[Chapter 1651: Now, apologize to Senior Su!](#)

"You...Yuqing!!!"

"You are the people of the Supreme Nine Qing Palace!"

Qin Chengan was shocked, he was defeated in Yuqing's hands.

Seeing Yu Qing at this time, all the pain he suffered at that time seemed to surface, making him startled!

The thought of running away suddenly appeared in his mind.

"Huh, eyes but no beads!"

Guliang Yuqing snorted coldly, "Do you know who you were going to shoot against?"

"Who?"

"He? He is our enemy of Jie Xuettian!"

"He killed our veteran Jing Yuanbai, why should I come for revenge?"

"Could it be that you are too in the Nine Qing Palace to even care about this?"

Qin Chengan's gaze fell on Su Lang, and after a while of uncertainty, he showed a strong sense of confusion!

"Hahahaha!"

Lei Qing stepped forward, sneered again and again, "Qin Chengan, do you know that we are doing good for you!"

"Good for me!?"

"Interfere with my Bixuettian revenge, and say it's good for me?"

Qin Chengan's pupils shrank abruptly, "Could it be that you too are going to the Nine Qing Palace to go to war with the Jade Blood Heaven, and you won't be able to kill it?"

"Humph!"

"I'm stupid, I don't know what to do!"

"We stopped you, completely afraid that you would be killed by Senior Su Lang's fingertips. This is a loss to the overall layout of the Exile!"

Chang Qing stepped forward, looking at Qin Chengan with a hint of contempt in his eyes.

And he dared to say that, the six of them dared to stop the battle, naturally because Zhan Taiqing and Su Lang had passed their anger and reached a consensus that they would no longer kill the strong at will.

Otherwise, the six of them would dare not come out and take care of Su Lang's affairs!

but.

Qin Chengan didn't believe Chang Qing's words at all!

"I will be killed by his fingers?"

"Can you not see my cultivation strength!?"

"He is a fellow who can kill Jing Yuanbai. He was seriously injured at this time and fell into the realm. Can he kill me?"

Qin Chengan said with a hint of disdain, "This is simply the most ridiculous thing in the world!!"

"Qin Chengan, be careful when you speak to me!"

"If you dare to be disrespectful to Senior Su Lang, don't blame us for leaving!"

Yuqing's face was full of frost, and the words in her mouth were like a cold wind blowing from the ice hell.

"Qin Chengan!"

"In front of Senior Su Lang, how can you allow you to be arrogant!"

"Do you know that even my master, Zhan Taiqing, talks with senior Su Lang!"

"I am waiting for the six people to be respectful in front of Senior Su Lang, what are you?"

A disciple of Zhan Taiqing, Sidu Supreme Emperor Ziqing was full of murderous aura, staring at Qin Chengan!

"Qin Chengan!"

"Do you know that Senior Su Lang is a strong man who recovered from the pre-reincarnation era!"

Huiqing yelled angrily, "Can you guess the strength of Senior? You bug, don't apologize to Senior Su Lang!"

"You...you guys!"

"He, he killed my veteran Jie Xue Tian!"

"It is also said that Jing Yuanbai is the undercover agent of the Palace of Chang Hen in Jixuetian, trying to provoke the war between Jie Xietian and Chang Hen Palace!"

"You... can't you see that he has a ghost in his heart?"

Qin Chengan was angrily reprimanded by the people of the Supreme Nine Qing Palace, and suddenly panicked, his heart beating so much that the whole world could hear it, and it was extremely embarrassing.

However, he still thought his judgment was correct and insisted that he was right.

"Qin Chengan!"

"Let me say one last thing."

"Senior Su Lang tells the truth!"

"With the pattern and mind of Senior Su Lang, it is impossible to deceive you, a stupid junior!"

Yuqing stared at Qin Chengan, his twisting force gathered, "Now, apologize to Senior Su!"

"you--!!"

Qin Chengan was very angry, but was speechless, so angry that he was about to smoke!

Simultaneously.

He also believed the words of Yuqing and others.

Yuqing and the six others are the disciples of Tianjiao from the Supreme Nine Qing Palace, the Supreme Emperor!

Such characters are so humble in front of Su Lang, and more than once!

"apologize!"

Yu Qing yelled again, the twisting power on her body had been condensed to the limit.

Lei Qing, Chang Qing, Hui Qing and other five people also began to gather the power of distortion, ready to teach Qin Chengan!

Su Lang on the side was a little speechless.

If Qin Chengan shot him, he would be able to slaughter Qin Chengan with integrity!

[Chapter 1652: Qin Chengan knelt down and apologized and got fucked](#)

That's Kunpeng!

It can be eaten as a fish or as a chicken. How long will it take to meet such a good thing?

But Qin Chengan has been completely persuaded.

"me....."

Qin Chengan turned into a human form, his expression changing, "Senior Su Lang, I was wrong... Your lord does not count the villain's past..."

"Are you kidnapping me morally?"

Su Lang smiled coldly, "I am better than you, so should I let you fail?"

This statement came out.

Yuqing and the six others suddenly showed fierce light, and the twisting power on their bodies almost burst out!

"Do not!"

"That is not what i mean!"

