### [Chapter 1641: You have to remember a name!](#)

"This... Master, what's wrong?"

"Uncle Shi has been silent for a billion years. Recently, he has moved a lot more frequently. Today, I laughed wildly. I always feel bad!"

"What did the master say that you made a lot of money? Could it be that it extended the life span by tens of millions of years? Or, it broke the realm!?"

"I'm afraid it's not good news about the battle of reincarnation to make my senior brother so gaffe!"

"..."

More than a dozen powerful men from the Supreme Palace of the Nine Qings couldn't help coming out of the retreat and converging towards the turbulent place of time.

On the way, these strong men of different generations converged, and then rushed to the wooden house while discussing.

"Uncle Master, what is going on with Uncle Master?"

"Master, Master, he must have broken through the realm!"

"I don't know either, brother smiled so happily, it should be a good thing!"

"Why didn't Junior Brother come, that something big happened to Master Master, but he didn't even move?"

"Your junior is about to break through to the Sandu Godless Level. It is understandable at the critical moment."

"Yes, but, what about Uncle Yuqing, why is she not here?"

"I don't know, there should be something else."

"..."

A total of fifteen Godless Grades gathered together, and the shouts of the masters, masters, uncles, and brothers made people dizzy, and it sounded that everyone hadn't gathered yet.

However, it can also be seen from this that the Supreme Palace of the Nine Qings is really full of talents and talents!

quickly.

Everyone took a safe road and passed through the turbulence of time to the retreat of Zhan Taiqing.

Immediately after.

They saw in the wooden house with the door open, Zhan Taiqing looked at the storage ring in his hand, smiling like a sunflower.

"This this this..."

"Senior brother has such a side!"

"It's over. I actually saw Master's expression on such a gaffe. Wouldn't he clear the door to me?"

"I closed my eyes, I didn't see the expression of Uncle Shizu at all!"

"Don't think I didn't know that you were watching secretly with God's mind!"

"..."

All the Supreme Emperors saw Zhan Taiqing's demented smile. Although they were different, they all looked strange!

"Oh!?"

"Are you here?"

Zhan Taiqing found his junior and disciple and his disciples and grandchildren. Seeing them with weird faces and hesitating expressions, he suddenly felt stagnant and said that my multi-billion-year coercion might have collapsed!

then.

He straightened his face immediately and said coldly: "Just so, you guys haven't greeted me for a long time, come over and kowtow to me!"

"Senior brother, see brother!"

"The disciple knocks on Master!"

"Apprentice Sun knocks to see Master Zu!"

"..."

More than a dozen Godless Grades salute Zhan Taiqing respectfully, finally letting him relax.

"good very good."

"Come here, is this the pill for rewarding you? I have all collected!"

Zhan Taiqing nodded in satisfaction, and then chose some not-so-good rewards for the pill that he bought from Su Lang.

Suddenly.

Bright pill after another appeared in front of the Supreme Emperor, it was almost blinding them.

"My goodness!"

"Brother, this is a godless pill of perfect quality!"

"This pill... is exactly the pill I need for a breakthrough!"

"Master, this is the most treasured treasure you have given me in your life!"

"Master, why do you want to reward us with such treasures, is it..."

"Are you going to drive to Hexi, Master Master!? No, Master Uncle, I can't bear you!"

"..."

All the supreme emperors were shocked, and never expected that Zhan Taiqing would actually give them these infinite medicines.

Some pessimistic disciples even thought that Zhan Taiqing was about to scream, so they took out the things at the bottom of the box as inheritance to share with everyone.

"Shut up all to me!"

"Lei Qing, your servant cursed me to death? Give me the medicine back!"

"Chang Qing, you dog stuff. Was the stuff I rewarded you bad?"

"..."

Zhan Taiqing was speechless and scolded them one by one.

"Uncle Master, don't you want to leave!"

The Supreme Emperor named Lei Qing was pleasantly surprised and wondered, "Then you are...why do you want to distribute such a good treasure to all of us?"

This question can be regarded as a point. More than a dozen godless grades looked at Zhan Taiqing, waiting for him to answer.

"Want to know the answer?"

Zhan Taiqing looked straight, his face was solemn and respectful, "Then you must first deeply remember the name of a strong man, Su Lang!!"

[Chapter 1642: Can't even carry shoes for Senior Su](#)

"Su Lang!?"

Everyone looked at each other, their eyes flickering, and they were surprised.

What kind of person would he make a strong man like Zhan Taiqing so solemn?

"I know you must be very curious about this Daoist Su Lang."

Zhan Taiqing looked around at the disciples, "This Daoist Su Lang is the number one alchemist in Exile, and these pills were purchased from him."

"The First Alchemist in the Exile!"

"No wonder, it's no wonder that a god-less perfect quality pill can be refined!"

A supreme emperor wearing a green shirt and full of pill incense said with emotion, "Although I can also refine a godless pill, I have already talked about the elixir, and I am afraid that it is not worthy to give Su Lang Taoist friend shoes!"

