### [Chapter 1231: Your knife is amazing!](#)

"Hahaha!"

"Die well, Su Lang child, I will make you arrogant and make you mad!"

"Su Lang is dead, the mess of Canglan Continent, don't surrender!"

"..."

The defeat of Emperor Wu of the Jingtian Continent ceased, and they laughed wildly.

however.

Xi Kejia looked wary.

Because he found that Su Lang's seven clones were still fighting each other.

The avatar of Emperor Wu in Jingtianxing stared at the sky closely, and the sun on that day never fell!

It stands to reason that if the deity dies, the clone will be wiped out instantly.

But now, Su Lang's clone is not dead!

"Could it be that these are not Su Lang's clones!?"

"Yes, although Su Lang's combat power is superb, it's incredible."

"But it is too exaggerated to say that there are dozens of such powerful clones."

"The Emperor Wu who appeared out of thin air are not his clones, but his accomplices!"

"What kind of weird force does this Su Lang come from!?"

"..."

For an instant, countless thoughts flashed through Xi Kejia's mind, and a heart was also picked up.

But at this moment.

"Xi Kejia."

"Your knife is really powerful!"

Su Lang's voice suddenly came with a hint of playfulness.

Following that, there was a crisp finger snap of 'pop'.

Without waiting for everyone to follow the sound.

"boom--!!!"

The more terrifying explosion sound directly enveloped a trillion li in the void like a tsunami!

Countless air waves, dazzling lights, and deafening sounds have made all the senses of Emperor Wu useless!

Si Yuxiao waited for Emperor Wu, who was closer to Su Lang, to be pushed tens of millions of miles away by the violent air waves.

"Shengyang Emperor Wu!"

There was an incredible roar, Xi Kejia was roaring!

Only then did the emperors reluctantly regained their senses, taking a steady look at their figures.

But saw that the emperor-level formation that originally besieged the old man of Shengyang was in tatters.

The old man in the formation was completely wiped out!

Soon countless spatial rhythm lines emerged, sealed a certain spatial coordinate, and then disappeared again.

Immediately after.

Everyone's eyes fell somewhere in the void.

But seeing that there should be two halves of Su Lang's corpse, there stood an intact Su Lang!

He is holding the Youtian Sword and has a layer of array mask on his body, everything is exactly the same as before being hacked to death by the Broken Dream Blade!

This time.

Whether it is from the Jingtian Continent or the Canglan Continent.

All were so shocked that their eyes burst out, almost staring out!

Of course, the people of Jingtian Continent were deeply shocked, while the people of Canglan Continent were full of surprises.

"Brother Su Lang!"

"Langdi is not dead!"

"Hahahaha, Brother Langdi is not dead, great!"

"..."

Although everyone in Canglan Continent didn't know why Su Lang was safe and sound, it didn't prevent them from being excited and excited about it.

"not dead!?"

"No, he is dead!"

"But why did it appear again?"

"Resurrected!? What's the matter!?"

"Is it the rule of time!? Time is going back!?"

"No, this is impossible, this is impossible!"

Xi Kejia's face was shocked, and the eyes that had shrunk into needles were unbelievable.

"Ha ha....."

The corner of Su Lang's mouth was raised, and a smile was drawn.

But he was complaining in his heart: I really want the rules of time, but my face is black, and there are so many techniques for synthesis.

"Is it true?"

"No, I never believe you have mastered the rules of time!"

"No one in the world can master the rules of time, even the Supreme Emperor!"

Xi Kejia looked at Su Lang's smile, gritted his teeth first, and then his expression gradually relaxed.

Yes.

Even the legendary Supreme Emperor has never heard of anyone who can comprehend the rules of time.

Although Su Lang was a little weird, it would be too nonsense to say that he mastered the rules of time.

"You must have used some special method to escape the blow of the Broken Dream Knife."

"Su Lang, you are really good. Since the birth of Broken Dream Knife, you are the first person who can dodge."

"I admire you very much, why don't you switch to my Mirror Sky Continent, I will let you be the deputy star master, under one person, over a billion people!"

Xi Kejia looked at Su Lang with a deep appreciation. .

[Chapter 1232: Attack level, Nine Rank Wudi!](#)

Hear this.

The Emperor Wu of Jingtian Continent looked at each other.

The emperors of the Canglan Continent sneered.

But he saw Su Lang rolled his eyes fiercely: "Xi Kejia, before I had time to surrender you, you actually came to surrender me first."

"whispering sound!"

"You want to call me down?"

"What qualifications do you have?"

The admiration in Xi Kejia's eyes suddenly disappeared.

"For the same, I will pay you back."

"Although you, Xi Kejia, are the Star Master Jingtian, you are not qualified to recruit me."

"In the boundless universe, no one is qualified!"

Su Lang looked at Xi Kejia disdainfully, "Now, I will give you a chance to kneel in front of me and give my soul and heart. I will spare you not to die."

"Hahahaha!"

"I have lived for 16 million years, this is the first time I have seen such an arrogant person like you!"

Xi Kejia looked up to the sky and laughed wildly.

"It seems that you refused."

Su Lang hung his eyes and shook his head, "Then your fate is death!"

"Huh, you are the one who died!"

"Don't think you have any tricks, you can escape!"

Xi Kejia raised the Broken Dream Knife with cold eyes, and the sharp tip pointed at Su Lang's eyebrows, "The next cut, you will definitely die!"

In an instant.

Su Lang felt that he was locked in by mysterious power.

It seems that no matter how fast you dodge, no matter how fast you are, you will be cut!

It's as if the broken dream knife has a 100% hit rate!

