?Chapter 81 – Take The Money And Be Cool

Thank you readers!

This trash stood there like a statue. If he could be the boss, then Jianghu would disappear the next day.

At this moment, another group of people walked in.

Yu Tian saw that the leader had an imposing manner. His face was as cold as ice as he charged toward the statue.

“It seems that I don't even need to do anything.” Yu Tian watched with a faint smile.

The man said arrogantly, “Shuo, I've already told you that Meng Meng is my girlfriend, yet you harass her. Are you not giving me face?”

Shuo looked down on him as he said sarcastically, “Brother Feng Zhi, how would I dare not give you face? You can control others, but can you control who Meng Meng talks to? I'm not going to argue with you. Just say how you want to end this today!”

Feng Zhi laughed coldly. “Let's do it according to the rules. I heard that you've been doing well with Brother Long recently, and he even has Qin Lu as the backer. But you can't talk to me and my boss, Brother Ma for nothing. Are you trying to put on a show for me? I'm not going to talk nonsense with you. Let's fight one-on-one!”

Shuo laughed maniacally and said especially arrogantly, “I really don't want to hurt you. I'm also giving your boss face by letting him come to see me. You don't have the right to fight me one-on-one. I can even drown you with my spit!”

Yu Tian sighed. This group of trash had really seen too many gangsters movies. They had not even grown their hair yet, yet they were here to negotiate.

As they were speaking, someone came in from the door.

Yu Tian looked at the few people who had entered. This should be the boss.

A few bald men in their thirties and forties swayed as they swung their waists to come in front of Shuo and Feng Zhi.

Shuo hurriedly greeted respectfully to a man with a tattoo on his arm, "Brother Long!"

Feng Zhi nervously took a few steps back and greeted timidly, "Hello, Brother Long!"

Brother Long looked at Feng Zhi and bared his broken teeth. He snorted and asked, "Old Ma didn't come?"

"Brother Ma's mother is getting married tomorrow, so he didn't come today. Brother Long, I'll go back first. My boss will treat you to a meal when you're free!" Feng Zhi said and left dejectedly.

Shuo's eyes were filled with disdain. He snorted coldly and said, "F*ck! Who are you to want to fight me one-on-one with such ability?"

Brother Long stared at a young lady beside him with lecherous eyes. He whispered to Shuo, "Have you finished your work?"

"Yes, I've done it. I've taught them a lesson, and it's definitely done cleanly!"

"That's good. Don't dawdle. Bring your brothers to have a good time later. It's on me!"

Shuo nodded and bowed. "Thank you, Brother Long!"

Yu Tian looked at the time. It was almost twelve o'clock. He had seen everything he needed to. Now, it was time for him to do his work.

Brother Long was flirting with girls when Yu Tian came to his side with a cold drink. This good-for-nothing turned his bald head and stared at Yu Tian. He said fiercely, "Scram to the side. You're affecting my mood to flirt with girls!"

Yu Tian said, "You're in a good mood. Do you know how many people want your life now?"

Just as Brother Long was baffled, Shuo jumped from his seat and scolded angrily, "Who the f*ck are you? How dare you talk to my boss like that? Do you want to die?" Yu Tian completely ignored this good-for-nothing.

Brother Long looked at Yu Tian's natural temperament and his domineering and calm gaze. It was obvious that he was not an ordinary person.

He was careful and reprimanded Shuo. Then, he cupped his fists and said to Yu Tian, "Brother, you have to be clear. Who wants to get their hands on me?"

“Me!” Yu Tian said.

Everyone was shocked and then laughed.

“This little b*stard. He drank so much that he's high!”

“Hey, are you crazy? Do you know who Brother Long is?”

“Hurry up and kneel and kowtow to Brother Long, then scram. Don't let us see you in the future!”

Shuo's face was ferocious. To show off his ability to fight in front of his boss, he even picked up the bottle of wine as he said arrogantly, “I told you to kneel and kowtow, didn't you hear me? Do you want me to make a move on you before you know what to do?”

Brother Long did not laugh. He looked at Yu Tian with disdain and said, “Brother, I'll give you face. I'll take it as a joke. I don't care who you are. If I don't make a move on you today, it won't be good for anyone!”

The corner of Yu Tian's mouth curved indifferently. He leaned close to that bald man and said in a low voice, “My name is Yu Tian. Have you heard of my name?”

Brother Long's expression suddenly changed, and his arm trembled three times. “I've been in society for so many years. How could I not have heard of Yu Tian's name?”

Chu Qings younger brother, the boss of Xinghe Technology. The worst part was that he had crippled Ming Wu with one move in Lei Yi's casino. Everyone in the underworld knew of him.

Brother Long hurriedly stood up, cupped his fists, and said humbly, “So, it's President Yu. No wonder you have such an extraordinary bearing. I've heard of your great name!”

The surrounding people looked at each other in dismay. Those who had heard of Yu Tian's name were all frightened out of their wits.

For someone like Shuo who had never heard of Yu Tian's name, he thought that Yu Tian was here to put on a show with them.

This good-for-nothing held a bottle of wine and shouted, “I've never heard of Yu Tian. You're putting on a show with my boss? Today, I'm going to make you suffer. Do you understand?”

Brother Long was so angry at this good-for-nothing that his head was about to explode. “How many lives do you have to play with Yu Tian?”

Yu Tian did not even look at him. He just smiled leisurely at Brother Long and said, "I heard that you accepted a job today and went to Lantern Restaurant to beat up a group of students. Among them was my biological sister, and of course, it was also Chu Qings sister. Right now, the people from the Tianhai Group's security department are preparing to make a move!"

"What? Oh my god!"

Brother Long was extremely frightened. His face was twisted that even his soul had left his body. It was impossible to describe his current mood.

It was a simple job. Who knew that this job would dig a hole for him that even his previous eighteen generations of ancestors could not afford to provoke?

He hurriedly pleaded, "President Yu, with just a word from you, I can do whatever you want. This time, I'm done for. I admit it!"

As he spoke, Brother Long picked up the wine bottle and was about to smash it into his hand. According to the rules of the underground world, if one did the wrong job, they would have to cripple their hands. What was the use of their hands to protect their lives?

Shuo and the others were stunned. This scene made the back of their heads turn cold.

However, Yu Tian stopped Brother Long and said slowly, "Sigh, there's no need to be so serious. Just tell me who asked you to do it. I won't make things difficult for you!"

Brother Long said gratefully, "It was Qin Yang, Qin Lu's father, the boss of the Peninsula Real

Estate. He was the one who gave me 50,000 yuan to teach a girl named Yu Qi'er a lesson. I really didn't know that she's your biological sister!"

Yu Tian nodded slightly. This time, his gaze finally landed on Shuo..

?Chapter 82: – There'S A Beautiful Woman

Thank you readers!

Shuo was so frightened that he immediately knelt, kowtowing and bowing as he begged for mercy.

Yu Tian snorted coldly and said, "Use your underground rules on this Shuo. Double it!"

Brother Long did not say another word and agreed. He immediately ordered his men to hold down Shuo, who was wailing, and smashed the wine bottle onto his hands.

If he did not teach Shuo a lesson, he would not learn.??Brother Long slapped the blood-stained wine bottle directly on Shuo's head and shouted angrily, "Throw him out and tell people to watch him. Tell him to get out of Linhai!"

His men hurriedly did as they were told.

Yu Tian put down his cup, got up, and was about to leave. Brother Long eagerly followed him and said like a slave, "President Yu, let me follow you in the future. I guarantee that I'll be at your beck and call, no matter what!"

It was not a bad idea to have some underlings by his side. These people were useful sometimes.

He nodded and said coldly, "I'll think about it if you can do some work for me. For example, Qin Yang has to kneel and kowtow to my sister. Once it's done, you'll follow me from there on!"

"Understood!" Brother Long hurriedly agreed and said excitedly, "Leave Qin Yang to me. I promise to make you satisfied!"

He personally sent Yu Tian to Phantom Ghost. Then, Yu Tian left.

Brother Long was so excited that he did not know what to do. He instructed his subordinates, "Did you all hear that? I'll also be a member of the Chu family in the future. As long as I can follow President Yu and earn a lot of money, you can follow me and have a good life!"

