[Chapter 1181: So he said it twice](#)

"Humph!"

"I want to see how sacred it is!"

Shao Yuan Wuxian snorted coldly, pulled a chair, and sat down.

Immediately after.

Seeing the bewildered Wu Sheng pushing open the door, like a dogleg, walking in with a man and two women.

See this scene.

Shaoyuan Wuxian was even more angry.

But he did not act rashly.

Shao Yuan Wuxian narrowed his eyes, his cold gaze shot out, and he stared at the three Su Lang.

Immediately after.

His cold sweat came down.

Because he couldn't detect the opponent's cultivation base at all!

"How is this possible, I am the Nine Tribulations Martial Immortal!"

"Does the other party have an extremely skilled magic rule?"

"Forget it, no matter how unpredictable his cultivation is, in short, he will not exceed mine."

After some horror, Wuxian Shaoyuan comforted himself, and then he stood up.

"Where is the courageous person?"

"Dare to confuse me the Martial Saint of Qiandeng Tower!"

"I'm telling you, now you'd better kneel down and kowtow to me immediately, and kill yourself. I might spare your life!"

Shaoyuan Wuxian stared at Su Lang closely. He looked high, dismissive, and settled for Su Lang.

Immediately after.

"My lord, you must have quality and don't swear."

Wu Sheng, who led the way, said cautiously.

Because his tongue was broken and his words were vague, he said it twice.

"..."

Shaoyuan Wuxian's face twitched instantly.

Laying down, you two or five boys, how long has it been before you have completely rebelled! !

Suddenly, Shao Yuan Wuxian became more and more angry.

"Dare to come to my Qiandeng Tower, I will kill you!"

Wuxian Shaoyuan instantly boiled his killing intent, carrying a powerful aura to Su Lang with a punch.
suddenly.

"Be peaceful, don't fight."

Su Lang's faint voice fell to Shao Yuan Wuxian's ears.

Following that, there were two golden light beams, which enveloped Shao Yuan like a searchlight.

In an instant.

Shaoyuan Wuxian stagnated.

He feels so cool and comfortable, as if he is in the best hot spring, and his whole body is relaxed.

He even felt that his strength had been increased, stronger than ever!

Moreover, in addition to the physical changes, he also felt the negative emotions in his heart gradually dissipated.

Murderous spirit, resentment... some obsessions are gradually dissipating.

At the same time, the image of Su Lang in front of him has become taller and more perfect.

He stood there, shrouded in a ray of light, with his long hair dangling, and the ray of light attached to it, the ray made people comfortable and powerful!

Every look in his eyes is like the truth in the world, and all false truths can be crushed without arguing.

He is gentle and compassionate, just like the most kind and reliable person in the world, who deserves the complete trust and trust of others.

He is so powerful that he can suppress everything just by standing there and vanish any demons and sprites.

Shao Yuan Wuxian felt scared because of Su Lang's unmatched breath.

But because Su Lang was completely non-aggressive, with gentle eyes like water, he gradually felt relieved.

His angry expression began to ease.

Immediately after.

Shaoyuan Wuxian's instinct was very wrong, and he shook his head abruptly, but it didn't help at all.

Mingguang Wanjie, this is a powerful magical power that can save countless creatures at the same time. At this time, Su Lang used his effect on Shaoyuan Wuxian alone, and the effect was extremely terrifying. In the heart of Wuxian Shaoyuan.

Su Lang's image is getting taller and more sacred, and his status gradually surpasses the Qiandeng Louzhu, becoming the most respected and admired person of Shaoyuan Wuxian!

What Su Lang said was firmly imprinted in the heart of Wuxian Shaoyuan.

"Be peaceful, don't fight!"

Shao Yuan knelt down with a thud.

The murderous anger and hatred disappeared completely, replaced by a deep shame and regret.

The Martial God of Three Tribulations next to him, and the staff and guests who were secretly observing, shivered with fright at this scene.

Tianle!

That is a powerful Nine Tribulations Martial Immortal!

He knelt down inexplicably before making a move, and he was ashamed. Thinking about it makes people shit!

And at this moment.

"Well, that's right."

"Be peaceful, don't fight."

"In addition, if you want to reflect, you must use actions to reflect."

"I think it's a good way to sever one's hands and feet and let go of one's tongue."

Su Lang's gentle voice came, like the gentlest and kindest person in the world.

[Chapter 1182: Emperor Jingtian 35](#)

"exactly."

"It must be proved by action!"

Shao Yuan Wuxian agreed deeply, and nodded enthusiastically.

Then, he sacrificed a fairy weapon and ordered the spirit to interrupt all his hands and feet!

Pop, pop, four times in a row.

Shao Yuan Wuxian's limbs suddenly shrugged off.

And this scene is not **** at all.

But those who were watching in secret, as if they had seen a very terrifying picture, they were all horrified, their hands and feet soft.

A Nine Tribulations Martial Immortal, not only knelt down without a move, but also crippled himself as soon as he made a move!

To know.

Even if it is controlled by the soul, it still preserves its own consciousness.

But now, Wuxian Shaoyuan is completely confused and becomes a puppet willing to be manipulated!

What a terrifying method the handsome silver-tailed man used!

And just when everyone was frightened.

With a faint smile on his face, Su Lang raised his head and looked at each room.

Suddenly, the warriors who were observing secretly felt that they had been watched.

Su Lang's gentle gaze is even more devil than the devil in their eyes!

"Don't be afraid, I am a good person."

