

I Have 108 Older Sisters

#Chapter 61 - Read I Have 108 Older Sisters Chapter 61

?Chapter 61 – Betrayal

Thank you readers!

After Ming Wu finished speaking, he was about to make his move.

Yu Tian did not even blink as he did not take the other party's arrogance seriously at all.

Lei Yi hurriedly went forward to stop Ming Wu. a€?Don't be rash. It's not worth it to fight with him. You can fight as you like in the ring, but you can't do it here!a€?

Ming Wu pointed at Yu Tian as if he was saying, a€?Just you wait. You'll see how I'll kill you later.a€?

Yu Tian just smiled disdainfully.

The boxing match was about to start in half an hour. Lei Yi invited Ming Wu and his supermodel partner to the luxurious lounge for a warm-up before the match.

Not only did Yu Tian not have a lounge, but he also did not even have an assistant. However, he did not care about this at all. He would leave after earning money. What was the point of having those useless things?

Ren Jianzhong only cared about sucking up to those rich people and completely ignored him.

It was useless to say these things. After all, this was Yu Tian's match. Who could he rely on to help him?

Ten minutes before the start of the competition.

Finally, someone came up to him and said, a€?Yu Tian, you can go now. The ring is just behind you. Walk straight ahead!a€?

Yu Tian just smiled indifferently and strolled into the boxing ring. Although the venue was not a professional but a regular competition venue, it had everything that it should have.

The 2,000-square-meter arena was filled to the brim with shouts and shouts.

Yu Tian saw that in the middle of the arena, where the light shone, Ming Wu appeared in front of thousands of eyes. He was wearing a pair of shorts. The muscles on his body looked extremely strong.

Yu Tian let out a calm sigh. With such good physical conditions, it was truly a pity for him to come here and fight with Yu Tian.

When they were busily getting onto the arena, Lei Yi also got onto the stage and even acted as a

temporary host. He held the microphone and said proudly, "Everyone, welcome to today's match. On the stage is the world-class free combat champion, Ming Wu, fondly known as Master

Ming!"

Ming Wu stood up in the corner and waved his hand to everyone as a greeting. Then, he said to the supermodel below the stage with a look of disdain, "After I finish this match, I'll definitely bring you to an even bigger match next time!"

The supermodel smiled and said sweetly, "Brother Ming, I feel that this place is big enough!"

"What's this? It's just a few hundred spectators. This is the smallest venue in my entire career in the arena. Usually, any random match would have tens of thousands of spectators!"

As Ming Wu spoke, Yu Tian also came to the stage.

Lei Yi looked at him with disdain and said, "He's Yu Tian, Ming Wu's opponent today. Everyone, before the start of the match, we'll continue to open our bets. Everyone, feel free to bet on Ming Wu. It's evident who will win in today's match. So, it's as if I'm giving everyone here money!" The audience burst into laughter.

"Look at that trash's appearance. He looks like he's seeking death. Who gave him the courage to challenge Ming Wu?"

"I came all the way from Shangdu just to watch Ming Wu's match. I feel that it's not worth it!"

"That's true. I feel that that idiot is seeking death on purpose!"

Amid the jeers of the crowd, Yu Tian jumped onto the ring. His movements were swift and natural. However, just as he stepped onto the stage, Ming Wu rushed over furiously. A few of his lackeys, bodyguards, and others stopped him.

Ming Wu's face was filled with hatred as he roared, "If you don't kneel and kowtow to me now, I'll let you die bit by bit. You piece of trash, you still want to fight with me? Even if you die under my fist, it's all the fortune you've accumulated in your eight lifetimes!"

Yu Tian was puzzled. "Did this guy eat explosives? Why is he so angry? Look at me. I'm just calm and composed. It's just a match. I'm not risking my life. Is there a need for me to be so hot-tempered?"

He smiled indifferently and said, "Don't take it so seriously. I'm just here to have fun!" The laughter of the entire stadium even drowned out the sound of Lei Yi's microphone.

"Look, this is called playing with one's life. This trash did something bad, yet he insisted on throwing his life away here!"

"Ming Wu seems to be a professional, yet this idiot is still wearing casual clothes. Is he here for a vacation?"

"Master Ming, hurry up and beat this idiot to death. We want to see his brain explode and die in the arena!"

"Beat him to death, beat him to death, beat him to death!"

Ren Jianzhong also shouted along as if Yu Tian had already stepped into the gates of hell when he appeared on stage.

Lei Yi chuckled and said, "I'll definitely fulfill everyone's wishes. The match will start immediately. I'll present a wonderful match to everyone today.

"I also have to say a few words to Mr. Yu Tian while I'm at it. Do you still have anything you want to say to your family? While there are still people stopping Ming Wu, just say what you want to say. You won't have the chance later!"

Yu Tian just snorted in disdain and said, "Lei, get lost. I'll make you kneel and kowtow to me later!"

Lei Yi threw away the microphone and glared at Yu Tian with contempt.

"You want me to kneel and kowtow to you? Stop dreaming!" Lei Yi said hatefully, "To tell you the truth, I want your life today. I've said it before. You have to pay the price, so I have to keep my word!"

Yu Tian completely ignored him. Now, he let him talk as much as he wanted. After the match, he would deal with him.

Lei Yi came to Ming Wu and said in a low voice, 'You can fight however you want. If you beat him to death, your reward will be doubled. The total amount of people who bet on Yu Tian now is less than 100 million. Even if your odds are low, I can still earn money!'

Ming Wu snorted and said angrily, 'There are people who still think that he can win? I really don't know what these people are thinking!'

Yu Tian's ears were sensitive. He could hear the mosquito's whine clearly from a kilometer away. 'The amount of bets on me is less than 100 million?'

He frowned and looked at Ren Jianzhong in the audience seats. This guy's eyes were sparkling, but he did not look at Yu Tian's eyes. Yu Tian immediately understood that he had inadvertently been tricked by Ren Jianzhong.

Money did not matter. 'Let alone one billion, I could even afford ten billion. However, you, Ren Jianzhong, have betrayed my trust. This cannot be forgiven.'

Ren Jianzhong also knew that he was in the wrong. Initially, when he placed his bet, he was still a little hesitant. However, he had known since he was young that wealth came with risk.

If Ming Wu really beat Yu Tian to death in the arena, then the money that he won would be his. Even if he only earned a few tens of millions, it would still be worth it. Most importantly, he would have a chance to let Chu Qing return to his side.

In fact, Ren Jianzhong himself did not know why things had turned out like this. All of this was because of a drinking match a few days ago. Only later did he realize that he had been set up.

It was eight o'clock sharp. The game officially began..

?Chapter 62 – One-Hit Kill

Thank you readers!

In an underground boxing match, there was no referee, so it was just a casual fight. If one was killed and carried out of the ring, the match would be over.

Yu Tian threw away those distracting thoughts and looked at Ming Wu calmly.

This guy came to the middle of the ring arrogantly. Before he made a move, he gave Yu Tian a middle finger.

Then, Ming Wu grinned and cursed, 'Little b*stard, come and accept your death. Let everyone see how I will play you to death!'

The shouts below the stage were even more explosive.

“Beat that idiot to death. Ming Wu is mighty!”

“Beat him to death! Beat him to death!”

“Ming Wu, I love you. I want to give birth to your child!”

Yu Tian just smiled indifferently and said softly, “I really think that you're a pretty good fighter, but it's really a pity!”

Ming Wu's eyes widened, his mouth twitched, and he shouted, “Cut the crap. Go to hell!”

As soon as he finished speaking, Ming Wu swung his fist. It was like an erupting volcano, full of momentum and power.

Yu Tian suddenly stopped smiling. His eyes instantly shot out a cold killing intent.

Lei Yi, who was standing below the stage, laughed shamelessly, and thought to himself, “Yu Tian, don't you know how to fight? Today, I'll let you die in front of my eyes. Then, I'll sleep with Xiao Yun. I want to see how you can still interfere. I want to see how you can still pretend to be better than me!”

Ren Jianzhong was so excited that his breathing was rapid. His emotions were extremely complicated.

In the ring, Ming Wu exploded with an extremely violent attack speed. His fist was like an exploding meteorite, smashing down with a loud bang.

Yu Tian, who was as calm as millpond, did not dodge. He quietly watched the fist fall. In the instant that he was close to it, he suddenly erupted his violent strength and met Ming Wu's fist. The moment their fists met, there was a crisp sound.

