

One Click 201

[Chapter 201: Hijack the Aura Airship](#)

"what happened?"

Cao Zuo's voice was extremely cold, "Why don't you do anything when everyone is here?"

"Back to your lord!"

"Target...the target disappeared!"

A King Wu replied tremblingly, "Our spiritual power covers all routes, but he just disappeared out of thin air!"

"What? Gone!?"

Cao Zuo's expression changed, and immediately murmured, "Does he have a treasure that shields his mental perception?"

It is very possible that you will be divided into two groups. You two will go in and search carefully, and don't miss any corners. "

"Yes!"

King Wu, who was named by Cao Zuo's name, immediately rushed into the building and started searching.

at the same time.

Eastern City Airport.

An Aura airship just landed, and a large number of passengers poured out.

Most of these people came to recruit students from Xuanyuan Martial Arts Academy.

"This is the Oriental City, it is much bigger than our Baiqin City!"

"Yes, looking at those high-rise buildings, it's like the legendary age of peace."

"It's so cool to be able to come to Dongfang City, I must have fun, even if I can't enter Xuanyuan Wudao Academy, it is enough."

"..."

Everyone in Baiqin City talked about it.

A staff member of an airport nearby curled his lips and said, "It's good for Eastern City, but strange things have happened frequently recently.

In just one or two days, Dan Wangjing Qianyi died, Qianyi Pavilion was flattened, Zihua Tower was in chaos, Jingxin Dan Tower was robbed, and countless people died during the period.

Just now, the airport issued an order that Xu Jin is not allowed to leave. I am afraid that another major event will happen. You should be careful. "

"what!?"

"Even so in Dongfang City?"

"Who would dare to do this in Eastern City? This is too arrogant!"

"..."

All the people around were surprised, looking at each other and couldn't help but exclaim.

And just now.

A figure flashed away in front of them, directly into the aura airship after the guests.

This figure is naturally the clone controlled by Su Lang.

As for the previous clone, he has already taken back the mysterious space.

After entering the spirit airship, Su Lang went directly to the cockpit.

"who!?"

"Leave immediately, this is not where you should be!"

The warrior responsible for guarding the cockpit immediately shouted loudly.

"Humph!"

Su Lang smiled coldly, and the Wu Wang-level aura burst out of him.

In an instant, the cockpit guard and the driver were stunned!

"Wu...Master Wu!"

The cockpit guard softened his knees and knelt directly on the ground.

The driver also trembled, and the cold sweat on his forehead was immersed at a speed visible to the naked eye.

"Now, take off immediately."

Su Lang smiled faintly, "Otherwise, you will be at your own risk."

"Yes!"

"Master Wu, I will take off!"

The driver shook his body and immediately manipulated the aura airship to take off.

And this change immediately attracted the attention of airport staff.

"Aura Airship No. 39, please stop taking off immediately!"

"Repeat, Reiki Airship No. 39, please stop taking off immediately and land in the current area for inspection!"

"..."

The sound of mid-term fullness spread throughout the airport.

"what!?"

"What's the situation?"

"Why did our aura airship in Baiqin City suddenly take off!"

"Such a thing happened when I first arrived in Dongfang City. This is exactly the time of troublesome times!"

"..."

Everyone in Bai Qincheng who had been talking about before was shocked.

Other passers-by at the airport were also shocked.

They know, I'm afraid something is going to happen again!

at the same time.

King Wu and Martial Commander who were sent by Cao Zuo to handle the airport also changed their expressions immediately.

"At this moment, it suddenly took off..."

"It is most likely that Su Lang tried to escape!"

A long-haired martial king said with surprise and joy, "Quickly, report the news to Cao Zuo guard first, and the deputy guard, let's get on together and stop this aura airship!"

As soon as his voice fell, he immediately rose into the air with another black-faced Wu Wang and flew towards the aura airship where Su Lang clone was.

The other military commanders began to report the news and arranged other means!

[Chapter 202: Lie down for me](#)

"Don't worry about the order from the airport, continue flying."

On the spiritual airship, Su Lang's mouth gradually conjured up a playful smile.

"Gooooo..."

The spirit airship piloted the warrior to swallow a spit, and said bitterly, "My lord, if we continue to fly, they will take measures!"

"Anyway, keep flying."

Su Lang curled his lips and looked out the window immediately.

At this time, the two Wu Wangs had already caught up, their speed was faster than the aura airship, and the distance between the two sides was gradually shrinking.

"Two martial kings."

Su Lang narrowed his eyes and directly called up their attribute panel.

Looking at the information panels of the two King Wu, Su Lang showed a trace of disdain.

These two martial kings are only intermediate martial kings, and all four-dimensional levels are hovering around the intermediate martial kings.

At this time, the two intermediate Wu Wangs had already chased the aura airship.

"Stop flying immediately!"

Long-haired King Wu shouted sharply, "Otherwise, we will have to do it!"

"Spiritual perception!"

Blackfaced King Wu's eyes burst open, his mental power surging out, enveloping the entire aura airship.

The almost all-pervasive mental power quickly spread to the cockpit of the aura airship.

Immediately afterwards, the black-faced King Wu saw a young man with a calm expression sitting on the sofa drinking.

"It's really that Su Lang!"

