[Chapter 161: Super profitable one-click alchemy!](#)

Su Lang didn't know Ji Ruxue's careful thinking.

He opened the ring with strong anticipation, and found that it was all high-grade spirit stones inside.

"Tsk tsk, so many spirit stones are directly carried on him! This Murong Slim is really white and rich!"

Su Lang admired secretly, and soon all the spirit stones inside were stored in the system.

Seeing the balance of the lower-grade spirit stone grow wildly like he had eaten hormones, Su Lang felt happy!

"Thank you for the premium purchase!"

"Next time I practice enough pill, I will sell it to you!"

While smiling, Su Lang handed the ring back to Murong Xianxian.

"Thanks to Master Su Lang for being intimacy!"

Murong Xianxian smiled and took the ring, "The little girl is always waiting for the adult's arrival!"

Ji Ruxue couldn't interfere with the handing back process, and could only watch Su Lang's hand and Murong Xianxian's hand touch.

At this time, Lao Li also came back with materials.

"Master Su Lang, this is the material you want!"

Veteran Li handed a space ring to Su Lang.

"well!"

Su Lang stored all the materials inside in the storage space and handed back the ring.

"cough!"

"Since the transaction is over, then we'll leave!"

Ji Ruxue gave a light cough, grabbed Su Lang's arm and dragged it out.

"Thank you, the host, I will leave now."

Su Lang didn't want to stay too much, nodded to Murong Xianxian, and walked directly outside the Jingxin Pill Building with Ji Ruxue.

Granny Ke, who had been standing on the side as an invisible person, quickly followed this scene.

"Such a mysterious and powerful alchemist!"

"It's a pity that I didn't have a chance to see his true face..."

"However, judging from the nervous reaction of the little vinegar jar next to him, it should be very good."

Murong Xianxian sighed with regret. It was the first time that she became interested in a member of the opposite sex, but only to know the name of the person.

"Lao Li, let me know as soon as Master Su Lang comes next time."

Murong Xianxian confessed to Lao Li, and went upstairs before Lao Li could answer.

"Oh my God!"

"It's really rare for the poster to be so interested in a man!"

Lao Li was surprised by Murong Xianxian's reaction.

Murong Xianxian has many suitors, but Lao Li has never seen her caring for a man so much.

For men, she has always been too lazy to take care of it!

...

The other side.

After Su Lang took Ji Ruxue and Granny Ke to leave the Jingxin Pill Building, his attention has been focused on the mysterious black space.

"A full 22 million low-grade spirit stones!"

"Moreover, there are 200 copies of Tai Xuan Rong Ling Ba Pill's materials!"

"One piece of material is only worth 20,000. It takes one second to refine alchemy and you can earn 15 times in a blink of an eye! It's so cool!"

Su Lang's eyes flashed with excitement, "System, give me all my strength to refine Tai Xuan Rong Ling Ba Pill!"

"Ding! You got the Supreme Profound Rong Ling Ba Pill*3!"

"Ding! You got the Supreme Profound Rong Ling Ba Pill*3!"

"..."

"Wow, I was wrong!"

"This is more than 15 times, this is totally 45 times of huge profits!"

"Once all refined, it will be 600, with a total value of 180 million lower-grade spirit stones!"

The brilliance in Su Lang's eyes, coupled with his smiling fox mask, looked strange and evil.

When the passers-by saw him, they all hid away!

"Does Brother Su Lang love money so much?"

"Although there are indeed many lower-grade spirit stones of more than 20 million, it is not like this!"

Ji Ruxue's little face was also full of weirdness, and a trace of worry was revealed immediately:

"If there is a Bai Fumei like Murong Xianxian who wants to pack. Yang Su Lang, then what should I do?"

Bah, baah, what are you thinking about? How can Brother Su Lang be a person to be raised!

Um...but...what if? "

Just when Ji Ruxue was thinking about it.

"System, quickly upgrade me the one-key practice function!"

Without thinking about it, Su Lang directly chose to upgrade the most basic functions.

"Ding! Consume 1 million low-grade spirit stones, upgrade the one-key training function to level 8, and increase the training speed to 256 times the basic speed!"

"Ding! Consume 10 million lower-grade spirit stones, upgrade the one-key training function to level 9, and increase the training speed to 512 times the basic speed!"

[Chapter 162: Oriental City Danwangjing Qianyi](#)

"Jie Jie Jie Jie!"

"A full 512 times!"

"I play for a day, which is equivalent to one and a half years of cultivation with no lack of genius! It's cool!"

Su Lang couldn't help letting out a deep and excited laugh, and the whole person looked even more weird.

Immediately afterwards, Su Lang issued the order again!

"System, give me a one-click martial arts function!"

"Ding! Consume 1 million lower-grade spirit stones, the one-key martial arts function is upgraded to level 8, and the training speed is increased to 128 times the basic speed!"

"Ding! Consume 10 million lower-grade spirit stones, upgrade the one-key martial arts function to level 9, and increase the training speed to 256 times the basic speed!"

"Tsk tusk, 256 times the training speed!"

"I don't know the expressions of those geniuses with extraordinary savvy knowing that they have been working hard for half a year before they can compare to me sitting and enjoying the day?"