"hiss!"

"This is too scary!"

A slightly younger Supreme Emperor was horrified, "Uncle Third Master, we are the number one alchemist of the Ninth Qing Palace, so we can't carry shoes to Senior Su Lang?"

"Humph."

"You only know about taking pills, but you don't know the difficulty of the pill!"

The emerald green-clothed Supreme Emperor coldly snorted, "Daoist Su Lang can refine so many godless-level perfect pill, his alchemy attainments may have reached the realm of the beginning!"

"Oh my God!"

"The primordial realm! There is no primordial realm above the God level!"

Another supreme emperor was shocked, "The alchemy attainment reached the realm of the primordial beginning, and his cultivation must be terrifying too!"

As soon as he said this, everyone immediately looked at Zhan Taiqing.

"Taoist Su Lang has just recovered, even if he cut five godless grades, these five people are not general."

"Although I sent a avatar to visit Daoist Su Lang before, his breath is only Sandu Godless."

"But I know, that is definitely not his true strength, and his true strength is probably not worse than mine!"

"By the way, when my clone just left, I saw Daoist Su Lang's 80 clones!"

Zhan Taiqing raised his head to look in the direction of Su Lang, with a hint of horror in his eyes, "Do you know what level of combat power the eighty clones are?"

"What level?"

Lei Qing was surprised, "Could it be possible that all of them are Godless?"

"Not bad!"

"All the 80 clones of Fellow Daoist Su Lang are Supreme Emperor! And all of them are Sandu level!"

Zhan Taiqing's face was solemn, "Even my avatar Yuan Qing saw him, there is no certainty that I can kill one of them!"

Hear this.

The fifteen Supreme Emperors all stagnated, their expressions freezing for a moment.

"master!"

"How can Senior Su Lang have so many godless clones?"

"A total of 80 Sandu Godless Grades, the total number of Godless Grades in the Nine Qing Palaces of our Supreme Supreme Being is only twenty!"

Chang Qing said in disbelief, "We are the No. 1 power in the exile!"

"Huh, the frog at the bottom of the well!"

"How big is the world?"

"The godless-level exercise books are even more encompassing in the universe, even jumping out of the universe, not in the avenue!"

Zhan Taiqing reprimanded, "Daoist Su Lang's clone technique is indeed terrifying, but it is real, you must not doubt it!"

"Senior brother is right."

"The place of exile is still a corner of the infinite universe, it's just a small well for the entire infinite universe."

"The technique of Xuanqi clone is seen with my own eyes, so naturally there will be no fakes."

Xuan Qing, the second master of the Supreme Nine Qing Palace, said, "By the way, brother, with the 80 clones of Daoist Su Lang, will the probability of the battle of reincarnation lead to the coffin of Nine Dragons?"

"Yes indeed!"

"Senior Su Lang has a total of 80 Supreme Emperors!"

"This is comparable to the sum of all the godless levels of the Blue Blood Sky Lei Yin Temple!"

Lei Qing was surprised, "The strength of our exile is equivalent to an increase of one and a half, more than any previous reincarnation era!"

[Chapter 1643: How can you eat both ways!](#)

This statement came out.

Everyone nodded!

"I hope so too."

"But it can only be said that it is possible."

"If the avatars of Fellow Su Lang have a relatively independent will, then the possibility is great."

Zhan Taiqing's eyes flickered, "But if those clones have no independent will and are completely controlled by the deity, then the effect will be much smaller."

"Better than nothing!"

Xuan Qing laughed and said, "With Daoist Su Lang here, we really have encountered a great era of reincarnation!"

"Indeed!"

Zhan Taiqing nodded his head heavily, his eyes revealed excitement.

at this time.

He suddenly noticed that there was a message passing through a special channel.

"It's Yuqing's letter!"

Zhan Taiqing's expression moved, and he took out a special communication treasure, and when he saw it, he suddenly thundered, and he was dumbfounded!

"Brother!"

"Master, what's wrong with you, master!?"

"Master, what major event has happened, you have lost your mind again!!"

"..."

The fifteen supreme emperors looked at Zhan Taiqing, and each one was surprised.

"Do you know why Yuqing is not here?"

"Because she is at the side of Daoist Su Lang, waiting for Daoist Su Lang to refine my materials into a pill!"

"And just now, Yuqing sent me a message saying that she discovered that Daoist Su Lang is still a godless craftsman, and his attainments are very likely to be no weaker than Dandao attainments!"

Zhan Taiqing took a deep breath, but still couldn't calm his horrified mood.

He has lived for billions of years, and the practice of self-cultivation has long been perfect, but at this time he really can't control his emotions.

"what!?"

"Senior Su Lang is not only a godless-level alchemist, but also a godless-level refiner?"

"This is too incredible, Senior Sister Yuqing must be joking!"

"Yes, you said, Master, this must be fake, right? Who can take the two paths of alchemy and refining to this level at the same time?"

"..."

All the Supreme Emperors were dumbfounded with surprise, standing there like penguins with open mouths.