"Quick, let's rush in and catch it alive!"

The black-faced King Wu had a surprise on his face. Once he caught this King Wu, they would have done a great job!

"go!!"

The other long-haired Wu Wang was also in ecstasy, with a movement of aura in his body, his speed soared again.

Between two or three breaths.

The two Wu Wang flew to the back of the aura airship.

"Bone Jiyue!"

Long-haired King Wu roared, and a claw fell, tearing a crack on the surface of the aura airship.

Immediately, the two entered in file and rushed towards Su Lang clone.

After two breaths.

They appeared in front of Su Lang.

"The speed is not bad."

Looking at the two Martial Kings in front of him, Su Lang put down his glass and smiled leisurely.

"Huh! Of course!"

"You are Su Lang, are you self-defeating your own cultivation base and catching it with no effort, or let us do it?"

Two Wu Wangs surrounded Su Lang, one on the left and the other on the right, with six characters 'we will eat you' on their faces.

"Tsk tsk, let me catch it?"

Su Lang curled his lips in disdain, "Could you not know that Ji Hong, the fifth elder of the Ji family, died in my hands?"

"Huh! What about you killing Ji Hong?"

Long-haired King Wu sneered, "Do you think the two of us are just simple intermediate Kings?"

"Stop talking nonsense."

"Since he refuses to catch it, let him see our methods!"

The black-faced military commander's eyes were fierce and murderous, and he immediately shouted, "Blood burning my heart!"

In the next moment, his flesh and blood suddenly disappeared, and the whole person became a skinny skeleton.

However, his breath rose to a small level in an instant.

At the same time, the long-haired martial arts commander also used this secret technique to increase his combat power to the realm of a high-level martial king.

"Humph!"

Long-haired King Wu looked at Su Lang dismissively, "Now, do you have the confidence to escape from our hands?"

"Tsk tsk, the two high-ranking martial arts are really strong."

Su Lang raised his eyebrows, "Unfortunately, in front of me, it is still not enough."

"When you die, you dare to speak quickly!"

The black-faced King Wu was so angry that he threw a punch at Su Lang, "Look at me crippling you!"

"Hehe, just with you, you want to cripple me?"

Seeing King Wu rushing over, Su Lang's mouth twitched, "Lie down for me!"

next moment!

"Seven Stars Hidden Killing Blade!"

Two sword lights appeared behind the long-haired military commander and the black-faced military commander, and instantly pierced their dantian and shattered their spiritual core!

"puff!!"

The two unprepared King Wu squirted out a blood, and the spiritual power on their bodies began to overflow wildly!

The spiritual core and the dantian were destroyed at the same time, which directly abolished their cultivation base!

Looking at the long sword pierced out of the abdomen, feeling the endless pain in the body, the faces of the two martial kings showed endless panic.

[Chapter 203: I have so many clones](#)

"Tsk tsk, Xuanyun Jingyuehuo's extinguishing aura is really useful!"

"Especially for guys like you who don't like to maintain mental awareness at all times."

The corner of Su Lang's mouth twitched, and then he waved his hand. With a move of the two clone long swords, they pulled away from the dantians of the two martial kings.

"Puff!"

The two King Wu opened their mouths wide and collapsed to the ground in despair.

At the same time, they also saw clearly the enemy who attacked them-two young men who were exactly like Su Lang!

"This is... the clone!?"

"This... so many clones, how is it possible!?"

The eyes of the two kings burst instantly, almost even more shocked than ordinary people seeing ghosts!

"Sorry, I have so many clones."

Su Lang smiled faintly, and with a flick of his finger, the two groups of green lotus dragon pattern fire fell on the two Wu Wangs.

"Boom!"

The cyan flame enveloped the two martial kings and burned.

"what--!"

"It hurts!!"

The two kings screamed in pain.

The strong physique that made them proud in the past has now become the source of their pain.

After a short while, the flame went out, and the two martial kings became ashes.

"Ding! You get the king's Beidou Feihong Sword*1, high-grade spiritual stone*3256, medium-grade spiritual stone*142521, low-grade spiritual stone*1565652..."

"Ding! You get the King Item Unsullied Golden Tiger Sabre*1, the high-grade spiritual stone*2256, the middle-grade spiritual stone*262521, the low-grade spiritual stone*365847..."

"It's more than one million middle-grade spirit stones, so beautiful!"

Su Lang smiled excitedly, "Moreover, there are two king weapons, these are good things."

With a thought, two king artifacts appeared in his hands.

Two king artifacts, one sword and one sword, are both junior king artifacts, and the same level as the War God Panlong Spear.

"The God of War Panlong Spear was not suitable for me, now I can change the weapon!"

With a tick at the corner of Su Lang's mouth, he passed the War God Panlong Spear and the Wushen Golden Tiger Sabre to the two clones, leaving only the Beidou Feihong Sword.

This long sword is white all over, the hilt is carved with the Big Dipper, and the blade is like a beautiful straight feather!

"Tsk tsk, it's so pretty, I like it!"

Su Lang nodded in satisfaction, then closed his clone and went to the cockpit of the airship.

The pilot and guard of the airship heard the screams of two King Wu's screams just now, and Su Lang appeared at this time, and they almost fainted with fright.

"Don't worry, I really won't kill you."

