### [Chapter 1591: A lively believer](#)

"Yes, master!"

"It just so happens that the energy of the moon moth can no longer maintain the highest evolution speed."

"However, with the standard set by the master, there is no problem at all for ten and a half months."

The moon moth appeared beside Su Lang, kneeling at his feet and said respectfully.

"Ok."

Su Lang nodded, "So, by my standards, how many times the evolution speed is?"

"Report to the master."

The moon moth replied, "Based on the cell division speed of the moon moth family, it is 10,000 times."

"Ten thousand times?"

"It's a super abnormal speed."

"The lifespan of the emperor-level elves at this rate is only five thousand years..."

Su Lang smiled and nodded, "Presumably they will develop a more exciting civilization soon."

"Most definitely!"

The moon moth nodded solemnly, "Then, Master, shall I begin to adjust the rate of evolution now?"

"Adjust it."

Su Lang nodded, "If you don't adjust, the life spirit will lose its advantage."

"Yes, Lord!"

The moon moth immediately adjusted the evolution speed of the spore creatures on the Tai Sui star.

Suddenly, the evolution speed of the spirit of life and the tree of life became ten thousand times faster.

With few people, they instantly expanded countless populations, and the tree of life also multiplied more plants!

The evolution speed of alien elves and fierce beasts has been countless times slower.

But like the life elves before them, they can finally operate their thinking normally, and can truly exert their wisdom and create their own civilization!

All three parties made up for their shortcomings and began to compete more fiercely.

"Let's do this for the first time in this world."

"When there are more souls and flesh of the Great Emperor in the future, I will take you to my other universe."

"But there are still eight universes in my body that need you to help me create creatures!"

"These universes are all made from the core fragments of the Boundless Realm. They have all eight attributes of gold, wood, water, fire, and earth!"

Seeing the rapid development, Su Lang nodded in satisfaction as if he had driven a fast-forward Tai Sui star.

"Yes, the great Lord!"

After hearing Su Lang's words, Yue Mo was shocked and overwhelmed.

She had lived for a long, long time, and was the first to see Su Lang such a strong man who created multiple universes of life.

Moreover, the life planets in the universe like Su Lang were all made of the core fragments of the Infinite Realm.

As an Godless Soldier, Moon Moth knew some secrets of the Infinite Realm, so it was extremely shocked.

She could hardly imagine how Su Lang obtained so many core fragments of the Infinite Realm, and created nine life planets!

"Ok."

"Behave well!"

"Next time I get enough materials, I will consider upgrading for you."

Su Lang smiled and drew a big cake for Yue Mo.

Of course, the probability of the moon moth eating this cake is extremely high.

"Moon Moth thank you Master!"

"The master is really the greatest being in the world!"

"..."

The moon moth knelt on the ground and worshiped, a mad believer alive and well.

"All right."

"I have another important business here, so you can maintain the rate of evolution."

Su Lang faintly waved his hand, removed the clone, and returned his will to his deity.

"I must create the most perfect wood universe for the Lord!"

Yue Mo made up her mind that she was so serious for the first time.

quickly.

The mother's nest in the sky, which was as huge as an asteroid, suddenly became smaller, returning to the palm-sized octagonal crystal.

Immediately after.

The moon moth concealed into the octagonal crystal, turned into a streamer and fell into the Tai Sui star.

The other side.

Su Lang will return to his deity, his time limit for devouring the clone has long ended, and the power of the Four Crossing Godless Level has fallen to the Yidu Godless Level.

Falling from the Sidu Godless level to the Yidu Godless level, this drop is almost comparable to falling from the Great Emperor level to a mortal!

"Ugh!"

"Own combat power is ultimately the most important."

"Secrets and swallowing clones are best used as trump cards, otherwise they are likely to overturn!"

"..."

Su Lang felt his empty body and sighed softly.

Of course, he is not a sentimental person.

After sighing, he immediately picked up his mood and dispatched the avatar to detect the turbulence of time and find the lost Xuanwu.

At the same time, he did not forget to take out the cauldron to refine the parts of the super humanoid weapon.

With Su Lang's current refining speed, one can be refined in ten seconds, and this horror treasure can be born in less than a week!

at the same time.

Taishang Jiuqing Palace, deep into the turbulent place of time, in that seemingly ordinary wooden house.

Zhan Taiqing looked at the light red spot on the chessboard in the south, with a hint of surprise on his face.

[Chapter 1592: Estimated to sneer!](#)

"what!?"

"Before slicing two Godless Grade Four Dudes Godless Grade suddenly became a Godless Grade!?"

"Could it be that the reason why he was able to improve so quickly before was actually using some secret method?"

"No, no, if it's just a secret method, it's impossible to instantly raise three small realms. This is a godless small realm!"

"In other words, this mysterious powerhouse must be desperate at this time, consuming a lot of origin and even life span to have such a large improvement span."

"He must be very weak now, it must be very easy to kill him..."

Zhan Taiqing stared at the chessboard, silently thinking, eyes full of three-point surprise, three-point greed and four-point complexity.

