### [Chapter 2171: One hundred and forty-seven nine-yan clones](#)

"Yes! Your Majesty Su Lang!"

Phoenix nodded and quickly began to sense the source of the Phoenix.

If he were to directly use the 'Homing' ability to return to the source of the Phoenix's birth, he would still have to pay a lot of price, and he would take great risks.

But just sensing the source of the birth of the phoenix and projecting the scene there in real time, that's too simple!

It was also when the phoenix sensed the birth of the phoenix.

On the Tianmi continent.

Although Su Lang has taken back the clones.

But the treasure hunting flying gliders were not recovered.

On the contrary, Su Lang sent more treasure hunting flying flying gliders to raid wildly on the Tianmi Continent!

Suo and Bliss did not dare to separate, so they could only take action together, killing the treasure hunting flying flying flying flying ducks everywhere.

The golden figure of Mi Ling Buddha is also killing and hunting flying gliders everywhere.

But their number is really too small.

To be counted, there are only two too low-level combat powers.

Although it is the top-notch one, facing the vast Tianmi continent, the maneuverability is super terrifying for treasure hunting flying flying.

They really can't kill too much.

On the contrary, countless Buddhist sacred places have lost the guardianship of the too low-level powerhouses, and eventually all become the hunting grounds for treasure hunting flying flying flying gliders.

Countless treasure hunt flying flying flying by.

Any treasure that has not been collected into the inner space.

Nothing was spared, such as the robes and robes he was wearing, the weapons of the Buddha in his hands.

The various spirit stone veins, immortal stone veins, various heavenly material and earth treasure mineral veins, and elixir plantations that have been discovered are completely under the control of the treasure hunting flying flying flying.

In a short time.

A large area of the Tianmi Continent has almost been scraped away!

Countless Buddhas and Buddhists could not resist the looting of the treasure hunting flying flying gliders, crying and grabbing the ground, but there was no such thing as a basic Buddha to help them.

"Zhuzi, evil animal, \*\*\*\* it!!"

"Su Lang, you scumbag, when the Buddha leaves the customs, I will torture you to death!"

Bliss and Posuo were fighting fire everywhere, but they couldn't kill the treasure hunting flying flying gliders cleanly. They were so anxious that they could not help but explode.

Even the golden figure of Mi Ling Buddha couldn't help but feel angry and cursed Su Lang frantically!

And Su Lang's side.

While the phoenix is sensing the birthplace of the phoenix.

He began to improve his strength.

The first is to improve system functions!

"system!"

"Deposit all the Lingshi, Xianshi, and Xianyuan Diyuans into the balance!"

With a thought, Su Lang gave instructions to the system.

Suddenly.

The system prompt resounded in my mind!

"Ding! The storage is complete, the current balance is 212.6 universe origin!"

"Hey!"

"There are so many, which is equivalent to more than 20 billion yuan of high-quality fairy sources!!"

"Moreover, so many cosmic origins are enough for me to upgrade two system functions!!"

There was a touch of excitement in Su Lang's eyes!

Immediately after.

He began to choose among the system functions that could be promoted.

Because it is about to launch a war against Tianmi Continent.

So Su Lang decided to choose a system function that could directly and rudely improve combat power.

The first is the avatar dispatch function!

Once upgraded, there will be three more clones at the same level as Su Lang.

After using the Baiying clone, it is equivalent to three hundred powerful Bayan realm experts!

The second is the one-click enhancement function!

The current Youtian Sword has been strengthened to the limit of nine times. If it can be further strengthened, it is guaranteed to be even more terrifying!

Moreover, the one-key enhancement function has reached level 9, and it will reach level 10 immediately. It is exciting to think about getting new bonus functions!

"system!"

"Give me an upgrade to the clone dispatch function!!"

Su Lang took a deep breath and gave instructions in his heart.

"Ding! Consumes 10 universe origins, the clone dispatch function is upgraded to level 49, the number of clones is +1, the current number of clones is 49, the number of clones is 49, and the number of twins is 49!"

The system prompt sounds.

The total number of clones has reached 147! !

In other words.

Su Lang already has one hundred and forty-seven Nine Evolution Realm clones!

This terrifying power is definitely many times more terrifying than the Infinite Realm before it was destroyed!

"Hey!"

"With these clones, the Infinite can be one step closer!"

