Chapter 91 – Drinking Together

Thank you readers!

Chang Tianyou drank the wine in his goblet and laughed disapprovingly. "Yu Tian must be angry in your villa right now. The old man has really helped us a lot!"

At the mention of this, Zong Ming angrily pushed the women beside him aside and cursed fiercely.

"I've wanted to kill that old man for a long time. He's a traitor. I've poured my heart and soul into him, but he helped Yu Tian to mess with me. You just wait and see, you old fart!"

Chang Tianyou smiled indifferently and said, "Don't be anxious. The old man is helping us now. When my plan is carried out to the end, Yu Tian will naturally help you get rid of this old man!"

The two of them looked at each other and laughed sinisterly.

The next morning, Du Tianchi, who had dressed up meticulously, came to Xinghe Technology and asked to see Yu Tian.

The company's receptionist in the lobby on the first floor saw that this person seemed to be slightly abnormal. He was wearing a suit jacket, shorts, and a braid on his hair. Would a normal person dress like that?

Seeing this, the receptionist said impatiently, "I'm sorry, Sir. Yu Tian is no longer a member of Xinghe Technology. Please leave!"

"No longer a member of your company?" Du Tianchi's face was full of shock. He said doubtfully, "That's impossible. We were drinking together yesterday!"

The receptionist smiled and said, "He was no longer our president yesterday. Drinking with you? Hehe!"

Seeing her smile, he looked at her with disdain and said angrily, "What are you laughing at? Did you laugh at my outfit thinking that I'm here to fish? I'm the producer of the game project. You'd better let Yu Tian see me, or else I won't leave!"

The waiter stopped smiling and said coldly, "I already told you. Yu Tian is no longer our president. Now our president is Xu Guodong. If you want to see him, you have to make an appointment first. Otherwise, please leave!"

Du Tianci said coldly, "Little girl, you'll regret talking to me like that!"

"Regret? Haha! What I regret the most is talking so much nonsense to you. Please leave now, or I'll call security!" The receptionist did not want to continue talking.

Just then, Yan Longwen walked into the building and shouted in surprise, "Tianci? Is that you?" Finally seeing an acquaintance, Du Tianci briefly explained to Yan Longwen what happened.

Yan Longwen also said helplessly, "Our receptionist was right. Yu Tian is not the president anymore. It was because of that video that the Chu family has taken back Yu Tian's position as president of the company!"

Du Tianci frowned and said loudly, "F*ck! Why didn't you say so earlier? I worked on the game proposal for the whole night, and it was ruined just like that? He even said that he'd invest one billion to develop the game."

At this moment, Xu Guodong's voice sounded behind him. This guy said arrogantly, "One billion? What game needs one billion? Our former president is really willing to spend money!"

Yan Longwen did not say anything. After Xu Guodong became the president, he issued a series of orders, causing the company to be in an uproar.

Du Tianci asked unhappily, "Who are you? Do you have the right to speak here?"

Xu Guodong laughed and said disdainfully, "I have the right to speak here. You, on the other hand, are dressed so shabbily and come to such a high-class office, yet you speak incoherently. I'd like to know who you are. However, I don't have time to listen to your nonsense!"

Yan Longwen hurriedly explained, "President Xu, he works in game development. His name is Du Tianci, and he's also my classmate. Isn't there some game development projects in the company right now?"

"Are you teaching me how to do my work?" Xu Guodong glanced at Yan Longwen coldly and reprimanded, "Now, I, Xu Guodong, am in charge here. It's not Yu Tian's world anymore. Pay attention to your attitude when you talk to me in the future!"

Du Tianci heard that and realized that this trash was the Xu Guodong that they were talking about. He really knew how to act pretentious.

Before Yan Longwen could say anything, Du Tianci snorted coldly. "Longwen, there's no need to say anymore. Even if the boss kneels to beg me, I won't come. This time, I'll just treat it as being cheated!"

After saying that, he tore the game proposal that he had worked on overnight into pieces. He scattered it in the air and walked away.

Xu Guodong was so angry that the veins on his forehead were bulging. He did not say anything about Du Tianci, but instead, he directed his anger at Yan Longwen.

"Did you call this person here? Who is he? He looks like a stinky beggar. This is too outrageous. I think Yu Tian had spoiled all of you!"

Yan Longwen could not take it anymore and said with a cold face, "He's my classmate. He just wants to work here. He has no ill intentions. Please don't talk about him like that!"

Xu Guodong was furious. He said coldly, "Oh, you're lecturing me. It looks like you don't want to stay in the company anymore. Alright then, get lost now."

"From now on, the five-dimensional code research and development project will be terminated. I didn't have high hopes for this project anyway. Now that I have the final say, I'll cancel this project. You'll also have to leave the company immediately!"

Yan Longwen was so angry that her eyes were about to explode. Her shoulders trembled as she said angrily, "What right do you have to do this? This project was personally picked up by President Yu. You don't have the right to do this. If you want to cancel it, President Yu will have to agree to it. You don't have the final say!"

More and more people gathered around. Xu Guodong laughed without any restraint.

"Do you expect Yu Tian to come back? To tell you the truth, that's impossible. The investor behind this company is Tianhai Group's Chu Qing. He's just a president. Think about how big of a mistake he had made to be like this?"

"Since it's such a big mistake, do you still expect Tianhai Group to let him come back and continue being the president? Are you crazy?"

Everyone also felt that what Xu Guodong said made sense.

"You still don't know, right? Yesterday after work, Yu Tian had a fall out with Chu Qing in public. He still wants to come back and be the president? That's impossible! It seems like it was because Yu Tian was fooling around that Chu Qing was so angry that she did this!"

“Yan Longwen always appeared to be high and mighty, and she even spoke up for Yu Tian. Who knows, they might also be having an affair!”

Xu Guodong heard it and his heart was filled with joy.

“I’m really happy to be able to become the president. I have to thank Yu Tian.”

“I’m in charge of this company now. If I say yes, it means yes. If I say no, it means no. Who dares to go against me?”

“At this moment, the person that Chu Qing hated the most was Yu Tian. So I canceled all his projects. Once Chu Qing was happy, my position as the president will become permanent.”

?Chapter 92 – You’re The One Who’s Crazy

Thank you readers!

The more Xu Guodong thought about it, the happier he became.

“As long as Chu Qing is happy and I worked hard, I might even be able to enter the upper echelons of the Tianhai Group. So, what I need to do now is to try my best to slander Yu Tian. The more I slander him, the happier Chu Qing would be, and the more profitable I’d be. I’m so smart!”

Meanwhile, Yan Longwen was so angry that her mind was buzzing. She did not want to argue with trash like Xu Guodong. After all, she came to Xinghe Technology because of Yu Tian.

“Now that Yu Tian was not here, why should I stay? I don’t need to force myself to look at Xu Guodong’s face anymore.”

Yan Longwen sneered and turned around to leave.

At this moment, Yu Tian just happened to walk into the building. When everyone saw Yu Tian, the crowd got into a frenzy.

“Why is he here? Why is he here again?”

“He’s no longer the president. Why is he still here?”

“Don’t be nervous, he might be here to pack up his things!”

Yan Longwen heard the chatters and turned around abruptly. The moment she saw Yu Tian, she almost shed tears.

Xu Guodong looked at Yu Tian gloomily. 'Why is he here? Is he giving me a chance? Then, I can't miss it.'

Yu Tian looked at everyone strangely and said indifferently, 'What are you all doing? Don't you need to go to work? What's there to see here?'

Amid the chatter of the crowd, Xu Guodong snorted coldly and said disdainfully, 'We're all looking at you. Don't you know that you're no longer the president? Why are you here? Are you here to pack your belongings?'

'But you don't have anything left here. Besides, your office is my office. I've already thrown all your stuff away. If you want it, you can go to the dumpster at the back and rummage through it. Maybe you can salvage some of the things!'

Yu Tian was a little shocked. How could Xu Guodong act like this? Could it be that he was always pretending in front of him? It was really hard to judge a person's heart from the appearance. You never know who was real and who was fake.

Yu Tian said helplessly, 'Who said I came back to pack my things?'

