[Chapter 1521: Use the body of the master!](#)

finally.

The huge sphere transformed into a human shape again.

The dragon-shaped wicker completely dissipated, revealing Lin Fang, whose eyes were closed, but his master disappeared.

However, Lin Fang at this time was completely different from before!

Before Lin Fang consumed a huge amount of vitality to urge the Supreme Ruyi Lantern to kill Su Lang, he turned into a corpse skeleton.

But at this time.

Not only did Lin Fang regain his fullness and upright body appearance, but his skin was crystal clear, with traces of dragon veins looming, very similar to his master's body.

"Infinitely close to the aura of Godless!"

"Just this point is already invincible below the godless level."

Ruyi nodded silently, a hint of splendor appeared in her eyes.

at this time.

Lin Fang slowly opened his eyes, with endless excitement in his eyes!

He already felt the terrifying power in his body!

Although the realm of cultivation has not changed.

But this force is thousands of times stronger than before!

"This is the power that is infinitely close to Godless!"

"The previous Su Lang had such a powerful force, thanks to Ruyi, otherwise I will definitely die."

"Huh, with this power, I can kill all those nasty invaders!"

"Hmph, I dared to invade my territory, and even dared to burn, kill, and loot. I want to make your death extremely painful!"

"..."

Lin Fang squeezed his fists and twisted his face, forming a grinning and cruel smile!

"Lin Fang."

"It's not too late."

"Let's go out now."

If Lin Fang seemed to be a little overwhelmed with his opinions, he immediately reminded him.

"it is good!!"

"Let's go kill those people!!"

Lin Fang sneered, squeezing the body of the Supreme Ruyi Lamp, and rushed out of the stone pillar instantly!

Countless spirit beasts with dragon veins around him screamed and worshiped when they saw him, which immediately made him more enjoyable!

Huh huh!

Lin Fang used the secret technique to fly out of the ground in an instant.

Following that, there was also an extremely majestic and vast Longwei!

"Are you out?"

In the Soul Chasing Emperor's Palace, Su Lang, who was monitoring the Wushuang Building area through his clone, slowly put down the materials in his hands.

in fact.

When Lin Fang and his master formed a dragon-patterned wicker sphere, the power that covered everything disappeared.

Su Lang saw all the changes that occurred in Lin Fang afterwards.

"This guy also has the power that is infinitely close to the Supreme Emperor."

"However, his 'infinite proximity' cannot be more powerful than my 'infinity symbol'!"

"On the individual's ultimate combat power, he still misses me a bit."

"His current advantage is the godless supreme wishful lamp."

"But after so many consumption and overdrafts, the Supreme Ruyi Lantern is no longer as strong as before, and there is even a faint tendency to fall to the godless level."

"Now as long as I create a Godless Soldier, with the Devouring Clone and various secret techniques, I can probably get rid of him."

"..."

Su Lang retracted all the avatars and glanced at the mysterious space, the avatars have all cooled down!

Moreover, after the upgrade, the number of clones and avatars has reached 39, a total of 78!

"This time, try to swallow 37 clones."

"Except for Li Xianyang, just leave another clone as a substitute for death."

"Of course, you have to get the weapon out first."

"..."

While thinking.

Su Lang pulled Xin Jue Wufeng from his waist.

"No front!"

Su Lang stroked the black bladeless sword lightly, calling out faintly.

"Wufeng knock on the Lord!"

The spirit of Li Qijue appeared, kneeling on the ground respectfully and kowtow.

"stand up."

Su Lang smiled faintly, "Next, I will promote you to a godless soldier, so be mentally prepared."

"what!?"

"what!?"

"The Lord wants me to be promoted to a godless soldier!?"

Wufeng was horrified, and his whole body trembled, "The Lord has just promoted me to Quasi Godless Soldier!"

"Don't be surprised."

"As long as I have enough materials, it is very easy for me to evolve imperial soldiers."

"So, sooner or later you will be promoted to Godless Soldier by me."

"And I'm going to deal with an enemy next."

"This person has a godless soldier and can exert a very powerful force."

Su Lang smiled, "So, you have to work harder!"

"Don't worry, Lord!"

Wufeng kowtowed again, "Wufeng will go all out, even if the sword is broken, he will still die!"

"it is good."

"You go back to the body first."

Su Lang nodded slightly, "Evolution is about to begin!"

[Chapter 1522: See if he can resist my sword](#)

"Yes!"

Li Xinjue suppressed his excitement and returned to the body of Xinjue Wufeng Sword.

"system!"

"Only retain the current characteristics, the evolutionary heart has no edge sword!"

Su Lang held his heart without a front, and gave instructions to the system.

"Ding! Consumes the Soul of Quasi-Great Emperor*4, the Soul of the Great Emperor*60, the Soul of Wudi*10000, the Soul of Wuxian*10000, Godless Material Equator Silk*10, Fengyun Mingsha*10... .. Great Emperor grade materials desperately Zhaotian Jade*1000, Heavenly Falling Maple Heart*100, Soul Breaking Heavenly Jade*100..."

"Ding! Xin Jue Wu Feng Sword evolved into a godless soldier!"

I saw a burst of violent brilliance flashing from the Xin Jue Wu Feng Long Sword, like ripples like dragon scales!