"This breath...seems to be the force of causal destiny."

"But there is something different, it seems that there is a slightly distorted feeling."

"Could it be... the power of distorting the rules? Distorted materials were used when refining the Broken Dream Knife?"

"No, I overthrew the possibility of distorting the material mixing device when I was in the Heavenly Swordsman."

"what is the problem?"

At this time, there was time to observe. Su Lang relied on mastering the thoroughfare rules of causality and observing the power of the rules of Broken Dream Knife, but found that he was unsolvable.

Perhaps, only by getting the Broken Dream Knife and conducting deeper research can the answer be obtained!

"What are you thinking? Do you want a last word?"

Seeing a touch of contemplation in Su Lang's eyes, Xi Kejia sneered again and again, stature like the wind, and killed Su Lang with a single blow!

"I won't let you kill again, break! One! Sword!"

Su Lang's eyes condensed, his wrists flipped, and the Youtian Sword appeared horizontally, seeming to sweep the entire void.

"Boom! Boom! Boom——!!!"

The long metal sound of the sword colliding resounded through the audience, shaking the eardrums.

"blocked!?"

"No, it's impossible!"

"The Broken Dream Knife cannot be blocked, unless the sword also uses the mysterious material."

"But, why didn't it block the Broken Dream Knife for the first time?"

"Is it Su Lang's moves? He blocked the Broken Dream Knife with his moves!?"

"Impossible, absolutely impossible, even the Great Emperor can't stop the Broken Dream Knife!"

Xi Kejia was dumbfounded, and the screams in his heart were almost hysterical and heart-piercing!

Simultaneously.

Su Lang smiled secretly in his heart: "It's worthy of breaking a sword, even that strange power can be broken."

He decided in his heart that when the eight emperor-level exercises were completed, he would use the source of the exercises to deduce a more powerful breaking sword.

Their thoughts were fleeting.

The sound of sword collision is still spreading in the void.

However, even though Su Lang blocked the Broken Dream Knife, he was almost torn apart by Xi Kejia's powerful force!

In the violent sword aura, Su Lang flew out tens of millions of miles and was still far away!

The clothes on his body are immediately gone, and the skin and flesh on the surface are cut all over, and there is no layer!

"It hurts!"

"If this continues, it will trigger death substitution."

Su Lang gritted his teeth, "It seems that I can only use Devouring Doppelganger!"

The fifteen clones disappeared in an instant.

The disappearance of the fifteen suns on Jingtian star made countless creatures who had been assimilated in fear. They kept worshipping and praying that the sun would not continue to fall.

Simultaneously.

Su Lang's attack level instantly reached Rank 8 Wudi +, and the other attribute levels reached Rank 7 Wudi one after another!

This is not over yet!

"Chengtian immortal body! Red heart shed body! Absolute immortal disintegration!"

Su Lang's ragged body instantly turned into jade, full of immortality.

Immediately afterwards, there was endless red light from his heart, bringing inexhaustible vitality.

In the end, Yuhua's body glowing with red light melted like a candle, causing Su Lang to explode with terrifying combat power.

Three kinds of overdraft secret techniques are performed simultaneously.

Su Lang's combat power immediately increased by half a small level again!

Attack level, Nine Rank Wudi!

#### [Chapter 1233: You are so disappointing](#)

The violent breath burst out, sweeping across the entire void.

Even the creatures on Canglan Star were all weakened under this breath.

"Nine-turned Emperor Wu!"

"You are obviously a fourth-rank martial emperor who has fallen to the realm, how could such a terrifying power burst out!"

Xi Kejia was so shocked that he was stunned, and now he was so shocked that his eyes were as staring as a snail!

The other Emperor Wu did the same, all of them dumbfounded.

If it weren't for the war, they would all freeze in place, motionless!

"Xi Kejia."

"It took me a long time to use this half of the hole card."

"If you can't stop it, then my vigilance will be wasted."

Su Lang's eyes were cold, and he stepped into the void step by step, as King approached the battlefield, overlooking Xi Kejia.

"Ho \*\*\*\* ho ha!"

"Su Lang, you are right!"

"You have to be cautious in the face of an immortal like me."

Xi Kejia calmed down the shocked mood, his expression gradually became relaxed, and even showed a sneer.

Talking.

Suddenly a special breath came from him.

This breath also spread from the other Emperor Wu, echoing each other!

Su Lang had seen this breath--it was the breath of Jingtian Daogen!

"What's the big trick?"

"It's a pity that I won't be stupid enough to give you a chance to release."

Su Lang moved his body, spurred Po Yi with the Youtian Sword, and instantly slammed in front of Xi Kejia.

"Too slow!"

Xi Kejia dismissed it, his figure flashed slightly, and he was about to avoid Su Lang.

however.

A layer of formation barrier suddenly appeared beside him!

Xi Kejia doesn't have the ability to raise the sun, and can use willing force to transform the power of breaking the formation and destroy the formation.

He slammed into the defensive barrier of the Rank Eight Emperor Rank Formation, and although there was a burst of cracks, he was stopped.

The next moment.

Su Lang's sword arrived in front of Xi Kejia!

"Broken Dreams!"

Xi Kejia directly raised the long knife in his hand, holding the handle in one hand and the blade in the other, blocking him.

That weird force of causal destiny appears again!

However, under the broken sword, Xi Kejiabai's unsuccessful broken dream knife lost its strongest magical power.

It couldn't bypass the Youtian Sword and hit Su Lang, and it couldn't block the Youtian Sword that used a broken sword one hundred percent!

"puff!!"

