[Chapter 131: Activate the fifth system function!](#)

"Got the money?"

There was a faint smile on Su Lang's face.

"Yes... Master Su Lang!"

"All our family properties are here, please forgive us!"

Qin Hu and Zhu Xiyan knelt on the ground anxiously, offering the space ring very humbly.

Su Lang nodded slightly, then waved his big hand, holding the two space rings in his hands.

"Look, how many are there?"

With a glimmer of expectation, Su Lang's mind sank into the space ring.

The next moment, densely packed spirit stones and gold coins appeared in front of them, with various rare treasures in between!

"Not bad!"

"well!"

"Enough to buy your life!"

A bright and excited smile appeared on Su Lang's face.

So many gold coins are enough for him to upgrade all functions to level 7 and start the latest one-key alchemy function!

Relative to such a huge income, it is all right to let Qin Hu and Zhu Xiyan go.

"Great, great!"

"Thank you Lord Su Lang for your mercy!"

Qin Hu and Zhu Xiyan had their lives back, and they were happy at each other, shaking their heads with excitement.

Seeing the two people crawling under his feet, Su Lang smiled happily, and immediately issued instructions:

"The system, deposit all the money spirit stones I own!"

The next moment, the gold coin spirit stone in the storage space and the space ring disappeared instantly!

The amount behind the spirit stone icon is soaring like a rocket!

Finally, the number reached a terrifying seven-digit number-2238325 inferior spirit stone!

"The system, give me an upgrade to the avatar dispatch function and one-click treasure hunting function!"

Seeing such a huge amount, Su Lang gave orders with excitement.

"Ding! Consuming 100,000 lower-grade spirit stones, the clone dispatch function is upgraded to level 6, and the number of clones is +1"

"Ding! Consume 1 million lower-grade spirit stones, the clone dispatch function is upgraded to level 7, and the number of clones +1"

"Ding! Consuming 100,000 lower-grade spirit stones, the one-click treasure hunting function has been upgraded to level 6, and the number of treasure hunting flying flying gliders has increased to 64"

"Ding! Consume 1 million lower-grade spirit stones, the one-click treasure hunting function has been upgraded to level 7, and the number of treasure hunting flying flying gliders has increased to 128"

"Ding! Congratulations on upgrading all the first four system functions to level 7. You have obtained the activation authority for the new function, and you can activate it with only 100 grade spirit stones!"

The extremely pleasing system prompts kept coming, and Su Lang's eyes showed excitement.

Immediately, his **** lips opened a smile: "System, activate new features!"

"Ding! Consume 100 lower-grade spirit stones, and the one-key alchemy function has been activated!"

"Ding! The current one-key alchemy function is level 1, which can refine the pill of level 2 and below!"

"Ding! Congratulations on obtaining the bonus functions 'Alchemy Synchronization' and 'Pill Recognition' abilities!"

After a series of system prompts, Su Lang only felt a tremor in his mind!

"The mysterious black space has changed!"

Su Lang's expression moved, his mind sank into the mysterious black space, and he suddenly found that there was another white villain inside!

However, unlike other villains, this white villain holds a continuously rotating pill furnace in his hands!

At the same time, a lot of information poured into Su Lang's mind!

"Noisy, noisy! Is it so awesome!?"

Looking at the information in his mind, Su Lang's eyes widened with excitement.

He knew that the one-key alchemy function must be very abnormal, but he never expected this function to be abnormal to such an extent——

First of all, as long as you have an elixir, one-click alchemy function can refine all the pills within a limited level, and the refined pills are of perfect quality.

It should be known that the quality of pill is divided into six grades: waste pills, low grade, middle grade, top grade, top grade and perfect grade.

The top grade is already very rare, the top grade will occasionally be a surprise, and the perfect quality pill will hardly appear on the market!

Once a perfect-quality pill appears on the market, it will definitely cause a lot of looting!

Secondly, it's very easy to use one-key alchemy!

Just use your mind to put the alchemy materials in the storage space into the pill furnace, wait for a while, and you can make the pill.

And the success rate of refining pills is 100% terrifying!

This success rate is enough to surprise all alchemists to doubt their lives!

[Chapter 132: The system is so sweet](#)

In addition, the two bonus functions are also very useful!

I won't talk about the 'Pill Recognition', if you have it, you can recognize it regardless of the indifferent medicine.

'Synchronization of alchemy' gave Su Lang the ability to make alchemy by himself, and he could make any pill that could be made with one-key alchemy function!

In this way, Su Lang will not fall into the embarrassing situation of "knowing it but not knowing why"!

Finally, this one-key alchemy function and one-key treasure hunting function are a perfect match!

After finding the alchemy materials, the treasure hunting flying gliders don't have to sell them in the store, they can be refined into pills and sold!

The price of alchemy materials and pill medicine is far different. This refining can make many times the money!

"Tut tut, system ah system, you're so sweet!"

Su Lang was so excited that he was also an alchemist from now on!

Moreover, it is still the kind that can make alchemy while sitting and lying down holding beautiful women!

"Right! I still have money to upgrade!"

Su Lang suddenly raised his brows and thought, "System, upgrade me the one-key alchemy function!"

"Ding! Consuming 1,000 lower-grade spirit stones, the one-key alchemy function is upgraded to level 2, which can refine the pill of level 4 and below."

"Ding! Consuming 10,000 lower-grade spirit stones, the one-key alchemy function has been upgraded to level 3, and it can be refined to level 6 or below."

