### [Chapter 1671: Shocked Bi Yelin and Mo Lu](#)

"Hahahaha!"

"I really can use all of these things, and I will never lie to you."

"In addition, if I took your things, I would naturally give back to you, or else I would have trouble getting through it."

"My alchemy and tool attainments have reached a very high level in the godless level."

"Any godless pill, as long as there is an elixir and materials, I can refine it, and so can weapons."

Su Lang looked at Bi Yelin and Mo Lu, and said seriously, "If you have any needs, you can come to me at any time."

This statement came out.

Bi Yelin and Mo Lu were shocked again!

"what?"

"Friend Su Lang, you are a godless alchemist and tool refiner!?"

"In the Godless level, there are no medicines and weapons that you can't refine!?"

"This, this is incredible!"

"..."

Bi Yelin and Mo Lu were horrified and lost their attitude together.

For monsters, whether it is ordinary monsters or sacred beasts, alchemy equipment is the most troublesome thing.

Among the monsters, the alchemist who can refine the quasi godless pill is the top of the top.

If he could refine a godless pill, he would definitely be a super genius among the monsters.

The refining equipment is better, but not much better.

Therefore, Su Lang's sentence that any Godless pill and weapon can be refined, directly shocked Bi Yelin and Mo Lu!

"Senior Su Lang!"

"Can you really refine any godless weapons?"

After Mo Lu returned to his senses, he asked nervously.

"Of course!"

Su Lang nodded, "Do you need to refine any weapons?"

"Yes Yes!"

"My refining inheritance is missing, so I can't refine my life weapon!"

"So, I want to ask Senior Su Lang to help me refine my natal weapon!"

"Also, I want to build a heavy armor of war dragon, can you help?"

Mo Lu looked at Su Lang with a pitiful look. If it weren't for the muscles, it would have been completely beautiful, which was pitiful.

"can!"

"You give me the materials you prepared!"

Su Lang smiled happily, patted his chest and said, "I promise to make the best quality weapons!"

"Really! Thank you senior!"

"By the way, I still lack some pill, I want to ask seniors to refine it!"

"I have prepared a lot of materials, but I have failed tens of thousands of times when I refining alchemy, a lot of wasted!"

"..."

Mo Lu looked grateful, then quickly took out a space jade pendant and handed it to Su Lang.

Su Lang took a look at the space jade pendant.

One contains a lot of refining materials, and the other contains a lot of alchemy materials.

Those alchemy materials all belong to a kind of alchemy, the level is godless, and the level is relatively high.

"I go!"

"The whole set of materials of Wu God Dan directly wasted tens of thousands of sets!"

"The violent thing, it's the violent thing, if I change it, I can refine more than one hundred thousand supreme emperor pill!"

"Fortunately, these remaining materials met me, otherwise they will be ruined again."

Su Lang glanced at Mo Lu and labelled her the "Prodigal Son".

Immediately after.

He looked at another space jade pendant.

Among them, there are a large number of black and bright long horns that look like antlers and dragon horns, exuding a very powerful aura, which should have been shed by Molu from his head.

In addition to this, there are other refining materials, which are basically godless, and the quantity is very large.

"Lying down."

"So many materials are enough for me to refine ten godless soldiers, right?"

"However, we will use them together, and we will refine Molu the best weapon."

Su Lang's eyes gleamed slightly, and then he put the space jade card into the storage space.

Soon.

He smiled at Mo Lu: "I will refine the pill and weapons soon, don't worry."

"Ok, I'm not in a hurry."

Mo Lu whispered, "I have waited for hundreds of millions of years..."

Su Lang smiled dumbly and looked at Bi Yelin: "Then, Daoist Bi Yelin, how about you?"

"I?"

"Uh, I am the same as my sister."

Bi Yelin smiled awkwardly before handing the two space rings to Su Lang.

#### [Chapter 1672: Finally able to do business!](#)

Bi Ye Lin was very refreshing.

Because she probably knew why Yu Qing valued Su Lang so much.

Su Lang is exactly a sweet steamed bun, the alchemy refining device is incredibly powerful.

Therefore, the talents of Yuqing and Taishang Jiuqing Palace will find Su Lang, and even Zhan Taiqing will have to talk to Su Lang as equals.

Having figured this out, she naturally had no doubts about the ability of Su Lang's alchemy tools.

He also became looking forward to the weapons he wanted to refine.

Su Lang accepted Bi Yelin's two storage rings and opened them for a glance.

It contains much more materials than Molu's.

Unfortunately, neither of them gave Xianyuan Diyuan.

"I have received the materials."

"I will build weapons for you soon."

Su Lang put the ring into the storage space and said, "It should not be too late. I am going to retreat now, let's go out."

"Ok!"

Bi Yelin nodded, took Mo Lu, and left the treasure house with Su Lang.

Come outside.

"Bixuetian still has many vacant buildings."

"Taoist Su Lang can choose one as a cave mansion at will."

"If you need it, you can directly contact my communication Jade Brand."

Bi Yelin pointed to the floating buildings all over the sky, and immediately took out another jade card for communication and handed it to Su Lang.

"Okay, thanks a lot."

Su Lang accepted the jade card of the communication, "Then I'll leave for now."

