?Chapter Thank you readers!

Chapter 51 It's A Game of Tricks

There was someone trapped in the fire? Yu Tian did not even think twice and wanted to rush into the sea of fire to save his colleagues. Chu Qing pulled him back. She definitely could not let him take the risk. If anything happened to him, the family would not be able to protect themselves.

She grabbed Yu Tian's arm tightly and said anxiously, a◆?You can't go. Don't forget your identity. There are so many firefighters here. The people trapped inside will definitely be rescued!a◆?

Yu Tian did not want to hear this at all. Even if he could not save others, he had to save Professor Yan. The old man was someone that he had gone through so much trouble to invite here. If he were to be burned to death, would he still have the face to meet the people from his alma mater?

As he spoke, an explosion occurred in the middle of the building. The flames rose more than ten meters away. The entire building could collapse at any time.

Dozens of high-pressure water pillars were attacking the flames, but they were still unable to suppress them.

He could not waste any more time. Yu Tian broke free from Chu Qing's hand and snatched an asbestos coat from a fireman's hand. He put it on his body and rushed into the fire.

The firemen who were fighting the fire were all shocked. The people trapped could not even come out even if they wanted to. How could someone still take the initiative to rush in? Chu Qing saw that she could not stop Yu Tian anymore, so she immediately made a call. Soon, the firefighter commander received the order to ensure Yu Tian's safety no matter what.

The commander immediately gave the order and shouted, a◆?All high-pressure water guns, follow that person and protect him for as long as you can. Order the firefighters who are still in the building to cooperate with him to save people!a◆?

Yu Tian acted quickly. He took the stairs and arrived at the tenth floor in a few leaps. Yu Tian knew that Professor Yan was working on this floor, and he usually worked overtime here.

He rushed into the office area, and everywhere he saw was flame. The middle of the floor had already collapsed, and the high-temperature asbestos coat was making a sizzling sound. Yu Tian did not care about anything else. He moved and kicked away the things that blocked him until he rushed into Professor Yan's office. However, he was still a step too late. Half of Professor Yan's body was burnt to a crisp and he was no longer breathing.

Yu Tian gritted his teeth and took off his asbestos coat to cover Professor Yan's body. Even if he could not save him, he had to protect Professor Yan's body.

At this moment, the building began to shake violently. It looked like it was about to collapse.

Yu Tian did not have time to mourn Professor Yan's death, and rushed to the thirteenth floor as fast as he could.

The fire here was even more fierce.

Yu Tian shouted, a◆?Is anyone there? Is there anyone else?a◆? As soon as he said that, amid the flames, a person whose body was burning appeared, screaming in pain.

Upon closer inspection, it was Old Han. Yu Tian wanted to go over to save him, but Old Han collapsed and did not move again. He wanted to rush over, but he was pulled back by the firefighters.

One of the firefighters shouted, a◆?We have to retreat immediately. This building is about to collapse. It's very dangerous. Come with us quickly!a◆?

Yu Tian did not waste any more time. He followed the firefighters and began to retreat downstairs. However, they had only retreated to the fifth floor when there was a loud crack on the stairs.

The concrete structure, which had been softened by the high temperature, could not withstand the gravity and broke completely. Even the firefighters, who had undergone professional training, were scared out of their wits.

Yu Tian, on the other hand, was very calm. The first thing he saw was the window not far away, which was still emitting thick smoke. He grabbed onto the firefighters with one hand and jumped out of the window.

Just as he was about to fall to the ground, Yu Tian used Falling Petals from the Yu family's cultivation technique and landed on the ground. Although the fall was a little painful, it was fortunate that he did not suffer any injuries.

The two firefighters were a little stunned. It felt like a dream. Before they could thank Yu Tian, the building behind them collapsed with a loud bang. Smoke and dust covered the sky and earth.

The firefighters grabbed Yu Tian and hugged each other as they fell to the ground.

By the time the surroundings quieted down, it was already more than ten minutes later. Amid the smoke and dust, the building that was more than ten stories tall had already turned into ruins.

Yu Tian returned to the safety zone. Chu Xin and Chu Rou had both come. Chu Qing did not say a word as she punched Yu Tian in the chest. Her heart ached as she cursed angrily, a💎?I told you not to show off, but you did not listen to me. Are you trying to anger me to death?a💎?

Knowing that she was concerned about him, Yu Tian was not angry. He quietly sat at the side and picked up a bottle of mineral water to drink.

Chu Xin sighed and said slowly, a💎?Yu Tian, why are you so impulsive? Do you know how special you are? Do you know how precious your life is?a💎?

Yu Tian said indifferently, a💎?My life is precious, but other people's lives aren't precious? Professor Yan, Old Han, and so many employees have died. How about their lives?a💎?

At this moment, the firefighter commander came to the front of the crowd, and said in a low voice, a💎?The fire wasn't due to natural causes. It was man-made. Moreover, before setting the fire, someone cut off the fire-fighting equipment and even placed a vibration device in the middle of the building. Otherwise, the building would not have collapsed!a💎?

Someone set the fire? Yu Tian gritted his teeth. The first two people that came to his mind were Lei Yi and Shao Mingzun. These were his two biggest enemies. Other than them, no one else had the courage to do so.

a💎?If you really did it, I'll make sure you're buried with the dead.a💎?

At the same time, on the roof of a high-rise building in the distance, Shao Mingzun excitedly threw the binoculars to Du Jiaran. He lit a cigarette and took a deep puff. Then, he said excitedly, a💎?I put some fireworks and it looked good. Yu Tian, oh Yu Tian, this is my gift to you. Let's take it slow. I have a big gift for you later!a💎?

Du Jiaran also smiled excitedly and said, a💎?Master, this is enough to give Yu Tian a headache. But will Yu Tian think that it was us who did it?a💎?

Shao Mingzun exhaled a mouthful of thick smoke and turned around with a limp. He said proudly, a◆?So what if he thinks about it? In terms of cultivation, I'm no match for him. He's just a kid. I don't even care about him.

a◆?When the news comes out tomorrow, we'll visit him and offer our condolences. Then, you can tell Old Black and the others to stir up Chu Qing's shopping mall for me!a◆?

Du Jiaran chuckled and said, a◆?Master, you're the best. I'm completely convinced!a◆?

Shao Mingzun threw the cigarette butt away and said gloomily, a◆?Remember, the game of Jianghu isn't about friendship. It's about who's ruthless. Yu Tian is ruthless but he's useless. I'm just playing with him now. When I'm done playing with him, I'll take his life!a◆?

As expected, he was the boss of the Black Gate. He was really ruthless. Du Jiaran cursed in his heart and left the building with Shao Mingzun.

The next morning, the news of the fire at Xinghe Technology was broadcasted on the television.

Yu Tian only took a few glances before he got up and was about to leave home. He had to go to Professor Yan, Old Han, and a few employees' homes to visit their families and offer condolences money to them. That way, he would feel better.

At this time, Lei Yi came with a few followers.

?Chapter Thank you readers!

## Chapter 52 A Woman Who Knows the Big Picture

Yu Tian was not surprised by Lei Yi's arrival. After all, his enemies all wanted to watch the show.

When they met, Lei Yi laughed shamelessly and said to Yu Tian, a◆?I thought I was the only one who wanted you to die. I didn't expect that there are still so many people in this world who want a piece of you!a◆?

Yu Tian did not want to listen to his nonsense and said indifferently, a◆?If you just want to talk nonsense, then I won't send you off!a◆?

Lei Yi did not have any intention of leaving. He said proudly, a◆?Don't be in such a hurry. The reason why I came to see you today was to see your pathetic look. Now that I've seen it, hahaha, I feel especially good.

a◆?Secondly, I also want to tell you that three days later, I'll set up an arena in my casino. If you have the guts, then come and visit the arena. Otherwise, obediently send Xiao Yun to my bed and see how I'll play with her!a◆?

Yu Tian's expression did not change as he said indifferently, a◆?Let's not wait for three days. I think we should do it now!a◆?

After saying that, Yu Tian suddenly stood up and his killing intent erupted. He was already in a bad mood and Lei Yi wanted to find trouble with him. Then, he would just take it out on them.

Lei Yi was already prepared. Before Yu Tian could even get close, he coldly snorted and asked, a◆?Don't you want to know who set the fire?a◆?

Yu Tian coldly said, a◆?You can either say it out, or you can just walk out!a◆?

a◆?If you win in the arena three days later, you'll know everything. If you don't, then kneel and kowtow to me and crawl between my legs. Do you dare to accept it or not?a◆? Lei Yi said hatefully.

