### [Chapter 2141: Yuan Mingzhou Emperor Daolu](#)

but.

no matter what.

Emperor Zhou is a half-step eternal powerhouse.

A super power on the same level as the ancestor of the Mi Ling Buddha in Tianmi Continent, the founder of the cultivation world, and the innate demon!

"Shen Shuang!"

"Don't worry, tell me what happened?"

Emperor Zhou's voice sounded again, "When you are finished, I can save you."

"Yes!"

"The Immortal Emperor Zhou!"

"The subordinates were previously ordered to sneak into the exile to explore..."

Shen Shuang told his own experience in a row.

Not only that.

He also told the immortal Emperor Zhou what he saw on the imprisoned square.

Because every one of the martial artists around was talking excitedly about the Celestial Void Realm, the Exile Land and the Cultivation Land.

So these new things created by Su Lang were also known to Emperor Zhou.

In addition to this, there is also the merger of the Cultivation Worlds and the Wu Clan Continent into the Heavenly Miao Continent.

After learning all this.

Emperor Zhou was shocked immediately!

"Shen Shuang, what are you talking about?"

"Sky Misty Void Realm? Can it cover the entire Tian Mi Continent?"

"Anyone can log in to live a Second Life, and can go to any place in the real Celestial Continent through the Celestial Void Realm?"

"How is this possible? How long has the Tianmen Continent formed? Only four billion years."

"It's been less than a few days since Tianmen Continent cut off intelligence."

"How can such a terrifying project be created in such a short time?"

"There is also a cultivation area in the exile, one hundred thousand times the cultivation speed, this is too exaggerated!"

"..."

Indestructible Emperor Zhou asked in disbelief, endless stormy waves had already risen in his heart!

As a half-step eternal strong man.

She knows very well how difficult it is to create the Heavenly Void Realm and the Exile Land 100,000 times the flow rate of time.

Let her come anyway.

It is absolutely impossible for five billion years.

She couldn't complete the formation that covered the entire Tianmen Continent alone, let alone other things!

After some shock.

Endless fear arose in the heart of Emperor Zhou!

"The new infinite emperor Su Lang?"

"Unexpectedly, it is incredible that there are such characters in the Infinite Universe!"

"However, you still followed my way unconsciously after all."

"It's also a coincidence. I was only going to figure out the location of the exile!"

"Unexpectedly, hehe, he arrived directly at the Tianmen Continent."

"It just so happens that I have developed a kind of supernatural power now! Heavenly Continent, it belongs to me!"

"Wait for your husband to leave the Tianxuan continent, you will be very happy!"

"..."

Emperor Zhou sneered, and thoughts arose in his heart.

Shen Shuang was sent to the place of exile, and before that, she used the positioning symbol made by Emperor Yuanmingzhou with great magical powers.

To a certain extent, she was able to pass through the more violent power of time and space and felt the existence of the locator.

It was also the method used by Shen Shuang to be positioned by Emperor Yuanmingzhou.

Su Lang didn't see the clue, and caught him to the Tianmen Continent to show the public.

And this time.

Emperor Immortal Zhou felt Shen Shuang's position and was able to accomplish some things through Shen Shuang.

In the eyes of Emperor Emperor Zhou.

If you do your own hands on the Heavenly Continent, there is no possibility that the other party will be spared!

Even though the Tian Mi Continent is now weird, it even made Tian Mi Continent a big loss.

But she is the Taoist companion of Emperor Yuanmingzhou, a strong man in the half-step eternal realm!

"The Immortal Emperor Zhou!!"

"Subordinates have already said everything they know!"

"Please help me!"

"..."

After Shen Shuang finished speaking, he began to call for help from Emperor Zhou.

"Don't worry."

"Soon, the Heavenly Misty Continent will be held in my hand!"

Emperor Zhou's voice sounded again and disappeared immediately.

"Hahahaha!"

"The Immortal Emperor Zhou is about to invade the Heavenly Continent!"

"What Su Lang, a mere rubbish, dare to claim to be the emperor of the boundless universe, hum, you must die!"

"Ah, it hurts!"

"..."

Shen Shuang got the courage from the immortal Emperor Zhou, and his heart was filled with murderous and sneer.

but.

This does not offset the endless pain.

He still fell quickly in countless pain, screaming like a pig.

The other side.

Over the Tianting Continent.

In a small palace.

A large star map appeared in front of a beautiful woman.

This woman's skin is like fat, with a moonlike appearance, soft and graceful, and glamorous.

But on him, there is a strong majesty and high coldness.

It seems that no one deserves to look at her!

This woman is a half-step eternal realm powerhouse, the Taoist companion of Emperor Yuanmingzhou, and the immortal Emperor Zhou.

Except for Emperor Mingzhou.

No one knows her real name.

Probably only when Su Lang saw her would he know.

at this time.

Emperor Zhou is looking at the star map in front of him.

