

One Click 1611

Chapter 1611: The quality is not enough, the quantity comes together!

"The sacrificial blade, there is no **** soldier in the four crossings!!"

When Su Lang saw the long knife in Jing Yuanbai's hand, his pupils suddenly shrank and his heart tightened.

It was the first time he saw Sidu Godless weapons!

And Jing Yuanbai holding this sacrificial blade is tantamount to adding wings to a tiger, and can definitely burst out even stronger power!

"Never mind, the quality is not enough, the quantity will come together!"

"As long as you can't kill me in seconds and fall into my rhythm, then you will be finished!"

A light flashed in Su Lang's eyes and directly activated all his hole cards.

The firepower of the universe of life in the ten directions is full, and the power of all the world is surging out!

Reincarnation, eternal green, **** moon, sky, broken world, and other explosive secret methods have Su Lang squeeze every cell to the extreme!

Da Ri Hao Tian's profound meaning enveloped the Dantian universe and sun, like a long whale sucking water, absorbing the energy of the sun wildly!

The number of minutes incarnates the stars and clouds together, turning into a terrifying existence with the fighting power of the Wudu Supreme Emperor!

More godless pills appeared, surrounding Su Lang and the clone, as if turned into a star field!

"This person can actually break out!?"

"Moreover, he actually has a Wudu emperor-level clone!!"

"And... Godless pill! So many Godless pill! Oh my God, am I dazzled!?"

Jing Yuanbai saw the continuous eruption of Su Lang, looked at the Wudu powerhouse who appeared out of thin air, looked at the dense pill that surrounds Su Lang, stormy waves rose in his heart!

at the same time.

Horrified, horrified, he wouldn't just stop like this!

"Sacrifice to the world, kill the enemy!"

The sacrificial world blade in Jing Yuanbai's hand was raised high, one sword at a time, condensing a substantial twisting force, and severely slashed at Su Lang!

"The world is dead, kill!!!"

Su Lang's thoughts moved, and all his strength was poured into Youtian Sword, Emperor Dragon Platform, and Xin Jue Wu Feng!

Doppelganger is the same action!

He didn't have any reservations at all, and directly used the Universal Annihilation Profound meaning to infuse all his strength into the Bright Sword, and the target to be cut was Su Lang's deity!

Lightning and flint room!

Jing Yuanbai's substantive twisting power rushed into Su Lang's overwhelming, vast and vast torrent of twisting power like a galaxy!

This is a pure twisting power confrontation, without a trace of conventional power!

The normal rules of heaven and earth around were squeezed out hundreds of thousands of miles away!

The world is upside down and collapsed, mountains and rivers are broken, and the torn space grid is scattered in countless spatial turbulences.

But I saw that Jing Yuanbai's distorted force was like a broken bamboo, rushing forward fiercely!

But Su Lang's twisting power, as vast as the Milky Way, was indomitable, entangled Jing Yuanbai's twisting power!

During this period, the twisting powers of both sides are being consumed wildly.

Especially Su Lang's twisting power, almost every millisecond collapsed by one percent!

"Chihuahua dog, vulnerable!!!"

"Today I will defeat you, even if you are killed by the palace lord's order, I will never regret it!"

"Sacrifice to the world, kill!!!"

Jing Yuanbai's eyes were red, and he once again waved the sword of sacrifice in his hand!

In an instant, another twisting force that seemed to cut through the turbulent flow of space and slew Su Lang!

"You can't cut me with a single blow, so never want to cut me!"

The corner of Su Lang's mouth twitched, and the four godless soldiers condensed a twisted power galaxy to join the battle group!

His twisting power blocked Jing Yuanbai's first blow and gave him time to recover!

Su Lang possesses a large number of body-building exercises, profound meaning, ten directions of inner boundaries, solar energy, and a large number of pills.

Coupled with the fact that there is no god-level avatar holding a bright sword behind him, his energy almost recovered to its peak in the blink of an eye!

The godless-level clone and Su Lang's deity are only behind the inner world, and although the recovery ability is far inferior, it is far beyond the same level.

And the clone does not need to directly participate in the battle, just use the Bright Sword to assist Su Lang, and the pressure is much less.

All kinds of trump cards and all kinds of methods made Su Lang abruptly block Jing Yuanbai's second cut when the quality of the twisting force was insufficient!

"what's the situation!?"

"That guy clearly used the most thorough explosive secret technique!"

"How could his energy suddenly recover to a full state? It's simply impossible!"

Jing Yuanbai looked at Su Lang who broke out again, and his whole body was dumbfounded, like an ordinary person who had seen a ghost!

However, although Jing Yuanbai felt unbelievable, he still believed that he would win.

Because he still has a hole card!

[Chapter 1612: The strongest form of the sun-eater tengu!](#)

Rumble! !

Almost turned into chaos in the battlefield.

The two twisting forces blasted together, madly vanishing each other!

"Let you see my true strength! Huatian Demon!"

Jing Yuanbai sneered, his whole body suddenly arched!

Moreover, his head and face are elongated, his tail is long behind him, and countless white hairs emerge from his skin!

Immediately afterwards, Jing Yuanbai's figure swelled crazily, and in an instant he transformed from a human form into a 30,000-meter sun-eater!