Su Lang suddenly smiled, and the bright light of the Myriad Realms suddenly radiated, covering all those people.

then.

All those who were afraid were soothed.

Their expressions were relaxed, their bodies and minds relaxed, and they all felt how ridiculous their previous fears were.

What a kind person they are, why should they be afraid?

Everyone no longer feared Su Lang, and all walked out of the dark, saluting Su Lang with a look of guilt.

Immediately, the entire branch of the Qiandeng Tower in the Emperor Zhuhuang City was controlled by Su Lang.

Su Ling'er and Xiao Mei, who were next to him, saw this scene, and they became more awed and respected for Su Lang.

They didn't worry that Su Lang would use this method on them.

After all, Su Lang would have used it long ago.

"Well, everyone sit down."

"I'm here to ask some questions."

Su Lang smiled, and pointed to the chair in the hall.

Shaoyuan Wuxian and others sat down with a look of embarrassment, and said that they knew everything they could talk about.

then.

Su Lang invited Shao Yuan Wuxian into a quiet room to talk.

"What level of organization is Qiandeng Tower?"

Su Lang asked softly, "How is the relationship?"

"Back to your lord."

Shao Yuan replied, "The Qiandeng Tower is a quasi-emperor-level organization, serving the Feiheng emperor clan, and the owner is quasi-di Jing Peibai..."

Su Lang nodded and asked, "Do you know the detailed situation of the emperor-level forces in Jingtian Continent?"

"know!"

"There are thirty-five emperors of Wudi in Jingtian Continent."

"Including three incense Wudi who have recovered from the long river of time."

"And thirty-five Emperor Wu formed the Jingtian Court and ruled the entire Jingtian Continent together."

Shaoyuan Wuxian replied: "Every Emperor Wu is a member of the Jingtian Court, and at the same time he retains his own private territory."

Su Lang nodded clearly.

The emperor-level forces in the Canglan Continent are similar to the separatist rule of the Warring States, and there is the Wudi Palace as the strongest force, coordinating the Quartet.

The emperor-level forces in the Jingtian Continent are similar to the federal state.

The small states ruled by the 35 Emperor Wu form the "Mirror Heaven Court", a large state that is completely unified in name.

"How strong are the thirty-five emperors?"

Su Lang continued to ask, "Are any of them opposing the war on the mainland?"

"Thirty-five Emperor Wu, all of them are the main battle faction!"

Shao Yuan Wuxian shook his head and said, imagining a map with his force, which was the map of Jingtian Continent.

Thirty-five Emperor Wu's territories use red lines as boundaries, which is clear at a glance.

It is different from the barren south of Canglan and the wealthy north.

The Jingtian Continent is rich and prosperous in the middle, radiating in all directions, becoming increasingly barren.

The farthest place, the most barren place, is the edge of the world's wound similar to "Shangxiantiantian".

While looking at the map, Su Lang listened to Shao Yuan's introduction and got a general understanding of the situation of the thirty-five Emperor Wu in Jingtian Continent.

[Chapter 1183: Jing Peibai](#)

Thirty-five Emperor Wu of the Jingtian Continent.

The strongest eighth-turn Wudi Xi Kejia, named Tianyu Wudi, controls the three avenues and the Seventh-turn Emperor Soldier Broken Dream Sword.

He is the nominal co-lord of the Jingtian Continent, the emperor of the Jingtian Court!

There were two Emperor Wudi in Qizhuan, named Yucheng Wudi and Huacanwudi.

There are three Wudi in the Sixth Revolution, named Yifeng, Rose, and Nine Spirits.

The other Emperor Wu were all in the eyes of Su Lang, and they were all swept away.

In short.

The Jingtian Continent is better than the Canglan Continent in terms of high-end combat power or low-end combat power.

This is also the fundamental reason why Jingtian Continent has the upper hand in the war.

Get the basic information.

Su Lang asked Shao Yuan Wuxian about the battle of the mainland.

"I don't know the exact time of the war."

"But at present all major forces are collecting war resources."

"The first group of strong men has already gone to the front, and the second group of strong men will also go to the front tonight."

Shaoyuan Wuxian said, "The emperors of Wu also live in the simple, replenish their energy, and the war should be about to start."

"The time for the official war has not been announced yet?"

"It seems that the Jingtian Continent will have to wait a few days before starting a war. It should be waiting for news from Emperor Ling Juewu."

"Hehe, it's a pity that Emperor Ling Juewu has become a dead soul in my hands, and Jingtian Continent can only wait for nothing."

Su Lang thought silently and decided not to cause trouble for the time being.

After letting Jingtian Continent gather all the resources and manpower, first come to the backyard to catch fire, and then come to the front line.

However, Su Lang didn't plan to just wait so dry.

Su Lang smiled and asked, "Do you have a teleportation array to the 35th Emperor Clan in the Qiandeng Tower?"

Although Su Lang's mental power can cover half of the Mirror Sky Continent, after sending a clone, it can cover the entire Mirror Sky Continent.

However, a large-scale mental power scan is likely to arouse the alertness of the local Emperor Wu.

Therefore, Su Lang planned to use a more normal way to step on the place of his brother in Jingtian Continent.

"We have it at the headquarters."

Shaoyuan Wuxian nodded, "Not only are there teleportation formations to 35 imperial cities, many famous immortal cities can also go directly."

"Very well, take me to your headquarters."

Su Lang smiled, "By the way, introduce your host Jing Peibai to me."

"It's a great honor!"

Shaoyuan Wuxian was so excited that he didn't think he was a leader.

Next.