Ming Wu felt as if he had hit a huge rock. His arm went numb first and then felt pain. Following that, an extremely violent force erupted from Yu Tian's fist. It was impossible for him to block it head-on.

He still wanted to withdraw his fist, but Yu Tian did not give him the chance at all. The force pushed forward layer by layer and finally landed on Ming Wu's body like the explosion of thunder.

Ming Wu was like a kite with a broken string. He flew backward and directly crashed into the protective rope of the arena, falling under Lei Yi's feet.

The cries of the entire arena came to an abrupt stop. Everyone was dumbstruck.

Lei Yi looked down with his mouth agape. Ming Wu's two arms were broken from the joints, piercing through the skin, and bleeding out. Not only his arms, but his ribs and spine were also shattered under that domineering force.

Ming Wu, who had a distorted face, looked at Lei Yi in fear and cursed, "I fell for your trick. He, he's an expert. You—" Before he could finish his words, Ming Wu's rapid breathing caused him to go into shock.

The buzzing in Lei Yi's mind was as deafening as the screams of the audience.

"What, one move? He only used one move to cripple Ming Wu!"

"Oh my god, is this real? Am I seeing things?"

"Did that trash do it? I didn't see how he did it!"

Lei Yi looked at Yu Tian ferociously, feeling as if his soul was running out of his body. He thought that he only knew some weak combat skills, but he was a real expert. He had really miscalculated this time.

In the audience, Ren Jianzhong was so scared that he almost peed his pants. He was drenched in a cold sweat and his clothes were soaked through.

Yu Tian's punch had shattered his dreams. Not even a speck of dust was left. Ren Jianzhong regretted it. He really regretted why he was so obsessed with so many ideas.

Between him and Yu Tian, they fought through the means of men. He had lost all of them, which was why he had lost the chance to pursue Chu Qing!

Ren Jianzhong's face was pale. Looking at Yu Tian in the arena, his emotions were as complicated as a jar of mixed feelings.

However, the reality was right in front of him. Ren Jianzhong, who had done something wrong, thought to himself, "I can't stay in Linhai anymore. I better hurry and leave."

Firstly, he really did not have the face to stay here. Secondly, he did not know how to face Yu Tian. After all, Yu Tian trusted him so much.

At the thought of this, Ren Jianzhong silently walked toward the exit amid the trembling shouts.

Yu Tian did not have the time to pay attention to Ren Jianzhong. He pointed at Lei Yi below the stage and said coldly, "You, get up here!"

Under the gazes of everyone present, Lei Yi braced himself and climbed onto the stage. Yu Tian did not want to waste his breath on him, so he pointed at his feet.

It went without saying. Lei Yi quickly knelt. Lei Yi's pale lips trembled as he said in a tone that was close to begging, "Can you give me some face? Why don't we go to my office? Let's have some wine!"

Yu Tian said disdainfully, "I've fought in the arena. You've lost. Don't you understand that you have to accept your loss? You even opened a casino. Say what you said to me in front of them!"

Without a choice, Lei Yi could only say helplessly, "If you lose, I'll kneel and kowtow to you. Then, I'll gift the casino to you!"

The crowd below the stage cried out in surprise again. However, Yu Tian said indifferently, "Now that you've lost, if you want to break the contract, I'll let you be like that bullsh*t champion and spend the rest of your life in bed!"

After saying that, seeing that Lei Yi still wanted to dawdle, Yu Tian suddenly clenched his fist. The crisp sound of bones and joints sounded in Lei Yi's ears. It scared him so much that he could not help but kneel on the ring.

He kowtowed at Yu Tian's feet and said through gritted teeth, "I've lost. I'll kneel and kowtow to you. From now on, this casino is yours. I'll leave Linhai as soon as possible. I'm willing to accept my loss!"

Yu Tian nodded in satisfaction.

"Also, previously, there was someone called Ren Jianzhong who placed a big bet of one billion with you. That sum of money was mine. Originally, he wanted to bet on me. But now that I've really won, what do you think we should do?"

Lei Yi gritted his teeth and endured the tumultuous emotions in his heart. He said in a heavy voice, "I'll refund it to you immediately!"

Yu Tian smiled slightly and said arrogantly, "Very good. Tomorrow, I'll call someone to take over your casino. Oh right, I think that Ming Wu's Phantom Ghost isn't bad. It's also mine!"

Lei Yi nodded. He had bought that black supercar himself. Ming Wu could just use it to show off. If Yu Tian wanted it, he could have it. One day, he would get everything back!

Yu Tian yawned and said lazily, "Then hurry up and make the arrangements. I still have to go back to sleep!"

Lei Yi climbed up and immediately jumped off the ring. He left the boxing ring amid the jeers of the crowd.

When Yu Tian jumped off the ring, the crowd erupted in wild cheers and applause. They sincerely admired this expert who had crippled Ming Wu with one move.

Yu Tian did not even look at them. Under the envious gazes of the crowd, he walked out of the boxing ring with ease.

By the time he arrived in front of Phantom Ghost, Lei Yi's subordinates had already been waiting there. Not only did they pass the one billion yuan to him, but they also passed the supercar to Yu Tian.

Yu Tian got into the limited-edition supercar. He swung its tail in place and left in a burst of pungent smoke.

When he passed by Qing Xiaowan's umbrella shop, Yu Tian saw that Shao Tian was harassing Qing Xiaowan again..

?Chapter 63 – She'S My Woman

Thank you readers!

Shao Tian had lost a lot of money today. He had hoped that Ming Wu would teach Yu Tian a lesson, but that trash had not even managed to return a single attack.

He was already in a bad mood, so he wanted Qing Xiaowan to accompany him for a drink. Who would have thought that this woman would dare to reject him?!

He slapped Qing Xiaowan and scolded angrily, a€?I've given you face, haven't I? Don't forget, your father's life is still in my hands. Today, you obediently play with me to my heart's content. Otherwise, I'll kill you!a€?

Qing Xiaowan's body was weak, so how could she withstand such a blow? Instantly, she staggered and fell to the ground. She bit her lips and tried hard not to let her tears flow out. She said angrily, a€?Even if I die, I won't agree to it!a€?

Shao Tian was so embarrassed that he became angrier. He could no longer suppress it in his heart. He said ferociously, a€?I gave you face, but you're f*cking shameless. Today, I'll make you scream. I'll let you know how powerful I am!a€?

As if he had gone mad, he grabbed Qing Xiaowan's hair and dragged her into the house.

Qing Xiaowan struggled desperately and screamed, a€?Let go of me, you b*stard!a€?

a€?B*stard?a€? Shao Tian snorted coldly. a€?I'll let you see just how much of a b*stard I am!a€?

The people around could not stand it anymore. A few hot-blooded young men wanted to help, but they were all stopped by Shao Tian's bodyguards.

“All of you, f*ck off! If you're not afraid of death, then go ahead!”

“That woman is Young Master Tian's fiancée. It has nothing to do with you. All of you, get lost!”

“Whoever takes another step forward, I'll kill him!”

The crowd was frightened by their barbaric and brutal appearance and kept retreating. Only one person came up to the bodyguards.

When the few bodyguards saw that it was Yu Tian, their expressions changed. Instead, they began to retreat.

He was an expert who had defeated Ming Wu with a single punch. With his skills, they did not even have the right to say a word in front of Yu Tian. Yu Tian could not be bothered with them at all. He directly walked into the umbrella shop.

That beast was trying to strip Qing Xiaowan's clothes with an evil look on his face. His face was ferocious. He lost control of his emotions and roared, “B*tch, why do you resist? Just shout! Pretend to be innocent with me. I'll f*cking let you go from being pure to chaotic today!”

Qing Xiaowan held onto her clothes tightly. Even though she was exhausted and her eyes were filled with despair, she refused to let go. Even if she had to die, she would not let this b*stard succeed!

Just as Shao Tian was licking his lips and thinking that he was going to succeed, someone suddenly patted him on the back.

Shao Tian, who was still in high spirits, thought that it was the group of trash under him. He cursed angrily, “Can't you see that I'm having fun? Don't you dare!”

He turned his head as he cursed. When he saw Yu Tian's cold and arrogant expression, he instantly exploded. He was not Ming Wu. The last time he was beaten by Yu Tian, his nose still had not recovered.

Just as he hesitated for a moment. Yu Tian hit his head with an elbow. If it was not in public, he would have definitely crippled the beast.