"Old Wu, call the rest of the brothers and follow me to see Qin Yang tomorrow. If that old fart dares to talk nonsense with me, just kidnap him!"

His subordinates immediately went to make arrangements without another word.

Yu Tian returned to the vill. Chu Qing was waiting for him. When they met, she rebuked, "My little sister was bullied on her first day of school. I already know. It was Qin Yang from Peninsula Real Estate, wasn't it? Make him disappear tomorrow. I won't allow anyone to hurt my sister!"

Yu Tian smiled bitterly. Anything that Chu Qing knew would be earth-shattering. However, not everything depended on Chu Qing. If that was the case, when would he be able to become stronger?

He said in a low voice, "I'll settle it myself this time. You can help to manage the port. Don't let Chu Yue do everything!"

Chu Qing asked smugly, "Why? Are you feeling sorry for me? [I] manage such a big company and have hundreds of employees. Why don't you ask me if I'm tired? Why do you only know how to feel sorry for others?"

Yu Tian laughed and said, "If I didn't feel sorry for you, I wouldn't care about you. Hurry up and get me some food. I've been busy all night and I haven't even eaten a single grain of rice!"

"You deserve it. It's your fault for not eating. It's better to let you starve. I won't feel sorry for you!"

Although Chu Qing said so, she still personally cooked for Yu Tian. After busying herself for a long time, a bowl of steaming hot instant noodles was served in front of Yu Tian.

Yu Tian sighed and said helplessly, "Why can't you add an egg in it?"

Chu Qing said disdainfully, "I don't have an egg. If you want a beautiful woman, I have one. Do you want to add her into your noodles?"

"Damn, this woman is really domineering. At the very least, she's a president with a net worth of tens of billions, yet she's flirting with me so blatantly. I'll just eat the noodles. If we continue like this, we may get married tomorrow."

The next morning, at the entrance of the Xiao family's house.

Chang Tianyou threw away his cigar and nodded at his subordinates. Two tough men kicked open the door and rushed into the room one after the other. In less than half a minute, they covered Xiao Aichu's mouth and dragged him out.

Xiao Aichu was still hungover and looked at Chang Tianyou with fear in his eyes. Chang Tianyou frowned because of the stench of alcohol. He covered his nose and asked coldly, "Do you want to know where your daughter and your wife are?"

Upon hearing this, Xiao Aichu nodded desperately.

After motioning for his subordinates to let go of this trash, Xiao Aichu nodded and bowed. He said excitedly, "Do you know where they are? Are they with that beast Yu Tian? I know that they're together. They have been enjoying themselves all day long, yet I have to suffer here. Let me find them. I'll definitely teach them a lesson!"

Chang Tianyou's cold eyes were filled with disdain and disgust. He said straightforwardly, "If you want to earn some benefits, then listen to me. Do you understand what I mean?"

"I understand. Boss, I'll do whatever you want. As long as there are benefits for me, I can drink and gamble. You can also take my life!" Xiao Aichu said excitedly.

What a rotten dog life. Chang Tianyou ordered his men, "Take him to take a bath and change his clothes. Then, teach him what to do!"

His men nodded and dragged Xiao Aichu away.

At noon, Xiao Yun bought some vegetables and was heading home.

Xiao Aichu, who was dressed neatly, shouted from behind, "My daughter, Daddy is here to see you!"

Xiao Yun was shocked and fell to the ground. She did not even look back as she ran away.

Xiao Aichu ran a few steps and grabbed Xiao Yun's arm. With a bitter face, he said, "My daughter, I'm your father. Look, I'm rich now. I've even stopped drinking and gambling. Can't you just look at me?"

Xiao Yun, who was in a state of panic, saw that Xiao Aichu indeed looked different from before.

However, Xiao Yun did not believe that he had really turned over a new leaf. She forcefully shook his hand away and said hatefully, "You just won some money. Stop pretending in front of me. Hurry up and leave. Don't let my husband see you. Otherwise, he'll definitely not forgive you!"

Xiao Aichu even wiped the tears from the corner of his eyes and said regretfully, "I know that I have let you and your mother down. I really know that I was wrong. You're right. I did win some money.

"But I used the money I won to open a restaurant. Now I only want to earn more money to make up for you and your mother. Daughter, give Daddy a chance. I'm really not the Xiao Aichu of the past.

"Now that we have our own business, I'm here specifically to bring you back. We're a family. We should live together and earn money together, shouldn't we?"

Seeing how sincere he was, Xiao Yun was also skeptical. She asked warily, "You really opened a restaurant?"

Xiao Aichu said firmly, "Call your mom. I'll bring you to see the restaurant I opened. Oh right, call Yu Tian as well. I didn't act like a human in the past. I want to apologize to Yu Tian too!"

Xiao Yun thought for a moment. If he could really change for the better, she should forgive him. After all, he was her father. How much longer could she hate him?

She nodded and said, "Okay, I'll trust you one more time. I'll call my mother down now!"

As she spoke, she made the call. Xiao Aichu gave a gloomy smile, thinking that he was about to get his benefits.

Xiao Yun believed it, but Yu Tian did not believe it. When he received Xiao Yun's call, Yu Tian also agreed to go. He just wanted to see what tricks Xiao Aichu was playing..

Chapter 83 – It'S Yours

Thank you readers!

When they arrived at the restaurant Xiao Aichu had mentioned, Xiao Yun and her mother were shocked. They had never thought that Xiao Aichu could be a boss and open such a big restaurant.

Yu Tian smiled but did not say anything. He simply did not believe these things.

Xiao Aichu even deliberately reprimanded the attendant, "I've already told you, don't leave those beers at the door. What if our customers trip and fall? If I see it again, you may leave!"

The attendant hurriedly called for people to move the things and nervously agreed, "I got it, Boss. I definitely won't put them there in the future!"

Seeing this scene, the doubts in Xiao Yun's heart disappeared. His father had really learned well.

He invited the three of them to the private room. The table was filled with a sumptuous meal, but there was no alcohol.

Xiao Aichu said seriously, "Not only have I stopped gambling, but I've also stopped drinking. I want to earn money now and make up for the debt I owed you and my daughter in the past!"

Yu Tian almost believed him, but he felt that these things were especially fake when it came to Xiao Aichu.

After sitting down, Xiao Aichu picked up a cup of tea and present it to Yu Tian.

"President Yu, I know that I'm not acting like a human in the past. I also went to your company to cause a scene. I really shouldn't have done those things. I'll use tea as a substitute for wine to give you a toast. I want to thank you for taking care of my wife and daughter. I also want to say that I'm sorry."

“I invited you here today because I want to tell you that I support my daughter to be with you.”

You can get married whenever you want. Come, cheers!”

Yu Tian did not clink glasses with him. He only took a sip.

All of his and Xiao Yun's facial expressions and body movements were recorded through a hidden camera in the room and transmitted to the computer in the next room.

Chang Tianyou, who was sipping red wine, said in a low voice, “Take a clearer recording, including their voices and smiles. The clearer you are, the better it is!”

Using the special effects of the software, they sent Yu Tian and Xiao Yun's body parameters to another group of people.

This group of people was in a modeling company. After they received the data, they immediately screened all the models.

In less than ten minutes, they found a man and a woman who were almost similar to Yu Tian and Xiao Yun's build. They brought them to the hotel room and began to film them.

At the restaurant, when Xiao Yun went to the bathroom with her mother, Yu Tian seized the opportunity and coldly asked Xiao Aichu, “Is all of this true? They believe you, but I don't. You'd better stop acting in front of me!”

Xiao Aichu was shocked. “Could it be that I've revealed some flaws?”

He immediately pretended to be confused and asked, “President Yu, I don't know what you're talking about. I'm not an actor. What kind of acting am I doing?”

“Your acting is even better than an actor's. Can you tell me how you know where Xiao Yun lives?” Yu Tian looked at him coldly and asked in a deep voice.

Xiao Aichu had long memorized the lines Chang Tianyou had given him. Naturally, he said, “She often goes to that market to buy vegetables, and I also shop at that market. It can be considered a coincidence. After all, we're both father and daughter!”