The Tengu's body is so huge, from the ground, the sun and the moon seemed to be held in his mouth, ready to be swallowed!

Even the blade of the Sidu Godless Soldier Sacrifice Realm soared into the sky, flew into the Tengu's mouth and turned into one of the fangs!

Immediately after.

The endless terrifying demon power turned into twisting power in the mouth of Tengu.

The energy spilled unintentionally made his white hair fly like a tsunami!

At this moment, the tengu that Jing Yuanbai transformed was almost like the innate gods and demons that existed in the legend, mighty and domineering, mysterious and unpredictable!

"hiss--!!"

"This is the first time I have seen such a big Samoyed!"

"This breath is infinitely close to the Wudu Godless Grade, and the body is the strongest form of the sun-eater tengu!"

Su Lang looked at the terrifying Tengu, which could set off a storm of dozens of levels with a slight move, and his eyes widened slightly, revealing a hint of surprise.

at the same time.

He felt a dangerous breath from the tengu that Jing Yuanbai had transformed.

"This is not his final hole card!"

Su Lang squinted his eyes, "Next, I'm afraid I can't resist, I must use some tricks."

Several thoughts flashed, Su Lang immediately took action.

All kinds of medicinal pills are simply plugged into the import without money, and they are instantly refined under the action of the one-key practice function.

Coupled with other various means, it was finally turned into a twisted power galaxy through three godless soldiers, blocking the front.

Even more clone replacement has been started, it only takes less than half a second to complete!

And at the same time.

A more terrifying twisting power has been condensed in the mouth of the tengu that Jing Yuanbai has transformed!

"You should be honored and proud to let me do my best to use my ultimate talent!"

Jing Yuanbai's tengu looked high above Su Lang, his eyes disdainful and indifferent, as if he was looking at a dead person.

The next moment.

He launched the final hole card!

"Sudden stream lore!"

The 30,000 zhang white tengu has a huge mouth, and the world has changed!

A group of vortex-like twisting force burst out fiercely, and instantly hit the twisted force galaxy condensed by Su Lang and the clone.

next moment.

This whirlpool-shaped twisting power unexpectedly expanded suddenly, enveloping Su Lang's twisting power galaxy!

Not only that, the twisting power of the vortex actually engulfed Su Lang's twisting power, forming a tornado-like terrifying torrent, and directly smashed in front of Su Lang.

"My twisting power was held up by him and used it!!"

Su Lang's pupils shrank suddenly, and he was shocked for a moment.

He and the godless soldiers tried their best to control those twisting forces, but there was no effect!

The twisting power they condensed has become Jing Yuanbai's power!

We must know that the twisting power of each Supreme Emperor or Godless Soldier is unique and completely different!

Because the rule avenue is almost infinite, the twisted rule avenue based on this is truly endless!

This makes it impossible for the two twisting forces to be the same, let alone fusion!

Even though Su Lang alone seems to merge into a galaxy with the twisting power of three godless soldiers, there is still a clear distinction between the three!

If they touched together, these twisting forces would cancel each other out and annihilate.

But now, the twisting power that Jing Yuanbai used with the biting flow lore has actually wrapped up his twisting power, strengthened himself, and killed him!

Originally, Jing Yuanbai's twisting power was infinitely close to the godless level, and the number was much more than before.

At this time, all the twisting power of Su Lang was also wrapped up, and its number instantly reached the Wudu Godless Level.

The most important thing is that Su Lang here is tantamount to being defeated by his own power.

And when it is unprepared, it is impossible to use defensive methods.

[Chapter 1613: It seems that your lore has a false name](#)

"Fortunately, I have left a counterattack!"

Su Lang was shocked for a moment, the expression on his face turned into a sneer.

Next millisecond!

The clone replacement is complete!

The position of Su Lang and the position of the Godless Clone were directly switched!

Rumble--!

The twisting force of the swirling tornado shape directly enveloped the godless avatar!

Even if the conventional power of the Godless avatar has reached the Wudu level, it has used a lot of defensive methods.

For example, "Emperor Hua Chenxing", "Zhenyu Emperor Jing", "Aotian God of War"... and so on!

And the clone itself also condensed some twisting power, forming a shield to block it in front.

But in the face of that terrifying "sweeping lore", he still looked extremely vulnerable.

The shield of twisting power that bears the brunt of it is instantly cancelled out and annihilated.

Immediately afterwards, the clone's skin, which was so tough that Youtian Sword could not cut it, gradually lost its defensive power under the force of twisting.

At a speed visible to the naked eye, the skin of the clone began to fester, and the musculoskeletal body was wiped out!

The whole person spent only one second in the power of distortion, and was completely erased from the world!

Rumble!

The twisting force of the vortex tornado that has not been consumed continues to rush into the distance, instantly passing ten trillion li, trillion li, trillion li...

All the rules of heaven and earth are distorted and squeezed out, and the mountains and rivers of the earth are directly broken, forming countless floating rubble!

All the creatures living in these places died out immediately!

These affected creatures were countless times more than those killed by Lu Mingxuan with endless dragon bite!

at the same time.

The center of the battlefield!

The Tengu transformed by Jing Yuanbai suddenly changed back to its human form, and its breath was weak.

"what!?"

"This... how is this possible!!"

