### [Chapter 1411: I don't want to take a shower these days](#)

"do not worry."

"I will definitely find a good way to rescue you from the predicament."

Seeing that Su Ling'er was lost, Su Lang patted her on the head to comfort her.

"Hmm!"

Su Ling'er nodded heavily.

"Really good."

Su Lang smiled and patted her on the head again.

Su Ling'er, a very reliable girl, is reassuring.

This made Xiaomei next to her enviable, if it wasn't for Su Ling'er to be her young lady, she would have to be so jealous that she couldn't be separated.

"Xiaomei."

Just when Xiaomei was envious, Su Lang's gaze turned.

"Ah~"

"Your Majesty Su Lang~"

Xiao Mei agreed with surprise, her eyes shining brightly.

"It looks like you have broken all the restrictions."

Su Lang glanced at Xiao Mei, "I will help you improve."

"Yes!"

Xiao Mei was trembling with excitement, "Xiao Mei thanked Su Lang for pity!"

"The foundation of Wuxian rank is the power of rules."

"Today, I will instill some rules for you."

While talking, Su Lang held down Xiao Mei's forehead and activated one-key empowerment.

When the one-key empowerment function reached the fifteenth level, a new function was given called 'being a good teacher'.

Therefore, Su Lang has reached thirty-two initiations at this time!

Wow!

Thirty-two rules were instilled, and Xiao Mei's breath continued to rise, almost surpassing the Wuxian rank.

"Don't break through the Wuxian level, these rules are not enough."

Su Lang patted Xiao Mei on the head, breathlessly breathless.

Soon.

Su Lang set up a new restriction for Xiaomei: "You will be more careful in the future, don't accidentally hurt Xiaomei, you know."

Xiao Mei nodded and agreed: "I see, Your Majesty Su Lang!"

"Ok."

"You guys go and rest."

Su Lang smiled, his body moved and left directly.

"what!"

"The taste of Your Majesty Su Lang~"

Xiao Mei covered her mouth and took a breath, and said intoxicated, "Miss, I won't take a shower these few days!"

"..."

Su Linger's mouth twitched, speechless.

The other side.

Because of the twisting power in Su Linger's body, coupled with the realization that there might be a strong behind-the-scenes hand.

So Su Lang has no enthusiasm to torture people.

And Xi Kejia also almost lost himself under the influence of incense willingness, and torturing him has no meaning.

So Su Lang casually killed Xi Kejia and the believers left for him, and left the universe of life.

At this point, Xi Kejia completely fell.

After leaving his Dantian universe, Su Lang randomly found a place in the void and threw it out of the Soul Chasing Emperor Palace.

Rumble!

The black magnificent palace emerges, like a mysterious continent floating in the stars!

Immediately after.

Su Lang flew into the palace and let the spirit chase the soul activate the hidden function.

Suddenly, the huge and incomparable Soul Chasing Emperor Palace gradually disappeared, as if it had never appeared in this world.

After entering the quiet room, Su Lang took out the cauldron and refining materials, while refining the parts of the super humanoid weapon, while accumulating cultivation skills.

at the same time.

Somewhere near the center of the star sea, a huge dark red planet was slowly spinning.

Here is the base camp of the Cicada Dragon Clan, Cicada Dragon Star!

Cicada Dragon Star is very huge, three or four times larger than Dark Sky Star, and thirty to forty times the size of Canglan Star.

However, like Canglan Star, Cicada Dragon Star has world wounds, and it is not small.

Of course, with the great efforts of the Cicada Dragon clan in the past, the wounds of Cicada Dragon Star's world have long been healed.

Although it only treats the symptoms and not the root cause, at least it seems that Cicada Dragon Star is intact.

In order to speed up the wound healing of the Cicada Dragon Star World, the Cicada Dragon Clan migrated the Cicada Dragon Lord City to the original wound site of the world, and established various spirit-inducing formations, gathering spirit formations, and transforming spirit formations to improve this land.

Up to now, Cicada Dragon City has become the most prosperous city on the planet.

Countless warriors live here, including the mighties of the Cicada Dragon clan.

Yuan Sanlin is naturally one of them.

At this moment.

Yuan Sanlin was sitting in the quiet room, his face uncertain!

Outside the door of his quiet room, there was a Six Great Emperor who gave information carefully.

[Chapter 1412: Unable to accept this fact!](#)

"Is that one really the supreme emperor of other big realms!?"

"What's his personality? Is he bloodthirsty? Will he be reported? Is he tough?"

Yuan Sanlin took a deep breath, his voice low and hoarse, with a hint of anxiety.

That's the Supreme Emperor!

Although he said that Yuan Sanlin had escaped, the Supreme Emperor didn't make a statement at all, just watched him leave with cold eyes.

As a result, Yuan Sanlin had the illusion of leaving without authorization, making himself very nervous.

If the great emperor was upset and wanted to kill him, he would really be dead.

Don't look at the sight of the Supreme Emperor now.

But in the eyes of the Supreme Emperor, where can he escape?

Don't say he can run away from Cicada Dragon Star and the monk can't run away from the temple.

Even if Yuan Sanlin flees desperately, he can't escape the pursuit of the Supreme Emperor.

then.

Yuan Sanlin has been trembling after returning home, very irritable and very disturbed.

Finally, he couldn't help but muster the courage to investigate the Supreme Emperor.