The star map turned out to be a three-dimensional model, which is a complete star map of the boundless universe!

of course.

It's just a rough star map.

The farther away from the core of the endless universe, the fewer places are recorded on the star chart.

And in the center of the star chart.

There are four continents in suspension!

The four continents marked Tianmi, Tianmeng, Tianting, and Tianxuan were the four continents that were transformed after the fragmentation of the Boundless World.

However, the gaze of Emperor Zhou fell to the sky above the Continent.

For the Tianmen continent.

Emperor Yuan Mingzhou and she were not in a hurry to fight down.

Because in their eyes, the Heavenly Misty Continent is the same as the Tianxuan Continent, and the resistance is too weak, and they can be wiped out with a wave of hands.

and so.

They only let the Tianmi Continent, a newly compliant dog, bite the Tianmen Continent.

did not expect.

The dog in Tianmi Continent broke his tooth!

This is a bit surprising.

At this time, Shen Shuang was captured again on the Tianmen Continent, allowing Emperor Zhou to seize the opportunity to invade.

Emperor Zhou simply planned to take action on his own and destroy the Tianmen Continent first.

"At the cost of the locator made by the husband."

"I can send some strong people to directly kill the Heavenly Misty Continent!"

"According to the news from Buddhism in Tianmi Continent, combined with the news I have received so far."

"The Heavenly Mian Continent should have been taken over by a force remaining in the boundless realm. The strongest force should only have the Bayan level, but it is very mobile."

"If you want to destroy it all, you need to send more people."

"I hope that the space-time channel formed by Shen Shuang can support it for a while."

"..."

Indestructible Emperor Zhou thought about it, and soon the star map was collected, and a large amount of materials were taken out to refine a special formation.

This formation.

You can open a space-time channel at the expense of Shen Shuang!

In this way.

Emperor Zhou can send out his subordinates to destroy the Heavenly Misty Continent!

at the same time.

On Su Lang's side, he once again entered the boring practice life of repeated cycles.

Half a day's time is fleeting.

Su Lang once again harvested countless cultivation bases, a huge amount of actively promoted crystal wall cells, and twelve primordial realm time-type exercises that reached the founding level!

In addition.

One-key empowerment function refreshed all times!

The dead clones and the treasure hunting flying flying flying have all reunited!

"I can empower again!"

"After the empowerment, I will improve my cultivation!"

"This time, I will choose some quasi-prime promotion. For the veteran, you must also choose some support."

"First of all, the quasi-prime and the strong men who have experienced thousands of battles in the ship of ten thousand domains!"

"..."

Su Lang thought in his heart, and Xuan even contacted Hao Xingren and the others to get them all over quickly!

Hao Xingren and other two hundred and one powerful men appeared in front of Su Lang.

"Your Majesty Su Lang!"

"I wonder if you have any orders?"

Hao Xingren and others knelt down on one knee to Su Lang, asking for instructions.

"It's nothing big."

"Just to help you get promoted."

Su Lang smiled faintly, as if what he had to do was just a trivial thing.

however.

Hao Xingren and the others were pleasantly surprised.

Through Jiang Wenzheng and others, they also learned that Su Lang could create five hundred primordial powerhouses every day.

But never expected.

The surprise came so soon!

"Don't froze!"

"All come to line up, one by one!"

Su Lang hooked his mouth and waved to Hao Xingren, "Come on, you are the first!"

"Yes, Your Majesty Su Lang!"

Hao Xingren immediately came to Su Lang and knelt down respectfully.

Su Lang stretched out his hand and instilled in him the time rules of the Five Evolution Realm, the exercise method "Universal Transformation into One Picture", and a little cultivation base.

Suddenly.

Hao Xingren's cultivation base has skyrocketed, and there is a faint tendency to break through to the Second Yan Primordial Stage!

## [Chapter 2144: All-round Jiuyan Taichu combat power](#)

"Finally Qiyan Realm!"

"From now on, I can go against the flow of time on my own!"

Su Lang clicked the corner of his mouth, then glanced at the mysterious black space, and found that the golden villain had completely turned white.

"The cultivation base is used up again."

"It's okay, let's have a little more time, and we will be able to break through to the Bayan Prime Beginning Stage again!"

"And when I practice in this exile, time outside is extremely slow."

"Presumably when I finished the breakthrough and went out, I didn't pass a minute outside!"

Su Lang looked happy, and then called up his attribute panel!

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Qiyan Taichu

[Attack level]: Jiuyan Taichu

[Shenfa level]: Jiuyan Taichu

"Nine Yan Primal Beginning Realm combat power!!"

"A large number of founding Taichu exercises, as well as crystal wall cells far surpassing the same level, directly boosted my combat power to the nine generations level!"

"This is on the same level as Bliss and Ruohai, and it's slightly worse than Bailian and Po Suo."

