

One Click 1741

[Chapter 1741: You just hit it](#)

Through the weapon recognition function.

He could easily recognize that the level of the Nine Dragon Coffin had reached the Quasi-primary level, and even touched a higher level!

"The Nine Dragon Coffin!"

"With you, you can learn all the secrets of the Exile!"

"..."

Feng Ziyu looked at the coffin of Nine Dragons in the sky, a cold light flashed in his eyes.

"The coffin of the Nine Dragons, I will definitely win it!"

"Feng Ziyu, I don't care what your background is, don't want to fight with me!"

Zhan Taiqing stared at the Nine Dragon Coffin, his eyes were red!

Since the establishment of the Supreme Nine Qing Palace, he has exhausted every effort to lay out and cultivate the strong, all for the coffin of Nine Dragons!

At this moment, the coffin of the Kowloon is right in front of him, how can he not be excited?

"whispering sound!"

"Old trash in a place of exile, dare to **** me!"

"When I kill you, I will kill all the creatures in the exile, and then board the Nine Dragon Coffin alone!"

Feng Ziyu looked at Zhan Taiqing with disdain, and suddenly he rushed to Zhan Taiqing with a big knife.

"Humph!!"

"Small bugs!"

Zhan Taiqing's expression condensed, and immediately urged the mysterious chessboard to fight against Feng Ziyu.

"Do you think I did my best before?"

"Tell you, I only used half of my power!"

"Because I want to keep you dedicated to humane will, a strong man like you, a hundred supreme emperors on top!"

"Now that the Coffin of Nine Dragons is present, you have lost all use value, and there is only one dead word in the end!"

Feng Ziyu let out a wild laugh, a more terrifying aura and twisting power erupted from his body.

"You concealed your strength, is there anything I have."

"You regard me as a tool to contribute to the will of humanity, why am I not?"

"Today, I, Zhan Taiqing, must board the coffin of Nine Dragons, Feng Ziyu, die!!"

Zhan Taiqing sneered again and again, his body revealed the fragrance of pill, and then suddenly broke through to the Badu Godless Level!

"The power of pill!?"

Fu Ziyu was shocked, but had no chance to guess.

Because Zhan Taiqing had already killed him with a mysterious chessboard!

Rumble!

Two terrifying powerhouses collide together, the aftermath of endless battles disperses again and again, each time it can make the earth vicissitudes of life!

at the same time.

The appearance of the Nine Dragons Coffin also stimulated a large number of other strong men.

One by one the strong were awakened from horror and absent-mindedness.

Some instantly escaped into the ground, without whereabouts.

Others fight with each other again, giving up their lives and forgetting their deaths, seeing death as home.

Most people in the exile do not fight for the Nine Dragon Coffin, but for their own hatred.

The appearance of the Nine Dragon Coffin represents that this era of reincarnation is about to end!

Once the Nine Dragon Coffin is taken, the remaining people are very likely to be slaughtered by that person.

Therefore, many people with deep hatred want revenge before they die.

Even if the enemy only died one step earlier, but the enemy died in his own hands after all, it was a relief!

There are a very small number of people who take the initiative to fight because they have the mind to fight for the coffin of the Kowloon.

Su Lang is naturally one of them.

"Feng Ziyu and Zhan Taiqing are both interested in The Nine Dragon Coffin."

"Although Zhan Taiqing has an old relationship with me, he has to stand on the opposite side at this time."

"If that's the case, you should fight first. I'll have a snipe and clam to fight for the fisherman's profit. It's really beautiful!"

Su Lang clicked the corner of his mouth, turned around and used the clone to dispatch and replace, and came to Yuqing's vicinity.

Rumble!

Yuqing is fighting desperately with an invading Supreme Emperor Wudu.

Although the opponent was the Supreme Emperor who fell from Liudu to Wudu level, he could actually use Liudu's twisting power.

But Yuqing not only holds the Ziqing Xuantian Sword, but also has a large number of Godless Grade best pill. It is not difficult to resolve the opponent's offense.

If it hadn't been for her cultivation realm to be at the Sidu level and unable to exert the power of the Purple Qingxuan Heavenly Sword, the opponent would have belched long ago.

"Hahaha!"

"I want to defeat you, and then imprison you and torture you fiercely! Your sword will also belong to me!"

The Supreme Emperor opposite Yuqing showed a cruel and perverted smile, as if victory was just before his eyes.

[Chapter 1742: Su Lang, waiting for your good news!](#)

Suddenly.

He seemed to use some secret technique.

Suddenly merged with his own weapons, and displayed extremely powerful Six Duo level power.

This force came very suddenly.

In a hurry, Yu Qing could only block the Ziqing Xuantian Sword in front.

at this time.

"A little mess, dare to move my companion!"

A sneer came from the side, followed by a thick murderous intent.

"who!?"

The Wudu Godless Grade face was frightened.

But the next moment, a long sword smashed all his defenses very easily and cut straight through his skin.

"Do not!"

The Wudu Godless Grade only came to let out a scream, and fell directly.

"Ding! You get the Soul of the Supreme Emperor*1, the Supreme Emperor Daojing*1, the universe of life*1, the Four Crossing Godless Soldiers Pursuing the Soul and Killing the Emperor Flying Knife*1, the

Yinhu Soul Body*20000, the Godless Grade Materials: Soul-locking Crystal Tears*685, Bafang Xiaolishi*220, Shabing Mingshan Jade*212...The lower emperor source*2596586, the superior fairy source*625489325..."