But he dared not do it himself, so he could only instruct a foreign emperor who was secretly controlling to investigate this matter.

And this time.

This foreign emperor came to see him with intelligence.

"Enlighten Master!"

The foreign emperor replied with a weird look, "The servant has already investigated part of that person's information from the Void Cult Information Office."

"Hurry up, say it!"

Yuan Sanlin held his breath, his pores tightened slightly.

"the host....."

"According to the information obtained by the servant, that person should be called Su Lang."

The foreign emperor replied, "But he is not a supreme emperor at all, but an ordinary emperor who is remote and active in a remote galaxy."

"What!? Su Lang!?"

"An ordinary emperor active in a remote galaxy? How could it be possible!?"

"That person's temperament and conversation all mean that he is a real strong man, otherwise it would be impossible for the Dingtian Emperor and his disciples to respect him so much!"

Yuan Sanlin felt incredible about the information reported by his subordinates.

His eyes widened, his uneasy and irritable mood became worse, and an unknown rage could not help but burn!

"You trash!!"

"That is obviously a clone of the supreme emperor, it cannot be the ordinary emperor in your mouth!"

Yuan Sanlin was furious, with blue veins on his forehead violently, smashing the quiet chamber door with a palm.

The foreign emperor, who was kneeling outside the door, was affected. He vomited blood for three liters and was seriously injured!

"the host!"

"Listen to me."

"The Void Sect has been monitoring the entire star sea area, and there is no Supreme Emperor coming!"

"Furthermore, Young Master Yuan Longlie once sent back an image before his death. The one who killed him was Su Lang!"

"Su Lang holds a communication hand charm certified by the Void Teaching, and he has also been to Xuyanfang City. It has already been recorded in the information database. Everything is right!"

The foreign emperor resisted the pain, got up from the ground and knelt down, and explained tremblingly.

"This....."

"No, no, you are talking nonsense, you are not right at all!"

Yuan Sanlin trembled and finally realized something was wrong, but he could not accept this fact at all.

Tianle.

The patriarch of his dignified Cicada Dragon clan, a quasi-superior emperor-level powerhouse, and one of the elders of the Void Sect, was turned around by a little emperor in a remote area?

Is this okay?

Speaking out may make others laugh to death, and make him Yuan Sanlin become the laughing stock of the entire Xinghai domain high-level managers for thousands of years!

Therefore, Yuan Sanlin was instinctively unwilling to accept this conclusion.

"the host....."

The foreign emperor's voice trembled in horror.

"roll!"

Yuan Sanlin was furious and kicked the foreign emperor away, "You trash, get out of here, I want to investigate myself!"

Although if he investigates the actions of the Supreme Emperor himself and leaks out, it is very likely that he will be killed immediately.

But Yuan Sanlin can no longer manage that much.

Next.

He immediately took out his own hand talisman and entered Xuyanfang City.

As one of the elders of the Void Sect, Yuan Sanlin almost possesses the highest authority.

quickly.

He got a lot of information from the intelligence department.

[Chapter 1413: Yuan Sanlin's silly old hat!](#)

"This this this..."

"That person is really Su Lang!?"

Looking at the intelligence in his hands, Yuan San scales thunderously.

I saw the information showed that the 'Supreme Emperor' he encountered was really exactly the same as the Su Lang in the information, even the temperament was the same.

Immediately after.

Yuan Sanlin also discovered a detail.

That is, Su Lang once purchased many emperor-level materials and some of the emperor-level materials in Xuyanfang City.

This shouldn't be something a supreme emperor would do at all.

After all, will the Supreme Emperor lack the emperor-level materials? will not!

"From a remote area."

"I also bought some relatively low-level materials. It seems that the person is really not the Supreme Emperor, or Su Lang from the remote place!"

"At that time, Emperor Dingtian must have known that he could not fight me, so he deliberately said that Su Lang was a clone of the Supreme Emperor!"

"I... the patriarch of the dignified cicada dragon clan was... scared away by this group of bastards!!"

Yuan Sanlin's face was purple with anger, and his body was trembling, his eyes were so wide that his sockets were torn apart!

As the patriarch of the Cicada Dragon clan, one of the top masters in the Xinghai domain, when did Yuan Sanlin suffer such humiliation! ?

The sudden shame made Yuan Sanlin almost explode on the spot!

"Dog chow--!"

"I, Yuan Sanlin, will smash your corpses into thousands of pieces, frustrate your bones and ash, and then imprison your soul in a cage to tortured for a billion years!!"

Yuan Sanlin squeezed his fists fiercely, his knuckles became pale and he made a creaking sound, which showed how angry he was at this time.

Soon.

He immediately withdrew from Xuyanfang City, got up and walked out of the quiet room, into a side hall.

In the side hall stands a huge cauldron.

But this cauldron was not used for alchemy, but a peculiar treasure, with a level of Nine Great Emperors, and one of the treasures of the Cicada Dragon Clan.

One of the functions of the cauldron is to track the target breath!

Yuan Sanlin relied on this treasure to find Su Lang.

"Hunyuan Tianyuding, Kai!"

Yuan Sanlin activated the Nine Great Emperor Soldiers and performed a tedious operation.

however.

This time, Hunyuan Tianyuding did not have a trace of achievements!

"what?"