Su Lang shrugged helplessly, "You only need to get the airship out of the barrier and keep flying."

"Yes! Your lord, we must follow suit!"

The airship piloting warrior and guarding warrior looked horrified, and replied tremblingly.

Afterwards, they maximized the power of the airship and flew quickly to the western barrier.

Time moves forward.

Monsoon Street.

"What? A Su Lang appeared in the airport, hijacked the aura airship and wanted to escape?"

Cao Zuo looked at the Jade Chuanxin in his hand, his expression suddenly moved:

"Sure enough, what appeared here should be Su Lang's clone, he used the strategy of adjusting the tiger away from the mountain!

Fortunately, I sent two King Wu to monitor the airport, otherwise he might escape. "

Thinking of this, he immediately ordered King Wu next to him: "You continue to search here, I will go to the airport!"

Yes, the suspicious Cao Zuo still did not give up searching for the first Su Lang clone!

Of course, his suspicion was just a waste of effort.

After speaking, Cao Zuo soared into the air without waiting for his subordinates to answer, turning into streamer to rush to the airport.

"Although Su Lang can kill Ji Hong, he should not be an opponent under the joint hands of the Deputy Fourth Guard and Deputy Fifth Guard!"

A sneer appeared on Cao Zuo's face, "Then, when I get to the airport, Su Lang child, you must have been captured!"

Dare to kill my only son, I must let you survive every day, not death! "

With endless hatred, Cao Zuo's spirit exploded, speeding up again.

About three minutes later, he arrived at the airport.

however--

As soon as he fell to the ground, a military commander rushed over and knelt on the ground in a panic.

[Chapter 204: Cao Zuo is really stupid](#)

"What's so flustered?"

Cao Zuo looked condescendingly at this subordinate, "Where are the Deputy Fourth Guard and Deputy Fifth Guard? Where is Su Lang's child?"

"Big...sir!"

"The deputy four guards and the deputy five guards went after the airship hijacked by Su Lang, but they soon lost the news!"

"We passed the letter and got no reply at all!"

The military commander kneeling on the ground said in horror, "The most important thing is that the aura airship did not stop, but flew outside the barrier!"

"what!?"

The look on Cao Zuo's face instantly turned into disbelief, "You said the Deputy Fourth Guard and Deputy Fifth Guard failed to stop the Aura Airship, and there was no news!?"

"Yes, it is!"

The military commander kneeling on the ground nodded tremblingly.

"hiss--!"

Hearing this, Cao Zuo couldn't help his eyes widening and took a breath!

He knows exactly what it means to lose audio

—This means that the two Martial Kings who chased Su Lang are most likely dead!

"There is no problem with my strategy..."

"The one on Jiyu Street is Su Lang's avatar, and the one who hijacked the aura airship is his deity!"

"But, how could this **** Su Lang child be so powerful?"

The horror in Cao Zuo's heart is like a tenth-level tsunami, "Although the deputy four guards and deputy five guards are only intermediate martial kings, they can burst out of the power of the senior martial king!"

When the two of them joined forces, they were both defeated by Su Lang children! ? "

At this time.

The military commander kneeling on the ground cautiously said: "Guardian, we saw the aura airship flying towards the western barrier, do you want to chase it?"

"Catch up? Can you catch up?"

"You are just a bunch of waste, rice buckets!"

Cao Zuo rushed into the crown and kicked the Wu Martial Martial Artist on the ground. "Quick! Go and turn off the forbidden air formation. I will chase it myself!"

After speaking, Cao Zuo soared into the sky and flew toward the west at the fastest speed.

...

At the same time Cao Zuo was led out of the city by his nose.

Su Lang cancelled the perfect leaning, leaving the clone to guard the aura airship, and then withdrew all consciousness.

"Tsk tusk, the harvest this time is really not small!"

Su Lang opened his eyes, his eyes were full of excitement, "The system, immediately deposit my gold coin spirit stone, and then upgrade my clone dispatch function!"

"Ding! All gold coins and spirit stones have been deposited in the system!"

"Ding! Consume 1 million middle-grade spirit stones, the clone dispatch function is upgraded to level 9, and the number of clones +1"

In an instant, a small purple figure condensed in the mysterious black space again.

It is the ninth clone of Su Lang!

"Cool, there is another clone with the same combat power as me."

Su Lang took a sigh of relief, "Moreover, the clone dispatch reaches level 9, and it will be level 10 soon!"

With the system's urinary sex, when the clone dispatch reaches level 10, you will definitely get the bonus function, which is really exciting! "

"Brother Su Lang, you are giggling again!"

Ji Ruxue pulled Su Lang's sleeve strangely.

"what?"

Su Lang came back to his senses and said with a smile: "Haha, I'm happy when I turn Cao Zuo around!"

"Turn Cao Zuo around?"

Murong Xue asked very curiously, "Master Su Lang, Cao Zuo is Emperor Wu, how did you turn him around?"

"Haha, listen to me..."

Su Lang laughed, and then told all about how he played Cao Zuo.

"Wow! Cao Zuo is really stupid!"

"Yes, they must have never thought that those two are the clones of Brother Su Lang!"

"Now Cao Zuo is still chasing the aura airship stupidly, he is really laughing, he is still a generation of Wu Huang!"

