fighter jets must also fall into the designated sea area at the same time!"

Yu Tian, who was standing on the roof of a building, saw the fighter jet. The moment he saw the fighter jet, the sea surface also rose to the sky in flames, illuminating half of the sky.

Chu Xuan immediately sent a message.

“The cruise ship has been destroyed. It's sinking now. I'll send you the video!”

After downloading the video, Yu Tian opened it and looked at it.

The cruise ship was in the midst of a violent explosion. It started to sink rapidly while it was on fire.

Those with helicopters left by helicopter. Most of them took lifeboats. The rest could only follow the ship into the sea.

These people were involved in a killing competition and were not worthy of sympathy.

However, Chu Xuan also said at the same time, “I just saw it from the satellite. Ten minutes ago, Hansen had already left the cruise ship on a yacht. The yacht is now on a beach in Port Dan!”

Yu Tian immediately opened the map and followed Chu Xuan's instructions. Soon, he arrived at the beach.

He did not care whether the others were dead or not. However, Hansen could not let him live no matter what.

However, there wasn't even a shadow on the yacht. Hansen had left a long time ago.

Yu Tian judged from the marks on the beach that Hansen had left by helicopter.

He was definitely angry, but Yu Tian also smiled indifferently. “At least you ran fast this time. I'll let you live for a few more days. When I see you again, I'll definitely kill you!”

Hansen was sure that he was still alive. He wondered if that bastard, Lambert, was still alive?

At this time, the sky was also white, and thick fog filled the surroundings. Yu Tian felt a little tired.

He wanted to find a place to rest, but Peter House called and said that they had been attacked by Anthony's mercenaries and suffered heavy losses. They had to change to another camp.

Yu Tian had no choice but to meet up with them. Peter House and the others were his mercenaries now.

They had spent so much money. If Anthony took care of them, wouldn't the money be wasted?

After meeting up with Peter House, Yu Tian saw that their injuries were indeed very serious. Everyone was injured.

Louis' leg was crippled, and Peter House's face was bleeding.

Yu Tian asked indifferently, "How many died?"

Peter House wiped the blood off his face and said, "They're all injured now. Some of them were seriously injured, but now they're all saved!"

While they were talking, a few mercenaries brought Anthony's men.

This man had a terrified look on his face. He raised his hands and kept saying, "I'm here to pass on a message to you. I'm not armed!"

Yu Tian wanted to hear what he had to say, so he ordered them to let go of the man and let him speak.

The man was sweating nervously. He said with a muffled voice, "Anthony wants to see Mr. Yu. There are only two people. There's no one else!"

Yu Tian thought that it was okay to see him. He wanted to see what the man meant.

At this moment, the usual bustle returned to Daner harbor. The people who had left came back one after another.

The massacre last night did not seem to have any effect on them. In fact, many people had gathered together to talk about yesterday's competition.

In a restaurant, Yu Tian saw Anthony, who had a head full of white hair and a scar on his forehead.

He was greedily eating the food on his plate. The way he wolfed down the food made it seem as if he had been hungry for a long time.

He did not even raise his head to look at Yu Tian. Instead, he casually said, "Sit down. The pork chops in this restaurant are very good. Do you want to have one?"

Yu Tian was displeased by his pretentious manner. He indifferently said, "I'm not here to watch you eat. If you have something to say, say it quickly!"

Anthony continued to eat. He didn't want to waste any scraps of meat. He even said disdainfully, "You're better than I thought. There are only a handful of people in the world who can hire Sky Demon mercenaries."

“The yacht that you blew up, together with the cost of hiring sky demon mercenaries, will cost at least a billion dollars. Moreover, I know that you still want to find a person named Lambert so that he will know that letting you participate in the killing competition.., is such an idiotic move.., so, I called you here to make a deal with you. I can give you Lambert, but I want you to give me Peter House and a billion dollars. Isn't that fair?”

Yu Tian didn't think it was fair. He smiled indifferently and said, “I know that you have collected a lot of information about me, but unfortunately, you don't know what I want. Also, can you stop slurping while you eat,

“Your movements are as if I have stepped into mud. It's too F * cking disgusting!

Anthony did not care what Yu Tian said. He continued to slurp his mouth and said fearlessly, “No, I know what you want. Everyone has their own wants”

“I just want to eat my fill and stay away from those cruel battlefields. What you want is to restore the shipping route of the Chu family in Dan Harbor, but Peter House can't Help You!”

“He can't help, but you can. You can even break your tongue eating a piece of pork chop. With this bit of ability, do you think you can help ?????????????? Tian felt that it was a waste of time to continue, so he got up and wanted to leave.

However, Anthony said indifferently, “Peterhouse, he's Hansen's man. You're being used!

Yu Tian suddenly stopped and slowly turned around.

“If you're talking nonsense to me, I'll let you roast inside out like that pork chop!”

At this time, Anthony finally raised his head slowly. His gaze was as if he had drunk a lot of fake wine. He looked at Yu Tian drowsily and said proudly, “Or you'll be even more curious about my identity”

“Of course, you can also leave. It's your choice!

Yu Tian sat down again and said impatiently, “You can say it, but stop smacking your lips. It's really quite annoying, you know?”

Anthony spread his hands and still satisfied Yu Tian's request. He put down his knife and fork, picked up the red wine and said, “Before I reveal my identity, I want to show you something!

After saying that, he pushed his computer in front of Yu Tian.

Yu Tian Gently tapped the space bar, and the video began to play.

A private scientific institution in Super Nation accidentally discovered a parallel space during a particle physics experiment.

Although it was only two seconds, it shocked everyone.

Then, they carried out a second experiment and successfully opened the space. Although it was just a cluster of light mist floating in a specific flight attendant, but within the halo, there was another space.

And the duration was only one second.

Very quickly, in the third experiment, something actually fell out of the space..

?Chapter 319 – Chapter 319, Let Him Play Together

Thank you readers!

When he saw this, Yu Tian suddenly wanted to laugh.

The thing that fell out was just an ordinary rock. Dozens of scientists and experts were surrounding the rock and studying it, just like an extraterrestrial meteorite.

As for whether it was a parallel space or something else, Yu Tian did not deny it. However, in his opinion, it should be the same place as the ‘Other Side’ that the 108 sisters of the Chu family mentioned.

It was no wonder that they were so ignorant. After all, not everyone could know the secret behind him.

He continued watching the video.

After the third experiment, he could no longer open the space. No matter how hard he tried, he could not open it.

Therefore, this piece of broken stone became a treasure for research.

The scene changed. A group of well-trained militants rushed into the laboratory and snatched the stone.

At this moment, Anthony slowly said, ‘The stone was snatched away by the

Agras family because a scientist wanted to buy it for ten billion meters,

“After the stone was snatched away, the people in the laboratory offered me one billion meters to get the stone back!

He drank the wine in his glass and continued, “The more I talked, the more complicated it became. I found out that the person who wanted to buy the stone was not just doing research, so I chased after Hansen and found that he often came to Port Dan,

“When I met with Lambert and Peterhouse, my informant told me that Peterhouse was a trusted aide of the Agras family. This time, he intentionally got people close to you in order to complete the later missions,

“Right now, Hansen is still in Port Dan. Lambert is only injured and is still alive. Their transaction will be carried out soon, and Hansen is only using the power here to get rid of you,

“So, they held a killing competition. The funny thing is, Peterhouse also bet 50 million on you to lose!”

Yu Tian's expression did not change, and he said indifferently, “After saying so much, it seems to make sense. But I have a question. How Do You Know All This? And, what's the point of telling me all this?”

Anthony smiled proudly and said, “Louis was originally my assistant. We came down from the battlefield of life and death together. He was the one who provided me with this information!

Yu Tian became even more suspicious.

“If Louis was your man, why was he injured by your men?”

“Did you see the real chuckled and stood up. “If Hansen died by my hands, it would be a waste, so I want to sell him to you|

“I know you will give me a good price. This is just a deal! After Anthony left, Yu Tian narrowed his eyes slightly.

“Deal? I think you want to use me!

Did Anthony really think he was an idiot? At this moment, no one knew who would use whom.

After returning to the camp, Yu Tian called Peter House to an empty place and asked indifferently, “Do you know what Anthony said to me? He said that you are Hansen's trusted aide, a member of the Agras Family!”

Peter House's expression was immediately drowned by anger. He clenched his fists tightly and said angrily, "That damned bastard, his lies are simply casual. I Can't wait to kill him right now!"

Yu Tian stared at him without blinking. Peter House's eyes did not have any flicker. Instead, he looked bravely at Yu Tian, he asked, "What do you think? If you think that I am Hansen's man, then you can kill me now!"

"I will never resist. Even if I resist, I won't be a match for you. But I just want you to know that I am not one of Hansen's people!"

As he spoke, Peter House took out his weapon and stretched it out in front of Yu Tian.

Yu Tian smiled heroically and said proudly, "Do you really think I'll believe

Anthony's Words? He just wants to use this to let me kill you."

"This guy is really wicked, but he is still useful because he also wants Hansen to die. I also want to see who can take care of Hansen first,

"As for Louis, on the surface, he is Anthony's spy, but in fact, he is also very likely to be Hansen's spy. So, you have to put on a show with me and let Hansen, who is watching the show, come on Stage!"

Thus, after the conversation, Peter House immediately fell out with Yu Tian and almost started fighting.

After that, he took Louis and the others out of the camp.

At the same time, Lambert and Hansen also fell out completely.

Under the protection of dozens of bodyguards, Lambert's face was bruised and swollen. He gnashed his teeth and said, "Hansen, you knew that there would be fighter planes bombing the cruise ship, but you didn't even make a sound,

"If I hadn't reacted quickly and jumped into the sea, I would have been killed by the explosion. Is this the cooperation you told me about? If that's the case, then you are my enemy!"

Hansen narrowed his cold eyes and said gloomily, "If I had known that there would be a bombing, would I not have told you? The person you should hate is not me, but Yu Tian!"

“You shouldn't be sitting here and getting angry with me now. Instead, you should think of ways to kill Yu Tian. You Don't have to cooperate with me, unless you can find another person who can provide you with weapons! Lambert compromised. If Hansen didn't provide him with weapons, his territory would soon be swallowed up.

Thinking of this, he said fiercely, “The sniper who was going to kill Yu Tian is still alive. The killing competition can still continue!

At this moment, Hansen's phone rang. After hearing a few words, he stood up and said, “Very good. I am going to meet someone. I hope you can give me good news before I Come Back!

At this moment, Yu Tian gradually woke up from his sleep.

Now was the time to seize every second, but in order to replenish his strength, he had to take a nap.

Looking at the time, it was already noon.

Yu Tian walked out of the tent and stretched. A bullet cut through the air, and with a whoosh, in his unguarded state, it pierced through his shoulder.

Ignoring the pain, Yu Tian turned around and jumped into the tent. He immediately pulled out a golden needle and sealed the wound.

In the blink of an eye, a long blade suddenly pierced through the tent. It was as fast as lightning and almost sliced open Yu Tian's arm.

F * ck, he couldn't even treat his wound first.

Seeing the tent bulge, he raised his leg and kicked the Macheteman's head. Instantly, his brain was split open.

A bullet pierced through the tent and nailed under his foot.

“F * Ck you, that was close!”

With his current strength, he could not withstand the bullet at all.

He jumped out of the tent as fast as he could, but fell directly into a metal fishing net.

No Way, it was this move again?

The more the fishing net struggled, the tighter it became. At this time, the sniper hidden 500 meters away aimed at Yu Tian, who was struggling, and fired a bullet.

Yu Tian only managed to open a hole in the net when the bullet passed through his shoulder.

A streak of blood flew up. Yu Tian fell to the ground and stopped moving..

?Chapter 320 – Chapter 320, Can'T Hurt Me

Thank you readers!

Chapter 320:, can't hurt me

Yu Tian didn't want to move anymore. Originally, his speed could be faster than bullets, but now that he was surrounded by enemies, he even set up traps.

Instead of competing with them in speed, he might as well wait for them to come over.

He waited, but he still had to heal his wounds.

Soon, the sniper and more than a dozen other assassins surrounded them.

The sniper wearing the hat said excitedly, a€?Is this the killing expert who killed more than twenty challengers last night?

a€?He's nothing in front of my bullets. What a joke!a€?

A man with many chains on his body said fiercely, a€?Don't be happy. Without our help, you wouldn't have been able to hurt hima€|a€?

a€?Now, I want to bring him back to meet Lambert. I guess that vicious dog of his will have food again today!a€?

After saying that, he carried Yu Tian and turned to leave. The sniper grinned disdainfully and followed behind.

It felt good to be carried by someone. It was better to meet Lambert. It was effortless.

Yu Tian found it funny in his heart. He continued to pretend to be unconscious and soon arrived at Lambert's manor.

He narrowed his eyes and looked around. There were fully armed people everywhere. He even saw an armed helicopter.

A group of people were loading bullets into the helicopter.

When he entered the house, the chained man threw him heavily on the ground.

Yu Tian endured the pain and cursed in his heart, "F * Ck your sister. Can't you be gentler? My tail is going to be broken by you!"

At this moment, the sound of footsteps could be heard. Lambert walked over to Yu Tian with a pace that did not recognize his own family.

"Yu Tian, you're finally lying at my feet. Aren't you powerful? Aren't you unkillable? Do you have the guts to fight with Bullets?"

After pretending for a while, Lambert turned around and praised the sniper. He smiled and said, "Jack, good job. I knew I didn't Misjudge You!"

Jack said disdainfully, "He still has some strength. After being hit, he can still fight. But to me, no one can survive under my hands!"

"If it wasn't for your special request, I would have killed him long ago. I don't care about the leeway!"

Even the chained man and the others were not willing to listen to such a domineering act. They all looked at him with disdain.

Lambert patted his arm and laughed, "Yu Tian is no match for you. No one in this world is your match. You may not know this, but you have created a mǎ?%acle!"

"After I kill Yu Tian, I will be able to obtain more weapons and funds from Hansen. At that time, I will become the largest armed force in Moroa"

"By then, I will have endless wealth, money, and women. As for Yu Tian, he will be eaten bit by bit by my pet as food!"

This guy bared his teeth and pretended as if his dream had come true.

Yu Tian could not stand it anymore and asked, "What if Yu Tian Can't die?"

Without thinking, Lambert blurted out, "Impossible. He is lying here like a vegetable. I can kill him in a minute. He can't die? That is!"

Before he could finish his sentence, Lambert and the others looked at Yu Tian in surprise.

At this moment, Yu Tian suddenly sat up and chuckled, "What if he really won't die?"

Lambert's head buzzed and he said helplessly, "I knew that the dagger couldn't kill him. So Bullets can't kill him either?"

The people who reacted took out their weapons and rushed toward Yu Tian.

Yu Tian had seen this kind of scene many times.

What he was best at was beating up a group of people.

A simple round of punches and kicks caused more than a dozen killers to faint on the ground.

Jack had only just raised his weapon when it was snatched by Yu Tian.

Lambert hurriedly raised his hands. He hated Jack to death in his heart.

Couldn't he have hit him a few more times? were bullets quite expensive?

Yu Tian, on the other hand, easily broke the sniper weapon into a few pieces and threw them at his feet.

He even deliberately tugged at his collar and smiled. "Look, there's not even a scar left. Do you really think that bullets can hurt me? Without these skills, how could I come to Dan's port alone and pretend to be better than you guys?"

Without waiting for Jack to speak, Yu Tian went up and kicked him so hard that his tongue stuck out and he fainted on the ground.

When Lambert saw this scene, he was so scared that his crotch was twitching. He hurriedly begged, "Mr. Yu, it was Hansen who asked me to do it. We don't have any grudges, right? Besides, there are so many people outside of me!"

"If we fight, it's not good for anyone. Why don't we sit down and have a chat?"

"Wouldn't it be good to have a drink or something?"

Yu Tian said indifferently, "Why can't I have a drink? But I only drink with living people. I know that Dan's port is under your control. I want you to immediately restore the entire shipping route for the Chu family!"

Lambert rolled his eyes. If he did that, even if Yu Tian didn't kill him, Hansen would have to take action. Now, he was in a dilemma.

At this moment, a burst of gunfire suddenly sounded from outside the door.

The two looked outside. Yu Tian could see clearly that the ones who attacked here were Anthony's mercenaries.

He laughed and said, "Lambert, it seems that someone wants your life more than I do. I'd better watch the Show!"

Lambert was afraid of Yu Tian, but he was not afraid of Anthony. After all, he was a person with some fighting ability. How could he be scared by a group of mercenaries.

He did not care about Yu Tian anymore. He opened his throat and shouted, "Kill those country bumpkins for me. Let them know that in front of the cats, they will always be a group of rats looking for death!"

Seeing how arrogant he said it, Yu Tian saw that his men were beaten up by Anthony's mercenaries. They could not even raise their heads. They still had the nerve to pretend to be nobles on the battlefield.

He would just treat them as passers-by and see how this trash defended against Anthony.

At this moment, a rocket directly hit the window frame.

In the violent explosion, Lambert held his head and lay on the ground, while Yu Tian didn't even move. At most, he just grinned.

Lambert looked at Yu Tian in shock. After a long time, he said, "Follow me, the world is ours!"

Yu Tian snorted coldly and said disdainfully, "You can't afford to use me!"

The battle outside was almost over. Yu Tian looked out of the window. Only a dozen of Lambert's men were still holding on.

He said as if he was watching a show, "Your men have been beaten to a pulp. In a while, Anthony will stand in front of you and Pee on Your Face. Now, I'll give you a chance!"

"If you're willing to resume the course, I'll take you out of Here!"

Lambert was still hesitating when Anthony's men rushed in from all directions and surrounded the two of them.

Yu Tian spread his hands helplessly and said with a bitter smile, "This time, even if you agree, it might not work!"

As he spoke, Anthony came in front of the two of them. First, he looked at Yu

Tian with some confusion and asked, "Mr.. Yu, why are you here?"

?Chapter 321 – Chapter 321. How Good It Would Be To Be Alive

Thank you readers!

Anthony only asked one question. He did not care at all why Yu Tian was here. In any case, everything here was under his control. He just needed to get what he wanted.

Therefore, before Yu Tian could speak, he turned his head and looked coldly at Lambert. He said arrogantly, "With your little ability, you still have the nerve to say that you are an armed force?"

You're simply too weak!"

Rembert said helplessly, "They're just newcomers. I haven't had the time to train them yet. If you have the guts, give me a few years. I'll definitely make them become Super Warriors!"

Now was not the time to listen to his humor. Anthony's subordinate gave him a punch.

Yu Tian merely raised his eyebrows. He deserved to say more.

Anthony did not want to waste any more time. He ordered his subordinate to bring Lambert away.

Yu Tian was not happy. He said indifferently, "There has to be a first come, first served. Lambert can't go with you. He has to come with me!"

Anthony sneered and said disdainfully, "It seems that this guy is quite popular. Yu Tian, I don't want to be your enemy, and I don't want to see you die at my hands either ,

"I just want to make a deal with you, but I've never thought of listening to your orders. Lambert must come with me. If you don't agree, then let's do it again, shall we?"

Yu Tian smiled indifferently and said arrogantly, "Are you worthy? It's not like we've never been here before. What advantage have you got? I can't even be bothered to fight with you.

Look at your watch. In ten minutes, the aerial demon's fighter jet will arrive. Do You Think You're a match for them?"

Anthony frowned slightly, thinking that Yu Tian indeed had the ability to hire the aerial demon. However, if they did not take down Lambert, they would not be able to obtain Hansen's information.

Thinking of this, Anthony said in a relaxed manner, "If you want to say that you're afraid, you should be afraid too. The aerial demon's large-scale bombing does not distinguish who is the enemy and who is one of us"

"Amazing. We'll perish together. This is the fate of us mercenaries, isn't it?"

Yu Tian said in disdain, "Who the hell will perish together with you? Those who don't know will think that we're gay. Do you think that kind of bombing will be able to hurt me?"

"You know better than anyone that you're just struggling on the brink of death. To me, there's only one use for Lambert. Even if he dies, I won't have any losses. But to you, it's different..,"

"Now, you can choose. Do you want Lambert to come with me, or do you want him to die with you?"

Anthony was so angry that his face turned black. What choice did he have? Who the hell didn't want to live.

Thinking of this, he narrowed his eyes coldly and took the initiative to make way.

Yu Tian chuckled and said proudly, "That's right. Isn't it good to live?"

With that, he grabbed Lambert's collar and swaggered out of the manor.

Anthony, who was behind him, was so angry that he gritted his teeth, but there was nothing he could do.

Yu Tian brought Lambert to the port. Lambert even thanked him, "Thank you for saving me. If I had fallen into the hands of those animals, I would have definitely died!"

"The possibility of you surviving here is not very high. The premise is that you have to listen to me. You know what I want. If you don't want to do this, I will send you to see all the dead people in your family right now!"

Lambert hurriedly waved his hand and explained with a bitter face, "Actually, I really can't help you. I can only give you some advice. I don't have the final say in this port, but Gaskell does,"

"If he agrees, the sea route can be restored. But from what I see, Gaskell seems to hate you to death. Make him nod, unless you can get what he cares about the most!"

Yu Tian motioned for him to continue.

Lambert took out a cigar from his pocket and lit it. As he smoked, he said,

“Gaskell has a daughter. Her name is Verani. She is a teacher in a school here.

Gaskell likes her the most, I don't need to tell you the rest. You know what to do!”

Yu Tian nodded and turned to leave. Lambert hurriedly shouted, “What about me?”

“You stay here. If you don't want to live, you can go out and roam freely!”

He couldn't let Lambert die yet. One thing that he and Anthony had in common was that they both wanted Hansen to die.

Yu Tian quickly arrived at the middle school. It was time for class.

Yu Tian stood outside a classroom door and looked at Verani who was on the podium. She was also a beauty. Moreover, she had brown skin that was unique to Moro, making her look particularly sexy.

However, he was here to ask her for help, not to flirt with her.

Just as he was thinking about it, it was time for class to end. Verani walked out of the classroom, and before Yu Tian could say anything..., she asked in puzzlement, “I don't know any people from the eastern countries. You've been watching me in class. What do you want?”

Yu Tian said calmly like a gentleman, “It's a long story. Can I buy you a drink?”

Verani snorted and said with some anger, “I won't go anywhere with you. Don't think that I don't know who you are. You're the one who turned my father into a vegetable.”

“You'd better leave now, or I'll call security to ask you to leave!”

What kind of father would have a daughter.

Yu Tian chuckled and said coldly, “It's useless even if you call all the bodyguards of your family. I'm just asking you to do me a favor and persuade your father to restore the shipping route of the Chu family!

“Stop Dreaming!” Verani crossed her arms and said angrily, “Don't say that I won't help you. If it were up to me, don't even think about getting my father to restore the shipping route in this lifetime. Just give up!

After saying that, Verani immediately asked a male teacher who passed by for help, "Teacher Wells, this person has been harassing me. Can you help me call security?"

Wells' eyes were immediately filled with hostility. He straightened his head and said shamelessly, "Do you still need to call security? Have you forgotten that I teach karate?"

This guy was extremely pretentious as he stood between the two of them.

Because he was short, he had no choice but to raise his head and look at Yu Tian. He said very impressively, "If you don't want to taste the power of my fist, then get out of here right now!"

Yu Tian did not want to waste any time. There was a metal cabinet next to him. He raised his hand and punched it, directly leaving a hole in it.

Wells looked at it and immediately turned to the shocked Valani. He said in fear, "I'll call security. I'll be back soon!"

After saying that, he ran away and disappeared without a trace.

Valani stabilized her mind and said in a disdainful manner, "You have once again demonstrated your barbarism and rudeness. It also made me believe that I won't help you.. Now, you'd better SCRANI!"

?Chapter 322 – Chapter 322, Transaction

Thank you readers!

As soon as Verani's voice fell, a few security guards with bulging stomachs came to pretend.

Yu Tian felt that he had really given Verani some face, letting this damn woman be so arrogant and despotic.

Wells felt that with the security guards around, Yu Tian would have to be afraid no matter what.

In front of Verani, even if he pretended to be a man a little, it would also leave a good impression in her heart. Verani was single, and her father was the richest person in Port Dan.

Thinking of this, Wells sneered. He stood in front of Verani and said with a slanted face, "Didn't you hear what Verani said? She told you to get lost..,

don't tell me she wants us to make a move so that you know how powerful we are?"

Yu Tian looked at his expression and felt extremely worried.

How many security guards were there? He did not make any big moves and directly knocked down a few security guards.

Wells was so scared that his saliva dripped out. He turned around and ran. Yu Tian grabbed his hair and threw him into the classroom. He fell so hard that he cried.

Valani was terrified, but Yu Tian did not give her a chance to speak. He grabbed her arm and dragged her out of the school.

From the school to the hospital, Yu Tian did not even look at her. No matter how hard she struggled, he did not let go.