Su Lang told everyone not to disclose the things here.

Everyone had already given their hearts to Su Lang, naturally patted their chests to make sure.

Immediately, Su Lang took Su Ling'er and Xiao Mei, and followed Shao Yuan Wuxian to the headquarters of Qiandeng Tower.

Wow!

Qiandenglou headquarters, a crystal palace built upside down in the ground, a certain teleportation array gleamed.

Immediately after.

Four people came out inside, it was Su Lang and Shao Yuan Wuxian.

"what!?"

"Master Shaoyuan?"

"But these three..."

Wuxian guarding the teleportation formation saw the four Su Lang for the first time, and was very shocked.

Because the Qiandenglou headquarters is absolutely not allowed to let outsiders come in.

However, it was Master Shaoyuan of the Nine Tribulations Martial Immortal who brought people over, and that was one of the deputy hosts of the Qiandeng Tower!

therefore.

Wuxian who guarded the teleportation array closed his mouth for the first time.

No matter what the reason, he planned to let Shaoyuan bring in outsiders.

"You are very smart."

Su Lang glanced at that Wu Xian, showing a gentle smile.

The latter suddenly felt that the sky was clear, like a spring breeze, and couldn't help but stand in awe, and his affection greatly increased.

at this time.

A young man with gray hair suddenly appeared.

This person is Jing Peibai, the host of Qiandeng. He has a calm expression and can't see what he thinks.

But he was very shocked!

Because when Shaoyuan Wuxian brought people, he didn't ventilate him at all!

In other words, Shao Yuan Wuxian turned out to be his own opinion!

So, what is the identity of the person who can make Shaoyuan Wuxian make his own claim! ?

Why is Wuxian Shaoyuan so anxious?

Before I could contact him, I brought people in.

It's a pity that Jing Peibai couldn't even think of breaking his head. Shaoyuan Wuxian has become Su Lang's little brother and lead party...

[Chapter 1184: Give me your soul](#)

"The presence of the distinguished guests really makes the next level a glorious place. Please enter the hall for a comment."

The gray young man took a deep look at Su Lang, and politely invited.

"Then I'm welcome."

Su Lang smiled and nodded.

Then the group walked to some exquisite living room.

"Oh my God!"

"What kind of identity does someone who treats the host with courtesy?"

"Fortunately, I didn't talk too much, or else I might have caused trouble to Qiandeng Tower."

"..."

The Wuxian guarding the teleportation formation looked at the back of Su Lang and the others, surprised and rejoicing secretly.

Here.

Su Lang and his party entered a private living room, and at the invitation of Jing Peibai, they took their seats.

Looking at the trio of Su Lang, Su Linger, and Xiaomei.

One person's cultivation is unfathomable, one is just a quasi-sage, and one is only a martial-arts-level.

He looked at Wuxian Shao Yuan who was smiling and respectful to Su Lang.

Jing Peibai was really confused by the second monk.

So, after serving Su Lang and the others with good spirit tea, Jing Peibai finally couldn't help but speak.

He naturally asked Wuxian Shaoyuan: "Shaoyuan, don't you introduce these three distinguished guests?"

"Ah, yes!"

Wuxian Shaoyuan nodded quickly, and then... he was stunned.

Because he didn't know any information about Su Lang at all!

As a result, Wuxian Shaoyuan froze, but couldn't let go of half a fart.

Seeing this, Su Lang laughed and said nothing, Su Ling'er and Xiao Mei also felt a little funny.

Jing Peibai was confused.

Shaoyuan, what are you special about? ?

Let you introduce guests, what are you doing?

at last.

Wuxian Shaoyuan took a deep breath and said, "Owner, the three distinguished guests are very expensive. Shaoyuan is not qualified to know the name, only you are qualified."

As a maid, Xiaomei secretly praised: "This flattery is good, no one has fallen, it's worth learning!"

Jing Peibai was even more confused.

What?

The people you bring silently, you don't even know your identity!

OMG, we are engaged in intelligence, can you be more rigorous!

The corners of Jing Peibai's mouth twitched twice, and soon there was a strong doubt and vigilance in his heart.

Shao Yuan is the Nine Tribulations Martial Immortal.

Even he said that he is not qualified to know the name taboo, then the other party is probably the real emperor!

Moreover, it is the group with the highest status among the imperial clan!

Thought of this.

Jing Peibai suddenly felt tight.

He worked for the imperial family and knew the power of those people deeply, so he didn't dare to be careless at all.

Jing Peibai cautiously saluted: "Under the circumstances, Jing Peibai, I don't know where the distinguished guest's name comes from?"

"My last name is Su."

"From...far away."

Su Lang smiled faintly, "I came to see you because I wanted to make friends with you. I wonder if Mr. Jing is willing?"

Jing Peibai just wanted to talk.

Su Lang was suddenly attracted by the gentle light in his eyes.

That ray of light was like the most beautiful light in the world, dispelling all the resentment, hatred and killing intent in his heart.

Having been engaged in intelligence work all the year round, Jing Peibai was very depressed, but at this time he felt relieved all over!

"So comfortable!"

"What kind of exercise is this, so powerful."

"Mr. Su's light makes me so comfortable, it seems that he really wanted me to make friends."

"..."

Jing Peibai thought happily, but didn't feel anything wrong at all.

then.

He smiled happily: "It's an honor to be friends with Mr. Su, it's great, great, I will replace the wine with tea, and it's dry!"

After speaking, Jing Peibai drank the tea.

Su Lang smiled and nodded, and drank the tea.