"Ding! Not enough spirit stones to upgrade!"

"My fork, I have more than two million lower-grade spirit stones, so I have no money?"

Su Lang raised his brows and glanced at the balance of the spirit stone, only to find that there were only 21,115 low-grade spirit stones left!

"Lie noisy, come quickly, and spend money quickly!"

Su Lang breathed cold breath for the speed at which the system swallowed money.

However, he was very, very happy in his heart!

After all, in less than a second, he has the strength of a sixth-rank alchemist!

And it's the kind that can produce a perfect pill 100% as long as there is a pill!

It's really exciting to think about the round and round pill!

After a long time, Su Lang slowly calmed down his excitement, and his eyes fell on Qin Hu and Zhu Xiyan again.

"Master Su Lang!"

When the two saw Su Lang looking over, their hearts suddenly burst and became nervous.

Su Lang's expression changed before, but now he stared at them suddenly, but they were terrified!

"Why hasn't the Tian Xiu you mentioned come yet?"

Su Lang said unhappily, "If there is something wrong with my servant, you two will still have to die!"

"My lord, we don't know either!"

"That Tian Xiu is a tenth-rank alchemist with a very weird personality. It is estimated that our people have been made difficult by him!"

"Master Su Lang, or, would you please allow me to remind you?"

Zhu Xiyan and Qin Hu said in horror.

"Also, you can go."

Su Lang nodded non-committal, "But if you want to escape, don't blame me for being merciless!"

"My lord, we definitely won't!"

"Yes, yes, we are all here, please rest assured, adults!"

Qin Hu and Zhu Xiyan quickly promised that their chests were banging!

Immediately after Su Lang signaled, Qin and Hu left the luxurious manor and went to the alchemist Tian Xiu in person.

After the two left, Su Lang's attention was once again placed in the mysterious black space.

At this time, half of the one-key cultivation villain turned golden, and it was obvious that he could break through again soon!

It is worthy of a level 7 one-key practice, 128 times the cultivation speed of a talented genius without lack of qualifications!

The two one-click martial arts villains are still the same, one is practicing Blowing Snow Without Mark, and the other is practicing Seven Star Hidden Killing Blade.

After one-click Wushu is promoted to level 7, the former will need 12 days to reach the Xiaocheng level, and the latter can be promoted to the Xiaocheng level in just 28 hours!

In addition to the one-key practice and the one-key martial arts villain, there are two purple villains standing alone in the corner.

This was condensed when the clone was dispatched to level 6 and 7. The remaining 5 clones still have 6 hours of cooling time.

This also means that it will take less than 6 hours to complete the refining of the Qinglian dragon pattern fire!

"Hey Hey!"

Su Lang couldn't help letting out a deep and excited laugh, "After sleeping, my strength has skyrocketed again, so cool!"

Immediately, Su Lang dispatched the newly condensed clones and the treasure hunting flying flying flying gliders out to hunt for treasures, and then began to close his eyes and rest.

[Chapter 133: Of course I have a way](#)

at the same time.

In a luxurious pavilion in Nanlin City, Qin Hu and Zhu Xiyan met the alchemist Tian Xiu.

Although this alchemist Tian Xiu is as gray as Zhu Xiyan, he has a bright look and frivolous eyes, always giving people a perverse and paranoid feeling!

At this moment, he sat opposite Qin Hu and Zhu Xiyan with a trace of contempt on his face.

"Qin Hu, Zhu Xiyan."

Tian Xiu took a sip of tea and said with a gun and a stick, "I didn't expect you to kneel down and beg for mercy from a young man who is still young. It is ridiculous!"

As a tenth-rank alchemist, or quasi-pill king, Tian Xiu's status is not weaker than that of Qin Hu and Zhu Xiyan.

And his relationship with Qin Hu and Zhu Xiyan is pretty good, so he has always been very rude.

"Tian Xiu, you don't understand how terrifying that Su Lang is!"

Qin Hu's face was very ugly, "I am under his hand, and I can't survive a single move!"

"Yes, Tian Xiu, don't think that we are all soft guys!"

Zhu Xiyan's complexion flushed, and gritted his teeth and said, "How can we abandon our dignity and kneel to him Su Lang when we are not forced to do so?"

"Huh, it's useless!"

Tian Xiu raised his chin in disdain, "If you can't hit it head-on, don't you know outsmart?"

"Outsmart? How to outsmart?"

Qin Hu's eyes flashed, and he said thoughtfully, "Do you have a way?"

"Then Su Lang is as strong as a senior military commander, how to outsmart it!?"

Zhu Xiyan stared at Tian Xiu displeasably, "Don't stand and talk because your back hurts!"

"Of course I can do it!"

Tian Xiu snorted and stood up, "Isn't he Su Lang asking me to treat his servant? This is a great opportunity!"

"Tian Xiu, what can you do?"

A hint of surprise appeared in Qin Hu's eyes, "Can you really handle that Su Lang?"

"Tian Xiu, speak up!"

Zhu Xiyan also turned from worry to joy.

He and Qin Hu were severely slapped by Su Lang. They sacrificed their dignity in order to survive. Why didn't they hate them?

Before Su Lang was as well-behaved as a lamb, there was no resistance at all, and he had to surrender.

How can they not be excited when they see the hope of revenge?

Tian Xiu smiled faintly: "Have you ever heard of impermanent purple jade poison!"

"Impermanent Purple Jade Poison?"