"Senior Su Lang, it's me who has no eyes and dashes against you!"

"You do it well, you let me go, I will never dare anymore!"

"..."

Qin Chengan trembled, his legs softened, and he directly knelt down to Su Lang!

Although he felt extremely humiliated, he felt acceptable when he thought of Su Lang and Zhan Taiqing's peers.

"Humph!"

"If you kneel down a step slowly, you'll have to die here!"

Su Lang snorted coldly, and then waved his hand like a fly, "Go away, go back and tell Bi Yelin, if she refuses to accept, I will wait for her to call the door at any time. I haven't rode the Qilin yet!"

This statement came out.

Endless humiliation erupted in Qin Chengan's heart, and his entire body was trembling with a green complexion.

For many years, he has not been humiliated like this!

And Bi Yelin, whom he admired so much, was unexpectedly uttered by Su Lang.

This is simply a great humiliation!

However, he did not dare to vent at this time, because he would die!

"Su Lang is dead!"

"And the dog offal from the Supreme Nine Qing Palace!"

"One day, I will swallow all of you and become my dung!"

Qin Chengan roared hysterically in his heart, but on the surface he nodded eagerly, "Thank you, Senior Su Lang for his mercy, this junior is going to **** off!"

After the extremely humble Qin Chengan finished speaking, he immediately curled up into a ball and rolled away.

"Humph."

"If it were before, I would have to grill him."

Su Lang rolled his eyes, revealing a touch of dissatisfaction.

Yuqing quickly said: "Thank you, Senior Su Lang, for his kindheartedness, for taking care of the overall situation, and forgiving the Mo Kun who doesn't know the height of the sky!"

"Never mind."

"Just let him live a few more days."

Su Lang curled his lips and flew straight to the Soul Chasing Emperor Palace.

Yuqing hurriedly chased him, one step behind Su Lang, and followed him closely.

Lei Qing and others also flew up, but Yuqing winked.

"Senior Su Lang!"

"Thank you so much today!"

"You are going to make alchemy next, so the younger generations won't bother you, and come visit you another day!"

"..."

Lei Qing and the others smiled wryly and asked Su Lang to leave.

"Row."

"You go back."

Su Lang nodded lightly, without objection.

Lei Qing and others thanked Su Lang again, and left together, embarking on the way back to the Supreme Nine Qing Palace.

Yuqing still followed Su Lang.

She had to wait for Su Lang to refine the medicine for her master.

"Yuqing Guliang, are you done with things?"

"Come on, we are waiting for you to read together!"

When Chu Xiaobei and others saw Yu Qing, they immediately pulled her away.

Yuqing glanced at Su Lang, and then joined Chu Xiaobei and the others.

And Su Lang entered the quiet room and continued what had not been done before, refining the parts of the super humanoid weapon.

at the same time.

Lei Qing and others flew on the road, their faces full of excitement, but there was a trace of regret.

"Haha, there is no **** soldier, I want to have it too!"

"My Godless Soldier can be promoted to Sandu, I am looking forward to it!"

"It's a pity that I haven't played enough with landlords, and I haven't learned mahjong thoroughly. The game created by Senior Su Lang is really interesting!"

"Hey, I have memorized all the rules and walked around, we will refining a pair of mahjong and poker to play when we go back!"

"Wow, don't you practice anymore? Master will clean up you if he knows!"

"You know a fart, this is training your savvy!"

"Yes!"

"..."

The noisy group of people gradually disappeared to the horizon, carrying forward the fantasy version of mahjong and poker that Chu Xiao and the others had made.

[Chapter 1653: Promote Youtian Sword again!](#)

In the quiet room.

Su Langpan sat down and did not immediately start refining parts.

Instead, he put away Li Xianyang, the Great Emperor Shanxi and others, and then took out the Space Emperor soldiers handed over by Lei Qing and others.

"One, two, three, four, five!"

"Tsk tusk, just these five emperor soldiers with materials are also valuable."

"However, imperial soldiers can be regarded as lives, and those who have no grievances or enmities will not be broken down."

"..."

Su Lang pondered silently, and then stored all of the Xianyuan Diyuan into the system!

These disciples and grandchildren are poorer than the ancestor Zhan Taiqing, and the five people contributed to the source of the Xianyuan Emperor, and there are only more than 600,000 under the source of the Emperor.

Adding in the funds left by Su Lang to upgrade system functions, it was only 970,000.

"puff!"

"It's only 30,000!"

Su Lang rolled his eyes, feeling that he was angry.

Soon.

He sighed softly.

Then he transferred the various alchemy materials and alchemy recipes contained in it to his storage space.

Suddenly.

There is another continent made of countless materials in the storage space!

In addition, there are two Supreme Soldiers!

One is the Second Cross without God Soldier, the Nine Suns, and the other is the First Cross without God Soldier, Starry Sky Hanhai Pen!

When their master threw them to Su Lang, they had already warned them to obey Su Lang's orders.

Therefore, Su Lang can use these two godless soldiers.

Looked at the two godless soldiers.

Su Lang began to sort out the huge amount of material he had just obtained.

Previously from the materials given by Zhan Taiqing.

He has already selected a large number of materials needed for the evolution of the Youtian Sword, Godless Dragon Platform, and Heavenly Eight-Edged Shield.