"Unbelievable, unbelievable!"

"I have been immersed in the alchemy Dao all my life, and spent countless efforts and time, but I can't give the Taoist Su Lang's alchemy attainments shoes at all!"

"But now, Yuqing actually said that Daoist Su Lang's refining skills are not inferior to alchemy?"

"A person's savvy, energy, and time are limited, how can... how can we eat both ways?"

"..."

The supreme emperor in the emerald green clothes staggered back a few steps, his face was pale, and his eyes were somewhat distracted. It was obviously difficult to accept this fact!

"I believe what Yuqing said."

"She said that she saw with her own eyes that Daoist Su Lang's quasi-no-god-level emperor soldier was promoted to a no-god soldier in an instant!"

"With these methods, ordinary Godless level refiners can never do it!"

Zhan Taiqing's face was left with unconcealed horror, "Dao Fellow Su Lang is so mysterious, so mysterious and scary!"

"master!"

A Supreme Emperor hesitated, "Then shall we take advantage of..."

"No."

"Without Daoist Su Lang, the chance that the battle of reincarnation will lead to the coffin of Nine Dragons is too small."

Zhan Taiqing shook his head and said, "Furthermore, Daoist Su Lang is proficient in alchemy Dao, and should be slightly weaker than the same level in combat. I still have a little confidence."

"In that case, then..."

Chang Qing showed desire, "Master, I just want to refine Godless Soldiers, can I go to Senior Su Lang for help?"

"You want to refining weapons, I can tie the strings for you."

"Taoist Su Lang did not hesitate to refine alchemy for me, and he probably wouldn't refuse to refine weapons for you."

Zhan Taiqing smiled, "However, you must prepare enough remuneration, and you must not lose courtesy."

[Chapter 1644: I don't want to worship Senior Su as a teacher](#)

Hear this.

All the supreme emperors were ready to move.

Not every one of them has godless soldiers.

Even if there is, I still want to get promoted, or I want to change weapons because of bad use.

"sure!"

"I must be prepared for enough reward!"

Chang Qing was full of excitement, "Senior Su Lang is really a good person. It's a pity that we are all born in exile. In the end, we will become enemies involuntarily..."

"Yeah yeah!"

"Hey, I really want to be a new year friend with Senior Su Lang!"

"Hey, Junior Brother, you are very interested in refining tools, don't you want to worship Senior Su Lang as a teacher?"

"No, no, master, don't listen to his nonsense!"

"..."

"..."

More than a dozen Supreme Emperors are in a group, like a group of children in front of Zhan Taiqing.

After a while, everyone had enough trouble, they began to prepare materials, embarked on the road to find Su Lang refining equipment.

at the same time.

In the chasing soul emperor palace.

While refining the fairy-level parts, Su Lang extracted a trace of divine thought and threw it into Liang Xiaofei's universe of life.

Because the war of Shura in this universe of life is over!

The battle of Shura was originally arranged to rebuild the order of the universe of life and make it develop better.

After the Battle of Shura, the Shura realm should be transformed into the heaven, ruling and maintaining the entire world.

What Su Lang had to do at this time was to turn the Shura realm into a celestial realm and select the first batch of celestial officials.

Not long.

Su Lang controlled a avatar descended into Liang Xiaofei's life universe.

A very harmonious picture appeared before him.

I saw that after the Battle of Shura, the intelligent races of the whole world had tacit understanding to change the territory based on the situation in the Battle of Shura.

Because the powerful forces such as the Colorful Dragon Race have already realized, they have released water for those weaker but very potential races.

On the planet of life, many races have ushered in a beautiful and bright future.

Simultaneously.

The powerhouses of the colorful dragons, heavenly dragon gates, and spirit warlocks also immediately began to do good things everywhere, accumulating merits, in order to enter the heavens and take charge of their heavenly duties.

then.

Then there appeared colorful dragons flying around, helping rain in arid land and controlling water in flooded land.

By the way, preach on the altar to help wise creatures embark on the road of cultivation.

The dragon fighters of the Tianlongmen punish the evil and become the incarnation of justice and drive away the evil.

The emperors of the spiritual warlocks also walked around, preaching the idea of a community of shared destiny, treating patients, and purifying filth.

"Tsk tut!"

"It's really strange that a high-level and extraordinary world can become like this!"

Su Lang overlooked the scenes on the ground, with a satisfied smile on his face.

Soon.

He directly displayed the world and the earth, turning into a giant of tens of thousands of feet!

"It's a great existence!"

"Great existence, you are the only one in the world, the master of the world, we worship you!"

"..."

Countless creatures knelt to worship, those powerful emperors were the most excited.

Because the Battle of Shura ended, the appearance of Su Lang meant that the heavens were standing, and some of them wanted to hold their heavenly duties!

as predicted.

"This time comes to establish the heavenly realm, and to select the master of the heavenly realm."

Su Lang overlooked the sentient beings and smiled faintly: "Now, establish the heaven!"

