[Chapter 1491: Is he bragging seriously?](#)

"Wow!"

"That's it!"

Chu Xiaobei Ji Ruxue and Murong Xianxian listened, and they were completely relieved.

Although Youzhi looked unbelieving, Chu Xiaobei and others didn't say much, and she couldn't mention it anymore.

However, the slightest uncomfortable feeling in her heart let her snorted: "Also, you haven't lied. Besides, there is actually one more annoyance that I said!"

"Ok?"

Su Lang raised his eyebrows, "Talk about it."

"I know that you have great magical powers, and I think I can escape the Wushuang host, and I have a little confidence in you."

"However, the Wushuang poster has a supreme wishful lamp!"

"This Supreme Emperor's soldier has the characteristics of wishful change, almost similar to the strength of wish!"

"So it has a variety of incredible abilities, including the ability to chase."

Youzhi smiled softly, "As long as the original Wushuang master gets your breath, he will definitely find your trace and location."

"Is the Supreme Emperor Soldier? It is indeed very powerful."

Su Lang recalled the weird candlestick phantom when he was fighting Qiao Zhenzhen before, and he nodded solemnly.

He has the weapon recognition function, knowing that it is a special kind of talisman, cast with the strength of the Supreme Emperor's body.

But just that little bit can easily block his attack in the limit state!

And this thing can be used not only for defense, but also for offense, and it can also form various auxiliary capabilities, which I have to say is really powerful.

Youzhi smiled and asked: "Now that you know this, do you still think you can escape from the Wushuang host?"

"Even if he can determine my position, whether he can catch up with me is still a question."

"And don't just keep your mouth shut even if you flee, this is called a strategic shift!"

"The Wushuang landlord hates me and has the Supreme Emperor's soldiers. Only by killing them can I feel at ease."

Su Lang said indifferently, "So, I won't always transfer, as long as the strength is enough, I will return a shot and kill him!"

"Waiting for enough strength?"

"That would have to wait for hundreds of millions of years!?"

"With such a long time gap, did the original Wushuang host chase you to death?"

Youzhi rolled her eyes lightly, her face full of disbelief.

"Hehe, how many million years to wait?"

The corner of Su Lang's mouth twitched, "Let me tell you, I can kill him in a few days!"

"puff!"

"How many days!?"

"The Wushuang original poster has entered the soul-body fusion for 500 million years. You want to catch up with his strength in a few days. How can it be possible!?"

Youzhi looked at Su Lang suspiciously, as if looking at a silly roe deer who didn't understand anything.

But Su Lang also looked at Youzhi with the eyes of a silly roe deer: "The world is huge, and you don't know many things.

These things are also difficult to explain clearly. When you see it with your own eyes, you will understand! "

"Uh....."

Youzhi looked at Chu Xiaobei's three daughters in disbelief, "He... is he bragging seriously?"

In her opinion, the three daughters of Chu Xiaobei would definitely nod their heads together.

however.

"Nothing."

"Brother Su Lang's growth rate has always been incredible!"

"Before we were exiled, his ultimate strength was probably Quasi-Great Emperor."

Ji Ruxue said seriously, "And now, it has been able to defeat the quasi-no-god-level, and has also accepted the quasi-no-god-level subordinates."

This statement came out.

Youzhi's face suddenly stiffened.

"what!?"

"It's only been a hundred years since you lived in exile!"

"It is said that the ratio of the time velocity of the Exiled Land to the infinite universe is ten thousand to one."

"In other words, if you have stayed here for more than a hundred years, he has only stayed in the endless universe for a few days."

"How can it be possible to be promoted from Quasi-Great Emperor to Quasi-Godless in just a few days?"

"My God, Ruxue, you must be mistaken, right?"

"..."

Youzhi stared at Ji Ruxue dumbfounded, her face full of disbelief.

indeed.

This is really something she could not even dream of.

After all, it took her 800 million years to cultivate from a great emperor to the quasi-no-god level!

It took a few days to get promoted from Quasi-Great Emperor to Quasi-Godless, with ten small realms between them. How can you listen to it?

[Chapter 1492: Squat obediently and play in the mud](#)

"Nothing was wrong."

"It is indeed the case."

Ji Ruxue nodded seriously, "Brother Su Lang really has such a fast growth rate. He is the most powerful man in the universe!"

"This guy has never been able to use common sense."

Chu Xiaobei smiled and said, "I personally watched him get promoted from the Martial King level to the Martial Emperor level in a short time."

"Hmm."

Murong Xianxian also nodded and said, "Brother Su Lang said that he can defeat the ability to catch up with the Wushuang host in a few days, and that will definitely be possible."

As soon as the three daughters said these words, Youzhi immediately shut down!

"how can that be?"

"This is impossible, this is impossible!"

"I have worked so hard for 800 million years to reach this level. How could Su Lang be able to do it in a few days?"

"This must be fake, they are lie to me in partnership, no, Xiaobei and others will not lie to me, it is Su Lang who lied to all of us."

"Su Lang must be an old monster who has cultivated to the quasi-no-god level very early!"

