[Chapter 1441: Su Lang is all ill!](#)

"Oh, I'm willing to produce so many things, Huo Wu really lost his blood!"

"Hmph, what kind of enemy does this old man have? He has never seen rabbits or hawks. He probably fell in love with other people's treasures!"

"Emperor Huowu has produced many things, but he has no sincerity at all. It is okay to ask me to help intercept them, but I must add money."

In the mountain cave north of the Qi Xiaodian, the great emperor of the mountain looked at the message in the jade plaque and showed a cunning smile.

While replying to the message, he left the lair to intercept Su Lang.

Yes, the Great Emperor Shandi was unwilling to let the 'big sheep' run away while arguing with Emperor Huowu.

at the same time.

Emperor Xiao Xiao and Emperor Kunyu had similar reactions.

The four quasi-no-god-classes gathered on Su Lang's only way through the ultra-long teleportation while discussing the price!

Su Lang, who knew nothing about this, continued to move forward.

at last.

A clone was dispatched by Su Lang to the encirclement formed by Huowu and the other four!

"coming!"

"Five Great Emperor?"

"Don't worry, this is his clone!"

"It seems that he is very cautious, and he knows how to use his clone to explore the way!"

"Hide it away, wait for his deity to come over, don't be stunned!"

"Don't worry, my ending cover is a hidden treasure handed down from the wars of reincarnation in the past. It must be a god-level invisible treasure!"

"..."

The emperor Huowu, Emperor Xuanxiao, Emperor Kunyu, and Emperor Shanxi who had negotiated the price were communicating in secret, waiting for the rabbit.

Su Lang did not allow the clone to observe the surroundings carefully because he was in a hurry, and he did not notice the existence of Huowu and others.

next moment.

He uses the clone replacement to exchange positions with the clone.

As soon as he appeared, Su Lang immediately smelled a hint of danger!

"It's not good, someone is ying me!"

"It's probably the old yin from Zhang Sanjiao that I killed before!"

As soon as Su Lang's thoughts turned, he immediately replaced it with a clone, and wanted to leave this place.

It takes time to replace the clone, although it is only 0.1 seconds.

But at the quasi-no-god level, 0.1 second is enough to accomplish many, many things!

"Do it!"

The emperor Huowu rushed out from the dark, with a violent shout, his hands turned into crystals, and he killed Xiang Su Lang fiercely!

Emperor Xiao Xiao, Emperor Kunyu, and Emperor Shanxi are also unambiguous!

They made their strongest blows one after another, and must kill Su Lang!

"Grass mud horses, four!!!"

Su Lang saw that he was squatting in the grass by the four big men, and the corners of his mouth twitched.

However, Su Lang reacted immediately!

"Fengtian with a thought!!!"

With a thought in his heart, Su Lang will pull the leading red-haired emperor into the Nianfeng space, causing a silent effect on the other three!

At the same time, various defensive secrets burst out from Su Lang!

Especially the Aotian God of War Art, countless golden flames lingering and rising, causing Su Lang to dance wildly, his eyes condensed, and the momentum is overwhelming, that special effect is simply against the sky!

Su Lang's defense was fully open, but he didn't intend to be beaten. He folded his hands into swords, and displayed the Hidden Scale Xishou at the very moment of his death!

next moment!

Rumble--! !

There was an extremely terrifying loud noise.

Su Lang and Huo Wu slammed into each other fiercely, exploding countless battle ripples, instantly tearing a large area of space.

In the sky.

The aftermath of the endless battle forms a ring wave, like a violent hurricane blowing around!

Everything I went was razed to the ground, scraping the ground!

A vast crater appeared on the earth, as if it had been hit by an asteroid!

In the battlefield.

Su Lang's firepower is full, and the Great Emperor Huowu has a blow!

Originally, his combat power was already at the forefront of the quasi-no-god class, and coupled with the increase of Hidden Linxishou, the combat power immediately increased!

But the Great Emperor Huowu, only the soul and body were perfectly fused, had not yet entered the stage of soul fusion, and the secret method was no better than Su Lang.

So after a trick...

"Damn, he is so powerful!!"

The emperor Huo Wu directly rushed with blood and retreated madly.

Carrying the terrifying power of Su Lang on his body, the space where he passed was like an old wall peeling off, forming a palpitating spatial gully!

But Su Lang couldn't take advantage of the victory to pursue it!

Because the three emperor Shanxi and others are not the emperor-level exercises that can fight for a long time with one thought.

With just one move, the Nianfeng Space was broken immediately!

Su Lang was exposed to the siege of the four again!

[Chapter 1442: Shifang universe, the power of the world!](#)

"This person is too strong to fight him alone!"

"The four of us must go all out and don't think differently!"

"Take advantage of his and Huo Wu's hard work, let's go together!"

"..."

Without any words, the three quasi-superior emperors who exchanged their eyes instantly reached a consensus, and Qi Qi blocked all the retreats of Su Lang, and the strongest killer move suddenly broke out!

In an instant.

Various rules anomalies erupt, turning the center of the battlefield into a colorful chaotic turbulence!

The three quasi-superior emperor's soul-body fusions are completed, and they have unimaginable terrifying power, one punch is enough to blow up an asteroid!

The terrifying mighty force of such a three-person attack, even if Su Lang's defensive power is bursting, he must temporarily avoid the edge!

