[Chapter 1071: Emperor Minggu!](#)

"Properties panel!"

[Name]: Si Yuxiao

[Race]: Zi Ming Emperor Clan

[Qualification Level]: Absolutely (Minggu Emperor Titus)

[Realm level]: Wu Zhuan Wudi

[Attack level]: Sixth Rank Wudi

[Defensive Level]: Sixth Rank Wudi

[Shenfa Level]: Sixth Rank Wudi

[Endurance Level]: Sixth Rank Wudi

[Spirit Level]: Realm of Kongni

【Mastering Techniques】 : Purple Ming Heart Sutra, Ming Ancient Emperor Jing (Emperor Level, Dacheng), Bingji Sword (Emperor Level, Xiaocheng), Xishoulin (Emperor Level, Xiaocheng), Wu Qianye (Xian Level, Consummation), Misty Moon (Xian-level, Consummation)...

"Emperor Mingguo!?"

"What is this!"

Su Lang's expression remained unchanged, but he was a little excited.

Enough of the cookie-cutter property panel, and finally saw something new today!

Simultaneously.

Su Lang was also surprised by Si Yuxiao's strength.

Si Yuxiao is clearly only Rank 5 Wudi, but he has the strength of Rank 6 Wudi!

Apart from Xuan Xuan, Su Lang had seen someone who could leapfrog the enemy in the realm of Emperor Wu.

In addition, the 23 Wudi, including him, also possessed the strength of Emperor Jiaoqin Wudi and Zunsheng.

There are very few Wudi Wudi with five turns, most Wudi are three turns and four turns, and there are several Wudi with two turns like Ni Qianzhou.

"And this Si Yuxiao has also practiced three emperor level exercises!"

"Those immortal skills are not ordinary things, they really deserve to be ancestors!"

Su Lang sighed in his heart, and immediately opened Si Yuxiang's property panel.

However, this Si Yuxiang is very ordinary, not a fetus of the ancient Emperor Ming, and he has only practiced one emperor-level exercises of the ancient Ming-emperor scripture and some immortal-level exercises.

I thought it was just a short time after breaking through to the first rank of Wudi, and had not experienced more exercises at all.

at this time.

"what?"

"This fellow Taoist, I have never seen it before!"

Si Yu smiled curiously and looked at Su Lang.

"This is Daoist Su Lang."

Emperor Jiao Qin Wu introduced with a smile, "He has only recently migrated from the mainland fragments to the Canglan Continent. It is the first time that he has come to Zimingzhou. Of course Fellow Si Yu has never seen him."

This word fell in Si Yuxiao's ears, but his eyes lit up.

"It turned out to be Fellow Su Lang!"

"Furthermore, Fellow Su Lang also migrated to the Canglan Continent!"

Si Yu came to Su Lang with a big smile on his face, looking like seeing each other bitterly.

Si Yuxiang seemed to be somewhat surprised, and immediately followed Si Yuxiao to Su Lang.

Su Lang couldn't help but his eyes twitched when he looked at the two enthusiastic men in front of him.

Brother, we are not familiar with you, you are so passionate, it will make people think that you have a different purpose!

of course.

This is just a spit in my heart.

"I have also heard that the Zi Ming Emperor Clan migrated over, but we are destined."

Su Lang smiled faintly. He also knew that Si Yuxiao was so enthusiastic about him, in fact, he wanted to keep warm.

After all, everyone is foreign, not only excluded from the world, but also vulnerable to being excluded by other Wudi.

Just now, Si Yuxiao made up many of the points where Su Lang was excluded and bullied...

But he didn't know that not only did Su Lang not be rejected by the world, but he also established friendship with the great Wudi.

"Meeting Daoist Su Lang here really makes me feel like I met my old friend in another country!"

Si Yu smiled and sighed, and then said more enthusiastically, "This matter has happened, and Daoist Su Lang and I will talk about it at night, and we will fall asleep!"

The two idioms Si Yu said with a smile are actually very serious and describe good brothers and friends.

However, Su Lang still felt that... there was a taste of philosophy...

"cough!"

"If there is a chance."

Su Lang's expression remained unchanged, and solemnly said, "I must share my practice experience with fellow Taoists and discuss the Dao of Martial Arts."

[Chapter 1072: Entrance to the Emperor's Forbidden Land](#)

"sure!"

Si Yuxiao quickly responded.

To be honest, Su Lang is not polite.

He really wanted to have a chat with Si Yuxiao, because he was really curious about the world outside the Canglan Continent.

The Ziming Emperor Clan was an exiled emperor. Before the Canglan Continent settled down, he didn't know how many worlds he had passed through and how many things he had encountered.

Those, all Su Lang wanted to know.

In addition, Si Yuxiao is the fetus of Minggu Emperor. Su Lang is also very curious about this mysterious physique.

At this time.

Emperor Jiao Qinwu smiled and said, "It's not too late, let's go to the emperor's forbidden place!"

"Please follow me!"

Si Yu smiled and nodded, waved his hand to disperse the twenty Wuxians, and then flew ahead with Si Yuxiang and led the way.

Before coming, Emperor Jiao Qinwu had already contacted Si Yuxiao.

Otherwise, if a large group of people rushed in, Si Yu couldn't smile at all?