Walking into the ward, Gaskell immediately asked angrily, "Yu Tian, let go of my daughter. What do you want to Do?"

Yu Tian said coldly, "I don't want to waste time with you. Either we restore the course, I'll let you stand up again, or I'll kill her in front of you!"

Gaskell fell into silence, while Verani broke free from Yu Tian's confinement and rushed to the bed. She shouted hysterically, "Father, don't agree with him. This bastard is not worth believing!"

However, Gaskell wanted to stand up so badly that he couldn't wait to say,

"Villainy, do you want to see me lying here forever? Yu Tian, I promise you"

"If you can make me stand up again, I will immediately restore the Chu family's shipping route!"

Wasn't That Easy?

Yu Tian didn't waste any more words. He directly pulled out the golden needle and pierced it into Gaskell's body.

The blood-sealed acupoints were instantly opened, and his meridians were unblocked. Gaskell felt his body suddenly filled with strength. He sat up excitedly from the bed and swung his arms and legs.

It was as if he was afraid that he would miss out on something in this deal with

Yu Tian.

Valani was both surprised and happy. She hurriedly helped Gaskell out of the bed and let him enjoy the fun of walking to his heart's content.

Yu Tian took back the golden needles and looked at the time impatiently. He said, "You can stand up now and resume the sea route immediately. I don't have time to see you strolling around here!"

Gaskell did not dawdle. He nodded and said, "Okay, I'll call the higher-ups of the port now!"

As he spoke, the doctor and nurse also came. The room was suddenly bustling.

The doctor asked in disbelief, "Oh my God, Mr. Gaskell, how did you stand up?"

As he spoke, the Doctor even specially examined Gaskell's body. He then said to the nurse, "Give Mr. Gaskell the medicine. This is a medicine that relaxes the muscles and invigorates the blood!"

The nurse immediately took two black pills over. Gaskell did not think much and directly threw them into his mouth.

After the doctor and nurse left, Gaskell picked up the phone again. However, at this moment, his body suddenly trembled.

Yu Tian thought that he was going to pee, so he did not care at all.

However, after Gaskell trembled, his face quickly turned black and purple. He covered his heart in extreme pain and fell to the ground.

By the time Yu Tian realized that something was wrong and helped him up with the terrified Valani, he was already dead.

Blood was flowing out of his seven orifices. It was obvious that he had been poisoned.

Yu Tian suddenly thought of the pills that the nurse had given him. He immediately rushed out of the ward to look for the nurse.

However, in the Doctor's office, the Doctor and the other nurses had already been killed. The nurse had also disappeared without a trace. To kill someone right under his nose, he really had guts.

Yu Tian smiled coldly.

When they returned to the ward, Verani suddenly grabbed his arm and cried out, "Save my father, I'll Promise You Anything!"

They couldn't save him anymore. If he was injured, they could use golden needles to save him, but if he died, it would be impossible.

Therefore, Yu Tian shook his head helplessly.

Verani cried out in extreme pain, "Who killed my father? Why did they do this?"

Verani cried out in extreme pain, "Who killed my father? Why did they do

"If I'm not wrong, it must be Hansen of the Agras family," Yu Tian said in a low voice. "And I'm very sure that their next target should be you!"

This scared Villani badly. Although she didn't know why they were doing this, her father was just lying there coldly. This was definitely not a dream.

Thinking of this, Verani pleaded nervously, "Help me take revenge, and I'll help you open the passage!"

Yu Tian thought for a while. Since he wanted to kill Hansen anyway, he might as well give it to her as a favor.

So he nodded and said indifferently, "Okay, now you go open the passage. But before I kill Hansen, you must always be within my sight, of course, except when I'm showering!"

Verani made a few calls first, but it was not so easy to open the channel.

The port company only listened to Gaskell's orders. Even if they knew that Gaskell was dead, they would not listen to Verani's orders before they found someone who would continue to manage the company.

At this moment, in the Eastern Sea city.

The family head, Chu Aotian, called Chu Hui. Although he did not want to put any pressure on Chu Hui now, he still said with some urgency, "Hui Hui, I can't even hold back the imperial capital now!"

Losing 180 billion was nothing, but if they continued to lose like this, the family would not be able to stand it. Some of the higher-ups had already expressed their dissatisfaction, and some even proposed to change the family head,

"How is Yu Tian doing? Now, all the hopes of the Chu family are on him!"

Chu Hui was also in a particularly difficult position. She said weakly, "Father, I'm very tired now. Yu Tian is also racing against time to restore the sea route, but that won't be easy."

"The Agras family is wantonly destroying the sea route. Now, everything is up to Yu Tian. We can't help him at all. What we can do is to wait."

“But I believe that Yu Tian will definitely be able to open up the shipping channel. Give us more time!”

Chu Aotian knew that Chu Hui was in a difficult position. He comforted her, “Father knows that it's been hard on you, but you have to pull yourself together now. You Don't have to worry about the family. I'm here. You have to take charge of the situation now. You have to stay calm!”

Chu Hui gritted her teeth and said forcefully, “I know what to do. I believe that Yu Tian will be done very soon!”

Daner port.

Yu Tian had already obtained most of the information. Besides Gaskell, there were also three partners in charge of the port..

Chapter 323 – Chapter 323, Treating Her As A Servant

Thank you readers!

At this moment, these three partners all wanted to get the position of President Gaskell, and at the same time, they opposed opening the shipping channel.

Yu Tian thought that if he listened to verani opening the shipping channel, it would be equivalent to tacitly accepting Verani's position as president of Gaskell. They would never do that.

At Gaskell's funeral, the three partners were all present.

On the surface, they were expressing their pain, but Yu Tian could see greed in their eyes.

One of them, a middle-aged man named Nicholas, comforted Verani and gave her a hug.

That skeleton-like face looked particularly cold.

He said helplessly, “Verani, I have been good friends with Gaskell for many years. He has helped me a lot. Although he is no longer here, I will definitely help you get back what belongs to you!”

Yu Tian narrowed his eyes. This guy's words sounded nice. He was just testing verani.

Verani was not stupid. She could hear the meaning in his words. She said indifferently, “I don't want to talk about this now. I just want to be a good teacher. I don't want to think about anything else.”

“As for the things that my father left behind, we will naturally get back what belongs to us. We don't want what doesn't belong to us!”

This answer made Nicholas very satisfied. He said in a hypocritical manner, “No matter what, I will help you!”

After saying that, Nicholas looked at Yu Tian who was behind Verani. His eyes were filled with a profound meaning, as if he was expressing his thoughts to Yu Tian. He did not want to become an enemy of Yu Tian.

However, Yu Tian did not believe in these people who only cared about their interests. This was because such people had long lost their humanity.

At this time, Yu Tian received a text message from Peter House.

“10 pm, Rendell Building, Hansen Deal!”

The corner of Yu Tian's mouth curled up into a handsome curve.

This job should be about done. He had long been fed up with the salty climate of Port Dan.

After sending Verani back to her apartment, Yu Tian first made sure that there was no danger around, then lay down on the sofa, leisurely shaking his feet and ordering, “Do you have anything to drink? Get Me some!”

Verani took a look. Was he here to protect her or to be a master?

She busied herself in the kitchen for a long time before bringing a cup of coffee to Yu Tian.

“I only have coffee at home, but don't you think that we should do something now?” Verani asked indifferently.

“There's no need to do anything. We just have to wait. That Nicholas will still come to you for cooperation. If he wants to get the management rights of the port, he has to first get rid of the other two opponents.”

“But his strength is not enough. If you join in, it will be different. So, go and get me some food. I want to sleep for a while!”

Verani frowned and said unhappily, “You can't ask me to be your servant!”

Yu Tian laughed and said, “You don't deserve to be my wife. I don't like brown-skinned people. In our eastern country, those from Moro are all servants. Stop Dawdling and go and get some food!”

At this moment, the doorbell suddenly rang.

Verani's anger immediately turned into fear. Yu Tian had already arrived behind the door and signaled for Verani to open the door.

In the end, the person standing outside the door was Wells.

This guy was holding a bouquet of flowers. As soon as the door opened, he stammered, "Verani, Hello. I know that your father has passed away. I especially came to see you".

"I see that you don't look well. Do you need me to do anything for You?"

Valani was not in the mood to pay attention to him now. When she thought of how she pretended to be Yu Tian yesterday and almost got beaten to death by Yu Tian, she despised him even more.

She said impatiently, "Just leave me alone. I don't want to see anyone now. I'm sorry, I'm closing the Door!"

Wells did not give up. Now was the time for Valani to be weak and helpless. It was also a good opportunity for him to take advantage of the situation.

Thus, he said stubbornly, "Wait, Valani, I know that you're feeling very uncomfortable right now. It's the time when you need someone to accompany you. Let me do something for you".

"The others will only see you as a joke. I'm the only one who doesn't care about these things. Regardless of whether you're the daughter of a rich man or not, I treat you as my best daughter| that good friend!"

Yu Tian really did not want to listen to him anymore. He flashed out and pulled his hair into the house under Wells's shocked gaze.

Valani shook her head helplessly. She stretched out the door and looked around, then closed the door.

Wells was scared out of his wits. He said incoherently, "You are still kidnapping Valani. You kidnapped a woman. This is wicked. I need a hamburger. The celery I bought yesterday seems a little old"

Yu Tian looked at him indifferently and said expressionlessly, "Shut up. Go to the kitchen and get us something to Eat!"

"Yes, cooking. I like to cook. Oh, I understand. I"

Yu Tian saw that he was dragging his feet. He kicked Wells so hard that he cried. He immediately rushed into the kitchen and began to cook.

Wells felt bitter. He thought as he cooked.

“I came here to take advantage of the situation, but not only did my plan not succeed, I actually started cooking for no reason!”

Verani ignored all of this and wanted to ask Yu Tian what he was going to do next?

However, Yu Tian suddenly gestured for her not to make a sound and pulled her into his embrace.

Verani was so shocked that her eyes widened. That Man's aura made her a little excited.

But soon after, Yu Tian and her both fell to the ground.

Wells, who was cooking, saw that he was hugging his goddess and was instantly furious. He waved his spoon and shouted, “Is there no bed in this room.

Before he could finish his sentence, several bullets shot into the room with a deafening thud.

In an instant, the room was shattered.

Yu Tian carried verani and rolled into the bedroom.

The bedroom window was also smashed by a black object. Yu Tian looked at it.

“What the Hell Is This?”

Verani smiled bitterly in horror. “It's called a grenade!”

As soon as she said that, a loud bang was heard and the big bed covered with pink sheets was smashed into pieces.

At the moment of the explosion, Yu Tian used his body to block the shrapnel. The moment the shrapnel pierced his body, Yu Tian let out two low growls.

“Ah, oh my god, oh my God!”

At this moment, a masked man with a weapon jumped into the window, raised his weapon, and was about to shoot.

Yu Tian, who had his back facing him, suddenly exploded his internal energy and forcefully pushed the shrapnel out of his back.

The shrapnel pierced through the masked man's neck without any deviation, killing him.

Yu Tian immediately took out a golden needle and stabbed it into his acupuncture point to stop the bleeding.

At this moment, another person appeared at the bedroom door. The weapon was aimed at Valani..

?Chapter 324 – Chapter 324, Whether To Sell Or Not

Thank you readers!

At such a close distance, it was too late for Yu Tian to stop him.

But that Guy Wells, at the critical moment, was still useful.

He directly smashed the frying spoon on the back of the masked man. Although it did not cause any actual damage, it bought Yu Tian time.

The masked man turned around and aimed his weapon at Wells again.

He was frightened by this fellow. Only then did he realize how idiotic his hot-blooded actions were. He even said with a resentful look, "I'm just a cook. Do you want a scrambled egg?"

At this moment, Yu Tian casually picked up a piece of wood and used it as a dart. He suddenly pierced through the back of the masked man's head.

Wells was scared out of his wits. He cried out in extreme fear, "Oh my God, you killed him with wood!"

Yu Tian pulled verani up. They had to leave this place immediately, or else there would be more people attacking.

The pale-faced wells shouted from behind, "Hey, wait, what should I do?"

Yu Tian suddenly turned around and said indifferently, "You stay here and cover the rear. If someone comes to kill you, everything in the kitchen will be your weapon!"

"What if there are too many people?" Wells took it seriously.

Yu Tian was a little helpless. How could there be such a fool in the world?

He said impatiently, "Then spit them to death!"

With that, Yu Tian pulled the dumbstruck verani out of the apartment.

There was no safe place now. Just as Yu Tian was thinking about where to go, a phantom suddenly appeared beside him.

Nicholas waved at them.

Half an hour later, in a luxurious wooden house near the sea, Nicholas first arranged for bodyguards to protect the surroundings. Then, he came to the living room, he smiled and said, "Mr. Yu, verani, this place is safe. Do you guys want to drink something?"

Yu Tian did not stand on ceremony and said indifferently, "Let's have something hot. I want something exciting right now!"

Nicholas personally poured a glass of whiskey for Yu Tian and said courteously, "We can work together. I know that Mr. Yu wants to restore the shipping route of the Chu family. If you help me get the position of President..., i can help you restore the shipping route. We each get what we want. Isn't that very fair?"

Vera ni had nothing to say. Now even an assassin had appeared.

If it weren't for Yu Tian protecting her, she would have lost her life a long time ago.

Moreover, Yu Tian was right. Nicholas would indeed choose to cooperate. That meant that everything was under Yu Tian's control. He would leave it to Yu Tian to decide.

However, Yu Tian only smiled indifferently. He first drank a mouthful of whiskey and slowly said, "How do you want me to help you?"

"I need money!" Nicholas said straightforwardly, "If you can provide me with ten billion dollars, I can bribe everyone in the port, even the other two partners,

"As long as I can sit in the position of President, I will immediately order them to open the shipping channel. And as long as this port is in my hands, it will always be open to the Chu family!"

Ten billion dollars was not a lot. Compared to the losses of the Chu family, it was not even worth mentioning.

However, Yu Tian did not agree immediately. Instead, he asked, "This request is not excessive, but the premise is, where is Gaskell's Money?"

Nicholas smiled coldly and said, "You have to ask verani about this. She is the only family member of Gaskell, but I do not want to spend too much time waiting"

"I think Mr. Yu doesn't want to waste so much time now, so my suggestion is the best choice!

Yu Tian said indifferently, "Since you know that I don't want to wait, how long will it take for you to open the channel after you get the funds?"

Nicholas thought for a moment and smiled, "It will take ten days. This is the fastest!

"I just give you a Tian said disdainfully. "Then you can take my money and pretend to be better, and slowly realize your dream!"

"But this is the fastest time!" Nicholas had a fearless expression, as if Yu Tian had no other choice.

However, he still underestimated Yu Tian's IQ.

Yu Tian just did not want to talk to him about those useless things. Who said that he had no other choice?

He said coldly, "I'll think about it first. Besides, we're tired and want to rest first. Go Do what you need to do and prepare some food for us. I prefer the abalone here. Get Me a hundred and eighty abalone!"

Nicholas spread his hands and stood up. "Okay, Mr. Yu. I'll always be the one who can satisfy you!"

After he left, Yu Tian whispered to verani, "Do you know the phone number of the two partners?"

Verani nodded and asked doubtfully, "I do. Do you want to call them?"

"Nonsense. Why Not?" Yi Tian immediately took out his phone.

In the evening, Nicholas prepared a sumptuous dinner.

On the dining table, Yu Tian picked up an abalone and started eating.

Nicholas watched with a faint smile. He waited until Yu Tian was almost done eating before he asked, "Mr. Yu, have you considered my proposal?"

Yu Tian wiped his mouth and chuckled, "I can accept it, but the content can not be done according to what you say. It has to be done according to my request!

“Then tell me. If I can do it, I will definitely agree to it!” Nikola only wanted to make the deal quickly.

However, Yu Tian said slowly, “I can give you ten billion dollars, but not to make you the CEO. I want to buy everything you have at the port. This is my request!”

Nikola laughed, but the skull-faced man looked even more terrifying.

Then, he said coldly, “Mr. Yu, you may not understand what I mean. I am the only one who can help you open the passage. I am only asking you to consider, not to give you a choice.”

Any of your inexplicable decisions now would cause the Chu family to suffer a great loss. Compared to this, I think what you should do is to agree to my request!

Yu Tian drank a mouthful of red wine and felt that the taste was not very good. Then, he spat it onto the plate and frowned, “Your taste is just like this wine, like horse piss.”

“Do you think I’m negotiating with you?” “I’m just ordering you!”

Ordering laughed arrogantly and said disdainfully, “Then I want to know, what identity do you use to order me? Dan ier port is not the territory of the Chu family. Here, you really don’t have the right to speak!”

Yu Tian scratched his forehead helplessly and said indifferently, “That was in the past, but now, Dan ier port is about to belong to the Chu family because I have already bought the resources in the hands of those two partners.”

“Now, I am the person with the most resources in Dan ier port. I can give you a choice. Do you want to sell or not?”

Nicholas’ smile suddenly disappeared and he stood up angrily, “This is impossible, you are just dreaming!”

?Chapter 325 – Chapter 325, The First Order

Thank you readers!

Yu Tian chuckled and said indifferently, “I think you should wake up!”

At this moment, two middle-aged men in suits walked into the door. Nikola turned his head and saw that they were the partners.

The two looked at Nikola with disdain, but nodded respectfully to Yu Tian.

Nikola glared angrily and said coldly, "What are you doing in my house? You are not welcome here. Get Out!"

Yu Tian knocked on the table and reminded them, "I called them here. You'd better be polite. If I'm happy, I won't let you get out!"

The two partners did not waste any time and immediately took out the agreement.

The white-haired partner smiled and said, "Mr. Yu, we completely agree with your proposal. We will sell all our resources to you at a price of 10 billion meters. After signing this agreement, you will be the biggest boss of Daner Port!"

Yu Tian looked at Nicholas proudly and said proudly, "So, Mr. Nicholas, I can buy ten days with 20 billion. Why should I use 10 billion to make you the Boss?"

Nicholas gritted his teeth and glared angrily, but he had nothing to say.

He had really underestimated Yu Tian's strength and intelligence. He had wanted to use him, but he had been fooled by him.

After the agreement was signed, Yu Tian immediately gave the two partners 10 billion each.

The two partners immediately called the higher-ups of the port to confirm that Yu Tian was now the biggest boss of the port, and they had already retired from the port management.

Following that, the white-haired partner handed the phone to Yu Tian.

Yu Tian took the phone and said domineeringly, "My first order is to immediately open all the shipping lanes. As long as it's a cargo ship from the Chu family, all of them will pass through for free!"

The higher-ups immediately said, "Yes, Mr. Yu. In half an hour, all the shipping lanes will be opened. Do you have any other orders?"

Yu Tian first looked at Nicholas proudly and then said coldly, "All the people from Nicholas will be chased out of the company immediately!"

The higher-ups were silent for a few seconds. This was an extremely shocking order.

"Okay, boss. I will arrange it immediately. Do you have any other orders?" Yu Tian chuckled and said arrogantly, "Let's do this first. There's nothing

As soon as the call ended, Nikolay howled angrily at the two partners.

“What good will it do you if you do this? You're betraying us. You're Shameless!

The white-haired partner frowned and said coldly, “Our combined resources are less than ten billion. We're definitely not a match for your seven billion”

“If we let you join hands with Mr. Yu, we wouldn't even have the chance to fight. Now we have earned it. Even if we don't do anything in the rest of our lives, we will still spend enough. If it were you, you would also do the same!”

Needless to say, the two partners left in satisfaction.

At this time, Yu Tian took a sip of his drink and asked, “10 billion. Are you selling your resources? You Only Have One Chance!

Nicholas collapsed on the chair. His forehead was full of sweat, and his eyes were dull as he said, “I sold them!

He had no choice but to sell them. Yu Tian was the one in charge now. He would not be able to earn any money if he made any rules.

The news spread to the sea city.

Chu Hui immediately burst into tears and said gratefully, “Yu Tian, thank you. Thank you so much!”

At the same time, the hundreds of Chu family's cargo ships that were floating on the surface of the sea all roared.

A captain shouted excitedly into the radio, “Everyone, today is the most exciting day of my life. Everyone, weigh anchor and set off!”

At this moment, in a luxurious guest room of the Randell Building, Hansen flipped the table in anger and shouted angrily, “All of you are useless. How could you let them resume their course?

“All of my plans have been ruined by you idiots. What else can you do besides taking benefits from me?”

Peter House, Louis, and the others were silent.

Hansen said coldly, “I must kill Yu Tian, but before that, I don't want to make any mistakes in my deal tonight. Otherwise, you won't be able to get a single cent from me!”

Louis said carefully, “Mr. Hansen, Anthony is now at the camp in the suburbs. They don't have any information. No one will break the deal tonight!

Even though he said that, Hansen still looked at Peter House fiercely and said gloomily, "Peter House, whether my deal tonight can be carried out or not depends on you!"

"If Anthony appears, you must nail him to death before my deal is completed!"

Peter House nodded slightly.

"No problem. You have provided us with so many good weapons. Now Anthony is not my opponent. You can go ahead and make the deal!"

In the blink of an eye, it was ten o'clock in the evening. A group of men in black suddenly appeared at the entrance of Randell Building.

A middle-aged man wearing sunglasses and a white scarf slowly walked into the elevator under the escort of the bodyguards and went straight to the twenty-first floor.

At this time, the bodyguard said in a low voice, "Mr. Crass, the surroundings are safe. The whole transaction is under our control!"

Crass nodded expressionlessly.

The elevator door opened, and Hansen came up to greet him with a smile.

"Mr. Crass, we meet again!"

Facing Hansen's enthusiasm, Crass did not respond. He only said calmly, "I can only stay in Port Dan for two hours. So, let's make a deal. Have you brought the stone?"

Not giving him any face, Hansen's face also turned red. Although he was unhappy, in terms of strength, he was indeed not Crass's match. Moreover, in some aspects, the Agras family still needed Crass's help.

Therefore, Hansen made an inviting gesture and said with a smile, "Of course, otherwise how could it be a trade? Please come with me!"

Peter House, who was following behind the crowd, raised his head and looked at the ceiling above him, smiling slightly.

At this moment, Yu Tian was sitting on the roof of Randell building, watching the romantic night scene of Daner Harbor.

Looking at the time, it should be time for a trade.

He suddenly turned around and jumped off the roof, sticking close to the floor of the building. He came to the twenty-first floor, thrust his hand into the wall, and hung himself outside Hansen's window.

The transaction in the room was going on.

Hansen took out the box and carefully placed it on the table. Crass took out his gloves and magnifying glass, looking at it professionally.

At this moment, the window behind him suddenly exploded, and Yu Tian jumped into the room.

In a flash, Peter House, who had been prepared, took out his weapon and aimed a bullet at Louis'head.

The others just wanted to make a move, but Peter House shot continuously, making them all fall down. He then stood behind Yu Tian, who had a smug look on his face.

Meanwhile, Hansen's mind was buzzing..

?Chapter 326 – Chapter 326, Turning The Tables

Thank you readers!

Hansen did not accept his fate. He turned the anger in his heart into a vicious gaze and stabbed Peter House.

If Peter House had not betrayed him, why would Yu Tian Be Here?

Krass was obviously much calmer than him. Instead, he asked indifferently, a€?Mr. Hansen, I want to know what exactly happened here. Can We continue our deal?a€?

Without waiting for Hansen to speak, Yu Tianxian said indifferently, a€?Of course we can continue. However, the one who is trading with you is not him, but me. In fact, he will die very soon,

don't you want the stone in his hand? You give me ten billion, and you take the stone!a€?

Crass didn't care who he was trading with at all. As long as he could get the stone, it would be fine.

Yu Tian turned to look at Hansen and said coldly, a€?What? You're not satisfied?a€?

Hansen was silent. It was useless to say anything now. The initiative was in Yu Tian's hands.

But at this moment, the door was suddenly broken open. Anthony and his men had arrived.

Yu Tian's lips curled slightly. It was obvious that it was the intelligence that Louis, the double-faced spy, had sold out.

Anthony's arrogant expression was as if he had everything under control in the room.

As he entered the room, he sneered, "Everyone, the transaction can not proceed because I want to take the stone and hand it over to my employer!" Facing such a complicated situation, Yu Tian was very calm.

First of all, the corridor was filled with Anthony's people. Everyone was holding weapons, and two of them were even carrying rocket launchers.

If it was just him, he wouldn't care about these things at all. He would run away as he wished, so that they wouldn't be able to see him.

However, he couldn't do that now. Peter House and the mercenaries on his side were still here. He couldn't just leave them here to die.

And most importantly, he hadn't gotten the ten billion yet.

He didn't care about that bit of money. It was all for his face.

Hansen and Crass' expressions changed again, especially Crass. He asked Hansen coldly, "How many people have you f*cking provoked? It seems like everyone in the world is chasing after you!"

"There's no one else besides them!" Hansen wanted to be funny again.

