

One Click 1691

[Chapter 1691: I'll use someone in a few minutes](#)

Immediately after.

A large amount of Qidu twisting power burst out of these star points, which is more than a thousand times more than the Qidu twisting force that Chang Henzi burst out before!

This majestic Qidu twisting force appeared in front of Chang Henzi's straight twisting space, blocking the burst of eight twisting force!

"Bi Yelin!"

Su Lang was surprised. He didn't expect Bi Yelin to use this self-harming secret method to rescue him.

But he doesn't need to be saved at all!

Although Chang Henzi's trace of the Eight Crosses' power is extremely powerful.

But Su Lang exploded with all mysteries, condensing massive Liudu's twisting power, and completely consumed it!

If it doesn't work, you can still use the apprentice...

Oh no, it should be possible to ask female apprentice Su Ling'er to do it.

In front of the twisting power of Jiudu in Su Linger's body, Chang Henzi's twisting power of Eight Ducts is nothing short of hairy!

"Hahahaha!"

"Bitch Bi Ye Lin, your relationship is really good!"

"However, can you stop me once, can you stop me the second time!?"

Chang Henzi recalled the Eyes of the Nine Yin Candles and smiled grimly, "Today, I will let you both fall, and Huang Quan will be your company!"

Talking.

He once again used the third terrifying secret technique of the Palace of Long Hatred!

"Jiexin Sutra!!"

In Chang Henzi's thoughts, the whole person suddenly became without a trace of emotion, and even the coldness disappeared completely, like a corpse, a stone!

But his body suddenly exploded with more twisting power of Eight Crosses!

The twisting power of these eight crossings quickly broke through the twisting power of Bi Yelin's seven crossings, like a meteor piercing the sky, killing Su Lang.

Where the meteor passes, all the rules of heaven and earth are distorted and collapsed!

Anyone below the Godless level who dares to take a look will be distorted and killed!

Bi Yelin, Mo Lu and other Supreme Emperor Baibi Xuetian looked at Su Lang, their eyes filled with worry!
at this time!

"Chang Henzi, stop it!!!"

A sweet but extremely anxious voice in the distance went from far to near.

Along with the sound, there is also an extremely powerful and majestic Qidu twisting force!

"Yuqing!?"

"Hahahaha, do you want to save Su Lang's goblin? It's too late!!!"

Chang Henzi saw the visitor clearly and suddenly sneered.

And the twisting power of his Eight Ducts had reached Su Lang's front.

"Do not!"

Yuqing screamed, she didn't want Su Lang to die.

Whether it is because of Su Lang's alchemy skills or other reasons...

However, she was really too late to stop Chang Henzi!

She regrets that, although she has come with all her strength, if she tries harder, she might be able to arrive earlier!

however.

Just when everyone thought that Su Lang was too bad.

"The inner world of ten directions, the broken world!"

"Blood Moon Tianming, Da Ri Haotian!"

"The emperor turns Shen Xing, the world is dead! Break the shackles, break the sword!!!"

Su Lang and Xing Cuanyun combined most of the forces in their bodies, all rushing into the Youtian Sword under the universal dying of the universe!

Immediately after.

The twisting power of Liudu, which is as majestic as the sea of stars, directly slashed the twisting force of Eight Ducts of Changhenzi with the profound meaning of breaking a sword!

Although Su Lang's twisting power is like cotton versus steel needles compared to Badu's twisting power.

But Su Lang's twisting power is really too much!

It's almost like hundreds of Jiudu Godless Grades simultaneously cast the explosive secret technique, the twisting power of full concentration.

Although these twisting powers are being madly consumed, tens of thousands of copies only offset a tiny bit of the twisting power of the eight waves.

But after all, it caused consumption!

And this gave Su Lang a chance to fight back!

"Unexpectedly, I would use my apprentice so soon."

Su Lang backed away while sighing. He said before that he wouldn't use it if he didn't use it. After a few minutes, he would use someone else's face.

In fact, Su Lang still has the 'Heart of Devouring Flow' to use.

But that thing is not absorbing enough energy now, and it took less than two days of solar energy to fully pay for it.

If there is not enough phagocytosis, it won't work.

At that time, Su Lang could only expose his ability to replace death.

This is what Su Lang didn't want to see, and Su Ling'er's Nine Crossing Twisting Power can be regenerated after using it, and it has no effect at all!

"Come out, Ling'er!"

Su Lang summoned Su Ling'er from the Dantian universe at the first thought.

[Chapter 1692: I don't care for you to surrender](#)

"master!!"

Su Ling'er looked at Su Lang excitedly.

When she looked at Su Lang at each other, she knew that Su Lang would use her abilities!

Even think about it.

Su Linger directly urged her twisting power.

A trace of the twisting force of the Nine Crossing emerged, with a breath of suffocation, and flew towards Chang Henzi!

"what!?"

"The power of Jiudu's twisting!!"

"How is this possible? Who is that girl, she is just a quasi-sage, and she can use the power of Jiudu's distortion!!"

Chang Henzi was dumbfounded when he saw Su Ling'er's twisting power, his eyes were about to fall out.

You should know that the twisting power of the Eight Crosses he used was only used for the transformation of all his own will power left by his ancestors.

