### [Chapter 1371: The Soul of the Great!](#)

"Tsk tsk, so fast!?"

"Unfortunately, it's still not enough!"

Su Lang shook his head disdainfully, and then used Kunlun's invisible steps to come directly to Ming Hongqi who was escaping quickly!

"Do not!!!"

Ming Hong's cry of horror let out a horrified cry, and Su Lang stretched out his hand to catch it!

"I wish to surrender!"

"Great strong man, Ming Hongwei surrendered!"

Ming Hongqi completely gave up and surrendered.

however.

"I put the opportunity in front of you before."

Su Lang's eyes were cold and his tone of voice was indifferent, "But you not only don't know how to cherish, but you also use my kindness to try to hurt me. Do you think I will let you go?"

"I...I know I was wrong!"

Ming Hong's crying spirit was crying and begging for mercy, "Great Ruthless God, please forgive me, I am willing to do everything for you!"

"Ha ha."

"First, I am not a ruthless emperor, my name is Su Lang!"

"Secondly, I won't forgive you. You can only be relieved if you go to hell!"

Su Lang smiled coldly and directly activated one-click decomposition!

"No, no, no, no, ah!!!"

The spirit of Ming Hong Weeping only felt that a terrifying life and death crisis had come, and was frightened suddenly!

However, his screams could not save him.

"Ding! You get the Soul of the Great Emperor\*1, the Soul of Emperor Wu\*5000, the Soul of Wuxian\*100000..."

Emperor-level material Minghong Jixiaoyu\*100, Wuxiangguilu\*500, Evil Mind Heart\*500..."

The system prompt came.

Under the power of one-click decomposition of the mystery, the ashes of the Ming Hong Weeper flew out, and the body also fell apart, turning into pieces of raw materials.

"Wow!"

"The soul of the emperor!!"

Su Lang's eyes brightened and he immediately took out the Soul of the Great Emperor.

However, the soul of the emperor is three inches long, showing a transparent human form, crystal clear and very pure, like a perfect handicraft made of diamonds, even the appearance of the emperor's body is perfectly presented!

At the same time, the transparent body of the Great Soul exudes very powerful and pure mental power, which makes people feel suffocating!

This thing is really precious, much more precious than other Great Emperor-level materials!

To know that the soul of Emperor Wu is already very, very rare, the five thousand souls of Emperor Wu who refine Ming Hong Cry do not know how many thousands of years they have accumulated to reach this number.

The Soul of the Great Emperor is a whole level higher than the Soul of Emperor Wu!

The emperor-level martial artist is inherently rare, and the probability of the soul of the emperor is very low, which leads to the rarity of the soul of the emperor is comparable to that of the unparalleled emperor-level warrior!

"A real good thing."

"Unexpectedly, I will be the emperor again today! Beautiful!"

Su Lang smiled, and collected the Soul of the Great Emperor into the storage space.

Soon.

Su Lang checked the other Great Emperor grade materials again, each one is very precious, and there are a lot of them!

"It's a pity that Xiaoyou was sealed."

"Otherwise, with the soul of the great emperor, she will definitely be able to promote her to many levels."

Su Lang sighed regretfully, then turned his attention to the treasure hunting flying flying gliders and the clones.

Li Qijue and Ye Chen.

Because there are avatars for chasing, they are faster than treasure hunting flying flying gliders, so they caught their little tail earlier.

At this moment.

The farthest clone has arrived at the exit of Li Qijue's space channel.

"Clone replacement!"

With a thought, Su Lang immediately exchanged positions with the clone and came to this void.

Immediately after.

Su Lang waved his hand gently, and a large number of treasure hunting flying flying flying appeared.

These little flying squirrels collected the breath of Ye Chen and Li Qijue from Su Lang's hands, and immediately dispersed and flew in all directions.

"Spread the breath in all directions, making me lose my direction?"

"Hehe, I'm quite cautious. It's a pity that you underestimated my pursuit methods. There are more than 360 billion treasure hunters!"

Su Lang dismissed it with a smile, countless treasure hunting flying flying flying out of thin air, flying around continuously!

### [Chapter 1372: I caught you guys!](#)

The 'hunting soul' ability of these treasure hunting flying gliders is totally unreasonable.

No matter the target uses any means to hide, clear, or cut off the trace of breath, it is completely useless!

Therefore, although the smoke bombs left by Li Qijue and Ye Chen were numerous and complicated, they were gradually cleared under the search of countless treasure hunting flying flying flying gliders.

In a short time.

Some treasure hunting flying flying strays followed their breath to the end, but did not find the target.

But this also ruled out one of the directions where Li Qijue and the two fled.

Dozens of breaths passed.

The treasure hunting flying gliders cleared all the confusion and inducement methods of Li Qijue and Ye Chen, found the true direction of their escape, and quickly pursued the past!

Su Lang immediately dispatched a clone to keep up with him as quickly as possible!

at the same time.

Somewhere in the void.

The seemingly empty void actually hides a quasi-emperor-level portable cave.

Ye Chen and Li Qijue were healing in this cave.