The system prompt appears.

The arrogant Wudu Supreme Emperor was completely wiped out.

"Are you OK."

Su Lang flew in front of Yu Qing and smiled slightly.

"It's okay!"

"The Coffin of Nine Dragons has appeared...Huh! Your cultivation skills!"

When Yuqing talked about it, he was suddenly startled, and pointed at Su Lang in shock, "Su Lang, you are back to Wudu level!"

"More than that!"

"Next I intend to compete for the coffin of the Kowloon."

"At that time, we will surely be upset, and it is possible that the entire land of exile will be scraped off."

Su Lang said earnestly, "So I want to take you into my life universe, where it is safer."

"it is good!"

Yuqing agreed without hesitation.

In her opinion, Su Lang is not stupid. Since he dared to compete in the Coffin of Nine Dragons, he must be sure.

In the battle at that level, if you are unlucky, you will be hit by the fish pond, and you will be stunned.

It is safer to be accepted by Su Lang into the universe of life.

"come in."

Su Lang opened the channel of life universe, "I will find Bi Yelin and Xinzheng them."

"Su Lang, Ziqing will use it for you!"

Yuqing did not enter the universe of life immediately, but handed the Ziqing Xuantian Sword to Su Lang.

"Alright!"

"I'll return it to you when it's used up."

Su Lang nodded and caught the Ziqingxuan Heavenly Sword.

One more weapon, one more strength, not to mention that the Ziqing Xuantian Sword is a Qidu Godless Soldier with strong combat power, so it is just right for Xing Cuanyun He clone to use.

"Su Lang, you will succeed!"

"I'll go in and play mahjong with Beckham and others, waiting for your good news!"

Yuqing smiled brightly, cheered Su Lang and entered the universe of life.

Su Lang smiled at this.

Immediately, he closed the channel of life universe and used his clone to replace Bi Ye Lin, Mo Lu, Xin Zheng and others, and explained the situation to them clearly.

Everyone also agreed and all entered his universe of life.

When Bi Ye Lin and others fell on the Blue Star, they immediately discovered the difference in this planet of life.

"This is... a planet built from the core fragments of the Boundless Realm!"

"Could it be that Su Lang is a great warrior who existed before the Battle of the Boundary Realm, and grabbed these core fragments when the Boundary Realm was broken!?"

As a unicorn born and bred in Tianting Continent, and with a complete memory of inheritance, Bi Yelin immediately recognized the identity of Blue Star!

"what?"

"This is the core fragment of Infinity Realm?"

Monk Xinzheng was also horrified, and his whole person was going to be frightened.

"Don't be surprised!"

"We happen to be short of people to play mahjong, come here and make another table!"

Yuqing's voice came from a distance, Bi Yelin, Xinzheng and Mo Lu looked at each other, and then flew over.

In the land of exile.

Su Lang naturally noticed the shock of Bi Yelin and others, and a faint smile appeared on his face.

Immediately after.

He set off again to kill the Supreme Emperor who had invaded.

Anyway, there is no need to condense humane will anymore, so Su Lang moves quickly, and he can solve one in a few seconds!

Riyue Mountain, Taibai Sea, Seven Star Sect, Zizaimen, and Leiyin Temple, which has the largest number of people today, were all walked by Su Lang!

Invaders everywhere, and mad dogs who didn't have eyes and dared to provoke them, were killed directly by him.

Wu Hai and others in Leiyin Temple also came to a dead end because they resisted Su Lang.

then.

Feng Ziyu and Zhan Taiqing fought, suddenly feeling something wrong.

Looking at it with their own magical powers, there is no strong person above the **** level, no matter what level they are, all of them are constantly falling!

[Chapter 1743: Four-level one-key enhanced function!](#)

"What exactly is going on!?"

Feng Ziyu and Zhan Taiqing stood in two sections of the sky separately, with shock on their faces.

"Who!!"

"Who is killing my subordinate!?"

A large number of three-inch villains appeared in front of Feng Ziyu, who were the Supreme Emperors under his command.

At this time, these villains had all split apart, surrounded by fragmented pictures.

In that picture.

A young and handsome Supreme Emperor was holding a long sword, cutting vegetables and melons and slaughtering his subordinates like Feng Ziyu.

In a short time.

However, all the subordinates above the Godless Grade were killed!

Zhan Taiqing is also looking at his mysterious chessboard.

However, on the chessboard, a crimson light spot continuously teleported around in the chessboard.

Every time you move the place, the crimson light spot will eliminate another light spot.

Its killing speed is unprecedented!

"This method!"

"Could it be Daoist Su Lang?"

"Yes, and in the entire place of exile, only Fellow Su Lang makes me unable to see through."

"I didn't expect Daoist Su Lang to be so powerful, even a strong Qidu from the original realm can kill!"

"I don't know if Fellow Su Lang will participate in the battle for the Nine Dragon Coffin. If he wants to participate, I can only kill him."

Zhan Taiqing was surprised and his eyes were somewhat complicated, but he quickly returned to his indifference.

The other side.

"Damn it!"

"Dare to ruin my major event!"

Feng Ziyu's complexion changed wildly, revealing endless killing intent!

The subordinates he brought are not just for providing humane will.

Those Godless Grades are still nails nailed to the land of exile, about to serve future plans.

They not only have to detect the secrets of the exile.

Also seize this special world!