He won't use such moves several times in his life!

However, a quasi-saint **** the other side used the twisting power of Jiudu!

This is comparable to a mortal who killed a supreme emperor with one punch!

It was not only Chang Henzi alone who was shocked, but Yuqing, Bi Yelin, Mo Lu and others were all shocked!

They knew Su Ling'er!

"That girl is Su Ling'er!!"

"Shouldn't her cultivation base be a Martial Commander? She suddenly became a quasi-sage and can still use the power of Jiudu's twisting!?"

"Under the world, there is such an incredible thing?"

And just when everyone was shocked.

Between Su Lang and Chang Henzi, the massive Jiudu twisting power was just penetrated by Chang Henzi Badu twisting power.

Immediately after.

This powerful twisting force of Eight Dus hits Su Linger's twisting force, and then, like a plume of blue smoke, it is directly annihilated!

This scene directly made everyone stiff and their expressions frozen!

That incredibly terrifying Badu twisting power was so easily annihilated!

Not only that, the twisting power of Jiudu is still missing, and the force is like a broken bamboo, and continue to kill Chang Henzi!

"No! It's impossible!!"

Chang Henzi was extremely horrified and even felt a trace of despair!

It's about to die!

He violently blocked the Eye of the Nine Yin Candles in front.

And the body burst open, all flesh and blood and energy poured directly into the eyes of Candle Nine Yin.

There was only a trace of flesh and blood that was invisible to the naked eye attached to a broken mirror surface, exploding at a speed that everyone could not match, and disappearing directly!

The next millisecond.

The remaining twisting force of Jiudu slammed into the eyes of Zhujiuyin.

Zhu Jiuyin Eyes used the last force left by Chang Henzi to condense the twisting force to resist, but the effect was low.

"Kang Dang!!"

There was a toothy shattering sound, followed by the painful and miserable sound of Qi Ling!
but.

The Eye of the Nine Yin Candles was not completely broken.

Because the remaining power of Jiudu's distortion is too little and too little, it is directly consumed.

Perceiving this, the Eye of the Nine Yin Candles was pleasantly surprised and immediately fled towards the distance.

"Where to escape? Little eyes?"

Su Feng thought, Xing Cuan Yun He clone was dispatched directly to the escape direction of the Eye of Jiu Yin, intercepting it.

Immediately afterwards, the two double-teamed over, instantly trapping the broken and severely wounded Eye of Nine Yin!

"I will never surrender!!"

Seeing that he was trapped, the spirit of the Eye of the Nine Yin Candles suddenly despaired.

However, it is absolutely impossible for him to beg Su Lang for mercy.

He passed on countless times of reincarnation, and was used by Chang Heng Zi Chang Heng Nv, and never fell into the hands of others.

Born in the Palace of Changhen, he will always be the weapon of the Palace of Changhen, and he will never surrender!

"Ha ha!"

"It's not rare for me to surrender!"

Su Lang smiled disdainfully, "I will kill you, and then refine another Nine Yin Candle Eye!"

"I want to refine another candle nine-yin eye, dream!"

Qi Ling roared frantically, "I am unique, it is absolutely impossible to have a second candle with nine Yin eyes!"

[Chapter 1693: The soul of the Supreme Emperor](#)

"The frog at the bottom of the well."

Su Lang shook his head faintly, stretched out his hand to firmly grasp the broken candle nine-yin eye, and completely controlled it!

Immediately after.

"Start one-click decomposition!"

There was a sneer at the corner of Su Lang's mouth.

Wow!

A mysterious power descended on the body of the Eye of Jiu Yin.

Immediately after.

This piece of Liudu Godless Soldier, who had inherited countless times of reincarnation, crashed into pieces, and then turned into a torrent, digging into Su Lang's long sleeve!

"Ding! The decomposition is successful, you will get the Soul of the Supreme Emperor*10000, the Eye of the Nine Yin of the Candle*1, the Eyelid of the Nine Yin of the Candle*1, the Eyelid of the Night of the Nine Yin of the Candle*1, the Tears of the Nine Yin of the Candle*1000, Scales of the Nine Yin Candles*100000..."

Accompanied by system prompts.

A large number of Godless materials appeared in Su Lang's storage space.

On the contrary, the materials of the emperor level are very scarce, because not many emperor level materials are qualified to be refined into Liudu Godless Soldier!

"Haha!"

"A full ten thousand souls of the Supreme Emperor!"

"Such a terrifying number, if I rely on myself to kill, I don't know how long it will take to collect.

"It's all right now. The number is 10,000. The next few weapon evolutions don't have to worry about the soul of the Supreme Emperor!"

"That's right, I heard Yuan Qing said that Liudu Godless Soldier Candle Nine Yin Eyes can observe great movements within a billion light-years of vertical and horizontal!"

"A billion light-years, this is the scope of the entire exile, equivalent to a large area of the sea of stars!"

"If I refine it, and if there is a big movement in other places that I don't know, I can observe it with the Eye of the Nine Yin Candles!"

"..."

Su Lang looked at the materials in the storage space, and his mind was full of thoughts, and he quickly settled on the idea of refining the Nine Yin Eyes.

of course.

He does not intend to refine it now.