This battle made them all their cards and almost died, and their injuries could not be healed in a short time.

Even if it is to stabilize the injury, it also needs to spend a lot of healing materials!

"Damn, I have eaten all my pills, Ye Chen, give me some!"

"I have finished my meal too, how many emperor-level pill do you think I can have?"

"Then you give me a little fairy source, the 'Emperor's Eclipse' is too terrifying, I feel like I am dying!"

"Here you are, hurry up and stabilize the injury, I always have an ominous premonition."

"Could it be that the Ruthless Heavenly Emperor has caught up? This is impossible!"

"I also think it's impossible, maybe I'm worrying too much."

"..."

After Li Qijue and Ye Chen were suspicious, they calmed down again.

But at this moment.

A strange mouse suddenly flew from a distance. It seemed to have discovered something and squeaked with excitement!

Li Qijue and two of them, who were always alert to the surroundings, immediately noticed the movement of the wind, their pupils suddenly shrank, and their hairs stood upright!

"This flying squirrel...has no aura fluctuations?"

Li Qijue was full of surprise, "How can such a thing appear in the void?"

They ran away fast before, and they didn't see the scene where Su Lang chased Wu Boruo with the treasure hunting flying flying fly, so they did not recognize that this was Su Lang's spiritual pet.

"There must be a problem!"

Ye Chen looked solemn, "Don't move rashly, so as not to startle the snake."

He still held a glimmer of hope, hoping that the flying squirrel just happened to appear here, and had not yet discovered their existence.

Li Qijue had originally planned to kill the treasure hunting flying flying flying glider, but after listening to Ye Chen's words, he also felt reasonable, so he didn't do it.

The two of them held their breath and took the concealment method to the extreme!

Immediately after.

They found that the strange little flying squirrel suddenly disappeared!

"Disappeared!"

"There is no spatial fluctuation, it just disappeared!"

"What the \*\*\*\* is this, even I can't guess!"

"It doesn't matter so much, just disappear, heal! Continue to heal!"

"..."

The two of them were horrified, and immediately heaved a sigh of relief.

But at this moment!

An extremely powerful breath suddenly came, covering the entire void.

"No, it's the ruthless emperor!"

Ye Chen's expression changed wildly, and he took out half of the jade pendant, "Li Qijue, take out Pisces Xinghai Shuo!"

Li Qijue's face was pale, and without a word, he took out the other half of the jade pendant.

The two jade pendants are put together, and the power of terrifying space suddenly burst out!

however!

Although the power of this space caused countless ripples in the void, it couldn't open the space channel!

"It's over, the space is confined!!"

"How is this possible, what level of space avenue is necessary to imprison Pisces Xinghai Shuttle!?"

"..."

The two were thunderous and terrified!

At this time.

"Caught you!"

Su Lang came to the place where the two of them were hiding by virtue of the void and emptiness:  
"Open!"

A force swayed away, and the concealment method of the quasi-great emperor's soldier was immediately eliminated.

A huge palace appeared in front of him, and the spirits on it exuded a panic.

[Chapter 1373: I want more than these](#)

"Li Qijue, Ye Chen."

"Why are you two running so fast?"

"It's in vain to rescue you with my kindness, is this how you repay my life-saving grace?"

Su Lang's mental power penetrated the palace's protection directly, and fell on Li Qijue and Ye Chen.

Hear this.

Li Qijue and Ye Chen's tense emotions suddenly loosened, and the two looked at each other, and a trace of suspicion and suspicion rose in their hearts!

Could it be that the Ruthless Emperor really intended to save them, but was misunderstood by them?

But as soon as this idea appeared, it was rejected by the two!

In their eyes, Su Lang is the man behind the two worlds. This is a certainty!

After all, just knowing their names had already exposed the fact that the Ruthless Emperor had investigated them.

Believing that the other person is a good person at this time is tantamount to giving away one's life with both hands!

However, it is not the best choice to break this layer directly.

The slow strategy is!

"The ruthless Taoist friends calm down."

Ye Chen took a deep breath and said with a smile, "I was not in good shape at the time. In order not to cause trouble to the fellow daoists, we had to leave first. Don't blame it."

"Yes."

"Thanks to the ruthless Taoist friends for taking action and helping us block Wuboruo."

Li Qijue also agreed, "This life-saving grace, after I recover, I will repay it a hundredfold."

"I really know how to get on the pole."

"Since you want to repay me a hundredfold, then I won't kill you."

"However, I don't want to wait for your injuries to heal before discussing this matter. Let's do it now."

Su Lang smiled playfully, "After all, I have to hunt down Wu Boruo, so I don't have time to waste here."

This statement came out.

Li Qijue and Ye Chen's face suddenly turned pale.

"I don't know what you want?"

Ye Chen swallowed hardly, "We can give you all the treasures of heaven and earth, magic weapons, kung fu magical powers, and even the excellent double repair cauldron!"

"I am too poor."

"There is only one sword with no blade of heart. Please don't dislike it."

Li Qijue gritted his teeth and handed out the long sword in his hand, Qi Ling fell silent and said nothing.

"Humph."

"I want more than this."