At this time, Su Lang found some materials from Lei Qing and other five people.

"The Godless Dragon Terrace and the Heavenly Eight-Edged Shield are still quite different."

"But the materials for the Evolution Youtian Sword will be complete immediately, only three kinds are left!"

Su Lang rummaged through the materials, and even if he started to use the one-key synthesis function, he tried his luck to synthesize three lacking materials.

quickly!

After continuous decomposition and synthesis.

Su Lang finally collected all the materials needed for the evolution of the Youtian Sword!

"Xiaoyou!"

"You can upgrade again! Happy or not!"

Su Lang pulled the Youtian Sword from his head with a trace of excitement on his face.

"really?"

"The master is amazing!"

"Xiaoyou can have such a master, and I don't know how many good things he has done in his life!"

"Master, you quickly upgrade Xiaoyou, Xiaoyou can't wait!"

"..."

The beautiful girl Ling Xiaoyou emerged from the Youtian Sword, her eyes were full of brilliance, looking at Su Lang, her face was full of impatient desire.

"Okay!"

"This will satisfy you!"

Su Lang clicked the corner of his mouth and immediately issued an order to the system, "System, retain the specified characteristics, evolve the Youtian Sword!"

"Ding! Consume no **** soul*100, quasi no **** soul*1000, and the soul of the emperor*10000..."

Godless grade material Tianxiao extremely cold jade*100, mountain-destroying milk *1000, mysterious demon heaven and quiet gold*1000, vein-sealing quiet lin bone*1000...

The Youtian Sword evolved into a Sandu Godless Soldier! "

Guanghua flashed.

A trace of majestic terrifying energy flows in the translucent white sword body, and the energy that can destroy the world can burst out at any time!

"Sandu has no **** soldiers!"

"In addition to strengthening +2, Youtian Sword has reached the level of Wudu!"

"The most important thing is that the consumption of urging Youtian Sword remains at the level of Sandu, far less than the consumption of Wudu Godless Level!"

Su Lang is holding the Youtian Sword, and the excitement on his face is hard to conceal!

"Wow~"

"Master, I have become so strong!"

"Those enemies before, now I can hack to death with one sword!"

"..."

Xiaoyou was also extremely happy, a trace of crimson appeared on her charming little face, which made people want to kiss her.

"Hey!"

"Xiaoyou is the best!"

"My favorite weapon is Xiaoyou!"

Su Lang encouraged Xiao You with satisfaction, and reached out and patted Xiao You on the head.

"Huh~"

"Does the master move to Xiaoyou again?"

"But Xiaoyou is not ready to do something like that!"

"..."

There was a trace of cunning in Xiao You's eyes, and a charming and pitiful expression on her face.

"whispering sound!"

Su Lang rolled his eyes, "If you don't give me this set, I will be immune!"

"what?"

"Then I have to come a few times less!"

"If the master is tired and doesn't like it, what can I do?"

Xiaoyou's expression changed, her eyes sorrowful and sorrowful, "Master, I will return to my body first, and I won't disturb you."

Talking.

She got into the body.

[Chapter 1654: Qin Chengan complained!](#)

"This girl movie..."

Su Lang twitched the corner of his mouth, then put the Youtian Sword back on his head and inserted it into his hair bun.

Soon.

He looked at the remaining refining materials again.

However, the number is quite large, and the level is not low.

"Try to strengthen the Godless Dragon Platform."

Su Lang thought about it, took out the Godless Dragon Platform, and gave instructions to the system, "The system, activate the one-key enhancement function, strengthen the Godless Dragon Platform!"

"Ding! Strengthening success, no **** dragon platform +1!"

A light blue mysterious power appeared and merged into the dragon button and jade seal.

Suddenly.

The breath of Godless Dragon Tower instantly rose a step, reaching the level of Wudu!

"The combat power has directly increased to a small level!"

"One-click strengthening is awesome, and even one strengthening of the Four Crossing Godless Soldiers can improve that much."

The corner of Su Lang's mouth grinned, and he couldn't help showing an excited smile.

Wudu Longtai could have burst out of Wudu level conventional power.

After strengthening +1 at this time, Liudu has been able to burst out the conventional power of Godless Grade!

Moreover, it can also condense the twisting power of the Wudu level, and the quality and quantity are higher and more than the general Wudu Godless Soldier!

"Now I am equivalent to owning two Wudu level godless soldiers!"

"In addition to this, there are more than a dozen godless soldiers such as Luo Youjing."

"The two godless soldiers alone are enough for me to create a force of the level of Bixuetian."

Su Lang was very happy, because he finally didn't have to rely on his hole cards to live his life all the time.

"correct."

"After so long, I don't know how the cultivation base has been saved."

Su Lang looked at the cultivating villain, but saw that most of the villain had turned golden!

"It looks like we will break through in a while!"

Su Lang nodded in satisfaction, "After waiting so many hours, I can finally break through a small state of Godless Grade!"

I don't know if his words were heard by other Supreme Emperors, and would make those Supreme Emperors faint with anger.

Waiting for the time to break.

Naturally, Su Lang would not waste it, and immediately took out the cauldron and materials, and continued to refine the fairy-level parts.