Yu Tian did not want to listen to this nonsense at all. He reminded him, “I don't care what has happened to you. If I find out that you're playing tricks, don't blame me for being rude to you!”

Yu Tian knew that Xiao Aichu was lying, so he did not expose him too much. Why not play along and see what tricks he was up to?

Xiao Aichu smiled and said, "I still want to try my best to get you and Yun'er together. I also know that you're doing this for her own good. Not only am I not angry, but I'm also very grateful to you!"

Yu Tian only snorted coldly. He did not want to talk nonsense with him anymore.

At this time, Chang Tianyou, who was next door, also received a video. "Yu Tiana" and "Xiao Yuna" were in a hotel room, playing with each other in various ways.

Chang Tianyou said proudly, "If I didn't know that this video was made, I wouldn't have been able to tell that it's fake!"

Halfway through the meal, Yu Tian received a call from Brother Long. He wanted to invite him to a nightclub to meet someone. Since he did not want to stay any longer, Yu Tian bade Xiao Aichu farewell and left.

At this moment, Xiao Aichu said to Xiao Yun and her mother, "You two go to a nearby hotel and get a room to rest. I'll go over after I'm done with my work here. As a family, let's think about our future together!"

Xiao Yun did not even think about it and brought her mother to the hotel. She was happier than anyone that her father was now a better person.

After sending them off, Xiao Aichu went to Chang Tianyou and asked for a reward. He bowed. "Boss, are you satisfied with what I've done?"

Chang Tianyou said gloomily, "Do you know what it means to leave no evidence after you're dead?"

Xiao Aichu immediately understood that Chang Tianyou was using him from the beginning to the end. He turned around and wanted to run away.

The man in black who was standing behind him used a rope to tie around Xiao Aichu's neck. After struggling for a moment, Xiao Aichu let out his last breath and died.

Chang Tianyou said, "Find a place to bury him and send the video to the Chu family!"

"Yes, Boss!" The men nodded in agreement and immediately began to get busy.

At this moment, Yu Tian came to the luxurious private room of Flower Dew Nightclub. When he entered the door, he saw a man who was tied up and struggling on the ground.

Brother Long said proudly, "Boss Yu, he's Qin Yang!"

Yu Tian frowned slightly. This kind of kidnapping method was lowly in the underground.

Yu Tian asked someone to untie the rope first. Qin Yang, who was in his forties, was so scared that his entire body was trembling. His face was pale as he begged, "I can give you money. Please spare me!"

Yu Tian said, "I have a net worth of ten billion. Do I lack that bit of money? You don't have to be afraid. I won't make things difficult for you. I only have one request. Bring your daughter, Qin Lu, and apologize to my sister!"

Qin Yang nodded without hesitation and said fearfully, "Alright, I'll apologize to Yu Qi'er now. I guarantee that you'll be satisfied!"

His attitude was not bad. Yu Tian nodded in satisfaction.

"Go now. If you don't want to appear here for the second time, don't do it again in the future."

Get lost!"

Under Yu Tian's berating, Qin Yang scrambled away.

Brother Long felt that he had done a good job. He poured a glass of wine for Yu Tian. He said smugly, "President Yu, are you satisfied? If you have any orders in the future, you just need to tell me!"

Yu Tian understood why these people were doing this. Even though their methods were despicable, they were still useful.

Yu Tian asked indifferently, "Is this nightclub yours?"

Brother Long said enviously, "This nightclub is worth tens of millions. How could I have the ability to own it? But know the boss!"

Thinking about this trash, he did not have the ability to do so. Even if he had money, it was not enough for him to act rich.

Yu Tian stood up and said, "This nightclub is yours now. Tell the boss to go to Xinghe Technology to get the money!"

?Chapter 84 – Misunderstanding

Thank you readers!

Brother Long was so excited that he knelt and kowtowed to Yu Tian. He said excitedly, "Thank you, President Yu. I'll definitely manage it well. Thank you, President Yu!"

Who cared about his gratitude? Yu Tian had given the nightclub to him to win him over. Eighteen million was nothing, but it was simple and effective to make a group of people work for you. Yu Tian felt that this was the magic of money.

Qin Yang, who had left the nightclub, did not think of apologizing to Yu Qi'er. "You actually dared to kidnap me? I see that you're tired of living. You want me to apologize? If I don't teach you a lesson, do you think that I, Qin Yang, am easy to bully? Yu Qi'er, just you wait. I'll make your brother regret it!"

He angrily took out his phone and called Qin Lu. He gnashed his teeth and said, "My daughter, I almost lost my life because of you. Go apologize to Yu Qi'er first, then ask her out. I'll let her know how powerful I am!"

Qin Lu thought about how her reputation as the school belle had been stolen by Yu Qi'er, now that everyone in the school was circling her. She gnashed her teeth in hatred. "I know what to do. Dad, just watch me!" Qin Lu said hatefully.

At the same time, Chu Xin called Chu Qing. Her tone was angry, like a sudden clap of thunder on a cloudy day. She said, "Qing'er, did you receive a video?"

Chu Qing was puzzled. Why was Chu Xin so angry? She asked in confusion, "What video? I didn't receive it!"

"I'll send it to you right now. Call Yu Tian home!"

Chu Xin hung up the phone and sent the video to Chu Qing. Before opening the video, Chu Qing hesitated for a moment, hoping that the content of the video had nothing to do with Yu Tian.

However, after watching the video, Chu Qing's face turned red. Her mood was like an iceberg that had collapsed, exploding with a loud bang.

"Yu Tian, oh Yu Tian, I just reminded you, but I still couldn't stop you. You've disappointed me so much!"

Chu Qing, who was extremely angry, called Yu Tian directly. She gritted her teeth and said angrily, "You come home immediately. Right now!"

Yu Tian was baffled. Did she eat dynamite? Why was she so angry?

Half an hour later, Chu Qing, Chu Xin, Chu Rou, and Chu Yue, the four sisters, stood at the entrance of the villa and stared at Yu Tian coldly without blinking.

Yu Tian was puzzled. What was wrong with these women? Hence, he asked with a smile, "If you have something to say, just say it. What do you want to express with your eyes? Can we use words to communicate?"

Chu Qing was the first to fly into a rage. She threw the phone at him angrily and growled. "Look at what you've done. Do you still have the face to come back to see us? You're too shameless. I've treated you well. Are you going to repay me like that?"

After Chu Qing scolded him, Chu Xin also said coldly, "Yu Tian, have you lost your mind? Or are you stupid? How could you do such a dirty thing? Where will the face of our Chu family be?"

Chu Yue was as cold as ice. She said coldly, "I really misjudged you!"

Chu Rou was so angry that her heart was beating fast. She said, "What are you thinking about? You even know how to do such a high-difficulty move. Why are you so shameless?"

Yu Tian could not help but ask, "What's this? Don't do this, don't do that. What high-difficulty move? Are you crazy?"

As he spoke, Yu Tian opened the video.

"What the hell?!"

When he saw the content, Yu Tian even licked his lips. This move was indeed very difficult. When did he become so intense with Xiao Yun? "Could it be that I'm sleepwalking? That's impossible too. If I'm sleepwalking, wouldn't I wake up after such an intense collision?"

Chu Qing's eyes were red as she said angrily, "What are you saying now? Yu Tian, I've really misjudged you. Go away, I don't want to see you again!"

Without giving Yu Tian a chance to speak, Chu Qing waved her hand and left resolutely.

Chu Yue kicked toward Yu Tian's head. Yu Tian grimaced and grabbed Chu Yue's ankle, throwing her into the garden casually.

He was so helpless that he frowned and said, "Can we calm down? Can you give me a chance to explain? The person in this video isn't me!"

Chu Yue got up and said angrily, "How dare you say that it's not you? How shameless can you be? It's simply intolerable. I—" Thinking that she could not beat Yu Tian, it was better for her not to show off.

Chu Xin, who was usually the calmest, was now blushing and her heart was beating fast. She said angrily, "Yu Tian, have you forgotten what Uncle Long told you? He wants you to become stronger, but not in this aspect."

“Who are you letting down by doing this? Are the 108 sisters of the Chu family not enough for you to choose from? You're still thinking about the wildflowers and weeds outside. I have nothing more to say. You can go now!” Then, she turned around to leave.

