[Chapter 121: All military commanders, ants!](#)

Not long.

The gate of Nanlin City gradually appeared in the distant field of vision.

Suddenly, Su Lang raised his brows and squinted his eyes to look up into the sky.

"Tweet tweeted~"

Three strange flying eagles hovered in the sky, piercing screams constantly in their mouths.

"Brother Su Lang, it's a fate bird!"

Ji Ruxue's complexion changed, her beautiful eyes shrank.

For this kind of flying eagle that specializes in tracking enemies, she has a deep shadow.

"Don't worry, these chasers are coming for me."

Su Lang retracted his gaze and sneered, "I didn't want to pay attention to you, but you have to come here, so don't blame me for being merciless!"

At this moment, eight black spots rushing quickly appeared in the distance.

They were savage and fierce, and gathered around like a hungry tiger.

"All military commanders? Ants!"

Su Lang glanced at these people, curled his lips in disdain, and stood in place with his hands behind his back and waited for them to come and die.

In a blink of an eye, eight warriors from the Zhu family rushed to the front and surrounded Su Lang.

"Hahahaha!"

"Su Lang, son of a bitch, finally found you!"

"How dare we slash our young president with an adult stick, today we must give a tooth for a tooth!"

The eight Zhu family martial artists surrounded Su Lang and Ji Ruxue, who was carrying Granny Ke on their backs, and they kept making vulgar curses.

At this moment, one person suddenly looked surprised: "Look, that 13 or 4 year old girl turned out to be a military commander!"

"What? Thirteen or four-year-old generals!?"

"How is it possible! Let me see, lying noisy, it really is!"

"There is such a small general level, my God, she is absolutely perfect!"

The Zhu family generals stared at Ji Ruxue in disbelief, with intense shock and greed in their eyes.

They never expected that after killing a Su Lang, they would encounter a peerless genius with no lack of qualifications!

You have to know that there is no lack of qualifications, but only one in tens of millions of people can appear!

"Our luck is so good!"

At this time, a Zhu family martial artist suddenly laughed.

"Yeah, our luck is simply against the sky!"

Another big man from the Zhu family also smiled, "I can meet an indispensable genius at the general level. My Zhu family is destined to take it to the next level!"

The other Zhu Family Martial Artists also looked at each other with excitement.

A genius with no lack of qualifications is almost a doomed King of Wu as long as he doesn't die halfway!

Once you control the young girl in front of you with a shallow cultivation base, and then train her to become a king of martial arts, then the Zhu family will be in full swing!

As for how to get the other party to submit?

Of course that is bullying and temptation, plus other special restraints!

One of the most commonly used is the Poison Pill, and the Zhu family does not know how many warriors have been controlled by this vicious method to sell for it.

In the face of surrender and death, those warriors have no choice at all!

"A group of ants, the idea of someone who dares to beat me?"

Su Lang naturally noticed the gazes of the Zhu family generals, and a sneer appeared at the corner of his mouth.

"Huh! Your people?"

"You are a small trash, are you eligible to own her?"

A senior military commander of the Zhu family came out and looked at Su Lang condescendingly.

"Not bad!"

Another Zhu family general also said with disdain, "A mere military master, kills a junior general and treats himself as a human being?"

"Leave him alone, first hello to our genius beautiful girl!"

A wretched and thin man stepped forward and said to Ji Ruxue, "Little girl, you are in a very dangerous situation with this Su Lang.

Fortunately, your qualifications are pretty good. Our Zhu family is interested in you. Why not consider joining our Zhu family?

I promise you will not be hurt a bit, and there will be endless glory and wealth to enjoy in the future! "

Ji Ruxue rolled her eyes, looking at the Zhu family warriors like she was looking at a fool.

She saw with her own eyes that Brother Su Lang defeated the mid-level military commander.

Now these military commanders dare to squeak and provoke, it is simply too much life!

[Chapter 122: Bone to pieces](#)

"Little girl, why don't you speak?"

"Don't be afraid, we are not malicious!"

The senior military commander of the Zhu family headed him with a smile, "You are your relatives on your back, it looks like you are going to be angry, and you will die soon.

However, as long as you agree to join our Zhu family, we will use all our resources to help you treat your loved ones! "

Ji Ruxue snorted coldly, rolled her eyes and turned her head away.

"Little girl, with such good conditions, why are you still hesitating?"

After a Zhu family general exchanged glances with the others, his face gradually showed a stern look, "You must first understand that your situation is very dangerous!

We originally wanted to kill all of you, but if you have good aptitude and cute people, we will give you a chance. Don't let yourself be fooled! "

"You guys don't say any more, I won't agree!"

Ji Ruxue's tone was cold, "Also, what's in a dangerous situation and don't mistake yourself, it's really ridiculous!

In front of Brother Su Lang, all of you are chickens and dogs, you are vulnerable, I advise you to run away immediately, there is still a chance! "

As soon as this remark came out, Su Lang suddenly smiled.

And the faces of those Zhu family generals were as ugly as eating shit.

"Little sister, don't toast or eat fine wine!"

The headed Zhu family general said coldly, "Su Lang's strength is indeed good, but it is a delusion to retreat under our hands!"

"Yes, Su Lang is simply vulnerable to a blow under our hands!"