The Youtian Sword directly pierced the center of the eyebrows!

The tip of the sword was about to pierce the skin, just at the moment.

"Emperor body twists!"

When Xi Kejia activated the secret method, his whole body changed strangely.

A hollow was directly formed in the eyebrows of his head, causing the Youtian Sword to pierce the air!

"Rubber man?"

Su Lang raised his eyebrows, and the Youtian Sword in his hand was cut horizontally again, but he was caught by the Broken Dream Sword.

suddenly!

On Xi Kejia and the Emperor Wu of the Mirror Heaven Continent, the aura of the roots of the Mirror Heaven had reached its limit!

"Sniffer!!"

Xi Kejia roared.

The Emperor Wu of the Mirror Heaven Continent screamed and echoed.

The power from them was actually transferred to Xi Kejia through Jingtian Daogen!

In a flash.

Xi Kejia's real combat power reached the rank of Emperor Wudi of Rank Nine.

"Die to me!"

Xi Ke Jiameng tried hard.

The Broken Dream Knife that occupies the Youtian Sword has extremely terrifying power.

Su Lang was actually difficult to stop, stepping back, trampled on dozens of voids!

but.

Su Lang showed a disdainful smile.

Because this level of power is still sorry for his previous caution!

"Swallow the clone!"

Su Lang thought, swallowing fifteen clones again!

The billowing energy blended into his body, making him directly reach the Quasi-Great Emperor level!

Suddenly.

Su Lang's retreat stopped.

"Emperor Quasi!"

Xi Kejia's eyes were shocked, and his hands continued to use force, but he could no longer shake Su Lang.

"Xi Kejia, you are so disappointing."

Su Lang curled his lips faintly, "Forget it, you can do this step, it's not bad."

Talking.

Su Lang used his hand, and Youtian Sword slowly and firmly pressed the Broken Dream Blade down.

This time.

Xi Kejia seemed unable to use the 'Emperor Body Twist' anymore, and could only watch the Youtian Sword's blade close to his skin.

He could feel that once his skin was pierced by this strange black sword, then he would definitely die.

In an instant, dense cold sweat emerged from Xi Kejia's forehead.

"Star Lord!!!"

"The star master can't die, otherwise I'll all be over!"

"Originally, we couldn't survive a few tricks. It's better to give up this life and let the Canglan Continent's miscellaneous burial!"

"I'm the one who hears the Tao, I just die in the evening!"

"..."

The Jingtian Continent Emperor Wu, who was seriously injured and dying, roared, gradually turning into dry and dark corpses!

[Chapter 1234: So many clones, fake it!](#)

"Sniffer!?"

Su Lang saw that many Wu emperors of Jingtian Continent sacrificed themselves and died gradually, pour their strength into Xi Kejia, and suddenly became anxious!

but.

But it's not because Xi Kejia is getting stronger.

Xi Kejia's improvement was not large, and he could not pose a threat to Su Lang.

What Su Lang was anxious was that those martial emperors died, and the spoils were much less!

"Hey!"

"You can't die!"

"Like, my soul of Emperor Wu, the universe of life!"

While suppressing Xi Kejia, Su Lang widened his eyes, his eyes filled with distress.

"what?"

Seeing Su Lang's inexplicable expression, Xi Kejia couldn't help but be puzzled.

But he couldn't think much.

Because the blade of Youtian Sword is still firmly close to his skin!

The crisis of death enveloped Xi Kejia's heart, making her liver and gallbladder chill!  
at the same time.

Those Wudi who sacrificed themselves were almost completely turned into corpses!

"No, you can't let them die by themselves, it's a waste!"

Su Lang thought, all the clones and avatars on the mirror sky star disappeared, and instead appeared behind each of the mirror sky continent martial emperors.

"what!?"

"There are so many clones!? Fake it!"

Everyone who saw this scene was shocked, almost numb!

The martial emperors of the Jingtian Continent are even more violent, like falling into an ice cave!  
however.

Those Emperor Wu of the Jingtian Continent who chose to sacrifice themselves were already unable to resist and could only be slaughtered.

The other Emperor Wu of Jingtian Continent is not strong either, facing Su Lang's clone, almost none of them are opponents!

"Broken a sword!"

All the avatars of Su Lang simultaneously cast a broken sword, instantly killing 19 Mirror Heaven Continent Martial Emperors!

The Emperor Wu who had almost turned into withered corpses was finally beheaded by Su Lang himself.

All the trophies fell into Su Lang's hands without fail.

The remaining Emperor Wu of the Jingtian Continent were all Emperor Wu with five ranks or more.

They rely on various secret techniques, crazy defense and dodge, and finally escaped.

However, just this time they flee, they forced out all their hole cards.

Asking them to come the second time is totally impossible.

Therefore.

In front of the gate of death, each Emperor Wu instantly stunned.

"I surrender!"

"I am willing to surrender!"

"Master Langdi, I am willing to surrender, please go around me!"

"You need manpower to rule Jingtian Star, please give me a chance!"

"..."

Five Wudi Wudi of Rank 5 and one Wudi of Rank 6 surrendered directly.

Of course, they did not give up resistance, so as not to surrender and be easily beheaded instead.

The death of 19 Emperor Wu and the surrender of six Emperor Wu directly wiped out the Emperor Wu of Jingtian Continent.

Only Emperor Huacan Wu, Emperor Yucheng Wu, Emperor Wuling Jiuling and Xi Kejia himself.

See this scene.

The emperors of the Canglan Continent are naturally extremely excited!

"Hahaha!"