"How could he teleport to behind the clone and let the clone help him stop the catastrophe!?"

"Tomorrow's rules have been completely distorted, the space rules no longer exist, and all the distortions in the battlefield belong to me. How did he teleport!?"

"False, it must be false, there can be no terrifying force beyond the power of distortion in the world!"

"This is impossible--!!"

Jing Yuanbai stared blankly at Su Lang who had escaped the catastrophe, with endless disbelief and amazement in his face and eyes.

"It seems that your lore has a false name!"

Su Lang spread across the battlefield with a faint smile.

Then, he held the Youtian Sword in his right hand and the Godless Dragon Terrace in his left. The Xin Jue Wu Feng Sword circled around six times and flew slowly over Jing Yuanbai.

"No! I won't lose!!"

Jing Yuanbai showed horror, turned around and ran.

But at this moment.

The twisting force surged out from the three godless soldiers, forming a cage, completely blocking all Jing Yuanbai's retreat.

In fact, even if Su Lang didn't do this and just used the most basic conventional power, Jing Yuanbai had no possibility of escape.

Biting the flow lore is Jing Yuanbai's most terrifying talent.

Without going through any process of absorption and transformation, you can directly engulf and control the enemy's power to counter-kill!

If the opponent is stronger, the bitter stream will kill the stronger, even facing a higher level enemy, it is possible to kill with one blow!

But this talent method also has extremely terrifying side effects.

First of all, this talent cannot be used at any time.

It must take a long time to condense enough special twisting force 'Bag Flow' before it can be used.

Secondly, when performing the biting flow lore, it will definitely consume all the energy, and the mental power and physical qi and blood will also be consumed a large part.

The remaining energy is only enough for the caster to maintain the most basic ability to act and an unsatisfactory mental state.

In this state, there is no resistance at all in front of the same level!

Although Su Lang's power of distortion is weak and inferior, his conventional power is a real Wudu Godless Level!

Jing Yuanbai didn't have the ability to use twisting power anymore, so what would he use to fight Su Lang?

With Su Lang's twisting power isolating everything, he now has no chance to pass information outside!

[Chapter 1614: I don't like unfaithful dogs](#)

"Jing Yuanbai, I want to ask you a question."

Su Lang smiled faintly, "If you answer truthfully, I will... give you a good time!"

"You...you can ask questions."

"But, but you can't kill me, you must let me go!"

"Do you know that I am a member of the Palace of Long Hatred, and the first confidant of our Palace Master!"

"And I'm still a member of Bixuetian, one of Bi Yelin's most trusted people!"

"If you dare to kill me, Chang Hen Palace and Jade Blood Heaven Dou will definitely come out and smash you into pieces!!"

Jing Yuanbai heard Su Lang's words, and a glimmer of hope rose in his desperate expression.

He immediately began to negotiate terms with Su Lang, and moved out of his backstage to threaten.

In Jing Yuanbai's view, Su Lang would be shocked when he heard what he said, and then tremblingly apologized and apologized, hoping to turn the fighting into a jade silk.

Because Chang Hen Palace and Bi Xue Tian are both superpowers second only to the Supreme Nine Qing Palace!

Moreover, Chang Henzi and Bi Ye Rin are both the top powerhouses in the exile, and they have the qualifications to conquer the world and set foot on the coffin of Kowloon!

however.

What happened next made Jing Yuanbai feel incredible, and was shocked!

"Oh?"

"You turned out to be from the Palace of Long Hatred? And you are also from Bixuetian? What's the matter?"

"The so-called one dog does not recognize the two masters, you have abandoned the wonderful qualities that a dog has innately possessed. Are you still a dog?"

"By the way, the question I want to ask is the origin of your identity. Before you said, "Even if I was killed by the palace lord's order, I will never regret it." I wondered what palace you came from."

Su Lang looked at Jing Yuanbai with contempt and sarcasm, as if looking at one of the stupidest silly roe deer in the world, "Unexpectedly, I didn't even ask, so you hired it yourself."

"You...you mess! You dare to insult me!"

After hearing Su Lang's words, Jing Yuanbai's body first shook, thunderously, and then his face was blue and red as if he was painted.

"Ha ha."

"You are too stupid, and you blame me for insulting you?"

Su Lang disdainfully smiled, "Forget it, too many people die from talking too much, I don't want to talk too much nonsense to you, you can die."

Talking.

The surrounding twisting force rushed to the center, as fast as a black hole collapsed instantly.

"you dare!?"

"Ah! How dare you!"

"No, don't kill me, I know I was wrong!"

"Please, don't kill me, I am willing to be your dog!"

"I am a member of the Palace of Long Hatred, and I have entered the Jade Blood Heaven as an undercover agent. I know them well. You must have infinite benefits if you accept me!"

"Ahhhhh! Please raise your hands high!"

Jing Yuanbai screamed in the vast and turbulent power of the Milky Way condensed by Su Lang.

The force of twisting constantly destroys his body and spirit, twisting deprives him of the power of rules, and annihilates everything about him from the root!

He hissed for mercy, heartbreaking, abandoning all dignity and arrogance, just begging to bow down and become Su Lang's dog.

"It's really rare to have someone like you who can kneel down and beg for mercy at any time at the Godless level."