The other Zhu family showed disdain, "If you don't believe it, we will cut Su Lang's body to pieces now!"

Speaking of this, the eyes of all the Zhu family generals once again fell on Su Lang.

They grinned and sarcastically, they seemed to have eaten Su Lang!

"Hey, how come there are so many self-righteous fools in the world?"

Su Lang shook his head and sneered again and again: "You guys will go on together. If you want to break into pieces, I will fulfill you!"

"Dare to be clever when you die!"

A military commander of the Zhu family was cruel, "After a while, cut off your tongue, and then pull out your teeth one by one!"

"Stop talking nonsense, catch him and let him taste our tricks!"

The headed Zhu family general screamed and waved his hand to kill him first.

The other Zhu family generals also drew out their weapons with a grinning face and slayed Su Lang fiercely.

"The ants are destined to be the dust under my feet!"

A hint of coldness flashed in Su Lang's eyes, and immediately he raised his right hand and brushed it lightly, and the sky was full of snow in an instant!

Such a bizarre scene immediately shocked the Zhu family generals!

Immediately afterwards, a deep chill swept over, causing them to shiver in unison!

"what happened!?"

"It's so cold, so cold!"

"I am a military commander, how can I feel cold?"

The Zhu family generals looked at those goose feathers and heavy snow in disbelief.

They are military commanders, people standing at the top of the small city, cold or something, I don't know how long they haven't felt it.

But now they feel cold to the bone, and even their thinking is frozen!

At this time, the headed Zhu family general suddenly showed fear: "It is an ice attribute technique! Yes! It must be so!"

The rest of the people were reminded, and they reacted immediately, their eyes violently opened!

"What kind of ice attribute technique is this, so terrifying?"

"Advanced, it's a high-level attribute technique! But how could Su Lang, as a miscellaneous, master such a powerful technique?"

"Don't worry about so much, run away!"

Endless horror and fear instantly rose on the faces of all Zhu family generals!

Immediately, they ran out like crazy.

"Want to escape now? Don't you think it's too late?"

With a flick of Su Lang's finger, the ice blue snowflakes exploded.

The terrifying ice and cold power swept all directions, and a radius of 100 meters instantly turned into a glacier!

All the Zhu family generals who ran away felt cold all over, and they lost consciousness directly!

"Help, I can't move!"

"Ahhhhhhhhhhhhhhhh! My hands are frozen!"

"My body is out of sensation! No!"

"Su Lang... Rao..."

"..."

The Zhu family generals were terrified and struggling, but they still couldn't escape the fate of turning into ice sculptures!

At the same time, all the life-seeking birds hovering in the sky turned into ice cubes and fell down, smashing to pieces on the ground.

[Chapter 123: They can't afford it](#)

blink.

The eight menacing Zhu family generals turned despair into ice sculptures!

Su Lang stretched out his hand, and a gust of wind hit the eight ice sculptures, smashing them to pieces.

However, Su Lang deliberately left their heads.

"I hope that the Zhu family will like this gift!"

A weird smile was outlined at the corner of Su Lang's mouth.

Immediately, with a big wave of his hand, he collected all eight frozen heads into the storage space.

"Let's go like snow."

Su Lang tilted his head and smiled at Ji Ruxue, "Remember to reduce your breath, lest someone strikes at you again."

After speaking, Su Lang turned and walked towards Nanlin City.

"Okay, Brother Su Lang!"

Ji Ruxue looked at Su Lang's back, her eyes dazzling, and then she followed Granny Ke on her back with her little feet.

Not long after, the three people appeared at the gate of the barrier of Nanlin City.

In front of him, a few martial arts guards wearing the uniforms of the Martial Arts Alliance blocked the way.

"Yes... it's you!"

"Su Lang who killed the warriors of the Four Seas Chamber of Commerce!"

The military masters on duty at the gate of the barrier recognized Su Lang for the first time, and their faces were immediately shocked.

They couldn't believe that Su Lang dared to show up at the gate of the barrier!

You know that the Zhu Family and the Nanlin Martial Arts Alliance Branch are searching for him in the whole city!

"Yes, it's me."

"Get out of the way, I don't want to kill you."

Su Lang glanced at the martial arts guards faintly, and walked straight forward.

Seeing this scene, a group of martial arts guards suddenly became stagnant and their faces flushed!

Being defiant, really defiant!

Since serving as the barrier guard, who did not treat them respectfully when entering and leaving the barrier gates?

At this time, there are people who don't take them so seriously!

Shame, great shame!

The guards of the martial arts were blushing and bursting with anger.

At this time, Su Lang had already walked in front of them: "Why? Still not letting go?"

The martial arts guards bit their teeth fiercely, wishing to immediately pull out their weapons and chop Su Lang into meat sauce.

But they dare not!

They had heard of Su Lang beheading the Zhu family generals at the airport and torturing Zhu Fanyu.

Faced with such a powerful and crazy person, they simply can't afford it!

So, after a frenzy of the veins, they still chose to compromise.

"I... let's get out of here!"

Several martial artists held back their anger and moved to the side one after another.

"Well, it's pretty familiar."

Su Lang smiled and nodded, leading Ji Ruxue into the barrier.

"Quick! Notify the warriors above and the Zhu family!"

"What's the matter, dare to look down on us like this, really treat yourself as invincible?"