Immediately after.

It was seen that the whole body was pitch-black and bladeless, like a burning stick, the heart-no-edge sword gradually collapsed and dispersed, turning into a cloud of black smoke.

This black smoke did not dissipate, but quickly condensed into a stalkless and no front, and even the sword body was a semi-illusory long sword with mist-like flowing energy!

The terrifying mental deterrence ability spreads from above, and the Wudi with a spiritual power realm of Kongni will collapse directly at a glance!

Even at the peak of Su Lang's Broken Nirvana, he can break through to a higher realm at any time, and experience the mental power of Broken Nirvana with thousands of hammers, and feel a burst of pain!

This is natural suppression from the level!

"Xin Jue knocks on the Lord!"

Qi Ling Li Xinjue flew out of the brand new Xinjue Wufeng Sword.

The body of Xinjue Wufeng Sword has undergone tremendous changes, and Li Xinjue has also changed accordingly.

Although his appearance has not changed.

He still has red robe and white hair, and his facial features are as three-dimensional as a knife, and he is unparalleled handsome.

But his body has become flesh and blood!

He already has a real flesh and blood body, and can no longer become a sword spirit, but a real human flesh and blood creature!

This is a transformation in nature!

In addition, Li Xinjue's eyes became the same as the main body of Xinjue's Bladeless Longsword, turning into misty fluid energy, like two clusters of black star swirls, breathtaking!

"Unexpectedly, when the weapon reached the godless level, it would actually become a flesh and blood creature."

Su Lang looked at Li Xinjue up and down, and said with a smile, "It should be the distorting power that the godless class has mastered, allowing your spiritual body to essentially transform into a flesh and blood body."

"Lord, you can watch the fire! It is true!"

Li Xinjue still knelt on the ground, not a bit arrogant.

He clearly knew that even though he was already godless, everything he had was bestowed by Su Lang.

There is no Su Lang.

He is still a Six Great Emperor Soldier now, and he doesn't look much in this place of exile.

For Li Xinjue, Su Lang has a complete and complete reinvention of him!

and.

Li Xinjue also knew.

Su Lang can easily promote himself, and naturally he can easily promote other weapons.

He is just a sword in Su Lang's hands, he can be replaced or even broken down at any time!

"Ok!"

Su Lang nodded in satisfaction, "You are now promoted to Godless, and your ability should be greatly improved!"

"Return to the Lord!"

"Heart Absolute, the soul's damage ability is stronger."

"Even with the power of the body alone, it can kill the quasi-no-god at will."

"If you add your mental power, and then use the power of distortion, you will be invincible under the godless level, even if the opponent has a godless soldier, it is useless!"

Li Xinjue replied respectfully, and the person he was referring to was naturally Lin Fang.

"well."

"I'm so relieved."

Su Lang smiled blankly, "Let's go, let me kill Lin Fang, and see if he can resist my sword."

"Definitely live up to the Lord's expectations!"

Li Xinjue kowtowed, and immediately turned into a streamer and merged into Xinjue Wufeng's sword again.

Xin Jue Wu Feng's body merged with the device spirit, and fell into Su Lang's hands in a complete state.

And this time.

Li Xinjue has been able to completely control her power.

Su Lang held the long sword and felt no discomfort.

Immediately after.

Su Lang used the avatar dispatch and avatar replacement and came to the territory of Wushuang Building.

And Su Lang, from monitoring to Lin Fang flying out of the ground, to the evolution of the long sword for the heart without the edge, in fact, it only took a few breaths.

[Chapter 1523: Seen somewhere!](#)

After Lin Fang flew out, he just used his mental power to explore the five-light-year radius of his opponent.

Then he was dumbfounded.

Because within five light-years of the radius, there would be no treasure hunting flying flying glider and a quasi-god-level powerhouse.

"Where are people!?"

"What about those quasi-no-god-level powerhouses who invaded?"

"What about those weird flying squirrels that are looting everywhere and can only be killed by the Great Emperor!?"

"Could it be that some of them have been monitoring me and immediately started to evacuate when they found me?"

"But even so, how could they disappear all at once!?"

"..."

Excited Lin Fang was planning to kill.

As soon as he was about to start his hands, he realized that the target was gone, which immediately gave him the feeling of punching the cotton.

"It's impossible to all run away!"

"I previously locked all the super teleportation arrays, they can't use the super teleportation array to leave."

"Ordinary teleportation array is not far away, so it is better to use Space Avenue."

"Then, they must have not run far!"

"..."

Thinking of this, Lin Fang immediately began to contact his intelligence system.

result.

Before he gave his instructions, he found that Wanxun's bells were sending out a joyous message.

"Master!"

"Great, great, the intruder has retreated!"

"Lord, the quasi-no-god-level invading powerhouses in the Yu Emperor City in front of Wushuang Tower have disappeared! They fled!"

"The lord is supernatural, wise, wise and martial, and countless strategies. The invaders fled in a hurry as soon as they found the lord, they were as timid as a mouse!"

"With the Lord's blessing, Wushuanglou will be passed on for countless years and become a great Godless power!"

"..."

Looking at the message inside Wanxun's bell, Lin Fang almost squirted a mouthful of blood.