"I want you to be my subordinates and offer everything you have!"

Su Lang smiled faintly, "In return, you will get endless training resources, more powerful weapons, and more powerful techniques."

He didn't try to take care of Xin Jue Wu Feng, he knew that this was Li Qijue's conspiracy, once the fight started, Xin Jue Wu Feng would definitely fight back.

"You want everything from us?"

"Let us dignified the Six Great Emperor as your subordinate!?"

"This is impossible. The emperor's pride will not be shattered. Even if we die, we will not kneel down!!!"

"The Ruthless Emperor, your resourcefulness is unfathomable, but you want us to surrender and dream!!!"

"..."

Li Qijue and Ye Chen stared at Su Lang, endless flames erupted from their eyes, and a terrifying fighting spirit broke out on their bodies.

"Have a backbone!"

Su Lang nodded slightly, he really felt the spirit of the two who would rather die than surrender.

but.

Many times, people who would rather die than surrender will be changed, so Su Lang plans to try.

"I want to kill you easily."

"Now that I stand here and talk to you well, I have already expressed my sincerity."

"Now, I will show you more sincerity."

While Su Lang waved his hand, countless pills and exercises appeared in the void.

The pill is densely packed like gravel, but each pill is at least a perfect quality emperor-level pill.

Thousands of emperor-level pills are contained in it!

Each pill contains different powers of great power, triggering a large number of colorful rules anomalies!

These densely packed elixirs seem to form a brilliant and colorful miniature starry sky, each elixirs are the stars inside.

In addition to the pill.

There are also nearly six hundred emperor-level exercises.

These exercises are all original and come in many forms, some are like jade, some are like plants, some are like animals, and some are like water and flames...

## [Chapter 1374: I reject!](#)

Finally, there are eight great emperor-level exercises!

It is the "Zihua Hengsha", "Hidden Scale West Hunting", "The Great Emperor Sutra" and so on that Su Lang synthesized before!

These exercises are also the original, each with a terrifying rule and anomaly, ordinary warriors will die directly at a glance!

At this moment.

Countless perfect quality elixirs, nearly 600 original emperor-level exercises, and eight original emperor-level exercises all appeared in front of Li Qijue and Ye Chen, making the two of them look stupid!

"hiss--!!"

"This...so many pills!!"

"There are only 3,000 emperor-level pill, and the emperor-level pill is more than 100,000!"

"There are also emperor level exercises. The cherished emperor level exercises are close to six hundred, and they are all original."

"The most cherished one is the original eight emperor-level exercises, and the original emperor-level exercises. This is the first time I have seen you after I have lived for 90 million years!"

Li Qijue stared at the treasure in the void, and a heart jumped wildly!

"Gooooo!"

Ye Chen swallowed in disbelief.

He is the son of luck in Hongtian Continent, and he has gotten many treasures along the way.

After becoming the ruler of Hongtian Continent, he became the richest person in the entire Hongtian Great World.

But now compared with Su Lang, he suddenly felt like a beggar!

And at this moment.

Su Lang said something that shocked the two even more.

"These are actually only part of my treasure, just the tip of the iceberg."

"As long as you are willing and convincing to be my subordinates, don't talk about these things, even if it is a treasure of the Supreme Emperor, I can reward you."

"With your qualifications, promotion to the Supreme Emperor level is also promising, but your world can only support you to the current level."

"Follow me, you stand higher up and see more beautiful scenery."

Su Lang smiled faintly, and then his expression condensed, "Speaking of which is enough, I only give you ten breaths, so consider it."

This statement came out.

The atmosphere instantly solidified.

There was silence in the field, and time flew quickly with one breath.

The faces of Li Qijue and Ye Chen were clearly struggling!

As long as you surrender, it is possible to get a lot of rewards, the most important thing is to have the hope of chasing the Supreme Emperor!

but!

Both of them have ruled the world of the Great Emperor for nearly 100 million years, and suddenly wanting to become someone else's subordinate is really very unacceptable.

As the overlord who pressed countless times and stepped on countless Tianjiao Emperor Wu, the heart of the emperor has been deeply carved into the bones and soul!

Sometimes, many things are more unacceptable than death.

Self-cutting the heart of the emperor, surrendering to the feet of others, it can be said that life is better than death!

Especially the opponent is just a Seven Great Emperor, not much stronger than them.

If the opponent is a supreme emperor, perhaps they gritted their teeth and knelt down.

But the strength of the two parties is similar, and the other party relied on resourcefulness to insulate themselves, which is really unacceptable.

"I reject!"

Ye Chen smiled coldly, "I, Emperor Ye Chen, will never kneel to anyone!"

"I also refuse."

"Although you are better than me, you are also rich, which makes me very excited."

Li Qijue's expression was indifferent, "But my dignity cannot be trampled on. I would rather stand to die than kneel to live!"

"Tsk tsk, it's really tough."

Su Lang smiled faintly and collected the treasures, "I am more interested in you!"

The voice just fell.

Su Lang's aura was immediately overwhelmed!

"Crack, click!"