Su Lang looked down at Jing Yuanbai, whose half-body had been destroyed, and his eyebrows were slightly raised, with a hint of playfulness.

"Please...give me a chance!!"

"I am Sidu Godless...I would like to be your dog, I will bite whoever you let me bite!"

Jing Yuanbai was so painful that his face was twisted and his expression was hideous. His current fate is the most complete delay!

"Ha ha!"

"Sorry, I don't like an unfaithful dog like you."

Su Lang's voice was cold, and his thoughts moved, and more twisting forces surged out, surrounding Jing Yuanbai into a twisted cocoon hundreds of meters in size.

"no--!!"

Jing Yuanbai howled miserably in the giant cocoon formed by the twisting force, and finally died completely.

"Ding! You get the Soul of the Supreme Emperor*1, Daojing of the Supreme Emperor*1, Life Universe*1, Sidu Godless Soldier Sacrifice Realm Blade*1, Erdu Godless Soldier Colorful Sky Star Dragon*1 Flowing Heart*1, Sun-eater Skyflare*1, Sun-eater Soul Body*20000, Godless Grade Material, Sun-eater Tengu Bloodline*1, Sun-eater Tooth*20, Sun-eater Claw*20, Sun-eater Bone* 4900...the lower emperor source*155856, the superior fairy source*113216541..."

[Chapter 1615: Long hate son is heartbroken!](#)

The system prompt came, and Jing Yuanbai, who declared his incompetence, was completely shrieked!

In fact, if there is a way to completely control Jing Yuanbai, Su Lang might accept this guy.

After all, this guy is not only powerful, but also has a different fire, which must come from somewhere in the boundless world.

Jing Yuanbai was much younger than the bright sword weapon spirit Asafil, and he had a clearer understanding of the current situation of the boundless world.

However, Su Lang was not sure that he could control this guy.

The soul-body and soul-space of the Godless Grade have been fully integrated, and only the last soul source is left, there is no soul-fire!

And the method of Mingguang Ten Thousand Realms is still useful for the quasi-no-god-class without the power of distortion.

But for the true godless class, the existence with the power of distortion is very unsafe.

And Su Lang didn't want to waste time slowly torturing Jing Yuanbai, in order to prevent accidents, he could only beheaded quickly.

"Jing Yuanbai's death will definitely attract the attention of Chang Hen Palace and Bi Xue Tian."

"Bixuetian is just in the Southern Wilderness of Exile. Maybe someone will come over soon."

"Although Jing Yuanbai said that he was an undercover agent in Jie Xuetian, I knew it, but Jie Xuetian definitely didn't know it. It's difficult to make this clear. Most of the time, Jie Xuetian will not trust me."

Looking at the messy world, Su Lang thought silently in his heart, "It is not suitable to stay here for a long time. I have to leave. Before I leave, leave some information."

While thinking.

Su Lang used special means to leave a line of text, which explained Jing Yuanbai's dual identity.

"When you see someone from Bi Xuetian, your expression will definitely be ugly."

Su Lang smiled faintly, turned around and replaced it with a clone, and directly reached the place where Zong Wenshan and Che Chenghua were killed.

Here and the extremely difficult place of the Southern Wilderness, it is also far away from the Palace of Sorrow in the Central Wilderness, and it is impossible for anyone to find it temporarily.

And just when Su Lang settled on the northeast border of Exile.

In the wasteland, in the palace of long hatred.

"puff--!!!"

Chang Henko, who was practicing asceticism in the underground space, spewed blood without warning!

Wow!

Scarlet blood spilled on the body of the woman in front, adding a trace of cruelty.

"Jing Yuanbai! Fallen!?"

"How is this possible, he broke out, and even Wudu Godless Grade will be killed if he doesn't pay attention!"

"Who is it, who killed Jing Yuanbai, who killed my henchmen!!"

Chang Henzi looked up to the sky in pain and roared, his face was terrifying and distorted, and his blood-stained mouth was extremely terrifying!

A godless confidant who can be completely trusted is very, very precious!

Because the Godless Grade is simply difficult to control, Chang Henzi can control Jing Yuanbai and others by relying on a more demanding Godless Grade secret method.

Although the use of this secret method can completely control the godless-level powerhouse, once the controlled powerhouse dies, Chang Henzi will be backlashed!

The reason why Chang Henzi spouted a mouthful of blood just now was because of the backlash from Jing Yuanbai's death.

And not only was he injured, but the fruits of these years of penance have also vanished!

"I must kill you, I must kill you!!"

Chang Henzi roared very resentfully, and his trembling voice was like a beast that lost his mind.

He took out the Eye of the Nine Yin Candles, the black bowl, and the turbulent Emperor Yuan poured it into it as if he did not want his life!

Suddenly.

The water in the black bowl was rippling.

The ripples continued for dozens of breaths, and finally gradually calmed down.

The messy water surface became very calm, like the most clean and transparent mirror surface.

Simultaneously.

A vast Godless battlefield appeared on the surface of the water, everywhere was the mountains and rivers, and even space destroyed by the force of distortion.

"The battlefield is in the southern barren land."

"Jing Yuanbai has even used it to kill the stream!"

"Even so, he was killed! Who can do this besides Bi Ye Lin?"

"However, it is impossible for Jing Yuanbai to reveal his identity, he is the veteran of Jie Xuetian!"

