

ONE-CLICK TRAINING SYSTEM INSTANTLY MILLIONS

Chapter 10: Level 2 one-key practice function!

"It's already 161 gold coins!"

Su Lang licked his lips excitedly, "System, upgrade me the one-key practice function!"

"Ding! Consume 100 gold coins, the one-key training function is upgraded to level 2, and the training speed is increased to twice the basic speed!"

On the white villain in the mysterious black space, the speed of the golden air flow instantly doubled!

"This turbulent aura, so fast!!"

Feeling the aura continuously pouring into his body, Su Lang couldn't help opening his arms, his face full of intoxication.

After the cultivation speed was doubled, the time originally expected in less than five days was immediately shortened by half.

In just over two days, Su Lang can complete the goal that most people need to struggle for decades-to be promoted to an official warrior!

"It feels so refreshing!"

Seeing the white villain in the black space gradually turning into gold, Su Lang couldn't help but curled up his mouth.

Immediately Su Lang asked extremely expectantly: "The system, at this speed, how long will it take me to break through to the advanced body tempering?"

"Host, you can break through to advanced body tempering in only 4 hours!"

"Four hours, just one afternoon!"

Su Lang was overjoyed, "When I find the hunting base of the Broken Axe Hunting Group, I will almost be able to break through!"

Now that the house was sold, Su Lang had nowhere to go, so he decided to step on it.

With an extremely happy mood, Su Lang got on the No. 1 Reiki bus to the city gate.

Most people who take bus No. 1 go hunting outside the city.

Only after entering the Body Tempering Realm, did he dare to hunt the F-class fierce beast in the area closest to the barrier.

Therefore, most of the cars in this car are in the body tempering state, and Su Lang is inconspicuous in the crowd.

After half an hour, the Lingqi bus arrived at the terminal.

At this time, the number of people in the car has been reduced by half. It can be seen that even if the body is tempered, not everyone dares to go out hunting.

After getting off the car, Su Lang saw an extremely tall barrier.

This barrier is so high that it is comparable to the Martial Arts Alliance Building, more than two thousand meters high.

Its thickness is also very amazing, exactly like a thick mountain range lying on the ground.

In addition, a large number of arrays are carved on the barriers. These arrays are not only defensive, but also offensive, which are very powerful.

However, from the degree of defense of this barrier, we can infer how powerful the fierce beast outside is!

Following the group of people out of the city, Su Lang came to a hall.

This hall is also affiliated to the Martial Artist Alliance and is called the Tower Hall.

The hall of the tower has functions such as selling map information, recovering beast materials, natural treasures, selling medicines, weapons, and armors.

In addition, the street outside the tower hall is full of private stalls selling all kinds of goods.

Su Lang came to be interested, and walked around the street to look around.

"Maps are sold, maps are sold!"

A middle-aged man with a junior body tempering shouted to Su Lang, "The latest version of the map was updated only the day before yesterday. The young man will have one!"

"Then have a copy."

Su Lang was in need of a map, otherwise he would be blind when he left the city.

"Hehe, Chenghui 1 gold coin"

The middle-aged man handed over a map, his face was full of laughter.

"1 gold coin? Are you stupid?"

Su Lang shook his head speechlessly, "1 silver coin, whether you like to sell it or not, there are many people who don't sell it."

With that said, he was going to the next stall.

"Oh little brother, don't go!"

The middle-aged man smiled stiffly, "Two silver coins, the lowest!"

"Two silver coins are fine."

Su Lang stopped and threw two silver coins, "But I have to ask about one thing."

"You said, I will tell you what I know."

The middle-aged man smiled and handed the map to Su Lang.

Su Lang took the map: "I ask you, do you know the stronghold of the Broken Axe Hunting Group in the F-class Wind Wolf area?"

"The stronghold of the Broken Axe Hunting Group? I must know that."

The middle-aged man's complexion changed, "You guys are here for the first time."

"Ok."

Su Lang nodded happily, "Tell me about this stronghold."