"Dogs of Jingtian Continent, aren't you arrogant? Why did you surrender?"

"Hurry up and put down your weapons and give up all resistance!"

"..."

With the help of Su Lang's avatar, the emperors of the Canglan Continent have already formed a crushing force against the emperors of the Jingtian Continent.

There is no possibility of a comeback in Mirror Sky Continent.

Therefore, the severely injured Canglan emperors simply handed over all the enemies to Su Lang's clones, and found a place to meditate and heal their injuries.

Qingqiu Wudi was almost exhausted, and was among the healing emperors.

Su Lang's clone surrounded the surrendered Emperor Wu.

At the same time, some of them went to help Si Yuxiao and Jiao Qin against Emperor Huacan Wu and Emperor Yucheng Wu.

The other side.

The only remaining Xi Kejia and the four others in the Jingtian Continent were almost distraught.

These surrendered Emperor Wu, and those who sacrificed themselves, formed the sharpest contrast, and also formed a sharp irony.

"In vain, I trust you so much!"

Xi Kejia looked at the Emperor Wu who had lost their fighting spirit and knelt down and surrendered. His eyes were red and he almost shed tears.

"Tsk tsk."

"A person who knows the current affairs is a good man!"

"Xi Kejia, if you surrender now, I will protect you forever."

Su Lang raised the corner of his mouth and smiled faintly.

### [Chapter 1235: The door of exile!](#)

"Don't think about it!"

Xi Kejia's eyes were about to split, and with a roar, the emperor's body broke every inch!

A terrifying power came from his body, with endless terrifying power, a raging sea of flames, and a storm that ravaged the void!

at the same time.

It seems that there are multiple wailing wailing, Yu Mingming, containing endless pain and sorrow.

"The power of the world!!"

"You dare to use the power of the universe of life!"

A hint of surprise flashed in Su Lang's eyes, then took a look at Xi Kejia, and found that his true combat power had reached the Quasi-Great Emperor level!

"As long as I can kill you, I am willing to pay the tragic price!"

Xi Kejia let out a low roar from his throat, violently, full of energy!

"Crunchy!"

Suppressed by the Youtian Sword, the Shattered Dream Knife that kept retreating actually stabilized its position.

Youtian Sword's blade can cut through Xi Kejia's skin and behead it with only a slight difference!

"Su Lang!"

"You and I are equal now."

"Let's see who our secret technique lasts longer!"

Xi Kejia stared at Su Lang coldly, war and hatred intertwined.

"I don't want to last longer than you."

Su Lang rolled his eyes, "What's more, are you really equal to me?"

The words have not fallen yet.

With a thought in Su Lang, the four inner boundaries of Chenxing, Qiming, Yinghuo, and Tai Sui simultaneously opened a gap.

Suddenly appeared the power of four strong Dao laws!

Following that, there are unimaginable terrifying powers!

Su Lang's combat power also rose again!

"Xi Kejia, that's it."

Su Lang smiled faintly, and pressed his hands hard.

In Xi Kejia's unbelievable gaze, Broken Dream Blade retreated steadily and wailed.

In the end, the Broken Dream Knife was completely opened by Youtian Sword, and the black blade was about to pierce the center of Xi Kejia's forehead within a millisecond!

"Do not!!"

Xi Kejia's pupils shrank suddenly, finally showing a rare look of horror.

but.

He has no chance to block or dodge!

"puff!"

The Youtian Sword pierced Xi Kejia's eyebrows deeply, piercing his head directly!

"Ok?"

But Su Lang did not relax, because the system prompt did not come.

"Humph!"

"Have you embarked on the path of incense aspiration?"

Su Lang suddenly guessed the reason.

With a thought, a large number of spatial rhythm lines emerged, preparing to seal Xi Kejia's entrance coordinates to the universe of life.

But at this moment.

Xi Kejia's 'corpse' suddenly fell apart, revealing a golden figure in the form of energy!

The silhouette of this figure is almost identical to that of Xi Kejia.

With long hair dancing wildly in the wind, he was surrounded by terrifying auras, and the overflowing energy filled the surroundings like a storm.

"Emperor Incense Body!"

Su Lang raised his eyebrows, revealing a slight sneer, "It just gives me an extra sword."

Although this incense emperor body is wonderful and has many methods, it is difficult to target.

However, Su Lang's breaking sword can destroy everything!

Moreover, the overall strength of Xi Kejia's Xianghuo Emperor's body is still only at the Quasi-Great Emperor level.

Can't stop the current Su Lang at all!

Hiss!

Su Lang flipped his wrist, and the blade of the Youtian Sword tore through the void, stabbing Xi Kejia with a scream.

at this time.

Suddenly a black tortoise shell with gold rim appeared on Xi Kejia's chest!

"Huh? The Gate of Exile!? What a strange name!"

Su Lang glanced inadvertently, and the "weapon recognition" was activated, and he immediately recognized the tortoise shell's name.

Moreover, the level of this tortoise shell has reached the emperor level!

Su Lang was horrified immediately, saying that he would definitely not be able to break the defense this time!

"Ding!"

As the thoughts flowed, the mysterious tortoise shell that Youtian Sword had already stabbed heavily!

however.

What surprised Su Lang was

—The tortoise shell actually shattered directly, turning into countless fragments of light spots, dragging its long tail and scattered into the void.

Some of the light spots flew towards Su Lang himself and the clones who were besieged and surrendered to Emperor Wu, and quickly sank into their bodies.

Two light spots were submerged in Youtian Sword and Jianxian Cannon respectively.

A large number of light spots flew towards Canglan Star, and disappeared in a blink of an eye.

