

## One Click 1341

### [Chapter 1341: Upgraded octagonal shield](#)

The muscles spread apart, like evil tentacles.

They captured the terrified Emperor Wu and Zhun Emperor and swallowed them all!

In a flash.

Wu Boruo recovered a lot of energy and blood, and his state improved a lot!

However, his clone is now like a leaking bucket, even if it is full of water, it will quickly weaken.

In the end, it is doomed to decline.

"Ok!?"

"Someone is watching!?"

"Could it be that the death of the Ruthless Emperor Tiandi spurred the Jueren Tiandi? Humph, it's the best policy to go!"

Suddenly Wu Boruo felt someone peeping at him, and didn't want to immediately use one hundred and fifty battleships to activate the ultra-long teleportation array!

boom!

The huge beam of light flashed away, and some advanced battleships and Uporo disappeared immediately.

The remaining battleships all exploded and turned into bright fireworks!

Enter Ji Junxing.

"Humph!"

Su Lang saw everything through the perspective of a avatar, and couldn't help showing a sneer!

next moment.

He stretched out his right hand and opened it, and a trace of blood red breath rose in it.

Immediately after.

Squeaky.

Countless treasure hunt flying flying gushing out, scrambling for the blood red breath!

but.

Su Lang did not immediately dispatch these treasure hunt flying gliders.

Because Wu Bo Ruo is destined to return to the world of Dark Sky, and the coordinates of the world of Dark Sky, there are captured free and other leading parties, there is no need to worry at all!

Pursuing the specific location of Uporuo will not be needed until he arrives in the dark world.

"Except for Li Xianyang, all the clones have been consumed."

"The clone avatar cannot be replaced by the clone. You have to wait an hour for the cooldown."

Su Lang thought silently, and then took out the eight-sided shield.

The original intention of this Great Emperor Soldier was to fight, but this first Great Emperor level battle did not come in handy...

The key is that Su Lang somewhat underestimated Anderson's strength after being controlled by Wu Boruo.

"Just the next quasi-emperor level can burst out a terrifying blow to crush the three great emperors."

"If it is Wu Boruo's body, I don't know how strong it is!"

"In the future, we are destined to fight Wuporuo. If we want to do well, we must first sharpen our weapons. We must be ready."

Su Lang squinted his eyes, Xuan even started to upgrade the eight-sided shield of the sky.

at the same time.

In the dark world, in a temple not far from the Mist Giant Peak.

"boom!!"

A terrifying light broke out in the tall church, and even more intense spatial fluctuations spread.

When the light dissipated, the entire church was wiped out and replaced by a huge space channel.

The only \*\*\*\* muscles of Wu Boruo's avatar entangled in the Broken Dream Knife flew out from it, followed by several high-level Imperial-class battleships behind him.

Around the church, there were strong men arranged by Wuporuo himself, and he immediately stepped forward to take over the battleship.

The blood-colored muscles wrapped around the Broken Dream Knife flew directly into the misty peaks, expelled the thick mist, and came to Wu Boruo.

Immediately after.

Scarlet muscles loosened the Broken Dream Knife, the cultivation base vented to the end, withered rapidly, and finally completely wiped out.

This means that one of Wuboruo's personal guards, the quasi-emperor-level powerhouse Anderson has fallen forever!

"Hahahaha."

"Let me see what this Emperor Soldier has"

Wu Boruo had no sorrow for Anderson's death, and his attention was all on Dream Broken Blade.

In his opinion.

Even with the loss of two large fleets and two quasi-emperor-class guards, the emperor's soldier alone has completely earned it back!

What's more, he also 'killed' the 'ruthless emperor' who covered the world!

Seeing the vigorous, dazzling emerald long knife in front of him, Wu Boruo only felt that his heart no longer hurts, and his head no longer felt dizzy. It was so refreshing!

"Where is the emperor weapon spirit!?"

Roshan-like Wu Boruo stretched out his huge right hand and pinched the Broken Dream Knife to his fingertips, as if pinching a toothpick.

"Big...sir! I'm here!!"

Broken Dream Knife Spirit transformed the image of the emerald green boy and looked at Wu Boruo tremblingly.

too strong!

The Roshan man in front of him is terrifying!

It has just been promoted to the Great Emperor by Su Lang by means of defying the sky, possessing the power of the Great Emperor, it can be said to be full of energy.

However, after seeing Wu Boruo, Broken Dream Knife realized that he was completely a frog at the bottom of the well!

[Chapter 1342: Ten thousand broken dreams are willing!](#)

"This person is a real great emperor-level veteran powerhouse, much better than Langdi."

"Langdi doesn't want to be my master. It would be great if the strong man in front of me is willing to be my master."

"It's a pity that this person can't help me get promoted. The most ideal master is Langdi!"

"..."

Broken Dream Dao Qi Ling thought a lot in the blink of an eye, and a flattering look appeared on his face.

"What's your name?"

Looking at the green boy spirit, Wu Boruo was even more happy.

"Return to the lord, the younger one is called Broken Dream Knife!"

The emerald boy smiled flatteringly, humble as a bug.

"Broken Dream Knife?"

"Nice name!"

Wu Boruo smiled, "Your former master was killed by me, do you resent me?"

"what?"

"No resentment, of course not!"

"Because you killed my enemy, he killed my master, but I would rather die than be controlled by him!"