If it causes a misunderstanding, it will not be worth the loss.

Su Lang and other Emperor Wu flew forward with Si Yuxiao, and after several teleportation formations, they arrived at a purple plain.

Stopping on the huge teleportation formation, Su Lang looked into the distance, but saw patches of purple grassland covering the earth.

"The breath of this land... is very similar to the death domain of the emperor."

"But it seems to have been transformed later, planting plants so that it is no longer a dead place."

Su Lang squinted his eyes and felt it silently, "However, the entrance to the Emperor's Forbidden Land must be right here."

While thinking about it, Su Lang continued to look into the distance.

At the junction of heaven and earth, there is a huge altar with a statue built on it.

Take a closer look, it turned out to be the same as Xuan Yu, a statue of Emperor Wudi of the Ninth Revolution!

"Thanks to Emperor Xuanyu Wu, I was able to lead the tribe to settle in the Canglan Continent."

Si Yuxiao and Si Yuxiang bowed solemnly to the statue.

With this action, the other Wudi's favors suddenly increased.

Si Yuxiao and Si Yuxiang saluted, and then continued to lead the emperors to the statue.

Not long.

The tall and majestic statue of Emperor Wudi of Jiuzhuan appeared in front of him.

Looking at the familiar face of the statue.

Su Lang couldn't help but miss the good old man in the emperor's forbidden ground, and he didn't know if he had merged with Yuan Yue or whether he had sacrificed.

Just when Su Lang was thinking wildly.

A fist-sized round ball flew from a distance, and it flew twisted and twisted without regularity.

Su Lang looked at the sphere from far to near, and using 'weapon recognition', he immediately recognized that the sphere was a strange prop that could mark entrances to different spaces.

"It turns out that the entrance to the emperor's forbidden area has long been found, and it has also been marked."

Su Lang nodded and thought silently, "That is, the key to the entrance has not been found, so I can't open it so far."

really.

Si Yu smiled when he saw the ball moving from far to near, and said to Emperor Jiao Qin and other Wudi: "The entrance to the emperor's forbidden area is here. I wish you all the best."

Talking.

He took his younger generation Si Yuxiang and stood aside.

Obviously, the Ziming Emperor Clan was not allowed to participate in the competition for the emperor's forbidden land.

Emperor Jiao Qin Wu nodded to Si Yu with a smile, and then turned to look at the emperors: "This time the exploration rules are the same as the emperor's forbidden land. Are everyone ready?"

"Ready!"

One by one, Emperor Wu opened the universe of life, releasing the quasi emperor and Wuxian inside.

Most of them were those who had participated in the Trial of the Emperor's Forbidden Land before, such as Xiang Jiliyu and others.

In an instant.

More than two hundred Wuxians and Zhun Emperors appeared around.

Su Lang twitched the corner of his mouth in embarrassment. He even forgot about it, and he didn't prepare any manpower at all!

However, he didn't bother to let the empty Zhundi and the others come over temporarily, anyway he called soy sauce.

[Chapter 1073: Toolman Zhouyou debuts](#)

then.

Su Lang smiled faintly: "Everyone knows that my person is too weak to be bothered to join in."

There seemed to be a trace of helplessness and sadness in his tone.

Next to him, Si Yuxiao and Si Yuxiang glanced at each other, and they were even more sure that Su Lang was rejected by the emperors, so they simply gave up the inheritance of exploring the forbidden land of the emperor.

Sighed in my heart.

Laughing, and the two emperors of Xiang looked at Su Lang, they felt a sense of sympathy for the fallen people.

at the same time.

The emperors of the Canglan Continent were very embarrassed, so they persuaded Su Lang to send people to participate.

"Langdi Taoist friends should send people to participate in the competition!"

"Yes, it's not all force to seize the Nineth Rank Wudi inheritance."

"It's not bad, it must be based on resourcefulness, and even if it is all based on force, the quasi-emperor under Emperor Lang's command is not weak!"

"Yeah yeah!"

"..."

These words fell into the ears of Xiao and the second emperor, and suddenly turned into a fake and ugly face.

Especially seeing the scene where Emperor Ling Juewu sneered at Su Lang again and again, the two immediately cursed inwardly: A group of hypocrites, and true villains are indispensable!

The persuasion of all Wudi.

Of course, Su Lang continued to refuse.

then.

The emperors had no choice but to give up persuading Su Lang, and instead said something like, "This time I have inherited the favor of the Daoist friends of Langdi."

However, they didn't even know that Su Lang had decided to sneak into the forbidden area secretly to make trouble.

After an episode, enter the topic.

Emperor Jiao Qin Wu pointed to the constantly flying ball, and looked at Su Lang apologetically: "I'm going to trouble Emperor Lang again."

"a piece of cake."

Su Lang smiled faintly, glanced at Emperor Ling Juewu without a trace, and saw that his face turned black.

Su Lang was too lazy to run against Emperor Ling Juewu, and came directly in front of the constantly moving ball.

"One-click decomposition!"

When the unreasonable system functions were used, the ball props fell apart for the first time, and immediately revealed the seal formation inside.

Although the seal formation is different from the emperor's forbidden area, it can hardly escape the fate of being disintegrated.

Immediately afterwards, there are strict space barriers.