"Bi Yelin, are you okay!?"

Su Feng took the avatar of Xing Cuan Yun He, held Su Ling'er, and flew to Bi Ye Lin's side.

In order to help him, Bi Yelin used the self-harm secret technique of their Qilin clan, and the loss should not be small.

"Nothing serious!"

"I will recover soon."

Bi Yelin shook her head, but touched Tianlin Teeth distressedly.

"You can take these pills and take them, and ask me if they are not enough."

Su Lang smiled, took out a large amount of healing medicine from the storage space and handed it to Bi Yelin.

"Ok!"

Bi Yelin didn't refuse, but accepted it happily.

"If your weapon needs to be repaired, you can prepare enough materials. I will help you repair it, or even promote it."

"Of course, if you want to advance, you need more materials."

Su Lang glanced at the damaged Tian Lin Fang and said to Bi Yelin.

"it is good!"

"I have prepared the materials, so I will ask Fellow Su Dao to repair the weapon."

Bi Yelin nodded. Although she could also repair the weapon by herself, it would take too much time.

The two had finished talking.

The gaze fell on Yu Qing's body in unison.

"Friend Su Lang!"

Yu Qing flew to Su Lang's side, with a trace of worry and shock still remaining on her face.

Worry is naturally worried about Su Lang.

The shock was naturally because Su Ling'er actually condensed the power of Jiudu's distortion.

"Thank you for helping me just now."

Su Lang smiled slightly and thanked Yuqing.

It can be seen that Yuqing had tried his best to stop Chang Henzi before, and also used a Qidu Godless Soldier!

It was a real Qidu Godless Soldier, a purple-gold long sword, held in Yuqing's arms.

Su Lang looked at the purple-gold long sword with his peripheral light, and recognized its name through the weapon recognition ability.

This sword is called the Ziqingxuantian Sword, and its power is very terrifying.

"I didn't help before and put you in a dangerous situation."

Yuqing smiled and shook her head, and said, "Fortunately, you are fine, otherwise I can't explain to the master."

"Oh?"

"Your master told you to come to me?"

Su Lang's expression changed, "Why would he let you come to me?"

"It's because he knows that Chang Henzi is going to hit the blue blood sky..."

Yuqing hesitated for a while and said, "Master, he doesn't want the high-ranking supreme emperors of the Exile Land to make hands with each other before the war of reincarnation."

[Chapter 1694: Your master is reasonable](#)

"I know his mind."

"He is also to make this era of reincarnation successfully lead to the coffin of Nine Dragons."

Su Lang nodded and asked immediately, "However, how did he know that Chang Henzi hit the blue blood sky?"

"Master also has another Liudu Godless Soldier, named Xuanji Chessboard."

"This Godless Soldier can investigate the entire place of exile like the Eye of the Nine Yin Candles, but the form is different, and each has its own merits."

Yuqing simply informed Su Lang about the mysterious chessboard.

"what!"

"It is a great courage to observe all the strong players in the world with a chessboard and turn them into red dots suspended in the chessboard."

Su Lang heard Yu Qing's explanation, and suddenly he was surprised.

Zhan Taiqing deserves to be the strongest leader of the Exile, and he has such a powerful treasure.

Fortunately, the martial artist represented by the red dot cannot be directly observed on the Xuanji chessboard, and even no picture is visible.

Zhan Taiqing could only deduce himself and figure out who a certain red dot represents.

Otherwise, Su Lang's various secrets might not be kept.

"Ugh."

"Master is also a last resort."

"He observes the world with a mysterious chessboard in order to determine the movements of the strong, so as not to cause a big battle."

Yuqing smiled, with a trace of apology on her face, no matter how legitimate the reason, secretly spying is something wrong.

"Ok."

"I know."

Su Lang nodded and said, "But now that the war is over, and Chang Henzi is dying and fleeing, what are you going to do now?"

"Go back and report it truthfully."

Yuqing smiled bitterly, "This time I am completely responsible for the long hatred of my son. Daoist Su Lang and Bi Xuetian are not to be blamed at all. The master will not say a word."

"Your master is reasonable."

Su Lang smiled, "Then, I will go to retreat now, and you should report back to the Supreme Nine Qing Palace."

"what?"

"I, I still have a pill that I want to invite Daoist Su Lang to refine."

Was Yuqing stunned for a moment, then lowered his head and said, "I will just send the news back to the report."

"Refining pills? Okay, no problem!"

Su Lang nodded and looked at Bi Yelin again, "I'll take Yuqing to refine the pill. I will trouble you to clean up the mess."

"Well, it should have been."

Bi Ye Rin naturally had no objections, and watched Su Lang holding Su Ling'er and flying towards Bi Xue Tian resident with Yu Qing.

Thanks to the efforts of Mo Lu and countless Jade Blood Heaven monsters, Jade Blood Heaven's resident site had been lifted off again at this time, almost restored to its original state.

Su Lang took Su Ling'er and Yu Qing directly to the floating building where he lived before.

"Come!"

"Ling'er, let me check for you first."

Falling into the hall, Su Lang covered Su Ling'er's Heavenly Spirit with his hands.

Su Linger immediately let go of all precautions and let Su Lang explore her body.

