[Chapter 151: Ji Ge's sneer](#)

"Finally detected Ji Ruxue's trail!"

"I want to see where you can escape!?"

The fat military commander looked happy, and immediately picked up the disc to interpret the location information of the light spot.

However, this interpretation immediately surprised him!

Because he discovered that the spot of light representing Ji Ruxue was moving towards Dongfang City!

"What the hell?"

"How could Ji Ruxue go to Dongfang City?"

"That's my Ji family's home court! How can you go to die?"

The fat military commander murmured in disbelief, "What the **** is going on?"

After being shocked for a long time, the fat military commander really couldn't figure out why Ji Ruxue chose to go to Eastern City.

So, after thinking about it again and again, he still took out the Jade Chuanshi.

Oriental City, Juewu Mountain.

Ji Ge was sitting cross-legged in the quiet room.

Suddenly, his expression changed, and he took out the jade medallion of passing letter.

The report on the jade card was exactly the report sent by the fat military commander.

When he saw the information displayed on the Chuanxin Jade Plate, he was suddenly shocked.

"Ji Ruxue is moving to Eastern City?"

Ji Ge's face was surprised, and he immediately groaned, "With Ji Ruxue alone, she must be able to flee as long as she can.

But she is doing the opposite at this time. Who gave her this courage, that Su Lang? "

Thinking of this, Ji Ge became more determined the more he thought about it, his expression changed from astonishment to cold sneer.

"Hmph, knowing that Dongfang City is the home court of my Ji family, dare to rush in?"

"Do you think you can kill the two martial arts of my Ji family, and you can fight my entire Ji family"

"Hmph, since you are looking for death, then I will take your lives unceremoniously!"

Ji Ge sneered for a while, immediately picked up the Chuanxin Jade Tablet and issued the order:

"If the order is passed on, all the people sent out will return to Dongfang City!

In addition, send people to the airport to strictly search every Aura airship that landed. I want them to know what it means to cast a net! "

After the order was given, Ji's family immediately moved.

They began to mobilize the huge energy of the Ji family, preparing to search for every aura airship that was about to land.

However, their actions were blocked by the Eastern City Branch of the Budo Alliance.

At this moment, a Ji family warrior kneeled in front of Ji Ge and reported the news.

"what happened?"

"Obviously that Su Lang also killed Qin Hu, why did you stop me?"

Ji Ge's face became extremely ugly after receiving the news that his actions were blocked.

"Patriarch, it's a big man from the main city of Blue Star!"

The warrior kneeling on the ground replied tremblingly, "It is said that Xuanyuan Martial Arts Academy came to recruit students, and Dongfang City was designated as the recruiting location to accept talented warriors from all over the world.

Therefore, the branch of the Budo Union specifically greeted us, and we must not interfere with the normal operation of the airport during the recent period! "

"Damn it! How could it be such a coincidence?"

Ji Ge frowned, the flames of anger in his eyes almost gushing out!

I thought that Ji Ruxue and Su Lang could be captured easily from the airport.

But now, it might be more troublesome to kill Ji Ruxue.

However, Ji Ge soon calmed down: "Humph! Even if you can't kill you in the airport, it's only a matter of time before you kill you!

The order is passed on, to give up searching the airport, but strictly pay attention to Ji Ruxue's movements, once you have the opportunity, do it immediately! "

"Yes!"

The warrior of the letter should be knocked, and immediately got up and retreated.

"Xuanyuan Wudao Academy enrolls students..."

Looking at the departing warrior, Ji Ge's expression gradually eased, "This is also an excellent opportunity for my Ji family, and I hope more people can enter."

Xuanyuan Martial Arts Academy is the best martial arts academy on Blue Star!

This college has the best practice techniques in the world, the best practice treasures, the most practice resources, and the best instructors!

Xuanyuan Martial Arts Academy has a history of more than a thousand years. I don't know how many martial arts experts have been trained.

Everyone who knows Xuanyuan Martial Arts Academy doesn't want to go to study.

Of course, the conditions for entering Xuanyuan Wudao Academy are also very harsh!

Just the aptitude must be 'extreme' or higher, and 99.9% of the people are eliminated!

In addition, there are assessments of comprehension and so on. Once one of them fails to meet the standard, it is doomed to miss Xuanyuan Academy for life.

[Chapter 152: Refining Xuanyun Jingyuehuo!](#)

In a blink of an eye, most of the day passed.

The aura airship is getting closer and closer to the Eastern City.

And Su Lang didn't know anything about Xuanyuan Martial Arts Academy Xuanyuan Martial Arts Academy destroying the Ji family's plan to stand by and wait for the rabbits, causing him to miss the face-to-face confrontation with the Ji family.

Of course, even if he knew it, he would smile completely at best

—— Holding the hole card of Swallowing Clone in his hand, he can be completely fearless and fearless!

At this moment, he is full of excitement in the countdown!

What countdown?

Of course it is the countdown to Refining Xuanyun Jingyuehuo!

"3...2...1..."

Su Lang pulled down the last finger and exclaimed excitedly: "Come on!"