The corner of Su Lang's mouth outlines an excited smile that cannot be hidden.

[Chapter 2172: Bonus function to strengthen reset!](#)

Immediately after.

He issued the system command again: "System, give me a one-key enhancement function!"

"Ding! Consume 100 universe origins, the one-key enhancement function is upgraded to level 10, the enhancement limit is +1, and the current enhancement can be 10 times!"

"Ding! Congratulations on upgrading the one-key enhancement function to level 10. You have obtained the bonus function "Enhanced Reset"!"

Two system prompts appeared in Su Lang's mind.

More information about the bonus function appeared out of thin air!

Suddenly.

Su Lang's eyes widened, his face was shocked and ecstatic!

Because the bonus function 'enhanced reset' is really awesome!

Enhanced reset function: You can reset the number of enhancements for any target with one key and return all materials!

This feature is what Su Lang wanted long ago!

Unexpectedly, it really appeared!

And this function is really very useful for him!

Because of his Youtian Sword, Godless Dragon Terrace and other weapons.

It was strengthened when the weapon level was low, and the materials consumed were as small as it is now. The strengthening effect became weaker as the weapon continued to evolve.

This has led to weapons such as Youtian Sword clearly strengthened many times.

But the power of real promotion is not too strong.

At this time, the number of enhancements can be reset, and all materials can be returned.

It is equivalent to enabling Youtian Sword and other weapons to be re-enhanced from the current foundation!

In this way.

The number of enhancements will not be wasted!

"Great!"

"All my weapons can be strengthened again!"

"The system immediately activates the enhanced reset function, the target Youtian Sword, Godless Dragon Terrace, Heavenly Eight-Round Shield, Qibao Miaoshu...Wuyin!!"

Su Lang madly issued the order, and even the number of enhancements of the Boundless was reset.

Because the parts of Infinity had also undergone evolution before, all of them were upgraded to the quasi-primary level, and the first few enhancements had almost lost their effect.

After Su Lang ordered.

A series of system prompts suddenly remembered.

"Ding! The number of Youtian Sword enhancements reset successfully!"

"Ding! The number of intensifications of Infinity has been successfully reset!"

"Ding! The number of enhancements for the Heavenly Eight-Edged Shield has been successfully reset!"

"Ding! Godless Dragon Terrace..."

"..."

The dense system prompt sounded.

All weapons that evolved after being strengthened were reset by Su Lang.

Suddenly.

A huge amount of materials was returned to Su Lang's storage space.

The power of these weapons suddenly dropped!

"what!!"

"Master, my strength is declining! It is declining drastically!!"

"It's over, Master, am I going to die? My life, isn't it..."

Xiaoyou found that most of her strength had disappeared directly, which was equivalent to a person's amputation from below the eyebrows, and the cloud was immediately suppressed...

The rest of the weapons were also weakened, and Qi Ling was panicked and asked Su Lang for help.

Among them, the power of the Infinite had the most serious decline, and it fell directly to the realm of Wuyan.

This is because there are a large number of powerful players stationed in it, if no one stationed in the parts, the power of the Infinity will be even lower.

After all, the basic level of Infinity's parts is only the quasi-prime level.

"Xiaoyou, don't worry!"

"I will give you more power soon!!"

Su Lang comforted Xiaoyou, and immediately locked the large number of weapons that had just been seized in the storage space with divine thoughts, and "activated the one-key decomposition function!!"

Suddenly.

The huge amount of weapons in the storage space was broken down into raw materials.

In addition to this, a large number of Souls of the Beginning and Godless Souls appeared in Su Lang's storage space.

"Evolution materials must be enough!"

Su Lang was overjoyed, and immediately locked Xiaoyou with his divine mind, "The system, activate the weapon evolution function, and only retain the specified characteristics to evolve the Youtian sword!!"

"Ding! Consumes the Soul of the Beginning\*4266, and the Elementary Material Youheng Jade Dragon Stone\*8599...The Youtian Sword has evolved into a Weapon of the Beginning of the Eight Yan!"

"Ding! Not enough materials to evolve!"

Two system prompts sounded.

The Youtian Sword has completed an evolution, and its basic power has reached the Bayan level!

[Chapter 2173: Re-enhance Youtian Sword Infinite](#)

"what!!"

"Master is great, Xiaoyou's power is back!"

