[Chapter 1681: Broken heart for the war of reincarnation](#)

Take Yuqing, the super genius of Taishang Jiuqing Palace.

She practiced the three godless-level exercises, namely, Taishang Wuya Dilu, Taishang Tianzhaotu, and Qingxu Dangxuan Tiantu.

However, only one book has achieved a small success, and the other two are beginners.

And once Su Lang finishes his training, he is directly at the founding level!

"After completing these exercises, my combat power will definitely be greatly improved!"

"There is also a realm of cultivation base, wait a day or two for another breakthrough!"

Su Lang smiled excitedly, "By then, my combat power will definitely stand at the top level of Godless Grade."

Intoxicated for a while.

Su Lang continued to refine parts.

So far, the number of parts has reached ninety-eight thousand, which is only 22,000 away from the number of 120,000!

Presumably, super humanoid weapons will be available soon!

And just as Su Lang continued to refine the parts, Chang Henzi rushed to the southern blue blood sky frantically.

Taishang Jiuqing Palace, in the turbulent time resident, Zhan Taiqing frowned deeply.

"How come two Supreme Emperors died suddenly!"

"Moreover, these two are also the Sidu Godless Grade, this loss is too great!"

"Look at the crimson light spot, reaching the level of Liudu, it should be Bi Yelin's hand."

"Hey, what hate or grudge, can't you wait until the war of reincarnation is resolved together?"

"At that time, everyone will gather together, and there will be grudges and grievances. Isn't it beautiful?"

Zhan Taiqing looked at the chessboard on the table, his face was full of sorrow, and he was simply broken by the war of reincarnation!

suddenly.

He saw a crimson spot flying toward the south, and his pupils suddenly shrank.

"Oh my God, Chang Henzi went south too!"

"Could it be that it was his person who died just now? He is going to seek revenge on Bi Yelin?"

"No, these two people are of the Liudu level, and they are already at the top of the exile!"

"They must not fight, otherwise they will definitely spread to the entire exile and cause countless turmoil, so that the war of reincarnation will come early!"

"The time is not ripe at all. If the war of reincarnation comes early, it will be impossible to draw out the coffin of the Nine Dragons!"

"I must stop them, but I just took the pill, and I am at a critical moment of breakthrough!"

"Never mind, let Yuqing take my Supreme Emperor's soldiers on a trip."

Zhan Taiqing's face was very ugly. He quickly called Yuqing to hand over his Godless Soldier to her so that she could go to Bixuetian as quickly as possible.

"The disciple obeys his orders and must fulfill his mission!"

Yuqing took over the Godless Soldier, and then hurried to Bixuetian through the super teleportation array arranged secretly.

In fact, she also took the pills refined by Su Lang, and was reluctant to leave the closed room.

But the master's order is hard to disobey, and she doesn't know why, she wants to see how Su Lang is doing in the Jie Xuetician, and see if Bi Yelin treats Su Lang badly.

"Taoist Su Lang's alchemy refining skills are already against the sky, he is the blessing of the land of exile."

"With Daoist Su Lang, over time, he will surely greatly increase the average strength of the Exile."

"That way, the chance of calling out the Nine Dragon Coffin will greatly increase!"

"I hope the monster Bi Yelin can recognize this and don't neglect Daoist Su Lang."

"..."

Yuqing couldn't help but care about Su Lang's reasons, and pushed them all into the overall situation of the war of reincarnation.

Time flies like a white horse.

Most of the day is like a flash, a new day has arrived!

And this day is a very important day for Su Lang and Chu Xiaobei!

Because the number of one-key empowerment functions has been refreshed!

"Xiaobei, after being stuck for so long, you should also be promoted!"

Su Lang clicked the corner of his mouth and removed all the girls on Blue Star, including their Mahjong table.

"Huh? Eighty thousand!"

"Twenty-one, are we here so suddenly?"

"This is the Soul Chasing Emperor Palace. Brother Su Lang released us from the Life Universe, Yaoji."

"Thirty-nine tubes, who wants? Su Lang, what do you want?"

"..."

Chu Xiaobei and others asked while playing mahjong.

"I go."

"Aren't you talking about practicing in retreat?"

Su Lang covered his eyes speechlessly, these girls were completely addicted to Mahjong.

[Chapter 1682: Chu Xiaobei promoted to quasi-superior emperor](#)

"Sister Yuqing said, Mahjong can exercise your savvy!"

"Yeah, so we exercise our savvy from time to time, but we haven't lost our cultivation!"

"Yes, yes, I have understood the second rule alone!"

"..."

The girls argued that the mahjong in their hands did not stop.

Su Lang glanced, Ji Ruxue really understood the second rule, the rules of the water system!

This is really a surprise, after all, Ji Ruxue strictly speaking, has only cultivated for a hundred years.

"Ruxue, good job!"

Su Lang praised Ruxue generously, and immediately looked at Chu Xiaobei.

"I also understand half of the rules."

"By the way, this is another day, it seems like you can instill the rules!"

Chu Xiaobei put down the mahjong tiles in his hand, turned around and looked at Su Lang, his eyes dazzling.

"Yes!"

"With the rules instilled in you today, you can break through to Wuxian."