'Then why did you come back?' Xu Guodong laughed disdainfully. 'Could it be that you come back to continue being the president?'

Everyone laughed along with him.

Yu Tian did not mind. He smiled indifferently and said, 'Yeah, I come back to continue being the president. Why can't I?'

Some people in the crowd began to mock and ridicule him.

'Sigh, he's quite a nice person. Why is he so agitated? He's crazy!'

'If it were you, you'd probably jump off the building. Would you be able to accept the change from being the president to being nothing?'

'President Xu, do you want me to call the mental hospital?'

Yan Longwen could not take it anymore. Even if Yu Tian really became mentally ill, she was willing to care for him for the rest of his life.

She grabbed onto Yu Tian's arm and suppressed the ridicule from the crowd. She said angrily, 'All of you are crazy. I believe that President Yu will come back to be the president. When that time comes, all of you will have to get out of the company!'

Xu Guodong laughed out loud.

“Today is really interesting. Everyone, please stay away from them. Mental illness can also be contagious. The two of them are really a match made in heaven. Let's give them our blessings!”

With that, the good-for-nothing took the lead in clapping. Everyone followed suit and clapped.

Yan Longwen was so angry that she wanted to scold them. However, Yu Tian stopped her. He calmly took out his phone and dialed Chu Qing's number.

After the call was connected, Yu Tian berated, “Chu Qing, what's wrong with you? I'm coming back to Xinghe Technology today. Why didn't you arrange it in advance for me? Why did you make a bunch of crazy people clamor in front of me? Isn't that disgusting?”

Everyone was astonished, and the scene instantly fell silent. Xu Guodong did not believe that Yu Tian's call was to Chu Qing.

He even laughed and said, “You really know how to act. I'll present you an Oscar award later!” Yu Tian turned on the speaker and reached out to Xu Guodong.

Xu Guodong ridiculed shamelessly, “You want me to take the call? Fine, then I'll cooperate. Hello, is it President Chu? I, Xu Guodong, have gone crazy. Are we going to send him to a mental hospital?”

Everyone laughed when they saw Xu Guodong being so unbridled. However, Chu Qing's voice suddenly sounded and she said, “Xu Guodong, I think you're crazy. How can you talk to me like that?”

This voice was like a furious thunder that strike Xu Guodong's head. It was as if this trash had fallen into an ice cave. Even his bones were frozen. Everyone was so frightened that they almost suffocated. Some of the cowards fainted immediately.

Chu Qing also shouted in a domineering manner, “Yu Tian is the president of Xinghe Technology. His position will never change. He had another task for the past two days hence Xu Guodong is standing in as the acting president. You don't want to work in the company anymore, do you?”

Xu Guodong's clothes were all wet. He said weakly, “Chu, President Chu, I thought, I thought...”

“There's no need for explanation. I don't want to hear your voice now, and I don't want to see you again!”

Chu Qing's words made Xu Guodong collapse to the ground.

Then, Chu Qing softened her tone and said slowly, "Yu Tian, it's my fault for not making prior arrangements today. Don't be angry. After work, I'll give you a gift, okay?"

If Yu Tian came back to be the president, it would only be an ordinary shock. The tone Chu Qing used and her intention of gifting a gift to Yu Tian shocked everyone to the core.

The president of the Tianhai Group, Chu Qing, who was worth a hundred billion yuan, was so gentle to Yu Tian. She also admitted that she was wrong. Was all of this true? These were words that could blow up the building.

However, Yu Tian said indifferently, "It depends on my mood. Let's not talk about it for now. I still have work to do!"

Once again, everyone was shocked. What a sin. If Chu Qing could say even a single word to them, they would die of happiness. On the contrary, Yu Tian said it was up to his mood?

"How could you be so good at acting? Aren't you afraid of being struck by lightning?"

Yu Tian hung up the phone and asked Yan Longwen, "Is Tianci here? I still need to see his game proposal!"

Yan Longwen was the most excited one right now. Not only did she not have to leave the company, but she could also see Xu Guodong's slave-like behavior with her own eyes. It was simply too satisfying.

The happiest thing was that Yu Tian had returned to be the president again. There was nothing better than this.

She said, "He was here. He left in anger after being despised by Xu Guodong. I'll call him now and ask him to come back!"

Yu Tian said with a frown, "Hurry up. If it wasn't for him, I wouldn't have come!"

As for Xu Guodong who was sitting on the ground, Yu Tian smiled faintly and said, "What did you say about being crazy? I didn't hear you clearly. Say it again!"

Xu Guodong did not dare to say it. He hurriedly kowtowed and said, "I said I'm crazy. I'm crazy!"

Yu Tian laughed. "Then, why are you still here? Hurry up and leave for the hospital!"

Xu Guodong was crying. He kowtowed and said, "I'll go, I'll definitely go!"

Chapter 93 – Falling Into A Trap

Thank you readers!

“Leave the company within an hour!” Yu Tian looked at the employees and said calmly.

Everyone had a bitter expression on their faces and was speechless. They could only lower their arrogant heads and accept the consequences of this act.

At this moment, Du Tianci returned. When he saw Xu Guodong kneeling on the ground and crying bitterly, he became proud.

“Isn't this President Xu? A few minutes ago, weren't you in charge? It seems like you're the one who started this company. Why are you kneeling now? Are your knees that soft?”

Xu Guodong lowered his head and did not say a word. Right now, he was just trash that could be thrown into the trash can at any time. What right did he have to argue with others? Was it not the slap on his face painful enough?

Du Tianci sneered and glared at this good-for-nothing with disdain. He then turned to Yu Tian and complained, “I was just saying that the president wouldn't quit just like that. It turns out that you're just playing with me!”

Yu Tian smiled and asked indifferently, “Playing with you? What are you talking about? If you're a woman, I'd consider it. Stop talking nonsense. Where's the proposal? Hurry up and bring it to me to have a look!”

“It's been torn to pieces. I'll go up and make another copy for you!” Du Tianci glared at Xu Guodong with hatred.

Yu Tian did not even look at Xu Guodong. He turned around and walked into the elevator. There was no need to waste time with this trash.

An hour later, Yu Tian put down the proposal and nodded in satisfaction. He smiled and said, “Well done. Let's start today. I'll give you an R&D Department. You have the final say. If you need funds, go directly to the finance department!”

Du Tianci was a little dumbfounded. He looked at Yu Tian without blinking. “Don't we need to sign a document and make a copy of an ID card?”

Yu Tian snorted coldly and said, “Do you think that I, a big boss, have any time to make a copy of an ID card for you? Get out of here quickly and do what you need to do!”

Du Tianci scratched his head and chuckled. "I'm still immersed in our wonderful time yesterday. When I'm free, we can go and have some drinks. The waiter at that restaurant isn't bad. Every time I go to eat noodles, she'll top up for me!"

What nonsense. Yu Tian pointed at the door and said with a dark face, "Either you go out alone, or I'll beat you out!"

Du Tianci hurriedly turned around and ran out of the office. This place belonged to Yu Tian, so it was better to listen to him.

Yu Tian laughed bitterly. He wanted to have a cup of coffee, but his cup was empty. When he thought of Xiao Yun's presence, as long as he sat there, the coffee would already be served. "I still have to get myself a secretary. Otherwise, it would be too inconvenient!"

Thinking about how female secretaries would pose a problem with Chu Qing, he decided that this time, it was better to get a man.

This was not the main issue. The most important thing now was to find that b*stard Zong Ming. Why not go to his port and take a look? If he saw him, he would directly cripple him.

After making up his mind, Yu Tian left the company and quickly arrived at Zong Ming's port. The business was not bad. There were so many ships and containers at the port.

The Continental GT drifted and arrived at the gate. The security guard came over and asked cautiously, "Who are you looking for?"

"I'm looking for your boss. Is he here?" Yu Tian asked.

"Yes, please come in!" The security guard waved his hand and the electric door slowly opened. "Oh, so easy? It's as if he knew I was coming. I'd like to see what kind of trick you're playing."

With a step, the Continental GT quickly rushed into the courtyard. The security guard immediately took out the walkie-talkie and narrowed his eyes. "[Attention, everyone. The target is here. Get ready!]"