"Hahahaha!"

Su Lang laughed out of joy.

This made Ji Ruxue sad, and even more worried that Su Lang might be covered. Raised...

At this moment, Su Lang's smile suddenly moved

—He felt several eyes looking at him!

at the same time.

On a building close to the Jingxin Pill Building, a group of people stared at the three Su Lang!

There is a familiar face among this group of people, it is Danshi Xu who was forced to eat the table by Su Lang before!

At this time, he and several other military commanders were clustered around a wrinkled old military commander with narrow eyes.

If a slightly knowledgeable alchemist sees this old martial artist, he will respectfully call out: King Jing Dan!

That's right, this old martial artist is a pill king, the only pill king in the East City-Jing Qianyi!

"Xu Zhifei, are you sure that the person has the Peerless Pill Code of the Wind Spirit Race!?"

Jing Qianyi's voice is very unpleasant, like sandpaper rubbing on the ground!

"Master Jing, I'm sure he really has a Peerless Pill Code!"

"I witnessed his whole process of alchemy in the Jingxin Pill Building!"

"His alchemy speed is so fast that it is unreasonable. It only takes less than ten minutes to refine a furnace of perfect quality Tier 6 pills! And it is a furnace of 5!"

Xu Zhifei was excited, and said with joy:

"Except for the legendary Peerless Pill Code from the Wind Spirit Race!

I can't think of anything else to explain this phenomenon! "

In fact, this is the third time that Xu Zhifei has spoken to Jing Qianye and others!

When I said it for the first time, Jing Qianye and others regarded it as a joke.

The second time he said it, Xu Zhifei swore his life, which attracted the attention of Jing Qianye and others.

However, Jing Qianye and others still didn't believe it.

After all, it is a fantasy to refining a pot of five pills in ten minutes, and all of them are of perfect quality!

And this third time I said it, Jing Qianye and others still found it incredible!

However, since they have come here, they have believed Xu Zhifei's words.

After all, this guy doesn't need to lie.

Jingxin Danlou can also confirm his words.

Of course, Jing Qian would not go to Jingxin Danlou to find out the situation.

If I did that, wouldn't I tell people that I was going to get that mysterious alchemist?

What idiot can do such a thing?

"Recently, a big man has arrived in the main city of Blue Star.

Jing Qian also groaned, "We must lead him to a place that is easy to do.

Before that, Xu Zhifei, don't show up, okay? "

"Understood! Understood!"

Xu Zhifei nodded busily, "I won't show up until that young alchemist takes the bait!"

"Just know, let's go!"

Jing Qian also waved his hand and took the others to pursue Su Lang.

"Humph, little crap!"

"Sir Jing Qianyi shot, I see how you die!!"

Seeing Jing Qianye and others leaving behind, Xu Zhifei's face showed the excitement and excitement of impending revenge.

[Chapter 163: Three, please stay!](#)

At the same time, on the street.

"Brother Su Lang!"

Ji Ruxue said blankly, "Where are we going now?"

"Find a place to stay first."

Su Lang smiled faintly, "In a few hours, my cultivation level will break through.

By the way, the cultivation of you and Granny Ke can't be left behind. Take these pills and take them. "

With that said, Su Lang took out dozens of newly refined Taixuan Rongling Lingba Pills from the storage space and handed them to Ji Ruxue.

"Hmm! Brother Su Lang is so good!"

Ji Ruxue accepted the medicine with a smile and gave some to Granny Ke.

"Thank you Lord Su Lang for the reward!"

Granny Ke respectfully bowed to Su Lang before taking the medicine that Ji Ruxue handed over.

"Well, let's go."

Su Lang turned and walked forward, with a slight excitement hanging from the corner of his mouth.

I will be able to break through to the peak martial artist in a few hours, I am looking forward to it!

And at this moment.

Jing Qianye, who was about to talk to him, saw this scene, and his eyes suddenly increased!

"Perfect quality tenth-order pill!"

"Oh my God, dozens of them, all of perfect quality!"

"Xu Zhifei is right, this mysterious alchemist has a secret!"

"I don't know what method it is to make so many perfect pills. I must get it!"

"..."

Jing Qianye and the others looked at each other, and there were waves of stormy waves in their hearts!

Soon.

"Three, please stay here!"

Jing Qianyi hurriedly chased behind the three of Su Lang and shouted kindly.

"Heh, here it is?"

Su Lang's mouth outlines a noncommittal smile.

He felt that someone was watching him before, and he came to the door as expected.

Afterwards, he and Ji Ruxue and Granny Ke slowly turned around and saw each other's appearance clearly.

Su Lang naturally didn't know Jing Qianyi.

However, Ji Ruxue and Granny Ke, who were born and raised in Eastern City, would not recognize them.

"Master Jing Qianyi!?"

Granny Ke let out a cry of surprise.

With a whisper, the surrounding passersby watched.

Immediately, there was a burst of uproar!

"Really Master Jing Qianyi!"

"We are the only alchemist in the Pill King Realm in Eastern City!"

"I took the pill that was refined by King Jing Dan in the last battle of the fierce beast tide!"