"When the warriors of the Zhu Family and the Martial Arts Alliance surround him, I wonder if he can still be so arrogant?"

"Go, let's change shifts, we must see how this kid died!"

Seeing Su Lang's gradually disappearing back, the anger of the martial arts guards finally broke out and burst out.

There was a brutal look, strong hatred, and a strong disdain on their faces.

In their opinion, Su Lang is indeed very strong in being able to kill the generals in the realm of the martial master.

However, wanting to fight against the Zhu Family and the Wuzhe League branch with this strength is completely wishful thinking!

Once Su Lang is caught by the Zhu Family and the Martial Artist Alliance, it will definitely die!

After Su Lang completely disappeared at the end of the passage, a group of martial arts guards immediately reported the news.

However, with a hundred heads from them, Zhu Xiyan's reaction after receiving the news was not joy, but horror!

At this moment, in the Zhu Family Manor.

"What are you talking about? Su Lang appeared at the door of the barrier!?"

Zhu Xiyan stood up from the chair with a chuckle, his face was filled with endless disbelief!

"Yes, Patriarch!"

The informant warrior knelt on the ground and said with a vow, "It's the news from the barrier warrior guard, now Su Lang has entered the city!"

"He is still alive? How could this be?"

Zhu Xiyan's face was green and red, as if he had opened a dyeing workshop.

[Chapter 124: Zhu Xiyan, annoyed](#)

"Are you sure the source of the information is reliable?"

Zhu Xiyan stared at the informer.

Although he knew that this reporter would never lie, he still didn't want to believe that Su Lang was still alive.

"Patriarch, this is indeed true!"

The informant warrior swallowed nervously, "Because not only the guards of the warriors, but also many passerby warriors have seen the trail of Su Lang!"

"Really!?"

Zhu Xiyan's eyebrows became a ball, and he walked around the hall with his hands on his back:

"But there was news before that Zhu Yidong and the others had locked Su Lang's trace through the life-chase.

With the lock of the chaser, how could they be lost? It is impossible for Su Lang to appear at the gate of the barrier, but they are gone!

Could it be that Zhu Yidong and the others are already ill-fortuned? No no no, how is this possible?

There are eight military commanders in total. Su Lang is just a small military master. How could he be able to kill them?

what happened? Could it be that Su Lang has an expert to help! ? "

"Patriarch...probably not..."

The reporter warrior's heart tightened, and hurriedly said, "According to the news from the guard of the barrier, Su Lang is following a little girl with a dying old man on his back. They can't be any masters."

"Dying old man? Little girl?"

"Isn't Su Lang alone? Why is there an old and a young suddenly?"

"Damn, how could this Su Lang be so weird!?"

Zhu Xiyan's eyes were violent, and one hand swept fiercely, the cup on the table suddenly hit the ground, and the debris and tea splashed all over the place!

There was no news about the eight major generals in the family, but Su Lang was alive and well, and he dared to lead people into the barrier, which made him both furious and uneasy!

However, as the head of the family, he quickly calmed down.

"The situation is not completely out of control."

Zhu Xiyan's face was as cold as iron, and his brains were running fast, "Zhu Yidong and the others are so strong, it's impossible to die.

They were definitely caught by Su Lang's tactics and were led to other places!

Regardless of these, Su Lang dared to enter the barriers arrogantly, it was extremely arrogant, really no one under my Zhu family!

Humph, immediately pass the order down and dispatch all the generals to besiege Su Lang! "

"Patriarch, what about Master Qin Hu?"

The reporter knelt on the ground and asked tremblingly.

"idiot!"

Zhu Xiyan frowned and cursed, "Will Master Qin Hu's news lag behind us? Why don't you send the order?"

"Yes!"

The informant warrior climbed up from the ground cautiously, bent over and quickly left.

"Su Lang, we will meet soon!"

"I will use the way of being a man to treat him as a man, and hang you with a stick to show the public where there are most people!"

When Zhu Xiyan thought of the miserable appearance of his son Zhu Fanyu's stick, the anger in his heart couldn't help but surging, making him look hideous, and his seven orifices gave rise to smoke!

Immediately, he drew his sword and walked out of the Zhu Family Manor with a murderous look

——He has to do it himself to relieve his hatred!

At the same time, Nanlin City rushed along Wolf Avenue.

The crowds of passers-by were whispering and pointing around.

Surrounded by these passers-by are the unhurried Su Lang and Ji Ruxue with Granny Ke on his back.

"It's that Su Lang! I have seen his portrait!"

"Haha, is this man stupid, dare to walk on the street swaggeringly, I don't know that the Zhu family and the league branch are chasing him?"

"Perhaps someone is a master of art and bravery, so they are not afraid of anything? Do you think that?"

"Boldness is real, and Yi Gao is fake. His strength is considered a shame in front of the Zhu Family and the Alliance Branch!"

"..."

Many onlookers whispered and discussed, their eyes looking at Su Lang were full of disdain and gloating.

[Chapter 125: If you provoke me, you have to die](#)

At the same time, many people's eyes fell on Ji Ruxue.

"This little girl is so beautiful, she is definitely a stunner when she grows up!"

"Yes, skin wins snow, smiles at Qiuyue, and the agile temperament that day is tickling!"

"Haha, it's just too petite, if you grow up a little bit, hehe..."