The quasi-great emperor's military palace couldn't resist even Su Lang's breath, and it directly cracked countless cracks!

"kill!!!"

Ye Chen and Li Qijue drank violently at the same time, and endless incense and aspirations emerged from their bodies! !

The incense power they have collected over the past billion years is their last card!

I saw that under the action of countless incense aspirations, the injuries of the two not only recovered, but even reached the realm of the Seven Great Emperors!

Coupled with the explosion of world weight, the two returned to their peak again!

[Chapter 1375: You guys want to be beautiful](#)

at the same time!

With one sword and one shot, the two also arrived in front of Su Lang!

"Everything broke out, just for this blow?"

Su Lang saw through the state of the two, this was their last blow!

Face this powerful blow.

Su Lang faintly waved his hand, "Seal the sky with one thought!"

Suddenly.

Ye Chen was pulled into the Nianfeng Space by Su Lang, while Li Qijue was isolated!

The next moment.

In Ye Chen's unbelievable eyes, his ten Jianzheng long spear went straight through Su Lang's body, like a phantom!

But Li Qijue's Heart Absolutely No Edge Sword slammed into the eight-sided shield of the sky that did not know when it appeared!

Infinitely close to the attack of the Eight Great Emperor, but he couldn't make Su Lang take a step back!

Because he also has the power of the world!

Ten life planets and one sun!

"It's over!"

Seeing that his attack was blocked, Li Qijue suddenly looked desperate.

Immediately afterwards, he saw the breath on his body regressing wildly, and the emperor's body was constantly cracking because it could not bear the weight of the world!

"Li Qijue!"

Outside the Nianfeng space, Ye Chen couldn't help but see this scene!

He and Li Qijue have an irresistible relationship, acting as guardians of each other, and relying on each other in the cruel Star Sea.

However, his old brother is going to die!

"Do not!"

"Broken World!"

Ye Chen burst out with a hoarse cry, the whole person once again turned into countless grit dust, madly flooding into the ten admonitions!

Immediately after.

This great emperor-level spear carried terrifying power and slammed at Su Lang.

Under this shot, Nianfeng Space trembled, wrinkled, and shattered, and the gray and silent world outside recovered its color sounds!

"Nianfeng space is broken!?"

Su Lang looked at Ye Chen, with a hint of surprise in his eyes.

The next moment.

Ten admonishes Zhengjun stab Su Lang fiercely!

This gun contains everything about Ye Chen, has broken through the shackles and reached the realm of the Eight Great Emperors!

"Unstoppable!"

Su Lang got the result immediately.

If you have to resist, the only end is that the eight-sided shield of the sky will be broken, and he will also trigger a death replacement!

"but."

"I can't stop it, doesn't mean I can't avoid it!"

Su Lang directly used Kunlun's invisible steps, and his body skills instantly skyrocketed to the realm of the Eight Great Emperors.

His figure flashed, and at a speed faster than teleportation, he dodged the tip of Shi Jianzheng's gun dangerously and dangerously!

"Stab!"

A sharp sound passed by the ears, and the space was shattered like fragile walls!

The energy from the tip of the gun even made several blood marks on Su Lang's face!

however.

No hit is no hit!

Ten admonishes Zhengjun flew into the distance, his breath vented wildly, and fell directly back to his original level.

A large amount of gravel dust spread out, once again condensed into Ye Chen's emperor body.

Seeing that his breath was about to fall to the emperor's level, his eyes changed from containing the intent of war to a pool of stagnant water, completely hopeless.

"Tsk tsk, it's over!"

Su Lang couldn't help showing a hint of amusement when he looked at the two people who were bereaved.

Li Qijue's voice was hoarse: "I have already lost the two of you. If you want to kill, you have to do whatever you want!"

"Hahahaha."

Ye Chenzhuang was crazy, "The Ruthless God, come on, kill me!"

"You guys want to be beautiful."

"Don't think I don't know, you must have left some means in your own world!"

"For example, to rebirth from a drop of blood, to turn the avatar to the right, or to simply plunge into the avenue of incense."

The corner of Su Lang's mouth outlines a curve, "If I kill you now, wouldn't I have fulfilled your wish?"

This statement came out.

Li Qijue and Ye Chen couldn't help but feel a bit of bitterness in their eyes.

The cunning rabbit still has three caves.

As the masters of the Great Emperor-class world, they did have various means to survive.

Once the deity falls, those methods will be activated.

"Humph!"

Ye Chen snorted lowly, "Stop talking nonsense, do what you like!"

"Ruthless Heavenly Emperor."

"You think it is necessary to torture us with all kinds of torture, and force us to confess what we left behind."

"Hmph, I don't know how much Li Qijue has suffered in my life, come on, let me see your methods!"

Li Qi definitely floated in the void like a dead fish, with a ferocious sneer on the chapped face.

## [Chapter 1376: Maka!](#)

"Who said I'm going to torture you."

"I want to make you feel comfortable."

Su Lang smiled and dispatched all the avatars instantly.

Suddenly, more than 30 avatars appeared all at once, all of them exploded with the breath of the Three Great Emperors!