If he guessed right, the opponent must be a very powerful Godless.

It is very likely that it is not just the four crossings without God level, the five crossings and even the six crossings are possible.

And such a strong person has risen a big step from the godless level below Sandu.

There must be countless treasures, weapons, exercises, and even rare godless treasures on his body.

If you can kill the opponent and get everything about the opponent, the foundation of the Supreme Nine Qing Palace can increase by at least one tenth!

This is because Zhan Taiqing's eyes are greedy.

However, if you kill the opponent now, what about the war of reincarnation?

There are not many Godless Levels above Sandu. If the battle of reincarnation cannot lead to the coffin of the Nine Dragons, then the arrangement of the Supreme Nine Qing Palace in this entire era will be vanished!

And they, the strong, can only linger.

It is very likely that they will fall before the next era of reincarnation, and will never be resurrected.

"Forget it!"

"The battle of reincarnation is still important."

"Hmph, let you go for the time being. When the war of reincarnation comes, I will kill you myself!"

"..."

A light flashed in Zhan Taiqing's eyes, and the color of greed gradually disappeared.

At his level, the pattern is already large enough to include the entire exile, and the things considered are mainly the battle of reincarnation.

That is the goal they should pay attention to!

Of course, if there is a lost Xuanwu, everyone will give up the battle of reincarnation without hesitation, fight for the gate of the lost Xuanwu refining reverse exile, and escape from the place of exile!

After a soft snort, Zhan Taiqing's eyes moved from the red dot that represented Su Lang to another red dot that was also in the south.

"The red dot that appeared suddenly, another resurgent guy."

"It looks like it is currently at the Second Duo Godless Level, and it is possible to reach San Du or more after recovery!"

"Huh? Some quasi-emperor-level powerhouses around were killed by him? No, he was massacring in a large scale! His power seems to be stronger!"

"Well, no matter how many low-level creatures there are, they won't be of much help to the war of reincarnation. If you die, you will die."

"..."

Zhan Taiqing looked at the red dot and nodded silently.

at the same time.

Su Lang didn't know that he was suddenly 'freed'.

If you knew it, I would sneer!

In addition, he didn't know that Lu Mingxuan, who was full of hatred, was getting closer and closer to where he was.

I saw the sky somewhere southeast of the Exile.

A handsome man sat cross-legged between the horns of a blood-red dragon, and disappeared from the clouds.

This person is using the Godless Soldier Buddha Sky Star Dragon and various secret techniques to rush to Lu Mingxuan in the south.

suddenly.

Lu Mingxuan's expression moved and stopped.

Because in front of him appeared an endless battlefield ruins!

The cities spanning hundreds of thousands of miles were slaughtered, and all the creatures in the mountains died!

All creatures have been sucked away from all energy, no matter if it is aura, blood or soul, no drop is left!

"This is a devouring evil method!"

"Under normal circumstances, this kind of secret method has side effects, unless it is necessary, otherwise most powerful people will not do it."

"Then the person who did this kind of thing might have to do it!"

"Perhaps, he is injured!"

"..."

Lu Mingxuan's eyes flickered, and he urged the godless soldier sitting down to continue flying forward.

All the way through, a straight line distance of dozens of light years, all the creatures on this path are dead!

#### [Chapter 1593: Colorful Sky Star Dragon](#)

"Roar!"

The Buddha Tianxinglong suddenly let out a low growl, somewhat alert.

"The man is in front!"

Lu Mingxuan drove the Buddha Sky Star Dragon in rapid flight.

Soon, a dark man who was slaughtering creatures frantically appeared in his vision.

Countless creatures died while this pitch-black man waved his hand, all forms of energy such as spiritual energy, blood, soul, etc. were swallowed by him!

This person is exactly what Zhan Taiqing observed before, the old monster of the last reincarnation era that has just recovered.

But now he is no longer at the Second Duo Godless Level, but has returned to the Sandu Godless Level!

"It's him!"

"Blackhearted old man!"

"The cruelest godless class in the last reincarnation era is the person with the most dead souls in the entire exile!"

"At the beginning, the subordinate forces of Silonghai were also slaughtered by this guy hundreds of millions of lives!"

"Unexpectedly, this cruel guy actually lived to the age of reincarnation!"

"It happens that I must be promoted as soon as possible to avenge the seniors. Once the black-hearted old man is killed and swallowed, I will be promoted!"

"This...this is an excellent opportunity!"

A trace of surprise and resentment flashed across Lu Mingxuan's face, and at the same time, his eyes suddenly became red when he thought of the death of the seniors!

But after a flash of thought, Lu Mingxuan immediately made a decision!

kill! !

Lu Mingxuan's eyes flashed cold, and he acted outright in an instant...  
at the same time.

The Southern Wilderness is close to a mountain range on the border of time turbulence.

"Roar!"

"Roar!"

"..."

A ten-inch long colorful dragon roared and roared in a cave, very restless.

"Colorful Sky Star Dragon, did you find anything?"

A man wearing a red crown looked over in surprise and asked.