"Master, Xiaoyou wants it, Xiaoyou wants it!"

Xiaoyou felt her power increase drastically, she instantly got rid of the state of suppressing the cloud and became alive and well!

"Good good!"

"Here you are!"

Su Lang laughed, and immediately issued instructions to the system, "Activate the one-key enhancement function, target Youtian Sword!"

"Ding! Strengthened successfully, Youtian Sword +1!"

Countless materials disappeared from the storage space, and then turned into a majestic mysterious power, integrated into the Youtian Sword.

Suddenly.

The power of the Youtian Sword has reached the realm of the Jiuyan Primordial Beginning! !

"Wow--!!"

"What a powerful force, the master is so powerful!!"

Xiaoyou felt her powerful strength soaring hundreds or thousands of times, and suddenly exclaimed with excitement.

"Nine Yan level!"

"With this kind of power, it is no problem to hack down the golden figure of Buddha Mi Ling!"

"Even facing the real half-step eternal state, there is a certain probability of breaking defense!"

A smile was drawn at the corner of Su Lang's mouth, and he immediately issued instructions again for a second enhancement!

Huh! !

More material disappeared.

The incomparably majestic and mysterious power is integrated into Youtian Sword, further elevating its power!

This second strengthening.

Although it did not reach the half-step eternal state, it also reached the limit of the nine eternal state, infinitely close to the half-step eternal level!

"Humph!"

"With this kind of power, plus a broken sword, if half a step in the eternal state is taken carelessly, it will be torn off the defense and directly die!"

Su Lang chuckled, his eyes shot out a trace of killing intent.

Xiaoyou was even more excited, and she couldn't wait to run out and kiss Su Lang for a few mouthfuls!

"If it is strengthened again."

"You can reach the half-step eternal level."

"It's a pity that the materials consumed are really horrible, I can only wait for the next time!"

Su Lang felt Xiao You's thoughts and stretched out his hand to caress the white greasy body of Youtian Sword, softly soothing.

The Youtian Sword was directly strengthened from the Eight Evolution Stage to the peak of the Nine Evolution Stage.

The material consumed is really huge!

The materials returned by the previous enhanced reset are only a small part of it.

In order to be able to strengthen the remaining weapons.

Su Lang decided to suspend the strengthening of Youtian Sword.

"Then, next."

"Prioritize strengthening the Infinity."

"And before that, with the materials I currently have, it should be enough to evolve its parts once!"

Su Lang thought about this, and immediately ordered Jiang Wenzheng and the others to leave the boundless space temporarily.

After everyone left.

The power of the Boundless has fallen again, with only the power of the Siyan level.

"What is your Majesty Su Lang doing?"

"It's definitely not a bad thing. I'll just wait and see, what's the worry?"

"Yes, right, right, His Majesty Su Lang will never aimlessly!"

"..."

Jiang Wenzheng and the others couldn't help staring at each other as they looked at the declining power of Infinity.

But they believed Su Lang unconditionally, knowing that Su Lang would definitely make big moves!

And whenever Su Lang did something, he would usually create miracles that ordinary people can't imagine!

then.

Everyone is looking forward to it!

really!

Next, a boiling scene appeared!

"system!"

"Start the weapon evolution function, the goal, the boundless number 120,000 parts!!"

Su Lang took a deep breath and gave the order firmly!

Suddenly!

In the storage space, pieces of material disappear!

Countless mysterious powers appeared in the interior of the Infinity, integrated into each part!

boom--!!

An extremely powerful aura suddenly burst out from the Infinity.

This is the first wave of parts that have been officially promoted from the quasi-primary stage to the primal stage!

Immediately after.

The remaining parts are constantly evolving!

A breath that is more powerful than one burst out continuously on the Infinity!

When all the 120,000 parts have evolved to the primordial level.

The breath of Boundless has reached the realm of Qi Yan!

This is without reinforcement, and no one is stationed on the Infinity!

Its conventional power has reached the realm of Qi Yan!

Not only that.

The Spirit of the Boundless Ship has also been further improved, and its intelligence is similar to that of Su Lang.

[Chapter 2174: Three weapons](#)

Even without Su Lang's personal control, it can fight independently!

This can almost be regarded as an independent special creature!

"It's the conventional power of Qiyan Realm!"

