

Chapter 236 Wake Up Alone

Rose P.O.V

I opened my eyes and saw a new room.

'Where am I?' I thought.

I sat up and looked around. It looked like an old room with antique decorations. Then I remembered my birthday night.

The way Arvan rejected me, my wolf, I never thought he could do that to me. He had a girlfriend. I knew that but he could talk to me nicely and told me about rejection first. I could at least think about it but what about the consequences? Did he not know about the outcome? I could have died. He rejected me but did not care about my life for once.

How unlucky I was!

My mate rejected me and I fell in love with him before his merciless rejection. If I knew about this, I would have controlled myself from falling in love. I always saw my dad. He loved my mom very much. He never gave any pain to her nor did he break her heart. They were mates and that was called a mate bond. Then why did my mate do that to me? How could he not let me explain my side? Was it that easy for him? Did he not feel the pain of breaking the mate bond? Was I the only one to feel that? What about his wolf? Didn't he also want us? What about my wolf? Did he ever care about what his mate would feel? He rejected me because I was weak. He was right. I was a weak creature. How could an omega rule the pack beside an Alpha? The Alpha would only feel disgraced, he would feel disgusted and his ego would collapse. That was why my mate did that with me. I didn't know what to think anymore.

"Rosalie, I'm sorry that you have to bear all of this. I don't know how we did survive but I know the pain level I felt that night was nothing that you felt. I'm sorry that he rejected you. Don't worry, we will survive all of this. The Moon Goddess sure has a better plan for us." I sadly smiled.

I waited for some time to hear her reply.

But,

She wasn't replying to me.

"Rosalie, are you angry with me?" I asked nervously.

She still didn't reply.

"Rosalie, please say something, you are scaring me now." I told her.

I started crying. I didn't know why she wasn't talking to me.

Then I realized something. I couldn't feel anything. I couldn't feel my wolf. I couldn't feel Rosalie.

"What happened to you, Rosalie???" I cried aloud. She didn't answer.

Rosalie was not replying to me!! How much time had I slept there? Where had she gone?

"Where are you? Why did you leave me? Why???? How can I leave without you? He rejected you but I didn't. How could you leave? You were my friend, my soul, the one who made me think I could do anything.

No matter what people think about me.

I love you. Why did you leave me, Rosalie? Why? Was it so painful that you had to leave? You couldn't bear it!!! You left by giving me a new life! You were bearing the consequences of rejection on your own. You gave me a new life by giving up on your own?"

I was crying loudly and hard. I didn't know what to do anymore. I felt like a psychopath.

I felt like a dead person.

Without my wolf. I was only human now.

I stopped crying and said,

"Arvan Black, you dared to take away my wolf from me. You knew that I would have to bear the consequences, but still, you rejected me. You didn't show any mercy. You even insulted me. You didn't give me a chance to explain myself. You insulted my love. You broke the rules of thousands of years.

You are very proud of your rank. You rejected me because of my rank and want to accept that Lina because of her high rank, right?

From now on I, Rose Lee, won't be afraid of you. Maybe Lycans are also scared of you and your power, but I won't. One thing I understand today is why they call you brutal and merciless.

Because you are the only beast inside. You don't have humanity at all. The man who doesn't care about his mate and mercilessly rejects her, the mate bond that every head alpha in our pack was afraid to break, you broke that. If you are not brutal, then what are you?

From today, I won't love you anymore. You called me slut, right? You told me I tried to seduce you? From now on, I'll only ignore you for the rest of my life.

I curse you, you will regret it, Arvan Black.

The Moon Goddess won't forgive you for this and you will regret it a lot.

BUT I WON'T FORGIVE YOU, NEVER ."