Now the number of fairy-level parts has reached a full 888,000, and it will soon reach 90,000!

Time passed slowly.

Just when Su Lang worked hard to refine parts.

Qin Cheng'an suffocated his anger and humiliation and returned to the blue blood sky.

As soon as he returned, he went to find Bi Yelin and pour out his shame!

Jade sky.

The top floor of the floating building.

"It's so turbulent, and you still look confused, what's wrong?"

Bi Yelin sat on the tall throne, overlooking Qin Chengan who was kneeling on the ground.

"Return to the Lord of Qingting!"

"Subordinates found the murderer who killed Jing Yuanbai!"

Qin Chengan was extremely indignant, and said with a sullen expression, "This person simply deceived people too much and severely humiliated his subordinates. He also insulted you and insulted Bi Xuetian!"

"What happened?"

Bi Yelin frowned and asked, "Didn't I let you investigate the murderer, but don't you confront him head-on?"

"This....."

"I don't want to confront him head-on!"

Qin Chengan looked bitter, "But after I tracked down his place, I was about to leave, but he stopped me!"

"He stopped you?"

"You were discovered by him?"

Bi Yelin furrowed her brows deeper, "Why are you so careless?"

"The subordinate did not expect that he should be so sharp."

"The subordinate just got closer, and he found it."

Qin Cheng'an replied, "He stopped me without asking Cyan Hong and indiscriminately, and questioned me sternly, completely not paying attention to the blue blood sky!"

He really hated Su Lang, so he instinctively started to add fuel and vinegar!

"Tell me carefully."

"What have you experienced."

Bi Yelin felt disappointed when she saw Qin Chengan's irritable and uncomfortable look.

This person's cultivation base is high, and his combat power is not weak, but his ability is really disappointing.

[Chapter 1655: Bi Yerin who knows the truth](#)

"Yes!"

"That person's surname is Su, he seems to be Su Lang!"

"The battle between Su Lang and Jing Yuanbai has already been severely wounded, and has fallen into a realm with only Sandu level combat power."

"But the subordinate upholds your order, and did not act on him, but prepared to leave."

"But he didn't follow and forgive. He not only asked me if I was here for Jing Yuanbai's affairs, but he also framed the veteran of Jing Yuanbai as an undercover agent sent by the Chang Hen Palace."

"Furthermore, he also said that you are a chicken and shingle dog, vulnerable to a blow, you must... grab you and ride under you as a mount!"

"He even shot at me and kept saying that he would kill me, then he would skin me cramps and eat my meat!"

"The subordinates were not angry, so they were ready to act on him, but suddenly six Supreme Emperors of the Supreme Nine Qing Palace appeared to protect him!"

"Then Su Lang deceived others, relying on the supreme emperor of Liugong Taishang Nine Qing Palace, to insult his subordinates in every possible way!"

"The subordinates have forgotten the deep hatred for Bixuetian not and the Supreme Nine Qing Palace, and have been holding back without doing anything!"

"But they actually forced me to kneel, and my subordinates have always kneeled only to you, the lord of Qingting!"

"Master of Qingting, you will definitely be the master for me!"

"..."

Qin Chengan looked humiliated, resentful and resentful, and his hideous expression was as ugly as a ghost.

"I know about it."

"You give me the coordinates of where Su Lang is."

Bi Yelin nodded after hearing Qin Chengan's words.

"Yes!"

"This is the coordinate where Su Lang is located. He should not leave in a short time..."

Seeing Bi Yelin asking for the coordinates, Qin Cheng'an suddenly handed over the coordinates with huge bright eyes, "Master of Qing Ting, his subordinates want to deal with Na Su Lang with you!"

In his opinion.

Bi Yelin must have been moved by what she said, and he is in the same hatred with him, so she is going to trouble Su Lang!

"no need."

"Go down and meditate."

Bi Yelin waved his hand faintly, "Bixuetian can't be guarded by the strong, after I leave, look at it."

"This....."

"Well, the subordinates must be optimistic about the Bixuetian resident!"

Although Qin Chengan regretted that he could not avenge himself personally.

But when she thought that Bi Ye Lin had actually handed Bi Xuetian to her own charge, her heart suddenly became excited.

This is because Bi Yelin valued him, so she entrusted this important task to him!

"Go ahead."

Bi Yelin stood up from above the throne and nodded to Qin Chengan.

"Yes!"

Qin Chengan lightly bowed, looked at Bi Yelin admiringly, and then retired.

After Qin Chengan left completely.

Bi Yelin sighed slightly: "Mo Lu, come out."

"sister!"

A woman with swollen muscles but with a delicate and beautiful head came out from the dark, it was the antlers longhorned beetle Molu!

"How about the investigation against Qin Chengan?"

Bi Yelin looked at Mo Lu with a gentle and gentle gaze. This was her rare expression.

"sister."

"Qin Chengan's loyalty is not a problem."

"However, he is indeed unfavorable. He is blinded by the paralysis below but does not know it. The information he collected is basically all false."

"Su Lang doesn't have any malicious intent against you. Any method against you to obtain the blood of your unicorn is completely random."

