[Chapter 2151: The Youtian Sword is continuously evolving!](#)

suddenly.

"No!"

"Master, I can't take it anymore, no more, can't take it anymore!"

Xiaoyou's voice suddenly reached Su Lang's mind.

It turned out that after slaying two Eight Generation Realm powerhouses one after another, the Youtian Sword, which had only six generations of power, couldn't bear it.

The gap between Liu Yan and Qi Yan is terrifying, and the gap between Qi Yan and Ba Yan is even more terrifying.

Not to mention, what Su Lang poured into Youtian Sword was the majestic power of Jiu Yantai's primary level.

This means that Youtian Sword possesses the characteristic of 'Indestructible'.

Replaced with the rest of the Six Evolution Realm weapons, I am afraid that they are already damaged at this time!

"Sorry."

"Considering your feelings..."

"Don't worry, I'll evolve for you now, and then you can continue the battle for 300 rounds!"

Su Lang was stunned for a while, and then he stroked the sword lightly, gently comforting.

Originally, he had no material to evolve the Youtian Sword.

But at this time he had already killed two Bayan Realm Taichu!

Moreover, he was under the command of Emperor Yuanmingzhou, and he did not know how much wealth he had collected for countless years!

Get their spoils.

The materials needed to evolve the Youtian Sword are a piece of cake.

"Really!"

"Master, let me evolve!"

"Xiaoyou will accompany her master to fight for three hundred rounds!"

When Xiaoyou heard that Su Lang wanted to evolve for herself, she was suddenly very excited.

"Don't worry, this will give you evolution!"

Su Lang ticked the corner of his mouth and gave instructions in his heart, "The system, only retains the specified characteristics, evolve the Youtian Sword!!"

"Ding! Consume the Soul of the Beginning*620, the elementary material Youhengyu Dragon Stone*1322, the Ningtian Mingxin*2333, the Haoxing Meteorite Core*3232, the evil star taking Xunyu*30000...no **** Grade material: Godless Soul*800000...The Youtian Sword has evolved into a Wuyan Taichu weapon!"

A faint light flashed.

The Youtian Sword in Su Lang's hand suddenly evolved to Wuyantai Elementary.

Coupled with the blessing of the one-click enhancement function, Youtian Sword has the power of the Qiyang Realm!

But this is not over yet!

Because there is a lot of material left!

"The rest of the world, materials and treasures, should be enough."

"It's the Soul of the Beginning, maybe not enough."

"But it doesn't matter, the system, start the one-click decomposition function!"

With a thought, Su Lang immediately broke down the two weapons that had just been captured.

The two captured primordial weapons were of the six ranks, and they were of the top one.

Because the refiner's accomplishments were not high enough, a lot of extra materials were consumed.

Just the Soul of the Beginning, each weapon consumed seven or eight hundred copies!

At least nearly a thousand fall of Taichu can create one of the weapons.

I don't know how long it took these two weapons before they were gradually refined to this level.

And this time.

These two weapons were directly decomposed and reduced to all the materials from which they were cast.

The materials for the Evolution Youtian Sword are immediately enough!

"Hey!"

Su Lang ticked the corner of his mouth and gave the command again, "Only retain the specified characteristics, and evolve the Youtian Sword for me again!!"

"Ding! Consumes the Soul of the Beginning*1200...The Youtian Sword has evolved into a Liuyantai primary weapon!"

A huge amount of materials in the storage space disappeared out of thin air.

The mysterious power turned into a burst of light to slide over the Youtian Sword, and it immediately evolved into a weapon of the Six Yan Primordial Beginning Realm!

Plus the strength of strengthening +9.

The power of the Youtian Sword has approached the Bayan Primordial Realm!

"Although it hasn't officially reached the Bayan Realm."

"But carrying my strength and killing the strong in the Eight Evolvement Realm is completely possible!"

"In addition, the Tianting Continent is still guarding the time and space channel, presumably there must be the Jiuyan Great Beginning Stage coming over!"

"Hahaha, just right, I will kill you all today!!"

A thick murderous intent and sneer rose in Su Lang's eyes. So far, his hole cards are useless!

And just as Su Lang continued to improve the Youtian Sword.

There was a violent time-space fluctuation in the time-space channel!

Immediately after.

A middle-aged man with short hair like a pin, wearing a red armor, and a cold face appeared.

Suddenly.

An elementary aura of Jiu Yantai that was more majestic than Su Lang spread.

Within hundreds of thousands of miles, the sky was dimmed and the space trembling.

The earth sank tens of millions of feet under the terrifying suppression, countless magma erupted, and black smoke went straight into the sky!

The earth sank tens of millions of feet under the terrifying suppression, countless magma erupted, and black smoke went straight into the sky!

[Chapter 2153: Half-step eternal regular power](#)

"Half-step eternal level!"