Yu Tian thought for a moment. If he did not deal with this b\*stard, there would definitely be no end to it in the future. Why not see what kind of experts he could find? Then kill them all in one go.

Yu Tian chuckled and withdrew his killing intent. He said indifferently, a◆?Alright, I'll see you in the arena in three days. If you lose, then kneel and kowtow to me. Hand over the casino and get out of Linhai!a◆?

Lei Yi agreed readily and said confidently, a◆?It's a deal. Just enjoy your life for the next few days. You really only have three days left. I can't wait to see how you'll be beaten to death!a◆?

Yu Tian could not be bothered to bicker with him. He directly said, a◆?Scram!a◆?

Lei Yi had an expression of a◆?just you waita◆? and left with his men.

Shao Mingzun arrived right after they left. He greeted Yu Tian in a fake manner when they

met.

a◆?I only found out about Xinghe Technology's fire after I saw the news. Who was it that was so ruthless? It was simply not giving you face!a◆?

Yu Tian smiled faintly. In his heart, he had already cursed Shao Mingzun's ancestors for eighteen generations.

Shao Mingzun and Lei Yi were the most likely to set the fire. a◆?It was best that I don't find any evidence against you two for setting the fire. Otherwise, I'll make your lives a living hell.'

Seeing Yu Tian smile without saying a word, Shao Mingzun ordered Du Jiaran behind him, a◆?Immediately get someone to ask around and find out who did it. Yu Tian is Chu Qing's younger brother. In the end, we're all on the same side. We can't just sit idly by!a◆?

Yu Tian really wanted to slap him.

Shao Mingzun then said to Yu Tian with a sad face, a◆?Little Yu, I've been there before. Let me advise you a little. You have skills, but your temper is too impulsive. You can do whatever you want with me. I won't lower myself to your level because of Chu Qing.

a◆?But others aren't as magnanimous as me. The waters of the Jianghu are bottomless. You're floating on the water. Not only do you have to learn how to be a person, but you also have to know how to not provoke others. I'm saying this for your own good!a◆?

Yu Tian nodded. a◆?I'll definitely give this old fart a full score.'

Following that, he smiled indifferently and said, a◆?Don't give advice too early. Heaven knew who did it. No matter who did it, as long as I find out, I'll definitely make his life a living hell. Otherwise, I, Yu Tian, will spell my name upside down!a◆?

Shao Mingzun's eyelids twitched. He secretly gritted his teeth and said, a◆?Then you should be able to find the culprit. Forget it. I won't be long-winded with you here. Send my regards to Chu Qing. I'll be going back first!a◆?

a◆?I won't send you off!a◆? Yu Tian said coldly.

Du Jiaran secretly snorted. a◆?Who wants you to send me off? Just wait and see. One day, I'll make you kneel in front of me too.'

After Shao Mingzun left, Yu Tian snorted coldly and said, a◆?Old fart, just you wait!a◆?

With that, he got up and left the villa to visit Professor Yan's family.

At the same time, the power transformer of the high-end shopping mall under Chu Qing's name exploded. The entire large shopping mall became dark.

Then, the fire sprinkler suddenly started up, and it sprayed water crazily. Countless clothes and high-end goods were corroded by the water. They were all destroyed.

Chu Qing, who had retreated to the outside of the shopping mall, was so angry that her pretty eyes were wide open, and her hands were trembling. This must be another man-made disaster.

a◆?How dare you make this happen to me, Chu Qing? I think you guys are tired of living.'

She took out her phone angrily and dialed a number immediately. When the call was connected, Chu Qing growled, a◆?Chu Yue, someone is trying to harm me in Linhai!a◆?

Chu Yue replied coldly, a◆?Alright!a◆?

When Yu Tian arrived at the Yan family's house, the funeral was still in progress and many people had arrived.

Professor Yan's wife and daughter were kneeling beside the coffin in mourning clothes, returning their greetings to the mourners from time to time.

Both mother and daughter were educated women, especially Professor Yan's daughter. However, she had a unique temperament.

Yu Tian saw that she was about the same age as him. He stood in front of the coffin with a solemn and sorrowful expression and kowtowed four times. The mother and daughter also bowed four times.

Yan Longwen had never seen Yu Tian before. After she got up, she asked gratefully, a◆?May I know who you are?a◆?

Yu Tian replied calmly, a◆?I'm the president of Xinghe Technology, Yu Tian!a◆?

As soon as he finished his sentence, the relatives of the Yan family in the mourning hall were furious. They surrounded Yu Tian in an instant.

a◆?You still have the face to come here? How can you be the president of the company?a◆?

a◆?You clearly know that your lousy company has a fire hazard, yet you still don't care. Professor Yan died so tragically. You should be buried with him!a◆?

“What should we do in the future if we let them be alone and widowed? If you don't give us an explanation today, don't even think about leaving!”

The crowd was furious. A few middle-aged men wanted to make a move on Yu Tian. At this moment, Yan Longwen stopped them.

“Everyone, stop arguing. It wasn't him who set the fire. I know my father will not blame others for what had happened. This is a mourning hall. Can you please be quiet? Don't disturb my father's sleep!”

Yu Tian's heart felt warm. As expected of Professor Yan's daughter. She knew the big picture and knew what was right and wrong. It was rare for her to speak up for him.

However, Yan Longwen's second uncle was not going to let it go, so he shouted angrily, “The one who died is your father. She even spoke up for outsiders. Don't get involved. He wants to go off after kowtow a few times. It definitely won't work. Everyone in this mourning hall is surnamed Yan. You have no right to speak!”

Chapter Thank you readers!

### Chapter 53 Moral Decay

Most of the people agreed with second uncle Yan's words.

Yan Longwen's mother dragged Yan Longwen to the coffin helplessly and said, “Longwen, don't get involved. Stop talking!”

Yan Longwen looked at the crowd angrily. She said sadly, “When my father was alive, he helped every single one of them. Now that my father is dead, what else do they want?”

Yu Tian heard it very clearly. It turned out that second uncle Yan wanted to make up for it. However, it was hard to say if the compensation would fall into the hands of Yan Longwen and her daughter.

Second uncle Yan said to Yu Tian arrogantly, “I'm not going to waste my time with you. My brother died in your company, so we can't just let it go. Although you didn't set the fire, it definitely has something to do with your management. Either you pay up, or we'll talk about it now!”

Everyone started shouting as well.

“You're right. No matter how the fire started, if someone dies at your place, you have to pay for it!”

a◆?If you don't pay for it, don't even think about leaving today!a◆?

a◆?Don't think that we're afraid of you just because you're a president of a company. Even if god comes today, we're not afraid!a◆?

Before Yu Tian could speak, Yan Longwen could not hold it in anymore. She stood up and cried, a◆?He wasn't the one who killed my father. It was you guys. If you didn't insist on my father helping you eat, live, marry, and buy a house, would my father work so hard?

a◆?Every day, my father works late, wanting to earn more money to support you guys. If that wasn't the case, how could my father still be working overtime in the company when the fire broke out? Do you have the nerve to ask him for compensation?a◆?

Second uncle Yan was furious and shouted, a◆?You stupid girl, shut up! I'm trying to help you but you're cooperating with an outsider to gang up on me. Are you really my brother's biological daughter? Stop talking now, or get the hell out!a◆?

Yan Longwen wanted to continue, but her mother stopped her and begged, a◆?Longwen, stop talking. Let them be.

a◆?When your father was still alive, they had treated him as a tool to make money. Even if he died, they still wanted to make money from him.a◆?

Yu Tian could not stand it anymore.

However, second uncle Yan snorted coldly and said, a◆?Cui Fen, when my brother was still alive, he promised me to buy a house for my son to get married. Now that he's dead, how can my son get married?

a◆?If you don't want me to ask him for compensation, then you can sell your house and give my son the money to get married. Or you can move out so we can move in!a◆?

The others did not want to do that and started shouting a◆?Why? We're both raised by Longwen's father. Now that he's dead, we still have to live. Don't think about taking the money all by yourself!a◆?

a◆?Everyone has to get a share of the money. No one can get an extra cent than the other. Otherwise, we'll fight it out, dead or alive!a◆?

a◆?What do you mean by everyone gets a share? When my uncle was alive, he always said that he'd sponsor me to go to university. What about my tuition fees?a◆?

Yu Tian was so angry that he laughed. What kind of people were these? How could they still be human when their morals had eroded to such a state? He did want to compensate them so they could forget about getting any of the money.