"Ding! Xuanyun Jingyue Fire has been refined, do you accept it immediately!"

"Receive now!"

Su Lang did not hesitate and immediately accepted Xuanyun Jingyue Fire.

The next moment, he felt a sudden cold in the palm of his right hand, a feeling of becoming cleaner!

"There must be an additional flame mark!"

Su Lang hooked the corner of his mouth and raised his right hand to take a look.

In the heart of his right hand, there was an extra month of white flame mark beside the mark of the green lotus dragon pattern fire.

A faint strange wave was spreading from above, covering Su Lang's whole body.

At the same time, Su Lang also understood all the characteristics of this Xuanyun Jingyue Fire.

Xuanyun Jingyue Fire is completely different from Qinglian Dragon Fire.

The green lotus dragon-patterned fire is a pure offensive flame, while it is an auxiliary alien fire.

Of course, this is not to say that the auxiliary type is inferior to the attack type.

On the contrary, many auxiliary different fires are more useful than attacking different fires.

And Xuanyun Jingyue Fire is a kind of strange fire that works very well.

Xuanyun Jingyue Fire can give the refiner two abilities.

First, the extremely powerful purifying power!

This power of purification can be regarded as a passive ability.

It can purify almost all toxins and filth, so that the owner has the characteristics of being non-toxic, non-polluting and so on.

And it can also purify the aura and make the aura more pure, which is extremely useful for breaking through the realm and improving combat power.

At this moment, Su Lang felt that his aura was gradually becoming more pure!

The hidden dangers of the spiritual energy caused by the original use of the medicine are all wiped out!

Xuanyun Jingyuehuo's second ability is 'Aura Extinguishment'!

This ability can obliterate the owner's breath, leaving it in a completely hidden state from the breath level!

This is almost a magical skill for an assassin-type warrior!

At the same time, this function is also the reason why Ji Ruxue risked her life to try to refine Xuanyun Jingyuehuo.

She wants to obliterate her own breath and get rid of the Ji family's pursuit!

"It's a strange fire, and the effect is against the sky!"

The corner of Su Lang's mouth outlines an excited smile!

As a killer, Su Lang is very aware of the horror of poison.

Don't look at him now that he is very powerful, but when he encounters an intractable toxin, he still has to wait to die if there is no cure!

For example, the impermanent purple jade poison used by alchemist Tian Xiu before, Su Lang did not dare to try the poison.

In addition to being highly toxic, the power of filth is also very difficult!

It has many kinds of abnormalities. Once contaminated, it is like a tarsal maggot, gradually torturing the target to death, and many warriors have heard of it.

However, with Xuanyun Jingyue Fire at this time, Su Lang can ignore it directly, whether it is poisonous or dirty!

"Hmph, don't be afraid of any poison in the future, hehe!"

A smile was drawn at the corner of Su Lang's mouth, and immediately he got up and went outside Ji Ruxue's room.

"Little sister Ruxue, open the door!"

Su Lang knocked on the door and called in a low voice. At first glance, he looked a bit like a big bad wolf.

"Brother Su Lang!"

Ji Ruxue opened the door, eyes full of joy.

Granny Ke respectfully bowed to Su Lang, and immediately stood with her head down, as if I was a transparent person.

"Xuanyun Jingyuehuo I have refined it."

With a smile on his face, Su Lang said straightforwardly, "I'm looking for you just to kill your breath."

"Really? Brother Su Lang is so amazing!"

When Ji Ruxue heard that Su Lang had refined Xuanyun Jingyue Fire, she immediately admired her!

"Haha, of course it's amazing!"

Su Lang laughed, and then pointed his finger, a trace of moon-white flame emerged.

"Is this Xuanyun Jingyuehuo? So beautiful!"

Ji Ruxue watched the flames on Su Lang's fingers intently.

[Chapter 153: Arrive at Oriental City](#)

"Well, this is Xuanyun Jingyuehuo."

"I will extinguish your breath now, don't move, it won't hurt."

Su Lang soothed, and then gently brushed, Xuanyun Jingyue fire fell on Ji Ruxue's body.

As soon as the moon-white flame touched Ji Ruxue's skin, it immediately formed a faint mark on it.

In the next moment, Ji Ruxue's breath completely disappeared.

If it is a weaker warrior, even if he walks directly in front of Ji Ruxue, he may not be able to notice her existence.

"Brother Su Lang, you are so great, they will never find me again!"

Ji Ruxue stroked the flame mark, her face blushed with joy, smiling Qiuyue!

The feeling of being monitored at any time is really uncomfortable, and it would be very annoying to change anyone.

This feeling disappeared at this time, and Ji Ruxue was of course happy.

And just when the breath of Ji Ruxue's body disappeared.

On another aura airship, the disk responsible for detecting Ji Ruxue's trace suddenly flashed, and the light spot on it suddenly disappeared.

"Is it unstable again?"

The fat military commander glanced at the disc, frowning slightly.

Patriarch Ji Ge just said that he should keep an eye on Ji Ruxue's trail, and he disappeared in a blink of an eye. He couldn't explain it at all.

However, there is no alternative.