But now, all the people have been killed, how do you play chess without the pieces, and how to execute the plan?

and so.

Feng Ziyu simply hates Su Lang!

"When I win the coffin of the Kowloon, I will set you down to vent my hatred!"

Feng Ziyu glared at Su Lang in the picture fiercely, and then stared at Zhan Taiqing again.

"Hahahaha!"

"Watching the **** you brought is killed, it's really the happiest thing in my life!"

Zhan Taiqing looked at Feng Ziyu with a deep sneer on his face.

"Those who are about to die, dare to speak quickly!"

Feng Ziyu severely killed Zhan Taiqing with a long knife, "Die me!"

"Humph!"

"You are the one who will die!"

"Mystery listened to the order, gave up my life and gave up my life, and killed him!"

Zhan Taiqing has a chess board and a chess cup, and countless black and white chess pieces are flying around, carrying infinite twisting power to the town of Fengziyu!

at the same time.

Su Lang had already beheaded all the invaders above the quasi-no-god level.

This time.

He slaughtered more than two hundred and ten Supreme Emperors!

If some of the Supreme Emperor had not died in the hands of others, he could kill 300 godless gods!

"The system, deposit all Xianyuan Diyuan into the balance!"

Su Lang stopped at the top of a giant mountain and gave instructions to the system.

"Ding! Saved!"

"The current balance is too large, and the balance has been changed to 'Superior Emperor Yuan!'"

"The current balance is 12154, the superior emperor source!"

The system prompt sounded, Su Lang took a closer look, and the balance in the mysterious black space turned into a superior emperor source unit.

The conversion ratio between the lower source and the upper source is ten thousand to one.

therefore.

More than 10,000 superior emperor sources is equivalent to more than 100 million lower emperor sources!

This number just allows Su Lang to choose a system function to improve.

"system!"

"Improve one-key enhanced functions!"

Su Lang did not hesitate to choose the one-key enhancement function.

In this case now.

The more suitable functions are the clone function and the enhanced function, but the latter is obviously more useful!

"Ding! Consuming 10,000 superior emperor sources, the one-key enhancement function is upgraded to level 4, which can consume all resources to permanently strengthen all non-living objects at level 4!"

"Hey!"

"We can strengthen weapons again!!"

Su Lang clicked the corner of his mouth, and then took out more than 70 Godless Soldiers from the storage space.

[Chapter 1744: Strengthen Youtian Sword for the fourth time!](#)

These godless soldiers were full of fear for Su Lang.

After all, many godless soldiers gathered together, indicating that Su Lang also killed at least 70 Supreme Emperor!

What a terrible number this is!

"Great strong man, I am willing to serve you as the Lord!"

"Great existence, please accept me, I am willing to fight for you!"

"..."

One Godless weapon spirit began to bow down to Su Lang.

However, Su Lang was not moved at all, and none of these imperial soldiers made him attractive.

Even the best one is far worse than forgetting worry and stealing life.

All the godless soldiers in front of you must be broken down into materials, evolve and strengthen the Youtian sword and other weapons!

"One-click decomposition function is activated!"

Su Lang pinched an Erdu Godless Soldier and directly decomposed it into a large amount of materials.

"what!!"

The spirit of the godless weapon screamed and disappeared in smoke.

"Run away!!"

"He is the devil, he can destroy Godless soldiers instantly!"

"..."

The rest of the godless soldiers were immediately frightened, and some godless soldiers immediately began to flee.

"Humph!"

"Want to escape, no way!"

Su Lang dismissed it, and the Youtian Sword on his bun flew out directly, and the terrifying Eight Duct twisting power enveloped the audience.

Suddenly.

All weapons were suppressed by Youtian Sword!

"Wow~"

"So many delicious!"

Xiaoyou looked at those godless soldiers, her eyes shone like little stars.

Su Lang smiled blankly when he saw this, and then began to disassemble the Godless Soldier.

Not long.

More than seventy godless soldiers have all been broken down into various materials!

However, those Supreme Emperors have collected more materials that have not yet been refined into weapons!

Adding up all the materials, they have been piled up into continents in the storage space!

Some materials can even form moon-sized asteroids.

"Come on, Xiaoyou!"

Su Lang waved gently, and Youtian Sword fell into his hand.

"Hehe!"

"Master is going to feed Xiaoyou again, so hey!"

Xiao You ran out of her body, extremely excited.

"Don't worry."

"First try to see if it can evolve."

With a thought, Su Lang gave the system an order to evolve the Youtian Sword.

It's a pity that the material is insufficient, and there are more than ten kinds of Godless materials of the Six Duo level.

"Yes."

"The Liudu Godless Soldiers that I have broken down are only two or three, and the other Liudu materials are not too much."

"Furthermore, the evolution of the Youtian Sword requires more materials than weapons of the same level. The lack of more than a dozen materials is reasonable."

"However, there is no way to evolve, I can still strengthen it, this function does not need to choose materials, even the lowest level of materials, as long as there are enough quantities to complete the strengthening!"

The corner of Su Lang's mouth twitched and a smile appeared. He chose to strengthen his function before, wasn't it just for this moment?

of course.

Su Lang did not immediately strengthen the Youtian Sword, but took out the Godless Dragon Terrace and the Eight-Edged Shield of Heaven.

One of these two weapons has strong firepower, and the other has strong defensive characteristics. At this time, the materials are enough to just evolve.

