[Chapter 1791: Go to Yanluo to find someone](#)

This imperial soldier is a positioning imperial soldier similar to Xinghai Wanfangyi.

It can be seen that Yun Yi felt a little bit reluctant, he was just the Nine Great Emperor, and the Emperor on his body was pitiful with few soldiers.

"star map?"

Su Lang hooked his mouth and waved his hand, "Forget it, no need."

"Yes!"

Yun Yi smiled awkwardly, and then put the Emperor Soldier away.

But at this moment.

"I don't need your emperor soldiers."

Su Lang smiled, "I want you to personally take me to Yanluo Star!"

This statement came out.

Yun Yi suddenly stunned: "Senior, I am completely useless to you, I am so weak..."

"Humph!"

"Yan Luo Xing Yan Luo Xing, what if you lie to me."

Su Lang chuckled, "Also, you and Yanluo Xing have an enmity. What if you deliberately say that it is Yanluo Xing and lead me to misfortune to them?"

Hear this.

Yun Yi was so scared that his eyes were horrified, and his soul flew away!

"Don't dare!"

"Senior, how dare the junior think carefully about you!?"

"The younger generation has no such consciousness at all, that person is really on Yanluo star!"

Yunyi's face was earthy in fright, kneeling on the ground and worshipping Su Lang, like a kowtow insect.

"You don't need to be nervous."

A small smile was drawn at the corner of Su Lang's mouth, "Didn't you have a grudge against Yan Luoxing? If I find that person, I will help you get revenge."

"what!?"

"That's it, thank you senior for your kindness!"

Yun Yi realized that Su Lang was not trying to mess with him, and he was immediately grateful.

"Let's go."

"Take me to Yan Luoxing."

With a light wave of Su Lang, he immediately retracted Yunyi into his sleeve. This was a very simple spatial method.

"senior....."

Yun Yi's weak voice came from his sleeve, "I'm worried about Yun Junxing..."

"It's ok."

"I let my clone help you watch."

With a thought in Su Lang, an avatar appeared in the hall and transformed into a cloud cloud.

He now has ninety incarnations and forty-five clones!

After using the Baiying clone, there will be 13,500 clones, and all of them are Godless!

At this moment, what turned into a cloud cloud was one of the shadow clones, whose strength was enough to crush the entire star Luo domain!

"Go, show me the way!"

Su Lang's figure flashed and came into space silently.

"over there!"

Yun Yi immediately played the role of a guide, transformed a star map, and showed Su Lang the way.

Under the guidance of Yunyi, Su Lang used more than 13,000 shadow clones to spread the teleportation avenue, and found Yanluo in a moment!

This is a huge planet covered in brown and yellow.

Its volume is about three times larger than that of Cicada Dragon Star, and it is surrounded by ten satellites the size of Canglan Star!

The planet rotates slowly, and the surrounding space is almost distorted by its gravity.

however.

In Su Feng's eyes, this was just a bigger mud ball.

There are a large number of life planets in his pupil of ten thousand worlds, most of which are larger than this Yanluo star.

"Clone replacement!"

Su Feng's thoughts made it easy for the first clone to change positions, and reached directly beyond Yanluo, and released Yunyi.

"This this this?!"

"We arrived at Yanluo Star!?"

Yun Yi saw the vast planet spinning in front of him, and he was stunned!

Tianle!

Wasn't Yun Junxing still here just now? Why suddenly came to Yanluo Star! ?

Could Space Teleport be able to move such a long distance? One step across half a star field?

What terrifying point has this senior's cultivation level reached?

"What are you doing, let's go!"

Su Lang raised his eyebrows, "I don't know who your name is and what the person looks like."

"Yes Yes Yes!"

"This junior will lead the way."

"But the younger generation only knows that the person is in Yanluo Star, so they have to find someone to ask."

Yun Yi nodded his head in a hurry, and then led the way.

Su Lang followed closely. He didn't use his magical powers to find people on a large scale. After all, people don't know what they look like now.

Still have to ask, after confirming the facial features, it is simple.

quickly.

Yunyi took Su Lang into Yanluo's atmosphere.

"Who came from?"

"It turned out to be Lord Yun Xing, who is this?"

A team of patrol warriors stopped Su Lang and looked at Su Lang suspiciously.

[Chapter 1792: I still have to do it myself](#)

"This senior is my guest!"

Yun Yi smiled coldly, "Why, are you trying to make things difficult for us?"

This statement came out.

The patrol warriors suddenly changed their expressions and became a little confused.

Although Star Lord Yun Jun is very unwelcome to big figures, he is also a Star Lord, the dignified Nine Great Emperor.

It's not too easy for such a strong person to deal with them.

"Jun Jun Xingzhu laughed!"

"Where does the little one dare to make things difficult for you, it's just that Yan Luoxing has been under martial law recently, so the little one has to be so rude."

The patrol warrior headed by him accompanied him carefully, and asked everyone to let go, "Master Yunxing, and this senior, please!"

"Humph!"

Yun Yi hummed softly, then bowed to Su Lang and saluted, "Senior please!"

"Let's go."

Su Lang nodded faintly, and didn't glance at those patrolling warriors from beginning to end.