However, Anthony did not give him face. He said with disdain, "It should be that all the rich people in the world want to kill you except for us. This has nothing to do with me. I only want the stone. Give it to me!"

However, Crass snorted and said, "Stop Dreaming. This place is surrounded by my people. I'm determined to get this stone. No one can take it. Even if you get the stone, don't think about leaving this place!"

Yu Tian grinned and whispered to Peter House, "It's a little messy!"

Was there a need to fight like this for an ordinary stone?

Peter House smiled helplessly and said, "Boss, are we watching a show or stealing it?"

“Don’t be anxious. Let’s wait and see First!

As Yu Tian’s voice fell, Anthony said fiercely, “Crass, don’t think that I don’t know who you are. Do you think that your money came clean?

Isn’t the Angel Army the one who provided the funds for you? Do you really think that I am afraid of You?”

Angel Army?

Yu Tian’s eyes narrowed as he rubbed his chin and pondered.

So this crass was actually a member of the Angel Army. Then there was no reason for him not to know who he was?

But looking at his expression, it seemed like he really did not know who he

This was strange. Could it be that the Angel Legion did not share information?

At this moment, crass clenched his teeth slightly. He did not care what Anthony said at all. Moreover, he felt that he had wasted enough time.

Therefore, he slowly stood up and said, “Since you know about the Angel Legion, you should also know that you can not afford to provoke us. Now, you have a choice. Do you want me to complete this transaction, or do you want to see which one of us can walk out of this hotel?”

Anthony sneered. He was also not afraid of Crass. He said arrogantly, “Mr. Crass, I have no intention of becoming your enemy. Even if I brought 500 experienced mercenaries with me today”

“But I only want that stone. This is my mission. I will not give up. I also know that the Angel Legion is powerful, but it is definitely not now. If I take your life, I have the ability to deal with other people!

Crass glared at Anthony. Since there was nothing else to say, then what was there to say?

Just as he was about to give the order to his bodyguards and was about to take out his weapon to risk his life, a black shadow flashed in front of his eyes.

The moment everyone was shocked, Yu Tian had already appeared in front of Anthony.

Before Anthony could react, Yu Tian had already grabbed his neck and even his weapon had been snatched away.

The moment the suffocating feeling appeared, Anthony's eyes were finally covered with a layer of fear.

"You, what do you want to do? Do you not want to live anymore?"

Yu Tian chuckled and said indifferently, "I realized that all of you have gone crazy. Don't you know that I have the final say here? Look at all of you idiots. With me here, it's not your turn to hurt each other."

"Tell your men to leave the hotel now, or I will kill you immediately. You know that I have the ability!"

Anthony was afraid of death and immediately did as Yu Tian said. He told his men to leave the hotel.

Yu Tian asked Peter House to keep an eye on Anthony. Peter House was especially excited. He went up and punched Anthony in the face. Then, he stepped on Anthony.

Then, Yu Tian turned to look at the pale-faced Hansen and said coldly, "Where's the stone? I want to trade now!"

Hansen was even more afraid of death. All the people present were powerful, but he was nothing.

He thought about how he had prepared so much for this trade.

In the end, he couldn't rely on anyone. In the end, he was the older one.

Helpless, he could only take out a stone and place it on the table.

Yu Tian opened the box. The stone inside was plain and unremarkable. It was palm-sized and could be smoother than ordinary pebbles. Other than that, there was nothing special about it.

He casually pushed the stone to Crass and chuckled. "Now our transaction can continue!"

Crass did not hesitate. Instead of risking his life to get it, he might as well spend money to buy it. Wasn't it much simpler?

He immediately transferred the ten billion to Yu Tian. He picked up the stone and looked at it excitedly for a long time, as if he had obtained a priceless treasure.

After confirming that this stone was what he wanted, Crass was very satisfied, he smiled and said, "Mr. Yu, I know your identity, but I'm different from the other members of the Legion. I hope that we will have more opportunities to cooperate in the future!"

Yu Tian nodded slightly.

“As long as you don't act pretentious with me, anything is fine. What I want is face. And I think that we will meet again!”

Crass carefully put away the stone and stood up. “I look forward to our meeting again. I’ll leave this place to you. I’ll take my leave First!”

After he left, Yu Tian looked at Anthony first..

?Chapter 327 – : Chapter 327 Was About Making Money

Thank you readers!

Seeing that the stone had been bought by Crass, Anthony's own mission was also a complete failure.

Not only did he not make money, but it would not be easy to survive in the mercenary world in the future.

The more he thought about it, the angrier he got. Anthony said angrily, “Yu Tian, you are wrong this time. You will definitely regret it. From now on, as long as I am alive, I will pursue you to the end. Just wait to suffer my anger!”

Yu Tian smiled indifferently and said, “If I'm afraid, I might as well quit. Besides, do you think you still have a chance to live?”

As soon as he finished speaking, Peter House's silencing weapon made a crisp sound and directly made Anthony's brain explode.

Yu Tian didn't even look at him. Instead, he looked at Hansen.

Hansen was so scared that he was about to Pee. He begged bitterly, “Yu Tian, let's make peace. In the future, the Agras family will definitely not be your enemy. We can also cooperate in many aspects!”

Unfortunately, this idea was too late.

Yu Tian did not want him to continue living. He did not even want to speak to him and directly broke his neck.

Even until death, Han Sen still thought that Yu Tian would not kill him. However, in the end, he was still wrong.

Peterhouse put away his weapon and asked doubtfully, “Boss, I don't understand one thing. Why did you give the stone to Krauss?”

Yu Tian felt that Peter House could be trusted, so he slowly said, 'If he can't get the stone, we don't know what he wants to do. And I want to know more about the angel army through Krauss.'

'After all, the Angel Army has some grudges with me. If we can use Krauss to resolve this conflict, that wouldn't be very good. Moreover, he got the stone, Anthony's people, and his employer...'

'Can you think of who killed Anthony?'

Peter House shook his head in admiration and said with appreciation, 'So you have thought of so many aspects. I really admire you!'

Yu Tian smiled indifferently and said, 'Now is not the time to talk about this. You take your people and leave this place first. Remember to say that Krath killed Hansen and Anthony, and that he has already gotten the stone.'

'Now, as long as I say this, there will definitely be people who will believe me. If I am not wrong, Krass will very soon propose to cooperate with me again. At that time, I will know what he wants the stone for.'

Peter House nodded and immediately went to make arrangements. Yu Tian sat on the sofa in a relaxed manner and gave Chu Hui a call first.

'Daner port is now ours. We need someone to manage it. Among my 108 sisters, who can come over?'

Chu Hui thought for a moment and said with a smile, 'There is a very suitable candidate. We can let Chu Wei go over. There is no need for her to go over to the Russian side now. She just happens to want a particularly exciting mission.'

'I think it's better to let her go over. What do you think?'

In fact, it was fine to let anyone come over as long as she was not the one watching. After all, the business in Port Dan was particularly big, so Chu Wei was really the more suitable candidate.

She had stayed in the Russian side for a long time, and her personality was also quite domineering. Moreover, she was also very experienced in management.

Thinking of this, Yu Tian nodded and said, 'Sure, there's no more work here now. I'm ready to head back to Linhai. The rest is up to you!'

In the blink of an eye, it was noon the next day. Yu Tian finally returned to Xinghe technology company, which he had not seen for a few days.

The business of the technology company was thriving day by day, especially the six-dimensional code technology, which had now spread to dozens of cities.

The daily fixed income was around 100 million.

The game developed by DU tianci had entered the closed beta stage, and the effect was particularly good.

During the meeting, Du Tianci couldn't wait to take credit.

“CEO Yu, our game has entered the closed beta stage. We have 10 million fixed players, and there are millions of downloads every day.”

“The other projects of the game are being developed step by step, and our shopping mall system is now open for free. After adding more products, we will try to charge.”

Hearing this, Yu Tian nodded with satisfaction and said with a smile, “It's okay to charge, but under the premise that we must highlight the characteristics of online games.”

“First, the ratio of funds. My idea is to top up one yuan and use it in the game for 100 yuan. The price of the goods in the game, according to the characteristics of the game, should be no different from the goods in our daily lives, “There should be no difference,

“Therefore, the price is also the price of the goods in our daily lives. There is only one idea in doing this, which is to let every player use the least amount of money to get the greatest sense of experience!

Yu Tian's words were like the weight of his words. As soon as he said this, the game development team immediately started recording.

At this moment, Chu Hong also reported, “The actual value of galaxy technology company has already jumped to the top five in the country. When our virtual world officially goes on sale..,

“Our market value will continue to increase, and we will definitely become one of the top technology companies in the country. When our six-dimensional code technology officially enters the foreign market, then our technology company.., “Will also become an international large-scale company, “At that time, the market value of the company will double even more!

In the end, it was just making money, and it was very profitable.

It made Yu Tian feel that there was no concept of money anymore.

After the meeting, they went to Tianhai pharmaceutical factory the next day.

Tianhai pharmaceutical factory was the largest pharmaceutical factory under the Tianhai Group, and its productivity was very formidable.

This was also one of the main reasons why they chose to produce elemental drugs here.

Wu Minzhen did not disappoint herself. Now that the elemental drugs had entered the final testing phase, they would soon be put into production.

When she introduced the production line and the research and development data to Yu Tian, she said excitedly, "Boss, our elemental drugs have extremely powerful cell repair and replication abilities,

"It has very good effects on some special diseases. Moreover, only our pharmaceutical factory in the world can produce this kind of medicine, and the price set by the company is more than 50,000 yuan per box of Medicine!"

When Yu Tian heard this, he frowned and asked coldly, "Who set this price? Why Don't I know?"

Wu Minzhen didn't know how to answer Yu Tian, so she could only say in a low voice, "The price of this medicine is set by the higher-ups of the Tianhai Group, and I'm just a researcher. I don't have the authority to set the price." "But it can't be set at 50,000 yuan. This is just a drug. Could it be a diamond?"

After saying this, Yu Tian immediately called Chu Qing and asked her to come to the pharmaceutical factory immediately..

?Chapter 328 – : Chapter 328: Making Money No Matter What

Thank you readers!

Chu Qing quickly arrived at Tianhai pharmaceutical factory. Seeing that Yu Tian seemed to have some objections to the price of this medicine, she could only helplessly explain, "This price wasn't set by me either. It was set by the family side!"

Yu Tian said somewhat discontentedly, "I don't care who set the price. Without my permission, what price did you set? Moreover, it was set, and it was actually so high. Do you want to kill people?"

"Immediately tell the family that the price of this medicine must not exceed 100 yuan. Just say that I said it. If anyone has a different opinion, let him come and tell me directly!"

Chu Qing nodded. Since Yu Tian had spoken, she immediately called the family's higher-ups.

In the evening, a family's higher-ups called Chu Tong en personally rushed to Linhai from the capital. Without even drinking a mouthful of water, he came to the Tianhai Group and wanted to personally meet Yu Tian.

At this moment, Yu Tian was sitting in his office, bored to death, watching the live broadcast.

Chu Hong brought Chu Tongen into the office. After introducing each other, Yu Tian raised his eyes to look at this middle-aged man.

The first feeling he got was that this guy's face always had that distressed expression, as if he was in pain somewhere.

Chu Tongen wasn't as arrogant as other families. Instead, he said especially politely, "Master, it's my honor that you can meet me in such a busy time. This time, master wants me to discuss with you"

Regarding the price of the elemental medicine, but I personally admire you very much. So, can we take a photo later?"

Take a photo? This guy was simply flattering him.

However, Yu Tian was quite pleased. At least this guy was not trying to put on an act with him.

As long as he did not put on an act, then he would have something to say.

Yu Tian smiled indifferently and said, "Take a photo or something. We'll talk about it later. What does the family mean? Don't tell me that you guys insist on setting the price of this elemental medicine so high?"

Chu Tong en hurriedly explained, "Actually, it doesn't have to be at the family's price, but it's really too cheap to be within 100 yuan. We can't even recoup the cost of making the medicine."

"My Lord, you know very well that the entire process of mining, refining, decomposing, and then making the medicine is very expensive. The lowest cost we calculate is around 15,000 yuan."

"100 yuan is equivalent to selling our best medicine as potatoes, and it will also affect the price of the international medicine. If we do this, it is indeed not worth it,

"I know that I am not qualified to tell you this while I am sitting here, but I would like to ask you to listen to my opinion!"

His words were very polite and polite. Yu Tian raised his chin slightly, indicating for him to continue.

Chu Tong then took out a document and respectfully placed it on the table, he smiled and said, "My lord, this is an elemental medicine document that I

made before I came. It has an analysis of the minimum cost of each pill.

My idea is that, on the basis of ensuring the cost, we can add some profit points appropriately. We can set the selling price of the medicine at 18,000 yuan. This way, we can not only guarantee the cost, but also have some profit income.

"Moreover, this price can be accepted by most people. For a small number of people who can not accept this price but need the medicine, we can subsidize them in other ways,

"This is the best method I can think of at the moment. What do you think?"

Yu Tian roughly thought about it. The Chu family was a business organization, not a charity organization. There was no reason for them to do a loss-making business. Moreover, the elemental medicine was the only medicine in the world that could regenerate cells and replicate.

Just based on this point, no matter how much it was sold, there would be people fighting over it.

He just did not want those who could not afford the medicine to only watch and not be able to buy it.

After all, he had once been poor and deeply knew the feeling of being poor.

But now that he was in this position, there were some things that he had to consider.

As the saying went, a strong person's feet were full of small dogs. One would succeed and ten thousand bones would die. Even if he was helpless, he had no choice.

In the end, Yu Tian nodded and agreed to the proposal.

Chu Tongen was very excited. His mission had been completed perfectly. If Yu Tian didn't support him, he wouldn't have been able to complete it so quickly.

"Master, you're really too straightforward. I think the Chu family is lucky to have you as their guardian!"

Yu Tian didn't want to talk to them anymore. Since the price had already been set, he didn't need to care about the rest. It was better to think about other things now.

At that moment, Chu Meng walked into the office. She picked up the water and gulped it down, as if she had been thirsty for years.

Chu Hong hated Chu Meng the most. Her nose wasn't her nose, and her face wasn't her face. She took a glance at Chu Meng and left the office with Chu Tongen.

Yu Tian frowned and said, "Can you drink slowly? Aren't you afraid of choking? Why are you in such a hurry? What did you discover this time?"

"This is definitely a big piece of information," Chu Meng said mysteriously. "You asked me to collect information about Crass, but I accidentally discovered a secret!"

Then, she put the computer on the table, open the data let Yu Tianxian have a look.

Yu Tiangui looked and listened to her introduction.

"Crass is indeed a member of the Legion of Angels, but to be precise, he has been kicked out of the Legion of Angels for the simple reason that not only has he not created any value for the Legion of Angels since he joined it,

"On the contrary, he took great pains to take advantage of them and even caused the Angel Legion to suffer a huge loss. His other personality is a war maniac,

"He once planned a long-lasting war by himself. That War resulted in the deaths of tens of thousands of people between the two tribes, and the consumption of weapons was an astronomical figure,

however, he had obtained a lot of benefits from this war, and he had also obtained financial support. He had used this sum of money to cooperate with the Agras family in the trade of arms, and the money he had earned had increased,

that piece of stone that you had always thought was just an ordinary stone contained a reaction element. It only had one function, and that was to expand the range of the explosion by tens of thousands of times.

"To put it simply, that stone is like a nuclear weapon. After the explosion, half of the Earth will disappear. Now you finally know why he spent so much money to buy this stone, right?"

When Yu Tian heard this, he frowned, he said helplessly, "What is this thing? Isn't that just a broken stone? It actually has such a great ability. This world is simply too crazy.. A broken stone can destroy the world!"

?Chapter 329 – Chapter 329, Wanting To Cooperate

Thank you readers!

Chapter 329:, wanting to cooperate

Chu Meng laughed along, “And the most exciting thing is that crass has already arrived at Linhai. If I'm not wrong, he must be here to seek cooperation with you as for why he wants to cooperate with you, just wait for him to see you. I believe he'll call you soon!”

Just as she finished speaking, Yu Tian's phone rang. It was indeed an unfamiliar number.

Yu Tian looked at Chu Meng. This time, she was right.

After picking up the phone, crass'voice rang.

“Mr. Yu, I didn't expect to see you so soon. I'm in your city now and I've brought you a huge business deal. I'm sure you'll want to know what it is

“I'll be waiting for you at the hotel's Western restaurant. I think we should have a drink and talk slowly!

“In that case, since I have free time now, I'll go and See You!

After hanging up the phone, Yu Tian stood up and said, “I'll go and see him now. Let's see what's in this guy's clothes.”

Half an hour later, in the hotel's Western restaurant.

Crass didn't come empty-handed. He even brought a gift for Yu Tian.

Opening the exquisite box, there was a revolver made of unique pure gold inside.

It looked especially valuable.

Yu Tian smiled indifferently.

“It seems that you are very capable. You can even bring this kind of thing in. However, I don't have any concept of these thermal weapons, but I still thank you. Now, let's make it simple. Tell me what kind of business you have brought me!”

Crass personally poured a glass of red wine for Yu Tian, and then said very calmly, “I believe that you already know what I am going to do with that stone. You guessed it right”

“I am indeed going to develop a weapon that can destroy the world. This sounds a bit unrealistic and unreal, but I like to turn dreams into real things.

“But destroying the world is not my goal. If everything we see doesn't exist, then what's the point of living? “And the core of my cooperation with you is to get your support!”

“But I don't know how to support you, and I don't know whether I should support you or not. “Yu Tian maintained a calm expression, as if this was just a game.

He could play if he wanted to, and quit if he didn't want to.

Crass raised his glass, took a sip of red wine, and said, “Actually, it's very simple. I want to join the Chu family, and then I'll give all my technology to the Chu family, or to you,

what I need is for the Chu family to consider cooperating with me on some business projects!

His words were a little shameless.

So he didn't want to use that Stone to threaten the world, but to threaten the Chu family and himself.

Although his words were very civilized and his expression was very polite.

But wasn't the meaning behind his words very clear?

If he didn't agree to his request, then he would use the destructive power produced by this stone to make the Chu family disappear from this world.

Thinking of this, Yu Tian just chuckled and shook his head. “Do you think I can agree to your request? If that Stone is in the hands of the Chu family now?”

“Then the Chu family is someone who can destroy the world at any time and place. Simply put, they want to go against the entire world, but you have taken the benefits of the Chu family and are living happily”

“Do you really think that I, or the Chu family, will make your dream come true? “First of all, it's impossible with me!

Krass was not surprised by Yu Tian's words. Instead, he chuckled and said, “Actually, I intentionally revealed the information to you. Moreover, I know you very well,

“I know what you want. If you agree to my request, I will give you all the information I know about the Angel Legion. Moreover, whether or not I go against the world does not depend on you or me, nor does it depend on that stone,

“It is up to the Chu family's own choice. If there is a good thing here and you don't buy it, it will fall into the hands of someone else and destroy you instead. I don't think anyone will feel good about it?

“For the Chu family, just a few projects and 180 billion of funds can save the world. Why Not?”

What he said was right. 180 billion yuan was nothing to the Chu family.

Not to mention the Chu family, even 108 sisters could be easily taken out by anyone.

However, would this 180 billion yuan be enough to satisfy crass?

It seemed unlikely.

Yu Tian also felt that crass was definitely not after these benefits. There was definitely a bigger conspiracy behind this, and it was a conspiracy against the Chu family.

Therefore, he definitely could not agree to it easily. Otherwise, he would fall into the pit and would not be able to climb out even if he wanted to.

This was because he had already missed it once. If he had known that the stone was so pretentious, he would not have sold it to crass in the first place. It was a bit of a loss.

Thus, Yu Tian just chuckled and gently supported his chin, he said indifferently, “I can only say sorry to Mr. Crass. The Chu family will not carry out this transaction with you, much less spend so much money to buy a hot potato,

“If you want to destroy the world, then go ahead and do so. However, the prerequisite is that you can leave my hands Alive!”

Crass also changed his face immediately. He sneered and said, “I know that the headquarters of the Chu family is in the imperial capital of the eastern country.

It's a very beautiful city,

“Moreover, I also know that there are countless people in the world who are dissatisfied with the Chu family. I believe that they are very willing to pay me to attack the Chu family. If I let that stone explode in the imperial capital.. , after the Chu family disappears, I can still use the money to live the rest of my life. However, there is nothing left of the Chu family. I believe that Mr. Yu is still able to weigh the benefits.

Since I dare to sit here, I have already thought of all kinds of reasons, including the possibility that you might use force on me. Therefore, before I came here, I had already arranged everything on the map,

“I don't want that stone to explode, but if I don't live, then I'll have to let many people die with me. At least that won't be lonely, don't you think so?”

The more he spoke, the more shameless he became. The more Yu Tian listened, the angrier he became. How could there be so many bad people in this world? Even after killing so many, he still couldn't kill all of them.

And who couldn't you be bad to? You had to make things difficult for the Chu family.

The Chu family was quietly doing business, who did they offend? Why were so many people unhappy with them?

They had been racking their brains all day, trying to wipe the Chu family out of this world. could they be any more shameful?

But it was useless to think about this now. The first thing to think about was how to kill crass without making a sound..

?Chapter 330 – Chapter 330,50%

Thank you readers!

As long as Krass was still alive, the blow to the Chu family would not be lifted.

He would become a stumbling block on the road to becoming a powerhouse.

Krass spread his hands and chuckled, “It seems like you don't have any other choice. Why Don't you come to my side? With our strength, we are an invincible combination!”

Yu Tian laughed and refused, “Sorry, I am naturally unhappy with foreigners. I will consider your request!”

After saying that, Yu Tian stood up and suddenly kicked the head of a foreign man who was eating at the next table.

That man was completely unprepared and fainted on the ground.

Yu Tian turned his head and looked at crass with disdain. He said coldly, “Find some smart people to follow me in the future!”

Krasi smiled as he watched Yu Tian leave. He said with appreciation, "I like this character!"

The Man on the ground finally got up slowly. His face was covered in blood as he said to Krasi, "Boss, how did he know that I was your man?"

"It's very simple!" Krasi said indifferently, "Because you were sitting too close to me, and I still told you about the plan. This Yu Tian is very smart. He is the most powerful opponent I have ever seen!"

"You tell the people in Imperial City to call me every hour. If no one answers, activate that thing immediately!"

Yu Tian called Chu Qian on the way back to the company.

At that moment, Chu Qian was in the ring, knocking down a man who was nearly two meters tall with a punch. She took the phone while sweating profusely and asked while panting, "Is that your brother?"

Yu Tian heard her panting voice, he chuckled and said, "That breathing sound is really sexy. But now that you have work to do, I'll get Chu Meng to send you some information. Take a look first, then call me. I want to Hear Your Thoughts!"

An hour later, Chu Xin, Chu Qing, and the others entered the chat room and turned on the video equipment.

After Chu Qian entered, Yu Tian drank his drink and said calmly, "The challenge this time is particularly big. I want to hear the opinions of all the Sisters!"

Chu Qing said angrily, "It's impossible to compromise. As long as Krath holds that thing, he will be insatiable. After taking the project, he will want other things!"

"My suggestion is to directly ask someone to cripple him!"

Chu Xin shook her head and said, "Sister, your suggestion is not feasible. Since Krath dared to come here to see my brother, it means that he has prepared everything. If we act rashly, it is very likely that the Chu family will face a fatal

Yu Tian also thought so. He said, "Sister Xin is right. First, we have to know where he hid the stone. As long as we get the stone, we don't have to consider anything else!"

At this moment, Chu Xuan suddenly said, "I've already deciphered some of Krath's information, but it's not very useful. However, I did find out that there's a phone that calls him every hour,

the location of the phone is the imperial capital, and it's not a fixed location. It will change its location every hour!

Hearing this, Yu Tian narrowed his eyes slightly.

“Sisters, I can't leave Linhai right now because I want to stabilize crass. I need someone who can cooperate with me perfectly and find the stone!

Chu Hui thought for a moment and immediately said, “I think you should meet Chu Hui!”

“Who's Chu Hui?” From her name, she should be one of the 108 sisters, but what skills did she have?

Chu Meng chuckled, “Well, I definitely support her. Chu Hui definitely has the ability. She's the smartest woman among the 108 sisters. Hubby, when you see her, you'll definitely bow down to her!”

Yu Tian laughed and said, “Isn't that amazing? You guys are already smart enough, how can you be Smarter Than You Guys?”

Chu Hui smiled mysteriously and said, “You will know when you see her. However, I can tell you one thing first. She is 22 years old this year and has already obtained physics, chemistry, Biology, agriculture, machine manufacturing, aerospace, shipping”

“She has a doctorate degree from a university and is proficient in more than ten foreign languages. She has also received the evaluation of the American Brain Development Association's chief human with high IQ. To put it simply, if we have an IQ of 50, she has 5,000, or even more!”

Yu Tian almost forgot to blink. Could there really be someone with such a high IQ in the world? He must be joking.