If the Youtian Sword is strengthened first, it may consume the materials required for their two weapons.

"Ao Bing pays respects to the master!"

"Ajia, see my master!"

After seeing Su Lang, the spirits of the two weapons knelt and bowed immediately.

The level of the Dragon without God at this time is the Four Crosses without God Soldier, the weapon has been strengthened twice, and it has the power of the Six Crosses.

Tianjia's eight-sided shield is just a godless soldier, and has not experienced strengthening.

"Evolve for you today!"

Su Lang smiled faintly, and immediately issued an evolution order.

With the order issued, the system prompt also sounded immediately!

"Ding! Consume Godless Soul*...The Godless Dragon Platform has evolved into a Wudu Godless Soldier!"

"Ding! Consume Godless Soul*...Tianjiao eight-sided shield evolved into Wudu Godless Soldier!"

In the storage space, countless materials disappeared.

Godless Dragon Terrace and Tianjia Eight-Ringed Shield together evolved into Wudu Godless Soldiers, and the latter directly crossed the four realms!

[Chapter 1745: Three Jiudu No God Soldiers!](#)

"Ao Bing, thank you Lord!"

Ao Bing was very excited. He had reached the Qidu level at this time, and he was also a high level in the Godless level!

"Ajia, thank you, Lord, thank you!"

"Ajang will fight hard for the Lord, face the dripping blood, and block all enemy attacks!"

Qi Ling Ah Jia continued to bow down to Su Lang, and the whole person was incoherent in excitement.

The last time he was transformed into a Godless Soldier by Su Lang, he was given a word by Su Lang because of his cowardly temper.

That is the famous saying of Mr. Shuren!

Then Ah Jia realized it!

From then on, Ah Jia intends to be a real warrior and actively fight for Su Lang!

At this time, he was transformed into a Wudu Godless Soldier by Su Lang, and he was full of confidence and courage, and he no longer looked like a coward.

"it is good!"

"well!"

"I look forward to your performance!"

Su Lang smiled and nodded, "But the evolution to Wudu Godless Soldier is not over yet, you just wait."

"Yes!"

Ao Bing and Ajia should be together, still excited.

"Xiaoyou, get ready!"

Su Lang exhorted, and then activated the one-key enhancement function.

Suddenly.

The majestic light blue mysterious power emerged out of thin air, directly integrated into the Youtian Sword.

Immediately after.

"Ding! Strengthened successfully, Youtian Sword +1!"

An extremely terrifying breath erupted from the Youtian Sword, reaching the Jiudu Godless Level!

"Master, I'm stronger again!!"

Xiao You came out very excited, hanging on Su Lang like an octopus.

Ao Bing and Ajia next to him were shocked when they saw this scene!

Jiudu Godless Level, that is close to the peak of Godless Soldier!

"Haha!"

"We'll blast that Feng Ziyu's head later."

Su Lang smiled brilliantly, trying to pull Xiaoyou off but found that he couldn't do it.

"Yeah!"

"But I don't want to come down now, I want to hug!"

This girl is now a powerful thief, reaching the level of Jiudu, if she is unwilling to come down, Su Lang can't force her down.

"Yes, you have to lift it up!"

Su Lang smiled helplessly, "Then just hang up, I will strengthen Ao Bing and the others."

"it is good!"

Xiaoyou is not stingy with her "snacks" and is willing to give it to others.

"The system will strengthen the Godless Dragon Stage twice!"

Su Lang took a deep breath and gave instructions to the system.

Suddenly.

An extremely majestic light blue mysterious power poured into the body of Godless Dragon Terrace.

"Ding! Strengthening success, no **** dragon platform +2!"

Two vast auras erupted from the Godless Dragon Stage one after another, one eight crossing and the other nine crossing!

"I!"

"I have also reached the Jiudu level!"

"Ao Bing thanked the master and decided to fight for the master and rule the universe!"

Ao Bing was so excited that he shook his whole body when he thanked him.

"it is good!"

"Go get familiar with the power!"

Su Lang smiled and nodded, and immediately looked at the eight-sided shield of the sky, "Now it's your turn, Ah."

"Lord...Master!"

"Ajia has no achievements yet and is not eligible for this honor!"

Ah Jia had already been flattered, but at this time, seeing that Su Lang had to strengthen himself, he refused again and again!

Since his birth, he has fought for Su Lang only a few times.

And every battle is terribly scared, if it weren't for his own characteristics to be 100% able to resist attacks, I'm afraid he would have to flee.

Therefore, he was uneasy to receive Su Lang's reward one after another.

"It's okay."

Su Lang smiled happily, "I didn't have any achievements before, just make up for it later."

"Do not."

"I beg the master to take it back!"

Ah Jiang still felt that he was not qualified and insisted on rejecting it.

"Yo."

"You really have become bolder."

Su Lang raised his eyebrows, "Stop talking nonsense, or you will be cut."

"Yes....."

Seeing that Su Lang was about to get angry, Ah Jiang didn't dare to contradict him again.

And he was extremely grateful to Su Lang in his heart, and wanted to die for Su Lang immediately.

"system!"

"Strengthen the eight-sided shield +4!"

Su Lang gave the instructions lightly, as if only doing a small thing.

"Ding! Strengthened successfully, Tianjia eight-sided shield +4!"

Under the action of countless light blue mysterious powers, Tianjia's eight-sided shield was strengthened four times in succession, reaching the level of Jiudu directly!