Then, under the gaze of Bi Yelin and Mo Lu, he flew into a vacant suspended building.

This building is not bad, majestic and majestic, and a lot of aura.

However, Su Lang does not intend to live here.

He took out the Soul Chasing Emperor Palace and directly entered the palace.

When he arrived in the familiar quiet room, an excited smile appeared on the corner of Su Lang's mouth.

This time, the harvest of Bi Xuetian was no less than the materials provided by Zhan Taiqing and others.

"Let's first refine the weapons that promised others."

"As for whether they can get these weapons, it depends on fate."

Su Lang took out all the materials used by Lei Qing and others in the Supreme Nine Qing Palace, Bi Ye Lin and Mo Lu to refining weapons.

It also includes two godless soldiers, Erdu 'Nine Sun Illusion Sun' and a 'Starry Sky Hanhai Pen'.

"Jiuyang (Hanhai) pays respects to seniors!"

Two spiritless weapons ran out to salute Su Lang.

Wearing an extremely gorgeous golden robe, it is very flamboyant.

The other hair is blue, very fashionable and trendy.

"No need to be polite."

"Go back to the body."

"I will use the supreme magic method to promote you!"

"Next, no matter what strange things happen, don't make a fuss."

Su Lang waved his hand faintly, with a high temperament and ethereal, like a heavenly man.

"Yes!"

The two spirits dared not disagree, and immediately returned to the body.

Immediately after.

Su Lang used the force of twisting to condense and transform into a special vessel that is constantly rotating.

But the tripod was actually only shown to Jiuyang and Hanhai in a way, so as not to frighten them too much.

Otherwise, even Qi Ding is useless, so they will be promoted, which is a bit weird.

Next.

Su Lang put Nine Suns into the storage space.

Then he picked up the Xingkong Hanhai Pen, directly put it into the Twister Cauldron, and used the weapon evolution function.

next moment.

A large amount of materials in the storage space disappeared.

The starry sky Hanhai pen flashed a mysterious brilliance, and immediately it was promoted from the first-duty godless soldier to the second-duty godless soldier!

"I'm promoted now!?"

"God, what is this supreme magic method, it is incredible!"

"..."

Endless stormy waves rise in the spirit of the Xingkong Hanhai pen.

However, no one will answer his question.

Su Lang directly put this Godless Soldier into the storage space, and immediately took out the Nine Sun Magic Sun and put it into the Twister Cauldron.

Immediately after.

The weapon evolution function is activated, and Nine Sun Magic Sun is immediately promoted to the Sandu Godless Soldier!

"I'm promoted!"

"Unexpectedly, the predecessor's refining technique is so against the sky!"

"It is really lucky for me to be promoted by seniors!"

"..."

The spirit of Nine Suns Magic Sun was also pleasantly surprised, but before he waited for Xie Sulang to worship Xie Sulang, he was thrown into the storage space.

"Finally able to do business!"

Su Lang pulled out the Youtian Sword from the hair bun on his head and placed it in the palm of his hand.

### [Chapter 1673: Evolve the Youtian Sword again!](#)

There are many materials obtained from Bi Xuétian.

Even after the promotion of Nine Sun Magic Sun and Xingkong Hanhai Pen, the remaining materials are completely enough for Xiaoyou to evolve once.

It's a pity that the enhancement function is only level 2 temporarily, otherwise, maybe it can be enhanced once.

"system!"

"Keep the designated characteristics of the weapon and evolve for the Youtian Sword!"

Su Lang was holding the Youtian Sword, his heart moved, and he gave instructions.

"Ding! Consumes no \*\*\*\* soul\*200, quasi no \*\*\*\* soul\*5000, the great soul\*100000..."

Godless grade material: Tianxiao extremely cold jade\*1000, mountain-destroying milk \*10000, mysterious demon heaven and you gold\*10000, vein-sealing ghost bone\*10000...

The Youtian Sword has evolved into a Sidu Godless Soldier! "

With a burst of brilliance passing across the body of the Youtian Sword, a more terrifying aura immediately spread!

The Youtian Sword that has reached the Sidu level, plus the strengthening +2, already has the power of the Liudu Godless Soldier!

"Wow!"

"Good expansion, good expansion, good expansion!"

"Xiaoyou is going to be filled with powerful forces!"

"..."

Qi Ling Xiaoyou emerged from the body of the sword, and his whole body showed an infatuated expression of intoxication, as if he was too cool.

"Didn't you say that it was not enough last time?"

"Look, less than this day, I will give you another evolution, this time should be satisfied, right?"

Su Lang looked up and down Xiaoyou and found that she seemed to be more beautiful.

"Satisfied! Master is awesome!"

Xiao You nodded heavily, holding Su Lang's arm, very grateful.

"Haha."

"I can't help it if I'm not satisfied, I don't have any stock."

"The main reason is that the Soul of the Supreme Emperor is almost consumed. Although there are some left, it will definitely not be able to evolve you."

Su Lang smiled bitterly and said, "I guess your next promotion will have to consume 400 souls of the Supreme Emperor!"

"That's how Xiaoyou is so powerful."

"Those guys who can be promoted casually, how can they be worthy of master you!"