Who makes the quality of the disc so rubbish? Everything has to be blamed on that refiner!

The fat military commander thought silently, and even put the matter aside.

In his opinion, the light spot will appear again soon.

However, borrowing him for a hundred heads, he never expected that Ji Ruxue's aura had been extinguished by Su Lang with Xuanyun Jingyue Fire!

And the light spot on the disc will never appear again!

Three or four hours passed in a blink of an eye.

The Oriental City finally appeared where the heaven and the earth met.

As the distance gets closer and closer, the entire horizon is occupied by Eastern City, which shows how huge it is!

In addition to being larger than a city like Nanlin City, the prosperity of Dongfang City is also incomparable to Nanlin City.

I saw the high-rise buildings in the city like a steel jungle, densely packed, countless.

On the criss-crossing streets, a large number of Aura cars flowed incessantly, and even small Aura vehicles shuttled back and forth in the sky.

All this looks even like a peaceful city in the future!

Everything looks like a peaceful city in the future!

"This is the real big city."

Su Lang stood in front of the window and praised, "Compared with Dongfang City, Nanlin City is not enough to see, and Red Maple City's stronghold is directly reduced to a rural village!"

At this time, there was a pleasant radio sound outside.

It is also welcome to let you apply for an identity card.

Su Lang ignored it, then took out a white smiling fox mask and put it on his face.

Because he didn't plan to face the Ji family head-on, Su Lang decided to hide in the dark and give Ji family some color first.

And if you hide your face and extinguish your breath, you don't have to worry about Ji family coming to the door anymore.

After putting on the mask, Su Lang went outside Ji Ruxue's room.

Just about to knock on the door, the door opened.

"Brother Su Lang!"

Ji Ruxue yelled sweetly, and Xuan even obediently walked to Su Lang's side.

At this time she was wearing a white cloak, and her whole body was covered in clothing.

Granny Ke on the side also made a disguise, completely unable to see the way she was before.

"Let's go when everything is ready."

Su Lang nodded, leading Ji Ruxue's servant to get off the airship.

Mixing in the crowd, Su Lang found that there are not a few people who pretend to be like them.

"I was worried that this outfit was a bit dazzling, but now it seems that I have been overly worried."

Su Lang smiled faintly, and left the airport with the two.

"Ruxue, do you know where to buy pills?"

Walking on the road, Su Lang asked softly, "I have a lot of pills to sell here, and I plan to buy some alchemy materials."

[Chapter 154: Stay on your side](#)

Alchemy is a super profitable business, especially for Su Lang!

Because he doesn't need to do it himself, he only needs to prepare alchemy prescriptions and materials, and he can make alchemy every second!

Therefore, Su Lang intends to use one-key alchemy to make a fortune in Dongfang City!

"There are many places to buy pills in Dongfang City!"

Ji Ruxue smiled, "For example, the Jingxin Pill Building in front is one of them.

The reputation of this shop is very good. Brother Su Lang's perfect medicine can be sold to them with confidence! "

"If that's the case, then listen to you and go to the Meditation Pill."

Su Lang smiled and nodded, and then walked to the Jingxin Pill Building under the leadership of Ji Ruxue.

Not long after, the Jingxin Tower appeared in front of him.

This is a huge wooden building several hundred meters high, like a mansion!

Moreover, this wooden building has a long history and profound heritage.

"It looks good, I don't know how the service is?"

Su Lang nodded slightly, and then walked in with the two of them.

As soon as I entered the hall, my ears became quiet, seemingly cut off from the noisy world outside.

"Hello, buy a pill?"

A waitress in a light-colored uniform came up and asked respectfully.

"Sorry, I don't buy medicinal pills."

Su Lang smiled faintly, "I'm here to sell pills."

"Okay, please follow me."

The waitress was not surprised, nodded politely, and walked forward to lead the way.

The three Su Lang followed, and soon came to a room.

There are two people sitting opposite each other in this room.

One of the middle-aged strong men waited silently, while the gray-haired general-level old man was checking the medicine.

Regarding the arrival of Su Lang and others, the two of them in the room just glanced at them, and then ignored them.

"The gray-haired old man is Lao Li, who is responsible for purchasing pills."

"You can sit by and take a break, and it will be your turn soon."

The waitress introduced a few words, then bowed slightly, turned and left.

"sit down."

Su Lang sat in a chair leisurely.

Seeing this, Ji Ruxue ran to him and sat down next to him.

As for Granny Ke, she stood with her head down respectfully.

At this time, the old Li and the middle-aged strong man had a few conversations, and the deal was successfully concluded.

"It's time for us."

After the middle-aged strong man left, Su Lang stood up and was about to step forward.

But at this moment.

"Hahahaha."

With a burst of laughter, a person walked in wildly outside.

This man is a big fat man who is like a pregnant woman in August.

The bells and whistles and jewels he wore on him looked like a vulgar outburst.

Lao Li smiled and said, "Master Xu, I know it is you when I hear your laughter."

This Alchemy Master Xu has sold medicinal pills many times, and every time it is a big business, Lao Li welcomes him very much.