"This is a half-step eternal breath!"

"How is it possible, how is this possible, how can the Heavenly Misty Continent still have half an eternal state!?"

"It's that humanoid weapon, the humanoid weapon in Tianmi Continent Intelligence, it already possesses half-step eternal power!"

"Oh my God, how is this possible? The intelligence only came back yesterday, when it had only the regular combat power of the Eight Yan Realm!"

"Can't be an enemy, we can't be an enemy! To escape, only to escape!!"

"..."

Shang Mouzhuo, Zhang Dutai and Chunqiyi raised countless stormy waves, and they couldn't believe their eyes or their spiritual thoughts!

Simultaneously.

Endless fear appeared in their hearts, making them stiff and cold, like falling into an ice cave!

After the horrified thought in his mind came up.

The three immediately turned around and fled towards the space-time channel!

however.

In the passage of time and space, the fourth Jiuyan Great Beginning Realm powerhouse Gui Haiqi is passing!

The three of them are blocked!

"Do not!"

"It's over, we're done!"

"Half-step eternal power, how can we resist!?"

"..."

Shang Mouzhuo, Zhang Dutai, and Chunqiu Yi suddenly became even more desperate!

Just then.

Huh—!

The space-time channel fluctuates.

A figure appeared in front of the three, it was Gui Haiqi.

"Three fellow Daoists, you...Ah!! What is this!? Half a step in the eternal state!?"

When Gui Haiqi saw the desperate faces of Shang Mouzhuo, Fu Dutai and Chunqiu Yi, he was immediately shocked.

Immediately afterwards, he felt the half-step eternal breath from the boundless body.

He encountered such a move as soon as he ran out of the space-time channel, which was comparable to a horrible opening to kill, which was directly scared to death, and his soul was scattered!

Even think about it.

Gui Haiqi instantly turned and fled into the space-time channel.

Shang Mouzhuo and the other three were also upside down, their nerves tense, and mad dogs rushed towards the passage of time and space.

Those eight Bayan Realm's Taichu also followed, desperately beginning to flee!

but!

It's too late!

"Want to go back?"

"If you eat a peanut, you won't get drunk like this!"

Su Lang smiled faintly, and his thoughts moved, an extremely terrifying space-time force descended, directly destroying the space-time channel!

Suddenly!

Swish Swish!

Shang Mouzhuo and the four Jiuyan Taichu passed from the place where the space-time passage was originally located, and escaped loneliness.

"no!"

"It's over, it's dead, the space-time channel is gone!"

"Go, run away, run away!"

"..."

Shang Mouzhuo and other four great Nine Yans were desperate at first, and immediately made the decision to disperse and escape!

They fled directly in four directions.

The same was true for the eight Bayan realms in the beginning, and they fled away in a panic.

"Ha ha!"

"Try to escape!"

The corner of Su Lang's mouth twitched, and his gaze fell on Shang Mouzhuo, "One Thought·Fengtian—
—!!!"

boom!

A colorless world appeared out of thin air and directly enveloped Shang Mouzhuo.

"Ah, what is this!?"

"I don't want to die, I don't want to die!!"

Shang Mouzhuo discovered that he was the first to be chased by Su Lang, and fell into the weird gray world. His complexion was distorted with horror and his facial features shifted!

He flees into the distance like crazy.

However, no matter what method he uses, he cannot escape this weird gray world!

Shang Mouzhuo suddenly became more frightened and desperate.

"Haha, be afraid!"

Su Lang smiled coldly, squeezed in his hand, and Wu Bian suddenly moved synchronously.

The Youtian Sword, which is infinitely close to the realm of Bayan, appeared in the hands of Infinity and turned into a huge sword!

The incomparably sharp light of Senhan flows on the blade of the giant Youtian Sword, as if even the natural universe can be cut in half!

"I'm going to die...! I'm going to die!!"

Seeing this scene, Shang Mouzhuo used all kinds of explosive secret techniques like crazy, fleeing like crazy.

But it still has no effect.

He just flees, and hasn't attacked Nianfeng space once, how can he get rid of the seal of Nianfeng space?

In a blink of an eye!

Su Lang had already flew the Infinity to a short distance behind Shang Mouzhuo and brought it into the attack range!

[Chapter 2154: Bayan Realm Youtian Sword!](#)

"Shang Mouzhuo!"

"You will be the first Jiuyan Taichu who died in my hands!!"

The corner of Su Lang's mouth raised, gathered all the power of its Infinity, and the Youtian Sword in his hand was severely cut down, "The world is extinguished, a sword!"

boom! !

An extremely terrifying force poured out from the Youtian Sword.

This power was condensed by Su Lang and more than 14,000 Bayan realm clones, as well as thousands of primordial beasts and cultivators.

Even if the power level of the time rule is only the Phoenix's eight evolving realm.