"I have taken it too. We are so lucky to have King Pill in Eastern City!"

"Who said no? But, what is the origin of the few people who were stopped by King Pill, all mysterious and mysterious!"

"If you can deal with Lord Dan, that's definitely not an ordinary person."

"..."

Passers-by were whispering and talking.

Qianyi Mukai's eyes are also full of admiration and respect!

at the same time.

"what!?"

"I didn't expect you to know me? It's a great honor!"

Jing Qianyi and the alchemists behind him were a little surprised.

Because according to their speculation, Su Lang and others should be from other cities.

Otherwise, his alchemy is so strange, it is impossible to behead his head and show his horns now.

"King Qian Yidan?"

Su Lang smiled noncommittantly, "I don't know what's the matter with you stopping us?"

"Hahahaha!"

Jing Qianyi laughed and said, "Little friend, I just learned about you from Murong Xianxian, so I hurried to catch up!

Hmm...There are so many people here, why don't we talk to another place? "

Hearing this, Su Lang showed a slight smile, but sneered repeatedly in his heart.

Before, he said to Murong Xianxian, 'to be a guest of honor, just a meditation pill. 'In this case.

And Murong Xianxian also understood his hint.

She and Lao Li would definitely not turn their heads to reveal his traces.

And Jing Qianyi's name is "Little Friends", he doesn't know Su Lang's real name!

This can also prove that Jing Qianye definitely did not know Su Lang from the Jingxin Pill.

Excluding the Pill of Meditation, where else could Jing Qianyi get news of Su Lang?

Of course Xu Zhifei is there!

To know the news from Xu Zhifei, Xu Zhifei must have taken the initiative to report it.

That means Jing Qian is also the person above Xu Zhifei's head!

At this point in the analysis, Su Lang roughly knows the purpose of Jing Qianyi

——It is nothing more than coveting his secrets of alchemy.

"Humph, sounds brilliant."

"In secret, I dare to covet others' secrets!?"

"It's really a dog-like, high-sounding man!"

An imperceptible sneer flashed through Su Lang's eyes: "I want to see, how much wealth can a King Pill possess!?"

[Chapter 164: He is really happy](#)

Thought of this.

Su Lang smiled harmlessly:

"Since Master Jing Qianyi was kindly invited, it would be too bad for me not to go!"

"Hahahaha!"

"Little friend is so polite!"

Jing Qianyi laughed and extended his hand to invite, "Come on, let's get in the car and go to Qianyige for a good chat."

Following Jing Qianyi's hand, two extremely luxurious Aura cars were parked there.

A military commander-level servant stood by the door of each car.

In this ostentation, I saw those passers-by chatting constantly.

"Then go."

Su Lang smiled, and led the well-behaved Ji Ruxue to the second Aura car.

Granny Ke quickly followed.

"My lord please!"

The general servant opened the car door respectfully.

Immediately, Su Lang and the three got into the car in the envious eyes of passers-by.

At the same time, Jing Qianyi and his henchmen also got on the first Aura car.

Looking at the car behind him through the mirror, Jing Qianye and others couldn't help showing a trace of excitement and sneer!

"Took it!"

"Sure enough, he is a young man with no experience at all!"

"When it comes to our chassis, he is our fish meat, and he can kill it as he pleases!"

"The most important thing is definitely to get his magical alchemy first, this must be obtained!"

"In addition to getting his alchemy, we can also lock him up and let him become an alchemy machine, making alchemy for us day and night!"

"You have a good idea, just do it, anyway, as long as he is in our hands!"

"..."

At the beginning, Jing Qianye and others were still secretly happy.

Later, they couldn't help but started talking in a low voice excitedly.

at the same time.

On the building opposite the Jingxin Dan Tower, Xu Zhifei also saw Su Lang and the three people getting into Jing Qianyi's car.

"Hahahaha!"

"I didn't expect you to be fooled so easily, what a bunch of idiots!"

"Yellow-haired boy, when you completely fall into our hands, I will let you **** most ferocious and cruel methods!"

Xu Zhifei was trembling with excitement, and immediately could not wait to leave the building and rush towards Qianyige!

One hour later.

Two luxury Aura cars entered a huge independent manor.

This manor at least occupies dozens of acres. Just the land is worthless in the rich East City.

And the buildings inside are even more luxurious and not lacking in layout, and you can see that it is from the hands of the master.

The door opened and a group of people got off the car one after another.

"Little friend, this is my Qianyi Pavilion!"

Jing Qian Yiyao pointed to the manor and laughed, "How is it? Looks good, right?"

"That must be good!"

Su Lang smiled, very happy.

He is indeed very happy-you can see from this manor that Jing Qianyi's fortune is definitely not cheap!

If you grab them all, I am afraid that one or two system functions can be upgraded to one level again!

"It looks good on the outside, better on the inside, please!"

With a smile on his face, Jing Qian also led the way personally.

"please!"

Su Lang's mouth twitched, leading Ji Ruxue to follow.

Granny Ke quickly followed.

Everyone entered a luxurious hall and took their seats.

"The environment is pretty clean."