"However, they have cultivated for so long, how long did I practice?"

"Hmph, another round of cultivation, they will all be trampled under my feet!"

Su Lang looked at his attribute panel with a trace of strong confidence in his eyes!

Immediately after.

He planned to continue practicing,

If he can, he will go to the realm of eternity before leaving!

however.

Just when Su Lang closed his eyes and planned to continue practicing, he suddenly changed his expression and his eyes were surprised.

Because of the Nine Yin Eyes of the Candle, the Spirit of the Heavenly Void Realm Server, the Treasure Hunting Flying Flying Dying and the clone, news came all together

——A major event has happened in Tianmen Mainland.

"Lying down!"

"The Heavenly Misty Continent is so stable, how could something big happen?"

"Could it be that Tianmi Continent has hit my Tianmen Continent?"

"That's not right, then Bailian is still competing with my clone. Whoever collects more natural life planets in the 'match'!"

"..."

Su Lang's heart came up with various surprises.

Simultaneously.

He also saw the place where the change occurred through the vision of the clone and the sight of the treasure hunt flying flying fly

——It is the exchange house!

This place where people came and went, and was extremely prosperous, has suddenly become a ruin!

The entire exchange building.

And within a radius of dozens of light years, there are countless beasts and beasts looting everywhere!

Most of these sacred beasts and fierce beasts can be seen at a glance that they are forcibly controlled.

The other part has complete consciousness and willingly sells his life for Emperor Yuanmingzhou.

And the place where the heart lock is located.

Shen Shuang, who was penetrated by the black jade chain, turned into a huge black hole!

It is estimated that Shen Shuang died very frightened and resentful.

I thought I would be saved by the immortal Emperor Zhou, but he was treated as a victim!

And for that black hole.

Su Lang knew at a glance that it was a huge space-time channel.

And it should be the time and space channel leading to the Tianting Continent.

After all, Shen Shuang was from the Tianting Continent, and those divine beasts and fierce beasts could also prove this.

"Tianting Continent!"

"Hmph, I don't know that it is those turtle grandchildren who are helping Emperor Yuanmingzhou guard the Tianting Continent."

"I originally planned to go there myself, but I didn't expect you to invade first."

A sneer flashed in Su Lang's heart, and then looked down at the ruins of the exchange building far away.

However, in the passage of time and space, there are still a large number of various beasts and beasts surging out!

The other side.

The four junior monks including Pu Lian were still worn on the black jade chains.

There are a few too junior beasts trying to save them.

But the power of the heart lock is too strong.

The ordinary Qiyao Taichu could not save Pulian and others!

[Chapter 2145: Shen Shuanghua Time and Space Channel](#)

"A strong space-time channel!"

"Even the time and space of the Tianmen Continent cannot be stopped!"

"If it weren't for Emperor Yuanmingzhou's side that didn't pay attention to the Heavenly Continent, the Heavenly Continent would have already been finished!"

"Well, I was also careless, and let people take advantage of the loopholes and directly opened up the space-time passage to the Tianmen Continent!"

"Fortunately, almost all the strong went to the training areas inside and outside the exile. The level of the slaughtered warriors was not high. After that, Jiang Wenzheng and the others could be resurrected by using the corpse soil source soul reincarnation technique."

"In addition, Shen Shuang was pierced by the heart-piercing lock, and the space-time channel he transformed was also affected, and he was imprisoned in place!"

"The space-time channel can't move, so they can only appear here, hehe, isn't this for me to play the mole-mouse game!!!"

"I want to see how many hamsters you have come to die!!"

A sneer was drawn at the corner of Su Lang's mouth, and then he waved his hand to collect all the primordial beasts and warriors nearby, and directly arrived at the Tianmen Continent, watching from a distance.

But he didn't do it.

From the current situation.

These sacred beasts are obviously cannon fodder!

The real messenger did not appear at all!

Anyway, the exchange building was now destroyed, and the surrounding area was also destroyed into a piece of white ground.

Let these divine beasts and fierce beasts continue to plunder.

"Hurry up, my dear gophers!"

Su Lang stared at the space-time passage, his sneer grew stronger.

At the same time, he immediately issued an announcement through the heavenly virtual world!

The next moment.

The Heavenly Misty Void Server Spirit issued an announcement, whether it was in the Heavenly Misty Void Realm, the Heavens Continent, or the Exile Land.

As long as the area covered by the heavenly virtual world.

All the creatures heard the announcement clearly

——Some strong men invaded the Heavenly Misty Continent, and warriors above the quasi-primordial beginning stage, all go to the exchange building to gather!

In an instant.

The entire Tianmen Continent is boiling!

"What! Someone is invading!"

"Damn, we've just gotten on the right track, so someone is invading?"

"Quickly, stop cultivating, go to the exchange building to resist the invaders! Guard the Tianmen Continent!"