"What the \*\*\*\* is this?"

It happened so suddenly that Su Lang was completely unable to understand the meaning and purpose of Xi Kejia's move.

[Chapter 1236: His Majesty Langdi is looking ahead!](#)

And at this moment.

The Youtian Sword had already pierced Xi Kejia's forehead like a broken bamboo.

"boom--!!"

A terrifying explosion sounded.

Xi Kejia's entire incense emperor's body was broken into pieces.

And Su Lang could see clearly, before Xi Kejia was crushed, there was a sneer, and there was a spirit wave.

--I won!

"What the hell!?"

Su Lang frowned, his wrist twisted, his sword aura exploded, and Xi Kejia was completely wiped out.

Broken Dream Knife was pinched by Su Lang, wailed, and immediately entered the storage space.

Simultaneously.

Countless spatial rhythm lines emerged, sealing the space coordinates of the entrance to Xi Kejia's universe of life.

So far.

Xi Kejia is completely out!

"we won!"

"God, we won, hahahaha!"

"We finally won. Jingtian Continent was defeated. We turned defeat into victory!"

"All this is the credit of Daoist Langdi, if there is no Daoist Langdi, I would have been dead!"

"..."

The Emperor Wu of the Canglan Continent was extremely excited and extremely excited.

This may be the most exciting moment in their lives, even happier than Chengdi's moment!

But the surrendered Emperor Wudi of the Jingtian Continent all looked gray, their eyes were dim, and they didn't say a word.

Emperor Huacan Wu, Emperor Jiuling Wu, and Emperor Yucheng also gave up resistance, standing still, their eyes twinkling, not knowing what they were thinking.

Su Lang was expressionless, keeping a strong vigilance in his heart.

He didn't believe that Xi Kejia would aimlessly. The tortoise shell named "The Gate of Exile" must be a weird method that is hard to guess.

At this time.

"Friend Langdi Dao!"

"In the battle of Jingtian Continent, you should take the lead!"

A heartfelt smile appeared on Qingqiu Emperor Wu's pale face, "It just so happens that my old bones are going to be scattered. The two heavy burdens of Canglan Star and Jingtian Star depend on you!"

As soon as this statement came out, it was equivalent to automatically handing over the ruling power to Su Lang.

first.

Qingqiu Wudi was moved by Su Lang's sacrifice spirit.

Secondly.

Su Lang showed an incomparably powerful strength, and he even reached the rank of Quasi-Great Emperor, which he couldn't match even with a horse.

Three come.

Su Lang had already stated that he would rule Jingtian Xing and subdue the ambition of Emperor Jingtian Xing. Qingqiu knew that Su Lang would not let it go.

At this time, Su Langqing is better than blue because of blue, and his character and strength are enough to frighten everyone, and it is enough to rule the two worlds of Canglan and Jingtian.

It would be bad if he Qingqiu Emperor Wu continued to covet his current position.

Although Emperor Wu of the remaining Canglan Continent was shocked by Emperor Wu's determination, he immediately accepted the incident.

"Congratulations to Brother Langdi, oh no, congratulations to His Majesty Langdi, and congratulations to His Majesty Langdi!"

"Congratulations to your Majesty Lang's majesty to rule Canglan Jingtian and become the lord of the two worlds!"

"From now on, I will only look forward to His Majesty Langdi!"

"..."

All Wu emperors in the Canglan Continent offered their own congratulations.

The surrendered Emperor Wu of the Jingtian Continent also immediately replied that he respected Su Lang as the co-master.

Only the three of Huacan, Jiuling, and Yucheng remained silent.

"Huacan, Nine Spirits, Yucheng Wudi!"

"You have also seen how powerful our Majesty Langdi is!"

"The combination of Canglan Continent and Mirror Sky Continent is a foregone conclusion. If you surrender at this time, you can still have a bright future."

"If you don't want to surrender, there is only one word in the end, and that is death!"

Si Yu smiled as he looked at his old opponent and said sincerely.

But the Huacan trio still did not speak!

Suddenly, all the martial emperors of Canglan Continent were a little angry and planned to continue to put pressure on them.

But at this moment!

A horrible fluctuation in time and space suddenly came!

Su Lang, who had been floating in place, kept his vigilant pupils suddenly shrinking.

Because the terrifying time and space fluctuations unexpectedly erupted from him and the clones, as well as the Youtian Sword and the Jixian Cannon!

"what happened!?"

"Time and space fluctuations! I feel the power of time and space!"

"It is the turbulent flow of time and space, and the turbulent flow of time and space is brewing on His Majesty Lang's body!"

"What the \*\*\*\* is it? Is this Xi Kejia's successor!?"

"..."

The originally relaxed faces of Wudi Canglan suddenly changed their faces and their scalps exploded!

[Chapter 1237: Laugh to your heart's content](#)

Spatial fluctuations are normal, and the turbulent flow of space, the martial emperors are not afraid.

But the turbulence of time and space is terrifying!

Even Emperor Wu broke into the turbulence of time and space, it was very dangerous.

If it is a gentle turbulent flow of time and space, like the time and space channel between Blue Star and Canglan Continent, that would be fine.

There is basically no turbulence in time, which is relatively safe.

But if it's the kind of very turbulent time and space, even Emperor Wu

Going in, it is also a lifetime of ninety-nine deaths, which is undoubtedly mortal!

And this time.

What was brewing in Su Lang was the kind of very intense and turbulent time-space turbulence!

At the moment when Su Lang sensed that the crisis was coming, and the faces of all Wu Emperors changed drastically, the turbulence of time and space had been brewing!