Accompanied by Su Lang gently waved his hand.

Suddenly, a group of newly promoted godless soldiers appeared and merged into the Shura world.

For example, the space Rubik's Cube without God level, the White Jade Emperor Palace without God level and so on.

They were originally the skeleton of the Shura realm, and at this time they naturally merged into it.

Soon.

The entire Shura world has undergone tremendous changes.

The hazy and unreal world, as if turned into reality, stood in the sky, floating in the clouds.

The endless horror aura fell, causing those quasi-no-god-level emperors to tremble, panic, and at the same time full of desire.

#### [Chapter 1645: Puxin World Handicraft](#)

"skyline!"

"That is heaven!"

"Oh my God, that's where we should stay!"

"Recently, I helped the weak every day and accumulated merit. I didn't have any sin before. I don't know if I can be selected!"

"..."

at this time.

Su Lang waved his hand gently, and the heavens became invisible again.

Only an isolated giant gate remains, standing above the clouds and under the sun.

"This is the gate of the heavenly realm, a passage for those who hold the heavenly position to enter and leave the world."

Su Lang's voice spread all over the earth, "Now, the one I read the name, enter the heaven from the gate of the heaven!"

This statement came out.

All creatures are tense.

"First."

"Sorcerer, Mingqiao, is the master of the heavens, and he is in charge of the Heavenly Soldier's 'Treasure Mirror of the World', and he can comprehend the 'Supreme Magic Method of Transformation'!"

Su Lang selected the first person based on the intelligence reported by the Great Weapon Spirit in the Shura Realm.

Mingqiao, the spiritual warlock, has upheld the principle that the world belongs to all living creatures since his birth, advocated the equality of creatures and races, and has done many good things.

Therefore, Su Lang would let him be the first Lord of Heaven.

"Mingqiao thank the Lord of the Great World!"

"Definitely live up to the expectations of the Lord of the World, monitor the world, and guide the world towards goodness!"

Mingqiao knelt on the ground with excitement, almost crying.

He feels that his hard work for so many years has finally got the best return.

After giving thanks.

Mingqiao flew up to the gate of the heaven and entered the heaven.

Immediately, a quasi-no-god soldier appeared in front of him. It was the 'Treasure Mirror of the Heaven's Hole', capable of monitoring any person, thing, and event in the world.

But in fact, this is just a mighty power of the Godless Soldier Mirror.

"Mingqiao has become the Lord of Heaven!"

Ao Tang looked at Ming Qiao's back, feeling regretful, "I regret it, I regret not being a good person before!"

Next.

Su Lang continued to canonize the officials of the Celestial Realm: "The second one, the colorful dragon clan, the dragon girl Caixin, hold the post..."

Time passed slowly.

Su Lang set up a series of celestial positions to guide the development of heaven and earth in accordance with the system of the ancient mythological heaven.

The officials gradually filled up their positions, filling the empty world with prosperity.

Finally, all positions are filled.

Ao Tang unexpectedly entered the heaven as he wished. Although he was not high in position and could not control the heavenly soldiers, he was able to comprehend the supreme magic of the path of transformation, and he almost fainted with excitement.

"The heaven has been established!"

"From today onwards, this world is called 'Pu Xin'!"

"The officials and the heavenly soldiers supervise each other, but there are those who dereliction of duty, who will immediately cut the human world away, and those who are serious will be escorted to the Gods' Terrace! Kill without mercy!"

Su Lang left a few words, and Xuan even directly withdrew from the world of 'Pu Xin'.

For the creatures in this world, Su Lang is everything.

But for Su Lang, this world of pure heart is just a whim of practice, accumulating experience in creating and governing the world.

From the current point of view, the model of the "Pu Xin" world is still very good.

"However, it still takes a long time to see good or bad."

While thinking about it, Su Lang checked the "Netherworld Dragon Vein Heaven Realm" and the "Tai Sui Universe".

The development of both is normal.

The Void Dragon Vein Heaven Realm has gradually possessed the inner flavor of the "Seven Treasure Tree".

In time, you will be able to build into the [Void Realm·Seven Treasure Tree] and \*\*\*\* the enemy's weapons frantically!

Tai Sui in the universe.

Life elves and alien elves, fierce beasts and other races are in competition, civilization develops rapidly, and special training systems have been created.

Of course, no matter how special the cultivation system is, it is also born out of the orthodox martial artist's cultivation civilization.

"Humanity has begun to accumulate!"

"Moreover, many new races have appeared, filling the diversity of life and improving the ecosystem."

Su Lang looked at Tai Sui Jupiter and nodded in satisfaction, "It seems that Gou Yue is still very serious at work."

[Chapter 1646: Five Supreme Emperors are in a row](#)

at this time.

The Soul Chasing Emperor's palace spirit appeared: "Master, there are multiple Supreme Emperors approaching!"

"Ok?"

"What's the matter, suddenly so many people are looking for me?"

Su Lang frowned, immediately unfolding his mental power, and suddenly saw the five Supreme Emperors quickly approaching the Soul Chasing Emperor Palace.