Xiaoyou grinned, and then patted over.

"Yes, you are right!"

Su Lang nodded in a dubious manner, "Well, you go back to the main body first, I have something to do."

"Hmm!"

Xiaoyou nodded obediently, and then flew into the body, turning into a hairpin.

"Next, it's time to refine the weapons of Mo Lu and Bi Ye Rin."

"By the way, there is also a pill. The pill can now be done by the alchemy villain."

While thinking about it, Su Lang activated the one-key alchemy function and began to refine the pill that Molu and Bi Yelin needed.

Simultaneously.

Two spatial treasures containing a large amount of materials were taken out by Su Lang and placed on the ground.

I took one casually, which contained a lot of black and shiny antlers and a lot of other materials, which was exactly the refining material prepared by Molu.

"The Godless Soul prepared more than 300 copies?"

"There are so many, even if it is refining the Four Crossing Godless Soldiers, it can't be used up!"

Su Lang picked up the tip of his eyebrows and immediately activated the one-key mixer function, "The system uses designated materials to refine the Supreme Emperor's soldiers!"

"Ding! Successfully refining, you will get the Four Crossing Godless Soldier' Star Breaking and Breaking Unicorn Rod'!"

Accompanied by the system prompt sounded.

A Supreme Soldier appeared in Su Lang's hands.

This is a two-meter long black and bright staff, which has the feel of a wizard's staff.

But Su Lang knew that this weapon was not an illegal rod, it was an indestructible, extremely heavy black stick.

Its usage can refer to Mace!

"Well."

"That kind of weapon is suitable for the muscular girl Molu."

The weird picture of Mo Lu holding his 'staff' and knocking someone close to him appeared in Su Lang's mind.

at this time.

A group of radiant and singular energy flew out of the star-destroying rod, it was the spirit!

"Meet the master!"

"Thanks to the master for the casting!"

Qi Ling expressed gratitude with his spiritual power and recognized Su Lang as its owner.

"Your master is someone else."

"I'm just taking care of you for her."

"This one is what your master looks like. When you see her, you can turn into flesh and blood according to her request."

While smiling, Su Lang condensed the illusion of Molu.

[Chapter 1674: Star Breaking Universe Rod and Tian Lin Fang](#)

"So this is my master!"

"I can feel that she must be my closest person!"

Seeing Mo Lu's appearance, the Qi Ling of De Xing Po Yu stick became excited.

"Of course."

"Most of the materials used to refine you are collected by herself."

Su Lang laughed, "It is not an exaggeration to say that you are the weapon that fell from her."

"Yes, I fell from the master!"

Qi Ling asked, "My lord, when can I see the master?"

"soon."

"Go back to the body first."

"There is only one chance for a godless weapon spirit to turn into flesh and blood."

Su Lang said in a gentle voice, "You better not go out at will if you haven't transformed."

"Yes, my lord!"

The spirit of the star-destroying rod immediately returned to its body.

Su Lang put it into the storage space and took out the remaining materials in the space treasure.

Molu not only had to refine a weapon, but also a set of armor called 'War Dragon Armor'.

The formula of the battle dragon armor is specific, and the materials are also complete.

Therefore, Su Lang directly uses

"Ding! Successfully refining, you will get the Erdu Godless Soldier 'War Dragon Armor'."

A set of armor appeared in front of Su Lang.

This armor is not hideous at all, but rather round.

And it is colorful and black, from different angles, it is radiant, very extraordinary.

Immediately after.

The spirit of the dragon armor also ran out to pay respect to Su Lang, claiming his master.

Su Lang had to explain it again to make it understand that his master was Mo Lu.

Finish it all.

He began to throw it into the storage space again, and placed it next to the star-destroying rod.

"It's time to refine Bi Yelin's weapons."

Su Lang brought Bi Yelin's space treasure.

Bi Ye Lin prepared more materials than Mo Lu prepared.

Especially the Godless Soul, with a total of 500 copies, I don't know where she got it.

After Su Lang praised, he used the one-key refining function again to create a Wudu Godless Soldier!

Named

I saw an emerald green light appearing on Su Lang's palm, scared him almost to throw it away!

"Lying down, this green light is really permeating, exactly the same as the light of Broken Dream Knife!"

Su Lang finally stabilized his hand, and then he didn't throw away the weapon he had just refined.

He looked carefully.

Then he was greatly relieved.

This is a heavy-duty two-handed sword named Tianliny, and the whole is emerald green.

The handle is bone-white, decorated with golden thread, and then there is a thick and hideous knife grid, like a dragon horn!

Further down is the blade covered with scales, the black back contains endless power, and the translucent emerald blade exudes a sharp aura.

"Tian Linya, good sword!"

Su Lang grasped Tian Linya's knife handle, only to feel that he seemed to have mastered an extremely terrifying beast.

"Roar....."

A dull and heavy roar came, and a trace of twisting force dispersed, bringing a trace of pressure to Su Lang!

but.

Su Lang possesses the Six Duo level Youtian Sword, so it is naturally impossible to be shocked by this Tianlinfang.

"Come out, Qi Ling!"

Su Lang flicked his wrist slightly, and the blade was shaken with powerful force.

"You created me, you are my master!"