"At the last moment of the war, he took me out to do a dying struggle, I didn't help him!"

The emerald-green boy had the same hatred on his face, and even his chest was constantly rising and falling with anger.

"Oh?"

"So that's it?"

"Then you are willing to truly serve me as your master?"

Wu Boruo showed the dominance of the world, "In my hands, you will not be covered with a sword, but you will be famous in the world, making countless people tremble!"

"I...I, I, I do!"

"Ten Thousands of Broken Dreams! Broken Dreams see their master!"

The emerald green boy has no discipline, his head is like a chicken pecking at rice.

"well!"

"From today, you will follow me to fight the stars!"

Wu Boruo squeezed the body of the Broken Dream Knife and waved it lightly, and the terrifying green knife aura penetrated the misty peaks, penetrated the atmosphere, and disappeared into the depths of the void!

With a very superficial understanding of the rules of fate, he didn't even notice that a mysterious force appeared on his head!

at the same time.

On a planet 20,000 light-years away from the Dark Sky World.

This planet is called Lanling, and it was originally a wonderful planet of life.

But because it was too close to the world of Dark Sky, it was eventually captured by Uboluo and became a resource star and colony.

There are a large number of dark sky warriors and a small number of indigenous warriors living in the world of Lanling.

Under the drastic changes and the scouring of time, the world consciousness has become very blurred, and even the most basic world visions cannot be triggered!

At this moment.

Lanling in the world.

Two adventurers dressed as natives were walking on the dirty streets.

"This is the Lanling World under Dark Sky World."

"Yes, there is a star teleportation array directly to the dark world, which plays a huge role in our raid plan."

"Where did you find the star teleportation array?"

"not yet!"

"..."

No one knew that the two who were talking were actually terrifying great emperor-level powerhouses!

One of them was red-robed and white-haired, and it was Li Qijue of the Zhetian Continent!

There was another person in black clothes and a black crown, with a clean face, and Li Qijue's ally, named Ye Chen.

In fact, Li Qijue had found more than one person than Ye Chen.

However, he is an irritable old man, and he is poor and picky, and his popularity is not good.

In addition, Li Qijue's plan was not meticulous, or even reckless.

So in the end, Ye Chen, who was also suffering with him, agreed to join him to deal with the Origin Devil Emperor.

at this time.

They then passed the information obtained by various intelligence organizations to this side of Lanling World.

It is not only the two of them who are here, but also the army hidden in the universe of life!

As a senior great powerhouse.

Their universe of life is very perfect.

As long as the life races of the boundless universe don't stay in it for years and months, they will never go wrong.

on the street.

Li Qijue and Ye Chen wandered around like ordinary adventurers, occasionally meeting some interesting things, and stopped to bargain.

In fact, their spiritual power has spread all over the world, scanning frantically, hoping to find that huge star teleportation array.

It's a pity that Wu Boruo is a chicken thief, leaving no flaws.

In this regard, the two of Li Qijue were not surprised.

If it is really easy to find the Star Teleportation Array, then they will have to wonder if it is a trap.

Just as the two of Li Qijue kept searching.

Suddenly, a powerful spatial fluctuation flashed away.

"It's a star teleportation array!"

"Yes, definitely a star teleportation array!"

"But only a slight fluctuation was sensed, and it was impossible to determine its location based on this!"

"Perhaps, someone used the Star Teleportation Array. It should be an important person in the Dark Sky World. Maybe it is the Origin Devil Emperor himself. We have to look forward to it!"

"Well, what you said makes sense!"

#### [Chapter 1343: Rafetti](#)

"..."

Li Qijue and Ye Chen looked at each other and showed a slight smile at the same time.

Next.

They simply found a place to start playing chess, secretly looking for the important figure in the dark world who used the star teleportation array.

Hard work pays off.

After half an hour, one person finally appeared in the two men's mental observation!

This is a woman of the Dark Heaven clan who wears a strange armor, has a very explosive body and a very charming face.

This woman is not only a good looking woman, but also a real quasi-great emperor!

Its breath is even more terrifying than Anderson!

"The quasi-great emperor of the dark world!"

"Jie Jie Jie Jie, it's finally time to wait!"

Li Qijue and Ye Chen smiled at each other, and at the same time dropped the chess pieces in their hands.

Soon.

Under the surveillance of the two, the Dark Heaven Clan quasi-great emperor flew towards Lanling, not knowing what he was going to do.

"Come on!"

There was a flash of light in Ye Chen's eyes.

"Is this to follow?"

"Ye Chen, this woman is the quasi-great emperor of the Dark Sky World, and she must have a strong connection with Wu Boruo, so she should be careful and startle the snake."

Li Qi was absolutely surprised by Ye Chen, knowing that Ye Chen is a very careful person.

"Don't worry."

Ye Chen smiled, "Recently in this Lanling world, I have been studying those warriors parasitized by the Origin Devil Emperor."

Li Qijue's eyes lit up: "Oh? So what!?"

"So I have already worked out a method!"

Ye Chen was proud, "It can temporarily cut off the connection between the Dark Sky Warrior and the Origin Devil Emperor."

"good job!"

Li Qi could not help but admire, "As expected of the son of luck in Hongtian Continent!"

"It's nothing amazing."

"That method is very effective for ordinary Dark Sky Clan warriors."