Chu Rou did not want to say anything. She pulled Chu Yue back to the villa. She closed the door and did not let Yu Tian into the house.

Suddenly, there was a clap of thunder in the sky. Yu Tian looked at the gray sky.

“What a loss. I don't even know when I did it!”

It was useless to be angry now. It was better to clarify the problem before speaking further. Yu Tian immediately called Xiao Yun and asked, “Where are you?”

“The hotel!” Xiao Yun was baffled.

Yu Tian rolled his eyes and said helplessly, “Wait for me. I'll go there later!”

“Okay, I'll wait for you!”

Xiao Yun hung up the phone and immediately rushed to the mirror to carefully touch up her makeup.

Yu Tian did not go to the hotel directly but went to the Xiao Aichu's restaurant. This entire incident was planned. Someone deliberately wanted to mess with him. Xiao Aichu must know who it was.

When he arrived at the restaurant, Yu Tian realized that everyone had changed. The attendant had changed, the waiters had changed, and so had the boss. Instead, it was a middle-aged man who was looking at his computer behind the bar counter.

Yu Tian walked over and asked, “Are you the boss here?” The boss hurriedly said enthusiastically, “Yes, Sir. What can I do for you?”

“Wasn't the boss this morning an old man?” Yu Tian asked.

“You're talking about Old Xiao. I know!” The boss smiled and said, “He said that his daughter's birthday was today and he wanted to book the place as a surprise so I lent this place to him.

Now, they have all left!”

Yu Tian did not say anything and turned around to leave. There was no need to ask. His gut was right. It was all arranged by someone.

Yu Tian went to Xiao Aichu's house but he was not there. He could not find him in the gambling dens either. He had no choice but to go to the hotel.

Seeing that Yu Tian was frowning, Xiao Yun asked in a low voice, "What happened?"

Yu Tian thought for a moment and decided to show the video to her. After seeing the video, her face was red and her heart was beating. She was shocked and angry..

?Chapter 85 – Game Framework

Thank you readers!

Turning off the video, Xiao Yun was too embarrassed to look at Yu Tian. However, Yu Tian said indifferently, "That restaurant doesn't belong to your father at all, and now he has disappeared too!"

Xiao Yun was stunned. He said indifferently, "If I'm not wrong, your father may have already been silenced by the people behind the scenes!"

Xiao Aichu was a gambler who did not have any dignity, to begin with. After using him, the culprits would definitely silence him. Leaving him alive would be a problem for them.

Xiao Yun covered her head, not wanting to listen anymore.

At this moment, Yu Tian's phone rang. It was Yan Longwen calling.

After the call was connected, Yan Longwen said anxiously, "President Yu, what happened? Manager Xu just announced that he'll be taking over your position as President. You're no longer a member of Xinghe Technology!"

Yu Tian did not take her seriously at all. He smiled faintly and said, "It's nothing. I'm going out for a few days. By the way, do you know anyone who's an expert in video production?"

Yan Longwen said in puzzlement, "I have a classmate who's an expert in this area. I can introduce him to you!"

"Okay, send the information over. I'll go look for him now!"

Without any clue, they could only start looking for flaws in the video.

As for the position of President of Xinghe Technology, he did not care about it at all. Anyway, it did not belong to him. They could take it back if they wanted to. Now that they were all in a fit of anger, they would understand when they calmed down.

After sending Xiao Yun and her mother back home, Yu Tian went to the address that Yan Longwen had given him. He arrived at an old-fashioned residential building.

He took a look at the information. “Du Tianci, 25 years old, weird personality, computer expert, likes to eat spicy noodles with rice, and likes to play hooligans with middle-aged women!” What kind of person was this?

Yu Tian knocked on a black anti-theft door on the third floor. Not long after, a man with unkempt hair and a shaggy beard opened the door. He looked at Yu Tian with sleepy eyes and said, “Are you knocking on the door? Can't you be gentler about it? Who are you looking for?”

Yu Tian said impatiently, “You must be Du Tianci. I got your address from Yan Longwen. I have some work for you to do!”

Du Tianci opened the door and said lazily, “Come in. The room is messy so find a place to sit!”

When he entered the room, he saw a collapsed sofa, clothes, and wine bottles. Where could he sit? This room was even messier than the countryside. How could he live in it?

Du Tianci sat in front of the computer, took out a cigarette, and lit it up. He took a deep puff and squinted his eyes. “Tell me, what kind of job you're offering me? How much money am I being paid? If it's not worth it, I won't do it!”

Yu Tian was too lazy to talk nonsense and directly showed him the video. They were just into the beginning of the video when Du Tianci laughed evilly. “Well done, Brother. You can even make this pose. I'm impressed. Do you want me to make the image clearer, encrypt the video, or help you promote it so that everyone can see how manly you are?”

“The person in the video isn't me. You have to help me find the flaws in the video!” Yu Tian said indifferently.

“Not you? How is that possible? Look at your expression. Oh my god, it's as if you've lost your rationality!” Du Tianci laughed.

Yu Tian looked at him coldly and said, “I've said it before. This person isn't me. Can you do it? If you can't, I'll find someone else!”

“Of course, I can. I'll help you take a look now. Why are you so anxious? If it were me, I'd keep it.

When I'm 70 or 80 years old, I'll show it to people. How f*cking awesome would that be?”

As Du Tianci spoke, he copied the video to the computer. He opened it with the software and said with certainty, "It really isn't you. The image has been made using facial dynamic calculation software. As long as I can capture some of your expressions and actions, I can copy 100% of you into any video. There are experts abroad who often put some popular celebrities into such videos. I also have Wonder Woman and the Avengers on my hard drive. Do you want to take a look?"

Yu Tian wanted information that could prove his innocence in one go, not some production software. He said disdainfully, "If that's all, I won't come looking for you!"

Du Tianci put out the cigarette. Then, he said slowly, "You don't have to rush. Listen to me. Our faces are seen by people every day, so we know who is who. This is called memory. But we don't know what's under the clothes that we're wearing. That's why there are feelings called a mystery and desire. Do you understand?"

He was enlightened. Of course, Yu Tian understood.

"If I could replicate a face, it'd be impossible for me to replicate a body, such as a birthmark or other marks. I'd forgotten that there was a round birthmark on my lower back, but the man in the video didn't have one. Why didn't I think of this?"

Yu Tian, who was in a great mood, laughed and said, "That makes sense. Not bad, I'm very satisfied. Since you have such an idea, why are you still here? Go and work at my Xinghe Technology!"

Du Tianci was excited at first, but then he became listless and said slowly, "I don't have the patience for software development. What I like is game production. That's the best. It's like creating a world!"

Yu Tian smiled and said, "Then you should come to my company. I'm preparing to invest a large sum of money into the game field. You can come and help me. Do you have any good ideas to share now?"

Hearing this, Du Tianci was energized. He even took out two bottles of beer, one for Yu Tian. As he drank, he said excitedly, "I have had an idea for several years. I have also created the basic framework of the game.

"It's a battle game revolving around the city. There were all kinds of characters, but they were all in normal settings. Other than hot weapons, there were other things that we could find in our everyday lives, which we could pick them up and use in fights.

"For example, sticks, kitchen knives, trash cans, doors, roasted pork legs, and so on. There were more than a hundred settings for the character's movements, including attack, defense, contempt, singing, dancing, acting like a hooligan, and so on.

“The character's clothes, jewelry, tattoos, and weapons all had to be bought at the mall. The game's biggest characteristic was that it was a call to action. It depended on whose gang was growing stronger, and when it came to group fights, the chances of winning were higher.

“After each group fight, the system would give the winner a virtual female player, a supercar, a helicopter, a territory, and so on, until a new club won.

“You can buy everything in this world including airplanes, houses, decorations, clothing, food, and so on in the mall. What do you think?”

Yu Tian felt that this idea was much better than those equipment recycling and one-dollar recharging games. If this game was produced, it would definitely shock the gaming world.

Yu Tian drank a mouthful of beer and said with satisfaction, “Prepare your game framework and send it to Xinghe Technology tomorrow. I'll invest one billion in the early stages of the production and I'll continue to do so progressively!”