Immediately after.

The two met and chatted with hatred, and Wuxian Shaoyuan interjected from time to time.

Jing Peibai didn't notice that the light in Su Lang's eyes grew stronger!

Under the subtle influence of Mingguang Myriad Realms.

About half an hour later, Jing Peibai was completely assimilated into his own by Su Lang.

"Xiao Pei, and Shao Yuan."

Su Lang said with a smile, "Now give me your soul and heart."

When it comes to soul fire.

Shaoyuan Wuxian didn't react, and immediately forced out his soul and gave it to Su Lang.

Jing Peibai was taken aback for a moment, and there was a trace of struggle in his eyes.

But Su Lang immediately urged the "Mingguang Ten Thousand Realms" to completely eliminate Jing Peibai's resistance.

[Chapter 1185: Oh my God how did you do it!](#)

"Ok, no problem!"

"From now on, my Xiaopei will be Mr. Su's entourage!"

Jing Peibai forced his soul out with a sweet face, and gave it to Su Lang with both hands.

"I will not treat you badly."

Su Lang smiled slightly, and took his soul into the sea of knowledge.

Su Lang immediately obtained two powerful servants and an intelligence system all over the entire Jingtian Continent.

Su Ling'er and Xiao Mei were dumbfounded by this, but I felt that Su Lang's image became more mysterious and taller and untouchable.

For your subordinates.

Naturally, Su Lang would not treat him badly, and directly gave out a large amount of pill.

"Take these pills out to take them."

"In this area of intelligence, you must never slack off. Once there is any major issue, you must contact me immediately."

"In addition, on the Feiheng Emperor Clan, everything is as usual, don't disturb them."

Su Lang accepted his smiling expression and restored his cold expression.

"Yes!"

"Thank you for your generous gift!"

"The servant will spare no effort and live up to the high expectations!"

Jing Peibai and Shaoyuan Wuxian received the pill, and they were more sincere and grateful.

"Ok."

"Arrange Su Linger and Xiaomei."

Su Lang gave a light command, "Where is the teleportation array? Take me over, and Shao Yuan will lead the way."

"Yes!"

Jing Peibai and Shao Yuan Wuxian bowed their heads again.

Soon.

Su Ling'er and Xiao Mei were settled in a place where no one can touch by Jing Peibai himself.

And Su Lang followed Shao Yuan Wuxian to the Qiandeng Tower Teleportation Hall.

However, on the road, Su Lang used the clone replacement, allowing the clone to perform the task of stepping on the spot.

He himself returned to the White Jade Fairy Palace on the Canglan Continent.

Just returned to the White Jade Fairy Palace.

Su Lang sent a message to Emperor Wu Qingqiu and Emperor Jiao Qin: "My clone has arrived in Jingtian Continent!"

Just a word.

Suddenly, Emperor Wu Qingqiu and Emperor Jiao Qin Wu were dumbfounded, their eyes staring out.

Immediately after.

The two began to ask frantically.

"Friend Langdi! You have really arrived at Jingtian Continent!?"

"Oh my god, how did you do it!? To reach the Mirror Sky Continent, you must not only cross the front line, but also be detected by the world consciousness!"

"It's incredible, really incredible!"

"I thought that the Langdi clone could only be hidden in the place closest to the front line.

But I didn't expect that he would suddenly go to the Mirror Heaven Continent. Is this true? "

"..."

The two Emperor Wu kept inquiring about Su Lang, their voices excited, even a little incoherent.

The avatar of Su Lang was originally just as an existence similar to 'nuclear deterrence', forcing Jingtian Continent not to act rashly.

But now, the avatar of Su Lang has arrived at the rear of the Jingtian Continent, so there is a lot to do!

"Friend Qingqiu, don't worry."

"Friend Jiao Qin, don't panic."

"My clone has actually reached the Jingtian Continent."

"Close to the front line of the Jingtian Continent, my clone happened to be involved in the battle of world consciousness, and as a result, I entered the territory of the Jingtian Continent."

"As for world consciousness...I don't know why, the world consciousness of Jingtian Continent does not repel me."

Su Lang calmly explained.

On the issue of world consciousness exclusion.

Originally, Su Lang intended to use the "Jing Tian Dao Gen" he obtained from Ling Jue to explain.

But I also thought that the human race would be developed in the future anyway, when the human race's characteristics of not being rejected by the world consciousness would be known to everyone, so I didn't bother to hide it.

For Su Lang's explanation.

Qingqiu and Jiao Qin felt incredible.

It is an indisputable truth that creatures in other worlds will be rejected by world consciousness.

However, this iron law of truth actually failed in Su Lang!

The two of them couldn't figure out what exactly was Su Lang's identity in order not to be rejected by the consciousness of another world.

As the top and second leaders of Canglan Continent, the two are not fools.

Of course they had thought that Su Lang might have been an undercover agent in Jingtian Continent, using a bitter trick with Emperor Ling Juewu, and win the trust of all Wu Emperors in Canglan Continent.

However, this idea was ruled out by the two as soon as it appeared.

In the end, the sacrifices made by Su Lang himself were enough to prove that he was on the side of Canglan Continent.

Secondly, the conspiracy of Emperor Ling Juewu and Jingtian Continent of "darkness in the dark, drawing salaries from the bottom" was enough to subvert the entire Canglan Continent.

Thirdly, even if there was no conspiracy between Emperor Ling Juewu and Jingtian Continent, Canglan Continent would have been difficult to win in this continent battle.