[Chapter 1746: Take the coffin of Kowloon with me!](#)

"Ajia, thank you Master!"

Ah Jia knelt on the ground, tears of gratitude.

He had already decided that as long as he did not die, he would not let Su Lang be injured by a single vellus hair!

"Get up!"

Su Lang's eyes were cold, "Follow me to fight and seize the coffin of Kowloon!"

"Yes!!"

Ao Bing and Ajia got up one after another, and then returned to their bodies.

Although Xiao You was reluctant to give up, she also knew how to get down from Su Lang and returned to her ontology.

Immediately after.

Su Lang put the three pieces of Nine Dus Godless Soldiers, Youtian Sword, Long Niu Yuxi and Round Black Small Shield, into their sleeves and hurried towards the far north.

Although there are still a large number of treasures in the storage space that have not been counted.

Such as exercises, pill materials, pill formula, life universe and so on.

However, Su Lang's current strength is already sufficient to seize the Nine Dragon Coffin, and the exercises, which take time to take effect, might as well let them go temporarily.

Dispatch and replace through clones.

Su Lang directly reached the far north, outside the battlefield between Feng Ziyu and Zhan Taiqing.

But seeing the two powerhouses fighting frantically, the sky has disappeared, dark gray space turbulence and broken space rhythm lines are everywhere.

There is even no material existence around the battlefield!

Yes, it is just the powerful and distorted power of two horrible powerhouses.

at this time.

Feng Ziyu and Zhan Taiqing are fighting in full swing.

Feng Ziyu is a veteran Badu powerhouse who has fallen to the Qidu level, mastering the higher quality Badu twisting power, various mysterious methods, and Qidu level godless soldiers to help!

Although Zhan Taiqing has just been promoted to Badu, his twisting power is slightly worse than that of Feng Ziyu, but he is in good condition, and has a mysterious chessboard and various pills, and his combat power is not bad!

Su Lang watched the battle from the edge of the battlefield.

Of course, Feng Ziyu and Zhan Taiqing also found him immediately.

"Friend Su Lang!"

"Does he really want to covet the coffin of Kowloon!?"

"But the breath on his body only returned to Wudu!?"

"No, that's not right, the strength of Wudu level can't kill so many godless levels at all, he must have reservations!"

Zhan Taiqing looked at Su Lang with spiritual thoughts, and a trace of coldness appeared in his eyes.

Now that the Nine Dragons Coffin has come out, Su Lang is no longer useful to his previous plan. At this time, he is going to grab the Nine Dragons Coffin and he is naturally unhappy.

Besides, the two parties just made a transaction, and there is no great friendship.

Therefore, Zhan Taiqing had completely regarded Su Lang as an enemy at this moment.

The other side.

Feng Ziyu is also looking at Su Lang.

"He killed my subordinates!?"

"That's him? A waste who obviously only has the Sandu realm, and his breath is less than the Liudu level!?"

"Why can such combat power kill my subordinates and massacre them as soon as they strike!"

"Something's wrong, this person must be pretending to be a pig and eating a tiger, but if you want to take the Nine Dragon Coffin, you must prepare to become a corpse!"

A sneer appeared on Feng Ziyu's face. In his opinion, no matter how strong Su Lang is, he would be at Qidu level. Otherwise, he would have come to **** the Nine Dragon Coffin long ago. What use is there to kill those weak and weak Emperors?

Just when Feng Ziyu and Zhan Taiqing's thoughts flickered.

Su Lang has opened the property panel of the two.

'Properties panel!'

[Name]: Feng Ziyu

[Race]: Fierce Feather

[Qualification Level]: Unparalleled

[Realm level]: Qidu no **** level (eight crossing no **** level)

[Attack level]: Badu no **** level

[Defensive level]: Qidu no **** level+

[Shenfa level]: Eight Dus have no **** level-

[Endurance level]: Eight Dus without God level-

[Spirit Level]: Realm of Broken Nirvana

[Mastering Techniques]: Xianyu Heart Sutra, Hunyuan Yaoyu Emperor Sutra (no God level, Dacheng) Xieyu Zangkong (no God level, Dacheng), Xianyushang (no God level, Dacheng)... .

The weapon in his hand is called Zhanyu Fierce Blade, the Godless Soldier of the Qidu Peak!

Look at Zhan Taiqing again.

All four-dimensional attributes have reached the eight-du godless level.

Master the Dacheng Godless-level techniques such as Taishang Wuya Dilu, Taishang Tianzhaotu, Qingxu Dangxuantiantu.

The combination of the chessboard and chess cup in hand can play the pinnacle of Qidu.

[Chapter 1747: Acting, who can't](#)

From the property panel, Zhan Taiqing has the upper hand.

But in fact, Feng Ziyu is a senior Badu Godless Grade.

Even if the realm fell due to the passage of time and space turbulence, the combat power still maintained a very high level.

As a result, the two sides temporarily drew a tie, and no one can do anything about it.

but.

Su Lang knew that the two of them must have hidden hole cards, but they refused to play them first.

Instead, wait for the right opportunity to give your opponent a fatal blow!

"It's frightening to glue."

"Forget it, I don't want to wait anymore..."

Su Lang glanced at the two old guys who were fighting, and he was about to sacrifice all kinds of hole cards for a crush.

But at this moment.

Zhan Taiqing suddenly moved, withdrew from the battle group and flew to Su Lang's side.

"Friend Su Lang, help me!"