"The reason why Jing Yuanbai disobeyed your order and insisted on attacking Su Lang is because he was instructed by Chang Henzi!"

"According to my repeated verifications, although Jing Yuanbai is the veteran of the Jade Blood Sky, he is also the Supreme Emperor of the White Robe under the seat of Chang Henzi!"

"Jing Yuanbai doesn't have any loyalty to our Bixuetian. He is the undercover agent sent by the Palace of Long Hatred to us."

"In a long period of time, most of our Jade Blood Heaven has been penetrated by the Palace of Long Hatred, causing countless losses."

"Recently, our members of Bixuetian have gone from occasional struggles to frequent battles, entangled in grievances and grievances, and it is also the palace of Chang Hen."

Mo Lu spoke out the results of his investigation in one breath, and Bi Yelin's expression stagnated.

Bi Yelin didn't expect at all that her blue blood sky was more fragile than imagined, it was already riddled with holes, and it was about to collapse!

As long as Chang Henzi is willing, I am afraid that in just a few days, he will be able to divide the huge blue blood sky, and make the flames of hatred and war ignite everyone!

[Chapter 1656: I'll meet Su Lang!](#)

"I know!"

Bi Yelin sighed and said to Mo Lu, "Next, I will leave you with the heavy task of cleaning up the Jade Blood Sky, Mo Lu."

"Yes, sister."

Mo Lu nodded heavily, "I will definitely try my best to clean other and strange people!"

"Well, I believe you."

"Don't try too hard, don't work hard, just improve the situation."

Bi Yelin nodded slightly and asked immediately, "What do you think of Qin Chengan's report just now?"

"Obviously, it's adding fuel and vinegar."

"He goes to investigate other people, and he doesn't want to be careful about being found, others will definitely question him."

"But unprovoked shame is almost impossible, because Su Lang knows the identity of Jing Yuanbai. He killed Jing Yuanbai and naturally stood on the same line as us."

"It is estimated that Qin Chengan saw that Su Lang's realm fell and wanted to do it himself, but he did not expect that there were six Supreme Great Emperors of the Supreme Nine Qing Palace behind Su Lang to support him."

"Qin Chengan is also stupid. Ming Tai had passed on news about Su Lang before going to the Ninth Qing Palace. It obviously has something to do with Su Lang. He didn't even think of this!"

Mo Lu whispered to analysis, and he actually restored the truth of the matter in a few words, really a smart girl.

"You have a good analysis."

A smile appeared on Bi Yelin's face, "Even if it's not the truth, I'm not far away."

"I can't guarantee it!"

Mo Lu stuck out his tongue, and his cute little face formed a sharp contrast with his exploded muscled figure.

"Haha."

Bi Yelin smiled and said, "Go down, I'll go and meet that Su Lang here."

"Yes, sister!"

Mo Lu nodded with a smile, and immediately disappeared into the dark.

"Long Hate Palace!"

"Long hate son!"

"You are such a good method!"

Bi Yelin turned and looked at the place where the Palace of Long Hatred in the north was, with a trace of killing intent in her eyes.

She is an arrogant unicorn who has let Chang Henzi play for more than two billion years. How can she lightly expose this matter?

"No matter how secretive a scheme is, it is useless in the face of absolute power!"

Bi Yelin murmured, and flew towards the place where Su Lang was.

With the information she has now.

Su Lang's fighting strength is good, and he has a deep hatred with Changhen Palace.

And also helped her to deal with Jing Yuanbai, the biggest undercover leader, for her Bi Xuetian, causing great loss to Chang Hen Palace!

She must meet this natural ally.

By the way, let's see what is the relationship between Su Lang and the Supreme Nine Qing Palace! at the same time.

In the northeast border of the land of exile, in the Palace of Soul Chasing Emperor.

Chu Xiaobei and the others took Yuqing to finish reading the novel, and then played mahjong again.

The sound of shuffling cards continued to sound, and Ying Sheng Yan's words were endless, very cheerful.

In the crisp or soft sound, it seemed that even the fragrance of the girl was permeating.

Unfortunately, Su Lang can't enjoy it now.

In the quiet room.

"Ding! "The Record of King Konghou Tudi" has reached the founding level!"

"Ding! "The Great Zhou Tianxing Yuanjing" has reached the founding level!"

The system prompt came, making Su Lang who was refining the equipment stunned.

"Ok?"

"Time flies so fast, have you finished practicing the two great emperor-level exercises?"

Su Lang raised his eyebrows, Xuan even felt two warmth flowing out of his body, blending into the flesh and blood of his soul.

Suddenly.

Su Lang felt that his strength had increased again.

"The added strength is not satisfactory."

Su Lang curled his lips, his tone was a bit disgusting, but his movements were not slow.

Soon he picked two more emperor-level body-building exercises and placed them on the vacant and rough villain.

"I don't know how long it will take for those godless exercises."

Su Lang glanced at the other martial arts villains, with a hint of expectation in his eyes.

Soon.

He glanced at the cultivator inadvertently and was shocked!

I saw that all the cultivators who were originally white had turned into golden immediately!

Just the next moment!

"Ding! The sea of repair is full, do you break through?"

A series of hints caused Su Lang's refining device to suddenly stagnate.