"..."

After listening to Su Lang's account, Murong Xianxian and Ji Ruxue immediately started discussing enthusiastically.

At the same time, the two women looked at Su Lang's eyes more admired and admired.

[Chapter 205: Eat up one billion gold coins in one bite!](#)

Watching Murong Xianxue and Ji Ruxue who were talking non-stop.

A faint smile appeared on Su Lang's face: "Sometimes it's quite comfortable to be accompanied by someone."

Immediately, he slowly raised his head, his gaze seemed to penetrate the underground building and land on the entire Eastern City.

"Now the entire Eastern City, only the mental attack of Emperor Wu can pose a great threat to me.

Although I have a 'Swallowing Clone' available, it is not yet known whether the Devouring Clone can stack up mental power.

And the duration of this ability is too short, it can only be used as a hole card, not too dependent.

The level of mental power must be raised quickly! "

There was a thoughtful color in Su Lang's eyes, "As long as I raise my spirit level to the fogging level, then I can walk sideways in Dongfang City in a big way."

Thinking of this, Su Lang ticked the corner of his mouth and took out a King-Order Pill from the storage space.

This pill is covered in blue, like a deep-sea jewel, it is a Shenji Heart Locking Pill that has just been refined!

King Wu wants to improve his spiritual power, in addition to his own penance, he can also use external forces.

And the pill is one of them!

However, the pill that can increase mental power is very cherished, at least it is also the pill of Wang rank.

King-rank pill, only King Pill can refine!

As for the king-rank pill that enhances mental power, many pill kings may not be able to refine them.

For example, Shenji Suoxin Pill is a kind of pill from Jing Qianyi's pill code, but Jing Qianyi has not mastered this kind of pill.

Therefore, the pill that can enhance mental power is completely invaluable. Even if King Wu wants to buy one, it is extremely difficult.

However, this is not a problem at all for Su Lang.

As long as he has enough materials, he can continuously refine Shenji Lock Heart Pill with a steady stream of energy.

And they are all perfect-quality pill, one is worth more than ten low-grade pill!

"As long as the pill is enough, I believe the 7-day mental power improvement period will be shortened again!"

Su Lang chuckled, then subdued the Shenji Lock Heart Pill in his hand.

In an instant, he felt a chill in his mind, and even his senses seemed to become clearer.

And this feeling is still getting stronger and stronger, obviously the drug is breaking out.

"It deserves to be a perfect quality pill!"

Su Lang smiled with satisfaction and asked immediately, "System, how long will my mental power level be promoted?"

"Ding! Host, your mental power level can be raised to the Ning Mist realm in just 6 days."

"Shortened by about 6 hours?"

Su Lang smiled satisfied, "Yes, it's already very good!"

Immediately afterwards, his heart moved, and a lot of Shenji Locking Heart Pill appeared in his palm!

These Shenji Locking Heart Pills are all the elixirs that Su Lang currently possesses to enhance the spiritual power, and each one is worth more than 10,000 middle-grade spirit stones.

And the total value of this pill has reached an astonishing 100,000 middle-grade spirit stone!

If converted into gold coins, it would be a full 1 billion gold coins!

However, without any hesitation, Su Lang threw it away and ate it like candy.

"boom!!"

A horrible coolness erupted from the body and instantly rushed to his mind.

Su Lang's consciousness sank into the sea of knowledge, only to see the darkness, and the thousands of silk ribbons continued to gush out, rushing into the white halo crazily.

In a short period of time, he felt his mental power soared like riding a rocket!

"If you can keep this speed..."

"In less than a day, my mental power can be promoted to the fogging level!"

Su Lang showed a refreshing expression, "Unfortunately, I ran out of pill and alchemy materials, so I have to collect materials!

At present, Cao Zuo is drawn away by me, and Emperor Ji's Wu Huang can't get out. This is a good opportunity to collect 'interest'!"

Thinking of this, Su Lang took out the map and began to search for the pill shops in the entire Oriental City.

Soon, the four targets appeared in Su Lang's eyes.

There is no Dange in Oriental Dancheng, Jijia Danlou, and Xinglong Danfang.

This is the largest pill shop in Dongfang City, each one is bigger than Jingxin Pill Building!

Among them, Oriental Pill City is affiliated to the Union Branch, Jijia Danlou and Wuyou Dange are Ji's properties, and Xinglong Danfang is Cao Zuo's private property.

"Dongfang Danlou has a public welfare nature, forget it."

Su Lang raised his eyebrows and turned his gaze to the other targets, "Then, you will be the three!"

Immediately, his mind moved and sent the clone out.

At the same time, Dongfang City was outside the western barrier.

Cao Zuo used all his strength to hunt down the Aura airship, and at this time he had chased it to a place less than five kilometers away from the Aura airship.

[Chapter 206: Cao Zuo's Liu Yinghuaming](#)

"Humph!"

"Hijacked an Aura airship and wanted to escape? It's just a wishful thinking!"

Cao Zuo let out a cold snort, with a look of contempt on his face.

Compared to the subsonic speed of the aura airship, his speed reached two or three times the speed of sound!

The ending of the aura airship being overtaken was destined from the beginning!

"Su Lang child, when I catch you, I'll say you Ling Chi again!"