Qin Hu and Zhu Xiyan looked at each other, then slowly shook their heads.

"Huh, you know you haven't heard of it."

Tian Xiu hummed softly, with a smug expression on his face, "This impermanent purple jade poison is a tenth-order poison that has been lost for thousands of years!

This kind of highly toxic, colorless and tasteless, can be dissolved in the pill and does not affect the original medicinal properties of the pill!

If it is not a senior alchemist, it is impossible to identify it, it can be described as impossible to prevent!

After I got its remnant, it took a lot of effort to research it again! "

"There is still this kind of poisonous?"

Qin Hu and Zhu Xiyan unanimously felt a chill rise from the tail vertebrae.

They usually take Tian Xiu's pill, if the opponent is a little bit malicious, then they will be miserable!

"You are really timid!"

Tian Xiu sneered, "We have been advancing and retreating together for so many years. If we want to harm you, will we wait until now?"

"cough."

Qin Hu coughed slightly, concealed his embarrassment, and then asked, "Impermanence purple jade poison is indeed hard to guard against!"

However, it was Su Lang's servant who was seriously injured, not himself, and it was not him who took the pill! "

"Yes indeed....."

Zhu Xiyan frowned and guessed, "Do you want to take the soft medicine first, pretending to give the Sulang pill, waiting for him to take the pill to be poisoned?"

"Wait for him to be poisoned? Huh, wait!?"

Tian Xiu snorted disdainfully, "Put your ears in and listen to my tricks!"

"Listen thoroughly!"

Qin Hu and Zhu Xiyan bowed their hands solemnly.

Tian Xiu took a sip from his teacup and said slowly, "Aren't his servants going to heal the wounds? We are like this..."

When Qin Hu and Zhu Xiyan heard this, their faces were suddenly shocked.

Immediately, a strong murderous intent and expectation and excitement for revenge spurted in their eyes!

[Chapter 134: Why do you have to do something](#)

After half an hour.

Among the luxurious manor.

"Why haven't you come back?"

Su Lang frowned slightly: "Could it be that they dare to run away?"

"Brother Su Lang!"

Suddenly, Ji Ruxue ran out of the room anxiously.

"What's wrong? Little sister Ruxue?"

Su Lang's expression became dark, "Could it be that your Granny Ke's injury has become serious again?"

"Yes, Brother Su Lang, Granny Ke vomited blood again just now!"

Ji Ruxue's lovely face was full of panic, "Why hasn't that alchemist come yet? I'm afraid Granny Ke won't wait for that time!"

"There is also the Dragon and Tiger Blood Pill, you can take it for her."

Su Lang took out a bottle of pill and handed it to Ji Ruxue, "Don't worry, Granny Ke will not die!"

"Hmm!"

Ji Ruxue took the pill and hurried into the room.

At this time, there was a mess of footsteps outside.

"three people?"

Su Lang immediately distinguished that it was the footsteps of the three, "It seems that Tian Xiu is here!"

A few seconds later, three people walked into the hall respectfully. It was Qin Hu, Zhu Xiyan, and Tian Xiu!

"You are that Tian Xiu, what a big shelf!"

Su Lang stood up and looked down at Tian Xiu condescendingly.

"Master Su Lang, spare your life!"

Tian Xiu immediately knelt down and begged for mercy, but his invisible eyes showed a trace of poison.

"Master Su Lang, Tian Xiu was treating a patient before, so he wouldn't leave no matter how we told him."

Zhu Xiyan also knelt on the ground, his face was full of resentment, this acting is simply a slap on the screen!

"Forget it, come in and have a look."

Su Lang cast a noncommittal glance at Tian Xiu, then turned and walked into the room.

"Brother Su Lang, I have taken the medicine for Granny Ke!"

Ji Ruxue ran to Su Lang, and two beautiful eyes looked at Tian Xiu suspiciously.

She instinctively felt that this bad old man was not a good person!

"Well, good."

Su Lang rubbed Ji Ruxue's head and turned to gesture to Tian Xiu.

"I will treat the patient!"

With a look of pity on Tian Xiu's face, he began to treat Granny Ke.

His movements are very swift and smooth, and he does seem to have two brushes.

After a long time, Tian Xiu stood up, wiped the sweat from his forehead, and said to Su Lang:

"Fortunately, the old man has found a cure!

Only need to refine Liangyi vitality pill, after two martial commanders swallow the refinement, send the wounded Dantian through the aura, and heal within three days! "

"Liang Yi vitality pill?"

Su Lang raised his brows, "What level of medicine is this?"

"If you go back to your lord, it's a tenth-order pill!"

Tian Xiu replied respectfully, but a trace of imperceptible pride flashed through his eyes.

In this Nanlin City, he has the highest alchemy attainments, and only he can refine the tenth-order pill!

It was precisely because of this that he had diagnosed a number of treatment methods, but chose this tenth-order Liangyi vitality pill.

In this way, the pill to cure Granny Ke must be refined by him, and Su Lang will definitely not escape the deadly trap!

"A Tier Ten pill, then you can refine it."

Su Lang curled his lips. In fact, he wanted to try the one-key alchemy function.

But his one-key alchemy function requires level 5 to refine the tenth-order pill.

And to upgrade it to level five, it would cost a full 1.1 million lower-grade spirit stones!

Therefore, we can only give up.

"The old man must live up to his trust!"

Tian Xiu bowed again, and the sarcasm in his eyes grew stronger.