Judging from the information, the enemy not only successfully retreated in all aspects and disappeared without a trace, but it is totally unreasonable for the people on his side to regard this as a victory!

"I have never seen such a brazen person!"

"These subordinates are simply the bee camp ant team, the mobs, I will definitely clean them up!"

Lin Fang was clutching his heart, the whole body was trembling with smoke, his teeth were gnashing and his eyes were cracking!

The enemy disappeared and his subordinates were in a state of discomfort. Lin Fang had already decided to spread his anger on those **** subordinates!

at this time!

"Enlighten Lord!"

"The big thing is bad!"

"Suddenly a quasi godless invader appeared in our Fenyue Emperor City!"

Wanxun's bell vibrated slightly, and a hundred thousand urgent messages came from inside.

"what!?"

"Even one is alone!"

"Hahahaha, great, I want to catch you and torture you for a whole billion years!"

Lin Fang looked at the enemy information in Wanxun's bell, but his eyes lit up and he laughed!

Immediately after.

He immediately tore through the void and came to a super teleportation formation, Xuan even activated the formation and arrived at Fenye Emperor City.

Huh huh!

The red light flickered, and Lin Fang walked out of the teleportation array holding the Supreme Ruyi Lantern.

Just appeared.

He felt a quasi-godless breath, and immediately sneered.

But then he frowned again.

"Ok!?"

"How do you know this qi? Where did you see it!?"

Lin Fang frowned tightly, looked towards the sky, and suddenly saw a figure standing in the clouds overlooking the entire city.

"Lin Fang, don't you remember me?"

Su Lang looked at Lin Fang condescendingly, with a faint smile at the corner of his mouth.

"It's you!?"

"You, you, Su Lang!!"

"How could it be you, you have been killed by me!"

"You have been smashed into ashes, and you can't die anymore!"

"How can you be resurrected, how can you appear here, this is not true, you must be pretending!"

"..."

Lin Fang looked at Su Lang with a smile on his face in the sky, his whole body was thunderous, and his mouth was stunned. It was incredible to the extreme!

"Ha ha."

Su Lang raised his eyebrows, "Did you forget what I said to you."

"What!?"

Lin Fang stared and asked angrily.

[Chapter 1524: You and I will both win and die](#)

"I said."

"You can never kill me!"

Su Lang stretched out his right hand and shook his finger disdainfully.

"This is impossible!"

"I paid an extremely terrifying price!"

"There is also my Ruyi, and my Ruyi is also going all out. You are not a god-level, how can you escape!"

"You must be fake, who are you? What kind of power are you!"

Lin Fang kept shaking his head, unable to accept that his peak blow at the cost of serious injury could not kill Su Lang.

"Tsk tsk."

"There are more miracles in the world."

Su Lang showed disdain, "Only a mediocre person like you dare not accept the unthinkable things."

"mediocre?"

"You said I was mediocre!?"

"I am the original poster of Wushuang, I have entered the road of soul and universe integration, I have the supreme wishful lamp!"

"And now, I have temporarily borrowed the body of the master, infinitely close to the Supreme Emperor!"

"You are so ordinary and quasi-no-god, you dare to say that I am mediocre!"

"Today I must take you down and torture you in 10,000 ways!"

Lin Fang was so angry that Su Lang's contemptuous words exploded his forehead.

"Ha ha!"

"Come on, I'll give you a chance to try."

Su Lang looked down at Lin Fang and instantly activated the Devouring Doppelganger!

Thirty-seven clones disappeared instantly.

But Su Lang's aura rose layer by layer, instantly possessing an'infinite symbol'!

Rumble!

The breath of almost crushing everything enveloped the entire Feny Emperor City!

Just this unintentionally released breath shook countless Wushuanglou members to death!

"what!?"

"This breath!"

"You, it's really you, Su Lang!"

"You are really not dead, and unscathed!"

"It's impossible, how could this kind of thing happen!"

"..."

Lin Fang was very impressed by Su Lang's infinitely close to Godless aura.

So as soon as Su Lang used the Devouring clone, he immediately realized that what he was facing was really Su Lang who was beaten by himself not long ago!

It is really difficult for him to accept this.

Because in the battle that destroyed the world not long ago, in order to perform the final blow, he and the Supreme Ruyi Lantern paid a terrible price!

But now, the enemy who thought he was dead appeared in front of him intact, which really made Lin Fang want to vomit blood!

but.

Although it is difficult to accept the facts, this kind of thing has already happened. Lin Fang's only choice is to face it!

Otherwise, he would be a whole coward.

"anyway."

"I can repel you once, and I can repel you ten thousand times. It is not impossible to really kill you!"

"After all, I am not my previous strength anymore!"

"Su Lang, today you and I will be both winners and losers, but also life and death!"

"Haotian Jianmu, Longliu Wangmai, kill!"

Along with the earth-shaking roar, Lin Fang once again unfolded his own secret technique!

I saw Lin Fang's figure elongated and swelled, instantly turning into a 30,000 zhang dark green dragon!

This is three times larger than the size of the last time he transformed into a dragon!

The most important thing is that the characteristics of the ancient willows in him have disappeared a lot.

Although the willow-shaped slender dragon scales are still sharp, they have become grandiose.