"His Majesty Su Lang has indeed created a miracle again!"

"Yes, you can upgrade a four-generation realm's primordial weapon to the seven-generation level in an instant, and the gap is more than ten thousand times!"

"..."

When Jiang Wenzheng and other strong men saw this scene, they were excited to discuss!

"Hahaha!"

"One Thousand One Evolving Primal Beginning Realm parts complement each other and have the power of Qi Evolving Realm!"

"This is just the basics. Next, it's the turn of enhanced functions!"

There was also a hint of excitement in Su Lang's eyes. Immediately after that, he immediately locked the 120,000 parts of Infinity with his spiritual mind, and activated the one-key enhancement function!

"Ding! Successfully strengthened, Infinite Number +1!"

"Ding! Successfully strengthened, Infinite Number +1!"

"Ding!....."

"..."

Five consecutive system prompts sounded, and the breath of Infinity is based on the elementary Qiyantai, showing a crazy growth of geometric multiples!

The breath of incomparable horror was washed between heaven and earth.

Not to mention Jiang Wenzheng and others.

Even the phoenix in the Bayan Realm was horrified!

Because the breath of Infinity has officially reached the realm of Jiuyan Prime Beginning!

If every part is stationed in a powerful enough warrior.

That can definitely make it play a true half-step eternal state conventional power!

Such strength.

Even a fully armed and well-prepared Jiuyan Prime Beginner powerhouse can kill with a single move!

The only lack.

Probably the basis of the time rule is not high enough.

At present, Su Lang has the strongest means of using time rules.

The strongest person on the basis of time is the Bayan Realm Phoenix.

Adding the two together, it is almost the same as the Jiuyan Realm Taichu.

"Nine Evolvement Realm!"

"If we can go further, we will definitely be able to reach the conventional power of the half-step eternal state."

"It's a pity that there are too many parts in Infinity. Even if the basis of each part is low enough, it still consumes a little more material than Youtian Sword."

"Next, strengthen the defense...Heavenly Shield!"

Su Lang looked at the powerful and incomparable Boundless, intimately mingling with the spirit of the instrument, a gleam of light flashed in his eyes.

next moment.

He locked the eight-sided shield of the sky with his divine mind!

This weapon is in the Primordial Stage of Sanyan, after the strengthening reset, the power also fell to the basic level.

Su Lang used the same method.

First evolved the eight-sided shield of Heavenly Armor to the Bayan Realm!

Immediately after that, he used the one-key strengthening function to strengthen it twice, and reached the peak of the Jiuyan Primordial Beginning Realm like the Youtian Sword!

So far.

Su Lang already possesses three Nine Evolution Realm weapons!

And all are infinitely close to the half-step eternal state!

In the face of true half-step eternity, even if you can't overcome it, you can escape!

Dealing with a warrior below half an eternity is even more like cutting vegetables and melons!

"The weapon is almost strengthened!"

"Next we will refine some pills and prepare for the next battle!"

When Su Lang thought, the one-key alchemy function immediately began to operate, and countless materials were directly refined into elixir!

Soon.

Su Lang also used synthetic functions and enhanced functions to upgrade all these medicinal medicinal herbs to a perfect medicinal pill!

Most of them are recovery medicines, a few are cultivation medicines, and the rest are also available, but the number is even smaller.

And these elixirs are not ordinary perfect primordial elixirs!

It's the kind of very high-level perfect primordial medicine.

General too junior warrior, a recovery pill, the mana overflows instantly!

Even if it is a phoenix, it does not need many to restore the exhausted mana to a full state!

Just as Su Lang made alchemy.

When the phoenix felt the source of the birth of the phoenix.

In the Tianting Continent, the immortal Emperor Zhou, who was in a bad mood, learned a bad news

—Shang Mouzhuo and other four great Nine Yans have fallen at the beginning!

"died!!"

"All dead!!"

"This...how is this possible!?"

"That Su Lang's strength is there. Although he can defeat the Jiuyan Realm, it is impossible to wipe it out so quickly!"

"What exactly is going on!!"

Emperor Zhou was furious in his heart, and he couldn't wait to go to the Heavenly Continent to kill Su Lang immediately!

But she wanted to guard Eastern Taiyi and couldn't leave easily.

[Chapter 2175: Never stay here!](#)

"No way!!"

"This Su Lang is really weird!"