Chang Henzi's eyes were shocked and his face changed uncertainly, and then continued to infuse Di Yuan.

After all the emperor yuan of his whole body was exhausted, the scene in the water started to retreat as if he had pressed the slow retreat key.

[Chapter 1616: Now I can bear it!](#)

But the picture went backwards too slowly, and the two warring parties did not appear for a long time.

"Damn!!"

Chang Henzi was ruthless in his heart, swallowing a large amount of pills, and struggling to maintain the picture's regression.

at last.

He saw a figure suddenly appeared on the battlefield!

The figure has a stout figure, fair complexion, beautiful features, and a faint indifferent temperament exuding all over his body. The eyes are a bit deep, as if thinking.

This person is Su Lang!

"This feeling is a bit familiar..."

"Yes, he is the one who killed Lu Mingxuan!"

"However, this person clearly killed Lu Mingxuan after a bitter battle. It stands to reason that it is definitely not Jing Yuanbai's opponent!"

"What happened? What method did this person use to kill Jing Yuanbai?"

"..."

Chang Henzi stared slightly, filled with shock and disbelief!

He wanted to see how Su Lang killed Jing Yuanbai, but the Eye of the Nine Yin Candles had reached its limit, and the picture could no longer go back.

"Is it a powerful weapon?"

"But, at most this person will urge the Four Crossing Godless Soldiers, right?"

"..."

Chang Henzi frowned and was puzzled, completely wondering how Jing Yuanbai could be killed so easily.

"Ugh."

"Forget it."

"No matter how Jing Yuanbai died, the murderer knows who it is."

The fierce light in Chang Henzi's eyes flickered, and the killing intent was raging, "Now I will bear it! I will return it a hundred times before the day of the war of reincarnation!"

Yes.

For the battle of reincarnation, for the coffin of Nine Dragons, for the great dream of going to the boundless world, Chang Henzi once again curbed his murderous intention and stopped the impulse!

"but."

"I don't do nothing!"

"Anyway, Jie Xuetian still doesn't know the identity of Jing Yuanbai. After Jing Yuanbai's death, Jie Xuetian will definitely shake him."

"If this is the case, let you and Bi Xuetian also establish an antagonism. In the battle of reincarnation, everyone will have a hysterical battle!"

"..."

Chang Henzi gritted his teeth, but there was a twisted smile on his face!

at the same time.

Taishang Jiuqing Palace, time turbulent resident, in the wooden house!

"what happened?"

"Bi Xuetian didn't stop Jing Yuanbai? The two sides fought together, and Jing Yuanbai was killed!?"

"Jing Yuanbai is a strong man with the ability to fight the Wudu Godless level, a rare strong man in the land of exile, the main force in the battle of reincarnation, just died?"

Zhan Taiqing looked at the disappearing red dot representing Jing Yuanbai on the chessboard, and could hardly believe his old eyes.

The death of Jing Yuanbai made Zhan Taiqing heartbroken.

Although he is not a long hate son, and has a master-servant relationship with Jing Yuanbai, in his opinion Jing Yuanbai is also a stepping stone!

"All this... is caused by that mysterious existence!"

"Since he appeared, the land of exile has been fighting continuously, and there is almost no rest!"

"In just a few days, his strength quickly recovered, and at the same time he went from the quasi-no-god level to the Sidu no-god level!"

"It stands to reason that such an old man in a place of exile can't care about the war of reincarnation, how could he wantonly slaughter the Supreme Emperor?"

"What on earth does this person... think!? No, I have to send someone personally, no, just send a clone to talk to him!"

Zhan Taiqing held his forehead with one hand, his face full of sorrow and perplexity.

After making up his mind, he put down his hand and looked at the land of exile, Nanhuang.

Then, Zhan Taiqing was stunned! !

"What's the situation? People!?"

"Still there just now and disappeared so suddenly!?"

"Could it be that after killing Jing Yuanbai, he also died?"

"No, this person is not inferior to me, how can he be dragged to death by Jing Yuanbai?"

"Huh? How come there is a red dot here in the northeast, and it looks very powerful, reaching the Wudu level!"

"This, this, this, is this person ran from the extreme south border of the exile to the northeast border in an instant?"

"..."

Zhan Taiqing's eyes widened suddenly, such a fast transfer speed, if he were to come, he would definitely not be able to do it!

[Chapter 1617: Bi Yelin's suspicion!](#)

"It's not just that I can't do it."

"Even someone who is stronger than me can never do it with my own ability!"

"By the way, isn't this place in the northeast where this person killed two Sandu Godless-level battlefields?"

"Perhaps this person has arranged some great teleportation array beforehand to return here directly!"

"Yes, it is absolutely true, otherwise there is no explanation at all!"

"..."

Zhan Taiqing quickly made up for Su Lang's transfer method, with a trace of admiration on his face.
at the same time.

Under the blue blood sky, under the blue clouds.

"Jing Yuanbai is dead!?"

"How could he die? Who can be his opponent in the Southern Wilderness!? Who has hatred against him?"

"Could it be that he was chasing and killing the godless? But didn't I let him stop?"

Bi Ye Rin stands against the wind, and the surrounding wind and clouds are running in a regular rhythm, as if it contains the world's best principles.