What kind of bitter tricks are completely superfluous, and it is too stupid to be stupid.

[Chapter 1186: Close tighter](#)

and so.

Even if Su Lang sneaked into the Jingtian Continent beyond imagination and was not repelled by the world consciousness, Qingqiu Emperor Wu and Jiao Qin Wudi chose to trust them completely.

At the same time, in the hearts of Emperor Qingqiu Wudi, the image of Su Lang became more and more mysterious.

At this time.

Su Lang's message continued:

"My clone has arrived at Jingtian Continent with Hu Sixi.

Now under disguise, in the Emperor Yinwei Clan Candlegong Emperor City.

My clone controlled Qianqiu Tower, a quasi-emperor-level intelligence organization, and obtained some information about Jingtian Continent. "

Qingqiu Emperor Wu and Jiao Qin Wu didn't even think about it, and immediately replied to come to visit and discuss major issues.

Soon.

Emperor Wu Qingqiu and Emperor Jiao Qin arrived in the southern mainland and met Su Lang.

In the White Jade Fairy Palace.

The two Emperor Wu and Su Lang saluted each other and took their seats.

As soon as he sat down, Emperor Jiao Qin Wu said, "I don't know what information did the Daoist friend Langdi get?"

Qingqiu Emperor Wu also looked at Su Lang with scorching eyes.

"Currently it is just some basic information, and the specifics are marked here."

While talking, Su Lang turned into a planetary sand table, which was exactly the model of Jingtianxing.

On the planetary sand table, there are maps of the power distribution of the emperors, as well as an introduction to each emperor, detailing how many martial arts there are.

Except besides.

There is also information about all the layouts that Su Lang saw in the front line of Jingtian Continent, and the super-large continental debris behind it as a logistics base.

"Thirty-five Emperor Wu!"

"It seems that two new Wudi have been born in Jingtian Continent!"

"I don't know if it is the incense Emperor Wu resurrected from the long river of time, or the newly promoted Emperor Wu."

"Only by quantity, the Wudi-level combat power of Jingtian Continent is six more than us!"

"In terms of combat power, our high-level combat powers are slightly inferior to those on the Jingtian Continent."

"Fighting head-on, we can't defeat the Mirror Sky Continent, we can only rely on resourcefulness."

"..."

Qingqiu Emperor Wu and Jiao Qin Wu had a conversation, and then their eyes fell on Su Lang at the same time.

"Friend Langdi, the future of Canglan Continent depends on you"

"The lives of billions of creatures are pinned on Friends Langdi!"

"Please also Langdi Daoist fellow must stop this war!"

"..."

Emperor Wu Qingqiu and Emperor Jiao Qin stood up with sincere expressions and solemn voices.

"Do not worry."

"I already have some solutions."

"Even if all the methods fail, I will let your clone showdown and use the intervention of the Dark Sky World to prevent the Jingtian Continent from going to war."

Su Lang also stood up and said seriously.

But in his heart, there was a relaxed smile.

Among other things, Su Lang's sixty-odd clones and clone avatars alone could make the Canglan Continent invincible.

just.

In Su Lang's heart, he not only regarded the Canglan Continent as a thing in the middle, but also regarded the Continent of Jingtian as a thing in the middle.

Even after confirming that he and the human warriors will not be rejected by the world consciousness.

Su Lang's gaze has fallen on the entire star sea area!

If he could occupy Jingtian Star in a relatively gentle way, Su Lang would naturally not be willing to cause too much casualties.

at this time.

Qingqiu Emperor Wu and Jiao Qin Wudi listened to Su Lang's promise, and they were slightly relieved.

"Then please call upon Fellow Langdi Daoist."

"The Mirror Sky Continent is preparing for a war, and we can't fall down here. We must speed up. This is goodbye!"

Qingqiu and Jiao Qin once again warned against Su Lang, and then left.

Looking at the back of Qingqiu and Jiao Qin leaving.

Su Lang smiled faintly, and immediately took out a lot of materials.

"Although Jingtian Continent is not enough to be afraid."

"But the Devil Emperor of Dark Sky World Origin is a serious concern and has to be guarded against."

"So... I'd better raise the weapon first, and be prepared."

With that, Su Lang took the Youtian Sword out of the storage space.

"Wow, master~"

"To shut up!"

"Master, you are so fierce~"

"Do you still want to be promoted?"

"Yes! Master, do you think my mouth is tight?"

"Not counting, just close it tighter."

"Well--!!"

When Xiaoyou finally calmed down.

Su Lang rolled his eyes and issued an order: "System, keep current characteristics, evolve Youtian Sword!"

"Ding! Consumes the emperor-level material Yujun Yuanyu*3, Hantian Mingzhu*10, Shaking Silk*10, Chisoul Fake Jade*10, Huiyou Emperor Wood Crystal Core*10...

Immortal grade material Xuanming Lihuaxin*600, Taiping Eternal Jade*300, Wuxian Soul*200..."

[Chapter 1187: Five Turn Emperor Soldier Youtian Sword](#)

"Ding! Youtian Sword has evolved into a Second Rank Emperor Soldier!"

"Ahhhh, so comfortable!"

Xiaoyou felt that she had become stronger, and could not help but let out a cheerful cry.

"Stop calling, it's not over yet!"

Su Lang ticked the corner of his mouth and gave the evolution order again.

Xiaoyou suddenly closed her small mouth again.

Soon.

The system prompt came that this time consumed more emperor grade materials and a full five hundred Wuxian Soul.

But Su Lang still had no plans to stop.