"I like this kind of petite..."

"..."

Many people commented on Ji Ruxue, and Su Lang's brows gradually frowned.

Ji Ruxue's delicate willow-leaf eyebrows were also slightly frowned, and of course she didn't like others to point to her.

"You guys like talking about others, right?"

Su Lang stopped, and the extremely cold voice spread throughout the street in a flash.

For an instant, everyone couldn't help but feel excited, like being poured with a bucket of ice water in the winter!

"If anyone else dares to speak, I don't mind cutting off his tongue!"

Su Lang looked around at everyone, his eyes overflowing with murderous aura!

All the people he stared at felt a chill rise from the tail spine, and the hairs were standing up one by one.

Almost less than a second, the whole street became quiet and quiet, as if a needle dropped could be heard!

"Oooh, look, it's incredible!"

Suddenly, a voice with a strong sarcasm came out, "You dare to play sideways on the street!"

Everyone looked at them, and saw that five martial arts masters in the uniforms of the Union Division were looking at Su Lang contemptuously.

And these people are the martial arts guards who made way for Su Lang at the entrance of the barrier before!

"It turned out to be you."

Su Lang glanced at the five martial arts guards faintly, "Before I murmured in front of me, and was a man with his tail sandwiched.

You dare to taunt me now, it must be a bully, you have confidence? "

"You are the dog!"

"A dying person, dare to speak rudely!?"

"Dare to insult us, wait a while to see how you die!"

The martial arts guards laughed instead of anger, looking at Su Lang as if they were looking at a dead person!

Before that, they certainly didn't dare to talk to Su Lang like this.

But now that the news has spread, the warriors of the Zhu Family and the Alliance Branch are coming soon!

With such a strong backing, what are they afraid of?

"Really confident!"

Su Lang's mouth slowly outlines a cold and cruel smile, "It's a pity that you provoke me, no matter who you rely on, you will die!"

"Want to kill us? Extremely ridiculous!"

The martial arts guard looked at each other, showing a sneered sneer.

at this time.

Su Lang sneered, single-handedly, a horrible icy power instantly condensed into dozens of flickering flying knives, severely cut out!

"What the hell!?"

"What kind of trick is this!?"

Faced with such an incredible scene, everyone was stunned!

Those warrior guards even stood upside down, their scalp was about to explode, and they had to run away without even thinking about it.

However, just the icy power that spilled from the flying knife made them stiff, their thinking was sluggish, and they didn't even have a chance to move.

"Do not!!"

The terrifying ice skates gradually occupied the field of vision, and the martial arts guards let out a desperate cry.

In the next moment, dozens of cold ice flying knives slashed mercilessly on them, instantly slicing them all in the waist!

However, their bodies were not divided into two, because the power of ice cold directly frozen them into ice sculptures!

Such a shocking scene immediately made everyone dumbfounded and their faces full of dementia!

"This...this, this, this is an ice attribute technique!"

"Su Lang has mastered such a powerful technique, and the five masters of martial arts are gone in an instant!"

"Unexpectedly, he should be so awesome, even the most difficult attribute technique can be practiced to such an extent, no wonder he is so arrogant!"

"But he is too arrogant, he is really crazy to kill the barrier guards of the alliance branch!"

"Run away, this person must be crazy, maybe he will kill him later!"

Those martial artists are not able to withstand a single blow, my small body can't even hold the aftermath! "

"Right, right! Run away, run away!"

A large number of onlookers came back to their senses, and immediately ran away in panic!

Suddenly, a fierce roar came from outside the crowd!

"Retreat all to me!"

This roar shook the scalp of all passers-by like thunder, frightened, and squeezed to the side involuntarily.

In an instant, a wide avenue appeared in the tide of people.

[Chapter 126: You will die very happy](#)

Su Lang raised his eyebrows and looked at it.

In the middle of the avenue, a group of warriors dressed in red shirts glared and walked murderously.

In the middle of this group of warriors, there is an old man with gray hair, blue complexion, and murderous eyes in his eyes.

"That's Zhu Xiyan, the head of the Zhu family!"

"Unexpectedly, the Patriarch of the Zhu family actually made the shot himself! He is a famous military commander!"

"The Zhu family's Keqing generals have also come a lot, and other generals who have invested in the Chamber of Commerce in the Four Seas have also come!"

"I counted. There are nine generals in total. The last time there was such a large lineup was to resist the tide of fierce beasts!"

"With such strength, Su Lang must be over here, there is no suspense!"

"Tsk tsk, the Zhu family is strong, otherwise the Four Seas Chamber of Commerce would not have been able to monopolize the various markets in Nanlin City for so many years."

"What are you doing with this? Don't kill me?"

"..."

Everyone whispered and whispered, looking at Zhu Xiyan and others with awe.

At this moment, in everyone's hearts, Su Lang is already bound to die!

At this moment, Zhu Xiyan and a group of generals also walked in front of Su Lang.

They gnash their teeth one by one, furious, like an active volcano about to erupt!

"Su Lang, I finally found you!"

"It's you, how dare you cut my son into a man!?"

Zhu Xiyan stared at Su Lang with cracking eyes, the turbulent hatred was almost like a tsunami.

"Yes, it's me!"

"Zhu Fanyu provoked me again and again. I didn't kill him. It's already a kindness!"