Su Lang said with a smile, "No, it should be able to break through to the quasi-no-god level!"

"There is no **** class?"

All the girls exclaimed, and completely threw the mahjong out of the clouds, all surrounded by Su Lang.

"Brother Su Lang, sister Xiaobei can actually break through to the quasi-no-god level?"

"But Sister Xiaobei is only at the quasi-immortal level. From the quasi-xian level to the quasi-no-god level, there are three big realms and thirty small realms in between!"

"His Majesty Su Lang will never lie, I believe His Majesty Su Lang!"

"We all believe in Brother Su Lang, but this is really incredible!"

"..."

The young girls were chattering, and the beautiful and charming faces were full of surprise and shock.

Chu Xiaobei himself was full of expectations, even a little nervous!

"Well, hearing is fictitious, seeing is believing, you see clearly."

Su Lang smiled faintly, then pulled Chu Xiaobei to her side and let her sit on the ground.

Immediately after.

Su Lang stretched out his hand to cover Chu Xiaobei's Tianling, and gave instructions to the system to instill rules.

Suddenly.

The system activated the rule empowerment function, and directly instilled the 80 rules specified by Su Lang into Chu Xiaobei!

In addition to the 303 rules previously mastered by Chu Xiaobei, 380 rules were immediately reached!

This number has surpassed the original 360 rules, creating a perfect foundation for martial arts!

"A lot of rules!"

"Even if it is an ordinary Wuxian, I can blow it out with one punch!"

Chu Xiaobei was filled with a lot of power of rules, and his face was full of surprises.

"It's not over yet!"

"Now I will promote you to the realm of Wuxian!"

With a tick at the corner of Su Lang's mouth, he activated the indoctrination function and instilled the three selected Wuxian-level exercises into Chu Xiaobei's mind.

These three exercises were carefully selected by Su Lang from his library of exercises, and they were most suitable for Chu Xiaobei's cultivation.

In addition to these three immortal level exercises, there are three emperor level exercises and three great emperor level exercises!

After instilling three immortal level exercises.

Su Lang immediately activated the repair base and empowerment function and began to instill the repair base.

Suddenly.

A trace of the cultivation base was reduced, poured into Chu Xiaobei's body, and turned into extremely majestic energy!

This energy is only a drop in the ocean for Su Lang, but for Chu Xiaobei, it is beyond imagination!

In this majestic power, Chu Xiaobei rose from the rank of quasi immortal, one calamity, two calamity, three calamity... to the quasi emperor!

Immediately after.

Su Lang activated the 'Dadao Empowerment Function' and directly instilled 80 commonly used rules and avenues into Chu Xiaobei!

Such as the Avenue of Space, the Avenue of the Five Elements Yin and Yang Life and Death!

In an instant.

Chu Xiaobei's mastery surpassed 99% of Quasi-Great!

Su Lang still did not stop, but began to repeat the process of instilling exercises and cultivation bases, directly raising Chu Xiaobei to the quasi-no-god level!

Less than a minute.

Chu Xiaobei changed from being a quasi-immortal to quasi-superior!

Of course, Chu Xiaobei has not yet condensed the planet of life, and his spiritual power is slightly weaker, and the power of the Great Dao is not as good as that of the senior quasi-no-god-level emperors such as Shandi.

In all respects, Chu Xiaobei is just a quasi-no-god-level on the passing line.

But, anyway, this is quasi-no-god after all.

This kind of cultivation is one of the few in the entire Xinghai domain!

"What a powerful force!"

"I am like changing from a drop of water to a sea of stars!"

Chu Xiaobei opened his eyes, with shock, confusion, surprise and joy in his eyes.

[Chapter 1683: Master Beckham!](#)

"You who have suddenly mastered a powerful force need to adapt a lot."

Su Lang smiled and placed a ban on Chu Xiaobei while waving his hand.

Whenever Chu Xiaobei adapts to a part of his power, he can break part of the prohibition with his own power.

"Ok!"

"I will definitely adapt to the power as soon as possible."

Chu Xiaobei nodded solemnly, "After I get used to it, you can raise me to the Godless level, and I can help you fight Su Lang!"

She had never been reconciled to being a vase, and wanted to go back to the beginning and fight with Su Lang.

"Good! I look forward to that day!"

Su Lang nodded seriously, then looked at Ji Ruxue and others, "You too!"

"Hmm!"

Ji Ruxue and others nodded quickly, full of expectations.

Now that Chu Xiaobei has reached the quasi-no-god level, it will be their turn to promote next.

Of course, they look forward to it but are not anxious. After all, it will only take a few days.

"By the way, Chu Xiaobei, give me Xiaobai."

"Since your cultivation level has reached the quasi-no-god level, you should also upgrade your weapons."

Su Lang smiled and reached out to Chu Xiaobei.

"Well, here you are!"

Chu Xiaobei was so excited, he immediately handed Xiaobai to Su Lang.

Xiaobai is a flying treasure made by Su Lang for Chu Xiaobei when he was in the holy city of Yaochi. It can also be used for battle.

Its image is a noble white phoenix, very beautiful.