For the other quasi-superior emperors, it was too late to escape at this time.

But Su Lang is different!

"Kunlun is invisible!!"

At the moment of the moment, Su Lang launched the Great Emperor-level escape technique!

You know, the side effect of the ordinary great emperor's use of this secret technique is to directly drop a great realm, from the great emperor level to the quasi great emperor level!

From this it can be seen how terrifying the addition of this exercise method to the body method is!

Su Lang, who unfolded Kunlun's invisible steps, immediately got out of the encirclement of the three people including Emperor Shanqi!

next moment.

The attack of the three quasi-superior emperors such as Shanxi Great Emperor fell to Su Lang's original position, causing a terrifying spatial scar!

"what's the situation!?"

"How could he have such a fast speed, ten thousand times faster than shuttle space!"

"That must be a very terrifying secret art of body type, so strong!"

"No, he didn't run away, but went to chase and kill the Great Emperor Huowu!"

"This person's courage is so amazing that he was besieged by the four of us and dare to take the initiative to hunt down!"

"..."

The Great Emperor Shanxi and the others saw Su Lang dodging from his attack, and they suddenly felt very incredible!

Then they saw that Su Lang went after the Great Emperor Huowu, and they were even more unbelievable!

And just when the thought of the three quasi-superior emperors flashed.

Su Lang has come to the front of Emperor Huowu!

"Damn, he is so powerful!!"

The emperor Huo Wu had been reluctant to defeat Su Lang with one move. At this time, seeing Su Lang's unreasonable body speed, his scalp was numb with fright!

At this moment, he was already seriously injured. If Su Lang were to come again, he would definitely die!

Therefore, the frightened Emperor Huowu burst out all his hole cards instantly!

"Burning Lamp Dafa!!!"

"The power of the world!!!"

"Sword of Evil Incense!!!"

As soon as the three trump cards were played, Emperor Huo Wu instantly aged, like a dry wooden stake.

But there was a more terrifying aura from him, and the whole person seemed to have become a humanoid giant planet.

There is also a gray long sword condensed with endless evil and filthy incense, exuding a creepy aura, and it stabs Su Lang fiercely!

"Shifang universe, the power of the world!"

"Kunlun is invisible, hidden scales hunt west!"

Facing Emperor Huowu with all his cards open, Su Lang directly unfolded the power of the Shifang Life Universe!

Suddenly.

An immense power of the world poured into Su Lang, making him faster and the damage even more terrifying!

"This--!!!"

"This person is really perverted!!!"

The Great Emperor Huo Wu also noticed the drastic change in Su Lang's aura, his pupils suddenly shrank, and his heart screamed badly!

But at this time, both sides have attacked with all their strength, whoever dares to retreat will undoubtedly die!

Therefore, even if the Great Emperor Huowu knew he was likely to lose to Su Lang, he could only bite the bullet and brandish the sword of evil incense and slash towards Su Lang!

The next moment.

The sword of evil incense and the sword of Heart Absolute Strike violently collide.

Rumble! !

It was like the sound of the earth breaking apart!

Su Lang's mindless attack of condensed spirit power and the increase of Hidden Scale Xishou, fiercely smashed the sword of incense, and fell on the emperor Huowu!

However, the sword of incense broke directly, and the evil incense's willing force turned into various weird powers, unable to defend against, directly attacked Su Lang's body!

With this move, both sides exchange injuries for injuries!

"Zihua Hengsha, Immortal Emperor!"

Su Lang could clearly feel the horror of the power transformed by the incense, if he didn't use more hole cards, he would definitely not be able to resist it with the Aotian War God Art.

Therefore, he directly launched the two great emperor-level secret methods!

[Chapter 1443: Wait for me to solve this red hair killer Matt](#)

In a flash.

Su Lang's body turned into countless fine gravels, exploding fiercely, like an invisible firework blooming!

The Hengsha he transformed into could not be detected by the naked eye of the Supreme Emperor, so he had to explore carefully with his spiritual power.

But the Great Emperor Huo Wu was already at a loss under Su Lang's attack, feeling powerless, unable to control the broken incense sword.

Therefore, Su Lang easily avoided a lot of attacks by using Zihua Constant Sand!

Even if a small part of the permanent sand of the physical body is destroyed, it can be instantly reborn under the influence of the Undead Emperor!

The two great emperor-level exercises allowed Su Lang to almost avoid 99.9% of his injuries under the full blow of Emperor Huowu!

The remaining 0.1% was restored all at once!

In the end, he didn't suffer any injuries, and only consumed a lot of energy.

Possibility For Su Lang who has the sun, he can sway it at will!

On the other hand, Emperor Huowu.

Although various defensive secrets were also launched, and even a nine-pole defense emperor soldier was taken out, it was unable to withstand Su Lang's damage!

Stabbed! !

The sword of Xin Jue Wu Feng instantly pierced the body of Emperor Huo Wu.

The mental attack erupted, causing the emperor Huowu's soul to be distorted, and the pain was unbearable. The perfectly integrated soul body was affected, unable to exert his peak strength!

Hidden Scale West Hunter erupted, instantly knocking out a big hole in front of and behind the body of Emperor Huowu!

"what--!!!"

Rao Yihuo, the will of the Great Emperor, suffered such a serious injury, and couldn't help but let out a miserable cry!

not far away.

"hiss!!"