"Yes, yes, yes, although my strength is shallow, but for the sake of the Heavenly Misty Continent, even if we are fighting our lives, we must participate in the war!"

"..."

Countless cultivators cried out in excitement, screamed wildly, and sent them to the exchange building through the heavenly virtual world.

in a blink!

The exchange building with a small number of people is full of cultivators everywhere!

"His Majesty!"

"His Majesty Emperor Infinity, please let me wait for the war!"

"Your Majesty Su Lang, I am willing to fight with you, although I die without regrets!!"

"..."

Countless cultivators bowed down to Su Lang, their eyes hot, full of consciousness of throwing their heads and blood!

And you warriors.

At least they are all at the Supreme Emperor level.

If you don't reach the Godless level, you will be embarrassed to come over.

at this time.

At a glance, there are huge crowds of people, and there are as many as ten million Godless Grades!

"This is the godless powerhouse under my command."

"The number has risen a lot from before, and many of them have just broken through. Obviously, the bottleneck was broken through the place of exile."

"However, this battle is not something God-level can deal with."

Su Lang looked at the supreme emperor's powerful man, then smiled and shook his head, saying loudly, "You are all too junior reserve, so you can't easily break them, go and practice for me!"

This statement came out.

The tone is sonorous, no rebuttal!

The strong majesty makes no one dare to violate the order.

"Yes, your majesty, the great Emperor Zhou!"

"I will definitely cultivate to the elementary level as soon as possible, and fight for you!"

"..."

The godless powerhouses turned their unwillingness into motivation, and then returned to the place of exile very obediently to practice.

And Su Lang's gaze.

It fell on all the primordial and quasi-primordial powerhouses!

But all those who are not breaking through are here!

among them.

There are a total of one thousand two hundred and thirty-six of the powerful ones!

In the early days, there will be more strong people, and they are completely countless, all of them come and stand by, waiting for Su Lang to send troops and generals to station in the Infinite!

#### [Chapter 2146: Shocked Immortal Emperor Zhou](#)

"It's all here, very good!"

Su Lang looked at everyone and nodded slightly.

At the same time, people like Ying Wa, Han Li, Jiang Wenzheng and others couldn't help but look at Su Lang while respecting them.

but.

Su Lang had already covered up his breath in order not to startle the snake.

Therefore, Yingwa et al. found nothing.

Of course, they knew that Su Lang had been cultivating for a while in the exile, and he would definitely have made some progress, but they didn't know how much progress was made?

At this time.

"Everyone!"

"This time, the enemy of the Tianting Continent has invaded."

"But before the Lord appears, let's control the battlefield first."

Su Lang looked around at everyone and issued an order, "These sacred beasts are all controlled companions, don't kill them by mistake."

"Yes! Your Majesty Su Lang!"

Ying Wa and the others also knew Su Lang's purpose of hiding clumsy at this time, and they secretly praised wisely.

Immediately after.

More than one thousand and two hundred super-junior powerhouses all shot together, and began to deal with the controlled beasts and beasts.

Rumble!

The two sides are fighting together.

Countless magical powers erupted, tearing the earth into countless canyons and deep pits, and magma was spreading crazily toward the surface like blood.

Although the number of beasts and beasts is large.

But the realm of cultivation is not high, there are only a few of a dozen who are controlled too junior, and the rest are small soldiers.

therefore.

More than a thousand Taichu shot together.

Those divine beasts and fierce beasts were under control instantly!

Including a dozen of mythical beasts that were too elementary, they were all trapped.

But Pulian and other monks were directly killed by Su Lang driving the Heart Piercing Lock!

Simultaneously.

The sacred beasts and fierce beasts that kept pouring out of the passages of time and space suddenly stopped flowing and no longer appeared!

"Oh?"

"It seems to be too high-profile."

"The opposing friend was already shocked and stopped using useless strategies."

"So, next, the friend on the opposite side, what kind of strong will you send to continue to attack the Heavenly Continent?"

"Surely, just give up like that?"

Su Lang looked at the time and space passage through which there was no more sacred beast, and there was a hint of playfulness in his heart.

but.

On his surface, he was extremely solemn.

The other side.

As Su Lang expected.

The immortal Emperor Zhou who launched an invasion war on the Tianmen Continent was already stunned!

The woman of Emperor Yuanmingzhou looked at the space-time passage with a face full of surprise at this time, a small mouth opened slightly, and her breathing was a little short.

"I am not wrong, right!?"

"More than a thousand are too junior strong, how is this possible!"

"The mere Tianmen Continent, even if it merges some Wu Clan Continents and Cultivation Realms, and accepts some Primordial Mythical Beasts, there will be at most more than 100 Primal Beginnings!"

"A total of more than a thousand early powers, where did this come from?"

"Could it be the training area in that exile?"

"But even with one hundred thousand times the flow rate of time and one million times the energy of the heavens and the earth, it is impossible to create thousands of primordial beginnings in an instant!"