"Properties panel!"

With a thought, Su Lang opened all the five people's attribute panels.

Two Sovereign Emperors, two Sovereign Emperors, and one Sovereign Emperor, Sidu.

Then he saw some familiar information, such as "Tai Shang Heart Sutra", "Qingxu Dang Xuan Tian Tu" and so on.

Moreover, Yu Qing in the hall also spoke to Chu Xiaobei and the others with a serious face.

When Su Lang heard it, it turned out that these five people were Yuqing's brother and nephew!

"No wonder you practice the exercises of the Supreme Nine Qing Palace."

Su Lang raised his eyebrows, collected the cauldron and parts, and walked out of the quiet room.

Puff~!

It happened that a delicate and soft body threw into his arms, it turned out to be Chu Xiaobei.

"Su Lang, why did you open the door suddenly!"

"I didn't pounce on you on purpose!"

Chu Xiaobei's face blushed slightly, "Oh that's right, Guliang Yuqing's friend came to visit us!"

"Okay, I know!"

Su Lang smiled and patted Chu Xiaobei on the head, and then led her into the hall.

"Friend Su Lang, I really disturbed!"

Yuqing bowed to Su Lang with apologetic expression.

It was she who had revealed that Su Lang's skill in refining was so awesome, that's why the brothers and nephews came uninvited, which is really embarrassing and rude!

"It's okay."

Su Lang smiled faintly, "It happens to have a rest after refining the pill."

At this time, a neat voice came from outside.

"Senior Su Lang!"

"Junior Changqing (Lei Qing, Yunqing, Yangqing, Huiqing), in the name of the master (ancestor), I would like to thank the seniors for the grace of alchemy!"

The five Supreme Emperors lined up in a row, standing respectfully outside the Soul Chasing Emperor Palace, not daring to take a step beyond Lei Chi.

"Don't be polite, please come in."

Su Lang waved his hand to unlock the imperial soul chasing imperial palace, his expression was indifferent, his tone could not be heard.

"Guliang Yuqing, let's go, go to other places to read!"

Chu Xiaobei and other women took Yuqing and ran to the side hall with the novel.

at the same time.

Chang Qing and the other five also entered the hall, and once again bowed deeply to Su Lang.

This is not the first time Su Lang has dealt with the Supreme Emperor.

But it was the first time that several Supreme Emperors came to visit so respectfully.

"Sit down, everyone!"

"This is my exclusive secret tea, taste it."

Su Lang took out an exclusive secret (randomly synthesized) spirit tea to entertain the five people.

However, although this tea is randomly synthesized, it is also a godless panacea and is of great value.

Chang Qing and others were immediately shocked by Su Lang's handwriting.

"Thank you senior!"

The five people saluted and took their seats, showing good education.

After a courtesy between the two sides, Su Lang asked the five people's true intentions.

After all, Yuan Qing has already done so, so there is no need to send another person.

"It's true!"

"The juniors have heard from the master about the refining skills of Senior Su Lang, so we are here to ask Senior Su Lang to refine!"

"Ao, and the younger generations also want to ask seniors to refine alchemy..."

The more talkative Lei Qing offered his intentions with embarrassment.

"Look for me for refining!?"

After hearing Lei Qing's words, Su Lang was taken aback for a moment, and then he understood everything as soon as his thoughts turned!

It must be the upgrade of the Soul Chasing Emperor Palace that did not avoid Yuqing, which would cause his refining skills to leak out.

"No wonder Yuqing was so twitchy just now."

Su Lang was thinking about it, but he was not annoyed at all in his heart, on the contrary, he was extremely happy!

The five people in front of me are here to trouble him, they are all here to send materials!

[Chapter 1647: It's all in vain](#)

"Hahaha!"

In the panic of Lei Qing and others, Su Lang laughed and said loudly, "Okay, since I am a disciple and grandson of Zhan Taiqing, I will help you."

"Really!!"

"Oh my god, that's great, my godless soldier is finally hopeful!"

"Senior Su Lang, you are really the best person in the world! Lei Qing thanks Senior!"

"Senior Su Lang, you have worked hard, Huiqing will pour tea for you!"

"..."

The five supreme emperors stood up in a hurry, bowed and poured tea to Su Lang, they were extremely diligent!

"Haha, not bad, not bad!"

"It makes me want to accept apprentices!"

Su Lang laughed, enjoying the courtesy of the five Supreme Emperors.

And this statement came out.

The Supreme Emperor suddenly began to introduce his relatives and friends who hadn't been a teacher.

Su Lang smiled and said, "Well, what kind of weapons you want to practice, please describe to me."

"Senior Su Lang, I want to refine a seven-star sword!"

Lei Qing was the first to say with excitement, "It is refined with seven life planets and various precious materials. After completion, it will go down to heaven and earth to death!"

"Senior Su Lang, I want to refine a supreme feather coat!"