"The system retains the characteristics of the weapon and promotes it to a quasi-no **** soldier!"

Su Lang holds Xiao Bai and directly evolves into a quasi-no **** soldier.

His current materials are even enough to evolve it into a godless soldier, but Chu Xiaobei is not able to grasp it, so he can temporarily be promoted to a quasi godless soldier.

"Hey yeah!"

"Xiao Bai thanked Su Lang Master Chi Chi Chi!"

"Master Xiaobei, Xiaobai is here 嚶嚶嚶!!"

Qi Ling flew out of the body, bowed to Su Lang, and then flew to Chu Xiaobei's side.

Qi Ling still maintained the appearance of a white phoenix and did not transform into a human form for the time being.

And its main body is refined by Su Lang using a combination of parts, although the parts are used less, it still has some influence.

Therefore, it has become a grotesque, and it cannot be changed now.

Of course, when you are promoted to the Godless Soldier, you can definitely change it. After all, even the great mental retardation of the Godless Dragon Platform has been cured.

"Hey~ hey! Xiaobai, you have become more beautiful!"

Chu Xiaobei hugged Qi Ling and was incredibly cheerful, "Come on, Xiaobai, I've helped you figure out the figure of the human figure, let's transform yourself!"

Talking.

Chu Xiaobei used illusion techniques to create the image of a girl.

Her long black hair is embellished with snow-white feather feathers, and the clothes on her body are also very cute snow-white feather coats.

"Yes, Master Xiaobei 嘤嘤嘤!"

The Bai Feng Qi Ling immediately began to change, but fortunately he was not affected by that little mental retardation, and smoothly became the girl Qi Ling that Chu Xiaobei wanted.

"Wow, so cute!"

"I will have such a lovely daughter in the future!"

At this point, Chu Xiaobei suddenly became stagnant, and Ji Ruxue and the others also stagnated, looking at Su Lang one after another.

"Why do you see me?"

Su Lang was a little strange, and said with a dazed expression, "You will be born, and I will..."

Before he finished speaking, he was also stunned there!

Because he suddenly realized that he was already a godless boss!

With this level of life, it is no longer possible to reproduce offspring in traditional ways!

"Lying down!"

"Am I forcibly ligated!?"

The corners of Su Lang's mouth twitched, as if ten thousand grass mud horses ran across.

"Su Lang, I blame you!"

"Let you give birth to us earlier, now it's alright, what should I do?"

Chu Xiaobei looked at Su Lang with a smile, and there was a hint of playfulness in that smile.

"I can't blame me for not thinking about it!"

"It's completely because I was promoted too fast. How long will it take? There is no god-level, and I am very helpless!"

"But don't worry, the pill I got from Zhan Taiqing before has a magical pill that can make two Supreme Emperors give birth to children."

"If I re-synthesize it several times, it is guaranteed to be the most powerful pregnancy medicine in the world!"

Su Lang rolled his eyes, but immediately smiled again, and took out a pill, shaking his head and shaking his head to show his pride.

[Chapter 1684: Revisiting Su Linger's Distortion Power](#)

"Oh~"

"That's good, in fact, we all know you have a way!"

Chu Xiaobei gave a sigh of relief, and then smiled grinningly.

Ji Ruxue and the others are still a little shy about this topic and dare not speak.

But I also felt very happy, and there was a strong desire and expectation in my heart.

Of course, Su Lang said, to have children, they must wait for them to also reach the godless level, otherwise I'm afraid they can't bear the power of that pill.

"Ahem!"

"Stop this topic!"

"Next, Su Ling'er, come here."

Su Lang smiled and nodded, and immediately waved to Su Ling'er.

"Yes, Master!"

Su Ling'er is Su Lang's name, so he called Su Lang his master.

Su Lang also had no objection, letting her call so.

Soon.

Su Ling'er came to Su Lang and sat down obediently cross-legged.

"Today, I will help you detect the twisting force in your body!"

Su Lang said solemnly, "Look at what is going on with this twisting power!"

"Yes! Thank you, Master!"

Su Linger's eyes lit up, full of splendor.

Because of the twisting power in her body, her cultivation has never been able to improve, and she is still at the martial arts level until now.

Even her maid, Xiaomei, is already a quasi-immortal, she still hasn't improved.

At this time Su Lang has reached such a high level, and even the strongest in the exile must be treated with courtesy, perhaps, it can help her solve the problem!

"Relax, don't have any resistance!"

Su Lang said softly, and then used mental power to penetrate Su Linger's body.

Suddenly.

Su Linger's whole person turned into tiny particles in Su Lang's eyes.

Even the soul and heaven and earth aura in her body turned into energy particles, and Su Lang could see the essence clearly.

at last!

Su Lang's expression moved, and something strange was found in certain soul and body particles!

All these particles have the aura of twisting power!

"Hey!"

"I found you!"

The corner of Su Lang's mouth twitched, tentatively exploring with mental power.

But those twisting powers are like waking up, and they are directly transferred to other particles, so fast that Su Lang almost can't react!

"Humph!"

"No matter how you can run, you can't get out of my disciple's body!"

Su Lang sneered, and immediately used a trace of twisting force to carefully dive into Su Linger's body.