"Obviously, I tracked that little bunny's location last time, so why didn't it work this time!?"

Yuan Sanlin frowned in disbelief, "Could it be that the little \*\*\*\* has also entered the restricted area of the star field!?"

Thought of this.

The more Yuan Sanlin thought about it, the more he felt so.

Because Emperor Dingtian was hiding in the forbidden area of the star field, he couldn't search hard.

"Humph!"

"Enter the restricted area?"

"Okay! I, Yuan Sanlin, will close the door to beat the dog today!"

All Yuan Sanlin's anger and shame turned into sneers and murderous aura!

Immediately after.

He immediately summoned a large number of cicada dragon clan powerhouses, and went to the forbidden area of the star field that he had fled before.

But Yuan Sanlin didn't even know.

Su Lang didn't rely on the restricted area of the star domain to avoid Hunyuan Tianyuding's tracking.

Instead, relying on the Soul Chasing Emperor Palace to shield all exploration!

In addition, Yuan Sanlin also didn't know about Qi Yun's master and apprentice leaving the restricted area of the star field.

Therefore, he was destined to only make a trip for nothing!

And just when Yuan Sanlin found out that he had been deceived and came back with a fierce pursuit.

Chasing the soul in the palace.

Su Lang put down the materials in his hand and looked at the mysterious space.

The cultivator has completely turned golden, which means that as long as he is willing, he can immediately break through to the level of the emperor.

"Full again?"

"It seems that it is not only full, but also a lot of savings!"

The corner of Su Lang's mouth grinned, and a smile appeared, "It's cool to have automatic cultivation, and you can become stronger by lying down!"

at this time.

"Enlighten Master."

"Chasing Soul felt peeped, so he blocked it."

The spirit of the imperial palace emerged from the soul, and said to Su Lang.

Chasing the soul is cold, stupid, without any wit, but it is still possible to feed back some information to Su Lang.

"Someone is watching?"

"Not many people can spy on me."

"It is estimated that Yuan Sanlin's silly old hat found something was wrong and began to search for me."

Su Lang smiled coldly, "It's a pity, I have a Soul Chasing Emperor Palace. Unless you are the Supreme Emperor, I won't come out, and no one will even want to find me."

[Chapter 1414: He really can't figure it out!](#)

but.

Su Lang did not intend to keep hiding.

He wants to improve his strength and completely eliminate the troubles such as Yuan Sanlin!

at the same time.

The efficiency of Yuan Sanlin and the others was terrifying, and in a short period of time, they assembled a great emperor-level team and rushed towards the restricted area of the star field.

They possess a powerful space treasure that can span a very long distance in an instant!

With this item, Yuan Sanlin brought dozens of people to outside the restricted area of the star field.

The Star Territory forbidden zone is formed by the fall of the planet, so it is not very large. Dozens of people can use their mental power to monitor it.

quickly.

The great emperors and quasi great emperors brought by Yuan Sanlin surrounded the restricted area of the star field.

"Got it all to me!"

Yuan Sanlin let out a low cry, and everyone around him tremblingly did not dare to come out.

Soon.

Yuan Sanlin rushed straight into the restricted area of the Star Territory, and a large amount of twisting force surged in, making him look violent.

If this distorted force is taken head-on by the ordinary emperor, he will be seriously injured directly, and then sink into it, and it will be difficult to extricate himself!

However, Yuan Sanlin was no weaker than Qi Yunkai, the body of the soul body was fully opened, and terrifying power burst out.

Coupled with the power of sweeping avenues, it offsets the powerful twisting force.

With the continuous force of distortion, Yuan Sanlin began to search for Qi Yunkai's figure in the forbidden area of the star field.

Here, even the spiritual avenue is distorted, and the detection range of mental power is extremely small and very vague.

Yuan Sanlin could only search the past inch by inch.

Time passed slowly.

Hoop!

Yuan Sanlin rushed out from the restricted area of the star field.

"Patriarch!"

The surrounding emperors gathered one after another, showing concern.

But Yuan Sanlin said nothing, his expression was extremely ugly!

Because he didn't find Qi Yunkai outside the restricted area of the star field!

"Could they have escaped?"

"It is very possible, but it is also possible to hide deeper, just to hide my pursuit!"

Yuan Sanlin frowned, his eyes flickering, "Otherwise, that little \*\*\*\* Su Lang would not have escaped the search of Hunyuan Tianyuding!"

Thinking of this, Yuan Sanlin became more determined that Su Lang, Emperor Dingtian and others were very likely to hide in the depths of the forbidden area of the star field.

Once he took someone away, he fell into the other side's tricks.

"Keep on guarding!"

Yuan Sanlin sneered, "Today I have to find these three cunning dogs!"

Talking.

He swallowed a pill and rushed into the restricted area of the star domain again.

The other emperors looked at each other, with a trace of worry in their eyes.

If you enter the depths of the forbidden area of the star field, even the Emperor Quasi-Supreme will take a big risk.

However, Yuan Sanlin's decision is not something they can change.

Those of them who are juniors and subordinates can only surround the restricted area of the star field, and beware of the warriors who may escape inside.

Time passed like a white horse, and a whole little day passed quickly.

The cicada dragon clan emperors who were guarding outside became more worried and nervous. at this time.

A figure rushed out of the restricted area of the star field, it was Yuan Sanlin!