Chapter 86 – Let Him Suffer

Thank you readers!

Du Tianci finally saw the light at the end of the tunnel. He stood up and bowed to Yu Tian.

“Brother, I won't say further. I swear on my life that I'll definitely make money from this game!”

It was a little too early to say that. Of course, if he wanted to make money, it would depend on whether the players would give him face or not.

Yu Tian smiled faintly and said, “The most important thing is that this game must pave the road to a new market. Otherwise, don't do it. If you do it, it will shock the world. And that's the effect of what I want!”

The more they talked, the more they got along. Then, they found a nearby restaurant and continued their conversation over drinks.

At the same time, in the President's office of the Tianhai Group, Chu Xin frowned and said, “Qing'er, aren't you a little impulsive to chase Yu Tian out of Xinghe Technology?”

Chu Qing gritted her teeth angrily and said, “Rash? When he was fooling around with others, did he ever think of being rash? I want a strong person who can help our family

tide over all kinds of difficulties in the future, not a lecher. It seems that I have misjudged him this time!a€?

Knowing that she had done a lot for Yu Tian and was now very disappointed, Chu Xin said helplessly, a€?But you can't cut off all of Yu Tian's funds. If that video is really fake, how will we have the face to meet him then?a€?

a€?If we can't even investigate this matter, what will Yu Tian think of us?a€?

Chu Qing said domineeringly, a€?It's not necessary. Just let him enjoy himself with those wildflowers and weeds. Let him survive on his own. What does it have to do with me?a€?

Chu Qing was really angry. Seeing that she could not persuade Chu Qing, Chu Xin could only give up.

Meanwhile, on the Linhai golf course, Zong Ming swung his club proudly. The dozens of followers around him immediately applauded him.

a€?Boss Zong, your swing is really good. I can't hit such a ball!a€?

a€?If you can hit it, you can forget about the condition of your waist!a€?

a€?Boss Zong is a skilled person. Follow and learn from him!a€?

Zong Ming, who was flattered and proud, laughed and said, a€?In terms of playing golf, I'm really not afraid of anyone. I've even played in international competitions. Those professional players aren't even as good as an amateur like me.

a€?VWhat's even more laughable is that the boss of Xinghe Technology, Yu Tian, was kicked out by the Chu family. Now, he's just a good-for-nothing, Haha!a€?

Everyone chimed in.

a€?I've heard about it too. It seems that he wasn't satisfied with the Chu family's sisters and went out to look for new entertainment and was eventually discovered by Chu Qing!a€?

a€?It's just a show. Who does Yu Tian think he is? He's just relying on Chu Qing. Now that the Chu family doesn't take care of him, let's see how arrogant he'll be.a€?

a€?A person has to learn from Boss Zong. He can play with confidence. Yu Tian is nothing compared to Boss Zong!a€?

The more Zong Ming heard these comments, the prouder he became.

At this moment, a beautiful secretary leaned close to his ear and whispered, "Boss Zong, Mr.

Chang is waiting for you in the rest area!"

"Okay, I'll be there right away!"

Zong Ming threw the club to the secretary and went to the rest area. When he saw Chang Tianyou, he cupped his fists and said in admiration, "As expected of the best public relations company in the world. The moment you made a move, you made Yu Tian dizzy. I'm impressed!"

Chang Tianyou laughed disdainfully. "I've already said it. Yu Tian is just an idiot. I just casually make a move and he couldn't handle it. Now, I feel that this game is no longer fun!"

The two laughed at each other. Zong Ming said excitedly, "Then, what's your next plan?"

Chang Tianyou took off his sunglasses and smiled. "That's up to Boss Zong. If you think it's okay,

I can stop at any time. If you want to continue to mess with Yu Tian, then I'll make him suffer!"

Zong Ming suddenly stopped smiling and said gloomily, "I want him to die. Before he dies, I want him to be discredited and tortured!"

"It will be done." Chang Tianyou put on his sunglasses and stood up. "The plan still needs two more days. You have to keep up with the expenses!"

"I guarantee that there will be no problem!" Zong Ming transferred 16 million to Chang Tianyou on the spot.

Chang Tianyou said, "Thank you, Boss Zong. Just wait and watch the news!"

Yu Tian was having a good time talking about the game when Yu Qi'er called him.

"Brother, Qin Lu apologized to me and even pay for the classmates' medical fees. She asked me out for dinner tonight. Is that okay?"

Yu Tian casually said, "Of course, it's okay. Be careful and go home early. I might go back late!"

His younger sister was now mature enough and had her own circle of friends. It was good to have more contact with the world.

Looking at the time, it was almost four o'clock. Yu Tian thought for a moment and decided to hurry to the Tianhai Group to explain the video. Otherwise, Chu Qing and the other women would definitely die of anger.

At the same time, Xiao Yun cried on the bed for an entire afternoon. At this moment, there was a knock on the door. Her mother opened the door and a few unfamiliar men rushed into the room. Without saying a word, they punched Xiao Yun's mother's face.

When Xiao Yun heard the commotion and rushed out of the room, her mother's face was covered in blood. She had already fainted on the floor.

Xiao Yun screamed at the top of her lungs, "Mother! You b*stards, I'll fight you to the death!"

Xiao Yun, who was burning with anger, picked up the vase on the table and was about to smash it. However, she was pressed down on the table by a large man.

"Let go of me, you bunch of stinky hooligans. Someone, help!" Xiao Yun struggled desperately.

Only then did Chang Tianyou walk in through the door. He smiled and sat by the side, motioning for his subordinates to let go of her.

Xiao Yun hurriedly helped up her unconscious mother, crying as she said, "You animals, you'll die a horrible death!"

Chang Tianyou said, "You don't need to care about how we die. I know that you hate us very much right now, but I don't care about these things at all. If you want your mother to live, you have to listen to us.

"Let's cut to the chase. Now, you'll go to Tianhai Group and say that Yu Tian is a cold-hearted man who deliberately toys with young girls. As long as you listen to me, no one will disturb you in the future!"

Xiao Yun clenched her teeth and said with incomparable hatred, "Even if you kill me, don't expect me to listen to you. I won't go. Give up on this idea!"

Chang Tianyou had long known that she would not listen to him, so he sneered. His subordinates immediately set up the camera, and two of them started to take off their clothes while grinning.

Xiao Yun was so scared that her body trembled and her face turned pale.

Chang Tianyou said gloomily, "The video from before was fake. This time, [I'll make it real for you. If you want to play, let's play it more excitingly. Let your mother see how you take turns to serve these men!"

As soon as he said that, a few men began to laugh. The two naked men rushed to Xiao Yun and were about to make a move.

Xiao Yun was already in complete despair. She nodded and said, "Okay, I'll do it!"

Chapter 87 – Taking Advantage Of The Situation

Thank you readers!

"Take her to the Tianhai Group. I don't have that much time to waste here. The real estate magnate has asked me for help, but I can only face this trash here!"

His subordinate grabbed Xiao Yun and was about to leave when Chang Tianyou finally reminded her, "Listen well. Your mother is in my hands. If complete your task well, I'll naturally keep my promise!"

Xiao Yun's heart had already collapsed. She was like a walking corpse. She nodded blankly and was dragged out of the room by a few men.

They had just left when Chang Tianyou whispered, "After she's done, we'll kill her. At that time, the whole world will think that it was Yu Tian or the Chu family's doing!"

His subordinate looked at the unconscious woman on the floor and whispered, "What should we do with this woman?"

Chang Tianyou chuckled. "We're all good people. Let's reunite her with Xiao Aichu. Make it clean!"

"Understood, Boss!" The subordinate nodded in agreement and watched Chang Tianyou leave.

Following that, a subordinate took out a dagger and cut Xiao Yun's mother's throat. The few of them watched the woman struggle in the pool of blood and let out sinister laughter. Only when she had stopped moving did they wrap her up in a sheet, put her into a box, and carry her out of the house.

It was the time to get off work for employees of the Tianhai Group. On the thirty-seventh floor, many employees were bustling off work.

At this moment, Xiao Yun with disheveled hair, who was standing at the entrance of the building, cried out, "Yu Tian, where are you? Come out! You played with me and you don't care about me anymore? You're a b*stard with a human face and a beast's heart. Hooligan, come out!"