Su Lang didn't change his face in the face of Zhu Xiyan and more than a dozen generals, and he was calm, even with a faint smile.

"Great kindness!?"

"You cut my son into an adult stick so that he is not as good as dead, and he is so kind!?"

"You are so cruel and vicious, cruel and inhumane!"

Zhu Xiyan's eyes were violent and bloodshot, and he couldn't wait to swallow Su Lang alive!

"Sorry, being an enemy of me, it ended so badly!"

Su Lang shrugged, and immediately smiled, "By the way, I also prepared some gifts for you, I hope you like it."

As he said, Su Lang waved his hand, and suddenly there were eight frozen heads on the ground.

Zhu Xiyan took a look, and immediately shook his whole body. He rolled against the blood, almost spewing out three liters of old blood!

He looked at the heads on the ground tremblingly, chanting the name of the head owner one by one:
"Zhu Yidong! Zhu Yuchu! Zhu Linjin!..."

These eight generals were the true core strength of their Zhu family, and they were all dead! !

"what--!"

Zhu Xiyan let out a hoarse, heart-piercing roar, and the whole person almost collapsed!

The other members of the Zhu family are also bursting with tears, their eyes are blood red, and the veins and blood vessels on their faces and necks are almost exploding!

The onlookers were all dumbfounded, standing there like a statue!

"Ah----! Su Lang, I want you to pay for it!"

Zhu Xiyan's face was distorted, and the old tears were everywhere, and he drew out his sword and killed Su Lang!

"Vengeance for the people!"

The other Zhu family generals also drew out their weapons with cracked fingers, and roared at Su Lang.

In an instant, the swords, lights, swords and shadows on the entire street, the forest and the frozen bones, the air of killing, overwhelming!

"There are ants on the ground, and so are you!"

Facing the siege of military commander Zhu Xiyan and eight military commanders, Su Lang did not cut him.

He took a breath, and nine crystal clear snowflakes condensed, floating and sinking.

As soon as these snowflakes appeared, the temperature within a radius of 100 meters dropped by tens of degrees!

"It's cold!"

"I can't take it anymore, go!"

The warriors with low cultivation bases were terrified and retreated one after another!

Those warriors with acceptable levels of cultivation also trembled all over, and couldn't stop it!

However, Zhu Xiyan and Zhu's generals who were locked by Su Lang seemed to be stared at by the gods of death, and they stopped at the same fright!

"Advanced ice attribute technique!!"

"How can he be a mere martial artist!?"

Zhu Xiyan's pupils shrank suddenly, and the fire of anger before was like being poured into a basin of ice water, which was instantly extinguished!

The rest of the Zhu family's generals were also terrified, and their scalps were about to explode!

They knew that they would never be able to bear the seemingly harmless snowflakes!

"If you want me to pay for my blood, you must have the consciousness that the ending will be tragic!"

An icy smile was drawn at the corner of Su Lang's mouth, "Don't worry, you will die very happy!"

After that, Su Lang was about to shoot snowflakes and ended the Zhu family.

But at this moment!

"stop!!"

With a burst of shouts, pierced the sky!

[Chapter 127: Are you dreaming, wake up!](#)

"Oh? Another one?"

Su Lang glanced slightly, only to see a figure stepping on the high-rise building, constantly shuttled and rushed towards the circle of war!

As soon as his mind moved, the person's attribute panel appeared in front of him.

[Name]: Qin Hu

[Race]: human

[Qualification Level]: Best

[Realm level]: Junior Martial Commander

[Attack level]: Intermediate military commander

[Defensive Level]: Junior Martial Commander+

[Physique Level]: Junior Martial Commander+

[Endurance Level]: Junior Martial Officer

[Mastering Techniques]: Boundless Heart Sutra, Senluo Doukui Swordsmanship (Advanced, Beginner), Qianli Jinshen Jue (Advanced, Beginner), Qingliu Feiyong Step (Intermediate, Xiaocheng)...

"Master Qin Hu!"

When Zhu Xiyan and the Zhu family generals saw Qin Hu, their faces were ecstatic!

"This strength? Haha!"

The corner of Su Lang's mouth raised and he held his back with one hand, "If your speed is fast enough to block my snowflakes, why don't you save them?"

Immediately afterwards, with a thought in his heart, crystal snowflakes burst out, killing Zhu Xiyan and others.

Seeing the glittering snowflakes getting closer and closer, Zhu Xiyan and the others were shocked and immediately flee.

But the terrifying force of ice and cold swept over, making them stiff, almost unable to move!

Zhu Xiyan of the rank of the martial arts commander could barely resist the attack of the ice and cold force and ran away towards the distance.

However, Zhu Xiyan's speed is also as slow as a snail, and it is almost useless in the power of ice and cold that swept through!

Feeling the fear of almost dying, Zhu Xiyan and the others were extremely remorseful, and hated whether they should provoke the perverted evildoer Su Lang.

But it was too late!

The power of ice cold carried Su Lang's anger overwhelmingly, rolling in!

"Do not!"

"Master Qin Hu, help!"

Zhu Xiyan and the others were so cold and frightened that they all looked at Qin Hu with desperate eyes.

Qin Hu is their last straw!

"I want you to stop!"

Qin Hu's forehead blue veins jumped violently, his speed reached the limit!