Because the reserve of Wuxian Soul is still enough, the rest of the materials are not lacking.

He issued the order again, raising Youtian Sword to the rank of fifth rank emperor in one breath!

To this end, Su Lang gave a total of more than 800 emperor-level materials, more than 1,000 copies of Wuxian Soul, and countless immortal-level materials.

"Wow."

"I became so strong!"

"I can pierce a planet with one sword!"

"Master, you are so kind to me, how do you love you, Xiaoyou!"

"..."

Seeing that the excited Xiaoyou was about to turn on the show talk mode again, Su Lang immediately let her stop!

"Stop talking, let me check your condition."

Su Langyi grasped the hilt of the Youtian Sword and lay the sword in front of him.

After Youtian Sword was promoted to the Imperial Soldier, the white body of the sword was completely covered with black lines and knotted, forming a dark sword body.

The closer to the spine of the sword, the denser the black lines.

But now, these lines have become extremely slender, and with the naked eye, only the smooth black blade can be seen.

Only by looking at it with mental power can you see the extremely dense black lines on the Youtian Sword.

In Su Lang's eyes, the entire Youtian Sword gave people a more refined and clear feeling.

Compared with the current Youtian Sword, it looked a little rough.

If you have to compare it.

It's like a mosaic video compared to a decoded video, no..., it's like a Blu-ray video compared to a smooth video...

Su Lang's gaze immediately fell on Xiao You's body.

Sure enough, the beautiful girl Xiaoyou became even more beautiful.

The loose black robe became extremely delicate, like the most luxurious fabric in the world.

Xiaoyou's skin also became whiter and more delicate, as if it were the best and warmest porcelain.

She was transformed by the spirit.

But now it became more and more like a real creature.

"Master, don't look at people like this~"

Seeing Su Lang staring at herself, Xiaoyou writhed with a shy expression of her long legs together.

"Do not talk!"

Su Lang rolled his eyes and began to observe the changes in the power of the Youtian Sword.

The Youtian Sword has three powerful characteristics, namely, breaking defense and killing, slashing the gods, and indestructible.

at this time.

These three features have been enhanced a lot.

Youtian Sword possesses the ability to break defenses at the level of Emperor Wudi in the first rank.

At this time, she reached the rank of the fifth rank emperor, and directly possessed the ability to break defenses of the rank eight martial rank.

As long as the opponent is not the Emperor Wu who specializes in defensive avenues, he will be a good one in front of Youtian Sword!

The God Slashing characteristic is also a powerful supplement to Youtian Sword.

You know, at the level of Emperor Wu, they generally have countless hole cards.

Even if the body is destroyed, the soul is very likely to survive. At this time, the god-slashing characteristic can exert a miraculous effect, and most of the hands will retreat.

The indestructible characteristic makes Youtian Sword almost impossible to be destroyed unless the opponent is really beyond too many levels.

"With the Rank 5 Emperor Soldier Youtian Sword, the Jingtian Continent is completely stabilized."

Su Lang smiled and nodded, gently touched the body of the Youtian Sword, and put it into the storage space.

"There are more than 300 copies of Wuxian Soul, and other weapons can also be upgraded."

While thinking about it, Su Lang took out the Slaying Sky Sword Sheath, Tai Chi Meteorite Thunder, and Jianxian Cannon from the storage space.

Su Lang first took the Taiji Meteorite God Thunder in his hand and threw it away.

When dealing with Zhou You, this special weapon was promoted to Rank Four Emperor Soldier, and its self-destruction power reached Rank Five level, but it was ultimately useless.

"Tai Chi Meteorite Thunder requires the least amount of materials to upgrade, but it can achieve the effect of leapfrogging and killing the enemy. The price/performance ratio is very good. A wave!"

Su Lang muttered a few words, and then gave the weapon evolution order.

[Chapter 1188: I can't be untrue](#)

After spending one percent of the materials needed for the evolution of the Youtian Sword.

Tai Chi Meteorite God Thunder successfully promoted to the rank of Seventh Rank Emperor Soldier, and his self-destructive power half stepped into the rank of Rank Nine Emperor Wudi, and the scope was extremely wide!

This is already a real star-killing terrorist weapon.

Once it explodes, the entire continent's surface will be scraped off, and the surviving creatures will be less than 1/100 million.

Of course, as a last resort, Su Lang would not use it to slaughter the whole continent.

"Tsk tusk, this is a real world-level deterrence!"

Su Lang felt the terrifying wave from the Taiji Meteorite Thunder, and he couldn't help feeling a little palpitating.

In addition.

Tai Chi Meteorite God Lei still does not have a spirit of birth, but only has some aura, which can complete simple actions and commands.

For example, lock the enemy to hunt down, timed explosions and the like.

Put the Tai Chi Meteorite God Thunder back into the storage space.

Su Lang put the Slaughter Sky Sword Sheath and Jixian Cannon in front of him.

"The gourd baby sees the Lord!"

The Spirit Gourd Baby in Slaughter's Scabbard ran out to salute Su Lang, very respectful.

Within a short period of time, Slaughter Sky Sword Sheath had witnessed Su Lang's various deeds, and he was naturally convinced, without any thought of being forced to surrender.

He also accepted the name Su Lang jokingly named him and regarded it as his own name.

Su Lang heard the Slaughter Sky Sword Sheath claiming to be a gourd baby, and suddenly couldn't help showing a weird smile.

Thought about it.

"In the Battle of Luoyou City, you also made some effort."