"He incarnates the weak, sneaks into the bottom, plays a popular game, and gets acquainted with Xiaobei and the others, and then coaxes them around!"

"Yes, yes, it must be so, this kind of routine is too simple, you can tell at a glance, poor Xiaobei and the others are so simple, they were actually deceived by the scum like Su Lang!"

"Huh, Su Lang ah Su Lang, you fooled Xiaobei and the others, you can't fool Ben Guliang, how well Ben Guliang is so aware and perverted, hahahaha!"

"..."

Thinking like this, a triumphant smile appeared on Youzhi's tender little face.

She was already very sure at this time, Su Lang, this incredible genius must have been disguised by the old monster!

of course.

Seeing that Chu Xiaobei was convinced by all three of them, Youzhi didn't bother to argue now.

"Humph!"

"Aren't you practicing fast?"

"When you return to your original state, I see how you can maintain your disguised abnormal cultivation speed."

The corners of You Zhi's mouth sketched out a slight playfulness, and he waited to see Su Lang make a fool of himself.

And when Su Lang saw the change in Youzhi's expression, he could basically guess the same.

"Tsk tsk."

"Don't blame you for not believing, just blame me for being too powerful."

Su Lang sighed in his heart, "At the point of cultivation speed, I am really a master as lonely as snow."

Feeling finished.

"Well, time is precious, I have to retreat as soon as possible."

Su Lang smiled faintly and looked at the three daughters of Chu Xiaobei, "And before that, I want to check the physical condition of the three of you."

Hear this.

Chu Xiaobei Ji Ruxue and Murong Xianxian smiled suddenly.

Youzhi blushed, and cursed in a low voice, "Smelly hooligan, thinking about those bashful things!"

"Hey."

"what are you thinking?"

Su Lang rolled his eyes and smiled, "Checking the body is such a serious matter, you are thinking about it, I think you are hopeless."

"You, you slander me!"

Youzhi stared at him, and said incredulously, "It is clear that your mind is impure, but you also said me in reverse!"

"Forget it."

"You are such a wayward and stubborn person, no matter how much you say, you can't change your thinking."

Su Lang shook his head slowly and looked at You Zhi as if he was looking at a hopelessly bad girl.

"Hmph, just quibble."

You Zhi snorted and looked at Su Lang disdainfully.

"Hum, I will throw you back to Zhiyu Mountain."

The corner of Su Lang's mouth twitched, and a sneer appeared on his face, saying that I could not cure you.

"you dare!"

You Zhi spoke hard, but his eyes flickered, obviously persuaded.

"Heh~"

Su Lang sneered, "If you're scared, squat in the mud for fun, don't disturb me doing business."

"I am not a child!"

You Weaving exclaimed in a low voice.

"what?"

Su Lang scratched his ears with his little finger, "Speak louder? I can't hear you!"

"..."

Youzhi wanted to hum, but he didn't dare, and suddenly turned his head with his arms in dullness.

"Little maid, it's really too much to clean up."

The corner of Su Lang's mouth twitched, and his eyes turned to Chu Xiaobei's three daughters.

But seeing the pleading glances of the three girls, it was obvious that they didn't want Su Lang to bully Youzhi. It seemed that they were eager for Youzhi's life-saving grace.

"Okay, I won't talk about her, it's time to check her body."

Su Lang beckoned to Chu Xiaobei, "Xiaobei, come first."

[Chapter 1493: Stunned Yuori](#)

"it is good!"

Chu Xiaobei nodded happily, came to Su Lang and sat down cross-legged.

Ji Ruxue and Murong Xianxian didn't want to leave Youzhi in the cold, so they both came to Youzhi's side, and then stared at Su Lang and Chu Xiaobei intently.

Youzhi Tsundere tilted her head to one side, but evasively turned her eyes towards Chu Xiaobei.

Her face was slightly red, and her eyes were in a trance, as if she had fallen into a certain fantasy.

The reason why You Zhi had determined that Su Lang would do bad things before was because he had seen similar passages in the novels written by Chu Xiaobei.

The key is that the three daughters of Chu Xiaobei also wrote very detailed, which really makes her hard not to be crooked.

Here.

Su Lang and Chu Xiaobei sat opposite each other.

Chu Xiaobei closed his eyes slightly, and his whole body relaxed, without a trace of guard.

Soon.

Su Lang then unfolded his mental power and used the "Small Mystery Method" to inspect Chu Xiaobei.

After more than a hundred years in the land of exile, Chu Xiaobei is still in the realm of quasi-xian.

In fact, before she was exiled, she had mastered one hundred and twenty-one rules, which was enough to make her break into the realm of Wuxian.

And she didn't waste her time in the exile.

Perhaps because of the quasi-no-god-level guidance of Youzhi, Chu Xiaobei has realized a rule on his own in this short period of more than 100 years!

You know, under normal circumstances, it takes a full ten thousand years for a martial artist to comprehend a rule.

Chu Xiaobei used more than 100 years to comprehend a rule, even with Youzhi's guidance, he is completely a genius!

At this time, Chu Xiaobei mastered one hundred and twenty-two rules, and it was more than enough to advance to the Wuxian level.