"Emperor Huowu is not this person's opponent at all!"

"Two times, two consecutive defeats, if the Great Emperor Huowu meets this person alone, he will definitely die!"

"Yeah, let alone the Great Emperor Huowu, I will definitely lose if anyone is singled out against this person!"

"This person is really powerful enough to be in the forefront of the quasi-superior emperor in the land of exile!"

The three emperor Shanxi, Xiaoxiao, and Kunyu who failed in a single shot couldn't help being shocked, and there was a groan in their hearts. The secret path bit hard bones this time!

of course.

The three quasi-superior emperors wouldn't just give up so easily!

"This person has already exploded with his hole cards. It must be consumed intensively and has unimaginable side effects. I am waiting for the opportunity to come!"

"Yes, the stronger this person is, the higher his status and wealth in the boundless universe!"

"While his secret technique just broke out, let's go!"

"..."

After Shanxi, Xiaoxiao, and Kunyu were defeated, they completed the exchange in an instant, and once again killed Su Lang!

This time they all launched a large-scale attack, covering all tens of millions of miles in a radius, and be sure not to let Su Lang escape!

"Humph!"

"If it is the strongest single attack, I will temporarily avoid the edge, such a wide range of attacks, ha ha!"

"Wait a minute, when I solve this red-haired killer Matt, I will kill you one by one!!"

Su Lang sneered in his heart, revoked the Secret of Self-Human Sand, and changed back to human form! next moment.

He once again used Kunlun invisible steps to kill the terrified Emperor Huowu!

"Burning Lamp Dafa!!"

The Great Emperor Huowu dared not ignore Su Lang's attack on the friendly forces.

This secret technique at the expense of life span is very scary, but the effect is also very good.

After the display, the injuries on the Huowu Great Emperor's body immediately disappeared, and the combat power returned to its peak!

however.

He has already lost to Su Lang once in his peak state, how can he counterattack the second time! ?

Thorn Lala!

Su Lang's hand-centered Absolute Edge Longsword pierced the void, dragging a long black tail, and instantly fell on the emperor Huowu.

Puff!

Although the Great Emperor Huo Wu resisted with all his might, he was still severely injured by Su Lang, and his body almost became two pieces!

However, the ranged attacks of the three of Shanxi, Xun Xiao, and Kunyu fell on Su Lang, and also severely suppressed Su Lang from the sky to the earth.

Rumble!

There was a loud noise, and the land centered on Su Lang sank five thousand feet, turning into a giant basin!

The entire basin has formed a variety of crystal clear ores because of the tremendous pressure!

Su Lang was suppressed deep underground!

But the three-person range attack could not form a fatal attack on Su Lang.

[Chapter 1444: The world's death means reappearance!](#)

"boom!!"

A violent explosion sounded from the ground, and Su Lang carried endless rubble and smoke into the sky, like an underground volcanic eruption!

I saw a trace of blood spilling from the corner of his mouth, but his expression was still indifferent.

After breaking out of the ground.

Su Lang still turned a blind eye to the three people including Shan Qi, and went straight to kill the Great Emperor Xiang Huo Wu. He was determined to defeat them one by one!

"boom!!"

The Great Emperor Huo Wu, who was already seriously injured, was hit by Su Lang again. His body was riddled with holes and rags, and he was about to fall apart!

"Lan Lan, Lan Lan, Lan Lan!!"

"The three of you, Shanxi, Xiaoxiao, and Kunyu have not played the cards!!"

The emperor Huowu was desperate, and he continued to use the secret technique of burning lamps when he screamed, consuming his life crazily to maintain his life!

And this kind of secret technique consumes a full 100 million years of life!

The quasi-no-god-class generally has a life span of 2 billion years, and the emperor Huowu has already walked halfway. If he frequently uses the lamp burning secret technique, he will die of old age!

"I have to have all the cards in my hole, and I can't let this person defeat us one by one!"

"But this person is too fast, our single assault can't hit at all, and the range attack is of no avail. He must first limit his range of action!"

The three quasi-superior emperors Shanxi, Liaoxiao, and Kunyu have reached a consensus and immediately unfold the universe of life and release the power of the world!

In addition, there are a lot of explosive secret techniques, and they are no weaker than the Great Emperor Huowu, who uses Lanlan Dafa.

The breath of the three quasi-superior emperors skyrocketed, triggering the eruption of the rule of thousands of miles, turning the whole world into a quagmire of energy!

Immediately after.

The three of them each occupy one side, surround Su Lang in the middle, and at the same time perform blockade secret techniques!

"The Secret Art of the Star Prisoner of the Mountain!"

"Space Convergence Dafa!"

"Secret of the Dark Vortex!"

Three great emperor-level secret techniques all appeared together.

Suddenly, the ground that had sunk five thousand feet and turned into a crystal clear ore basin suddenly rose up from ten thousand high mountains, and the peaks of the mountains closed in the clouds to form a fortress-like cage!

The space in the cage was folded layer by layer, forming a series of weird and twisted fish-scale waves, spreading towards Su Lang from all directions!

More dark auras condensed and turned into black whirlpools, flooding the cages, swallowing all living things like quicksand in the desert.

With these three quasi-no-god tiers joining forces, Su Lang's range of action was immediately limited to a thousand miles, and it was still being narrowed!

But Su Lang's expression remained unchanged, the clouds were calm and breezy, and he constantly wielded terrifying attacks.