"Lao Li, I have made a lot of pills this time. You want to give me a good price!"

The big fat man laughed and walked straight to Lao Li.

"Hold on."

Su Lang's expression became cold, and he said unceremoniously, "I'm here first, stay on your side!"

"what?"

The big fat Master Xu Dan looked at him for a moment, then sneered at Su Lang: "Listen to your voice, isn't it less than twenty?"

How many alchemists are you? What are the orders of the pills on your body? Isn't the quality all inferior? "

"I have a few grade alchemy masters, what kind of pill do I sell, what does it matter to you?" Su Lang said coldly.

"Humph! Even a young alchemist like you dare to come to Jingxin Pill House to sell pills?"

Danshi Xu coldly snorted, and said disdainfully, "Do you know that there is no charge for non-medium pill or higher?"

Hurry up with your miscellaneous pill and get out, lest you get rejected by Lao Li, and you won't be able to hang on your face! "

[Chapter 155: I made this bet](#)

"Master Xu, right?"

A sneer appeared on Su Lang's face:

"Just because I'm young, you think I don't have high-end and high-quality pill, which is too ridiculous."

"Hmph, you are a stinky little brat, can you still be a high-level alchemist?"

Master Xu Dan glanced at Su Lang from above, "I guess, it would be great for you to be a third-rank alchemist.

You are a little low-level alchemist, what kind of pill can you have? "

In fact, there is nothing wrong with Xu Danshi's conjecture on ordinary people.

Even Lao Li, who was in charge of examining the pill, thought so.

A young warrior who spends most of his energy and time just in cultivation, how could he be a high-level alchemist?

However, they broke their heads and never thought that Su Lang was not only an alchemist, but also a tenth-grade alchemist!

"Hahahaha!"

Su Lang laughed dismissively, "Since you think I don't have a decent pill, why don't we make a bet?"

"Gamble, gamble!"

Dan Master Xu said proudly, "Whatever you bet on, I am still afraid that you, the little alchemist, will fail?"

"This bet is very simple."

Su Lang said faintly, "We are here to compare the total value of the medicine in someone's body.

The loser pays the other party's entire net worth. If you hear clearly, it is all net worth! "

As soon as this remark came out, Xu Danshi was stunned, and Lao Li also twitched the corners of his mouth.

"Is this kid crazy?"

"The total value of the pill is higher than who?"

"A low-rank alchemist, a high-rank alchemist, isn't this obvious?"

"You don't need to compare and know that the total value of the pills in the high-rank alchemist must be higher!"

"Does this guy replace which high-level alchemist to sell pill?"

"It's impossible. Refining the pill is so difficult. Who would easily hand the pill to a young man to sell it?"

A lot of thoughts flashed through their minds for an instant.

Soon.

"Okay, it's better than this!"

A sneer appeared on the face of Master Xu Dan.

His alchemist Xu is also a famous eighth-order alchemist in Dongfang City.

He was very familiar with the entire circle of Eastern City alchemists, and had never heard of any young high-rank alchemists.

And the other party is unlikely to sell Dan on his behalf.

Even if it is, then his pill Master Xu is not afraid, because he has stored the pill for three months this time!

"and many more!"

"Little brother, forget it."

Lao Li suddenly smiled and stood up, "Since you came first, I will look at your pill first. There is no need to bet like that."

In his opinion, Su Lang, a small warrior, lacks enough cultivation resources.

If you lose all your net worth because of a momentary use of qi, isn't it going to drink the Northwestern wind?

As an old man, he couldn't see it.

Moreover, Su Lang did come first. According to the rules, he also had to look at Su Lang's medicine first.

"Old man, thank you for your kindness."

Of course, Su Lang saw Lao Li's intentions and smiled faintly, "However, I've made this bet!"

For Xu Danshi, this defiant fellow, Su Lang would definitely teach a lesson.

By the way, if you **** some money from him, you should make extra money!

"Humph! Originally I wanted to see Lao Li's face letting you off."

Master Xu Dan snorted, "But since you don't know what is good or bad, then I will let you lose upside down. Don't regret it then!"

"Tsk tusk, it's really a sure win!"

There was a faint sneer on Su Lang's face, "Come on, take out all your pills, and under the witness of the old gentleman, we will fight each other!"

"Cut, take it out and scare you to death!"

Master Xu Dan raised his nostrils disdainfully, and immediately waved his hand, and the table was suddenly filled with densely packed pills of medicine bottles.

"so much!?"

Seeing this scene, Lao Li exclaimed in surprise.

At the same time, he looked at Su Lang with a trace of pity.

In his opinion, Su Lang is definitely defeated!

Because the last time he acquired so many elixirs at once was more than half a year ago.

It can be seen that there are indeed a lot of this medicine!

"How? Afraid? It's late!"

Master Xu Dan looked at Su Lang contemptuously, "Now, take out your pill.

Although your pill must be very rubbish, I am happy to accept it. "

[Chapter 156: I only make perfect pills](#)

"It's really short-sighted, and this pill is so complacent?"

"Keep your dog's eyes wide open and take a good look, what is really more!"