Although the expression on her face did not change much, she could feel her anger.

This was when the envoy of the Supreme Nine Qing Palace was ordered to be killed before, it had never appeared before!

"Enlighten the Lord of Qing Ting!"

"The subordinate immediately sent your order to Jing Yuanbai after he went down."

"But Jing Yuanbai didn't reply to me. I thought that although he accepted the order, he was at a loss and deliberately didn't reply to me, so I didn't think much."

"Who would have thought that before long, he fought with people in the south near the turbulent border of time and was also beheaded."

"According to our surviving spies near the battlefield, Jing Yuanbai used his unique skill to kill the stream, but he was still killed!"

"Lord of Qing Ting, shall we issue a wanted for the person who killed Jing Yuanbai?"

Qin Chengan, who had the blood of Ink Kun, knelt down not far from Bi Yelin, and explained to Bi Yelin with embarrassment.

When Jing Yuanbai did not reply to his confirmation of the order, he should have reported to Bi Yelin.

But because Jing Yuanbai's servant was very arrogant and arrogant, in Qin Chengan's opinion, it was very possible that he would not reply deliberately.

In addition, under Bi Yelin, who are also two godless big monsters, Qin Chengan always regarded Jing Yuanbai as an opponent, and a little disgusted.

Therefore, Qin Chengan's treatment of Jing Yuanbai's instinct was relatively perfunctory, and after conveying Bi Yelin's order, he didn't care about anything.

At this time, Jing Yuanbai was dead, and Qin Chengan was a little happy immediately.

Of course, he would not have any good impressions of the mysterious murderer.

No matter how you say it, Jing Yuanbai is a man of blue blood.

"You are also responsible for the death of Jing Yuanbai."

Bi Yelin's faint voice came, "Go, investigate this matter clearly and redeem the merits."

"Yes, the Lord of Qingting!"

Qin Chengan bowed to take the order, then turned and left.

"Jing Yuanbai, why didn't he obey the order and insisted on chasing down that strange Godless Grade?"

"Although he is arrogant and arrogant, he has always obeyed my orders 100%."

Bi Yelin narrowed her beautiful eyes slightly, gleaming suspiciously, "What the **** is there in this incident?"

Just as Bi Yelin had doubts about Jing Yuanbai, Qin Chengan started to investigate, and Chang Hengong secretly tried to provoke the relationship.

The turbulent border in Northeast time.

Su Lang was flying to the north continuously.

Since the clones and avatars are almost consumed during the battle, it is impossible to use clone dispatch and replacement to hurry.

Although this is slow, it also has benefits.

For example, you can count the harvest this time while enjoying the scenery.

"The system, deposit all the Diyuan Xianyuan in my storage space into the balance!"

Su Lang shuttled among the vast sea of clouds and gave instructions with expectation.

"Ding! All have been saved in the system!"

As the system prompts appear.

The balance of the subordinate Diyuan in the mysterious space suddenly increased to 178757.

"Approximately two hundred thousand lower emperor source."

"Another system feature can be upgraded."

"It's a pity that the one-key empowerment function can then be upgraded to level 20, but it will cost 1 million lower emperor sources."

Su Lang licked his lips, scanned the system functions he had mastered, and found that only the one-click martial arts function could be upgraded.

[Chapter 1618: Forty-one level one-key martial arts function](#)

In addition to the one-click martial arts function.

All other functions require one million to be upgraded.

"What the hell!"

"Although there are more gains, this system function improvement is too costly!"

"One million lower Emperor Yuan, I have to kill seven or eight Jing Yuanbai to get together!"

"Oh, forget it, the system, give me a one-key martial arts function upgrade."

Su Lang uttered a few words silently, and immediately issued the system instructions again.

"Ding! Consumes 100,000 lower multiplier sources, the one-click martial arts function is upgraded to level 41, and the training speed is increased to 293.2736 billion times the speed of the basic training without lack of qualification!"

"One-click martial arts function doubles the speed!"

"It seems that it won't take long for my practice to be finished again!"

Su Lang felt a sense of excitement when he thought of those awesome godless-level techniques.

He is now the right Supreme Emperor, even though he is just a crossing of the Supreme Emperor, his life level is completely different from before.

The previous exercises, whether it is an emperor-level exercise or a great emperor-level exercise, will gradually lose their effect.

So Su Lang must now master the new Godless-level exercises earlier.

Only in this way can you maintain your leapfrog combat power against the enemy, so that you won't be reduced to the point where everyone is confused.

Of course, Su Lang still has a solution to the problem of exercises!

This solution is one-click enhanced function!

"One-click enhancement function claims that all non-living objects can be enhanced!"

"Even the Youtian Sword, a weapon with its characteristics against the sky, can be strengthened by a small level at a time,"

"If it is used to strengthen the exercises, it may be able to improve those useful but low-level exercises!"

"Well, let's see if the materials are enough first. Jing Yuanbai shouldn't be very poor, right? After all, he has two boats on his feet, and the two forces are like a fish in the water."

While thinking about it, Su Lang began to count all the newly obtained materials.

The first is the materials obtained from Jing Yuanbai this dog monster.

This is a very rare monster who has cultivated to the godless level. Every inch of his flesh and blood is actually a treasure of heaven and earth!