Moreover, under the situation of Zhiyu Mountain at that time, their cultivation base was very low and it was easy to suffer.

But even so, Chu Xiaobei did not choose to break through.

Because she will always remember that Su Lang wants to help her comprehend three hundred and sixty rules and build a perfect foundation for martial arts.

She was sure that Su Lang would be able to find them, and she had strong confidence in Su Lang, so she didn't break through.

This kind of trust really moved Su Lang.

"Xiaobei, I didn't expect you to comprehend a rule independently. It's great!"

Su Lang found Chu Xiaobei's newly understood rules, and couldn't help being amazed.

"Compared with others."

Chu Xiaobei smiled dumbly: "It's not comparable to you at all."

"No, no, no."

"Actually, your understanding is much better than mine."

Su Lang smiled happily, only he knew that his savvy was actually not high.

"Huh, I believe you a ghost!"

Chu Xiaobei rolled his eyes, thinking that Su Lang was too humble.

"You can't do it if you don't believe me."

Su Lang smiled, "Okay, I'm going to instill new rules for you next, get ready!"

"Hmm!"

Chu Xiaobei showed excitement, "Come on, I've been waiting for a day for a long time!"

"it is good!"

Su Lang nodded and immediately reached out his hand against Chu Xiaobei's smooth forehead.

Ji Ruxue and Murong Xianxian beside them could not turn their eyes, and there was a hint of envy in their eyes.

But Yuzhi was completely confused and surprised!

"what?"

"Instilling rules?"

"What are you talking about, can rules be instilled?"

"Bei Bei is playing me with Su Lang!"

"..."

Although Yuzhi didn't know much knowledge and experience, he also knew that the rules could never be instilled, and he had to experience it personally.

Even the master can only provide guidance, and the ability to understand the rules depends entirely on the individual.

But at this time, Su Lang even said to instill rules!

This is really unbelievable!

But then.

The thing that made Yuzhi stunned has happened!

I saw a rule fluctuation suddenly spread from Chu Xiaobei.

This kind of rule fluctuation is very strong, and it has reached the level of condensed road!

The most important thing is that Youzhi has never seen this kind of rule power in Chu Xiaobei.

At the beginning, she became interested in Chu Xiaobei's understanding of hundreds of rules at a young age and saved the three women.

Later, Youzhi also carefully studied the types of Chu Xiaobei's rules and powers, and even gave guidance. He is a half teacher, and he is very familiar with the rules and powers that Chu Xiaobei has mastered.

Therefore, after reaching the power of rules exuded from Chu Xiaobei, You Zhi immediately discovered that it was the power of rules that Chu Xiaobei had never mastered!

In other words, in front of her, Chu Xiaobei immediately grasped the power of a rule that was almost condensed!

This kind of thing directly subverted Youzhi's worldview, making her dumbfounded and dumbfounded.

But then.

What made her thunderous happened.

[Chapter 1494: This, this, this fake!](#)

I saw Chu Xiaobei's body one after another new rule fluctuations!

The second share, the third share, the fourth share... By the time Su Lang withdrew his hand, there had been a full thirty-four share rule fluctuation!

In other words.

In a short time.

Chu Xiaobei comprehended a total of thirty-four new rules, and accomplished what an ordinary Wusheng could accomplish in a half-life!

"Congratulations, sister Xiaobei!"

"Sister Xiaobei has understood one hundred and fifty-six rules, and is getting closer and closer to the foundation of the perfect Wuxian!"

"Great, sister Xiaobei is stronger, we are safer!"

"..."

Seeing Su Lang slowly retracting their hands, Ji Ruxue and Murong Xianxian immediately ran to Chu Xiaobei in ecstasy.

"This, this, this fake!!"

"Thirty-four rules! Thirty-four rules are instilled! What kind of anti-the-sky method does Su Lang master!?"

Yuzhi's worldview was nearly shattered by the shock of terror, and the turbulent waves rising in her heart almost drowned her mind.

Suddenly.

Youzhi suddenly shook his body and shouted loudly, "Su Lang, such a sky-defying secret technique must have terrifying side effects. You are hurting Beckham!"

Her voice was terribly loud, almost hysterical!

"Little sister, you think too much."

Su Lang turned his head and smiled faintly, "I care about Xiaobei and the others more than you. If there are really side effects, how can I use them on them."

"you're lying!"

Youzhi said stubbornly, "How can such a heaven-defying secret technique have no side effects?"

"No, no."

Su Lang helplessly spread his hands, "Believe it or not!"

"Sister Youzhi, Su Lang's method of instilling rules really has no side effects!"

Chu Xiaobei explained with a smile, "Basically all of our three comprehensible rules were instilled by Su Lang. If you have a chance in the future, you should try it too!"

"Hmm!"

"Sister Xiaobei is right."

Ji Ruxue said softly, "Furthermore, Brother Su Lang can instill not only the power of rules, but also cultivation bases and techniques!"

"Brother Su Lang can instill so many rules now."

"If I think about it, I can certainly instill many cultivation bases and techniques!"

Murong Xianxian also smiled, "Would you like Brother Su Lang to give Sister Youzhi a try?"