Su Lang's spirit power entered her body, and soon found the girl phantom condensed by the twisting power.

Used that trace of the twisting force of Nine Crossing.

The phantom of the girl suddenly became blurred, like a shallow mosaic.

"It's blurred again."

"Well, I'll decode it for you again."

Su Lang raised his eyebrows and directly began to instill cultivation skills into Su Ling'er.

Anyway, these cultivation bases would be swallowed by the girl's phantom, and Su Ling'er's realm would not rise like a rocket.

Therefore, it doesn't matter if Yuqing is nearby.

quickly.

Su Lang instilled in Su Ling'er a quasi godless level of cultivation, so that the girl in her body became clear again.

"Hehe."

"It will be available again next time!"

The corner of Su Lang's mouth twitched, and he patted Su Ling'er's head, "Next, I'm going to make alchemy. It will take some time, Ling'er, you can take Miss Yuqing to play."

"master!"

Su Ling'er pulled Su Lang's clothes and acted like a baby, "Why don't you take Yuqing Guliang into the universe of life with me? We want to play mahjong~"

"Okay."

Su Lang agreed unavoidably.

When Yuqing heard this, he suddenly stopped talking.

She was also going to say just now: I want to see Su Lang alchemy and learn some.

But since Su Ling'er had already offered the invitation, and Su Lang had agreed, she could only go to Su Lang's life universe.

[Chapter 1695: Refining the Nine Yin Eyes of the Candle, Ao Yu](#)

then.

Su Lang opened the Universe of Life and took Su Linger and Yuqing into the Dantian Universe together.

Although Yuqing is a Four Crossing Supreme Emperor.

But Su Lang's Dantian universe is very stable, and it is no problem to accommodate her!

Finish it all.

Su Lang took out the Soul Chasing Emperor Palace and entered the quiet room.

"Next."

"Refining the Eye of the Nine Yin Candles!"

Su Lang took out a large amount of materials from the storage space and filled the entire quiet room.

"It's a pity that I couldn't kill Chang Henzi!"

"Otherwise, a Liudu Supreme Emperor can definitely provide me with a lot of wealth!"

"Maybe, it's enough for me to upgrade the system functions, plus evolution to strengthen the weapon!"

With a trace of regret, Su Lang began to sort out the materials in front of him.

Ten thousand copies of the Soul of the Supreme Emperor are divided into half first and reserved for weapons such as the Evolution Youtian Sword.

Anyway, he would never need 10,000 copies of the Soul of the Supreme Emperor to refine the Eye of the Nine Yin Candles.

He thought it was a bit too much to leave five thousand copies.

After all, when Xiaoyou evolves to Sidu Godless Soldier, he only consumes 200 shares of the Soul of the Supreme Emperor.

Xiaoyou is a super gold-swallowing beast that eats materials, and has more materials than other weapons of the same level.

In addition to the Soul of the Supreme Emperor, and many materials such as the Tears of Nine Yin Candles, Su Lang also divided some of them.

Anyway, if the level of the refined product is not high enough, the evolution of the remaining materials is the same.

"Well, if I get richer, I don't have to be so careful."

Finally selected the materials, Su Lang sighed, and issued a command: "System, use the specified materials to refine the Eyes of Nine Yin!"

"Ding! Successful refining, you will get the Six Crossing Godless Soldiers, the Eyes of Nine Yin Candles!"
moment.

A black bowl appeared in Su Lang's hands out of thin air.

"It's refined!"

"Haha, it is still Liudu Godless Soldier!"

"And the quality seems to be much higher than before being disassembled, reaching the limit of Liudu Weapon!"

Su Lang happily placed the Eye of the Nine Yin Candles in front of his eyes, but saw that there was a puddle of water inside, and the surface of the water was dangling white, and there was nothing to see.

"Where is the spirit? Come out!"

Su Lang knocked the edge of the black bowl with his hand.

"the host!"

Accompanied by the girl's soft and innocent voice.

A little dragon broke through the water from the bowl, flew out, and circled Su Lang very affectionately.

This little dragon has a cold bone color, and its head, back and tail are covered with long white hair. Its two eyes are particularly conspicuous. Its appearance is like a candle nine yin!

The candle nine yin is the top category of all dragon races, surpassing the dragons such as Bingyi, Yinglong, and Five-Clawed Golden Dragon.

When its eyes are opened, night turns into day; when its eyes are closed, day turns into night, its strength is very terrifying!

"Since you are a dragon clan, I will name you Ao Yu."

Su Lang teased the Jiu Yin Qi Ling in his hand and gave it a name.

"Ao Yu, thank the master for giving the name!"

Xiaolong Ao Yu showed his gratitude, bending over to salute Su Lang.

"Ok."

"You have a chance to change into a human form, just follow this image."

Su Lang thought, and a cute white-haired little dragon girl appeared before him.

This is based on his metamorphosis based on the character in Blue Star's last game of Kings two thousand years ago. The character is called "Yao-Meet the Deer".

"Yes, master!"

Ao Yu immediately began to change and eventually became the image that Su Lang prepared for her.

"Yes, so cute!"

Su Lang looked up and down Ao Yu and smiled very satisfied.

Ao Yu was very happy to see the master, and laughed herself.