Su Lang curled his lips in disdain, and with a thought, he took out all the pills in the storage space.

Suddenly, a small hill of pill pill appeared in the corner of the room!

And the top of this pill hill is almost rushing to the ceiling!

"what is this!?"

"Mountain of pill pills?"

Both Xu Danshi and Lao Li opened their eyes suddenly, and their eyes were about to fall out!

They really couldn't believe that a young alchemist could come up with so many pills!

"This...this...how can you have so many pills?"

Master Xu Dan was horrified, and his whole person was so shocked that he couldn't even speak clearly.

And at this moment, Lao Li on the side suddenly let out a cry of exhaustion!

"Oh my God--!"

Shaking all over, he pointed to the pill hill in disbelief, "That is...that is...the perfect quality pill!

Almost all of them are perfect-quality pill, and they are piled on the ground so without pity, there is not even a pill bottle!

Oh my god, is my eyes broken or the world is broken! ? "

Old Li's exclamation fell in the ears of Danshi Xu, directly causing his horror to skyrocket again.

"What? A pill of perfect quality?"

"Lao Li, what are you kidding? It's impossible!"

Pill Master Xu said in disbelief, while his stiff head looked at the pill hill.

But this look immediately made him feel demented.

"This...this is really a pill of perfect quality!"

"How come... how come there are so many perfect quality pills!?"

"This is not true, these pills must be all fake! Yes, they are all fake!"

Xu Danshi screamed hoarsely when he saw a ghost!

Although he knew that those pills were absolutely perfect quality, he really didn't believe it!

You know, he has never refined the pill of perfect quality for the whole life.

The only time to refine the best grade 8 pill, it made him happy for half a year!

But now, the perfect pill that he couldn't refine his whole life, unexpectedly appeared a lot like ordinary goods, which made him unable to accept it anyway!

"So scared like this with a little pill?"

Su Lang scorned Xu Danshi indifferently, "It's really rubbish, rubbish."

"You are the waste!"

"This can't be the pill you refined!"

Pill Master Xu's eyes were red, and he screamed, "Yes, it is absolutely impossible for you to refine so many perfect quality pill, you got it from other places!"

"What you said is true."

The corner of Su Lang's mouth twitched, "I didn't really refine many of the pills in it."

"I know it, I know it!"

As expected, Danshi Xu said with a face, "How can a young man like you refine a pill of perfect quality!"

"Hey, I haven't finished speaking yet!"

Su Lang chuckled and continued, "Those top-grade, top-grade, and middle-grade pills are indeed not made by me. I am a person who only refines perfect-quality pills!"

"You, you, you, how dare you say this!? You are not afraid that the wind will flash your tongue!?"

Master Xu Dan's face flushed, and he pointed to Su Lang tremblingly, "If you can really make a perfect quality pill, I will eat this table!"

With that, he slapped Lao Li's table with a slap.

"Yo, eat the table?"

There was a hint of playfulness on Su Lang's face, and he immediately turned to look at Ji Ruxue:

"Little sister Ruxue, do you want to watch the performance of the fat man eating the table?"

"Yes I do!"

Ji Ruxue quickly smiled and nodded.

For the unreasonable Xu Danshi, she had long wanted to clean up!

"Well, I'll let him act for you!"

Su Lang smiled, then looked at Xu Danshi with sarcasm:

"Fatty man, if I make a perfect pill, you will not fulfill the punishment.

Then I will make a hole in your head and stuff the table in! "

Looking at Su Lang, who was so stubborn, and listening to the murderous words, Xu Danshi's heart felt bad, and he slapped a violent spirit.

However, it is impossible to ask him to admit it!

[Chapter 157: I'm so shocked that I can't stand still](#)

"If you can't refine it, then you eat the table too!"

Master Xu Dan swallowed hard and said viciously.

"Hahaha!"

Su Lang glanced at Pill Master Xu contemptuously, "If I lose, I will not only eat the table, but also give you all my pills."

"Okay! It's a deal!"

Of course Xu Danshi wished to be so.

Su Lang no longer looked at Pill Master Xu, and directly took out the pill furnace.

"boom!"

A round pill furnace fell to the ground, and there was a loud noise.

Seeing this pill furnace, Pill Master Xu and Lao Li were shocked at the same time.

"It turned out to be a tenth-order pill furnace!"

"How can this kid have such a precious pill furnace?"

"What on earth is he coming from? Could it be that he is really a super-powerful alchemist and failed?"

The bad things in Xu Danshi's heart grew thicker, and Lao Li's gaze at Su Lang became more shocking!

"Snapped!"

Su Lang snapped his fingers, and a black flame emerged out of thin air, wrapping the pill furnace.

Because the temperature of the Qinglian dragon pattern fire was too high, Su Lang simply chose the weaker Meteorite Black Flame.

Immediately afterwards, as everyone watched, Su Lang randomly chose a Tier 6 pill.

As soon as he started refining, Master Xu and Lao Li's eyes widened!

Because every move of Su Lang is too perfect!

No flaws can be found at all!