This barrier is about the same strength as the space barrier at the entrance of the Emperor's Forbidden Land, but Su Lang's strength has increased by one more level, and it is of course easier to open it.

"Space rules!"

Su Lang thought, a force of rules acted on the space barrier.

The spatial rhythm lines inside the barrier suddenly became messy, and the entire barrier became extremely unstable.

quickly.

The spatial rhythm line was completely broken, leaving only a special barrier composed of omnipotent aspirations.

This time, it was the turn of the tool man Zhouyou to make his debut.

"Zhou You, come out."

Su Lang threw a small bead and turned it into a spatial channel.

Soon, Zhou You's figure flew out from inside.

After several days of recuperation, his complexion seemed to be much better.

Of course, within a few days, he couldn't accumulate much incense willingness, and the recovery of his own strength hardly improved.

After Zhou You appeared.

All the emperors couldn't help but express emotion again, and the emperor You Wu tangled up to this end.

As a good friend of Zhou You, Emperor Ling Juewu was even more tense, and his unwillingness and hatred grew stronger.

It's a pity that his good friend has ignored him and has completely become Su Lang's tool man.

at the same time.

Si Yuxiao and Si Yuxiang were also shocked secretly.

They knew Zhou You, and they were shocked when they saw Zhou You look like this.

Su Lang didn't care about everyone's reaction.

"Do you know how to do it?"

Su Lang pointed at the entrance to the forbidden area and asked Zhou You lightly.

"know!"

Zhou You nodded, and then said hesitantly, "However, after opening this forbidden area, I am afraid I will immediately fall into the Martial Fairy Realm, and maybe even the Martial Saint Realm can't keep it."

As he talked, Zhou You's heart suddenly became bitter again.

Su Lang frowned when he heard what Zhou You said.

To be honest, he didn't want Zhou You to be too weak.

Fortunately, Su Lang quickly thought of a way.

[Chapter 1074: Sudden change!](#)

"do not worry."

"I won't let you fall into the Martial Wonderland."

Su Lang clicked the corner of his mouth, and took out a box from the storage space. It was a different sky box for nurturing Wuyu tea trees!

"this is!?"

Zhou You looked at the box in Su Lang's hand with a face full of confusion.

"Just go inside."

Su Lang waved his hand, the different sky box opened a space channel, and a suction was heard.

Zhou You looked worried, but couldn't resist, and was directly sucked into the different sky box.

For an instant.

There was a vast space in front of Zhou You.

The earth appeared jet black, as if it had been polluted.

In the middle of the black earth, there is a strange plant tens of meters high. It has three branches and three leaves.

This plant is the Wuyu tea tree.

Although it is a seedling, it is so big!

A trace of incense, the power of wishing to evaporate from the three leaves, turning into clouds, lingering.

"It's incense willingness!"

"And so pure, there is no negative incense at all!"

Zhou You, who was extremely surprised, rushed up quickly, devouring incense and wishing power.

In an instant, Zhou You felt that his soul had been sublimated, and many negative emotions were wiped out.

He became peaceful, as if entering the sage mode...

However, Zhou You didn't absorb the incense aspiration for too long, so he was driven out of the space of the different sky box by Su Lang.

"How? Are you full?"

Su Lang looked amused, "Work when you are full!"

"Yes."

Zhou You nodded his head calmly, as if there was already a sign of 'unable to be angry'.

Seeing this, Su Lang took a breath, and secretly said again: The incense is so poisonous and terrifying!

Next.

Under Su Lang's command, Zhou You used the almighty power to weaken the barrier at the entrance to the forbidden area.

When Zhou You was panting and was about to fall into the realm of Wuxian, Su Lang put it into the different sky box, and then took out the Youtian sword.

"Wow, Master, do you miss me!"

"What is the master doing to Xiaoyou again this time?"

The spirit of Xiaoyou emerged, and with it, there were very misleading words

—This has almost become her BGM.

really.

The emperors looked at the beautiful girl Xiaoyou for a while, and Su Lang for a while, their eyes changed.

Wow, I didn't expect you to be such a Langdi!

Wow, Langdi really knows how to play!

"cough!"

Su Lang coughed silently and gave Xiao You a vicious look, "It's not enough to be quiet."

"Master, you are murdering me!"

Xiaoyou grunted and snorted, then turned and got into the body.

"Axi..."

Su Lang held his forehead with his hand and immediately took a hard breath to calm his mood.

quickly.

Su Lang calmed down, his eyes condensed, and a hint of danger spread.

Until a certain moment, the Qi machine stagnated to the extreme!

"Broken a sword!!"

Su Lang drank for a lifetime, and the long sword in his hand was pierced instantly!

I saw a thunderous sword light that pierced the barrier of the entrance to the forbidden area in an instant.

"Ding--!!"

"Crack--!!!"

It sounded like a cracked porcelain, and countless lines were cracked at the entrance to the forbidden area.

But it is different from when the emperor's forbidden area is opened.

In the next moment, endless darkness, evil, decay, and dirty energy permeate from the crack in the barrier!

"what!!"

"Smelly!"

Xiaoyou's exclamation came from Youtianjian.

"what's the situation!?"

Su Lang looked surprised and quickly retracted Youtian Sword.

The other Emperor Wu also looked at the entrance to the forbidden area with wide-eyed eyes, and they all looked surprised.