Ye Chen smiled modestly, "But for the quasi-emperor-level woman, it might be a big discount."

"It's okay."

"There is no other good way anyway."

Li Qijue said with a smile, "We came here, destined to go to war with the dark world. The raid is just to gain a little initiative."

"Yes."

"There is no perfect thing in this endless universe."

Ye Chen stood up, shook his head and smiled, "Let's go."

Soon.

The two left Lanling Star and followed the whereabouts of the Dark Heaven Zhun Great Emperor woman.

How fast are Li Qijue and Ye Chen!

In the void hundreds of light years away.

The two soon chased the woman of the Dark Sky Clan.

boom--! !

The terrifying emperor-level aura permeated, and all of the women's retreats were blocked for a short time, and even the space was imprisoned, unable to transmit and shuttle!

"what!?"

"The Great Emperor exists!?"

The quasi-emperor woman was shocked and immediately deployed all defenses, and tried to communicate the will of Wuboruo in the soul armor!

however.

She was horrified to find out.

He couldn't communicate Wuboruo's will at all!

This also means that she has no way to use the soul body armor to improve combat power!

"how is this possible!?"

The quasi-emperor woman was incredibly desperate!

She was already very weak in front of the two great emperors, and now even the final hole cards are blocked, completely out of play!

"Hehehe!"

"The little ladies can't communicate with Uporo!?"

A sneer came from the void, "Brother Ye Chen's method is really amazing!"

The quasi-emperor woman followed the sound, and saw two streamers in the distance approaching her fast!

"Who are you guys anyway?"

"I am the forbidden Lafitti of the Great Origin Demon Emperor Uboluo!"

The quasi-great emperor woman did not give up her hope, she yelled sternly, "If you dare to move me, if you dare to move me, Wubo will surely break your corpses, and your race will perish, and even the entire planet will die! "

While shouting.

Rafitty didn't forget to take out the hand talisman to make contact.

However, Ye Chen's methods were really too strong, and even the interrogation hand charm was blocked!

Lafity suddenly understood that if he wanted to live, he could only rely on his own little mouth.

at this time.

Li Qijue had already flown with Ye Chen not far from Lafitte.

"Humph!"

"You say you are the forbidden of Uporo!?"

Li Qijue stared at Lafitty, raised his eyebrows, and looked at Ye Chen.

But a strange excitement flashed through Ye Chen's eyes!

"Not bad!"

Lafitti took a deep breath and said, "I am Lafitti, the most beloved woman of the Great Origin Devil!"

[Chapter 1344: Betrayal begins to spread!](#)

"Oh?"

"Nice to meet you!"

"We have nothing malicious in fact."

A kind smile appeared on Ye Chen's face, "On the contrary, I have settled this brother Wu Boruo!"

"what!?"

Lafitty's expression stagnated, and he obviously didn't expect Ye Chen to come to such a sentence, and suddenly he was a little confused.

The corner of Li Qijue's mouth twitched, saying that Ye Chen's peculiar hobby had indeed committed another...

"Don't be surprised, Sister Raffitte."

Ye Chen's face is harmless, "I'm telling the truth."

"Ghosts believe!"

Lafitte wasn't a fool, and suddenly looked cold, "You blocked me and said there was no malicious intent. It's ridiculous!"

"I just like my smart sister."

Ye Chen smiled, "Actually, I'm just not malicious to you, Wu Boruo...it's hard to say."

This statement came out.

For some unknown reason, Lafitti suddenly felt something strange in her heart.

A strong boredom and irritability suddenly appeared, mixed with a trace of expectation.

The emotion of boredom is for Uboluo and the world of Dark Sky.

She had long been tired of being Wu Boruo's forbidding, and she never even wanted to.

Everything is forced!

The entire Dark Sky world is also disgusted by her!

That is a hell, involuntary, completely lost all the hell!

This kind of disgust has long been bred in Lafity, but he was afraid that Wu Boruo would know it, so he kept it in his heart.

But now, under this situation, unexpectedly appeared!

"Is it because of being temporarily quarantined from contact with Uporo, did my heart relax?"

"Yeah, this is an excellent opportunity to escape! If you can escape from the dark sky, even if you become a poor person wandering into the starry sky, it is worth it!"

"The two people in front of me are the opportunities I could not ask for for years!"

Raffitte looked at the two men in front of him, especially the clear man in black, his heart gradually speeding up.

"Hey!"

Li Qijue yelled a little irritably, and was about to start to force a confession.

"slow!"

"Don't be so rude!"

Ye Chen caught Lafity's fault immediately, and immediately grabbed Li Qijue.

As soon as this remark came out, Lafitti's heart beat even harder.

The word rude is deeply engraved in Lafitti's heart, because the Origin Devil always treats her like this!

At this time, the black man said not to be so rude!

A simple sentence moved her!

at this time.

"Sister Rafitti."

Ye Chen continued to speak, "We hate the cultivation system of the Dark Sky World..."

Lafity listened quietly, his tight body slowly relaxed, and his eyes gradually softened.

Immediately, in Li Qijue's horrified eyes, a man and a woman started to talk, even frowning!

In fact, Ye Chen was also a little surprised, he didn't expect that Rafitti was such a good strategy, as if someone was advancing in the dark!