With a sneer, Cao Zuo continued to chase forward, and his mental perception spread rapidly.

Not long after, his mental perception covered the entire aura airship.

However, after a search, the disdain on Cao Zuo's face completely disappeared, becoming gloomy.

"Gone!? How could it be possible?"

"Could it be that you escaped from the aura airship halfway?"

"That's not right! When I was in the city, I already saw the airship from a distance."

"From beginning to end, no one came out of the airship at all!"

With strong suspicion, Cao Zuo caught up with the aura airship and got in through the crack torn by the long-haired Wu Wang.

After another search, Cao Zuo's face became as black as the bottom of a pot.

Really do not have!

There is no third person in the Aura Airship except for the piloting warrior and the guarding warrior!

"What the **** is going on? Could it be that he didn't get on the airship at all?"

"No, it's not right! He is not on the airship, how did he kill my two subordinates!?"

"Weird, it's so weird. It disappeared out of thin air in Monsoon Street, and it disappeared silently here!

Could it be... Could it be that he mastered the legendary space attribute technique and could tear the space for teleportation! ? "

Thinking of this, Cao Zuo's expression suddenly changed, "It should be so!

He actually possesses a spatial attribute technique, which is a legendary god-level technique!

No wonder...no wonder he dared to kill people in Dongfang City unscrupulously, even I didn't even look at him.

With the spatial attribute technique, if he wants to escape, it will be difficult to chase after him!

At this moment, he definitely didn't know where he was going, except for searching by breath indexing method, he couldn't be found by ordinary methods anyway!

Damn it! God thief, why did you let me meet this Su Lang chopsticks! ?

How can I avenge my son's revenge——! ? "

Cao Zuo was so angry that his seven orifices were producing smoke, his eyes were blood red, his veins were exposed, and he kept shaking!

As the guard of the Eastern City, as a martial emperor.

He couldn't even avenge his son's hatred, but he was dragged around by the nose!

This is simply a shame!

If this matter is known, then his fame will be ruined.

The rest of his life will be spent in the ridicule and contempt of others!

Any low-level warrior can talk about his useless martial emperor before and after dinner!

"what--!!"

"Su Lang child, you crap, I will kill you!"

Cao Zuo let out a loud cry of collapse, and immediately destroyed the aura airship to vent his anger.

But at this moment.

In Cao Zuo's spatial ring, Chuanxin Jade Brand suddenly shocked!

"A bunch of trash, dare to send me a letter!?"

Cao Zuoqiang held back his grief and indignation, took out the letter from the space ring and glanced at it.

And this look immediately solidified his grief and anger.

Immediately afterwards, his face suddenly burst into ecstasy!

"Su Lang child!!

Unexpectedly, you didn't even escape from the city, and you still dare to do my Xinglong Danfang! ?

Hahahaha, great, great! It's really bright!

If you escaped outside the city, I really can't help you!

But if you dare to stay in the city, you are all doing it!

As long as you are in the city, you are a turtle in the urn, and I can catch you anyway.

Even if you have the spatial attribute technique, it will not help. In the barrier formation, there is space to imprison the formation! "

At this moment, Cao Zuo didn't care about the loss of Xinglong Danfang.

Because in his eyes, as long as he can catch Su Lang's revenge, it doesn't matter how much he pays!

"Dog offal, you still have to fall into my hands after all!"

A hideous smile and killing intent appeared on Cao Zuo's face, "Your little life, as well as the god-level techniques, will all be mine!"

In the next moment, he took out the letter of jade card and gave instructions for a while, then flew out of the aura airship and hurried towards the city.

at the same time.

In Eastern City, an unprecedented robbery is underway!

[Chapter 207: The four characters have no enmity](#)

There is no Dange.

This is a Dan Pavilion that was acquired by Ji's family, and the management members are all Ji's seniors.

This Dan Pavilion is much larger than the Jingxin Dan Tower!

And here, it is more lively than the Meditation Pill Building.

However, that was all a few minutes ago.

At this moment, the whole altar pavilion is completely silent, and the needle drop can be heard!

Because almost everyone ran away, leaving only a few members of the Ji family.

Usually, these members of the Ji family can be described as arrogant and domineering, doing whatever they want.

But at this time, they all looked desperate, trembling all over, almost peeing out.

"Did you take me to the secret library, or did I kill you and find it myself?"

A man wrapped in a black robe said slowly.

This person is the clone controlled by Su Lang with a perfect lean.

"Big...sir!"

An elderly member of the Ji family tremblingly said, "Please don't kill us! We will take you there!"

In the face of the great horror between life and death, nothing is more important than life-saving.

Therefore, these Ji family members agreed without hesitation.

"Hmph, count your acquaintances."

Su Lang hummed lightly, "Lead the way, don't play tricks, or you will die miserably."

"Big...sir, we dare not!"

The old man of the Ji family shook his head in fear, and then tremblingly pointed to a certain direction of the Dan Pavilion, "My lord, the secret library is over there, please follow us..."

Therefore, under the leadership of several members of the Ji family, Su Lang successfully entered the Wuyou Dange secret library.

A large number of pill bottles are stored in white jade boxes one by one.

There are thousands of boxes containing the stock of elixir alone!

And there are even more things in the material secret library, from F-level to A-level materials!