"Ao Yu."

Su Lang asked with a smile, "Can you observe events that are one billion light-years away?"

"Yes Master!"

"The closer you are, the clearer Ao Yu can see, and you can see it directly!"

"If it's too far away, you won't be able to see clearly, and the pictures you see are what happened before, not what happened now."

"In addition, if the observed target has a strong large-scale concealment method, it may not be seen."

"..."

Ao Yu was very obedient and explained her abilities clearly.

"That's it."

Su Lang nodded with a smile, and then asked, "Then now, is there anything major happening in the place of exile?"

[Chapter 1696: The Great War in the West](#)

"Well....."

Ao Yu stared at Su Lang, "Please instill energy into Ao Yu, let Ao Yu take a look!"

"Ok, no problem!"

Su Lang nodded, and immediately poured a lot of energy into Ao Yu's body.

These energies enter the black bowl, like being swallowed by a black hole, completely disappearing.

Gradually.

The calm water surface in the black bowl is no longer a piece of white shaking, but a brand new scene appears.

It was a land formed by loess, with bare yellow mountains, ravines, and plains everywhere, with almost no plants in sight!

And in this land, there is a big battle!

One by one, the eminent monks with bright bald heads and serious faces, wearing red and yellow Buddha robes and robes, were suspended in the sky.

Tens of millions of miles near every eminent monk are bright Buddha lights!

The place where the Buddha's light shines is the light of the Buddha. All living beings are saved and become devout believers!

however.

Those eminent monks and great virtues are experiencing a terrible battle, and it is too late to protect their believers.

In the godless battlefield, terrifying energy swept everywhere, and countless creatures flew into ashes and annihilated!

even.

Some monks with weaker cultivation bases are also falling one after another!

Groups of bright rays exploded, leaving behind many translucent shining relics.

Some of these relics disappeared into the void and disappeared, while others were destroyed again and completely fallen!

Let's look at the objects of the great monks fighting.

That turned out to be a bald monk, but he was wearing a black and white robes, his face was handsome and evil, and his cultivation was extremely terrifying!

A burst of gloom radiated from his body, and all the irradiated creatures turned into **** evil spirits!

Even the eminent monk who is fighting against him will be assimilated into an evil degenerate monk if he is not careful!

"This is...Liudu level battle!"

"These great monks and great virtues are not from Leiyin Temple!?"

"Their practice is actually very similar to my Mingguang Ten Thousand Realms, which is dominated by Radiation Avenue."

"Even the power of twisting is mostly twisting and radiating avenues and ancillary regular avenues, forming a terrifying Buddha light!"

"The person wearing the black and white robes is even more terrifying. Only for the moment, he is a bit more powerful than Chang Henzi who has not used his hole cards."

"I don't know, what is the origin of this monk wearing black and white robes..."

Su Lang silently observed this battle, analyzing the power levels and techniques in it.

at the same time.

In the Supreme Nine Qing Palace.

Zhan Taiqing is also paying attention to this battle!

On the chessboard, in the extreme west, red dots of light continued to dance around, besieging a crimson dot.

There are at least fifteen Godless Grades who participated in the war, among which there are many four-pass and five-pass strong!

"The foundation of Leiyin Temple is much stronger than it shows."

"They Buddhism are good at prolonging life span and handing down to the world. There are so many old monsters left."

"However, who is the crimson light spot that suddenly appeared? Where did it come from? Why did it cause the strangulation of Leiyin Temple?"

"Huh? Is there a god-level fallen!? No, I must send someone over to see!"

"..."

Zhan Taiqing looked at the disappearance of a red dot on the battlefield in the west, and suddenly looked shocked, and immediately sent the clone and Junior Brother to check.

"Ugh!"

"Forefoot Chang Henzi attacked Bi Xuetian and was beaten almost to death."

"This kind of terrifying battle happened in the extreme west again on the back foot. It is really eventful!"

"If this continues, can this era of reincarnation lead to the coffin of the Nine Dragons!?"

With a sigh, Zhan Taiqing took out a pill made by Su Lang, and put it in his mouth, very precious...

Bixuetian resident.

Through the Eye of the Nine Yin Candles, Su Lang kept watching the battle between the righteous and evil Buddhas in the west.

In a godless battle, there is usually a difference between life and death in just a few breaths.

But those righteous Buddhas and evil Buddhas have been fighting for a long, long time.

The surrounding loess land was beaten into deep pits, not inferior to the battle traces left by the original battle between Su Lang and Jing Yuanbai.

However, the evil Buddha still faintly won.

Not only annihilated a quasi godless-level orthodox Buddha, but also a godless-level orthodox Buddha!

[Chapter 1697: Everyone, please pause for a while](#)

"This... do you want to intervene?"

Su Lang frowned. After all, the place of exile was to save power and wait for the battle of reincarnation.

And he was also very interested in those monks, and wanted to see if it was the same as in his impression.

Thought of this.

Su Lang is about to dispatch a clone directly.

This is another benefit of the Eye of the Nine Yin Candles.

For Su Lang, with the ability to dispatch the clone, it can directly cross the distance of five or six billion light years to send the clone to the place of observation!

In the past, Su Lang couldn't do this, so he had to dispatch clones one by one and develop dispatch maps one after another.

