[Chapter 1421: Quasi-superior-level dog!](#)

"Great Langdi!"

"His Majesty the Great, I know I was wrong, I know I was wrong!"

"Please give me a chance to kill me, I am willing to agree to any conditions!!"

"No, don't stab me anymore, please, please!!"

"..."

Yuan Sanlin finally collapsed, he begged for mercy hoarse, crying!

"Now I know to beg for mercy?"

"Why did you go before?"

"I gave you a chance!"

Su Lang cut off Yuan Sanlin's dragon wings with a sword, with a hint of sarcasm hanging at the corner of his mouth.

"Ah! It hurts--!"

"The villain knows he is wrong, just beg you not to kill me!"

"I am willing to pay all costs, I am willing to be a slave and a servant, and be a bull and a horse for you all my life!"

"Please, be merciful..."

Yuan Sanlin cried out and begged for mercy, his voice no longer hoarse, because he had been seriously injured and was short of breath.

"Ugh."

"Well, who made me feel too soft, just forgive you once."

"However, you have to keep your promise and be a bull and a horse for me forever."

"If you dare to play any tricks, I promise not to kill you! I will let you live forever in endless pain and suffering!"

Su Lang squatted between the horns of the cicada dragon that Yuan Sanlin had transformed, and his long sword was nailed to the center of the cicada's eyebrows.

Originally, Su Lang was going to kill Yuan Sanlin.

After all, this old guy scolded people many times and didn't accumulate morality at all. He was really damned.

But then I thought about it, using Mingguang to assimilate it, isn't it a harsh punishment that lasts for a lifetime?

Moreover, Su Lang's plan to keep Yuan Sanlin was also useful.

He knew that he would be able to go to the exile soon, and keeping Yuan Sanlin guarding the gate would make people feel at ease.

In addition, Yuan Sanlin is an important figure in the Void Sect, and it will be useful to deal with the Void Sect one day.

Therefore, Su Lang changed his attention and ended up killing him.

"Yes Yes Yes!"

"Thank you, your majesty, the supreme emperor, for his mercy and spared the life of the villain!"

Yuan Sanlin nodded with the excitement of the rest of his life, "The villain will give up his soul and heart..."

Immediately after.

Yuan Sanlin was very consciously forced out of his soul, and handed it to Su Lang.

So far, his life and death have been controlled by Su Lang.

If he wants to get rid of Su Lang's control, he can only do it until the day when the soul body is perfectly integrated and the soul is completely integrated.

Because the soul body and soul universe are completely integrated, the soul no longer exists as a single entity.

The soul is completely integrated with the body and the universe of life, and it is considered reborn, and it is no longer controlled by the soul's fire.

"You are very acquainted, I don't need to kill you."

Su Lang squeezed Yuan Sanlin's soul, and stepped on his head with his toes, "Now you are safe, let go of all defenses, and I will help you heal your injuries."

"Yes... Your Majesty the Great Supreme Emperor!"

Although Yuan Sanlin was very worried and worried, he had to follow suit and let go of all defenses.

"Don't kill me, don't kill me..."

In Yuan Sanlin's prayers, the brilliant light shone on him, and it was Su Lang's bright world.

The surrounding Nianfeng space was also broken every inch.

Three thousand seven hundred five great emperor clones flew over, surrounded Yuan Sanlin, and at the same time displayed the Mingguang Myriad Realms.

Suddenly.

A shining sun appeared in the void.

This scene really resembles a large group of eminent monks crossing into an evil super monster.

And Yuan Sanlin could naturally feel the insidiousness behind the gentleness and comfort of Mingguang Wanjie.

He was very frightened and regretful, but for the sake of his life, he did not dare to resist a little bit, so he could only let Mingguang Myriad Realms corrode his mind.

If you don't resist, this erosion is irreversible.

No matter how much Yuan Sanlin used, he couldn't change the result of becoming Su Lang's loyal servant!

Unless, like Su Ling'er, there is a distorting force in the body, the assimilation effect of Mingguang Ten Thousand Realms can be gradually eliminated.

Under the control of Su Lang and 3,700 Great Emperor-level clones.

Yuan Sanlin, who was seriously injured, gradually "turned back to the shore" and completely "converted to Su Lang."

"The servant Yuan Sanlin, knock on the Lord!"

Yuan Sanlin turned into a human body again, kneeling at Su Lang's feet, and respectfully kowtow.

Compared with the anger and resentment before, his eyes are soft at this time, as docile as a dog raised since childhood.

Quasi-superior-level dog!

[Chapter 1422: Forty-level one-key training function!](#)

"Tsk tsk."

"It's really spineless."

Su Lang looked down at Yuan Sanlin and shook his head disdainfully.

At the beginning, Li Qijue and Ye Chen could both summon the courage to fight to the death, but in the end there was really no way to be overcome by Su Lang.

As for Yuan Sanlin, there are actually a lot of hole cards that are useless, such as the power of the world, such as the power of willingness.

But he was scared, begging for mercy!

"Keep on knees."

Su Lang condescendingly looked down at his willingness, "In addition, hand over all your wealth."

"Yes!"

"Master!"

Yuan Sanlin knelt down in front of Su Lang with a pleasing eyebrow, and then took out all his wealth. Suddenly.

A large nebula of treasures appeared in the void.