Su Lang smiled, "Now Lord Dan can talk, what's the matter with me?"

"Hahahaha!"

Jing Qianyi laughed loudly, "I don't know what your surname is for little friend?"

"My last name is Su!"

Su Lang said lightly, "If you have anything to do with Lord Dan, just tell me straight."

"It turned out to be Su Xiaoyou!"

"Actually, I want to conspire with you on the mystery of the alchemy!"

Jing Qianyi laughed loudly, "I learned from Murong Xianxian that you have a very magical alchemy.

I am very interested, so I hope to exchange my life's hard work with you.

I also have a lot of experience on the alchemy in my life, if you get it, you will surely be able to step into the realm of the alchemy king!

And I got your alchemy technique, and I can go to the next level. What a win-win situation, I don't know what the little friends want? "

After speaking, Jing Qianyi looked at Su Lang with shining eyes.

[Chapter 165: No use of eggs](#)

Courtesy first, then soldiers, cleverly take and arrogantly win.

This is Jing Qianyi's plan.

If he could obtain the other side's magical alchemy without tearing his face, he would certainly be happy.

In his opinion, the temptation of King Pill's Realm is absolutely powerful!

After all, that is a character who even the real Martial King must be polite to three points!

When you reach this state, you are almost standing at the pinnacle of mankind, what you really want!

In the face of such temptation, how many can a young man remain unmoved?

For example, the confidants around him all looked at Su Lang with envy and jealousy.

However, he never expected that Su Lang possessed a completely unreasonable one-key alchemy gold finger!

The realm of King Pill, or even a higher realm of Pill Dao, can be easily promoted with only a little money!

The mere experience of King Dan is not attractive to Su Lang at all!

Besides, Jing Qian also has a ghost, how could Su Lang please him! ?

and so--

"Sorry, I am not interested in your alchemy experience."

There was a faint smile on Su Lang's face, and it seemed that it was not a pill king who refused, but a trivial little person.

"what!?"

"Young man, do you know what you are talking about?"

"You actually rejected King Jing Qian's alchemy? Why did you look down on the experience of King Pill?"

"It's your honor for Lord Pill King to see your alchemy, and it is your chance to exchange the experience of King Pill with you, so you don't know what is good or bad?"

"..."

Jing Qian's confidants heard Su Lang's words, and they immediately became angry one by one, pointing at Su Lang and shouting loudly!

King Dan's experience!

This is the super treasure they dream of, and they can't ask for it!

But Su Lang actually didn't care about it and refused directly. How did this make them deal with it?

"Don't point at me!"

Su Lang frowned slightly and said coldly, "Otherwise I will chop off your hands and feet!"

"What a big tone!"

"Come on, let me see how you chop off my hands and feet?"

"A stinky yellow-haired child who dared to speak up in Qian's Pavilion, I really don't know what to say."

"..."

Several of Jing Qian's confidants were so angry that their cheeks burst into red, and they were thunderous.

It looks like I can't wait to eat Su Lang!

"Shut up all to me!"

Jing Qian's hoarse voice spread across the hall, extremely cold.

Several fangs and claws of confidants immediately closed their mouths angrily.

The whole hall was quiet in an instant, and the atmosphere gradually solidified, and it seemed that the temperature dropped tens of degrees!

"Little friend Su, I want to exchange with you with a sincere attitude."

Jing Qianyi looked down at Su Lang condescendingly, "You don't even look at my Pill King experience, and you just refuse it. Isn't it too shameful?"

"Ha ha!"

"Your Pill King experience is of no use to me."

Su Lang smiled dismissively, "And my alchemy technique is invaluable, and there is no comparison between the two!"

"Su Xiaoyou, are you too arrogant!?"

Jing Qian Yizheng stood up with a loud voice, a pair of long and narrow old eyes shot out a bit of murderous intent.

In his whole life, he relied on the name of King Pill to reach the top, turning his hands into clouds and rain in Eastern City!

But Su Lang even said that his Pill King experience is as worthless as shit!

As the high-ranking King Pill, when did he receive such contempt?

In the face of such a shameful shame, how can he not be angry, how can he not be angry?

If it weren't for him to do everything possible to get Su Lang's magical alchemy.

He had already used the cruelest means to kill Su Lang!

"Arrogant? I'm telling the truth!"

"Jing Qianyi, you too value yourself too much!"

Su Lang was calm and unhurried in Jing Qianyi's momentum, and even had to show a sneer.

"Humph!!"

Jing Qianyi snorted angrily, and said coldly, "Little Friend Su, I will give you a chance lastly. Change or not?"

[Chapter 166: Fake reputation](#)

"Not negotiable!"

"Exchanging endless spirit stones for a pile of shit, stupid talent!"

"Furthermore, do you think I don't know Xu Zhifei is yours?"

Su Lang sneered and waved his hand, "We have already had enemies. Your so-called sincerity is nothing more than talking.

What do you plan in your heart, everyone knows well, why do you perform awkwardly there like a clown? "

As soon as this remark came out, Jing Qianye and others were surprised.

They didn't expect that Su Lang would have known that Xu Zhifei was in the same group with them.

"Humph--!!"