"You and I will kill this nasty intruder!"

"Then I have the coffin of the Nine Dragons, you have to exile, be the lord of the world!"

"With your ability, Fellow Su, you can definitely plan a more prosperous era of reincarnation, and once again call out the coffin of the Nine Dragons!"

"At that time, I will be the forerunner for you, discovering everything in the unknown place, and waiting for fellow Taoists to arrive in the Nine Dragon Coffin!"

Zhan Taiqing flew towards Su Lang, while saying very sincerely, his expression and tone could definitely fool countless powerful people.

"Ha ha!"

"Pioneering for me? Discover the unknown? Then wait for me over there?"

"It's worthy of being an old monster who has hardened his cultivation to this level, and can speak so fresh and refined everything!"

Su Lang complained in his heart, but smiled on the surface, "I have this intention, and I would like to cooperate with Fellow Daoist Zhan to kill that Feng Ziyu!"

acting?

Who won't?

He was about to see what tricks Zhan Taiqing wanted to do.

If you want to cross the river and demolish the bridge, it will be even less burdensome to kill.

"That's great!"

Zhan Taiqing flew to Su Lang's side, "Also invite fellow Taoists to use their magical powers to deal with Feng Ziyu!"

"as you wish!"

The corner of Su Lang's mouth twitched, and the Devouring clone was instantly activated!

At this time, he has 42 clones to swallow, leaving two as replacements, and swallowing all the remaining forty!

Suddenly.

Forty clones were swallowed by Su Lang.

boom! boom! Rumble!

Three increasingly stronger waves of terrifying aura descended on the world one after another!

But I saw that Su Lang's real combat power had been upgraded from Wudu to Badu level!

"Instantly reach Badu!!!"

"This, this should be his true cultivation realm!"

"He used a certain secret method to directly recover to the peak!"

"No wonder, it's no wonder that he can kill those five and six crossings at will at will!"

Zhan Taiqing was shocked. In his heart, Su Lang was a super old monster who was older than him and didn't know what weird method to use to survive several times of reincarnation!

Fortunately, its strength has only reached the eight-du level, and it seems to be just a conventional strength.

In terms of the quality of the twisting power, it is still at the Sandu level.

The twisting power of the Sandu level is simply too far behind that of the Eight Crossings, and a single trace of the twisting power of the Eight Crossing level can annihilate countless Sandu twisting powers.

Thought of this.

Zhan Taiqing breathed a sigh of relief.

With such strength alone, his plan of utilization can be executed!

Feng Ziyu in the distance also saw Su Lang's drastic changes in his eyes.

After the initial horror faded, he also discovered Su Lang's weakness, that is, the quality of the twisting power is too low!

"Humph!"

"The quality of Sandu's twisting force."

"Even if your regular strength reaches the Jiudu level, it's no use!"

Feng Ziyu looked at Su Lang disdainfully, "Your only role is to be used by me to sacrifice the sword!" at this time.

"Friend Su Lang!"

"Let's go together!"

Zhan Taiqing gave a low drink, then rushed towards Feng Ziyu.

Su Lang smiled, and followed him.

"Two wastes!"

"Eat me a fierce feather!"

Feng Ziyu's eyes condensed, and she violently waved her long knife!

Suddenly.

Countless feather-like twisting powers formed a terrifying storm, covering all the places where Su Lang and Zhan Taiqing were!

"Too great Amaterasu!!"

Zhan Taiqing fiercely urged the chessboard in his hand, and countless black and white chess-like twisted powers swarmed out, violently colliding with the twisting storm cast by Feng Ziyu.

But at this moment.

Su Lang waved his hand gently, and a twisting force of Jiudu rose to the sky, and rushed into the twisting storm of Feng Ziyu! !

[Chapter 1748: Zhan Taiqing stabbed a knife in the back!](#)

Rumble! !

In an instant, most of Feng Ziyu's twisting storm was annihilated by the twisting force of Jiudu.

The remaining twisting storm was offset by Zhan Taiqing's black and white twisting power.

This scene fell in the eyes of Feng Ziyu and Zhan Taiqing, and instantly stunned them both at the same time!

"Nine...Jiudu has no god-level twisting power!"

"This person clearly only has the regular strength of the Eightdus level, and even the cultivation realm of the Threedus level. How can it be possible to display the twisting power of the ninedus level!?"

"Could it be that he has some kind of incredible trump card on his body that can temporarily display the power of Jiudu's distortion!?"

"..."

Feng Ziyu looked at Su Lang with horror, and the contempt for Su Lang in his heart had long been forgotten, and replaced by solemnity.

"This Su Lang! Can actually exert the power of Jiudu's distortion!"

"Could it be that he has Jiudu-level imperial soldiers? This is impossible. I have never heard of Jiudu-level imperial soldiers in the place of exile!"

"Should be using some unknown means to continuously sublimate his own twisting power, creating the illusion of Jiudu's twisting power!"

"The amount of this twisting power is definitely not much, but the threat is too great!"

"..."

A lot of thoughts flashed in Zhan Taiqing's mind, and the fear of Su Lang in his heart rose to the peak in history!

In his opinion.

Su Lang's threat was no worse than Feng Ziyu.

After all, if such Jiudu twisting power were thrown on him several times, Zhan Taiqing would definitely not be able to hold it!

"No, you can't keep him!"

A bitter killing intent rose in Zhan Taiqing's heart.

at this time.

"Aboriginal exile!"