If Yunyi is a small ant, then those patrolling warriors are single-celled creatures, not worth seeing.

"Yes!"

Yun Yi bowed again before leading the way.

The two quickly entered Yanluo Star and fell towards a big city.

"Huh! Yunjun Star Lord!"

"A person who disobeys and offends the domain owner, see what you can end up with."

"And that arrogant senior, no matter how high he is, he can't be higher than a godless cultivation base. If you dare to be arrogant in front of our domain master, you will definitely die!"

"Come here, send the whereabouts of Lord Yunxing to Master Miaoyan and continue patrolling!"

"..."

Seeing Yunyi and the others leave, the patrolling fighters suddenly sneered.

at the same time.

Yun Yi has brought Su Lang to a big city named Piaoshuang.

The scale of the big city is good, the layout is also possible, the scenery is dominated by frost and snow, but it is not monotonous and refreshing.

"It's a good tourist city."

Su Lang looked around, the corners of his mouth were slightly the same, he liked to travel around and see the exotic customs.

"Senior, please come with me!"

"The person we are looking for is the city lord of Piaoshuang City. He has a good relationship with me."

Yun Yi took Su Lang to the City Lord's Mansion in the city, and soon came outside a huge white building. however.

However, Yun Yi's expression suddenly changed, and he asked how the guards at this door had been changed. He didn't know all of them!

"I'm here to find Emperor Shuangyang, and let's report it."

Yun Yi frowned and stepped forward, and released his Nine Great Emperor's breath.

"Small meets the adults!"

The guards at the door knelt down one by one, "But Emperor Shuangyang is no longer the lord of Piaoshuang City, and now Emperor Hanxuan controls Piaoshuang City."

"what!?"

"The last time I came to Shuangyang, I was still the lord of Piaoshuang City."

Yunyi's expression changed, "I ask you, where has Emperor Shuangyang gone now? Has he been transferred away?"

"It was dismissed!"

The headed guard said, "Not only that, Emperor Shuangyang was also sent to Yanluo Heaven Prison and is currently being held."

"what did you say!"

"What mistake did Shuangyang make? He is going to be removed from his post and also sent to Yanluo's jail!?"

Yunyi's eyes were about to split, almost going up to tear the guard to pieces.

at this time!

"It turns out that Lord Yun Xing came."

"I said, who is yelling at the door of my mansion!"

A man wearing a blue robe with a long face, thin eyebrows and small eyes walked out of the city lord's mansion.

"Knock to see Emperor Hanxuan!"

The guards suddenly bowed to the man with thin eyebrows and small eyes.

"Emperor Hanxuan!"

"What happened to Shuangyang?"

Yun Yi stared at Emperor Hanxuan with a gloomy expression.

"Why should I tell you?"

"There are so many people on the street, go ask!"

"Oh, is this your new friend? Congratulations, you have another friend. I hope he won't die too soon."

Han Xuan glanced at Yun Yi with disdain, then turned his head to look at Su Lang, saw that he was a man with a mediocre cultivation level, and suddenly sneered.

"Yunyi, your situation is really bad."

"It seems that I still have to do it myself."

Su Lang curled his lips helplessly, and then walked towards Han Xuan.

"senior....."

Yun Yi lowered his head in embarrassment, he offended the domain master, and no one gave him a good face.

If it weren't for the cultivation base, it wouldn't even be possible to keep the position of the star master.

"Why, you also want to ask why Shuangyang was arrested?"

Han Xuan looked at Su Lang who was walking up, and suddenly sneered even more, "You kneel down on me and I'll tell you!"

[Chapter 1793: This is really fantastic](#)

Han Xuan said this.

Su Lang suddenly looked cold, and a trace of killing intent burst out of his eyes.

"how?"

"No? Haha, I have to ask you to kneel down for me today!"

Han Xuan sneered again, reaching out to grab Su Lang's arm.

"Your behavior is enough to kill you ten thousand times."

Su Lang's icy voice came from his mouth, like a cold current blowing out of the ice hell.

"Damn it's you!"

Han Xuan showed disdain, and directly grabbed Su Lang's arm with his palm.

However, just when he tried to exert force, he found that his hand was completely immobile!

"what's the situation?"

Han Xuan twisted fiercely, and saw that his arm was broken, and it turned into countless flying ash and dissipated in the air.

See this scene.

Except for Yun Yi who was mentally prepared, all the others were suddenly sluggish!

"what happened?"

"Why did Master Hanxuan's hand suddenly disappear!?"

"Could it be that the young man caused this? But how is this possible, Master Han Xuan is a quasi godless class!"

"..."

The guards' eyes widened, and they couldn't believe what was happening before them.

In their shallow insights.

The quasi-no-god level is already a super power under the entire Star Luo domain.

Only the domain master of Xingluo Great Territory, Emperor Yanluo, could dominate.

however.

The mighty quasi-Godless Master Han Xuan unexpectedly threw his arm into the hand of another little-known person.

This is really fantastic!

Unlike the unbelievable guards, Han Xuan's heart is not only horrified, but also endless fear!

As the person involved, he can most appreciate the endless weirdness and unknown horror!