"This....."

"is this real?"

Seeing that Chu Xiaobei's three daughters were all eloquent, Youzhi suddenly changed from completely unbelief to doubtful.

"Since Xiaobei and the others have said that they will give you a chance to experience it, then I will reluctantly instill some exercises for you."

Su Lang curled his lips and said, "However, there is only one chance. If you refuse, then treat it as I didn't say it."

"In that case, let me try."

Youzhi hesitated for a moment, then nodded.

"Then come here."

Su Lang hung his eyes and beckoned slowly.

"Go, go!"

Ji Ruxue and Murong Xianxian ran to You Zhi and pushed her to Su Lang.

"Humph!"

Seeing Su Lang's arrogant look, Youzhi suddenly snorted.

But she still sat obediently in front of Su Lang.

"Attention."

"I will instill a practice technique for you."

"Relax your body and don't have a trace of resistance."

Su Lang reached out his hand and pressed Youzhi's head.

"Humph!"

You Zhi snorted again, she had never done anything like giving up all resistance and defense!

But she didn't want to give up the opportunity of this experience.

And she still trusts Chu Xiaobei's three daughters very much.

So she tried to convince herself and completely let go of her defenses against Su Lang.

If Su Lang wanted to kill her at this time, she would not have time to redeploy her defenses.

"You do it!"

Youzhi took a deep breath, her low voice trembled slightly, obviously she was very nervous.

"System, start the exercise empowerment!"

Su Lang immediately issued instructions to the system, "Instill the exercises "Xiantian Yiqi Dijing" to the designated target!"

"Ding! The "Innate Yiqi Emperor Jing" was successfully instilled!"

[Chapter 1495: Broken Imperial Soldiers](#)

Wow!

Youzhi only felt that countless exercises and profound meanings poured into his mind, deeply imprinted in his soul.

In the end, the profound meanings of these exercises form a complete emperor-level exercise method, which is the Innate Yiqi Emperor Jing!

"Innate Yiqi Emperor Jing!"

"A special exercise technique that can transform Di Yuan into a congenital Qi after practice, possessing all attributes!"

"I mastered this exercise to the most perfect realm in an instant, as if this exercise was created by myself!"

"The most important thing is that there are really no side effects, only benefits, no harm!"

Youzhi couldn't help but his eyes widened, "This is really incredible, it's incredible!"

"Believe it now?"

The corner of Su Lang's mouth twitched, revealing a slight smile.

"Believe..."

"You really can't use common sense!"

Youzhi nodded in a daze, "I even wonder if you are a godless, or even higher power."

"No God level? Even higher power?"

Su Lang raised his eyebrows, "No, no, no, you guessed it wrong, I'm just a quasi-great emperor."

"Emperor Quasi?"

"This is impossible!"

Youzhi looked at Su Lang in shock, "The strength you show now is Quasi-Godless!"

"That is my combat power, not my cultivation realm."

Su Lang smiled faintly, "I won't say much, Ru Xuexianxian, come and sit down."

"Here, Brother Su!"

Ruxue and Xianxian immediately ran to Su Lang's side and sat on one side.

Soon.

Su Lang also checked Ji Ruxue and Murong Xianxian's body.

The second daughter's cultivation is at the quasi-celestial level, similar to that before the Exile, but she can already control her own power perfectly.

"You guys are great!"

Su Lang smiled and nodded, "Wait a few days after Chu Xiaobei has enough power of rules, and I will instill the power of rules into you, so that you can become immortals as soon as possible!"

"Hmm!"

"We are not in a hurry."

"With the protection of Brother Su Lang, Sister Xiaobei and Sister Youzhi, no one can hurt us!"

Ji Ruxue and Murongxian nodded delicately, not minding that Su Lang first instilled the power of rules into Chu Xiaobei.

"So sensible!"

Su Lang smiled happily, "We will definitely protect you."

"Hmm."

"Su Lang is right!"

Chu Xiaobei and You Zhi said in unison.

Ji Ruxue and Murong Slim nodded their heads, their faces were full of brilliant smiles, and the atmosphere was quite harmonious.

"correct."

Su Lang smiled, and immediately asked, "At that time, Xiaohai and them were wandering into the Exile with you, how are they now?"

Under the turbulence of time and space.

The old Five Elements Heaven, the Five Elements Emperor Soldier, the White Jade Emperor Palace, the Space Rubik's Cube, the Slaughter Sky Sword Sheath, and the Luoyou Mirror, etc., were all banished.

"Brother Su Lang."

"At that time we were exiled together, so we have been together."

"But then we encountered the warriors of the Greedy Wolf Palace. They destroyed the Five Elements Sky Formation. All the emperor soldiers were hit hard to protect us."

"Fortunately, Sister Youzhi rescued us in time, otherwise they might fight to an end."

Ji Ruxue whispered, obviously a little sad.

"They are all here."

Chu Xiaobei sighed and took out the nine imperial soldiers from the inner boundary of Wusheng.

Five fragmented colorful snowflakes, the White Jade Emperor's Palace turned into ruined walls, the spatial cube that has been pierced dozens of times, the eroded and about to fall apart scabbard, and the bleak mirror.

