Chapter 17: Capital crime can be avoided and living crime cannot escape!

"That's...that's it. Look, can you let me go."

Cai Feng told all the information about the stronghold, and then looked at Su Lang eagerly.

However, although on the surface he was eager, there was a sneer and excitement about revenge in his heart secretly.

Just let him think about breaking his head, and he never thought that Su Lang was already a high-level body tempering at this time!

Moreover, in about an hour, you will be able to break through to the peak body tempering!

With such strength, in the absence of stronghold guards, it can be rampant.

"Um... I fulfill my promise and spare your life."

Su Lang withdrew Tang Dao from Cai Feng's neck and smiled satisfied, revealing shining white teeth.

"Then I'm leaving, and I'm grateful for my mercy!"

With surprise in his eyes, Cai Feng hurriedly thanked him, before turning around and fleeing.

"Wait!"

Su Lang's mouth twitched and stopped Cai Feng, "Did I let you go?"

"Huh? This, this, you said forgive me!"

Cai Feng shouted badly in his heart, and his figure trembled again.

"I intend to spare your life, but the death penalty is forgiven, and the living sin cannot escape."

Su Lang pulled a knife, and a faint sneer was outlined at the corner of his mouth, "Go, leave a pair of hands!"

This Cai Feng was one of the culprits who directly killed Su Lang's predecessor.

How could Su Lang spare him so easily?

"Leave your hands!? You...you broke your promise!"

Cai Feng was shocked when he heard the words, and immediately said angrily, "Everyone is also a junior tempering body, before I was only controlled by you, so I let you kill!"

Anyway, I am also a person who has hunted fierce beasts. You are a trash who has just left the city. I really thought I was afraid of you! ? "

"Hahahaha, are you afraid of me?"

Su Lang laughed: "Then what were you doing on the ground just now?"

"You bastard! Die to me!"

With shame and anger, Cai Feng gritted his teeth and pulled out a dagger from his waist and slammed it at Su Lang.

"You did it first, don't blame me if you die."

Su Lang sneered, his wrist flipped, and the blade was empty.

Immediately, the sharp blade of light flashed like thunder, and Cai Feng's anger instantly solidified.

"This is impossible..."

Cai Fengman opened his mouth in horror, and then a lot of blood spurted from his neck, and his body collapsed.

Until death, he didn't understand why Su Lang had become so powerful!

"Isn't it okay to hand over your hands obediently?"

Su Lang shrugged, knelt down to clean up Cai Feng's finances, and hurried to the stronghold of the Broken Axe Hunting Group.

Now that the nest of the Broken Axe Hunting Group is empty, it is a good opportunity to ransack the home!

It is important to know that strongholds and strongholds often trade with each other, and often purchase valuable materials in the hands of individual people, and there are definitely not a few reserves.

Even the lowest level F-level stronghold is absolutely amazing enough!

According to the information provided by Cai Feng, Su Lang bypassed more than a dozen arrow tower posts and came to the center of the stronghold of the Broken Axe Hunting Group.

The stronghold of the Broke Axe Hunting Group did not build any hard barriers.

Because almost every ten years or so, there will be a wave of fierce beasts attacking the city, then these strongholds will be completely vulnerable and will be destroyed.

Therefore, most F-level strongholds are **** side by side with huge and smooth wood, forming a simple city wall.

Following the city wall, Su Lang quickly found the underground tunnel in Cai Feng's mouth.

"Cai Feng's words can't be trusted, you have to be careful."

Su Lang opened the underground tunnel entrance and cautiously touched in. The secret tunnel is dark and damp, but fortunately, Killer Su Lang has rich experience, and he has experienced a lot of this environment, so he can deal with it freely.

Carefully walked through the underpass, without encountering any danger during the period.

But when he was about to reach the exit, Su Lang heard a moment of movement.

"This secret path is guarded!"

Su Lang's expression was startled, "Then Cai Feng is deceitful."

Immediately, Su Lang slowly walked towards the exit, and the guard was just above his head.

"Intermediate body quenching."

Su Lang glanced at the guard, then rushed out.

"Who?"

The watcher showed vigilance, but before he could see the person's figure clearly, he felt a ray of sword shining in front of him.

In an instant, the guardian's scalp exploded with horror.

He tried his best to dodge to the side, but still to no avail.

The cold blade cut into his throat, and the endless pain swept through his body, depriving him of all consciousness.