But this power has far surpassed the realm of Jiuyan Taichu!

And add the characteristics of breaking a sword to restrain everything.

Su Lang's move was simply not something the ordinary Jiuyan Taichu could resist!

At this moment.

The sword light that broke a sword almost came out behind Shang Mouzhuo.

"Spare!!"

Shang Mouzhuo made a stern begging for mercy!

But at the same time, he also took out his weapon and burst out an extremely powerful time countercurrent, trying to delay Su Lang's attack.

however.

Although his countercurrent of time can slow down a trace of Su Lang's attack speed, he cannot resist it after all!

Stabbed!

In an instant.

Su Lang drove the Boundless, with the strongest sword slashed by the Youtian Sword, directly swiping Shang Mouzhuo's time against the current, and tore his defenses!

puff--!

The sound of a sharp knife piercing into the flesh sounded.

Blood splattered!

Youtian Jian's sharp point pierced Shang Mouzhuo's back!

If it was a general weapon, this would be a serious injury, and Shang Mouzhuo almost continued to escape.

but.

It was Youtian Sword that stabbed him!

The effect of breaking the defense is breaking out.

Shang Mouzhuo didn't even have the opportunity to struggle, and he completely lost consciousness.

"Ding! You get the soul of the primordial*1, the universe of the primal life*1, the fragments of the primordial body*9859856, the material of the primordial...no god-level material...the superior emperor source*3412552365."

The system prompt sounds.

Declare that this extremely powerful Jiuyan is too junior and powerful!

"The Youtian Sword is awesome!"

"The Jiuyan Supreme Beginning Stage can also be hacked to death with a single sword!"

Su Lang showed a bright smile and nodded in satisfaction!

at this time!

"Ah, Master, Xiaoyou can't do it anymore!"

Xiaoyou's timid voice came from Youtian Sword, "Master, no, don't continue!"

original.

Although she was evolved by Su Lang to a power close to the Bayan Realm, she still had some reluctance to carry the power of the Boundless Number at this time to kill Jiuyan Taichu.

After cutting a sword, she could no longer fight.

"cough."

"Xiaoyou, hold on, the master will be fine soon."

Su Lang gave a light cough, then smiled, "In this way, the master will help you evolve again!"

"Hmm!"

"Okay, master, hurry up!"

When Xiaoyou heard that Su Lang wanted to evolve for herself, she immediately became happy.

"system!"

"Start the one-click decomposition function!"

With a thought, Su Lang first disassembled all the low-level weapons he had obtained from Shang Mouzhuo.

Among them was a weapon of the Qiyao Realm of the Beginning, and several lower-level weapons.

After disassembling this weapon, he obtained a large amount of Soul of the Beginning and materials.

Plus the rest of Shang Mouzhuo's body, and the rest of the previous ones.

Su Lang knew that the Youtian Sword would consume more than enough!

After all, the Youtian Sword only evolved from the Sixth Stage to the Seventh Stage.

"Enough material!"

"System, start the weapon evolution function!"

Su Lang kept giving orders in his heart, "Only retain the specified characteristics, evolve the Youtian Sword for me!!"

The next moment.

The system prompt sounds again!

"Ding! Consume the Soul of the Beginning*1889, the Elementary Material Youheng Jade Dragon Stone*3658...The Youtian Sword has evolved into a weapon of the Qiyao Beginning!"

Suddenly.

Countless materials turned into mysterious powers, showing a burst of gloom, passing inside and outside the Youtian Sword, and blending into it!

In an instant.

The Youtian Sword has evolved from Liu Yantai Elementary to Qi Yantai Elementary!

Its real combat power has reached a very powerful level in the Bayan Realm!

"Ah, what a powerful force!"

"Master, you are so kind to Xiaoyou!"

"Hurry, hurry, Xiaoyou will kill people!"

Xiaoyou felt her powerful strength, no trace of wilt, and immediately yelled to hack someone.

[Chapter 2155: Kill the two powerful nine generations](#)

"it is good!"

"Now go and kill people!"

Su Lang laughed, and immediately locked on one of the three Great Nine Emperors who continued to escape, Zhang Dutai.

This Jiuyan had to say at the beginning, very powerful!

Taking advantage of the short time that Su Lang killed Shang Mouzhuo and upgraded the Youtian Sword, he had already escaped from Su Lang's divine consciousness detection range!

but.

He did not know.

Su Lang owns the Celestial Void Realm and can instantly reach anywhere in the Celestial Continent!

Within the scope of Tianmen Continent, any place is his hunting ground!

"Transport network, start!"

But seeing Su Lang's heart move, he teleported and appeared behind Wang Dutai.

"what!!"

"How could you kill Shang Mouzhuo so quickly!?"

"How can you chase so fast!?"

"This is not true, it must be a nightmare!"