Xianyuan, Xianyu, various alchemy materials, various refined products, and some rare exercises.

With a wave of his big hand, Su Lang collected all of it into the storage space, and then ordered the Xianyuan and other currencies he obtained to be deposited into the system.

"Ding! All Xianyuan Xianyu has been deposited!"

With the sound of the system prompt, the currency balance in the mysterious black space has directly skyrocketed by more than 100 million!

In addition to killing Yuan Longlie and Yi Jin to get more than 20 million and the remaining 3 million of the previous upgrade function, the total balance of Su Lang has reached 130 million, the superior fairy source!

"My fork, there are more than 100 million, Yuan Sanlin is too fat!"

Su Lang's eyes brightened, and he said excitedly, "The system, immediately upgrade the avatar dispatch function, one-key empowerment function and one-key treasure hunting function!"

"Ding! Consumption of 10 million high-quality fairy sources, the clone dispatch function is upgraded to level 38, the number of clones +1, the current number of clones is 38, and the number of clones is 38!"

"Ding! It consumes 10 million superior Xianyuan, the one-click treasure hunting function has been upgraded to level 38, and the number of treasure hunting flying flying gliders has increased to 733.184 billion!"

"Ding! Consumes 10 million high-quality fairy sources, the one-key empowerment function has been upgraded to level 17, the current empowerment efficiency is 100%, and the number of daily empowerments has increased to 34!"

"There are more than 100 million left!"

"You can upgrade one-key training and get new bonus features!"

An excited smile appeared on Su Lang's face, "System, upgrade the one-key practice function!"

"Ding! Consumes 100 million superior immortal sources, the one-key training function is upgraded to level 40, and the training speed is increased to 146,368,800,000 times the speed of the basic training without lack of qualification!"

"Ding! Congratulations on upgrading the one-key training function to level 40. You have obtained the new bonus function "Ten Realms as One"!"

"Ding! When the first four main functions are all upgraded to level 40, you will get the new function unlock permission!"

"hiss--!!"

"A cultivation rate of 14.66 trillion times!"

"Although in the top martial arts realm, the gap between the unparalleled aptitude and the indispensable aptitude will become larger and larger, and can even reach a gap of 10,000 times, but even then my cultivation speed is 14.6 billion times that of the peerless genius. !"

"I practice for one day, which is equivalent to 14.6 billion days of cultivation for an extraordinary genius of the same level, which is about 40 million years!"

"What's more, the difference of ten thousand times is still bigger. Under normal circumstances, there should be no such exaggeration as ten thousand times."

"In other words, I practiced for one day, which is almost equivalent to the cultivation of other martial artists of the same level with unparalleled qualifications for 100 million years or more!"

Su Lang's mind was full of thoughts, and he kept tweeting while smiling excitedly.

The life span of a Wudi was about 50 million years.

In other words, a Wudi who has cultivated for a lifetime will die of old age if he cannot break through to the emperor rank, so he hasn't been able to catch up with Su Lang's cultivation for a whole life.

It can be seen that one-key training at level 40 is really scary!

After a while of excitement, Su Lang's gaze fell on the new bonus feature "Ten Realms as One".

quickly.

Su Lang understood the function of this function.

The "Ten Realms as One" is the advanced function of the "Ten Directions Inner Realm".

It takes a certain amount of cultivation to activate the "Ten Realms as One".

Once activated, the ten life universes currently created by Su Lang will be interconnected to form a whole.

But each life universe maintains the characteristics of independent existence, and will not merge into the same life universe.

[Chapter 1423: Talk about your internal situation](#)

"At present, my ten inner circles are fighting separately, and they have provided me with a lot of combat power."

"If they are connected, they will definitely make up for each other and exert a stronger force!"

Su Lang thought in his heart, and then immediately issued an order: "System, start the ten worlds as one function!"

"Ding! The current cultivation base is not enough to connect the universe of life!"

"Wow!"

"Is it another big family who eats cultivation base?"

Su Lang glanced silently at the mysterious black space, and found that all the villains had turned golden.

In other words, the amount of cultivation that can make a quasi-great emperor promote to great emperor rank is actually not enough to connect the two life universes.

This made Su Lang helpless, but at the same time he produced a trace of curiosity and expectation.

What kind of huge gains will the 'ten realms as one' that requires a lot of cultivation base bring?

"Never mind."

"Anyway, I am practicing very fast now, so wait and wait."

Su Lang curled his lips, and decided to activate the Ten Realms at the back, condensing the power of the Great Dao.

of course.

Su Lang has just gathered the power of the eighty-five Dao Dao in the Soul Chasing Emperor Palace. At this time, the cultivation base is not much, and you can wait.

Put the matter of system function aside.

Su Lang once again overlooked the cautious and cautious general Yuan Sanlin:

"Yuan Sanlin, as the elder of the Void Cult, you must know the Void Cult very well. Come and talk about your internal situation."

"Yes, master!"

"The Void Sect is a large and loose organization formed by the strongest forces of the six cantilevers: Zi, Chou, Yin, Mao, Chen, and Si, which is equivalent to a joint force established by the six major forces."

"There is one leader in the Void Sect, one deputy leader, one elder on the left and one, and one elder on the left and right."

"The servant serves as one of the elders of the Left Senate in the Void Cult, ranking fifth among the elders."