A man standing on top of a high container stared at the Continental GT with binoculars. He said gloomily into the walkie-talkie, "Boss, we're ready here!"

Chang Tianyou's voice sounded immediately. "Bring him to the designated location. Zong Ming will be waiting for him there. Wait for my order!"

When Yu Tian entered the second gate, the security guard came over and asked, "You're looking for Boss Zong, right? He's in the container unloading area. You can walk there!"

This was getting more and more interesting. Yu Tian smiled disdainfully. He got off the Continental GT and walked toward the unloading area.

Zong Ming turned around and looked at Yu Tian gloomily, then sneered. "Welcome! What brings our President Yu here?"

Yu Tian could not be bothered to talk nonsense with him, so he asked directly, "Did you ask someone to make the video and crash my supercar?"

"That's right, I asked someone to do it. What can you do about it?" Zong Ming said brazenly, "The reason I met you today is to tell you that your life is in my hands. I can take it away anytime I want!"

Yu Tian slowly clenched his fists. Just look at this trash. How could he still act mightily?

Zong Ming looked at his fists with disdain and sneered, "What? You want to fight with me? I can honestly tell you that since you're here today, don't even think about leaving. Why don't you kneel and kowtow to me and call me your father? If you're willing to be my son, I can let you die a quick death!"

Yu Tian chuckled. Without saying anything else, he took a step forward and was about to make his move.

At this moment, a few men with catapult nets suddenly rushed out from behind the surrounding containers and fired at Yu Tian.

The speed of the catapult nets was extremely fast. When Yu Tian turned his head to look, the nets had already covered his head. Yu Tian snorted coldly and wanted to pull the net off.

However, the net was being pulled tighter and tighter. The few men even tightened their grip on the net. In the blink of an eye, they had caught Yu Tian to the point that he could not move.

Zong Ming shouted, "Bring that hook over. Quick!"

Very soon, the hook that was used to unload the container was slowly lowered. They put the hook onto the net and dragged Yu Tian to an altitude of twenty meters high.

Yu Tian did not even struggle. Now was not the time. The key figure that was helping Zong Ming had yet to appear.

If he could get Zong Ming first, he would not be able to get Chang Tianyou. He would have to wait until they were all present.

At this moment, Zong Ming seemed to have lost control. He even took out a megaphone and shouted, "Mr. Yu Tian, President Yu, why are you being hung up? It was me who did it. Then do you know what I want to do next? I'll give you a few ways to die. You can choose which suits you."

"You can either fall to your death, or you can be trapped to death, burned to death, or thrown into the sea to feed the fish. Have you made your choice?"

Yu Tian did not want to waste any more time with him. Instead, he was hung up in mid-air, swaying steadily. It was quite interesting, like bungee jumping.

At this moment, Chang Tianyou appeared as expected. This fellow was arrogant and full of pride. He even gave Zong Ming a gentle hug to celebrate hanging Yu Tian in the fishing net.

Then, he said arrogantly, "I've said it before. I want him dead today. Who can keep him alive until tomorrow? Also, I've given Yu Tian, who's still alive and has lost all his mobility, to you. Now, you can do whatever you want."

"My plan has been carried out. In a while, I'm going back to the capital. Our cooperation this time is really a pleasant one!"

Chapter 94 – It's All Done On Purpose

Thank you readers!

Chapter 94: It's All Done on Purpose

Chang Tianyou raised his head and looked at Yu Tian with disdain. He chuckled and said, "This fellow is tough. We're forced to deviate from our original plan by one day to capture him. He's the first one who has ever done it!"

Yu Tian heard it clearly. "You're surprised just like that? I'll make you even more surprised later."

Zong Ming smiled and excitedly said, "No matter what, your plan has succeeded. It's impossible for Yu Tian to leave here alive. I wonder what method should I use to kill him??? If I kill him so decisively, he would die an easy death!"

Chang Tianyou did not care about all this and said in a low voice, "Enjoy yourself. I'll leave first. I have a plane to catch!"

After saying that, he turned around and was about to leave when Yu Tian shouted, "Hey, you want to leave just like that? Aren't you looking down on me?"

Chang Tianyou stopped in his tracks and looked up. He sneered and said, "You're just a defeated opponent of mine. What qualifications do you have for me to look up to you? It's your honor to be able to die at my hands!"

He really could put on an act. Yu Tian said disdainfully, "Is that so? Then, what if you die in my hands?"

Zong Ming sneered. "Are you f*cking crazy? Look at your condition now. What else can you do? Don't you want to kill us? Then come on, we're all here. Come down if you dare!"

Chang Tianyou shouted angrily, "You really don't know what you're talking about. Boss Zong, I've changed my mind. I want to watch you kill this trash with my own eyes before I leave!"

Yu Tian felt that their arrogance was laughable. "Did you think that this broken fishing net could trap me? You're dreaming."

He snorted coldly and his palms pierced through the fishing net. His strength suddenly erupted. With a crack, the fishing net instantly shattered.

Yu Tian was like a god of war who had descended from the sky. He steadily jumped down in front of everyone's eyes.

Zong Ming was scared out of his wits and was dumbstruck.

Chang Tianyou was also shocked. He had thought that this plan was flawless. Who would have thought that Yu Tian had let them trap him on purpose? He thought that he was smart, but Yu Tian was smarter.

The flustered and exasperated Chang Tianyou immediately ordered his subordinates, "What are you still looking at? Hurry up and kill him!"

More than ten men in black rushed over. Yu Tian snorted coldly. His gaze was like lightning as he sent one of them flying with a punch.

Chang Tianyou knew that these people could not stop Yu Tian at all, so it was better to leave. Taking advantage of the chaos, he turned around and ran to the beach.

Zong Ming also wanted to run, but just as he moved his legs, a strong man weighing more than 200 pounds smashed into his body. With a crisp crack, his tailbone was broken. He screamed and pushed the man away with all his might, but he could not stand up even if he wanted to.

Yu Tian took care of the thugs and turned to look. Chang Tianyou had already jumped onto the speedboat and was speeding at full speed into the distance.

“I didn't say I wanted to kill you. Why are you running away so fast?”

“But what can you do even if you've run away? Your life is in my hands. The world is vast. Let's see where you can hide?”

Yu Tian turned his head and saw Zong Ming, who was crawling with difficulty like an insect, still holding the megaphone.

He snatched the megaphone and turned it to the loudest volume. He shouted into Zong Ming's ear, “Boss Zong, where are you crawling to?”

Zong Ming was so shocked that his mind was churning. He screamed desperately, “Yu Tian, I didn't want to do it. It was Chang Tianyou who tricked me. I know I was wrong. Please spare my life!”

“Spare your life?” Yu Tian snorted coldly. “Have you ever spared someone else's life? What happened to Xiao Yun's parents and Xiao Yun was all your fault. Now you want me to spare your life?”

Yu Tian's face was full of killing intent. He did not say any further. If Chu Qing did not want him to take someone's life, he would have long forgotten about it.

With a ferocious face, he grabbed Zong Ming's neck. At this moment, several throwing knives shot out from behind him. Yu Tian took advantage of the situation and pulled Zong Ming up to block in front of him.

The two throwing knives pierced directly into Zong Ming's shoulders, causing him to scream in pain like a pig being slaughtered.

The old man who threw the throwing knives did not expect his attack to backfire. He wanted to sneak attack Yu Tian, but he had stabbed Zong Ming instead.

Yu Tian threw Zong Ming to the side. The old man and his group of disciples immediately surrounded him and attacked. The old man, the one-eyed man, and his disciples were both experts.

However, Yu Tian's face was full of excitement. It just so happened that he could settle them all here. He did not care about the other disciples and directly attacked the old man.

The old man did not give in either. He punched and kicked Yu Tian. While both of them were fighting, Fa dragged Zong Ming, who was covered in blood and quickly left.

The old man exchanged a few moves with Yu Tian and was somewhat unable to withstand it. Yu Tian's fist shook all the bones in his body to the point that they were in pain. If this continued, Zong Ming would be able to live, but he would have to die here.

Thinking of this, he took advantage of the time when Yu Tian was changing moves to throw out a few more throwing knives.