Master Xu Dan just watched it for a while, and he felt a lot of gains, and a sense of embarrassment gradually grew in his heart.

But soon his shame was turned into a strong sense of shame.

Because in any case he didn't want to believe that his life's hard work was no better than a yellow-haired kid!

"The technique looks okay, but it doesn't mean that you can refine the perfect pill!"

"When I refine the low-level pill, the technique is the same, there is no defect, and I don't necessarily refine the perfect quality pill!"

"This kid, refuses to be able to refine the perfect pill!"

Master Xu Dan stared at Su Lang closely, a sneer gradually appeared on his face.

And the next scene made him sure of his own thoughts.

Because he discovered that Su Lang had already begun the final pill condensing step!

"Starting to condense the pill so soon, it will be difficult for this pill to be discarded!"

Master Xu Dan was secretly refreshed, "Huh! You dare to make a bet with me, I don't know how high the world is!"

On the other side, Lao Li was also unbelievable that Su Lang had begun to concentrate so quickly.

As a professional alchemist, he is also a senior alchemist.

Under normal circumstances, it takes two hours for him to refine the pill before he dared to start condensing the pill. If he condense the pill so quickly, the pill will definitely be useless!

"What is going on with this little brother?"

Lao Li frowned deeply, "Obviously the technique is so high-end and perfect, but so eager for success?"

At this moment, Su Lang pointed his finger, the furnace stopped rotating and the furnace lid opened automatically!

"Finished?"

"Needless to say, it must be a waste!"

Xu Danshi sneered and looked at the pill furnace.

The scene where Su Lang handed out the pill and ate the table with tears was almost in his mind.

However, when he saw the pill in the pill furnace, the sneer on his face instantly solidified!

I saw five pills that were still exuding residual warmth lying quietly in the furnace!

Each of these five medicinal pills is crystal clear, without any flaws, just like the most beautiful orb in the world!

"Perfect quality Yuanyang Ji Ling Dan! And it's-five!!!"

Lao Li on the side couldn't help screaming, his whole body was so shocked that he couldn't stand still!

At the same time, Xu Danshi's reaction was even more exaggerated!

"It's impossible!"

"It's only a few minutes, how can it be possible to condense the pill successfully, how can it be possible to refine the pill of perfect quality, and it is still five!"

"It's not true, God, it's not true, it's all false, everything is false!"

"Yes! This is an illusion, this is definitely an illusion, who is it? Who gave me the medicine?"

Xu Danshi lost consciousness, his face was demented, his body trembled, and his soul was almost gone.

"Snapped!"

Suddenly a slap in the face slapped his face severely.

In an instant, Danshi Xu's fat face became fatter.

And it's bright and barking, as if it would explode with a needle poke!

[Chapter 158: Eat the table for me immediately](#)

"Please take up the courage to face reality?"

Su Lang slowly retracted his palm, his eyes full of disdain when he looked at Alchemist Xu.

The severe pain caused Alchemy Xu to wake up. He covered his face and stared at Su Lang blood red:

"You... how dare you hit me!?"

Since becoming an alchemist, as his rank has become higher and higher, Master Xu has rarely even looked at others' faces.

But now he was actually slapped in the face, and he was still in front of acquaintances, which is simply a shame!

"You have a bite of milk and smelly, and a bite of a yellow-haired child, you are not allowed to beat you?"

Su Lang smiled coldly, "I'm telling you, before I changed my job, I just slapped you off, and slapped you on the face. You got the bargain!"

"you you!"

"I killed you so much!"

Danshi Xu's temples were violently blue, and he smashed against Su Lang fiercely with his white fist.

"stop!"

Lao Li exclaimed and intercepted.

In his opinion, Danshi Xu is a general, so is Su Lang an opponent?

However, he was still a step too late, and Danshi Xu's fist had reached Su Lang.

However, the next scene made his mouth wide open in disbelief!

"boom!"

There was a muffled noise.

Danshi Xu's fist was easily captured by Su Lang!

"How is it possible, I am a general!"

Master Xu Dan's pupils shrank in horror, and his hairs stood upside down!

He violently twitched his arm, but found that his fist head was suppressed by Taishan, and he couldn't twitch at all!

"Tsk tusk, killer if you can't lose? Really vicious!"

Su Lang sneered disdainfully, and then flipped his wrist, directly covering the back of Xu Danshi's head, and smashing his head against the table!

"Do not--!"

A scream came.

"boom!!"

With blood splattering, Danshi Xu's fat face and nose were instantly flat!

However, Su Lang didn't kill him, after all, the table hadn't been eaten yet!

"Now, eat the table for me immediately!"

Su Lang pressed Xu Danshi's head tightly, and said coldly, "If you can't finish eating, I'll just punch a hole in your head and stuff the table in as I said before!"

"No! Don't! Old Li, save me!"

Master Xu Dan was so frightened that he screamed for help!

"Little...this adult!"

Lao Li weighed it for a moment, still gritted his teeth and said: "Please look at the face of the Jingxin Pill Building, please spare him once!"

"I can spare him."

"But in any case, he must eat the table!"