Shao Tian was beaten to the ground. His mind buzzed and his face was shattered. He endured the pain and rolled around, trying to run away.

“Stop right there!” Yu Tian said coldly.

“What are you trying to do?” Shao Tian was scared out of his wits.

Yu Tian did not need to talk nonsense with him. He pointed at Qing Xiaowan, who was hiding at the side and said indifferently, “You better remember this. Qing Xiaowan is my woman. If you dare to touch even a strand of hair on her head in the future, I'll take your life. Get lost!” Shao Tian felt as if he had been pardoned and ran away.

Qing Xiaowan tidied up her clothes and said gratefully, “Thank you for saving me again. If it weren't for you, that b*stard

“You don't have to thank me. I can't help you every time. You'd better pack up and leave this place. I'm going back first!” Yu Tian said coldly.

He really did not want to bother with these unnecessary issues. He did not have the time, energy, or mood.

The most important thing was the 108 sisters at home. If they knew, it would be a big deal. After all, it was not easy for him to muddle through last time. With that, Yu Tian strode out of the umbrella shop.

Qing Xiaowan hurriedly took out an exquisite umbrella from the box and chased after him. She shouted and was about to leave Yu Tian when she said gratefully, “I made this for you personally.

No matter what, I'll still thank you and remember you in my heart!”

Yu Tian casually took the umbrella and threw it behind him. He thanked her and sped up, leaving behind his shadow.

Qing Xiaowan's lonely figure was left behind, sobbing in the night.

When he reached the door of their house, Yu Tian deliberately revved up the car engine to the limit.

A few girls leaned out of the window and saw that it was Yu Tian. Chu Qing scolded him with a smile, “Are you that free to make smoke everywhere?”

Yu Tian chuckled and said, “Your childhood friend, Ren Jianzhong, betrayed me and almost cost me a billion. You have to tell me. Where can I find him?”

Chu Qing was slightly shocked. How could Ren Jianzhong do this? He had really disappointed her.

After a while, Chu Qing also entered the Phantom Ghost and looked around. The black and red interiors were psychedelic. She nodded slightly and said, “Not bad, it's quite suitable for you to drive. Let's go, take me for a ride!”

Yu Tian did not say anything else. The engine roared and drifted away. Ten minutes later, the two of them arrived at Ren Jianzhong's residence.

The specially built security door was kicked open by Yu Tian. When the lights were lit, it was already empty. The room was a mess. It looked like he had left in a hurry.

Yu Tian looked at Chu Qing and shrugged. He smiled and asked, "Can you find him?"

Chu Qing took out her phone and dialed a number. It was done in a few words. She looked at Yu Tian proudly and said, "There's nothing in this world that I can't do. Let's go to the airport!"

So, that guy wanted to take a plane to leave Linhai. Yu Tian's heart was still a little complicated. If Ren Jianzhong really wanted to get along with him, would he treat him badly?

When they arrived at the airport, they soon saw Ren Jianzhong, who was waiting in the departure hall. He looked left and right.

When he saw Yu Tian, he turned around and ran away without even taking his luggage. With Ren Jianzhong's speed, how could he be a match for Yu Tian?

After running a few steps, he was stopped by Yu Tian. At this moment, Ren Jianzhong's heart was a mess. He was scared out of his wits. He had indeed let Yu Tian down, but he could not let him look down on him.

He puffed out his chest and said unwillingly, "What do you want? I'm going to leave this place. I won't come back for the rest of my life. What else do you want?"

Yu Tian smiled and said coldly, "Don't be afraid. I'm not here to kill you. I don't care about you at all. You cheated me of a billion dollars.

"Let's not say anything else. Give me your port business. You can leave or stay. It's up to you. I'm not in the mood to play with you!"

Ren Jianzhong thought about it. His small port's business was not very good anyway. It would be fine if it was given to Yu Tian.

Hence, he said, "Alright, that port is yours. In the future, we don't owe each other anything!"

Yu Tian chuckled and said, "I really have nothing more to say to you. You should take care of yourself!"

Yu Tian shook his head slightly and pulled Chu Qing away. He really did not expect that Ren Jianzhong would not give him an explanation at all. Since Ren Jianzhong did not want to explain it, then Yu Tian should let it go.

Yu Tian held Chu Qing's hand tightly and left in large strides.

After Yu Tian and Chu Qing left, Ren Jianzhong sat down as if he had experienced a heart attack.

At this moment, two extremely muscular men came up to him..

?Chapter 64 – Disdain

Thank you readers!

“What do you want?” Ren Jianzhong was still in a state of shock. These two guys did not come with good intentions, so he immediately asked warily.

“Mr. Zong wants to treat you to a drink. Come with us!” the man said coldly.

Before Ren Jianzhong could make a decision, he was pulled up by the two men. He could fight, but his arm was still in a cast. There was no room for resistance, so he could only follow them out of the airport.

At Zong Ming's house, Zheng Yin, who had already recovered said coldly to Zong Ming, “I came here to avenge my disciple, Fa. I don't want to get involved in your conflict of interests. Yu Tian's life is mine. Without my consent, none of you can think of taking it!”

Zong Ming was still afraid of the old man's martial strength, so he said politely, “Our only enemy is that b*stard. Now that he's stealing my business, I won't let him go. Of course, his life is definitely yours. I want the port in his hands. I don't care about anything else!”

Just as they were talking, Ren Jianzhong was brought over. When they met, Zong Ming took a deep puff on his cigar. His face was covered with muscles. He said without any expression, “You cheated Yu Tian of one billion yuan. Now, he's hunting you down everywhere. I also know that you hate Yu Tian. Why don't we join forces and kill him?”

Ren Jianzhong asked without thinking, “How?”

Zong Ming sneered. “Just listen to me. There will naturally be a chance for you to take revenge!”

If he could really kill Yu Tian, then what was there to think about? In any case, he had no choice now! Most importantly, Yu Tian had just stolen his property, and he even held Chu Qing's hand and left proudly. Anger rose in his heart.

After a long while, Ren Jianzhong said gloomily, "As long as Yu Tian dies, I can promise you anything!"

The old man next to Zong Ming did not want to listen to their nonsense. He got up to find Ye Yongxi to cultivate.

Yu Tian took over two ports in a row and handed them over to Chu Qing. His strength was directly on par with Zong Ming.

In the afternoon, cargo ships were entering the port.

Yu Tian's mood was especially good as he watched batch after batch of containers being unloaded from the ship.

At this moment, dozens of men rushed into the cargo yard noisily. Chu Qing did not know what had happened. She hurriedly brought Yu Tian to the cargo yard.

"Who are you? What happened to my cargo yard?" Chu Qing's expression was ice-cold as she asked.

The man in the lead was in his forties. He had a stubborn face. He looked at Chu Qing with disdain and said coldly, "My name is Sheng Mingjie. Someone reported that there are smuggled goods in your port. Now, please open all the containers!"

They were here to cause trouble? Then, there was no need to be polite with them!

Chu Qing laughed coldly and said domineeringly, "I don't care who you are. This is the Chu family's property. If you don't have a warrant, please forgive me for rejecting your request. And now, I'm going to ask you to leave. Don't affect our work anymore!"

Yu Tian knew that Chu Qing was also taking the risk. This freighter came from Super Nation's side. The items reported were all daily necessities, so there should not be any problems.

However, Sheng Mingjie said that it was a tip-off, so there must be a problem. If there really were smuggled items in these containers, then it would be troublesome.

The key was, what exactly was Sheng Mingjie doing? He did not seem to be a member of the public. Yu Tian felt that this guy had shift eyes. He was more like a gangster.

Sheng Mingjie, who had already expected this, sneered. "I know that this is the Chu family's port. I even know how you obtained it!"

He looked at Yu Tian and said disdainfully, "I specialize in cracking down smugglers. So, don't mention the Chu family's name to me. It's useless."

"There are still a large number of reporters outside. If you don't want to make a scene, just open the containers and let us inspect them!"

The people that Sheng Mingjie brought immediately followed and shouted.

"Open it, open it quickly. Are you f*cking deaf or stupid?"

"If you don't, we'll have to do it ourselves. Go and call the reporters!"

"The Chu family's name won't work either. Today, we'll use our actions to prove it. We'll do it even if it's the Chu family!"

The more they spoke, the more ridiculous they became. They were definitely not from the anti-smuggling department. They were clearly here to find trouble.