In this sudden scene, even if Li Qijue and Ye Chen were already ashamed, they couldn't help being shocked and unbelievable!

But without waiting for them to have more expressions, Su Lang and the avatars simultaneously unfolded the Mingguang World!

Suddenly.

It seems that a real star has appeared in this dark space!

The endless bright light travels through the void, illuminates the vast dark void, and finally flies into the depths of the universe.

But Li Qijue and Ye Chen, who were in the center of Mingguang Ten Thousand Realms, suddenly changed their expressions!

"This is... my injury is stabilizing!"

"The Ruthless Tiandi is saving us? Why does he do this?"

"Something's wrong, this kind of light is eroding our minds!!"

Li Qijue and Ye Chen quickly noticed the harm of Mingguang Myriad Realms!

This thing is simply a deadly sugar-coated cannonball, which seems to be beneficial, but in fact it is to deprive others of everything!

If they are really eroded and become puppets, then any back-hands left by the two of them will be invalid.

After all, even their deity is controlled!

"Can't let him succeed!"

Ye Chen's face was grim, and he was about to commit suicide in the next moment. Li Qijue had the same choice.

but.

"You can't die without my permission."

Su Lang hooked the corner of his mouth and easily caught the two of them.

Both Li Qijue and Ye Chen were about to fall to the Great Emperor's rank. In front of the Seven Great Emperor's Su Lang, they were almost indistinguishable from the ants. There was no way to commit suicide!

"Do not!!"

Ye Chen burst into tears and roared, "Ruthless Emperor, kill me if you have the ability!"

"Come on, kill us!"

Li Qijue was also unyielding, struggling frantically, trying to toss himself to death.

"Don't resist, just enjoy it."

Su Lang smiled lightly, bringing Mingguang Ten Thousand Realms to the limit!

Half a quarter of an hour later.

Li Qijue and Ye Chen gradually stopped struggling, and their expressions became numb.

It's just occasional expressions of contradictions, sometimes a trace of resentment, sometimes a trace of reverence.

"It turns out that you are not called Ruthless Tiandi, but Su Lang, Langdi."

Ye Chen knew Su Lang's real name through Mingguang Ten Thousand Realms, looked at Su Lang with a dull gaze, and muttered in his mouth, "It's really old and cunning."

"Yes, what an old traitor..."

Li Qijue struggled, "Uh, really strategizing, no, cunning like a fox, no no, magical calculation..."

See this scene.

Su Lang smiled uncontrollably, "It seems that it has an effect!"

then.

Su Lang continued to display the light of the world, constantly assimilating and eroding the minds of both Li Qijue.

Another quarter of an hour passed.

The expressions of the two finally gradually calmed down, and then became gentle, and there was no resistance in their eyes.

In order to prevent the two of them from playing tricks and consolidate the results of the battle, Su Lang once again continued to display the Mingguang World for more than ten minutes.

Before the time limit for devouring the clone ended, Li Qijue and Ye Chen were finally completely subdued by Su Lang.

"My servant calls upon the great Lord Langdi."

The two arrogant and arrogant knelt down in front of Su Lang respectfully.

"Tsk tsk."

"Get up."

"Use these pills to heal the wounds and restore combat power as soon as possible."

Su Lang waved out a large amount of Great Emperor Grade healing pills and rewarded them to the two.

"Your majesty knocks on Emperor Xie Lang for the reward."

Li Qijue and Ye Chen received the pill and saluted with great gratitude.

"remember."

Su Lang smiled, "When you thank me in the future, you have to add the word 'true fragrance' at the end, understand?"

"understood!"

Li Qijue and Ye Chen saluted again, "Your majesty, thank your Majesty Emperor Lang for the reward, it's so fragrant!"

#### [Chapter 1377: It's time to go to Uboluo](#)

"Hey, wonderful, wonderful!"

Su Lang smiled knowingly, "Next, give me my soul and heart."

For big players like Li Qijue and Ye Chen, the control methods must be adequate.

"Yes, Your Majesty!"

The two of Li Qijue slowly forced out their souls and handed them to Su Lang.

"Well, you two will continue to heal your injuries."

Su Lang received his soul and nodded.

Immediately, he took out another 500,000 high-quality Xianyuan to Li Qijue.

A large part of Li Qijue's injuries were caused by the 'Emperor's Corruption'.

This injury must be repaired by a large amount of immortal sources, but the other pills have no effect.

Finish it all.

Su Lang allowed the avatars to continue to maintain the light of the world, assisting the two of them to heal their injuries, while also consolidating the effect of assimilation.

Soon, he took out the Soul Chasing Emperor Palace and entered the quiet room.

At this time, the time limit for devouring the clone had arrived, and Su Lang's combat power suddenly fell to the Three Great Emperor.

"Ah, I'm so weak."

The feeling of losing power gave Su Lang a sense of emptiness, and made up his mind to ascend to a higher realm as soon as possible.

Sit down in the quiet room.

Su Lang thought, a cauldron and a large amount of materials appeared in front of him.

It will take an hour for the clones to regroup.

In this hour, he can only maintain normal combat power.