The shouts instantly spread throughout the entire building, and all the employees who passed by looked over. A large number of security guards immediately surrounded Xiao Yun.

Xiao Yun's mind was empty, and her heart was in pain. She did not know what she was doing. She only had one thought " save her mother. She had to save her mother.

After an entire afternoon, Chu Qing had finally regained her calmness. However, after Xiao Yun made such a scene, her anger once again exploded. She said coldly, "Chase that shrew away. This is the Tianhai Group. Who does she think she is to act atrociously here? She's crazy!" Xiao Yun had attracted a massive crowd.

"Isn't Yu Tian President Chu's younger brother? Who's this woman to him?"

"Can't you tell? She definitely threw herself into his arms. After she's been toyed with, he threw her away!"

"Oh my god, isn't Yu Tian too inhumane? He's worse than a beast for doing this. He should've at least given her some money as compensation, but he threw her away just like that. But she seems to be a little insane!"

At this moment, Yu Tian's Phantom Ghost made a grand entrance. Everyone hurriedly moved to the side.

Yu Tian got out of the car and saw Xiao Yun who was screaming. What was wrong with her? Why was she shouting?

Yu Tian approached her and wanted to help her up, but Xiao Yun grabbed his arm with tears streaming down her face as she cried, "Yu Tian, you played with me. Are you willing to see me now? You used force to make me follow you. Now that you have someone better, you want to dump me?"

Was this woman crazy? Yu Tian was just about to speak when he suddenly felt that something was wrong.

Xiao Yun looked at him. There was no anger in her eyes. On the contrary, she felt wronged. Moreover, she did not even pull his hand that hard.

Yu Tian immediately understood. He pulled Xiao Yun into his embrace and asked in a low voice, "Is someone threatening you?"

Xiao Yun held his arm tightly as an answer to him. Then, she pushed him away and started crying again.

The surrounding people cursed Yu Tian's ruthlessness.

“He must be Yu Tian. What kind of person is he? He played with her and doesn't want to take responsibility. What a scumbag!”

“He's not even as good as a scumbag. He's just a good-for-nothing. He relied on President Chu to get to where he is today. Now, he's acting arrogantly. He drives a supercar, wears a suit, but act like a b*stard!”

“What a beast. The lady has such a good figure. It's such a sin to let him have it for free!”

Yu Tian turned a deaf ear to these pointing fingers. He did not say anything to them and they could think whatever they wanted.

He looked across the building and indeed saw a few men in black standing there, looking at them with a ghostly smile. It seemed like it was them.

Yu Tian was angry. He snorted coldly and was about to leave. Xiao Yun grabbed his hands and pleaded with her eyes. If Yu Tian went over, her mother would not be able to live. Now, as long as she could hold on until Chu Qing appeared, her mother would be saved.

Right at this moment, Chu Qing's domineering voice rang out, “This is the Tianhai Group. You dare to cause trouble here? Have I not given you face? Yu Tian, settle your own problem elsewhere! Don't affect the Tianhai Group!”

Yu Tian was puzzled. Did this woman, Chu Qing, really need to be so angry with him? “It's fine for you to be angry if I've really played with Xiao Yun. To think that a fake video would make all of you lose your minds. Tsk tsk tsk. If the video had such great power, I'd use it as a weapon in the future.”

However, considering Xiao Yun's situation and the mastermind behind it, Yu Tian gritted his teeth and shouted angrily, “All of you shut up! All of you from the Chu family listen well. I, Yu Tian, dare to take responsibility. Xiao Yun is my woman. Let's see which one of you dares to talk about her?”

Everyone was shocked. The crowd fell silent.

Chu Qing was so shocked that her face turned pale. Xiao Yun was even more shocked. Her heart was surging with emotions. She was both touched and heartbroken.

Yu Tian had treated her so well, yet she was here causing trouble. She had ruined his reputation out of nothing. Was she still a human? She really wanted to speak the truth out loud, but if she did that, her mother would not be able to live. Losing two family members in one day was a blow that she could not bear.

At this moment, Chu Qing completely exploded. She was so angry that tears welled up in the corners of her eyes. She said angrily, "You! you! you take her and get out of my sight immediately. Don't let me see you again!"

Yu Tian felt pain in his heart when he saw Chu Qing's fury. However, to pull out the masterminds behind the scenes, he could only endure. Without saying a word, he forcefully pulled Xiao Yun into the supercar.

The few men in black opposite him saw this and immediately disappeared.

The Phantom Ghost swung its tail and drove straight to Xiao Yun's house. Xiao Yun cried and apologized to Yu Tian.

"They used my mother to blackmail me. I'm sorry, Yu Tian, I'm sorry!"

Yu Tian said indifferently, "I know that you're forced to. How can I blame you? I hope those people didn't do anything to your mother!"

Thinking of this, Chu Qing's eyes which were filled with despair appeared in Yu Tian's mind. Thinking about it, he decided to tell her not to be too angry. .

?Chapter 88 – Amnesia

Thank you readers!

Just as Yu Tian took out his phone, a truck behind him suddenly sped up and slammed heavily into the Phantom Ghost's rear. The violent thrust caused the car to spin out of control and somersault a few meters away.

Yu Tian felt his world spin. Although the airbag had been deployed, the violent collision still caused him to crash into the door frame. Xiao Yun, who was beside him, had already been knocked into a bloody mess and was unconscious.

The Phantom Ghost flipped down on the side of the road. The truck retreated some distance away and accelerated toward the Phantom Ghost again.

Yu Tian saw a black shadow. He kicked open the broken windshield and dragged Xiao Yun out desperately. In just a few seconds, the truck crashed into the car with a bang.

The collision ignited a fire and it exploded immediately. The truck was also on fire. The driver of the truck quickly ran away.

Yu Tian, whose face was covered in blood, did not have the time to chase after him. He quickly went to check on Xiao Yun's injuries.

"Wake up, Xiao Yun! Wake up!"

Xiao Yun was still unconscious. No matter how Yu Tian called her, she did not react at all. Yu Tian was so angry that his eyes were about to explode. He picked Xiao Yun up and ran to the hospital.

At this moment, Chu Yue drove the Continental GT and stopped beside him. She shouted, "Get

in!"

Five minutes later, they reached the hospital. They waited outside the operating theater. Yu Tian sat quietly on the bench. Blood and sweat rolled down his angry face.

"No matter who it is, if I don't kill all of you, I won't be Yu Tian."

Chu Yue crossed her arms and looked at him coldly. She said in a low voice, "You'd better go and bandage it up. Don't bleed to death!"

Yu Tian was unmoved. "What cares about this little injury of mine?"

Whether Xiao Yun could survive or not, he still did not know. How could he be in the mood to care about his own injury?

At this moment, Chu Qing, Chu Xin, and Chu Rou arrived with anxious faces. Seeing Yu Tian covered in blood, Chu Qing's eyes were filled with heartache.

Chu Xin moved Yu Tian's hair aside. When she saw the cut, she was relieved that it was only a superficial wound. She turned and said to Chu Rou in a low voice, "What's going on in this hospital? There are injured people here. Why isn't there anyone here? Go get the director for me!"

Chu Rou had just turned around when Chu Qing grumbled, "For Xiao Yun, you're even willing to give up your life. You're really a man!"

Yu Tian was in a bad mood. He only said indifferently, "Xiao Yun didn't do anything wrong. Those people are coming after me!"

At this moment, the doctor walked out of the operating theater with a heavy expression. He sighed and said, "Her injury was too serious. Her skull was fractured. Moreover, part of her bones had pierced into her brain, seriously damaging her nervous system.

"Even though her life was saved, all of her memories no longer exist. Moreover, her IQ is only that of a five-year-old child!"

Yu Tian did not even blink his eyes. The deep hatred and heartache made his mind go blank.

Chu Qing said to the doctor expressionlessly, "Give her the best ward, the best recuperation, the best medicine, and the best specialist care!"

The doctor nodded. Money was useless. That poor girl would never be able to live like a normal person for the rest of her life.

At the same time, in the nightclub, Qin Lu ordered more than ten bottles of red wine and beer. Yu Qi'er looked at the table full of wine and asked softly, "Qin Lu, we're only here to sing. I can't drink!"