And at this moment.

The crack on the entrance barrier started to tear automatically, faster and faster!

Tear it--!

The cracks continued to expand, and the entire entrance barrier was quickly covered.

Not only that, these cracks continued to spread out, tearing open all the space near the entrance to the forbidden area.

There is also a terrifying black crack starting from the entrance barrier. Point, straight into the sky! !

Rumble!

A stream of dark and decadent evil aura gushed out like a flood, and rushed to Su Lang and the others in an instant!

[Chapter 1075: My Hu Sixi is out!](#)

For an instant.

Su Lang felt all the negative auras in the black wave.

There is not only the power of the dark rules, but also a lot of negative aspirations, and the decadent smell of the dead.

There are even some wailing and distorted souls!

next moment!

"The five elements yin and yang seal the emperor formation!"

Su Lang narrowed his eyes, and the formation was completed instantly.

I saw a series of array barriers emerging out of thin air, forming a circular prison, trapping all the dark and decadent forces that swarmed out of it.

This is the emperor-level seal formation created by Su Lang using the five elements, yin and yang, and the imperial seal formation at the entrance of the forbidden area.

In an instant.

The black wave that seemed to swallow the entire purple grassland was suppressed by Su Lang.

"Such a powerful formation, can it be that Fellow Langdi Daoist used the formation of Senior Tongtian to arrange it!"

"However, how do these formations give me a familiar feeling? Is it because I perceive it wrong?"

From the Qingyou Emperor Realm, the old man Qing Xiao who had a little friendship with Su Lang saw this scene, and his face was shocked.

The other three members of the Qingyou Emperor Realm, Su Wen, Cang Kong, and Fuchen Wudi, were even more stunned, their jaws falling.

at the same time.

"Langdidao friendly approach!"

"Well, it was suppressed all at once!"

"This is the formation of Rank Seven Martial Emperor, Emperor Lang is too powerful!"

"Yeah, I'm afraid Master Jiao Qin Wu will be difficult to open!"

When the other Emperor Wu saw Su Lang's formation, they were shocked and applauded, and there was a little awe in their hearts!

Si Yuxiao and Si Yuxiang also have a new understanding of Su Lang.

Unexpectedly, this sorrowful Wudi Daoist would have such a powerful formation method!

Just at this point, this friend is settled!

When Emperor Ling Juewu watched this scene, he almost went black and passed out.

He never expected that Su Lang could arrange the Seventh Rank Martial Emperor Formation!

If this trapped him inside, wouldn't he be in prison for a lifetime!

At this moment.

Emperor Ling Juewu was really scared.

Seeing pitiful heaven, he has only reached the Wudi level four times.

In the face of Su Lang, the enemy who throws eight emperor-level techniques at will to sell, and can also arrange seven-rank emperor-level formations, he is really too weak.

Not to mention that Emperor Ling Juewu became afraid.

After the emperors praised Su Lang, they unfolded their mental powers and explored the five elements yin and yang seal imperial formation.

"This emperor's forbidden ground is different from the previous forbidden ground, which really shocked me!"

"We couldn't detect the inside of the former Ninth Rank Wu Emperor Forbidden Land, but something seems to have happened to the Emperor's Forbidden Land, and we must investigate it."

"I don't know, what happened inside!"

"I hope nothing too serious will happen!"

"..."

Su Lang also wanted to know exactly what happened to the emperor's forbidden area, so the array layout did not limit the exploration of mental power.

One by one, the spiritual power of Emperor Wu poured into the Sealed Emperor Formation, passing through various dark and decadent forces, and advancing toward the gap in the barrier.

No, it can no longer be called a barrier gap.

The crack opened by Youtian Sword has turned into a big hole.

however.

Before the spiritual power of the emperors passed through the barrier cave, they heard a cheering voice coming from it.

"Hahahaha!"

"I can finally leave this ghost world, Hu Sixi, my new life has finally arrived!"

There was a deep sadness in the ecstatic voice. It seemed that it was the poor man who had gone through countless sufferings and tortures before being freed.

"amount....."

"What's happening here!?"

"What happened in the forbidden ground?"

The emperors couldn't help but look at each other with surprise.

Su Lang also raised his eyebrows, a trace of playfulness appeared on his face.

I thought before that this emperor's forbidden area was the same as the emperor's forbidden area.

Go in to complete a few boring trials, and then endure the shame and take away the 'things outside the body' from the inheritance of the emperor's body.

Unexpectedly, an earth-shaking event seemed to have happened in the emperor's forbidden area!

[Chapter 1076: The strange turn of Wudi](#)

at this time.

The cheering and yelling man finally broke through the entrance barrier.

This is a man wearing black torn clothes, beard and hair, very embarrassed, with strange excitement, like a mentally ill tramp who has been living on the street for a long time.

But Su Lang and all Wudi were shocked!

Because this tramp-like man turned out to be a Wudi!

Although it was only a turn of Emperor Wu, it was also Emperor Wu!

"Who is this man!?"

Everyone, including Su Lang, had questions.

Especially Su Lang.

As one of the candidates who retained the memory of the emperor's forbidden place, he clearly knew the arrangement of Emperor Wudi Nine Revolutions.

It stands to reason.