Thinking of this, Yu Tian shouted, a❖?All of you, be quiet!a❖?

His imposing words immediately shocked everyone. They all took a few steps back and looked at Yu Tian with anger.

Yu Tian glanced at them with disgust, and said indifferently, a❖?Professor Yan is lying there. Do you have any shame? I'll make things difficult for whoever wants to bully the two of them!a❖?

Second uncle Yan, who had recovered from his shock, said indignantly, a❖?What are you pretending for? I think you're looking for a beating. Just tell us if you're compensating us or not. If you're not, we won't let you go!a❖?

Yu Tian was the most annoyed with him. Without saying a word, he jumped up and raised his hand to slap his big mouth.

Second uncle Yan covered his face in shock and anger. Then, he shouted, a❖?You dare to hit me? You've killed my brother, and you dare to hit me? I'll fight with youa❖|a❖?

Before he could finish his words, Yu Tian grabbed second uncle Yan's neck and threw him out of the mourning hall under everyone's shocked gazes.

Before everyone could recover from their shock, Yu Tian glared at the person who asked for the tuition fees. That good-for-nothing was so scared that he hurriedly pleaded, a❖?Don't! I'm a university student. I've received higher education. I don't fight!a❖?

Yu Tian said coldly, a❖?Get lost by yourself. Or do you want me to do it?a❖?

That good-for-nothing looked left and right. He was scared. He quickly got to the entrance of the mourning hall and shouted, a❖?Ah! I'm going off now!a❖?

Then, he ran away. The others saw that Yu Tian did not even blink when he hit them. They better not ask for trouble. They all left the mourning hall.

Yan Longwen came closer and said gratefully, a❖?Thank you for helping me teach them a lesson. My father's soul in heaven will also thank you!a❖?

Yu Tian took out a bank card and said, a◆?Don't say that. Professor Yan has helped me a lot. Here's Professor Yan's salary for this month and the compensation from the company. Please take it!a◆?

Yan Longwen said that she did not want anything, so she said anxiously, a◆?I can't take this money. My father told me that the project he helped you with is a good project that benefits the country and the people. I'm also a graduate of the Academy of Sciences. I can help my father finish the work he hasn't finished!a◆?

Yu Tian said without hesitation, a◆?Sure, I'll officially hire you now as the Chief Engineer of Xinghe Technology. You'll be in charge of the Internet code project. However, you have to take this card. My suggestion is that you sell this place. The company will provide you with a place to stay and it will be yours to keep!a◆?

Since that was the case, Yan Longwen did not refuse. She only did this because she saw that Yu Tian was a good person. She believed that Yu Tian would not let her down.

Looking at the time, Yu Tian still had to go to the other victims' houses to console them, so he got up and left.

Yan Longwen saw Yu Tian off before adding each other on WeChat.

After Yu Tian left, Yan Longwen was also curious, so she went to the nearby ATM, inserted the card, and entered the password at the back of the card.

The numbers in the screen appeared, and Yan Longwen was stunned. It was a total of 20 million.

That was an amount of money that an ordinary person could never dream of in their entire life. Right in front of her eyes, Yan Longwen pinched herself to confirm that it was real. She took out the card and carefully put it into her pocket.

After a whole day of traveling, Yu Tian finally paid his respects to every employee who had passed away. He spent a total of two hundred million yuan.

When he returned to the villa, he saw an extremely beautiful girl in the house.

?Chapter Thank you readers!

Chapter 54 Buying This Building

Chu Qing crossed her arms in anger and did not say a word.

Chu Xin said to Yu Tian, a◆?Brother, let me introduce her to you. Her name is Chu Yue. She came from the southern capital to help us this time!a◆?

Chu Yue was a cold and arrogant person. After the introduction, she said coldly, a❖?Hello!a❖?

Yu Tian said indifferently, a❖?Hello to you too. What happened here?a❖?

Chu Xin sighed and said, a❖?Today, Chu Qing's shopping mall was destroyed by someone and lost tens of millions. The family is very angry, so we asked Chu Yue to help us find out who did it!a❖?

This was interesting. What exactly did Chu Yue do? Yu Tian was a little puzzled.

Chu Yue was as cold as ice. She did not say much. The coldness in her eyes made people feel uncomfortable.

To be called here by Chu Qing, she must have an extraordinary status. It was better for him not to ask too much. They could tell him when they wanted to. Anyway, Yu Tian knew that Chu Yue was also one of his 108 sisters. The most important thing now was to find out who was behind this.

At this time, Chu Qing opened her mouth and said angrily, a❖?Little Brother, this has nothing to do with you. You should go and rest. You have to reopen Xinghe Technology as soon as possible. Money isn't a problem. The funds of Xinghe Technology are all yours. You can use them as you wish. If it's not enough, I can give you more!a❖?

Yu Tian smiled and said in a low voice, a❖?If you still call me Little Brother, don't hide it from me. Let's shoulder it together so we can accumulate more power!a❖?

His words were very touching. Chu Xin also said gently, a❖?Little Brother is right. The 108 sisters and Yu Tian are bound together. We can never be separated in this lifetime. Now is the time that you need us. Let's do it together!a❖?

a❖?Now isn't the time!a❖?

Chu Qing said awkwardly, a❖?He's not strong enough. He can't help me yet. When he has enough strength and can take charge of things alone, I'll naturally rope him in!a❖?

en

Since that was the case, Yu Tian did not force her. He also had his fair share of hatred directed at him. No matter what, the strength of the 108 sisters of the Chu family was much stronger than him. If they could not solve the problem, he probably did not have the ability to do so.

Yu Tian laughed and got up to go back to his room to chat with his sister.

Chu Qing then asked Chu Yue, a◆?What did you find out?a◆?

Chu Yue was like a statue that suddenly moved. She said coldly, a◆?Unprofessional. It's not our enemy. There's someone else!a◆?

With that said, everyone finally felt a little more relaxed.

Chu Xin followed up and asked, a◆?You're only here for a few more days. Is there any problem with your work?a◆?

a◆?I've just returned from a mission overseas. I can stay for a week during my vacation. After that, I'll have to report back to the team and follow them to Turkey to kill the traitor intelligence boss!a◆? Chu Yue said.

Chu Qing nodded and said with relief, a◆?I still have to thank you for coming to help me. The mission given to me by the family this time is very difficult. The timeline is also very tight. I can only rely on you!a◆?

After a moment of silence, Chu Yue said coldly, a◆?Do your best. I'm not confident either!a◆?

The room fell into dead silence again.

The next morning, Yu Tian left early.

Xinghe Technology building had been burned down. It would not be able to be rebuilt in a few months. The most important thing now was to find a new office location.

He drove the Continental GT around Linhai for a long time and finally found a place that he was satisfied with. The building in front of him was 27 stories tall, even taller than Xinghe Technology building. It looked like it had just been built not long ago.

What Yu Tian was most satisfied with was that this building was a fully integrated office building. The amenities were complete, and one could start work immediately.

The surrounding area was also a new business center in Linhai. Shopping was especially convenient.

The only problem was that the top floors of the building had been leased out a long ago, so he could not have that.

Yu Tian still went to the building management department. The building's owners were all there, and they were in a meeting to study how to install better fire protection facilities for the building.

The secretary walked into the meeting room and said to the owners in disbelief, a◆?Bosses, there's a man outside. His name is Yu Tian, the president of Xinghe Technology!a◆?

The bosses glared at each other and began to discuss. The bald, middle-aged man in a black suit said disdainfully, a◆?Two days ago, his building was burned to the ground. Today, he came to our place. What does he want?a◆?

The boss tugged at the sleeve of his flowery shirt and said arrogantly, a◆?Maybe he wants to use our office. Not to mention that we don't have any space now. Even if there's vacant space, we won't let him use them. What if our building catches fire?a◆?

Another man complained even more, a◆?It was because of his Xinghe building that all the office buildings in the city need to be fireproofed. He still has the nerve to come to our office? Secretary, just send him away!a◆?

The secretary received the order and walked out of the meeting room. He looked at Yu Tian who was waiting and said arrogantly, a◆?Don't wait. Our boss doesn't want to see you. Don't come again in the future. Our building doesn't have any vacant space for you to use. You should find another office building that isn't afraid of a fire!a◆?