"..."

Wang Dutai screamed in fear, and then tried all his strength to teleport and flee away!

He originally thought that Shang Mouzhuo could buy some time.

I didn't expect it.

Su Lang killed Shang Mouzhuo so quickly and pursued him.

"Humph."

"Run away, run away."

"It doesn't matter if you escape another billion tens of billions of light years!"

Su Lang smiled coldly, and directly used Yi Nian Fengtian to pull Zhang Dutai into the Nian Feng space!

"Do not--!"

Wang Dutai found that he was enveloped in a weird gray space, everything around him lost its color, and he fell into despair.

but.

Su Lang didn't do it immediately.

Instead, he started to regain his strength while chasing behind him.

The previous sword could kill Shang Mouzhuo, and the profound meaning of the world's nirvana was also indispensable.

And the Universal Silence Profound meaning directly consumed all the power of the Infinity.

To kill Du Dutai, he naturally had to accumulate some strength.

And the recovery speed of Infinity is super fast!

Because every strong man who settled in it is an independent recovery.

They crazily swallowed the too primary recovery pill given by Su Lang, and recovered a huge amount of energy in an instant!

And Su Lang's power recovered faster!

In addition to countless restorative elixirs.

He has a fragment of the sun in his body, in addition to ten directions of life universe and huge crystal wall world!

In a short time.

Su Lang returned to his peak state!

Most of the energy reserves of the Boundless have been restored!

"The Youtian Sword has evolved to the real Eight Evolved Realm."

"Even if the energy of the Infinity is not as good as before, it will definitely kill this Governor Tai!"

Su Lang thought for a while, and immediately the corner of his mouth hooked, and his hands were held in a holding position and raised above his head!

Infinity makes synchronous actions.

The indomitable body lifted the Tianzhu-like Youtian Sword!

The next moment!

"The world is dying, breaking a sword!!!"

Su Lang slashed down fiercely, and the terrifying Youtian Sword instantly slammed on the top of Wang Dutai's head.

"Time, turn me around!!!"

Wang Dutai was unwilling to die just now, and instantly burst out his strongest tricks.

The incomparably majestic time flows backwards into the Nianfeng space.

If it was the beginning of the general Eight Evolution Realm, it would almost always be crazily reversed under this force, the cultivation base would regress, and then be killed.

The weaker creatures are directly reversed into embryos and completely finished!

however.

It was Su Lang that Wang Dutai faced!

A man who has mastered more than a dozen founding-level 'past' stage time exercises, possesses a phoenix in the Eight-Earth Realm and 14,400 clones of a hundred shadows!

Under Su Lang's various horrible time methods, under unmatched absolute power, under the restraint of everything...

Wang Dutai's hole cards are almost paperless!

Rumble!

In an instant, time countercurrent dissipated invisible!

The blade of the Youtian Sword tore through Wu Dutai's defense and cut his skin!

The feature of breaking the defense is to die.

The mysterious and terrifying power made Wang Dutai stare at him, kicked his legs, and fell directly!

"Ding! You get the Soul of the Beginning*1, the Life Universe of the Beginning*1, Fragments of the Beginning Body*9652123..."

[Chapter 2156: The terrifying immortal Emperor Zhou](#)

The system prompt sounds.

Even if the Emperor Wu Dutai is active, he will not be able to resurrect!

"Next, continue to kill!!!"

Su Lang stuffed a large amount of recovery-like pill into his mouth, constantly regaining his strength, while checking the traces of the remaining ten people through the Heavenly Void Realm.

Two of them, Chunqiuyi and Guihaiqi, who are too junior, have fled to a very, very far place.

The speed of those eight great early powerhouses in the Bayan realm was much slower.

and.

In order to survive, several of them disguised themselves as warriors on the Heavenly Continent.

But they didn't know that all their actions had been captured by the servers of the Heavenly Void Realm, and their traces were even more visible!

There are also a few hopes to hold some warriors from the Heavenly Misty Continent so that Su Lang can throw a rat-avoidance weapon.

However, they discovered that no matter where it is, there is no intelligent creature!

Because countless wise creatures have long been transferred to a safe place by the Heavenly Void Realm!

"These Bayan realms can't escape no matter what."

"It's better to solve that even Nine Yan Primordial Beginning Stage first!"

Several thoughts flashed in Su Lang's mind, and immediately used his divine mind to lock on the Jiuyan Taichu named Gui Haiqi.

next moment.

"Transport network, start!"

Su Lang directly relied on the Heavenly Nether Realm to transmit to the Internet, and sent it to a place not far from Gui Haiqi, and pulled it into the Nianfeng space.

"what!?"

"You, you have killed Shang Mouzhuo and Wang Dutai! How could it be so fast!?"

"It's over, it's over...I don't want to die!"

"..."