This twisting force is the highest quality twisting force Su Lang can use at this stage of cultivation.

It is made up of nearly a thousand twisted ways!

Under Su Lang's control, these twisting forces caused no harm to Su Linger.

They are advancing fast, surrounding all the particles with strange aura!

Suddenly!

Those distorted breaths can no longer be transferred!

"Caught you!"

Su Lang smiled coldly and immediately mobilized the power of twisting, continuously compressing the space for the twisted breath.

at last.

All the particles containing the twisting aura are wrapped in Su Lang's twisting power.

These particles start to stir!

Under Su Lang's observation, the twisted aura unexpectedly separated from the particles and merged with each other.

Then a scene that shocked Su Lang appeared.

After these distorted breaths merged together, it became an illusory figure, a bit like a ghost in a poor-quality ghost movie.

And still a female ghost!

"Lying down!"

"This is... alone!?"

Su Lang raised his eyebrows and tried to approach the illusory figure with twisting power.

But the illusory figure resisted desperately, and the twisted aura on his body became weaker and weaker.

If this continues, it will be annihilated!

And Su Lang discovered another surprising fact.

That is the quality of the twisting power on the illusory figure far exceeds his!

Just a tiny bit can offset Su Lang's massive twisting power.

"It is estimated that even the Liudu Youtian Sword cannot condense the power of this kind of quality distortion!"

"Who the **** is this woman, who has such a terrifying twisting power, I am afraid that her cultivation level has reached the Eight Crosses or more!"

Su Lang frowned slightly, and temporarily stopped using the twisting force to 'persecute' the phantom figure.

Because if you continue for a while, it is estimated that you will really kill it.

[Chapter 1685: The truth is clear!](#)

"No, you can't kill it so unclearly."

"After all, this may be related to the secret of the universal incompleteness of life planets in the Xinghai domain!"

"I want to see where you came from, what happened to you, and why you made a son of the world like Su Linger."

Su Lang looked serious, and then withdrew his twisting power and placed his palm on Su Ling'er's forehead.

Su Ling'er felt Su Lang's jade-like palms, and his face turned red.

Immediately after.

Su Lang used the function of instilling the cultivation base and began to instill the cultivation base into Su Ling'er.

He did this before at the Wudi level.

But Emperor Wu's level of cultivation is obviously not enough, and at this time, he has reached the Erdu Godless Level, and the amount of cultivation is more than 100 million times more than before?

About a second condensed cultivation base, can make a quasi emperor break through to the Wudi level!

Wow!

A large amount of cultivation base was instilled into Su Ling'er's body, and without digestion, it turned into Su Ling'er's own cultivation base.

Immediately, Su Lang found that the twisted aura condensed into a humanoid shadow resembled a shark smelling blood, and immediately began to devour Su Ling'er's cultivation base!

The cultivation base that should have raised Su Ling'er to the quasi-immortal level all at once was swallowed by the humanoid phantom.

After swallowing these cultivation bases, Su Lang found that the humanoid phantom had grown significantly.

"Come again!"

Su Lang squinted his eyes, anyway, this point of cultivation is harmless to him, and it will be accumulated soon.

If he could figure out the secret of Su Linger's Son of Twisted World, it would be considered to solve the doubts that had been buried in his heart for a long time.

This time.

Su Lang began to instill cultivation skills continuously.

These were enough to create countless Wudi cultivation bases, all of them were swallowed by the distorted humanoid phantom.

The figure phantom also grew rapidly and became clearer and clearer.

It's like a mosaic figure gradually transforming into a high-definition image.

"This is to be decoded!"

"Let me see, what kind of face is hidden under your mosaic?"

Su Lang raised his eyebrows, continued to instill his cultivation, and continued to pay attention to the changes in the human form.

at last.

The human figure is getting bigger and bigger and clearer!

She was an extremely beautiful girl, not only had her appearance perfect, her temperament was unparalleled.

She just stood there, like a super power who controls the universe and traverses the ages!

but.

She is still a phantom.

Although he can instinctively continuously devour his cultivation base to strengthen himself, he does not have any emotions.

"Something's wrong."

"There are some twisted auras that exist in the original particles of Su Linger's soul."

"It stands to reason that this part of the twisted breath must have something to do with the soul!"

"Now she is showing a state of no emotion, perhaps because the cultivation base is not enough."

While analyzing, Su Lang continued to instill the cultivation base. By this time, the cultivation base he instilled was comparable to the cultivation base instilled for Chu Xiaobei.

of course.

To him, it is still a drop in the ocean, not worth mentioning.

The human form phantom continued to devour the cultivation base, and the figure became clearer, and it turned out to be like a real person!

suddenly!

A gleam of divine light flashed in her eyes, as if to penetrate everything!

Even Su Lang feels like being seen!

"She is awake!!"

Su Lang immediately stopped instilling the cultivation base, and surrounded the girl's phantom with twisting power.

after all.

The girl's phantom enemy and friend are unknown, so we should first figure out the situation.

at this time.

The girl phantom looked like Su Lang, and then separated a trace of twisting power, wanting to touch Su Lang's twisting power.