"Lying down!"

"Can you break through without knowing it?"

"This is a small state of no god. Others have to practice for hundreds of millions of years!"

Su Lang's eyes brightened, and immediately put down the work in his hands, and gave instructions to the system, "System, give me a breakthrough immediately!"

[Chapter 1657: Breakthrough, second crossing the supreme realm!](#)

Order issued!

Suddenly, in the Dantian.

Beside that space crystal wall cell, the second soul body cell began to merge with a trace of Dantian universe!

Soon, in the torrent of avenue rules dominated by space avenues, this soul body cell began to gradually become walled.

In a short while, this cell becomes a small crystal of regular dodecahedron, with a huge space hidden inside.

But this is not over yet!

Promoting from the First Duo Godless Level to the Second Du Fu Godless Level is obviously not just a fusion of one cell!

The second, the third, the fourth...the hundred million...

as time flows.

When the breakthrough is complete.

All cells in Su Lang's entire Dantian turned into crystal wall cells fused with soul body and soul universe!

And the number is as much as one gee!

What is the concept of a 垓, a trillion!

But this is only one hundredth of Su Lang's total body cells!

Su Lang now completely controls his body, knowing that his body has a hundred cells!

This number is really terrifying, more than other Supreme Emperors.

Because he has been practicing exercises since he entered the martial arts.

From the lowest level, to **** level, holy level, immortal level, emperor level, and great emperor level!

Every level has practiced a lot of exercise techniques!

The profound meaning of those body-building exercises may be left behind because of Su Lang's improvement.

However, some of the cells added after the forging have accumulated, and to this day, they have reached such a terrifying scale!

These cells didn't have much effect at first, but stored more energy and provided some power.

After fusing the soul to form the soul body cell, it can only perfectly control the contained energy power.

But now, the moment when the souls are merged to form crystal wall cells, which can be used to condense the power of twisting.

Their effect has increased countless times in an instant!

Because at the same level, this means that the amount of twisting power that Su Lang can condense is dozens, hundreds, or even more times that of the enemy!

Even for higher-level enemies, Su Lang's condensed twisting power far exceeds!

This means.

While Su Lang's endurance of conventional power far exceeds the same level, the endurance of Twisted Force is also far beyond the same level!

This is not as simple as addition, but multiplication!

At this time, if Su Lang meets Zong Wenshan and Che Chenghua again.

You don't need to swallow the clone, you don't need the Supreme Emperor's soldiers, and you can stand invincible just by your own twisting power.

"Tsk, it's me!"

Su Lang couldn't help taking a sip from a pot of spirit wine, with a trace of pride hanging from the corner of his mouth.

While drinking.

Su Lang began to check his Dantian.

However, all the cells in the pubic area and nearby areas have become crystal wall cells.

These crystal wall cells have been integrated with the Dantian universe, which can be called independent small worlds.

And the power of the pubic universe.

Including the power of the world of the blue star, the power of the sun and the moon, part of it spreads perfectly into these cells.

It can be said that this part of Su Lang's cells has been fused with the Dantian universe and turned into the tip of the iceberg of his own independent universe!

"Part of the Dantian universe is integrated into my body, and the mass of my twisting power has skyrocketed dozens of times!"

"The most important thing is that I'm now promoted to the Erdu level, which only incorporates a part of the Dantian universe!"

Su Lang's eyes widened, his eyes gleaming with astonishing light, "And I, I have a whole ten life universes!"

In the realm of Godless Level.

The other Supreme Emperors have only one universe of life.

Every time those Godless Levels are promoted, part of their bodies will merge with part of the universe of life.

When their soul body cells and the universe of life are completely integrated, they are in the quasi-primary realm.

But Su Lang has ten life universes!

Moreover, the core of the life planets in these life universes are all infinite fragments!

The degree of perfection of its rule avenue is definitely more than other godless life universes!

The quality of the twisting power that can be condensed in the same level is definitely stronger than other godless levels.

It is completely unimaginable how terrifying Su Lang's combat power will be when all these life universes are integrated into his body!

[Chapter 1658: All-round Four Crossing Godless Battle Power](#)

"When I reach the quasi-primordial beginning, I will be the first person under the primordial beginning!"

"Even in the quasi-primordial realm, it is possible to fight the primordial realm!"

Su Lang's eyes flickered, sighing for his vast prospects.

Of course, he will not fall into fantasy.

"Look at what level I have reached now."

Su Lang took a deep breath, "System, open the properties panel!"

"Achieve the Four Crossing Godless Level in all directions!"

"If you use all the hole cards other than the 'Swallowing Clone', it is estimated that you can reach the pinnacle level of the Sidu Godless Level!"

Su Lang's eyes lit up and he was obviously very satisfied with this improvement!

Immediately after.

He continued to drink a few pots of wine happily, and then went on to refine the fairy-level parts of the super weapon.

at the same time.

The land of exile is in the wilderness, in the palace of long hatred.

Chang Henzi knelt down on the futon, and three people kneeled behind him. It was the three godless subordinates in the black robe, blue robe, and red robe!

"what's up?"

Chang Henzi raised his head with dissatisfaction in his eyes.

The recent events in the place of exile have a faint tendency to get out of his control.