As they spoke, a large group of reporters rushed in. They set up cameras and began shooting. One of them carried a camera and even moved closer to Yu Tian, taking a clear close-up of his face.

Yu Tian did not think much of it and tidied up his hair. He told the cameraman, "Grasp the angle better and take a better picture of me!"

At this time, the reporters on the other side had already started to surround Chu Qing.

"Miss Chu Qing, the Chu family now wants to control the port business near the sea. So, how do you plan to avoid smuggling?"

"There are rumors outside saying that the Chu family is using the port for smuggling. Do you have anything to say about this?"

"Why haven't you opened the container yet? Are there really smuggled goods here? We strongly request that you open the container and tell us the truth!"

Sheng Mingjie sneered and said, "If you haven't smuggled anything, then just open the containers and let us inspect them. Who has the mood to argue with you on such a hot day? Aren't you the number one sister of Linhai? Don't you have this bit of boldness? You have really embarrassed your Chu family. If I were you, I'd open the containers and let everyone see them. If you don't have the guts, then don't do port business!"

Chu Qing frowned slightly. Although she was uncertain, she maintained a relaxed smile on her face and said confidently, "Everyone, these containers are sealed by the customers themselves. We don't have the right to open them."

"Moreover, I have no reason to believe what you said. The port is ours. I have to look after every cargo here. Please don't affect our work!"

Sheng Mingjie laughed in disdain. Then, he said nonchalantly, "We don't have to open every container either. I just want you to open container 5325. If there's nothing inside, we'll apologize to you immediately and leave!"

They could even tell the exact number of the container? Yu Tian thought that they must have prepared in advance. Moreover, this was Shao Mingzun's port. It was very likely that the old fart had done it on purpose.

Under the pressure of the reporters, although Chu Qing was a tough cookie, she began to feel a little powerless.

Seeing that the situation was about to go out of control, Yu Tian suddenly stood in front of Chu Qing.

At this moment, Chu Qing felt that Yu Tian was masculine. After all, for so many years, Yu Tian was the only one who stood in front of her in times of danger!

If it was not for the inappropriate situation, Chu Qing would have turned into a little fangirl and said, "Wow, Yu Tian, you're so handsome and manly!"

Yu Tian did not waste any more time with them as he said disdainfully, "Container 5325 is over there, but none of you can open it today. Chu Qing has already told you that it's sealed by the customer himself. If you want to open it, you have to get the customer to do it himself. We don't have that right!"

Sheng Mingjie, who was standing behind the reporter, said, "Alright, call the customer over and open it in front of us. I suggest you don't waste our time. We're not like you, who can sit here idly. We have to earn our own food!"

?Chapter 65 – It'S Best If You Don'T Ask

Thank you readers!

Yu Tian ignored the other party's shamelessness. "I'll let you be arrogant first. Before long, you'll have to kneel at my feet!"

Yu Tian nodded and said indifferently, "That's good. You guys can wait here. We'll go and find the client first!"

After saying that, he pulled Chu Qing to the office at a steady pace. Chu Qing could no longer hold back the anger in her heart and said, "It must be Zong Ming's doing. He doesn't want to live anymore when he fights with the Chu family!"

Yu Tian knew that it was useless to say these things now. Sheng Mingjie had made it very clear that he did not care about the Chu family at all.

This person's identity piqued Yu Tian's interest. Moreover, he had come prepared this time. There must be smuggled goods in container 5325. They wanted to use this method to find trouble. Otherwise, why would it be at this time?

Yu Tian brought Chu Qing a glass of water and said slowly, "There's no use in being anxious. We just took over the port today. The previous cargo ships were all handled by Shao Mingzun's side.

It has nothing to do with us. It's useless to keep them!"

Chu Qing nodded. Yu Tian's analysis was right. Now that the problem was transferred to the cargo ships, the problem could be solved.

She asked with confusion, "Then what should we do?"

Yu Tian scratched his head and laughed. "You stay here and hold down the fort. Leave the rest to me. If I don't let Sheng Mingjie kneel in front of me, my scalp will itch!"

Chu Qing was very gratified and said gently, "It's good to have you!"

"Of course it's good to have me. Isn't this my mission? All 108 women have to rely on me to protect them. Just thinking about it gives me a headache."

Of course, he still needed the help of these women somehow. It seemed that he had to become stronger as soon as possible!

Yu Tian did not want to say anything more. He pulled up the information on the computer and looked at the information about the freighter in detail.

The freighter was sent from Super Nation. It had sailed at sea for more than half a month and arrived in the morning. According to the plan, it had to wait for the freighter to be filled before it left. This would take a few days, so the captain and the crew had gone to have fun.

Yu Tian had a plan when he saw this. He left the port through the back door. He did not want the reporters to find out as it would save him a lot of trouble and time.

The captain and his crew must be fooling around in nearby bars or hotels that were specially opened for the crew.

Yu Tian casually asked around and found the best nightclub in the vicinity a€“ the Wanghai Club.

He drove the Phantom Ghost to the entrance of the nightclub. When the security guards saw the supercar, they immediately greeted him warmly.

Yu Tian swaggered into the nightclub and looked around. It was luxurious and classy, so the expenses were definitely not low.

The front desk attendant said warmly and charmingly, a€“Sir, how many people are there? You can eat, live, and play. The minimum cost is 5,800 yuan. You can also register as a member. We have a promotion now. If you charge 10,000 yuan, we'll give you additional 2,000 yuan!a€“

This little girl was really suitable to be the front desk attendant. She was a smooth talker.

casually took out 20,000 yuan in cash and threw it on the table. He smiled and said, a€“I'll charge 20,000 yuan first. By the way, are the crew members of the Shunhai cargo ship staying here?a€“

Yu Tian She tapped on the computer. After a moment, she said gently, a€“Yes, Boss. They're in the accommodation area. They only checked in this morning!a€“

a€“Get me a room next to them!a€“ Yu Tian said.

Soon, the room was ready. When the service staff handed over the room card, she even said tenderly, a€“Boss, are you free for a drink this afternoon?a€“

Yu Tian smiled and shook his head. He turned around and walked into the elevator.

The attendant said in disdain, a€“What are you pretending for?a€“

Yu Tian did not have such thoughts. a€“What the f*ck are you thinking? What is there to drink with an attendant like you?"

When the elevator reached the tenth floor, Yu Tian stepped out and looked around. The dark corridor was especially quiet.

He went directly to the captain's room and used a little strength to break the lock and push the door open. VWhen he entered the room, he smelled the pungent smell of alcohol. Clothes of men and women were thrown all over the floor.

At this moment, the bearded foreign captain was hugging a woman and snoring on the bed. He slept quite soundly.

Yu Tian went to the bathroom and got a basin full of cold water. He splashed it directly on their faces.

“Oh, shit. Oh my god!”

The captain and the woman woke up at the same time. When they saw that a stranger had suddenly appeared in the room, they immediately screamed.

Yu Tian reminded the captain in English, “Keep quiet. If you scream again, I'll kill you!”

His English was perfect. The captain forced himself to calm down and asked with a frightened look, “You used that damn water to ruin my beautiful dream. What do you want?”

Yu Tian used the tip of his shoe to pick up the woman's clothes and let her leave first. Then, he sat down on the sofa and said indifferently, “I'm not going to talk nonsense with you. There are contraband items on your cargo ship. There are reporters outside who want to open container 5235. I need you to provide me with the information on that container!”

The captain put on his clothes, lit his pipe, and said coldly, “I have no idea what you're talking about. I'm the captain of the cargo ship, not the manager of those containers. You should ask my company for this information, not me!”

looked at him disdainfully and chuckled. “So, you don't want to cooperate with me?”

The captain shrugged and said disdainfully, “In fact, I don't even want to talk to a barbarian like you. You opened my door without my permission and even splashed me with cold water.

Yu Tian

“It's already very civilized for me to stand here and talk to you. If this were my country, I'd definitely let you know how powerful I am. Now get out of here. Don't even think about getting anything from me!”

Looking at his arrogant face, Yu Tian really could not be bothered to fight with him. Hence, he slowly stood up and said coldly, “I'll give you one last chance!”

The captain immediately gave Yu Tian the middle finger and cursed angrily, “Fu*k you and fu*k your father!”

Yu Tian roared and used a collision punch, almost knocking that b*stard out of the window. Under the captain's twisted expression, Yu Tian pressed him down on the bed again, grabbed his pipe, and stuffed it into his mouth.