In the emperor's forbidden area, there should be only one martial emperor 'Xuanxuan', and for the rest, the strongest is only a quasi-xian-level incense system martial artist.

But now a real Wudi rushed out.

And this Emperor Wu is also a little strange.

His body is full of negative incense aspirations, and his mind is almost eroded, so he looks like a severely mentally ill patient.

"In the forbidden area of the emperor's body, the Emperor Wudi who broke through with negative incense and willing power!?"

"There must be a Wuyu tea forest in the emperor's forbidden area, and most of the negative incense will be absorbed and sealed by the roots of the Wuyu tea tree."

"The negative incense aspirations that flowed outside shouldn't be enough to condense a Wudi, but now it has appeared."

Su Lang frowned slightly, "In this way, Wuyu Tea Forest is afraid that something went wrong, and there must be something wrong with the 'Xuanxuan' in the emperor's forbidden area."

Xuanxuan can be said to be the core of the emperor's forbidden area, the supreme ruler of the entire world, and the object of worship and the source of power for all the warriors of the incense system.

If something happened to Xuan Xuan, it meant that the whole world would suffer.

The decadent aura of the dead and the wailing souls in the previous dark wave are definitely not produced by a few dead creatures.

After all, just opened a gap in the world of the emperor body!

In a crevice, so many waves of darkness have emerged, and it can be seen that the entire world in the emperor's forbidden area is already filled with countless dark and decadent auras.

It is very possible..... The whole world is gone!

Just when Su Lang thought.

The other Emperor Wu also roughly guessed that something happened to the emperor's forbidden area.

Although they didn't know the trial process of the Ninth Revolution Wudi inheritance.

But there are already four Emperor Wu who inherited the Xuanhou lineage, and naturally they also know some information.

Through that terrifying Kuroshio vision, one could tell at a glance that something major had happened in the Forbidden World.

And at this moment.

Hu Sixi, who escaped from the emperor's forbidden area through the cracks, had already discovered that he was actually trapped in a large formation!

"what happened!?"

"How could I be trapped?!"

"No, I managed to escape from it!"

"I want to arrest countless intelligent creatures in captivity, torture them, and let them provide incense and aspirations to help me break through to a higher realm. I cannot be trapped here!"

Hu Sixi lay on the barrier of the formation, with endless anger and hatred on his face, his expression distorted to the point of astounding.

He attacked the formation frantically, and used the strength of feeding.

However, Su Lang's formation was a seventh-turn Wudi-level formation. How could it be broken by Hu Sixi's newly promoted Wudi?

Hu Sixi struggled for his old life, but failed to make a ripple on the formation barrier, instead he was vomiting blood frantically by backlash.

"Do not!!"

"Why? I have gone through so many hardships and tried my best to get this opportunity to escape. Why do you treat me this way!"

"Which **** ** is he who has arranged such an indestructible formation here!"

"..."

Hu Sixi kept crying, his resentment grew stronger and his face was distorted like a ghost.

Obviously, he was eroded by the negative incense a bit deeper.

"What a poor man."

Su Lang shook his head, waved his hand, the formation opened a hole.

"!!!"

"opened!?"

Hu Sixi saw the hole in the formation barrier, and suddenly looked like a dog that had been hungry for seven days and nights seeing the fleshy bones, and rushed towards the hole like a mad, drilled out of the formation.

The moment he got out of the formation cage, even if it was severely corroded by the negative incense, Hu Sixi was moved to tears.

He worked hard for most of his life, just for this moment.

[Chapter 1077: The dying world of the emperor!](#)

however.

Hu Sixi tried his best to calm the crazy and messy emotions, but when he looked at the new world he entered, he was not moved.

Well, I dare not move!

"This this this..."

Seeing the more than twenty terrifying Wudi surrounding him, Hu Sixi's eyes were about to come out!

"Oh my God, where is this!?"

"Could it be that this is a world where Emperor Wu is per capita!?"

"My God, this is more terrifying than the world before!"

"They are so strong one by one, I definitely can't survive!!"

"I, I, I'm dead--!"

Endless fear and despair instantly drowned Hu Sixi's soul!

He felt soft and fell to the ground with a thump, like a mud monster.

Then, Hu Sixi saw more than 20 Emperor Wu continue to gather around, and the black shadows projected from their bodies completely enveloped themselves.

"Because of fear and despair, I lost my combat effectiveness directly!?"

"It's also... Zhou You lost the bottom line because of the negative incense, became greedy for life and fear of death, selling himself for glory."

"This Hu Sixi has been eroded more severely than Zhou You, and most of them are despair and fear. It is completely normal to become this way."

Su Lang looked at Hu Sixi who was huddled together, thinking silently.

The other Emperor Wu looked at each other, and finally Emperor Jiao Qin Wu walked out.

"Hu Sixi."

Emperor Jiao Qinwu asked faintly, "What's your identity, what happened in the emperor's forbidden area!?"

However, Hu Sixi seemed to be frightened, trembling constantly, the dignified Emperor Wu turned out to be an ordinary person.

"He seems to be too scared to speak."

Emperor Zunsheng Wu frowned, "If you are forced to ask, I am afraid it will be more serious."

"Why don't you ask Daoist Su Lang to come out?"