Yu Tian dodged and the old man turned around to run. He even bared his teeth and mocked Yu Tian for not having any means to block his throwing knives. Then, he turned to run.

However, what he did not expect was that Yu Tian had already caught a flying knife. Just as the old man was getting away, Yu Tian threw the flying knife, aiming for the old man.

Whoosh!

The flying knife cut off the old man's ear and blood gushed out. Even so, the old man did not slow down. He jumped over a container and disappeared.

Yu Tian blinked his eyes. 'I've never used a throwing knife before. I wanted to stab you in the back of the head! Well, I'm sorry. I'll try to hit you accurately next time!'

Although he did not kill Yu Tian this time, the enmity between them was formed. 'I'll see how you'll continue to stay in Linhai.'

The old man who left the port ran straight to the hospital. He might not be able to pick up his ear, but he could not bleed to death either.

When the doctor stopped the bleeding, he comforted the old man with a serious expression, 'It's okay. You're blind in your left eye and missing your right ear. You're now handicapped on both sides so it's quite balanced. When the time comes, I'll get you a black earmuff. You'll be alright as long as your brain is still functioning!'

The old man was so angry that he wanted to kick the doctor to death. He cursed Yu Tian in his heart.

'Just you wait. I'll make you pay in the future. Despite my calculations, I'd still be careless.'

However, Zong Ming had to listen to me. 'I'll get his money first. Yu Tian, let's wait and see.'

At this moment, in the cargo hold at the port, Zong Ming, who was covered in blood and weak, was crying and begging Fa, 'I'm in so much pain, save my life, I can give you money, save me!'

Fa said, "Of course, it's easy for you if you have money. How much do you think your life is worth? How about one billion?"

Zong Ming's heart was burning with hatred. In order to survive, he could only nod and agree. "One billion is fine. I'll transfer it to you now!"

The old man received a money transfer notification and immediately gave Fa a call. He said sinisterly, "Save him bit by bit. Get me all of his assets of ten billion!"

Chapter 95 – Women Again

Thank you readers!

The old man ordered, "I also want his port. Get him to sign the document immediately!"

"Understood, Master. I'll get him to sign it now!" Fa replied.

With Zong Ming's assets, they could do whatever they wanted in the future. Not to mention Yu Tian, even the most powerful experts would have to kneel in front of them.

Yu Tian returned to the company. Brother Long and the others, who had been waiting in the hall, hurriedly stood up and came to Yu Tian.

"President Yu, I've been waiting for you!"

Looking at the way these people were dressed with their sleeves rolled up and arms covered in tattoos, they were obviously social hooligans.

The receptionist must have thought that they were not good people, so she let them wait in the hall.

Yu Tian said coldly, "Forget about today. In the future, you aren't allowed to come here and show off. Can't you be a hooligan with style? Tell me, what is it?"

Brother Long got his meaning. He turned around and chased his subordinates out. Only then did he say to Yu Tian with a smile, "President Yu, I've finished taking care of Qin Lu. I guarantee that she won't appear in front of your younger sister in the future. Also, I want to renovate that nightclub. In terms of funds, I'm all yours."

Yu Tian did not say anything else and directly transferred two million yuan to him. This kind of person had to be supported with money. However, the money could not be given in vain.

Yu Tian said, "Take the money. But you have to do some work for me. Have you heard of Zong Ming?"

Brother Long was excited. He nodded and said, "I've heard of him. Isn't he the one who opened the port?"

Yu Tian said indifferently, "I don't care what methods you use and if you turn the entire Linhai upside down. Find this person. If you can't find him, don't ever show your face to me!"

"Understood!" Brother Long bowed and replied.

Yu Tian walked straight into the elevator without even looking at Brother Long.

As soon as he returned to the office, Yan Longwen pushed the door open and entered. She said impatiently, "President Yu, if we still can't get the Integrated Module now, our research and development will have to be stopped!"

When he heard this, Yu Tian smacked his forehead. During this period, he had been thinking about how to take care of the old man. He had forgotten all about work.

He stood up and said, "I got it. Go back and do your work first. I'll go to that Aster Technology to take a look!"

Yan Longwen thought for a moment and said, "President Yu, the boss of that company is called Huo Nanyue. I've met her once before. This woman is very difficult to deal with. Why don't I go with you?"

"Why is it a woman again? Is god playing a trick on me on purpose? The most annoying thing right now is getting in touch with women other than those surnamed Chu. But for the sake of the development of the company, I'd better bear the pressure and do what I have to do."

He said indifferently, "It's not necessary. I'll go alone. I've dealt with difficult women. I'm not afraid!"

Who was more difficult to deal with than Chu Qing?

Aster Technology was not far from Xinghe Technology. It only took him five minutes to walk there. The scale of this company was far inferior to his. It was only a one-story office building, and there were only fifty employees.

However, this kind of company controlled the world's core technology, the wireless network security integration module.

He had to come here to meet Huo Nanyue and snatch the right to use it from the hands of Tiantu Company.

Under the arrangement of the secretary, both parties met in Huo Nanyue's office.

Huo Nianyue was very busy. She was discussing her evening dress style with a few tailors. When she saw Yu Tian, she said softly, "Please sit. Give me a sec!"

It was a little awkward for Yu Tian. After all, he was the boss with a net worth of tens of billions, but she asked him to sit down and wait for a while.

"I'll wait as I have a favor to ask from this woman."

Yu Tian sat down on the sofa. From there, he could take a good look at Huo Nianyue. This woman was in her thirties, and she had a good figure. Her movements were animated. Even the tailor who was taking down her measurements was sweating.

The neck under her short hair was delicate and sexy, and the diamond necklace shone with noble temperament. Her facial features were seductive but not flattering.

At this time, a male tailor in a suit with sweat all over his face carefully asked, "President Huo, how about two centimeters wide on the shoulder? This will make the evening dress look more elegant!"

Huo Nianyue's expression did not change. She maintained her indifferent smile, but said in an unquestionable tone, "I remember that I told you that you only need to do as I asked. I don't need anyone to design my image. Wide shoulders are very popular now and everyone wears them. That's tacky. If you think I'm picky, I can change to another fashion designer!"

The tailor's face was bitter as he hurriedly said, "I'm sorry, President Huo. I'm the one who blabbed nonsense!"

Huo Nianyue said indifferently, "I hate people who blabber the most. All of you can leave now. In the future, I'll let someone else do my clothes. You don't have to come anymore!"

Yu Tian curled his lips.

With just one sentence, the designer had thrown his rice bowl away.

Huo Nianyue was even more overbearing and domineering than Chu Qing.

The tailor picked up his things with a distressed expression and left the office with the others.

Only then did Huo Nianyue return to her desk. She gestured for the chair in front of the desk and smiled at Yu Tian. "Come, Mr. Yu. Come and sit here!"

“In such a short period, you've switched two seats for me. If your office is bigger, I'd be tired from switching seats. Besides, we're both presidents of our respective companies. Why should I listen to you?”

Yu Tian shook his head and said disdainfully, “There's no need to go over. We can talk more casually!”

Huo Nianyue just smiled slightly, but her gaze was laced with anger.

“No one has ever dared to reject me. You're just a high-ranking executive of Xinghe Technology. Why are you acting high and mighty here?”

She still smiled and said, “Since that's the case, let's not waste any more time. I only have two minutes. Tell me your purpose for coming here. Try to be as simple as possible. I don't like listening to long speeches!”

Yu Tian felt that this woman really deserved a beating. “Two minutes? It takes me five minutes to pee.”

He said disdainfully, “I want to use your integration module!”

Huo Nianyue blinked her eyes and asked in puzzlement, “That's it?”

“Didn't you want me to be concise?” Yu Tian chuckled.

She found Yu Tian quite interesting. He looked submissive but his eyes and expression clearly showed that he did not take her seriously.

Why did it feel like he was bullying his little friend in kindergarten?

Huo Nianyue raised her eyebrows and spread her hands. She smiled and said, “Then I can only tell you simply that we cannot let you use our integration module. Now that two minutes have passed, please leave, Mr. Yu!”