What teeth, claws, hairs, bones, all are Sidu Godless Grade materials, which can be directly used to create Godless Soldiers!

For example, the Blade of Sacrifice is a Sidu Godless Grade built by Jing Yuanbai with a lot of his fangs!

Secondly, Jing Yuanbai collected all kinds of materials.

This product is worthy of being a guy who has two forces on both sides. The material on his body is more than the material on the four dragons and the four brothers combined.

Of course, among them, the Four Dragons and the Four Brothers consumed too much in the last reincarnation era, and this reincarnation era has just revived and there is no time to collect treasures.

But no matter what, Jing Yuanbai can be said to be the fattest and fattest opponent Su Lang killed!

"Previously strengthening the Youtian Sword consumed most of my materials."

"The materials now obtained are ten times the ones before!"

"With these materials, the Youtian Sword can definitely be strengthened again!"

"Furthermore, the weapons obtained from Jing Yuanbai have to be disassembled, so that there are more materials!"

A look of excitement appeared in Su Lang's eyes, and then immediately took out the Blade of Sacrifice and the Colorful Sky Star Dragon.

"Buzzing!!"

As soon as the Blade of Sacrifice appeared, it immediately began to struggle.

But at this time, the time limit for Su Lang's swallowing clone had not yet arrived, and the Blade of Sacrifice, which was not under the control of his master, was not his opponent at all.

It's easy.

Su Lang firmly suppressed the Blade of Sacrifice World.

This long sword was made by Jing Yuanbai using his own material, and it was considered a magic weapon for his life.

Its ability is to block the opponent's life universe after killing the enemy.

Then in the battle, the energy of these life universes was consumed to exert a stronger attack.

This is why this knife is called the Blade of Sacrifice.

[Chapter 1619: Wagging like a dog's tail](#)

"Under normal circumstances, the emperor level consumes its own life universe."

"This knife can store and consume other life universes, and perform powerful attacks."

"This is the equivalent of multiple Wudi Great Emperors and even Godless emperors exploding the power of the world at the same time, it is really terrifying!"

"The heroes of the world can't be underestimated..."

Su Lang sighed, and then directly used the one-key decomposition function to decompose the Blade of Sacrifice.

"Ding! The decomposition is successful, you will get the Soul of the Supreme Emperor*100, the Soul of the Quasi-Supreme Emperor*500, the Soul of the Supreme Emperor*8000, the Godless Grade Material Sun-eater*10000, Sun-eater Tencil*10000, Sun Demon Blood Jade*10000, Supreme Chixiao Jade*10000...Great Emperor Grade material..."

The system prompt sounded for a long time before stopping. The more Su Lang listened, the brighter his eyes!

He didn't expect that Jing Yuanbai would spend so much material in refining this sacrificial blade!

The soul of the Supreme Emperor alone has a full five hundred shares, and I don't know where he got so many godless souls.

Moreover, I don't know how Jing Yuanbai used his own power to create the Four Crossing Godless Soldier.

You have to know that his own strength is only the Godless Grade!

However, Su Lang soon found the answer!

He found a large amount of materials that had nothing to do with Jing Yuanbai from the list of materials obtained by decomposition.

These materials are much more than that of Jing Yuanbai himself!

It is easy to distinguish from the refining skills of the primordial level. These materials can create a very good godless soldier.

In other words, the Blade of Sacrifice was made by Jing Yuanbai on the basis of a long-inherited Godless Soldier, adding materials from himself to it!

"That makes perfect sense."

"There are not many godless levels in one reincarnation age, but many reincarnation times come down, let alone a hundred godless levels, one million godless levels are probably all out!"

"Even if the probability of Godless Souls being condensed at the Godless Level is ridiculously low, the power of time is still too terrifying. No matter how low the probability is, a large number of Godless souls can be accumulated."

"Accumulated from generation to generation, a Godless Soldier is tempered and promoted in each generation, and it becomes a senior Godless Soldier over time."

"All the godless soldiers in this exile, except for me, are all handed down from the previous reincarnation times."

While thinking about it, Su Lang pulled the Colorful Sky Star Dragon from the side.

This Erdu Godless Soldier was also handed down from the last reincarnation era.

At this time, the colorful Tianxinglong witnessed the tragic death of the Sacrifice Blade, and immediately frightened his soul to dissipate, and his liver and gall were torn apart!

"Roar..."

The colorful Tianxinglong roared surrenderly in front of Su Lang.

The tail of the dragon is wagging like a dog's tail, and I don't know who I learned from it!

"Colorful Sky Star Dragon."

"The four godless soldiers of Silonghai have all fallen into my hands."

Su Lang clicked the corner of his mouth, and then asked with a smile at Qi Cai Tian Xing Long, "Tell me, what exactly is Jing Yuanbai's identity? Why is it that someone from the Palace of Long Hatred is so related to Bi Xue Tian?"

"Return your lord...I don't know this."

"Jing Yuanbai is the first time he has exposed his identity as the Palace of Long Hatred. In the past, he has always walked the world as the veteran of the Jade Blood Heaven."

The colorful sky star dragon tremblingly replied cautiously, where there is still a bit of what a dragon should look like.

"oh, I see."

"Jing Yuanbai's call from the palace lord is extremely smooth, I am afraid that Changhen Palace is his original home."