"I think you can use the twisting power of Jiudu several times with the garbage from Sandu!"

Feng Ziyu shouted in a low voice, holding the long knife in his hand and slashed again.

In a flash.

A large amount of Badu's twisting power condensed into a storm again, and it poured down Su Lang and Zhan Taiqing!

Feng Ziyu's move was more powerful than the previous one.

The storm of twisting power is so majestic and vast, it has almost formed the pillar of the storm to take over the world!

"Friend Su Lang! Resist quickly!"

Zhan Taiqing shouted anxiously when he saw this scene.

"it is good!"

Su Lang waved his big hand, and suddenly another twisting force of Jiudu rose from the sky and slammed into the twisting storm.

Rumble!

The forces of twisting cancel each other out and annihilate each other, and a wave of violent aftermath of battle radiates, destroying the originally fragmented grid of space!

Zhan Taiqing also started at the same time.

however!

His goal is not Feng Ziyu, but Su Lang!

"People often want to kill, and they are greedy for life. I'm sorry!"

Zhan Taiqing used his life's power to urge the chessboard of mystery, and instantly burst out the unprecedented twisting power of eight waves.

This is one of his hole cards.

It was not used when dealing with Feng Ziyu, but it was used on Su Lang at this time.

This can be seen.

How jealous Zhan Taiqing was towards Su Lang, even to the point of fear!

boom--! !

But I saw countless black and white chess pieces wrapped in black and white twisting air, forming two terrifying dragon heads, strangling towards Su Lang who was close at hand!

"Zhan Taiqing actually shot him!"

"Hehe, a weird Sandu, scared you out of measure?"

"Well, let you clean up that guy first, I will kill you again, and then take the Nine Dragon Coffin!"

Feng Ziyu in the distance was suddenly surprised when Zhan Taiqing acted on Su Lang, and then sneered again and again.

But Su Lang, who was the first to bear the brunt, turned a deaf ear to the terrorist sneak attack close at hand.

This immediately gave Zhan Taiqing an illusion.

"This Su Lang just used the twisting power of the Nine Crosses, and he really couldn't resist!"

"Hmph, he can't even react, this time he will undoubtedly die, and I can be regarded as a major disaster."

Zhan Taiqing looked at Su Lang who did not resist, and a surprise suddenly appeared in his heart.

however.

What happened in the next moment made him and Feng Ziyu stunned again.

"I am here!"

"Don't want to hurt my master's hair!"

A fair-skinned, messy hair, dressed in a normal black robe, with dark circles under the eyes, a young man appeared out of nowhere.

[Chapter 1749: Su Lang didn't lose a single hair](#)

His eyes burst open and his hands pushed hard.

A small black round shield emerged, blocking Su Lang's side instantly.

Zhan Taiqing's two twisted dragon heads, one black and one white, were like slamming upwards, completely uncontrollably hitting the small black round shield!

boom! !

Obviously it is an extremely majestic eight-dus twisting power, and it still used the special attack of the hole card, and it was blocked by that small buckler!

Countless twisting power splashes.

However, no trace can approach Su Lang.

Because Tianjia's eight-sided shield can always block all the twisting power instantly!

From Zhan Taiqing's point of view, his twisting power hit the small black buckler like a demon.

Immediately afterwards, all the twisting powers were not annihilated, scattered, or poured back, in short, they did not harm Su Lang at all!

"This...what the **** is going on!?"

"It's impossible. My attack is one of my strongest cards. How can I not even hurt his hair!?"

"No, this is not true, I must be dazzled, I am wrong!"

"..."

Zhan Taiqing looked at Su Lang dumbfounded, the surprise in his heart had long since turned into horror and disbelief, and the whole person was even more shocked!

Obviously, you can kill Su Lang with absolute certainty!

But in the end, he didn't even get a single hair off, and the gap was too big!

The other side.

Feng Ziyu also stared at this scene dumbfounded.

He thought that Zhan Taiqing could easily overcome Su Lang, but he couldn't think that Zhan Taiqing's moves were all blocked!

"Friend Zhan Taiqing!"

"I didn't expect that you, as a teammate, would actually take a backlash and shoot me!"

Su Lang turned to look at Zhan Taiqing, with a cold sarcasm hanging from the corner of his mouth.

He had known before that Zhan Taiqing had no good intentions, perhaps he was going to cross the river to demolish the bridge, but he didn't expect Zhan Taiqing to be even more ruthless and shameless, so he stabbed the knife directly from the back!

"I do not believe!"

"I never believe you can stop me!"

"Su Lang, you must die, don't blame me!"

Zhan Taiqing suddenly burst out with a terrifying roar, his hideous face was full of unwillingness and fear.

"Ha ha!"

"Did you see my shield clearly? You dare to speak big without seeing it!"

Su Lang shook his head dismissively, and poured a large amount of innate qi into the eight-sided shield between his fingers.

"No matter what the shield is, I want you to die!"

Zhan Taiqing yelled like crazy, then frantically urged the mysterious chessboard to kill Su Lang.

Hoop!

Countless black and white chess pieces are like endless stars, forming a black and white thick fog dragon, whizzing towards Su Lang.

however.

These supernatural powers that killed Su Lang from all directions, but turned their direction for no reason, and directly hit the top of the eight-sided shield of the sky.

Boom boom boom!

There were bursts of explosions.

A large amount of the twisting power of Eight Ducts was blocked by the eight-sided shield of Tianjiao, and then the twisting force of Jiu Du annihilated.