Su Lang pushed Xu Danshi to the ground, "Otherwise his fate will be even worse!"

"grown ups....."

Lao Li was embarrassed.

"Not negotiable!"

Su Lang condescendingly looked down at the frightened Alchemist Xu, his cold voice contained endless murderous aura.

Seeing this scene, Lao Li suddenly closed his mouth.

After all, all this was caused by Xu Danshi's provocation, and this can be regarded as his own responsibility.

And Su Lang is obviously not an ordinary person, and he can run wild in Dongfang City with a single hand of alchemy!

Such a powerful alchemist does not even dare to neglect the pill master, how can his little alchemist dare to care?

When Master Xu Dan saw that Lao Li was silent, his whole body was desperate immediately.

"I ask you one last sentence, eat or not?"

Su Lang's indifferent voice was like death's last message.

"I... I eat!"

Xu Danshi trembled and said, tears shed in his eyes as soon as he finished talking about the two mung bean kings.

What a shame, what a shame!

The dignified eighth-order alchemist was forced to go to the table.

But he can't eat it, he doesn't want to get a hole in his head.

So, Master Xu Dan got up from the ground tremblingly, and started to chew on the table a little bit.

This table is very hard, even with his military commander-level cultivation base, it is not easy to chew.

"Eat quickly!"

Seeing that Master Xu Dan was as slow as a snail, Su Lang immediately gave a cold voice.

"Yes Yes..."

Master Xu Dan shuddered with fright, and immediately accelerated.

Ten minutes later, Xu Danshi finally finished the table abruptly.

At this time, his face was full of sawdust, his mouth was full of blood, so miserable!

[Chapter 159: Murong Xianxian](#)

"I'm finished..."

Xu Danshi murmured blankly, then turned around and walked outside the door.

But at this moment.

"Stop, did I allow you to go?"

Su Lang's cold voice came again.

"Big...sir..."

Danshi Xu trembled all over, and said tremblingly, "I have finished eating!"

"Are you afraid that you didn't remember the bet clearly?"

A sneer was drawn at the corner of Su Lang's mouth, "The person who loses pays all his wealth, which of course also includes everything about you."

"what!?"

Master Xu Dan's face was desolate, and his mouth trembled and trembled, trembled and trembled, and finally did not dare to speak.

He slowly took off the space ring and placed it on the table, then took off his shoes and clothes, revealing a fat body.

"Okay, don't take it off anymore, disgusting!"

Su Lang glanced at Alchemist Xu and said lightly, "Go away, don't let me see you again."

"Yes Yes!"

Xu Danshi nodded like walking on thin ice, and then walked out the door with a pan-like head.

The next moment, all kinds of exclamations came from outside!

"I'm going, isn't that Xu Danshi?"

"How could he become like this? Did he provoke that big man?"

"Huh, retribution, he is arrogant and domineering on weekdays, he often bullies others, and he has been taken care of now, it is refreshing!"

"Yes, yes, this person is nasty, you may not know, he used to use life-saving medicine to coerce the wounded to give his daughter to him..."

"Wow, it's so disgusting, the man who fixes him is too soft!?"

"Just..."

"..."

Everyone's exclamation and discussion fell into Xu Danshi's heart, it was like the red silver needles were constantly being pierced, making him almost spit out a few mouthfuls of old blood.

"Damn, I remember you people!"

"And that Su Lang, don't think that this matter will be over today, I must retaliate back, definitely!!"

With a few shouts in his heart, Master Xu Dan left the Jingxin Pill Building in disgrace.

At the same time, in the previous room.

"Lao Li, you didn't favor that fat man this time. That's good. Your Meditation Pill House has a good reputation."

There was a faint smile on Su Lang's face, "So I decided to sell all my medicine pills to your Jingxin Pill."

"Sell it all to us!?"

Lao Li couldn't help but swallowed a mouthful of saliva, "So many perfect pills, you can take them to auction! That way, they will definitely sell them for a higher price!"

"Haha, I'm lazy."

Su Lang smiled, "You can give me more price for these medicine pills, and you can go to auction by yourself."

If you choose to auction, you have to schedule time, and Su Lang doesn't bother to wait.

With this time, he had already used the money he had sold the pill to buy materials and refining more pill!

"Since the adults have so much love for our Jingxin Pill, then we are disrespectful."

Lao Li bowed deeply to Su Lang, "However, your pill is too much and its value is too great. I will ask the host to come and decide!"

"Well, you go quickly."

Su Lang smiled and waved his hand, and immediately sat on the chair to wait.

"please wait!"

Lao Li nodded and walked out of the room quickly, not forgetting to close the door when he left, in case anyone disturb Su Lang.

"I don't know how much these medicinal pills can sell, and whether it is enough for me to upgrade the function.

Looking at the pill on the ground, Su Lang's eyes raised a strong expectation.

Not long.

Li was old and returned, but this time he followed a woman.

This girl is about twenty years old, with a thin waist and shocking wind, Yurui Qiongying, Qiubo turned around, and Rong Hua is peerless.

When Ji Ruxue saw her, she immediately raised a little vigilance.