Ni Qianzhou said with a smile, "I saw that Zhou You came out of the quasi-emperor soldier, his expression has become a lot more sages, and he seems to have been purified by the negative incense."

When Ni Qianzhou did this, he naturally wanted to let Su Lang show off and brush his prestige.

The rest of Wudi listened to them, and they all looked at Su Lang, looking forward to it.

"No way."

Su Lang shook his head, "My quasi-imperial soldier has some positive incense aspirations stored in it, but it has been almost absorbed by Zhou You."

There is only one Wuyu tea tree, and the key is the seedling.

The positive incense willingness it accumulated was almost dried up by the Wuxian-level Wu You.

If you are sucked by Hu Sixi's turn of Wudi, I'm afraid something will happen.

Su Lang could not bear his baby.

"In that case."

Emperor Jiao Qinwu said lightly, "Leave Hu Sixi aside for now."

The implication.

It is to explore the real situation in the emperor's forbidden area by himself.

The remaining Emperor Wu had no objection to this.

then.

All Wudi once again unfolded their spiritual power, and explored the barrier cave.

When opening the forbidden area of Emperor Wudi's inheritance of the Ninth Revolution, it was not that the Emperor Wu did not try to explore it.

But they were all denied access—naturally by Xuan Xuan in the forbidden area.

And this time.

The spirit power of the emperors easily passed through the entrance barrier and entered the forbidden area of the emperor!

Su Lang's spiritual power naturally poured into the emperor's forbidden area.

There was a world completely different from the forbidden area of the Emperor.

The forbidden area of the emperor's body is almost as important as the forbidden area of the emperor's head, after all, the torso of the body contains important parts such as the five internal organs of the Dantian.

And this world in the forbidden area of the emperor's body, or the planet, is larger than the forbidden area of the emperor's head.

Although most of it is still ocean, the land area is indeed much larger.

Therefore, there are more creatures bred on this planet than in the Forbidden Land of the Emperor.

Unfortunately, that is all from the past.

At this time, the interior of the emperor's forbidden area was almost completely extinguished!

The entire planet became pitch-black, and even the atmosphere became endless black smoke!

This is the real end!

Countless creatures are almost dead.

Only a handful of powerful double-pupil clan martial sage Zhunxian are still lingering.

Active on the earth are endless negative incense monsters, and some muscular men exuding tyrannical emotions.

[Chapter 1078: Invasion Wudi Kuang Erlu](#)

These big men are full of muscular knots, violent beards, blood red eyes, and hideous armor on them.

These armors will be transformed into various forms according to their minds, which can be offensive and defensive, which is quite practical.

The muscular men are powerful and cruel, all of which are quasi-immortal and above, and they continue to hunt down the remaining Wusheng Zhuxian of the double-pupil clan, and immortal-level heroes.

but.

These characters and scenes were swept away by Su Lang and all Wudi.

Everyone's eyes are condensed over the North Pole of the black planet, where a grand battle is going on!

Countless lights and shadows flickered, thick black clouds rolled, various regular anomalies appeared frequently, and all kinds of strange means turned by omnipotence!

"Xuan Hu!"

Su Lang looked at one of the parties in the battle, and couldn't help but sigh with emotion.

As predicted, there is indeed a Xuanhu in the emperor's forbidden area.

It's just that only the body of Xuan Xuan is solid, and the head and limbs are illusory. The title of this world is probably the "body of the emperor of heaven".

Let's call it Emperor Xuanyu's body for the time being.

Emperor Xuanyu is only in the realm of Rank 5 Wudi, but has the power of Rank 6 Wudi!

Surrounded by positive incense and aspirations, he was full of perseverance and courage in the battle, and his moves were upright and upright, just like the might of heaven.

The other party is a muscular man.

His skin was pitch black, his armor was pitch black, but he had long, smooth white hair.

That distinctive feature suddenly reminded Su Lang of the African flat-headed brother who was not afraid of death.

This muscular man was the sixth rank martial emperor. He was covered in hideous armor and extended along his arms with sharp blades. As a weapon, he was as powerful as an emperor.

The muscular man was very cruel and insidious, and he hit the key points of Xuanxuan with every move.

Although Emperor Xuanyu's body has undergone the baptism of positive incense and has become extremely kind, he has not forgotten the fighting skills he has honed for more than 20 million years.

What's more, Xuan Xuan also held an Emperor Sword, which was powerful and made up for the flaws in weapons.

Therefore, the strength of the two sides is similar, and the battle is turned upside down, but the outcome is difficult to distinguish!

With a thought, Su Lang opened the properties panel of the muscular man.

[Name]: Kuang Erlu

[Race]: Dark Sky Clan

[Qualification level]: No shortage

[Realm level]: Sixth turn Wudi

[Attack level]: Sixth Rank Wudi

[Defensive Level]: Sixth Rank Wudi

[Shenfa Level]: Sixth Rank Wudi

[Endurance Level]: Sixth Rank Wudi

[Spirit Level]: Realm of Kongni

[Mastering Techniques]: Sacrifice to the Source Heart Sutra, Fierce God Battle Spectrum (Emperor Level, Dacheng), Immortal Piercing Skill (Xian Level, Dacheng)...

The very little information surprised Su Lang.

This guy named Kuang Erlu is not only not an imperial clan, but he has no lack of qualifications!