However, Yu Tian chuckled. The people here are quite arrogant. a◆?I haven't even met them and they already want to scold me. If that's the case, I still want to meet them. I don't believe that they can lay a finger on me.' Ignoring the secretary's obstruction, Yu Tian directly kicked open the door of the conference room and walked in in a domineering manner. The three bosses were all furious and looked at him with disgust. The bald boss scolded, a◆?Who let you in? Get out!a◆?

Yu Tian smiled indifferently and said, a◆?I'll be the one to say this later. How about we talk about some business now? It'll definitely be good for you!a◆?

The black-faced boss narrowed his eyes and asked warily, a◆?What business do you want to talk about? Let's hear it.a◆?

However, the ruffian boss opposite him was furious. He slammed the table and shouted, a◆?What kind of business can he have? Is he here to buy our building? His own building has been burnt down just like that. Do you think he still has the ability to talk business with us?a◆?

The few of them nodded and felt that the ruffian was right.

Yu Tian also laughed and said calmly, a◆?You're right. I'm indeed here to buy this building. Name your price.a◆?

The three bosses laughed even more exaggeratedly, especially the ruffian. He laughed so hard that he looked like he was about to burst into tears. He said disdainfully, a◆?Have you been provoked? Do you need me to call the mental hospital for you and ask them to send someone to pick you up?a◆?

The other two followed suit.

a◆?If you want to buy our building, you might as well run outside and tell people that you're a god. Let everyone burn a building for you!a◆?

a◆?Whatever you want, I can burn it for you!a◆?

Yu Tian had lost his patience. He turned around and punched the wall behind him. With a dull thud, the entire conference room trembled.

The three of them were dumbfounded and shocked.

?Chapter Thank you readers!

## Chapter 55 Family Mission

The three bosses were dumbfounded on the spot. Was that his hand? Or was he really crazy? He actually started to hurt himself.

However, just as Yu Tian turned around, half of the 20-centimeter-thick wall collapsed with a crash.

The moment the dust rose, a series of screams could be heard. Those who did not know better would have thought that it was an earthquake.

The three bosses were so frightened that they broke out in cold sweat and were terrified. However, Yu Tian smiled indifferently and said, a◆?I can continue to smash it like this until you agree to sell the building to me!a◆?

The few of them looked at each other. They could tell that Yu Tian was ruthless. With their situation, they could not afford to provoke him, let alone the Chu family behind him.

Therefore, the bald man said without hesitation, a◆?We'll sell it!a◆?

They were just being shameless. Yu Tian snorted coldly and said, a◆?How much do you plan to sell it for? Tell me how much you want!a◆?

The ruffian wiped the cold sweat off his forehead and carefully said, a◆?When we bought it from the developer, we spent 270 million. Anyway, it's up to you to give us the price!a◆?

He should not say more or say less. If he said something wrong and he was smashing the wall, he would not be able to take it. What was there to be polite about?

Yu Tian said disdainfully, a◆?I'll give you 270 million. Let's do the deal now!a◆?

The few of them were very happy. They had already spent 130 million and now they had earned more than 100 million. Why should not they sell it?

Yu Tian directly transferred the money via the phone. It was as happy as buying cabbage in the market. Then, he signed the document. From now on, this building was Yu Tian's.

1 nov

He threw the document on the conference table and turned around to say to the few people, a◆?What are you still doing here? Get

out!a◆?

a◆?Okay, President Yu. Let's get our things and get out now!a◆? the bald man said politely.

At this time, the female secretary also walked into the conference room and said politely, a◆?President Yu, I didn't recognize you before. I looked down on people. Please don't be angry with me. I'll take you to see the office!a◆?

He was most annoyed by people who flattered him. Yu Tian directly said coldly, a◆?Get lost too. Also, tell all the managers of this building to get lost!a◆?

The secretary sighed helplessly. What else could she say? She could only leave dejectedly.

Yu Tian immediately called Xu Guodong and asked him to bring Xinghe Technology's employees over immediately. He wanted to chase away all the business owners in this building first.

He even ordered Xu Guodong, a◆?Send out an advertisement immediately. As long as they're talented, I want them all!a◆?

a◆?Chu Qing said that my strength wasn't good enough and that I wasn't strong enough. Then I'll grow Xinghe into the top company in the country, or even the largest technology company in the world. When that time comes, I'll see who still says that my strength isn't good enough?'

At this moment, his phone rang. It was Chu Xin calling.

After the call was connected, she said anxiously, a◆?Little Brother, it's bad. Hurry home!a◆?

a◆?What happened?a◆? Yu Tian also became anxious and asked hurriedly.

a◆?Don't ask. You'll know when you come back. Remember, don't be followed!a◆?  
After saying that, Chu Xin hung up the phone.

Followed? Yu Tian was puzzled. What was happening? There was actually someone following them?

It was useless to think about it. Yu Tian immediately rushed back to the villa. When he entered the door, he saw Chu Qing, Chu Xin, and Chu Rou bandaging the wound on Chu Yue's arm.

Yu Tian saw it very clearly. The wound was especially deep. On Chu Yue's fair skin, it was more than ten centimeters long.

Even with the medication, the blood still did not stop flowing.

Yu Tian rushed to Chu Yue and placed a palm on her shoulder. He forcefully used his internal energy to suppress her blood flow and finally stopped the bleeding.

Chu Yue's face was deathly pale. Even her lips had lost their color. Layers of white gauze were wrapped around her wound. Only then did Chu Yue fall asleep from exhaustion.

Yu Tian was very puzzled and asked, a◆?Why didn't she go to the hospital when she was injured? How did she get injured?a◆?

Chu Qing wiped the blood off her hands and said with heartache, a◆?She was injured to save me. Moreover, her identity is very special. She definitely can't go to the hospital!a◆?

Was her identity more important or her life more important? He could not understand what these women were thinking.

Chu Qing went to the liquor cabinet and poured herself a glass of wine to calm herself down. Moreover, at this time, she did not want to hide it from Yu Tian.

After calling him to her side, Chu Qing said slowly, a◆?You must want to know the whole story. Don't worry, I'll tell you right now!a◆?

She drank the wine in her glass in one gulp and said, a◆?The family gave me a mission. They want me to take down the smuggling business in Linhai within half a month and open a passage to the sea for our family.

a◆?But these businesses are extremely complicated. Not only do you know Ren Jianzhong, but also Black Gate and a few other big shots behind the scenes.

a◆?Today, I brought Chu Yue to meet one of them. His name is Zong Ming. Initially, I could still talk to him, but he has a woman by his side!a◆?

At this point, Chu Xin added, a◆?You know this woman too. Do you still remember Ye Yongxi?a◆?

a◆?Why? Did she hook up with Zong Ming that you guys talked about?a◆? Yu Tian was a little surprised.

Last time, they did not find this Ye Yongxi when they were fighting Fa. It seemed that this woman was stirring up trouble again this time.

Chu Qing said angrily, a◆?Not only did she reject my acquisition request to my face, she even called out an expert to take my life. Fortunately, it was Chu Yue who risked her life to save me that allowed us to come back safely!a◆?

Yu Tian snorted and said, a◆?This old woman is really asking for a beating. She actually dared to touch my people!a◆?

Chu Qing looked at the unconscious Chu Yue and sighed. a◆?Chu Yue was trained by the special forces, but in front of that expert, she couldn't even last a few moves. It seems that the mission of the family this time is impossible to complete!a◆?

As she spoke, Chu Qing was very sad and drank two more glasses of strong wine. Her face even turned red.

However, Yu Tian snatched the wine glass and said disdainfully, a◆?What are you afraid of? I'm here!a◆?

Chu Xin smiled bitterly and said, a◆?I know that you want to protect us, but sister Qing is right. Your strength isn't enough. We absolutely can not let you take any risks. Otherwise, how are we going to tell the family?a◆?

Chu Qing also said with a troubled expression, a◆?I'm telling you this because I don't want you to act recklessly. I don't want you to help me, and you can't help me either. Those big shots behind the scenes are especially powerful. You're not their match, so do what you have to do. Even if I'm not in this city anymore, there are still the other Chu sisters protecting

you!a◆?

Yu Tian just smiled indifferently and did not say anything else. However, this did not mean that he would not do anything. Chu Qing had done him a favor, and now was the time when she needed help. Could he just watch and do nothing?

Chu Yue also woke up from the pain at this time, and everyone immediately surrounded her. Then, she tightly held Yu Tian's hand.

?Chapter Thank you readers!

## Chapter 56 Warm-Hearted

Chu Yue held Yu Tian's hand and said weakly, a◆?The person who injured me is very good at cultivation. Don't try to get revenge for us. You're not his match yet!a◆?