In addition, there is also a secret vault dedicated to storing funds, which is neatly stacked with spiritual stones and gold coins as high as a mountain.

"Tsk tsk, Ji family is so fat!"

Su Lang screamed, and put all these things into the storage space!

"Gooooo!"

A member of the Ji family swallowed hard and said nervously, "Big...sir, I...may we...go away?"

"You can go."

The corner of Su Lang's mouth twitched, "However, you have to leave something before you can leave."

These Ji family members can control Wuyou Dan Pavilion, and naturally they are all Ji Ge's confidants.

Su Lang wouldn't just let them go!

"Huh...huh?"

The old man fell to the ground with fear, "My lord...you said you wouldn't kill us!"

"I didn't say I would kill you."

Su Lang sneered, "You guys, you only need to leave a solid foundation!"

With that said, Su Lang didn't wait for a few members of the Ji family to beg for mercy, hit a few auras between his fingers, and directly smashed their Dantian!

"what--!!"

"No! My cultivation base!"

"..."

Several members of the Ji family burst into tears and wailed constantly, tumbling painfully on the ground like shrimps!

"Hmph, I didn't kill you, it's already merciful."

Su Lang hummed coldly, and immediately moved his wrist, leaving four characters on the wall.

-There is no hatred in the world!

If you don't kill your enemies, you will never give up!

...

At the same time, Xinglong Danfang and Jijia Danlou also staged such a scene.

However, compared with Wuyou Dange, the resistance of these two families is stronger.

Especially in Jijiadan Tower, there is an elder of the Wuwang level guarding it.

Of course, Su Lang directly killed two Wu Kings on the Aura Airship.

The Wu Wang of a Ji family is naturally not immune to him!

Therefore, in just a few minutes, all the funds, pills and materials of Jijia Danlou and Xinglong Danfang fell into Su Lang's hands!

In such a short period of time, neither the King of the Martial Arts Alliance who was searching for the trail of Su Lang nor the King of the Ji family could provide immediate support.

When they rushed to the three Dange Danfang in a hurry, Su Lang had already taken back his clone!

And at this moment, Juewu Mountain.

Ji Ge is sitting opposite a middle-aged man.

This middle-aged man was thin, with sword eyebrows and star-eyed eyes, and his expression was stern.

And this person is exactly Ren Tianfeng who came to Dongfang City to hold Xuanyuan Budo Academy enrollment!

[Chapter 208: Unrestrained](#)

"Master Ren."

"This is the good tea Golden Guanyin I brought back from Xilan City, try it!"

Ji Ge said with a smile, but from the bottom of his eyes, he could still see some sadness.

After all, his son only died one day.

However, the other party was a member of Xuanyuan Martial Arts Academy, and he was also a Wuhuang expert, so he had to personally receive it.

"Thank you Patriarch Ji."

Ren Tianfeng spoke with a sonorous, concise and powerful voice, "I also know a little about Linglang.

However, it is really a last resort to come to find Ji Patriarch today. Please forgive me. "

"Master Ren is so polite!"

Ji Ge squeezed a smile, "If you have any needs, just say it.

Our Ji family must be fully satisfied no matter what. "

"Then I'll be straight."

Ren Tianfeng smiled and nodded, "Patriarch Ji also knows that I'm here to recruit students for Xuanyuan Wudao Academy.

The enrollment of martial arts academies requires a large leaping dragon formation to select talented martial artists.

Recently, the enrollment date is getting closer and closer, and I plan to start arranging the Yuelong Array.

So I checked the veins in Dongfang City and found that Juewu Mountain was the most suitable.

Therefore, I would like to borrow your Ji family's precious land for use and return it after enrollment. "

"Master Ren, you have to borrow Jue Wushan, of course it will be fine."

"Our Juewu Mountain can become the enrollment place of Xuanyuan Wudao Academy, it is our honor!"

Ji Ge looked at Ren Tianfeng with a smile, "My lord, I will let all the people on Juewu Mountain leave and clean them up again."

Juewu Mountain is the only huge natural mountain in Dongfang City.

It was the Ji family who insisted on keeping it at the beginning and stayed, otherwise it would have been dug up to build a building.

And now, this natural mountain is extremely rare and cherished in the steel jungle-like Eastern City.

However, no matter how cherished it is, it is just a mountain, nothing more than some natural scenery.

Now that it can be used as an enrollment place for Xuanyuan Wudao Academy, Ji Ge is eager.

"Hahahaha, then thank Patriarch Ji too much."

Ren Tianfeng laughed, and immediately stood up, "Then I will wait for Patriarch Ji to deal with this matter about Wushan, and then I will find Patriarch Ji for tea."

"Okay, next time I will prepare more precious tea!"

Ji Ge knew that Ren Tianfeng was a vigorous man, so he didn't plan to stay.

With that said, Ji Ge wanted to send Ren Tianfeng away.

But at this moment.

Suddenly, the jade card of his transmission flickered.

"Ok!?"

Ji Ge's face changed, revealing some joy.

"It seems that guard Cao Zuo caught the Su Lang thief!"

Ren Tianfeng couldn't help laughing when he saw Ji Ge's face suddenly delighted.

He naturally knew what Su Lang did in Dongfang City.