Standing aside, Qin Hu and Zhu Xiyan were secretly excited when they saw that Su Lang was about to take the bait.

"Go refining, don't waste time."

Su Lang waved his hand and pulled a chair over to sit down.

"Yes!"

Tian Xiu nodded, took out the materials, and solemnly started alchemy.

About an hour later.

"Hey!!"

Tian Xiu let out a low drink, and the lid of the pill furnace flew high, and a thick pill incense was scattered along with a cloud of white mist.

After the faint white mist dissipated, two crystal clear pills were seen lying in the pill furnace.

"This is the tenth-order Liangyi vitality pill?"

Su Lang looked at the medicine in the pill furnace with great interest.

Suddenly, his expression moved, and his face gradually became cold

—Through the 'Pill Recognition' function, he found a hint!

What Tian Xiu made was indeed the Liangyi vitality pill, but other things were added to it!

"Humph!"

Su Lang smiled inwardly, "Why are you always reconciled and have to do things?"

[Chapter 135: Your acting skills are really good](#)

"Yes, Lord Su Lang, this is Liangyi vitality pill."

Tian Xiu was so confident that he didn't notice the change in Su Lang's expression at all.

However, even if he noticed, he couldn't believe that his little trick was discovered by Su Lang just as soon as it was used!

He carefully poured the pill into a plate, and respectfully offered it to Su Lang: "Next, Master Su Lang and Master Qin Hu will need to swallow the pill to make a living."

Looking at the pill on the plate and then at Su Lang, Qin Hu and Zhu Xiyan couldn't help showing expectant smiles on their faces.

"Master Su Lang, it should not be too late!"

Qin Hu stepped forward and took out a pill from the plate, and said excitedly, "Master Su Lang, it should not be too late, let's start healing your servant!"

As he said, he swallowed the pill into his stomach.

It seemed that Qin Hu was excited about saving a life soon!

But Su Lang knew that this guy must be excited about his upcoming revenge!

"Tsk tusk, three jumping clowns!"

Seeing the three people who acted wildly, Su Lang smiled secretly.

Immediately, he turned his gaze and fixed his eyes on Tian Xiu: "Are you sure this is a pill for healing and saving people?"

As soon as this question came out, Qin Hu and the three of them suddenly had a sudden heart, and they were not good!

"Why would he ask this question?"

"Did he find something wrong?"

"Impossible, he is not a senior alchemist, how can he recognize the impermanent purple jade poison?"

"In my opinion, he must be pretending to be deceitful!"

"It's really suspicious, but we were prepared, huh!"

In an instant, Qin Hu, Tian Xiu, and Zhu Xiyan exchanged their eyes tacitly and confirmed their thoughts.

"Master Su Lang, the Liangyi vitality pill refined by the old is used for healing and saving people!"

Tian Xiu put on a look of sincerity and fear, "With your servant's injury, this pill has the fastest and best effect!"

"Tian Xiu has always been benevolent and benevolent, saving the dead and healing the wounded!"

Zhu Xiyan patted his chest and said, "He never dared to use pill indiscriminately, I am sure of this!"

"Yes, Tian Xiu has no reason to harm us."

Qin Hu solemnly nodded to Su Lang.

It was him and Su Lang who were taking the medicine, and his words put him and Su Lang in the same camp.

"Hahahaha, the acting skills of the three of you are really good!"

Su Lang looked up to the sky and laughed, and immediately his smile became colder, and said murderously, "If it weren't for my good eyesight, it's really possible that I would fall into your hands!"

As soon as these words came out, the expressions of the three Qin Hu changed dramatically!

"Master Su Lang, what acting!?"

Zhu Xiyan pretended to have an innocent look, "We are all servants who treat you wholeheartedly, so we dare not have other thoughts!"

"Yes, Master Su Lang, do you think there is a problem with this pill?"

Qin Hu put on a look of surprise, "This is impossible, I believe Tian Xiu, I can take it now!"

"Master Su Lang, the old age has been sincere in saving people for thirty years, everyone knows Qing Yu!"

Tian Xiu seemed to have been insulted by the sky, "If you don't believe it, I will swallow this pill immediately!"

"Hahahaha, still acting? Good psychological quality!"

Su Lang laughed, "You have to swallow the pill to show that it is okay.

However, it cannot be the three of you who swallowed the pill.

After all, I don't know if you have prepared beforehand! "

Listening to what Su Lang said, the expressions of Qin Hu, Zhu Xiyuan, and Tian Xiu instantly solidified on their faces!

At the same time, a deep fear arose in the three people's hearts!

They knew that Su Lang really saw something!

"Why? Don't you dare to let others test the pill?"

"Didn't you take an oath before?"

A weird smile was drawn at the corner of Su Lang's mouth, "Tian Xiu, don't you be kind and benevolent, save the dead and heal the wounded, and have a reputation for decades?"

Why would you do such a thing as poisoning the pill?

Qin Hu, Zhu Xiyuan, didn't you kneel on the ground and say thank you for my mercy?

Why do you want to work with Tian Xiu to do this kind of gratitude and revenge? "

Every time Su Lang said a word, the faces of the three of Tian Xiu showed a trace of horror!

When Su Lang finished speaking, Zhu Xiyuan and Qin Hu were completely shrouded in fear!

They thought of Su Lang's powerful combat power, thought of the scene where they were vulnerable, and thought that their life was finally recovered!