He said disdainfully, “It's useless to say anything else. Let's watch a video

Chu Meng quickly pulled Chu Hui into the group. Yu Tian could feel her intelligence through the screen, and Chu Hui's calmness was perfectly expressed through her indifferent smile.

Especially her natural dimples, which made her look even more playful and sexy under the contrast of her red lips.

Yu Tian praised her with admiration, “The genes of the Chu family are so good, even a random girl is so good-looking!

One sentence was met with a group of curses.

“Who are you calling random? Why Are You So Wicked?”

“I’ll see if you can give birth to a random girl!”

“Hubby, you have to calm down, don’t lose control!”

Chu Hui laughed and said nonchalantly, “Xtually, he’s right. The continuation of life is not controllable. That’s why there are so many people in the world. To save time, why don’t you guys drag me into the group?”

“What do you want to Do?” “I have to do an experiment on the fusion of particles and neutrons later. I don’t have much time here!”

It was Chu Meng who gave a brief introduction.

Chu Hui was still very calm. The confident smile on her face had never changed. It was as if everything was just a child’s game.

Yu Tian asked, “With your IQ of 5,000, what do you think we should do?”

She corrected him, “It’s not 5,000. After the test, my brain has been developed to 50% . Let me show you a magic trick!”

As she spoke, Chu Hui looked at the cup that was five meters behind her and gently pinched her fingers. The cup actually floated into Chu Hui’s hand. Yu Tian exclaimed in shock, “F * CK, is this a special ability?”

In the midst of the ladies’ shock, Chu Hui drank a mouthful of water and casually threw it away. The cup floated back to its original position.

She said proudly, “This is not a special ability. Instead, I have already mastered the fusion method between space and time. Therefore, I can directly skip the distance between space and time and get all the things I Want!”

Seeing that everyone was grimacing in surprise, Chu Hui laughed and said, “Don’t feel strange, I can only take things through space now. Many people in the world who have developed their brains to 50% can do such a skill!”

“So, I suggest you to watch the Super Body Movie.. I thought it was just a movie, but now I believe that the things in the movie are real!”

?Chapter 331 – Chapter 331, Virtual World

Thank you readers!

Although Yu Tian did not understand what Chu Hui said, he knew that this kind of superpower was very powerful. The 108 Sisters of the Chu family were not simple people.

However, the performance was over. It was time to talk about something serious.

Yu Tian coughed lightly to ease his excitement. He said indifferently, "Now, let's talk about how to find that Stone."

Chu Hui said indifferently, "It's very simple. If that Stone has the space magnetic field ability, then I can use the space neutron flow technology to detect the magnetic field disorder,

"I'm now in Super Nation and will immediately rush to the imperial capital. You have to help me prepare the helicopter. Sister Chu Xuan, you have to observe their calls at any time. Every time they hang up, you have to send me the location!

"My lord, I don't mean to disrespect you, but you just have to help me stall Karas!"

Yu Tian blinked his eyes. He felt like he had become a passer-by. Why was a woman so Smart? It made his pants hurt a little.

However, Chu Hui was so smart that she could guess Yu Tian's thoughts from his fleeting gaze. Thus, she comforted him softly, "My Lord, you are the most important person"

"If you let Kraz realize that we are deliberately stalling for time, the stone might explode in advance. Moreover, you are the master of the Chu family and also our master. This doesn't matter if your IQ is high or low!"

Yu Tian was touched by her words. He chuckled and said, "That's for sure.

Although my IQ is not high, I definitely have the ability to fight. I will definitely rip off Kraz's pants!"

Chu Hui smiled and said, "Then I'll have to trouble you, master. After I find the stone, I'll go to Linhai to see you because I want to ask you for a favor. But let's not talk about that now!

If they were all like Chu Hui, asking for a date of their own accord, how good would that be?

Yu Tian said straightforwardly, "No problem. We're all on the same side. In the future, we'll all sleep under the same blanket. Needless to say, I'm asking you for a favor. Then, let's all move!"

After cutting off the video, Chu Hong pushed the door open and entered. She said with some vigilance, "Why did you agree to Chu Hui so quickly? Do you know what she will ask you to help her with? Are You Stupid?"

However, he smiled indifferently and said, "Compared to Chu Hui's IQ, are we any smarter? Let's not talk about that. I will play the game first!"

After saying that, Yu Tian opened the game interface of the virtual world. After registering his username, he quickly entered the game interface.

Ever since the game was developed, this was the first time he had logged in.

Yu Tian felt that the game's graphics were particularly good. The scene was like a futuristic sci-fi city, with tall buildings that stretched as far as the eye could see.

The game was like the real world as a whole. The only difference was that you could beat people up to your heart's content here.

Therefore, Yu Tian, who was only wearing a pair of tattered pants, had just run into the park when he was hacked back to the resurrection point by a player called "I am your Super Grandpa" with a kitchen knife.

At this moment, Yu Tian was very calm. This was a virtual game to begin with. Players could attack each other and experience everything that could not be done in the real world.

Looking at his backpack, he actually had 100 yuan. According to the tips, this 100 yuan could buy a washboard, food, cheap clothes, diapers, and a kitchen knife.

Yu Tian followed the instructions and ran to a shop.

There were even fully armed security npcs standing at the door. From time to time, they would say, "Attack the cashier, Rob the mall, and take a shit in the mall. They won't let you!"

"If you do it, then the npcs of Galaxy City will take every coin in your pocket and fuck you back to the Resurrection Point!"

Yu Tian looked at these words. It was definitely du Tianci's words.

Walking into the mall, it was exactly the same as a real mall. The only difference was that it was in a three-dimensional mode, where you could wear anything you wanted.

And all the items in the mall belonged to the game server. Every penny spent here would be put into one's pocket.

Yu Tian chose a flowery shirt that cost 27 yuan. He couldn't just walk around naked, right.

He spent another 10 yuan on a pair of slippers.

Yu Tian, who was in front of the computer, felt that his outfit was much sexier.

Just as he was enjoying himself in front of the mirror, the screen turned black, followed by a muffled scream. The system prompted, "You were attacked by I am your Super Grandpa with a kitchen knife,

at the same time, your shirt and slippers were snatched away by me, your Super Grandpa. Do you want to resurrect at the Resurrection Point?"

Yu Tian was a little depressed at this moment. He had just bought a F * cking shirt and slippers when he was snatched away. He had even gotten someone to hack him back to the Resurrection Point.

"F * ck, in order to avoid being attacked again, I have to buy a suitable weapon!"

After reviving, Yu Tian did not care about his clothes and went straight to the weapons store.

There were all kinds of weapons in the weapons store. There were even bazookas.

Yu Tian opened the rocket launcher and saw that the price was 27,000 yuan. If converted into real money, it was 270 yuan. This was already expensive enough.

So he chose an axe. This one was cheaper, 50 yuan.

"F * ck, I have an axe in my hand. Let's see who dares to pretend to be better than me!"

Yu Tian controlled the keyboard and let the character rush straight to the park, ready to take revenge on that I am your grandpa.

At this moment, the loudspeaker at the top right corner of the screen suddenly flashed.

After clicking on it, it was a voice message.

"Hey, Libi, this is your Super Grandpa. I've chopped you twice in a row. If you want revenge, come find me. I'll wait for you at the entrance of the Cinema!"

Yu Tian chuckled.

“This call-up function is pretty good. Let me see where the cinema is.”

Opening the game map, Yu Tian was shocked.

The game map was actually so big. If it were in the real world, this city that was a closed beta game would have an area as big as five imperial capitals.

Moreover, the details of every building were especially good. Every building could be freely entered, but they could only stay for one minute. After that, they would be thrown back to the nearest resurrection point by the system. Unless they bought the building, just like how real world buildings were bought.

Yu Tian looked around and was even more surprised that tens of thousands of people had bought the building. Some even had red curtains hanging on them.

That meant they were getting married.

He shook his head in amazement. Some people were really willing to spend money for the game.

After finding the cinema closest to the primary resurrection point, Yu Tian ran straight to it.

The design of the cinema was actually very realistic. There were even cinemas that had a big release. One could watch the movie as long as they bought a ticket. There were even popcorn and drinks for sale.

Just as Yu Tian was curious about the movie, Grandpa Chao suddenly appeared.

Yu Tian did not like him and swung his axe at him.

At this moment, a few people in the crowd also rushed towards Grandpa Chao. There were even female players. Judging from their clothing, they were all rookies.

However, including Yu Tian, they could not cause any harm to Grandpa Chao at all.

The red-haired female player named “I am your little cutie” immediately sent a group voice message.

“His defense is too high. We Can't beat him. Hurry up and leave. That person with the axe, stop swinging.. Your HP Bar is all gone!”

?Chapter 332 – Chapter 332, Galaxy City

Thank you readers!

Yu Tian didn't even have time to adjust his view before he was cut down.

The system gave him a warm notification, "You've been beaten down by me once again. Don't think about revenge. Go find a job and earn some money. Then you can buy good equipment and act unscrupulously!"

When he returned to the Resurrection Point, Yu Tian was a little angry.

"Isn't there a safe zone and the protection time for rookies? I've only played for less than ten minutes and I've been slashed three times. What's the point of this?"

He opened the inventory window and the axe was stolen.

At this moment, more than ten people appeared in the Resurrection Zone. They were the rookies who had attacked Master Chao previously.

That Bastard even sent a voice message in the world channel. He said in a particularly pleasant manner, "I've gained quite a lot tonight, especially that guy called Yu Di. He sent me so many things!"

"Now, let's send out an advertisement. Five minutes later, the market will set up a stall to sell the equipment of newbies. Come early and get it!"

This was way more shameful than asking him to pretend.

The little cutie said helplessly, "Sigh, the world is cruel. Players like us who don't have enough value can only be bullied. I'm going to work now. Who's with me?"

Yu Tian felt that this female player was not bad and her voice was quite pleasant. He raised his hand and said, "I'll go with you. Bring this newbie with you. I only have a little more than ten Yuan left in my pocket!"

Everyone raised their hands as well. They all wanted to work to earn money.

The little cutie did not refuse. She said in her slightly hoarse voice, "Alright, let's form a team and look at the job posting board!"

Yu Tian clicked open the job posting box. There were all kinds of jobs, prices, and the content of the jobs.

He chuckled and said, "It's easier to find a job in this game than in the real world!"

At this moment, the little cutie suggested that everyone take the job of the cocktail waitress together.

The working world was half an hour, and everyone could get 500 yuan.

There was actually a cocktail party in the game, which was really exciting.

The cocktail party was in a virtual villa in the rich district.

In order to avoid those novice hunters, they took a bus from a less crowded place to the rich district.

After entering the villa, everyone automatically changed into the waiter's clothes, and what they had to do was to give all kinds of food, drinks, and drag-and-drop methods to the people who participated in the cocktail party.

The little cutie said enviously, "This villa belongs to that guy called Amorous

Wenshao. He's the first player to buy a villa since the game closed beta. It's just to give it to his wife in the game!"

The others started to discuss as well.

"If we buy this villa here for 70 million, in exchange for money, it would be 700,000. Including the decoration and furnishings in the villa, it's close to a million!

"The key is in the villa. You Can't Pk. You can only enter with Young Master

Wen's invitation. Once you enter the villa, you can instantly recover your HP. Those level 80 gods with hundreds of thousands of HP can instantly recover their HP in the Villa!"

"Moreover, the villa has a teleportation function. During team battles, you can teleport and recover your HP at the same time. Your Combat Power is absolutely formidable!

When Yu Tian heard this, he was completely convinced by Du Tianci's creativity.

He adjusted his view and saw the player Young Master Wen. There were many female players standing beside him. Judging from the clothes they were wearing, they must have spent a lot of money.

Looking at their weird online names, they were simply putting on a show.

He opened the public chat channel and saw young master Wen Talking.

"Members of our guild must log in and sign in every day. We also need to develop more players. I'll pay for those who don't have any equipment, and I'll pay for

those who don't have money. Everyone, as long as you join me to build our guild into the number one guild in the game, you can spend as much money as you want!

His words won the admiration of everyone.

“Young Master Wen, I remember when you used to play that game, it seemed like you spent more than 20 million to dominate the entire server. If you switched to the virtual world, I think you would still be able to dominate the entire server!”

“Do you even need to say that? Young Master Wen's family runs a company.

They don't lack money at all. They just want to have fun!”

“Young Master Wen, from now on, I'll hug your thigh. I'll do whatever you say!

All kinds of flattery made Yu Tian feel that this young master Wen was a little interesting. He was really willing to spend money for the game.

Otherwise, someone would say that it was enough for a network game to have one or two nouveau riche to support it.

What he said was not wrong at all.

Young Master Wen said very proudly, “I’ve said it before. If you play the game with me, you'll definitely have a future. As long as we become the first in this server, then we’ll have the capital to negotiate with the people in the server,

“If they don't Give us special privileges, then I’ll say a word and everyone will go offline. If we don't recharge, the server will just stare at us. So, we have to play some tricks in the game!

When Yu Tian heard this, he realized that this contest was trying to figure out how to scam his own game. This was a little too much.

You Can Act arrogant, you can act arrogant, but you can't be immoral.

At this time, someone asked.

“Young Master Wen, this game was developed by Galaxy Technology. The boss is Yu Tian. Can We suppress him?”

“I heard that Yu Tian invested tens of billions in this game. Otherwise, how could the game have such good effects!”

“Moreover, the game forum also said that the Galaxy City we are playing now is only one of the cities in the game. After that, there will be more than a hundred cities that will be launched for players all over the world!”

Wen Shao was silent for a moment and then said disdainfully, “I know what you all said, but I don't take Yu Tian seriously. I'm not being arrogant, but I'm playing my game. If I let him earn my money, he will have to be my son!

“The game needs players, especially a rich player like me. He has to beg me to play it!

Beg You.

Yu Tian cursed in his heart.

He didn't know why, but he liked to curse whenever he played online games. Perhaps it was because of the mystery of the game.

At this moment, a blood tank flashed. A male player named Maze of life walked into the villa and clicked on Yu Tian's avatar, asking for a drink to replenish his blood.

However, Yu Tian was looking at the game's function and didn't pay any attention to him.

This guy didn't respond after clicking on it a few times and directly cursed on the channel.

“That idiot called Yu Di, are you fucking blind? I asked you for a drink, and you fucking hung up and died!”

Laughter immediately came from the channel.

“F * CK, isn't this a maze? He's pking with someone again. Hurry up and let Young Master Wen restore his HP!

“That waiter is a noob. Newbies are working here to earn money. What's the point of shouting at him?”

“Those who can't afford the money here are idiots. This game shouldn't let such trash into the game. The old man wants to take advantage of others!

Yu Tian couldn't be bothered with them and continued to look at the function.

At this time, the maze became even more popular. He yelled at the top of his lungs, “F * ckyou! Yu De, are you fucking deaf? Tell me, where are you from Linhai? I'll go over there and F * Ck you up right now!

Yu Tiancai wanted to say something, but the little Cutie's voice sounded. She explained, "Brother Maze, I'm the Little Cutie. You've brought me here before. This brother Yu di is a member of my team. He might have hung up.. Let me zive vou a drink!"

?Chapter 333 – Chapter 3Thank you readers!

Life labyrinth heaved a sigh of relief and said, "I remember you, sister. Yesterday, there was a pretentious person who wanted to kill you. I helped you kill him, but why did you team up with this idiot?"

The little cutie explained, "We're all newbies. We were bullied, so we could only work as a team to earn money to buy equipment!"

Life Labyrinth said heroically, "What do you need? I'll give it to you. Come, let me make the trade!"

Yu Tian did not know what the pretentious trade was for the little cutie. Anyway, the little girl said in shock, "Thank you, Brother Labyrinth!"

"No need to thank me. When you reach level 20, I'll naturally join you in the club and follow us in the future!"

The little Cutie expressed her gratitude.

"Thank you, Brother Maze. I will talk to you privately when I reach level 20!"

to play, then don't embarrass yourself here. Young Master Wen, kick him out of the villa. I will kill him once!"

Young Master Wen really did it. He kicked Yu Tian out of the villa and the Maze of life appeared. With two slashes, Yu Tian fell to the ground.

At this moment, Yu Tian was extremely angry.

"I haven't received my salary yet. If you kill me, I'll F * Ck your father!"

No wonder it was called the virtual world. It was no different from the real world.

The Life Labyrinth killed him and said pretentiously, "You better remember this. Every time I see you, I'll kill you. In the future, don't even think about playing this game properly,

i don't care if you can hear me or not. Stay away from little cutie and follow her. I'll kill you in the real world. Go to the revival point, You Idiot!"

The system automatically threw Yu Tian back to the revival point.

When he heard this, Yu Tian laughed.

Playing this game was really uncomfortable. If he didn't have enough money, he wouldn't even be able to play it.

Of course, there were some who played well, such as the little cutie.

But that was also an honor for female players.

Women had always been popular in the game. Regardless of how they looked, as long as their voices were sexy, it was fine. In terms of fantasy, it was all done by male players.

At this moment, the Little Cutie sent a private message invitation.

After the call was connected, she said helplessly, "Brother, don't be angry. Wait for me at the Resurrection Point. I'll go and give you your salary!"

So Good?

Yu Tian chuckled and said, "Alright, I'll wait for You!"

Very soon, the Little Cutie was teleported to the Resurrection Point. The game character was no longer wearing the newbie clothes from before. Instead, she was wearing shorts and a t-shirt. It was probably a gift from the maze of life.

The little cutie directly took 500 yuan and threw it into Yu Tian's backpack.

"Go and buy some equipment first. Don't be bullied anymore. When you see a newbie hunter, run immediately. When you reach a higher level, you don't have to be afraid. I still have to go back to work. When you're online, you can call me to play with you!"

Yu Tian felt that this little cutie was quite heartwarming.

He asked indifferently, "You gave me your salary. How are you going to buy equipment?"

"That life labyrinth gave me a thousand dollars and some equipment. I can use that to buy. Alright, you can play by yourself!"

The call ended and the little cutie left in a hurry.

Yu Tian chuckled. If the life labyrinth found out, he would definitely be so angry that he would shit himself. But now that he had the money, he would first enjoy the fun of shopping before talking about anything else.

He sneaked into the mall and made sure that there were no pretentious people around before he started picking out things.

He definitely had to buy clothes and shoes, and the ones he bought were all fortified.

He was going to the weapons store.

Yu Tian looked at his backpack. There was still 170 Yuan left, which was just enough for him to buy a flat shovel that increased his attack power.

After all the preparations were done, Yu Tian opened the work task release menu.

There was a job that was good for cleaning, and the salary was 200 yuan.

Yu Tian took the job and followed the bus to the task release location.

It turned out to be an ordinary room.

He looked at the job description carefully.

After entering the work mode, he had to clean up the garbage in the room, and then wipe the dust off the walls and glass.

Yu Tian nodded. This setting was pretty good.

This was the job of the game release, which could make money for players who didn't reload.

After ten minutes of working time, Yu Tian received a salary of 200 yuan.

After being kicked out of the room by the server, Yu Tian was ready to accept another mission.

At this moment, the game's background music suddenly became particularly heroic.

Looking at the game prompt, it turned out that the two clubs were preparing for a group fight. The time was five minutes later, and the players were going to watch it.

This was something to watch.

A group fight was the main feature of the game. Let's see how they fought.

They went to the nearby stadium to take a look.

At this time, there were already hundreds of players gathered here, but they could only watch from the audience stands.

ft,vo clubs that were prepared to fight stood on both sides of the Red Line in the stadium.

One wore a white suit while the other wore a black suit. They looked quite imposing.

The world channel was even livelier.

“They’re fighting for the title of A Level 1 club. Whoever wins will get the club office!”

“That Red Devil Club doesn’t seem to have many high-level members. They’re all Level 5 trash!”

“I don’t agree with what you said. There aren’t many high-level members in the Soaring Heavens Club over there. Only their boss is level 15. They might not be able to deal with the Red Devils, but their weapons are fine!”

At this moment, there were still ten seconds left in the PK time. Both clubs had arrived at the Red Line.

When the time was up, the Red Line disappeared. The two sides collided with each other. They swung their prop weapons and gave each other a beating.

Yu Tian’s blood boiled as he watched.

The key was the character’s expression and actions when he was being beaten up. It was extremely comical and funny, and there were even screams. Oh, OH, OH, OH, OH, it was even more fun.

Sky High’s boss was of a high level, and his HP was also high. He swung a sledgehammer and smashed everyone he saw. However, in the end, he was still beaten up until he reached the resurrection point of the arena. He stood up and continued to fight.

Every time he killed a person, he would get a point. The entire battle lasted for half an hour. In the end, Red Demon’s score was still high and he won the match.

After the world channel was reopened, Yu Tian listened to red demon’s boss and acted unscrupulously.

“Boss of soaring sky, we won. Didn’t you guys say that you could beat us easily? Why aren’t you calling us iDaddy’Now? You still dare to call us “Soaring Sky”? You still dare to call us “Soaring Sky’every Day. You F * cking single dog!”

“Boss, why are you wasting your breath on them? They’re just a trash union. I killed the level 15 sky high twice when I was Level 10. They didn’t have much progress!”

“I’ll kill him once too. His equipment is trash. If he’s not a player who spends money, he can only be killed!”

Yu Tian realized that the sky high club was very quiet.

They had already lost the match. What else could they say now? Some players simply left the stadium and did not bother with the people from Red Devil.

At this moment, Red Devil’s boss shouted in the world channel, “Red Devil

Club is recruiting new players, giving equipment and money.. We are brothers, let’s have fun together!”

Chapter 334 – Chapter 334: The Game World

Thank you readers!

After the group fight, Yu Tian also left the stadium, preparing to take on a job to increase his level and income.

At this moment, the game sent out a notification, “Enemies approaching, please pay attention to your defense!”

Yu Tian immediately adjusted his view, and it was that Super Guy again.

That guy didn’t say anything and raised his kitchen knife to slash.

Yu Tian wanted to see his defense and attack. He rushed forward and the two of them slashed at each other.

However, after he slashed Super Grandpa five times, he only lost 20 or so HP. After he took two kitchen knives, his HP Bar disappeared.

When the third knife came down, he directly lay down.

Super Grandpa laughed very happily and said, “You really know how to play. In such a short time, you have gotten so many pieces of equipment. Now, all these items are mine. Thank you!”

When Yu Tian returned to the Resurrection Point, he saw that the equipment he had just bought was gone again. He was really angry.

Although it was not worth it to be angry with the game, he really hated it in his heart.

At this time, the Little Cutie also appeared at the Resurrection Point. It seemed that she had also been beaten up.

However, what was better than him was that the equipment had not been snatched away.

Yu Tian laughed heartily and asked, "Why are you also being beaten up here?"

The little cutie sighed and said, "It was young master Wen's in-game woman who did it. I just spoke to young master Wen and she kicked me out of the villa and chopped me down with the others!"

"Why are you naked again? Didn't you buy the equipment that I gave you?"

"I did. I was ambushed by Master Chao when I was urinating and robbed again!"
Yu Tian smiled bitterly.

The Little Cutie was silent for a while before she took out another 500 Yuan and gave it to Yu Tian.

Yu Tian smiled indifferently and said, "You don't even know if I will continue playing. Why are you helping me like this?"

"You will continue playing!" The little cutie said firmly, "This is the best game I have ever played. Every player who has played this game has said the same thing."

"Moreover, this game is currently in the closed beta stage. When it is open beta, players from all over the world will join one after another. What I need to do now is to cherish every player I know."

"Then, during the initial stage of the game, I will create my own club. When there are more players, my club will become stronger. Only when I become stronger will I not be bullied by others, be it in the game or in the real world!"

These words made Yu Tian feel very enlightened. wasn't he striving hard to become strong.

Yu Tian saw a player with dreams in the Little Cutie.

Since that was the case, he would help him realize this dream.

He chuckled and said, "Having dreams is better than not having any dreams. Then, let's continue playing together. I must see you slowly become stronger with my own eyes!"

The little cutie also said excitedly, "I believe that we will all become stronger. In the future, I want to have the most houses, the most money, and the strongest players in this city!"

Just as the two of them were talking, Yu Tian suddenly received a private message from Du Tianci.

After clicking on it, Du tianci laughed and said, "How is it, Boss? You must have been tortured badly. If you are angry, I will give you the authority of God. Then, you can torture those people to your heart's content!"

Not to mention this, he was still not angry. Yu Tian snorted and said, "What do you call this thing you designed? Newbies get beaten up when they go in. They can't even play for half an hour, and they get beaten up several times!"

It was not easy to save some money and buy some lousy equipment, but they were all snatched away by others. This will make many players choose to quit before they really see the game's characteristics!"