The burning cigarette butt fell on his beard, and smoke immediately came out, making sizzling sounds in his mouth.

The captain struggled with all his might, and whimpered, "Let go of me, let go of me, you dog, I'm the captain, I..

"How dare you scold me?" Yu Tian stuck the pipe into the captain's throat.

The captain's tears came out, and his throat was filled with tobacco. Under the torture and pain, the captain nodded and begged for mercy, expressing that he would cooperate with Yu Tian.

Yu Tian pulled out the pipe. The captain lay on the ground and vomited blood. He secretly swore that he would never smoke a pipe again.

When he recovered, Yu Tian said coldly, "Tell me who that container belongs to, or I'll make you swallow the pipe!"

The captain supported himself on the edge of the bed and slowly got up. He said with a grimace, "I don't know who you are, but you'd better not ask!"

?Chapter 66 – Control Your Emotions

Thank you readers!

"I need to know. Other things aren't for you to consider. Now that your container has entered my port, tell me, what's inside?"

Yu Tian said disdainfully. He really did not know what these foreigners were thinking. "They actually dared to be so arrogant in my territory?"

Seeing that Yu Tian was about to make a move, the captain instantly cowered.

The captain rubbed his throat, he said in a hoarse voice, "This container is going to be handed over to someone called Du Jiaran. The container is filled with health care machines and a lot of tobacco. The one who sent the container is a huge smuggling organization in Super Nation.

"If my cargo ship wants to sail here, I have to cooperate with them. I can give you all the information on this container. But you have to promise that you won't tell anyone that I'm the one who gave you the information!"

He sounded so mysterious. What did it have to do with him?

The Chu family wanted a port near the sea so that goods could enter the sea through normal channels and not be blackmailed by these families. Therefore, any smuggled goods could not appear in these ports. Otherwise, they would be making an enemy out of him.

Yu Tian looked at the information that the captain had given him. It was nothing special. The info included the time it was sent, the name of the goods, and the person who received it.

Moreover, Du Jiaran's whereabouts were unknown now. Unless they could find him, those people at the port would never leave so easily.

Yu Tian did not say anything and just stood up and left. He returned to the port office through the back door and showed Chu Qing the information.

He said indifferently, "I don't know where Du Jiaran is hiding. If we can find him, those people outside will naturally believe that these smuggled things aren't ours!"

Chu Qing smiled proudly and said, "It's not difficult to find a person in Linhai. If our Chu family doesn't even have this little ability, how can we be the number one family in the world? Give me five minutes and I'll find Du Jiaran immediately!"

After saying that, she immediately made a few calls.

Yu Tian smiled and did not say anything. After Chu Qing made a few calls, at least tens of thousands of people in Linhai started to take action. Not to mention finding someone, even finding an ant was easy.

In less than five minutes, there was news immediately.

Chu Qing said to Yu Tian with a smile, "We found him. He's hiding in Shao Mingzun's villa in Tang City. I've already arranged for people to go there. We'll be able to take him down very soon!"

At this time, a commotion came from outside the door. Sheng Mingjie barged in with reporters and shouted, "How long do you want us to wait? Now we demand that you open the container immediately. Otherwise, we'll forcefully open it!"

Yu Tian snorted coldly. "If you have the guts, then go open it. I definitely won't stop you. If you don't have the guts, then wait. In two hours, the owner of the container will come. At that time, ask him to open it for you. All of you, get out now!"

Sheng Mingjie narrowed his eyes and looked at Yu Tian indignantly. He said disdainfully, "Do you really think I don't have the guts to open it? I'll open it right now!"

After saying that, he turned around and left.

At this moment, Chu Xin and Chu Yue also came. The three Sisters of the Chu family gathered, and the reporters' flashlights were flashing like sparks. Even Sheng Mingjie was silent.

Chu Xin was the controller of Linhai entertainment industry, and even the reporters present had to give her face. As for the other woman who was as cold as ice, the reporters had never seen her before. She seemed to be a mysterious figure of the Chu family.

Chu Xin pulled Yu Tian aside and said in a low voice, "Don't play hardball with these reporters. Their pens can kill you. The things don't belong to our Chu family, so naturally, you don't have to be afraid. Look at me!"

When the reporters saw the intimate actions of the two of them, they clicked their tongues on the spot.

Chu Xin and Chu Qing were both goddess-level existences. They were multimillionaires and idols in the hearts of millions of men. Even if they were only one meter away from her, it was enough for them to show off for half a lifetime.

Who exactly was that Yu Tian? Why did the sisters of the Chu family like him so much?

Yu Tian just smiled indifferently and did not say anything. He was still a greenhorn, and there was indeed much to learn from the sisters. If he wanted to become strong, he had to embrace the strengths of others.

Just like Chu Qing's dominance, Chu Xin's maturity, Chu Rou's meticulous mind, Chu Yue's calmness, and so on. In any case, these 108 sisters were enough for him to learn for some time.

Chu Xin came in front of everyone and said, "Everyone, for our Chu family to have today's status, our capital cannot be compared to a few containers of contraband goods. All of you are reporters full of a sense of justice. You're smarter than everyone else.

"I think Mr. Sheng Mingjie may not have told everyone. We just took over this port today.

Yesterday, this port was still Mr. Shao Mingzun's, and the cargo ship at the port is from Super Nation, which had sailed for at least half a month at sea. It just so happens that it arrives at our port today. Isn't it a little far-fetched to say that this container is ours?"

Beautiful!

Yu Tian really admired Chu Xin. With just a few words, she had caused these journalists to commence a discussion.

Everyone looked at Sheng Mingjie. His expression was as if a fish was stuck in his throat. He really did not expect that Chu Xin would appear at this time.

Zong Ming only told him that he had to open the container in front of the reporters no matter what. However, Zong Ming did not tell him how to deal with Chu Xin and the other sisters.

At this time, Chu Qing received a phone call. After listening to her subordinate's report, she said with satisfaction, "Very good. Bring him to the port!"

Although Sheng Mingjie did not speak, the murderous intent in his eyes grew stronger and stronger. Yu Tian could see it clearly. The corners of his mouth curved slightly, and he did not say a word.

That trash wanted to play ruthlessly. If he dared to make a move, then Yu Tian would have a great time dealing with him.

At this moment, Chu Xin smiled and said, "Dear reporter friends, it's been hard on everyone on such a hot day. I've asked someone to build an awning outside and prepared some drinks.

Everyone, please take a rest!"

The reporters expressed their gratitude to Chu Xin one after another. On the contrary, Sheng Mingjie was ignored by everyone.

After they left, Chu Xin gave Yu Tian a faint smile and said as if she was showing off, "See? You have to know how to shift everyone's emotions toward you. Only then can you become superior."

Yu Tian shrugged his shoulders and thought to himself that he still had not thought it through. However, he said, "I know. I just don't want to talk, or else I can talk them to death!"

Half an hour later, Chu Qing received another phone call. "CEO Chu, Du Jiaran was kidnapped by a few experts. Our brothers were injured. Sorry, CEO Chu. We were unable to complete your mission and have disappointed you!"

Chu Qing's expression instantly turned as cold as ice. She gritted her teeth and said coldly, "It's not your fault. Take your people to seek medical attention. Rest for a few days before coming back to work!"

Yu Tian heard it clearly and immediately got up to leave..

?Chapter 67 – Live And Learn

Thank you readers!

Chu Yue quickly reached out to stop Yu Tian. She was afraid that he would act impulsively again, so she quickly asked, a€?Where are you going?a€?

Yu Tian grinned at Chu Yue and said indifferently, a€?To get Du Jiaran here!a€?

a€?You don't know where he is now so why bother?a€? Chu Yue said coldly.

a€?Do you even need to say that?a€? Yu Tian narrowed his eyes slightly, he said in a deep voice, a€?Whose dog is Du Jiaran? I can just look for his owner. If it's not Shao Mingzun or Zong Ming, no one else would dare to do anything to us. You guys wait here. I'll be right back!a€?

No one could stop Yu Tian. Everyone knew that the Chu family wanted Du Jiaran, yet they still dared to kidnap him. It was obvious that they did not put the Chu family in their eyes.

The Phantom Ghost disappeared from everyone's sight.

Only Sheng Mingjie smiled coldly. Right now, Du Jiaran might have already been killed by his master. a€?Let's see how capable you are to save his life?'