A translucent green unicorn appeared from the body of the sword, then knelt at Su Lang's feet and lowered his head.

Su Lang smiled blankly and had to explain it again.

Only then did Tian Linya understand that he was Bi Yelin's life weapon.

"Go and stay first, you will see Bi Yelin soon."

Su Lang calmly threw Tian Linya into the storage space.

There are too many godless soldiers refined recently, and he doesn't feel anything about the godless soldiers anymore, as if they were ordinary things.

"Next, there are still three Godless Soldiers in the Supreme Nine Qing Palace that have not been refined."

"Forget it, since they can't get the weapon for a while, they won't refine it for the time being."

Su Lang dispelled the idea of continuing to refine the Godless Soldiers and took out the materials and began to refine the fairy-level parts.

[Chapter 1675: The fact slapped him a few big slaps](#)

at the same time.

Beyond the blue blood sky.

Qin Chengan, who was severely tortured by Su Lang and expelled from Bixuetian by Bi Yelin, was stopped.

"Master Qin Chengan!"

Several quasi godless monsters blocked Qin Chengan's way.

Qin Chengan saw that it turned out to be his former subordinates.

"Is it you?"

"What do you come to do with me?"

"I am no longer a person of Bixuetian, you appear in front of me, not afraid that I will kill you!"

Qin Chengan really wanted to kill, he had just suffered a great humiliation, and no one was upset at this time.

"Master Qin Chengan!"

"Nor are we from Jie Xuetian! We have never been!"

Qin Chengan was taken aback by the words of a few monsters, his expression changed!

This is his former subordinate!

But at this time, these former subordinates actually said that they were never people of Jie Xuetian!

Who are they?

No, no matter who it is, Qin Chengan knows that he has been deceived all the time!

"No, it's impossible!"

"I can't be deceived, I am the Supreme Emperor of Sidu, who dares to deceive me!"

Qin Chengan couldn't believe it. He never thought he would be fooled by the people below.

But at this time, the facts slapped him severely!

"Master Qin Chengan, please don't get excited!"

"In any case, the previous thing is over."

"Now that you are out of the Jade Blood Heaven, you are going to the Palace of Long Hatred, please come with us, we are the people of the Palace of Chang Hat!"

"With our recommendation, it would be more decent than you to be alone in the Palace of Longhen, and to ask Lord Changhenzi to take him in."

Several quasi godless monsters sincerely sent out invitations to Qin Chengan.

"You are from the Palace of Long Hatred!"

"I really... have been blinded all the time!"

"Bi Yelin is right, I have no credit, not even hard work!"

"I have never had any effect, and I have even been bringing losses to Bi Xuetian..."

Qin Chengan trembled all over, his eyes were a little lost, and he was obviously hit by a serious mental blow.

but.

He quickly showed resentment.

"Do not."

"You can't blame me for all this!"

"It's Bi Yelin, it's that \*\*\*\* who has to be the shopkeeper to push the mess to me!"

"Now the mess can't be cleaned up, and I have to put all the responsibility on me!"

"Hahahaha, I treat you sincerely, but you treat me like this..."

Qin Chengan looked up to the sky and laughed, and immediately looked at the few quasi-god-less big demons, "Lead the way ahead!"

"Yes!"

"Master Qin Chengan!"

The quasi-Godless monsters immediately turned on the road.

Qin Chengan looked at them, a trace of killing intent flashed in his eyes.

In any case, he is the Supreme Emperor, and these quasi-no-god-levels embarrass him and he must die!

But not now!

quickly.

Qin Chengan was taken to a barren desert.

He saw an oasis in which a woman in a red robe was waiting for him.

"Sidu Peak!"

Qin Chengan felt that the woman's cultivation level fluctuated, and her pupils suddenly shrank. This woman was better than him!

"Friend Qin, lucky to meet."

"I am under Lord Chang Henzi, you can call me Hongpao directly."

Seeing Qin Chengan's arrival, the red-robed woman got up and saluted him.

"Good meeting."

"Long story short."

Qin Chengan was straight to the point, "I want to join the Palace of Everlasting Hatred to deal with Bixietian!"

"of course can!"

The woman in the red robe smiled, "I am here precisely for this."

Bixuetian Intelligence Dark Web was hit hard, she just didn't know how to make up for it.

Unexpectedly, when he was worried, something happened to Qin Chengan, but it was really dozing off to deliver a pillow.

As long as Qin Chengan can be absorbed into the Palace of Chang Hen, the loss will be greatly reduced, and Chang Hen Zi will calm down.

"Then go!"

Qin Chengan nodded and said, "I am going to join the Palace of Long Hatred now!"

"Not urgent."

The woman in the red robe smiled slightly, "The fellow Taoist can heal his injuries first, tidy up his appearance, and by the way, that Su Lang..."

"Did not say!"

"Don't pretend that name before me!"

Qin Chengan violently interrupted the woman in the red robe, his face savage like an evil spirit.

[Chapter 1676: I'll send you to see Jing Yuanbai](#)

"Sorry, I understand."

The red-robed woman smiled apologetically, but a trace of imperceptible contempt flashed in her eyes.