"At the beginning I promised that if you had merit, you would be promoted to the imperial soldier. Now you are qualified."

Su Lang said solemnly: "Well...after you are promoted to the Imperial Soldier, you can be considered as grown up, so you don't need to be called Calabash Baby, just call Calabash."

This statement came out.

Slaughter Sky Sword Sheath was so excited that he couldn't speak.

The scabbard and instrument spirit trembled crazily, and the sword aura brewing inside could hardly be restrained.

For a while.

The spirit of the Slaughter Sky Sword Sheath knelt in the void and slammed three heads against Su Lang: "Gourd will be loyal to the Lord, and will never change until death!"

"Go away, don't be so numb..."

The corners of Su Lang's eyes and mouth twitched at the same time.

Xin said, those two words of yours are mostly used in scenes where girls show loyalty, okay, you are a male gourd, how can you say it so embarrassingly?

Immediately after.

Su Lang promoted Slaughter Sky Sword Sheath to First Rank Emperor Soldier, and made Qi Ling formally renamed Calabash.

"Oh oh oh, great, I am also an emperor!"

"Me, me, my dream of thousands of years has finally come true!"

The Slaughter Sky Sword Sheath was so excited that it yelled, and the Jian Xian Cannon who provoked him kept yelling "fire" and "fire".

Then Calabash hugged Jianxian Cannon excitedly, as happy as a child.

"gourd."

"After the weapon is promoted to the imperial soldier, the weapon spirit can be transformed into a human form."

Su Lang smiled and said, "You can now choose an image you like and change into a person."

"Yes, Lord!"

Gourd, who was so excited holding the Jianxian Cannon, immediately nodded: "The Lord gave me a name for Gourd. I can't be under the name, I have already figured out what I will become."

Talking.

Qi Ling Gourd changed for a while and became a half-old boy.

His clothes are blue robes, his face is delicate and gentle, and he looks like a little boy from a wealthy family.

And his long hair is wrapped in a bun on top of his head.

After the hair was tied, the gourd gave himself a crown, which turned out to be a gourd-like crown hat!

Su Lang felt a bit spicy eyes, and couldn't help but spit out his forehead: "I'm going to cross, go around, you still become a gourd baby..."

Gourd said with a serious face: "The Lord gave the name of Servant Gourd, which has the meaning of blessing, and dare not let it down!"

"Well, that's fine."

"From now on, you will guard the south and guard the three of Chu Xiaobei together with the Five Elements quasi-imperial soldiers. Well, there is a small cannon, and you will also be with you."

Su Lang nodded and smiled, "The five little guys have good defense, but they lack offensive ability."

[Chapter 1189: That shot](#)

Talking.

Su Lang brought the Jixian Cannon in front of him.

The reduced version of the Jixian Cannon looks like a dragon button and a jade seal.

Since the battle between Tuantianlou and others, the Jixian Cannon hasn't been used much.

But it is indeed a very good weapon, and it is also a work that Su Lang is reluctant to disassemble, although it is a bit mentally retarded...

Moreover, Su Lang had another purpose in upgrading JXian Artillery.

That is to look at this type of combined weapon. After being promoted to the emperor soldier, the spiritual intelligence cannot become the same as the normal weapon.

"I hope you can be more normal after you are promoted to the Imperial Soldier."

Su Lang blessed and immediately issued a promotion instruction.

Suddenly.

The materials in the storage space disappeared.

After spending thirty copies of the Soul of Martial Immortal, a large amount of Soul of Martial Saint, and some materials...

"Ding! Jianxian Artillery was promoted to a rank one emperor!"

Immediately after.

In Su Lang's expectant eyes.

The Jixian Cannon violently opened the dragon's mouth, making a deafening sound: "Fire the cannon!!!"

"Lying down!"

The corner of Su Lang's mouth twitched instantly, and he wanted to fall back, lie down, and be quiet.

However, Su Lang's expression suddenly changed.

He had paid attention to the artillery and wisdom of the small cannon before, but ignored the power of the 'fire cannon'!

The gun was fired.

The end is straight into the sky, shaking the earth, and even the Emperor Zhun can die!

At the same time, that 'fire cannon' was like an attack from countless powerful warriors using the sound wave technique at the same time.

Overlapped, densely packed! Not only has physical attack power, but also powerful mental attack power!

"What the hell!"

"Xiao Pao's mantra has turned into supernatural powers!"

"Before the cannon fired, there was a sound to frighten the enemy and make him stagnate, making it difficult to avoid the next kill attack!"

"If the enemy is weaker, just this loud roar can make him frighten and burp!"

Su Lang looked at the Jixian Cannon in front of him, couldn't help taking a breath, and a sense of surprise rose in his heart!

at the same time.

Su Lang also thought of the five little guys in Xiaohai.

Their five mantras are the same-'Ma Ma Ma Ma'!

"Hiss~!"

"Compared with 'Fire Cannon', 'Ma Ma Ma Ma' has a gentler and longer tone, which is definitely a mental attack."

"If they are all promoted to imperial soldiers, get this sonic supernatural power, and then use them together..."

Thinking of the scene, Su Lang's eyes widened, and a charming smile appeared on his face.

In addition.

In addition to the five-element quasi-imperial soldiers, Su Lang also remembered the unfinished 'super humanoid weapon'.

Unsurprisingly, the weapon spirit of a super humanoid weapon will also have a minor mental retardation, perhaps a large mental retardation, a super mental retardation...

If it has a mantra and becomes supernatural powers when it is promoted to the emperor rank, then the power of supernatural powers is simply unimaginable!