"I suddenly felt it!"

"My compatriot brother Phutu Tianxinglong is approaching here!"

"But he suddenly stopped again, and he seemed to be busy with other things and didn't notice me for the time being."

"..."

Colorful Tianxinglong answered, the light of memories gleaming in the long eyes.

"Your compatriot brother Phutu Tianxinglong!?"

"That must be a very powerful godless soldier!"

"A powerful weapon like yours should not be held in the hands of waste. I will help you reunite with your brother!"

"..."

The man with the red crest showed a sneer, and immediately stood up and flew towards Lu Mingxuan with the colorful Tianxinglong.

The colorful Tianxinglong naturally saw that the man with the red crest had no good intentions, but it did not stop it.

One is because it doesn't know whether the current Buddha Tianxinglong is still in the hands of Old Fourth Road Mingxuan.

Second, even if it is really Lu Mingxuan, it doesn't matter!

Because of the passing of time, it has been away from Liang Xiaofei for more than one or two billion years, and his feelings have long since disappeared.

Besides, Lu Mingxuan is not its old master!

Qi Cai Tian Xinglong was very satisfied with the current owner Jing Yuanbai.

Because he is not only powerful, but also has a very deep background!

In this world, to live better, you have to live more realistically!

Feelings or something, just let the flow go, and insist on the opposite but not beautiful.

In the chasing soul emperor palace.

Su Lang is still refining immortal parts.

The dark cauldron was on the ground.

A group of colorful swirls slowly swirling around the cauldron, like a miniature nebula.

This piece of colorful enveloping is the colorful burning heaven and wonderful flame, which is formed by the fusion of 88 different fires.

Although it is only the fairy-level, but because of the fusion of the crape myrtle, the super humanoid weapon parts used to refine the fairy-level are the most suitable!

"The sixty-five thousandth!"

Putting down the parts in his hand, Su Lang glanced at the cultivator.

After finding that the white villain still hadn't all turned golden, he continued to refine the parts.

Su Lang didn't know that the colorful Sky Star Dragon that he didn't get from Liang Xiaofei had already appeared.

If the Zixiao Heavenly Star Dragon and the Promise Heavenly Star Dragon had not been disassembled, perhaps he would have discovered the location of the Colorful Heavenly Star Dragon as soon as he arrived here.

The other side.

"Hahahaha!"

"Finally, I finally broke through to Sidu Godless Level!"

"Although the price paid is high, I have hope of revenge!"

"..."

In a messy battlefield, Lu Mingxuan was covered in blood and roared to the sky.

[Chapter 1594: Founding-level return to the original and return to one emperor record!](#)

A mummy was kneeling in front of him.

This corpse is the black-hearted old man who slaughtered creatures wildly before and had old grudges with Silonghai!

Lu Mingxuan killed the black-hearted old man!

And through the secret method "Dragon Swallowing Secret Technique", the black-hearted old man was eaten alive and promoted to the Sidu Godless Level!

Feeling the new power, Lu Mingxuan is full of confidence!

While performing the secret technique, he hurried to the direction of Su Lang, and at the same time included the Buddha Sky Star Dragon into the universe of life.

He did not choose the Royal Buddha Sky Star Dragon.

Because this Godless Soldier was too consumed in the previous battle.

Therefore, Lu Mingxuan put it into the life universe to restore, in preparation for the next battle of revenge!

Just when Lu Mingxuan was on his way.

"Going south?"

Jing Yuanbai was riding on the colorful sky star dragon, and asked lightly.

"Yes."

"Although I can't feel the position of the Buddha statue now."

Qi Cai Tian Xinglong replied, "But before that, I sensed its direction."

"Then turn around and keep chasing!"

"Futu Tianxinglong, I must get it!"

"By the way, there are also Zixiao Tianxinglong and Promise Tianxinglong!"

"No matter whose hands they are in, I will take them, hahahaha!"

"..."

Jing Yuanbai laughed presumptuously and drove the colorful sky star dragon to chase after Lu Mingxuan disappeared.

Time passed slowly.

In addition to exploring the movements of the clones of the turbulent time.

Su Lang concentrates on refining parts only, and does not hear foreign affairs.

And when he refined the 70,000 parts!

"Ding! "Return to Nature and Return to One Emperor" has reached the founding level!"

The appearance of the system prompt shocked Su Lang, and immediately showed ecstasy!

"watt!?"

"This godless technique has actually been practiced to the founding level!"

"But it's time to complete the training if you want to come, how long have you left it!"

"..."

Su Lang was pleasantly surprised, and his mind was full of thoughts.

At the same time, a series of incomparably mysterious godless level profound meanings were imprinted in Su Lang's soul!

In a flash!

Su Lang understood the cultivation method of Godless Level!

"After the soul-body fusion is complete, the conditions for the soul-space fusion are fulfilled."

"As long as you merge the soul body and the soul universe a little bit, you can step into the realm of godless level!"

"The body, soul, and the universe of life are completely melted and transformed into the world. This is the practice method at this stage!"