The extreme western border of the land of exile!

Boom boom boom!

A shining Buddha swayed countless Buddha lights, forming a lot of magical powers, and blasted at the monk wearing a black and white robe!

The world is filled with terrifying twisting power.

"Heart, I advise you to put down the butcher knife immediately!"

The sound of a powerful monk at Liudu Peak is like Hong Zhong, as if to make people wake up.

Wearing a red and white robes, this person is the contemporary abbot of Leiyin Temple, no Master Hai!

He who became a "right heart" was naturally the handsome monk with an evil face in black and white robes.

"Ha ha!"

"You so-called orthodox Buddhas are just running dogs who help the evildoer!"

"My heart is upright, I would rather twist myself and fall into evil ways, and never get along with you hypocrites!"

Monk Xinzheng was completely unmoved by Master Wuhai's persuasion, instead he showed disdain and sneered fiercely.

"Heart!"

"We at Leiyin Temple have gathered all the resources to help you in your practice. Could it be such a result!?"

Another old monk with a beard, wrinkled face, and no gloss on his bald head called out heartily.

"Help me practice!?"

"Fart, you just want to use me as a tool to explore the coffin of the Kowloon, explore the unknown, and explore the ultimate secret of the exile!"

"I have already fully realized that the place of exile is related to the top level of the game in the boundless world. I will never let you succeed!"

The front face of the heart is distorted, and the eyes are full of pain.

He faced the masters who taught him to raise him, but he suddenly knew one day that these masters had ulterior motives!

These masters, and even the entire Leiyin Temple, have long been the tentacles of the terrifying existence that has invaded the Infinite Realm. They want to explore the ultimate secret of the exile!

And Xinzheng is a Buddhist genius who has been reincarnated in hundreds of reincarnation times and has accumulated countless Buddhist wisdom.

of course.

Every time he reincarnated, he would restore his innocent heart and lose all the memories of his previous life.

Only in this way can he maintain the most transparent and pure Buddha mind.

It was precisely this kind of Buddha's mind that allowed him to cultivate into an infinitely close to Qidu Godless existence in this age of reincarnation in just one billion years!

After seeing the true face of Leiyin Temple, Xinzheng didn't want to be the tentacles of the black hand, so he twisted himself and became what he is now.

Then, he stole the Liudu Godless Soldier Dharaming Incense Burner from Leiyin Temple, preparing to escape into the turbulence of Western time and end himself.

But on the way, he was stopped by the strong men who were dispatched by Leiyin Temple, and the battle started.

"Heart is right."

"Futility of resistance will only cause more tragedies."

Master Wuhai sighed, "For the sake of countless creatures in the boundless world, come back!"

"Gougou fly camper, get out!"

The heart was shouting sternly, like a ghost crawling out of hell!

"In that case, suppress him!"

Master Wuhai took a deep breath, once again used the terrifying Buddhism supernatural powers to kill the heart.

The rest of the Leiyin Temple powers naturally also started together, using a special magical power to connect to each other, and perform stronger attacks.

And just now!

Two powerful Liudu Godless-level auras descended from the sky, straight into the battle group!

"Everyone, please pause for a while?"

The person here is Su Lang and his Xing Cuanyun avatar, because the swallowing avatar is not over yet, so they are all Liudu Godless Level!

As for Master Wuhai and Monk Xinzheng, seeing that two Liudu level powers had suddenly come, their pupils suddenly shrank and stopped!

[Chapter 1698: It's pretty good, not bad](#)

"Who is this!?"

"Obviously they are two supreme emperors of the Liudu level, but why have I never seen it before!?"

"The weapons in their hands are so powerful, a Liudu-level Godless Sword, and a Wudu-level Dragon Niu Yuxi. I have never seen it!"

"Could it be that they are the old monsters of the last reincarnation era that awakened from the long river of time!?"

"However, the records of our Leiyin Temple betting on the reincarnation era and even the ancient reincarnation era are very clear. There is no such powerful weapon!"

"Could it be that they could not come from the boundless universe?"

"..."

One by one, the Supreme Emperor and Zhun Supreme Emperor Zhengfo looked at Su Lang and his avatar, his eyes flickered, and his heart was full of thoughts!

"Who are these two?"

"Why should I suddenly intervene in my fight with Leiyin Temple!?"

Monk Xinzheng also frowned slightly, wondering where Su Lang and his clone came from.

at this time.

"Ah ha ha!"

"Everyone has stopped, it's pretty good, not bad!"

Seeing that Xinzheng and Master Wuhai stopped, Su Lang suddenly smiled with satisfaction.

"Dare to ask how the two donors are called and what is the purpose of coming here?"

Master Wuhai took a deep breath and asked, his voice loud as Hong Zhong's roar.

This problem came out.

Everyone's eyes fell on Su Lang and his clone.

"Under the name Su Lang."

"This is my clone, no name."

Su Lang smiled, and simply admitted Xing Cuanyun's identity as a clone.

After all, he used his clone to deal with Chang Henzi before, but was seen by Bi Ye Lin, Yu Qing, and Bi Xuetian monsters.

This matter will be announced sooner or later.

So it's better to just admit it.