Emperor Huowu was miserable.

He has performed the secret technique of burning lamps six times in succession, consuming a full 600 million years of life, and is about to reach the end of his life!

Moreover, the Great Emperor Huowu was also sealed by the Great Emperor Shanqi and the other three together with Su Lang, and his intentions were not sinister!

"Lao Shanxi!"

"Xiao Xiao Miscellaneous!"

"Kunyu old dog!"

"You want to kill me together!!!"

The Great Emperor Huowu sensed his own crisis, and he was so frightened!

Immediately after.

"Fellow Daoist, stop"

"The three of you will kill me. We should abandon the previous suspicions and join forces to fight back!"

While desperately resisting Su Lang's attack, he shouted to Su Lang: "As long as the two of me work together, we will be able to stop them!"

"Friend Huowu Daoist, you misunderstood!"

"We will let you out now!"

"Huo Wu Dao friends don't think about it!"

The eyes of Emperor Shanxi and the others flashed, immediately relieved Emperor Huowu.

They had really planned to kill the Great Emperor Huowu before, but the other party already has a tendency to join forces.

If the other two are really allowed to join forces, they will get nothing.

Therefore.

The three emperor Shanqi immediately gave up their unrealistic plans and used secret methods to separate the emperor Huowu!

But at this moment!

"Universal Annihilation means!"

Su Lang launched the most terrifying attack without warning!

In an instant.

A force that caused the collapse of space, the collapse of heaven and earth, the destruction of everything, and the despair of the Emperor burst out!

Wow! !

The torrent of terrifying energy followed Su Lang's finger gently, and instantly flooded Emperor Huowu!

Then broke through the triple seal, and hit the stunned three of the three people!

[Chapter 1445: The death of Emperor Huowu!](#)

"Dafa!"

The emperor Huowu, who was the first to take the brunt, couldn't take care of everything, and once again used Lanlan Dafa.

However, under the guidance of Su Lang's full card and the world's nirvana, his struggle was in vain!

The terrifying torrents of energy contained the power of countless great avenues, consuming the body of Emperor Huowu crazily.

"No, don't kill me!!"

"I know I was wrong, Daoist friend spare my life!"

The Great Emperor Huowu completely lost the heart to resist, and he made a stern begging for mercy.

But Su Lang was not interested in this quasi-no-god-class who was about to die of old age at all, and did not intend to accept him as a subordinate.

After just one second.

The emperor Huowu was wiped out in the world's nirvana!

"Ding! You have the Soul of the Supreme Emperor*1, the Daojing of the Great Emperor*1, the Universe of Life*1, the Wall of the Great Emperor's Soldiers Rejecting the Sky (broken)*1, the Supreme Xianyuan*16985689..."

"Ok?"

"Didn't this person use incense? He didn't even leave behind the incense avenue?"

Su Lang's thoughts flashed, and he soon tossed it aside. The top priority was to deal with the remaining three enemies.

On the occasion of the death of Emperor Huowu.

The three emperor Shanqi and others were also within the attack range of the Universe Nirvana Finger.

Even if the attack they have suffered has been partially offset by the prisoner star, space accumulation and dark vortex, it is still very terrifying!

The three emperors of Shanxi had to display all their defensive cards and paid a great price to block the impact of the Universe Annihilation Finger.

At this moment.

Annihilation in the universe means that the torrent of energy is gradually weakening, and Emperor Shanqi and others finally stabilize their figures.

The three were standing in a tripod floating in the sky. They all looked towards the center and saw Su Lang at a glance!

Then the three of them were dumbfounded, surprised and delighted.

"He didn't run away!!"

"With such a terrifying secret technique, the consumption is almost deadly enough, he didn't even escape!?"

"Perhaps it is because of the excessive consumption that he has been unable to escape!"

"Yes, that must be the case, otherwise he cannot escape!"

"Walk around, it's time to harvest!"

"..."

The three emperor Shanxi communicated secretly, and rushed towards Su Lang in the next instant, be sure to kill with one blow!

But at this moment!

Wow!

One by one, perfect quality of the Emperor-level pill appeared out of thin air, and then was swallowed by Su Lang!

"what!?"

"I am not wrong, right!?"

"What he ate was the Great Emperor Grade Pill!!"

"Each of those pill is more perfect than the pill that I have seen in my life, and I cherish it more, he even swallowed at least a hundred in one breath!"

"Violence against the heavenly things, against the heavenly objects, if you give me such a precious pill..."

"Quickly, it takes time for him to refine the pill, I will kill him quickly, don't give him a chance to breathe!"

"This person is too rich, too rich, hahaha, hahaha, kill kills!!"

"..."

Shanxi, Xiao Xiao, and Kunyu saw the pill that Su Lang had eaten. They were so distressed that their internal organs were trembling, and they were almost stupid with joy at the same time!

Simultaneously.

The three of them moved faster, and they rushed to Su Lang without a millisecond.

next moment.

The three of them all worked together and once again began to perform the secret technique of blockade and imprisonment.

And Su Lang, who used the Universal Annihilation Finger, was indeed empty in his body, but his recovery ability could not be calculated by common sense!

He not only has a steady supply of energy from the sun, but also has a one-key practice function that can instantly refine the pill and replenish energy.

In an instant.

Su Lang recovered a lot of energy.