A strong sense of regret rushed to their foreheads, and the great horror between life and death seemed to have come again!

And Tian Xiu, when he was frightened, his face was filled with incredible!

[Chapter 136: Convince you!](#)

"You... how could you find out the poison I've been given!?"

Tian Xiu's eyes burst open, and he shouted in disbelief:

"I am the impermanent purple jade poison that has been lost for thousands of years, and I am the only one in the world to control!

And you, you are just a man with no strength, you don't have any elixir skills at all, how can you see that the pill is poisonous? "

"Hehe, there is no pill in the world that I don't know!"

Su Lang sneered, "I know exactly what Liangyi vitality pill is like, but if there is a slight difference, I can't escape my eyes!"

"No! This is not true!"

Tian Xiu's face was sullen, and a bearded head shook like a rattle, "You guessed it, you are swindling us! Yes! It must be like this!"

"Is it?"

"As a Tier 10 alchemist, you have a lot of pills on your body, don't you?"

Su Lang raised the corners of his mouth disdainfully, "You can take out all your pills, and I will show you all of them and let you take it all!"

"Hahahaha!"

Tian Xiu laughed wildly like crazy, "You, a young man who is still young, dare to boast that you know all of my pills.

I want to see, how do you recognize my treasured pill! "

While talking, Tian Xiu shook the space ring fiercely, and a large number of pill bottles appeared on the open space.

"Tsk, it's a lot!"

Su Lang looked at the pill bottle on the ground, a smile was drawn at the corner of his mouth.

Immediately, he picked up a pill bottle and poured out a pill.

"Xuanmen returns to the spirit pill."

After reading the name of the pill, Su Lang didn't put it back in place, but took it directly into the storage space.

Anyway, these pills will be his sooner or later, and Tian Xiu's Lingshi gold coins will be the same!

Seeing Su Lang put away the pill, Tian Xiu dared not speak.

He took a deep breath and said, "I just recognized one kind of pill, there are more than one hundred more!"

"Hehe, let alone more than one hundred, I can recognize all over one million."

Su Lang glanced at Tian Xiu disdainfully, and then picked up the second pill bottle.

Take a look.

"Tai Chi Gu Ji Dan."

After receiving the pill, Su Lang continued to identify the next pill.

His speed is very fast, he can identify more than ten kinds of pills in the blink of an eye!

Tian Xiu's expression of holding the winning ticket gradually solidified.

He didn't expect that Su Lang's knowledge of pills would be so extensive!

In a blink of an eye, another two minutes passed.

"Taihe true pill, not bad, tenth-order pill!"

Su Lang recognized the last medicine and put it in the storage space.

At this moment, Tian Xiu's face was already dull, and his old eyes were so staring that they were about to fall out!

You know, there are a lot of rare medicines in his medicine.

Even, there are two pills of his own creation, and it is impossible for others to know.

However, Su Lang actually recognized them all!

This incredible scene directly made Tian Xiu doubt life!

Qin Hu and Zhu Xiyan were also dumbfounded and unbelievable.

At the same time, the last trace of luck in their hearts was shattered.

—Su Lang can easily distinguish the pill, which means that he really sees the problem with the Liangyi vitality pill!

Their plan was completely seen through by Su Lang!

"Why, do you have anything to say?"

Su Lang looked around at the three of them, gradually exuding a cold murderous aura.

"Master Su Lang, please spare your life!!"

Zhu Xiyan immediately collapsed. He knelt on the ground in horror, his face full of desolation and pleading!

"Su...Master Su Lang!"

"It was Tian Xiu's idea. We were bewitched by him!"

Qin Hu also didn't have the courage to resist, and he knelt on the ground with a thump, his whole face was pale, shaking like he was sifting chaff!

"No, it's not me!"

Tian Xiu was also terrified, "Qin Hu, Zhu Xiyan, you are so cruel, I'm all here to avenge you!"

"If it weren't for you to confuse us, how dare we murder Master Su Lang!?"

"It's all your fault, Tian Xiu, you fucking, I killed you!"

Zhu Xiyan's complexion was distorted, his teeth and claws were open, and he rushed towards Tian Xiu like crazy, as if he was going to devour him alive!

"Zhu Xiyan, stop, stop!"

Seeing that Zhu Xiyan was like a beast of man-eating, Tian Xiu was frightened to the ground, his soul frightened!

At this moment, Su Lang's faint voice came:

"Don't let me be quiet!"

[Chapter 137: Don't blame me for being merciless](#)

Su Lang's voice was not loud, and it did not even come out of the room.

However, the crazy Zhu Xiyao immediately froze halfway like a powered off robot.

The air in the room also seemed to freeze, so quiet that everyone's breathing could be heard clearly.

"My enemy, you can move?"

Su Lang's indifferent gaze fell on Zhu Xiyao, and he immediately trembled!

"Su... Master Su Lang, I was wrong!"

"Please, please, my lord, please spare me one more time!"

Zhu Xiyao trembled and knelt on the ground again, bowing down.

"I have given you a chance."

"But you still have a long life!"

"In that case, don't blame me for being merciless."

Looking condescendingly at the three Qin Hu, Su Lang's face showed a hint of coldness.

"No! Lord Su Lang! Don't kill me!"

"Everything is Tian Xiu's idea, everything is led by him!"

Zhu Xiyao's head banged on the ground with a bang, and even the floor tiles were shattered.

"Master Su Lang, we are really bewitched!"