The rest of her companions nodded in agreement.

Qin Lu smiled and said, "What's there to be afraid of? The boss of this nightclub is my uncle. We can stay in this private room for as long as we want. No one will bother us."

"Besides, it's fun to come out and play. How can we be happy if we don't drink? We're all children of rich families. If we don't even know how to drink, it'll be embarrassing. Come, I'll drink first. Watch me!"

As she spoke, Qin Lu poured herself a glass of wine and downed it in one gulp. She flipped over the glass and said proudly to everyone, "See, drinking is easy!"

Under her instigation, the other students raised their glasses. In any case, drinking would not kill them. If they did not drink, Qin Lu would look down on them.

Yu Qi'er also raised her glass and thought to herself, "I'll just drink one glass."

However, more glasses came her way. Very quickly, under Qin Lu's coaxing, Yu Qi'er had drunk more than ten glasses in a row.

Qin Lu looked at Yu Qi'er who was lying on the sofa. She smiled coldly and said to the other students, "It looks like Yu Qi'er had drunk too much. Let's go play in another private room and let her sleep here quietly for a while!"

No one thought much about it. After all, this was Qin Lu's uncle's nightclub. There would not be any danger here, so they followed Qin Lu to another private room.

Yu Qi'er did not fall asleep. She wanted to go home immediately, so she took out her phone and called Yu Tian.

Yu Tian's phone was destroyed in the crash. It was impossible to get through. Then, she dialed Chu Qing's number. The moment the call was made, Qin Yang pushed the door open and entered the private room.

When he saw Yu Qi'er on the sofa, Qin Yang licked his lips savagely and said hatefully, "Didn't you fall into my hands? So what if Yu Tian is your brother? You want me to apologize to you?"

What kind of dream is this? I'll sleep with his sister today. This is my apology to all of you. Hahaha!"

After saying that, he got onto Yu Qi'er's body and raised his hand to slap her.

"This slap is for revenge. If Yu Tian dares to send someone to hit me, I'll hit his sister!"

Although Yu Qi'er was feeling hazy and could not feel any pain, she knew that this man was going to do something to her. In a daze, she shouted, "Help, help!"

"Scream as hard as you can. Even the gods can't save you today!" Qin Yang casually picked up a bottle of beer and poured it on Yu Qi'er. "I'll let you cool down. Hahaha!"

Chu Qing heard all the voices clearly. She immediately used her phone to locate the location. The nightclub was not far from here.

She turned and said coldly to Yu Tian, "Sister is in danger. She's at Hua Jian Nightclub. Do you want to stay here or come with me to save Sister?"

As soon as she said that, Yu Tian disappeared in front of everyone like a flash of lightning.

Chu Rou looked puzzled and asked foolishly, "Where is she?"

Chu Qing called Chu Yue to follow her to the nightclub.

Qin Yang was tired of playing around. He took off his clothes and laughed sinisterly, "Now, I'll take away your virginity!"

Just as he was about to take Yu Qi'er's clothes off, the door of the private room was kicked open by Yu Tian.

When he saw Yu Tian, who was covered in blood and had a murderous look in his eyes appear in front of him, Qin Yang was dumbfounded on the spot.

Yu Tian was already on the verge of exploding. When he saw that his sister was almost raped, he completely exploded..

?Chapter 89 – Not Strong Enough

Thank you readers!

Qin Yang wanted to find an excuse but Yu Tian did not give him the chance at all. He strode forward and kicked Qin Yang in the head. With a crisp sound, Qin Yang's entire body hung on the wall.

Yu Tian, whose state of mind had completely exploded, was like a wild beast that had gone mad. He rushed forward and pushed Qin Yang, who was seething with anger and a buzzing mind, against the wall with his neck. At first, Qin Yang still felt pain, but after a few punches, he could no longer feel anything.

Chu Qing and Chu Yue rushed into the room and hurriedly pulled Yu Tian away. It was okay if the person was crippled or beaten into a coma but it was not okay to kill someone. Yu Tian, who was still angry, wanted to kill that beast.

Chu Qing said loudly, "Yu Tian, are you crazy? It's easy for you to kill him now, but what about you in the future? You can't control the life and death of others yet, so don't even think about taking anyone's life. Calm down immediately!"

Yu Tian, who was panting heavily, picked up a bottle of beer and gulped down two mouthfuls. He then poured half a bottle on his head before he managed to calm down.

At this moment, Qin Lu walked into the private room with a smug look on her face. The moment she saw Yu Tian, her smile immediately disappeared. She shouted in fear, "Oh my god, why is he here? Where's my father?"

When she turned around and saw Qin Yang, whose face was covered in blood and unconscious, Qin Lu was so frightened that she knelt on the spot.

Yu Tian looked at her coldly. It was obvious how his sister became like this. It was all because of Qin Lu. "If I don't teach you a lesson, you'll never learn." He immediately called Brother Long over.

Qin Lu could not care less about how badly Qin Yang was injured. She hugged Yu Tian's thigh and cried, "Brother Yu, I was wrong. I shouldn't have tricked your sister. Please forgive me, I beg you!"

Yu Tian could not even be bothered with her. She wanted him to forgive her with just a few words? Was that not wishful thinking?

"I don't want to lay my hands on you as it will dirty my hands. Forgive you? Don't even think about it."

He asked Chu Qing and Chu Yue to send his sister home first.

At this moment, Brother Long arrived with his men. When he entered the door and saw Yu Tian covered in blood, Brother Long was so scared that he stuttered, "Yu, Yu, Yu, Youa| Whata| What did you do? Who has the guts to attack you?"

Yu Tian said indifferently, "This isn't my blood. I asked you to help me deal with these two pieces of trash. Just leave them alive!"

"Understood, President Yu. Leave them to me!" Brother Long nodded and bowed.

Yu Tian got up and left the nightclub, heading to the hospital.

Brother Long did not look at Qin Yang first. Instead, he looked at Qin Lu. He swallowed his saliva and chuckled. "Today, I'll have some fun. Drag that trash Qin Yang out. Watch the door!"

His subordinates knew that Brother Long was lecherous. How could he let go of such a good opportunity? They all left with evil smiles on their faces.

Qin Lu was so frightened that she hid in a corner. No matter how much she begged and struggled, she was still thrown onto the sofa by Brother Long. He even turned on the video call to film while he played.

At the same time, in the hospital, Xiao Yun finally woke up. When he saw Yu Tian, she held cried in grievance.

Yu Tian thought that she had regained her memory.

However, Xiao Yun said cutely, "I'm in pain, I'm in pain!" She still had the IQ of a five-year-old.

Yu Tian shook his head helplessly and fed her a few mouthfuls of water.

Xiao Yun licked her lips and asked curiously, "Brother, who are you? I want to go home. I want my parents!"

"They'll be here very soon. Be good and rest here. Brother will buy you delicious food!"

The more Yu Tian spoke, the more uncomfortable he felt. He could not continue further, so he stood up and left.

Ten minutes later, Yu Tian pushed open the front door of Xiao Yun's house. The stench of blood suddenly entered his nostrils. It seemed that he was still a step too late.

The pool of blood on the ground had dried up. This was definitely Xiao Yun's mother's blood. The possibility of her being alive was not very high.

Yu Tian took some of Xiao Yun's clothes and prepared to go to the hospital again. Just as he walked out of the neighborhood, he felt someone following him. Yu Tian smiled indifferently and directly turned into the garden next to him.

He walked to a quiet place and suddenly turned around. In the darkness, the old man strolled out with a smug look on his face. He chuckled and said, "Yu Tian, you must be feeling very troubled right now. If you had cooperated with me earlier, how could you be like this now?"

"It's obvious now that you're no match for them alone. Why don't you join me? I'll help you kill the person behind the scenes. How about it?"

Yu Tian snorted coldly and said, "You better not provoke me. Right now, I'm thinking of killing someone. I'll give you a chance to tell me who the person behind the scenes is. Otherwise, you'll never have the chance again!"

The old man laughed out loud.

"I know you can fight, and I'm still not your match. But what's the use even if u kill me? In the end, you're still a loser. I can't beat you, but I'm not afraid of you. It's not that easy for you to kill me!"