She was still thinking about herself even though she was in such a state. Yu Tian felt a warmth in his heart and said indifferently, a◆?I'm not as weak as you think, but I won't be impulsive. You should rest!a◆?

Chu Yue added, a◆?Your identity is special. The family asked us to protect you, not to control you. If anything happens to you, we won't be able to shoulder this responsibility!a◆?

Yu Tian had heard these words a long time ago. He smiled and said, a◆?I'm the one who decides my life. If I don't even care about my own people to live, what kind of person am I? You don't have to worry. The person who can kill me hasn't even been born yet!a◆?

Chu Yue still wanted to say something, but her mind was dizzy and she fell into a deep sleep again. Yu Tian picked up her delicate body and gently placed it on the bed. He turned around and returned to his room.

He had to think carefully about what he should do next. It was already midnight. Yu Tian tossed and turned, unable to fall asleep. He simply changed his clothes, and drove to Zong Ming's villa.

His movements were as nimble as a cat leaping over the walls. In the blink of an eye, he had sneaked into the villa without a sound.

It was late at night, and there was still the sound of conversation in the villa. Yu Tian tiptoed to the study on the second floor. He leaned against the door and listened quietly.

A confident voice came from inside the room, Zheng Yin poked at him and said, a◆?Chu Yue's martial arts aren't martial arts. As soon as she made her move, I knew it was a method that had received training to kill. But in front of me, she's nothing. I'll let her live. If I want to kill her, I can do it at any time!a◆?

Another man laughed and said excitedly, a◆?The old man has personally appeared. Who can be your opponent? I, Zong Ming, have to thank you.

a◆?If it weren't for you holding down the fort today, my small business would've been snatched away by the Chu family. One day, I'll definitely play with Chu Qing!a◆?

At this moment, the door behind Yu Tian opened. Ye Yongxi, who was wearing a pair of black pajamas, was walking out of the room. When he saw Yu Tian, she screamed in shock.

Yu Tian reacted quickly. He kicked Ye Yongxi back into the room before leaving.

The door of the study was suddenly pierced through by a strong arm. It carried an extremely oppressive force as it directly smashed toward Yu Tian. However, Yu Tian did not want to fight head-on with him.

His body was as light as a piece of paper. He retreated to Ye Yongxi's room, turned around, broke through the window, and jumped out of the villa. After a few ups and downs, he disappeared without a trace.

In less than three seconds, when the old man came to the window, there was not even a person's shadow.

Zong Ming also followed him into the room and asked coldly, a◆?Is it Yu Tian?a◆?

The old man tightened the black eye patch on his left eye. With a single eye, he smiled coldly and said, a◆?His qinggong isn't bad. Interesting. If I had known earlier, I wouldn't have attacked him. I scared him!a◆?

At this moment, the two of them noticed that Ye Yongxi was lying on the ground. This woman was clutching her chest. She was so scared that she could not stop twitching. It was as if she was about to die.

The old man sneered like a one-eyed beast and said, a◆?This woman's yin energy is too heavy. It can help me with my cultivation. You should go back first. We can talk about it tomorrow!a◆? Zong Ming understood and smiled slightly. a◆?Then, I won't disturb your cultivation!a◆?

The door closed. The old man licked his lips as if he had lost control. He picked up Ye Yongxi and threw her on the bed.

At that moment, Yu Tian's Continental GT stopped under a tree by the road that was shimmering with bright lights. Yu Tian opened the window with a cold expression and bathed in the sea breeze to his heart's content.

The old man's internal energy was indeed strong. No wonder even Chu Qing, who was born in the special forces, was injured by him.

However, he could not take his life now, or else more people might appear. He had to know who he was and what his background was. It would not be too late for him to act then.

The most important thing now was to help Chu Qing complete the mission. a💎?She saved my sister's life. I owe her a debt of gratitude. I have to repay her for this.'

Thinking of this, Yu Tian fired up the engine. Amid the deafening roar, the Continental GT left.

Yu Tian slept until noon the next day. Before he woke up, he could smell the aroma of food. Following the aroma, he went to the kitchen and saw that it was Chu Yue who was cooking.

Although it was inconvenient for him to use her arms, it was still more than enough for her to use the pots and pans with one hand.

Yu Tian picked up a piece of braised pork. It was very tasty. As he ate, he praised, a💎?You're injured, but you can still cook. And you can cook so well. Amazing!a💎?

Chu Yue did not even look at him. She said coldly, a💎?This injury is nothing to me. Let's eat. I'll bring you to meet someone later!a💎?

Yu Tian did not say anything else. He picked up the bowl and chopsticks and was about to start eating

However, Chu Yue suddenly stopped him. a💎?Wait, take a photo and post it on WeChat!a💎? Not only did she take photos of the dishes, but she also took photos of Yu Tian. Then, she posted them in the 108 sisters' group, along with some words.

Those b\*tches in the group immediately exploded.

a💎?Chu Yue, you're cheating. You didn't even tell us you were going to Linhai!a💎?

a💎?If you went, you would cook for my brother. Next, you would wash his clothes and even make my brother's bed!a💎?

a💎?Chu Yue, that fresh meat belongs to me. If you fight with me, I'll send him pictures of you when you were young!a💎?

Yu Tian could naturally see it too. It turned out that Chu Yue was using him to show off to these b\*tches. a💎?Who cares? Let's eat first.'

Moreover, Chu Yue was warm-hearted. Seeing the little pride in her eyes, Yu Tian did not know whether to laugh or cry.

After eating, the two of them arrived at the slums. Yu Tian was quite familiar with this place. Xiao Yun had lived here before. He just did not know why Chu Yue brought him here.

When they passed by Xiao Yun's house, Yu Tian saw Xiao Aichu. Like a beggar, Xiao Aichu was sitting crazily in front of his broken house, cursing at the people passing by.

This kind of people deserved it. Yu Tian could not be bothered with him. He sped up a little and passed by quickly. After a few turns, they arrived near a waste collection station.

Chu Yue turned on the air conditioner first to cool herself down. Then, she said coldly, a💎?The people who burned down the Xinghe building are here!a💎?

Yu Tian frowned. He unbuckled his seat belt and was about to go over. She held his arm and said softly, a💎?They are a group of desperadoes. They might have weapons. I'll go with you!a💎?

Yu Tian smiled indifferently and said, a💎?You can stay here and cool down. I promise to leave them a breath of life!a💎?

So many people had died in the Xinghe building. If he did not take revenge, who would?

Yu Tian directly walked into the waste collection station. Among the piles of junk, there were five fierce-looking men drinking wine. Judging from their expressions and behaviors, they were not good people.

At this moment, one of the men looked up and saw Yu Tian. He put down his wine bowl and sneered.

?Chapter Thank you readers!

Chapter 57 I Enjoy It Very Much

The few of them raised their heads and looked at Yu Tian with an unfriendly gaze.

The bearded man with the strongest body snorted coldly and stared at Yu Tian with a vicious gaze. He said impatiently, a💎?Are you here to buy things, or to sell things? Or do you want to play with us, brothers?a💎? Yu Tian smiled as he walked closer and directly sat down. He said indifferently, a💎?Neither. I'm here to beat someone up!a💎?

The bearded man laughed disdainfully and threw the wine bowl on the ground. More than twenty tough men walked out with a whoosh. Each of them held a weapon and glared at Yu Tian.

The guy with a mole on his face, who was sitting beside Yu Tian, chuckled. a◆?You came here to beat us up. Are you blind or crazy?a◆?

The bearded man followed and shouted, a◆?I'm not talking nonsense with you. Kneel and kowtow to me immediately. If I'm satisfied, I'll make you scam like a dog. Otherwise, I'll chop off your arms and legs today!a◆?

Everyone shouted along with him.

a◆?My boss wants you to kneel. Didn't you fucking hear him?a◆?

a◆?How many lives do you have to lose if you dare to come to us to find trouble?a◆?

a◆?Hurry up and kneel, trash. Don't let us do

it!a◆?

The man with the mole laughed and said, a◆?Brother, let me tell you the truth. We're not people to be trifled with. Usually, we don't find trouble with others. It's already good enough if we don't beat them up. You better listen to me and kneel and kowtow. It won't do you any harm!a◆?

Yu Tian just smiled indifferently and said disdainfully, a◆?I originally thought that it'd be enough for me to beat you guys up. Now it seems that I have to take care of all of you. Then, I'll work harder!a◆?