"By the way, Shen Shuang mentioned before, what Su Lang has created five hundred Taichu in one day!!"

"..."

A strong disbelief and stormy waves rose in the heart of Emperor Zhou.

She couldn't help but compare Su Lang with Yuan Mingzhou Emperor.

As a result, her Dao Lu Yuan Mingzhou Emperor could never do such a miraculous thing!

"How did this Su Lang do it?"

"No, I must get this secret!"

"In addition, the place of exile, I must also be in my hands. That may be the opportunity for me to break into the realm of eternity!"

"There is also the Heavenly Void Realm, which is extremely useful for the development of cultivation civilization!"

"Countless creatures communicate within it, and countless thoughts are colliding with each other all the time. Perhaps, some peculiar ideas and auras can be born!"

"This Heavenly Misty Continent, in a short period of time, has become a treasure everywhere!"

"All of this was created by that Su Lang, this man...I want to catch it alive!!"

A trace of excitement wafted in the heart of Emperor Immortal Zhou, and his eyes showed hot gaze, it seemed that it was a matter of grasping Su Lang alive.

In her opinion.

No matter how mysterious and powerful Su Lang was, he was just an ordinary too junior powerhouse.

The Tianmen Continent is showing a trend of prosperity, but everything is still at the beginning after all, it is a bud that can be easily wiped out!

[Chapter 2147: Capture that Su Lang alive!](#)

"The power that space-time channels can carry is limited."

"If I force it through, I am afraid it will be dangerous."

"Furthermore, I have to guard the Eastern One, lest he suddenly attack."

"According to the previous plan, a large number of people were sent to besiege Na Su Lang!"

Emperor Zhou thought so.

She had already used Bai Lian's intelligence and knew of Su Lang's strange methods, and she would naturally respond.

The solution is simple, just send more people!

Bai Lian and others are not enough, so Su Lang will lead them around.

After making up your mind.

Emperor Zhou began to dispatch troops.

quickly.

Four powerful figures in the nine-generation state, ten powerful figures in the eight-generation state, and fifteen primordial beasts in the Qiyang state appeared in front of her!

"Subordinates knock on the immortal Emperor Zhou!"

A total of twenty-nine powerful men standing at the apex of the pyramid bowed deeply to the immortal Emperor Zhou.

These twenty-nine strong men.

Among them, the four Jiuyan Taichu and ten Bayan Taichu were all under the command of Emperor Yuanming Zhou, who temporarily obeyed the order of Emperor Eternal Emperor.

The other fifteen Qiyang too primary beasts.

It was controlled and cultivated by the Immortal Emperor Zhou himself.

Not bad.

For more than four billion years, she has controlled and cultivated fifteen most genius beasts and cultivated them into a powerful existence in the Qiyang Primordial Stage.

And Dongfang Taiyi hidden inside the Tianting Continent.

I could only watch the hope of the mythical beast clan being seized by the immortal Emperor Zhou.

He even cultivated into a clan to deal with the beasts and the minions of the boundless universe!

"Everyone listens!"

"When I go to the Heavenly Misty Continent, I will definitely catch that Su Lang alive!"

The immortal Emperor Zhou looked majestic and gave orders to the twenty-nine powerful ones, "The rest will be killed without mercy!"

in fact.

The information obtained with the immortal Emperor Zhou.

Su Lang was also able to kill the existence of the Qiyang Realm, and couldn't deal with the Bayan Realm primacy.

For the sake of insurance, all Bayan and Jiuyan Taichu were dispatched.

If the sacred beasts of the Qiyang Realm were unable to deal with Su Lang, they would send the Bayan Realm Taichu.

In the early days of Jiuyan, Emperor Immortal Zhou thought that they probably had no chance to make a move.

"Yes!!"

After receiving the order, the public immediately went to the space-time channel.

In the meaning of the immortal Emperor Zhou, fifteen divine beasts of the primordial beginning entered the space-time passage first.

The other side.

Su Lang caught a large number of divine beasts and fierce beasts, and temporarily collected them into his vacant crystal wall world.

Those divine beasts and fierce beasts willing to give their lives to Emperor Yuanmingzhou were killed and turned into various materials in Su Lang's storage space.

at this time.

Su Lang was leading Ying Wa and the others, staring at the time and space channel, ready to fight at any time.

quickly!

His eyes were full of killing intent, but with a trace of a struggling beast through the time and space channel, he appeared in front of Su Lang and the others.

This is a blue dragon, covered with bright white scales, the dragon's horns are moon-white, and the long mane on the dragon's head is bony white.

"Qiyang Realm Divine Dragon!!"

Su Lang raised his eyebrows, and he didn't expect that the suppressors of the Tianting Continent would control such a powerful beast!

"Roar!"

The huge, extremely mighty Canglong roared and slayed at Su Lang and the others.

at the same time.