Du tianci slowly explained, "I have indeed considered what you said, but there are only two types of players in the current game. The difference between the players who are recharging and those who aren't recharging is..,

"One wants to enjoy, and the other wants to provide enjoyment to those who want to enjoy. The game will never lack players, and the proportion of players who aren't recharging will definitely be much higher than those who are recharging,

moreover, I strongly believed that even if the newbies were tortured to the point of being completely torn apart, they would still play without hesitation. The game data clearly showed that,

every newbie who was tortured was continuously coming online, and they were rapidly using the game's functions to become stronger. This game didn't give any privileges to those recharging players? Everything was considered in terms of money.

So boss, you don't have to worry about this. There will always be players who enter the game. When you become stronger, you will also torture them. This is the mentality of the players. If you don't want to be a newbie, who else can you do?"

Yu Tian listened to him dawdle for a long time, but he still insisted on his own idea. He said in a commanding tone, "Although what you said makes sense, it doesn't accord with the feelings of a newbie player,

"From now on, newbies are entitled to 10 minutes of newbie protection time after they log into the game!"

Du Tianci still did not agree. He explained helplessly, "Boss, what you're doing will change the settings of the entire game. If this is a real world, the 10 minutes of protection time you provide for newbies"

“It will change the entire development process of the game. For some veteran players, 10 minutes can quickly increase their levels.”

“If that's the case, those high-level players will have the pressure to level up and lose the fun of the game. At that time, more players will be lost. My suggestion is to not make any changes!”

Yu Tian thought about it and felt that what he said made sense. He did not have the right to stop everything from developing. Even if he obtained God's permission, he would only be enjoying the fun for a while.

And it had a very far-reaching impact on the game as a whole.

However, for the sake of his face, Yu Tian still said indifferently, “Let's put this aside for now. I will think about it carefully before I say anything. If the game is stable, we can enter the open beta stage at any time!”

The little cutie saw that Yu Tian was standing there without saying anything. She thought that he had hung up again, so she went to work by herself.

Yu Tian hung up and privately chatted with Du Tianci. He looked at the time and saw that he had already wasted two hours in the game.

He had not played anything for the past two hours, yet he was already getting people to do it. He was going to watch people pretend to be better than they were.

He wanted to go offline, but he was still a little reluctant. He was even a little unwilling.

At this moment, Crass called him.

After the call was connected, Crass laughed and said, “Mr. Yu Tian, have you considered my proposal? I can't give you too much time. I want your answer now!”

Yu Tian laughed disdainfully and said, “What do you want me to give you? Even if you want a project, you have to tell us what project you want?”

If you don't say anything, I will know what you are thinking? Make a detailed list of the projects you want and hand it to me.. Then I will decide whether to cooperate with you or Not!”

Chapter 335 – Chapter 335, Choosing A Profession

Thank you readers!

Crass was silent for a moment. He carefully considered Yu Tian's words, but he did not feel any sincerity.

He chuckled and said fearlessly, "Mr. Yu, there won't be much time for you. Don't forget that whether or not my weapon will explode in the imperial city is entirely up to you to decide,

"I'll prepare the information for you, but there's a limit to the time you can think about it. If you don't give me an answer by tomorrow night, the Imperial City will cease to exist!"

Yu Tian smiled indifferently and said indifferently, "If you have the guts, don't blow up the Imperial City. Blow it up right here, right under your pants. When the time comes, you'll still be alive. I'll give you whatever items you want!"

More or less a sentence was a waste. Yu Tian hung up the phone and continued to play the game.

Before Chu Hui arrived at the Imperial City, he would let Krass live, hoping that he could enjoy his life.

In the game, Yu Tian left the Resurrection Zone.

"I'm not going to buy any equipment this time. I'll work until I reach level 5 first, and then I'll talk about the equipment!"

After an hour, the character level finally reached level 5.

At this time, he could choose the character class.

Yu Tian looked at the job description briefly.

The game provided open job data, and after the player chose a class, they could take up a job.

The job data would be integrated into the game's data development.

Just like the real world's urban development.

Yu Tian felt that several of the major classes were very good, including soldiers, scientists, doctors, and so on.

Soldiers had high attack power, and they could also obtain extremely high experience and reward for working safely in a defensive city.

Thus, Yu Tian chose soldiers.

After the game screen was read, Yu Tian went to the camp. After registering with the union, Yu Tian also had his own identity card and class uniform.

At the same time, he also obtained a weapon, but the weapon could only be used in defensive battles, and could not be used in normal games.

At this moment, the Guild's pretty girl asked, "Soldier, welcome to the defense camp. This is the guild. In the future, you can accept quests and level up here."

"When you reach the highest level, you can create your own army and command thousands of soldiers and horses to fight for you. Now, the Guild has 270 soldiers and players,

"They are your comrades. Of course, if you want, you can attack everyone. But now, do you want to choose your first battle?"

Needless to say, Yu Tian chose to accept the mission.

The game screen changed again and came to the wilderness area at the edge of the city.

Yu Tian looked at the mission content.

Defending against monsters attacking the city was a beginner mission. It was enough to attack the monsters with weapons.

But the mission had a reminder.

There were a total of ten monsters in the beginner battlefield. If any of them survived, the monsters would appear in the city. Moreover, with extremely strong combat strength, they would kill people everywhere. The mission would also fail.

Game Hint: only by attacking the head of the monster can you kill the monster at the fastest speed.

Yu Tian chuckled.

Wasn't it just killing monsters? How difficult was it?

The quest began immediately.

Monsters designed based on the abnormals appeared one after another. Their speed was extremely fast. They ignored Yu Tian and directly rushed towards the city entrance.

Yu Tian's control was still a little stiff. After killing two monsters, the remaining monsters turned around and rushed towards him.

"Oh my God, this speed!"

He hurriedly controlled the keyboard to dodge the monsters. While running, he attacked with his weapon.

In this way, he could not accurately shoot the monsters' heads.

In the end, Yu Tian was still surrounded by the monsters and was scratched to death.

The game screen dimmed and a notification was sent, 'You've been killed. There are seven monsters that have charged into the city. Do you want to see how they destroy the city?'

Yu Tian laughed and chose yes.

The seven monsters randomly appeared at the place where the players gathered and attacked anyone they saw.

Of course, the players could resist, but in front of the monsters, they were still relatively weak. People were dying one after another, and equipment was everywhere.

The world channel was even more lively.

'F * Ck you! Who brought the monsters here? I've died more than twenty times!'

'Where are the high-level bosses? Kill them!'

'F * ck, there are seven of them in total. I was flirting with girls when I was killed by the monsters. What the F * CK Is This!'

At this moment, a big boss finally appeared.

It was young master Wen leading his men to kill.

Young Master Wen was putting on an act in the world channel.

'Brothers and sisters, don't be afraid of anything. I'll lead you to kill the monsters. Listen to me. Those below level 10, use long-range attacks. Those above level 10, I'll take the attacks of the monsters. You guys follow!'

After saying that, Young Master Wen's character directly charged at a monster.

Yu Tian narrowed his eyes. Young Master Wen's defense was indeed a little pretentious. When he took on the monster alone, he would lose a few drops of HP each time.

His attack was also very high. With the addition of other players, he could kill the monster in five hits.

The world channel was filled with cheers.

“Young Master Wen is amazing. I really admire you!

“It feels so good to have young master Wen Here!”

“I need to quickly level up and join Young Master Wen's club. I'll definitely be full if I follow him!”

Soon, the seven monsters were cleared by young master Wen.

Not only did they receive 7,000 yuan, but they also received a lot of exp.

At this time, a player shouted in the world channel, “That soldier called Yu de, are you a F * cking idiot? Before you accepted the quest, if you don't Buy a defensive bunker, do you F * cking know how to play?”

This sentence caused the entire world channel to explode.

Life labyrinth angrily scolded, “It's that idiot leeway again. F * cking get out of the game. If I knew who you were, I would F * cking go over and give you two a slap in the face!”

“What kind of goods is leeway? Is He that arrogant? Playing the soldier class and not buying a defensive bunker, do you think you're Young Master Wen?”

“This guy is a cheat, right? Why didn't he say anything? What about the equipment and experience that we lost?”

Yu Tian felt like laughing. Aren't they good at pretending? They all like to fight monsters, so I'll send you another batch.

Thinking of this, Yu Tian returned to the union and accepted the basic mission.

This time, he simply stopped fighting monsters and let them pass through the exit and enter the city.

The world channel was in an uproar.

“F * Ck your mother! Who Is it this time? It can't be that leeway again, right?”

“Do you know how to play this game or not? You F * cking idiot, don't affect us, okay?”

“Who knows where the F * cking leeway is? If I don't F * ckhim, I'll F * cking feel bad!”

Just as Yu Tian was snickering, the union girl sent him a reminder: “You have failed two quests. 20% of your experience and cash will be collected by the game,

you can only complete three quests per day. You have one more chance. If you fail again, you will drop back to Level 4. You need to level up again!”

Yu Tian frowned. There was actually such a setting?

He quickly went to the union and prepared to accept the third quest. However , someone attacked him at this moment..

?Chapter 336 – Chapter 336, Creator'S Authority

Thank you readers!

With his current defense, Yu Tian was still unable to withstand a single blow. What made Yu Tian feel the most ridiculous was that the resurrection point was right at the entrance of the Guild.

A few soldier players blocked the resurrection point to kill him. They fell as soon as they got up.

Their exp dropped like a waterfall. They went straight from level 5 to level 3.

Those few players acted pretentiously in the world channel as they killed.

“Come on, get up, idiot. As long as you're online today, we'll kill you!”

“Everyone, listen up. We're killing that idiot in leeway. We won't let him create any more monsters!”

“We'll kill him until he reaches level 1. Which one of you will go to the beginner resurrection point and wait for him to pass. Then, we'll continue killing!”

I'm your Super Grandpa That Guy. He said disdainfully, “The beginner player is mine. I'll just kill him. I can kill him for 24 hours straight!”

Life Labyrinth was not convinced. “Old Cao, stop pretending. Hurry up and kill someone else. This leeway is mine. Whoever tries to snatch it from me, I will kill them!”

Obviously, old Cao did not give face to labyrinth. He said leisurely, “Old Ni, stop pretending. You're Not Young Master Wen. I really won't bite you. If you're not convinced, then we'll have a fight. Whoever falls is the son!”

In front of thousands of people being slapped in the face, Labyrinth's temper exploded. He scolded angrily, "Old Cao, you don't want to give face to me? Why don't we not scold in the game? Let's meet somewhere and really punch each other!"

"I'm not F * cking in Linhai. Why would I want to F * Ck you!" There was still helplessness in Grandpa Chao's words.

At this time, young master Wen suddenly asked, "Old Cao, when did you leave Linhai? Where did you go?"

"I came to the imperial capital. My father's business has been transferred to this side. I also came here to attend school. I really missed all of you. Let's not talk about it anymore. I'm going to kill Leeway First!"

After saying that, Grandpa Chao turned off the world channel and went directly to the resurrection point to wait for Yu Tian.

At this time, the Little Cutie's voice appeared in the world channel.

"Brothers, don't kill leeway. Everyone comes from the novice level. You're bullying others!"

World labyrinth said disdainfully, "Sister, you don't have the right to speak here. Leeway is a fool. Why are you defending him? You're playing your own game. Tomorrow, I'll treat you to spicy hot pot. Don't talk too much!"

The World Channel sent a message that it was 100 yuan. Save some money!"

The little cutie added, "Don't kill leeway anymore. If you want to kill me, kill me too. I'll go to the Resurrection Point Too!"

Yu Tian rubbed his chin and narrowed his eyes as he pondered.

This girl was interesting. She was the only one who was willing to stand up for him in the entire server.

Moreover, she had been killed enough by those pretentious people. It was time to play with them.

Thinking of this, Yu Tian immediately gave du Tianci a call.

"Get Your Ass to my office!"

Du Tianci knew that Yu Tian could not hold it in anymore, so he immediately came to see Yu Tian.

“Give me the highest level of authority. I want to play something Fancy!” Yu Tian said coldly.

This game belonged to Yu Tian. Not to mention the highest level of authority, even if he wanted these players to die, it wouldn't be a problem.

After he gave Yu Tian the highest level of authority, he also told Yu Tian all kinds of authority commands in detail.

After Yu Tian understood everything, he said indifferently, “Get lost. Continue to design your perverted game!”

Du tianci laughed and said, “It's just a game. Don't take it seriously. If you're too angry, Just Go Pee and show off!

[“Get the F * ckout!”

Yu Tian scolded with a smile and then used a command to get cash.

Although he now had the highest authority and became the true creator of the game.

But for the sake of the game's balance, Yu Tian knew that he could not use those commands casually. He could just farm money first and treat it as recharging.

The current game's characteristics were like this. No matter what game it was, it was impossible to play without recharging.

Yu Tian used the teleportation command again and teleported directly to the entrance of the shop.

Since he had money, he naturally had to buy the best equipment.

Currently, the highest level of equipment in the game also had a level limit, but the best basic equipment was enough

There was no level limit for weapons, so Yu Tian directly bought a Green Dragon Crescent Blade.

He followed Yu Tian to the Resurrection Point.

Maze, Little Cutie, and hundreds of players were all waiting to see how Master Chao would kill Yu Tian.

However, the Instant Yu Tian appeared, the World Channel went dead silent.

Following that, someone shouted in shock, “Green Dragon Crescent Blade,

75 ,000 for one. This guy is actually a player who spends money?a€?

Before he could finish his sentence, Yu Tian charged straight at Master Chao and swung his blade.

Green Dragon Crescent Blade was the weapon with the highest attack power in the game. With just one slash, it had knocked the level 21, 570 hp Grandpa Chao to the ground.

Grandpa Chao said in shock, a€?Aiyo, F * Ck your grandma. How much money did you F * cking charge?a€?

Yu Tian completely ignored him and immediately picked up the equipment that he had dropped.

He turned around and charged into the maze of life.

He also slashed down with two slashes.

As long as it was level 10 or above, Yu Tian would kill anyone he saw. The game was filled with screams.

a€?Yulejie, why did you kill me? I didn't provoke you.a€?

a€?Don a€?t kill Yulejie, I'm impressed!

a€?If you have money, you can pretend to be better. It's more than 70,000 slashes, and its attack power is 1,700. You must be kidding!

At this time, Young Master Wen also rushed over. Since they were all brothers with money, this guy even sent a private message to Yu Tian.

However, Yu Tian snorted coldly.

Previously, when he kicked him out of the villa, he didn't even give him a salary. Now that he saw how powerful he was, did he want to talk? Was that possible?

Yu Tian didn't say a word and swung his knife.

With just one slash, young master Wen's health dropped by a third.

Young Master Wen shouted in the world channel, a€?Yu Tianyi, stop fighting.

can we Talk?a€?

Talk about your father.

Yu Tian followed up with two more slashes. Young Master Wen let out a muffled cry and fell.

The weapon and clothes dropped. Yu Tian immediately picked them up.

Young Master Wen was also anxious. he shouted, "Come, my people, come to the Resurrection Point. Kill Yulejie for me!

With a command, more than a hundred players from Young Master Wen's club rushed to the Resurrection Point.

Yu Tian's equipment defense was above a thousand. Even Ten Young Masters Wen were no match for him. When those players came, they would also be giving their heads and equipment away.

Moreover, the experience bar was constantly increasing. Killing people in this game was also leveling up.

When his backpack was full, he would privately chat with little cutie and let her pick it up.

Little Cutie was the most excited and happiest right now.

Although she did not know what kind of identity Yu Ledi had, from the way he spent his money, he was definitely a rich man.

However, the capacity of his backpack was limited. After Little Cutie and Yu Tian formed a party, she used the party channel and said, "Brother, my backpack is full. I can't pick up so much!"

After Yu Tian Cut Down Grandpa Chao once again, he said something in the world channel for the first time.

"Now I'm going to take little cutie to buy a villa. You guys wait here, whoever leaves will be the grandson!"

After saying that, Yu Tian and little cutie left at the same time.

The World Channel became lively.

Young master Wen said angrily, "Okay, I'll wait for you.. If I don't kill you today, I won't play this game anymore!"

?Chapter 337 – Chapter 337, Fulfilling His Wish

Thank you readers!

The Maze of life was so angry that it was incoherent. The feeling of being slapped in the face made him extremely uncomfortable, especially when the little cutie followed Yu Tian without hesitation, which made him even more unable to accept it.

However, his strength was limited. In the real world, he was just an ordinary employee. It was acceptable to play the game and pretend to be a thousand, but spending tens of thousands on a weapon would not earn back this money in a year.

Therefore, he poked Gu Wenshao.

The world channel shouted, "Wenshao, go and buy a Green Dragon Crescent Blade. Your level is higher than his. You can kill him easily!"

Wenshao gritted his teeth and snorted, "Okay, you all wait here. I will go and buy a weapon. Wenshao-ge will avenge you!"

However, at this moment, a game notification appeared on the screen of every player.

"Congratulations! You have 270 million to purchase the most expensive villa in Galaxy City, Galaxy Dream!"

Grandpa Chao shouted in extreme shock, "CF * ck, how much money did this guy charge? 270 million, if converted into money, that would be 2.7 million. Is this guy crazy?"

The others also said in shock, "He is rich. If I had 2.7 million, I would definitely not charge the game!"

"The world of the rich, I really don't understand!"

"I thought he was just a noob, but who knew he was a big shot? I really love this game now!"

The one who blushed the most was young master Wen. He had just bought the Green Dragon Crescent Blade, and before he could show off, the other party had bought a villa.

In the Galaxy Dream Villa, the little cutie was shouting and shouting excitedly.

"This villa is too luxurious. Look at the style. I like it so much. Brother Yu Di, you're already level 10. You should also create a union. After that, I'll join too. When that time comes, I can live in this villa. Just thinking about it makes me happy!"

Yu Tian just smiled indifferently and casually pulled the name card of the villa over to her.

The little cutie asked in surprise, "What are you?"

"This villa is for you. Thank you for standing on my side when others attacked me. Haven't you always wanted to create your own club? I will help you fulfill this wish!" Yu Tian said indifferently.

"Oh my God!" is this true! Ah!"

The little cutie was so moved that she was about to cry. If she could see Yu Tian in person, she would definitely give him a hug without hesitation. At this moment, Life Labyrinth sent a private message to the little cutie.

The Little Cutie thought about it and accepted the invitation.

Life Labyrinth said, "Little Cutie, I'll treat you to spicy hot pot tomorrow. Do you have time? We're just playing a game. Most players who pay through the nose don't have much ability!"

She chuckled and didn't say anything.

Because she didn't want to say anything. Compared to the thousands of dollars he gave her, why would she want to eat a spicy hot pot when he gave her a villa worth 2.7 million yuan?

Not to mention that she especially liked this villa now, even if she didn't like it one day, she would sell it to someone else. That would be real money.

Life Labyrinth saw that she didn't say anything and asked, "Are you going to eat or not? Just give me a straightforward answer. Leeway is a rich man. Why do you think he brought you to play? Don't be silly. Only I'm sincere to you!"

The little cutie added, "Sorry, Brother Labyrinth. Yu Lejie gave me the villa. I have to start a club in the next few days and don't have time. Even if I have time, I won't go."

"I know what you're thinking. A game is a game. Don't take it seriously. I'm going to visit the villa with Yu Lejie now. I Won't talk to You Anymore!"

The private chat ended. Life Labyrinth was dumbfounded.

A villa worth 2.7 million was given away. Was this Yulejie really abnormal?

In the world channel, someone finally shouted, "Hey, did you guys know? Yulejie gave that Villa to little cutie. He gave it to her directly!"

"Really? That's a villa worth 2.7 million. He gave it away just like that?"

[a€?What do you think? Little Cutie took her villa. Is there even a need to say how she's going to thank her? The two of them will probably log off and get a room later. Let's continue working!

Many female players could not take it anymore.

[a€?What right does little cutie have to take someone else's villa? I a€?m so sexy, but I don't even have it!a€?

a€?1 want to hang out with him too, but I don't know if he will like me!a€?

a€?Hanging out with a really rich person in this game, you don't even have to work. He can just give you something and you can sell it for money. Let's not talk about it here. Let's go to galaxy dream and take a look!

Every word was like a slap to young master Wen's face. A few minutes ago, he was still number one in the entire server, but in the blink of an eye, he had become number two.

His sense of honor was like those players who had left his side, disappearing without a trace.

He was not lacking in anything. There was no reason for him to be overpowered.

Thinking of this, he carried the Green Dragon Crescent Blade and also went to galaxy dream.

Grandpa Chao and the labyrinth followed behind and arrived at the entrance of Galaxy Dream Villa.

Even Grandpa Chao exclaimed, a€?Damn, this villa is just like a palace. It's said that galaxy dream has thousands of rooms, as well as exclusive helicopters and gardens!

Another player said, a€?Look at the guards and npcs at the entrance of the villa. There are also special maids. It's good to have money!a€?

[a€?Young Master Wen's villa is actually not bad, but compared to this one, it's too inferior!

a€?What nonsense are you talking about? Young Master Wen's villa is more than 700,000, while this one's 2.7 million, can it be compared?a€?

The more young master Wen heard, the more ear-piercing he felt. He angrily shouted, a€?Don't F * cking compare me to him. You Trash don't even have a bungalow, how can you even compare?'

Inside the villa, Yu Tian threw all the equipment he picked up into the storage room. At this time, Little Cutie invited many people to visit the villa.

Then, she smiled at Yu Tian and said, "Brother Yu Di, let's buy some food and drinks to entertain everyone. The food here can be exchanged for experience points or money!

Those players also joined in the jeering.

"Yeah, brother tyrant, treat us to a meal!

"We'll all join Little Cutie's club. From now on, we'll be relying on you to take care of us!"

"You're so rich, let us take advantage of you too!"

Yu Tian only smiled indifferently. Since they were playing, then they should play to their heart's content.

To him, these were all virtual currency, so what was there not to give.

He gave little cutie 100 million on the spot.

Little cutie screamed in shock, "Wow, my God, did you guys know? Brother Yu di gave me 100 million!

Everyone followed suit and screamed in shock.

Some people immediately shouted on the world channel, "Everyone, everyone, news, news, Yu Di gave little cutie 100 million in pocket money!

When Young Master Wen heard this, he turned around and left without saying a word.

The entire Galaxy City worshipped Little Cutie, who was he?

The Maze of life was so angry that it smashed the keyboard.

Little Cutie directly sent Yu Tian a private message.

After the call was connected, little cutie said excitedly, "Brother Yu Di, I'll give you my phone number and V, you can add me.. Tomorrow, I'll treat you to a spicy hot pot, okay?"

?Chapter 338 – Chapter 338, Dating

Thank you readers!

If he had the time, he could consider it.

Yu Tian thought that he should be more down-to-earth. He was always so high and mighty that he almost forgot what it was like to live a normal life.

He smiled indifferently and said, "Alright, let's meet again tomorrow!"

The little cutie was especially happy and said, "Oh right, I don't know your name. My name is Nanhua Dongmeng!"

Her name was very special, but he didn't know what she looked like?

Yu Tian didn't want to say his name yet for fear of scaring her, so he smiled and said, "Okay, I'll add your V later!"

Just as they were talking, Chu Hong pushed the door open and entered. She grumbled, "Look at the time. Are you still playing? Hurry up and follow me home!"

Yu Tian originally wanted to kill a few more rounds, but he could only helplessly say to Nanhua dongmeng, "I'm going offline. Let's chat when I'm Free!"

Nanhua Dongmeng said reluctantly, "Then you should rest early. Remember to add my v. I'll wait for You!"

Yu Tian closed the game and rubbed his eyes. He chuckled and said, "Playing games is too tiring for my eyes. Let's go, black girl. Let's go home!"

Chu Hong glared angrily and said, "Who's a black girl? Can you not give her blind nicknames!"

He curled his lips in disdain and said indifferently, "How Black are you? Even if you don't want to hear it, you're still black!"

"I'll fight it out with you!" Chu Hong rushed towards Yu Tian angrily and punched him with her small fists.

However, Yu Tian pinched her face and gave her a hard punch. While Chu Hong was in a state of shock and confusion, Yu Tian chuckled and flashed out of the office.

Chu Hong touched her lips, blushed, and said, "My first kiss, just like that? You Bastard, can't You Kiss Harder?"

In the blink of an eye, the next morning, crass personally sent the prepared documents to galaxy company.

Yu Tian took a quick look.

Chu Qing was right. This guy had a big appetite.

The projects he wanted were all core projects of the Chu family worth 100 billion yuan. Among them, the power plant project at Coconut Island's shallow water bay was worth more than 70 billion yuan.

Moreover, if he wanted to cooperate with him, the Chu family would have to contribute money and effort. He, crass, would just wait to receive the money.

However, Yu Tian still nodded without changing his expression and said, "Very good, very detailed. I'll send this information to the higher-ups of the Chu family later and let them evaluate it!"

Crass shook his head impatiently and said coldly, "Mr. Yu Tian, you might not understand what I mean. What I want is for you to personally give the order for them to hand this project over to me,

i don't want them to do any evaluation. Now that you don't have the time to evaluate it, there's no need for that. To put it bluntly, I want these projects.