I saw that he was frightened with a bleeding in his mouth and nose, his clothes were torn and shabby, and his body was covered with all kinds of weird scars!

"The Patriarch!!!"

All the emperors greeted him instantly, and various healing treasures were offered.

"Get out of here!!!"

Yuan Sanlin roared frantically, his entire face twisted and hideous, like an evil ghost.

What made him unrecognizable was not only the scars brought by the restricted area of the star field, but also the shame of his own judgment!

He finally found out.

Su Lang and Qi Yun did not hide deep in the restricted area of the star field at all!

And he rushed in and looked around as he thought it was. Not only did he get nothing, but he hurt himself and consumed a lot of precious healing materials!

Even, he encountered an extremely terrifying twisting force that almost made him capsize in the gutter and fell here!

"why!?"

"Why!?"

"Except for the three treasures in the Xinghai Region, only the Forbidden Area of the Star Region can withstand the exploration of the Hunyuan Tianyu Ding!"

"The other star-domain restricted areas are far away from millions of light-years away. The only place they can stay is the star-domain restricted area in front of them, but why are they not here!?"

Yuan Sanlin let out a hoarse cry in his heart, he really couldn't figure out why the other party could disappear out of thin air!

#### [Chapter 1415: Attack level Seven Great Emperor!](#)

The surrounding cicada dragon clan emperors looked at Yuan Sanlin who was sulking alone, with very complicated hearts.

They could say that it was really embarrassing to watch Yuan Sanlin make a big ugly here.

"roll!"

Yuan Sanlin looked around the crowd and shouted violently, "Go back immediately and mobilize all strength to check for me!"

The emperors of the Cicada Dragon clan suddenly dispersed.

Yuan Sanlin stood alone in the void, like an injured drowning dog.

After a long time.

Yuan Sanlin barely suppressed the anger and shame in his heart, took out the Space Emperor soldiers, and returned to Cicada Dragon Star.

He has already decided.

From now on, he didn't dare to do anything, so he stood by the side of Hunyuan Tianyu Ding, waiting for Su Lang to appear.

Unfortunately, he still made a mistake.

If he searches for the whereabouts of Qi Yunkai's master and apprentice now, he will surely get useful information.

However, Yuan Sanlin instinctively believed that Su Lang and Qi Yun were together as their masters and apprentices, so he did not "do nothing more."

then.

He just stayed beside Hunyuan Tianyuding and waited.

at the same time.

In the chasing soul emperor palace.

Su Lang has refined four thousand new immortal parts.

The cultivation base has also accumulated nearly eleven hours, and the cultivation base he has obtained is already unimaginable!

"The system uses the power of the avenue to condense the avenue for me!"

Su Lang collected the cauldrons and materials on the ground and gave instructions to the system.

Suddenly.

With the assistance of the system's functions, Su Lang spent a lot of cultivation base, condensing the uncommon rules into Tao!

This time, a total of eighty-five remote roads have been condensed, plus the forty-five roads that have been condensed before, the total number has reached 130!

This number is almost the limit of Quasi-Great!

However, Su Lang felt that his foundation was not perfect, and he could continue to consolidate it!

"For the sake of a higher and far-reaching realm, temporarily endure a wave without breaking through."

Su Lang knew very well that the higher the martial artist's realm, the stricter the breakthrough conditions. He didn't want to cause future troubles because of his negligence at this time.

"Look at how powerful it is."

With a thought, Su Lang opened his attribute panel.

"Properties panel!"

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

function (level 15) ), one-key mixer function (level 15), one-key array refining function (level 15), one-key synthesis function (level 15), one-key empowerment function (level 16)

"The combat power has increased to a small level? Not bad!"

"At this level, you can guarantee that you can reach the Quasi-Supreme Emperor in all aspects after using the Devouring clone!"

"According to the information provided by Qi Yunkai, 30% may pass the gate of exile smoothly."

"Unfortunately, there is only one door of exile. If there are many, I can try my luck to enter the land of exile by replacing me with death."

"By the way, the planets recently earned may have unused baoyu!

"If you add May Li Baoyu, I will be able to pass the gate of exile smoothly!"

Thought of this.

Su Lang's eyes suddenly brightened, and he immediately took the Soul Chasing Emperor Palace, dispatched a clone, and prepared to go to the east.

Just then.

Cicada Dragon Star, in the palace.

Yuan Sanlin stared at the cauldron in front of him, his eyes unblinking.

"Buzzing--!!!"

The Nine Great Emperor Soldier Hunyuan Tianyu Ding suddenly hummed strongly!

"found it!!!"

A strong surprise burst out of Yuan Sanlin's eyes!

Immediately, he learned the coordinates of Su Lang through Hunyuan Tianyuding.

"Caught you!"

Yuan Sanlin gritted his teeth, sneered again and again, "Dogs, today is your death date!"

He picked up Hunyuan Tianyu's, and took out the Space Emperor Soldier to start chasing and killing immediately.

but.

Something unexpected happened!

[Chapter 1416: Self-brain supplement is the deadliest!](#)

"Buzz!"

Hunyuan Tianyuding hummed again!

"what's the situation!?"

Yuan Sanlin's complexion changed, and he looked down at Hunyuan Tianyuding!

Immediately afterwards, he discovered that Su Lang's coordinates had moved 150,000 light-years in an instant!

"Instantly spanning 150,000 light years!"