When Gui Haiqi saw Su Lang appearing under the Infinity, he was panicked, and bursts of despair rose in his heart!

however.

Despair is useless.

He has become the prey that Su Lang will kill...

And just as Su Lang kept chasing and killing Gui Haiqi.

In the Tianting Continent.

Emperor Zhou is stunned!

"That Su Lang unexpectedly exploded with an aura that exceeded Jiuyan's elementary level!!!"

"Even if you haven't really reached the half-step eternal state, the people under your husband may not be able to stop it!!!"

"What can I do, what can I do!?"

"..."

Indestructible Emperor Zhou had a rare panic, which was an emotion she hadn't seen in countless years.

If the subordinate she sent out is her own subordinate.

With her means, she can sacrifice one person like she sacrificed Shen Shuang, and travel through the passage of time and space to get Su Lang in the past.

however.

At this time, Shang Mouzhuo and others sent out by her were all powerful under the command of Emperor Mingzhou, her husband.

There are no special methods she planted on these people.

Therefore, she has no way to reach the Tianmen Continent in a short time at this time!

She felt a panic of fear when she thought that the powerful under her husband fell because of her negligence.

Even if she is the Taoist companion of Emperor Yuanmingzhou.

But she knew that Emperor Yuanmingzhou had no feelings at all, and everyone would kill if he was angry!

"How to do how to do.....!"

The immortal Emperor Zhou was shocked when he thought of the terrible Emperor Yuanmingzhou.
at this time.

An aura flashed through her mind!

"correct!"

"The fifteen sacred beasts sent out before are all under my command, and I have planted time and space channels."

"Although the sacred beasts have been taken into the body by Na Su Lang, it is not without hope!"

"If you can contact those sacred beasts, things will turn for the better!"

"..."

The Immortal Emperor Zhou thought so, and immediately used his unique means to sense the marks he had left on the fifteen divine beasts.

but.

Soon, her face became more and more ugly!

Because she couldn't feel the mark left on the beasts.

after all.

The Heavenly Ting Continent and the Heavenly Mian Continent are so far apart, and there is a time and space sky trench in between.

The sacred beasts were put into their own body world by Su Lang again, with the barrier of Infinity, and their own barrier.

Under repeated obstacles.

Emperor Zhou could hardly feel the imprint he had left on the beasts.

"No! I must do it!"

With a bite of the silver teeth of the Immortal Emperor Zhou, all kinds of mysteries burst out!

at last!

She felt the mark on one of the beasts.

[Chapter 2157: Hatred and anger are intertwined](#)

"Great!"

Emperor Zhou was overjoyed, and immediately used mystery to sacrifice the beast and penetrate the passage of time and space!

If you do this.

She can directly appear in Su Lang's body, attack from within, and directly kill Su Lang!

And just when the immortal Emperor Zhou sensed the mark of the beast.

Su Lang, who had just killed Gui Haiqi, felt a flurry of hair, and the word 'Dangerous' appeared on the top of his head.

"not good!"

"Someone wants to **** me!"

"I'm afraid it's the half-step eternity behind these people, the true suppressor of the Tianting Continent, the immortal Emperor Zhou!!"

"No, I can't let her succeed!"

Su Lang felt the strange source for the first time

——He felt the weird time and space fluctuations in the crystal wall world where he was imprisoning the fifteen and seventy-seven monsters!

Being able to do things in his body across countless distances, across time and space, across time and space, across the boundless, across his own formidable defense, shows how powerful the Emperor Zhou is!

"Li Xianyang! Leave it to you!"

With a thought, Su Lang directly moved Li Xianyang to his side!

"Yes, master!!"

Li Xianyang immediately took his command and began to control the Infinity in place of Su Lang!

As Su Lang's most special clone, he controls all the methods that Su Lang masters.

He also possesses ten inner boundaries, countless crystal wall worlds, and condenses his own life planet with the help of Su Lang.

In terms of loyalty, there is no need to worry about safety.

Li Xianyang is definitely the most loyal subordinate to Su Lang!

At this moment.

Li Xianyang took over the control of the Infinite, and immediately began to hunt down the last Jiuyan too junior powerhouse, Chunqiuyi!

But Su Lang directly used the Heavenly Void Realm and entered the land of exile!

Wow!

After a faint sense of time confusion.

The strange thing that came from the crystal wall world within the body disappeared!

"call--!"

"It's so dangerous, I almost ran over to Emperor Zhou!"

"If that's the point, I'm afraid it's going to start a battle royale, and Heavenly Continent probably won't be able to keep it."

"..."

Su Lang patted his chest and breathed a sigh of relief.

He has been paying attention to the fifteen Qiyantai primary beasts in his crystal wall world.

The body of one of the Qiyantai Boundary Canglong was constantly shining with strange temporal and spatial fluctuations.

prior to.