?Chapter 96: – What Did He Save?

Thank you readers!

A man's arrogance was very hateful.

Yu Tian found that a woman's arrogance was even more hateful. “You want to suppress me? Can you do it?”

Yu Tian said disdainfully, “You have two minutes now. Very soon, you'll have two days, or even two years, or twenty years of free time. At that time, you can go to the street to look for your image!”

Needless to say, he did not have to respect her if she did not respect him first.

“Then, let's just have fun and see who can suppress who?”

Huo Nianyue smiled indifferently and said in disbelief, “Then, there's no need for President Yu to worry. Moreover, I can tell you very clearly that my future will definitely be better than you or even Xinghe Technology.

“It's because the core technology is in my hands. As far as I know, you're competing with Du Mingzhe's Tiantu Company. Although you're very capable, in my opinion, you're much worse than Du Mingzhe.

“I also have to give you a piece of advice. There are people beyond the heavens. You think you're amazing, but don't you have to sit in front of me and beg for my integration module? Otherwise, your project can't go on. Please leave. We won't see each other again!”

Yu Tian listened to her quietly and smiled disdainfully. “Is this woman going through menopause earlier? Or has she encountered negative experiences before? Why is it so ridiculous? Since there's nothing to say, then there's no need to talk anymore. We'll just wait and see.”

Yu Tian stood up when a man who reeked of alcohol broke into the office. He pulled the secretary's hair and held a knife. His eyes were filled with killing intent and his face was ferocious.

Huo Nianyue was so frightened that she immediately froze. The confident smile on her face had long been replaced by fear.

However, Yu Tian sat down again. This was going to be interesting to watch. “Aren't Huo

Nianyue arrogant? If you're so great, you can have a one-on-one fight with the knife.”

The man dragged the screaming secretary into the office and shouted, “Huo Nianyue, kneel! Kneel now, or I'll kill her!”

Huo Nianyue broke out in cold sweat and said fearfully, “Han Jie, what are you doing? Let her go and I'll pretend that nothing happened!”

Han Jie flew into a rage and hacked the desk with the knife, splitting it open.

Huo Nianyue screamed in fear and jumped, shouting, “Call security! Call security!”

Yu Tian looked out of the door. Security? Those employees were already scared out of their wits.

At that moment, Han Jie threw the secretary away and jumped over the desk. He grabbed Huo Nianyue's hair and pressed it heavily on the desk.

Huo Nianyue was so scared that her whole body was trembling. Her eyes were filled with despair and terror. She begged desperately, "Han Jie, calm down. It's not good for you to do this."

"Let go of me!"

Han Jie's face was cold. He roared, "Shut up, b*tch. I'm doing this for the company. Just because of a small mistake, you told me to get lost. My mother is waiting for me to take care of her in the hospital. Because of this, my mother almost died."

"B*tch, if you don't want me to live, I won't let you live either. Let's perish together. I'll kill you then I'll kill myself. Let's see who's ruthless!"

After saying that, the knife was placed on Huo Nianyue's neck.

Huo Nianyue, who was scared out of her wits, cried out, "Han Jie, let me go! You can come back and continue working. Let me go!"

"I don't believe you! Go to hell!"

Han Jie's eyes were red. He clenched his teeth and raised his knife, ready to cut her.

Yu Tian looked at him. Damn it, he was serious. Although Huo Nianyue was hateful, he could not watch her be cut to death.

Seeing that the knife was about to fall, Yu Tian picked up the coffee cup on the table and threw it. The cup shattered on Han Jie's face.

The moment Han Jie shook, Yu Tian rushed forward like a bolt of lightning and grabbed Han Jie's wrist. At the same time, he grabbed Huo Nianyue's neck and pushed her aside.

As he used too much strength, the diamond necklace was broken, and the expensive diamonds fell to the ground.

When Han Jie saw Yu Tian's indifferent expression, his wrist was broken by Yu Tian. The knife fell into Yu Tian's hand. Han Jie, who was indignant and furious, still wanted to snatch it. Yu Tian struck Han Jie's neck with his palm and knocked him unconscious on the ground.

"Calm down!"

After saying that, Yu Tian threw the knife aside and turned to look at Huo Nian Yue. The woman was so scared that her legs went weak and she sat on the ground. She was so shocked that she looked like she had lost her soul.

Yu Tian was afraid that she would really go into shock so he slapped her. This trick really worked.

Huo Nian Yue woke up on the spot. Tears poured out of her eyes, but she did not even say a word of thanks to Yu Tian. Yu Tian did not care about this. So what if she said it? He just did not want to watch her be hacked to death.

However, not only did Huo Nian Yue not thank Yu Tian, she suddenly touched her neck and said angrily, "My necklace. Oh my god, it's worth tens of millions. What's wrong with you? Can't you be gentler?"

Yu Tian was stunned. What did he save?

It was already good enough to save her, but she still blamed him for not caring about her diamond necklace.

He said coldly, "Your head was about to be chopped off, so why do you still need to wear a necklace? Look at that idiot. I saved you!"

Seeing that she was disgusted, Yu Tian directly walked away.

At this time, Han Jie moved again. Huo Nian Yue, who was picking up the diamonds, was frightened and ran out of the office.

Yu Tian, who had returned to his own company, found it laughable just thinking about it. It was really strange that someone like Huo Nian Yue could be a president of a company.

At this moment, Du Tianci knocked on the door and entered. Yu Tian was in a bad mood, so it just so happened that he was here.

Yu Tian sneered and said angrily, "If you're not going to work, why are you rolling around aimlessly?"

"What time is it now? You're off work, understand? I'm just here to see you. If you don't have any plans, why don't you come to the bar?" Du Tianci knew that Yu Tian was angry with him because he treated him as one of his own.

"Why do you want to go to a bar? I want to beat someone up right now. Why don't you come over and let me give you a beating?"

As he spoke, Yu Tian jumped over the desk and pressed Du Tianci, who did not even have time to resist, onto the desk. At that moment, Yan Longwen pushed the door open and entered.

Yan Longwen realized that the scene where Yu Tian was pressing Du Tianci was a little eye-sore.

“Well, you guys continue. I'll come back later!” Yan Longwen turned around and left while grimacing.

Yu Tian stopped her in a hurry and smiled. “What do you mean by continue? What are you thinking about? We're just fooling around. If you have anything to say, say it now!”

Du Tianci smiled evilly and held onto Yu Tian's arm. He said in a sissy tone, “That's right. It's what you think. We're both gay!”

“Get lost!”

Yu Tian kicked him to the ground and turned around to return to his desk.

Yan Longwen did not care about that anymore. She asked anxiously, “What happened when you went to Aster Technology? Are they willing to provide us with the item we need?”

Chapter 97 – Replaceable

Thank you readers!

He would not get angry if she did not ask about this. Yu Tian felt short of breath whenever he talked about this.

He asked Du Tianci to pour him a glass of wine and told them what happened as he drank.

Yan Longwen said smugly, “I told you that woman was hard to deal with. You've learned your lesson this time. What should we do now?”

Yu Tian snorted coldly. He had nothing to say. If he knew what to do, he would not need to be feeling angry here.

Du Tianci drank a mouthful of red wine. He felt happy. He kept smacking his lips. “This wine is still the best. It's much better than beer. Old Yu, I'll take this bottle back. I'll enjoy it tonight!”

Yu Tian did not care about this at all. There was no shortage of wine in his office. Chu Qing said that a man who drank red wine had exquisite taste. He felt that men who drank wine had the most alcoholic odor.

Yan Longwen glared at Du Tianci and said disdainfully, "You only know how to drink. Now that the research and development project cannot be carried out, quickly think of ideas!"

Du Tianci smiled and said slowly, "Isn't it just an integrated module? Do you really think that only Aster Technology has this core technology?"

Yu Tian looked over and asked, "Why, do they have competitors too?"

"Not competitors!" Du Tianci poured himself another glass and smiled. "Aster Technology is a giant in the industry. There are no competitors for integrated module technology, but it hasn't reached the point of monopoly."

"There are many small companies whose modular technology is better than theirs but in the business field, they can't beat Aster Technology. Moreover, Aster Technology has never been lenient with these small companies. They fight when they need to fight."