"Keeping him one more breath will cause unforeseen consequences!!"

A trace of resentment and cold flashed in the eyes of Emperor Zhou, and immediately took out the mirror and contacted the Mi Ling Buddha of Tianmi Continent.

"His Royal Highness Immortal Emperor Zhou!"

"I just want to tell you bad news!"

The look of Mi Ling Buddha in the mirror is as ugly as the immortal Emperor Zhou!

"what did you say?"

"You also have bad news?"

"Don't you plan to attack the Heavenly Continent!"

The immortal Emperor Zhou's expression sank, thinking that the Mi Ling Buddha was looking for excuses to refuse to attack the Tianmen Continent.

"No!"

"Please let His Highness Immortal Emperor Zhou calm down!"

"You don't know, that Su Lang just hit the Tianmi Continent and swept across the Quartet. Lao Na is at a critical moment of condensing the origin of the universe and cannot make a move."

"As a result, he actually beheaded two of my disciples in the Nine-Evolution Realm, and the rest of the disciples in the Primal Beginning Realm were not left, all of them were killed by him!"

"Now, Lao Na has only two disciples left..."

Mi Ling Buddha said and said, he felt sad.

Those of his disciples are not just disciples with deep feelings, they are also his most senior believers, who can provide countless beliefs all the time.

But now.

Bai Lian and others died tragically under Su Lang's sword.

The faith of Mi Ling Buddha was almost cut in half!

at this time.

After listening to the words of the Mi Ling Buddha, Emperor Zhou instantly thundered, his face was dull, and his heart was even more immortal!

"what?"

"Su Lang hit your Tianmi Continent!?"

"How is this possible? The four Jiuyan Primordial Stages that he can kill my husband should already be the limit!!"

"How could he still have extra energy to kill you Tianmi Continent with weird means!?"

"Impossible, he can't do it!!"

"..."

Indestructible Emperor Zhou shook his head in disbelief, and muttered, his whole three views were about to be shattered.

Even if she knew that what Buddha Mi Ling said was the truth.

But she still couldn't believe it!

On one side, slaughtered four Jiuyan Taichu and ten Bayan Taichu queens.

Su Lang unexpectedly killed the Tianmi Continent immediately, almost slaughtering the Buddhism of Tianmi Continent from the beginning.

This kind of unthinkable thing is simply unreasonable!

Simultaneously.

"what?"

"Su Lang has actually killed the Jiuyan Taichu under the command of the four Origin Mingzhou Emperors!?"

Buddha Mi Ling was even more shocked, his eyes almost stared out!

He always thought that Su Lang was entangled with the four Jiuyan Taichu, the main force has been placed on the Tianmi Continent, the purpose is to delay the support of the Tianmi Buddhism.

totally unexpected!

Su Lang's combat power and level of weirdness are beyond imagination!

While beheading the Four Great Nine Yan Taichu, while also slaughtering a huge part of the Tianmi Buddhist School!

"Mi Ling!"

"Never stay here!"

"He suddenly appeared, and has been growing in a short period of time, with a strong threat!"

"I must get rid of it as soon as possible!"

Emperor Zhou said, "I plan to deploy some means to temporarily suppress Dongfang Taiyi, and join hands with you to directly eradicate the Heavenly Continent!"

This statement came out.

Mi Ling Buddha was also surprised.

Being able to make Immortal Emperor Zhou take the shot in person, it shows that she attaches great importance to Su Lang!

"it is good!"

"You first arrange the means, and Lao Na will also complete the cohesion of the source of the universe as soon as possible!"

Buddha Mi Ling responded to the emperor Emperor Zhou, intending to use the momentum of thunder to eradicate the Heavenly Misty Continent as soon as he withdrew his hand!

Immediately after.

The immortal Emperor Zhou went to deploy various methods to monitor and suppress the Eastern One!

It even captured a huge amount of pure-blooded beasts and suppressed them to death cells as hostages.

Once Eastern Taiyi has a change, it will be activated instantly, killing those very important beasts.

On the side of the Mi Ling Buddha, he condensed the origin of the universe with bitterness and craziness.

His Golden Remnant Shadow and his two disciples, Po Suo and Bliss, are still eradicating the treasure hunting flying flying gliders everywhere.

at the same time.

In the heavenly continent.