"The leader of the Void Church is named Cheng Wuji, the deputy leader is named Lei Yi, the left and right elders are Mei Xiu and Zhu Anhe, and the left and right elders are the subservient and Yao Zi."

"The strongest person of the Void Cult is that I am waiting for the six quasi-superior emperors, but the six forces actually have hidden quasi-superior emperors."

"For example, although the servant is the head of the cicada dragon clan, there is actually a quasi-superior emperor Yuan Feiyu in the cicada dragon clan."

"Yuan Feiyu is the opponent and enemy of the servant. Both of me broke through to the quasi-superior emperor level. Later he lost and retired."

"The rest of the forces also have similar characters. They only seek to break through to the level of the Supreme Emperor, and they will not easily appear."

"And in the Void Sect, there are also factions. The subordinates have a lot of friendship with Lei Yi from the Lei Kong tribe and Mei Xiu from the supreme tribe, and they stand on the same line."

"The leader Cheng Wuji and the other three are standing on another front."

"Before I waited for the six people, there was a big disparity, but it was very small, so the forces on both sides were considered balanced."

Yuan Sanlin respectfully informed Su Lang of the high-level information of Xukongjiao.

"Oh~"

"Unexpectedly, your cicada dragon clan actually has a quasi-superior emperor."

Su Lang raised his eyebrows, "Then why didn't you ask Yuan Feiyu for help just now?"

"Return to the Lord."

"One is that the servant does not have the opportunity and time to ask for help, and the other is that it is useless to ask for help."

"The Cicada Dragon Clan's only Space Element Great Soldier is in my hands. He has to rush over for several months."

"What's more, in front of the great master, Yuan Feiyu is dead when he comes, because he is not stronger than the servant."

Yuan Sanlin explained respectfully, not forgetting to offer a flattery.

"That's it."

Su Lang pondered, "Then you have all the assets of the Cicada Dragon Clan?"

"Yes, Lord."

"Yuan Feiyu only wants to step into the threshold of soul and universe integration, and has no interest in foreign objects."

Yuan Sanlin replied, "Everything of the Cicada Dragon is taken care of by the servants, and the resources are also in the hands of the servants."

"Well, it seems that Yuan Feiyu has nothing good about him."

Su Lang shook his head with some regret, and continued to ask, "You come to chase me down, can the Void Teacher know about it?"

"Informed."

Yuan Sanlin said embarrassedly, "The servant has inquired about your information in the Void Education Information Department."

[Chapter 1424: Searching for the jewel](#)

"It's okay."

"My side will probably go to the Exile soon."

"You just pretend to be successful and return to Cicada Dragon Star, remember to behave as usual."

Su Lang said lightly, "In addition, you secretly pay attention to these planets under my command, and don't let them have any accidents."

"My servant, please follow orders!"

Yuan Sanlin knelt to lead the command.

In fact, he was very shocked at the place where Su Lang was going to exile, after all, it was a place where almost everyone would die.

However, he did not dare to speak at all when he asked where a servant had the qualifications to be beaked.

"correct."

Su Lang suddenly asked, "Do you Cicada Dragon Star have a wish for Li Baoyu?"

"No."

"Lord, may Li Baoyu, an emperor-level treasure, don't know how many people are staring."

"Once there is a wish for Li Baoyu, the world ruler will definitely use it as soon as possible."

"Our wish-libaoyu of Cicada Dragon Star has long been used up, and the new wish-libaoyu has not yet condensed."

Yuan Sanlin replied, "Under normal circumstances, only extremely remote planets where few people set foot on it, can it be possible to retain the wish for Baoyu."

"That's it."

"It seems that Tian Can waits for six planets to be out of play."

"These six planets even know the coordinates of a small chamber of commerce like Goochen, and they have long been exposed to the starry sky. It's strange that Li Baoyu can retain the wish."

"Those outside world powers who are unable to seize the Wish Li Baoyu of the world's consciousness can instruct and cultivate the local indigenous people and use them as tools for capturing Wish Li Baoyu to achieve their goals."

"At this time, the best way is to find a planet farther away than Canglan Star. Only in this way can we get the wishing treasure."

Su Lang nodded slightly, thinking in his heart, "However, those six planets can still ask, what if there is a wish for Li Baoyu?"

Thinking of this, Su Lang gave a wry smile, sighing inwardly that it is really difficult to go to the exile.

"Yuan Sanlin."

Su Lang looked down at Yuan Sanlin, "You go back to Dragon Star now, and behave as usual. A few people here will take care of it."

"The servant understands!"

Yuan Sanlin kowtowed his head, "please rest assured, master!"

"Go ahead."

Su Lang waved his hand, put the Xin Jue Wu Feng Sword into the storage space, and dispatched a clone to replace it with Tian Can Xing.

Soon.

Su Lang went all the way through Tiancan, Dongzhen, Jijun...Antian, Lanling, Judu...and all the planets under his command. The result was as expected, and there was no wish for Baoyu!

"hiss!"

"I found twenty or so planets, and there is no one piece of Wish Li Baoyu!"

"At the beginning, Chu Xiaobei and the others were rescued by Canglan Star Consciousness with the wish of Baoyu. It was really lucky."

Su Lang sighed, and then returned to Canglan Star.