But he didn't think much about it, and summed up everything to his charm that was nowhere to be placed.

After the two talked for a while, Ye Chen proposed to go to Lanlingxing to have a detailed chat and have an in-depth exchange.

Then in Li Qijue's stunned expression, Lafitti actually followed Ye Chen to Lanling Star!  
at the same time.

In the dark world.

Even the resource star of the dark world.

The mysterious green destiny is madly pervading!

no way!

Originally, the side effects of Broken Dream Knife could not be so terrifying.

However, the cultivation system of the Dark Sky World is too weird!

Almost every dark sky clan warrior is parasitic with Wu Boruo's flesh and blood, and the relationship is far beyond ordinary friends.

It can be said that every female warrior in the dark world is closely related to Wu Boruo.

So...the range of side effects of Broken Dream Knife is infinitely enlarged!

In each city, under the mysterious power, countless women of the Dark Sky clan met a man of Dark Sky Clan by chance.

They seem to have found 'true love', bursting out a strong and fiery affection, they gradually tasted the intoxicating taste, and can no longer extricate themselves!

And once, there are countless times! !

Even if I find a 'true love', I will find other 'true love'!

Betrayal begins to spread!

This tragic event appeared in every corner of the dark world and the satellite planet.

Because this fact is too much, it was quickly discovered!

[Chapter 1345: Wu Boruo grieves and weeps blood!](#)

"What! Kissed!"

"No, no! A hundred thousand years of love, no more!!!"

A certain poor Dark Heaven clan man witnessed the tragic thing with his own eyes and let out a mournful cry.

"How dare you betray me!"

"You all have to die, you all have to die!!!"

In a certain city, a strong man found his partner betrayed, and a terrifying killing intent broke out in an instant, and the entire city began to tremble!

"Hahahaha!"

In a luxurious room, a dark sky man showed off, "Man, I participated in a multiplayer sport just now, it's cool!"

"Oh, you are cool, some people are cool too."

The dark sky man on the side shook his head and said, "It's still your closest person, who is also a multiplayer sport."

"What!? This is impossible!"

"This is an image stone."

"Do not--!!!"

"..."

The green horror permeated the entire dark world!

Originally, under the aloof rule of Wuboruo, and under the restrictions of the special cultivation system, there was almost no internal war in the entire Dark Sky world.

But at this time, everything has changed dramatically!

Countless men from the Dark Sky race burst into anger and murdered frantically!

The chaos of war appeared in every city in an instant!

The angry people gradually lose their minds, continue to attack, and \*\*\*\* incidents continue to erupt!

As the lord of the world, Uporuo immediately noticed this change.

"what!?"

"What exactly is going on!?"

Wu Boruo was holding the dignified dream knife with a green light, and his mental power covered the entire dark sky star.

In his mental power.

Countless women from the Dark Sky clan derailed, and countless men attacked each other.

Among them, there are even more powerful players, destroying every city!

In an instant, countless people died on the entire Dark Sky Star!

These dead are all the tools and food of his Uboluo!

Simultaneously.

Seeing countless women derailed, Wu Boruo was shocked and panicked.

"Gooooo!"

"My forbidden things, no way..."

Wu Boruo swallowed with difficulty, and immediately began to use the flesh and blood of his soul to contact every one of his forbiddens!

The first is his favorite Lafitte.

"Ok!?"

"So I won't be able to contact Lafitte!?"

"It seems that an emperor-level power has isolated my will!?"

Wu Boruo felt something wrong with Lafity, and instantly secretly said something was wrong.

Soon.

He immediately activated the secret method, and he forcibly opened a crack from the strange blockade!

The distant Lanling Star, in a certain hall.

In the armor of Lafity's soul body, Wu Boruo's will forcibly regained a trace.

Immediately after.

An unbelievable scene appeared in Wu Boruo's vision!

His favorite forbidden Lafity was riding on an alien man! !

The unsightly scene seemed to pierce Uboluo's heart with a sharp blade instantly!

"Do not!!"

"Lafitte, you are looking for death!!"

"I want to kill you, I want to kill you!!"

"..."

Wu Boruo exploded with terrifying anger, but Rafitty's soul armor was blocked by strange means, and he was too far away to interfere!

He can only watch!

Even the alien man noticed something strange and showed a smug smile.

"puff!!"

Among the misty peaks, Wu Boruo spurted out a mouthful of blood from the boss!

Wuporuo could hardly accept that scene. He had lived for nearly 100 million years and had never suffered such a terrible shame!

"This is not true!"

"This is definitely a nightmare!"

"No one dares to betray me and humiliate me like this!!"

Wu Boruo roared wildly in his heart, and immediately contacted the other forbidden soul armors.

The next moment.

"no!!"

Wu Boruo's face is distorted, and the whole person looks like crazy!

Because he saw with his own eyes that every one of his forbiddens was either betraying him or on the way to betray him! !

"the host!"

"Master, what's wrong with you! Don't worry about it!"

The emerald green boy rushed up with a look of concern.

"what--!!"

"Someone tricked me!!"

"That alien man must be that alien man!!"

Wu Boruo's eyes were about to split, and he gritted his teeth fiercely, and countless blood burst out of his huge mouth.

"Alien male..."

"No matter who he is!"

The emerald boy said with the same hatred, "Dare to plot against the great master, he must die!"

"Ah!"