The red dragon mane that stretches for 100,000 meters behind has also turned into a golden color!

The dragon's horns have changed from the appearance of the roots of the trees to the slender and graceful branches of antlers!

The golden red light radiated from the extremely large eyes of the dragon, and almost all creatures couldn't help kneeling on the spot when they saw it.

This is not.

All the creatures in a radius of 100,000 light-years, except for Su Lang, who occupies high above the clouds.

The rest of the creatures, no matter what realm or race they are, all tremble on the ground!

"Su Lang, go to death! Deng Yin cut!"

The dark green dragon's mouth issued a dragon roar that penetrated the sky and the earth, and the terrifying dragon body slayed fiercely towards Su Lang.

It's like teleporting.

Lin Fang's dragon teeth, dragon claws, dragon tail, and the dragon scales that erupted like a storm all killed Su Lang's vitals!

The key is!

In these majestic and vast attacks, there are also hidden attacks of twisting power that the Supreme Ruyi Lamp displays at a great price!

[Chapter 1525: The heart has no edge to break a sword, kill!](#)

"No matter how weird you are."

"In the face of absolute power, all are bubbles!"

In the supreme Ruyi lamp, the weak Ruyi sneered.

But the next moment!

The thing that made it and Lin Fang pale in shock has happened!

"Without shackles, drink the sea of stars!"

"The inner world of the ten directions, shattered the world!"

"Kunlun is invisible, hidden scales hunt west!"

"The heart has no edge to break a sword, kill!"

In the midst of countless terrorist attacks, Su Lang calmly and unhurriedly broke out all his hole cards in an instant, and his breath rose again!

The misty energy and fluid heart in his hand was absolutely no front, and immediately pierced Lin Fanglong's head!

The Spiritual Power of the Fragmented Nirvana Realm that has been tempered for thousands of years and merged with thirty-seven clones directly poured into Heart Absolute Wufeng, condensing into a slender spike.

Moreover, the innate force that surpasses the ordinary Emperor Yuan endlessly drives the long sword, condensing a trace of godless twisting power.

Together with the restraint, a brand-new deduction of breaking a sword!

The power of this trick is simply unimaginable!

Lightning and flint room!

The twisting power secretly displayed by the Supreme Ruyi Lamp fell on Su Lang first.

However, this twisting force was offset by another twisting force before it worked!

"No soldiers!"

"It's another sword on Su Lang's waist! It turned out to be a godless soldier!"

"No, it was clearly a quasi-no **** soldier before, how could it become a godless soldier in a short time? This is impossible!"

In the supreme Ruyi lamp, Qi Ling Ruyi found that his twisting power had no achievements, and recognized that Xin Jue Wu Feng was a godless soldier, and suddenly the whole person was stupid.

She is really hard for you to imagine, how can a long sword that is clearly a quasi-no-god soldier become a no-god soldier in less than an hour!

This is even more incredible than Su Lang's inexplicable resurrection!

And just when Ruyi was shocked.

Lin Fang's terrorist attack also fell on Su Lang.

Dragon teeth, dragon claws, dragon tail, dragon scales, and various terrifying emperor-level secret techniques, severely destroy Su Lang's emperor body!

however.

Su Lang's defensive stamina and endurance surpassed Lin Fang in all aspects, and he had a lot of wonderful ways to deal with it, which was simply outrageous.

Not only can the self-transformation constant sand evade some of the attacks, but also the help of the Undead Emperor!

Su Lang's vitality and blood are endless, and energy is endless. The damaged emperor's body will be repaired instantly!

It can be said that Lin Fang's attack can only cause incalculable consumption to Su Lang.

However, facing Su Lang's attack, Lin Fang had no ability to defend and evade at all!

Huh!

The misty energy-like heart, the edgeless sword, was deeply submerged in the center of Lin Fanglong's forehead!

"Roar--!!!"

Lin Fang's dragon body shuddered in an instant, his hair and beard were stretched, and he let out a dragon howl with fear and despair in fright and anger!

However, Lin Fang's huge dragon pupil was constantly distorted and distracted, gradually losing its luster.

Even his perfectly fused soul body and flesh, there was a faintly collapsed grit-like mist!

His soul has suffered unimaginable damage, and even the part that merges into his body is inevitable!

"Lin Fang!!"

In the supreme Ruyi lamp, Ruyi felt Lin Fang's endless horror and despair, and her whole body trembled.

She immediately consumed herself, the white candle melted again, and a flame heart turned into a twisting force and rushed into Lin Fang's sea of consciousness.

Under the influence of this twisting force, the terrorist attack that ransacked in Lin Fanglong's body was immediately suppressed.

however.

"Do you have the power of twisting?"

Su Lang stood on Lin Fang's huge and mighty dragon head, as if stepping on a weak insect.

next moment!

Endless innate Qi, Qi and blood energy gushing out of Su Lang's body, once again driving Xin Jue Wufeng to form a twisting force, and pour it into Lin Fanglong's head fiercely.

"Ruyi——!!!"

Lin Fang let out a weak and heart-piercing desperate cry, but the voice stopped abruptly!

"Su Lang, I'm fighting with you!"

Seeing Lin Fang fall in front of his eyes, the Supreme Ruyi Lantern was in grief and indignation.