"Yes, the most critical power of Godless Grade is the power of twisting, the power generated by twisting the rules of the road!"

"Although the fusion of soul and universe can master all the rules and avenues of the life universe, it must be extremely laborious to rely on the power of the soul to mobilize the rules and avenues of the life universe!"

"It's just like what I saw on Fei Xue Xing at the beginning. He is the quasi-superior emperor who is in harmony with the world. It stands to reason that he has mastered all the rules and avenues of Fei Xue Xing, but he can't use the power of distortion."

"The most advanced method that can be achieved by Soul-Universal Fusion is to use all the existing rules of the universe of life, but it is not enough to twist it!"

"There must be a perfectly fused soul body to join in to display the power of distortion."

"And the higher the degree of fusion between the soul and the soul, the more twisting power that can be used, the stronger!"

"When the soul, the soul, the soul, the soul, and the body are 100% integrated, it is the time when they jump out of the constraints of the rules of the universe, completely embody the world, and become one!"

"However, this is only the pinnacle of the godless level, the realm of quasi-primary beginning, because there is still a rule that has not jumped out, that is, the rule of time!"

"Only if you have your own time rules and create a world line in your own world that is different from the boundless universe, can you be considered a completely unique world!"

"It's like this place of exile has its own timeline, maybe this world is too junior!"

"..."

Su Lang pondered silently, thoroughly understanding the road ahead.

At the same time, he raised an extremely strong vigilance and worry.

Because he might be in a world transformed by a too junior boss!

If this is the case, wouldn't his every move be seen by the early boss?

[Chapter 1595: Daily combat power two crossing no \\*\\*\\*\\* class](#)

"No way!"

"Will the early boss discover my system?"

"If he discovered my system and became interested in me, what should I do?"

"It's really rough, the more you know, the more troubles you have, alas!"

"..."

The expression on Su Lang's face kept changing, and his eyes were full of worry and uneasiness.

but.

Suddenly his inspiration flashed, his eyes lit up!

"its not right!"

"If the place of exile was really transformed by a big boss from the beginning, how could I use the door of exile to come in?"

"Not only me, but also the infinite universe creatures like Yuheng!"

"They were also banished easily, which is too casual!"

"The place of exile that can be entered by using the gate of exile is simply riddled with defects!"

"..."

After Su Lang's analysis, three conclusions appeared in his mind.

First, the place of exile is a natural existence, independent of a world in the boundless universe.

But Assafir, the bright sword weapon spirit, analyzed that the time avenue of the boundless universe is very stable, and it is almost impossible to naturally form a place of exile.

Second, the place of exile was created by the Great War.

It was a war in the entire universe, and the junior boss absolutely shot it!

They control the rules of time, if there are too many, and fighting together, it is very likely that a place of exile will appear.

After all, the timeline of the solar system formed by a part of the core fragments of the Infinite Realm is very slightly different from that of the Infinite Universe.

At the beginning, the channel between the Blue Star and the Wind Spirit was a space-time channel, not a space channel!

This nuance in the timeline is definitely caused by the battle of the infinite universe 4.5 billion years ago!

Third, the place of exile is the world transformed by a certain tycoon from the beginning!

However, this gangster has fallen, but the world is left behind!

Because no one is in charge, it becomes a lost world that can be opened by using the gate of exile.

In fact, there is another speculation that this world may be a fragment of a different universe with its own timeline, but the possibility is too low and too low.

"The most likely one should be the second and third."

"Considering that the war of reincarnation and the coffin of Nine Dragons are most likely to be artificial rules, the third possibility is probably higher!"

"But the second one cannot be ruled out. What if a later strong man discovers the place of exile and uses it?"

"However, no matter what, it is better than this world who is directly alive in the beginning."

"Hopefully, it's not that some strong people used the land of exile to create the 'War of Reincarnation' and the 'Nine Dragon Coffin', Mad, this is terrifying.

"..."

After the analysis, although Su Lang was still a little worried, he was relieved a lot.

What's more, no matter what the world is like, one has to live a life.

If you think too much, it's pure trouble for yourself.

After leaving the question about the place of exile, Su Lang began to check his property panel.

[Chapter 1596: Lu Mingxuan appeared but pretended to ask for directions](#)

"The combat power has directly crossed a small realm!"

"And this is because I haven't reached the godless level, and the power of the exercises cannot be used."

"Only when I reach the emperor level, can I use the profound meaning of "Return to Nature and Return to One Emperor" to merge the soul body and soul, and then reach the quasi-prime primacy, can I fully exert the power of this technique."

"The remaining three godless-level exercises, according to their names, should all be secret techniques, and they may be able to exert a stronger power at a lower level."

"Well, "A Thousand Ways to One: Unnamed" has finally reached the godless level, then, it's time to name it!"

"This exercise is a combination of a large number of exercises, and it can continue to integrate a large number of exercises to continuously improve myself. I don't even know what the future will look like..."

Su Lang thought silently, "Then... call it Infinite Profound Meaning, System, immediately change the name of Wanfa Guiyi Gongfa!"