"Ma Ma Ma Ma..."

The five-element emperor soldiers, such as Xiao Hai and Xiao Yan, who were in the shape of broken snowflakes, let out excitement when they saw Su Lang.

"the host....."

The emperor soldiers such as Baiyu Emperor Palace and Luo Youjing also called out one after another.

But they are too broken, they can't even form the spirit of the weapon, and their voice is very weak, and they have long lost their original vitality.

Even the space cube is broken to the point that its spirit is about to fall!

"Xiaohai, Xiaoyan, Xiaojin, Komori, Koyama, Xiaoluo, Xiaofang, Gourd, Baiyu..."

Su Lang looked at the nine imperial soldiers in front of him, and seemed to see the bitter battle they had experienced at the beginning, and his eyes were full of deep anger.

[Chapter 1496: Repair the evolution of the nine emperor soldiers!](#)

"Hall of Greedy Wolf, right!"

"Wushuang Building, right!"

"Don't say you want to chase me down, even if you give up chasing and killing me, I will definitely eliminate you all!"

The blue veins on Su Lang's forehead violently jumped for a while before he slowly recovered his calm.

Soon.

He took out countless refining materials from the storage space.

Wow!

Countless materials are all over the sky, and the endless rhyme of Taoism triggers a lot of rules and anomalies, which is extremely gorgeous!

"hiss!"

"So much material!"

"And there are dozens of pieces of non-God-level materials!"

"This guy is so rich!"

"And what does he want to take out these materials for? Is it to refine weapons? Is to repair these broken imperial soldiers?"

"But isn't he an alchemist? An alchemist who can refine the perfect quality Immaculate Dream Flower Great Emperor Pill, does he still have time to practice the art of refining? This is impossible!"

Yuori was shocked when he saw so many materials.

Immediately after.

I saw Su Lang put the blue one of the five broken snowflakes in his hand, and then sipped softly: "Evolve into a great soldier!"

"What are you doing?"

"There is no Qiding, nor does the flame."

"Just talk about it, can weapons evolve by themselves?"

Youzhi stared at Su Lang in disbelief, but then she saw a very incredible scene!

But suddenly a brilliance flashed across the broken blue snowflake lying in Su Lang's hand.

After the brilliance flashed, the broken snowflakes had been restored to their original form!

No, not only was it restored to its original state, but also its aura skyrocketed, and it was promoted from an emperor soldier to a great emperor soldier!

"Ma Ma Ma Ma!"

The spirit of the Great Emperor Soldier Sky Sea emerged, like a blue little Nezha, flying around Su Lang excitedly.

"what!?"

"how can that be!?"

"How can there be such a method of refining in the world!?"

"Speaking of the law means that the spells derived from the Dao of Rules can be used at will, but there is no such thing as the Dao of Refining Rules!"

"This, this...what is going on?"

Youzhi pointed at Su Lang dumbfounded, with a small mouth wide open, even the small hanging tongue from his throat was exposed.

at this time.

Su Lang calmed Xiao Hai, picked up the red broken snowflakes and sky flames, and gave the system evolution instructions again.

Suddenly, another burst of brilliance flashed!

The red snowflake-shaped sky flame immediately recovered and was successfully promoted to the emperor soldier.

"Some materials have disappeared!"

"It's really refining, maybe Su Lang really masters the avenue of refining!"

"However, this kind of avenue does not exist in either the boundless universe or the place of exile."

"Unless...unless it is the legendary primordial level, you can twist the cosmic avenue and form your own avenue power!"

"Could it be that Su Lang is a great power of the primordial level, and has formed a unique refining avenue!?"

"However, his strongest state is clearly the quasi-no-god-level, and even the Wushuang original poster can't fight head-on."

Yuzhi sensed that some materials had disappeared out of thin air, and when she was horrified, she was filled with countless doubts.

In her eyes, Su Lang could no longer see through!

Next.

In the trance of weaving, Su Lang evolved all nine broken imperial soldiers into great emperor soldiers.

And, after this, because there is still a lot of material left.

So Su Lang simply raised the nine Great Emperor soldiers again.

at this time.

The nine imperial soldiers have all reached the level of the seven great imperial soldiers!

Promoted to this level, the characteristics of the nine-handed emperor soldiers have also been greatly improved, and some changes have taken place.

The Sky Series Five Elements Emperor Soldier is still an auxiliary defensive Emperor Soldier, and its functions such as defense, gathering spirit, and reconnaissance are already very powerful.

The key is that the five imperial soldiers have the ability to fit together.

Once combined, there will be no **** soldiers!

In addition, the White Jade Emperor Palace has a very powerful calming effect, which can greatly enhance the martial artist's understanding.

In addition to helping the quasi-god condense the lead of space to break through the martial god, the space cube also has the ability to assist the martial artist to expand the inner space.

The inner space of Wushen, Wusheng, Wuxian, Wudi and even the Great Emperor level can be assisted in development.

It can be said that it has become a treasure to assist martial artists in cultivation!

[Chapter 1497: The quasi-godless mirror](#)

The changes in Slaughter Sky scabbard are also very huge.