You Aren't so stupid that you can't even understand what I mean, right?"

Yu Tian narrowed his eyes slightly and laughed. "You're right. I really can't understand. Where did you get the courage to act so brazenly here?"

"This daddy will tell you one last time. These projects need to be evaluated. This is the Chu family's rule. Even if it's to send out stinky beggars, we have to do enough evaluations. Otherwise, no one can decide whether or not to give it to you"

"Also, you're even Dumber Than Me. To put it simply, you're a real idiot. Are you holding a stone or a weapon of destruction in your hand?"

i

"What the hell are you afraid of?"

After being scolded by Yu Tian, crass laughed.

The weapon was indeed in his hands. There was really nothing to be afraid of.

He said proudly, "You're right, but I still decided that I can't give you too much time to consider. At this time tomorrow, I have to get your approval.

Otherwise, I'll fight to the death!"

Yu Tian said indifferently, "Alright, you can get out of My Place Now!"

Crass snorted and got up to leave.

Yu Tian threw the information into the trash can.

Then, he called Chu Hui.

At this moment, Chu Hui had already arrived at the imperial capital. While installing the equipment, she said to Yu Tian, "Don't worry, I've already started to install the equipment. I'm waiting for Chu Xuan's signal now"

"I believe we'll be able to find that thing very soon. Leave the rest to me!

Yu Tian smiled in satisfaction. "Very good. If you find anything, let me know immediately. I Can't wait to kill that Crass!

After hanging up the phone, Yu Tian casually added Nanhua Dongmeng's "Va" In her space, there was a photo of her.

Yu Tian was quite surprised. The beauty in the photo was only in her twenties, but her face and figure were on the level of a model. It was just that her temperament was a little oppressive.

At this moment, Nanhua Dongmeng sent a message.

Yu Tian opened it and saw that it was a voice message.

Nanhua Dongmeng said excitedly, "I've been waiting for you to add my v. I thought you had forgotten. Do you have time now? It's almost noon. Let's go eat spicy hot pot!

Looking at the time, it was indeed time to eat.

Yu Tian replied, "Okay, let's meet at the entrance of Tianhai shopping mall!"

"Okay, I won't leave until I see you!" Nanhua Dongmeng still sounded very excited.

Coming Downstairs, Yu Tian originally wanted to drive the Phantom Ghost, but thinking that he was afraid of scaring Nanhua Dongmeng, he changed to a European GT and came to the entrance of Tianhai shopping mall.

Nanhua Dongmeng had arrived a long time ago. The moment she saw Yu Tian, she was even more surprised.

He was almost exactly the same as the man in her dream.

Not only was he rich, but he was also so handsome and especially gentlemanly. It was as if he was in a dream.

Because of her surprise, Nanhua Dongmeng did not know what to say for a moment. She only looked at Yu Tian shyly.

Yu Tian had never met any netizens before, so he didn't know what to say.

But someone had to say something.

Forget it. I'm a man, so I'll say it first.

He scratched the back of his head and said indifferently, "What should we do now? Are we going to eat or continue to look at each other?"

Nanhua Dongmeng laughed and showed her two cute little canines. She said gently, "Do you have a girlfriend?"

Yu Tian grinned and said with some difficulty, "How should I put it? There are 108 that I've seen and 108 that I haven't seen. There are still a few that I didn't plan on. There might be more in the future!"

Nanhua Dongmeng was not surprised at all.

An outstanding man like him had countless women surrounding him. She had already fallen deeply in love with him. What else was there to say?

Thus, she boldly went forward and held onto Yu Tian's arm. She chuckled and said, "Bring your little cutie to eat!"

Yu Tian did not have any other thoughts. He only held onto her arm and did not kiss her on the spot.

The two of them arrived at a nearby spicy hot pot restaurant. After ordering their favorite dishes and drinks, they sat by the side and chatted.

At this time, a male waiter in the restaurant looked at the two of them and sighed. He said to his companion, "Last Night, I almost asked a girl out, but it was snatched by a fool!"

His companion said disdainfully, "Are you talking about that virtual world game? I was playing it last night too. I knew you were a maze of life.. Why are you still pretending to me!"

?Chapter 339 – Chapter 339, He Was Willing

Thank you readers!

Labyrinth was a little surprised and said, "How did you know it was mine?"

His companion looked at him with disdain and said, "No matter what you play, it's called Labyrinth of life. And that Broken Gong of yours, who else could it be but you? Stop pretending, hurry up and send the pot over!"

After putting the pot away, the maze said, "Which one of you is going to pay first?"

Yu Tian wanted to pay, but Nanhua Dongmeng said, "I'll do it. We agreed that I'm the one who invited you, how can I let you take the money?"

Hearing her unique voice, the maze frowned and asked in confusion, "I Heard Your Voice, why is it so familiar? Are you the little cutie from the virtual world?"

When he said that, Yu Tian and Nanhua Dongmeng could tell that it was definitely the life maze.

Nanhua Dongmeng just smiled helplessly and said, "So you are the life maze?"

"Yeah, damn, this is too much of a coincidence!"

After saying that, the life maze suddenly looked at Yu Tian with a frown and asked coldly, "I didn't guess wrong. You are the leeway, right?"

Yu Tian chuckled and said proudly, "That's right. I'm the Leeway to kill you with a single slash!"

The labyrinth was so angry that he gritted his teeth. If it wasn't for the fact that he was so rich and had a continental GT outside, he would have really wanted to make a move.

Even if he couldn't make a move, he had to mock and ridicule him.

This fellow sneered and said shamelessly, "It's just a game. There's no need to take it so seriously. We're all ordinary players. How could a big shot like you be able to pretend?"

"Since you're here to eat, I'll treat you to this meal. Don't let the cute girl pay for it. Which guy do you see going to eat and asking a woman to pay for it?"

"If you're so pretentious in the game, you have to be tough in the real world too. You should try this rice first. It's newly made by my family. Let's see if it's soft or not."

Yu Tian felt it was ridiculous when he saw how pretentious he was. Nanhua

Dongmeng was afraid that the two of them would clash, so she hurriedly put the money on the table and said coldly, "There's no need for you to treat me. We're not familiar with each other. Can you let us eat in Peace Now?"

When the maze of life saw Nanhua Dongmeng's figure and face, it felt itchy and angry.

Even the best cabbages had been eaten by pigs.

He chuckled and said disdainfully, "There's no need for that, sister. I can still afford to treat you to a meal. I'm not like a certain someone who has the nerve to ask a woman to pay for the meal. You can eat. Call me if you need anything!"

He glared fiercely at Yu Tian and left in a huff.

Yu Tian only smiled disdainfully and picked up his chopsticks to eat.

Nanhua Dongmeng even comforted him, "Brother Yu de, don't lower yourself to his level. This kind of person is just not balanced in his heart. He can't stand to see others stronger than him!"

"It's nothing!" Yu Tian said indifferently, "I've seen many people like this. Don't bother with him!"

As she was putting food into Yu Tian's Bowl, Nanhua Dongmeng asked,

"Brother Yu de, what do you do for a living?"

Yu Tian took a sip of his drink and smiled. "I'm just doing some business. Let's not talk about me. Let's talk about you. What do you do for a living?"

"I used to work in a company as an after-sales customer service provider. Later on, I became a live streamer myself. Now, I'm doing a live game broadcast!"

The way the two of them were acting so amiably was enough to infuriate labyrinth to death.

If it wasn't for the fact that there was no other choice, the little cutie would have had a meal with him right now. If they were having a drink, she would have been able to get a room in the afternoon.

No, I definitely can't let them have fun.

Thinking of this, Maze picked up two bottles of beer, moved closer, and placed them heavily on the table.

He even looked at Yu Tian with a cold and angry expression and said arrogantly, "Leeway, let's have a drink and say something Manly!"

However, Yu Tian said indifferently, "Do you deserve it?"

However, Maze pulled a chair and sat down directly. He opened the beer with a disdainful expression and drank half a bottle of beer first. Then, he said with a disdainful look, "I know you're a rich man. You Don't lack women by your side"

"Can you not trick the Little Cutie? A person like you can just play and throw it away. You have so many women. You Don't need one, right?"

Nanhua Dongmeng slammed the table and said angrily, "What do you care? I'm willing to let him play, okay? Who Are You? Can you not disturb us while we're eating?"

That idiot even said to her in a serious manner, "I'm doing this for your own good. Do you know what kind of person he is? He hurt you just for that little virtual thing in the game. Can you not be so stupid?"

Yu Tian laughed and said proudly, "I have the ability to play. Who Do you want to play with?"

Maze chuckled, "You do have the ability, but remember, you're not the most powerful person in Linhai. You can play with whoever you want. She's sure that I won't let you touch it!"

Did this idiot drink fake wine?

Yu Tian really didn't know whether to laugh or cry because of him.

Nanhua Dongmeng was so angry that she did not know what to say. She directly stood up and sat beside Yu Tian. She held his arm tightly and said charmingly, "Brother Yu de, I don't want to listen to this damn pervert anymore"

"I'll go buy some food later. Let's go to a hotel and get a room. We'll eat while taking a bath. Ignore him!"

Labyrinth's face could not hang on any longer. In his heart, he was filled with hatred and anger towards Nanhua Dongmeng. He said angrily, "Girl, Why Are You So Cheap? are all the men in the world dead? Are you so willing to let him spoil you?"

Nanhua Dongmeng chuckled and said coldly, "I'm willing to masturbate for him. You can masturbate yourself!"

There was no need to say anything else.

Labyrinth stood up and pointed at Yu Tian. He said coldly, "If you're a man, let's have a one-on-one duel. If you win, you can sleep with her as you wish. If you lose, stay away from her in the future. Let's not play any tricks and fight with force. What do you think?"

Yu Tian almost vomited the little thing in his stomach.

This world was really a little hard to understand. How could a waiter act so pretentiously?

Nanhua winterdream really couldn't stand it anymore. This maze was really too long-winded. It was so long-winded that it was a little disgusting.

She didn't care about her image anymore. She stood up and scolded angrily, "Can you be a little more shameless? I just called you a brother in the game. Do you really think you're a piece of SH * t."

I can let whoever I want to sleep with sleep. What do you care? Why Don't you take a piss and look at your own face? A lowly trash like you can only live like trash.

Are you worthy to fight with my man? My Man sent me millions of things in one night. Are you scared to death? Hurry up and get lost. Otherwise, get your boss to come over. What kind of lousy restaurant is this to let a pervert be a waiter?"

The surrounding customers and other waiters were all whispering to each other and laughing incessantly.

Labyrinth's face could no longer be hung up. He nodded his head furiously, he sneered, "Fine, I thought too highly of myself. I'm an idiot. Don't be so quiet. I just want to have a one-on-one fight with you. Tell me, do you have the guts?"

Just as he finished speaking, a person walked in from outside the door..

?Chapter 340 – Chapter 340. It Was A Little Spicy

Thank you readers!

The person who entered the room was Chu Qing. There were more than a dozen bodyguards standing outside the door. The scene looked very special.

Yu Tian frowned and shook his head helplessly. Needless to say, he knew why Chu Qing was here?

Nanhua Dongmeng and the Labyrinth of life. Even the guests who were eating were stunned.

The beauty who entered the room definitely wasn't here to eat.

Chu Qing went straight to Yu Tian's side and looked at Nanhua Dongmeng with hostility. Then, she tried her best to remain calm and said, "The spicy hot pot is pretty good, right?"

Yu Tian also put on a gentlemanly expression and said with an indifferent smile, "It's a little spicy!"

"Don't you just like spicy food?" Chu Qing looked at the environment in the room with disgust and said, "You're the CEO of Galaxy Technology. Do you think this place is suitable for your identity?"

"Especially with players in this kind of game. How else do you want to play?"

As soon as she said this, Nanhua Dongmeng covered her mouth in surprise and didn't let herself scream.

So this leeway was actually galaxy technology. The legendary Yu Tian was also the boss of this virtual world game.

Then this woman must be the CEO of the Tianhai Group, the number one family in the world, Chu Qing.

She was so scared that she immediately stood up and retreated to the wall, as if she would be suffocated by the pressure if she got any closer to Yu Tian.

Meanwhile, that person in the maze of life was dumbfounded. Her heart was beating so fast that it was in her throat, and she couldn't swallow it no matter how hard she tried.

The scene that she liked in her mind was how badly she would be beaten by those valiant bodyguards outside the door?

However, Yu Tian only gently put down his chopsticks and said in a deep voice, "You scared my good friend. Why don't We Sit Down and eat together? This family's spicy hot pot is really good. It's much better than abalone and bird's Nest!"

"You still want me to eat with You?" Chu Qing widened her eyes and found it unbelievable.

Yu Tian turned to look at the maze of life and said indifferently, "[I think you're not in the mood to have a one-on-one fight with me now. Wash your dirty hands and bring a pair of chopsticks over. My fiancée is a Germaphobe!"

Without saying anything, Yu Tian turned around and went to prepare the maze of life. Because he was too nervous, when he entered the kitchen, his feet slipped and he fell so hard that tears fell down.

Chu Qing could only sit by Yu Tian's side. She was his fiancée and also his future wife. She had to follow all his decisions and orders.

Yu Tian waved at Nanhua Dongmeng and smiled. "Don't be afraid. Come and eat!"

Nanhua Dongmeng hurriedly waved her hand. Surrounded by a sense of fear, she felt that she was really stupid.

Yu Tian's screen name.

She should have thought of it long ago. She even invited the boss of a hundred billion yuan family to eat a hundred and eighty yuan spicy hot pot.

She said apologetically, "President Yu, I really didn't know your identity. I'm sorry, I'm sorry. I'll go back first!"

However, Yu Tian chuckled and elegantly wiped the corner of his mouth. He said in a gentle and elegant manner, "There's nothing wrong with this. There's no need to say sorry. At least you have to accompany me to eat this meal!"

Chu Qing was particularly displeased when she saw her being so slow. Was she that scary in her eyes?

She shook her head in disdain and said coldly, "I'm not that narrow-minded. If I ask you to come and sit, you can come and sit!"

Only then did Nanhua Dongmeng obediently sit over.

The maze of life also carefully placed the bowl and chopsticks in front of Chu

Qing. She originally wanted to say something.., however, Yu Tian said coldly, "Remember this. If the people in the game know my identity, I will make you disappear tomorrow!"

"Get out of my way. I don't want to see you. Otherwise, I won't even have the mood to eat!"

The Maze of life hurriedly turned around and left, afraid that Yu Tian would say something else.

A lowly ant like him had no chance of survival under Yu Tian's feet.

Following that, Yu Tian changed his expression and said to Nanhua Dongmeng in a very friendly manner, "I may not be online much in the future. I hope that your club can become the number one in the game as soon as possible,

When that day comes, I will definitely go online personally to congratulate

Nanhua Dongmeng suddenly felt empty in her heart, as if the mountain that she could rely on had suddenly disappeared.

Tears fell from her eyes as she said sorrowfully, "CEO Yu, I never thought that I would be able to know such a powerful person like you in my entire life"

"Thank you. Let Me Toast You. Although this wine isn't very good, it can still represent my good intentions!

Yu Tian accepted her good intentions. At the same time, he sighed at his own fate.

He couldn't even flirt with a girl in secret. That Idiot du Tianci must have betrayed him. He would definitely beat him up later.

Nanhua Dongmeng gently put down her cup. Without a word, she grabbed her backpack and ran out of the restaurant in tears.

It was all fate, but who had suffered as she did?

Chu Qing didn't think much of it. Other than the 108 sisters of the Chu family, no other woman was allowed to come into contact with Yu Tian.

Just as they had said in the group chat, Yu Tian was trustworthy. However, other than the 108 sisters, who would know their methods and tricks?

However, now was not the time to talk about this.

Chu Qing leaned over to Yu Tian's ear and said in a low voice, "We have to go back to the company now. Chu Hui has already started to explore the stone. You have to continue acting in front of Kraz!

This was serious. If they could find the bomb as soon as possible, they could let Kraz experience the taste of death as soon as possible.

In the group created by the six-dimensional code, Chu Xuan had already detected the signal location of the phone and immediately sent it to Chu Hui.

Chu Hui saw this location and combined it with the previous location, she could basically determine their route.

Chu Hui, who was staring at the instrument in the helicopter, said calmly, "Brother, your spicy hot pot must be very delicious, right? But remember, before you go on a date with someone else next time!"

"Don't let the possessive Chu Qing know. Otherwise, what a romantic date."

"After she appears, it will become a battlefield!"

Yu Tian in the office smiled bitterly and said, "Fortunately, she doesn't know kung fu. Otherwise, a lot of people would have died. How's the detection going now?"

Chu Hui said confidently, "I'm at the edge of the energy emitted by the stone. I'm preparing to move closer to the middle point. If the instrument sends out a signal, I'll be able to find it. Just give me half an hour!"

Yu Tian nodded and said, "The person who looks at the stone should also be an expert. Chu Qian, are your people in position?"

Chu Qian, who had been following the helicopter on the ground, said, "Yes, as long as we find that thing, we can immediately take it down!"

"Very good!" Yu Tian looked at the video and ordered, "After you find it, you must be fast enough. Take the stone and leave immediately.. Those who protect the stone, let them live if they can!"

?Chapter 341 – Chapter 341, Gentlemen

Thank you readers!

Soon, Chu Hui's detector sent out a notification. The target was right below the helicopter.

Chu Hui looked down and saw five large containers moving slowly on the ring road.

Yu Tian felt a headache when he saw this. He could not determine which container the stone was on, so he could not act rashly.

Chu Qian asked anxiously, "We're already close to these containers. What should we do now?"

At this moment, Yu Tian had an idea, so he calmly said, "Chu Qian, get someone to block the container at the front!"

On the highway, a Continental GT suddenly appeared in front of the first container.

A sudden brake brought up a series of ear-piercing friction sounds.

The container behind them gradually slowed down, except for the red container, which continued to move forward.

Yu Tian slammed the table and said proudly, "The stone is here!"

Chu Hui's helicopter continued to follow the red container, and the detection equipment kept sending out notifications.

Soon after, Chu Qian called for all the security guards to immediately surround the container, and Chu Qian put on a good show for everyone to seize control of the container.

Even Yu Tian was a little shocked when he saw this. This woman, Chu Qian, was really fierce.

Fortunately, she seized the container and drove it to the suburbs.

After the helicopter landed, Chu Qian and the security guards opened the container's door together.

Yu Tian was right. There were indeed several fully armed mercenaries in the container.

However, Chu Qian did not give them a chance to open fire. With a series of throwing knives, the mercenaries lost their mobility.

The security guards swarmed forward, subdued the few of them, and dragged the container down.

At this moment, the helicopter slowly descended, and Chu Hui personally boarded the container.

Yu Tian also saw the stone in the video, as well as the weapon system that was about to activate the stone.

It looked like there were hundreds of routes, and they were extremely complicated.

However, Chu Hui calmly found a few of the key routes and easily interrupted them. Then, she smoothly took the stone out of the activation equipment, put it into the suitcase, and handed it to Chu Qian, she brought it back to her family.

Yu Tiandu also let out a sigh of relief, while Chu Hui smiled and said, "I'm going to the airport now. I'll arrive at Linhai in about two hours. Master, come and pick me up personally!"

He smiled indifferently and said, "The bath water has been put in. Do you need me to scrub your back?"

Chu Hui blushed and directly cut off the video connection. With so many sisters watching, she dared to say anything.

Yu Tian didn't stay idle and went straight to the hotel where Krass was staying.

Chu Meng had been watching him the whole time. No one was sure if Krass would receive the news that the weapon had been stolen.

"He has been in the room the whole time!" Chu Meng said in a low voice.

"I can't wait to see his disappointed face!"

Yu Tian chuckled and walked straight into the elevator, arriving at the door of the room on the seventeenth floor.

At this time, there was no need to knock on the door and dawdle. Yu Tian directly broke into the room.

Krass was drinking in the room, thinking about how to use the Chu family's wealth to make himself a super rich man in the world.

The moment the door was kicked open, he saw Yu Tian's smug expression.

He suddenly felt a little sober.

Could it be that his weapon had already been discovered by Yu Tian?

Such a possibility was almost impossible, but who knew what Yu Tian would do?

Therefore, if Yu Tian really found it, he really wanted to ask Yu Tian how he did it?

Yu Tian sat in front of him with ease, picked up the wine bottle and looked at it carefully.

Then, he smiled with envy and said, "Fallen Moon Winery, 1875. This is a good wine, but I think it's a pity to let you drink it!"

Krass chuckled and said indifferently, "You know, I really admire you. If this world can become my most worthy opponent, it will definitely be you, Yu Tian."

“So, I can toast you, no matter how we talk later!”

Yu Tian shook his head and smiled. “I don't have any wine to drink with you. I just want to see your disappointed expression, because the weapon that you think can get everything has already been obtained by me!”

However, Crass was not surprised at all. On the contrary, he smiled especially calmly.

As if everything was within his expectations, he said especially calmly, “I don't feel any surprise. If you can't find the weapon, then it can't Be Yu Tian!”

Now, we don't need to continue to focus on this problem and waste time. Tell me about your request, if I can meet it and leave Alive!”

Yu Tian also felt that there was no need to waste so much time. He had to raise his request.

He chuckled and said, “I only have a few thoughts about the Angel Legion. If you can provide me with their information, I might consider letting you leave this place alive!”

Crass fell into a short silence.

The request he made for himself was indeed a little difficult. Once Yu Tian obtained the core information of the Angel Legion, the world might change.

However, this was not a question that he should be thinking about. Instead, he had to think about how to leave this place alive.

Compared to his own life, it was not important.

Thinking of this, Crass nodded slightly and said, “Although I can not provide you with accurate core information, I know who has this information,

“If you can find this person, then you will know everything about the Angel

Army. His name is Astor. You will find this person in the Travis Gulf,

“That's all I can tell you!”

Yu Tian nodded slightly. He was very satisfied with this answer.

But at the same time, his expression turned cold, he said somewhat helplessly, “Thank you for the information Mr. Krauss gave me. But what I said was that I want you to personally give me the information, not go to the Gulf of Tel Aviv to find a baffling person,

so, you still didn't exchange your life!

Crass' expression gradually became fearful.

Originally, Yu Tian had been fooling himself. Now that he had received the information, he had turned hostile and refused to acknowledge him.

His expression made Yu Tian feel particularly interesting. This was a subtle change from confidence to inferiority.

This made him especially enjoy it.

However, this didn't change his decision. Yu Tian still stuck the golden needle into crass'body.

Crass struggled in pain and gradually lost consciousness.

And from now on, he wouldn't feel anything anymore.

Yu Tian got up and said to Chu Meng, 'Get someone to carry him away. This is a hotel, your own place.. No matter what, can you be a Gentleman?'

?Chapter 342 – Chapter 342, The Development Alliance

Thank you readers!

A person's personality would change slowly with experience, just like Yu Tian at this moment. After so much training, he was becoming more and more stable.

He left the rest of the work to Chu Meng and looked at the time. It was time to go to the airport to pick up Chu Hui.

He had always wanted to meet Chu Hui. He wanted to know how he could get to know her brain and develop it to her level.

If he could be like her, he could obtain some of the abilities after developing his brain. This way, he could become even stronger.

Soon, Chu Hui appeared in Yu Tian's eyes.

She was even more beautiful than in the video, and her height matched him well.

After all, there was no concept of height in the video.

To Yu Tian's surprise, Chu Hui came up to him and gave him a warm hug.

The passengers at the airport were so envious.

They were all wondering when they would be able to hug such a beautiful woman?

Yu Tian smelled her hair and felt relaxed. If Chu Hui hadn't pushed him away, he would have hugged her more.

Chu Hui seemed to understand Yu Tian's thoughts. She smiled shyly and said, "We are not married yet. In the near future, you can hug me as you wish after I marry you.

"Let's Find a quiet place and listen to the help I Want!"

She had seen through everything clearly.

They were both her people and had no other choice. What was there to be reserved about?

Yu Tian shook his short hair, which could not be moved at all, and said indifferently, "Alright, let's go for dinner first. Let's talk while we eat!"

In the luxurious private room of the hotel, Chu Hui seemed to have an appetite for the table full of delicacies.

Not only did she use chopsticks to pick up the food, her superpower also played a role.

Yu Tian felt that he did not even need to turn the table. The food was flying all over the table.

What made Yu Tian even more incredulous was that he didn't even need to drink the wine into the cup. Instead, it flew straight into Chu Hui's mouth.

He looked at the chopsticks in his hand and suddenly felt that this thing seemed especially redundant.

He really couldn't help but ask in a low voice, "I also want to develop my brain to your level!"

However, Chu Hui wiped her mouth and hung two dimples on her face. She chuckled and said, "Although this is somewhat difficult, it's not impossible. Everyone's brain can be developed..,"

"The difference is that some people can open that door, and some people can't open it no matter how hard they try!"