Qin Hu trembled with fear, "I am willing to be your slave. Li, I am still useful, please give me another opportunity to redeem my sins!"

"Master Su Lang, I...I am the first offender..."

Tian Xiu was also shivered and frightened, "Please, your sir, let me be a fart!"

"Hehe, dare to kill me and want to survive? Impossible!!"

"And just killing you, still can't solve my hatred!"

A cold and cruel smile appeared at the corner of Su Lang's mouth, "You guys, be prepared to cut off your children and grandchildren!"

As soon as he said this, the whole room seemed to be enveloped by strong blood.

"No! Don't!"

"Please, Lord Su Lang, please let my Zhu family go!"

"I really know that I was wrong, I am willing to give anything, I am willing to do everything, I can die immediately!"

Zhu Xiyan kowtowed to the ground like crazy, and said incoherent begging for mercy.

"Master Su Lang, I am willing to punish!"

"Ling Chi peels the skin, cuts the meat and debones, you can kill me any way you want!"

Qin Hu also collapsed in an instant, "I just ask you to spare my Qin family, they are all innocent!"

"Master Su Lang, please go around me!"

Tian Xiu also burst into tears, begging for mercy miserably, "I can be a dog for you, and I will practice alchemy for you for the rest of my life, please let me go from the Tian family!"

The three of them squatted on the ground, kowtowing one after another, and the ground was bumped into pits in the blink of an eye.

"Huh, it's not impossible to want me to give up the idea of cutting grass and roots."

Su Lang faintly looked down at the three people at his feet, "I want you to hand over everything!

I want all kinds of money, treasures, exercises, prescriptions, and classics! "

In fact, Su Lang had no plans to kill innocent people at all.

He will not do things that violate principles and cross the bottom line.

Saying anything that makes people cut off their children and grandchildren is just to scare a few people, so that they never dare to hand over everything with any reservations.

"Yes...sir, let's send someone to do it!"

Qin Hu and the three are both desperate and fortunate. What is desperate is that they cannot escape death. Fortunately, the family can be retained and the inheritance will not be broken.

"Writing the exercises silently first!"

"I hope you won't play any tricks anymore."

Su Lang faintly threw out a few books, "Otherwise, I will really kill your family!"

"Yes Yes!"

Qin Hu, Zhu Xiyan, and Tian Xiu bowed their heads, shaking and admitting their lives.

Immediately, they recruited subordinates and began to collect all the wealth and exercises in the family.

At this time.

"Brother Su Lang!"

Ji Ruxue pulled Su Lang's sleeve.

"what happened?"

The ice on Su Lang's face melted, and a smile bloomed.

"Brother Su Lang likes collecting exercises?"

Ji Ruxue's face is reddish, Qiu fluctuates, "I also have some here, can I give it to Brother Su Lang?"

"Haha, of course it couldn't be better!"

Su Lang smiled brightly and couldn't help but stretched out his hand and rubbed Ji Ruxue's head, "Little sister is so good!!"

[Chapter 138: One-key alchemy is officially launched!](#)

Time flies quickly, and it's night in a flash.

Luxurious manor, in the room, there is a cup of tea and a stack of books on the table.

Su Lang was holding a book of alchemy and read with gusto.

Ji Ruxue accompanied him to read alchemy classics, and turned around to take care of Granny Ke.

But Qin Hu and the three people kneeled on the ground tremblingly, not even daring to put a fart.

"Wow, I finally finished reading the alchemy classics!"

"Unexpectedly, Tian Xiu actually has so many alchemy recipes, and now he can finally start alchemy!"

Su Lang excitedly closed the classics in his hands, and soon his mind sank into the mysterious black space.

At this moment, the other villains were busy, only the one-key alchemy villain was holding the pill furnace and doing nothing.

"What kind of pill do you refine?"

"It's you, Yuanyang Ji Ling Pill!"

Su Lang's eyes rolled, and then he chose a Tier 6 cultivation medicine.

Tier 6 pills are suitable for martial artists and low-level generals. After taking them, they can increase the training speed a lot.

Although Su Lang's combat power has reached the martial arts level, his own cultivation realm is only in the intermediate martial arts level.

Therefore, the sixth-order pill is still useful to him, but the effect will be weaker.

"System, refine Yuanyang Ji Ling Pill for me!"

Su Lang gave an order, and seven or eight kinds of medicinal materials disappeared in the storage space.

In the mysterious black space, the pill furnace in the hands of the pill refining villain was suddenly shrouded in flames!

"Ding! It takes 5 seconds to start refining Yuanyang Ji Ling Pill."

"Lying down, you can refine a furnace of Tier 6 pills in 5 seconds, awesome!"

Su Lang frowned with excitement, his eyes gleaming.

You know, it takes at least one or two hours for a Grade 6 alchemist to refine a furnace of Grade 6 pills!

This key alchemy function only takes 5 seconds, so the speed is more than a thousand times faster than the alchemist!

As long as the materials are sufficient, the pill will be continuously refined like the goods on the assembly line. This is simply abnormal!

In the blink of an eye, 5 seconds passed.

"Ding! Successfully refining, you will get Yuanyang Ji Ling Pill*5!"

The system prompt came that Su Lang couldn't wait to find the newly refined pill from the storage space.

"Lying down, 5 pills!"

"This number of pills, which alchemist can achieve!?"

Su Lang looked at the five new Yuanyang Ji Ling Pills, and he almost laughed with excitement.