"come!!!"

"Fuck me!"

"You **** old man, you want to hurt my master too, you are thinking of fart!"

Ah Jia let out an arrogant yelling, and he didn't look like a coward at all, even Su Lang looked at him.

"This, this is impossible!"

"Feng Ziyu, what are you waiting for, you and I join forces to kill him first!!!"

Zhan Taiqing's face was twisted, and he did not hesitate to join forces with Feng Ziyu to kill Su Lang first, and then **** the Nine Dragon Coffin.

"Humph!"

"What a Zhan Taiqing!"

"But what you said also makes sense, kill Su Lang first, kill you, perfect!"

Feng Ziyu's expression was gloomy, he had actually recognized that Su Lang's eight-sided shield was the Jiudu Godless Soldier!

but.

How easy is it to activate the Jiudu Godless Soldier?

A supreme emperor of the Eight Crossing ranks will exhaust his mana with four or five times at most, and become a fish, no matter how good the weapon is, it will be useless!

and so.

Feng Ziyu agreed to Zhan Taiqing, planning to consume Su Lang first, and then seize the Nine Dragon Coffin.

"Xiaoyu Zangkong-Shan Slash!"

Feng Ziyu held the long sword in his hand, poured a large amount of the twisting power of the eight crosses, and displayed one of his hole cards.

[Chapter 1750: My eyes are bursting](#)

In a flash.

A sharp white feather emerged out of thin air and appeared directly in front of Su Lang's neck!

One step further is to pierce Su Lang's neck!

With the terrifying power carried on it, the general Badu Godless Grade will definitely return to the direct deity.

But at this moment.

The white feather suddenly turned its direction and directly pierced the eight-sided shield of the sky!

boom!

The endless and majestic power exploded, the surrounding broken space was plowed over and over again, and the ground under my feet almost had to be pierced!

but.

No matter how violent and terrifying Feng Ziyu's attack was, he couldn't get past a trace and hurt Su Lang's hair.

"Hahaha!"

"Feng Ziyu, you are thinking about fart too!"

"Come on, come and **** me, two people come and **** me together!"

Ah Jia ridiculed Feng Ziyu in disdain, and Su Lang couldn't even laugh or cry at the arrogant appearance.

At this time.

"Humph!"

"Su Lang, I want to see how deep your mana is."

Zhan Taiqing took out a pill and swallowed it in his mouth and sneered, "Thanks to your pill, I will definitely be able to survive the moment you die!"

"There is no god-level perfect quality pill!"

"This old guy actually has this kind of pill, and it sounds like Su Lang's pill, what's the matter?"

Feng Ziyu recognized the perfect quality pill that Zhan Taiqing had swallowed, and instantly stared.

He has taken the Supreme Emperor Dan.

However, the best Godless Pill to take is only top grade.

He has seen the best quality several times in his life, but the perfect quality is the first time!

Zhan Taiqing's pill really shocked him.

But at this moment.

"Hahahaha!"

"You want me to die from exhaustion? I'm afraid I can't do it in my life!"

Su Lang looked up to the sky and laughed, then grabbed a large handful of perfect quality Supreme Great Emperor Pill, crumpled it into a ball, and swallowed it like a meal ball.

"what!!!"

"You have so many perfect qualities, Godless Dan!?"

Zhan Taiqing was dumbfounded. He originally thought that Su Lang could refine the perfect-quality pill, but it also needed materials!

He counted carefully, and the pill he refined from Su Lang was exactly equal to the materials he had given.

Therefore, in his opinion, Su Lang had simply detained the pill, only charging a huge fee.

Unfortunately, he never thought of it.

Su Lang could get five pills at one time, not one!

From those materials of Zhan Taiqing, he earned more than four times the amount of pill.

Moreover.

Su Lang also killed close to three hundred Supreme Emperors, many of whom had fallen to Liudu.

Those Qidu Supreme Emperor's net worth is completely comparable to that of Zhan Taiqing, or even worse.

All the Supreme Emperor who was in Su Lang's hands provided countless pill recipes, capable of refining massive amounts of Supreme Emperor Pill!

While Zhan Taiqing was stunned.

Feng Ziyu was even more horrified, stunned, his eyes bursting.

"Just now... just now he ate at least 30 Supreme Emperor Pills!"

"And... and all of them are perfect quality pills, this is a fake!"

"Who can have thirty perfect quality supreme emperor pill, is he a quasi-primordial powerhouse!?"

Feng Ziyu had already been horrified when he saw Zhan Taiqing eating a perfect quality Great Emperor Pill.

At this moment, seeing Su Lang eat dozens of them, he was shocked and almost stupid!

And at this moment.

"Oh, it doesn't seem to be enough."

Su Lang curled his mouth, then took out a large amount of pills and stuffed it into his mouth again, and wiped the corners of his mouth.

Zhan Taiqing...

Feng Ziyu...

"kill him!"

The two of them roared with red eyes, and then frantically waved the Godless Soldier in their hands, condensing countless twisting powers, and it was bound to kill Su Lang here.

"Xiaoyu Zangkong·Shang!"

"Xiaoyu Zangkong·Bao!"

"The fierce feather hides in the sky, die!"

Feng Ziyu directly exploded out of his ultimate trick, "Death to Death".

It even took out a piece of Jiudu weaponry, condensing a trace of Jiudu's power to hide in the attack!