"This distance is longer than the farthest distance my Space Element Great Emperor can shuttle!"

Yuan Sanlin's eyes were shocked, "Could it be that they have even more powerful space-type emperor soldiers!?"

But then.

Something more shocking happened.

I saw that Hunyuan Tianyuding showed that Su Lang had continuously surpassed 150,000 light-years at a frequency of two seconds!

In a short period of time, he has already advanced a distance of one million light years!

"This! How is this possible!?"

Yuan Sanlin patted the cauldron in disbelief, "Hunyuan Tianyuding, are you broken!?"

"Master, I'm fine."

The spirit of Hunyuan Tianyuding replied, "But the person you let me track does indeed have such a fast space shuttle speed!"

Yuan Sanlin took a deep breath, his eyes flickering: "Could it be that they have the space system quasi-superior soldiers!?"

"should be."

The spirit of Hunyuan Tianyuding agreed.

"hiss--!!"

"Quasi Supreme Soldier, from the Space Department!"

Yuan Sanlin's eyes burst into intense greed.

If the opponent has an offensive and defensive type of quasi-superior soldier, then he really dare not just catch up like this.

But what the opponent has is an auxiliary space emperor soldier, this is simply a piece of fat!

"Hunyuan Tianyuding, continue to locate them for me, if you lose me, you will only ask!"

Yuan Sanlin smiled grimly, even if he activated the Space System Emperor Soldier in his hand, he instantly disappeared from the spot.

Although his speed could not keep up with Su Lang's speed.

But Yuan Sanlin was sure that Su Lang would definitely find a safe place to hide.

As long as the opponent stays a little longer, he can catch up with the opponent!

not to mention.

The energy required to mobilize the Space System Emperor's soldiers is very terrifying!

In Yuan Sanlin's mind, the quasi-superior emperor soldier should be controlled by Dingtian Emperor Qi Yunkai.

Qi Yun was seriously injured and in poor condition. He would definitely not be able to maintain the quasi-superior soldier for a long time!

Therefore, in Yuan Sanlin's view, the opponent is destined to be caught up by himself!

"Hahahaha!"

Thinking of this, Yuan Sanlin couldn't help laughing.

Unfortunately, he didn't know a famous saying that self-brain supplement is the most deadly!

The other side.

Su Lang sent and replaced his clones, and continued to advance, and soon arrived at the nearest planet-the star of the sky!

"Li Qijue pays respects to the Lord!"

"Ye Chen pays respects to the Lord!"

As soon as Su Lang arrived, Li Qijue and Ye Chen rushed over to see them.

"Have you used Baoyu, the vow to cover the world?"

Su Lang looked at Li Qijue and asked straightforwardly.

"May Li Baoyu...this...has been used up."

"But it is not used by the servants, but by the masters of the servants."

Li Qijue sneered, "The servant master is really guilty of death. He actually dared to use the Lord's Vow Baoyu in advance..."

"Okay, don't deceive the master and destroy the ancestor there."

Su Lang rolled his eyes, and said to his heart why this guy has become so flattering?

Immediately, he looked at Ye Chen: "Ye Chen, where is your Hongtian world?"

"Gone....."

"Hong Tianxing's vow Baoyu was used by the servant's old opponent, but he has been killed by the servant."

Ye Chen's face was full of apologetics, "The servant left a whole body for the man, and I will immediately smash him with a word from the Lord!"

"..."

"No, you guys take good care of your injuries."

Su Lang waved his hand helplessly, and then planned to go to other planets under his command.

But at this moment.

Click! Click!

A burst of space cracks emerged from the sky, and in a blink of an eye they connected into a giant black fierce net!

Immediately after.

An extremely majestic breath came from the cracks in the space!

"this is.....!"

"Quasi-Supreme Emperor-!!"

Li Qijue and Ye Chen's pupils suddenly shrank and their scalp exploded!

However, they still stayed loyally by Su Lang's side, and even took a step forward, faintly protecting Su Lang behind them!

next moment.

I saw a white-faced old man flying out of the space crack, it was Yuan Sanlin!

[Chapter 1417: I have never seen this before](#)

"Ha ha."

"Have you come after?"

The corner of Su Lang's mouth sneered.

In fact, he had always known that Yuan Sanlin was watching him, so Yuan Sanlin caught up with him completely unexpectedly.

"Su Lang!"

"A mere ant, dare to coax me with the master and apprentice of Emperor Dingtian? You are so bold!"

Yuan Sanlin walked slowly out of the cracks in the black space, and every step he took, it was like a giant hammer falling, smashing waves of terror in the void.

And these ripples alone have already caused countless huge waves on the sea on the obscuring star.

Countless creatures covering the sky felt the crisis coming, and a powerful figure spontaneously gathered and flew to the clouds.

The weak and small are crawling on the ground, silently praying for the blessing of His Majesty Su Lang.

Faced with the big battle that Yuan Sanlin launched, Su Lang sneered again: "Yuan Sanlin, who gave you the courage to be rampant in front of me?"

"furious?"

"You are the one who is crazy!"

"I swear, I have never seen such an arrogant and arrogant person!"

Yuan Sanlin showed fierce anger, gritted his teeth and said, "A mere emperor dares to pretend to be a clone of the supreme emperor. You are the first person in the Xinghai domain since ancient times!"