At the same time, in the basement of Zong Ming's family manor.

A few men tore off the black cloth on Du Jiaran's face. He squinted his eyes to adapt to the surrounding light. When he saw the few people who were staring at him covetously, he was instantly scared out of his wits.

a€?Gentlemen, we don't have any grudges, right? My master, the head of the Black Gate, Shao Mingzun, is very hospitable. If you have any difficulty, just mention it. I will spare no effort to help you!a€?

Du Jiaran's pleas were not of any use. Instead, he was beaten up.

At this moment, the one-eyed old man, surrounded by his disciples, came to the basement. Fa, who was neither a man nor a woman, grabbed Du Jiaran's chin and said sarcastically, a€?Do you think Shao Mingzun is a good guy? Think about how we can kidnap you so easily.a€?

Du Jiaran looked at him as if he was a statue. He could not accept the fact that he had been betrayed by Shao Mingzun.

Fa turned around and said to the old man, "Master, kill him. Let that b*stard Yu Tian search for him like a headless fly!"

The old man looked at Du Jiaran gloomily and said fiercely, "Keep him. This trash will become our bargaining chip. At that time, Zong Ming will have to listen to us!"

"Understood, Master!"

Fa agreed and knocked Du Jiaran unconscious with one punch. He asked someone to put him into a bag and carried him away immediately.

Shao family's manor.

The moment Yu Tian appeared, all the bodyguards hid from him. They stuck their heads out and watched Yu Tian swagger into the villa. No one dared to stop him.

Shao Mingzun knew that Yu Tian would come. He poured a cup of tea with ease and said,

"Come, try my tea!"

How could he be in the mood to drink tea? This old fool was relaxed even at this moment.

Yu Tian did not waste time with him. He said straightforwardly, "Where's Du Jiaran? Give him to me. If not, let's fight. Choose now!"

Shao Mingzun picked up the teacup and took a sip. Then, he said slowly, "Du Jiaran isn't with me at all, but I can tell you where he is. The condition is that I can continue to use the port to transfer my goods in the future!"

Yu Tian had given Shao Mingzun face. It was already good enough that he did not get angry, but the old man still wanted to negotiate with him?

Yu Tian said disdainfully, "1'11 count to two. If you don't tell me, don't even think of saying anything else after this!"

However, Shao Mingzun chuckled and said, "It's useless to play hardball with me. If no one recognizes that batch of smuggled goods, don't even think about your port. Even if you have the support of the Chu family, you can't do it!"

Yu Tian did not want to listen to his nonsense, so he wanted to make a move. Suddenly, he remembered what Chu Xin said. A tough fist might not be able to solve all problems.

Especially when dealing with an old and cunning person like Shao Mingzun, holding his interests was the most fundamental. Thinking of this, Yu Tian sat down. He picked up his tea and took a sip. Then, he said indifferently, 'There's no issue in letting you use the port. If you really want more benefits, don't dwell on this issue. Just tell me where Du Jiaran is. If I'm satisfied, we can earn all the money we want in the future. Isn't that wonderful?'

Shao Mingzun frowned and was shocked. How did this kid learn to negotiate? What he said made sense. He had always thought that Yu Tian was just a kid. He did not expect that Yu Tian was more than what he seemed to be.

Shao Mingzun released his frown and laughed out loud. He said, 'Let's make money together.'

Well said. Du Jiaran is in Zong Ming's hands. You can go and ask Zong Ming for him!

'This old man is setting up a trap for me again. He's clearly trying to stir up a conflict between Zong Ming and me so he can sit back and reap the benefits. An old fox is indeed an old fox.'

Yu Tian put down the teacup and smiled indifferently. 'You can even betray your own people. You're indeed the leader of the Black Gate. But be careful. Being too wicked has its consequences!'

Without waiting for Shao Mingzun to speak, Yu Tian laughed and turned to leave. Shao Mingzun could not say anything either. He was so angry that his face turned red and his neck was stiff.

He would not have been angry if they had really started a fight, but Yu Tian had learned to despise people. The more he thought about it, the angrier he got.

Yu Tian felt very good. It was even better than beating someone up. Soon, Yu Tian arrived at the entrance of Zong Ming's manor. He happened to see Zong Ming leaving with his bodyguards.

When Zong Ming saw Yu Tian, he sneered and said, 'So, it's you. Have you learned how to walk through the door this time? How about I open the window and let you crawl in?'

Yu Tian said indifferently, 'There's no need to go through so much trouble. I'm just here to cripple a few people. It'll be done soon!'

It went without saying that Zong Ming knew that Yu Tian was here to ask for Du Jiaran. He chuckled and said proudly, 'Don't bother. Du Jiaran is already dead. It's useless

even if I give him to you. No one will recognize that container. On the contrary, you guys just admit defeat. Don't you want to fight? Come on!

Yu Tian was shocked. Dead? Was it real or fake? If Du Jiaran was dead, then the port will encounter a setback. He absolutely could not believe this trash's words.

Yu Tian said coldly, "I think you're laughable. Do you know why Shao Mingzun betrayed Du Jiaran? He just wants to stir up conflict between you and me so that he can reap the benefits. You've been in society for so long. Can't you see that?"

Zong Ming did not care at all and said arrogantly, "So what if I am? Do you think I'll let Shao Mingzun go? That old fart will die in my hands, just like you. Then, the port will be mine.

"I think your skills aren't bad. You can cripple Ming Wu. Why don't you be my bodyguard? I can reward you with anything more than that little girl Chu Qing can. As long as we control the port, which is an important cargo passage for the Chu family, we can earn a lot of money.

"No one is rich without a windfall, and no horse is fat without grass. Follow me, and I'll make sure you have a good meal every time. What do you think?"

Chapter 68 – Betrayal

Thank you readers!

Zong Ming thought that Yu Tian would retreat if he used force. However, he was wrong.

Yu Tian did not care to continue talking to him. If he could make a move, he would try not to waste his breath. He charged straight at Zong Ming like a wild beast out of its cage, unstoppable.

Zong Ming's bodyguards could not stop Yu Tian at all. After a few punches and kicks, they were lying on the ground.

Zong Ming, who was standing at the back, turned around and ran while shouting, "Old man, are you still looking? Yu Tian starts to fight already!"

As soon as he finished speaking, the old man and his dozen or so disciples jumped out of the window one after another.

Yu Tian saw that Fa was among them and was looking at him with anger. He laughed.

Fa pointed at Yu Tian and said sarcastically, "What are you laughing at? Little b*stard, today I'm going to take revenge!"

Yu Tian snorted and said disdainfully, "With just you people, you're not worthy to talk about revenge in front of me. Today, I'm here to beat all of you. Come, let's play to our hearts' content!"

Zong Ming, who was standing behind the old man, said arrogantly, "Yu Tian, don't you know how to fight? I don't believe that you can beat these people today. You haven't even grown your hair yet, and you still want to be pretentious. Today, I'll let you know how powerful I am!"

As soon as he finished speaking, someone whistled. A flurry of footsteps sounded around them. Yu Tian swept his left and right, and hundreds of thugs with weapons surrounded him.

Zong Ming separated the crowd and said excitedly, "Did you see that? Do you think that I, Zong Ming, haven't made any preparations? Do you think that I'm that idiot, Shao Mingzun? To be honest with you, I've been waiting for you to come for a long time.

"Today, even if god came, he wouldn't be able to save you. I'll kill you and throw your stinky body to that vixen Chu Qing. Thinking about it excite me! I'll definitely have a great time. Hahahahaa" Yu Tian only sneered. He did not take these people seriously at all.

Just as Zong Ming was laughing wildly, Yu Tian exerted strength under his feet. Like an arrow that had left the bow, he shot and landed in front of Zong Ming. He raised his hand and slapped his mouth.

Everyone was shocked. Yu Tian was so fast that they could not see him clearly.

Zong Ming was dumbfounded. He covered his swollen mouth and shouted angrily, "You, you dare to hit me?"

The old man behind the crowd laughed disdainfully. "Even I might not be his match. Why did you run forward to show off? Who else would he hit if not you?"

Yu Tian smiled and asked, "Does it hurt? Why don't we continue?"

Zong Ming shouted hysterically, "What are you all looking at? Kill him!"

The thugs mustered up their courage and charged forward. Fa rubbed his arms and shook his head as he said, "Yu Tian, let's see if you'll die today!"