She would not say that she and Jing Yuanbai had played with Qin Chengan for countless years, playing around this incompetent generation.

"go!"

Qin Chengan roared, "I want to see Chang Henzi!"

"please follow me."

The red-robed woman smiled, turned around and waved, and countless yellow sands condensed into a teleportation formation.

Soon.

The red-robed woman took Qin Chengan, stepped onto the teleportation formation, and was about to leave.

But at this moment.

A horrible twisting force fell from the sky, directly destroying the teleportation array.

"Who!?"

The red robe woman and Qin Chengan's expression changed.

Immediately afterwards, they saw a well-behaved, muscular young girl descending from the sky!

This woman is Molu!

It turned out that after handing over the materials to Su Lang, she continued to do her own job, supervising and clearing the intelligence network of Bi Xue Tian.

For Qin Chengan, she naturally wanted to monitor.

This person is full of hatred, and it is easy to do detrimental things.

But Mo Lu underestimated Qin Chengan's hatred of Bi Xuetian, this guy actually wanted to directly join the Palace of Long Hatred!

"It's you!"

"It's not enough for Bixuetian to exile me, do you want to kill me?"

Qin Chengan recognized Mo Lu for the first time, and his pupils shrank, his face showing resentment.

"I thought you would have some regrets after being expelled from the Jade Blood Heaven."

"Unexpectedly, you actually gotten tougher and tried to join the Palace of Long Hatred, which is not good for Bi Xuetian."

Mo Lu's pretty face was covered with an arrogant sneer, "In that case, don't blame me for obliterating your hidden danger!"

"Kill me!?"

"who do you think You Are?"

"You are just a godless \*\*\*\* suitable for four crossings!"

"Black dragon is not black dragon, long beetle is not long beetle, a \*\*\*\* who has no memory of inheritance!"

Qin Chengan cursed Mo Lu bitterly. In his opinion, even though he was seriously injured, Mo Lu could not kill him!

He is pure blood Kunpeng!

"Ha ha!"

"Can you kill you? Try it and you'll know!"

Mo Lu condescendingly looked down at Qin Chengan, shaking his whole body, and suddenly transformed into a half-human half-demon form.

Two small black and bright dragon horns grew on her forehead, and a pair of transparent golden agate wings spread out behind her.

The bulging muscles also turned into white carapace, graceful and full of power.

"Qin Chengan, repent!"

With a low roar, Mo Lu swooped down from the sky and slammed to Qin Chengan.

"Little long-horned beetle, you seem a little arrogant!"

The woman in the red robe smiled coldly, and a wave of twisting force washed away from her body.

When Qin Chengan saw that the red-robed woman was going to make a move, his heart was even more determined!

But at this moment.

"Hongpao, I will send you to see Jing Yuanbai!"

A clear voice came, and then a slender palm straddled the space, pinching the red robe woman's neck!

"Bi Yelin!?"

The red-robed woman's complexion changed drastically, her pupils shrank suddenly, revealing a look of despair and fear!

She suddenly understood why Mo Lu dared to intercept her and Qin Chengan alone, because it turned out that Bi Yelin was watching after him!

And facing Bi Yelin, who is Godless Grade at Liudu, she is no match at all!

Click!

The scared red robe was directly crushed to his neck!

The twisting power of the Liudu level burst out, annihilating the red-robed woman's twisting power of the four crossings.

Immediately afterwards, her soul body and life universe gradually collapsed and collapsed under the influence of the twisting force!

Even the power of the Great Dao she mastered was distorted and she couldn't be autonomous at all!  
next moment.

In the despair of Hongpao, in the fear of Qin Chengan.

The body of the red robe gradually turned into broken gravel, merged into the surrounding desert, and died completely!

A Four Crossing Godless Grade was so easily obliterated.

Immediately after.

boom--! !

Mo Lu banged Qin Chengan's chest with a fist, making a loud noise.

The surrounding desert is like powder on the drum surface, all bounced, filling the sky!

"puff!!"

Qin Chengan spouted blood fiercely, his eyes full of horror.

"Fighting against me even dare to distract, really looking for death!"

Mo Lu muttered, and once again punched out!

[Chapter 1677: He was afraid that Su Lang would make a move!](#)

"Bi Yelin!"

"You promised to let me go!!"

"You don't believe it, you go back!"

Qin Chengan relied on Kunpeng's talent to dodge and evade, while cursing.

Bi Yelin shook his head and said, "I am driving you out of Bixuetian, not to make you make mistakes again and again, and join the Palace of Long Hatred!"

"I.....!"

Qin Chengan was frustrated and wanted to vomit blood.

However, in the face of absolute power, the strong anger and resentment can only be swallowed.

"I know it was wrong!"

"You let me go!"

"I won't join the Palace of Everlasting Hatred again, I will leave alone, live alone and practice in seclusion until the day of the Battle of Samsara!"

Qin Chengan gritted his teeth while avoiding Mo Lu's attack.

"You have evil intentions, I won't let you off easily,"

"But if you have worked so hard for so many years, I will not do it myself."

"If you can beat Molu, or leave Molu, I will let you go."

Bi Yelin looked at Qin Chengan, the last trace of complexity in her eyes disappeared.

For Qin Chengan, she was completely disappointed.