Silent.

A gloomy light leaked from Su Lang's body, and chaotic and irregular spatial fluctuations and time fluctuations followed one after another!

Su Lang felt the terrifying breath of death!

The feeling of being hacked to death by Broken Dream Knife before triggering death replacement is even more profound!

"Space rules!"

Without hesitation, Su Lang immediately started the space rules.

And with a thought, the Youtian Sword, Jixian Cannon and other clones were all taken into the mysterious space.

After the clone, the Youtian Sword, and the Jiexian Cannon entered the mysterious space, the turbulent flow of time and space on the body suddenly disappeared.

however.

The spatial rules developed by Su Lang are invalid for this turbulence of time and space!

Because that is the turbulent flow of time and space composed of the Avenue of Time and Avenue of Space, which is not something that Su Lang's undeveloped spatial rules can shake.

In the extremely worried eyes of the emperors of the Canglan Continent, in the sneer of the three people including Emperor Huacan Wu.

The dark light on Su Lang completely burst out, forming a deep channel with a diameter of two feet.

Quietly.

Su Lang's whole body began to twist, cracking open countless cracks, and his appearance was constantly changing back and forth between aging and youth!

next moment.

In the trembling eyes of the emperors in Canglan, the breath of death on Su Lang reached its extreme!

"Do not!"

"Your Majesty Langdi!"

"Nothing will happen, nothing will happen!"

"..."

Some shouted hoarse, while others prayed silently, with a glimmer of hope in their eyes.

Hua Can and the other three did not say a word, but they had already sneered again and again!

The next moment.

Su Lang's body disappeared in the deep turbulence of time and space.

"Hahahaha!"

"Dead, Su Lang is dead!"

"Haha, our Lord Xi Kejia will come back, and it will still be your Canglan Continent who will lose in the end!"

"..."

Emperor Huacan Wu and Emperor Yucheng laughed wildly, and Emperor Wuling sneered.

Of the six Wudi who had surrendered, three were immediately ready to move, and three others stood there blankly at a loss.

All Wu emperors on the Canglan Continent turned pale, their eyes rose sharply, and their killing intent immediately enveloped the surrounding void.

suddenly.

"Laugh to your heart's content."

"This is your last happiness."

Su Lang's faint voice came from the void, followed by an extremely terrifying pressure.

In an instant.

It is like a giant star beast traversing the void, overwhelming all existence!

"what!?"

"Su Lang is not dead!?"

"Resurrected again!? Resurrected from the turbulence of time and space!? How is this possible!"

"No, it's not true! I must be having a nightmare!"

"..."

Emperor Huacan Wu and the three of them thundered in an instant, their faces were demented and their souls scattered!

The emperors who surrendered about to surrender were also dumbfounded, like a wooden chicken!

Emperor Wu of the Canglan Continent was also stunned, with a sense of surprise overwhelming his face!

Although they had seen Su Lang's "resurrection technique", they didn't think that Su Lang could use such a sky-defying method again.

What's more, it is still used when falling into the turbulence of time and space!

These incredible things immediately exceeded everyone's imagination and shattered everyone's three views!

"Stop smiling?"

"Then go to death."

Su Lang's emotionless voice spread throughout the audience.

Immediately behind, is the Six Dao Breaking Sword with the power of Quasi-Great Emperor!

The three swords penetrated the heads of the Huacan trio, and the three swords penetrated the heads of the three emperors who were about to move.

All of a sudden, the four fell!

The other two have left incense to rebirth, and a little real spirit returns to the universe of life.

Su Lang skillfully sealed the coordinates of the entrance to the universe of life of the two.

Soon.

His icy eyes fell on the last three Mirror Heaven Continent Martial Emperors.

[Chapter 1238: Don't give up any hope](#)

"Your Majesty Langdi, spare your life!"

"Your Majesty Langdi, I will wait for the three of them to surrender and nothing will happen again. I beg your advice!"

The two Wudi Wudi immediately asked for mercy, and kept kowtow to Su Lang without dignity.

"Qianwei has no different intentions, beg your Majesty Langdi for mercy!"

Rank Six Wudi Qiangwei was a powerful female emperor, but at this time she also knelt in the void, throwing the ground at Su Lang's five bodies.

His beautiful body was also extremely hot set off by the tight robe.

But Su Lang didn't even look at it, and said in a non-negotiable tone: "I will give you three seconds if I turn my soul to heart!"

"Yes!"

The three Empress Qiangwei immediately forced out their souls and gave them to Su Lang.

"Friend Qingqiu, fellow Daoist Si Yu laughs..."

Su Lang bowed his hands to Qingqiu, Si Yuxiao and others, "I will leave the aftermath to everyone."

He has an unknown premonition in his heart

—From the little light spot of the "Gate of Exile" that flew to Canglan Star.

Those light spots, in addition to submerging into the body of him and the clone, also submerged into the Youtian Sword and Jixian Cannon.

Well.

Where will those light spots that fly towards Canglan Star blend into?

"Don't have an accident!"

Su Lang took a deep breath and immediately dispatched a clone to Canglan Star.

Then through the clone replacement, they arrived at Canglan Star, Southern Continent, and the holy city of Yaochi.

The clone that was replaced died in the turbulence of time and space the next moment.

However, Su Lang seemed unaware of this.

Because all his attention will be attracted by the messy scene in front of him!

The White Jade Emperor Palace has disappeared!

The space cube disappeared!

The Five Elements Heaven disappeared, and the Five Elements Emperor Xiaohai Xiaoyan... also disappeared!