When the immortal Emperor Zhou's methods did not erupt, Su Lang did not notice.

at this time.

The Immortal Emperor Zhou used this card, and Su Lang was immediately aware of it.

"Shen Shuang is so."

"The same goes for this blue dragon."

"It is estimated that the remaining fourteen seven-evolution divine beasts also have this method!"

"Hmph, since I found out, I must clear it out!"

"..."

A light of thought flashed in Su Lang's eyes, and he immediately activated the Mystery Method to scan the bodies of fifteen divine beasts in detail.

at the same time.

Tianting continent.

"what!?"

"The connection is severed!!"

"How can this be? It was so difficult to get in touch, how can I just disconnect like this!"

"..."

Indestructible Emperor Zhou originally used her methods with joy, but halfway through the use, she found that it had no effect!

Then she found that the connection between herself and the blue dragon was completely severed, and her face suddenly became angry!

but.

The facts are in front of you.

She must accept it if she is unwilling to accept it!

"Damn it!"

"Then how did Su Lang do it?"

"Clearly relying on the power of foreign objects to surpass Jiuyan Taichu, how could it be possible to stop my means!?"

Emperor Zhou clenched his fists bitterly, his eyes full of anger.

Immediately after.

She began to comfort herself...

"Shang Mouzhuo, although they are not Su Lang's opponents."

"But if they disperse and flee, they should be able to escape."

"The worst, sacrifice one person, the other three can escape."

"As for those eight Bayan realms in the early days, you can only try your luck."

"..."

Emperor Zhou's heart is ups and downs, hatred and anger in his eyes are intertwined, and he can't wait to eat Su Lang in one bite!

[Chapter 2158: Mi Ling Buddha](#)

at the same time.

Emperor Zhou also raised a trace of vigilance in his heart.

In fact, the intelligence of the Tianmen Continent has always been controlled by them.

However, in just a few days after the intelligence was cut off, an unheard of powerhouse like Su Lang appeared. It was really incredible, and he did not dare to take it lightly.

"Although there is a husband."

"The boundless universe can't turn over any waves at all."

"But Su Lang should deal with it as soon as possible, and the Tianmen Continent has to return to control."

"I can't leave the Tianting Continent here, I can only let Mi Ling take action!"

"..."

The Immortal Emperor Zhou thought so, and immediately took out a peculiar golden mirror and infused a lot of energy into it.

quickly.

A picture appeared in the mirror surface of the golden mirror.

In the picture there is a tall bald man with his knees on the ground.

The bald man wore a golden Buddha robe and a white robes. There was a golden halo behind his head, illuminating his bald head like a light bulb.

This person is the Mi Ling Buddha!

"The Immortal Emperor Zhou!"

"I wonder if you have anything to do with the little monk?"

Upon seeing the immortal Emperor Zhou, Mi Ling Buddha looked peaceful and asked respectfully.

"Mi Ling."

Indestructible Emperor Zhou asked back, "You know, Su Lang, who attacked Tianmi Continent before, already possesses the strength comparable to the half-step Eternal Realm?"

"what?"

"Su Lang? Half an eternal level of strength!?"

"This, how is this possible!!"

The peaceful expression on Buddha Mi Ling suddenly changed, and he asked in disbelief.

At first, he had also seen Su Lang driving the Infinity.

But at that time, even if he was driving the Infinite, Su Lang had only conventional power comparable to the Bayan level.

at this time.

It was only one or two days since Su Lang last attacked.

Then how could Su Lang become a half-step eternal powerhouse?

"Humph!"

"This is what I saw with my own eyes!"

"Mi Ling, don't stay here!"

"You immediately put down the things in your hands and head to the Heavenly Misty Continent to kill Su Lang!"

"In addition, my husband has four Jiuyantai junior subordinates in the Tianmen Continent. You should take them along the way."

"..."

The Emperor Zhou coldly snorted, and immediately put forward his own request.

"what?"

"Let me put things down now?"

"However, retraining the origin of the universe is something that Emperor Yuanmingzhou personally explained. How dare the little monk let go!?"

"If the task cannot be completed, Master Yuanmingzhou will blame it, and the little monk is afraid that his life will not be saved!"

The ancestor of Mi Ling Buddha was shocked, and immediately said with a full face.

"Humph!"

"Isn't it the origin of the universe!"

"The deity will give you one, you immediately go to the Heavenly Misty Continent and kill that Su Lang for me!"

"Otherwise, if the deity utters a few words in your husband's ear, you will die without a place to be buried!"

Indestructible Emperor Zhou let out a heavy cold snort and directly activated the threat mode.

This time.

Suddenly Mi Ling Buddha dared not speak.

As a traitor to the boundless universe, he looks glamorous, but he was actually looked down upon by the people of Emperor Yuanmingzhou, and he was forced to suffer.