However, he was still more than two hundred meters away from the battle circle, and it would take one second at the earliest!

And one second was enough time for Su Lang to kill those Zhu Xiyan and others over and over again!

"Goodbye, everyone!"

A sneer flashed in Su Lang's eyes.

At the next moment, the nine crystal snowflakes burst out suddenly burst!

The eight Zhu family generals directly turned into ice sculptures in full view, and there was no aura on the spot!

Zhu Xiyan tried her best to eat milk and escaped, and finally got frozen in her lower body 100 meters away.

"Zhu Xiyan!"

Qin Hu rushed to Zhu Xiyan's side and immediately fed him a fiery red pill.

"Master Qin Hu!"

"The Zhu family is dead, and the Zhu family is gone!"

Zhu Xiyan's eyes were lost, and his mouth trembling made a cuckoo cry of blood!

"Su Lang...you are so bold--!!!"

Qin Hu looked at Su Lang very angrily, his whole face bursting with red veins, his eyes almost bursting into flames.

The Zhu family is very important to him, Qin Hu!

These are almost his hands in ruling Nanlin City, and he is also the largest supplier of cultivation resources!

But now, the Zhu family almost exists in name only, his hands are broken!

How intense is the pain of a broken arm! ?

At this moment, Qin Hu's hatred for Su Lang is simply monstrous!

"What? Are you going to avenge the Zhu family?"

Su Lang smiled faintly, "Then you have to think about it clearly, and if you have enemies with me, it will end badly."

"Su Lang, I admit that you are really strong!"

Qin Hu stared at Su Lang gloomily, "However, you can beat Zhu Xiyan before, can you still beat me?"

As soon as the words fell, Qin Hu suddenly burst into a powerful aura of an intermediate military commander!

This breath swept across all directions like a hurricane, and all the warriors couldn't help their legs become weak and fell to the ground.

Seeing his domineering aura, he immediately knelt down, making Qin Hu more confident.

"How, with such a strength, can you beat it?"

Qin Hu raised his chin and looked down at Su Lang with a squinting gaze. "Now you kneel down and beg for mercy and swear allegiance to me. Maybe I can consider forgiving you!"

For a young and powerful warrior like Su Lang, Qin Hu naturally wanted to regain his life for him!

"Hahahaha!"

Su Lang looked up to the sky and laughed wildly, then glanced at Qin Hu with disdain:

"You are really good at having the combat power of an intermediate military commander in the realm of a mere junior military commander.

It's a pity that your strength still can't even beat a finger of mine!

Want me to kneel and beg for mercy for your loyalty? Are you dreaming? wake up! ! "

As soon as this remark came out, the onlookers who knelt on the ground were suddenly shocked with dementia!

[Chapter 128: I can't even hit a finger](#)

Immediately after.

The onlookers came back to their senses, and suddenly made an uproar!

The sound of their discussion was deafening like a smashing wave!

"God, facing Master Qin Hu, how dare he be so defiant!"

"In his eyes, the power of the intermediate military commander is just not bad? It's really crazy!"

"I also said that Master Qin Hu couldn't hit him with a finger. This is really arrogant to the extreme!"

"That's right, he defeated Zhu Xiyan, the head of the Zhu family, and he was indeed so powerful and perverted!

But to say that Master Qin Hu can't hit him with a finger is too exaggerated and too arrogant! "

"I don't know where his confidence comes from!"

"..."

When everyone was in an uproar, Qin Hu also lost his voice in a dumb, shocked face!

He knew that Su Lang was crazy, but he didn't expect him to be so crazy!

"Can't hit you with a finger? Don't be afraid that the wind will flash your tongue!"

Qin Hu smiled without anger and drew out his long sword, "Today, I want to see how you beat me with one finger!"

While speaking, Qin Hu raised his long sword and stabbed it fiercely!

"Sen Luo, jump!"

With a violent rage, Qin Hu's figure instantly slammed in front of Su Lang!

The cold sword's murderous aura lingered, like the fangs of a terrifying behemoth, straight to Su Lang's throat!

Such a blow is almost like thunder across the sky, making people inevitable and inevitable!

Almost everyone who saw this trick felt a cold neck and seemed to have been pierced through the throat.

However, in the eyes of others, the unstoppable moves were not worth mentioning in Su Lang's eyes.

"The speed is good, but unfortunately not enough!"

Su Lang smiled contemptuously, raising his right hand and tapping into the air lightly.

In the next millisecond, the endless force of ice and cold spewed out from Su Lang's fingertips like a blue dragon going out to sea, and instantly turned into a sword of ice more than ten meters long!

"what!?"

Qin Hu was shocked and wanted to escape in a hurry, but found that it was too late!

"puff--!"

Suddenly, the sound of a blade piercing the flesh!

Qin Hu's figure froze suddenly, and the killing intent on his face turned into horror and despair!

Looking down from the sky, the distance between Qin Hu and Su Lang is about three meters.

And these three meters, for Qin Hu, were a moat that he could never cross!

The ice sword body over ten meters long penetrated his body, and the sword body pierced from his back was eight or nine meters long!

The long sword in his hand was pierced in the air, a full one or two meters away from Su Lang's throat!

This scene surprised everyone!

Everyone opened their mouths unbelievably, unable to speak!