However, it is not easy for Ren Tianfeng to intervene in this matter.

After all, this is an internal matter within Eastern City, and Cao Zuo will take care of it.

And he is an outsider, and if he rashly does it, he will be suspicious of being overwhelmed.

"I've told me before, except for Su Lang's children, nothing else can disturb me.

Now there is news that Su Lang was caught by Cao Zuo's guard.

Haha, he escaped in an aura airship, how could his speed escape the chase of Cao Zuo's guard? "

Ji Ge said with a smile, "Let me see if he has been taken back to Dongfang City by Cao Zuozhen now.

If he comes back, I must go to torture him severely, so I can relieve the hatred! "

With that said, Ji Ge took out the jade card of Chuanxin.

But when he saw the message on the Chuanxin Jade Plate clearly, the joy on his face instantly solidified!

"What's wrong? Patriarch Ji?"

Ren Tian sealed the secret path and used his mental power to sweep away the jade card, and his complexion suddenly changed!

I saw a few words on the Chuanxin jade card:

"Master Patriarch, Su Lang reappears in the Eastern City!

He is retaliating against Master Cao Zuo and our Ji family.

Xinglong Danfang, Jijia Danlou and Wuyou Dange were looted at the same time.

Sixth elder Ji Long died, and the other important members also suffered heavy casualties!

Moreover, Su Lang was extremely rampant, and when he fled, he left behind the four characters "The World Without Enmity"! "

"There is no hatred in the world!!"

"This is meant to cut all enemies into extinction!"

After reading the information, Ren Tianfeng couldn't help showing horror, "This Su Lang is really unruly and arrogant!"

When Ren Tianfeng was surprised, the solidified joy on Ji Ge's face quickly turned into endless anger and resentment!

[Chapter 209: The interest is so cool](#)

"Su Lang child! How could it be him again!?"

"Didn't Cao Zuozhen guard go chasing him?"

"How could he appear in the city? And he also robbed three Dan Lou at the same time!"

"Could it be...Could it be that he has not only two clones, but four clones!?"

Anger, shock, resentment, disbelief, various emotions appeared on Ji Ge's face.

This makes one of his faces extremely distorted and hideous!

Originally thought that if Cao Zuo made a move, then Su Lang would definitely come down.

Explain that he never expected that he was waiting for such bad news!

"Why is Su Lang so weird? How can I kill him?"

Ji Ge roared wildly in his heart, and a hint of helplessness was revealed under that twisted and hideous face!

It's just a short period of one or two days.

Nothing Su Lang did was a sensation in the city.

Killing the well thousand also destroys the thousand Yige, killing Jihong and killing Ji Wubo, and now killing the Sixth Elder Jilong!

However, his Ji family only killed one clone of the opponent from beginning to end.

The first family of the dignified Eastern City is powerless to a single individual!

This feeling of completely losing control made Ji Ge both ashamed and anxious, feeling helpless and almost vomiting blood!

"Patriarch Ji, you come back to your senses, you are going to be crazy!"

Ren Tianfeng on the side saw Ji Ge in a trance, his face changed and he immediately reminded him.

"Ah!? Ah!"

Ji Ge trembled all over, and suddenly recovered, with a deep fear on his face!

Immediately afterwards, he exhaled fiercely.

Then he blushed and bowed to Ren Tianfeng:

"Thank you, Master Ren for reminding me, otherwise, if I was really mad at that Su Lang child, this joke would be a big deal!"

"It's all a matter of effort."

Ren Tianfeng nodded faintly, and then a chill flashed in his eyes, "This Su Lang has caused so many things in Dongfang City, really unscrupulous!

Not to mention that what he did has affected the enrollment of my Xuanyuan Budo Academy, even if it didn't, I can't stand it anymore!

Patriarch Ji, you can ask Cao Zuo Zhenshou, if necessary, I can help you hunt down this person together!
"

The so-called cannibalism and short-handedness, Ren Tianfeng just asked for Ji's Juewu Mountain, naturally he couldn't help but express.

What's more, on the occasion of the enrollment of Xuanyuan Wudao Academy.

Su Lang was unscrupulously making a fuss in Dongfang City, completely disregarding Xuanyuan Wudao Academy.

This is simply hitting his Ren Tianfeng in the face!

Therefore, Ren Tianfeng had no good feelings about Su Lang.

"Master Ren!"

"If you can make a move, that would be great!"

"I will send a message to Master Cao Zuo immediately, I believe Master Cao Zuo will never refuse!"

"Wait, I'll go ask my father to do it again. With your three Martial Sovereigns doing it, you will surely be able to punish that Su Lang dog!"

The fear on Ji Ge's face turned into surprise, so he immediately took out the jade pass letter and began to contact Cao Zuo and Ji Yuan.

One minute later, the Chuanxin Jade Card flashed one after another, and it was obvious that the message was received.

"Great! Master Cao Zuo welcomes Master Ren very much!"

Ji Ge held the Chuanxin jade medallion and said excitedly, "Although my father has not yet consolidated his cultivation realm, he also plans to eradicate Su Lang first. He also wants to do it!"

"well!"

Ren Tian's cover reveals a sneer: "With the three of us working together to encircle and suppress, Su Lang will undoubtedly die!"

...

at the same time.