"Originally, if you agreed, I might not let you go!"

"But since you are toasting and not eating fine wine, then I don't bother to be polite to you!"

"Today you not only have to hand over that magical alchemy, but you also have to kneel down and apologize for my Alchemy Master Qianyige!"

Jing Qianyi clapped his hands murderously, and there was a sound of hula-la footsteps outside!

In a blink of an eye, a junior military commander came in with a large number of generals, and the whole hall was blocked!

Xu Zhifei also squeezed out from the crowd.

"Hahahaha!"

"Hear no, the stinky dog byproducts, immediately kneel down and apologize!"

Xu Zhifei's face was distorted and his eyes were stern, "Otherwise, I will let you taste torture, and then ask Master Jing Qianyi to refine you into a hundred-refining pill, so that you will be eaten by others, and finally become a shit!"

"Tsk tusk, what a big battle, I'm so scared!"

Su Lang put on a look of horror, "Especially that one hundred refinement pill!

Is it to refine people alive to make a pill? So weird, so vicious, it must be so painful! "

"Hahaha, you guessed it!"

Jing Qianyi hung his eyelids and looked at Su Lang aloft, "Refining the human pill is the highest achievement of my life.

With this method, a martial artist can be made alive into a pill, which can be used to improve the cultivation qualifications and cultivation levels of others.

In the process of alchemy, the recipient will endure endless pain, and the total amount of the eighteen layers of Asura **** is nothing more than that!

Young man, if you don't surrender your alchemy, don't blame me for using this cruel method against you! "

Speaking of this, including Jing Qianyi's henchmen, almost all the warriors couldn't help but shudder!

Hundred Lian Ren Dan is really cruel!

No one who has seen alchemy scenes does not have nightmares!

"It's so cruel!"

"Unexpectedly, King Jing Dan, who is respected by so many people, secretly has such a fake reputation and stinks!"

The panic on Su Lang's face turned into a sneer, "But that's okay, then, when I kill you, I won't have any psychological burden!"

"What!? He actually wanted to kill Master Jing Qianyi?"

"Is this little bit blind? Can he not see the situation clearly?"

"Where is he blind? This is madness, and only a madman can say such brazen words!"

"..."

After being shocked by all Jing Qianyi's men, they all sneered at Su Lang.

In their opinion, Su Lang must be afraid to the extreme before saying such unconscious words!

"Young people, although you don't have a breath, it makes it difficult for me to see through your true cultivation."

Jing Qianyi said slowly, "But, is it possible that you can still be the three martial arts commanders!?"

Humph! I will give you one last chance to hand over alchemy and become my slave. Li, I will spare your life!

Otherwise, you will taste all the pain in the world! "

Having said that, Jing Qianyi sneered, and a huge military commander aura spread out from his body.

The military commander and the generals who rushed in also released their aura and pressed down against the three of Su Lang.

However, the next moment, something shocking happened to them!

I saw that Su Lang and others had no reaction at all under the pressure of so many powerful men!

Not even the slightest change in his face!

"what happened!?"

"He is indifferent to our aura and oppression!?"

"Two military commanders plus dozens of military commanders' aura, even a prospective military commander will be frightened!"

"..."

A strong look of horror appeared on everyone's faces.

Jing Qianyi's face changed for a while, and immediately turned into a sneer again.

[Chapter 167: It turned out to be the three of you](#)

In his opinion, the opponent is so young, it is absolutely impossible to be a military commander.

The other two, one of them knew at a glance that they were female dolls, and they were even more unlikely to be strong.

Only the old woman with a slightly rickety figure could have some strength.

But even so, it is absolutely impossible to be King Wu!

As long as it is not King Wu, what is he afraid of?

"Pretend to be calm!"

Jing Qianyi sneered again and again, and waved his big hand, "Give me all, grab them first, I don't believe that I can't pry out the alchemy I want!"

"Catch them!"

"Let them taste our cruelty!"

Xu Zhifei's face was grim, and he was the first to rush up. His hatred for Su Lang was simply monstrous!

"Humph!"

"Really we have no one!"

Granny Ke let out an angry snort, and a powerful military commander aura burst out of her body.

In an instant, everyone's expressions changed drastically, and their movements stagnated.

That Xu Zhifei was even more horrified, and quickly retracted into the crowd!

"Unexpectedly, you really have a military commander-level powerhouse!"

Jing Qianyi's long and narrow old eyes narrowed into a slit, "But what about a military commander?"

All the generals obeyed the order and surrounded Qian Yige, Qian Wushuai, you and me deal with her! "

As soon as his voice fell, all the generals retreated outside the door, surrounding the entire manor with no water or rain!

The military commander surnamed Qian took a deep breath, took a step forward and doubled Su Lang with Jing Qianyi.

In an instant, the murderous aura in the hall was freezing, and the atmosphere was almost freezing!

And just when the battle is about to start.

"Sister Ruxue, pour me a cup of tea."

Su Lang sat on the chair leisurely, waving his hand at Ji Ruxue lightly.

"Okay, Brother Su Lang!"

Ji Ruxue nodded obediently, picked up the teapot on the coffee table and started pouring tea.