"It's done, Your Majesty Su Lang!!"

The phoenix's crisp voice reached Su Lang's ears, which immediately shocked his spirit!

### [Chapter 2177: Eastern One!](#)

This is not over yet!

After leaving a few clones for the dead, Su Lang dispatched all the remaining clones to the Tianting Continent.

These clones used the same method to transform into more than ten thousand more ordinary beasts, spreading wildly in secret!

In addition to this, there are countless very common treasure hunting flying flying gliders that do not possess spiritual powers, and they are constantly spreading!

The immortal Emperor Zhou was busy arranging the means to suppress Dongfang Taiyi.

The rest of the suppressors were too low-level at the beginning, even worse than Shen Shuang, and they couldn't find Su Lang's disguise at all!

There was one existence, and he faintly felt the strangeness of Tianting Continent.

That was born in the Tianting Continent, and at this time the half-step eternity that holds the lifeline of the Tianting Continent

——Tongfang Taiyi!

In the heart of the Tianting Continent.

Endless energy flows here.

A beautiful woman in a golden feather coat was originally lying in the lava with an indifferent expression, drifting with the flow.

suddenly.

Her expression changed!

"Another strong man has sneaked into the Tianting Continent!"

"One...no, ten? Hundred? Ten thousand!"

"There are tens of thousands of Supreme Beginning Stages, and none of them are weak!"

"How is this possible, how can there be so many powerful people in the endless universe!?"

"Could it be...Emperor Yuanming Universe dispatched all the powerhouses in Yuanming Universe and the powerhouses in the other natural universes!?"

"They are finally going to do it to me!!"

There was a hint of anger, helplessness and despair in the beautiful eyes of Eastern Taiyi.

She lingered here for billions of years, using Tianting Continent as a bargaining chip, constantly dealing with Emperor Yuanming and Immortal Eternal Emperor.

But she knows.

I am struggling to death after all!

After a while of despair and helplessness.

A fierce and fierce will rose from her beautiful eyes again!

"Even if it's dead!!"

"I won't make your life easier!"

Dongfang Tai is determined to live and die, and the surrounding magma is boiling!

Her various terrorist tactics that she had arranged for a long time had already formed a half-activated state.

Once the real explosion broke out, the entire Tianting Continent would be torn apart by that time!

The core fragments of the boundless world buried in it will be completely shattered.

at this time.

"Dongfang Taiyi, what are you doing!?"

"Do you want to live anymore?"

A cold voice suddenly came, and another woman with an extremely ugly face appeared in Dongfang Taiyi's divine mind.

It is the immortal Emperor Zhou!

"Humph!"

Dongfang Taiyi snorted coldly, "The deity can die at any time, how can you care about it!"

"Yes Yes Yes!"

"Anyway, Tianting Continent will be buried with you!"

Emperor Zhou sneered and said, "However, you can consider going to my husband, and then you can live as better as Mi Ling, isn't it wonderful?"

"It's better to be complete than jade broken!"

Dongfang Taiyi took a cold look at Emperor Immortal Zhou, and then looked away.

"Really strong."

"Then you continue to stay here."

"When my husband leaves the Tianxuan Continent, it is the time to judge your fate."

Emperor Zhou dismissed it with a smile and turned and left.

"strange....."

Dongfang Taiyi watched the immortal Emperor Zhou leave, feeling a little confused.

She had clearly sensed that a large number of super powers had come to the Tianting Continent, and she was suspected of wanting to attack her.

But Emperor Immortal Zhou was talking about waiting for Emperor Yuan Mingzhou to get out of the barrier before solving her.

Isn't this contradictory?

"Is she fooling me?"

"Want to let me relax?"

"However, Emperor Immortal Zhou clearly knows that I am very sensitive to the Tianting Continent. There are so many powerful people coming, it is impossible to hide from me."

Dongfang Taiyi frowned slightly, "Is the immortal Emperor Zhou fooling around, or is he really unaware of the arrival of those powerful Taichu?"

The more I think.

Dongfang Taiyi became more confused, and finally decided to act accordingly.

Anyway, in more than four billion years, it was not the first time that she faced the conspiracy of Emperor Zhou.

The other side.

After the immortal Emperor Zhou left the divine consciousness area of the East Taiyi, he did not move away directly, but began to arrange monitoring and suppression methods on the spot!