But he admitted, but Wu Hai and other monks did not believe it!

"Clone!?"

"How is this possible, the donor is joking!"

"Yes, the donor himself is the Liudu Godless Grade. Could it be possible to condense the Liudu Godless Grade clone?"

"..."

Mage Wuhai and other monks looked at each other, flatly do not believe that a Liudu Supreme Emperor could condense a clone that was not inferior to the deity.

Not to mention the supreme emperor, even at a weaker level, such a situation will almost never happen.

Monk Xinzheng did not believe this either.

If the other party can really condense a avatar of the Liudu level, then where do they put the faces of martial artists of the same level...

"I didn't lie, just forget it if you don't believe it."

Su Lang smiled faintly, he also knew that his clone was so strong that it was a bit weird.

"Then...what is the intention of Su Lang's donor...?"

Mage Wuhai glanced at each other with the surrounding colleagues, and looked at Su Lang solemnly.

There are two Liudu Godless Grades on Su Lang's side.

My own side and Xinzheng are on one side, six crossings without God, no matter which side Su Lang joins, he can beat the other side!

No, it should be able to sling the other party directly.

"What is my purpose?"

"That's it, I'm a guest in Bixuetian, and I see you guys fighting, so I'll come and have a look."

"Both of you are practicing Buddhism, why can't you sit down and talk about it?"

Su Lang still smiled, "Even if you don't agree, you can wait until the war of reincarnation."

This statement came out.

Master Wuhai and others, together with Monk Xinzheng, were taken aback.

what?

Was a guest on Bi Xuetian, but saw a fight here?

My God, the Jade Blood Sky is in the extreme south, and here is the extreme west, the distance between the two is more than 600 million light-years, can this be seen?

However, shock is shocked.

With the facts in front of them, they also knew that Su Lang had actually seen it!

And not only did I see it, but also directly sent it over to persuade me to fight!

Tianle.

What kind of heaven-defying tactics does this Su Lang donor possess?

Is it the legendary Sky Eye Tong and Buddha Foot Tong, you can see any place you look at and go where you want to go?

However, that kind of supernatural power can only be mastered by the real Buddha.

And what realm is the Buddha?

It's the real primordial realm!

Can this Su Lang benefactor master the methods of the Primordial Realm?

There were countless thoughts in the minds of Master Wuhai and Monk Xinzheng, and their eyes towards Su Lang became more solemn.

[Chapter 1699: The Buddha in the myth really existed](#)

"I said, why don't you say anything?"

"I'm here to make peace and things are getting old, you still can't fight, just say something!"

Seeing that Mage Wuhai and Monk Xinzheng didn't speak, Su Lang raised his brows and asked.

"This....."

"Heart is right, let's stop here today!"

"But you can't sit in the turbulent flow of time!"

Mage Wuhai took a deep look at Su Lang, then turned to look at Monk Xinzheng, with a firm tone.

The reason why he gave up continuing to do it was completely afraid of Su Lang.

After all, Su Lang had already said his intentions, if he didn't give face to Master Wuhai, I'm afraid he would be hammered!

"Humph!"

"A group of hypocrites, Wuhai, you can't control me!"

"I will not only sit and transform, but also bring the Dharamura incense burner into the turbulence of time, so that you will never find it!"

Monk Xinzheng was different from Master Wuhai. Although he was also afraid of Su Lang, he was not afraid of dying at Su Lang's hands.

What he was afraid of was that the Dharaming incense burner fell into the hands of Master Wuhai.

The Godless Soldier, the Dharaming Incense Burner, played a very important role in the exploration of the final secrets of the exile.

However, the words of Monk Xinzheng stunned Su Lang.

He grew up so much, it was the first time he saw a strong man who wanted to commit suicide, and he was also a Six Crossing Supreme Emperor!

"The master."

"What can't you think of?"

"Or, what is your secret?"

"It doesn't matter, I can help you, I am a very versatile person, maybe I will help you solve the problem!"

After a while of surprise, Su Lang still smiled slightly and persuaded him to be upright.

Now that the power of Liudu level is very rare in the land of exile, how can you say that you die?

"Help me solve the problem?"

"Okay! There are two ways to solve the problem I am facing now."

Monk Xinzheng smiled coldly, "The first method is to help me kill Master Wuhai and the others, and the second one is to kill me and destroy the Dharaming incense burner."

This statement came out.

The expressions of Master Wuhai and others changed drastically.

They extremely didn't want Su Lang to make a move, but now Xinzheng actually took the initiative to let Su Lang make a move.

"The reason?"

"I want to know why."

"Actually I am very interested in you Buddhism."

"You are the Buddhists that have flown from the Boundless Realm. I really want to ask, are there any powers such as Amitabha, Tathagata Buddha, Guanshiyin Bodhisattva, Ksitigarbha Bodhisattva, etc. in the Buddhist gates of the Boundless Realm?"

Su Lang smiled faintly, a pair of curious eyes swept back and forth on Xinzheng and Master Wuhai.

"Amitabha!"

"Tathagata Buddha!"

"Bodhisattva!"

"You...you actually know these titles, who are you!?"

"Is it possible that you are a great power who has flowed here from a certain continent in the boundless world?"