Another peculiar bat with two pairs of black and red wings rushed out of the space-time channel, at an extremely fast speed, and killed Su Lang and others.

"It's Qiyang Realm again!"

Su Lang raised his eyebrows, and then discovered that another Qingluan in the Qiyang realm had run out of the space-time channel!

Behind, there are nine footless dragons rushing out of the space-time channel.

Just then.

The first Canglong rushing out of the space-time channel has already slain in front of Su Lang!

"Your Majesty Su Lang!!"

"Quickly, protect Your Majesty Su Lang!"

"I wait for Ning to be crushed, and I will never let His Majesty Su Lang get a vellus hair!!"

"..."

Ying Wa, Han Li and others stood in front of Su Lang, sending out all kinds of magical powers to resist the attack of Canglong!

However, a large amount of time means formed a whirlpool shield in front of Su Lang.

The shield stretched out, enveloping everyone.

The outer periphery is full of the power of time freezing. The closer it is to the inside, the slower the flow of time will be. When it is about to touch the shield, time will continue to flow backwards!

#### [Chapter 2148: Ban the fifteen and seven generations of the beast](#)

In a blink of an eye.

All fifteen super-primary beasts appeared!

All of a sudden the world changed color, and the space trembled.

The time vortex shields that all the people had maintained at the beginning were madly consumed, and they were about to disappear when they saw it!

"His Majesty!!"

Ying Wa and the others turned their heads to look at Su Lang, wondering why Su Lang still did not use the Infinite.

"Well, fifteen beasts?"

"They are all persecuted and forcibly controlled divine beasts in the Tianting Continent."

"It's fifteen little gophers, take them first!"

A thoughtful look flashed in Su Lang's eyes, and with a wave of his hand, a phoenix with colorful rays in the fiery red suddenly appeared in the world! !

"Tweet--!"

Accompanied by a crisp Fengming.

An incomparably majestic breath was pressing down.

The powerful time countercurrent force enveloped the audience!

Suddenly!

Not only did the power of the time vortex shield increase sharply, it stabilized again, blocking the fifteen divine beasts outside.

There is still a lot of time solidified force suppressed.

In the long stream of deceleration, a head of mythical beast seemed to have been pressed a slow-motion button countless times.

They move slowly in the air, almost slower than ants.

Moreover, the phoenix, as the top one among countless sacred beasts, directly formed an extremely terrifying suppression on the sacred beasts.

Especially the Qingluan, almost lost his fighting spirit.

"Bayan Realm!!"

"It's the phoenix of the Bayan Stage!"

"It's no wonder that His Majesty Su Lang didn't use the Boundless, his phoenix has actually been promoted to the Eight Yan realm!"

"Hahaha, with the help of the Eight-Earth Phoenix Phoenix, we can defeat these sacred beasts even without the Boundless Number!"

"..."

Upon seeing this scene, Ying Wa and others were suddenly excited.

The immortal Emperor Zhou in the Tianting Continent also saw this scene.

"A phoenix in the Bayan Realm?"

"Is it the one from Meteophoenix Great Thousand Territory?"

"After he was rescued by that Su Lang, he recovered his combat power so quickly, and even completed a breakthrough!?"

"It's incredible. Wherever Su Lang appears, the people around him are undergoing extremely drastic changes. This is really amazing!"

"However, with a phoenix in the Eight Relations realm, it is possible to suppress the divine beasts in the Seven Relations realm, nothing more!"

A trace of astonishment rose in the heart of Emperor Zhou, who immediately turned into a sneer.

She turned to look at the ten powerful Bayan realm aside: "Go, catch that Su Lang back to me, and kill all the others!"

"Yes!"

"His Royal Highness Immortal Emperor Zhou!"

A total of ten powerful masters of the Eight Evolution Realm took their orders, and immediately got into the passage of time and space.

at the same time.

In the heavenly continent.

Fifteen divine beasts have been completely suppressed by the Phoenix.

Even if they themselves had the power of time in the past stage, compared to Phoenix, their level was too low.

at this time.

The force of time freezes them in place, unable to move forward for half a day.

"lock!!"

Su Lang looked down on the battlefield and waved his hand, the Piercing Lock instantly shot nine black jade chains, and all fifteen gods and animals were locked! !

but.

Su Lang did not use the torture effect of the heart-piercing lock.

It simply blocked the fifteen sacred beasts.

After all, these fifteen sacred beasts were forcibly controlled, and Su Lang wanted to rescue them from the sea of suffering and bring them under his command.

In a blink of an eye.

Fifteen divine beasts were sealed by the heart-piercing lock.

With a move of Su Lang's heart, he immediately unfolded a vast world of crystal wall cells and included them together.

Just then!

"Su Lang, little bastard, give me a shot!!"

A violent shout came from the space-time channel, directly spreading over tens of millions of light years!