"Return to the Lord!"

"On the Bi Xuetian side, it seems that the identity of the white robe Jing Yuanbai has been discovered!"

"Now the people of Bixuetian are clearing the intelligence network we have buried, and some undercover agents have lost contact."

"Although the people of Bixuetian do more gentle and do not move much, but the subordinates guess that they must be shocked!"

The red-robed woman of the Supreme Emperor buckled her head on the ground, "It is the incompetence of her subordinates, which made them realize in advance that many plans can no longer be implemented!"

"You are really incompetent!"

"Such a good chess, it's so messy!!"

Chang Henzi heard the words of the woman in the red robe, instantly furious, her hair standing upside down, her complexion twisted!

Without Jing Yuanbai, and without Bi Xuetian's intelligence network, his control over Bi Xuetian's movements will become extremely vague!

"Subordinates die!"

The woman in the red robe trembled, "Please punish the Lord..."

"Punish?"

"There is no punishment for me, only death!"

Chang Henzi stared at the red-robed woman viciously, "If you ask for punishment, I will let you enter my imperial palace!!"

"Subordinate..."

The red robe woman's voice trembled with a trace of fear.

She knew what kind of pain those people who entered the palace of Chang Henzi would suffer!

Chang Henzi is a person who values love and righteousness, and the more important people in his heart, the deeper the feelings, the more intense pain he will suffer after entering the imperial palace!

And Chang Henzi is very affectionate to her, just like a relative.

"Humph!"

"For the sake of serving me for many years, go and redeem it!"

Chang Henzi gave a cold snort and glanced at the red-robed woman, "Bixuetian's intelligence network must be preserved as much as possible!"

"Yes!"

The red-robed woman immediately knocked on her leader's orders, "Subordinates will not be insulting!"

"Don't talk too much!!"

Chang Henzi pointed to the outside of the hall and roared angrily, "Get out of here now!"

The red-robed woman was relieved, and instantly rolled out of the black hall!

"You two, what's the matter!?"

Chang Henzi's gaze fell on the silent black robe and blue robe.

[Chapter 1659: It's impossible to think about it!](#)

"Enlighten Lord!"

"There is something unusual in Leiyin Temple."

The blue-robed man replied, "They have seven arhats suddenly leaving the temple and rushing to the extreme west."

"I see, continue to monitor."

"If you have major information, report it to me immediately."

Chang Henzi nodded and waved his hand, "Go!"

"Yes!"

The blue robe suddenly turned into a blue smoke and disappeared.

"How about you?"

Chang Henzi looked at the black robe man.

"Master!"

"The subordinates in the Supreme Nine Qing Palace have found out that many of them have also suddenly left!"

The black-robed man replied, "However, they are heading east, which is the opposite direction from Leiyin Temple."

"Humph!"

"These people move frequently, what did they find?"

Chang Henzi narrowed his eyes, "Could it be traces of the lost Xuanwu!?"

Thinking of this, a strong light burst into his eyes instantly!

His dream is to travel to the boundless universe, where he should exist in the big world!

For him, the place of exile was like a well, extremely depressing.

Chang Henzi was also very envious of Bi Yelin and other strong men who had flown from the boundless universe.

He envied Bi Yelin and they had lived in the boundless universe and had seen a more exciting world!

That kind of feeling is probably because the mud children in the countryside yearn for city life.

Therefore, Chang Henzi very much hopes to win the war of reincarnation, and summon the coffin of Nine Dragons in the battle of reincarnation.

And every piece of information about the lost Xuanwu, he also cares very much!

"Master!"

The black-robed man said cautiously, "The subordinates are investigating their purpose. If there are clues to the loss of Xuanwu, they must report to the Lord as soon as possible!"

"Okay! Go ahead!"

Chang Henzi nodded, with a glimmer of hope on his face.

Although he has been disappointed countless times in the long years.

But every time he will keep looking forward to it, not letting go of any chance!

"Yes!"

The black robe man knocked his head to lead his orders, and then disappeared into black smoke.

Not long.

The behemoth of Chang Hen Palace has moved again.

In the East, the West, and the South, people are all on duty.

The seemingly peaceful place of exile is already undercurrents!

Time passed slowly.

In the chasing soul emperor palace.

Yuqing is playing mahjong with Chu Xiaobei and others.

She absolutely loves this game, and once she is on the table, she can't stop it at all!

"Ninety-nine tubes!"

"Gang! Hey, sorry!"

"..."

Everyone was playing with joy, and suddenly there was a burst of laughter.

"Yo!"

"You guys are having fun!"

It turned out that Su Lang did not know when he came to this side hall.

"master!"

"Brother Su Lang, hug!"

"Your Majesty Su Lang, you are here, Xiao Mei pleases you!"

"Su Lang, why are you here, do you want to play twice?"

"Friend Su Lang, you are here!"

"..."

Seeing Su Lang, the girls stopped their movements and reacted differently.

Su Linger's face was slightly restrained.

Ji Ruxue plunged into Su Lang's arms and acted like a baby.

Yumei was very humble and performed a slave service.

Xiao Mei worshipped Su Lang as a maid.

Murong Xianxian smiled, like a virtuous wife.