So in order to be safe, I planned to wait a while before going to Wuporuo.

Anyway, under the pursuit of the treasure hunting flying glider, Wubo could not escape.

"Fire!"

With a flick of Su Lang's finger, the Great Fire System condensed and turned into the flame most suitable for refining.

Immediately after that, it was a familiar mixer.

At this time, Su Lang's cultivation base was not the same as before, and with the addition of the mysterious method, the refining speed doubled again!

In the past, three parts can be refined in one minute, but ten parts can be refined in one minute, which is equivalent to one in ten seconds!

You know this is a fairy-level part.

It takes at least ten and a half days to refine the fairy-level treasure to be an ordinary emperor-level crafting master.

Refining fairy-level parts every ten seconds, this speed is so fast that there are no friends!

In a blink of an eye.

One hour passed.

Su Lang refined 360 brand-new immortal parts.

In addition to the previous accumulation, the total number of parts has finally reached 20,000!

One-sixth of the 120,000 parts of the super humanoid weapon is now completed!

Of course, if you want to complete the refining of all the parts at once, it will take ten and a half days.

Relatively speaking, Su Lang decided to look for clues to the place of exile first.

After all, in the place of exile, the three of Chu Xiaobei may be in danger at all times, and it is urgent to find the three.

at this time.

In the mysterious space, the illusory purple villains condense together, they are the clones of Su Lang!

"It's time to go to Uboluo."

Su Lang put out the fire, collected the materials for the cauldron, got up and walked out of the quiet room.

The outside is still illuminated by the more than thirty avatars of Mingguang Wanjie.

Li Qijue and Ye Chen not only stabilized their injuries, but also recovered some with the aid of the healing materials given by Mingguang Wanjie and Su Lang.

However, it is not possible to return to the whole body in a short time.

"Come!"

Su Lang thought, the avatars suddenly disappeared, and the void returned to darkness again.

"My servant knocked on your Majesty Langdi!"

Li Qijue and Ye Chen opened their eyes unflinchingly, and then knelt before Su Lang respectfully.

They also discovered that Su Lang only had the breath of the Three Great Emperors at this time, but he didn't have a trace of distracting thoughts. He was obviously assimilated thoroughly and perfectly.

"go!"

With a big wave of his hand, Su Lang took the Soul Chasing Emperor Palace and the two into the universe of life.

Immediately sent a clone, paved the way, and flew in a certain direction.

at the same time.

Somewhere in the void northwest of Dark Sky World, a violent spatial fluctuation came.

Immediately afterwards, a thumb-sized piece of meat flew out of it, the only remaining body of Wu Boruo!

This is already the third thousandth time since he fled to tear the void and shift his position.

And here is the ultimate destination of Uporo!

[Chapter 1378: Emperor Soldier Void Chamber](#)

"Void Room, open!"

Wu Boruo took out a treasure from the universe of life and poured the last bit of Emperor Yuan into it.

The faint incense is willing to sway, like ripples to spread nearby.

A small space gradually emerged from the ripples, half-empty and half-real, like a mirage.

This Void Chamber is a great emperor-level treasure spread from Void Sect.

Its refining principle is very similar to that of Xuyanfang City, and it can be regarded as a castrated version of Xuyanfang City.

It has a very small space, only one kilometer in length and width.

But it is an excellent hiding place, almost safer than the universe of life!

After all, at the level of the Great Emperor, almost everyone has the space avenue, and can easily capture the exposed universe coordinates of life.

The Void Chamber is a safe house, but it also has disadvantages.

That is, the people in the safe house cannot observe the outside world, and even cannot know any movement of the outside world!

This is also the reason why Wu Bo had to transfer more than 3,000 times and only used the void chamber after confirming his safety.

After releasing the void chamber.

Wu Boruo's remnant body did not hesitate, and immediately got into this small space.

Immediately after.

I saw that the ripples slowly calmed down, and the half-empty and half-solid space was completely covered.

And at this moment.

Treasure hunting flying flying gliders quickly gathered from the void in all directions and surrounded the space he was in.

Su Lang's treasure hunting flying gliders are too many, and they will cooperate with each other before.

They are like Su Lang's hounds, the general direction of Mibu Wuboruo's escape, constantly chasing, intercepting, and besieging!

They even know to hide themselves so as not to startle the snake.

This caused Wu Boruo to gradually relax his vigilance, thinking that he was completely free from Su Lang's pursuit.

And this time.

Wu Boruo entered the void chamber, unable to observe the outside world.

So he didn't even know that this place, which he considered to be extremely safe, was immediately surrounded after being out of sight!

Suddenly.

A humanoid phantom condensed next to a treasure hunting flying flying flying, which was one of Su Lang's clones.

"Is it here?"

Su Lang exchanged positions with the clone, his faint eyes fixed on the void in the middle.

"Squeak!"

The treasure hunting flying flying flying nearby was squeaking with excitement.

"Good job."

Su Lang touched the cute tails of the treasure hunt flying flying flying gliders, and soon gathered them all into the mysterious space.

Soon.

Su Lang came to the void in the middle with his hands behind his back.