Although she usually looked high in front of Lin Fang, she looked down on her, and even said she wanted to change the owner.

But, after all, Lin Fang was a person she had selected and cultivated with one hand and had been intimate with each other for more than a billion years.

It can be said that her feelings for Lin Fang are deeper than that of any master!

[Chapter 1526: I'm sorry, I haven't heard of it](#)

Lin Fang's death deeply stung Ruyi's heart.

She consumed the body of the white candle at all costs, condensed into a wave of terrifying twisting power, desperately killing Xiang Su Lang.

"It's really embarrassing."

"But who told you to almost kill my three sisters and chase me down?"

"..."

Facing Ruyi's desperate counterattack, Su Lang calmly took it down with a sword without edge.

If the opinion is desperate to no avail, on the contrary, he consumes a lot of money, and can't help but feel a little hopeless.

At this time.

Rumble!

Lin Fang's more than thirty thousand feet of dragon's body began to rupture inch by inch, and there was a faint tendency of flying ash to annihilate.

It looks like.

Lin Fang's life has been ended!

But Su Lang frowned slightly.

"Perfect Plunder did not start!?"

"This Lin Fang hasn't completely died yet!"

"Hmph, if that's the case, I'll give you another sword."

"If you go down with this sword, your soul's origin will be annihilated, and it will be even harder to walk the incense road!"

Su Lang smiled coldly, and twisted his hand holding Xin Jue Wu Feng Long Sword.

Suddenly.

His spirit power far surpassing the same level once again uses Xin Jue Wu Feng as the carrier to condense and grow, and make a fierce blow.

boom--! !

There was a terrifying explosion in the dark.

"Ding! You get the Soul of Quasi-Supreme Emperor*1, Quasi-Supreme Emperor Daojing*1, Life Universe*1, Soul Fusion Dragon Body*998, Supreme Emperor's Soldier Supreme Ruyi Lamp*1, no God-level materials Evil Light Dragon Leaf*12, Blood Moon Nine Elements Jade*25...Superior Xianyuan*300256784..."

Lin Fang's dragon body shook again, and the speed of collapse increased frantically.

Its huge dragon body turned into fireflies and rot, dragging its long tail across the sky.

Everything is like a very bright firework.

But in this tragic firework, suddenly there was another scream!

"Ah!"

"Who is it! Who dared to hurt the soul of the old man!!!"

"Who is it! Who dared to kill my disciple and ruin my plan to cross reincarnation!!!"

"I'm going to kill you, I'm going to smash you to pieces, crush your bones and make you ashes!"

"..."

The old hoarse voice seemed to come from a long river of time, getting closer and clearer!

at the same time.

Inside Lin Fang's collapsed dragon body, a crystal-clear, tall body fell out!

This body is exactly the remains of Master Lin Fang!

No, not the body, he is clearly alive!

What's more, a plan to cross reincarnation has been laid out!

His disciple Lin Fang is a very important part of his plan.

But now, Lin Fang was completely beheaded by Su Lang, and even the perfect plunder was triggered!

This immediately destroyed the cross-reincarnation plan.

"Huh~~!"

"I didn't expect to avenge a revenge and get an ancient thing!"

"And as soon as he came out, he had a hatred with me, and wanted to bring me down!"

Seeing the crystal clear man falling out, Su Lang was suddenly startled.

Immediately after.

The crystal clear man, that is, the body of Lin Fang's master, the godless aura began to recover!

"Wow!"

"This guy is by no means an ordinary godless class, he can't be recovered!"

Su Lang's face was horrified, and all the secrets broke out again, and the Absolute Edge Sword in the center of his hand pierced out instantly, "The heart has absolutely no edge to break a sword!"

Puff!

The long sword of Xin Jue Wu Feng stabbed the crystal-clear body fiercely and pierced its head!

"what--!"

"who are you!"

"I am the Four Dragons and Liang Xiaofei in the last reincarnation era. Since fellow Taoists are Godless, I must have heard of it. Stop it!"

Master Lin Fang, that is, Liang Xiaofei again let out a miserable howl, and quickly reported to his family, making Su Lang stop.

It's just that his body is still motionless, his eyes are closed, and his mental power is not emitted, so the voice seems a bit strange and oozing.

In addition, he hasn't recovered yet, and his body has been borrowed by Lin Fang, and he is not Su Lang's opponent at all.

Can only hope that his identity can suppress Su Lang.

Moreover, Liang Xiaofei seemed to hold very strong confidence, as if he would definitely stop when he heard of his name.

unfortunately.

"what?"

Su Lang raised his eyebrows, "Liang Xiaofei from the last reincarnation era? Silonghai? Sorry, I haven't heard of it!"

[Chapter 1527: I will put the lid on the coffin for you](#)

"what?"

"Aren't you a contemporary of mine?"

Liang Xiaofei's surprised voice came, "It doesn't matter, you know it now, our Silonghai is very strong, our four brothers..."

Su Lang interrupted Liang Xiaofei's words directly: "But you just said that you want to thwart me."

"That's all in a hurry!"

Liang Xiaofei said in a hurry, "I apologize to fellow daoists here. If we don't know each other, we might as well become brothers. I will protect you from this reincarnation!"