Before Yu Tian could speak, Chu Hui gently held Yu Tian's hand and said affectionately, "I will do my best to help you develop, but now, I also need your This was the reason

she came here, wasn't it? Yu Tian nodded indifferently and said, "Tell me, how do you want me to help you?"

Chu Hui cleared her throat and said seriously, "To put it simply, not only do I have 50% of my brain in this world, there are also many people like me.

When we obtain these so-called superpowers from our own bodies, some people support our existence, but some people think that this is a threat to their interests,

it's as if we can take their lives at any time, so they can't let us exist, so there are two organizations in the world, one is the development alliance formed by our Brain Development Alliance, which is made up of people like me, who develop their brains to more than 50 percent,

we have different abilities, depending on how we develop them, but there are always some restless people among us, who use their abilities to make certain areas chaotic.

"Even though we have tried our best to ask them not to do so, sometimes, once they are in an out-of-control mode, no one can stop them!"

When Yu Tian heard this, he crossed his hands and asked indifferently, "Don't

Tell Me You Want Me to help you deal with these so-called superhumans?"

Chu Hui shook her head and said, "No. In fact, I want you to deal with those people who are trying to deal with us. They also have an organization called PBG, which translates as...

"They are people of faith, and their only job is to hunt people like us with high intelligence. They have unlimited funds, armies, and power,

"In comparison, we are just a group of weaklings who think they are protected by an organization. The funny thing is that most of us are against the use of violence, but our tolerance has made the PBG people... "Think that it was our compromise...

"Therefore, their hunting became even more brutal and unscrupulous. In the past few years, they have hunted more than a thousand people from the Alliance!

When she said this, Chu Hui's expression was extremely solemn and sorrowful.

To be able to make such a calm person feel this kind of emotion, Yu Tian could imagine how unbearable the scene of the hunting was.

Chu Hui wiped the tears from the corner of her eyes and said slowly, "Many of them are children. From the moment they were born, their brain development had already reached 50% ,

“However, in the eyes of the hunters, these people who will bring unlimited creativity to the world in the future are some demons who have betrayed their faith and should be killed mercilessly. Now, their new round of hunting has begun ,

“However, we still have no intention of resisting. We are not a violent alliance, so I want to ask my future husband to help me stop PBG!”

Yu Tian finally understood.

In the end, it was because they did not want to kill people and wanted him to fight PBG.

If she was not one of the 108 sisters, he really wanted to smack her with his big mouth.

He was not omnipotent. He was still thinking of joining the Angel Army in Tel Aviv. Now that he had created a PBG, did he really think that he was an idle person?

Yu Tian was also very confused. He asked softly, “I don't understand two things. First, everyone in your alliance has an extremely powerful superpower. There is no reason for you not to use these powers to fight against PBG,

“Second, how did the people of PBG manage to kill people with an IQ above 50% like ordinary people?”

Chu Hui smiled and said, “IQ and ability are two different concepts. Not every brain developer has a special ability. Moreover, brain development requires a process.

“Other than the people with high intelligence who are recognized by PBG, the rest of the people with high intelligence will be hunted by them. The funny thing is that the weapons they use are also developed by some people with high intelligence,

“The equipment that specifically interferes with our brainwaves. When our brainwaves are interfered, we are even worse than ordinary people.. Do you understand now?”

?Chapter 343 – Chapter 343,100%

Thank you readers!

Yu Tian understood what she meant. There would always be people who would create things, and there would always be people who would be hurt by these things.

However, he was not in the mood to care about others. As long as Chu Hui was safe during the hunt, it would be fine.

Therefore, Yu Tian nodded and said indifferently, “I can help you. This is what I should do!”

Chu Hui was very touched and held his hand. She said tenderly, "This is why I am so glad that I was born in the Chu family. Because no matter what, there will always be someone by my side to protect me!"

Yu Tian smiled indifferently and said, "Now, you should tell me how to develop my brain, right?"

This was what she should be concerned about now. As for the PBG, she would just wait for them to appear.

Chu Hui said straightforwardly, "Before developing your brain, we have to do a test first. Only then will I know what your basic IQ is?"

As she spoke, she took out a palm-sized scanner from her backpack.

"This is the instrument used by the alliance to Test People's IQ. As long as you input your genes into it, it will be able to analyze your IQ in a few seconds. It is very accurate. Now, can you give me a strand of hair?"

Yu Tian then pulled out a strand of hair and handed it to Chu Hui.

After the device was turned on, it immediately began to analyze Yu Tian's genes. Through the calculation of various technical parameters, the purple light of the device flashed.

Chu Hui's face appeared particularly surprised under the flashing purple light.

Yu Tian looked at it in bafflement and asked in puzzlement, "Say something. What does this purple light represent?"

"It represents that your basic IQ is the highest!" Chu Hui looked at Yu Tian in disbelief. Then, she said in surprise, "Your Basic Brain IQ is 100%."

"If you can achieve a high IQ of 200% after development, my God, how did you give birth to it?"

Yu Tian was very surprised and said, "I don't really believe it. You said that my IQ is 100% now, but why don't I feel that I'm Smart?"

Chu Hui explained, "Basic IQ is innate. Everyone is born with a different IQ,

which makes humans different,

“However, these are all basic IQ, which is an undeveloped IQ. Ordinary people can improve their IQ based on their studies, social training, and so on. This is why the older people are, the smarter they are!”

Yu Tian laughed and said, “But there are also countless old and stupid people. How do you explain this?”

“Because their IQ has already reached the peak!” Chu Hui took out her computer and showed Yu Tian a map of the development of human IQ.

As she read, she explained to Yu Tian, “Basic IQ determines the development of a person. Some people have already reached the peak of IQ when they are very young, so they live a mediocre life and have no prospects.

There is another kind of people, for example, some rich people. Their IQ can let them live a good life, but when they want to develop better, there are all kinds of failures,

that was because their IQ had already reached the peak. They could no longer bear or create more value. They could only lose. There were also some people whose basic IQ was originally very good, however, due to various reasons, they could not be effectively developed. When they were older, their remaining IQ would start to disappear and there would be the appearance of dementia!”

Yu Tian understood what Chu Hui meant. He smiled proudly and said, “You mean, my IQ can be developed to 200% . If that is really the case, what superpower will I have?”

“Can you point at a woman and she will immediately take off her clothes or something?”

Chu Hui smiled bitterly and said, “How can there be such a weird ability? Moreover, it is still uncertain whether you can develop the ability or not. From now on, you have to start from training your memory,

“My suggestion to you is to try to remember the flashing numbers first. When you can remember the sequence of 100 numbers with a glance, we will enter the second stage of development!”

It was very difficult just thinking about it. Yu Tian felt that sometimes he could not even remember the phone number. How could he remember other numbers?

While they were talking, Chu Hui received a call. Although it was only a few short sentences, Chu Hui's expression became extremely heavy.

After hanging up the phone, Chu Hui said sorrowfully, "The people from PBG have started hunting people from the alliance again. Can you come with me to meet someone now?"

Since he had time, Yu Tian nodded.

However, what surprised Yu Tian was that this person lived a little far away. It was actually in south city.

After the plane landed, Yu Tian followed Chu Hui to an ordinary living area in south city.

Although this place was better than the slums, Yu Tian still had a headache when he saw the crowded living environment and the stuffy temperature.

Under Chu Hui's lead, the two of them took a detour and arrived in front of a residential building.

Chu Hui reminded him in a low voice first, "The person we are going to meet later is very wary of strangers. He is a super with an IQ of 27%

However, his superpower is not aggressive, so don't be surprised if he makes any strange moves!"

Yu Tian looked around and asked curiously, "Why did you bring me to see him?"

"You will know later!" Chu Hui smiled mysteriously.

The two came to the seventh floor and Chu Hui knocked on a door.

However, the room was very quiet, so much so that Yu Tian wondered if there was anyone inside?

Chu Hui knocked a few more times before a man's deep voice sounded, "Who is it?"

"It's me, Chu Hui!"

As if he had received a secret signal, the door quickly opened. Only then did Yu Tian see the hooded man in the room. He was only in his twenties.

After entering the room, the hooded man stared at Yu Tian warily and asked in a low voice, "Who is he? We agreed not to bring anyone I don't know. Moreover, he is not a superhuman, his IQ is so low that he can't even reach the bottom of My Shoes!" This guy was not big, but he was quite good at acting.

However, Chu Hui held Yu Tian's hand and said peacefully, "He is my husband!"

The hooded man was stunned. To be able to be Chu Hui's husband, he was definitely not a simple person.

Thinking of this, his expression was no longer guarded. Instead, he said somewhat helplessly, "Please take a seat!"

Yu Tian did not know what to say, so he simply listened to them quietly.

While the hooded man was busy packing things into a big bag, Chu Hui whispered to Yu Tian, "His name is Sheng Yizhe.. He is a level two developer!"

Chapter 344 – : Chapter 344, Do Not Be Attacked

Thank you readers!

Chu Hui then introduced, "He is a level 2 developer. In the alliance, the level settings are from level 1 to level 5. The higher the level, the greater the ability!"

"Then what level do I belong to?" Yu Tian felt that his 100% basic IQ should be at least level 10.

However, Chu Hui smiled helplessly and said, "Level 1. Our level settings are the level after the brain is developed. You Don't even have a basic level of development now. It's already not bad to consider you as a level 1!"

Well, he was still an ordinary person now.

At this moment, Kazuhiro sat over and said mysteriously, "The people from PBG attacked one of our secret points. One of the developers survived, but now he has disappeared!"

"For the sake of safety, all of our secret points have to be changed!"

After saying that, Kazuhiro suddenly looked at the wall. With both hands on his head, his eyes suddenly emitted a ray of light that looked like a projection. It suddenly turned into a rolling image like a movie on the wall.

Chu Hui looked at Yu Tian proudly.

"His superpower is that he can project a scene into his mind and then project it anywhere!"

Yu Tian nodded slightly and said indifferently, "Then, you don't have to spend money to watch movies in the future!"

However, what he was watching now was not a movie but a real scene.

Yu Tian saw five men and women quietly doing their work in a room with the curtains drawn.

The door was suddenly pushed open, and a few men in black holding silver metal rods rushed into the room with an imposing manner.

Before the five men and women got up, a man in black activated the metal rod. The five men and women seemed to have been disturbed by something. They held their heads and fell to the ground in pain.

Then, the other men in black used ropes to strangle their necks.

The foreign man who activated the metal rod asked fiercely, "Where is Chu Hui? If you tell us, you won't have to Die!"

The men and women endured the pain and did not say a word.

At this moment, there was a snapping sound. The neck of a male developer was broken by the man in black.

The developer rushed to his side. The excruciating pain made them hate and curse, but they did not resist.

The foreign man asked coldly, "Tell me where Chu Hui is, and you can all die a quick death!"

After making sure that these people would not give him the answer he wanted, the man turned around and left. He did not even need to give an order. Everyone here had to die.

At this moment, a male developer suddenly pulled his hair and shouted with excruciating pain.

A shock wave spread out and flipped the men in black from the PBG to the ground.

They wanted to jump out of the window, but all the pbgs activated their metal rods.

The man who wanted to save his companions suddenly exploded under the brainwave attack and turned into a pile of blood in the blink of an eye.

The other developers had just jumped out of the window when two of them were knocked down by the Brainwave attack.

In the end, only one girl was left. She rushed out of the range of the brainwave attack with a nosebleed.

After the projection disappeared, Yizhi saint felt particularly tired. He picked up the water and drank it desperately.

Yu Tian narrowed his eyes slightly and took a light breath. The whole scene was watched with his breath held back.

He asked indifferently, "These pbgs seem to hate you very much!"

Chu Hui said indifferently, "That's because I'm a level five developer, and I've been trying to help every developer in the Alliance

"Originally, they used me to be one of the 108 sisters of the Chu family, so the people of PBG could still keep a low profile. But now that they have a new commander, everything has changed !

Yizhi Santo wiped the water from his mouth and said in a low voice, "We don't know whether Monica is Dead or alive. If she falls into the hands of the PBG and is attacked by brainwaves, the people of PBG will know everything that she knows

Chu Hui shook her head and said with difficulty, "I believe in Monica. I Won't Do That!

However, even Yu Tian didn't believe his words. Yi Zhe found it even more ridiculous and said, "Yes, we all believe in Monica, but I don't believe in PBG's brainwave attack device"

"Last time, if I didn't flee quickly, I would have become an idiot. And now, the people of PBG are starting to kill people. Chu Hui, I plan to quit the Alliance!"

Chu Hui was especially calm. She advised, "Do you think it's better for you to face PBG alone or for us to face it together with you? Even if you quit the alliance now, do you think the people of PBG will let you live?

"This is the development of an era. They want to control everything. They will never let anyone replace them!

Saint Yizhe was very determined. He stood up and said, "I have decided. I will not take risks with the alliance. From now on, I will no longer use my development ability. No one will know that I am a developer!

After saying that, Saint Yizhe turned around and was about to leave. However, Chu Hui suddenly stood up and said loudly, "My husband's basic IQ is 100%

Sheng Yizhe was so scared that he almost fell to the ground. He suddenly

turned around and looked at Yu Tian. He shook his head in disbelief and said, "This is impossible. Are you kidding me .

This world had not appeared for more than 10 ,000 years. A person with a basic IQ of 100% . Do you think his IQ is 100%

Yu Tian really could not bear to listen to it anymore. He snorted and said indifferently, "I've tolerated you for a long time. You mean I look like an idiot, right?

Saint Yizhe also said coldly, "Whether I'm a fool or not, we'll know after the test!

With that, he took out a test device that was exactly the same as Chu Hui's.

In order to shut him up, Yu Tian also pulled out a strand of hair and gave it to him.

The result of the test was needless to say. Saint Yizhe was so shocked that his eyes almost popped out of their sockets. He said in extreme disbelief, "Oh my God, your basic IQ is 100%

"But you haven't even developed it to 3% . This is simply a waste of a god' s gift. If this IQ was given to me, I would be able to dominate the world!

He wanted to dominate the world? What kind of joke was this?

Yu Tian did not want to waste any more time. He said coldly, It's useless for you to talk about this with us now. It's my job to dominate the world. Do what you have to do!"

Saint Yizhe did not take Yu Tian's mockery seriously at all. Instead, he said excitedly, "Chu Hui, your husband is the only one who can not be attacked by brainwaves. However, the prerequisite is that his IQ must be developed to 10%!

Chu Hui nodded and said seriously, "You're right. However, we can't go back to Super Nation now. All our development equipment has been stolen by PBG's people,

"Now I can only use the simplest method to help him develop!"

"But this is too slow! "Kazufuru Shengyi looked at Yu Tian and said slowly, "Basic IQ and developing IQ are two different concepts. If he is stupid, no matter how he develops it, it will be useless!

When Yu Tian heard this, he was furious on the spot..

?Chapter 345 – Chapter 345, Family Order

Thank you readers!

Yu Tian could accept others' pretense, but he would never accept others saying that he was stupid.

He looked at Sheng Yizhe angrily and snorted, "Even though I haven't developed my IQ and am smarter than you, don't waste your time with me. Tell me what you want to do!"

Chu Hui patted Yu Tian's back, reminding him not to be so angry. She smiled and said, "In the eyes of developers like us, ordinary people don't have any advantages,

"Even people with high basic IQ are the same. I brought you here to let you enter PBG's stronghold and help us save Monica. Your Basic IQ is high...

"You can avoid the attack of the Brainwave Jammer. Now, we can save as many as we can!"

Yu Tian snorted disdainfully, "At the same time, let the people of PBG know that you have someone who is not afraid of the Brainwave Jammer. Tell them not to act pretentious in the future. Am I right?"

Chu Hui and Saint Yizhe frowned slightly. They did not expect Yu Tian to think of such a level. It seemed that people with high basic IQ had some ability in thinking.

However, Yu Tian said proudly, "But my thoughts are different from yours. I don't want to have any conflict with the people of PBG, especially because of my future wife,

"From this point of view, I should be protecting my fiancée instead of watching her or supporting her to mess around. From now on, Chu Hui, you have to quit this alliance,

"Moreover, no matter who is captured by the people of PBG, it has nothing to do with you, let alone trying to get me to help you. That's impossible. Now, come home with me!

Chu Hui was still very satisfied and felt very happy. It was worth it to have someone care about her so much.

However, she said helplessly, "Even if I give up, the people of PBG will not give up because I am now the president of the Alliance!"

Yu Tian was so angry that his nose was almost crooked. He growled, "How can you still be so smug? Don't you know how important the status of the 108 sisters of the Chu family is and how important the things they carry are?"

Is this your so-called high IQ? For the sake of your own pursuit and those stupid dreams, you let tens of thousands of people follow you and bear the danger of losing their lives at any time. Do you have any shame?

Chu Hui was in a difficult position. On one hand, it was her family, and on the other hand, it was her own insistence.

She said softly, "I have thought about this problem before, but you also know that there are some things that can not be given up. But I believe that with you by my side, there won't be any problems.

Because you won't give up on any of your sisters. This is also your insistence, isn't it?"

Yu Tian didn't listen to him at all. His determination was to prevent these women from the Chu family from seeking death under his nose.

Therefore, his thoughts were unquestionable and there was no room for negotiation.

He stood up and said firmly, "Being by my side is the best protection for you. At the same time, I have to stop you from showing off unbridled. You should think about your other sisters!

As he spoke, Chu Qian called Yu Tian.

"My Lord, the family has issued an order. Now, they have cut off all of Chu Hui's financial support. If she still insists on her own ideas, she will be sent directly to the fallen angels. Even his parents will have to follow her!"

This time, all the higher-ups had unanimously decided to stop Chu Hui from seeking death. This girl was really crazy. She had used her high IQ in the wrong place. If she had used her own ability to contribute to the family..,

"Now, she wouldn't have gotten the people from PBG to come to the family to negotiate. The head of the family finally reached an agreement with PBG, agreeing to provide them with 10 billion international dollars of financial support,

"At the same time, she promised them that Chu Hui wouldn't have any contact with the developer alliance. The people from PBG also said that this is Chu

Hui's last chance. If she doesn't listen, they will go all out to hunt her down!"

Hearing this, Yu Tian also frowned.

Even the Chu family had compromised with PBG. One could imagine how powerful PBG was?

Chu Hui still wanted him to work with them. What was she thinking?

After hanging up the phone, Yu Tian immediately told her about the family's decision. At the same time, he said, "Now you know that your family will always care about you, from now on, you can only stay by my side. You Can't go anywhere!"

Chu Hui looked at Saint Yizhe. Although she looked very dissatisfied, she did not express her opinion. She was very clear that her IQ was nothing compared to her family's power.

It was not wise to go against Yu Tian and her family now.

However, it was impossible for him to give up on the developer Alliance at this time.

Saint Yizhe also understood Chu Hui's thoughts. The key person now was Yu Tian. If he could get his support, the developer Alliance could still exist.

Although it was difficult to change Yu Tian's mind, it was not impossible.

First, he had to let Yu Tian know what kind of enlightenment he could bring to the world or himself after his IQ was developed?

At the thought of this, Sheng Yizhe took a sip of water and smiled, "I think this is not bad. At least, we can guarantee that the developer alliance will not be wiped out by PBG."

Chu Hui, I suddenly thought of something. Actually, we still have a development equipment. It is in Hai City. Although it is not the best equipment, it is still enough to develop a simple-minded person like Yu Tian! "

Yu Tian did not say another word. He immediately kicked Sheng Yizhe to the ground.

"Old! Zia! No! It's! Heart! Eye!" He stomped on every word as Sheng Yizhe kicked him like a dog that had been slapped.

However, he still shouted unwillingly, "If you want to prove that you're not stupid, Show me your intelligence!"

Chu Hui did not stop them. After all, Saint Yizhe could not be killed, and his method was acceptable.

Although the probability was not very high, there was still a one percent chance that he could try.

She stood up and said, "Yu Tian, what do you think? Do you want to develop your brain? It's up to you!"

Yu Tian said without thinking, "Develop? I want to show this guy whether I'm stupid or Not!"

Chu Hui and the bruised Sheng Yizhe laughed. With Yu Tian's current IQ, it was very easy to trick him.

So the three of them went to the airport and flew directly to Hai City.

But this was a secret activity, so Chu Hui suggested not to let Chu Hui and the others know.

Yu Tian nodded. This was acceptable. Now that the Chu family was watching Chu Hui, it was better to keep it a secret.

In the evening, the plane landed at Hai International Airport.

The three of them took a taxi to a manor in the suburbs. Yu Tian looked around. This place was more like a large-scale agricultural base, with crops growing everywhere.

At this time, a middle-aged man came to the front of the group with a smile..

Chapter 346 – Chapter 346, Brain Development

Thank you readers!

The middle-aged man was very calm and gave Yu Tian the feeling that nothing in this world could stop him.

Chu Hui smiled obediently and said, "Uncle Qian, let me introduce someone to you. This is my fiancée, Yu Tian!"

Qian Yaozu smiled and extended his hand. He said enthusiastically, "I've long heard of Yu Tian. He is indeed a good-looking man. Chu Hui, you're not good enough for him!"

These words made Yu Tian happy. The ladies of the Chu family all felt that he was a great man. Look at what he said.

When he was happy, Yu Tian's mouth opened wide and he said casually, "Whether or not he is worthy, we have to get married anyway. We can just turn a blind eye and let it be!"

Chu Hui was not angry. This was her fate to begin with. There was no need to be angry.

Moreover, this was also true. Not every one of the 108 sisters of the Chu family could match up to Yu Tian. And now, wasn't she also using Yu Tian?

It was better not to waste time talking about this. Chu Hui smiled indifferently and said, "Uncle Qian, you are still so funny. This time, we are here to use that instrument!"

Qian Yaozu laughed and said in a deep voice, "Of course. This is the reason why you are here, isn't it? Come with me!"

After saying that, he turned around and walked towards the barn.

Yu Tian asked in a low voice, "Chu Hui, this uncle Qian is also from Your Development Alliance?"

Chu Hui nodded and said, "Yes, his IQ has been developed to 40% . The potential that he can activate is to allow the plants to grow quickly. The crops you see seem to have existed for a long time,

"But in reality, you can harvest them every day!"

Yu Tian could not help but be a little surprised. This skill was really good. He would never starve to death. He had made a fortune selling grain and wood.

He came to the basement of the barn and turned on the lights. Only then did Yu Tian realize that the space here was hundreds of square meters with all kinds of computer equipment placed around it.

There was also a machine in the middle that was covered by a black cloth. Qian

Yaozu pulled the black cloth off with a brush. Only then did Yu Tian realize that this instrument was like a space capsule. It looked very sci-fi.

Saint Yizhe explained, "This is the first-generation brain development machine. It was created by the seniors of our developer Alliance. It looks very magical, right?"

Yu Tian said disdainfully, "I don't think it's magical. It feels like a large-scale washroom!"

Chu Hui and Qian Yaozu had already started the machine. Under a dazzling light, the machine was successfully turned on.

Sheng Yizhe patted the seat on the device and turned to Yu Tian with a smile.

"Come on, stupid. Let's see how far we can go with you."

Yu Tian raised his hand and punched Sheng Yizhe so hard that he almost fell to the ground.

Chu Hui helped Yu Tian take off his shirt and whispered, "It might hurt a little later. You have to bear with it. Moreover, this machine is a first-generation developer, and some of its functions are not very stable"

"So, we still can't be sure how much it can be developed!"

Qian Yaozu gently put something that looked like a helmet on Yu Tian's head and said with a smile, "Are you ready to open another door in this world?"

Yu Tian said expectantly, "Of course. I hope that the thing behind this door is what I want to see!"

After everything was ready, Chu Hui and the others looked at each other. Qian Yaozu immediately activated the device.

The helmet on Yu Tian's head suddenly emitted sparks after being stimulated by the electric current.

Yu Tian raised his eyes and looked at it. He said with a little fear, "Why is this thing still emitting sparks? Are you guys putting on the device or electric welding?"

Chu Hui and the others ignored him and continued to control the instrument.

While looking at the data on the computer, Yizhe Sheng said in a low voice, "I'm going to start reading and writing the data in his brain now!"

Qian Yaozu said in a very serious tone, "The brain waves are all normal. You can continue to read and write!"

The moment the reading and writing program was activated, Yu Tian suddenly felt that his mind was blank. That kind of ethereal feeling was as if he was floating in a space without a world.

Chu Hui turned back to look at Yu Tian and said in a low voice, "Whether or not you can activate your potential depends on yourself!"

At this time, Yizhe Sheng said, "All the data has been read. Chu Hui, you can start now!"

Chu Hui immediately gently pushed the switch of the instrument, and a cluster of sparks appeared on the helmet.

Yu Tian's body trembled under the stimulation of the electric current.

A series of images appeared in his mind.

Yu Tian first saw the manor, and then he saw the entire sea city, and then the mountains and lands. This feeling was as if he was shrinking a map.