These two ordinary words fell in the ears of Jing Qianyi and Qian Wushuai, and they suddenly thundered!

"Su Lang!!!"

"Ji Ruxue! Granny Ke!"

Jing Qianyi looked at Su Lang three people like he had seen a ghost, "It turned out to be the three of you!?"

"Oh?"

Su Lang raised his eyebrows, "Do you know us?"

"Humph!"

"Ji Ge and I worship brothers!"

Jing Qianyi snorted coldly, "Would I not know that you saved Ji Ruxue?"

Unexpectedly, you would actually appear in front of me, it is really no effort to break through the iron shoes and find nowhere to find! "

"Tsk tusk, it turns out that you are in the same group with the Ji family!"

"In that case, you should know what Ji Kun lost to me."

Su Lang pouted his lips in disdain, "Do you think it's our opponents just with you two?"

"You are really good!"

"Ji Kun has the strength of the pinnacle military commander and is defeated in your hands, and we are just two junior military commanders."

Jing Qian also sneered without fear, "But do you think our strength is really so weak!?"

Today, I will let you see how terrifying strength I can erupt as King Dan! "

After speaking, he immediately took out a pill to eat, and Qian Wushuai also took the pill.

The next moment, Jing Qianyi and Qian Wushuai exploded at the same time with a huge momentum comparable to the peak military commander.

"Hahahaha!"

"Su Lang child, are you scared!?"

Jing Qianyi looked up to the sky and laughed wildly, "Can you defeat a peak military commander, can you beat our two peak military commanders?"

I advise you to kneel and surrender immediately and hand over the alchemy!

Then take the control pills I refined and become my slave. Li, so, I will let you live! "

"Hehe, take pills to improve your strength?"

"I thought it was a new method!"

Su Lang took a sip of tea calmly, and then said lightly, "Taking the pill to improve so much strength at once, the sequelae must be very severe, right?"

"The side effects are really serious!"

"But compared with your alchemy and your cherished slave Li, it's worth a thousand dollars!"

Jing Qianyi's long and narrow old eyes showed greed, "I don't want to talk nonsense with you, immediately hand over alchemy, and then become my slave. Li!"

"I don't want to talk nonsense with you."

Su Lang lightly took a sip of tea again, "Hand over all my wealth before I finish drinking tea, I will spare you a lot of fun!"

"Until now I still can't see the situation clearly, I really don't know how to live or die!"

Jing Qianyi completely lost his patience, his face became cold and he was about to do it immediately!

But at this moment!

Suddenly shouts of horror came from outside!

[Chapter 168: I want to go to Tu Ji's house](#)

"Ah! Ah!!!"

"who!?"

"Who would dare to break into Qianyi Pavilion!"

"So strong, they are so strong! No! Don't kill me!"

"..."

The cries of horror and begging for mercy were endless, like gongs and drums, deafening!

Jing Qianyi and Qian Wushuai changed their expressions, their eyes condensed, and they frowned and looked out.

Outside the gate, seven white-robed masked men slaughtered Qianyige warriors like death.

No matter what the realm of the warrior, they all fell like cutting wheat, and there was no resistance at all!

In an instant, the screams and begging for mercy outside became sparse.

"Help! Master Jing Qianyi!"

Xu Zhifei crawled into the hall, his face was full of panic and despair!

suddenly!

A white robe figure appeared behind him like a teleport!

"Huh!"

The sword light was like thunder, and like a dragon going out to sea, it cut through Xu Zhifei's limbs in an instant!

The terrified Xu Zhifei immediately felt that his hands and feet were not being used!

"what happened!?"

"Why can't my hands and feet move anymore!?"

Endless fears and doubts arose in Xu Zhifei's mind!

But the next moment, all his doubts disappeared, turning into fear and despair!

Because he felt severe pain coming from his limbs, his body immediately fell forward uncontrollably!

"Puff!"

Xu Zhifei fell to the ground severely!

His arms and legs were scattered like building blocks, and the dazzling blood was ejected from the wound in the next moment!

"Ah! It hurts!!"

"My legs! My hands! My roots!!"

Xu Zhifei's face was distorted and he screamed hysterically. It sounded like his lungs were broken!

"It sounds worse than a pig, kill it."

Su Lang faintly waved his hand, and the white robe clone went down with a sword. The screams stopped abruptly, and Xu Zhifei separated his body and head!

At the same time, the noise outside disappeared completely.

The entire Qianyige Manor became completely silent, silent!

"Patter...Patter..."

A string of footsteps came.

The other six white robe masked men walked into the hall together, and came behind Su Lang with the previous one.

Seeing this scene, Jing Qianyi and Qian Wushuai immediately shrank their pupils, and a deep sense of misfortune rose in their hearts!

Because when the white-robed man moved his hands, they couldn't even see the other's movements clearly!

"Gooooo!"

"You...who are you guys!?"

Jing Qianyi swallowed nervously, "How dare to slaughter my Qianyi Pavilion people wantonly in Eastern City, aren't you afraid of being wanted by the whole city?"

"What is Tu You Qianyi Pavilion?"