"Murong Xianxian, I have seen an adult!"

Murong Xianxian salutes slightly, opening his teeth sweetly.

"My surname is Su in the next."

Su Lang smiled and said, "Are you the host of Jingxin Danlou?"

"Exactly."

Murong Xianxian smiled, "It is a great honor for the Jingxin Pill House to be acquainted with Lord Su Lang."

"Haha, I am honored to be personally received by the host."

Su Lang smiled lightly, and then pointed to the pill on the ground, "I want to sell these pill to your house. You can count them."

[Chapter 160: Ji Ruxue, you are so stupid](#)

"Okay, Master Su."

Murong Xianxian looked at Su Lang's fingers, and suddenly covered her small mouth in surprise.

"So many elixirs of perfect quality!"

"Master Su, is this really the pill that you refined?"

Murong Xianxian was really stunned. Although she was the owner of the Jingxin Pill Building, she had never seen so many perfect quality pills!

She had never seen an alchemist who could refine a perfect quality pill.

"Yes, these perfect qualities are all made by myself."

Su Lang smiled faintly, "Those top-quality and even more **** pills are not from my own hands."

"Oh my God!"

Murong Xianxian looked at Su Lang in horror, "Master Su Lang, what kind of alchemist are you?"

"It's a top ten."

Su Lang replied, "It's just that my practice makes perfect, and the refined pills are of perfect quality."

"Ten-rank alchemist! Quasi-Pill King!"

"Moreover, the pills refined by Master Su Lang are of perfect quality!"

Murong Xianxian couldn't help but slapped her small hand and exclaimed, "Such a superb alchemy attainment, even the adults in the main city of Blue Star will be dumbfounded when they learn about it, and will be regarded as a guest of honor!"

"As a guest or something, your Meditation Pill is enough."

Su Lang laughed: "Others, I don't want to think about it for the time being. Okay, please check out the pill."

"Thank you Master Su for your love, please wait a moment!"

Murong Slim nodded with a delicate smile and immediately gestured to Lao Li.

Lao Li knew it, and immediately stepped forward to count the pills and register them.

"Master Su, who are you from?"

Murong Xianxian didn't count the pills himself, but talked with Su Lang enthusiastically again.

"Me? I'm from..."

Su Lang replied with a smile.

Seeing this scene, Ji Ruxue couldn't help but flatten her mouth.

If Su Lang unveiled her cloak at this time, she would definitely be able to see her sad and lovely appearance.

After about half an hour.

"Still talking, still talking! Humph!"

Ji Ruxue gave a grieving hum, and she couldn't help putting a small hand on Su Lang's waist.

And at this moment.

"Host, Master Su!"

"I have counted all the pills."

Lao Li straightened up and presented a booklet to Murong Xianxian.

"Thanks for your hard work."

Murong Xianxian took the booklet and handed it to Su Lang instead.

"Don't read it, I can trust you."

Su Lang smiled faintly, and raised his hand to refuse.

"I want to see!"

Ji Ruxue rolled her eyes and stretched out her hand to take the booklet from Murong Xianxian.

——It's time to declare a sense of existence, otherwise it will be almost transparent!

Then, she flipped over it pretendingly, and handed it to Murong Xianxian:

"I didn't understand anything, I just hope you don't coax my brother Su Lang."

"It turns out that Lord Su is a single name?"

Murong Xian smiled lightly, "Wild and unruly, free and easy, good words!"

As soon as this remark came out, Ji Ruxue felt regretful in her heart: "It's over. I didn't expect a warning to reveal the full name of Brother Su Lang. It's cheaper now, Ji Ruxue, you are so stupid!"

At this time, Su Lang smiled and said: "The name is not so particular, the original poster is too good.

By the way, how many spirit stones can these pills sell, and are there any discounts? "

"Well, let me see."

Murong Xianxian turned over the pamphlet, "Master Su Lang, these pills are worth 21.66 million lower-grade spirit stones!

Because most of them are immortals of perfect quality, we will give you a premium of 20%, which is 26 million lower-grade spirit stones! "

"26 million low-grade spirit stones!?"

"Yes! Just this price!"

Su Lang nodded in satisfaction, "But I only need 22 million lower-grade spirit stones!

Replace the rest with the tenth-tier alchemy materials and give me the materials of the Supreme Profound Rong Lingba Pill. "

Tai Xuan Rong Ling Ba Pill is the best Tier 10 pill in the Pills Su Lang currently masters!

A perfect quality value of 300,000 lower-grade spirit stones!

"Okay, Mr. Li, go and get two hundred copies of Tai Xuan Rong Ling Ba Pill."

Murong Xianxian ordered Li Lao, and immediately handed a spatial ring to Su Lang:

"Master Su Lang, here are 22 million lower-grade spirit stones, please count it!"

"I'll come, I'll come!"

"Wow, it's all top-grade spirit stones!"

Ji Ruxue stretched out her soft white hand to grab the ring, took a look, and then stuffed it into Su Lang's hand.

This scene finally attracted Murong Xianxian's attention.

She glanced at Ji Ruxue thoughtfully and couldn't help but smile.