With just this kind of aptitude, he can actually cultivate to the rank of Sixth Rank Wudi, and also practice an emperor-level exercise to Dacheng level!

This is incredible!

"Could it be that this guy is also a bad guy!?"

Su Lang touched his chin and couldn't help but pick up his eyebrows.

He observed Kuang Erlu's fighting style more closely.

I found that what this guy understood was also the great path of power, and it was very pure, without the rest of the rules.

"Strange...If there is only the rule of power, how did he break through the Wuxian?"

"With only one rule, it is impossible to break through Wuxian, let alone break through to the level of Emperor Wu."

"But... but this guy did it!"

Su Lang narrowed his eyes slightly, revealing an expression of interest.

Immediately after.

He has made new discoveries.

The armor on Kuang Erlu looked like a living thing, a living thing similar to muscle tissue!

It contains a very powerful force, and it also contains a strong negative incense willingness!

Yes, it is incense willingness!

"Ok!?"

"Could this armor be Kuang Erlu's plug-in?"

Su Lang looked thoughtful, "But this is not right, those Wuxian-level and Wusheng-level big men also have armors, can they still be plugged per capita?"

Be puzzled.

Su Lang can only temporarily set aside this question.

He began to speculate about the origin of these armored men.

From Kuang Erlu's information, I am afraid that these guys are not the natives of the emperor's forbidden land, but the real invaders from the outside world!

[Chapter 1079: Daoist Ling Jue has something to say](#)

"If it is an invader from another world, how did Kuang Erlu and his subordinates enter the emperor's forbidden area?"

With a hint of doubt, Su Lang used the space rules to check the space barriers of this world.

But he didn't wait a few seconds for Su Lang to detect it.

"who!?"

Kuang Erlu's expression moved, he had already noticed that there was a large number of gods of the same level exploring himself, and he could not help but immediately withdraw from the battle circle vigilantly.

Those Martial Immortals and Martial Saints of the Dark Sky Clan also left the battle vigilantly, showing cunning looks one by one.

Emperor Xuanyu had no intention of being in love or chasing after him. He watched Kuang Erlu retreat calmly.

Immediately after.

Emperor Xuanyu also looked towards the entrance of the forbidden area with a smile on his face.

Obviously, when Su Lang opened the entrance to the forbidden area, as the master of this world, Emperor Xuanyu had already felt it.

Only being dragged by Kuang Erlu, Emperor Xuanyu couldn't be distracted.

At this time, the fighting stopped and he had time to show a gentle and enthusiastic smile to the visitors from Canglan Continent.

"You came by a coincidence, friends."

Emperor Xuanyu looked at the entrance of the forbidden area and smiled, "With your help, we will definitely be able to drive the invaders away."

Hear this.

Su Lang's mouth twitched.

Too kind, really too kind!

Others hit the door to destroy their own world, yet they only wanted to drive others away.

This is simply... Our Lady...

"poor guy."

Su Lang thought silently, "But it is also respectable."

The other emperors of Wu naturally heard what Xuan Xuan said, so they started talking.

"This world is obviously invaded by another world."

"The invader is very strong, but fortunately, Xuan Xuan has not been killed, and the inheritance of the emperor has not been taken away."

"The **** muscular man in armor, dare to invade the inheritance left by our great Nineth Rank Wudi, what a damn!"

"You must kill all these guys!"

"..."

All Wu Emperors were angry with the enemy, and they wanted to kill Na Kuang Erlu immediately.

"Don't worry, everyone."

"The invasion of Emperor Wu from another world is obviously Rank Six Wu Emperor."

Emperor Jiao Qin Wu's voice sounded, "Among us, there are only a few of us who are capable of dealing with Emperor Wu of Rank 6, and the rest are afraid they will not be able to help."

The voice fell off.

All Wudi couldn't help but feel ashamed.

Although everyone was standing at the pinnacle of Canglan Continent, they basically didn't go far on the road of Emperor Wu.

At present, the only ones who can fight head-on with the sixth rank Wudi are Jiaoqin Wudi and Zunsheng Wudi.

Besides...

The emperors looked at each other and found that only Su Lang and Si Yuxiao had that strength.

The rest of Wudi, even those three or two, Wudi of Rank 5, did not dare to participate in the battle of Emperor Wudi of Rank 6.

After all, the gap in the realm of Emperor Wu is really too big.

A small gap is enough to cause a situation of crushing.

If Emperor Wudi of Rank 5 joins the battlefield, I am afraid that if one is not careful, he will be obliterated!

"The responsibility of helping the great Emperor Wudi, Zun Sheng, Emperor Lang, and Emperor Wu Ziming shall bear the responsibility."

Emperor Jiao Qin Wu decided on the candidate and specifically instructed Su Lang, "It is said that Daoist Langdi has a powerful formation formation, so you don't need to enter the venue personally. Let me use the formation."

"of course can."

Su Lang nodded and looked around at everyone, "Please be prepared to purify those filthy powers. I want to revoke the formation."

There is naturally only one strong formation that is the best.

Therefore, Su Lang did not intend to take out the 'second' formation while the Five Elements Yin and Yang Sealing Emperor Formation existed.

"Ah ha ha."

Ni Qianzhou laughed and said, "We can't deal with the evil Rank Six Wudi, but it is still possible to eliminate these dark powers."