"I will kill and then soon!!"

Wu Boruo roared frantically, his huge body stood up, and the entire misty peak trembled frantically, almost collapsed! !

at the same time.

Enter Ji Junxing.

"Clone's cooling time has finally passed!"

"I don't know if Wu Bo was hit, if he is hit, it will be miserable."

Su Lang looked into the depths of the distant starry sky, and the corners of his mouth raised slightly, "Hey, why am I so vicious?"

[Chapter 1346: Cultivation Realm Quasi-Great!](#)

Smiled.

Su Lang retracted his gaze from the distant look, and looked at the eight-sided shield of Tianjiao he was playing with.

This great emperor soldier has been promoted to the rank of the Six Great Emperor!

If you don't count the loss, you can even resist the Seven Great Emperor's full attack in a very short time!

Of course, the price of upgrading the eight-sided shield is very terrifying.

Su Lang almost consumed all the resource of the refiner obtained in many battles.

Not only did he use up the materials obtained from the decomposition of the justice balance, but also posted some old books to evolve the eight-sided shield!

At this time Su Lang has become a pauper again.

"Tianjiao's eight-sided shield has improved, but my own strength has to keep up."

While thinking about it, Su Lang looked at the mysterious black space.

Since the one-key practice function has been upgraded to level 38, the practice speed has been seen to be against the sky.

The cultivation base accumulated for one hour of cultivation is equivalent to more than 36 trillion hours of cultivation for other unqualified martial artists of the same level!

After conversion, it is almost equivalent to four billion years, which is comparable to the life span of the blue star!

At this time, Su Lang had accumulated more than one hour of cultivation.

The cultivation base he currently has is enough for him to soar into the sky and reach the Great Emperor level!

of course.

From Wudi to Great Emperor level, the most important thing is the power of Dao. This must be gathered enough to be able to enter the Great Emperor level with confidence.

In addition.

After the one-click martial arts function has been improved, the efficiency of martial arts has also increased dramatically.

It takes a full half a month for the previously placed Great Emperor level exercises to be completed.

But now, it only takes nearly two days!

"The cultivation base is completely sufficient."

"So, should we raise the realm first or condense the power of the Dao first?"

Su Lang looked at the golden martial arts villain, feeling a little entangled.

But he doesn't like sluggish.

After a few breaths, he resolutely decided to raise his cultivation level first.

After all, the realm of cultivation is the foundation of everything!

"System, I want to break through!"

Su Lang held his breath and gave instructions.

The voice just fell!

boom--! !

Endless energy appears in Su Lang's meridians!

Immediately, these energies turned into cultivation bases without any barriers!

Su Lang's realm instantly improved from the Second Rank Wudi to the Third Rank Wudi!

But this is not over yet.

Because the cultivator is still golden all over!

"Continue to break through!"

Su Lang's eyes condensed, before giving orders again.

Boom boom boom!

Countless energies poured into Su Lang's body like opening floodgates, and instantly transformed into cultivation.

So eight times in a row.

Su Lang's cultivation realm has directly reached the Quasi-Great Emperor level!

The elevation of the realm has brought his innate quality and quantity to a higher level.

The flesh, muscles and bones are moisturized and become stronger and tougher, as if they were made of the best materials in the world.

Except besides.

The Shifang Life Universe has also received a lot of cultivation bases.

On ten life planets, the concentration of aura has increased linearly!

On the Blue Star, this originally thin planet has now become a paradise on earth, with spiritual fog everywhere!

Su Ling'er and Xiao Mei, who were staying on the Blue Star for the time being, were immediately shocked.

The rest of the life planets, their surface is all composed of precious land, and there are some peculiar lives left behind.

At this time, the strong spiritual energy was poured, and the growth rate was greatly accelerated!

On Jupiter, large tracts of plants grow out, transpiring to produce rich vitality, as if taking a breath can prolong life!

On Mars, fire life is gestated one by one, drifting around with the gale.

On Mercury, a large number of water system ice creatures appeared, cruising in the ice or the sea.

In addition, Venus, Saturn, Uranus, Neptune, and the light and dark planets, there are also remnant creatures that are nourished and begin to grow.

"The planet of life can already survive unique creatures?"

"Unfortunately, these creatures are too single to form a complete ecological circle."

"When you have time, you still have to spend some time to guide the building."

"..."

Su Lang looked at his ten directions of life universe from the perspective of the Creator, thinking silently in his heart.

At this time, he already possessed the spiritual cultivation base of the Broken Nirvana, and even practiced the "Small Mystery Method", and had long been qualified to guide extraordinary lives from the genetic level.

However, the power of the Great Dao was not perfect, and the accident came so suddenly that he had to put it aside temporarily.

#### [Chapter 1347: Three great emperors of true combat power!](#)

After seeing the unique life on the planet of life, Su Lang glanced at the cultivator again.

I saw that the cultivator was still golden all over, obviously still storing a large amount of cultivation base.

"Next, let's gather the power of the avenue."

Su Lang took a deep breath and ordered, "The system, using the 'power of the avenue' function, condenses the avenue of wood!"

"Ding! The avenue of wood is beginning to condense!"

Immediately, a large number of rule anomalies appeared beside Su Lang.

With him as the center, countless vines full of vitality filled him, setting him off like the \*\*\*\* of life!