As soon as he finished speaking, the old man's disciples appeared from all directions.

Fa even had a stick in his hand. He said, "Yu Tian, don't be unappreciative. My master thinks highly of you hence he gives you a chance to work with him. Don't think that you're so great. Even if we work together, you're still not a match for us!"

The others also looked down on him.

"What's the point of saying so much to this trash? Master, let's cripple him today!"

"Make him kneel and kowtow to us!"

"This trash is a coward. He's been bullied to such an extent, yet he's still being pretentious. If you have the guts, go take revenge. Let's see how capable you are!"

The corners of Yu Tian's mouth curled up slightly, and his eyes were filled with disdain. A bunch of nobodies dared to make a scene in front of him. Today, he would vent his anger on them first.

Yu Tian was about to make his move when the old man suddenly stopped him and said, "Yu Tian, wait a minute. We don't want to fight with you. Let me tell you the truth. The person who did this to you is called Chang Tianyou. He was hired by Zong Ming from a public relations company. All of this was planned by him. Go and take revenge on him!"

Yu Tian was not stupid. The old man knew that Yu Tian did not want to cooperate with him, so he wanted to use him to attack Zong Ming.

When both Yu Tian and Zong Ming suffered heavy losses, he would sit back and reap the benefits. What wishful thinking.

Yu Tian snorted coldly and said, "I don't want to listen to this anymore. All of you, die!"

The old man suddenly frowned. Yu Tian was really too difficult to deal with. He did not want to take advantage of others.

Seeing that Yu Tian was about to make a move, the old man whistled, and everyone immediately retreated. In the blink of an eye, they disappeared without a trace.

"Is that all you've got? You can't even let me beat you up for fun, you old fart!"

Yu Tian snorted coldly and walked toward the hospital.

Fa and the other disciples asked indignantly, "Master, why do we have to retreat? Don't tell me that we're still afraid of Yu Tian even with so many of us."

The old man smiled and said coldly, "What do you know? Yu Tian definitely won't believe what I said. He thinks that I'm using him to deal with Zong Ming, but in reality, how can he guess my thoughts?"

Chapter 90 – Cultivating The Divine Technique

Thank you readers!

The old man continued to sneer. "It's precisely because he doesn't believe me that Zong Ming's side will be even more vicious. When Yu Tian finds out that what I said is true, he'll cooperate with us. This is called taking a step back in order to advance.

"All of you are my disciples, yet you can't even see through this scheming. It's really a waste of my efforts to guide you!"

Fa smiled slyly and immediately flattered him. "Master has so many abilities. How can we all see through them? That's why we have to learn from Master!"

The old man smiled proudly. He grinned and said, "Hurry up and find some ladies for me. The more yin energy, the better. When I've mastered the divine technique, even Yu Tian is no match for me. At that time, the world will be ours!"

"Yes, Master. We'll go right away!" Fa led his fellow disciples and turned to leave.

When Yu Tian returned home, it was already midnight. Chu Qing was waiting for him. Although her anger had not subsided, her heart still ached. She pouted and complained, "You know how to come back? Why don't you move in with your little lover so that you'll be together? It will be romantic then!"

Yu Tian poured a glass of wine and said indifferently, "If I do that, what about you 108 women? I still want to meet each and every one of you!"

"Hmph, you're still thinking about us? How rare of you to do so!" Chu Qing said sarcastically.

"Nonsense!" Yu Tian snorted and said impatiently, "Why don't you listen to my explanation?"

"You're a president of a huge corporation yet you're still so impatient!"

Chu Qing glared and said angrily, "You have the guts to scold me? You're the one fooling around. How can I listen to you?"

"I already said that the person in the video isn't me. They used software to create it. Also, look at what's on my waist."

Yu Tian turned around and pulled open his clothes, revealing the birthmark on his waist that looked like a butterfly. He said indifferently, "See? I had it since I was born. Did you see the man in the video?"

Chu Qing was shocked. Was she really wrong about Yu Tian? She immediately turned on the video on the phone and watched it. There was nothing on the man's lower back.

When she saw this, Chu Qing threw the phone away and hit Yu Tian in the chest as she cried angrily, "You scared me to death! Why didn't you tell me earlier? You almost made me lose all hope in life, you b*stard!"

Seeing that Chu Qing's cheeks were wet with tears, Yu Tian chuckled. He pretended to be angry and said, "What does it have to do with me? You took back the company and the money you gave me. I'd better go find my little lover. Otherwise, I won't be able to afford to eat anymore!"

"I don't want you to go!" Chu Qing hugged Yu Tian.

The gentle touch made Yu Tian dumbfounded on the spot. What was that?

At this moment, Chu Xin and Chu Yue also went downstairs. Chu Qing hurriedly pushed Yu Tian away and turned around to secretly wipe her tears away.

Chu Xin smiled and said, "We heard what you said. I've said it before. We won't misjudge people."

Little Brother, we've made you suffer these few days. We have to make it up to you properly. Your Phantom Ghost was destroyed, so we'll give you another one!"

This was acceptable. Yu Tian smiled and said, "Why are you being so polite? We're all on the same side. Oh right, I want the car in red. That one looks good!"

Chu Yue coldly said, "Yu Tian, we've found the person who hit you. Maybe you can get something out of him!"

The Chu family's strength was indeed not to be underestimated.

"That beast had turned Xiao Yun into a child. If I didn't cripple him, I would've let Xiao Yun down."

After taking a shower, changing into a suit, and applying some medicine to his wounds, Yu Tian was about to leave.

However, Chu Qing gently pulled him back and said lovingly, "Be careful. Don't be rash. Remember, as long as no one is killed, we can settle it for you!"

Yu Tian pinched her hand, making Chu Qing feel baffled. She asked, "Why are you pinching my hand?"

He said with a face full of doubt, "Eh? Why isn't it as supple as before? How can it be like this?"

Chu Qing immediately blushed and scolded angrily, "Get lost quickly!"

How could she get angry so easily? He only asked because he did not know. Men really could not figure out what women think.

Yu Tian entered the Continental GT and went straight to the port. Sun Chen, who was guarding the entrance of the port, hurriedly brought people to welcome him. He said politely, "President Yu, you're here. The person is inside. Please come in!"

Was this not Sun Chen from the western restaurant? Yu Tian nodded slightly and followed him into the cargo hold.

A man lying on the ground, covered in blood. It was as if he could die at any time.

Sun Chen asked someone to help the man to a chair. He raised his hand to slap him and said angrily, "Listen well. If you don't want to die, you'll answer whatever President Yu asks you!"

The man's face was swollen like a pig's head. His eyes were also filled with fear. He hurriedly nodded and agreed to Sun Chen's request.

Yu Tian asked, "Who told you to do this?"

The man stuttered and said while panting, "I don't know that person. He gave me 500,000 yuan and asked me to crash into your car. I was greedy for money, so I agreed!"

"What does that person look like? Where can I find him?" Yu Tian continued to ask.

"He doesn't have a local accent, and I've never seen him before. But when I heard him on the phone, he seemed to call the other party Boss Chang. I don't know anything else!"

Yu Tian stood up and left without another word. There was nothing to say. The old man was right. That Boss Chang should be Chang Tianyou, an expert invited by Zong Ming.

"Now, I'm going to find Zong Ming and kill him."

When he arrived outside the warehouse, Sun Chen followed him eagerly and asked in a low voice, "President Yu, what about that trash? If you don't want to see him, I'll throw him into the sea!"

"Let him leave. He's just being used!"

Yu Tian left after saying that. How could Sun Chen not understand what Yu Tian meant? He immediately called his subordinates and threw that trash at the entrance of the hospital. Yu Tian arrived at Zong Ming's villa. However, the huge villa had long been empty.

"I don't believe that you can escape from me."

At the same time, in the suburban villa, Zong Ming hugged a beauty and said to Chang Tianyou, "Boss Chang is indeed an expert. It's a pity that he didn't kill that piece of trash, Yu Tian, with one hit!"

Chang Tianyou said confidently, "President Zong, what's the rush? Yu Tian is the most anxious person right now. If I don't kill him today, I'll kill him tomorrow. It's that simple?"