"As for Bixuetian, it is estimated that he joined it behind with a different purpose."

"Simply put, he is the undercover agent of Chang Hen Palace in Bixuetian!"

"Tsk tusk, I didn't expect someone to play Infernal Affairs in this place of exile."

Su Lang listened to the words of the colorful Tianxinglong, and analyzed Jing Yuanbai's identity as soon as his head turned.

"My lord is wise!"

"His eyes are like a torch!"

Qi Cai Tianxinglong immediately began to flatter Su Lang.

"Ha ha."

"No matter how nice it is, you can't escape this disaster!"

Su Lang smiled coldly and directly activated the one-key decomposition function.

[Chapter 1620: Sidu Godless Dragon Terrace!](#)

"Do not!"

"Being big--!!!"

The colorful sky star dragon's voice begging for mercy stopped abruptly, because it had been broken down into materials!

"Ball battle?"

Su Lang heard the last scream of the Colorful Sky Star Dragon, he was taken aback for a moment, and then smiled brightly again, seeming to remember some good memories.

Immediately after.

He looked at the decomposed material of the colorful sky star dragon.

Like the Zixiao Sky Star Dragon and the Promise Sky Star Dragon, the Seven Color Sky Star Dragon has decomposed ten godless souls, 100 quasi godless souls, and various materials related to the gods.

"The material decomposed by the colorful sky star dragon is the most suitable for the godless dragon platform!"

"It's a pity that the guy with the blood of Shenlong in this place of exile can reach the level of Silonghai again. I'm afraid there will be no more."

"My Godless Dragon Platform can only evolve with ordinary materials in the future. I don't know if it will damage its domineering image?"

Whispering this, Su Lang put aside all the materials related to Shenlong.

In fact, in addition to the materials obtained from the decomposition of the colorful Tianxinglong, there are also some materials related to the Shenlong in the materials collected from Jing Yuanbai.

No need to think about it and know that Jing Yuanbai wanted to improve the Colorful Sky Star Dragon. After all, this was just a second-duration godless soldier, which was not enough for him.

At this time, these materials happened to be cheaper for Su Lang.

"You have the greatest function in this war, so I will give you a promotion first!"

Su Lang took out the Godless Dragon Terrace with a satisfied smile on his face.

"Ao Bing kowtowed thanks to the Lord! Serve the Lord without regrets until death!"

Godless Longtaiqi Ling Ao Bing knelt at Su Lang's feet, bowing his head respectfully to thank you.

"Ok!"

Su Lang nodded slightly, before giving an order, "The system, activate the weapon evolution function, and evolve the Godless Dragon Platform into the Four Crossing Godless Soldier!"

"Ding! Consume Godless Soul*50, Quasi-no God Soul*200, Great Emperor Soul*5000, Heavenly Dragon Remnant Soul*1, Heavenly Dragon Remnant Body*1, Dragon Phoenix Cold Spring Jade*100, Dragon Evil Broken You Gold*100, Zixiao Dragon Blood Jade*100, Supreme Dragon Tears Gold*200, Longyuan Supreme Cream*1000..."

Godless Dragon Platform has evolved into the Four Crossing Supreme Soldier! "

A mysterious brilliance flashed, and the life-like Godless Dragon Tower suddenly became more vivid!

And Longwei, who has no God Dragon Terrace, has become more terrifying, and is majestic and upright, like a sea, ordinary creatures will kneel down and worship when they see the instinct.

This godless soldier really looks more and more like a dragon!

Even Su Lang would regard the dragon button on the jade seal as a really alive dragon if he hadn't observed it carefully with the method of micro-mystery!

After the evolution of the Godless Dragon Platform, of course not only the appearance and temperament have been improved.

Its characteristic is to specialize in the field of energy attack. Not only does it possess cross-border combat capabilities in terms of conventional forces, but in terms of twisting power, the amount and quality of condensed forces far exceeds the same level.

At this time, the limit of its conventional power has reached the Wudu level!

Moreover, the quality and quantity of Twisting Power have also changed dramatically, which is more than a hundred times stronger than before!

Of course, the energy consumed by urging the Godless Dragon Platform also increased sharply.

Even Su Lang, who has practiced a lot of body-building exercises, still has ten inner circles in his body and a sun as an energy furnace, can only be able to continue to drive.

If Godless Dragon Platform has reached a higher level.

I am afraid that Su Lang uses the profound meaning of the world's death to consume the energy of the whole body in one breath, and he can't let it perform extreme attacks.

In this regard, Su Lang was not disappointed. After all, it makes no sense to ask the horse to run and not to eat the grass.

"It seems that I still have to get promoted quickly."

"The body should continue to exercise too, it can't fall down!"

"I will try to see if the Youtian Sword can evolve or strengthen, and then I will go to see Jing Yuanbai's technique."

"..."

While thinking about it, Su Lang took the Youtian Sword in front of him.

"Master~"

"You finally think of me!"

"Xiaoyou misses you so much and wants to talk to you~"

The disgustingly beautiful Xiaoyou ran out of Youtian Sword and plunged into Su Lang's arms.

Seeing this scene, Ao Bing, who was next to him, instantly looked invisible and inaudible, and immediately returned to the Godless Dragon Terrace.