He clearly didn't feel any power fluctuations, but his arm was silently gone!

"You, what exactly did you use?"

Han Xuan hugged the shoulder of his lost arm with one hand, a panic expression on his face.

However, Su Lang didn't bother to talk to him.

Raising his hand directly and rowing in front of him, there is no rule.

However, whenever Su Lang slides, a large amount of flesh and blood disappears from Han Xuan's body.

First arms, then legs, then internal organs, waist, abdomen and spine...

"no, do not want!!"

"I know I was wrong, senior, please let me go!"

"I am the leader of Yanluo Xingxingwei, under the command of the Supreme Emperor Yanluo, please see him go around me once for the face of his old man!"

"..."

Han Xuan's face was full of horror and despair, and the entire face was already distorted to a human level.

He also wanted to escape, but no matter what the means, it was completely useless!

The guards beside them also looked terrified.

Even Han Xuan was slaughtered like a fish.

Can they help the weaker ones?

Everyone could only kneel on the ground with chuckles, begging Su Lang not to vent his anger on himself.

Su Lang really didn't bother to pay attention to those weak guards of Emperor Wu.

He faintly waved his fingers, tearing off Han Xuan's limbs and digging out the internal organs like a small bug.

Han Xuan's breath became weaker and weaker.

There is no god-level dignified, just like this is about to die extremely miserably.

but.

Just when he vented more and less, and was about to fall.

A gentle ray of light shone on him, and he immediately felt warm, very comfortable, and his injury was stabilized.

at the same time.

Han Xuan's eyes towards Su Lang also changed from panic and despair to endless reverence.

When Yun Yi and the guards saw this scene, they felt cold all over, their hair standing upside down!

Oh my god.

Obviously an enemy, an object of incomparable fear and despair, Han Xuan immediately became gentle and submissive after being irradiated by the light, which is really terrifying!

"Stop talking."

Su Lang's indifferent voice came: "Why was Emperor Shuangyang arrested and what happened?"

[Chapter 1794: Draw out the soul and torment forever](#)

"Yes!"

"Now Yanluo is arresting people who have escaped from the direction of the Xinghai area."

"Yan Luoxing happened to have a mixed race of celebrities, but Shuangyang sheltered the mixed race of humans and did not disclose any information."

"Therefore, the domain lord of Yanluo put him into the jail, and endure endless pain day and night!"

"We are also continuing to hunt down that human race, but there is no progress at all."

"Perhaps, only Shuang Yang knows the trace of that human race."

Han Xuan said everything he knew word by word in a voice full of worship.

"Human race?"

"Domain Yanluo arrested my mixed race?"

Su Lang's eyes shot out a hint of killing intent, "Where is the prison?"

"It's underground in the domain master hall!"

Han Xuan replied respectfully.

"Go to hell."

Su Lang nodded, his voice indifferent and ruthless.

"Yes!"

"It is my glory to die for you!"

Han Xuan shouted with excitement, and then prepared to commit suicide.

but.

Before he completed his suicide, his soul was drawn out by Su Feng and thrown into the void dragon vein heaven.

In the dragon vein heaven.

The combination of soul and incense is horrible torture.

And after death, he will resurrect and continue to suffer endless torture.

The Void Dragon Vein Celestial Realm is regarded as a horrible prison that will make people sink into pain for all life.

And this kind of pain will disappear only when it is completely assimilated by incense.

When the spiritual wisdom is completely annihilated, the soul is gone in the true sense.

"Let's go."

"Go to Yanluo Domain Lord."

Su Lang flicked his finger lightly, Han Xuan was completely wiped out.

"Yes Yes!"

Yun Yi trembled with fright, but also a little excited.

Han Xuan had always been at odds with Shuangyang, and he looked down on him very much, but now he was easily killed by Su Lang playing with one finger.

With such a strong man as a thigh hug, who is afraid of him on the star Yanluo?

"It is estimated that Yan Luo domain master can resist a bit."

Yun Yi thought in his heart, but did not dare to be sloppy about leading the way.

Under the leadership of Yun Yi.

Su Lang soon came to the so-called domain master hall.

It is not so much a large hall, as it is a piece of heaven and earth composed of endless luxury palaces!

Here gathers the powerhouses of the entire star field, making this the holy land and the strongest place of the entire star field.

Of course.

In Su Lang's eyes, this place is completely indistinguishable from the thatched cottage.

not enough.

Considering that the Nayanluo Territory Lord may be connected with the power of Emperor Mingzhou.

So Su Lang did not intend to make things known to everyone.

"If you don't know it, just keep him from seeing it."

Su Lang clicked the corner of his mouth, and his thoughts moved, and suddenly a terrifying Godless-level array covered the entire domain master hall group!

This Godless Array is just a **** one of the Godless Array that Su Lang has just mastered, but it has also reached the Wudu level.

Possess a certain degree of sealing ability and relatively powerful illusion ability.

From now on, no matter what happens inside, people outside will not notice anything abnormal.

"go."

Su Lang waved his hand gently, and a force suddenly dragged Yunyi into the domain master hall group.

In the domain main hall group.

Because of the absence of God's array, the whole world has become dull, and there are gray scenes everywhere.