"Yooo~"

Su Langfeng smiled lightly, "You are so angry because you were terrified by me before?"

"Humph!"

"The old man didn't check it for a while, but he was fooled by you!"

"But your struggle will end here. Ask Dingtian Emperor Master and Disciples to come out, so I can send the three of you on the road together!"

Yuan Sanlin carried his hands on his back, his nostrils raised up, a gesture of charity aloft.

"Do you think the master and apprentice of Emperor Dingtian is with me?"

"Then you are so wrong, I am alone."

"Besides, I was merciful and let you go before, but I didn't expect you to come to the door if you didn't know what to do."

"Then, I'll give you back what you said-your struggle ends here!"

Su Lang looked at Yuan Sanlin faintly, and immediately thought: "System, activate the swallowing clone!"

In a flash!

The aura on Su Lang's body began to rise!

Seven Great Emperor, Eight Great Emperor, Nine Great Emperor, Quasi-Supreme Emperor!

The majestic breath expands wildly, and the vision of the endless road of rules seems to swallow the starry sky!

Yuan Sanlin's momentum was immediately driven to one side, and the two were fighting against each other, each occupying half of the starry sky!

Next to him, Li Qijue and Ye Chen couldn't bear the aura of the confrontation between the two quasi-superior emperors, and they were directly forced to land on the star covering the sky.

Because of the confrontation between the two powerful men, Zhetianxing and Baiyue have produced various visions, such as storms, bright lights, sand, tsunamis, and earthquakes, endlessly emerging!

"It's the breath of the great Langdi!"

"His Majesty Lang has descended, and the evil demon outside the heavens will definitely come down!"

"Praise your majesty the great Langdi, he is the lord of all worlds and the loving father of all living beings."

"..."

On the earth, countless creatures worshiped Su Lang with a fanatical and pious look!

at the same time.

As the person confronting Su Lang, Yuan Sanlin was stunned and dumbfounded, almost falling out of his eyes!

"You...you unexpectedly reached the quasi-superior emperor's combat power in an instant!?"

"How is this possible? It's impossible, no secret method can do this!"

Yuan Sanlin's face was unbelievable, and his voice was trembling, "Su...Su Lang...Who are you!?"

Yuan Sanlin has lived for countless years, but this is the first time he has seen such an unthinkable thing!

This completely unreasonable thing caused a serious impact on his worldview.

"I?"

Su Lang faintly laughed, "I am me, a different kind of firework."

Immediately, he waved his hand and activated the clone dispatch and Baiying clone!

In an instant!

Thirty-seven avatars appeared out of thin air, and directly differentiated into three thousand seven hundred five great emperors!

Rumble!

The breath of a fifth-level emperor fell into the void, as if to crush the starry sky!

At this moment.

The world of obscured the sky, which was born with multiple visions, was immediately affected as never before, and the operation of the entire planet seemed to stagnate!

The ordinary void beyond the stars is like a battlefield transformed into an ancient power.

A stream of horrible aura permeates, even a trace is enough to be suffocating!

## [Chapter 1418: Annihilation in the universe!](#)

"what!?"

"Three...Three thousand seven hundred Five Great Emperors!?"

"And every great emperor is exactly the same, it's Su Lang!"

"This, this is impossible, this is not true, this is not true!!"

Yuan Sanlin's complexion changed drastically, his heart was screaming hysterical, heart-piercing.

If Yuan Sanlin's worldview was severely impacted before, now, his three views have almost been shattered!

He even suspected that he was experiencing an extremely realistic nightmare.

But the only remaining reason tells Yuan Sanlin that all this is true!

The identical emperor-level clone reminded him that his previous inference was completely wrong!

"All are Su Lang, all are the clones of the Supreme Emperor!"

"He, they are really...really clones of the Supreme Emperor!"

"Why am I so stupid? Just by telling me my real name, I should be sure that he is a clone of the Supreme Emperor!"

"Not to mention this, from the fact that he can block the search of Hunyuan Tianyuding, he is not an ordinary emperor at all!"

"Furthermore, with Dingtian Emperor's arrogant character, it is impossible to go with an ant even in acting. For Su Lang, Dingtian Emperor is truly convinced!"

"I...I was so clever, I was confused for a while, and when it was over, I provoke the Supreme Emperor, I am completely finished!"

"..."

For an instant, a lot of thoughts flashed through Yuan Sanlin's mind.

His white face has turned blue, and his muddy old eyes are full of panic and despair!

at this time.

"Yuan Sanlin."

Su Lang smiled and asked softly, "Do you want to live?"

His voice was very gentle, even with a hint of kindness.

But it fell into Yuan Sanlin's ears and it became the bell of Suohun!

"Dangerous!"

A terrifying life and death crisis enveloped his body, Yuan Sanlin felt like he was falling into an ice cave, and his whole body trembled uncontrollably!

He knew that although he really wanted to live, once he agreed, he would immediately fall into Su Lang's secret technique, and he would definitely die miserably by that time!

As a result, Yuan Sanlin was trembling, afraid to make a certain noise, even the dumb fart was not released.

"Don't answer?"

"It seems you want to die."

Seeing Yuan Sanlin not speaking, Su Lang suddenly shook his head helplessly.

Seeing this scene, Yuan Sanlin couldn't help but feel frustrated and wanted to vomit blood. He had promised to die, and if he didn't, he would die too!