"Not bad."

Old man Qing Xiao also said, "Please rest assured that Fellow Langdi can undo the formation."

"it is good."

Su Lang nodded, and immediately canceled the formation.

But at this moment.

"slow!"

It was the voice of Emperor Ling Juewu.

When he opened his mouth, his voice was as loud as thunder, and everyone immediately looked at him.

"Friend Ling Jue has something to say?"

Emperor Jiao Qin Wu looked at Emperor Ling Juewu and asked faintly.

[Chapter 1080: Want to vomit three liters of blood](#)

"Not bad!"

Emperor Ling Juewu took a breath and said with cold eyes, "Why did the inheritance of the emperor body become like this? We don't have a clue yet, what if this is a trap?"

Speaking of this, he paused, and seemed to say something pointedly: "Everyone knows how powerful the Ninth Rank Martial Emperor is. How can the inheritance he laid down can be easily invaded? I think there is something strange, maybe there is an inner ghost. !"

There is a ghost! ?

The corners of everyone's lips twitched.

Immediately understood the meaning of Emperor Ling Juewu.

He felt that Su Lang and Si Yuxiao were probably the inner ghosts.
Because neither of them are native warriors of Canglan Continent.
Especially Su Lang, who appeared on the Canglan Continent inexplicably, his identity was too strange.
It was a coincidence that Su Lang appeared shortly after the emperor's forbidden land just happened.
of course.

This is the meaning of Emperor Ling Juewu.

The other Emperor Wu, some were thoughtful, some were totally disagreeable.

"Ling Jue, you are too suspicious."

But it was Huang Shen Wudi who said in a loud voice, "Do you have any doubts about Fellow Langdi Daoist. If you don't say anything else, I will believe him based on the eight emperor-level techniques!"

"Yes."

"The eight emperor level techniques are still the original..."

"Do you think that a small Fourth Rank Martial Emperor can get it?"

Emperor Ling Juewu said gloomily, "What kind of power is standing behind him?"

As soon as these words were made, the emperors fell silent.

In fact, everyone has thought about this issue.

But the auction was held on the road and time was tight.

Everyone desperately wanted to obtain the emperor level exercises, and didn't think much about it.

At this time, when I mentioned it again, I suddenly frowned.

"Friend Lang Di Dao..."

Emperor Jiao Qinwu looked at Su Lang, hesitated to say something, obviously wanting an explanation for everyone.

"Ha ha."

"I can only say that all my treasures come from a gift from an old man."

Su Lang said indifferently, "That senior, fellow Daoist Qingxiao has heard of it, he is called Master Tongtian!"

Master Tongtian?

Emperor Jiao Qin Wu and the others looked surprised, they had never heard of this name.

Among them, Jiao Qin is an old member of the Wudi Palace, and she has a lot of secrets, but she has never heard of the name of Tongtian.

But the old man Qing Xiao nodded busy.

"Yes Yes Yes!"

"Master Tongtian!"

"Master the predecessors of the terrifying imperial formations such as "Zhudi Sword Formation", "Ten Jue Emperor Formation", "Wandi Formation", "Jiuqu Huanghe Emperor Formation"!"

"I guess, that Senior Formation Dao is likely to be a powerful emperor!"

Old man Qing Xiao looked yearning, with a trace of regret, "Unfortunately, Senior Tongtian has disappeared in the long river of time."

Emperor Jiao Qinwu asked curiously: "Where did Fellow Daoist Qingxiao heard about this senior's deeds?"

"Uh."

"Friend Langdi told me."

The old man Qing Xiao smiled, "But I think it must be true!"

"Humph!"

"All nonsense!"

Emperor Ling Juewu sneered, "What do you think is of any use?"

"Why is Emperor Ling Juewu so angry?"

"Langdi's Daoist Fellowship is aside for the time being. He is just lending the formation. Why is this doubtful?"

"I heard that Ling Jue has a rift between you and Daoist Langdi, I'm afraid you are avenging your personal revenge at this time?"

Empress Zhulan smiled slightly, "You must know that the emperor's forbidden land is very dangerous now, is it really good for you to do this!"

"Yes."

Empress Zhu Xin nodded in agreement.

The others nodded after listening.

Yes, even if Su Lang's identity is a mystery, this time he just lent the formation.

That's the Seventh Rank Emperor Formation, can it be done temporarily?

Seeing that everyone is facing Su Lang.

Emperor Ling Juewu suddenly wanted to vomit blood for three liters!

When did that guy Su Lang become so popular?

It's really unwilling!

"Humph!!"

"Su Lang may not be able to do tricks when lending the formation."

"But... where is Si Yu smiling? He is also suspicious!"

"Maybe this time the emperor's forbidden change was the secret of Si Yuxiao!"

"After all, the emperor's forbidden area has always been in Zimingzhou, and the Ziming clan is taking care of it. If something goes wrong with the emperor's forbidden area, Si Yuxiao cannot escape the blame!"

"Furthermore, Si Yuxiao and Su Lang were so enthusiastic before, and they frowned. Maybe they knew each other a long time ago. They had a secret conspiracy!"

Seeing that Su Lang's dirty water couldn't be splashed, Emperor Ling Juewu immediately shifted the target with anger and vented to Si Yuxiao.