As soon as he finished speaking, Yu Tian kicked the table and landed a punch on the face of the man with the mole.

The sound of bones breaking could be clearly heard. The man fainted on the spot.

Everyone swarmed forward. However, whoever got close to Yu Tian would fall. The entire waste collection station was filled with screams.

When the bearded man saw this, he was shocked and angry. a◆?Not good, this guy is very strong. I have to go get the firearms!a◆?

Taking advantage of the chaos, the bearded man jumped into the house. He panted heavily and pulled out a box from under the bed. He held a pistol in his hand.

He turned around and came to the courtyard. In less than half a minute, more than twenty people had fallen to the ground, howling in

pain.

Yu Tian turned around and looked at him with an indifferent expression. He chuckled and asked, a◆?Do you want to kneel yourself, or do you want me to do it?a◆?

The bearded man unscrupulously shouted in anger, a◆?You're quite arrogant. Let's see if you can surpass my bullets.a◆?

This guy directly raised his pistol and pointed it at Yu Tian.

a◆?He actually wants to play with guns with me?' Yu Tian coldly snorted and said with a faint smile, a◆?Although I can't beat your bullets, I can definitely surpass the speed of your bullets!a◆?

The bearded man was indignant and shouted in an extremely arrogant manner, a◆?I want to see how fast you can be todaya◆|a◆?

Before he could finish his sentence, a black shadow flashed in front of him. Yu Tian had already rushed in front of him and grabbed his hand. With a slight force, he heard a cracking sound. His hand broke.

a◆?Ah, my hand!a◆? The bearded man clutched his hand and shouted in a heart-wrenching manner. The gun was also snatched away by Yu Tian.

The whole process took less than two seconds.

Yu Tian had never touched a gun before. He had only imitated the scenes in the movie and aimed at the bearded man. He gently placed his finger on the trigger. Who knew that the body of the gun would be so sensitive? With a bang, the gun was fired.

The deafening sound of the gun made Yu Tian grin. This thing was really powerful. It shook his arm until it was numb.

However, the bearded man was so frightened that he broke down on the spot. With a thud, he knelt on the ground. He only wanted to scare him. He definitely did not have the guts to shoot.

However, this guy just opened fire. Fortunately, the bullets hit the ground. Otherwise, he would have died here.

Chu Yue, who was waiting outside the junk shop, heard the gunshots. She frowned and rushed into the junk shop as fast as she could. However, she saw Yu Tian blowing at the muzzle of his gun, just like the male lead in a movie.

Chu Yue let out a sigh of relief. When she saw the people lying on the ground, she was also shocked by Yu Tian's strength.

At this moment, Yu Tian asked the bearded man slowly, a◆?Do you think your bones are tough or your bullets are tougher?a◆?

The bearded man, who was in pain and shock, was so scared that his face was covered in a cold sweat. He begged in a trembling voice, a◆?It's all my fault for not recognizing an expert like you. What exactly do you want? I don't have anything else here, just a lot of junk. If you like it, feel free to take it!a◆?

Yu Tian snorted coldly and said, a◆?Screw your grandfather. I've beaten more than 20 people here and even fired a gun. Could it be that I'm here to steal your junk? I just want to know, did you burn down the Xinghe building?a◆?

The bearded man's expression tensed up, and his eyes also narrowed. How did he know? The fire at Xinghe Technology had cost the lives of more than a dozen people. If he said it out loud, then he would not be able to live.

He gritted his teeth and made up his mind. He said, a◆?I really don't know what you're talking about. I'm just a trash collector. I don't have the guts to set a fire!a◆?

Yu Tian did not believe him. He even had a gun, yet he still said he did not have the guts? This guy was clearly not going to be afraid until he saw death itself.

Yu Tian did not waste any more time. He grabbed the man's arm and forcefully pulled. There was a crisp crack. This time, his entire arm was crippled. The bearded man cried and rolled on the ground.

Yu Tian said disdainfully, a◆?It feels pretty good, right? I can continue. Anyway, I'm enjoying it very much. Do you want to spend the rest of your life lying in bed? I'm not going to waste time with you. Just be straightforward. Are you going to tell me or

not?a◆?

The bearded man felt that the only bit of courage in his body was completely crushed by Yu Tian's vicious methods.

Even if he did not return to Linhai for the rest of his life, it would still be better than being a vegetable for the rest of his life.

Thinking of this, the bearded man told him about how Du Jiaran instructed them to burn Xinghe Technology and destroy Chu Qing's shopping mall.

So, it was the Shao family again. Yu Tian was so angry that his teeth were clattering.

a◆?Shao Mingzun, you old fart. Last time, I spared your life. But now you repaid the kindness with resentment. This time, I will not spare your life. Otherwise, how can those people who were burned to death by you rest in peace?a◆?

These animals deserved to die. The more Yu Tian thought about it, the more ferocious his expression became. He was about to shoot the bearded man to death.

Chu Yue quickly stopped him and reminded him, a◆?If you kill them now, there will be witnesses anymore. It's also akin to helping the other party to silence them!a◆?

Yu Tian gritted his teeth. After he calmed down, he immediately called Ren Jianzhong and asked him to call someone to get rid of this trash first.

Ren Jianzhong said casually, a◆?What's wrong with that? I'm thinking about your bet with Lei Yi tonight. Now that everyone in the underworld knows about it, this bet has escalated. Do you have any idea how huge this

is?

?Chapter 58 – Anger

Thank you readers!

Not to mention this, Yu Tian was so busy that he forgot about it. He still had to go fight with Lei Yi tonight.

He asked casually, a€?Isn't it just a fight? Is there a need to make such a big commotion?a€?

Ren Jianzhong said in surprise, a€?This commotion is considered small. Do you know who's going to fight with you today? Lei Yi invited the world boxing champion from the capital. This guy has never lost before.a€?

a€?Lei Yi even placed a bet. My people told me that the money for tonight's match has already reached one billion. Even the foreign bets have invested their funds. I've even bet fifty million on you. You mustn't lose!a€?

Yu Tian said disdainfully, a€?You've only bet fifty million on me? Do you have so little confidence in me? How about this, you buy another one billion for me and let me earn some pocket money to spend!a€?

One billion? Pocket money? Ren Jianzhong was so shocked that he almost bit his own tongue. The total bet was one billion and he could take it out so casually. If he really won, Lei Yi would probably lose so much that he would jump off the building.

Ren Jianzhong steadied his mood and said, "There are quite a number of people from the underworld today. I'll introduce you to a few big shots at that time. It'll be good for you!"

"Forget it. I'm not in the mood. We'll talk about it tonight. Just keep an eye on these people!" Yu Tian was too lazy to comment further. He hung up the phone after saying this.

Chu Yue frowned slightly and asked coldly, "You're going to fight in the arena? Do Chu Qing and the others know?"

Yu Tian laughed and said indifferently, "I'm just going to play, not fight in the arena!"

There was no need to explain too much so that they would not have to worry. He would deal with Shao Mingzun first, then fight. So, he sent Chu Yue home.

It was better to play with the trash from the Shao family by himself. He would not be happy even if he had to fight with a timid woman.

At noon, Yu Tian came to the Shao family's villa and fought his way in. When Shao Mingzun saw Yu Tian, there were already more than fifty people lying in the courtyard.

The lightest injuries were all broken bones. The more severe ones had already collapsed. They were like ostriches with their heads stuck in the ground and crying.

Shao Mingzun snorted angrily and said gloomily, "Yu Tian, what are you trying to do?"

Yu Tian said coldly, "I want to ask you what you're trying to do. You found a group of trash collectors and burned down Xinghe Technology. You still want to ask me what I'm trying to do?"

Today, I'll take revenge for those people who were killed by you!"

Shao Mingzun's heart tightened. How did he know? Fortunately, he was already prepared.

He sneered, "You're slandering me! Why would I do that? Listen to me carefully. Although I, Shao Mingzun, am a black sheep, I won't do these dirty things. If you continue to slander me like this, then we'll go down together!"

Yu Tian immediately took out a video of the bearded man talking and showed it to him. Shao Mingzun hated these people to death. They were all a bunch of good-for-nothings.

After cursing secretly, Shao Mingzun sat down shakily and said, "Are you deaf or stupid? Didn't you hear this guy say that it was Du Jiaran who made them do it? What are you telling me?"

Yu Tian put away the phone and said disdainfully, "Du Jiaran is your dog. Without your orders, would he dare to do this? Cut the crap. Today, whether you did it or not, I'm going to cripple you!"