"Ding! "Ten Thousand Ways to One: Unnamed" has been renamed "Ten Thousand Ways to One: Infinite Secrets"!"

"Sounds pretty good."

Su Lang nodded slightly and smiled.

at this time!

Rumble!

A ripple of energy covering a very large area ran across, just covering the location of the Soul Chasing Emperor Palace.

Immediately after.

There was a whistling outside, seeming to be the sound of escape light.

"Excuse me, this fellow Taoist."

"I don't know where this is, what year is this eve?"

A vigorous man's voice sounded outside, and it passed through the defensive barrier of the Soul Chasing Emperor Palace, and fell into Su Lang's ears.

"the host!"

"God \*\*\*\* it, it's disturbing you!"

Qi Ling Zhuhun knelt in front of Su Lang with a look of panic.

"It's okay."

"Your current level is indeed a bit lower. I will upgrade you when I have the materials."

Su Lang raised his eyebrows, and his mental power instantly covered hundreds of thousands of miles around him.

Suddenly, he saw a man outside, his eyes were extremely vicissitudes, and he was mixed with some doubts.

This person has an unfamiliar face and a strong aura.

"Properties panel!"

Su Lang's heart moved, and he immediately called out all the information of the man.

"Ok?"

"Lu Mingxuan?"

"It's also Long Liu Dao Ti?"

"Hahaha, it turned out to be Mingxuan on Silonghai Laosi Road!"

"He came here for revenge, but pretended to ask for directions outside?"

"This is because I thought I hadn't seen him, I didn't know he was Mingxuan on Silonghai Road, and wanted to lie to me to get out of Soul Chasing Emperor Palace?"

"However, why doesn't he do it directly? Is it because he doesn't know my strength and wants to verify it with his own eyes?"

"Yes, I killed Che Chenghua and Zong Wenshan in seconds, he must regard me as the Four Dus Supreme Emperor"

"This time I came here to compare the strengths of him and me, so as not to make a rash move and be killed by me instead!"

"Hmph, think carefully, if I don't have an attribute panel, I can really be fooled by him!"

"..."

A sneer was drawn at the corner of Su Lang's mouth, and then he directly took the Soul Chasing Emperor Palace and appeared in front of Lu Mingxuan.

"what!?"

Lu Mingxuan was taken aback when he saw Su Lang!

Because Su Lang only exudes obvious quasi-no-god-level realm fluctuations, although his aura is far stronger than the real-no-god-level fluctuations, there is only a second-passing godless level!

"Could it be..."

"The reason why this dog can kill my seniors is entirely because of using some horror secret techniques to reach the Sidu Godless level?"

"Yes, it is very possible that even the origin and lifespan have been consumed more than half, causing the realm to fall to the quasi-no-god level!"

"Hahahaha, this is really great. I was worried that I was not strong enough, so I came to cheat on intelligence."

"..."

Lu Mingxuan smiled in his heart, but he didn't move on the surface.

It was still the same vicissitudes and doubts before, just like an old man just crawling out of the soil.  
at this time.

"This senior, are you a strong man who has just recovered? Well, it must be so!"

"That's why you didn't know that this is the north of the land of exile, and the time is when Silonghai was just established!"

Su Lang has a serious expression on his face, so sincere and sincere, every word in the words seems to be made of real gold, which is really incredible!

But Lu Mingxuan turned black when he heard it!

Because he knew immediately that Su Lang had recognized his identity and was taunting himself!

[Chapter 1597: The ridiculous person doesn't know who it is!](#)

"Humph!"

"Unexpectedly, you \*\*\*\* recognized me!"

"However, you didn't run away when you recognized me. Instead, you dared to mock me. Could it be that your brain is broken!"

"Or, do you think you can kill my three senior brothers, you can kill me?"

"Don't say that I have far surpassed my seniors, even if my strength is the same as the seniors, you will definitely die!"

"Look at what you look like now. Because the realm of the secret technique has fallen to the quasi-no-god level, you dare to be rampant, it's really ridiculous!"

"..."

Lu Mingxuan sneered unscrupulously, and kept saying some contempt.

Because he was suffocated for too long and too much along the way, and he felt uncomfortable without saying a lot.

So he had to vent it, otherwise even if he killed Su Lang, he would not be vigorous.

Uh.....

Maybe it's the reason why some villains always talk too much...

"Ha ha ha ha!"

"The ridiculous person doesn't know who it is!"

"Obviously I am here for revenge, but I pretend to ask directions to test my strength. Can the methods be a little more contemptuous?"

"Moreover, an old, weak, sick and disabled person takes himself too seriously!"

"I really thought that after reaching the Sidu Godless Level, I would be invincible in the world."

Su Lang carried his hands behind his back, his expression was contemptuous, and his movements were slow and tidy, "You old idiot, I can fight two each!"

He seemed to be fighting with Lu Mingxuan, but in fact he was taking back the clones and avatars from the turbulence of time.

Although these clones and avatars are affected by the turbulence of time, their life span is greatly reduced.