As he spoke, he also wanted to charge forward, but he was pulled back by the old man. Fa looked at him in confusion, but he saw something else in the old man's eyes. He could only grit his teeth and watch the scene with hatred.

In just a few seconds, Yu Tian had already defeated ten people. The old man looked coldly at the nimble figure and Zong Ming, who was still shouting crazily. He immediately made a choice in his heart.

Zong Ming was just a pretentious person with no ability. However, his billions of assets were indeed very tempting. "Why shouldn't I take advantage of Yu Tian?"

Thinking of this, the old man jumped over the crowd and threw a punch at Yu Tian. Yu Tian was already prepared for his sudden attack. He waved his arms and directly knocked away his fist. Then, he threw a punch.

The old man used his palms to clamp Yu Tian's arms. Taking this opportunity, the old man said in a low voice, "He's at East Harbor Warehouse No. 17. Stop fighting!"

As soon as he finished speaking, the old man pretended to attack, but he took the opportunity to retreat from the crowd.

Yu Tian was puzzled. What was the old man playing at? "Helping me? Or afraid of me?"

Now was not the time to think about this. It was useless whether these thugs would fight or not. As for Zong Ming, he could deal with him at any time.

"Let's see what that one-eyed old man wanted to do first." Thinking of this, Yu Tian began to retreat to the door. After beating up a bunch of thugs with one punch, he entered the supercar and left.

Zong Ming was so angry that he jumped around and cursed, "You bunch of trash, good-for-nothings. There are so many of you but none of you can kill him? All of you, go to hell!"

The old man gave his disciples a look and turned around to leave. However, Zong Ming said angrily, "Old man, why don't you ask your disciples to beat Yu Tian? I've been feeding you all day long and this is how you repay me? If you say that you're not a match for Yu Tian, then tomorrow, take your people and get lost!"

The old man turned around angrily. With a ferocious single eye, he stabbed Zong Ming's face with a murderous aura.

Zong Ming was shocked and subconsciously took a step back. When he came close to Zong Ming, the old man said gloomily, "I've told you long ago that I won't get involved in the conflict between you and Yu Tian. If I don't make a move today, do you think Yu Tian will leave?"

"Also, listen well, you piece of trash. We don't have to leave tomorrow. We'll leave today!"

Zong Ming was so scared that he broke out in a cold sweat. He said with a trembling voice, "I, I'm just saying. Don't take it seriously. The most hateful person is Yu Tian. We should calm down and figure out how to kill him!"

The old man snorted and said angrily, "Cut the crap. If you dare to speak rudely to me again, don't blame me for being rude to you!"

After saying that, the old man swaggered back to the villa with Fa and the others.

Zong Ming stood there in a mess, gritting his teeth fiercely. "Now, I'll bear with you first. Wait until I get an expert to finish you off, you one-eyed ghost!"

The East Port Warehouse was half-abandoned. Yu Tian quickly found warehouse 17 and broke in.

There was no one else in the warehouse other than Du Jiaran, who was tied up. Du Jiaran, whose mouth was gagged, immediately began to struggle when he saw Yu Tian.

Yu Tian had no intention of untying him at all. Like a dead dog, he directly threw him onto the supercar and brought him back to the port in the blink of an eye.

Chu Qing and the others were very surprised. They were still discussing how to help Yu Tian, but in the end, Yu Tian, who was still intact, brought Du Jiaran back.

Yu Tian untied Du Jiaran and pulled the cloth from his mouth.

Du Jiaran cried out with tears in his eyes, "Help! I know it was all my fault in the past. Shao Mingzun asked me to find someone to set the fire, and he also asked me to find someone to cause trouble at Sister Chu's shopping mall. The things in the container are all Shao Mingzun's!" Seeing his cowardly look, Yu Tian did not know whether to laugh or cry.

Chu Qing slammed the table fiercely and said angrily, "Shao Mingzun, you try to set me up! Let's see what you'll say this time."

Chu Xin thought for a moment and said coldly to Du Jiaran, "You want to live, right? Just tell the reporters outside that the container belongs to you later. You don't have to tell them anything else."

Chapter 69 – Monopolizing The Project

Thank you readers!

Yu Tian immediately understood. For a family like the Chu family, some things could be said out loud, but some things had to be hidden. This was not only the honor of the family, but also for the family's status.

If everyone knew that the Black Gate did not put Chu Qing in their eyes, then everyone would do the same and show off in the future.

Du Jiaran had no choice. To survive, he could only nod his head desperately.

When Yu Tian brought Du Jiaran and the information on the goods to the reporters, Sheng Mingjie was dumbfounded.

They said Du Jiaran was already dead. Why was he still alive?

When Sheng Mingjie saw Yu Tian's smug gaze, he suddenly realized that Yu Tian looked impulsive and unreliable, but in fact, he was unfathomable. If he stayed here to watch the show, he would only be embarrassing himself. At the thought of this, Sheng Mingjie turned around and left.

Chu Qing, Chu Xin, and the others naturally dealt with the reporters. Yu Tian followed Sheng Mingjie and also left the port.

As soon as Sheng Mingjie got into his car, the window was smashed by Yu Tian's elbow. Before Sheng Mingjie could react, Yu Tian reached out with his big hand and pulled him out, slamming him heavily on the ground.

Sheng Mingjie felt pain as if his tailbone had been broken. With a sad face, he said, "Yu Tian, I didn't want to do this. It was Zong Ming's idea. Please spare me!"

If he had been a little tougher, Yu Tian would have thought it was a little interesting. Looking at his cowardly look, Yu Tian felt that hitting him was not even fun.

Patting his face, Yu Tian said indifferently, "Get out of Linhai. The next time I see you, I'll break your arm. Get lost!"

"I'll get lost now!" Sheng Mingjie kowtowed and ran off.

When Yu Tian returned to the port, the reporters had dispersed. Du Jiaran was sent to the anti-smuggling department.

Chu Qing looked at Yu Tian with appreciation and smiled sweetly. "Brother, you've done a great deed this time. Tell me, how do you want me to thank you?"

Yu Tian shrugged his shoulders and smiled indifferently. "What are you thanking me for? We're all on the same side. It's what we should do! Don't tell me you're going to hand it over to me now?"

Chu Qing's pretty face turned red. She stretched out her hand and was about to hit Yu Tian, who liked to talk gibberish.

Just then, Xu Guodong called Yu Tian.

“President Yu, do you have time to come to the company? A lady named Yan Longwen said that she was here to take over Professor Yan's work. She got a little unhappy with a few engineers. I don't know whether you know her or not.”

Yu Tian raised his eyebrows and said indifferently, “Yes, I asked her to take over Professor Yan's work. You keep an eye on the situation first. I'll go over now!”

After hanging up the phone, Yu Tian was about to leave, but Chu Qing stopped him and reminded him, “Don't flirt with girls, don't help women, don't add secretaries, and don't add them into your WeChat!”

“Why don't you just let me be a monk? That way, I'll have a peaceful life!” Yu Tian chuckled and left quickly without waiting for Chu Qing to speak.

Chu Qing was so angry that she snorted and said, “Aren't 108 sisters enough for you to flirt with? This time, I'll have to keep an eye on you!”

Xinghe Technology building.

In the high-level office, Yan Longwen was angrily throwing a pile of documents on the table.

She was so angry that her shoulders were trembling. She shouted at the engineers in front of her, “Are you doing this to my father? He groomed you when he was alive, but you stole his research technology. Can you call yourself a human?”

A man wearing gold-rimmed glasses said calmly and expressionlessly, “Longwen, you should be more polite. We developed this project together with Professor Yan. Now that Professor Yan is no longer here, we have no reason to give you the key parameters of the project!”

The other engineers agreed with him one after another.

“Mingzhe is right. We started the research and development of this project long before Professor Yan came on board. Professor Yan was hired by Xinghe Technology as the chief engineer. He only developed the project with us after he received the research and development funds!”

“Yes, and we agreed at that time that we'd only share the core data of the project. Now that you're here, it's unfair for us to hand over all the data!”

“You can have the data if you want. We can't agree to it unless President Yu appoints you as the chief engineer. But for now, I'm afraid President Yu doesn't have

such an idea. Even if he does, we don't need any chief engineer. We can complete the project ourselves under Mingzhe's leadership!a€?

Yan Longwen was so angry that she gritted her teeth. She felt extremely regretful in her heart. a€?Daddy, who are you living for in this life?'