He knew that he would quibble, and since he was so calm, Du Jiaran must have disappeared too. Instead of talking nonsense with him, it was better to just deal with him directly. Even if it was for Chu Qing's mission, he could not let him go.

However, Shao Mingzun was not flustered. When he saw that Yu Tian was about to make a move, he did not even feel nervous at all.

Just as Yu Tian raised his fist, a "whoosh" sound of the wind rang in his ears.

"Hidden weapon?"

He suddenly turned around, and the light had already arrived in front of him. It was a small trick.

Yu Tian looked at the speed of the flying knife and the angle. He extended his two fingers and held it firmly in his hand.

Immediately after, a figure came whistling over and raised his palm.

Yu Tian glanced at the corner of his eyes. It was the one-eyed old man.

"I'll spare your dog life, but you're looking for death. Then, I'll fulfill your wish."

Yu Tian easily turned the throwing knife between his fingers and wanted to stab the old man's neck. His speed was faster than the old man's palm. In a flash, the old man jumped to the side with his teeth bared.

Yu Tian said arrogantly, "No way you're escaping from me!"

He threw the knife at the old man. The old man was shocked but his body turned to dodge the knife.

Yu Tian did not give him a chance to catch his breath. Since he had made a move, he would kill him. He grabbed the 100-kilogram sofa and smashed it down violently. The old man also wanted to see how strong Yu Tian was. He kicked the sofa away.

Yu Tian laughed to himself. "I've been waiting for this."

He instantly erupted his inner strength and smashed the sofa onto the old man's leg. The old man jumped several steps behind. His bones were aching and his muscles were numb. He almost fell into the courtyard.

Seeing this scene, Shao Mingzun was shocked. The old man was an expert. However, he could not even take two attacks from Yu Tian. 'It seems that I was wrong to place my hopes on him.'

The old man was even more furious. He wanted to pretend to be calm. However, his legs were burning with pain. He felt like they were already swollen. This kid was so young, yet he was so strong. The old man had underestimated his opponent.

Yu Tian staggered and rushed up again.

The old man waved his hands and dozens of throwing knives flew toward Yu Tian in all directions. Yu Tian dodged them and looked up again. The old man had already escaped.

If not for Shao Mingzun waiting for him to finish him off, he would have chased after that old man and killed him.

'I'll give you another chance, Don't let me see you again.'

Yu Tian turned around and looked at Shao Mingzun coldly. He said disdainfully, 'Old fart, who will help you this time?'

At this moment, Shao Mingzun felt that his aura was like a melting iceberg. It was all broken.

With a bitter face, he had no choice but to smile apologetically. 'Lil Tian, this is all a misunderstanding. The old man is my good friend. He also saw that you wanted to fight with me, so he helped me. Later, I'll definitely scold him on your behalf!'

'Do you f\*cking treat me like a three-year-old child? What kind of person is the old man? I can get rid of him better than you can.'

Yu Tian did not want to hear him say these things. He said disdainfully, 'Don't talk nonsense with me. What about my Xinghe building?'

Shao Mingzun already had a countermeasure so he immediately pleaded, 'Since it was my butler who made them do this, I'll hand the butler over to you. This way, it can also prove that I really didn't know. However, the butler disappeared yesterday. I'm sending people to look for him.'

Why don't you go back first? I'll definitely hand that fellow over to you!'

Yu Tian shook his head directly. "You want to send me off like that? That's impossible. Let me be clear with you. Since I'm here today, I have to take some things with me. It's either your life, Du Jiaran's, or your son, Shao Tian's. You can choose one!"

Shao Mingzun could not sit still anymore. He would not be swayed by force or persuasion. After thinking about it, Shao Mingzun gritted his teeth and said hatefully, "I know what you want. I can give it to you!"

?Chapter 59 – The Beauty Weeps

Thank you readers!

Shao Mingzun said calmly, "I know you want the resources in my hands, so I'll turn them over to you. From now on, my cargo port is yours!"

Yu Tian retracted his aura. How could this old fart sell such an important business to him so easily? If he was not trying to play tricks, he would not believe it even if he was beaten to death.

Even so, what could he do? If he wanted to play, Yu Tian could play with him anytime and anywhere.

Yu Tian smiled faintly and said, "Seeing that you're so filial, the surname of that port will be Yu from now on. Also, find Du Jiaran for me. I'll only give you two days. Someone has to pay for the lives of those souls who died in the Xinghe building!"

Shao Mingzun narrowed his eyes and looked coldly at Yu Tian's back as he left, but he laughed coldly.

"Do you think the old man is here to help me? Zong Ming has wanted to take all the smuggling business for himself for a long time. I'll give you the port and watch you fight!"

"When you and Zong Ming are both injured, I'll take back all the business and make a profit easily! I've said it before. Yu Tian, you're still too young. You were born to be played by others!"

Yu Tian entered the Continental GT and gave Chu Qing a call first. No matter what, this was something worth being happy about.

After Chu Qing heard it, she was both surprised and happy. She asked excitedly, "How did you do it? Tell me quickly!"

"It's a long story. I'll tell you when I get back at night. Get someone to take over the port now. It won't be long before I take over Zong Ming's port for you!" Yu Tian said confidently.

Chu Qing quickly calmed down. She felt that something was not right after thinking about it carefully.

She frowned and said slowly, "As far as I know, Zong Ming has always wanted to take over the smuggling business. He had a few conflicts with Shao Mingzun before. This time, Shao gave the port to you so readily. Zong Ming will definitely point the finger at you. Shao Mingzun did this because he wanted to borrow your hands to kill the other party!"

Yu Tian said disdainfully, "I've long guessed that this old fool will play tricks with me, but it's nothing. Anyway, I have to do something about Zong Ming, I'll use this opportunity to turn them upside down!"

Chu Qing said worriedly, "No matter what, you have to be careful. If there's any problem, you have to stop immediately!"

Yu Tian did not say anything else. From the moment he knew his special identity, he could not turn back for the rest of his life. How could he stop? Not only could he not stop, but he had to let go.

In the blink of an eye, it was six o'clock in the evening. There were still two hours before the fight.

Yu Tian came to Xianggu House. When he passed by the umbrella shop, he found Qing Xiaowan packing her things sadly.

When Qing Xiaowan saw Yu Tian, she cried as she spoke bitterly, "I have to close the umbrella shop. My father lost it to Shao Tian. Either I give this place to him, or I marry him!"

Needless to say, Yu Tian knew Qing Xiaowan's choice. He did not know how to comfort her. He was still at a loss when it came to coaxing girls.

While Qing Xiaowan was wiping her tears, her bruised arms were revealed.

Yu Tian frowned and asked, "Who hit you? Was it Shao Tian?"

She nodded and tears flowed down again. That pitiful look made Yu Tian's heart ache.

Qing Xiaowan said in a low voice, "He did it. That day when I left the cocktail party, he caught up with me and wanted to take me to the hotel. If I resisted, he'd hit me!"

"That b\*stard!" Yu Tian cursed. He hated men who hit women the most in his life.

He also comforted her, "Don't be sad, If he hit you, I'll help you beat him and return it to him tenfold!"

Qing Xiaowan knew Yu Tian's identity. He was not someone she could reach. Moreover, he had already helped her so much. How could she still have the nerve to trouble him?

She forced out a smile and twirled her two ponytails playfully, and said, 'It doesn't matter. Anyway, the business of this umbrella shop isn't good. If he wants it, just give it to him. I can still go to work. Thank you, Yu Tian. I'm going to pack my things. Let's talk another day!'

Yu Tian also felt that today was not the time to talk further. He smiled faintly and said, 'If you have anything you need, feel free to come and look for me!'

Qing Xiaowan nodded happily. When Yu Tian's back disappeared into the warmth of the setting sun, Qing Xiaowan felt that her surroundings were still as cold as before, and tears poured out of her eyes.

When Yu Tian came to the casino, he was shocked when he saw the scene. It was still unknown how many people were inside, but there were at least hundreds of people standing outside.

Ren Jianzhong, who had come to the casino long ago, fought for a while in the ring before he came to Yu Tian with a head full of sweat.

He said impatiently, 'Why are these idlers participating? The arena is already prepared. I'll bring you there later!'

Yu Tian smiled indifferently and asked in a low voice, 'Are they all here to watch me fight in the arena?'

Ren Jianzhong wiped his sweat and said with a frown, 'This is just the tip of the iceberg. Today's match will be watched by people all over the world. It's said that Lei Yi's online broadcast rights alone are close to 100 million!'