Chang Qing squeezed Lei Qing away, and then said, "With the White Phoenix Feather as the main material, the road will not be occupied after refining, and the defense against the twisting force is very strong!"

"Senior, I want to upgrade my Godless Soldier..."

quickly.

The five spoke of the godless soldiers who wanted to refine or upgrade.

The impatient Lei Qing and Chang Qing directly squeezed all the imperial soldiers with materials to Su Lang.

"Ok, no problem!"

Su Lang glanced at the two imperial soldiers, which contained a huge amount of materials.

Although Wanwan is not as good as Zhan Taiqing's batch, it is also very much!

"The key is that I refining weapons, which consumes far less materials than a normal refining division!"

Su Lang hit Xiao Jiujiu in his heart and got an exciting result, "I can make at least half of these materials!"  
And at this moment.

"Senior, as for weapons, we...we are not in a hurry!"

"Please help the master to finish the alchemy, rest well, and then refine the weapons for us!"

"By the way, Senior Su, we also want to refine alchemy, you see..."

The five supreme emperors smiled graciously and made a request for alchemy.

"If you want to make alchemy, just give me the alchemy and the materials, and you will soon get it out."

Su Lang waved his hand with great arrogance, "By the way, you are not in a hurry to get your weapons, so I can arrange the time when you come to get them."

"Thank you senior, thank you senior!"

Lei Qing spoke on behalf of everyone, "As for weapons...a hundred thousand years?"

"What?"

"One hundred thousand years!?"

Su Lang suddenly looked surprised when he heard Lei Qing's words.

"Uh!"

"Senior calm down! Senior calm down!"

"One million years, one million years we can afford it!"

The five supreme emperors were taken a big jump by Su Lang's reaction, and quickly apologized with embarrassment.

Su Lang instantly became calm.

However, his heart was so excited that he wanted to shout.

At the beginning, Su Lang forgot that it only takes a moment to refine weapons, and others need to take care of the cauldron for years and months to refine them.

Therefore, he was suddenly surprised.

When he came back to his senses, Lei Qing Changqing and the five people misunderstood again and thought he was angry!

So, the time was directly changed to one million years!

And one million years may not be very long for the Supreme Emperor Lei Qing Changqing and others who slowly cultivated.

But for Su Lang, it was an astronomical figure.

Do you know that it has been less than a year since he entered the road of cultivation?

After a million years, the ghost knows what level he will be and where it will be!

"puff!"

"Look for me again in a million years!"

"I don't earn half of these materials, but all for nothing!"

Su Lang couldn't help but want to laugh a little, took a sip of Lingcha inside, and then popped out two words to the five people: "Yes!"

[Chapter 1648: God, you deserve to be Senior Su Lang!](#)

"It's great, great!"

"It really troubles Senior Su Lang!"

"Senior Su Lang treats us as kindly as the master!"

"Yes, yeah, Senior Su Lang, just now the younger generation suggested, do you want to accept the eighteen beautiful Taoist friends as disciples?"

"Senior Su Lang, juniors also have extraordinary talents!"

"..."

Lei Qing, Chang Qing, Hui Qing and others thanked him, and then they began to recommend their relatives and descendants to Su Lang.

If it is really successful in apprenticeship, then it is equivalent to an instant blast!

"Just forget it."

"I'm just joking."

A thick smile appeared on Su Lang's face, "Well, any of you who still want to make alchemy, give me the elixir and materials."

"So..."

"Our juniors are not lucky..."

The Supreme Emperor sighed with emotion, alleviating the embarrassment, and then quickly took out the alchemy materials and prescriptions he had prepared.

The five knew that Su Lang was very good at alchemy, so they all prepared a lot of materials and prescriptions!

They are also the godless level, and they are also people who go to the Nine Qing Palace, so they are much fatter than the other godless levels.

Although their five medicinal materials combined were not as good as Zhan Taiqing's alone, they still accounted for a full one-third.

Moreover, this is still only the material used for alchemy.

In addition, there are materials used as rewards and a large number of Xianyuan Diyuan!

Su Lang received the space weapons equipped with materials from the Supreme Emperor one by one, and he was a little embarrassed.

This is all for nothing!

"Senior Su Lang!"

"Look, are these materials enough?"

Lei Qing said nervously, "If it is not enough, we will immediately find a way to raise money!"

"Ahem!"

"Enough is enough."

"Moreover, I have all the medicines you want to refine, so I will give it to you now."

Su Lang coughed slightly, then used the system function to practice the pill and put it directly on the table.

Suddenly.

A stream of refreshing Danxiang permeated.

There are even more kinds of rhymes and rules anomalies appear, special effects burst, forcing the grid to be too high.

"God, you deserve to be Senior Su Lang!"

"We have been longing for these pills for countless years, but there are so many survivors in Senior Su Lang!"

"Hahaha, I finally got the pill I needed, I can break through!"

"You three bastards, don't hurry up and worship Senior Xie Sulang with us!"

"Junior respects Senior Xie Sulang, thank Senior Su Yi Dan for his kindness!"