Although this part of energy is not a lot, it is more than enough to use Kunlun's invisible steps.

"Kunlun is invisible, hidden scales hunt west!"

As soon as the two great secret techniques came out, Su Lang immediately broke out at the fastest speed.

But he did not choose to attack, but to retreat strategically.

After all, he attacked at this time, and most of them could not cause fatal injuries to the enemy, but would be entangled.

The safest way is to run to the side to take a few breaths, and then call back!

At this moment.

Su Lang exploded at the fastest speed, and immediately disappeared from under the noses of the Great Emperor Shanqi and the others!

"what!?"

"He can burst out so fast!"

"He is desperately trying to catch up, he will definitely not be able to hold it!"

"..."

Shanxi, Xiaoxiao, and Kunyu immediately concluded that Su Lang had performed some kind of self-harming explosive secret technique, and while horrified in his heart, his sneer became more vigorous!

In their opinion, the more Su Lang struggles, the faster he will die!

[Chapter 1446: Eyes are so greedy!](#)

"chase!"

The figures of the three of them did not pause, and they chased Su Lang frantically.

"Chasing the soul!"

"Immediately expand the shielding ability!"

On the way to the strategic retreat, Su Lang took the time to take out the Soul Chasing Emperor Palace and flew in as Hengsha.

"Yes!"

Chasing Soul instantly opened the shielding function.

Suddenly.

Su Lang disappeared directly from under the noses of the three others!

Not only the people disappeared, but even the breath disappeared!

"what's the situation!!"

"This...what secret technique is this, I can't see it through!?"

"It's not a secret technique, it's an emperor's soldier comparable to mine!"

"Hurry up and launch a range attack. Even if you can't kill him, you must find out where he is!"

"..."

Shanxi, Xun Xiao, and Kunyu immediately began to perform the largest range of attacks.

Countless energy spread out from the three of them, covering the sky and the sun, and earthshaking!

Although these forces cannot be aimed at the godless level to produce a threat, they are tantamount to destroying the world for weak creatures.

I saw the three people's range attack wherever they passed, and all the creatures died!

An intelligent race with a wide range of personalities instantly extinct the whole race, and there is no chance for even the slightest resistance!

Su Lang has a hidden figure in the Soul Chasing Emperor Palace, and he doesn't have to worry about being discovered.

After all, the shielding and hiding ability of Soul Chasing Emperor Palace can't even discover the mysterious and weird Chaotic Origin Tianyu Ding.

How could this mere range of attacks expose the Soul Chasing Emperor Palace! ?

"Damn it! No trace of the other party can be found at all!"

"This person's Great Emperor soldier is very powerful, and the shielding ability is not worse than mine."

"Damn, he must have escaped by this time, we can be regarded as empty."

"No, not necessarily! I caught a glimpse before and found that the Emperor Soldier used by this person was not a godless class!

It can have such a powerful shielding ability, there must be shortcomings!

Once many of the shielding and hidden types of Great Emperor's soldiers are deployed, they cannot move. This person may still be in place! "

"Do it!"

Seeing that the range attack could not be achieved, the three exchanged in an instant, and then attacked again.

This time, he attacked the place before Su Lang disappeared.

"Ouch, I was found!?"

Su Lang's expression was startled, his eyes rolled, and he immediately dispatched an avatar far away.

Apart from the aura, everything about this incarnation is exactly the same as Su Lang.

The incarnation was not yet fully condensed, and it was noticed by the engrossed Emperor Shanqi and others.

If Emperor Huowu was still alive, he would definitely suspect that this was Su Lang's clone.

However, Emperor Huowu deliberately didn't tell the three emperor Shanqi and others in order to swallow this unusually defying 'clone secret technique'.

Therefore, the Great Emperor Shanxi and others did not know that Su Lang had many clones.

At this moment.

After the clones are fully condensed, they immediately use various secret techniques to flee wildly!

"It's him!"

"He is not in the same place, he is already far away!!"

"His breath is very weak, it has been reduced to the Six or Seven Great Emperor, it is the end of the force!"

"Quick, catch up!"

"..."

The great emperor Shanqi and the three others were immediately attracted to their attention, forcibly accepted the attack, and chased the incarnation when they were crazy.

And Su Lang temporarily hid in the Soul Chasing Emperor Palace to continuously restore energy.

Even if he didn't take a large amount of the emperor-level pill, his recovery speed was unimaginable.

If the general quasi-no-god level completely consumes the energy of the whole body, it will take ten and a half months to fully recover.

But Su Lang is different. In such a short period of time, he has recovered by half!

far away.

The three emperor Shanxi are like cats that have seen a mouse, their eyes brightened, chasing Su Lang's incarnation like crazy.

During the period, the three even had a faint suspicion, separated from each other a certain distance, and started a speed race!

The avatar's body level is only the sixth great emperor, and it is soon overtaken by the three, and is imprisoned in the air with secret methods!

"Fellow."

"By now, you have no possibility of escape."

The Great Emperor Shanxi looked down at Su Lang condescendingly, "In order to avoid the suffering of torture, you still have to hand over your everything."

"Not bad."

Great Emperor Xun Xiao smiled, "You and I are also fellow daoists of the same level. If you don't have to be a last resort, I won't insult you."

"Hurry up and hand over everything."

Kunyu's face was cold, "Otherwise, you will be at your own risk!"