Among the planets under his command, Canglan Star is already the most remote planet.

If you want to continue searching, you must go to the extreme east of the star sea.

The star field in the extreme east is unknown to Su Lang.

However, he wants to explore a star field, much easier than other great emperors!

"Clone dispatch!"

"Baiying avatar!"

With a thought in Su Lang, clones and avatars emerged out of thin air, and then turned into 3,600 clones!

Immediately after.

Su Lang dispatched these avatars to explore the remote places in the far east.

In the middle of the Xinghai area, the distance between Emperor Wudi-class life planets is generally hundreds of thousands of light years.

But in remote places, life planets are very rare, and one cannot be found far away.

Even if Su Lang had more than 3,000 Great Emperor-level clones continuously dispatching and exploring, it took three full minutes! !

Uh... three full minutes...

An ice blue planet appeared in the vision of a clone.

Su Lang immediately used the clone to replace it and came outside of this planet.

This is a planet smaller than Canglan Star, and it is icy blue, and even the atmosphere is like ice fog.

"compass!"

Su Lang took out the Xinghai Wanfangyi and asked, "Is this planet in the record?"

"Enlighten Master, not here!"

The Spirit Compass replied respectfully, "This should be a planet that is rarely discovered by outsiders."

[Chapter 1425: Quasi-superior level](#)

"Maybe there is a wish for Li Baoyu."

Su Lang nodded slightly, took the Xinghai Wanfangyi away, and flew straight to the planet.

But the moment he flew into the atmosphere!

"Where is the evil demon outside the territory, dare to break into my Feixuexing!"

A cold violent shout came from the planet, with endless anger and fighting spirit!

"Ok?"

"Quasi Supreme Emperor level powerhouse!"

"This extremely remote planet has a quasi-superior emperor level unexpectedly?"

Su Lang's eyes widened and he was surprised. He really felt a bit weird.

After all, Su Lang, a quasi-superior-level powerhouse, has now encountered two of them, and they are both awesome.

One is Qi Yunkai, a strong man who has returned from the land of exile, and the other is Yuan Sanlin, the patriarch of Cicada Dragon who has just been subdued.

But this little-seen Feixue star also has a Quasi-Great Emperor level!

Just when Su Lang was surprised.

A perfect figure with muscles like a majestic man carved from marble rose into the sky, standing not far from Su Lang among the endless snow.

This person is surrounded by terrifying power of the Great Dao, and there are many more types than Su Lang condensed!

A wave of powerful avenue power has stirred up countless rules and anomalies, making this sky extremely gorgeous.

In addition to this, this man has a very strong incense willingness!

"Yes, this is a strong man in the world of harmony!"

"A quasi-great emperor directly unites in the world, which is equivalent to the perfect integration of soul and universe, becoming a quasi-superior-level powerhouse!"

"This is the only way to explain why this little flying snow star can appear as a quasi-superior-level powerhouse."

Su Lang's eyes lit up, and it was the first time he saw a strong man in the Hedao world.

So he immediately opened the opponent's property panel.

[Name]: Mo Jianbai

[Race]: Flying Snow

[Qualification Level]: Unparalleled

[Realm level]: Quasi-Great Emperor (Hedao)

[Attack level]: Quasi-Supreme Emperor

[Defensive Level]: Quasi-Supreme Emperor

[Shenfa level]: Quasi-Supreme Emperor

[Endurance Level]: Quasi-Supreme Emperor

[Spirit Level]: Realm of Kongni (Hedao)

【Mastering Techniques】 : Bingxin Heart Sutra, Aurora Binghua Forbidden Classic (Emperor Level, Consummation), Xuanjing Emperor Linglu (Emperor Level, Consummation), Chen Jin Piaoshuang Ming Axis (Emperor Level, Consummation), Guwen Fengming Swordsmanship (Emperor Level, Dacheng)...

"The realm level is still the Quasi-Great Emperor level."

"Moreover, there is no emperor-level technique in the exercises."

"Sure enough, this is a quasi-great emperor who possesses quasi-superior-level combat power through Hedao."

Su Lang looked at the invisible attribute panel and nodded slightly in his heart.

However, he is not insignificant, this person is equivalent to the perfect fusion of soul and universe, more powerful than the great emperor whose soul body fusion is perfect!

After all, people control the power of the great avenues of the entire world, and all kinds of avenues are easily picked up.

And also has the incense aspiration power of the entire planet, inherited the incense that the world consciousness has accumulated for countless years, don't be too cruel!

And just when Su Lang was observing nothing.

Mo Jianbai was also observing Su Lang.

"hiss--!!"

"This extraterritorial evil demon is so tyrannical, reaching the same level as me!"

"The key is that he has left his own planet and can still maintain such a combat power. Why is this?"

The wind was blowing, the snowflakes were flying, and Su Lang was staring at him in vain, his eyes were also full of shock.

This is the problem caused by too little knowledge.

In the invisible cognition, there is no way to merge the soul, body, soul and universe. It is the ultimate goal of the warrior to join the world and become the master of the great world.

He didn't even know that the level he was at was called the Supreme Emperor Zhun, above which there were Supreme Emperor and Taichu, and possibly even higher realms.

The quasi-great emperor of the Hedao world cannot leave the Hedao planet, and has been completely tied to the planet, like an earth bound a spirit.