She did it very carefully so as not to be known by Eastern Taiyi.

Under extremely cautious circumstances, Emperor Immortal Zhou really didn't alarm Dongfang Taiyi.

however.

What she didn't know was that all her actions had fallen into Su Lang's eyes!

[Chapter 2178: Half-step eternal ruyanying](#)

I saw a treasure hunting flying flying flying by pretending to be innocent passing by, watching the every move of the immortal Emperor Zhou!

Through the sight of the treasure hunting flying flying flying, Su Lang can naturally see the immortal Emperor Zhou and her movements.

"This woman is so strong!"

"Half a step in the eternal state! She is the immortal Emperor Zhou!"

After Su Lang discovered the immortal Emperor Zhou, he was surprised and called up the attribute panel of the immortal Emperor Zhou.

[Name]: Ru Yanying

[Race]: Yu E

[Qualification Level]: Absolutely (Yue Mingxin)

[Realm level]: Half-step eternity

[Attack level]: Half-step eternal

[Defensive level]: Half-step eternal

[Shenfa level]: Half-step eternal

[Endurance Level]: Half-step eternal

[Spirit Level]: Realm of Pure Nirvana+

[Master the exercises]: Yu'e Xuanyu Youshu (major), Yu'e Mingxinlu (too elementary, founding), Anyu Mingxin Jue (too elementary, founding), Wuheng Time and Space Map (too elementary, perfect ).....

"A standard half-step eternal realm powerhouse!"

Su Lang narrowed his eyes slightly, revealing a touch of fear.

This kind of existence has already grasped the rules of time to the limit, and has touched the realm of condensing the time avenue and completely supplementing the power of its own avenue!

With Su Lang's combat power and hole cards at this time.

There is no way to defeat this existence for the time being.

"What is Ru Yanying doing?"

"It seems to be setting up a formation!?"

Su Lang stared at the Immortal Emperor Zhou carefully, and quickly saw what she was doing.

even.

He also directly learned the formation of the Immortal Emperor Zhou, and learned the function of the formation.

"It's the unique formation of Yuanming's natural universe!"

"It combines a special rune system and formation system."

"And also with the help of equipment treasures, together to create this bizarre array method!"

"And this kind of array method uses ultra-long-distance transmission as the main body, supplemented by concealing oneself, monitoring, and suppressing movement within the range of the array method."

"It is estimated that even half an eternity will not escape being monitored by it!"

"Unexpectedly, Emperor Immortal Zhou actually mastered such a powerful formation technique."

"Well, the teleportation formation in this combined formation seems to be able to directly pull the designated target back from infinity, which is equivalent to a one-time single space crossing formation!"

"It seems that Emperor Immortal Zhou wants to leave the Tianting Continent!!"

Su Lang's eyes flashed with thoughtful light, and he quickly guessed the intention of the immortal Emperor Zhou.

obviously.

The immortal emperor must have learned that all his four great nine emperors died in the beginning

It is estimated that I also learned the tragic situation of the almost complete destruction of the too junior powerhouse in Tianmi Continent!

Therefore, she couldn't sit still anymore, and had to personally act on the Tianmen Continent.

And the means of transmission, monitoring, and suppression left by Emperor Immortal Zhou were all prepared for Taiyi in the East!

Once Taiyi Taiyi changes, she can immediately return to the Tianting Continent to suppress Taiyi Dongfang!

"So to say!"

"Around the array-like means arranged by the Immortal Emperor Zhou is the place where Taiyi One is located!!"

Su Lang's eyes lit up, revealing a touch of excitement!

He is interested in Eastern Taiyi!

Dongfang Taiyi is a true half-step eternal powerhouse.

Even if he is seriously injured, he still has the half-step eternal time rule basis.

If he can be rescued and joined his camp, he will definitely be invincible below the eternal realm!

"Hey!"

"Emperor Immortal wants to leave, trouble me!"

"I don't know, I'm going to touch her \*\*\*\* soon!"

The corner of Su Lang's mouth stretched out a sly and smug smile, "Well, but before that, it's indispensable to have a strong face with Tianmi Continent!"

He speculated that the immortal Emperor Zhou and the Mi Ling Buddha must unite to engage him through Qi.

After the immortal Emperor Zhou leaves the Tianting Continent, he may join the Mi Ling Buddha and attack the Tianmen Continent, or he may go directly to the Tian Ting Continent to kill.