A strong breath of uncertainty enveloped all the palaces.

"what happened!?"

"How could such an abnormal change happen to the Domain Master Hall?"

"Could it be that our master domain master is cultivating some terrifying supernatural powers?"

"Something's wrong, our jade card for communication is completely invalid, and there is no way to send news outside!"

"This is probably because someone has set up a big formation, blocking our contact with the outside world!"

"What? Who dares to be so bold, and what level of formation can cover all our domain master halls!"

"..."

A great emperor flew out from their respective palaces and gathered together, their faces filled with panic and fear.

On weekdays, they are all superior figures, but at this time they are no different from an ordinary person who is frightened.

at this time.

Someone found Yunyi and Su Lang, and their expressions were shocked.

[Chapter 1795: What a Linglian Temple in Tianmi Mainland](#)

"Look, it's Yun Junxing Master!"

"What, he dared to step into the domain master hall? The domain master once expelled him from the domain master hall, and he would never step in forever, otherwise it would be death. He even dared to come in!"

"Who is the person next to him? Why is his face so indifferent? Could it be that they caused the change in the Domain Lord Hall this time!?"

"Impossible! The two are not even the quasi-no-god-level, so how can they lay such a big array!"

"..."

After everyone saw Su Lang and Yunyi, there was a moment of discussion, and amidst their surprise and uncertainty flashed with disdain and contempt.

suddenly.

"Who would dare to trespass into my domain master hall!"

"I dare to set up a big formation and disturb my strong men. Do you think you are dead?"

A sound of an incomparable forest came from the depths of the domain master hall, and then a stream of light fell not far from Su Lang and Yunyi, transforming into a middle-aged man wearing a black and red patterned strong suit.

This person has indifferent eyes and is not angry and prestigious, and he knows that he is a long-time leader.

He is the ruler of Xingluo Domain, Yanluo Domain Lord!

"My Domain Master is here!"

"Haha, Yunhui Nasi will definitely be cut from the position of Yun Junxing as the master this time, so that Yun Junxing will change hands!"

"There is also that strange young man who dared to stay with Yunyi, and dared to trespass into the domain master's hall group, he will definitely die!"

"..."

When all the emperors saw the Yanluo domain master coming, all the jealousy in their eyes disappeared, leaving only endless ridicule and disdain.

However, just as the domain master of Yanluo and the emperors sneered again and again.

Rumble! !

An incomparably terrifying aura came, and in an instant it enveloped this domain master hall group.

"what!?"

"This breath is so terrifying! What realm is this!?"

"Puff! Run away, run away!!"

"..."

All the great emperors instantly changed their complexions, trembling all over, and some even couldn't hold on to squirting blood, and fled to the distance!

"You, who are you!?"

The domain master Yanluo was also terrified. He never expected that the man with Yunyi would be a godless class!

Moreover, it is far beyond his godless level, and his true cultivation base cannot be figured out at all. Just looking at it will make the soul tremble, and the pain is severe!

Some great emperors who regarded Yanluo's domain master as hope saw this scene and couldn't help being swept by despair.

Oh my god.

Even the domain masters, who they usually admire as invincible powerhouses, all face horror. What hope do they have?

"Are you the Yanluo Domain Lord?"

Su Lang didn't even look at the ants, nor was he interested in the information of Yanluo's domain master, so he didn't bother to open his property panel.

"Yes, it's me!"

"Dare to ask the senior if there is anything that the junior should do for you."

"The younger generation has a bit of affection with the host of Linglian Temple, some small things can definitely be done!"

Domain Lord Yanluo suppressed the stormy waves in his heart, pretending to answer calmly, and moved out of his backstage round and round.

however.

After listening to his words, Su Lang sneered even more.

"Linglian Temple?"

"Is it the power of Tianmi Continent?"

Su Lang stepped forward, came to the sky above Yanluo Domain Lord, and looked down at him condescendingly.

"Yes, exactly!"

"Hosted by Linglian Temple, Master Jiulian is the Wudu Godless Grade. It is the master who walked out of the Tianmi Continent to promote Buddhism in the universe!"

Domain Master Yanluo felt relieved when he thought of the terrifying power of Master Nine Lotus.

In his opinion, can Su Lang be stronger than Master Jiulian?

That is a terrifying existence that can kill him only by coercion.

However, the domain master Yanluo didn't know that Su Lang's momentum was only less than one thousandth.

If it were all unfolded, the entire Yanluo star would become a dead zone!

The Yanluo domain master who is close at hand wants to fly into ashes and annihilate immediately, without a whole body!

"Tianmi Continent!"

"Hehe, what a Tianmi Continent, what a Linglian Temple."

Su Lang showed disdain, and a trace of killing intent appeared in his eyes. Since the group of Lei Yin Temple, the place of exile, he has clearly seen the true face of the Buddhism in Tianmi Continent!

That is a group of people who have betrayed the boundless universe and acted as if I were good for everyone. It was shameless and shameless.

[Chapter 1796: Strengthen the Mingguang Emperor Jing](#)

"you!"

"How dare you defile Linglian Temple!!"

Seeing that Su Lang had spoken badly, Yanluo's domain lord saw that the already calmed heart once again rose up in disbelief.