Su Lang dismissed playing with the teacup, "It won't be long before I will go to Tu Ji's house!"

"Tu Ji's family!?"

"You are really wishful thinking!"

"Do you know that the Ji family is the real Wuwang family!"

Jing Qianyi gritted his teeth, "You are really strong, but in front of the Ji family, you are not worth mentioning!"

"Haha, it's not worth mentioning!?"

A sneer was drawn at the corner of Su Lang's mouth, "Then, let you see if we are not worth mentioning!"

He just finished speaking!

"boom--!!"

Seven terrifying Wu Wang-class auras rose to the sky, almost overturning the roof! !

"what!?"

"All of them are King Wu level!?"

"How is this possible! This is impossible!"

Both Jing Qianyi's complexion changed wildly, and they lost their voice in horror, and their hearts were almost torn apart!

They knew that the seven white robe masked men were very strong, but they never thought they were seven martial kings!

And these seven great martial kings are all standing behind that Su Lang as if they were subordinates!

OMG!

You must know that the strong in the realm of King Wu are all elders in the Ji family!

With King Wu as the guard, how terrifying is Su Lang's background! ?

"Look at it."

Su Lang stood up and sneered, "Are we not worth mentioning?"

"Puff!"

Qian Wushuai suddenly shocked all over and knelt on the ground!

"Master Su Lang, I was forced by Jing Qianyi!"

Qian Wushuai bowed down in horror and excitement, "He lied to me to take the poison pill, so I would die for him, I didn't mean to be your enemy!"

Please... please kill Jing Qianyi, please save my life! "

"Qian Mingwu!!"

"You bastard, don't you want to live anymore?"

Jing Qianyi yelled in surprise and anger, he never expected Qian Mingwu to turn aside!

"Roll Nima's egg!"

"I'm a big deal go to **** with you!"

Qian Wushuai, that is, Qian Mingwu's eye canthus is about to split, his eyes are blood-red and roar:

"You old man with so many books, how many innocent warriors have you killed in order to refine the human pill!"

Even me, it's the human pill material you prepared to break through the realm!

If it wasn't for the Ji family to get in touch with you and threaten my family, I would have died with you!

"

His voice was piercing, and he didn't know how much hatred it contained.

"You dog stuff!"

"Do you think I dare not kill you?"

"I will kill you now!!"

Jing Qian also burst into the canthus, thunderous, and immediately stretched out his hand, and a blue smoke and dust melted into the air!

"Hahahaha!"

"You kill me, Master Su Lang will avenge me too!"

"Not only you, but also the Ji family, who is like a raccoon dog and a mess with you!"

"With the energy of Master Su Lang, you all have to die, hahahaha! Hahahaha!"

Qian Wushuai looked up to the sky and laughed long, like crazy, his laughter was stern and desperate, but with a cheerful meaning!

"Ha ha!"

At this time, Jing Qianyi suddenly became calm.

"Want to kill me?"

A sneer climbed up on his face again: "My dignified King Pill, how can there be no means to deal with King Wu!"

Having said that, Jing Qianyi's pair of long and narrow old eyes fixed on Su Lang:

"Do you think the blue smoke was just to kill the military commander Qian?"

Do not! That's the method against you Wuwang! That is Wan Zhuan Lan Yang Spirit Poison!

You are so careless, you didn't have any defense from beginning to end!

Now, as long as you dare to use your spiritual power, I promise you will die miserably! "

As soon as this remark came out, Qian Wushuai's expression suddenly changed!

He dared to rebel because Su Lang and others were powerful.

If Su Lang and others were recruited, wouldn't it be all over?

"No, this is not true!"

"You must be scaring people!"

Qian Wushuai's eyes widened, and he immediately tried to use his spiritual power.

next moment.

A lot of blood spots suddenly appeared on his body.

These blood spots are constantly expanding, decaying, and looking terrifying!

"It's over, it's really poisoned!"

Qian Wushuai's voice trembled and his face was desperate.

"Have you seen!"

"This is Wanzhuan Lanyang Spirit Poison, my original highly poisonous!"

Jing Qianyi smiled and looked at Su Lang, "You can kill me now, but after you kill me, you will never get the antidote.

What is the difference between you who cannot use your spiritual power and waste? It's not worthwhile to turn into a waste to kill me, right?

But now, I don't want your alchemy, as long as you let me go now, I will definitely give you the antidote!

Today's misunderstanding has never happened, I will leave Eastern City, and we will never see each other again!

My condition is so simple, it's not difficult to choose! "

In the end, Jing Qianyi almost looked confident and confident.

"Hey! Jing Qianyi, do you really think you're taking us?"

Su Lang sneered disdainfully, "Today, you don't want to leave alive anyway!"

As he said, Su Lang's heart moved, and the seven clones raised their right hands at the same time, and a vortex of spiritual energy emerged!

"Dare to use spiritual power, you are dead!"

Jing Qianyi sneered, looking at Su Lang as if looking at another dead person!

But the next moment, the sneer on his face gradually solidified!

Because he found that Su Lang did not show any signs of poisoning!

"how can that be!?"