Therefore, when Mo Jianbai saw Su Lang, he was suddenly surprised.

The two looked at each other and were silent for a few breaths.

Su Lang smiled and said, "I can't see Fellow Daoist Bai ahead?"

"it's me."

Mo Jianbai nodded, and immediately said in surprise, "You! You know my name! Who are you, and what is the ulterior purpose of coming to Fei Xuexing?"

[Chapter 1426: Self-esteem](#)

"As long as I have met, I know everyone."

Su Lang smiled, "I came to Feixuexing without any malice, I just want to make a deal with you."

Mo Jian Bai was not easy to deal with, and Su Lang's own time limit for devouring the clone was not too much.

In addition, Mo Jianbai must be too poor to die, and it is useless if he wins. It is very likely that he will not even get the Soul of the Great Emperor.

What's more, the other party is very innocent at first sight and very easy to deceive.

So, if you can't fight, you can't fight.

"transaction?"

Mo Jian Bai looked at Su Lang suspiciously.

"Not bad."

"At our level, only with the same level can we communicate with each other."

Su Lang smiled, "I have a lot of things you need here, and you may also have things I need."

"What I need!?"

"Hehe, I am the master of Feixue Star World, do I want anything?"

Mo Jianbai looked at Su Lang with surprise, and then said very bold words...

"Uh....."

Su Lang's mouth twitched, with black lines all over his head, "You, are you sure?"

"Of course I am sure!"

Mo Jian Bai nodded his head heavily, "Please leave here immediately, I don't need anything!"

"Ha ha."

Su Lang couldn't help but sneered.

"Why are you laughing?"

Don't see Bai's face cold, "If I don't leave, I'm going to do it!"

"Oh, nothing."

"It's a pity that someone will soon be assimilated by the world consciousness and fall completely."

"Moreover, someone must have never taken a great emperor-level pill, never used a great emperor-level weapon, never seen a great emperor-level technique, never played a great emperor-level woman (the last item is deleted)... ."

"Even, someone doesn't know that there is a more advanced realm above our level. Walking out of the planet and going to the stars is the real way."

"Forget it, anyway, someone is unlikely to have what I want, after all, it is too precious, too rare."

"..."

Su Lang turned away with his hands behind his back, speaking in his mouth, as if talking to himself.

The cold-faced Mo Jianbai heard Su Lang's words, suddenly thunderous, and a huge wave rose in his heart!

Because the second sentence that Su Lang said came to his heart.

After becoming the lord of the world, he did feel that his consciousness was strongly affected, and there was no way to eliminate these effects.

If things go on like this, in the end he will completely lose consciousness and head towards the abyss of fall.

After Su Lang's words, Mo Jianbai also choked silently.

It was the first time he heard the word Great Emperor, but he could guess that the Great Emperor should be the level he was at now.

And he really hadn't seen the emperor-level exercises, pills, weapons, etc.

At most, he had a few Great-level stones, and he didn't know how to refine the tools, so he could only put them there to eat ashes.

As for the emperor-level woman, Mo Jian Bai has never seen it!

He couldn't help but feel a little excited when he thought of this, because those emperor-level women were useless at all.

"and many more!"

Mo Jianbai took a deep breath and stretched out his right hand to detain Su Lang.

But Su Lang turned a deaf ear, and continued to move forward, shaking his head and sighing, or letting out a few sarcastic laughs.

"That, fellow Taoist wait a minute!"

Seeing that Su Lang was about to get out of the atmosphere, he couldn't help chasing after him and stopped him not far away.

"what happened?"

Su Lang raised his eyebrows and smiled, "Don't you have everything?"

"Ahem."

Not seeing the white cough, "I don't know what your friend said, but are they true?"

"Is it good to lie to you?"

Su Lang rolled his eyes and walked away in another direction.

"Friends, wait!"

Mo Jianbai stopped Su Lang again, "That fellow Daoist really has those emperor-level pill techniques and weapons!?"

Su Lang dangled his eyelids and glanced at him, "Do you like talking nonsense?"

"Really?"

"Hearing is false, seeing is believing, I want to see and see, and see if what you say is true!"

Mo Jianbai's sarcasm towards Su Lang went in and out of his left ear, and looked at Su Lang with a look of scrutiny.

Although moved by a few words from Su Lang.

But it's hard to see that for a long time, I have regarded myself as the lord of the world and the strongest person in the world, so I am very proud and will not easily and completely believe other people's words.

Besides, is it Su Lang, a stranger from outside?

"Ha ha."

"I talked to you well before, you don't believe it."

"Now that I have stopped me many times, do I really have no temper?"

Su Lang sneered, "Now if you really want to have a long experience, it's not that simple. You have to prove that you have something."

"what!?"

Mo Jian Bai squinted his eyes and asked.

"May Li Baoyu."

Su Lang waved his hand, and an image of jewel appeared.

[Chapter 1427: What a wish Li Baoyu!](#)

"May Li Baoyu!"

"It turns out this thing is called Wishing Li Baoyu!"

Mo Jianbai looked at the precious jade that Su Lang had transformed, and took out a piece from the universe of life, his face showed a sudden realization.

This wish Li Baoyu was exactly the same as what Su Lang had seen from Canglan Star's world consciousness.

There was a strong incense and willingness on it, and even Su Lang was a little dizzy when he saw it.