It was promoted to the Seven Great Emperor Soldiers, and was no longer restricted by Jianxin.

Any weapon placed in the scabbard can get a terrifying increase.

The longer the cultivation time, the greater the increase!

In addition, the Sword Qi ability possessed by the Slaughter Sky Sword Sheath itself has also been enhanced, and countless sword auras can be bred in an instant.

If the time is long enough, you can also cultivate a sword qi, the strongest power can reach the quasi-no-god level!

At last.

Luo Youjing Xiaoluo also gained a very powerful ability.

The previous Luoyou Mirror could only create a very different space, in which to nurture dead souls.

In addition, it also has a very ordinary defense ability.

but now.

It has changed greatly.

First, the ability to raise dead souls has been transformed and upgraded.

In the past, Luoyoujing also nourished the dead souls of the quasi-emperor.

But now, it is already able to nurture the dead souls of the great emperor level, and if the control problem is not considered, it can even cultivate the dead souls of the quasi godless level!

The most important thing is that the incense aspiration power used to feed the dead soul must be the incense provided by the believer of the dead soul before his death.

Other incense is useless.

This also greatly limits the growth speed and maximum limit of the dead soul.

Only with the accumulation of five or six million years of Qianyou, some quasi-emperor death souls were cultivated.

But now, as long as there is enough incense aspiration power, no matter where the incense aspiration power comes from, Luo Youjing can instantly cultivate a great emperor-level dead soul.

And Su Lang happened to have a lot of unwilling power.

These incense aspirations come from those Emperor Wu and Great Emperor who were killed.

Even Emperor Wu, who has not embarked on the incense road, has a lot of incense aspirations in their life universe.

Even if the entire life planet is dead, the incense aspiration power begins to dissipate, there is still a huge amount of incense.

These incense will gradually disappear if not used.

Su Lang didn't have any way to use it either. His Wuyu tea tree was too few compared to so many incense aspirations.

Therefore, this ability of Luoyoujing can come in handy!

In addition to the transformation of the ability to raise dead souls, Luo Youjing also possesses the ability to preserve living souls.

Under normal circumstances, after the warrior dies, the living soul does not seize the house in a very short time, and it will quickly dissipate.

but now.

As long as it is a warrior who has just died, its soul can be perfectly preserved after entering the network mirror without any harm.

This feature is useless in combat.

But Su Lang's eyes brightened, and a vast plan emerged in his mind.

At last.

Luo Youjing's defensive ability has also been transformed and sublimated.

It can now not only defend against attacks from the same level of power, but also absorb the attack ability, simulate the opponent's magic methods, and conduct rebound attacks.

Of course, this kind of rebound ability is not perfect, as long as it exceeds the defense limit of Luoyoujing, it cannot be simulated.

"The rest of the features of Luoyou mirror are actually optional."

"Only the ability to raise dead souls and preserve living souls is the most critical!"

Su Lang looked at the Luoyou Mirror in his hand, and the plan in his heart became clearer-he wanted to use Luo Youjing to create reincarnation for his life universe!

"The current level is obviously not enough."

"It seems that Luo You Jing has to be upgraded, but I don't know if the materials are enough."

Su Lang thought about it in his heart, and then directly issued instructions to the system.

"Ding! Consume the soul of Emperor Wu*2000, the soul of Wuxian*30000...Luoyoujing has evolved to be without a **** soldier!"

I saw the brilliance flashing on the Luoyou mirror, and the breath suddenly rose!

"The material is enough, but it saves a lot of trouble!"

Su Lang was surprised and took Luoyou Jing in his hand to observe carefully.

The functional characteristics have not changed, but the effect has been greatly improved!

Luo Youjing can now cultivate quasi-godless dead souls on a large scale!

"Awesome little network!"

Su Lang smiled, and immediately took out the looted life universe and placed them in front of him neatly.

This scene stunned Yuzhi next to him!

[Chapter 1498: Don't you want to routine me!](#)

"There is no **** soldier in instant refining!?"

"Su Lang, this guy is terrible!"

"And these things in front of him seem to be a miniature universe of life!"

"He actually has the means to take the universe of other people's lives, turn it into a miniature sandbox, and preserve it."

"..."

Youzhi was shocked. In her opinion, Su Lang was actually the most incredible person.

Wushuang posters and others, although they have Godless soldiers, are very powerful.

But when compared with Su Lang, he was completely mediocre.

at this time.

Su Lang picked up a life universe and opened a small gap.

Immediately, he sent a clone with Luo Youjing into the gap.

The clone descended into the universe of life with a fascinating mirror, and immediately began to absorb the incense aspiration that spilled in the air.

quickly.

The incense and wish power left in this universe of life will be absorbed.

Immediately after.

Su Lang sent the clone to the second life universe again, and continued to absorb the incense aspiration power.

Soon, all the incense aspirations in the miniature universe have been absorbed by Luoyou Jing!

"Little network."

Su Lang withdrew Luoyou Mirror from the avatar and called softly.

"the host!"

Qi Ling Xiaoluo appeared, a beautiful girl in white, pure and clean, like a fairy.