"Defiled?"

"It's Linglian Temple, it's the Tianmi Continent that stained my ears!"

Su Lang looked at Yanluo's domain master coldly, "You, colluding with Tianmi Continent, it's really a shame!"

"Dare you move me!?"

"I'm sending out news now, if you dare to touch my hair, you will definitely die!"

Yanluo's expression changed wildly, and he immediately used various methods to spread the news. However, he found that his methods had no effect at all, and the entire world had been completely sealed off!

"In fact, it doesn't hurt to let you spread the news."

"Linglian Temple dare to come, I will kill it all!"

"However, I am anxious to return to the Xinghai realm to save my human race from the fire and water, so let's put the Linglian Temple on the account first."

Su Lang looked at the increasingly panicked Domain Master Yanluo with disdain, and his killing intent became more intense in his eyes.

"You, you are the Xinghai Dayu Terran!?"

After hearing Su Lang's words, Domain Master Yanluo suddenly changed his expression.

He received the death order from Linglian Temple. Once he encounters the human race, he will be arrested immediately. If he cannot be captured alive, he will be killed!

It is precisely because of this that he will hunt down the mixed race!

"Now, know what I'm here for."

The corner of Su Lang's mouth twitched, "Tell me, where is Emperor Shuangyang?"

"impossible!"

"You have to find Emperor Shuangyang, unless you let me go!"

Domain Lord Yanluo rolled his eyes, using Shuangyang as a bargaining chip in exchange for his own safety.

After he leaves, he will immediately contact Linglian Temple to hunt down this powerful human master!

"Ha ha!"

"They refused to tell me one by one!"

Su Lang smiled coldly, raised his hand and pointed out, a golden light instantly enveloped the Yanluo Domain Lord!

This light is the Mingguang Emperor Jing of the Ten Thousand Realms!

Yanluo domain master is a godless class, possessing the power of distortion.

Therefore, he felt something was wrong for the first time, and his face showed horror and fear!

"You, you are a Buddhist supernatural power!?"

"Who are you, ah, no, I don't want to take refuge!!"

Domain Lord Yanluo screamed in disbelief, and the fear brought by that strange comfort has filled all of his heart.

"Buddhist magic?"

"This is my original Mingguang Ten Thousand Realms, which has a fart relationship with Buddhism."

"Could it be that the Buddha Gate only needs to use Radiation Avenue, Guangming Avenue, Yin Yang Avenue and Spirit Avenue?"

Su Lang curled his lips in disdain, and then felt that Mingguang Myriad Realms seemed a bit weak, after all, this technique was only an emperor.

"This technique is actually quite easy to use. Since you can't keep up with the rhythm now, let's strengthen it!"

With a move in Su Lang's heart, he instantly used a key enhancement function!

"Ding! Strengthening success! "Mingguang Ten Thousand Realms Emperor Jing" +1!"

"Ding! Strengthening success!..."

In a short period of time, the one-key strengthening function strengthened the Mingguang Ten Thousand Realms Emperor Sutra six times, turning it from a superb emperor-level exercise technique into a very powerful godless-level exercise technique!

next moment!

A special twisting force suddenly appeared, pouring into the main body of Yan Luo domain!

"what!!"

"Do not.....!"

Domain Lord Yanluo was obviously very comfortable, but he screamed like a pig, because he knew he was about to lose himself completely.

That is no different from death, even more terrifying than death!

however.

No matter how hard he struggles, it won't help at all.

Like him, I don't know how many people Su Lang killed!

in a blink.

"Yanluo will see you, worship you, serve you, great existence!"

Domain Lord Yanluo changed from a hideous face to a peaceful face, and his gaze at Su Lang was full of reverence.

In addition, he directly removed his arm and burned it as a self-punishment for his disrespect to Su Lang.

See this scene.

Whether it is Yunyi or those feared emperors, they all feel shuddering and their scalp numb!
so horrible!

The supreme existence of Xingluo Great Territory suddenly surrendered under that finger, and it was completely surrendered from the bottom of his heart!

This is more frightening than killing Yanluo domain master!

[Chapter 1797: Are you a great ancestor!](#)

And at this moment.

Su Lang's light suddenly increased, instantly becoming as dazzling as the sun.

The entire domain master hall group was completely covered, and all the great emperors worshipped Su Lang in the light.

Yunyi also became a member of the worship service.

Su Lang knew he didn't dare to be wrong, but it would be better to take a heavy insurance.

Besides, it didn't hurt him much.

In a blink of an eye, most of the powerhouses in the entire Star Luo realm became Su Lang's fanatics, and no longer had any hostility.

Several great emperors who had shown malicious intent to Su Lang before also punished themselves like the domain master of Yanluo in order to apologize.

"Tsk tsk, this technique is awesome."

Su Lang clicked the corner of his mouth, and then summoned Nayanluo Domain Lord to his eyes, "Go and bring Shuangyang over."

"Yes! Great Lord!"

Yanluo's domain lord buckled his head and immediately turned and left.

Not long.

He flew over with a man with disheveled hair and very embarrassed.

This man wore an ice blue robe, his face was firm and unyielding.