"..."

The five Supreme Emperor Qiqi of the Nine Qing Palace bowed deeply to Su Lang 180 degrees.

Although the pill in front of him was hot after being refined.

But they didn't have any doubts at all, thinking from the bottom of their hearts that this must be Su Lang's survival.

Otherwise, can you still refine all the pills that everyone needs at once?

But they couldn't imagine that Su Lang could do this!

"Well, you don't need so much courtesy!"

Su Lang waved his hand very kindly, letting everyone avoid the ceremony.

After all, after eating so many materials and Xianyuan Diyuan for nothing, his face can't get up even if he thinks about it!

"Yes!"

The five Supreme Emperors nodded respectfully, and then stood straight in a row.

"If you are all right, just stroll around."

Su Lang smiled and said, "Your master's pill is being refined, and you have to look after the pill furnace, so I won't entertain you anymore."

"Yes Yes Yes!"

"It's the juniors who disturbed the seniors, please forgive me!"

"The younger generations should insist on practicing with disdain, so that they are worthy of Senior Su Lang's pill, and the younger generations will leave!"

"..."

The five supreme emperors panicked for a while, and then bowed their greetings!

"I'm serious, let's go after some fun."

Su Lang couldn't help but smile, and let out Li Xianyang, the great emperor Shanqi, and also invited Ao Bing and Mingqiao in Pu's mind.

"The servant knocks to see the master!"

Emperor Li Xianyang and Shandi immediately bowed down and saluted Su Lang.

When Ao Bing was recruited, Ming Qiao looked dazed.

What's the situation?

Haven't we just entered the heavenly realm and held the heavenly vocation?

The person in front of him seemed to be the great master of the world, and there were five terrifying powerhouses above the emperor's realm standing beside him!

My God, the expressions of those strong men looking at the Lord of the Great World are so humble!

And there is an existence above the emperor kneeling to the Lord of the world!

After some shock and shock.

Mingqiao and Ao Bing hurriedly followed Li Xianyang and Emperor Shanxi to bow down to Su Lang, and called their masters.

"This....."

Seeing this scene, Lei Qing and others stopped, staring at each other, at a loss.

"Li Xianyang, Shanxi, Ao Bing, Mingqiao."

"You accompany these five guests, um, play cards and play mahjong."

Su Lang thought slightly, waved, and threw out a small box.

Inside the small box are some playing cards and mahjong newly perfected by Chu Xiaobei, Ji Ruxue, Murong Xianxian and Youzhi.

Yes.

Not only do they like to get together to write novels and read novels, they also like to play mahjong and play poker.

But the traditional mahjong and poker on Blue Star are too simple.

So they made it extremely complicated, very difficult for warriors, and even became a game that can stimulate understanding.

"The rules are in the box."

Su Lang smiled faintly, "Enter the five guests well, don't neglect."

"Yes!"

"We will fulfill our mission!"

The four of Li Xianyang were extremely solemn and regarded playing cards and rubbing mahjong as their number one event!

"You play slowly, I am going to practice alchemy."

Su Lang looked at the five people including Lei Qing in the Supreme Nine Qing Palace, smiled and gestured, then returned to the quiet room.

"Dear guests, happy meeting!"

Li Xianyang brought Emperor Shanqi and Mingqiao Ao Bing to Lei Qing and the others.

Mingqiao and Ao Bing were trembling with fright, they were terrifying figures above five emperors!

However, after seeing Li Xianyang's calmness, they immediately calmed down.

Isn't it the powerhouse with more than five emperors?

They are so humble in front of our master!

When thinking of Su Lang, Mingqiao and Ao Bing have the same backbone, and they are no longer afraid.

"Haha."

Huiqing smiled and said, "Senior Su Lang is really kind and difficult, so those of us who are juniors, we will interrupt for a while."

to be frank.

The five people including Huiqing were also very surprised.

They also did not expect that a Sandu-level Godless Grade would kneel to Su Lang, claiming to be a slave.

If it is a clone, it will probably not be like this.

In the eyes of the five people in Huiqing, Li Xianyang was definitely not a clone, but a strong man who was subdued by Su Lang!

"The distinguished guest is too polite, please follow us!"

Li Xianyang had a housekeeping style, and took Lei Qing, Huiqing and others to another side hall.

Not long.

There was a crackling sound of playing cards inside.

The fantasy version of Mahjong and Poker designed by Chu Xiaobei's four girls is really good.

After Lei Qing and the others got started, their eyes suddenly lighted up and they played enthusiastically on the card table.

Su Lang watched the crowd playing cards in the quiet room, and a strange smile suddenly appeared on his face.

But just when he converged his mind and prepared to refine fairy-level parts.

"it's here!"

"I didn't expect to be able to run so far!"

"But where exactly is it? Look for it?"

"..."

Not far from Soul Chasing Emperor Palace, a young man in a black robe flew around, whispering in his mouth, looking for something.

This person turned out to be Qin Chengan sent by Bi Yelin to investigate Su Lang!