Originally, she planned to take care of Qin Chengan secretly after years of love.

It seems that Qin Chengan, a person who cannot tell right from wrong, is weak, narrow-minded, and cold-blooded, is not worth her doing!

"You have beaten Molu, or escaped, just let me go?"

"Okay! This is what you said, I don't believe I can't beat her!"

Qin Chengan really wanted to continue calling Molu a bastard, but Bi Yelin was there, he didn't dare!

"Qin Chengan!"

"You insulted my sister and me many times and wanted to leave? No way!"

Mo Lu shouted in a low voice, punching Qin Cheng'an one after another, each punch contained incomparably terrifying twisting power.

Mo Lu's twisting power seemed to be distorted mainly by the avenue of power, and its destructive power was astonishing.

Qin Chengan was already seriously injured, so he dared hardly resist, so he could only rely on Kunpeng's talent to dodge and flee to a distance.

His speed is really fast!

Kunpeng skyrocketed, speed talent is the top of all kinds of beasts.

Although Mo Lu kept restricting his speed with twisting power, he was still breaking through.

After dozens of breaths, Qin Chengan was getting closer and closer to getting out of trouble!

"Almost!"

"Dodge for a while and you can escape!"

Qin Chengan's face showed a hint of joy that he was about to survive.

But at this moment!

A long, handsome man flew in the distance, it was Su Lang!

In his hand, a tall black and bright staff trembling constantly.

"Su Lang!?"

When Qin Chengan saw Su Lang, he was really hated and afraid, and at the same time a worrisome rose in his heart, he was afraid that Su Lang would take action!

"Friend Su Lang, why are you here?"

Bi Yelin looked at Su Lang with a little surprise in her eyes.

"It brought me here."

"This is Mo Lu's natal Emperor soldier."

Su Lang raised the Heiliang long stick in his hand, "It felt Molu fighting, so it was very anxious, so I came."

"what?"

"Molu's natal Emperor Soldier!?"

"Wha...when did she have a natal Emperor soldier?"

Bi Yelin looked in disbelief, "Didn't she just hand over the refining materials to fellow daoists?"

"Yes indeed!"

"This Godless Soldier is made from those materials!"

Su Lang laughed, "Fortunately, he has reached the Sidu level, and the quality is the best among the Sidu!"

"what!?"

"This... how is this possible?"

Bi Yelin was stunned, "It won't be time until Mo Lu handed over the materials to fellow daoists, and the incense sticks!"

The Mo Lu who was fighting was also stunned.

She could feel that the black staff was her own destiny, and the feeling of being connected by blood could never be faked!

at this time.

"correct!"

"I have refined your weapon too, here it is!"

Su Lang took out the Tianlinya and handed it to Bi Yelin, "It's called Tianlinya, Wudu level, and can be promoted if it has enough materials."

"..."

Bi Yelin was so shocked that she couldn't even speak!

She took the Tianlin Fang with a slightly trembling hand, feeling the feeling of incomparable closeness, like a limb extension, and a strong surprise came to her heart!

#### [Chapter 1678: The regretful Qin Chengan](#)

"Oh my God!"

"Friend Su not only refined my natal imperial soldier, but also refined my sister's!"

"Refining two such high-level godless soldiers in such a short period of time, how high is the refining skills of Fellow Su Daoist!?"

Mo Lu couldn't help but let out an exclamation, occasionally looking back at Su Lang, his eyes were full of admiration and admiration.

at the same time.

Qin Chengan, who was constantly trying to escape, also saw Su Lang taking out the black long staff and Tian Linfang.

He was completely stunned, his face was completely occupied by an expression of disbelief and horror!

Qin Chengan knew very clearly.

Whether it's Bi Ye Lin or Mo Lu, they have been worrying about their life weapon.

Although they can also refine lower-level Godless soldiers to make do with it, just like him.

But Bi Yelin and Mo Lu didn't like generals, so they never refined Godless Soldiers.

But now, they suddenly have Godless Soldiers, and one is at the Sidu level, and the other is at the Wudu level!

The scariest thing is.

These two weapons turned out to be refined by that Su Lang!

"impossible!"

"It's absolutely impossible!"

"This is not an ordinary weapon, this is the godless soldier of Sidu and Wudu!"

"Even the Erdu-level Godless Soldier would take a full 50 million years to complete the embryo, and another 50 million years to complete it!"

"It is by no means true that two such advanced Godless soldiers were created in one day!"

"..."

Qin Chengan stiffened, his pupils trembled, and he couldn't believe what he was seeing.

But that is the fact, the fact in front of us!

Su Lang only spent one day, and even one day was not used up, he refined two godless soldiers!

"Who is he?"

"How high is his refinement skills?"

Qin Chengan screamed wildly in his heart, he found that he could not imagine Su Lang's refinement attainments!

He also understood why the people of the Supreme Palace of the Ninth Qing Dynasty would support Su Lang so strongly.

This person's craftsmanship can completely conquer everyone in the Exile!

at the same time.

Suddenly, a wave of regret arose.

Su Lang joined Jie Xuetian, he could have settled his suspicion with Su Lang!

however.

Because of his own stupidity and jealousy in his heart, he chose to oppose Su Lang!