The full and quiet breath, the kind and sunny atmosphere, dispelled the murderous aura from Su Lang, making him appear more peaceful.

When the wood series avenue is condensed and completed.

An ink-colored seed appeared in Su Lang's palm.

Like the translucent fireworks when the fire system was condensed before, this seed is also the manifestation of the road.

Su Lang could feel it clearly.

This seed is full of endless vitality, countless possibilities.

"The Avenue of Fire represents destruction."

"Wooden Avenue represents vitality."

"This seed is simply the best weapon to nurture plant life."

"If there are time rules to assist, it will definitely create a large number of perfect plant intelligence races in a short time!"

Su Lang thought silently, and with a thought, the ink-colored seeds in his hands immediately disappeared into his body.

"Next."

"System, condenses the golden avenue!"

Su Lang concentrated his attention and gave the order again.

"Ding! Golden Avenue is condensed!"

The same is the manifestation of countless regular anomalies, as if a large number of naturally formed sharp metal minerals appeared around Su Lang.

They contain the characteristics of sharpness, toughness and toughness, and their breath is breathtaking, making breathing stagnant!

finally.

After the golden avenue was condensed, Su Lang manifested it as a golden ore that looked like a handleless dagger.

"There is still a lot of cultivation base left, continue!"

Su Lang waved his hand to close the Golden Avenue, and continued to condense the Avenue.

Time passed slowly.

The cultivation base accumulated by the cultivation villain was finally consumed.

Su Lang condenses Jinmu Water and Soil Avenue, Wind System Avenue, Light and Dark Avenue, Spirit Avenue, Radiation Avenue, Thunder System Avenue, Poison System Avenue, and Unreal Avenue.

Plus the previously condensed avenue of fire system, avenue of space, avenue of destiny.

At this time, Su Lang has mastered fifteen avenues!

Plus the previously condensed avenue of fire system, avenue of space, avenue of destiny.

At this time, Su Lang has mastered fifteen avenues!

This level is almost enough to promote him to the level of the emperor.

Of course, Su Lang would not be satisfied with this.

He is a person with more than 700 rules, as long as he has enough cultivation level, he can fully condense all of them into the power of the Great Dao!

With such conditions, why bother to just break through to the Emperor level like this?

"Fifteen Great Powers."

"Plus my quasi-great emperor level cultivation realm."

Su Lang licked his lips with excitement, "System, open the attribute panel!"

"Properties panel!"

"Up to three small levels on average!?"

Su Lang's eyes lit up, "Yes, it's higher than I thought!"

There is almost an insurmountable gap between Emperor Wu and the Great Emperor, and the gap between Emperor Wu is even more terrifying.

The power of fifteen avenues, coupled with the improvement of the cultivation level, can increase the real combat power across a large realm and continue to improve three small realms, which completely made Su Lang overjoyed.

#### [Chapter 1348: Like being scorched by lightning](#)

"With the basic combat power of the Three Great Emperors, if you use the Devouring clone in the future, you will definitely be able to rise to a more terrifying realm!"

The corner of Su Lang's mouth twitched, revealing a slight smile.

of course.

He did not slacken his arrogance.

The power of the Three Great Emperors can be exploded by a clone of Wu Boruo, although it is at the cost of life, but that method is enough to make people eye-catching.

Wu Boruo himself is even more of a veteran emperor, and maybe there is something weird that is hard to guess, Su Lang dare not take it lightly.

"Know yourself, know your enemy, and you will win all battles, so let's investigate Uporo's information."

While thinking about it, Su Lang dispatched his clone to return to the Sky Canopy.

Heavenly star underground palace.

Su Lang's figure suddenly appeared!

Even though he had reduced his aura, the breath he accidentally leaked still made the entire underground palace tremble!

"The old man pays homage to Lord Langdi!"

Geng Tianlu felt Su Lang's breath and knelt down instantly, his whole person was too shocked.

In a short time.

Su Lang only went out for a trip, and he became so powerful!

That kind of terrifying aura, Geng Tianlu only felt during that Great Emperor's War.

"Master Langdi has made a breakthrough, or has he cast a Great Emperor weapon again?"

Geng Tianlu couldn't help but guess that he was more inclined to Su Lang's refining a new Great Emperor Soldier.

After all, the difficulty of the quasi-great emperor breaking through to the great emperor level is really terrifying, and he can't go out on Geng Tianlu in this step!

Moreover, Geng Tianlu noticed that the aura on Su Lang's body was definitely not the aura of a great emperor, but a more powerful aura of the great emperor.

It is already very difficult to break through from the quasi-great emperor to the great emperor level, and it is absolutely impossible to break through to become a senior emperor directly.

"Get up."

Su Lang waved his hand gently, and a force of strength lifted Geng Tian Road.

"The old man thanked Lord Langdi!"

After Geng Tianlu got up, he still maintained the most respectful posture.

"How about ancient?"

Su Lang asked lightly.

"Return to Sir."

Geng Tianlu replied respectfully, "Ancient in the Free Fleet, and Wushu together to prevent the Second Vanguard Fleet in the Dark Sky World."

"Oh?"

"Tell them not to guard, come and see me."

Su Lang raised his eyebrows and smiled, "Because the Second Vanguard Fleet of Dark Sky World has been destroyed by me."

This statement came out.