Su Lang smiled and asked, "Do you have enough incense and wish power to support a quasi godless dead soul?"

"Report to the master."

"Enough to support two quasi godless dead souls!"

"However, once they die, they won't be able to replenish the incense aspiration power and cannot be resurrected."

"Master, do you want to foster a dead soul who is quasi-no-god?"

Xiaoluo's articulation is clear, like a well-knowing lady.

"That's it."

Su Lang thoughtfully, "Then, if there is enough willpower, can he nurture a godless dead soul?"

"It's theoretically possible."

"But it really breeds a godless dead soul, Xiaoluo can't control it."

Xiaoluo shook his head and said, "On the contrary, Xiaoluo is likely to be controlled by him and become his job..."

"That's it."

"Then you keep the incense willingness."

Su Lang nodded slightly, "When I will promote you later, I will raise a godless dead soul as a thug."

"Yes, master!"

Xiao Luo nodded, and then got into Luo Youjing.

So far.

Nine pieces of the Great Emperor's Soldier Su Lang have already seen.

"By the way, there is another guy."

Su Lang waved his hand and summoned a clone avatar.

Before leaving Zhiyu Mountain, Su Lang asked a clone to install the Broken Dream Knife into the Life Universe and bring it out.

Now that there is time, it is natural to re-seal it, otherwise, it is a huge hidden danger!

Especially Su Lang now has more and more girls around him, once an accident occurs, the consequences are simply unimaginable!

Wow!

A burst of green light flashed.

Broken Dream Knife was released from the life universe by the avatar, and from beginning to end, Broken Dream Knife did not touch his body.

"Wow, Master, you finally let me out!"

The Green Elf immediately emerged from the Broken Dream Knife and looked at Su Lang with excitement.

"roll!"

"I'm not your master! You can't try to do me tricks!"

Su Lang rolled his eyes and instantly activated various sealing methods, formations, equipment, space...

"and many more!"

"Big brother, I was wrong!"

"Please don't seal me again!"

"I'm willing to help you harm Wushuang's original poster, just like harming Wuboruo!"

The green elf immediately knelt down in front of Su Lang, looking at Su Lang beggily.

"Scourge Wushuang poster?"

Su Lang's eyes lit up. If the Wushuang host touches Broken Dream Knife, the end must be beautiful!
but.

When Su Lang's gaze swept across Youzhi, the thought suddenly disappeared.

Youzhi had been in contact with the Wushuang host, if the Wushuang host and Broken Dream Blade reached a contract, then Youzhi would definitely be affected.

[Chapter 1499: Lin Fang, the unparalleled host!](#)

This is not what Su Lang wants to see.

It wasn't that Su Lang was attracted to Youzhi, he was really not interested in his dry body.

Mainly because Youzhi, as the savior of Chu Xiaobei's three daughters, Su Lang didn't want to see her suffer.

"Forget it."

"You should be sealed obediently."

Su Lang shook his head and continued to use the sealing method.

Finally, the Broken Dream Knife that had been sealed layer by layer was put into the abandoned life universe again, and stuffed into the deepest part of the storage space.

In fact, there is still a reason why Su Lang has decided to seal the Broken Dream Knife.

This knife is really evil.

As long as its owner keeps being green, he can continue to grow stronger, and there are fewer and fewer restrictions on signing contracts with creatures.

In the past, when the Broken Dream Knife was an emperor soldier, it was necessary to hold it and cut it out carefully before signing the contract.

But later, you only need to touch it and you will be signed.

If the Broken Dream Knife is stronger, wouldn't it be signed at a glance?

When the time comes, everything is over.

Therefore, it is better to seal up this kind of great scourge and never see the sun.

After sealing the broken dream knife.

Su Lang opened the Soul Chasing Emperor Palace, turning it into a villa the size of a villa, sitting on the top of the mountain.

"Let's go, let's go in and rest!"

Su Lang waved his hand, collected all the weapons and clones, and walked into the Soul Chasing Emperor Palace first.

"Wow, this imperial palace is so dark!"

"Yes, it's not as beautiful as the White Jade Emperor Palace!"

"However, it is majestic and majestic, and there is also a very mysterious feeling that is not clear."

"Let's go, let's go in!"

"Sister Youzhi, together!"

"..."

Chu Xiaobei's three daughters immediately pulled Youzhi into the Soul Chasing Emperor Palace.

The Great Emperor Shanxi, who has always been a transparent person, also walked through the door.

But instead of moving on, he sat cross-legged at the gate and became an old man.

After entering the Soul Chasing Emperor Palace.

Su Lang asked Chu Xiaobei and the others to rest, and then ran into the quiet room.

"To defeat the Wushuang host, you can't just talk about it, you have to put it into action!"

"Then, I must seriously...wait for the system to help me practice!"

"Hey, the life of a genius is so simple and boring."

"No, I have to enrich my life."

"..."

While muttering, Su Lang took out the cauldron and materials again, and began to refine the parts of the super humanoid weapon.

at the same time.

Far away in Wushuang Building more than ten million light years away.

The nine quasi-god-level powerhouses knelt on the ground, trembling, not dare to come out!