Generally, alchemists have a low success rate in refining pill, and the quality is not stable. The number of pill produced is also small, basically one.

Under normal circumstances, two or three pills are enough to surprise you.

Refining 5 pills in one furnace, I'm afraid it will shock the jaws of countless alchemists!

"Try to see how it works?"

Taking out a newly refined Yuanyang Ji Ling Pill, Su Lang threw it into his mouth with a hint of expectation.

The next moment, a huge and gentle medicinal power poured into the meridians, pushing the aura to revolve rapidly!

"Wow, it's a perfect quality pill!"

Su Lang nodded in satisfaction, "This medicine is much stronger than the pill that I took before, and it tastes even more delicious!"

Taking the pill happily, Su Lang's eyes turned and fell on Ji Ruxue.

"Brother Su Lang?"

Seeing Su Lang looking at herself, Ji Ruxue's face blushed, and a trace of doubt rose in her beautiful eyes.

"Little sister Ruxue, I have a lot of pills here, do you want to take it?"

Su Lang grinned, spread his right hand, and inside lay 4 round Yuanyang Ji Ling Pills.

"Yeah, thank you Brother Su Lang!"

Ji Ruxue stretched her eyebrows and smiled brightly, and then she held 4 pills in her palms.

"Wow, they are so beautiful!"

Looking at the pill in her little hand, Ji Ruxue exclaimed with excitement.

"Haha!"

Su Lang smiled lightly, "This is a perfect-quality pill, and its appearance is indeed much better than other pill."

"It turns out that this is a perfect quality pill, so rare!"

In Ji Ruxue's beautiful eyes, the excitement was hard to conceal.

Although she was born into a big family like Ji's family, her mother became pregnant when she was unmarried, and she was ashamed of her, and she didn't get any training resources.

After the bloodline was exposed, she was completely cut off from her cultivation resources, and she was also driven to extinction. Where has she seen a perfect quality medicine?

Seeing this precious and beautiful pill at this time, I immediately fell in love with it!

[Chapter 139: Almost laughed](#)

"Little boy, nothing is rare."

"You have as many pills as you want!"

Su Lang laughed, then spread his left hand, "You don't see this, there is more here!"

"and also!?"

"Wow, really!"

Ji Ruxue looked at Su Lang's left palm in surprise, and found that there were 5 perfect-quality pills lying on it. He was immediately surprised!

And just when Ji Ruxue was surprised.

Tian Xiu and others, kneeling on the ground and numb in despair, were shocked again!

Especially alchemist Tian Xiu, he almost doubts life and the world!

"Perfect quality Tier 6 medicine!"

"And it looks like it was refined in the same furnace!"

"How is this possible? It is impossible for an alchemist to do this level!"

Tian Xiu couldn't help raising his head, staring dumbly at the Yuanyang Ji Ling Pill in Su Lang's hand!

And just now!

"Do you like it, Xiaoguai? There is more!"

Su Lang spread out his right hand again, and 5 Yuanyang Ji Ling Pills of perfect quality lay inside!

Seeing this scene, Tian Xiu's eyes raised and he almost exploded!

"Wow!"

Ji Ruxue opened her mouth slightly in surprise, "Brother Su Lang, how come you have so many perfect pills!?"

She also knew that perfect quality pills were extremely rare, and it was incredible that so many appeared at the same time!

"Where can this be more?"

Su Lang stuffed the pill into Ruxue's little hand and smiled, "As long as you count five, I can give you 5 more pill of this kind!"

"Really? I don't believe it!"

Ji Ruxue looked at Su Lang suspiciously, and then hesitated to count: "1.2.3.4.5!"

"Dangdangdang!"

Su Lang spread out his right hand, and 5 perfect quality Yuanyang Ji Ling Dan appeared again!

"Great! How did this happen!?"

Ji Ruxue was jumping with excitement, her little face full of surprises.

At the same time, Qin Hu and Zhu Xiyan who were kneeling on the ground were completely sluggish, and Tian Xiu was completely messy!

At this moment, a cautious call suddenly came from outside: "Master Su Lang?"

"coming?"

Su Lang stuffed the pill into Ji Ruxue's little hand, turned around and said: "Come in!"

"Yes!"

Several people outside bent over cautiously and walked in very humbly.

All of them are Qin Hu's subordinates, and they came here this time to give things away.

"Master Su Lang, everything you want is here!"

After speaking, a few people presented three spatial rings.

"Okay, let's go."

Su Lang accepted the space ring and waved his hand lightly.

The few people immediately left as amnesty

—In their eyes, Su Lang, who even Qin Hu had to kneel down to worship, was more terrifying than Death!

"Look at what good things are!"

Su Lang opened the ring, swept it roughly, and nodded slightly.

There are many gold coins and spirit stones in the ring, as well as a large number of various beast materials, heaven and earth treasures, and piles of pill!

"Oh, even the F-class fierce beast materials have been delivered?"

"It seems that this time they completely wiped out their net worth!"

Su Lang clicked the corner of his mouth, and immediately deposited all the gold coin spirit stones into the system.

In an instant, the number of low-grade spirit stones in the system skyrocketed to 658,563!

"Jie Jie!!"

Su Lang excitedly ordered, "System, upgrade me the one-key alchemy function!"

"Ding! Consuming 100,000 lower-grade spirit stones, the one-key alchemy function has been upgraded to level 4, and it can be refined to level 8 or below."

"Haha, you can refine Tier 8 pills!"