Geng Tianlu was stunned for an instant, his whole figure seemed to be scorched by lightning!

Incredible.

It's incredible!

From the time he reported to Su Lang about the information of the Second Vanguard Fleet of the Dark Sky World, it has only been time to burn incense!

At that time, the Second Vanguard Fleet did not know where it was!

But if you just guess it, you know it must be far away in the void.

however.

In such a short period of time, Su Lang found and destroyed the fleet! !

You know, the opponent lost the battle for the first time, and the second wave of people sent there must be even more powerful!

It's not even something ancient can handle.

but.

That powerful enemy was killed silently by Su Lang alone.

All this is beyond Geng Tian Lu's imagination!

If he hadn't seen Su Lang's all sorts of extraordinary.

He must regard Su Lang as an arrogant person who is not afraid to speak big words.

At this time, knowing that Su Lang was mysterious and extraordinary, Geng Tianlu's heart of reverence became even stronger and firmer.

"I will contact them now!"

Geng Tianlu replied respectfully.

Immediately, he contacted Gu and asked him to come to see Su Lang with no restraint.

quickly.

The Great Emperor Binggu and Wushu appeared in front of Su Lang.

"Ancient has seen Lord Langdi!"

"The servant is unrestrained, knock on the master!"

The bronze-colored big man and the sallow-looking muscular man knelt in front of Su Lang, kowtow respectfully.

At this time, they had learned of Su Lang's deeds of destroying the Second Vanguard Fleet of the Dark Sky World from the message of Gengtian Road, so they were already more convinced!

"Ok?"

Su Lang looked at Wushu, "Your cultivation has already fallen to the Rank 9 Emperor Rank?"

"The servant is useless, please punish the Lord!"

Without restraint, his whole body trembled, and he lowered his head deeply.

The Unconstrained cultivation base that had lost the fragments of the soul body regressed greatly, and at this time it turned into a Rank 6 martial emperor, and there were even signs of continued weakness.

[Chapter 1349: Find out about the enemy first, then make plans](#)

In fact, all members of the Freedom Fleet were greatly weakened except for unrestrained.

If it hadn't been for the imperial class warship, the overall strength would not even be as good as the Heavenly Remnant Star.

"It is a good thing to lose the power given by Uporuo."

Su Lang smiled faintly, "Of course, as a fleet commander, you must have sufficient qualifications."

This statement came out.

Wushu immediately touched his head to the ground, with a face full of shame: "The servant is useless. Please let the master cut off the position of commander and let Wushu start as a small soldier."

"Do not."

"The position of Fleet Commander is still up to you."

"As for the cultivation base, as a master, I will give you some resources. You have no realm bottleneck, and you will surely be able to cultivate back soon."

Su Lang smiled faintly, waved his hand, a large amount of perfect quality emperor-level pill was poured down like rain.

"Thank you Lord Longen without restraint!"

Wushu saw so many emperor-level medicines, he was stunned and knocked to the ground!

Well known.

The dark world is very barren under the exploitation of Uporo.

Although Wushu is the commander of the First Vanguard Fleet, the pill that he has seen may not be as small as half of Gengtian Road.

How can you not be shocked when you see so many emperor-level pills?

Not only was she shocked, Wushu was moved to tears, and she was about to cry.

"Collect the pill."

Su Lang looked calm, "I have a question to ask you."

"Yes, Lord!"

Nodding freely, with red eyes, he put all the pills away.

Su Lang asked: "The first question, do you have the coordinates of the Dark Sky World?"

"Return to the Lord, yes!"

Wushu immediately took out a piece of jade slip and gave it to Su Lang respectfully, "It includes not only the coordinates of the dark sky star, but also the coordinates of nine resource stars and a detailed starry sky map."

"well."

Su Lang took the jade slip, swept away his mental strength, and immediately wrote down all the information inside.

"second question."

Su Lang collected the jade slips and asked, "The strength of the origin demon emperor Wu Boruo."

"Return to the Lord."

"The servant doesn't know what level of strength Wu Boruo has reached."

"I only know that when I first stepped into the path of cultivation, he was already the master of the dark world."

"Even, the Emperor Wu next to him has changed from one crop to another, but he stays still and keeps the Dark Sky World forever!"

Wushu said here, a deep fear rose in his eyes, and the shadow that Wu Boruo left on him was too serious and too deep.

"Never mind."

"That kind of existence will certainly not easily reveal their true strength."

Su Lang shook his head faintly, and immediately asked, "The third question, how is Wu Boruo's connections, can there be great emperor-level allies?"

"This....."

"The servant has survived in the world of Dark Sky for nearly 20 million years, and I have never heard of Wubo Ruo having allies."

"However, the commander of the First Fleet is also the commander of the First Fleet when the servant is in the highest position.

"So, even if the odds are small, it is not certain that Wu Boruo has no Great Emperor-level ally."

He hung his head and said, perhaps because he almost didn't know three questions, so he was very ashamed.

"Forget it."

Su Lang waved his hand, "Go down."

"Yes!"

Withdrawing to the side without restraint full of shame.

in fact.

Wushu is only the Emperor Wudi of Rank Nine, not even Wu Boruo's guard.

Asking him about Uporuo's secrets is a bit difficult for him.

However, Wushu is the strongest in the leading party, so I can only ask him.