"Brother Shuangyang!!!"

Seeing this, Yunyi suddenly became excited.

Although he became a fanatic of Su Lang, he was only completely loyal to Su Lang and did not lose his will.

Yun Yi was naturally excited when he saw his friends.

"Brother Yunyi!"

"You, why are you here!?"

"You are stupid, I don't need your help, you go away!!"

Shuangyang saw Yunyi and thought it was Yunyi who risked his life to save him, and suddenly showed a look of hatred for iron and steel.

"Brother Shuangyang, don't worry!"

"Now all the great emperors of Yanluo have surrendered to the great Lord, you are safe!"

Yun Yi smiled and talked, while bowing to Su Lang.

"what!?"

"To what great Lord do all the emperors submit?"

"Yunyi, are you using some weird means!?"

Shuangyang's complexion changed drastically, his eyes were cracked, and then he looked at Su Lang very bitterly.

"Lying down."

"Don't look at me like that, I can't help but want to kill you."

Su Lang raised his eyebrows, and then directly enveloped the frost sun with Mingguang Myriad Realms.

Suddenly.

Shuangyang also became a fanatic of Su Lang, and all the horror, fear, doubt, and confusion became fanatical respect.

"This method is really easy to use!"

Su Lang clicked the corner of his mouth and said to Shuangyang immediately, "Let's go, take me to find the human race."

"Yes, the great Lord!"

The Emperor Shuangyang bowed to Su Lang, and immediately led the way respectfully.

"You wait to keep in touch with Linglian Temple."

"Find out more about Tianmi Continent and Tianting Continent."

"In addition, as soon as there is news of a human race or a mixed race of human races, immediately go to protect it and notify me immediately!"

Su Lang gave orders to the Yanluo domain master and the others, and then threw out some messy garbage pills between his hands, which was considered to be a training resource for these new subordinates.

"My servant, thank you, the great Lord!"

"Fulfill the mission and live up to the Lord's expectations!"

The host of Yanluo and the others all bowed and swore loudly.

But Su Lang had already revoked the great formation, followed the Great Shuangyang to fly forward, and soon came to a barren mountain.

There is a small cold pool in this barren mountain, hidden and ordinary.

"Come out, Ayu!"

The Great Emperor Shuangyang called out and used his magical powers to send out a unique signal.

Suddenly.

A three-meter-long golden-red carp rushed out of the cold pool, and shook its head and tail around the Emperor Shuangyang, so happy.

Immediately after.

The golden red carp opened her mouth again, and a woman was spit out.

This woman looked exactly like the human race, and she did not have any alien characteristics.

"Ayu!"

When Shuangyang saw this woman, she suddenly showed admiration.

"Big Brother Shuangyang!"

The woman named Ayu was very excited when she saw Shuangyang.

"Sure enough, it's my human race."

Su Lang immediately recognized that the woman's identity was a hybrid of human race and a kind of aquatic intelligent creature, and she was a kind of mermaid.

At this time.

"Brother Shuangyang, who is this senior?"

Ayu looked at Su Lang, always feeling that this young man had a very familiar and friendly atmosphere.

"This is my great Lord!"

Emperor Shuangyang introduced very respectfully, "It is the Lord who made me..."

however.

Emperor Shuangyang hasn't finished yet!

"Are you...a great ancestor!!!"

Suddenly, Ah Yu's eyes widened, with endless shock, disbelief and joy in his eyes!

[Chapter 1798: No, you can't be an ancestor](#)

This statement came out.

Emperor Shuangyang was taken aback.

"Little fish!"

Su Lang was also a little surprised, "You recognize me!?"

"of course!"

"The statues of human ancestors are all over 72 regions, every planet of life, every city is indispensable!"

"I have traveled to two star regions, and the appearance of human ancestors has long been imprinted in my heart!"

Ayu said with a smug look, but gradually her voice weakened, and she turned to a strong suspicion.

She looked at Su Lang suspiciously, and then hid behind the Great Emperor Shuangyang.

"Ayu!"

"Don't be rude to the great Lord!"

Shuangyang sternly scolded Ah Yu.

"Brother Shuangyang, you never scolded me!"

Ayu looked at Shuangyang in horror, with a sense of strangeness in his eyes.

She seems to have noticed the changes in Shuangyang, her perception is really keen!

"What's the matter, Xiaoyuer?"

Su Lang raised his eyebrows and asked softly.

"you!"

"You are not the human ancestor, you just become the human ancestor!"

"Human ancestor left this universe more than 3 billion years ago, you can't be a human ancestor at all!"

"Who are you, what did you do to my big brother Shuangyang, you changed my big brother Shuangyang back!!"

A Yu looked at Su Lang with fear in his eyes, but he tightly grasped Shuangyang's sleeve and refused to leave.

Although she knew what tactics might have been used by Emperor Shuangyang, and knew that she would never be Su Lang's opponent!

"Uh!"

"More than three billion years!?"

"My fork, has the Xinghai Region passed so long?"

"Senior Zhaoyu, you are really awesome after this move, it will directly accelerate the time of 3 billion years!"

"..."

Su Lang heard what Ayu said, and the corners of his mouth twitched.