Even, because of this, he broke with Bi Yelin, was expelled from Bi Xuetian, and even wanted to join Chang Hentian, and completely embarked on the road of no return!

If he could be smarter, Qin Chengan would not be deceived by his subordinates.

Or if you can recognize your mistakes in time and accept criticism humbly, you won't fall into such a field.

Even like Bi Yelin and Mo Lu, he will have the opportunity to ask Su Lang to help refine his natal Emperor soldiers.

Look at the Godless Soldier in Molu's hands.

If he could also ask Su Lang to refine weapons, his own natal emperor soldier would definitely be at least Sandu!

however.

There is no regret medicine in this world.

Everything is a foregone conclusion and can never be done again!

Since I can't regret it, I can only go one way to the dark.

The regret in Qin Chengan's heart gradually transformed into a stronger resentment.

He vowed that if he could escape, he would definitely make Bi Xuetian and even the whole world pay an extremely terrifying price!

"escape!"

"Get out!"

The thought of fleeing appeared in Qin Cheng'an's heart, and he immediately tried his best to escape into the distance.

"Don't try to escape!"

Mo Lu was attracted by his own destiny emperor soldiers, and unexpectedly let Qin Chengan slip away.

Fortunately, Qin Chengan has the twisting power attached to her, so Qin Chengan will not escape so easily.

Screamed.

Mo Lu's figure flashed, and the tail was chasing after him.

"Want to catch me, no way!"

"Also, Bi Yelin, remember your words, only Mo Lu can chase and kill me alone!"

"You, and that Su Lang, can't do it!!"

Qin Chengan roared while running away.

If Su Lang really makes a move, his appointment will be over!

"Don't worry, we won't make a move."

Bi Yelin's indifferent voice reached Qin Chengan's ears, with contempt and disregard.

Qin Chengan felt humiliated in his heart, but there was a hint of joy, and his complex mood was beyond words.

And at this moment.

"Hahaha!"

"For Bi Yelin's face, I won't make a move."

Su Lang laughed loudly, "However, this Star Destroying Universe Rod is Mo Lu's natural weapon, and she should use it."

Talking.

Su Lang threw the Star Destroying Poyu Rod in his hand.

Heiliang's staff was attracted by Molu, distorting the space and directly falling into Molu's hands.

"the host!"

The spirit of the device emerged, exuding an aura of incomparable closeness to Mo Lu.

"Wow, smart! So cute!"

"My little cutie, come on, kill the enemy with me!"

Mo Lu was pleasantly surprised, immediately holding the Star Destroying Poyu Rod, and killing him towards Qin Chengan.

Obtained a natal weapon.

Mo Lu not only increased his attack power, but also his speed.

"Do not!"

"You can't do this!"

Seeing this scene, Qin Chengan was frightened suddenly.

If it was in the previous situation, although it would take a lot of time, he could always escape from Molu's hand.

But now, he can't do it at all!

Because Molu is faster than him!

"Humph!"

"Why can't I be like this? This weapon is made with my physical material!"

"This weapon is an extension of my body, a part of me, and one with me!"

"Poor Qin Chengan, you will never be able to feel this closeness of blood!"

"..."

Mo Lu snorted and continued to chase Qin Chengan.

Qin Chengan was speechless and could only continue to flee forward with a grim expression.

The two went one after the other, chasing and catching up, traversing the land of several trillion miles!

Finally, Qin Chengan was caught up and blocked by Mo Lu!

Qin Chengan turned around and fled without thinking about it.

"Eat my stick!"

Mo Lu raised the star-destroying rod and slammed it against Qin Chengan's back.

boom--! !

The extremely heavy stick directly hit Qin Chengan's head.

"puff!!"

Qin Chengan spouted a mouthful of blood, his face was like golden paper, and his already serious injury suddenly worsened by half!

He knew that he could no longer escape, and a deep despair appeared in his heart!

"Wow haha, it works!"

"Qin Chengan, take another stick!"

For the first time, Mo Lu displayed the power of destroying the stars and breaking the universe, as happy as a little girl receiving a beautiful gift.

Then she raised the staff high and smashed it down.

"boom!!"

Qin Chengan was directly hit on the ground, creating a super sinkhole of hundreds of thousands of miles.

He lay in the center of the big pit, vomiting blood out of his mouth.

Although Qin Chengan is still struggling with the force of urging distortion.

However, Mo Lu and her weapons can be regarded as two Sidu Great Emperors, and their condensed twisting power far exceeds Qin Chengan!

"You can't escape! Qin Chengan!"

Mo Lu came to the sky above Qin Cheng'an and raised his long staff again.

"No! Don't kill me!"

"Master Bi Ye Lin, Master Mo Lu, Master Su Lang!"

"Please, go around me, go around me!"

"The reason why I wanted to go to the Palace of Long Hatred was completely seduced by the red robe. I knew it was wrong!"

"..."

Under the threat of death, Qin Cheng'an completely lost any resistance.

The strong desire to survive makes him crawl on the ground like a dog begging for mercy, and there is no trace of the majesty of the Supreme Emperor!

"Sorry!"

"Your last chance has been used up, let's hit the road!"