Underground buildings of slums.

"Tsk tusk, I didn't expect to harvest so many pills and spirit stones in addition to the required alchemy materials!"

Looking at the various pills and materials in the storage space, Su Lang smiled satisfied.

As the three largest Dan Towers in Oriental City.

Whether it is pill reserve, material reserve, or capital reserve.

Xinglong Danfang, Wuyou Dan Pavilion, and Jijia Dan Tower are all three or four times the Jingxin Dan Tower!

Jingxin Danlou's capital reserves are about 300,000 middle-grade spirit stones.

And Xinglong Danfang, Wuyou Dange, Jijia Danlou, each of which has more than one million middle-grade spirit stones!

In addition, there are medicinal herbs and materials that are several times the value of reserve funds!

If all these pill materials are sold, Su Lang's harvest will reach more than 10 million middle-grade spirit stones!

"This wave of interest is really cool!"

Su Lang happily hooked up the corner of his mouth, and immediately deposited all the gold coins and spirit stones into the system.

[Chapter 210: Spirit level breakthrough!](#)

"Ding! Gold coins and spirit stones have all been deposited into the system!"

With the notification of the system, in the mysterious black space, the balance of medium-grade spirit stones soared to 3,989,965!

"Hey!"

"It's close to four million middle-grade spirit stones, which is really cool!"

Su Lang's eyes showed excitement, but he did not immediately upgrade the system functions.

At present, the funds required for one-click training and one-click martial arts upgrades are insufficient.

But one-key treasure hunting and one-key alchemy do not increase combat power much, and it doesn't matter if you upgrade later.

On the contrary, the clone dispatch is about to be level 10, and once you upgrade, you can definitely get the most benefit.

So Su Lang intends to save a wave!

"The top priority is to raise the level of mental power first."

Su Lang smiled, and cast his gaze on the alchemy materials in the storage space.

After robbing the three largest pill shops in Dongfang City, Wang-level alchemy materials are naturally indispensable.

After checking, Su Lang found that the materials he possessed could not only refine Shenji Locking Heart Pill, but also a better high-level king-rank pill—Tianxin Jingwu Pill!

"Haha, that's great!"

The corner of Su Lang's mouth raised, "The system, immediately refine the Shenji Suoxin Pill and Tianxin Jingwu Pill for me!"

Give an order.

The materials in the storage space disappeared one by one.

In the mysterious black space, the pill furnace in the hands of the alchemy villain began to run wildly!

"Ding! Successful refining, you will get Shenji Heart Locking Pill*5"

"Ding! Successful refining, you will get Shenji Heart Locking Pill*5"

"Ding! Successful refining, you will get Tianxin Jingwu Pill*5"

"Ding! Successfully refined,..."

Listening to the constantly ringing system prompts, Su Lang was very excited.

After a while, the continuous system prompts finally disappeared.

In the storage space, dozens of Shenji Suoxin Pill and Tianxin Jingwu Pill lay quietly there.

"Tsk tusk, so many pills are enough to upgrade my spirit level!"

Su Lang let out excitement, and immediately took out all the pills.

In an instant, the entire underground building was filled with Danxiang.

"Wow! It smells so good!"

"What kind of pill is it? Just smelling it makes me feel refreshed!"

"..."

Murong Xianxian and Ji Ruxue followed Danxiang to look at them, and then immediately showed shock.

"These medicinal pills... are all Wang-rank medicinal pills, more than 30 pill!"

"Moreover, all of them are Wang-rank pills that enhance mental power!"

Murong Xianxian stared at her beautiful eyes, and the surprise on her small face was hard to conceal.

"Don't be so shocked, it's just some pills."

Su Lang smiled faintly, then one after another, stuffed all the pills into his mouth, and ate it with a chirp.

Seeing this scene, Murong Xianxian and Ji Ruxue fell into sluggishness.

It's too extravagant to consume so much of the perfect quality Wang-rank pill!

After eating the pill.

Su Lang felt that his mind became clearer, and the amount and intensity of his mental power began to increase rapidly.

Close your eyes and sink your mind into the sea of knowledge.

Su Lang discovered that the thousands of silk ribbons near the white halo had almost doubled tenfold!

These thousands of silk ribbons continue to pour into the white halo, making it even brighter!

After about ten minutes.

A trace of gold condensed in the center of the white halo, which looked very strange!

And at this moment.

"Ding! The spirit level can be broken, can it be broken immediately?"

"Break immediately!"

As soon as the system prompt sounded, Su Lang chose to break through without hesitation.

next moment!

I saw that the golden halo in the middle of the white halo became more and more, and immediately condensed together to form a continuously circulating golden gauze mist!

"The spiritual level of the Ningwu realm is complete!"

Su Lang opened his eyes fiercely, and two terrifying lights shot out, frightening Ji Ruxue and Murong Xianxian in surprise.

Then, something even stranger happened.

I saw some small objects in the room floating out of thin air!

"Spiritual treasure!"

Murong Xianxian said in surprise, "Master Su Lang's mental power has reached the level that it can interfere with reality, so amazing!"

"The mental strength to interfere with reality!"

Ji Ruxue was also shocked, "This is the spiritual fogging realm that Emperor Wu can reach. Brother Su Lang is so strong!"