But the strength is not weak, and if it is used to swallow the clone, there is no problem at all.

The only effect is probably that a few clones died in the turbulence of time, and they have not yet condensed again.

Now there are thirty-three avatars of Su Lang, and twenty-eight avatars.

Although the clones and avatars were dissatisfied with the members, with his current daily combat power of the Supreme Emperor Erdu, it was not a problem at all to hit Lu Mingxuan after swallowing the clone.

Otherwise, when he first discovered Lu Mingxuan, Su Lang had already used his clone to replace him.

but.

Su Lang knows himself and the enemy, but Lu Mingxuan is different.

Lu Mingxuan thought that Su Lang had used a secret technique to consume his origin and lifespan to kill his senior.

That kind of terrifying secret technique is definitely not something that can be reused in a short time.

Therefore, Lu Mingxuan is sure that Su Lang is already a tiger with a lost tooth.

What's more, his own strength has reached the Sidu Godless level, he is the tiger.

The misjudgment of the strengths of both sides caused Lu Mingxuan to make the wrong choice.

"One hit me two!?"

"Whether you are really crazy or pretending to be crazy, I will take revenge for my seniors today!"

"You kill my three dear brothers, I will never let you die happily!"

"I want you to survive and die, feel all the pain in the world before you can die miserably!!"

Lu Mingxuan's expression is mixed with three-point disdain, three-point cruelty and four-point thick hatred!

But he was not in a hurry to make a move. He wanted to crush Su Lang mentally and physically at the same time, that would be a complete revenge!

"Lying down."

"A man treats three men as his favorite?"

After hearing Lu Mingxuan's words, Su Lang rolled his eyes, "You are really poisonous!"

Of course Lu Mingxuan understood Su Lang's meaning, and instantly his complexion was as black as the bottom of a pot.

He suddenly realized that Su Lang was not brave at all, but was really not afraid of him at all!

This made Lu Mingxuan feel a trace of frustration, but the anger in his heart instantly exploded!

"Narrow-minded goblin!!"

"You can understand the feelings between our brothers and sisters!"

Lu Mingxuan gritted his teeth and growled, he couldn't help but start!

In a flash.

Lu Mingxuan raised his right hand, and the Buddha Tianxinglong appeared, cruising around his palm, and the extremely strong Longwei pressed down against Su Lang!

At the same time, a very powerful twisting force suddenly burst out of him, sweeping towards Su Lang overwhelmingly.

#### [Chapter 1598: Do you think you have a secret technique](#)

"Play Longwei in front of me, and get the axe!"

Su Lang smiled disdainfully, his body suddenly soared, rushing straight into the sky, and in a short time he reached the peak of the Four Crossing Godless Level.

A powerful and domineering dragon button Yuxi appeared in his hands, and immediately turned into a dragon and a dragon nest!

"fire--!!"

Ao Bing's roar came!

Accompanied by Su Lang's fiercely rolling eyes, the more terrifying Longwei was depressed like the sky collapsed!

The twisting force that was condensed by the Four Crossing Godless Grades turned into a luminous cannon, fiercely ejected from the mouth of the Shenlong.

The Longwei sent by the Buddha's Sky Star Dragon was directly suppressed by Ao Bing's Longwei, as if a small flame had encountered a fire extinguisher.

"Roar!"

The Buddha Tianxinglong was suppressed by the Godless Dragon Platform, and his breath was disordered, and his mouth whimpered!

This sudden scene directly made Lu Mingxuan thunderous, stunned, dumbfounded, like a clay sculpture!

"what!!"

"He can actually explode out of Sidu Godless Grade strength!"

"Moreover, this breath has reached the peak of Sidu, it is close to Wudu Godless Level!"

"And this dragon without God's soldiers... is even scarier than the Buddha Sky Star Dragon!"

"How is this possible? No one's dragon blood is more pure than my Four Dragon Sea in the exile!"

"..."

Looking at the incredible and unexpected scenes, Lu Mingxuan was almost shocked!

It is really hard for him to believe that Long Wei, who has always been unfavorable, has been beaten by others!

What is even more difficult for him to imagine is that a person who has already used the secret technique of killing eight thousand enemies and ten thousand enemies can once again burst out such a powerful combat power!

These things are simply fantastic things!

Lu Mingxuan can be regarded as a godless powerhouse who has lived for two lives, but this is the first time he has seen such an unthinkable thing!

And just when he was horrified!

The twisting force from the Godless Dragon Platform has collided with the twisting force displayed by Lu Mingxuan!

Wow! !

I saw that the twisting power of the Godless Dragon Platform completely took the upper hand, defeating Lu Mingxuan's twisting power like a ruin, and the remaining force was undiminished.

"Nine Dragons Breaking Stars!"

Lu Mingxuan did not hesitate and immediately used the Burst Secret Art.

Another powerful twisting force condensed and blocked Ao Bing's attack at the very moment.

But because of the hasty defense, although he blocked the attack, he was also repelled by a full 100,000 miles!

"Do not--!!!"