"Yo."

"You really have it."

Su Lang looked at Mo Jianbai's Wish Li Baoyu, and a deep excitement rose in his heart.

However, he was calm on the surface and did not show his urgency.

"Humph."

"I have nothing!?"

Mo Jianbai sneered, and tossed Baoyu's wish, "I took out the things, it's up to you now!"

"it is good!"

"Then I will let you know about it!"

Su Lang nodded non-committal, and immediately tossed it, a large amount of Great Emperor Grade materials emerged.

I saw a piece of material floating beside Su Lang, slowly turning up and down, surrounded by various rules and anomalies, it was so bright!

Seeing this scene, Mo Jianbai, who was still sneered, couldn't help but instantly widened his eyes: "My Feixue, he actually has so many Emperor-level materials!"

Mo Jianbai himself also possessed some great emperor grade materials, but they were very few, not more than the number of his hands.

But the Great Emperor Grade materials that Su Lang took out at random were as many as tens of thousands!

With so many rare materials appearing together, it is the first time I have seen Bai in this life!

"Don't be shocked."

"It's just a trivial matter."

Su Lang ticked the corner of his mouth and waved his hand again, suddenly a large number of pills appeared out of thin air.

These pills were all made by Su Lang with systematic alchemy and synthesis functions, and they were all of perfect quality.

Some of them are the emperor-level pill, and some are the emperor-level pill.

Compared with the unprocessed materials, the rhyme of these materials is stronger, and the rules and visions they cause are more brilliant.

There was even a trace of medicinal fragrance spreading, making Mo Jianbai dumbfounded, dumbfounded, and drooling.

"Gooooo!"

"Unexpectedly, there is such a perfect and unimaginable pill in the world!"

Mo Jian Bai looked around, only to feel the dazzling array, his eyes are almost full of flowers.

Regarding these rare pill, Mo Jianbai thinks that those emperor-level pill are rare enough, and those great emperor-level pill are not even dreamed of!

"Tsk tsk."

"This is only part, the tip of the iceberg of the pill that I have."

Su Lang smiled faintly, "Next, let you see my weapons."

Talking.

Su Lang took out the Soul Chasing Emperor Palace and Xin Jue Wufeng:

"These two are my Great Emperor Soldiers, the former is the Nine Great Emperor Soldiers, the latter is the Six Great Emperor Soldiers, how about it, haven't you seen it?"

"No... never seen."

When Mo Jianbai saw the two Great Emperor Soldiers in Su Lang's hand, he couldn't help but think of the Seventh Rank Emperor Soldier he solemnly collected, and his face turned red.

"Ha ha."

"Oh, there are other exercises, let me show you too."

The corner of Su Lang's mouth was raised, and once again used a large number of emperor level exercises.

Many of these exercises are synthesized, so they are all original, and the Dao Yun above is not inferior to those of the Great Emperor's soldiers.

In addition, there are a lot of exercises that are not the original, but also contain a strong Taoist rhyme.

The key is that there are many exercises.

Hundreds and thousands of books!

Mo Jianbai has seen so many exercises.

His entire Fei Xuexing's emperor level exercises add up to less than twenty, some of which are still fragments.

"I'm a good boy!"

Mo Jian Bai couldn't help but breathe in cold air, "There are so many exercises in the world, I really am...the frog at the bottom of the well!"

"Tsk tsk."

Su Lang smiled faintly, "Now that I know I'm shallow?"

"understood!"

"It turns out that the world is much bigger than I thought, and the highest realm of the martial artist is not the level I am now."

Mo Jianbai whispered while looking at the densely packed treasures, his eyes were full of complex emotions such as expectation, shock, curiosity, and shame.

"Haha."

"Just know it."

"Now let's trade."

Su Lang smiled, "Wish Li Baoyu can come into my eyes on you, and you can exchange it for a treasure from me."

[Chapter 1428: Su Lang turned into a big flicker](#)

Talking.

Su Lang put away the Soul Chasing Emperor Palace and Xin Jue Wufeng, these two Great Emperor soldiers could not be exchanged.

"May Li Baoyu..."

"Can only change one?"

Unexpectedly, he moved his gaze away from the countless treasures with difficulty, "But I can feel that my wish for Baoyu is higher than yours. How can I just change one!?"

"Ha ha."

"Wish Libaoyu is indeed a rare nose tip, but it is the cohesion of incense and the power of desire."

"You also know that the incense aspiration power is very easy to erode the martial artist and even, under normal circumstances, as long as the slightly smarter Emperor Wu, he will not choose to absorb the incense aspiration power."

Su Lang smiled earnestly, "So, I hope that although Li Baoyu has levels, its side effects are too strong and too significant to sell for a high price."

"Humph."

"We have asymmetric information now, of course, what you say is what you say."

"I'm left here, if I just change one...I won't change it!"

Mo Jianbai closed his eyes and forced himself to stop looking at the precious materials, pills and exercises.

"I'm telling the truth."

Su Lang raised his eyebrows and said impatiently: "Then how many pieces do you want to change?"

"One hundred pieces!"

Without thinking about it, he blurted out.

"A hundred pieces?"

Su Lang gave a shocked expression, "You are robbing the money, you have said that Li Baoyu has a big defect!"

"Uh....."