The whole Chilang Street is silent, and the wind blows and whine!

"This is impossible!"

Qin Hu's eyes suddenly burst, and the pain and disbelief made him tremble!

He couldn't think that Su Lang could actually condense a ten-meter long ice sword in an instant, piercing him without any fancy!

"Look, I didn't lie to you."

"You really can't even hit me with a finger!"

Su Lang smiled faintly, and immediately moved his fingers, Qin Hu, who was pierced on the ice long sword, was immediately picked up and hung in the air!

"what--!!"

The intense pain and bone-to-body chill caused Qin Hu to scream sternly.

The high-ranking Nanlin City Alliance branch guarded, the city lord of Nanlin City, a powerful junior military commander, was hung in the air like a dead dog, struggling in pain!

When everyone saw this shocking scene, they couldn't help being shuddered and their hair was terrified.

"Su Lang! Let Master Qin Hu go!"

Zhu Xiyan resisted the fear, trembling and screaming, "Master Qin Hu is the guard of the Nanlin City Alliance branch and an important member of the Martial Arts Alliance. Let him go!"

"Oh! You haven't escaped yet? You're very loyal!"

Su Lang looked at Zhu Xiyan with a sneer at the corner of his mouth, "Why, at this point, do you dare to press me with your identity?"

Believe it or not, I froze him into an ice sculpture, and then fell to pieces? "

"no, do not want!"

"Zhu Xiyan, shut up immediately!"

Facing the great horror between life and death, Qin Hu immediately gave in, "Su Lang, please let me go! But if you have any requests, I will definitely satisfy you!"

[Chapter 129: Please give me a chance](#)

Seeing that Qin Hu was soft on the spot, everyone was shocked.

No one thought that the aloof City Lord Qin Hu would be so soft!

Zhu Xiyan was also chilling.

He obviously wanted to save Qin Hu, but was scolded by Qin Hu who was in a mess, and couldn't speak for a while.

"Qin Hu, you and I have a deadly feud!"

Su Lang's cold voice came, "Why did you let me spare you?"

"Master Su Lang, I do not know Taishan, I was wrong, I should not provoke you!"

Qin Hu cried bitterly, his voice trembled, "Please...give me a chance! Give...give me a chance to make up for my mistakes!"

I... I... I have been operating in Nanlin City for a long time!

I have a lot of spirit stones, I have many treasures, I am willing to give them all to you in exchange for my dog's life! "

Facing the invincible Su Lang and the terrifying death crisis, Qin Hu completely put down all his postures, and lowered his head humbly like a beggar.

If it hadn't been for him to be hung on the ice long sword by Su Lang at this time, he would kneel on the ground and beg for mercy.

"For the sake of your honesty and regret, I will give you a chance."

Su Lang slowly raised the corners of his mouth. Why didn't he come to Nanlin City for more funds to upgrade system functions?

Now that there is a chance to get a big deal from the city lord of Nanlin, it is natural not to let Qin Hu just die.

"Thank you Lord Su Lang! Thank you Lord Su Lang!"

Qin Hu was given the opportunity of Su Lang's reward, and suddenly saw a glimmer of hope in despair, and his eyes broke out with the excitement of the rest of his life.

"Huh, there is only one chance. If you dare to play tricks, don't think about living."

Su Lang sneered, and then his heart moved, the sword of ice that was more than ten meters long collapsed suddenly, dissipating into ice and cold power.

"Puff!"

"Qin Hu is grateful to the Lord for his mercy, and will never dare to have another heart!"

Qin Hu fell to the ground and immediately bowed down to Su Lang busy.

"Ok."

Su Lang nodded faintly, his eyes were placed on Zhu Xiyan again.

"hiss..."

Zhu Xiyan was stared at by Su Lang's icy gaze, and he tremblingly took a breath.

He knew that it was his turn to be judged!

Once you make a wrong step, what awaits him is absolutely tragic end!

"Master Su Lang, Zhu Xiyan knows his fault!"

"Lord Su Lang, you have a lot of adults, go around me once!"

Without hesitation, Zhu Xiyan's knees softened and he knelt directly on the ground, with his forehead clasped to the ground!

"Zhu Xiyan, if you can pay the price that satisfies me, I can consider sparing you."

Su Lang looked at Zhu Xiyan condescendingly, a glimmer of excitement and expectation flashed through his eyes.

This Zhu Xiyan is the controller of the Four Seas Chamber of Commerce, and also a big fat sheep.

In this Nanlin City, the wealthiest people are Qin Hu and this Zhu Xiyan, and they don't know how much wealth can be extracted from them.

"My lord! I am willing to pay any price!"

Seeing that there was a chance to live, Zhu Xiyan immediately showed the ecstasy of the rest of his life just like Qin Hu.

"In that case, you guys will ask to raise money immediately."

Su Lang smiled faintly, "Whether you can survive or not depends on how much money you can pay for your life."

"Yes Yes!"

"We are going to raise money, and we will not let Master Su Lang down!"

Qin Hu and Zhu Xiyan knocked their heads like garlic, and were knocked out of two big pits on the ground.

At this scene, those onlookers were amazed.

But they also knew that if they changed themselves, they would be even more humble than Qin Hu and Zhu Xiyan!