When his view had pierced through the sky and arrived in the universe, Yu Tian felt that his mind and mood were extremely open.

He saw a scene he had never seen before, and experienced a kind of satisfaction and pleasure he had never experienced before.

At this moment, two crystal cubes suddenly appeared before his eyes.

One was red, and the other was black.

Two palm-sized cubes slowly floated in front of his eyes, as if they wanted him to make a choice.

Yu Tian didn't like black, so he gently touched the red cube.

The cube suddenly turned into pieces and entered his body.

Chu Hui stared at the computer screen and said excitedly, "The brain has been developed to 27% , and he has already activated and selected his potential!

Sheng Yizhe looked at the data and said excitedly, "The brain space is still being developed, and the energy shows that it is stable. It hasn't entered the subconscious yet, so it can still continue to increase the energy!"

Qian Yaozu, who was standing on the other side, stared at the screen with lightning-like eyes and whispered, "Slowly push forward. Don't be too anxious. Don't exceed the capacity of his brain!"

Chu Hui slowly pushed the switch and said excitedly, "He can still continue to accept the current energy. After all, his basic IQ is 100% . He should be able to withstand too much energy in the early stages of development!"

At this moment, Yu Tian's subconscious was trying to sense the cube.

With his subconscious control, the fragments suddenly gathered together and formed a cube again. Moreover, with Yu Tian's willpower, they could change shape, volume, and weight at will.

The feeling was very real. It was as if he could touch the cube with just a raise of his hand.

However, at this moment, a blinding light suddenly appeared in front of his eyes. The cube disappeared along with him, and his head began to hurt.

Chu Hui looked at the data on the computer. This device had already been used to its fullest.

However, Yu Tian's brain was only at 35% . He could no longer continue digging.

Qian Yaozu hurriedly reminded him, "Don't continue. This machine can no longer withstand such a large amount of energy. Turn off the energy transmitter immediately!"

Yi Zhe quickly typed on the keyboard. The energy transfer device was slowly interrupted.

Yu Tian also slowly woke up..

?Chapter 347 – Chapter 347, Red Celebration

Thank you readers!

The moment Yu Tian woke up, he felt that both his mind and his heart were very open, as if they could contain the world.

This feeling was very wonderful, but it was also very refreshing.

Chu Hui and the others helped him take off his helmet. Qian Yaozu immediately asked, "Do you feel nauseous now? Do you feel like vomiting?"

Yu Tian shook his head and said with a faint smile, "I feel very good now. Not only do I not feel nauseous, I also want to eat something!"

As long as they did not feel nauseous, there would be no side effects. The few of them heaved a sigh of relief.

Chu Hui also asked excitedly, "Your brain has been developed to 35% . It has completely exceeded the IQ range of a normal person,

"And during the process of developing your brain, did two cubes appear in your subconscious?"

Yu Tian nodded and said with certainty, "That's right. One is red and the other is black. How did they appear in my mind?"

Qian Yaozu said indifferently, "Everyone's subconscious will have such a cube, but some people will never be able to see it in their entire lives. This cube is their understanding of the world,

for example, its color, composition, and so on. These are all memories left in our minds when we grow up. And under the stimulation of our brain development equipment..,

these memories will appear in the form of a cube. You can also understand it as, it is what you think in your heart. Now we just want to know, do you choose red or Black?a€?

a€? don't like Black! a€?Yu Tian stood up easily and smiled. a€?I chose red. This is so festive!

The moment he said that, the few of them laughed along with him.

Chu Hui explained, a€?The appearance of the two cubes in your subconscious means that you can now possess superpowers. The Red One is for attack and the black one is for defense, most people who like to fight would choose the Red One!a€?

Yu Tian was also shocked and asked, uyou said that I have superpowers now. Why don't I feel anything? What is my superpower?a€?

First sage smiled and said, a€?That depends on what your subconscious does to the cubes. Every developer's subconscious is different. IWhen they see the cubes, some people can't help but do it,

a€?And some people do it completely according to their own ideas. I believe you should be the latter. Of course, the appearance of the cube will definitely allow you to activate your superpower.

a€?I once knew a person. When the cube appeared, he actually couldn't rush up and hugged the cube and kissed it. He wasted a chance to activate his superpower!

Yu Tian recalled briefly, scratched his head, and said in puzzlement, a€?At that time, I thought that this cube was quite fun, so I tried to change its shape, volume, and weight..,

a€?That cube is also very obedient. It will do whatever I want it to do!

When he said this, the few of them looked at each other in dismay.

Holy One Zhe said in disbelief, a€?This is impossible. You can not develop such a superpower. This is only a legendary existence. I absolutely do not believe that it will appear on you!

The more he said, the Stranger Yu Tian felt. He asked curiously, a€?Can you guys tell me more clearly? What does this mean?a€?

Chu Hui calmed down and took a piece of paper. She held the paper into a ball and threw it on the table.

Then, she said to Yu Tian mysteriously and seriously, 'This paper ball is the cube now. Try to control it with your mind. Make it bigger first!

Qian Yaozu immediately stopped her, 'His brain is not able to withstand this energy yet. Moreover, no one will use their superpowers immediately after the development. Doing so will hurt his brain!

Chu Hui did not think so. Yu Tian's basic IQ was 100% . After the development of the instrument, it could reach 200% .

Such a strong brain, bearing this little bit of energy was not worth mentioning.

She said confidently, 'Now is the best time. Because his brainwaves are not stable, it is very likely that he will forget this ability. Let him test it while it is still hot!

Holy One Zhe was obviously on Qian Yaozu's side. He shook his head to express his refusal and said, 'Uncle Qian is right. It is unlikely that he will use these superpowers now This needs to be a gradual process. We can not rush it!

However, as they were talking, Yu Tian had already begun to use his own mind. Just like what Chu Hui said, he treated the paper ball in front of him as a cube in his subconscious.

When his mind fused with the paper ball's material molecules, his subconscious immediately ordered the paper ball to become bigger.

The fused mind immediately magnified the paper ball's molecular structure under the subconscious's command.

The small paper ball suddenly turned into a large paper ball at least two meters in size.

Chu Hui and the others were stunned.

After Qian Yaozu reacted, he hurriedly asked, 'Do you feel nauseous now? Do you have a headache? Do you want to vomit?

Yu Tian said with a frown, 'Can you stop asking me this? I feel very good now!

As he spoke, Yu Tian controlled the paper ball to return to its original size. Then, it turned into an open piece of white paper. There were no traces of fake folding.

The more Yu Tian played with it, the more he found it fun. The paper was transformed into various shapes by him. He was having a lot of fun playing with it.

Chu Hui reminded him at this moment, 'Your superpower can only be displayed in front of us or used when needed. Do not casually display it in front of others,

this is because not everyone can accept this. When they are surprised, it is also a form of harm to them. I think you should understand what I mean!a€?

Yu Tian smiled indifferently and said, a€?Even if you didn't tell me, I have already thought of this. The existence of superpowers can be said to be a way to make up for the loopholes in the world, not to use this ability to destroy something?

a€?Now that I've activated this special ability, there will definitely be a time when I need it. This is the value of its existence. I think all of you are very clear on this point!a€?

The few of them looked at each other. Yu Tian's words were becoming more and more high-level. This had something to do with the development of IQ. One thing was certain. Yu Tian's current outlook on life, values, and worldview had already undergone a subtle change.

Yu Tian continued, a€?I thought I could develop it to 50% , but it turned out to be only 35% a€? where is the second-generation instrument you mentioned? Can we get it?a€?

?Chapter 348 – Chapter 348, I'll Give You A Chance

Thank you readers!

Chu Hui explained helplessly, a€?That instrument is in super nation, but it should be in the hands of PBD now!a€?

Yu Tian thought about it briefly. Now was not the time to confront PBD directly.

The Chu family had just reached an agreement with them. It would be unreasonable to tear it up now.

Thinking of this, he nodded slightly and asked indifferently, a€?We can make another one. This is not a problem for us!a€?

Of course, this was the best choice, but Chu Hui also said, a€?I have thought about this, but we can not complete the manufacturing of the instruments. The creator and inventor of these two machinesa€|a€?

It was a physics doctor named Kellogg. He was also the person with the highest IQ in the world. He had reached 75% , but only Monica knew where Dr. Kellogg was now!

a€?Because Monica is Kellogg's granddaughter. That's why we must save her!a€?

Yu Tian immediately understood. The people of PBG also wanted to obtain the equipment and wanted to know where Kellogg was?

However, the people of PBG were able to reach an agreement with the Chu family. This meant that they still had information on Kellogg. They didn't want Chu Hui to go against them at this time and waste their time.

Therefore, Yu Tian nodded slightly and said, "It seems that this time, I really have to go to super country to take a look. Only by finding Monica can I find Dr. Kellogg!

Chu Hui looked at Yu Tian gratefully and said gently, "If you can find Monica before PBG goes to super country this time, they will not discover your existence"

"If Monica really falls into PBG's hands, don't try to save her. Come back immediately. PBG isn't as weak as you think!

Yu Tian laughed disdainfully, "So what? I'm a developer now. If the people of PBG think I can destroy the world, then let me see if they can stop me.

Even though his IQ had changed, Yu Tian's personality had not changed.

The flight to superego took off in five hours.

Yu Tian used this time to make some arrangements at Linhai.

After all, the family was still keeping an eye on Chu Hui, so she could not go to superego with him. Moreover, she could not let the Chu family know that she went to superego to look for Monica.

At the same time, Chu Hui was also going to Linhai. Before leaving, YUT said to Chu Hui alone, "In Linhai, try to expand your influence as much as possible. It's best to let the people of PBG know that you don't want to care about the developer Alliance at all right now,

"You Only Want to date me now and wait for me to get married and have children with you. In short, you have to act well these few days so that I have enough time to look for Monica!

Chu Hui nodded seriously and said, "The people from PBG are also looking for Monica. If they haven't found her yet, you are basically racing against them. If you need help"

"You can go to the metropolis to look for Chu Wen. She is the business representative of the Chu family in Super Country. She can provide you with a lot of Help!"

Yu Tian nodded slightly. He turned around and saw the box he wanted to bring on the bed. With a thought, the box became as big as a chain.

He casually threw it into his pocket and headed straight to the airport.

Seventeen hours later, the plane landed at Maishi Airport. When Yu Tian arrived outside the airport, he could smell the fresh sea breeze.

Unfortunately, no matter which city he went to, he could not enjoy himself.

According to the information provided by Chu Hui, Monica disappeared in this city.

It was not easy to find a woman in this city with millions of people.

Fortunately, he had a plan when he took the plane.

Yu Tian arrived at the stronghold where Monica and the others used to be.

This was a slum area, and it was full of a modern culture. When Yu Tian arrived at the entrance of the stronghold, he did not see a wall without graffiti.

The room was badly damaged, the walls were full of holes, and there was even the smell of blood in the air.

Yu Tian walked over the debris on the floor and came to the window.

Monica jumped out from there.

When Yu Tian looked downstairs, he suddenly found a man in his twenties, wearing a hood, also looking at him.

The man's gaze was very sharp, as if Yu Tian's appearance made him very unhappy.

However, Yu Tian was very happy now. This guy must know where Monica was?

Thinking of this, Yu Tian did not think too much and directly jumped down from the fifth floor.

The man turned around and ran. His movements were extremely agile, even more agile than parkour. The walls and houses were under his feet as if they were flat ground.

Yu Tian was shocked as he chased. This man's speed was even faster than his. It was as if there was a spring under his feet. He could directly jump up from a five-meter-tall house.

He had to run two steps before he could jump onto it.

However, when Yu Tian jumped onto it, the man had already disappeared.

Yu Tian was so angry that he stomped his feet, almost causing the roof to leak.

A middle-aged man in the house jumped out of the window and scolded angrily, "What are you trying to do on my roof? If you have the guts, you can kick a hole in every house!"

Yu Tian was not in the mood to deal with him. He looked left and right. On the left was the viaduct. He could not go up. In the middle was a house, or he could hide here. On the right was the road to the city.

Seeing this, the corner of Yu Tian's mouth slowly curved into a proud curve. That guy must be nearby. No matter how fast he was, it was impossible for him to be faster than his own eyes.

At this moment, a few men raised their weapons and aimed at Yu Tian. One of them was wearing a red hat and a white tank top, he shouted loudly, "Hey, get off my brother's roof right now!"

Yu Tian smiled indifferently and jumped to the ground. He said disdainfully, "Everyone, calm down. I'm just passing by!"

The Man in the hat didn't believe him at all, he said disdainfully, "[You F * cking passed by the roof of someone else's house? What kind of road are you taking? Moreover, you've destroyed this house. If you don't compensate my brother for his loss, you won't be able to leave here!"

Yu Tian didn't care about such a small problem. He immediately took out a stack of cash from his pocket. They were all hundred-dollar rice knives. He casually threw a few thousand-dollar rice knives and said indifferently, "It's enough for you to buy another house!"

The few of them were tempted by the money. The Russian man even placed his weapon on Yu Tian's chest and said ferociously, "Now I've changed my mind.

You have to keep this money. It can buy your life!"

Yu Tian did not even blink his eyes. He only said indifferently, "Do you really think that your weapon can deal with a man who can jump to the roof easily?"

"The reason why you are still alive is that I don't want to kill anyone today.. I want to give you a chance to make money!"

?Chapter 349 – Chapter 349, The Beauty Of Money

Thank you readers!

There's actually a chance to earn money? These guys were a little unsettled.

The lackey behind the man in the hat was afraid that he would disagree, so he hurriedly suggested, "Raqqa, What Are You hesitating for?"

Yu Tian looked at Raqqa indifferently and said, "There's only one chance. Do you want it or not?"

Raqqa also wanted to earn some money, but he felt that Yu Tian, an easterner, was not so easy to deal with. So he asked, "What do you want me to do for you? We are not bad people. We won't do things that we shouldn't do!"

"Help me find someone!" Yu Tian sat on a bench in the courtyard and smiled, "This guy is about the same age as me. He is very thin and has a face like a fox. He likes to wear a hood and is especially good at parkour."

"If you find this guy, you will get 100,000 dollars!"

"Why do you want to find this guy?" Raqqa was still very confused. The Chinese community here was very dark. If things went wrong, they might not be able to earn money and lose their lives.

Yu Tian said disdainfully, "Cut the crap. Do you want to take this job or not?"

Raqqa really wanted to earn this money, so he nodded and said, "I have seen the person you mentioned. His name is Nick. He is a person who jumps over all the buildings in the city, he often goes to BilPs club, or you can find him there. That's all I know!"

Yu Tian took out ten stacks of cash from his backpack and threw it to Raqqa. For this piece of news, it was worth a hundred thousand dollars.

Raqqa was so happy that his face was full of Snot. He almost gave Yu Tian a kowtow.

Half an hour later, Yu Tian arrived in front of the bar called Bill's.

If Nick was here, he would still run when he saw him.

Yu Tian didn't want to play with him anymore. It was best to just hold him down.

Walking into the bar, Yu Tian realized that this wasn't a high-class place. It was more of a paradise for drunkards than a club.

Not to mention the cultural environment. It was already good enough to be able to breathe in here.

At the same time, this was also a restaurant. The bar counter was the kitchen. A few aunties who were cooking seemed to have lost control of their minds as they complained endlessly about everything in the world.

There was only a young girl in her twenties who had a good figure and good looks. She stood quietly by the pool and smoked.

Yu Tian did not see Nick. At this time, it was indeed a little early to come to the bar to drink.

But it was not a big deal. Yu Tian found a relatively clean seat and sat down.

The owner of the bar, a very rough middle-aged man, turned around and complained to the young girl, "We have a guest here and you still want to slack off. I paid you to work here. Now go and provide service to him!"

The young girl seemed to have long been accustomed to such orders. She came to Yu Tian expressionlessly and said impatiently, "What do you want to order? Food or drink?"

Yu Tian narrowed his eyes. This woman seemed to be unable to live. In super country, unless one was extremely poor, very few girls of her age would come out to work.

Thinking about this, he knew why she felt so uncomfortable.

This could also provide him with an opportunity to make use of it, right? Yu Tian then said indifferently, "A grilled hot dog and a glass of beer!"

As he spoke, Yu Tian took out 100 yuan and placed it on the table. He smiled and said, "Keep the change!"

The young girl was slightly surprised by Yu Tian's magnanimity.

The food he ordered was less than 10 yuan. The rest was his tip, which was more than what he earned in a week.

Therefore, she gave Yu Tian a very nice smile and quickly placed the hot dog and beer on the table.

Yu Tian seized the opportunity and asked, "Do you know a person named Nick?"

The young girl's face suddenly tensed up and she hurriedly shook her head. "No, I don't know him!"

After saying that, she turned around and returned to the bar counter in a panic, as if she had been scared by someone. She knocked the entire stack of plates placed by the pool to the ground and smashed them into pieces.

The middle-aged boss's cursing was louder than the sound of plates breaking. He cursed angrily, "You dog brewed thing, you are just like your bitch mother, only suitable to stand outside and give each man a blow job!"

"If it weren't for your tongue, I would have told you to get lost from me long ago. The things you have broken aren't even enough for your compensation this month!"

"Now, clean this place up, You Damn Bitch!"

The girl hurriedly went to pick up the pieces of the plates. At this time, a customer ordered wine. The Boss finished his beer and turned around. He was hit by the girl again, and two glasses of beer fell to the ground.

This time, the middle-aged boss was completely furious. He grabbed the girl's hair and slapped her to the ground.

Even so, he still felt that it was not enough to vent his anger. He rushed up and gave her another round of punches and kicks.

When Yu Tian saw this, he did not have any intention of helping her. At least for now, he did not. It was best to wait until the girl had completely broken down.

The boss was forcefully pulled away by someone. He still roared angrily, "Get Out! Don't Let Me See You Again!"

With a bloody nose and swollen face, she struggled to get up and was about to grab her bag.

However, the middle-aged boss grabbed the bag in his hand and said arrogantly, "Everything is mine. This is the money you broke for the wine. Get Out!"

The young girl glared at him angrily. However, the pain in her body made it impossible for her to resist. She could only limp away.

Yu Tian smiled and stood up to follow her. In the bustling crowd, the young girl crossed her arms and walked slowly.

When she passed by a shop window, she looked at the black dress for a long time.

When it was about time, Yu Tian came close and knocked on the window. He smiled and said, "If you like it, I can give it to you!"

The girl was wary, fearful, and hateful of Yu Tian. She said angrily, [a€?I told you, I don't know Nick Don't Pester Me Anymore!

a€?If you don't know him, then so be it. Do you have to break down like Tian said disdainfully, a€?I just think that you a€?I look good in this dress. Just treat it as a gift from me. There's no other request. It's just a gift!a€?

The young girl was still a young girl after all. Under the temptation of the benefits, she still wavered. She even asked in particular, a€?Are there really no other requests?a€?

Needless to say, Yu Tian brought her into the shopping mall and spent 1,700 yuan to buy that dress.

He even brought her around the entire shopping mall. From head to toe, from inside to outside, he spent over 100,000 yuan on her.

Michelle's initial vigilance gradually turned into a smile, which eventually turned into various kinds of surprise. She even held onto Yu Tian's arm, treating him as if he was her lover.

Yu Tian even booked an extremely luxurious room..

?Chapter 350 – Chapter 350, Outrageous Attack

Thank you readers!

Michelle was completely lost in a dream. She felt that her day was more wonderful than 20 years combined.

During the candlelit dinner, Michelle was completely lost.

So when Yu Tian asked about Nick again, Michelle completely let down her guard and slowly said, a€?He's just a good friend of mine. He always goes to Bill's bar and orders the cheapest meal,

a€?But every time he brings me cigarettes or something. He told me that someone has been hunting him recently, so I can't tell anyone about him. But I know you're not a bad person!a€?

a€?If you were a bad person, you would never ask me this in such a way!a€?

She was smart.

Yu Tian took a sip of wine and asked, a€?Then where can I find Nick? This person is very important to me, so I won't make things difficult for him!a€?

Michelle Thought for a moment and wrote down an address.

“This is the parkour union that he goes to every day. He is a teacher there and teaches others how to parkour. You will definitely meet him here!”

Yu Tian thought for a moment and still felt that it was better to bring Michelle. After all, Nick still did not know his identity.

At the same time, in a quiet manor villa in Mai City.

More than a dozen men in black gathered around the conference table and quickly typed on the computer to record the orders of their team leader, Max.

With his hands behind his back, Max stood in front of the window and looked at the manor with a deep gaze. He was still struggling with a question in his mind.

Why would I, who was almost 50 years old, still inexplicably pursue and kill some strange people with special abilities?

But every time, he could not find a reasonable explanation, so he slowly turned around and said indifferently, “We still have no news of Monica, and according to the information we have, Dr. Kellogg.., is about to develop a third-generation instrument, and the task of stopping him falls on us. I don't want to burn my brain cells here to find Kellogg during my vacation,

“So, I demand that you find Dr. Kellogg immediately and destroy all the brain development equipment in the world. Then, we can enjoy our vacation to our heart's content!”

Everyone was very excited, except for a man with a face full of holes and black gloves. His eyes were cold, and he said with malice, “Only Monica knows where to find Kellogg,

“But she slipped away right under the noses of US bastards. Compared to finding Dr. Kellogg, finding Monica is easier. I got information that Monica's boyfriend is called Nick.”

“He is a skill developer who has developed 25% of his brain. His skills are like a flea, and he can jump high at any time. He teaches others to jump like a flea in a club that specializes in parkour.”

“If we want to find Monica, we have to find Nick first. This is our only choice

Mike nodded coldly and said gloomily, “Joseph, he's yours. This time, I absolutely don't want to see Nick slip away from under my nose. If necessary, we can use firearms,

“Even if there are innocent casualties, we don’t need to care. Compared to these developers, those who obstruct us are even more hateful. So, we have the authority to kill. Just do it!”

After the others left the meeting room, Mike said to Joseph, “Chu Hui is still in the eastern country. Our deal with the Chu family seems to be effective, but according to my information..,

“There is an extremely powerful expert by Chu Hui's side. His name is Yu Tian.

You must keep an eye on this person at all times. Don't let him ruin our plan!”

Joseph nodded his head very seriously. The person that Mike had specially mentioned could not be underestimated.

At this moment, Yu Tian came to the parkour club under the lead of Michelle.

Yu Tian did not want to see them jumping up and down. He turned to Michelle and said, “If Nick is here, ask him to come and see me!”

Michelle nodded and pushed the door open and walked into the club.

At this moment, Nick was talking about the essentials of parkour to a few teenagers. When he saw Michelle who still had bruises on her face, he frowned slightly and asked in puzzlement, “Who did this?”

Michelle shook her head and said, “It's bill, but I'm not doing it anymore. I want to tell you about someone. You must want to see him!”

The two of them whispered in the corner. Nick asked cautiously, “Does he really know Chu Hui?”

“Yes, he asked me to tell you because he doesn't want you to misunderstand him. Now he's waiting outside. I think you should go and see him!” Michelle felt that Yu Tian was trustworthy.

Nick thought for a moment and nodded. “Okay!”

After the discussion, Nick followed behind Michelle and walked out of the club.

However, they didn't see Yu Tian.

Nick suddenly turned around and saw Joseph walking towards him. This guy looked at Nick gloomily and said coldly, “Nick, I think we should have a drink!”

As he spoke, Joseph casually took out the Brainwave Jammer.

At this time, a few men in black also took out the Brainwave Jammer and surrounded them from different directions.

Nick turned to Michelle, who was pale, and said angrily and hatefully , “Michelle, You Betrayed Me!”

Before Michelle could explain, Nick pushed her to the ground and jumped on the street lamp. Then, he jumped across the street and ran away.

Joseph was not surprised by his lightning-fast speed. Instead, he leaned against the wall and lit a cigarette easily.

Thinking that he had gotten rid of them, Nick turned around to see if they had caught up with him. However, a strong man suddenly appeared and knocked him to the ground.

Before Nick could wake up from his dizziness, the strong man turned on the jammer.

Nick curled up in extreme pain. The special radio waves emitted by the jammer were like a blade cutting through the brain. It was extremely painful.

At this time, other men in black rushed up and dragged Nick away in front of everyone.

Joseph stepped on the cigarette butt with all his strength and was about to leave when he suddenly remembered what Nick had said to Michelle.

It seemed that someone was still looking for Nick. Michelle must know who this person was?

However, when he turned around to look for Michelle, Michelle had already disappeared without a trace.

Joseph’s lips curled into a ghostly smile as he said to the man in black behind him, “I want to see that girl called Michelle!”

The Man in black nodded expressionlessly.

At this moment, Michelle had been led to a nearby restaurant by Yu Tian.

Yu Tian had watched carefully how the people of PBG took down Nick.

No wonder the people of the developer Alliance were afraid of PBG. Those people were really good at pretending.

At this moment, Michelle calmed down a little and said angrily, “I thought you were a good person!