Su Lang sensed that the woman's extended twisting power had no intention of attacking, so he used her own twisting power to contact her.

Suddenly.

He felt a lot of information!

The truth is clear!

[Chapter 1686: Please don't hesitate](#)

original.

The girl ghost is a supreme emperor of Jiudu!

She was defeated in the Battle of Shattered Boundary Realm, was dying, and fell to the Star Sea.

Under the twisting power of a terrifying opponent, her death is almost irreversible.

The moment of life and death.

She transformed into thousands, shattering planets, causing them to burst out with endless twisting power, resisting the enemy's power attached to her body.

However, the twisting power of the enemy is too strong!

She used all the planets in the entire Star Sea as a tool to condense the twisting power together, and she couldn't stop death.

The physical clones in each planet were annihilated.

In the end, only the clone in Jingtianxing lingered.

But if this continues, this last clone will also die completely.

In desperation.

She chose to cut all contact with the old body, and even the soul abandoned most of it.

Immediately after.

With the help of Jingtianxing's heavenly power, she successfully reincarnated and transformed into Su Linger.

But due to various reasons, she only occupies less than one billionth of Su Linger's soul.

And Su Ling'er also had a problem.

When breaking through King Wu and sublimating his life, the cultivation base he cultivated would be directly swallowed by the twisted aura, strengthening himself.

This abnormality has continued to the present and cannot be controlled.

"This woman, like Assafir of the Light Sword, participated in the powerful existence of that cosmic battle!"

"And now, this woman who has forgotten her name is part of Su Ling'er?"

"No, this woman is just a fragment of memory, she has no will at all, everything she did before was caused by Su Linger's potential instinct!"

Su Lang kept thinking and carefully observed the girl's phantom, only to find that the divine light in the girl's phantom was very single, completely unchanged!

He guessed right, this girl phantom was a part of Su Linger's characteristic of carrying memory fragments from his previous life.

This trait is very scary.

Let her directly practice the twisting power of Jiudu Godless Grade!

However, at Su Ling'er's level, only the Martial Commander's level, and even the sublimation of the Martial King's life level was not completed.

Her cultivation speed is simply too slow compared to the twisting power of the Jiudu Godless Grade!

It is as if an ordinary ant wants to crawl on its own and span tens of millions of light years.

If you haven't met Su Lang, I'm afraid there will be no change until the lifespan is exhausted!

Moreover, Su Ling'er couldn't control it at all, because she was completely unaware that she had such a trait.

And this time.

Su Lang's endless cultivation base allowed Su Ling'er to condense enough twisting power in a short time to activate that part of the hidden traits.

From now on.

Su Ling'er can already control this part of the terrifying traits.

She can even use the twisting power condensed into the phantom of the girl!

Regardless of Su Ling'er's current cultivation base, the martial arts commander, if she uses the twisting power of the nine crossings, Ersandu's Godless Grade will definitely be unable to resist!

"Lie noisy! This is awesome!"

Su Lang's mouth twitched. When he was a martial artist, he could only fight Wu Zun, but Su Ling'er could fight the Supreme Emperor!

This is too exaggerated!

Immediately after.

Su Lang realized.

Su Ling'er now is a humanoid Nine Crossing Godless Soldier.

Although her size is very small, but the level is there, as long as she instills her cultivation base, she can condense the twisting power of the Jiudu level!

"Tsk tut!"

"Unexpectedly, the super humanoid weapon in my hand was not completed, but I accidentally harvested another humanoid innocent soldier!"

"Ahem, you can't regard Su Ling'er as a weapon, she is my disciple."

"But it doesn't matter if I use the disciple's body occasionally?"

"..."

Just when Su Lang's mind was full of thoughts.

"master!"

"I see, I was born to meet you!"

"Only by being with you, I can play my value!"

"Everything about the disciple is created by the master. If the master is useful, please don't hesitate!"

Su Linger looked at Su Lang earnestly, with excitement and excitement, like a girl who had been blind for more than ten years and had suddenly recovered her vision!

[Chapter 1687: Chang Hate Zi Mu Youji hit the door!](#)

Yes.

Although she can see it, what is the difference between being blind and being unable to practice?

The path of the brilliant warrior was cut off by life, and at the same time her dreams and hopes were cut off!

now.

She finally recovered her hope and future!

"Ling'er...you are so good!"

"However, as a last resort, I won't let you risk it!"

Su Lang smiled happily and stroked her head, "Now you close your eyes. In order to improve my realm, only by becoming stronger can I better help the master."

"Yes, Master!"

Su Ling'er nodded heavily.

Although she really wants to try her own practice now and get back the original feeling.

But she also knew very well that with her own cultivation speed, she couldn't keep up with the master, and it was even more difficult to help.

"Attention, I'm going to start instilling!"

Su Lang reminded him, and then activated the cultivation base and empowerment function.

A large amount of energy appeared in Su Linger's body and began to improve her cultivation level.

The trait that turned into a phantom girl instinctively swallowed the cultivation base, but was firmly controlled by her.

then.

Under Su Lang's indoctrination.

Su Linger's cultivation realm broke through all the way to the quasi-sage!