"Did you fall here from the Heavenly Jade Continent, Tianxiao Continent, or Tianmi Continent?"

After hearing Su Lang's words, Master Wuhai was shocked and couldn't help asking.

Those titles are extremely ancient, and for some reason, these titles are not allowed to be mentioned.

Over time, fewer and fewer people remember.

Even in Buddhism, only a few people know these titles.

however.

At this time, it is unbelievable that a person outside of Buddhism said these honorable titles!

The other side.

Su Lang was also shocked.

Although he had speculated in this regard before.

But getting the exact answer from Master Wuhai was really shocking.

Those familiar Buddhas and Bodhisattvas in myths and legends are actually figures in the boundless world!

So what about the other characters! ?

"Sorry, I didn't come from Infinity."

"Just came here from a remote star field in the boundless universe."

Su Lang asked with bright eyes, "Besides, I want to ask again, do you know that Buddha Shakyamuni, the ancient Buddha of burning a lantern, the fighting and defeating the Buddha... and the Jade Emperor, Queen Mother? , Erlang Shen..."

One by one, the names came out from Su Lang's mouth, and Master Wuhai was taken aback by surprise.

He has heard of a few of the names Su Lang said about Buddhism, and he has never heard of some of them.

As for the other things that had nothing to do with Buddhism, he didn't know any of them.

[Chapter 1700: The reason why monk Xinzheng wants to die](#)

"how about it?"

Su Lang looked around at everyone and asked, "Do you know these great abilities?"

Except for Master Wuhai, the other righteous Buddhas all shook their heads, obviously only Master Wuhai knew.

but.

Just when Su Lang was about to ask Master Wuhai, Monk Xinzheng spoke.

"I don't know where you heard these names."

"The powerhouses you mentioned have already disappeared in the long river of time."

"If I remember correctly, they are all strong men before the Battle of the Infinite Realm, and they died fighting to protect the Infinite Realm."

Monk Xinzheng looked at Su Lang and shook his head while saying that one of the respects appeared on Xieyi's face, which looked strange.

"Are you a character before the Battle of Infinity Realm?"

"Yes, Assafir also said that in that battle, the Western gods were all destroyed!"

"The Buddhism close to the West must have been nearly devastated in that battle, and important people have disappeared."

Su Lang listened to Monk Xinzheng's words and nodded while muttering.

Immediately after.

He looked at the Xinzheng monk again and asked with a smile: "You haven't said the reason yet, the reason you want to die!"

"It's okay to tell you."

"After the Battle of the Infinite Realm, the Infinite Realm collapsed into four continents!"

"Among them are Tianxuan, Tianming, Tianting, and Tianmi Continent."

"The remaining Buddhism has taken refuge in the culprit who invaded the Infinite Realm. They occupy the Tianmi Continent, help the evildoers and enslave all beings."

"And the place of exile is actually the back hand of a certain super power in our boundless universe. It is very important."

"The Leiyin Temple in the place of exile is a branch of the Buddhism of Tianmi Continent, and the tentacles of the black hand behind the scenes. Its purpose is to explore the ultimate secret of the place of exile."

"I, my heart is right, it is a chess piece that they have spent a hundred generations of reincarnation, prepared quietly, why I will resist you should be clear."

Monk Xinzheng said lightly, a trace of anger emerged on that evil face.

"what?"

"Buddha has taken refuge in the invaders?"

Su Lang looked at Master Wuhai and the others with a little shock. These people were bright and magnificent, and they secretly did that kind of contemptible thing!

"The heart is right, you have to recognize reality."

"The Boundless World has failed since that battle."

"You, I, and he are all lingering and panting. In order to make more of the boundless creatures lingering, we can only give in."

"Everything we do is for the sentient beings of the boundless universe!"

Master Wuhai folded his hands together, his expression was serious, and the Buddha's light on his body became brighter.

"absurd!"

Monk Xinzheng sneered again and again, "To survive through struggle is the right way, and to survive through compromise, you are already dead."

"Yes!"

"We really don't have our hearts anymore, we exist in name only!"

Mage Wuhai nodded without change, "But those creatures who don't know the truth of the world, they are really alive, isn't that bad?"

Monk Xinzheng sneered and said, "Is it good to live ignorantly without even knowing the world you are in?"

"In the universe."

"How many creatures can get out of the planet where they were born?"

"How many creatures can get out of the star field they are in?"

"How many creatures can touch the truth of the universe? With a right heart, you are in sight."

Master Wuhai shook his head and said word by word.

"Humph!"

Monk Xinzheng snorted and continued: "..."

Su Lang was listening to the debate between the two monks.

but.

He probably also understood why Xinzheng and Wuhai were both Buddhism, but they were separated from each other and opposed each other.

Because their true camp is already different!

Although they are both practicing Buddha, the camp of the Xinzheng monk is the boundless universe, and Master Wuhai and others are the men of the invaders.

However, Master Wuhai and others seemed to be in the heart of Cao Ying, who were thinking of the creatures of the boundless world.

Of course, this is just what it looks like on the surface.

and.

In any case, Su Lang still appreciates the monk Xinzheng more.

A strong man who had cultivated to the Liudu Godless level and stood on top of countless creatures was willing to sit on his own in order to stop the invaders.