Yu Tian snorted disdainfully. 'In the end, wasn't it all for the money? Only if you could earn it would it be yours.'

At this moment, there was a commotion in the crowd. A black phantom supercar worth ten million drove into the space in front of the casino.

At the opening of the door, a man who was nearly two meters tall, had extremely strong muscles, dark skin, and a head as big as a bucket appeared in Yu Tian's field of vision.

The screams of the crowd instantly sounded. There were even some young girls who recklessly rushed in front of the man and took selfies.

On the other side, a tall, sexy, and bejeweled beauty, who looked like a model, gently held the man's arm.

Ren Jianzhong clicked his tongue in envy and said, "He's your opponent tonight, the world champion who has never lost before. His name is Ming Wu, and the one next to him is a supermodel!"

The crowd was even more excited.

"He's Ming Wu. I've finally seen him in person. He's so handsome!"

"Have you all seen the previous match? He fought against a 135-kilogram national boxer in free combat. He used a total of three punches and two kicks to cripple that guy. It's so satisfying!"

"I was just thinking about the one who fought with him tonight. How many moves will he lose to him?"

Ren Jianzhong was not happy to hear that. A grand entrance might not necessarily win.

Yu Tian turned a deaf ear to that. They own their mouths. What they wanted to say was their freedom.

At this moment, Lei Yi walked out of the casino with a big smile on his face to welcome Ming wu.

Yu Tian saw that the two of them were even bumping fists as if they were very familiar with each other..

?Chapter 60 – Warming Up After Fighting Experts

Thank you readers!

Lei Yi patted Ming Wu on the shoulder and smiled appreciatively. "It's only been a few days, but your muscles have grown again. And I see that your condition is pretty good. You're certain that you'll win today's match, right?"

Ming Wu said helplessly, "If I had known earlier that I was going to fight a weakling, I wouldn't have come. I have to attend many trainings as I still have to go to an international boxing match in a few days. How would I have time to play with Yu Tian?"

Yu Tian, who was behind the crowd, realized that this fellow was quite good at acting. He had not even started yet, and he already felt that he could win? In a while, Yu Tian would definitely beat him into a pulp!

Lei Yi especially admired Wu Ming's domineering aura. He laughed in satisfaction and said, "Yu Tian is nothing. You don't have to care about him. Just beat him to death in the arena. Of course, you can also walk the dog. It's up to you. As long as you can finish this match, I'll thank you!" When Yu Tian heard this, he asked Ren Jianzhong, "What's walking the dog?"

Ren Jianzhong said with a frown, "It's not beating you to death, but playing you to death!"

Was there such a rule? Yu Tian almost laughed out loud. Not bad, this seemed to suit his taste!

On the other side, Ming Wu half-hugged the model and said disdainfully, "I don't want to play with a weakling. Hurry up and get rid of him so I can go back and do other stuff!"

Lei Yi laughed and said, "Alright, I'll bring you to meet a few people first. The future will be good for you. After that, get ready to warm up. The boxing match will start at eight sharp!"

"I only warm up when I'm playing against a real expert. What's the point of warming up when I'm just playing a weakling? I really think highly of him!" Ming Wu said as he followed Lei Yi into the casino.

Ren Jianzhong slowly turned his head to look at Yu Tian. "Do you want to warm up too?"

Listening to Ren Jianzhong's weak voice, it seemed like he had already lost.

Yu Tian chuckled and said, "Did you help me bet one billion on myself?"

Speaking of this, Ren Jianzhong was even more vexed. He said helplessly, "When you transferred the money to me, I placed all of it on you. But in my heart, I really don't know. Ming Wu's strength is really very strong. Although you're not weak as you said, I feel that you shouldn't fight in this match!" The more he said, the more meaningless it became.

Yu Tian said indifferently, "I'm here to make money, not to listen to your nonsense. If you think

I'll lose, you can bet on him to win!"

Ren Jianzhong hurriedly explained awkwardly, "I'm just saying. How can I really not support you? Oh right, it's almost time. Let's go in too!"

The bodyguards once again pushed aside the crowd and allowed Ren Jianzhong and Yu Tian to enter the casino.

After entering the casino, Yu Tian felt even more breathless. Every corner was filled with people. Even the air was filled with the stench of sweat. Even the bodyguards were useless here. They could only squeeze in among the crowd.

Ren Jianzhong, who was following behind them, felt that he was not confident no matter how he thought about it. Then, he logged into the casino's secret platform and bet everything he had on Ming Wu. At the same time, he also bet on Ming Wu with the one billion that Yu Tian had given him.

After squeezing through the crowd with great difficulty and arriving at the gym in the back of the casino, Yu Tian finally felt a little better.

He looked left and right. At the very least, there was still a fountain and a garden here. It was much better than the outside world.

Yu Tian also saw Lei Yi bringing Ming Wu and chatting cheerfully with those big shots. Among them, there were a few foreigners who were wearing sunglasses. It was obvious that they were not good people.

At this time, Lei Yi also saw Yu Tian and deliberately said loudly, "Everyone, look over there. That short guy is Ming Wu's opponent today, Yu Tian!"

Dozens of gazes fell on Yu Tian. First, they were shocked. Then, all kinds of ridicule could be heard.

"He wants to fight with Ming Wu? Are you kidding me? He can't even make a dent in Ming Wu's teeth!"

"I thought today's match was going to be suspenseful. Now, I can basically confirm that there's nothing to see!"

"What's this trash thinking? He knows that his opponent is Ming Wu, yet he still dares to come here and throw his life away? Hurry up and kneel and kowtow, then get lost!"

Yu Tian still turned a deaf ear. Seeing that the pastries on the table were quite attractive, he picked them up and ate them. His face was calm as if there was no one else around.

When Ming Wu saw this, he started to blame Lei Yi. He said impatiently, "Old Lei, are you looking down on me? What kind of opponent did you find for me? Do you want me to be known as a bully?"

“Look at that smile! The body of his. If he can block a punch from me, then I'll consider him the winner. Even walking the dog is meaningless. You'd better find someone else to fight with him.

I'm really not in the mood to play with him!”

The few big shots even began to speak with disdain in their eyes.

“The odds for that trash is one to 10. It looks pretty good, but there's no chance of winning money!”

“Just follow my example. Ming Wu's odds are one to zero point one. Let's buy a small amount of 18 million and win some tobacco and alcohol pocket money!”

“Lei Yi, do you have too much money and nowhere to spend it? You clearly know that Ming Wu can win, yet you still want to open this bet. Isn't this giving money away for nothing?”

Lei Yi gave an exaggerated smile. He said, “I definitely won't make much money this time, but I just want to make everyone happy. And I won't hide it from you. The more money you bet on Ming Wu, the lower the odds will be. The less money you bet on that trash, the higher the odds will be.

“Up until now, I still don't know who's optimistic about that trash, but there are still people who are willing to bet on him to win. Perhaps you all don't know yet, but this trash's other identity is a toyboy of the Chu family's eldest daughter, Chu Qing!”

“What? A gigolo? Is Chu Qing that horny? She actually has such a hobby?”

“A gigolo is a gigolo. This guy is really soft to the core!”

“No wonder you, Lei Yi, aren't afraid of this. It turns out that he has Chu Qing's support behind him. If he dies in the arena, how sad would Chu Qing be!”

Ren Jian, who was hiding in the crowd, tried his best to keep a distance from Yu Tian. Right now, he was the target of public criticism. Whoever got close to him would be looked down upon. If Yu Tian were to really die in the arena, that would be great.

“Wouldn't Chu Qing return to my side by then? At that time, I'd have both money and sex. Just thinking about it made me feel excited!”

At this moment, Ming Wu came in front of Yu Tian and pulled all the pastries and drinks on the table to Yu Tian's feet.

He said angrily, "Haven't you eaten anything before? Listen well, you might as well kneel and kowtow to me in front of everyone and say a few words to make me feel good. Then, this match can be canceled.

"I really don't want to fight with trash like you. With the effort and time, even if I had to step on an ant to death, it'd be better than wasting them on you!"

Yu Tian patted off the residue on his hand and said without a change in expression, "I heard that a few days ago, you crippled a nation's martial arts expert with just a few punches and kicks. So, how many punches and kicks do you plan to use against me today?"

Ming Wu shouted angrily, "I can beat you with a single finger. The more I look at you, the more I'm displeased. Let's not go into the ring. I'll just kill you there!"