Jing Qianyi yelled in disbelief, "My Ten Thousand Revolving Blue Sun Spirit Poison has never failed. What is going on!"

"Do you know that there is a strange fire in the world called Xuanyun Jingyue Fire!"

The corner of Su Lang's mouth twitched, and a cloud of white flames emerged out of thin air and fell on Qian Wushuai.

In an instant, the blood spots on Qian Wushuai's body began to heal, and disappeared in no time.

"Xuanyun Jingyuehuo! No poison is invaded!"

Qian Wushuai looked shocked, and immediately showed endless excitement and ecstasy, "Thank you, Master Su Lang for detoxifying me, and thank Master Su Lang for your life-saving grace!!"

The trace of Xuanyun Jingyue Fire not only relieved the Ten Thousand Rank Blue Sun Spiritual Poison on his body, but also relieved the violent poison Jing Qianyi used to control him!

From now on, he completely got rid of Jing Qianyi's control, which made him ecstatic!

Compared with Qian Wushuai's ecstasy, Jing Qian is trembling and fearful!

[Chapter 170: Give me a good time!](#)

"How could this be!?"

"God, why do you treat me like this!"

"Why do you have Xuanyun Jingyue Fire!?"

Jing Qianyi screamed hysterically, and his whole body almost broke down!

Wan Zhuan Lan Yang Lingpo is his last hole card and his last hope for a comeback!

But now, his last hope is shattered!

All that is left for him is endless despair and fear under the threat of death!

"Jing Qianyi, do you want to die happily?"

Su Lang smiled faintly, and put the teacup on the table, "Before I drink my tea, take out all your wealth!"

"Do not!"

"My Dan Wang Jing Qianyi, I will never give in to you!"

Jing Qianyi yelled like crazy, "Even if you kill me, don't want to get all my wealth!"

"Master Su Lang!"

Qian Mingwu on the side suddenly smiled, "I know where his wealth is hidden.

After I was controlled by him, he never defended me.

He even took me to his treasure trove and treated me as an object to show off! "

As soon as he said this, Jing Qianyi's eyes stared, and he couldn't help but a mouthful of old blood came out of his mouth!

"Hahahaha!"

"Okay, great!"

Su Lang looked up to the sky and laughed wildly, "In this way, I can punish this old dog as much as I can!"

Immediately, his thoughts moved, and the two white robe clones disappeared into place in the blink of an eye.

"what!!!"

Jing Qian also yelled in horror, his whole body was standing upside down, and his scalp was about to explode!

next moment.

"boom--!!!"

A avatar punched his dantian, and a terrifying punch came out of his back, causing a gust of wind.

"Puff! My spiritual core!!!"

Jing Qianyi spurted blood, his eyes burst open, his light dimmed

——He was scrapped!

But before he could recover from the shock of being dethroned, two invisible forces fell on his legs!

"Crack!"

There was a toothy fracture, and the pain instantly swept through Jing Qianyi's body!

"Ah!"

"Su Lang child, you must not die!"

Jing Qianyi knelt directly on the ground with a distorted face and cursed loudly with painful expression!

"Do you dare to scold me at this point?"

A sneer was drawn at the corner of Su Lang's mouth, "Let me delay him!"

"Swish!"

The two clones simultaneously drew sharp swords.

The shiny sword blade reflected the cold sword light, and the temperature in the entire hall dropped a lot.

"No! You can't do this!"

Jing Qian also saw this scene, the fear in his heart suddenly overwhelmed the hatred!

However, no one cares about his begging for mercy!

"Huh!"

A flash of sword light flashed!

A **** wound appeared on Jing Qianyi's chest!

"Huh!"

Before Jing Qianye screamed, another sword light fell, cutting a long wound on his back!

"Whhhhhhhh!"

The two clones were extremely fast, and the sharp sword light kept falling!

In an instant, every inch of Jing Qianyi's skin was covered with horrible sword wounds!

A large amount of blood stained Jing Qianye's tattered clothes and ran on the ground, forming a dazzling pool of blood!

"Ah!"

"Stop it, stop it! I know it's wrong!"

"Su Lang! Lord Su Lang! I was wrong, I shouldn't provoke you, please, give me a good time!"

Jing Qianyi screamed in pain, begging for mercy as if he had fallen into the sword mountain hell!

But Su Lang was completely indifferent.

For a villain like Jing Qianyi, it would be too cheap to kill him directly.

Even Ling Chi, in Qian Mingwu's eyes, was not enough to make Jing Qianyi atone for his crime.

Because he really killed too many people.

There are hundreds of them just made into human pill by him alive!

"Ah--! Kill me!"

"Su Langgou, you bastard, you kind of kill me!"

"..."

Jing Qian also saw that Su Lang turned a deaf ear to his begging for mercy, and immediately cursed with a stern face, trying to anger Su Lang and let him directly kill himself.

However, Su Lang didn't care about his clumsy aggressive strategy like this, and even wanted to laugh a little.

"Go on, give me Ling Chi 10,000 swords!"

Su Lang smiled faintly, "Then, we will start a new show!"

"New... new show!"

"No! Su Lang, you can't do this!"

"Ah! My skin! My meat! My bones!!"

"..."