Emperor Zhou is the Taoist companion of Emperor Yuanmingzhou.

At this time, he said something so serious that he couldn't even listen to it.

"Yes Yes!"

"The little monk will immediately attack the Tianmen Continent!"

"However, the origin of the universe in the little monk's hand has been condensed to a critical moment, and it will be completed in a short time."

"Please forgive me for a while, Immortal Emperor Zhou!"

Buddha Mi Ling promised in a hurry, and then said with a very embarrassed expression.

"How long will it take?"

Emperor Zhou's expression and voice are extremely cold.

"one day....."

"No, half a day!"

Originally, Buddha Mi Ling wanted to talk about one day, but found that Emperor Zhou's face was as dark as the bottom of a pot, so he immediately took the initiative to lose half of the time.

"Humph!"

"For half a day, if you can't complete the mission, don't attack the Tianmen Continent."

"Then you can die for me!"

Indestructible Emperor Zhou said coldly, before closing the golden mirror, he ran to the side and continued to sulk.

Tianmi continent.

Mi Ling Tianshan.

[Chapter 2159: The top-notch micro-mystery method](#)

"Ugh!"

"Unexpectedly, Su Lang suddenly rose to a half-step eternal strength!"

"In addition, why did the Jiuyan Taichu under His Majesty Yuanmingzhou's Majesty be in the Heavenly Continent, and also need me to pick him up?"

"Could this be the mess left by Emperor Zhou, waiting for me to clean it up?"

"It doesn't matter, Immortal Emperor Zhou dare not leave the Tianting Continent in person, I will make one move!"

"..."

Mi Ling Buddha sat cross-legged in the Zen-like retreat, and some thoughts arose in his mind.

Immediately after.

He began to accelerate the reverse training of the origin of the universe.

quickly.

He can complete this task, and then take the Buddhism army to the Heavenly Miao Continent!

While reversing the origin of the universe.

The Mi Ling Buddha also gave orders to his subordinates, causing Bailian, Bliss and others to immediately gather the Buddhism army to prepare to attack the Heavenly Continent!

"We are going to attack the Tianmen Continent!?"

"Hahaha, great, really great!"

"That Su Lang dog dare to lead us by the nose, and I have to pay it back a hundred times!"

"Go, gather the army, prepare to attack the Heavenly Continent!"

"..."

Bailian and others received the order from the Buddha Mi Ling, and they were suddenly excited!

The four of them were miserable by Su Lang before.

Bliss and Ruohai were made a wave of life universe by Su Lang.

Bai Lian was killed by Su Lang as a clone!

and.

All the star regions outside the Tianmi Continent are being wildly plundered by Su Lang's treasure hunting flying flying flying!

But Bai Lian didn't dare to chase him down, so he could only scrape the resources and population of the star field by himself, and stop the loss in time.

Bliss, Pusa, and Ruohai staying on the periphery of Tianmi Continent did not even dare to relax for a moment, for fear that Su Lang would get into the Tianmi Continent and do things.

And this time.

Mi Ling Buddha's order came down.

It also means that the Mi Ling Buddha is going out!

Half-step the eternal realm powerhouse to exit!

In the boundless universe, besides Emperor Yuanmingzhou, it is the strongest existence!

There is Mi Ling Buddha shot.

Bai Lian and the others firmly believed that they would be able to easily kill Su Lang and get revenge! at the same time.

Tianmeng on the mainland.

Su Lang kept observing the fifteen divine beasts in the exile.

It's meticulous, pervasive, and far beyond the same level of mind to scan every cell and soul of the fifteen beasts!

but.

After many scans.

Su Lang still didn't notice any abnormality in the scan.

"Sure enough, the spirit is too weak."

"Unable to detect the half-step eternal means!"

"It looks like we have to strengthen the technique again!"

Su Lang looked at the fifteen beasts in front of him, frowning slightly.

Immediately after.

"system!"

"Start one-key enhanced function!"

"Goal, the exercise method "Zhiju Micro Mystery Method"!"

With a thought of Su Lang, he began to strengthen his exercises!

"Ding! The enhancement is successful, and the enhancement of the "Zhuo Di Mysterious Method" is +1!"

The system prompt sounds.

The previous "Zhuju Micro Mystery Method" can be strengthened to the primordial stage, but it is a relatively low-end technique in the primordial stage.

After strengthening at this time.

The level of the exercise method immediately rose to a level!

But Su Lang is not satisfied with this.

Because the current "Zhuo Di Mysterious Method" is still too low-end.

"system!"

"Activate the one-click enhancement function, and continue to strengthen the "Kissing Mystery Method"!"

Su Lang issued an order in his heart to continue to strengthen his exercises.

This time.

Su Lang strengthened it to the limit of its function.

The level of exercises has also reached the top level of the exercises in the early days!