The sky is left with the haze caused by the turbulence of time and space.

The huge Jade Lake Holy City has been in chaos.

Countless terrified warriors gathered under Su Lang's giant statue, praying and worshipping in tears!

They are worried about Su Lang and the war on the mainland.

And Su Lang was worried about Chu Xiaobei and the others.

He unfolded his mental power and scanned the entire southern continent inch by inch.

However, the result was disappointing. Chu Xiaobei, Ji Ruxue, and Murong Xianxian were all gone.

"Xiao Bei, like snow, slender!"

Su Lang's voice trembled slightly, like a cuckoo crying blood.

"Do not!"

He suddenly uttered a hoarse cry, turned and flew towards the Fengling Race.

in a blink.

When the Wind Spirit arrived, Su Lang directly entered the space-time channel and arrived at Blue Star.

"You are shopping, right!"

Su Lang squeezed out a smile and walked on the corner of Blue Star, step by step, measuring every inch of land.

however.

He can't find Chu Xiaobei, Ji Ruxue, and Murong Xianxian...

He knew that they had disappeared in the turbulence of time and space.

If there is no miracle, it is dead.

"Why...why..."

Su Lang muttered blankly, his footsteps becoming aimless.

Even if he won the battle of the mainland, he won the Jingtian star and the Canglan star.

He felt that he had lost the most important thing.

With an empty and dead heart, Su Lang walked past the streets and alleys and the deserted mountains and ridges, like a wandering ghost.

I don't know how long it has been.

Su Lang appeared in front of a cave.

This cave was the place where Xuanyun Jingyue Fire was born, and it was also the place where Su Lang and Ji Ruxue met.

Stayed for a while.

Su Lang came to Oriental City.

A new city has already been built here, and the Jingxin Dan Tower no longer exists.

Stopping under the building originally called Jingxin Pill Building, Su Lang didn't go in and returned to Canglan Star.

He came to the wilderness.

In my life, the place where I first met Chu Xiaobei.

"It's good to be together forever."

Su Lang looked up at the sky and muttered silently.

suddenly.

His eyes burst open, bursting out a strong light: "Not to mention that you may still survive. Even if you die, I will master the avenue of time, turn back time, and let everything start again!!"

The decadence and sadness disappeared.

Su Lang became energetic again, and there was a light called firmness in his eyes!

Except for the long avenue of time.

Su Lang will not give up any other hope!

Since Chu Xiaobei's three daughters are very likely not dead, then naturally we have to think about the best situation!

Immediately after.

Su Lang took out a bead from the storage space, which was the one that sealed Xi Kejia's life universe.

The treasure that causes the turbulence of time and space is called the 'gate of exile'.

Not the 'door of death', 'the door of killing', 'the door of hell'...

In other words, there must be a chance of Chu Xiaobei's three daughters surviving.

As for how old he is, and where he will be exiled if he survives, perhaps he can get useful information from Xi Kejia.

### [Chapter 1239: Xi Kejia's Wish Pool](#)

"Xi Kejia!"

Looking at the coordinate seal beads in his hand, Su Lang's eyes revealed endless hatred.

but.

Su Lang's face quickly showed a sneer, because Xi Kejia was not dead!

If Xi Kejia died like this, it would be really cheap for him.

But since he wasn't dead, Su Lang could make him live forever as death!

"Jie Jie!"

Su Lang let out a sneer, and immediately opened the coordinate seal beads.

Suddenly.

Layers of spatial rhythm lines bloom like the slender petals of the other shore flower, revealing a spatial coordinate inside.

"Drive me!"

Su Lang stretched out his hand and grabbed it, and the almost condensed space rules directly tore the space coordinates apart, forming a huge passage.

Behind the passage is a vast world!

The misty sky.

A hazy continent half-covered.

It reveals a long and mature breath.

"Eight-turned Emperor Wu's life universe!"

"Sure enough, it is countless times stronger than the life universe of Qianyou."

Feeling the vastness and pressure of this world, Su Lang raised his eyebrows slightly.

Immediately after.

He flew straight into the space channel and descended into the life universe of Xi Kejia!

The size of this life universe is almost the same size as that of Zhou You's life universe, that is, the size of the Canglan Continent.

In general, this life planet belonging to Xi Kejia is a circle smaller than Canglan Star and Jingtian Star.

After entering the universe of life.

Su Lang floated in the sky, first checked the world barriers.

It turns out that the world barrier of this life universe is more perfect than that of the other world, and it is almost the same as the naturally formed world barrier.

"Xi Kejia, on the surface, doesn't have the power of incense."

"But in fact, it has already studied the incense aspiration power to a more thorough level."

"Although it is not as good as Xuanyou, but it is much better than Qianyou."

Su Lang thought in his heart, slowly flying to the most prosperous city on the earth.

He didn't hide anything,

Directly across the sky like a meteor, descending to the city.

Therefore, the creatures on this life planet immediately discovered the existence of Su Lang.

These creatures are also intelligent races that have moved into the universe of life from the outside world, called the Batian race.

The Batten Clan was very vigilant at first, and seemed to have received the order from Xi Kejia, and was now guarding against Su Lang.

When they found Su Lang, they immediately rushed up without fear of death.

"It's an outsider!!"

"Quickly, quickly, immediately put aside all affairs and resist outside invaders!"

"Kill kill kill, kill outside invaders at all costs!"

"..."

One by one, the martial arts and martial sages rose from the ground, all flying towards Su Lang with death will.

"Ants!"

Su Lang looked down at the entire world, and a terrifying coercion erupted from his body, so that no warrior of the Heaven-Pulling Clan could get close to a thousand miles!