With beautiful imagination.

Su Lang hooked his mouth and put the JXian Cannon into the storage space and stood up.

"Super humanoid weapons still need a lot of time to be refined."

"But the five-element quasi-imperial soldier, it's time to be promoted to the imperial soldier."

With an enchanting smile, Su Lang stepped forward to the Five Elements Heaven.

"Formation decomposition!"

With a thought in Su Lang's heart, the entire Five Elements Heaven broke down instantly!

The reason for decomposing the Five Elements Heaven.

For one thing, after the five-element quasi-imperial soldiers were promoted, the formations placed on them were no longer applicable and needed to be rearranged.

Secondly, it was because Su Lang had stolen the eighth rank united imperial formation from the front line of Jingtian Continent, so he naturally wanted to apply his knowledge!

Therefore, not only the Five Elements Imperial Soldier, the entire Five Elements Heaven will be updated.

"And this time, it's not just a simple promotion, but also joining the spiritual internet and transportation network!"

"Although Emperor Kuang'erlu's soul has not yet been purified, it can't wait long."

"I can set up the table first, reserve a place in advance, and finally embed the Emperor Soul server."

Thinking like this, the corner of Su Lang's mouth twitched and his thoughts moved, and the five-element quasi-imperial soldiers guarding the center and all around suddenly appeared in front of him.

[Chapter 1190: Thousands of people are empty!](#)

"Ma Ma Ma Ma!"

"Ma Ma Ma Ma!"

"..."

As soon as the five quasi-emperor soldiers appeared, the spirits of the dumplings suddenly appeared, and they flew around Su Lang and called with excitement.

"Hey, I feel a little bit unbearable just like this. When they are promoted to the Imperial Soldier, it will be fine."

Su Lang couldn't help but shudder at the thought of the 'beautiful' picture.

Next.

Su Lang took the White Jade Immortal Palace and Space Cube again.

Anyway, the consumption of the quasi-emperor soldiers' promotion to the emperor soldiers was completely affordable for Su Lang, so he was promoted together.

The White Jade Fairy Palace and Space Cube were taken by Su Lang, and the people inside were naturally rejected.

"Huh? Why were we suddenly excluded?"

"Oh, I almost gathered the lead of space just now."

"I was still working in the office of the White Jade Fairy Palace, and I was banged out at once, like a fart..."

"How dare you complain? The Space Daochang and the White Jade Immortal Palace are directly under the control of His Majesty Langdi. If there is an abnormality at this time, it must be His Majesty Lang's business!"

"Wow, did your Majesty Langdi take the shot himself? I really want to see my beloved Majesty!"

"Your Majesty Langdi is not something you can see if you want to. I can only look up at His Majesty's great posture from the ground, and wish His Majesty immortality forever!"

"Yes, every shot of the great Emperor Lang will bring endless blessings, and this must be the case this time, thank you, and thank you..."

"..."

After countless warriors panic at the beginning, they immediately understood that Su Lang must have made a big move.

As a result, the warriors knelt on the ground, praying for blessings, or gratitude.

Even the warriors in the distance learned of major events in the holy city of Yaochi, and they rushed through the teleportation array to witness this anticipated event together.

The holy city of Yaochi had already condensed the vast majority of elites in the southern mainland, and it was even more overcrowded at this time, and the other cities were empty!

sky.

Chu Xiaobei Ruxue and the three slender daughters were driving the flying fairy, overlooking the earth.

"Everyone is praying for Brother Su Lang!"

"Yeah, there are many people, Brother Su Lang is really loved!"

"Brother Lang has done so many good deeds for the Southern Continent, of course everyone in the world likes him!"

"Well, this time not only the White Jade Fairy Palace and the Space Cube were taken away by Su Lang, but also the Sea of Sky was taken away, and the Five Elements Sky disappeared directly. I don't know what kind of big action there will be!"

"It's a pity that the 'incense statue' plan given to us by Brother Su Lang has not yet been completed, otherwise we can take this opportunity to have a grand opening ceremony!"

"Yes, it's a pity that I can't give him a surprise, forget it, let's see what Su Lang is going to do."

"..."

After some discussion.

The three of Chu Xiaobei flew toward the sky with a flying fairy.

In the endless sky.

Su Lang's spiritual power covers the earth, and he knows everything on the ground.

In addition, he felt a wave of incense and willingness to keep coming, and immediately put it in a different sky box.

"Without any arrangement, you can accept so much incense aspiration."

"If statues, incense transmission channels and other means are arranged, more incense aspirations will be obtained."

"Well, Xiaobei and the others have the help of the empty Zhundi who has experienced the incense system, and they should be able to produce good results."

"In addition to the means of collecting incense on the ground, the spiritual internet is a better channel for collecting beliefs. I will do it myself."

"..."

Su Lang was thinking about it when he realized that Chu Xiaobei's three daughters were flying over.

In addition to this, Li Xianyang, Huangfuqin, Empty Yuehong Zhundi and other subordinates also appeared in the distance, waiting for Su Lang to summon him at any time.

"Brother Su Lang!"

"Brother Su Lang, what are you doing?"

"Wow, Su Lang, you really cleaned the Five Elements Heaven. It's amazing. This speed is comparable to Erha, hehe, do you know what Erha is?"

"..."

The three women said with a smile, Yan Yan flew to Su Lang and asked curiously.

Chu Xiaobei displayed the new vocabulary 'Erha' she got from the 'Ancient Book' and used it to make fun of Su Lang.