"Fifty...oh no, thirty!"

Seeing that Su Lang was shocked, he really thought that his offer frightened Su Lang, so he hesitated to bargain for himself.

Little did he know that when Su Lang heard a hundred pieces, he was already happy.

Later, when I saw the price of 30 pieces, I almost laughed.

How could this be so stupid!

"cough."

"Thirty pieces are too much, ten pieces."

"Know that you can choose all of these things."

"I promise that if you take out any of them, you will be robbed of your head. You, make little money without loss!"

Su Lang frowned slightly, and even reached out his hand, pretending to leave with something when he couldn't agree.

"Ten pieces?"

Unexpectedly, his eyes flickered and he spoke quickly, "Fifteen pieces, this is my bottom line!"

"Forget it."

"You are so insincere, it's a waste of time. I'll go to other planets."

Su Lang immediately collected various treasures and turned to leave.

"Wait!"

"Friends, wait a minute!"

"Ten pieces are ten pieces!"

Seeing that Su Lang was gone, he suddenly felt a sigh, secretly wondering if he was dying.

So he quickly retained Su Lang.

"Humph."

"I didn't agree before, now it's not the price."

Su Lang turned his head blankly, and said with a gesture, "Eight pieces, don't pull it down."

"what!?"

"Down again!?"

Mo Jian Bai shocked all over, wishing to slap himself.

Su Lang looked impatient: "If I don't do it, I can leave."

"Okay...Eight is eight."

Mo Jian Bai nodded without tears, and immediately said with a nervous expression, "However, besides the May Li Baoyu deal, I also want to make a few other deals, how about it?"

"Ok."

Su Lang hesitated, then nodded.

Mo Jianbai immediately smiled upon hearing Su Lang's words: "The Taoist friend, please take out those treasures just now!"

Su Lang's expression remained unchanged, and he waved his hand to take out all those things.

"I want this one, this one, and this one...no, no, no, this one, I want this one, oh, so many babies, so hard to choose!"

Unexpectedly, he kept picking up the baby, and couldn't wait to use the avatar technique.

But that would be too shameful.

Time passed slowly.

"Eh."

"I said you have finished your election?"

Su Lang said impatiently, "Pick eight things, are you as long as the ink is so long?"

"It's good soon!"

Mo Jianbai looked at the two babies in his hands, tangled up about vomiting blood, he wanted both, and he couldn't bear both.

"I'll leave if I can't finish the election."

Su Lang rolled his eyes and said, "I shouldn't have come to you."

"Hehe."

"Immediately, immediately!"

Mo Jianbai was ridiculed by Su Lang. Although he was upset, he could only lick his face to please.

[Chapter 1429: Being poor is the original sin](#)

at last.

He selected eight objects.

There are pills, exercises, and refining classics and materials inside. Except for classics, everything else is of the emperor level.

Su Lang glanced casually, smiled inwardly, and nodded on the surface: "Although his knowledge is a bit poor, he chose not bad things."

"Haha."

Bai haha smiled, exulting with praise.

Immediately, he readily handed Wish Li Baoyu to Su Lang.

"What other deal do you want to do?"

Su Lang casually accepted Wish Li Baoyu, and asked lightly.

"I want to use these treasures in exchange for something more."

Unexpectedly, with a wave of his big hand, Bai suddenly saw a lot of treasures in front of him.

It is really a lot of treasures, almost all piled into a mountain range.

unfortunately.

Although these treasures are large in number, they are almost all of the emperor level, and even the quasi-emperor level accounts for a good part.

"That's it?"

Su Lang glanced at a lot of treasures in disgust, "Let's go together, you can exchange for a Great Emperor-level treasure."

"Just one piece?"

Mo Jian Bai stopped doing it immediately, "I also have three great treasures!"

"Oh, I'm sorry I didn't pay attention, so let's go, five pieces."

Su Lang nodded noncommittantly, "In addition, I will give you a set of Emperor-level Incense Dao technique, which may be helpful to your plight."

"Five... OK, so be it!"

Mo Jianbai still wanted to bargain, but didn't dare to accept the price.

"Well, this is the incense technique."

"You choose five more things, and the transaction is complete."

Su Lang took out the incense techniques such as "Feeding All Living Beings", "Baitiandi", "Shantiandi", etc., burned them into copies and gave them to Mo Jianbai.

Now he is no longer the same. It is too easy to burn the emperor level exercises. If it is to burn the emperor level exercises, it will take a lot of effort.

"it is good."

Unexpectedly, he nodded excitedly, and Haw chose five great treasures.

Looking at the remaining cherished baby, Mo Jian Bai was really reluctant, really wanted to have it all, but he was poor.

Being poor is simply the original sin.

"After the election, I will take the things away."

Su Lang waved his hand and put all the things that Mo Jianbai had taken out into the storage space.

"Ugh."

Seeing all his belongings were taken away, Mo Jianbai sighed again.

"gone."

"Goodbye!"

Su Lang showed a faint smile and disappeared from the spot instantly.

Seeing Su Lang running so fast, there was something wrong in Bai's heart, but because he was too excited and excited, he ignored it.

The other side.

Su Lang has directly returned to Canglan Star through the clone replacement.

The moment he fell on the ground, the aura on his body directly dropped to a normal level.

"Your sister!"