[Chapter 1447: A charming smile!](#)

The three emperor Shanqi and the others surrounded Su Lang's clone incarnation, looking salivating.

Seeing this scene, Su Lang laughed secretly in his heart.

And Su Lang's clone avatar said indifferently: "I'm just a clone avatar, it's useless if you kill me, I have nothing!"

"Cavatar?"

"Hmph, whose clone can have the strength of the Six Extreme Seven Great Emperor!?"

The Great Emperor Shanxi sneered, "Stop talking nonsense, and quickly hand over all your treasures, otherwise we will have to do it!"

"Not bad."

"Hurry up and hand over things!"

The emperors Xun Xiao and Kunyu looked impatient, and they seemed to be unable to wait.

"Ugh!"

"You don't believe me how to say it."

The avatar avatar shook his head helplessly, "Well, hearing is not, seeing is believing, you will know by looking over there!"

With that said, the avatar avatar pointed to the junction of heaven and earth!

"Humph!"

Emperor Kunyu sneered, "Don't want to distract us!"

The other two emperors also sneered again and again.

However, the three of them still pulled out a trace of mental energy and looked in the direction the avatar was pointing.

This look.

Suddenly the three of them were dumbfounded and dumbfounded!

Because they saw another Su Lang who was on the run!

It was exactly the same as the one surrounded in front of him, and it was also the breath of the Six Great Emperor!

This one is of course the second clone incarnation released by Su Lang.

"what's the situation!?"

"The second person appeared!"

"This, this, is it really just a clone in front of you!?"

"Close to the clone of Seven Great Emperor in all aspects? What secret technique can do it!?"

"I heard that a secret technique can divide one's own deity into three avatars, each of which can retain very powerful combat power. That person should have used this secret technique!"

"Hey, don't worry, hurry up, separate someone to chase, no matter which deity is, you can't let it escape even with a single hair!"

"Leave one person to watch this person, who will catch that person with me!?"

"..."

When the three emperor Shanxi and others were horrified, they exchanged quickly.

Immediately after.

The Great Emperor Kunyu stayed behind to watch the first incarnation of Su Lang, the Great Emperor Shanqi and the Great Emperor Xian Xiao immediately set off to chase and kill the second incarnation!

At the same time, the three of them did not forget to search around frantically to prevent the first two from being smoke bombs, and the deity of Su Lang would take the opportunity to escape!

But Su Lang heard the unconcealed exchange between the three of the three emperors in anxiousness, and his expression suddenly moved.

Because he really has a technique that can transform himself into three individuals.

This exercise is called "The Three Transformations, Three Body, Three Lives Secret Technique", and it is a synthetic emperor-level exercise.

But Su Lang had the function of dispatching clones, so he didn't like this technique at all. After being synthesized, he was thrown aside.

Unexpectedly, this technique was very similar to the clone technique used by the Great Emperor Shanqi.

"Maybe, you can use this layout!"

The corner of Su Lang's mouth hooked, revealing a charming smile.

The other side.

The speed of the Quasi-Supreme Emperor is terrifying.

Although Su Lang's second avatar went all out, he was quickly caught!

"Really exactly the same as the first person caught!"

"This person is very likely to possess the legendary technique of transforming one into three clones!"

The Great Emperor Shanxi and the Great Emperor Xun Xiao trapped the second avatar sent by Su Lang, and their faces showed shock and surprise.

And just now.

The avatar surrounded by them laughed and said, "You have caught the wrong person again. I am also a avatar. Our deity has run away!"

"what!?"

The eyes of Emperor Shanxi and Emperor Xun Xiao shrank, and their expressions sank.

Then they immediately discovered that near the limit of the detection range of the mental power, there was really a Su Lang running away frantically!

The third one was of course the avatar sent by Su Lang.

It's just that this avatar flees, while frantically taking out all kinds of pills to eat.

The cherished pill was eaten by the avatar one by one, and the great emperor Shanqi and the others felt distressed.

At the same time, they immediately cast aside most of their doubts, believing that the third one is Su Lang's deity!

"I'll chase, you stay!"

Great Emperor Shanxi and Great Xun Xiao changed their minds and shouted in unison.

Then the atmosphere became more embarrassing...

[Chapter 1448: Secret Technique of Three Transformations and Three Lives!](#)

Of course, the two would not fight because of this, and missed a great opportunity to pursue.

As a result, there was a PY transaction between the two of them, and the result was that the Great Emperor Shanqi was chasing them.

Immediately after.

"Hahaha!"

"This must be the deity, I will make a lot of money!"

The great emperor Shanxi chased him out like a chicken blood.

The Great Emperor Xiao Xiao was in a mixed mood when he saw this scene, while the Great Emperor Kunyu looked dark. From the current point of view, he has not received any benefit at all.

Simultaneously.

Su Lang, who was hiding in the dark, looked at the sordidness between the three, while quickly regaining energy.

At this time, the energy in his body was about to return to its peak state.

far away.

The great emperor Shanqi came out with all kinds of secret techniques, and soon caught up with the third avatar sent by Su Lang.

And this clone avatar received Su Lang's order, showing a posture of stubborn resistance rather than death.

Boom boom boom!

After the clone avatar was overtaken by the Great Emperor Shanqi, he continued to attack, swaying all kinds of secret techniques desperately.

But the Seven Great Emperor's attack level was like a tickle to the quasi-no-god level, and it was useless at all.