At this time, Qin Hu and Zhu Xiyan called out, and several trembling warriors immediately walked out of the crowd.

These warriors are members of the Four Seas Chamber of Commerce and the Alliance Branch.

They were all shocked by Su Lang, and they didn't even have the courage to look up at Su Lang.

"You all heard what Master Su Lang said!?"

"You must make up for the offense suffered by Master Su Lang at all costs! You do it now!"

Qin Hu and Zhu Xiyan were frightened and frightened, their voices were so eager that they almost couldn't speak clearly.

"Yes! Subordinates know!"

Several warriors nodded quickly, and then left quickly.

"Hey, don't let me down!"

Su Lang looked at the warriors who left, and his heart was like a cat's scratching.

However, there is one more thing he has not forgotten.

[Chapter 130: Hurry up and go ahead and lead the way](#)

"Qin Hu, Zhu Xiyan!"

Su Lang looked down at the two, his tone indifferent and cold.

"My lord! We are here!"

"Please do not hesitate to give orders, but whatever we can do will do it for you!"

Qin Hu and Zhu Xiyan trembled, crawling down in horror, their foreheads hitting the ground.

"I have a servant seriously injured."

Su Lang said lightly, "You have seen it too, do you know what to do?"

"Know, know!"

"We are going to invite the best alchemist in Nanlin City!"

Qin Hu and Zhu Xiyan nodded in a hurry.

Of course they had spotted the dying Granny Ke on Ji Ruxue's back.

Su Lang mentioned that if they didn't know how to do it, they would just kill with a piece of tofu.

Then, they called out several subordinates again and ordered them to invite alchemists.

"I hope your alchemist level is high enough."

Su Lang glanced at Qin Hu and Zhu Xiyan, and the corners of his mouth raised slightly, "Otherwise I will get angry and the consequences will be serious!"

"Master Su Lang, please rest assured!"

"We will invite Tian Xiu, the best ten-rank alchemist in Nanlin City, he is the best at treating the wounded!"

Qin Hu swallowed a bit of nervousness, and immediately patted his chest, vowing to promise.

"Better so."

Su Lang nodded noncommittal, then looked at the sky again.

"The sun is so big, you two want me to keep basking here?"

"No, it's not!"

"Master Su Lang calm down!"

Seeing Su Lang's anger, Zhu Xiyan quickly begged for mercy, "Let's take adults to the best place to rest!"

"Then, don't you go ahead and lead the way?"

Su Lang curled his lips, then came to Ji Ruxue's side.

"They went to find the best alchemist."

Su Lang gently squeezed Ji Ruxue's cute little face, "Don't worry, your Granny Ke will be fine."

"Hmm!"

Ji Ruxue's face was reddish, and she nodded obediently.

Su Lang's big warm hands made her little heart jump like a deer.

Soon, under the respectful leadership of Qin Hu and Zhu Xiyan, the three of Su Lang gradually disappeared on Chi Lang Street.

Seeing Su Lang's back, all the onlookers stared at each other, secretly speechless.

From the beginning to the present, all of them thought that Su Lang would definitely die!

But unexpected things happened again and again.

Waves of increasingly stronger opponents were all defeated by Su Lang, even Qin Hu, the strongest in Nanlin City!

Such an incredible scene makes them unbelievable to this day!

At the same time, this slapped all of them severely!

"This Su Lang... is really awesome!"

"I really don't know where the evildoer came out!"

"Yes, with one person, we can hang our entire Nanlin City, enchanting, enchanting!"

"..."

The onlookers sighed one after another, and then dispersed one by one.

The scene they saw today became the most important conversation in their lives.

...

Two hours later.

In a luxurious private manor in the core area of Nanlin City.

In the hall, Su Lang sat in a chair and drank tea leisurely.

Granny Ke was lying in the next room, and Ji Ruxue was waiting for her nicely.

But Qin Hu and Zhu Xiyan stood cautiously at the door like slaves.

They can be said to be distraught and panic, because as time goes by, they find that Su Lang has become a little impatient!

At this time, there was finally a sound of footsteps outside.

"coming!"

Qin Hu and Zhu Xiyan looked out with joy.

I saw a military commander and a military master walking over very nervously.

"Master Qin Hu!"

"Master Patriarch!"

"Fortunately, my subordinates have brought all the wealth that can be raised in a short period of time!"

The two subordinates were so nervous that they each took out a space ring and gave it to Qin Hu and Zhu Xiyuan.

"how many!?"

Qin Hu asked with some worry.

He is afraid that the amount is not enough, and his life will be over by then!

The military commander said, "Master Qin Hu, there is a total of 150 million gold coins worth of spiritual stones in your ring!"

"How about yours? How many? Say it!"

Zhu Xiyuan also looked at his subordinates worriedly.

The martial artist said, "My lord, the spirit stones in it are worth about 70 million gold coins, and there are some treasures that have not had time to exchange for money!"

"It's probably enough!"

Qin Hu sucked in distress.

"Oh! It's not enough anymore."

Zhu Xiyuan was also heartbroken, and he impatiently waved his hands to the two subordinates, "You go, by the way, urge Tian Xiu to practice alchemy!"

"Yes, the subordinates retire!"

The two subordinates were relieved and left quickly.

Qin Hu and Zhu Xiyuan took the space ring and came to Su Lang respectfully.