He originally thought that even if the time of Xinghai area accelerated, at most hundreds of millions of years would have passed.

But never expected that so long had passed!

You must know that the Battle of the Boundless Realm only broke out 4.5 billion years ago, more than 3 billion years is really very long!

"You, what do you pretend not to understand!?"

"You are the ancestor who pretends to be, you have bad intentions, you have a ghost in your heart!"

Seeing Su Lang's dumbfounded look, Ayu suddenly cursed Su Lang when he was absolutely acting.

"Oh, you dare to scold me for having a ghost!"

Su Lang raised his eyebrows and looked at Ah Yu with a playful look.

"no, do not want!"

"Please let go of my big brother Shuangyang."

Ayu shrank from being frightened, and instantly became a hamster.

But she was begging for mercy for Shuangyang, not for herself.

"Humph!"

"Whoever dared to scold me before, I must clean him up so much!"

"Forget about you, you are considered to be a descendant of my human race, forgive you."

Su Lang hugged his arms, while glancing at Ayu, while curling his mouth.

"thank you!"

Ayu bowed his respects to Su Lang, then said pleadingly, "Please let me go, Big Brother Shuangyang!"

"Do you like him so much?"

Su Lang looked at Shuangyang next to him, with a hint of playfulness on his face.

"After this melon baby, you want to fix me?"

A Yu said to Su Lang with a grateful look, and then nodded, "I just thanked you in the most sincere native dialect, please."

"Lying down!"

"Don't think that I can't understand you when you use Sichuan dialect, you Guwazi, I am an ancestor!"

"Also, have all the things that Human Race dug up on Blue Star cracked? Even the Sichuan dialect has been spread out. It's so magical!"

Su Lang looked at Ah Yu with a speechless expression, and then replied in the same Sichuan dialect. At the same time, he felt that the world had become so fast and had changed so much.

"what!?"

"You can understand the core language of the Xishu Star Territory!"

"This kind of language is obviously only passed on by a few people!"

Ah Yu looked at Su Lang in shock, and switched to Trump this time, "Could it be that you really are not the ancestor? No, it is impossible. The ancestor has been dead for more than three billion years!"

"You just died, you just died!"

"I can't help but want to give you two thumps!"

Su Lang rolled his eyes feebly. As a human ancestor, he was so tired to be told that he was dead in front of his descendants.

[Chapter 1799: Lying noisy, is that awesome?](#)

The Great Emperor Shuangyang next to him saw that Ayu had been 'disrespectful' to Su Lang, and he kept yelling.

Later, he discovered that Su Lang had no intention to clean up Ayu, and he immediately stopped berating.

No way.

Both Su Lang and Ayu use the most primitive voice language, not the language of divine consciousness wave.

Emperor Shuangyang had never touched those languages, so naturally he couldn't understand them.

"Are you really an ancestor?"

Seeing that he was so rebellious against Su Lang, Su Lang did not clean up himself.

Moreover, she felt that Su Lang's affinity was very strong, so the suspicion in her heart was reduced.

"Yes, I am Su Lang!"

"I think at the beginning, I led the human race against the invasion of the Wind Spirit Race, stepped onto the Canglan Star, and returned to rule the Wind Spirit Race."

"Then conquered all the great sacred realms and immortal realms, and slayed Qianyou in a rage for the red face and imprisoned his incense body."

"After that, the emperors of Canglan Star defeated Jingtian Star, but because of a momentary negligence, their loved ones fell into exile."

Su Lang looked up at the sky with his hands on his back, whispered, "Further back, it's..."

"do not talk!"

Ayu rolled his eyes and interrupted Su Lang, "These children of our ethnic group know it!"

"Oh?"

"My deeds have spread so widely?"

Su Lang raised his eyebrows, his face raised with a hint of joy.

Unexpectedly, more than three billion years later, his deeds will still be remembered by so many people!

"Of course! Bah, you are not an ancestor!"

"Human Ancestor is the common ancestor of all our creatures with human blood!"

"Renzu's deeds will be remembered clearly by every member of us, and every bit of him will be engraved in our hearts."

"It is precisely because of the human ancestors that we can have a form of cultivation far surpassing other star regions, and go faster and farther!"

"Look at me, although I am only one hundred and fifty years old, I am already a junior warlord! This is in the primitive age, and it will take thousands of years to reach it!"

A Yu looked at Su Lang triumphantly, her eyes full of recognition and pride for her identity.

"Lying down!"

"Is it so awesome?"

"Although your qualifications are good, you have broken through to the Valkyrie in one hundred and fifty years. It's really amazing!"

Su Lang looked at Ah Yu with a look of surprise, and then asked suspiciously, "Then you are only a Valkyrie, how can you travel the star field?"

"Humph!"

"Of course it is to take the starry sky high-speed rail, shuttle countless distances, from one planet to another planet!"

"This is a unique means of transportation in the Seventy-Two Regions of Xinghai. You don't know it, and you dare to pretend to be an ancestor!"

A Yu looked at Su Lang with a hint of suspicion.

"you're so dumb!"

"I haven't been back for more than 3 billion years, so I can know what a shame!"