"Hahahaha!"

"This fellow Taoist, this is the end of the matter, so just give up resistance!"

Seeing the avatar incarnate constantly resisting, the great emperor Shanqi was suddenly so excited that he was almost certain that the third one was really the deity of Su Lang.

After some struggle.

This third avatar was very expensive, with an expression of anger and despair on his face.

"Okay, really stop struggling, it's useless!"

The great emperor Shanqi has an arrogant look in control of everything, "Hand over the treasures on your body, and I will leave you a whole body!"

"Wait!"

In the distance, Emperor Kunyu finally couldn't help shouting, "Emperor Shanxi, I can only win this person by working together. You can't take the victory alone!"

"Not bad!"

Emperor Xun Xiao also rolled his eyes and shouted, "Emperor Shanqi, the benefits you gave me before are far from enough, I'm not convinced!"

The dissatisfaction of the two great emperors is about to cause infighting!

The great emperor Shanxi glanced over the great emperors Xunxiao and the great Kunyu, and the expressions on their faces were uncertain, as if opening a dyeing workshop.

But he knows that he can't fight inward at this time.

Otherwise, once the Great Emperor Xuan Xiao and the Great Kunyu jointly deal with it, he may not be able to keep the spoils in his hand.

Therefore, it is better to separate some benefits and eliminate the risks invisible!

"Don't worry, two!"

"Is the Great Emperor Shanxi the kind of person who eats alone!?"

The Great Emperor Shanxi laughed, "You quickly kill the two clones, come and share the results with me!"

This statement came out.

The emperors Xun Xiao and Kunyu suddenly stretched their brows and their complexions eased.

Immediately after.

The two were about to kill the avatar of Su Lang under their control.

But at this moment.

"Do not kill me!"

The two avatars shouted in unison!

"Humph!"

"Two useless clones, kill them if you kill them!"

Great Emperor Xun Xiao smiled coldly, and was about to do it soon.

"stop!"

"The Great Emperor Shandi guessed one thing correctly, that is, we are all differentiated from the deity using the "Three Transformation Three Body Three Lives Secret Art"!"

"We have inherited part of the deity's character, part of the combat power, and part of the property. In a sense, we are all the deity!"

The two avatars showed extremely nervous expressions, explaining in a hurry.

"Three Transformation Three Body Three Lives Secret Art!?"

The Great Emperor Xun Xiao was horrified, "There is such a secret technique!?"

"Part of the character of the deity inherited separately!?"

"It's no wonder that these three people clearly have independent personalities and thoughts. It is impossible for the clone to maintain independent thinking with other clone secret techniques!"

"It is precisely because of this independent thinking that the first two clones made some unreasonable actions.

—Remind us that there are other clones, and even pointed out the direction of escape! "

"All of this is due to jealousy, resentment, unwillingness to cause trouble in independent thinking!"

"In this way, what these two people said is true. They have split into three independent individuals, all deities!"

The Great Emperor Kunyu murmured while filling his brain, with an extremely excited expression in his eyes.

[Chapter 1449: Happiness comes too suddenly!](#)

Happiness came too suddenly!

Originally, he thought the clone he had grasped was worthless.

But now I find that this is also a deity, and has inherited part of the wealth of that quasi-no-god class!

How could he not be excited about this? How can you not be excited?

suddenly.

"and many more!"

The Great Emperor Shanxi suddenly yelled, "You two said that you are both deities and have inherited part of your wealth. How do you prove it?"

"Yes!"

Emperor Xun Xiao sneered, "How do you prove it?"

"Haha, it's very simple."

The Great Emperor Kunyu laughed and said, "As long as you can get valuable treasures, you can prove it!"

This statement came out.

Su Lang's three clone incarnations suddenly sank.

"It's okay for me to take out the treasure."

One of the avatars incarnate said, "After you get the treasure, you must let me go safely, and you can't chase it."

"me too."

The second avatar also said immediately, "After we hand over the treasure, you must let us leave safely, and you must not chase us down."

"Naive! Childish!"

The third avatar sneered, "I hope they let you go, it is better to expect the dog not to eat shit!"

"To shut up!"

The great emperor Shan Zi roared in a low voice, and the powerful quasi-no-god breath pressed on the body of the avatar, causing it to creak.

However, the third avatar pierced through the last layer of membrane, revealing the end of the three avatars' definitely dead'.

"It's really impossible to let you go."

Emperor Kunyu showed a sincere expression, "But I can guarantee that I can give you a decent way to die and have a thick burial. I can also satisfy you with other conditions that are not excessive."

"I won't let you go."

"But, I can promise you to build an incense ancestral hall for you, and send you on the road when there is enough incense."

Emperor Xiao Xiao looked at the avatar he grabbed, "This way, you can be reborn. This condition is very relaxed, right?"

"I can promise you both of them."

The Great Emperor Shanxi looked at the third avatar incarnation and said lightly.

"Humph."

A avatar sneered and said, "The best ending is not to be your prisoner."

The three emperor Shanxi were silent, they could not give better conditions,

"Ok."

"If it is these two conditions, I agree."

One avatar sighed, his eyes were dull, and his face laughed at himself, "I didn't expect that I was in the Xinghai domain, but I won't live here for ten days."

"The world is so cruel."

"Emperor Huowu regrets losing to the hands of fellow Taoists, and he is immediately destroyed."