A low-level cultivator in the Primordial Realm with a weaker cultivation base trembled on the spot, his legs were soft, dizzy, and terrified! !

"It's a powerful person in the Bayan Realm!"

The expressions of Jiang Wenzheng, Ying Wa, Han Li and others changed.

Then I saw a big man sculpted like marble rushing out of the space-time passage.

This person was holding a giant Liuyan Primordial Axe, tearing up countless spaces along the way, and even the grid of space was directly torn apart.

Moreover, this person used time acceleration means for himself, the speed was so fast that he exploded, and he immediately smashed in front of Su Lang!

#### [Chapter 2149: Sword Zhan Bayan is too early!](#)

"Your Majesty Su Lang!"

Jiang Wenzheng and others were a little shocked.

Although they followed Su Lang to escape from the shadow of Mi Ling Buddha's golden body, they also beheaded Bai Lian clone and other Qiyan realm masters.

but.

It was the first time they encountered the real Bayan Realm!

Of course, they were horrified but not panicked, because there was a Phoenix in the Eight Yan Realm guarding Su Lang!

"Seven Treasure Trees, everything is not brushed!!"

The phoenix directly blocked Su Lang and everyone else, the long tail feathers burst out with colorful divine light, and instantly swept through the weapons of the eight-generation realm powerhouse!

"Buzzing!!"

The Bayan realm big man made a dull hum of weapons in his hand, and his whole body was trembling constantly, as if he was about to get out!

The power contained in it is automatically dispersed!

"what!?"

"What kind of magical power is this, he can actually shake my weapon!!"

The look of the great man in the Great Beginning Stage of Bayan changed drastically. Without even thinking about it, a powerful time rule broke out immediately, which affected Phoenix.

however.

Phoenix also has strong time rules.

The two sides are on par, and the time rules cancel each other out.

The next moment!

Phoenix's neck was melodious and pecked fiercely.

The elegant but extremely sharp phoenix beak suddenly fell on Liu Yan's axe.

"Ding dumbstruck——!!!"

The shrill sound almost piercing the eardrum of a person spread around.

Liu Yan's giant axe broke away from the hand of the big man, spinning and being enveloped by a colorful light, he took it away directly!

"My weapon--!!!"

"Ah, you guys will die for me!!"

The big man was furious, and fiercely displayed the explosive secret method, his breath soared!

All the people present at first felt that the sky sank, as if it were about to collapse!

at the same time.

There is also a second strongman of the Eight-Earth Realm of Primordial Beginning who flew out of the time and space channel, holding a black sharp spear, his eyes were cold and merciless, and he suddenly killed all of the Primal Beginner!

Not only that!

The third master of the Eight Yan Primordial Realm has also appeared at the exit of the space-time passage, full of murderous intent, like a fierce star alive.

At the beginning of Tianmen, the mainland people saw this scene.

His complexion changed suddenly!

but.

Seeing that Su Lang had no intention of retreating at all, they suddenly understood that Su Lang must have full confidence.

really!

The second Bayan Realm appeared at the beginning.

Su Lang finally made a move!

"Humph!"

"The real gopher has appeared!"

"Game of moles, officially started!!!"

Su Lang clicked the corner of his mouth, pinched with his right hand, and the Youtian Sword instantly cut out, "Broken a sword——!!!"

Suddenly.

The terrifying Jiuyan Primordial Realm aura burst out.

An incomparably powerful sword aura slashed out from the Youtian Sword, violently slaying towards the second Bayan realm powerhouse!

This sword aura was so powerful that even the Youtian Sword could not bear it, and it made waves of swords!

This trick broke a sword.

Restrain everything in the world, after reaching this level, even the rules of time can be cut away!

Faced with this trick, the powerful person in the Eight-Yan Realm with a long spear was suddenly cold, like falling into an ice cave, standing upside down with hair, and the alarm bell rang in his heart!

Unbelievable and terrified.

He didn't hesitate to draw a gun back to defense, at the moment of the moment, before breaking a sword!

however.

Can Su Lang's attack be able to stop him?

"boom--!!!"

The power of the broken sword directly smashed his spear, and the unparalleled power tore his skin!

Immediately after.

A strange power permeated.

This strong Bayan primordial realm trembled all over and died on the spot!

"Ding! You get the Soul of the Primordial Beginning\*1, the Primal Life Universe\*1, the Fragment of the Primordial Body\*8695600, the Primal Material...the Godless Grade Material...The Supreme Emperor Source\*963263611. ...."

The system prompt resounded through Su Lang's mind.

A huge amount of loot is directly included in the storage space with the perfect plundering function!

A statue of Bayan Realm died at the beginning.

The Bayan realm great early man who had lost his weapon and the strong Bayan masters who rushed out of the space-time passage from behind were all shocked.

"how is this possible!!!"

"How could he be in the Jiuyan Great Beginning Stage!"