The battle of reincarnation is very desperate for the people in the exile, especially the strong.

A promise that allows people to survive the war of reincarnation without dying is indeed very tempting to those strong in the exile.

But the problem is that Su Lang is not a person from Exile.

And he didn't even think about wanting to go, but to find other ways to leave the exile, if not, he would directly penetrate the exile and return to the boundless universe.

Go to the next era of reincarnation?

What a joke!

"forget it."

"What age is this, who dares to trust others casually?"

Su Lang shook his head, his faint words were desperately ruthless.

"you!"

"If you kill me, my three brothers will definitely avenge me!"

"Further death without a place to bury, take a step back and broaden the sky, Fellow Daoist, you have figured it out clearly!"

Liang Xiaofei saw that Su Lang rejected himself so mercilessly, and immediately began to threaten.

"Don't think about it."

"You lie down obediently, and I will cover the coffin lid for you!"

The corner of Su Lang's mouth twitched, and the long sword in his hand twisted fiercely, "The world is dying, and the heart has no edge to break a sword!"

With the profound meaning of the universal nirvana, he burst out all the energy in his body instantly, urging the Godless Soldier Heart Jue Wufeng to condense an unprecedented twisting force!

And his mental power has once again condensed into spikes!

This is Su Lang's move without leaving any retreat. It has reached the limit level of his life!

Whether it is a mental power attack or a twisting power attack, it has fully reached the godless level.

Rumble!

The terrifying mental power attack and the power of twisting raged like an endless thunder in Liang Xiaofei's body.

"Do not!!!"

Liang Xiaofei let out a heartbreaking desperate roar, his body collapsed, and the ashes disappeared!

"Ding! You get the Soul of the Supreme Emperor*1, the Daojing of the Supreme Emperor*1, the Life Universe*1, the soul-melting dragon body*10000, the blood of the godless grade material Tianlong*100, and the evil light dragon leaf*30, Blood Moon Nine Elements Jade*50, Chasing Sun Wancai Ice*63...The lower emperor source*59856, the superior Xianyuan*125693548..."

The sky rules the riot.

The endless bright and distorted colors are like abstract oil paintings covering the sky.

The earth has long since turned into a huge pit of unknown depth, like a burial cave for a behemoth.

It is in such a picture.

Lin Fang and Liang Xiaofei, the two terrifying powerhouses, have completely fallen.

"It's over!"

Su Lang let out a sigh, with a relaxed smile on his face.

Soon.

He immediately used the clone dispatch function to leave this messy battlefield.

In the land of exile, the Godless Grade is already a strong upper class.

The outbreak of such a battle is likely to attract the attention of many warriors of the same level.

So Su Lang did not want to stay here.

In an instant.

Su Lang arrived tens of thousands of light years away, and immediately moved on, shifting directions.

And Su Lang just left.

Some non-God-level forces really noticed the movement here.

In the far north, in a bizarre moon-white plain, a young man wearing a purple robe with a bald head but a seductive face looked south.

"It's the direction of Wushuang Building!"

"Unexpectedly, a battle of the godless level broke out."

"That guy Lin Fang didn't know who had provoked him, and he was hit at the door."

"However, he has the supreme wishful lamp in his hand. Although this godless soldier is very mediocre, it can also protect him from death."

"Well, I'd better send someone to have a look, Wanyangui, you go."

"..."

The bald young man in purple robe gave a faint command, and he became addicted to his own affairs again.

[Chapter 1528: Who killed the third brother](#)

"Yes."

"Great Emperor Gouyue!"

A fat, strong man with eyes full of urns responded with urns, and then disappeared instantly.

Far away to the southeast of Wushuang Building, there is a magnificent white gold-inlaid building.

In a huge white temple.

"Is there any god-level hands-on?"

"Not only are there no **** soldiers, but there are also real godless players!"

A muscular man wearing a white-gold cloak without a shirt turned his head and glanced at the north, with a hint of surprise in his eyes.

Immediately after.

There was a knight braving golden light and riding a white flying horse appeared in the temple.

"Go, shining knight."

The brawny man in the cloak said, "Investigate what happened."

"Yes! Master leader!"

The knight suddenly turned into a platinum meteor and disappeared into the sky.

The two forces that were disturbed by the movement of the Wushuanglou War were the Moon-Constructing Moth Clan mentioned by Yu Heng and the Bright Church.

of course.

Yuheng had flown from the boundless universe to a place of exile.

And she didn't stay here for a long time, so her knowledge was limited, and she didn't know that the godless powers were far more than those she knew.

Except for the Gouyue Moth and Bright Church.

Some people are aware of this battle!

And there is more than one, but two!

"What!? Third Junior Brother, he has fallen!?"

"I felt the Third Junior Brother wake up, but soon he fell, and the lifeline was turned to ashes!"

"How come...no, it's not true! The four of us have agreed to make a comeback and sweep the war of reincarnation!"

"Hey, now that the Fourth Junior Brother has not been found, the Third Junior Brother has fallen. Without the Third Junior Brother, we will greatly reduce our combat power!"

"No matter what, we must avenge the Third Junior Brother. After burning the lifeline, we drifted towards the Eastern Wilderness, and the enemy is there!"