Fortunately, I got a piece of jade slip, which not only contains the coordinates of the dark sky star, but also the coordinates and star maps of nine resource stars.

"The dark world is full of disasters, and I must destroy them."

"It shouldn't be too late. I will set out now. I will find out the enemy's situation first, and then make plans."

Su Lang looked around at everyone, his eyes fell on Geng Tian Lu.

Gengtian Road immediately bowed and saluted: "Lord Langdi, please bring the old man!"

"Row."

"From today, you are the Supervisor of the Free Fleet."

Su Lang nodded. He had promised Gengtian Road to let him watch Wu Boruo fall with his own eyes.

"The old man worships Lord Xie Lang!"

Geng Tianlu turned to kneel in prayer, his eyes full of expectation.

In his opinion, although Wu Boruo is very strong, Su Lang is more mysterious and unpredictable, and even more confident and confident.

Therefore, if you go this way, you can definitely kill Wu Boruo!

[Chapter 1350: No one is worse than Uporo!](#)

"set off!"

With a big wave of his hand, Su Lang took Wushu, Gu and Gengtian Lu into Blue Star together.

Immediately after.

He flew out of the underground palace again and came to the outside of the Sky Canopy, collecting all the Freedom Fleet into the Blue Star.

In the Dantian universe, a large number of huge ships suddenly appeared in the empty Blue Star sky.

For a time, there was a feeling of alien invasion!

"Wow, many battleships!"

"It's the battleship of His Majesty Langdi. It's so mighty and powerful. If only I could become Lord Langdi's battleship commander!"

"..."

Su Ling'er and Xiaomei looked at the sky bluffing, and then Yingying Yanyan started talking.

Being imprisoned in a dangerous area and tortured, Xi Kejia also saw the dense sky of ships.

This caused his jaw to fall in shock immediately.

"A quasi-great warship of the emperor's rank!!!"

"There are also two hundred imperial-class battleships of different levels!!!"

"Even the most \*\*\*\* logistics battleship is at least the Quasi-Emperor Class!!!"

"With such a powerful Void Fleet, it is easy to destroy the Mirror Sky Star!"

"Oh my God, in a short period of time, where did Emperor Lang get so many advanced void battleships!"

Xi Kejia was really dumbfounded, his memory still remained at the time when Su Lang was tortured crazily, so seeing this scene, his head was about to crash!

Su Lang knew exactly what happened on Blue Star, and couldn't help showing a hint of playful emotion.

Not long ago.

Xi Kejia was still his archenemy, and he even triggered death substitution.

But at this time, Xi Kejia had become a weak second- and third-rate player in his eyes, and he could just press his fingers to death.

Of course, Su Lang would not kill him easily, and his resentment had to be vented by this guy!

"It looks like you are used to this level of torture, so I will give you a little excitement."

Su Lang overlooked Xi Kejia on the blue star from the perspective of the creator. With a thought, countless torture methods fell on Xi Kejia.

The scream came suddenly!

Su Lang smiled coldly, no longer caring about Xi Kejia who was crying bitterly.

"Clone dispatch!"

"Baiying avatar!"

The functions of the two systems were displayed at the same time, and there were 7,300 clones one after another, paving the avenue of stars for Su Lang.

Soon.

When Su Lang moved, he came thousands of light years away.

So back and forth, he kept getting closer to the dark world.

at the same time.

In the dark world.

boom--!!

A violent explosion sounded, and a palace and the mountain range it was in were directly wiped out!

"Die to me!!"

A giant man with muscles and knots spouted out a terrifying flame of anger, and squeezed the dog and the man in his hand!

This giant man is Wu Boruo's clone!

Although Wu Boruo was extremely angry, he could not easily leave the Mist Giant Peak!

Therefore, only a clone can be condensed to kill the imprison that betrayed him!

What he pinched to death just now was one of the prohibitions that was betraying him!

He squeezed the dog men and women into meat, but Wu Boruo still felt very weak.

The whole world is in riots in the dark world!

Although he is the lord of the world, he can control every dark sky clan warrior parasitic with flesh and blood.

However, he couldn't control everyone at the same time, he could only control some people at a time.

As a result, Wu Boruo, the lord of the world, could not quell the ridiculous internal riots.

Except for a few elites who are restrained by him, 90% of the entire world is still angrily attacking each other!

In a short period of time, another tenth of the world's population died!

There have even been rumors in the sky that it was Wu Boruo who was secretly engaging in ghosts, because only Wu Boruo had this ability!

But the sky is pitiful, he is also a victim, OK!

In just such a few sticks of incense, it has been greened more than a hundred times!

At this moment, he is still being green!

It's the one he likes most, who is still greening him on Lanling Star.

He even cooperated with the alien lover to independent Lanling Star and seized his family property. That is a whole resource star!

To be miserable, no one is worse than Uporo!

"Roar--!!"

"Damn alien!"

On the Mist Giant Peak, Wu Boruo looked up to the sky and roared, "One more day, one day! I can leave the Mist Giant Peak and smash your corpses into thousands of pieces!!"

This roar turned into thunder, spread throughout the world, and immediately stunned countless horrified birds.

"what!?"

"The Origin Devil Emperor has activated magical powers again!!"

"Quickly, quickly, take care of your wife, I can't stand it!"

"Huh? Come here, kill this turtle son!"

"..."