"He can't be my opponent!!!"

"This is fake, all of this is fake!"

"Yes, the cost of the secret technique he used is definitely terrifying, he can only perform this blow! He definitely can't stop me!"

"The Mirror of Dragon Refining-Tianlong's blood is broken!"

"Sacrifice to the Dragon Baojian-Tianlong slaughtered!"

"Zhulong Baojian-Tianlong kills the heart!"

"Meteor Dragon's Treasure-Tianlong is broken!"

"..."

Lu Mingxuan's face is hideous, his eyes are red, and his heart is crazy!

Immediately after.

He once again burst out various secret techniques, carrying a terrifying and vast power, and slew towards Su Lang.

This blow was the extreme pinnacle of his two lives for billions of years!

Even Wudu Godless Grade, I am afraid it can be shaken!

The distance of 100,000 miles is not worth mentioning to the Godless Class, and it will arrive in a flash.

"Do you think you have a secret technique?"

"Let you see the means to see me!"

"The inner world of ten directions, the broken world!"

"Emperor Hua Chen Xing, Reincarnation Evergreen!"

"Blood Moon, Heaven and Soul, the world is dead!"

"I'll give you another trick, break! One! Sword!!!!"

Su Lang smiled disdainfully, his body and aura skyrocketed, and he broke through the Godless-level chasm between Sidu and Wudu!

Suddenly.

A burst of light bloomed from Su Lang, like the sun exploded!

The terrifying energy and the twisting power that shield the sky and sun condense into a single sword light, appearing in front of Lu Mingxuan as if it penetrates time and space!

"Hoho——!!!"

The power placed there by the Buddha Tianxinglong, which was originally suppressed by the Godless Dragon Platform and made it impossible to move, suddenly violently violently stood in front of Lu Mingxuan!

The next moment.

In the almost infinite five-pass strength and majestic twisting power.

The Erdu-level Buddha Tianxinglong was torn into seventeen segments like a low-quality puppet.

But Su Lang gathered a large number of hole cards to break a sword but did not lose much, still maintaining the power of Wudu Godless Level!

"Fotu! No--!"

"Dog offal, I fight with you, today is not for the complete, just for the jade!"

"Four Dragons-Endless Dragon Bite!"

When Lu Mingxuan saw the Buddha Tianxinglong shattered, his eyes burst into tears, blood and tears splashed, and he launched a real suicide attack!

This is the ultimate trump card he has shown at the cost of everything he has!

He will consume every mana, every cell, every soul, every great power and the entire universe of life, and consume all the energy of heaven and earth within a light-year radius, and die with the enemy!

The moment when the endless dragon bite is displayed, it can no longer be described by words such as earth-shaking and earth-shaking.

It's the terrifying catastrophe of the collision of the planets, the world-destroying disaster of the complete collapse of the world and the annihilation of flying ash!

I saw all matter within a light-year radius, even light, suddenly collapsed around Lu Mingxuan!

Even the spell that Su Lang used with his own mana was swallowed!

Only the power of twisting detaches from the universe and remains unaffected!

"Awesome!"

"This is a black hole!"

"Unexpectedly, it will explode next..."

Su Lang stood still in the storm that was enough to tear a godless class, his brows raised slightly.

And his thoughts had not flashed before, and suddenly an explosion happened.

The black hole formed by Lu Mingxuan suddenly exploded!

The godless power of Wudu has come to the world!

A burst of energy is like a nine-day galaxy pouring around!

A lot of twisting force is condensed into a torrent, all methods are changed, and everything you pass will be annihilated!

Only Su Lang's breaking sword is like a mainstay, resisting the power of endless dragon bite!

But Lu Mingxuan is already so poor that he even died as a donkey, but Su Lang still has the Dragon Terrace without God, Youtian Sword, Bright Sword, Xin Jue Wu Feng Sword, and Xing Cuan Yun He!

The dragon's nest of the Godless Dragon Platform suddenly unfolded, covering the sky and covering the sun, as if a big net would pounce on ordinary power to absorb!

Immediately!

"fire!!"

Ao Bing used the captured power to condense into a large amount of twisting power, and blasted out like a serial cannon!

Before Lu Mingxuan absorbed the power in Su Lang's attack.

At this time, Longchao absorbed the power of Lu Mingxuan's attack, and it can be said to be treating his body in his own way!

Except for the Godless Dragon Terrace and the Youtian Sword, the Xinjuewufeng Sword and the Bright Sword were held in the hands of the Godless avatar condensed by the stars and clouds, and they swung at the same time.

A wave of twisting power joins the battle group to counteract the twisting power of the endless dragon bite.

Groups of gentle and warm light groups appeared on Su Lang, causing his recovery speed to surge again.

Under the action of the Bright Sword, the Great Sun Haotian, the Dantian Universe Sun, and the superb elixir as many as jelly beans.

Su Lang recovered a half within milliseconds, and he recovered all within a blink of an eye!

"This kind of battery life is afraid that even dead ghosts can be scared to death again!"