"No matter who killed the Third Junior Brother, I will let him live forever in endless torture!"

"..."

In a deep sea.

Two middle-aged men wearing black robes looked at the land of the East Wasteland where Wushuang Building was located.

The expressions on their faces are hideous and distorted, their teeth rattled, their foreheads violently blue veins, and even countless dragon scales flicker all over their bodies!

Obviously, they felt endless anger and pain for Liang Xiaofei's death!

These two people are the second members of the Four Dragon Seas mentioned by Liang Xiaofei, Che Chenghua and Zong Wenshan!

Silonghai, the godless force of the last reincarnation era, has a total of four godless forces, Che Chenghua, Zong Wenshan, Liang Xiaofei, and Lu Mingxuan.

The physiques of the four are exactly the same, and they are all indispensable geniuses with dragon veins.

Therefore, he was accepted as a disciple by a super big man with a strong dragon vein and gathered together.

But the real goal of that big boss is to nurture them and use the special secret "Evil Dragon Strategy" to swallow them, thereby making a breakthrough.

The four of them got along day and night, and they had deep feelings. Later, they succeeded in counterattack and killed the ghostly master, so they got closer.

Later, the four people formed the Four Dragon Sea, and developed a secret method based on the evil technique of the cheap master.

This secret method allows them to fit together and become an individual, so that their combat power soars.

After researching this secret method, the four of them are more like one, intimate.

Relying on the unconditional trust between the four and the powerful combat power, the four were famous and powerful in the last reincarnation era.

But in the last war of reincarnation, they were not fully prepared, so they were defeated and the four were broken up. They were seriously injured and dying.

But the four of them all mastered the same life-saving method "Deadwood Condensation of Sources of Life", in order to protect themselves, in order to make a comeback in the next life.

In this life.

Che Chenghua and Zong Wenshan awakened one after another and joined together.

However, Liang Xiaofei and Lu Mingxuan are still banning themselves, not knowing where they are.

Che Chenghua and Zong Wenshan have been looking for two juniors for a long, long time.

Unexpectedly, the first news from the Third Junior Brother was terrible news!

The endless anger and pain made Che Chenghua and Zong Wenshan want to vomit blood, and without even thinking about it, they immediately set off for the Eastern Desolation!

[Chapter 1529: If you are looking for death, don't blame me](#)

at the same time.

There is no god-level force in the Flying Sect of the Eastern Desolation.

The depths of an underground labyrinth that almost no one is qualified to enter.

The transparent walls formed a powerful formation, and the dense black chains blocked a crystal clear human-shaped emperor body.

This crystal-clear emperor body was almost exactly the same as Liang Xiaofei's before, and it was Silong Hailao Silu Mingxuan!

Suddenly.

A trace of palm print in his hand was wiped out!

"Senior Brother..."

Emperor Lu Mingxuan trembled fiercely, and there was a drop of fluorescent tears in the corner of his eyes.

"Ok!?"

"Something!?"

In the corner of the maze, a quasi-godless white-robed man was puzzled, and he went back and forth to investigate, but found nothing.

He looked suspiciously at the other quasi-no-god companions who also guarded here, but found that they had not found anything.

"Could it be that I feel wrong?"

The white-robed man touched his chin, and left the incident behind him.

at the same time.

Su Lang didn't know that his killing of Lin Fang and Liang Xiaofei caused an investigation by two godless forces.

There are even two veteran godless powerhouses from the last reincarnation era, who have crossed countless light years in person and chased them with endless hatred.

Su Lang is now lying on a cloud, and he is counting the harvest!

First of all.

Su Lang took out the Godless Soldier, the Supreme Ruyi Lamp.

"Su Lang, die!!"

Accompanied by a heart-piercing roar, a group of Yanxin fiercely killed Su Lang.

"Lying down!"

"Hate me so!?"

Su Lang instantly swung the Xin Jue Wu Feng Long Sword, blocking the attack of the Supreme Ruyi Lantern.

The consumption of the Supreme Ruyi Lamp was so serious that almost half of his foot fell to the Godless Class.

Therefore, her attack could no longer cause any threat to Su Lang, who was holding the sword without the edge of the heart.

"I killed you!"

The Supreme Ruyi Lantern did not give up, and even launched another attack.

"Humph!"

"Since you are looking for death, don't blame me!"

Su Lang instantly activated all available secret methods, waved the sword of Xin Jue Wu Feng with his right hand, and squeezed the lampstand with his left hand.

With the help of Xin Jue Wu Feng Sword.

Su Lang immediately suppressed the Supreme Ruyi Lamp.

Immediately after.

Su Lang directly activated the one-click decomposition function!

In an instant, a mysterious force fell on the Supreme Ruyi Lamp.

"Hahahaha!"

The last crazy laugh came from the supreme wishful lamp, "Kill me, kill me, it's boring to live anyway!"

"Ding! The decomposition is successful, you will get the Soul of the Supreme Emperor*1, the Soul of the Quasi-Supreme Emperor*10, the Soul of the Emperor*1000, the Soul of the Emperor Wu*100000, the Godless Grade Material Purifying Ruyi Root*10, Quqiao Emperor Tears Gold*20, Supreme Youxinyan*30...Great Emperor Grade material..."

Boom!