Countless brand-new profound meanings appeared in Su Lang's soul and merged perfectly with it.

A lot of singular power was integrated into his spiritual power, further strengthening his soul.

Although Su Lang's soul level is the same as the rest of the primordial primaries, it is the state of pure nirvana.

But under the effect of the spiritual enhancement function, his soul spiritual power has long surpassed the same level.

At this time, there was a bonus to the power technique, and he suddenly became stronger.

"It should be enough in the spirit at this time!"

Su Lang took a deep breath, and the powerful spirit once again enveloped the blue dragon.

He carefully inspected every corner and detail of Canglong.

[Chapter 2160: Remove the imprint of the immortal emperor](#)

at last!

In the dantian of Canglong, inside a certain crystal wall cell.

Su Lang found some strange lines!

"This kind of pattern...?"

"Is it an array pattern? No, it's a bit different!"

"It looks like a kind of 'Talisman', but it still belongs to the formation!"

Su Lang looked at the treasure in the crystal wall cell, narrowed his eyes, and muttered in a low voice.

He guessed that it should be the formation pattern system in Yuanming Universe.

Because he could learn this pattern at a glance, he classified it into the formation.

"This pattern method is amazing!"

"If it is forcibly broken, it will trigger the formation pattern."

"At that time, the life of this azure dragon cannot be kept, maybe it will open the space-time channel, attracting the immortal Emperor Zhou!"

"Unfortunately, Emperor Zhou, you met me!"

The corner of Su Lang's mouth twitched, and a faint smile appeared.

With the one-key formation function, he has learned the formation pattern and can easily control and crack it!

"Humph!"

"It's so easy to crack this pattern."

Su Lang smiled slightly, with a thought, he directly controlled it with the formation control function.

Immediately after.

He just peeled off the formation pattern.

But this is not over yet.

Because there are still fourteen beasts that have not been checked!

"carry on!"

Su Lang licked his lips, and continued to explore the formation marks that might be hidden in the bodies of the beasts.

really.

The bodies of these fourteen divine beasts all have the imprint of the formation left by Emperor Zhou.

Su Lang used the same method to crack them all!

Suddenly.

These sacred beasts no longer have the cards of Emperor Zhou.

"Next."

"It is necessary to help them get rid of the control of the immortal Emperor Zhou and restore their sanity!"

While thinking about it, Su Lang continued to explore the strangeness of the beasts.

Finally, a very terrifying means of control was discovered in the soul of every beast!

"It's not controlled by the previous Buddhist artifact..."

"Yes, the mysterious beasts such as the mysterious blood unicorn are originally the support sent by the Tianting Continent to the Tianmi Continent. If you want to transfer the control to the Buddhism, you will naturally use Buddhist artifacts."

"And these sacred beasts are directly controlled by the Immortal Emperor Zhou, of course by other means."

"Well, this is a bit uncomfortable. How should I break the method of Immortal Emperor Zhou?"

"..."

Su Lang's eyes flashed with thoughtful light, and his brows gradually wrinkled together.

Although Emperor Zhou is not a real Emperor, he is indeed a real half-step eternal powerhouse!

This exists.

The secret techniques he mastered are simply unfathomable.

Even with Su Lang's power method at this time, he can only see some signs, and cannot get rid of them in a short time.

at this time.

An aura flashed in Su Lang's mind.

"correct!"

"I just killed Shang Mouzhuo and other Jiuyan Taichu!"

"They are all under the command of Emperor Yuanmingzhou, and perhaps they have mastered the secret technique of Emperor Eternal Emperor!"

"There is also Shen Shuang's exercise method, you can also check it!"

"..."

Su Lang's eyes were bright, and immediately took out the classics of Shang Mouzhuo and others.

Suddenly!

A huge amount of exercise books appeared in front of Su Lang.

He didn't look closely, but roughly turned it over, mainly looking for the secret control technique.

Time passed slowly.

quickly.

Su Lang looked happy, he really found a secret technique called "Mindless Soulless Art"!

The secret technique for controlling fifteen beasts is exactly this kind of technique!

"Great!"

"When the exercises you are practicing now are finished, you will practice this "Mindless Soulless Art"!"

A smile was drawn at the corner of Su Lang's mouth.

Soon he looked at the exercises he was practicing.

That was a time-based practice of the past stage, and it was also the thirteenth time-based practice he practiced.

This exercise has been practiced for some time.

The practice will be completed soon!

"Just wait for this technique!"

"At this time, you can go and kill the remaining invaders!"

A hint of chill rose in Su Lang's eyes.

Because the mark on the beasts has been completely broken.

Don't worry about being killed by the immortal Emperor Zhou.

So he can leave the exile without worry!

Immediately after.

Su Lang used the teleportation function of the Celestial Void Realm to reach the Infinity.