"I only know the technical engineers of a small company. The integrated modules they develop, whether in terms of technology or quality, are all better than Aster Technology's. It's because the company is small and can't develop further, the industry doesn't know of its existence!"

Yu Tian narrowed his eyes. It seemed that he still did not know much about this industry. So he asked, "Then what are you waiting for? As long as you provide us with the technology, I can let his small company become a company bigger than Aster Technology. Immediately contact the person you know now!"

Du Tianci did not waste any time and immediately dialed an international long-distance number. After a few exchanges in a foreign language, Du Tianci hung up the phone with a smile and said proudly, "Done. Tonight, the engineer I know will specially fly over and will arrive tomorrow afternoon. There's no problem with the technology too. He can even provide it for free. The condition is to cooperate with us to develop it!"

Yu Tian finally felt better. He laughed and said, "You can take credit for getting the module technology this time. Come, let's go to the bar!"

At this moment, Chu Qing pushed the door open and entered. Yan Longwen and Du Tianci hurriedly got up. Chu Qing only glanced at them and said domineeringly, "You guys can go out first!"

The two of them did not say anything else and immediately went out.

Yu Tian was in a good mood, so he smiled and said, "The gift has been delivered to my door. What good stuff is it?"

Chu Qing had a small dimple on her face. She chuckled and said, "The gift is me. Do you want it?"

"Are you kidding me?" He smiled helplessly and said, "Let me live a few more years. At least you'll give me a chance to meet the other 100 or so sisters!"

Chu Qing snorted disdainfully.

"I don't know how many rich and famous people want to lick my feet but I don't glance at them.

But here I am and you don't even want me when I'm at your door? Why are you so ignorant?"

She could not be bothered to waste her breath on him so she said, "Look at yourself, looking down on your sister. Aren't you afraid of being struck by lightning? I'm not going to talk so much with you anymore. Come with me!"

The two of them came downstairs. Yu Tian immediately saw the Black Phantom that was parked at the door. It had red psychedelic wheels. It looked very domineering.

Yu Tian chuckled and said, "I have to thank you for this. I like this!"

Chu Qing laughed and said, "If you don't like it, you'll never see it again. Let me tell you, this Phantom Ghost is specially made for you. This is the only model in the world. It's 30 centimeters wider than the previous one. It's all bulletproof glass and voice-controlled.

"The engine uses the technology of a fighter jet turbine. The maximum speed can reach 350 miles per hour. In the future, when you use it to flirt with girls, you'll definitely be able to hit on them!"

Yu Tian knew that she was speaking out of anger. However, to be able to build a supercar for himself, and to be able to get it so quickly, probably only the Chu family could do it.

He got into the driver's seat and ignited the engine. The moment he did so, a red and sexy ray of light drifted away. It was extremely charming.

Yu Tian waved at Chu Qing and smiled. "Beauty, want to go for a ride?"

Chu Qing smiled charmingly, baring her little canines, and said, "I'd be happy to!"

The engine roared and shot out directly, leaving the dust behind.

Du Tianci and Yan Longwen stood behind the window and sighed. Especially Du Tianci, who said enviously, "I want a Phantom Ghost too!"

Yan Longwen slapped the back of his head and said disdainfully, "Are you awake yet?"

"Yes, I'm awake. Let's go home!"

The two of them left the company silently and went back to their respective homes.

By the seaside, Yu Tian and Chu Qing, who were bathing in the sea breeze, were feeling relaxed.

Chu Qing retracted her gaze from the distance and said in a low voice, "Tomorrow at midnight, the ship will dock. They'll only stay for five minutes before leaving. You should rest well. This meeting will have a decisive effect on your future!"

Yu Tian was puzzled. "Who exactly wants to meet me? Can't you tell me in advance?"

She shook her head and said helplessly, "The higher-ups of the family only told me that this ship is extremely mysterious. No one knows when or where it will appear. Even the satellites can't spot it.

"Every time it appears, it will definitely have a request. The last time it appeared was fifty years ago, and it was only five minutes. This time, it will be also five minutes!"

Yu Tian nodded and did not ask any further. He would know when the time came. That night, there was nothing else to say.

The next morning, Yu Tian went to visit Xiao Yun. Her injuries had recovered quite well, but her personality was still that of a girl. She hugged a plush toy and begged to eat ice cream.

Yu Tian went to buy her a stick of ice cream to make her happy. He even tugged at Yu Tian's arm and said with a smile, "Brother, you're so kind!"

The more she said, the more uncomfortable he felt. Yu Tian rubbed her head and got up to leave.

After returning to the company, Du Tianci brought the engineer who had flown from Super Nation to the office and introduced him to Yu Tian.

"President Yu, this is the engineer I told you about, Zeng Xuezheng!"

Yu Tian smiled and got up. He shook hands with Zeng Xuezheng, who had a sincere smile on his face.

Zeng Xuechen said excitedly, "I was so excited that I didn't sleep the whole night knowing that I could work with Xinghe, the best company in the country. I'm very grateful to President Yu for giving me this opportunity. By the way, this is the safety integration module that my team designed and developed!"

As he spoke, Zeng Xuechen took out a USB flash drive from his briefcase and said with a smile,

"This is all the technology of the integration module, but I have to remind you that Aster Technology doesn't want to see this!"

Chapter 98 – Traditional Rules

Thank you readers!

Yu Tian did not understand. Was this technology not developed by Zeng Xuezheng himself? Or did he steal Aster Technology's? Why he could not let them know?

Zeng Xuezheng smiled and explained, "Aster Technology has the military background of the Super Nation. They've always disliked other people's interference in the field of security modules. If they want to monopolize the global module market, they can't have any competition!"

Yu Tian sneered in disdain.

"This is the eastern country, and it's a technology developed by our own people. Why can't we use it? If they want to talk about it, I'll definitely accompany them!"

Zeng Xuezheng admired Yu Tian's domineering attitude. He did not choose the wrong person. There would definitely be better development in the future.

Yu Tian made two very firm decisions at the same time.

"Now that we have the module, we'll register the patent tomorrow. Professor Zeng, on behalf of Xinghe Technology, I invite you to join our development team. No one will dare to compete with you here!"

"Thank you, President Yu. I'm very honored. I'll work hard to integrate my technology into the project in the future!" Zeng Xuezheng stood up and said.

Yu Tian handed the task of entertaining Zeng Xuezheng to Du Tianci. It was convenient as they knew each other.

Now, he had to sleep quickly. He still had to go to the port at night. As he lay on the sofa, feeling half asleep, there was the sound of high heels clacking outside the door. There were four girls from the Chu family, and they were accompanied by a beautiful woman in her twenties who had an extraordinary temperament and a hot figure.

Chu Qing made a solemn introduction first.

“Brother, this is the President of our Chu family in the southeast region, Chu Hui!”

She was one of the 108 sisters. She was also the leader of the entire southeast region. Her strength and power were above Chu Qing's.

Yu Tian nodded slightly. Chu Hui pursed her lips into a smile. She was very flirtatious.

She looked at Yu Tian with a clear gaze and opened her red lips as she said appreciatively, “Look at this handsome young man in our family. This is the first time I've seen you in person. I'll give you a red packet. You can buy whatever you like!”

The phone rang. Yu Tian lowered his head to take a look. “Damn, 100 million? Did the Chu family really like giving away money that much?”

“Thank you, Sister Hui!” Yu Tian said politely.

Chu Hui nodded. Even after obtaining 100 million, he was still so indifferent. It seemed that only the genes of the Yu family could be so domineering.

After everyone sat down, Chu Hui brought out the imposing manner of a superior. She said seriously, “The Eternal Life will dock at 12 tonight. I want a 50-nautical-mile radius and a

10-kilometer radius on land to be cleared. No one other than Yu Tian will be allowed to enter.

“At the same time, seal every mouth. The security guards participating in today's operation must forget everything that happened today.

“According to the rules, our Chu family is only a foil this time. We're not allowed to enter within a 10-kilometer radius. Otherwise, we'll be killed without mercy. Everyone must remember this!”