Had it not been for Su Lang that he had used up the number of regular empowerments today, Su Linger could rush to the same quasi fairy realm as Ji Ruxue and the others!

"Ling'er, congratulations!"

"It's great, Ling'er, I won't have to be afraid of hurting you accidentally in the future!"

"Every time Ling'er cultivates in secret, I feel very distressed. Now it is used to get out of trouble, great!"

"..."

Chu Xiaobei and the others came over to congratulate Su Linger, with cheerful smiles on their faces.

"thank you all!"

Su Linger's eyes were reddish, and she hugged Chu Xiaobei and the others, and wept softly.

The grievances accumulated for years of patience broke out at this moment.

Chu Xiaobei and the others immediately comforted Su Ling'er and calmed her emotions.

Su Ling'er was affected by the residual traits of the previous life, and his will was unusually tenacious, and he quickly returned to smile.

And at this moment.

"Su Lang!"

"Bi Yelin!"

"Get out of me, you two chores!"

An extremely angry violent drink spread throughout the entire Jiexuetian!

What followed was suppressed by an extremely terrifying aura, causing all the floating buildings in the blue blood sky to tremble crazily, almost broken!

"Someone is asking for trouble!?"

"This breath is very powerful, who can it be!"

Su Lang raised his eyebrows, and turned to Chu Xiaobei and the other women and said, "You can enter my Dantian universe. We will fight later."

"Ok!"

"Let's go in now!"

"Master, if you need it, you must use me!"

"..."

While talking, the women walked into the space channel opened by Su Lang and arrived at Blue Star.

Immediately after.

"I want to see who dares to trouble me."

Su Lang looked towards the sky with a sneer, and rose straight into the sky.

"Go!"

"No matter who he is, I will chop off his dog's head!"

Xiaoyou yelled in excitement. There was a taste of Su Lang as a human-shaped mount. It was really skinny.

"Wait until I finish the fight and then clean up you."

Su Lang rolled his eyes, Xuan even came into the sky.

In the sky, there was a thin young man wearing a black robe overlooking the sky and the earth, exuding an extremely terrifying breath.

This person is the long hate who came for revenge!

"Friend Su Lang, why are you here?"

Bi Yelin asked with some worry, she arrived immediately and confronted Chang Henzi directly.

She didn't expect Su Lang to come, and she didn't want to involve Su Lang, who was in 'fallen state' and 'unhealed'.

"The other party named Dao surname, I will naturally come out to teach him!"

Su Lang smiled faintly, looked at the young man in the sky, and directly opened his attribute panel.

[Chapter 1688: Muyou Jiji, your appetite is really good](#)

"Long hate Zimu Youji?"

"Why not add another Ji, how nice is Mu You Ji Ji?"

Su Lang looked at Chang Hen Zi Mu Youji's name, and suddenly showed a playful smile.

"What does Muyou Jiji mean?"

Bi Yelin glanced at Chang Henzi, then turned her head and asked Su Lang somewhat puzzled.

She and Chang Henzi have been fighting for many years, and naturally they know Chang Henzi's real name.

"Uh."

"Nothing, repetitive words are more cute, aren't they?"

Su Lang raised his eyebrows, the corners of his mouth raised, and the playfulness on his face became more intense.

"Su Lang chopsticks, what are you talking about!?"

Chang Henzi is not deaf, and of course his face suddenly became ugly after hearing Su Lang's words.

Although he didn't know what Su Lang meant, he could realize that it was not a good thing.

"Ha ha!"

"Mu You Jiji, is there a toilet on your neck? Why do you always spray manure?"

Su Lang sneered, and went over without showing any weakness.

Although Chang Henzi was extremely powerful, he reached the peak of Liudu Godless Grade, even a bit stronger than Bi Yelin.

Moreover, this Chang Henzi also holds the Liudu Godless Soldier, the Eye of the Nine Yin.

These Six Crossing Godless Soldiers are one level higher than Bi Yelin's Tianlinfang.

but!

Su Feng won't be afraid anymore!

He can now have Sidu level combat power without swallowing the clone, as well as Liudu level Youtian Sword and Wudu level Godless Dragon Platform.

The strength is there, I am afraid of being a hairy!

"Su Lang chopsticks!"

"And Bi Ye Rin, whore!"

"Stop talking to Lao Tzu there!"

Chang Henzi stared at Su Lang coldly, "I tell you, immediately kneel in front of me and let Bi Xuetian surrender to Chang Hen Palace, otherwise..."

"Otherwise you will eat shit!"

Su Lang appeared in a daze, and gave a thumbs up, "Mu You Jiji, your appetite is really good!"

"Puff....."

Bi Yelin next to him heard Su Lang's words and couldn't help laughing directly.

"Huh! Talking and talking!"

Chang Henzi's complexion was even more ugly, as if she was really eating shit.

He was not talking to Su Lang, turned his head to look at Bi Yelin: "Bi Yelin, surrender or die!"

"You are all dreaming!"

"Chang Hate son, don't think that your Chang Hate Palace inherits countless times of reincarnation, you think you are great."

"For such a long time, your genre still exists and the place of exile, and it has not left. It completely shows that you are just like that."

Bi Yelin smiled disdainfully, "And you, Chang Henzi, you never want to see a ray of light in the boundless universe!"