Not to mention Su Lang's killing intent on the golden figure of Buddha Mi Ling, bliss and whirling.

Even if it is to prevent Emperor Eternal from killing the Heavenly Continent directly, he will continue to do things in the Continent of Heavenly Mi to attract the attention of Emperor Eternal!

#### [Chapter 2180: Zhan Po Suo, Kill Bliss](#)

"Damn it!"

"Then how many weird creatures Su Lang has cultivated!!"

"You can't kill it, you can't kill it at all, kill this side, and there will be again there!!"

"One day, when Su Lang is killed, I will have my share!"

"..."

The two of them were in very bad mood, and all kinds of angry thoughts and killing intent, as well as residual fears and fears rose in their hearts!

The death of Bailian and Ruohai.

It really scared them!

If they were targeted by Su Lang at that time, it would be them both!

"Kill kill kill!"

The two went crazy and killed the treasure hunting flying gliders, venting their anger and covering up their fear.

at this time!

"Run away!!"

Suddenly the voice of Mi Ling Buddha appeared in the ears of Bliss and Whirling, and the voice was full of endless incredible!

"what!?"

Bliss and Whispering trembled all over, without even thinking about them, they flee towards Mi Ling Tianshan in an instant.

But at the moment they acted.

Endless formation barriers appear out of thin air, suppress all displacement means!

The surrounding space is also folded by endless twisting force, forming countless space barriers!

There is even more endless time against the current surging and surging, like a real long river of time against the current! !

Although the Tianzutong of Bliss and Whirling is powerful enough, it is not a means of time. It is a 'conventional level' means in the early realm.

In this way, how can he break Su Lang's half-step eternal suppression!

Although their time rules are strong enough, they are one level higher than the time rules of Sulang Wuyin.

However, the power of Su Lang's time rules is too surging, and the amount is already so much that it can suppress the two people of Bliss and Pusa!

therefore.

It's just time for a thought.

Bliss and Pusa were trapped in place!

"This is the power of the Half-Step Eternal Realm!"

"No, how could it be possible for a half-step eternal state to be able to do something on Tianmi Continent!?"

"It's Su Lang, Su Lang's bitch, in the blink of an eye, his strength has soared again!!"

"No, it's not true!!"

"..."

Infinite turbulent waves, as well as incredibly intense disbelief, fear, and despair are set off in the hearts of Bliss and Whispering!

They are puzzled!

Even with tens of billions of years of life experience, it is impossible to see how Su Lang did this!

They fear and despair!

Bailian and Ruohai were beheaded with a single sword, now it's their turn!

really.

When the two were horrified, they saw an indomitable super humanoid weapon emerging from the space, and the long sword in his hand had already cut out the most terrifying sword!

Break a sword! !

But I saw that the sword light containing all the power to restrain everything, directly destroyed everything along the way, let alone space, even time was faintly broken by it!

Can't tell how short it is.

Probably only one thought time.

Su Lang condensed the mighty power of the Boundless, and the Po Yi sword slashed with the brand new Youtian Sword fell fiercely on the bodies of Bliss and Whispering.

Wow!

Countless defensive methods erupted from both.

But to no avail, the layers of barriers are like soap bubbles in front of Po Yi Jian Jian Guang, which will break at the touch of a touch!

at this time.

"Naughty animal, stop me!"

An extremely angry voice was shaking the earth, the sky suddenly turned into pure gold, and countless Buddha lights shone.

The golden figure of Mi Ling Buddha seemed to have used some kind of secret technique that cost a lot of money to support it in the shortest time!

and.

He came with a terrifying attack

——Contains powerful time rules, infinitely close to the half-step eternal attack!

Almost instantly, it was about to fall on the Infinity!

"Ha ha!"

"Old bald donkey, just watch your last two Jiuyan realm disciples fall!!!"

A sneer appeared in Su Lang's heart, and he didn't care about the golden figure of the Buddha Mi Ling at all, breaking a sword and smashing the defenses of Bliss and Whirling!

puff--! !

In an instant blood spilled into the sky!

Two deadly heads flew high.

Obviously, he was almost indestructible in the Jiuyan Realm's early powerhouse, but he was killed on the spot by the weird force of Youtian Sword that broke the defense and died.