In fact, there is no choice at all for others, okay?

Yuan Sanlin still didn't dare to accept Su Lang's words, for fear of being caught accidentally.

This feeling of being able to be recruited at any time is simply suffocating from the bottom of my heart!

"Since you want to die."

"Then I will fulfill you!"

Su Lang showed impatience, stretched out his hand and waved, "Stopping the sky with one thought!" moment.

Nianfeng Space pulled Yuan Sanlin in to prevent the aftermath of the attack from spreading to the star.

"What's this trick!?"

Yuan Sanlin felt that he had cut off contact with the outside world all at once.

Even with the exception of Su Lang, everything in the outside world turned grayish white, and he couldn't help but sweat coldly.

Immediately after.

He saw Su Lang's eyes condensed and slowly raised his right hand.

I saw that Su Lang raised his right hand very slowly, as if carrying an unimaginable force!

A terrifying aura became stronger as Su Lang raised his right hand!

"This breath... has surpassed the ordinary quasi-superior emperor!"

Yuan Sanlin stood upside down with vellus hair, his eyes burst, and immediately turned and ran!  
but.

He has been sealed off by the Nianfeng Space, and he can't escape Su Lang's palm at all!

"No! Don't kill me!"

Looking at Su Lang, who completely raised his right hand behind him, Yuan Sanlin's complexion was grim and his liver and gallbladder were cracked!

However, his unwilling roar could not stop Su Lang from releasing that terrifying move.

"The world---death means!!"

Su Lang raised his right hand, and suddenly extended his middle finger!

Boom boom boom! !

At this moment, it seemed as if a sun exploded!

An endless energy storm erupted from Su Lang, flooding the entire Nianfeng space in an instant!

[Chapter 1419: The secret method of transforming a dragon into a dragon!](#)

This move means that all the energy of Su Lang was released in an instant!

You know that he has practiced a lot of exercises to improve battery life, and he has also practiced innate Qi. The energy stored in his body is thousands of times more than that of the emperor of the same level.

Such majestic energy bursts out in an instant, continuous and endless, it is simply the power of star bursting!

The terrified Yuan Sanlin was immediately overwhelmed by the power of the Universe Nirvana Finger.

His whole person seemed to be a corpse buried by the wind, being torn apart in the violent and devastating energy!

The emperor's defensive vestments were directly shattered and turned into beggar costumes.

The emperor-level defensive weapon only persisted for three breaths, and then died directly with the miserable howling of the spirit!

An unusually terrifying force fell on Yuan Sanlin's body, tearing his skin and destroying his muscles!

Bloody scars appeared on every part of Yuan Sanlin's body.

"The Great Emperor Hualong!!"

At the critical juncture, Yuan Sanlin instantly activated the Great Emperor-level secret technique!

Roar--! !

Accompanied by the roar of the trembling world, the human-shaped Yuan Sanlin unexpectedly began to mutate, the whole person stretched and stretched again, turning into a 10,000-meter-long snake-like creature!

"Cicada Dragon?"

"I want to see if you are qualified to be called a dragon!"

Su Lang narrowed his eyes, while frantically grabbing solar energy to restore his emperor, while staring at Yuan Sanlin in the violent energy waterfall.

I saw the dragon Yuan Sanlin transformed as long as ten thousand meters!

Its dragon head is like a bull's head, with long pitch-black corners, and its two eyes are like protruding bulbs, full of strange looks.

The dragon's body is covered with a black shiny carapace, layer by layer like a centipede, four pairs of slender limbs grow from its abdomen, and large translucent cicada wings grow on its back!

This is the cicada dragon!

A strong majesty radiated from Cicada Dragon, even Su Lang was stagnant.

"Is this...Long Wei?"

Su Lang frowned slightly, "Although he looks very ugly, I didn't expect that there is really a trace of dragon blood."

After Yuan Sanlin turned into a cicada dragon, after paying the price of a pair of cicada wings becoming broken,

It was gradually supported by the energy torrent!

However, holding on to holding on, he has no power to fight back!

"Humph."

"I see how long you can resist."

Su Lang smiled coldly, and immediately looked at himself, and found that his energy had recovered one-tenth.

There is the sun as a power melting pot in the public universe, and the energy recovery is too fast.

If someone else uses the Universal Annihilation Finger, I still don't know how long it will be empty!

"His deity is not going to do it!?"

"This is great, if I fight to the death, there is no chance of escape!"

Amidst the torrent of energy, Yuan Sanlin's desperate eyes rose with a hint of fierceness, "Luohu Tianlong, the Shocking Dragon!"

in a moment.

Yuan Sanlin activated two great emperor-level secret methods at the same time.

I saw that Wanmilong's body changed again.

The carapace all over his body quickly turned into scales, and the cicada wings on his back turned into two sharp long knives. On the dragon's head, fangs grew, shining with a chilling light!

Soon.

Under the effect of the second secret method to startling the dragon, the eyes of the cicada-dragon that Yuan Sanlin's transformed into a dragon suddenly brightened, as if they were shot from the eyes of a wild beast at the source of time, overlooking everything and ruling everything!

Of course, this technique cannot be as simple as bright eyes.

I saw that the cicada dragon transformed by Yuan Sanlin exploded once again with a deep dragon power, which was thousands of times stronger than before!