The corner of Su Lang's mouth twitched, but his vigilance did not relax.

Although his strength has reached the Wudu Godless Level, he actually relies on the accumulation of conventional strength.

The current Su Lang is still at the quasi godless level, unable to rely on himself to condense the power of distortion, and all the distortion power displayed is relying on godless soldiers.

And Su Lang's Godless Soldiers, the strongest is only Sandu Godless Dragon Terrace.

The quality of the twisting power they condense is not as good as Lu Mingxuan.

So we can only fight by quantity!

And the power of condensing and twisting requires energy, and most of these energy must be provided by the master of the emperor soldier.

So Su Lang himself had practiced a lot of founding-level exercise techniques!

There was a sun in the body, and it was still a fragment of the real sun in the boundless world.

There is also the professional counterpart of Da Ri Hao Tian Tu, as well as the densely packed quasi-no-god-level perfect pill and no-god-level perfect pill.

In addition, the godless-level clones condensed by the stars and clouds are exhausting themselves.

How can these all be together to condense enough twisting power to offset the power of Lu Mingxuan's endless dragon bite.

"Ao Bing, come again!"

Su Lang stood at the corner of the dragon's nest, and his whole body's energy poured into the Godless Dragon Terrace with the profound meaning of the world's death, leaving nothing behind!

"fire!!"

"fire!!"

"..."

Ao Bing got the power of Su Lang and the dragon nest swallowed the power from the outside world, so he was able to continuously blast out a wave of twisting power!

This terrifying speed, this crazy frequency, this huge amount of twisting power.

If you are seen by an ordinary Sandu Godless Grade, you will definitely be trembling with fright!

Ten breaths passed in a flash!

The power of the endless dragon bite was either consumed by destroying the heavens and the earth, or absorbed by the dragon's nest, or just offset by Su Lang, and finally all annihilated.

The twisting power contained in it was also consumed by Su Lang's four godless soldiers.

The space of 100,000 light-years across the world was swept across by too much twisting force, and the regular avenue of heaven and earth was severely affected.

There are already too many rules and visions, and the terrifying power contained in them cannot be resisted even by the quasi-no-god-level!

"Humph!!"

Su Lang was irritated by the colorful and mottled regular visions around him, and with a cold snort, countless regular avenues overflowed.

This is the avenue of regular rules that he comprehend. There are more than 3,900 rules, 490 rules avenue!

quickly.

Under the comfort of Su Lang's scattered regular road, the regular vision between heaven and earth was quickly smoothed out.

Even the smoke, dust and haze from the big bang was wiped out!

The world is clear, like a washed mirror.

Simultaneously.

The battlefield that has gone through countless rubbings has also become clearly visible.

I saw a huge pit appeared on the ground.

This pit is several light years deep, equivalent to tens of trillions of kilometers!

The vertical and horizontal length and width have reached a light year, close to one million billion kilometers!

Such a huge pit is enough for many solar systems!

And in this interstellar-scale pit, a person suspended in mid-air, it was Lu Mingxuan.

Lu Mingxuan at this time is no longer the Sidu Godless Level!

He has completely lost all his power, even his breath is gone. It can be said that he is a corpse.

Supporting Lu Mingxuan is the soul origin of only one part of the remaining trillion.

In fact, this trace of soul origin should have been consumed.

Even his body shouldn't be intact, but should be wiped out.

However, when Lu Mingxuan found out that he could not hurt Su Lang with a single blow, his worldview completely collapsed.

He was full of confusion and self-doubt, and it was difficult to accept the fact that he was defeated.

At least...at least to hurt the opponent!

What is good is not for tiles, but for jade?

That piece of jade did not even appear any cracks, it was broken!

Lu Mingxuan was completely filled with emotions such as horror, despair, and self-doubt.

He was beaten to autism by Su Lang at that moment!

Because he couldn't believe the facts, he wanted to confirm that it was not true, but false.

So he left a trace of soul origin to confirm the final result.

then.

Lu Mingxuan saw it.

Su Lang faintly flew over him, looking down at him condescendingly.

Obviously experienced such a terrifying battle, but Su Lang didn't even have a messy hairstyle!

"Life is a dream...nightmare!"

Lu Mingxuan whispered in his heart, his eyes distracted, his whole body completely collapsed from the inside out, and even the last trace of soul origin began to dissipate.

"Want to die by yourself?"

"This is dreaming!"

Su Lang smiled coldly, a bright sword appeared in his hand and swiped lightly.

Stabbed.

A gentle light and a different twisting force enveloped Lu Mingxuan and prevented his death.

"why?"

Lu Mingxuan's thoughts are like candlelight in the violent wind, which may be annihilated at any time.

"Humph."

"Every time I make a shot, I must not come back empty-handed, and this time is the same."

"You have consumed everything now, only a trace of the soul is left. I have lost a lot, okay?"

"If you dissipate the last trace of soul origin, I will suffer even more blood loss!"

"Lu Mingxuan, I accept this trace of your soul origin!"

The corner of Su Lang's mouth twitched, and a smile appeared.