Mo Lu was not the kind of soft-hearted girl, so he knocked it down.

boom!

It's like an asteroid hitting a planet!

The violent shock wave exploded in all directions centered on Qin Cheng'an.

The surrounding land and mountains are completely like tofu dregs, turning into dust in an instant, engulfed by the aftermath of terrifying energy, and rushing to distant places.

but.

Mo Lu's control of power is very good.

The land that was truly destroyed was nothing but a deserted desert with a radius of tens of millions of miles.

As for Qin Cheng'an, naturally after Mo Lu's blow, he disappeared and disappeared.

Under the influence of the twisting force, he has no possibility of resurrection at all.

"Sister, the door has been cleaned!"

"Friend Su Lang, the emperor soldier you refined is so strong!"

Mo Lu killed Qin Cheng'an and immediately ran to Bi Ye Lin to ask for credit, and by the way, he madly praised Su Lang's weapons.

[Chapter 1680: Su Lang, I'm never finished with you!](#)

"Well, let's go back."

Bi Yelin nodded faintly.

Su Lang felt sorry for Qin Chengan.

It's not that Qin Chengan is pitiful, but it's a pity that Qin Chengan didn't have his own hands and missed a lot of fortune!

Oh, by the way, there are red robe!

If given the opportunity, Su Lang would definitely kill Hongpao himself.

This time he followed the Star Destroying Poyu Staff, and only killed a few quasi-Godless Changhengong undercover agents, which was a huge loss.

"Bi Yelin, Mo Lu."

"If there is war in the future, please let me know."

Su Lang smiled and said, "After all, I am Bixuetian's ally, don't let me stand by."

"Okay, definitely next time!"

Bi Yelin smiled, and then kept stroking Tian Linya, loving it!

Next.

The three returned to Bixuetian all the way.

Su Lang continued to retreat, while Bi Yelin and Mo Lu continued to study their own natal weapons.

at the same time.

In the land of exile, the residence of the Palace of Long Hatred.

Chang Henzi sat in the middle of the black palace, looking down at the scene in the black bowl of water.

Squeezing the hand of the black bowl, it shows that his mood is not peaceful!

at last.

The scene of Red Robe being killed by Bi Yelin flashed in the black bowl.

Then Su Lang flashed past and appeared, taking out two images of Godless soldiers, Mo Lu beheading Jing Yuanbai.

"Damn--!"

"Kill me white robe first, then red robe, Bi Xuetian, Su Lang, I will never end with you!"

Chang Henzi suddenly got up, his hair danced wildly, his hideous face was full of resentment!

Just a few days.

He actually broke the two most important henchmen!

Not only that, but Bixuetian's intelligence network was also completely paralyzed. Those undercover agents would die if they moved, and they would be picked up and cleaned up if they were not moving.

Chang Henzi has controlled all the movements and intelligence of Bi Xuetian for more than one billion years, but at this time all of them were out of control.

It was like a terrifying beast that had been in control for countless years, suddenly breaking free from the restraints, sneaking into the dark and staring at him.

This feeling makes Chang Henzi extremely uncomfortable.

"No way!"

"Bixuetian is the most critical force in the battle of reincarnation."

"This force must never be out of my control!"

"Since the conspiracy can't work, then I will use my strength to make you surrender!"

Chang Henzi turned his head fiercely to look south, a fierce twisting force rippling away.

The next moment!

A little under his feet, his figure disappeared.

Focusing on the place he stepped on, the aftermath of terrifying energy swept away, and all the surrounding palaces were razed to the ground!

Even his own station was smashed, which shows how resentful Chang Henzi is!

Time passed slowly.

Jade sky, in the imperial palace of chasing souls.

Su Lang put down the newly refined fairy-level parts in his hand, and then began to choose the exercises.

The reason is that the previously placed emperor-level exercises have been completed!

"The gain of the great emperor level exercise technique is already very low, this time, just pick a godless level exercise technique."

While whispering, Su Lang selected "Supreme Sutra".

This exercise was obtained from Jing Yuanbai.

The Supreme Sutra of Devouring the Sun, as the name suggests, is a method of devouring solar energy.

On the contrary, it can complement the Da Ri Hao Tian Tu to increase the rate of solar energy absorption by Su Lang.

This exercise is the exclusive secret method of the Sun-chewing Tengu clan.

But Su Lang possesses a melting pot of ten thousand magics and successfully got rid of all bloodline restrictions and talent restrictions!

"It's you!"

Su Lang placed this exercise on the martial arts villain, and all the nine martial arts villains were all busy.

With a glance, the exercises being practiced include:

Chaos and eclipse, deadwood condensed source of life, Wanhua Wuji Nirvana Sutra, Taixu Universe Dragon Jue, Hongming Ziqi Mystery, Dao Li Nine Earths, Thirteen Corpses, Four Dragons, and Sunshine Supreme through.

"The Taixu Zhoulong tactics and other exercises that I practiced earlier, counting the time, are almost finished!"

Looking at the nine martial arts villains, Su Lang couldn't help but feel a trace of expectation in his heart.

These are all godless techniques.

Normally the Supreme Emperor practiced the three books very hard, and it was almost impossible to practice the exercises to the founding level.