The biting dragon power spread, and even affected the creatures on the sky-shielding star and the white moon through the Nianfeng space.

The creatures of countless races were frightened under this majesty, stiff, shivering, and bilious!

but.

Su Lang didn't feel more!

"Damn it!"

"He doesn't seem to be suppressed by Longwei!? How is this possible!?"

Yuan Sanlin looked at Su Lang who was still indifferent, and a storm suddenly rose in his heart.

You know, he has never been disadvantaged by the combination of Hualong, Tianlong, and Jinglong!

In particular, the last move, "Shocking the Dragon", can completely urge the majesty of the dragon and cause a terrifying suppression of the enemy.

however.

This Shocking Dragon Baotou actually failed on Su Lang!

Yuan Sanlin can't figure this out!

However, Luohu Tianlong alone has also increased his strength a lot, allowing him to completely support him in the destructive energy of the Universe Annihilation Finger!

[Chapter 1420: Kunlun is invisible, hidden scales hunt west!](#)

"The means of the Supreme Emperor are beyond my imagination."

"At this time, the best way is to find a chance to escape!"

Having survived Su Lang's move, Yuan Sanlin no longer had the idea of dying, but started looking for a chance to escape.

He constantly speculates about the weird Nianfeng space, and secretly uses various avenue rules to test!

As a quasi-superior emperor, the patriarch of the Cicada Dragon clan, and one of the elders of the Void Sect, Yuan Sanlin's methods should not be underestimated.

And the thought of Fengtian is only an emperor-level technique, Yuan Sanlin, with the vision and experience of Gaowu Jianling, even touched a tiny bit of clues!

Just then.

"Energy recovery is complete."

Su Lang looked at himself internally, the corner of his mouth tickled, and his right hand gently moved towards the star covering the sky, "Come on!"

On the star covering the sky, one of Su Lang's clone came straight to Li Qijue and grabbed the Sabre Heart at his waist.

Immediately after.

Seeing Xin Jue Wufeng appeared in Su Lang's hands.

"Xinjue Wufeng's ability to conquer the spirit is more powerful than Youtian Sword's 'God Slashing', and it is not bad."

Su Lang held a sword in his right hand, a little under his feet, and flew towards Yuan Sanlin's Cicada Dragon by breaking the void.

"he came!!"

Yuan Sanlin couldn't help feeling panicked when he saw Su Lang rushing here.

Because he only fumbled a little bit of the fur of Nianfeng Space, which could not be removed temporarily.

And just when Yuan Sanlin was panicked.

"Kunlun is invisible, hidden scales hunt west!"

Su Lang's figure flashed, and at the same time he activated the emperor-level body magic secret technique and assassination secret technique!

The speed of Hidden Lin Xishou was terrifying enough, and coupled with the invisible Kunlun, Su Lang's speed was far faster than Yuan Sanlin!

Su Lang's figure suddenly appeared in the void!

The figure is endless, spreading along the huge body of the cicada dragon, each figure makes a different assassination action!

Between milliseconds.

Thousands of Su Lang's figures were covered with the dragon body of the cicada dragon, and the center of his hand was absolutely assassinated and killed!

Initiating an assassination with Hidden Scale West Hunter, every attack of Su Lang increased by half a small realm!

And launching an attack with the heart and no front, can condense Su Lang's broken Nirvana spiritual power and carry out a terrifying mental power attack on Yuan Sanlin.

You know, Su Lang's own mental power has reached the edge of breaking through.

But the realm of broken nirvana is a special mental state, it exists exclusively for the fusion of soul, body and soul, and it must not be easily broken through, so Su Lang did not break through the spiritual power to a higher realm.

In other words, Su Lang's mental power has reached the peak of the Broken Nirvana Realm!

Coupled with the previous Soul Gathering and Burning Soul, the quality of spiritual power far exceeds that of a warrior of the same level!

All in all.

Su Lang's mental power far surpasses Yuan Sanlin in terms of level and quality!

Even more this terrifying mental power is integrated by Xin Jue Wu Feng Sword, immediately exerting unbelievable power!

At this moment.

Every sword of Su Lang penetrated deeply into the body of the cicada dragon transformed by Yuan Sanlin, bringing a double blow to the body and spirit!

Thousands of swords were stabbed in the blink of an eye, and Yuan Sanlin was instantly horrified!

"what!!!"

"My dragon body! My soul!!!"

"Stop, stop--!!!"

"..."

Yuan Sanlin let out a painful howl, the Luohu Tianlong he transformed was completely wounded, and tens of thousands of huge blood holes appeared!

A stream of blood is constantly pouring out of the blood hole like opening a floodgate!

But compared to the physical injury, the mental injury made Yuan Sanlin more painful, and the damage caused was more serious!

Yuan Sanlin had a headache at this time!

The perfectly fused soul body was also traumatized by mental power, and was unable to exert its maximum power.

It can be said that Su Lang's assassination caused Yuan Sanlin to lose one-third of his combat power in an instant!

"stop!?"

"If you say stop, I'll stop, don't I lose face?"

Su Lang smiled faintly, and continued to use Hidden Scale West Hunt, poking more blood holes in Yuan Sanlin's body!

Although Yuan Sanlin tried to avoid it, it was of no avail!

After more than a dozen breaths, there is no more intact skin on his body, and even his eyes are blinded by Su Lang!