Chu Xiaobei looked surprised, with a glimmer of expectation in his eyes. He obviously wanted to play Mahjong twice with Su Lang.

Yuqing looked at Su Lang a little shyly, wondering if the excitement he was just playing mahjong was seen.

"Haha!"

"I'm not here to play mahjong!"

"I have time to play with you in the future, good!"

Su Lang laughed, then looked at Yuqing, "I'm here to find Daoist Yuqing, you and your master have already refined the medicine."

This statement came out.

Chu Xiaobei and others didn't respond.

Yuqing was shocked.

"This refining is complete!?"

"How can it be so fast? Shouldn't those pills be difficult to refine?"

Yuqing held her mouth in surprise and said, a wave of horror rose in her chest.

She really couldn't believe that those dozens of godless pills could all be refined in a day or two.

Not only that, those pills must be of perfect quality!

It's impossible to think about it!

Shouldn't alchemy be practiced hard for seven or forty-nine days, or nine-nine-nine-eighty-one days or even longer?

[Chapter 1660: Is it here to help Qin Chengan?](#)

At this time.

"Damn!"

"Su Lang, what are you doing so fast!?"

Chu Xiaobei said with some dissatisfaction, "Guliang Yuqing wants to play mahjong with us!"

Yuqing is a very strong supreme emperor, but he seems to be talented in mahjong.

Chu Xiaobei often wins against Yuqing and feels a sense of accomplishment every time!

"Uh!"

"Is that right?"

Su Lang touched his chin and smiled bitterly, "I'm sorry, I'll go back and get those pills back into the furnace again!"

"Back...return to the furnace!?"

Yuqing almost choked with her saliva.

That is a godless pill, how can it be said that it is the same as fried twice-cooked pork?

"Hot and sour!"

"Let's give the pill to Gu Yuqing to cool it!"

Chu Xiaobei said with a small mouth, and then took Yu Qing's hand, "But Guliang Yuqing, don't leave, let's continue playing!"

"Uh, well, let me play a few more!"

Aunt Yuqing smiled, she really likes this kind of multiplayer games.

"um hum!"

"Su Lang, where's the pill, hand it over!"

Chu Xiaobei nodded heavily, and then stretched out his hand to Su Lang.

"Here it!"

"Friend Yuqing, take a look to see if there is anything missing."

Su Lang smiled blankly, then took out the space ring that hit the pill and handed it to Yu Qing.

"Ok!"

Yuqing nodded, swept away his spiritual thoughts, and then saw the godless pill of perfect quality!

This kind of perfect quality Godless Pill, although she had seen Su Lang put out a lot before.

But seeing here, the horror and shock in my heart are not a lot at all!

"Suck...suck..."

Yuqing panted lightly, a small heart pounding.

Because a small part of these pills belonged to her!

Exchange for so many treasured medicines with those long-standing treasures.

Yuqing always feels that he has taken a big advantage, and there is a sense of surprise that a girl receives a gift that she really wants.

"how about it?"

"Guliang Yuqing?"

Seeing Yuqing not speaking, Su Lang raised his eyebrows and asked.

"what!"

Yuqing returned to his senses and said, "There is nothing lacking, as if there is so much!"

"Give you a few more."

Su Lang smiled faintly, "Thank you for finding me to refine alchemy."

"It's the little girl who should thank Daoist Su Lang."

Yuqing's complexion turned red, and immediately saluted Su Lang, "Thank you, fellow Taoist Su Lang, for alchemy for the little girl and her teacher!"

"you are too polite!"

"Alchemy is going to happen in the future, just come to me!"

Su Lang laughed, and said with great pride.

For him, even if he only had the ingredients for refining the pill, he could make four times the pure profit!

"That's great!"

Yuqing was very surprised and said, "In the future, we will go to the Ninth Qing Palace. If there is a need, we must invite fellow Daoists to refine alchemy!"

"Hmm."

"Then you guys have fun, I'm going to retreat."

Su Lang smiled and nodded, Xuan even turned and left.

"Daoist Su Lang is really hardworking!"

"It's no wonder that with success in cultivation, you can still honed such a high level of attainments on the path of alchemy and tools."

Yuqing looked at Su Lang's back, a trace of admiration appeared in her eyes.

"Guliang Yuqing, continue playing mahjong!"

Chu Xiaobei's call came, and Yuqing quickly sat down.

"Seventy-two!"

"No, one hundred thousand!"

"Touch!! Haha!"

"..."

The girls' silver bell-like laughter rang again.

The other side.

Su Lang returned to the quiet room and continued to refine the immortal parts.

From time to time, I would observe the martial arts villains in the mysterious space. Seeing them working hard, Su Lang was full of expectations.

In a blink of an eye, another half day passed.

Just as Su Lang was rapidly refining fairy-level parts.

"Friend Su Dao is here?"

"In the lower Bixuetian Biyein, I'm here to see you!"

A crisp voice directly passed into the Soul Chasing Emperor Palace.

"Bi Yelin?"

"Why is she here, is she here to help Qin Chengan out of anger?"

Yu Qing, who was playing mahjong, frowned, stood up and said to Chu Xiaobei and the others,
"Everyone, wait a minute, I'll go and see."