"What is this stuff for?"

Su Lang raised his eyebrows, and then opened the person's properties panel.

[Name]: Qin Chengan

"Mo Kun?"

"This guy has Kunpeng blood?"

"The powerful monsters in the place of exile are in the blue blood sky."

"This person is very likely to be a person of the blue blood sky, maybe it is because of Jing Yuanbai that he came to kill me."

Su Lang frowned, "However, Jing Yuanbai is clearly a member of the Palace of Long Hatred, and Bi Xuetian has been pitted."

at this time.

"Found it, found it!"

Qin Cheng'an outside suddenly showed excitement: "There are even the Supreme Emperor's soldiers, which are hidden deep, hum!"

While muttering excitedly.

Qin Chengan flew towards the Soul Chasing Emperor Palace and quickly stopped in the air.

"I can only meet him."

Su Lang curled his lips. He has a guest in the Soul Chasing Emperor Palace, so he can't just put it away and leave.

But Su Lang did not know.

Qin Chengan planned to evacuate after recording the coordinates.

Because Bi Yelin told him not to confront Su Lang head-on.

then.

Just when Qin Chengan planned to leave.

"Qin Chengan?"

"Uninvited, still sneaky, what do you want to do?"

Su Lang appeared in front of Qin Cheng'an with a cold face and no emotion.

"what?"

"You found me directly!"

"I have hidden means!"

"Moreover, this person actually called out my name. It seems that he really understands us Bi Xuétian!"

Qin Chengan was startled, his figure stagnated, but he was not too nervous.

Although Bi Yelin said that Su Lang was very powerful, he had to do it himself.

However, in Qin Chengan's view, Su Lang and Jing Yuanbai's strengths are similar.

And it was a terrible victory in that battle, and he must have been seriously injured!

At this time, he looked at Su Lang, and immediately noticed the fluctuations in Su Lang's Supreme Emperor-level cultivation base, and the power of Sandu Supreme.

"really!"

"He was seriously injured, his cultivation base and combat power dropped drastically, what's so terrible about such an enemy?"

"Although Jing Yuanbai is indeed annoying, he is ultimately a man of Jade Heaven. This guy killed Jing Yuanbai and forged a deep hatred with Jade Heaven!"

"Since this guy is seriously injured, I can handle it myself without the master of Qing Ting taking advantage of it!"

"..."

Thinking of this, Qin Chengan showed a deep sneer on his face.

"Why are you laughing?"

Su Lang frowned, "I ask you, are you here because of Jing Yuanbai?"

"Humph!"

"Just know!"

"You kill me the veteran of the Jade Blood Heaven, I will smash your corpse to avenge you!"

Qin Chengan sneered again and again, and instantly distanced himself from Su Lang, and the aura on his body exploded in an instant!

Wow!

The horrible aura of Sidu Godless Class descended to the earth.

Suddenly, the huge land as large as the continents collapsed, forming an endless basin.

"Come to me for revenge?"

"You are ridiculously naive!"

"I don't even know that Jing Yuanbai is the undercover agent sent by the Palace of Everlasting Hatred to you, Bi Xuetian."

Su Lang had no fear in the face of the Four Crossing Godless Qin Chengan, "I killed Jing Yuanbai to clear the door for you, but you came to me for revenge?"

"Undercover?"

"how is this possible!"

"Jing Yuanbai is our veteran of the Jade-Blooded Heaven, how can he be the undercover agent of the Palace of Long Hatred?"

"If you kill someone, you kill, and you tell a little bit of a lie, you are really a strong man!"

Qin Chengan showed murderous intent, and his whole person began to swell wildly, transforming into the giant Kun monster body, "Today, I will let you know and provoke me to the end of the \*\*\*\* sky!"

Rumble!

Qin Chengan became a giant kun that covered the sky and the sun, surrounded by countless avenue rules, and the phenomena of heaven and earth flashed frequently, covering the sky and the sun!

"Ha ha!"

"Since you don't listen to the explanation and insist on doing it, then I don't mind killing you!"

Su Lang narrowed his eyes, cold light, "I haven't eaten Kunpeng yet, I will taste your fish today!"

"court death!!"

Qin Chengan was furious upon hearing Su Lang's words, and a lot of twisting power was condensed in his body.

next moment.

His Four Crossing Godless-class twisting power is about to burst out, attacking Su Lang!

But at this moment!

"stop!!"

The low roar of several people spread all over the sky!

Immediately afterwards, six godless auras soared into the sky, the heaven and the earth could not bear it, cracking like a rotten wall!

"who!?"

Qin Chengan was horrified, and the attack in his mouth was instantly held back!

Because he felt that two of the six newly-appearing godless classes were not weaker than him!

If you continue to attack, you will surely enshroud the opponent. When the war is aroused, it will be difficult to extinguish!

"Humph!!"

"Qin Chengan, you don't even know me?"

There was a crisp hum, but Guliang Yuqing flew out of the six and looked at Qin Chengan coldly. .