The Supreme Ruyi Lamp collapsed suddenly and turned into countless materials into Su Lang's storage space.

A godless soldier who has experienced many wars of reincarnation, the weapon that countless powerful men dream of, has been turned into raw materials.

I don't know if this is seen by those quasi godless and godless warriors, whether it will be so distressed and curse.

"Wow!"

"A lot of materials!"

"With the materials obtained from Lin Fang and Liang Xiaofei, I am afraid that my Youtian Sword will be promoted!"

Su Lang's eyes brightened with excitement, and then immediately took out the Youtian Sword to try.

Unfortunately, there are still not enough materials.

But Su Lang was not discouraged. He obtained a lot of low-level materials, more than he collected from all the sites in Wushuang Building!

Using these low-level materials to synthesize, you can definitely get enough materials!

"Let it go first."

"I will be promoted when the materials are synthesized later!"

Su Lang touched the Youtian Sword at his waist and said with a smile.

"Wow~"

Xiaoyou was also very excited, "The master is so kind to me, I am the master's little baby!"

Immediately after.

Su Lang began to count other gains.

The first is the two souls of the Supreme Emperor from Liang Xiaofei and the Supreme Ruyi Lamp!

The Soul of Quasi-Supreme Emperor is already very different. It is a misty, misty villain with a small golden crystal on the center of his eyebrows.

The true Soul of the Supreme Emperor has undergone great changes.

[Chapter 1530: Godless Soul and Dao Jing](#)

The structure of the Soul of the Supreme Emperor is divided into three layers.

The first layer is composed of dense red light spots of hazy fog, and the second layer is composed of strands of colorful colors.

The third layer is a lonely golden spot, very, very small.

However, that small golden light spot is the most dazzling existence in the entire Soul of the Supreme Emperor.

And through the ability of 'treasure recognition', Su Lang also recognized the corresponding things of the three-layer structure.

The hazy mist composed of the first red light spots was actually the part of the soul that merged with the emperor's body.

The strands of colorful colors on the second layer are the part of the soul that merges with the universe of life.

Those seven colors represent the infinite power of the universe of life, the almost complete power of heaven!

The third small but conspicuous golden light spot is the source of the deepest soul!

"The Godless Level has perfected the soul-body and soul-space fusion. After completing these two paths, the soul has undergone such a change."

"So, what about the road without God?"

"Xin Jue Wu Feng Long Sword is a Godless Soldier. The rank of Godless Grade is named after crossing. Why is it so?"

"..."

Seeing the incomparably marvelous Soul of the Supreme Emperor in his hand, Su Lang's heart suddenly appeared one after another.

But no one can answer him.

Only after the completion of the "Return to Nature and No God Record" can we know the path and special features of the Godless level.

Collect the Soul of the Supreme Emperor into the storage space.

Su Lang took out the Supreme Emperor Dao Jing again.

Compared with the crystal clear Great Emperor Dao Jing, the higher-level Supreme Emperor Dao Jing looked a little bleak.

It looks like an ordinary glass ball, without any rhyme, and it can't trigger any abnormality of rules.

"Back to Basics!"

"One of the essence of Godless Grade!"

"Liang Xiaofei comprehends too many rules, except for the time rule, almost all other rules are comprehended."

"Moreover, his condensed roads are 1,237!"

"With these avenues as the skeleton and those rules as the flesh and blood, it has been possible to form a perfect 'closed loop' without revealing a trace of Taoism!"

"Moreover, it is precisely because the rules and avenues he comprehend are sufficient to form a 'closed loop' and 'self-contained' enough to condense a godless twisting power!"

"Dao Fa is natural, Dao Fa world, to the end, it really is to transcend outside the universe and form its own rules of heaven and earth."

"After I have gathered enough avenues, maybe even if I have not entered the Godless level, I will be able to rely on the closed loop of the avenues to become one and condense my twisting power!"

"Of course, this kind of power is still a big gap compared to the true Godless Grade. After all, I haven't even entered the path of soul-body-soul fusion now."

"Speaking of which, I am also very good. I actually killed a godless level with a quasi-emperor level cultivation realm!"

"Even if the Godless Grade was seriously injured and just recovered, this is probably the first case since the creation of the Infinite Universe."

"..."

While thinking about it, Su Lang smiled happily, and then put the Supreme Emperor Dao Jing into the storage space.

This thing is extremely precious, but it is still tasteless to him.

Next.

Su Lang took out another piece of flesh and blood like wood

——The whole body is emerald green, exquisite and transparent, exuding strong vitality.

This thing is exactly the fragment of the soul-melting dragon body!

The soul-melting dragon body and the soul body of the Great Emperor should be a kind of treasure.

However, both Lin Fang and Liang Xiaofei are special dragon vein warriors, so this kind of soul-melting dragon body fragments were formed.

In Su Lang's view.

This soul-melting dragon body is simply a natural super pill!

And it's the kind of almighty!

Used for cultivation can greatly increase the cultivation speed of the great emperor rank powerhouse, and even have a great gain to the soul.

Used for healing, it can quickly restore the body and soul injuries of the Great Emperor, and it can detoxify almost any poison.

Finally, it is even used as a bomb to blow people up!

Of course it is a waste to bomb people!