Yu Tian was shocked. Even the Chu family was so afraid of this ship. Who was the person on it? They would kill without mercy if they took a step closer. What kind of power was this?

Chu Xin said, "I've already communicated with the satellite ground receiving agency. Their people are now installing a shielding device. When that time comes, no satellite will be able to detect the port!"

Chu Qing opened the map and said in a low voice, "The higher-ups of the family ordered us to wait for orders 50 kilometers away from the port. We can do it right here at the Xinghe Technology!"

At this point, Yu Tian extended his hand to signal for everyone to listen to him. "Ladies, do you have to be so nervous? Isn't it just a ship? Is the person on it a god?"

Chu Hui smiled tenderly and said softly, "Brother, believe in the arrangements of the sisters. This is the rule of the Chu family. We have to make such arrangements every fifty years."

"You may not know this, but it's not just us. All 108 of your sisters are preparing for the arrival of this ship. We're just the ones closest to you!"

Yu Tian shrugged his shoulders and lay down on the sofa nonchalantly. If they were willing to work, so be it.

Was it not just a five-minute meeting? He wanted to see just how powerful the people on that ship were.

At 10:30 pm, Chu Qing woke Yu Tian up. "Don't sleep anymore. Go take a shower and change into the clothes we brought for you!"

Yu Tian said impatiently, "I need to shower and change? Those who don't know would think that I'm getting married!"

Chu Qing's face was stern as she said in a low voice, "Don't talk nonsense. Hurry up and take a shower. Can you be more attentive? For the sake of these five minutes of meeting, there are at least tens of millions of people in the world who are busy working for you at this moment!" "Is it really that exaggerated?" Yu Tian almost laughed out loud.

At this time, Chu Hui, who had changed into a black gauze outfit and black stockings, entered the door and urged. "Hurry up. He must enter the port before 11:30pm!"

Yu Tian realized that Chu Qing and Chu Hui were wearing the same style of black gauze clothes, similar to Han Chinese clothing.

It was so mysterious. Why did it feel like a ceremony was going on?

After taking a shower, Yu Tian picked up the clothes. Fortunately, he was wearing a suit, not a black muslin suit.

The five girls of the Chu family personally sent Yu Tian downstairs. When they walked out of the building, everyone put on sunglasses and black hats as if they were afraid to see anyone.

Yu Tian wanted to get into the Phantom Ghost, but Chu Hui stopped him immediately.

“Brother, you can't take the car. You have to walk there!”

Ten kilometers? Walk? How many people would die from exhaustion?

Yu Tian sighed and waved his hand impatiently. Without saying a word, he walked away.

Only when Yu Tian's figure disappeared did the five women hurriedly return to the building.

The night was originally noisy and lively, but it was extremely quiet today. There was not even a

shadow of a person.

There was a roadblock ten kilometers away from the port. Dozens of men dressed in black silently opened the roadblocks when they saw Yu Tian and allowed him to pass.

When he was five kilometers away from the port, Yu Tian found that there were no lights on in any of the buildings. It was pitch black. Only the street lights leading to the entrance of the port were lit.

Seeing that Yu Tian had successfully entered the port, the surrounding security guards immediately retreated ten kilometers away.

Yu Tian looked left and right. Fortunately, the lights in the port were still on, but there was no signal on the phone. It was just like the dark and deep-sea in the distance. There were no moving ships.

It was exactly ten minutes until midnight,

Yu Tian stood at the designated position and welcomed the meeting that tens of millions of people were busy with.

As the time slowly approached 12 sharp, a violent wind and waves suddenly blew on the surface of the sea. Yu Tian looked over and saw that the waves were as high as 10 meters. However, he could not feel any wind from where he was standing.

When it was 12 on the dot, a deafening thunder suddenly roared in the sky. The lightning seemed to be right in front of Yu Tian's eyes. Yu Tian closed his eyes after the lightning bolt flashed.

When he opened his eyes again, everything in front of him made him gasp..

?Chapter 99 – Ice Ship

Thank you readers!

When Yu Tian opened his eyes, a ship covered in ice suddenly appeared. The bow of the ship was facing Yu Tian. It was 100 meters wide and 10 stories high.

The body of the ship at the back was endless as if it had become one with the pitch-black sea. Such a large ship had appeared in front of him silently.

Yu Tian was extremely shocked.

At this moment, an entrance suddenly opened under the bow of the ship and a ladder slowly extended in front of Yu Tian.

Looking at the pitch-black entrance, Yu Tian did not hesitate and directly stepped into it.

The bigger the object, the more terrifying it was. Yu Tian felt like he was an ant that had been swallowed by a huge beast and quickly walked into the entrance.

When the door to the entrance closed with a loud bang, the lights were switched on.

He looked up and was shocked again. This ship was extremely luxurious. Everything was made of gold or jade.

Stepping on the soft carpet, Yu Tian felt as if he was in a mysterious palace. At this moment, dozens of women in black veils slowly walked out of a cabin door.

They knelt in front of Yu Tian and kowtowed three times. Looking at them, Yu Tian wondered if he had transmigrated to another world?

Then, a woman in front of him said in a low voice, a€?Please follow me!a€?

Yu Tian raised his eyebrows and did not say anything. He followed her into an even more luxurious hall. There were four pillars carved with four ancient divine beasts in the hall. Each pillar was five meters in diameter.

In the middle of the four divine beast pillars was a golden table. Behind it sat an old man with white hair and a childlike face. At this moment, he was staring at Yu Tian's face without blinking.

Yu Tian walked toward the table. Before he could say anything, the old man's vigorous and powerful voice sounded. "Not bad. It's exactly the same. It's all the will of heaven!"

Yu Tian's face was filled with confusion. What kind of thing was exactly the same? At the very least, you could introduce yourself. What was wrong with being sentimental when you meet?

The old man seemed to have seen through Yu Tian's thoughts. He said expressionlessly, "We only have five minutes. We don't need to have those useless conversations. My name is Yu Buhui. As for who I am, it doesn't matter. You just need to answer a few questions!" His surname was also Yu? Could he be a relative?

Yu Tian sat down without an invitation and said indifferently, "Ask away!"

"If you were to lose a close relative, who would you choose?" The old man started with his first question.

Yu Tian felt that this question was nonsense. He said disdainfully, "I choose myself. Can you tell me who you are? What's going on with this ship?"

There was a hint of appreciation in the old man's eyes, but his tone was still cold as he said, "This explanation takes a lot of time. You and I will still meet someday. It's not too late to talk about it then. Now, I want you to answer me. If I take away all your wealth, will you earn it back?"

Yu Tian said without hesitation, "I'll earn it back. Can you ask me something useful?"

The old man laughed and nodded. "You have guts. It seems heaven is being kind to you. Yu Tian, remember what I say next.

"The 108 sisters of the Chu family exist for you. They have been slaves for generations. You have to control their life and death, embrace them all, and accumulate wealth. Before we meet again, you have to have 108 children. I guarantee that you'll have 72 girls and 36 boys!"

"Wait a minute!"

Yu Tian frowned and stopped him. "Do you think I'm a pig? Why do I have to do this?"

"That's because you have to bear the honor and disgrace of both families!" The old man said in a deep voice, "You have to grasp enough wealth with the help of the Chu family and create your own empire. When this ship appeared, you were destined to change many things. This is your fate!"

Yu Tian said disdainfully, "I don't think I can change anything. Moreover, I feel that this meeting has no value at all!"

However, Yu Buhui suddenly turned around and suppressed his imposing manner.

It made Yu Tian feel a little breathless. It was as if he was using this method to order him around.

Yu Buhui said domineeringly, "Do you think this is just a simple ship? All you can know is to remember your responsibility and those 108 slaves!"

Yu Tian gritted his teeth and endured the pressure as he said, "The Chu family is the number one family in the world. You say that you want me to help them. They don't need my help at all!"

The old man snorted coldly and said arrogantly, "So what if they are the number one family? If it wasn't for your appearance this time, the 108 sisters of the Chu family would've been killed. They were born without any meaning. Why do they need to live?"

"Your appearance gave them a chance to continue living. This old man saved them the trouble of making a move on them and even let you bring them great benefits. The slaves are being let off easy!"