The Great Emperor Shanqi smiled and said with emotion, "And fellow Daoists are sorry to lose the hands of the three of us. Although the defeat is honorable, but I can still embark on the incense road, the ending is already very good."

"Man of few words."

"I hope you keep your promise."

While talking, the first avatar took out something-the nine-great emperor's army Tianzhu eight-sided shield.

"This is the Nine Great Emperor's Heavenly Armor and Eight-sided Shield."

"Its characteristic is that it can block any attack close to him, without exception."

"It's a pity that its level is a little lower, and the deity didn't use it."

The avatar lowered his head, and introduced in an unlovable tone, "However, I inherited the master's refinement skills.

If the cultivation base and materials are sufficient, it is enough to refine a quasi-godless weapon. "

Hear this.

"Nine Great Emperor Soldiers!!"

"Furthermore, you have inherited the skill of refining, you can refining a quasi godless weapon!"

"Oh, you said so early, fellow Daoist, you have such superb refinement skills, how can I kill you!?"

The Great Emperor Kunyu instantly showed ecstasy, and immediately took the Tianjia Eight-Edged Shield into his hands.

A pair of eyes stared at the avatar who was trapped by him, his heart beating frantically, almost exploding.

The Great Emperor Kunyu has decided not to kill this avatar at all, but to put it under house arrest and provide a delicious and delicious offering, and let him refine weapons for himself.

Not to mention using it for yourself, if you refine it and exchange it for cultivation resources, it's a big profit!

[Chapter 1450: Stupefied as a wooden chicken!](#)

"what!?"

"The first clone actually inherited the Ninth Great Emperor Army!?! And also inherited the refining skills! Their deity was originally a great emperor-level refining master!"

Emperor Shanxi and Emperor Xun Xiao immediately jealous.

Although they also have their own emperor soldiers, and the Great Emperor Shanxi also has a quasi godless ice, the value of a nine-great emperor soldier is already considerable!

The most important thing is that the clone has inherited extremely advanced refining skills, which is of greater value!

You know, because of the scarcity of materials in the place of exile, there is nothing for refiners to practice, and advanced refiners are very rare.

The characteristics of the exile place determine that battles are more likely to occur here, and weapons are even more important.

The value of the crafting master has also risen and become more noble!

But now, Emperor Kunyu is so lucky, the clone he caught inherited the profound refining attainments.

Looking at Emperor Kunyu's pleasantly surprised look, Emperor Shanqi and Emperor Xun Xiao could hardly wait to grab someone!

And at this moment.

"What's so strange about refining tools."

"There are some great emperor-level perfect pill."

The second clone suddenly sneered and took out a bunch of pills: "In addition, I have inherited the alchemy skills of the deity, and I can refine the emperor-level pills of perfect quality!"

Looking at the great emperor-level pill on the ground.

Listening to the trembling words of the second avatar.

The emperor Xun Xiao, who was extremely jealous, shook his whole body instantly, and his face bloomed with a smile like a flower.

"Yeah!"

The Great Emperor Xian Xiao was so excited that he was almost incoherent, "Daoist, rest assured, I will never kill you, you will be my good brother from now on!"

When this scene came out, Emperor Kunyu suddenly felt that although the clone in his hand was still very fragrant, it was not the most fragrant.

Compared with fighting, cultivation is the eternal theme of the exile. Every warrior wants to climb the ladder of realm crazily and be the first person!

The refining pill is just a means to maximize the effect of cultivation resources.

With a powerful alchemist, his cultivation speed will be crazy doubled.

At a higher level, you can get more powerful, your own mighty power, which is not comparable to foreign objects!

At this moment.

See that both Emperor Xuan Xiao and Emperor Kunyu have reaped great results.

The face of the great emperor Shanxi turned black to the bottom of the pot instantly!

Among the three, he was faintly standing in the position of the boss, but at this time he was stunned, lost face, and suddenly the boss was upset.

Fortunately at this moment.

"Ah ha ha!"

The third avatar laughed, "What are weapons and pills? Cultivation is the right way, look at this!"

As soon as the voice fell, the great emperor Shanxi turned his worries into joy, and the attention of the great emperors Xiao Xiao and the great Kunyu was also attracted.

Immediately after.

They saw the third avatar shook his hands, expelling pieces of gadgets from the wide sleeves.

But it was these gadgets that made the eyes of the three emperor Shanxi fall out in an instant!

Because these exercises are all the original exercises, not only emperor level, but also great emperor level.

All the exercises add up to a thousand!

at this time.

More shocking words came from the third incarnation:

"Do you know where these exercises originally came from?"

I won't sell it, let me tell you, it was created by the deity himself!

And I happen to inherit the amazing talent of this deity, unparalleled intellect talent!

I am very good at comprehending rules and cohesive avenues. I have comprehended many unfamiliar rules that you have never heard of!

What I am better at is comprehending the exercises. I can comprehend a exercise in a very short time, and innovate and create stronger exercises!

For example, this "Secret Technique of Three Transformations, Three Body, Three Lives" is my own original technique.

It's a pity that this technique is still a bit short, the split clones have independent wills, and even naturally hate each other, otherwise I won't let you catch them. "

Looking at a lot of exercises, listening to the words of Su Lang's avatar.

The three emperor Shanxi and the others were shocked and motionless!