The corner of Su Lang's mouth twitched, "Speaking of which, Xinghai Dayu has even made things like the Xingkong High-speed Rail?"

"Humph!"

"The Xingkong high-speed rail is just a relatively backward means of transportation. Does it surprise you?"

"Our Xinghai 72 domain also has a spiritual internet and a transportation network covering the entire domain group. That's fast!"

"However, due to the invasion of foreign enemies, our spiritual Internet and transportation network had to be temporarily closed. I only experienced it when I was a child. I really miss it!"

Ah Yu's eyes were a bit distracted, and his tone was a little emotional, obviously falling into the memory.

"Extraterritorial invasion!!"

"Let's talk about it, how was the 72nd Xinghai region invaded? What is the name of the intruder?"

"Who is the commander-in-chief of the Xinghai Region Group, how long have the two sides fought, and how about the casualties of the Xinghai Region Group?"

"Also, I heard that the Xinghai domain is about to be broken up, and the entire domain group is moving. Can you locate it?"

"By the way, don't you know Renzu very well? Do you know Yan Hengxing, Xiao Ning, An Xin and others around him?"

"..."

When it comes to business affairs, Su Lang suddenly has a lot of problems.

"Why do you have so many questions?"

Ayu looked at Su Lang suspiciously, "I suspect you are a bad guy who is inquiring about intelligence!"

[Chapter 1800: No matter what, he is impersonating](#)

"Is there anyone who inquires about intelligence like this?"

Su Lang waved his hand silently, "Speak quickly."

"No way!"

"You are not an ancestor at all!"

"Just tell you something that everyone knows, I can't tell you more!"

A Yu looked resolute, and then his voice changed, "Unless you change my Big Brother Shuangyang back!"

"Alright alright."

"I can't talk to you well."

Su Lang waved his hand, and immediately relieved Shuang Yang's Mingguang Ten Thousand Realms means.

"Ayu, be careful!"

As soon as Shuangyang returned to normal, he immediately pulled Ayu and evacuated far away.

"Brother Shuangyang, you are back!!"

Seeing Shuangyang like this, Ayu keenly felt that he had changed back.

"Ok!"

"His methods are too terrifying. I can't produce any disobedience towards him at all. I only have respect and worship!"

"However, he does not seem to be a great evil person. I saw with my own eyes that he used the same method to control the power of the entire Yanluo star, and even the Yanluo domain master became his servant."

The Great Emperor Shuangyang analyzed with a look of fear, "And he has been looking for you, maybe he is really the ancestor in your mouth!"

"It is a fact that Renzu disappeared for more than three billion years."

"It is said that the human ancestor went to the place of exile, and the time ratio of the place of exile to the boundless universe is ten thousand!"

"In other words, more than 3 billion years have passed since the infinite universe, and more than 30 trillion years have passed since the Land of Exile!"

"For such a long period of time, even the legendary Primordial Realm has definitely died for so many times."

Ayu analyzed with a look of disbelief, "However, he seems to have no plans. We can only follow him now."

"I will find a way to send you away."

Emperor Shuangyang took a deep breath, "It's too dangerous to stay by his side."

"No, I want to be with you." Ayu shook his head.

far away.

Su Lang looked at the couple who were chirping, me and me, with a face full of speech, and wanted to pick up a stick and push it over.

At this time.

Shuangyang and Ayu flew over together, their actions were the same, and they said in unison: "Junior, see Senior!"

"Ugh."

"I know you don't believe that I am an ancestor."

"But I am really an ancestor, I am going to save the Xinghai domain group,"

"You think, if I'm an enemy, I just go look for the strong who invaded the Xinghai area!"

Su Lang sighed, "Why am I looking for you, a weak human mixed race?"

This statement came out.

Ayu and Shuangyang looked at each other, saying that there was some truth in their hearts.

But the time is really not right. Human ancestors will return to the boundless universe after living 30 trillion years. Who listens to who wants to laugh!

"No matter what, he is impersonating."

"Perhaps he pretended to be an ancestor to satisfy vanity or steal the power of incense?"

Ayu thought so, the more he thought about it, the more he realized it was possible.

"Senior makes sense."

The Great Emperor Shuangyang said, "Why not, Ayu and I will lead the seniors to find a stronger human bloodline!"

"it is good."

Su Lang nodded, "As long as you take me to find other strong human races, I will give you a big chance!"

"Yes, thank you senior!"

Shuangyang pulled Ayu and bowed to Su Lang.

In fact, they don't want any chance, they just want to stay away from Su Lang, the imposter ancestor.

"Ok!"

"Then don't waste time."

"You know where there are strong human bloodlines, please tell me the location."

Su Lang smiled and said, "Unsurprisingly, you will be able to leave safely today, and you will fly lingeringly."

"I know a place."

Ayu nodded and said, "I used to pass that place when I escaped, where there is a strong human mixed race!"

Shuangyang hurriedly said, "Ayu, give the detailed location to Senior."

"Ok!"

"That place is on the eastern edge of the Star Luo domain, a place where asteroids gather together!"

"However, I'm not sure if there are still people there, after all, a long time has passed."

While Ayu was talking, she pointed in a certain direction, and she was able to recognize her position in the star field.