Su Lang almost laughed out loud—the value of a perfect-quality Tier 8 pill is close to 10,000 lower-grade spirit stones!

As long as you refine one hundred and sell them, you can upgrade the system functions. It is exciting to think about it!

"System, come on, refine the 8th-order Taixuan Qi Pill for me!"

Su Lang did not hesitate to give up the 6th-order Yuanyang Ji Ling Pill and changed it to a more advanced cultivation pill!

"Ding! It will take 20 seconds to start refining Taixuan Qi Pill!"

As soon as the system's voice fell, part of the alchemy materials disappeared in the storage space.

The pill furnace in the hands of the pill refining villain also raised flames!

"The time has increased? But it doesn't hurt, only 20 seconds."

Su Lang raised his brows and counted the numbers silently.

After a while.

"Ding, the refining is successful, you will get Taixuan Qi Pill*5!"

"The 50,000 lower-grade spirit stones have arrived in the account, which is amazing!"

Su Lang's eyes glowed with excitement, and those eyes lit up. Ji Ruxue who looked aside was a little frightened!

[Chapter 140: Find a decent way to die](#)

"System, continue to refine Taixuan Qi Yang Pill."

"Fine for me until the wasteland and the old sea are dry and broken!"

Looking at the brand new Tai Xuan Qi Pill in the storage space, Su Lang excitedly ordered again.

"Ding, the refining is successful, you will get Taixuan Qi Pill*5!"

"Ding, the refining is successful, you will get Taixuan Qi Pill*5!"

"Ding! Not enough materials to refine!"

"Huh? Not enough materials?"

Su Lang's expression was stagnant, and then he was suddenly stunned.

Although he obtained all of Tian Xiu's net worth, he still has the treasure hunting flying flying tirelessly collecting treasures of heaven and earth.

But the material for refining Tier 8 pills is not Chinese cabbage, how can there be so many?

"It seems that this function is still limited."

Su Lang raised his eyebrows and then ordered, "System, refine all the medicinal pills that can be refined until the materials are used up."

"Ding! It takes 5 seconds to start refining Yijing Pill."

"Ding! Successfully refining, you will get the Book of Changes*5!"

...

"Oh, pretty good!"

Su Lang stretched his waist crisply, and set his eyes on the three Qin Hu again.

"Big...sir..."

Qin Hu and the three people felt Su Lang's gaze, and their whole bodies trembled, their expressions indifferent.

They know that their lives will come to an end next.

All wealth, beauty, glory and wealth will leave them away...

Thinking of this, they trembled uncontrollably, and they were crying!

Not reconciled!

But is there any way?

The man is a knife and I am a fish. What else can I do besides waiting for death?

"You three!"

Su Lang stood up and looked down at the three Qin Hu condescendingly.

His move directly scared Zhu Xiyan's pants soaked, Qin Hu was limp, Tian Xiu shivered like a sheep's seizure!

"Tsk, the great figure at the top of the Pyramid in Nanlin City turned out to be like this!"

Su Lang curled his lips contemptuously, "Forget it, I don't bother to humiliate you, you can find a decent way to die."

As he said, Su Lang held his hands behind his back and looked at the three Qin Hu like a **** of death.

"I...wow..."

Zhu Xiyan opened her mouth trembling, and immediately cried out.

That voice was so miserable as to kill a pig!

Qin Hu and Tian Xiu were infected by Zhu Xiyan, and they were very sad and screaming!

However, they know that this death is really impossible to escape. If they don't commit suicide, not only will they be inferior to death, but the family may also be implicated.

Therefore, they still raised their hands tremblingly, ready to have a heartbreak!

If you die like this, you can hardly see from the outside, it is almost the most decent way to die.

"Master Su Lang, please keep your promises and refrain from doing anything to others..."

Qin Hu said the last sentence in despair, and immediately closed his eyes, he was about to take a palm.

But at this moment! !

"boom--!!!"

There was a loud noise!

The roofs of the luxurious houses exploded like being hit by a police force!

Countless fragments of bricks and stones flew out with a terrifying circular air wave, and the entire manor was destroyed in an instant!

"Blowing the snow without a trace!"

With a wave of Su Lang's big hand, the endless ice and cold power surged out, blocking the terrifying air wave outside.

Suddenly, the air wave subsided and everything was silent.

On one ruined wall of the manor stood a slender man with a reddish complexion.

"Ji Kun!"

"Brother Ji Kun!"

Ji Ruxue and Qin Hu exclaimed at the same time, their expressions changed greatly, but they were all different.

Ji Ruxue's Qiu Shui cut her pupils slightly shrank, and a strong hatred appeared on her small face.

But Qin Hu and the three people were shocked, their eyes revealed ecstasy!

Ji Kun is their senior!

At the beginning, the three of them and Ji Kun were both students of Blue Star's highest martial arts school-Xuanyuan Martial Arts Academy.

During that period of advanced studies, they always looked forward to Ji Kun, almost three followers!

At this moment, seeing Ji Kun, the former boss, Qin Hu and the three people seemed to have recovered the backbone, and the despair and fear in their hearts were automatically dispelled!

"Brother Ji Kun! Brother Ji Kun!"

Qin Hu shouted excitedly, and ran to Ji Kun's feet like crazy.

"It was Brother Ji Kun, that's great, it's saved!"

Zhu Xiyuan and Tian Xiu were trembling with surprise, and after working hard to suckle, they crawled to Ji Kun's side.