"To shut up!"

"shut up!"

"I will definitely be able to go to the boundless universe and enter the truly vast world there!"

Chang Henzi shouted angrily, "You, all will become dead bones under my feet, paving the way for me to the boundless universe!"

"Ha ha."

"Mu You Jiji, if you kneel in front of me and recognize me as master, maybe I can take you with me when I return to the boundless universe."

Su Lang smiled faintly, looking at Chang Henzi with a trace of pity.

"A mere rubbish, dare to make me kneel down? I have to let you taste all the pain of time today!"

Chang Henzi stared at Su Lang again, in addition to hatred, there was also a deep jealousy in his eyes.

Because he heard from Su Lang's words that Su Lang, like Bi Yelin, came from the boundless universe.

For all the people who came to the exile from the boundless universe, he was jealous and hated, including Jing Yuanbai who was already dead.

Chang Henzi had asked Jing Yuanbai to leave the Palace of Changhen and become an undercover agent in the Bixue Heaven. It was not because of these thoughts.

"Muyou Jiji, don't talk nonsense."

"If you want to fight, we will accompany you. If you don't fight, you will get out of here."

Bi Yelin said coldly, and changed her name to Chang Henzi unexpectedly. She felt that the name was indeed a bit weird, which made people want to laugh.

"fight?"

"I am trying to convince you today. If you don't surrender, you will have only one end, and that is death!"

"Now, Su Lang, Bi Ye Rin, and all Bi Xuetician, kneel down for me!"

Seeing that Bi Yelin and Su Lang did not have any intention to retreat, Chang Henzi suddenly understood that only force can solve the problem.

therefore!

He did it!

Along with Chang Henzi's horrible roar, the terrifying Liudu Godless-level aura fell to the ground!

Bi Xuetician's protective array could not resist at all, and all shattered like bubbles.

Those suspended buildings are already difficult to support, and at this time they are like asteroids falling to the ground.

If it weren't for Mo Lu and others desperately resisting and defending, I'm afraid that Bixuetian's residence would fall apart and be completely destroyed at this moment.

"Mu You Jiji, you are looking for death!"

Seeing that the resident where she had been operating for many years was on the verge of destruction, Bi Yelin was instantly furious, and directly took out Tian Lin Fang!

Rumble!

The godless aura of the same Liudu peak level spread, and Chang Henzi each occupy half of the sky!

"Humph!"

"You have a **** around you as a burden, dare to fight with me!"

Chang Henzi sneered again and again, holding the Liudu Godless Soldier Candle Nine Yin Eyes, and directly killed Su Lang!

If he wants to attack the enemy, he will save him, causing Bi Yelin to reveal his flaws!

"whispering sound!"

"When I am a soft persimmon?"

Su Lang smiled disdainfully, and instantly activated the swallowing clone function, directly swallowing thirty-seven clones!

There are more than forty avatars using 'Xing Cuan Yun He' to condense into one body, forming an extremely terrifying godless class.

In a flash!

Su Lang burst out of a terrifying aura that was infinitely close to Qidu Godless Level!

The avatar of Xing Cuanyun He also possessed the aura of Liudu Godless Level peak.

Although there is no Shifang Universe, it is slightly weaker than Su Lang, but it is no weaker than Chang Henzi!

And Su Lang's strength soared to infinitely close to the Qidu level, and he also had a clone that was not much different, which directly caused everyone to be completely confused!

Chang Henzi, who bears the brunt, is particularly shocked!

"What kind of secret is this!? It has directly improved the strength of Sandu!"

"Furthermore, he has a clone that is almost the same as Shilixiang himself, how is this possible!?"

Chang Henzi, who rushed towards Su Lang, was dumbfounded, dumbfounded, completely afraid of his own eyes.

He has been in charge of the Palace of Long Hatred for so long, and has never seen such an incredible thing!

but.

He still condensed the extremely terrifying Liudu twisting power, and slayed fiercely towards Su Lang!

Because Chang Henzi had already seen that Su Lang's true realm at this time was Erdu Godless Level, and the quality of the twisting power was absolutely inferior!

Although the conventional power level reaches Liudu, it is even higher than him.

However, what is incomparable is the quality and quantity of the power of distortion!

"Die to me!!!"

Chang Henzi's twisting power instantly wrapped Su Lang and Xing Cuanyun's clones!

"Chang Henzi, you stop me!!"

Bi Yelin's complexion changed drastically. Although he knew that Su Lang would not be arrogant, he was still a little worried.

Holding Tianlinfang, she slashed directly at the back of Chang Henzi.

The same distorted power of the Liudu level, like a nine-day Milky Way falling down, directly kill Changhenzi!

"Ha ha!"

"Wait until I kill this Su Lang chopsticks, and then I will beat you to the ground and become my mount!"

Chang Henzi not only turned a blind eye to Bi Yelin's attack, but sneered again and again.

Buzzing!

There was a dull hum.

However, he saw that the Eye of Nine Yin in his hand suddenly ejected a powerful twisting force, like an underground fountain rushing into the sky, blocking Bi Yelin's attack!