The strong and special mental power gave him insight into different scenes.

I saw the seemingly empty void, and a special space constructed by the illusory avenue, the incense avenue, the spiritual avenue and the space avenue was firmly embedded in the bottom of the infinite universe.

It has powerful concealment, confusion and defense capabilities.

If it hadn't been for the treasure hunting flying flying who had determined that Wu Boruo was here, Su Lang might have been concealed.

After all, he has not yet condensed the avenue of incense.

"Fortunately, I have an unreasonable treasure hunt flying fly."

The corner of Su Lang's mouth twitched, revealing a sneer, and immediately activated the Devouring Doppelganger!

It is still swallowing thirty-five clones, pushing their strength directly to the terrifying Seven Great Emperor Realm!

"open!!"

Su Lang's eyes condensed, and the power of the endless space surged out, and the surrounding space instantly retreated to the surface, revealing countless spatial rhythm lines!

It was as if a person had lost all flesh and blood, revealing a complete skeleton.

In this skeleton, there is a special space inlaid, which is the empty chamber.

Immediately, the metric lines of countless spaces seemed to come alive, like strips of slender strange creatures!

They crazily twist, combine, and weave into an indestructible space barrier, completely encircling the virtual and real space of Wuboruo, cutting off all retreat!

Finish it all.

The next step is to open the void chamber.

"To open the void chamber, you must have a lot of power."

"I have the most important spaces, illusions, and spiritual avenues, but I don't have the incense avenue."

"Furthermore, even if I converge on the Avenue of Incense, if I do it myself, I will be tainted with the power of incense, which is not worth the loss."

Su Lang frowned slightly, and immediately opened the Life Universe, releasing Li Qijue and Ye Chen.

[Chapter 1379: My Wubo is about to be born again!](#)

"The lower servant knocks on the Lord!"

The two saluted respectfully and waited for instructions.

Su Lang asked indifferently: "You two understand the Avenue of Incense Fire, right?"

"Yes!"

Li Qijue and Ye Chen nodded at the same time.

"Ok."

Su Lang nodded faintly, which was in his expectation.

Before, Li Qijue and Li Qijue used the incense willingness to forcefully explode the final blow.

With the addition of incense willingness, the strength of the two even surpassed the peak.

From this point alone, it can be inferred that the two are in control of the very deep incense avenue.

"You two should have reserves of incense aspirations, right?"

Su Lang said lightly, Li Qijue and Li Qijue must have a back hand in arranging incense, so they should leave some incense aspirations.

"There are some, but not many."

Sure enough, Li Qijue and Ye Chen nodded at the same time.

"That's good."

Su Lang smiled, "Cooperate with me to open this special space."

"Yes, Lord!"

Li Qijue and Ye Chen took their orders solemnly.

"Humph."

"Uporuo, I want a turtle in the urn, what are you doing again?"

Su Lang turned his head to look at the void room, the corner of his mouth twitched, and he smiled lightly.

at the same time.

In the void chamber.

Ten thousand Dark Sky Clan quasi-emperors were neatly arranged, all sitting cross-legged on the ground paved with white jade, almost covering the ground of the entire void chamber.

The only remaining body of Wu Boruo floats in the air, and a thin black and red line connects the soul armor of each quasi-emperor.

next moment!

A weird wave suddenly spread from Wu Boruo's remains.

Immediately afterwards, Emperor Ten Thousand Zhun was trembling all over, his face showed pain, and the skin began to show signs of drying.

Soon, all the quasi emperors gradually fell.

Their bodies have become shriveled, like corpses dug out in the desert!

Their spirits and spirits have been completely swallowed by the soul armor on their bodies.

And this ten thousand soul body armor turned into a translucent muscle.

They are like giant pythons, not only wandering and twisting, but finally entangled to form a huge mass of flesh.

This translucent mass of meat is very large, occupying half of the void chamber, and enveloping the remains of Uboluo inside.

Immediately after.

Seeing the meatballs accelerate their peristalsis, and gradually differentiate into flesh and blood tissues of various colors.

The original translucent meatball became colorful, colorful, and slowly evolved into various internal organs, skeletons, meridians, blood...

"It's almost finished...It's almost finished, my Wubo is about to be reborn!"

"Damn the ruthless Emperor, dare to calculate me. I will catch you one day and let you live in endless pain forever!"

The huge mass of meat gradually turned into the shape of a giant.

A voice full of resentment came from the flesh and blood, and it seemed that every cell was resenting Su Lang!

And at this moment.

"Crack!"

In the darkness, a broken voice sounded.

"what!?"

"Someone is attacking my void chamber!?"

Wu Boruo tightened, and the eyes that had just grown were almost bursting!

However, black cracks continued to appear in the sky of the void chamber, which healed quickly.

At first glance, I thought there was a lot of black lightning flashing in the sky.

"Impossible, this is impossible!"

"It should be the natural phenomenon of the boundless universe that has affected the void chamber!"

Wu Boruo shook his head severely and stared at the sky in the void.

but.

What happened next shattered all his hopes!

"Crack, click!"