At this moment, Xu Guodong pushed open the door and entered. Sensing that the air was tense, he could only smooth things over.

a€?Everyone, please calm down. President Yu will be here soon. If you have anything to say, you can tell him directly!a€? Xu Guodong tried his best to protect both sides.

However, Mingzhe took off his glasses and even exhaled on the lenses. As he wiped them, he said, a€?It's useless even if President Yu is here. We agreed that Professor Yan will be in charge of the R&D Department if he doesn't participate in a management role.

a€?Now that Professor Yan is no longer around, I'm his disciple and also the person who has the most knowledge on the project. Naturally, I'll have the final say in the R&D Department!a€?

Xu Guodong frowned. This was clearly a threat to Xinghe Technology. It was clear that if he did not agree to let him be the chief engineer, the project would not be able to continue.

Yan Longwen could not stand his shamelessness anymore. She scolded him, a€?Du Mingzhe, you're so shameless. I really feel sorry for my father!a€?

Du Mingzhe was also angry. He suddenly stood up and said, a€?You're no better than him. Who knows what method you used to get President Yu's trust and let you join the company?

a€?Do you think that I don't know what you're thinking? Don't you just want to keep our research project for yourself to satisfy your own selfish desires? You're right. What do you mean by inheriting Professor Yan's dream? Professor Yan's dream doesn't need you to inherit it!a€?

Yan Longwen was furious. How dare he slander her like that?! This was too much! Without a word, she picked up the folder on the table and threw it over.

Du Mingzhe waved his hand to block it, but the folder bounced back and hit Yan Longwen's head. She screamed and held her forehead, which was red from the impact.

Xu Guodong rushed to the middle of the two and said, a€?If you have something to say, let's talk it over. Why are you fighting?a€?

Yan Longwen held back her tears and turned to leave. At this moment, Yu Tian pushed open the door of the meeting room. The few engineers stood up in a hurry.

Yan Longwen saw Yu Tian and could not help but shed tears.

Yu Tian looked at her red and swollen forehead and his expression turned cold. He asked, "Who hit her?"

Du Mingzhe was shocked and quickly said, "She was the one who attacked first!"

Yu Tian looked at him coldly and asked, "Are you still a man? If you have the guts, hit her in front of me!"

Chapter 70 – Unlimited Funds

Thank you readers!

Du Mingzhe was very embarrassed. Naturally, he could not hit Yan Longwen in front of Yu Tian, but he could not remain silent either.

"President Yu, I know it's my fault, but we have our reason. We can't hand over our research project to her, and we don't welcome her to join our team!"

Yu Tian understood what he meant. It was obvious that he was using the project to threaten him. "Although the project wasn't bad, I can't let you control it. Otherwise, how could I become the president of this company?"

Speaking from the president's point of view, Yu Tian said indifferently, "You guys are doing research and development with the funds and equipment that I provided. Now, I can't even get people to join the team. You guys are really arrogant!"

Although his words were indifferent, the imposing manner made Du Mingzhe feel a wave of pressure.

Du Mingzhe adjusted his glasses, then said slowly, "President Yu, have you forgotten that you personally promised that our R&D Department would be managed independently? You provide us with funds and equipment, and we provide you with the progress and result. This was what we agreed on at the time.

"Now that the technology is in our hands and the R&D Department is running smoothly, it's better for me to be the one who decides the flow of things. This will also allow the project to continue. I'm also doing this for your benefit!"

Du Mingzhe had nothing to fear as he said those things. Yu Tian still could not understand what he meant. "He's clearly telling me that if I didn't let him be the chief

engineer, he wouldn't even provide the technology. He didn't even put me as the president of this company in his eyes.'

Yu Tian did not want to waste his breath on him so he said straightforwardly, 'I'm telling you for the last time. The project is the company's, not yours. Now, I'm announcing that Yan Longwen will be the chief engineer of the R&D Department. She'll take over Professor Yan's work!'

In Xinghe Technology, his words were like an imperial edict. Xu Guodong immediately nodded and smiled. 'Okay, President Yu. I'll announce this appointment to the higher-ups immediately!'

Du Mingzhe was a little shocked. He did not expect Yu Tian's attitude to be so tough. 'Was he not afraid that the few of us would give up? If I don't show give you a tougher method, how can I gain any benefits?'

Just as Yan Longwen expressed her gratitude, Du Mingzhe chuckled and said, 'Since that's the case, then we'll no longer cooperate with Xinghe Technology. We'll take with us all the data from the past research. We'll also find other companies to continue our research.'

'I can clearly tell you that without the technical support of my team, your project will bear no fruit. I know that you have strength, but we also have our perseverance!'

Yu Tian did not care about this at all. 'Du Mingzhe, do you think the company will crumble without you? Great, I won't do this project then. Isn't it just a loss of some money? I can afford to pay for it. But I also want to show you that I can build a new team to continue the research.'

Yu Tian stood up and said indifferently, 'Except for Professor Yan's research data, you can take your people and get lost!'

After saying that, Yu Tian left leisurely.

Xu Guodong understood Yu Tian's intention. He turned to Du Mingzhe and the others and said, 'Everyone, I'm sorry. According to the company's confidentiality clause, before you leave, the security department will conduct a comprehensive check on you. To put it simply, you can't even take away a roll of toilet paper!'

Yan Longwen also said proudly, 'God has eyes. How can you be so arrogant? Du Mingzhe, listen well. Without your team's support, I, Yan Longwen, can also continue the research. Just watch!' As soon as she finished speaking, Yan Longwen snorted and left as well.

Du Mingzhe's face was gloomy. His eyes were filled with hatred. 'I don't believe that without my technical support, you guys can complete the research and development. It's

simply a pipe dream. Yu Tian, Yan Longwen, just wait and see. You guys will definitely kneel in front of me and beg me to come back.'

However, the other engineers did not think so. They did not have the intention to leave. Xinghe Technology was one of the best technology companies in the country. Their benefits were extremely good. Where else could they find such a good company?

Initially, they wanted to get more benefits from Du Mingzhe. Now that they had provoked President Yu, it was not worth it.

The few of them discussed and immediately said to Xu Guodong, 'Manager Xu, we agree with President Yu's decision. We welcome it very much.'

Xu Guodong interrupted him and rubbed his forehead helplessly as he said, 'Don't say anymore. President Yu wants all of you to leave. Also, don't say these words to me. It's useless. Hurry up and pack your things!'

At the same time, in Yu Tian's office, Yan Longwen held up a USB flash drive and said, 'President Yu, this USB flash drive was left to me by my father. It's his research and hard work for most of his life.'

'I can form my own team, but I need more funds. I must rush to develop this project and register it before Du Mingzhe does!'

Just as she said that, Yu Tian's heart sank. He nodded and smiled. 'I have endless funds here. Just tell President Xu how much you need. I'm really looking forward to the moment when the project is completed!'

Zong Ming's study room.

After listening to Sheng Mingjie's report, Zong Ming's still swollen face became even more twisted and cold.

He gritted his teeth and said coldly, 'Du Jiaran didn't die. What kind of tricks did that old b*stard play with me? I clearly told him to kill Du Jiaran, but he gave Du Jiaran to Yu Tian!'

Sheng Mingjie said coldly, 'Mr. Zong, I think that old b*stard is also not a good person. On the surface, he's cooperating with you, but he's playing tricks behind your back. You have to be careful of him!'

Zong Ming snorted coldly. 'I don't need you to remind me. Now, get lost!'

He originally wanted to flatter Zong Ming and get more benefits, but in the end, he angered him. Sheng Mingjie cursed his ancestor in his heart and left dejectedly.

Zong Ming narrowed his eyes and gnashed his teeth in hatred. "Now that the whole world wants to go against me, then I'll show you how powerful I am."

Thinking of this, he picked up the phone and dialed a number. He said gloomily, "When will you and your people arrive? If you come a day later, I'll be angry!"

The person on the phone laughed and said, "Old Zong, don't be impatient. I'm helping someone with a project now. After I'm done, I'll go over and help you. It's just Yu Tian, right? I'll help you deal with him!"

Zong Ming finally felt a little better. He sneered and said, "Whether I can vent my anger or not is up to you. Come over as soon as possible!"

After the phone was hung up, Zong Ming said gloomily, "Yu Tian, do you really think that I'm someone that you can hit as you please? I'll slowly set up the trap for you. When the time comes, you'll know what I want. You can't refuse?".