Rumble!

A large number of warriors of the Heaven-Pulling Clan started to attack when they were crazy.

However, they seemed to be separated by an invisible barrier, and even the sound could not reach Su Lang's ears.

Su Lang didn't bother to care about these weak warriors.

He came directly to the center of the city.

There is a huge temple here, its scale is almost like a big city.

The sky-like pillars support the vast canopy, walking in the temple, as if walking in another world.

However, this huge temple is just a building in the hands of a statue.

The statue is exactly the same as Xi Kejia, and its scale is thousands of times larger than that of Su Lang's statue in the southern continent!

Standing almost anywhere on the continent, you can look up at this statue.

From the outside of the sky, it looks like a sharp unicorn growing out of the planet of life.

Su Lang's spiritual power swept across the temple and statues.

The statue uses a lot of materials to build, but it is not a very precious material.

On the contrary, the materials used in the temple are more advanced, almost all of which are cast from fairy-level materials.

In the wailing of countless warriors of the Heavenly Clan.

Su Lang flew into the temple with a move.

The temple is surrounded by pillars like the sky, and in the middle is a huge pond.

The pool is very wide and contains indigo liquid energy.

In Su Lang's eyes, this pool has a sense of sight of a swimming pool.

But in fact, this is where Xi Kejia used to collect, filter and store incense power.

[Chapter 1240: You guessed it right](#)

Its effect is similar to that of Wuyu Tea Forest in Xuanhu, but the effect is not as good as the latter.

Su Lang could clearly perceive that the incense aspiration power inside was very complicated, and the quality was far worse than the aspiration power of Wuyu tea tree transformed.

Moreover, Wuyu tea tree can transform a person's incense aspiration power into an ownerless incense aspiration power, which this Fangchi cannot do.

All the aspirations in it belong to Xi Kejia.

"If Xi Kejia resurrects, it should be here."

Su Lang found that the horizontal line in the pool was very low, which had obviously gone through intense consumption.

Take a closer look.

There is a shadow at the bottom of the most central part of the pool, as if it were a human figure.

"Still being resurrected?"

There was a sneer at the corner of Su Lang's mouth, and he broke into the wishing pool with a move.

A space barrier emerged, trying to stop it, but was torn apart by Su Lang as if nothing was left.

After entering the aspiration pool.

The power dedicated to Xi Kejia remained motionless, and did not swarm towards Su Lang.

Su Lang flew to the middle of the wishing pool, looking down at the shadow.

Sure enough, it was Xi Kejia who was resurrecting.

He Qianyou first used a lot of materials to forge the incense body that was different from his own flesh and blood.

The incense body of Xi Kejia didn't use any materials at all, and it was all made of incense willingness.

At this moment.

The body of this incense aspiration force has condensed a complete head, attached to a large number of bones of meridian flesh and blood.

In short, it looked like a tattered corpse without skin.

Xi Kejia's consciousness has also been awakened.

He was looking at Su Lang with extremely horrified eyes!

The incense body that has not yet fully condensed is trembling slightly!

Su Lang could even see that Xi Kejia's half-naked heart was beating wildly!

"Jie Jie!"

"Xi Kejia, I didn't expect it."

Su Lang smiled coldly: "I have not been swallowed and killed by the turbulence of time and space!"

"Su Lang..."

"You are really a..."

Xi Kejia made a bitter voice, but it was difficult to find words to describe Su Lang's perversion.

The Gate of Exile is his last trump card, and together with the material for casting the Dream Broken Knife, it is derived from a great emperor-level heritage!

Among them, the Gate of Exile was even able to deal with the Great Emperor.

however.

Su Lang, the quasi-great emperor who arrived temporarily using the secret technique, just survived!

It is unbelievable, it is unimaginable that such words are used in Su Lang, Xi Kejia thinks it is too pale.

"call....."

"Is that the mysterious resurrection technique?"

"The winner is king. If you win, you must kill as you please."

Xi Kejia let out a long breath, his frightened expression gradually calmed down, and his trembling body calmed down.

It seems that he has accepted this incredible thing.

"Ha ha."

"As a winner."

Su Lang looked down at Xi Kejia condescendingly, "I can give you a chance to live."

"condition!"

Xi Kejia was very decisive.

"tell me."

Su Lang said directly, "The death probability of the Exile Gate, and the destination of the exile."

"Oh?"

"What are you looking for?"

"Did you have any important things banished?"

"Anything or creature that contaminates you too much will be targeted by the gate of exile."

There was a touch of joy on Xi Kejia's face, "Let me guess, could it be that your woman was swallowed by the gate of exile?"

"You are right."

"I decided to reward you!"

The corner of Su Lang's mouth twitched, and his faint smile contained endless cruelty and resentment.

next moment.

The power of various rules erupted from Su Lang and fell on Xi Kejia's body.

Among them, the spiritual rules have the most and the most intense!

In an instant, Xi Kejia's soul suffered endless torture.

"what!!"

Rao Yixi Kejia's tough mind couldn't help screaming and twitching all over.

But Su Lang did not intend to let him go like this.

"Devil's Abyss!"

Su Lang thought, an unknown breath enveloped.

The body that Xi Kejia is constantly condensing and repairing has suddenly undergone a terrifying mutation!

A large number of body tissues have turned their backs on the original growth mode and shape, and turned into weird things.

The muscles became maggot-like tentacles, the heart gave birth to strange eyeballs, the blood turned black, and the bones had countless spikes...

This is torture from the genetic level, one of the cruelest physical punishments!