The frequency of the breaking sound is getting faster and faster, and more and more black cracks appear in the sky.

In the beginning, the Void Chamber could heal on its own, but gradually, those black cracks no longer disappear, all hanging in the sky, forming a black spider web!

"No! This is not true!"

Wu Boruo trembled all over, and only felt that the black spider web was used to catch him, under that spider web, he could not escape at all!

The safe house he originally thought became a cage for him to death!

at this time.

"Boom!"

There was a terrifying loud noise from the sky.

I saw the entire sky turned into countless fragments and disappeared completely.

Instead, there is a huge black hollow, and in the middle of the hollow, three figures are suspended!

It is Su Lang, Li Qijue and Ye Chen!

[Chapter 1380: Ten slaps down!](#)

"It's you!"

"Ruthless God!"

"How could you find me!?"

"And...you two, you and Ruthless Tiandi are walking together, are you in the same group!?"

Wu Boruo's eyes were splitting, resentment, anger, fear, and surprise filled his heart!

When escaping from Dark Sky Star, he clearly heard Li Qijue and Ye Chen curse Su Lang and calculated everything, obviously not together.

But now they are walking together, what is going on? The two sides reconciled?

"Uporrow, I know you have many question marks."

The corner of Su Lang's mouth raised slightly, "But I am not interested in answering the questions of the dead."

"You want to kill me!?"

"You...do you know what space this is?"

"This is the Void Chamber, a great treasure of Void Cult!"

Wu Bo Ruo gritted his teeth and threatened inwardly, "I, Wu Bo Ruo is a chess piece arranged by the Void Cult. Do you dare to move me!?"

"Oh? Someone from the void?"

"Not to mention whether you lied or not, even if what you said is true?"

Su Lang sneered, "I'm not even afraid of Xukongjiao itself, and I still fear you little Wuboruo?"

"you!"

"Aren't you afraid of Void Teaching? You're so brash!"

Wu Boruo was shocked, and immediately gritted his teeth and said, "If you dare to kill me, then you can do it!"

"Hehe, as you wish!"

Su Lang looked down at Wu Boruo condescendingly, raised his right hand and slowly pressed it down!

Rumble!

A terrifying giant hand condensed by a regular vision covered the sky of the entire void chamber.

The close-fitting attack left Wu Boruo with nowhere to escape!

"You dare to kill me!?"

"Ruthless God, you will regret it!"

"The Void Church avenged me, and you will die without a place to bury you."

"Your world will also die, and countless creatures will be miserably lost because of your reckless actions!"

"Ruthless Emperor, you asshole..."

Wu Boruo jumped and cursed frantically, anxious and afraid in his heart.

But Su Lang didn't move at all, and pressed his palm down hard!

Come on!

Wu Bo, who was just reborn, had no resistance and was directly crushed into meatloaf!

However, the vitality of the Great Emperor was too tenacious, and Wu Boruo was a leader in this respect, so he did not die at all.

Of course, there are also reasons for Su Lang's retention.

To kill Wu Boruo, you still have to weaken him, assimilate him, let him confess all his opponents, and then kill him one by one.

Wow!

Su Lang raised his hand, revealing Wu Boruo like a meatloaf.

I saw that the flesh and blood on Wu Boruo's body were like living creatures, constantly twisting, mending each other, and gradually returning to human form.

But part of the flesh and blood was completely necrotic, turning into a pool of black and red pus and blood!

Su Lang's expression remained unchanged, and he slapped his hand up again!

Haha!

"Ruthless God, you will definitely die!"

Wu Boruo screamed and turned into meatloaf again!

As a strong man who once controlled the world of ten directions, he was also very spine, and never begged for mercy from beginning to end.

Su Lang turned a deaf ear to Wu Boruo's scolding, and continued to slap as if he was hitting a fly.

After ten slaps down.

Wu Boruo's body was finally necrotic ninety-nine percent.

His breath has also weakened to the extreme, it can be called dying, it is estimated that he will belch after another slap.

Su Lang finally stopped, and then dispatched avatars one by one, and at the same time expanded the Mingguang Myriad Realms to illuminate the miserable Wu Boruo.

Wu Boruo also noticed something wrong with Mingguang Ten Thousand Realms for the first time, and his eyes showed horror.

But he was dying at this moment, and he couldn't even speak, so where could he resist?

Wu Boruo could only silently endure the illumination of the Mingguang Myriad Realms.

In the endless fear and despair, I watched my body and mind be transformed!

At this time, Wu Boruo is many times weaker than Li Qijue and Ye Chen before.

Therefore, in just ten minutes, Su Lang completely assimilated Wu Boruo!

"Uporrow."

Su Lang faintly called.

"The next servant worships the Lord."

Uporuo respectfully salutes.

Su Lang asked with a smile: "Do you have any survivors left behind?"

"No."

"The previous 10,000 quasi-emperor martial artists are the only backhands for the servants."

Wu Boruo replied, "The primitive blood and flesh tissues of their servants are parasitic on their bodies, which can differentiate into various organs."

Su Lang raised his eyebrows: "Have you ever thought of specializing in the road of Incense Avenue?"