Su Lang rolled his eyes and said, "I have chosen something for nearly half an hour..."

Had it not been for the time to swallow the clone, he wouldn't have left in a hurry.

Next.

Su Lang returned to the main city of Hot Summer.

In the Langdi Palace.

"Come and see me."

Su Lang sat on the emperor seat and spoke softly, his voice spreading throughout Canglan Star.

"His Majesty Langdi is back!"

"Oh my God, it is His Majesty Langdi who is back, great!"

"Quickly, go and see your Majesty Langdi!"

"..."

Yan Hengxing, Si Yuxiao, Zhu Lan Zhuxin, Yaochi Yan Fa, Qingqiu Jiaoqin and other old men put down their business and immediately rushed to Langdi Palace.

quickly.

Emperor Su Lang knelt down under his seat.

"I will leave the boundless universe for a while."

"It's not certain when I will be back."

Su Lang looked down at everyone, "During this period of time, you must not relax. I hope I can see you when I come back."

"Yes!"

"Servants, please follow the Lord's teachings!"

The subordinates kowtowed one after another.

"Take all these resources to use, and withdraw."

Su Lang nodded, and rewarded a large number of emperor-level pills. Everyone once again thanked them all, and then disappeared like a tide.

But some of them took the initiative to stay.

Yan Hengxing, Zhu Lan Zhuxin, Qingqiu, Si Yuxiao, Huangfuqin...

[Chapter 1430: Arrangement before leaving](#)

"Why don't you wait?"

When Su Lang looked around, they were all old men who could be named.

"The star swears to follow the patriarch!"

Yan Xingxing knelt on the ground, with his head against the ground, "The patriarch wants to leave the boundless universe, and the stars must go together."

"The same goes for the servants!"

The others kowtow in unison.

"I see your loyalty."

"But the place I am going is a place of exile, you are not suitable to go with it."

Su Lang shook his head and said, "You can cultivate and develop with peace of mind. I have already taken care of the Canglan Star, and there will not be anyone who has no eyesight coming to invade."

Su Lang's tone was very firm.

Although Yan Xingxing and others really wanted to go with Su Lang, they didn't dare to refute and could only remain silent.

"Ok, deal."

Su Lang stood up and reported directly from the place.

When he appeared again, he had come to the tallest incense statue.

Part of the Wuyu tea tree is planted in this statue, and there are 24 Wudi Souls undergoing evolution.

"Very strong incense willpower."

Su Lang walked in the inner space of the statue, the incense around him rushed crazily, but he could not get within an inch of him.

In the sky of the inner space, twenty-four Wudi souls floated.

They have undergone a lot of positive incense aspirations to 'purify', have completely eliminated negative emotions, and become absolutely good people like Xuan Hu.

Of course, Xuan Xuan's subjective consciousness is very strong, and these Wudi souls have no subjective consciousness, but they are like miniature versions of world consciousness.

"The swallowing clone still has half an hour to cool down."

"Since the spirit of Emperor Wu has been 'purified', we might as well set up the 'server' first."

Su Lang stretched out his hand, and twenty-four Wudi Soul fell into his hand.

Immediately after.

Su Lang's figure flashed, and he came to the Five Elements Heaven.

This newly established Five Elements Heaven has already laid out everything for the 'Spiritual Internet' and the 'Transportation Network'.

The only thing missing is the 'server'.

However, through the Sulanfang City and Void Douchao, Su Lang has quite experience in the establishment of virtual reality space.

Therefore, he decided to update and iterate Wuxingtian.

"A thought is formed!"

Su Lang thought, one by one new formations were embedded in the original vacancies.

Immediately, a space similar to Xuyanfang City was established.

Immediately, twenty-four Wudi souls were thrown into it.

These Wudi's souls are almost exactly the same, and once they enter the Five Elements Heaven, they completely merge into one, forming a huge spiritual body.

The spirit body accepted the guidance and change of the formation, and soon became what Su Lang expected.

A huge, completely kind spiritual server appeared!

It is like the "world consciousness" of the Five Elements Sky, which can control everything in the Five Elements Sky and virtual reality space, and serve all the creatures of the entire Canglan Star.

but.

Su Lang did not stop there.

"The Five Elements Heaven will also be admired by people and absorb the power of incense."

"Therefore, in order to prevent the 'server' from being invaded by filthy incense and willingness and turning into a moody or even irrational killing machine, some means must be arranged."

Su Lang thought silently, and immediately set up an incense collection system in the Five Elements Heaven to transfer the incense willingness he collected to the statue.

Immediately, after these incense aspirations have been purified by Wuyu Tea Tree, a part of them will be allocated to the Spirit Server again.

So far.

The entire Five Elements Heaven is complete!

It contains defense and offensive capabilities, and directly brings Canglan Star into the era of globalization!

"My people."

"Wu Xing Tian has updated and iterated, establishing a spiritual internet and a transportation network."

"Everyone can use mental power or personal terminal to connect to the five elements and live online."

"You can build your own special home in the Five Elements Heaven, store private information, communicate with Taoist friends, and you can go anywhere on the Canglan Star through the Five Elements Heaven."

"..."

Su Lang was suspended in the Five Elements Sky, so it spread all over the planet.

This announcement immediately caused countless heated discussions, and the entire Canglan star was completely boiling.