He spoke of slaves as if he was much more noble?

However, in front of that pressure, Yu Tian could not resist. He continued to ask, "What exactly is your relationship with our Yu family?"

"You don't need to know yet. The next time we meet, you'll know without me telling you!"

As soon as Yu Buhui finished speaking, he withdrew his imposing manner and turned around to pick up a palm-sized box on the table, handing it over to Yu Tian.

He slowly said, "Someone entrusted me to pass this to you. As for who it is, you don't need to know. You only need to remember that the things in this box can protect your life. It's a rare treasure. You have to keep it well!"

Yu Tian opened the box.

Inside was seven black metal needles and a small booklet. It looked very old.

At this moment, a middle-aged man with a jade plate walked into the hall and said respectfully,

“Celestial Master, there's still one minute left. Do you want to return everything to zero?”

Yu Buhui waved his hand indifferently.

“There's no need to do this. With the suppression of our clan's incense, there's no need to care!”

After giving the order, Yu Buhui suddenly looked at Yu Tian amiably and said with some desolation, “Child, we will meet again very soon. Remember, your existence is like the pillar that supports this world, and you must not slack off.

“As for the Chu family, you can do whatever you want because after this meeting, their entire family will have to thank you. Our time is up. I know you'll have many questions, but as you grow up, you'll slowly find the answers on your own!”

Yu Tian kept the box and asked, “Where did you come from? Have you met my parents? Please answer me!”

Yu Buhui laughed out loud.

“We'll meet very soon. You'll know when the time comes. The promise is that you have to become strong enough so that you can bear the answers to the questions. Time is up. Get off the boat!”

After saying that, Yu Buhui disappeared without a trace before Yu Tian could react.

The middle-aged man behind him went up to ask Yu Tian to leave.

“Get off the boat quickly, or you'll die!”.

?Chapter 100 – He'S My Boss

Thank you readers!

Yu Tian looked at the middle-aged man with disdain and snorted. “What? If I don't leave, you'll kill me?”

The middle-aged man nervously looked at the jade plate and said, “There's no need for me to do it. Your current ability is still very weak. You'd better get off the ship first!”

There was no point in staying here anyway. Yu Tian strode out of the hall and walked out of the ship under the lead of the woman.

The moment Yu Tian landed on the ground, he turned around and saw that the ship had long disappeared.

“Did I f*cking step onto a ghost ship?”

He looked around and found that the wind and waves were calm. There were no signs of a ship docking. No matter what it was, he had already disembarked. This meeting could be considered to be over.

Yu Tian walked toward the company as he wondered when would his strength surpass Yu Buhui's? The next time they met, he definitely could not let him suppress him anymore.

When he returned to the company, the five women from the Chu family surrounded him with cold sweat all over their faces, giving Yu Tian a fright.

“Did you guys just come back from climbing the mountain?”

Chu Hui said tiredly, “We didn't climb the mountain, but in the past five minutes, we almost lost our lives. Thank you for saving us!”

Yu Tian could not understand what she was saying at all. He said in puzzlement, “I'm curious. I only spoke a few words with that old man, and I saved you guys just like that?”

Chu Qing continued and said in a relaxed manner, “In short, everything has returned to normal. Little Brother, you've worked hard this time. Big sister will bring you to have supper!”

How could he have the mood to have supper now? Yu Tian asked with a cold face, “Don't play around with me. What do you mean by that? Tell me clearly!”

Chu Hui had no choice but to give a simple explanation. “Little Brother, it's not that we don't want to tell you. It's because we don't know more than you do. I've only read a few words in the family's ancient records.

“Every generation of the Chu family has to ensure that they have 108 sisters so that the family can always maintain its existence. I think it has something to do with this meeting, but the family's regulations— We cannot study those secrets. One day, when you can marry one of us, we'll naturally let you know!”

One of them? Yu Tian felt like laughing for some reason. Thinking of this, Yu Tian smiled and said, “I'm really a little hungry. Let's go and have supper!”

The five women of the Chu family changed their clothes. The hotel had already been arranged.

However, Yu Tian discovered that dozens of bodyguards dressed in black surrounded the hotel from both inside and outside. It was as if they would be attacked at any time.

Seeing the doubt in Yu Tian's eyes, Chu Xin smiled and explained, "These are all Chu Hui's bodyguards. Her net worth is more than all of us combined. In the future, if you need money to spend, just ask her for it!"

Yu Tian did not doubt this. A random red packet worth 100 million was not lacking in money at all.

The waiters began to serve the dishes one after another. Yu Tian wanted to go to the bathroom first. Before he entered the washroom, he heard someone acting like a hooligan inside.

It was a despicable man. He said, "Don't you believe in my ability now? I asked you to clean the washroom, so you have to clean the washroom. You have already agreed to my request. Why do you have to swallow your pride here? Aren't you tired of smelling the stench all day long?"

At this moment, a familiar voice to Yu Tian sounded. He said in shock and anger, "Manager Xie, please don't be like this. Otherwise, I'll call for help!"

"Call for help? You're just a smelly cleaner now. Who cares about you? I'm the general manager here. I'm here to check on your work. What's wrong with that? Qing Xiaowan, don't be unappreciative. I want to play with you. That's your good fortune."

"If you serve me comfortably, I'll let you transfer to another department. Then, you don't have to clean the toilets anymore. If you resist me, you can pay me back the money for the antique vase that you broke!"

As he spoke, Manager Xie started to make moves on Qing Xiaowan. She struggled with all her might and said fearfully, "Let me go! Let me go! Help!"

When he heard this, Yu Tian immediately broke into the room. When she saw that it was Yu Tian, Qing Xiaowan felt so wronged that she started to cry.

When he saw Manager Xie, who looked like a big corn, was about to succeed but was interrupted by this hothead. He said angrily, "She's my woman. You better not meddle in our business!"

Yu Tian chuckled. Without saying a word, he kicked Manager Xie to the ground, and his head hit the urinal. It hurt so much that he screamed in pain.

"You dare to kick me? I'm the general manager of this restaurant. You dare to kick me? Who are you? I'll make you suffer!"

Yu Tian could not be bothered with him. He turned around and asked Qing Xiaowan, "What are you doing here?"

Qing Xiaowan did not know how to explain herself. She only cried. Moreover, this was not the best place to talk. It was smelly.

Yu Tian pulled Qing Xiaowan to an empty private room. Before leaving, Yu Tian kicked the manager again, breaking a few of the good-for-nothing's ribs.

Qing Xiaowan cried and said, "My father is still here. I can't leave, but I have to work. I found a job as a waitress here. When I was cleaning, I accidentally broke Manager Xie's vase. He wanted me to pay for it.

"I don't have that much money. He wanted to do something to me. When I didn't comply, he asked me to clean the toilet. Today, it's all thanks to you. Otherwise, I wouldn't know what to

do!"

Yu Tian sighed. This woman's life was really tough. How could she continue like this?

Just as he was thinking about how to help her, a few men helped Manager Xie into the private room. Yu Tian turned to look at the man leading the group and sneered. The person leading the group was none other than Brother Long.

The moment he saw Yu Tian, Brother Long almost shit his pants. Manager Xie did not notice it and shouted, "Brother Long, he's the one who hit me. This waitress broke my vase worth 500,000 yuan. Isn't it normal for her to ask for compensation? But what does it have to do with him? Look at how this b*stard beat me up. Brother Long, you have to avenge me!"

Brother Long nodded slightly. He walked up to Yu Tian and said respectfully, "President Yu, what do you think of 500,000 yuan? Why don't I let him renegotiate?"

Seeing this scene, Manager Xie felt a little discouraged. What was going on? Why did Brother Long seem to be afraid of that trash?

However, Yu Tian smiled calmly and said, "Just do as you see fit. Hit him hard. I like to hear screams!"

Brother Long nodded his head and accepted the order. He turned around and walked up to Manager Xie with a sinister smile.

"Manager Xie, I'm really sorry. You might be crippled today!"

This big corn sneered in disbelief and said, "Brother Long, why are you afraid of him? You're the boss!"

Brother Long sneered and said, "But he's my boss!"