Although Bi Ye Rin and Tian Lin's teeth combined force to strike, Candle Nine Yin Eyes couldn't fight for a long time, but supporting for dozens of seconds is completely no problem.

And tens of seconds, for a godless class, it is simply incredible!

"Hahaha!"

"Su Lang gossip, despair!"

"Bi Ye Rin, stinky bitch, watch your companion die, be angry!"

Chang Henzi laughed and roared like crazy.

Starting from Lu Mingxuan, to Jing Yuanbai, and then to Hongpao and Qin Chengan, he endured Su Lang three times. At this time, his vengeance was about to be paid, how could he be unhappy?

but.

at this time!

"Mu You Jiji, that's it?"

A disdainful voice came out of the twisting force entangled into a cocoon!

"what!?"

Chang Henzi's expression changed, "His voice can actually break through my twisting power. Could it be that he also has Liudu Godless Grade twisting power!?"

As soon as this doubt appeared, Su Lang answered it!

[Chapter 1690: Bi Ye Lin Qing Ming Lin shattered!](#)

"Youtian Sword! Cut!"

Su Lang's voice fell to Chang Henzi's ears like a bolt from the blue sky.

Immediately after.

An extremely sharp sword light envelops the twisting force of Liudu, breaking through the twisting force of Chang Henzi like a blue dragon going out to sea!

In addition to this, the incomparably vast Wudu Godless-class twisting power rushed out, madly offsetting the twisting power of Chang Henzi.

To what extent is the distortion of the Wudu level?

It's exactly like five or six Wudu Godless Level shooting at the same time!

"Liudu has no **** soldiers!"

"There is also a powerful Wudu Godless Soldier, whose condensed twisting power is close to Liudu!"

Chang Henzi looked at the larger and larger sword-shaped twisted air current in his field of vision, and was shocked.

The Liudu Godless Soldiers are few in number in the exile, and in the reincarnation era, I don't think there are more than five fingers, and each one has a clear owner.

But now, an unfamiliar Liudu Godless Soldier appeared.

And it looks so powerful, and it is also the strongest among Liudu Godless Soldiers!

Thoughts flashed in between.

Su Lang's twisting power has broken his face with a little bit, and rushed to Chang Henzi like a bamboo!

"Humph!"

"What if you have Liudu weapons?"

"May the Heart Sutra! The power of Qidu!"

Chang Henzi suddenly burst out of a more terrifying twisting force, reaching the Qidu level!

boom! !

The twisting force of Liudu, spurred by Po Yi Jian's Profound Righteousness, directly blasted Chang Henzi's body.

However, it was annihilated all at once!

"Seven crossing-class twisting power!"

Su Lang raised his eyebrows and sneered, "I think you can use it several times!"

"Humph!"

"I can't use it a few times, and you don't want to hurt my hair!"

Chang Henzi snorted coldly, and the twisting force he had previously displayed suddenly rolled back, like a stormy sea that killed Su Lang.

"fire--!!"

The godless dragon platform in the hands of Xing Cuanyunhe clone turned into a dragon, madly spraying the powerful Wudu twisting force.

It can draw out the energy of a Wudu Godless level in one breath, and transform it into the vast and vast Wudu twisting power!

Xing Cuan Yun He clone reached the pinnacle level of Liu Du, and also mastered a large number of recovery-type art secrets and godless-level pill, it was able to maintain the energy supply of the godless dragon platform.

Of course, the violent consumption has brought obvious effects.

Chang Henzi's turbulent Liudu twisting power was directly overwhelmed by the twisting power of Godless Dragon Terrace thousands of times more!

It's like a small wave being thrown into the bottom by a huge wave!

"Damn it!"

"A Wudu Godless Soldier can display such incredible combat power!"

"Also, the pills taken by that Su Lang clone turned out to be the Supreme Emperor Pill of perfect quality!"

Seeing that her twisting power was directly overwhelmed, Chang Henzi watched Su Lang's clone eating Godless Pill as jelly beans, she was shocked and angry!

"Mu You Jiji, as the Lord of the Palace of Long Hatred, do you have this strength?"

Su Lang sneered, "Hey, I haven't had a good fight with Jing Yuanbai yet!"

Following his voice, Youtian Sword once again condensed the terrifying Liudu twisting power, and slayed Xiang Chang Henzi with a broken sword.

"Arrogant!!"

"Even if you have such a weird clone and Liudu weapon?"

"Today I will let you see what is meant by crushing level strength!"

Chang Henzi's eyes were red, full of endless anger and resentment, "Fall in the Heart Sutra, hate forever!"

A weird twisting power containing endless hatred erupted from Chang Henzi's body, reaching the Eight Duo level!

This power is not owned by Chang Henzi himself, but is left over from generation to generation in Chang Hen Palace!

"Su Lang be careful!!"

Seeing that Su Lang was exposed to the extremely dangerous Badu twisting force, Bi Yelin was immediately extremely worried.

She did not hesitate to use the strongest secret technique of the unicorn clan instantly!

"Qing Ming Lin Broken!"

In Bi Yelin's roar, the skin on her body cracked, turning into countless stars!

Not only that, but Tian Linya also turned into stars like a collapse!
