However, there was a scent emanating from him that almost seized their hearts and declared that

"How can it even be possible?" Alpha Neil mumbled under his breath as he gazed at his younger son with a different look.

Three men came out of their cars. Each of them had a well-built body and a firm attitude.

If Allison only took a glance at them, she would be able to recognize two of them. However, her gaze was intently directed toward the person dressed in black.

One of his men opened his car's other door.

She walked around the car and stood next to the Alpha, and held his arm. He turned his head to

Allison's eyes shifted to the woman. She looked one or two years older than she was. She had the

The most striking feature of her appearance was undoubtedly the emerald hue of her eyes. Her smile toward the man next to her, saying how comfortable she was with him.

The pack fighters who were standing around them bowed at Ryan.

Ryan did not reply to them. He turned his head to Alpha Neil.

Alpha Neil walked a few steps forward and said,

"You are back, Ryan."

A young man spoke out as he walked to Ryan and stood next to him.

"You?" Alpha Neil turned his attention to the other person and asked.

Alpha Neil was taken aback. His mind was messed up. He could not believe what was happening.

"It looks like Alpha Neil is so excited to meet me that he forgot all the manners that he used to teach others." Ryan let out as his eyes were fixed on him.

Before Alpha Neil could say anything, Ethan broke the silence and greeted Alpha Ryan, saying,

"Welcome to the Moonlight Crown Pack, Alpha Ryan."

"Please, come inside." Wade said as he gestured his hand to the pack house. As the Night Crown

Pack's beta, he made an effort to maintain order in the chaotic situation. It was impossible for him to deny the fact that the situation left him in a state of shock.

The focus of Ryan's eyes shifted to him, and he gave him a professional nod.

Allison experienced a rush of the agony that she had worked so hard to block out returning to her heart. Ryan's face was enough to change her heart. The cold attitude she had been maintaining disappeared in an instant.

But she controlled herself and brought herself back to the present moment by reminding herself of who she was.

Her attention was drawn to the hand of the woman who was holding onto his arm. She turned her

head to look next to him and noticed the Gamma of his pack. He was unfamiliar to her. But the

For once, she had the urge to rush over to him and ask him how that everything had happened.

She was surprised that it was Owen and Vernon. She was curious as to whether or not they were also officials.

Ethan controlled himself and walked behind them.

She leaned against a wall for support and started breathing deeply.

As she worked hard to keep her emotions under control, she bit her lips.

She ignored everyone's gaze and walked to the couches where everyone was sitting.

Ethan gestured for her with his head to sit beside him. Everyone noticed that. She went to sit next

As soon as she entered the pack house, the attention of everyone except Ryan was drawn to her.

"I am here for business, Ella Iversen. I am not interested in your family since I had already broken all the relationships with you two years ago. I hope I don't have to remind you all again."

The tears begin to form in Ella's eyes. Her head was down as she tried to control the tears from

"How dare you speak to your mother in such a disrespectful manner?" Alpha Neil yelled at Ryan.

Immediately, all of the pack fighters from the Black Moon Pack, who were standing around the

couches, pulled out their guns and pointed them in Alpha Neil's direction.

They nodded their heads at him and put down their guns.

The actions left everyone in shock. Ryan motioned for them to put their weapons down with a

If he had said that two years ago, everyone would have warned him, mocked him, or scolded him.

From the moment Ryan came here, he did not give her a single glance, as if she were invisible to

Ethan turned silent. Meanwhile, Allison listened to the conversation quietly.

"Alpha Ryan, I apologize for my inconvenient behavior." Alpha Neil said, and he looked away from him. Because he was not his son anymore, in front of him was Alpha Ryan, who was the

leader of the Black Moon Pack. He could not give him a chance to do anything destructive to his

pack. He could not let Ethan's hard work go in vain.

Ryan smirked when his father apologized to him. He turned to the woman beside him and said,

"See? Power can make anyone apologize to you. I was talking about this. But you never learn to apologize."

The woman rolled her eyes and replied,

"Why would I learn to apologize to anyone? I don't need to. After all, I am Alpha Ryan's Luna."