"Damn it, he has hidden his strength. He was originally a powerful master of the Jiuyan Prime Beginner. He has always been pretending to be a pig and a tiger!!!"

"Quick, defense, defense!!!"

"..."

At the beginning, all the Bayan Realm looked at Su Lang with horror, and their eyes were full of horror. They immediately guarded the space-time passage and formed a defensive array.

Jiang Wenzheng and others were also extremely shocked.

They are all completely stupid, their thinking is stagnant, and the whole brain is simply blank!

[Chapter 2150: Then, I take the initiative!](#)

Jiuyan is too junior! ?

OMG!

How much time has passed since Tianmen Continent?

Dozens of breaths! ?

Their Majesty Su Lang has soared from the Five Generations to the Nine Generations, and he jumped to the pinnacle of the Primordial Beginnings, and he took another step, he was a half-step eternal strong! !

It's against the sky, it's against the sky!

Abnormal, too perverted!

It really deserves to be the boundless Emperor Su Lang, who is beyond common sense!

at the same time.

In the Tianting Continent.

Emperor Zhou, the Immortal, saw the whole process of Su Lang's action through the news sent by his subordinates, and he was very surprised in his heart!

"Cut two people under my command!"

"This Su Lang turned out to be Jiu Yan too junior!?"

"No, his combat power is too elementary for Jiuyan, but his realm seems to be only Qiyan?"

"This son is more genius than I thought. With the Seven Realm Realm possessing the Nine Realm combat power, it is simply unheard of!"

"Even my husband only possesses the combat power of the eight generation stage when he is in the seven generation stage."

The immortal Emperor Zhou rises with turbulent waves in her heart, and at the same time, her heart is full of anger, and her heart to arrest and control Su Lang becomes more determined!

"Give me all four of you!"

"One nine generations of the primordial battle strength, plus one eight generations phoenix."

"I don't believe it, you can still stop the four true Jiuyan Taichu!"

Indestructible Emperor Zhou showed his murderous intent, and immediately ordered the four people around him. One of the four powerful Nine Yans suddenly stood up and entered the space-time passage.

Because the space-time channel has limited bearing capacity.

Although Jiuyantai Elementary can pass safely, but the speed will be slower.

So they can only go one by one.

However, in the eyes of the immortal Emperor Zhou and the four Jiuyan Taichu, in fact, a powerful Nine-Evolution Realm can defeat everyone in the Tianmen Continent!

Just to prevent Su Lang from running away.

They will all be dispatched.

And just when the Emperor Jiuyan under the emperor of the immortal universe entered the passage of time and space at the beginning.

Heavenly Continent.

"Don't you dare to attack?"

"Then, I will take the initiative!"

"Now it's your turn, cute little gopher."

Su Lang smiled coldly, waved Jiang Wenzheng and others into the universe of life.

Immediately, he held the Youtian Sword and directly slammed in front of the Bayan Realm Taichu who had lost his weapon.

Later, at the beginning of the Eight Deities and Bayan Realm, they could immediately form a defense.

This great Bayan who had lost his weapon was unable to get away at all, because he was entangled by Su Lang's phoenix from beginning to end!

Facing Su Lang's offense.

He can't free his hands to stop!

"No!! Help!"

This man was terrified at the beginning, and called for help from the eight defensive companions.

however.

The eight people didn't move at all.

It's not that they don't want to, but they dare not!

The gap between the elementary and small realm is too terrifying, and they will not have a chance to save people together!

instead.

If the space-time passage is destroyed, they will be alone and helpless, and they will definitely die here!  
at this time.

Seeing the eight companions stick to the time and space channel, they are indifferent.

The Great Han who lost his weapon suddenly became desperate!

"what!"

"Violent Body Slaughter Heaven Technique!!!"

He performed explosive secret techniques like crazy, and his breath was wild.

But he was still suppressed by Phoenix!

The reason why the Phoenix is the top existence among countless mythical beasts is because they are inherently stronger than their peers!

And this Bayan Realm was suppressed at the beginning, it has completely become Su Lang's fish meat, let it be slaughtered!

"Succumb to death!"

"Broken a sword——!!!"

Su Lang held the Youtian Sword high, filled with endless strength, and severely cut it down amidst the screams that Xiaoyou couldn't bear.

Huh——!

Suddenly, another incomparably bright sword light fell on that Eight Yan Realm Taichu.

Being entangled by the phoenix, he has no power to resist at all!

He could only watch Po Yi Jian Jian Light fall on him in horror and despair.

Hiss!

The restrained broken sword sword light tore open the opponent's defense.

The effect of Youtian Sword breaking defense and death is triggered.

The system prompt immediately sounded, and the second master of the Bayan Realm of the Beginning, completely fallen!

Immediately after.

Su Lang's gaze fell on the body of the eight remaining Eight Demons Realm Taichu, and the latter's gaze condensed, revealing a deep look of fear and fear.