In front of them lay a ragged, tattered corpse, the real corpse of the Supreme Emperor Qiao Yan!

"Humph!"

"Dare to deceive me!"

"Killing you really dirty my hands!"

A slender, pale, peach-eyed young man snorted coldly, and wiped his hands with an imperial soldier's kerchief in disgust.

This enchanting man is the Wushuang poster Lin Fang!

Because of Zhiyushan's affairs, he is still very angry now.

The one that irritated him the most was the emperor who pretended to be Yuzhi, made him want to die in embarrassment, and finally escaped.

"Humph!"

"You can't hide past the first day of the first year, you can't hide from the fifteenth."

"In front of my supreme wishful lamp, no one should try to escape!"

"..."

With a gritted tooth, Lin Fang raised his right hand, his palm slightly opened like a lotus.

A candlestick with white candles gradually emerged.

A flame the size of a soybean was burning on the candle, which seemed to be extinguished at any time.

But it was the flame of this bean-sized lamp that made all the nine quasi-no-god-classes below tremble and frightened, like a mouse that saw a cat!

Even Lin Fang himself, his pale face turned pale.

no way.

The supreme wishful lamp is a true godless soldier!

There seems to be a quasi-word difference between the quasi-no-god-level and the non-god-level, but in fact the gap is really too big.

Even if Lin Fang signed a contract with the Supreme Ruyi Lamp, he could only control this Supreme Emperor's soldier!

[Chapter 1500: The supreme wishful lamp collapsed for the first time](#)

"Ruyi ah Ruyi!"

"Please help me find the whereabouts of this person!"

Lin Fang took a deep breath, flicked his left hand, and a ray of breath flew into the flame of the bean-sized lamp.

Compared to Su Lang, Lin Fang hated Li Xianyang who had played with him even more!

Therefore, the first thing Lin Chang was looking for was not Su Lang but Li Xianyang.

"Do you have to bother me to find someone?"

There was a lazy female voice in the supreme wishful lamp, as if there was a queen living in it.

"sorry to bother you!"

Lin Fang smiled and said softly.

"Then I will help you find it."

The supreme Ruyi lamp said lightly, and the flame of the lamp shook slightly.

But then.

Inside the supreme wishful lamp came an incredible exclamation: "I can't find this person, he is not anywhere in the Exile!"

"what!?"

"Not in a place of exile!? How is this possible?"

"Could it be that it is in the life universe of a certain great emperor? Or other different dimensions?"

Lin Fang also showed surprise. This is the first time he has missed the Ruyi Lantern since he got the supreme Ruyi Lantern!

"No! This is impossible!"

"As long as it is in the land of exile, no matter where it is, even in the lair of those old monsters, I can find it!"

"But I just can't find this person now. Could this person really have left the place of exile?"

"But this is also impossible. Seven Great Emperors, and there is no reverse exile door. They cannot leave the exile."

"What method did this person use, even I can't find it!"

"..."

An irritable voice came from the Supreme Ruyi Lamp, like a shrew cursing the street.

"Ruyi, don't worry!"

"That person has accomplices!"

"And he also took Yuzhi away!"

"They are probably together, as long as you find one of them, you can find them all!"

With that, Lin Fang took out a few breaths again, which belonged to Youzhi, Su Lang, and the Great Emperor Shanqi.

"Then I will look for it again!"

Ruyi Deng was also very unwilling, and immediately started tracking with the breath provided by Lin Fang.

After a dozen breaths.

The Ruyi lamp did not move.

Lin Fang's face was stiff, and he asked if he failed again?

After dozens of breaths!

The Ruyi Lantern still did not move, and Lin Fang was already thinking about how to relieve the supreme Ruyi Lantern.

And at this moment.

"found it!"

"They really are together!"

"Hmph, it took me so much time, the concealment method is very strong!"

The arrogant sneer of Qi Ling came from the Supreme Ruyi Lamp.

But then.

Qi Lingrui's sneer stopped abruptly, and an incredible voice came: "What? They are more than ten million light-years away!!"

Lin Fang was also excited because he found the position of Su Lang and others.

But when I heard Qi Lingrui's exclaim, I was shocked!

More than ten million light years away! ?

Oh my God, how could a quasi-godless class cross such a long distance in such a short time?

Even if the long-distance teleportation array is used continuously, it can't be done so fast!

"It's incredible!"

"In such a long time, this is the first time I have seen a quasi-no-god-level capable of crossing such a long distance in such a short time!"

"However, to be able to escape so far, it must be some special means, or some special treasures were consumed."

"In short, no matter what means or treasure, I don't believe you can use it a second time."

The Supreme Ruyi Lantern exclaimed, and immediately sneered again.

"exactly!"

"Indeed!"

"They can only use this method once!"

Lin Fang also sneered again and again, "We are going to chase them right now, and we will not be able to cross the distance of more than ten million light years."

"Humph!"

"Aren't you leaning on me?"

"I advise you, don't do something meaningless all day long, practice more, and achieve the godless level as soon as possible is the right way."

The arrogant voice of the Supreme Ruyi Lantern came again, which did not give Lin Fang any face.
